Palestine In Ferment

Arabs Aroused by U.N. Partition Decision—Serious Trouble Brewing?

JERUSALEM, — Week-end violence, aroused by the United Nations decision to partition Palestine, has resulted in the deaths of eight Jews and threat of more trouble tomorrow during a large demonstration planned to start a three-day Arab general strike.

General Sir Alan Cunningham, British High Commissioner, and Hussein Khalidi, secretary of the Arab high committee, which has called for the country-wide strike, conferred on the explosive situation.

A communique said that Khalidi had been advised that British army and civil officials proposed to maintain law and order until the withdrawal was complete.

Sir Alan warned the Arab committee against any action "contrary to policy."

Arab sources said that a demonstration would be held at the start of the three-day strike tomorrow inside the old city of Jerusalem and "there may be trouble."

THE WEATHER

A storm centre which is moving eastward over the Gulf of Alaska will bring rain to the north coast today and snow to the northern interior tonight. Variable cloudiness is expected over the remainder of the province today and Tuesday.

Temperatures throughout the province are expected to continue near normal.

Forecast

SPEEDY FOR 1875

The first electric locomotive made its trial run in April, 1875 at a speed of 19 miles an hour.

PICTURE WITH A GREAT DEAL OF HISTORY WRAPPED UP IN IT—The buildings are original quarters of the Royal Northwest Mounted Police at Maple Creek, Sask., now used as a clubhouse for the town's golfers. History of the buildings dates back to the eighties, soon after the force made its famous march into the prairie country. Just south of Maple Creek, in the Cypress Hills, is Fort Walsh, one of the first headquarters of the force and scene of a massacre famous in western history. Fort Walsh for years lay buried in the hills, but it has been rebuilt and today is operated by the force as a ranch for raising horses.

NEWSPAPER IS PICTURED

OTTAWA—The vital role of the Canadian weekly newspaper in the life of the community and the nation will soon get recognition on the motion picture screen. The production will appear in a number of foreign languages and may go to as many as 70 countries other than Canada and the United States.

The principal aim is to emphasize how citally the paper and staff enter into community life and activities, how they serve the area covered, and how the activities in that area affect the paper and its contents and services.

PACIFIC COAST SALMON PACK

Pacific Coast canned salmon pack up to the week ending November 22 was 1,498,096 cases according to the latest bulletin issued by the Chief Supervisor of Fisheries, Vancouver. The pack exceeds 1946 production for the same period by 153,788 cases.

This year's pack by varieties, is as follows:

Sockeye, 286,281.
Springs, 9,943.
Steelheads, 3,234.
Bluebacks, 4,545.
Coho, 140,436.
Pinks, 599,223.
Chums, 454,434.

RECORD MAIL FOR BRITAIN

MONTREAL—All mail carrying records were shattered last week when the Cunard Line fast fregihter Asia sailed from Montreal for Liverpool with mail bags occupying 115,000 cubic feet of space, one quarter of the entire cargo accommodation. The new 9,500 ton freighter is expected to make the voyage from Montreal to Liverpool in less than seven days. The previous record was held by the Aquitania which left Halifax with 77,000 cubic feet taken up by mail.

FROM ENGLAND TO THIS CITY

Cousin of Local Man and Family to Settle Here

William Rothwell of Sherbrooke Avenue has received word from his cousin, W. U. Rothwell, living in England, that he plans on leaving for Prince Rupert soon, accompanied by his wife. He recently sold his grocery business. They plan on leaving about December 12 and will fly the Atlantic. They should be here before Christmas. They will make their home in the city. Another cousin, Peter Rothwell has also left England but travelling south, instead of west. He joined a motor caravan, making a total of about a couple of dozen people, to travel through Africa driving from the northern part of the continent right through to Johannesburg or Capetown.

Seven Persons Killed as Alaska Plane Crashes on Seattle Field

SEATTLE (CP)—Seven persons were killed and ten others critically injured when a four-engined Alaska Airlines transport overshot the runway yesterday at the Seattle-Tacoma airport, smashed into a passing automobile and ended up in the brush on the other side of a road.

Twenty-six of 28 persons aboard the plane scrambled from the door and emergency exits of were pulled from the flames by rescuers. All were, however, seared by flames that flashed through the fuselage.

Five of the rescued died later.

The latest casualty was the plane's stewardess, Miss Reba Monk, who was credited with having led many of the passengers to safety.

Ten others of the plane's passengers and crew are in a critical condition and several are not expected to live.

Pilot of the plane blamed the crash on failure of hydraulic brakes to "take the slightest hold."

Pilot-Captain James E. Farris, aged 37, of Seattle told the Seattle Times that the DC-4 landed at speed of approximately 100 miles per hour and "rolled like it was on a bed of ball-bearings" until it leaped the 60-foot embankment at the of the runway.

An attempt had been made to land at Boeing Field but this was prevented by heavy fog.

SANTA CLAUS MEN BURNED

Pre-Yuletide Tragedy Today In Homeless Dormitory In Philadelphia

PHILADELPHIA (CP)—Six men, some employed as street corner Santa Clouses, are known dead today, several others are missing and more than thirty are injured following a fire which swept through a dormitory of homeless men.

The flames whipped through the four-storey building early today and some of the victims were killed or injured in leaping from second and third storey rooms.

Others were treated for burns and smoke inhalation.

BULLETINS

PARTITION FAVORED

NEW YORK — The United Nations, in what was probably its most fateful vote since its birth, decided that the tumultous Palestine problem can best be solved by partitioning the Holy Land into independent Jewish and Arab states. Canada voted for the partition as the best choice of alternatives.

FRENCH STRIKES SPREAD

PARIS—Paris subways were closed down today as strikes spread throughout the Republic. Power and gas plant workers are now on strike. The National Assembly tonight authorized calling up of 80,000 troops.

WORLD WHEAT KING

CHICAGO—S. J. Allsop of Red Deer, Alberta, on Sunday was adjudged "Wheat King" of North America at the forty-eighth International Livestock Exposition. Mrs. Amy Kelsey of Erickson, B.C., 1946 wheat champion and only woman to be crowned "Wheat Queen," was defeated by Allsop in the class competition. She took second prize in hard red spring wheat judging.

CANADIANS ARE SAFE

BERLIN—Safe return to Berlin of two Canadians, reported to have been captured November 12 by the Russians in Soviet East Prussia and detained for some time thereafter, was announced Saturday by the Canadian military mission in Berlin.

"OIL BURNER"

A destroyer burns about 3,000 gallons of oil an hour.

INDIANS ARE WITHDRAWING

JAMMU, Kashmir, India, (CP)—After evacuating all civilians, from KoKtli, south Kashmir Indian troops today withdrew town near Pakistan-Kashmir border. They had relieved a hard-pressed Indian garrison which was under siege by raiding Pathan-Moslem tribesmen for 32 days.

The Indian forces have fallen back to Jhangar, shortening extended supply lines by 30 miles.

Yesterday 30 tribesmen were killed and 50 wounded in a four-hour battle between 400 raiders and an Indian Army patrol 30 miles northwest of here.

SCULPTOR SCUPTED

MONTREAL (CP)—A plaster bust of noted Canadian sculptor Emmanuel Hahn by a Hamilton artist, Mrs. E. B. Holbrook, has been shown here at the Royal Canadian Academy. Mrs. Holbrook will spend next summer at the University of Syracuse studying under Ivan Mestrovic, famous Yugoslav sculptor.

WOLF HUNTER HIRED

TULLIBY, Alta. (CP)—Farmers and stockmen of this district 142 miles northeast of Edmonton have engaged a hunter to destroy Prairie wolves which have been plaguing their stock. Each farmer and rancher pays 15 cents a head of stock into the fund. The coyote hunter is paid a bounty of $25 for each animal destroyed.

TEN-DAY ALASKA SERVICE PLANNED

This Will be Schedule of New Steamer Prince George

JUNEAU—Announcement was made during a visit here by William Cruickshank of Prince Rupert, general agent, passenger department, for the Canadian National Steamships, that the steamer Prince George will make 10 day tourist cruises from Vancouver to Skagway. The steamship will have a five-hour stopover in Juneau enroute north and a three-hour stop-over southbound. The first trip to Alaska has been scheduled for the end of June.

The new Prince George, which was launched in Victoria last September, is completely modern, with accommodation for 300 passengers and ample space for carrying automobiles.

Big Break at Okalla

Seven of Fourteen "Trusted" Prisoners Who Made Getaway Recaptured

VANCOUVER (CP) — Squads of police today, forming a huge dragnet over the lower British Columbia mainland, attempted ot cut off all means of escape for a gang of fugitives who Saturday night engineered one of the biggest jail-breaks in Canadian penal history.

Of 14 men and youths ranging in age from 15 to 30 years who made the break from Okalla Prison Farm, nine miles from here, by sawing the bars of a west wing window and fleeing under cover of heavy fog, seven were today back in custody.

Three of the jail-breakers—Frank Cross and Tom McKellar, both 17, of Vancouver and Donald Goudie, 15, of Sooke, were recaptured five hours after their break-out. Their only upper-garments their prison shirts, the chilled trio said they were "happy" to be taken back.

Four other escapees—Donald Walker, 18; Edward Jones, 19; Robert Dickie, 16, and Edwin Tacommy, 15, were recaptured later.

The break was discovered at 7 p.m. Saturday just before the day's final roll call.

The prisoners, a "star" group, had been segregated from more hardened criminals in the hope of "making good citizens" of them and their cells were not locked, enabling them to get to the end of the tier and saw away the window bars.

TROLLING TO BE EXTENDED

VANCOUVER (CP)—The federal Department of Fisheries today announced that trolling for salmon has been extended indefinitely after November 30. Special regulations authorize the permission through the season. Other types of salmon fishing ended last week.

Aldermen Calling For Rescission: Will Meet In Extraordinary Session

City council may make an about-face on the bus franchise issue which has been much in the limelight of late. A special meeting of the council has been called for tomorrow night to consider a resolution, moved by Ald. C. G. Ham, seconded by Ald. Arthur Brooksbank and assented to by Ald. T. B. Black and Ald. A. S. Nickerson, that the council's previous action in the matter be rescinded and that a referendum be taken on two points—whether a franchise should be granted and, if so, whether it be granted to Messrs. Smith and Murray as previously proposed.

A notice has appeared at the City Hall reading as follows:

"We the undersigned are opposed to the passage of the bus franchise bylaw in its present form for the following reasons:

"1. The agreement contained therein is in effect different from that previously submitted to the council.

"2. We believe that the council has been misinformed and misunderstood the question to be decided by the plebiscite, the issue thereby being confused. Two separate and distinct answers are required to the questions. (a) Shall the city grant a franchise? (b) Shall the franchise be granted to Messrs Murray and Smith.

"3. A petition properly drawn up and presented to the council on November 24 cannot be ignored. (This petition signed by 900 persons favored a continuation of service by Arrow Bus Lines).

"4. The proposed bylaw, whether rejected or approved by the plebiscite, does not permit of any but a negative answer to the original applicant (Arrow Bus Lines) for a franchise which application was received March 10, 1947, and has not yet been answered.

"The question as now worded is undemocratic procedure.

"(Signed),
"C. G. HAM.
"A. BROOKSBANK,
"T. B. BLACK.
"A. S. NICKERSON.

"In view of the foregoing, I move that the council's action in this connection be rescinded and that a referendum on Questions A and B stated above be taken. Moved by C. G. Ham, seconded by A. Brooksbank."

CIGARETTE PRICES UP

Are Increased from 33c to 35c for Package of Twenty

MONTREAL, (CP) — Imperial Tobacco Co. of Canada announced today that the price of cigarettes will be increased by two cents for each package of 20. Announcement by Earl Spafford, president of the company, said the basic price in future will be 35c a package instead of 33c.

Cigarettes are still selling at the old price and company salesmen said they believed the lower figure would be retained on old stock.

There was no immediate announcement by other tobacco companies but it is believed here that they will follow the Imperial Tobacco Co.'s lead.

BRITAIN GETTING MUCH COAL NOW

Production Reaches its Highest Point Since 1942

LONDON—Last week close on 4.25 million tons of coal were mined in Britain, the highest figure since the pre-Christmas week of 1942. This output exceeds by more than 150,000 tons that of a previous week, the best since the five-day week started last May. If production is maintained at this rate for the remaining weeks of the year the industry will easily reach its 200 million ton target.

A Timely Move

IT IS AN OBVIOUS FACT that the world cannot live half slave and half free. This is an important angle to be considered in connection with the creation, which has just been announced by the acting Prime Minister and Secretary of State, Mr. St. Laurent, of a Canadian Council for Reconstruction through the United Nations Educational, Scientific and Cultural Organization (UNESCO) to assist in the educational reconstruction of war devastated countries.

Education is the best instrument to develop our own freedom and opportunities and to offset propaganda that is being widely and effectively disseminated on behalf of such totalitarian and dictatorial regimes as that of Soviet Russia.

The federal authorities are to be commended on the move in this direction. It has been long enough deferred but, at that, it should be effective in offsetting some of the influences subversive of true democracy and freedom which are now at work.

NOT 'OFF' PRINCE RUPERT

PRINCE RUPERT welcomes advertising but not the wrong kind. Quite frequently publicity of the latter description finds its way here. For example, the following appears in a Vancouver daily in the form of a despatch from Seattle—"If 49 crew members lost their lives in the grounding of the army transport Clarksdale Victory off Prince Rupert, B.C., it becomes the worst shipping disaster along the Alaska shipping lanes in 29 years."

An island off the west coast of the Queen Charlottes is not exactly off Prince Rupert. Only one port is mentioned and that's here. The reading public, much of which knows nothing of the north, cannot but gain a misleading impression. It is certainly not a short sail from here to the west coast of Queen Charlotte Islands.

JAP ORANGES BACK

JAPANESE ORANGES are coming back and soon should be available in local stores. It is seven years now since Japanese oranges have been sold in this country. Tangerines from the southern states and the West Indies have been offered but there have never been any to equal in quality, flavor and general popularity the original fruit from the once Flowery Kingdom. So they will be welcomed back and, under the circumstances by which they come, we do not need to have any qualms or compunction about buying and enjoying them.

BOYS AND GUNS

A SEVENTEEN-YEAR-OLD BOY was sentenced to death some time ago in Vancouver. He had been involved in a shooting.

Every day in British Columbia boys in their teens or younger, play together and frequently they handle toy revolvers. The toy can, with startling realism, look like the real thing. It has that black, deadly appearance. If boys played with a toy double-barrelled shotgun instead of with pistols, the situation might be different. One suggests a holdup, or a murder, or both. The other starts one thinking of grouse or duck hunting. But a toy weapon of any description, as a plaything, is wrong in principle and should have no place in the general field of diversion.

It is not to be expected that juveniles will not be insensible to "the feel" of a revolver or the allure of certain types of pictures and reading matter and not dwell on them, more or less. Soon enough will they reach maturity with all that this implies.

CBC'S "LEICESTER SQUARE" SHOW—Favorites of Canadians from coast to coast are the three stars of the program "Leicester Square to Broadway," popular CB show featuring the musical hits of the gay nineties. Conductor Harry Pryce offers a gallant arm to winsome songstress Belle McEwan, while Eric Vale as The Old Stager shows that he still has an eye for feminine beauty. Besides its Canadian fans, the show boasts a huge American audience, with letters coming from states as far apart as New England and California. So far has its fame spread that one letter addressed to "Leicester Square, Broadway, New York, U.S.A." was rerouted by the post office and was delivered at CBC studios in Vancouver after only a few days delay.

Reminiscences and Reflections
By W.J.

It is perhaps not general knowledge that once upon a time a homelike little bar room could be found in what is today and has for years been the building used as the C. N. R. general offices across from the railway station. One wet morning before daybreak the fire-bell clanged through the gloom but the flames made small headway. All beauty slumbers were resumed. Thoughtful souls had not overlooked the oasis. No vessels of wine or whiskey, no burdens of beer had been suffered to fall into unauthorized hands during the dark, chilly hour of excitement. Some master organizer had been at work in the sudden emergency for a close check showed not a bottle missing. All were there to greet the dawn. And there were a good many.

No doubt, laddie, the sword dance figured prominently in many and many a St. Andrew night celebration and a stranger who presumes to know something of the subject comes forward to gie us the why and the wherefore. He says the dance is carried out by crossing a claymore and scabbard, placing them on the floor and doing physical training exercises over them. The general object is to see how long the participant can carry on without tripping over the claymore. And of course, the bonnie bagpipes do the thrilling.

SHIPS and— WATERFRONT

Relieving the steamer Princess Adelaide, which has been transferred temporarily to the Vancouver-Victoria-Seattle run, C.P.R. steamer Princess Louise is due in port at 8 o'clock this evening from Vancouver and Ocean Falls and will sail at 10 p.m. on her return south.

Limited amounts of herring are still being caught in the Butedale area and going to the Canadian Fishing Co's cannery there. Otherwise, the run has hardly developed as yet in this area. Larger catches are being reported from the West Coast of Vancouver Island and Alert Bay waters.

With a fair-sized list of passengers, Union steamer Coquitlam, Capt. J. Halcrow, arrived in port at 7:30 last evening from Vancouver and waypoints, sailing at 12 midnight for Alice Arm, Stwart and other northern points whence she will return here tomorrow to sail at 1:30 p.m. on her return to Vancouver.

Loggers heading for Vancouver comprised the most of the passenger list aboard Union steamer Cassiar, Capt. Alex McLennan, which arrived in port at 10:20 yesterday morning from her regular fortnightly voyage to Massett Inlet points, sailing at 12 midnight for Vancouver via south end of the Islands.

MAYOR' FUND IS BENEFITED

Moose Temple was filled to capacity Saturday night when the regular weekly whist party and dance of the Moose Temple Lodge drew out the largest record crowd so far. From the proceeds of the evening a donation is being made to the Mayor's Fund to help pay for canned salmon being sent from this city to the city of Poole, England. Prize-winners at whist were Mrs. Barney Kristmanson, Mrs. Les Hilton, J. Mostad and L. Weatherly. Carl Brechin was master of ceremonies and Stevens Orchestra provided the music for dancing.

EDUCATION IS LACKING

That Is Main Reason For Rejection of Applicants For Canadian Army

EDMONTON (CP)—Western Command of the Canadian Army reported tonight that lack of sufficient education is the biggest stumbling block confronting Alberta and British Columbia applicants for enlistment.

"The highest percentage of rejections of applications has been on candidates who are below the specified educational standards and fail to pass the selection tests," Western Command said.

What You Should Know about TRAVEL RATIONING

Why?

Canada's supply of U.S. dollars will no longer stretch far enough to permit all the purchases of goods and services or all the travel in the United States that has taken place in the past. It is, therefore, necessary to reduce our expenditures of U.S. dollars in many different ways. As one of these steps, the Government has decided that the use of U.S. dollars for pleasure travel spending must be reduced. To ensure this reduction in a way that is fair to all, an annual "travel ration" has been established. As in the past—a Form H permit is required by anyone taking out of Canada more than $10 U.S. or more than a total of $25 in Canadian and foreign currencies.

Pleasure Travel

Regulations now provide that the maximum amount of U.S. dollars which any Canadian resident may obtain for pleasure travel purposes is $150 per year. In the case of children of eleven years and under, the amount is $100. There is no restriction on the number of trips as long as this annual allotment is not exceeded. Any U.S. dollars obtained for one trip and not used on that trip must be brought back to Canada and exchanged for Canadian dollars at a bank immediately on return. No credit for these funds can be allowed against the annual ration for subsequent trips.

Business Travel

Applications for U.S. dollars for business travel must include a certification by the employer that the travel is required in his business interests. Reasonable amounts of U.S. dollars may be obtained for this purpose.

Travel for Health or Education

Applications for U.S. dollars for travel for health or educational reasons are to be made on special forms available at chartered banks. These applications will be forwarded by banks to the Foreign Exchange Control Board for consideration. Applications for health travel must be accompanied by a medical report on forms which can also be obtained at chartered banks. The Department of National Health and Welfare will act as advisor to the Board in reviewing these medical reports.

Border Travel

A Canadian resident wishing to make visits on which he will not be taking out of Canada more than a total of $25 of which not more than $10 is in U.S. dollars, may purchase from his bank for this purpose up to a total of $10 in any calendar month. This is in addition to the annual travel ration.

Personal Purchases of U.S. Goods

A Canadian tourist should remember that the new restrictions applying to imports from the United States govern his personal purchases there. He may not bring back any merchandise which has now been prohibited or which may now only be imported on a quota basis. The list of goods covered by the new import restrictions is an extensive one. Tourists contemplating any particular purchase in the United States would be wise, before leaving the country, to ask Canadian Customs Officials if this purchase will be admitted.

Travel Requiring Sterling Funds

Applications for sterling funds for travel in sterling area countries are normally approved for any reasonable amounts.

F. HEMMONS PASSES AWAY

Veteran of First World War Lived Here 27 Years

Fletcher Hemmons, a resident of Prince Rupert for the last 27 years and a veteran of the First World War, died in Prince Rupert General Hospital Sunday afternoon at the age of 65 after an illness of several weeks.

Born in Liverpool, England, he served in the merchant marine prior to the First World War. He saw service in France with the Seventh Battalion, C.E.F., and returned to the sea for a short period after the war. He settled in Prince Rupert in 1920 following several occupations during the years.

In the Second World War, he was employed as a watchman for the American Army.

He is survived by his wife, seven sons, Fletcher, Glen, Stanley, James, Ronald and Allan, at home, and Cecil in Vancouver and two daughters, Ethel, at home, and Ellen, Mrs. A. P. Lucas, of Kansas City, Kansas.

Funeral arrangements will be announced later.

Is Fined $100 On Supplying Charge

In city police court Saturday, Charles Anderson of Port Edward, was fined $100 plus $3.50 costs with an optional two months in jail when he pleaded guilty to a charge of supplying liquor to an Indian, Herbert Ridley, of Hartley Bay. Ridley received three months suspended sentence on a charge of being in possession of liquor.

Gabriel Wickman was fined $10 plus $3.50 costs or five days in jail on a charge of intoxication.

FALL FLOWERS ADD SEASONAL COLOR NOTE

FALL FLOWERS ADD SEASONAL COLOR NOTE—"Thank you, they're lovely," she says when you thoughtfully wire ahead floral adornment such as this. Modern Etiquette

By ROBERTA LEE

Q. What is the proper way to ask for a person over the telephone?

A. The proper manner is to say, "May I please speak to Helen," and not "I want to speak to Helen," this being too curt. And when the person replies with, "Just a moment, please," or, "I'll call her," don't forget to add a "Thank you."

Q. What are some of the things to avoid doing when playing cards?

A. Whistling, humming, tapping the fingers on the table, arguing about a play, losing your temper, and boasting about you own clever plays.

Q. How soon after leaving should a week-end guest write his "bread and butter" letter?

A. It must be mailed, if possible, within a day or two after his departure.

Jack of All Trades Starts His 80th Job

FORT ERIE (CP)—George Bond, called "Pop" by most people in the Peace River Bridge area, thinks there's nothing like steady work, but as he prepared to take his 80th job he indicated he likes a bit of variety too. His last job—ticket taker at the women's bathing beach at Crystal Beach—was the best, he thinks, but now he has gone to work at the chemical plant here. George has kept a record of every job he has done and they range from printer's devil, steel worker and railway man to street car conductor. He was content to leave the list at 79 and spent the winter at east, but when his friends told him he could not run the count to an even 80, he said he begged to differ. Now he's a pill mixer.

Highway Popular During Week-end

Taking advantage of Sunday's delightful weather, hundreds drove out the Skeena highway and went to Port Edward yesterday. The highway, as far as Skeena, is reported to be in extra good shape and further along it remains reasonably satisfactory with some snowfall, but rather soft. There is considerable slush around Salvus.

BOASTS FAMILY TREE

HALIFAX (CP)—Harold A. Garrison has family records dating back to the earliest days of Halifax. Among them is the original passport granting permission to his great-great-great-grandfather to leave France to come to Nova Scotia. The document, now yellow with age, still bears the official wax stamp.

WET COUNTRY, DRY THROATS

New Zealanders Boycott Beer In Protest At Price Boost

GREYMOUTH, N.Z. (CP)—Driest place in New Zealand recently has been Westland Province, in the South Island, where the rainfall is about 200 inches a year, easily the heaviest in the country.

Traditionally hearty drinkers, the West Coasters have been grimly observing a beer boycott as a protest against an increase in price of two cents a glass. The boycott was declared by the Trades Council, controlling trade union body in the district and has been observed by most unionists, though tempers have become frayed as a result and there have been several clashes.

One sawmill had to close down for a time. A bushman felling trees for the mill refused to observe the boycott and continued to buy his beer after work. Envious members of his gang stood it for a while and then refused to work with him. It was several days before they could be persuaded to return to work to enable the mill to resume.

Raisin Caramel Pie

When a pie has plump raisins and crisp almonds in it, you can be sure it will be popular with all the menfolk. Make the filling for Raisin Caramel Pie and then pour it into a baked pastry shell. It is rich and delicious and needs no topping.

1 cup seedless raisins
1 cup sweetened condensed milk
⅓ cup butter or margarine
2 tablespoons lemon juice
3 eggs
⅛ teaspoon salt
½ cup chopped blanched almonds
1 baked 9-inch pastry shell

Wash and drain raisins. Combine milk, butter, lemon juice slightly beaten egg and salt. Cook over hot water, stirring constanly until mixture begins to thicken. Add raisins and almonds and cook until thick. Pour into pastry shell. Cool before cutting.

Serves 6 to 8.

Banana Peach Ice Cream

1 cup canned cling peach halves
1 cup mashed banana
1 teaspoon plain gelatin
1 cup table cream
2 eggs
⅓ cup granulated sugar
salt
1 tablespoon vanilla extract

Drain peaches, mash and press through sieve. Combine with banana. Soak gelatin 5 minutes in ¼ cup cream. Scald remaining cream and pour over gelatin and stir to dissolve gelatin. Blend in eggs beaten with sugar, salt and flavoring. Stir in fruit. Pour into refrigerator tray and place in freezing compartment with control set at lowest temperature and freeze. Stir every 20 minutes until firm. When firm reset temperature control to normal. Serves 6.

The Experts Say . . .

By KAY REX
Canadian Press Staff Writer

APPLES—Now that the "quota" curtain has fallen over oranges, lemons, and other similar imports, more than ever the Canadian housewife will turn to apples as her "fruit-in-need." She will be grateful for the versatility of this fruit which may be used in salad, dessert, or as part of the main course at dinner.

Early fall apples make light fluffy sauce, but most of the varieties now at their best—such as Alexander, Wolf River, Wealthy, King, Spy, and Rome Beauty—hold their shape when baked or coddled, and also retain their coloring.

Glazed apples are the special apple dish which home economists of the Consumer Section, Dominion Department of Agriculture, are recommending. Ingrients: 1½ cups granulated sugar; two cups water; six apples.

Make syrup of sugar and water. Core apples and pare about 1½ inches down from the stem end. Place in syrup with pared surface down and simmer for five minutes. Invert and cook until tender—about 10 or 15 minutes. When tender place under hot broiler and baste frequently with syrup until well glazed. Six servings.

* * *

PLEASANT DESSERT — Fresh apple sauce with hot gingerbread is a dessert that also is sure to please.

Apple Sauce—Wash, cut in quarters, but do not pare or core, eight tart apples. Add one cup boiling water. Cover and cook until tender. Rub through a coarse sieve and add one-quarter cup sugar. If the apples are under-ripe they may require more sugar.

Ginger Bread (hot water)—Ingredients: two eggs; one cup white sugar one-half cup shortening; one-half cup molasses; two cups flour; two teaspoons baking soda, one teaspoon ginger; one teaspoon cinnamon.

Beat together shortening, sugar, eggs. Add flour and salt. Stir in one cup boiling water and start baking in cool oven. Bake 45 minutes.

* * *

BREAKFAST "MUST" — Now that cold weather days are here again more than ever it's the duty of every mother to see that not a member of her family leaves the house without a breakfast.

Here is a well-balanced menu for that early-morning meal: Fruit, fruit juice, or tomato juice; hot cooked or ready-to-eat cereal with top milk; toast, muffins, or rolls; jam, marmalade, honey, or syrup; coffee or tea for adults and milk or cocoa for children. Bacon, eggs, sausages or fish may be added to the above menu for a variety.

* * *

PLANNING MEALS — A truly economical housewife will plan meals for at least two or three days in advance. She will avoid monotony in her meals by varying the ways she cooks and serves food. She will allow up-to-date cooking techniques for good-tasting, attractive-looking meals.

Seasonable Ideas for Housekeepers

Afternoon tea is perhaps the most simple as well as a most pleasant mode of entertainment. A cup of tea, well made and accompanied by thinly sliced buttered bread and a cookie, is all that is necessary for a delightful little party.

As the holiday season draws near, it is well to have the cookie tin filled, so one is prepared to extend an invitation to the friends who drop in for a little chat when they are home for a week-end, or for the neighbor who brings her knitting over to check on the intricacies of the pattern. It is nice, also, to be ready to call up several cronies in the morning and invite them to bring their various bits of Christmas fancy work over to sew together and enjoy a little refreshment.

Home Economists have some cookie recipes which may be called "party fare" as they are a bit richer and sweeter than those we have been having during the last few years.

Meringues always makes a hit, and contrary to common belief, they are easy to make. The oven temperature is the important point. Long, slow baking to dry out the mixture, but not brown it, is essential.

When making meringues there is another cookie which uses egg yolks. The difference in texture and flavour of the two types makes them excellent companions.

Extra egg yolks may be utilized in custard or salad dressing.

Meringues

4 egg whites
¼ teaspoon salt
1 cup fruit sugar
½ teaspoon almond extract

Beat egg whites with salt until stiff. Beat in sugar very gradually. Add flavouring. Drop meringues on a lightly greased pan with a teaspoon or pastry tube. Bake 30 minutes in a slow oven, 250 degrees F. Turn off heat and leave in oven until completely dry. Makes about 3 dozen cakes.

Thimble Cookies

1 cup shortening
½ cup brown sugar
2 egg yolks
2 cups pastry flour
OR 1¾ cups all purpose flour
2 teaspoons vanilla
¼ teaspoon salt

Cream shortening and sugar thoroughly. Add egg yolks and beat well. Mix in flour, vanilla and salt. Form into balls, place on a greased cookie sheet and dent the top with a thimble. Bake 5 minutes in a moderate oven, 250 degrees F. Then dent again. Bake 15 minutes longer. Put jelly or jam in the depression while still hot. Makes 3 dozen cookies.

Date Roll Ups

1½ cups chopped dates
2/3 cup water
2/3 cup granulated sugarr
½ cup chopped nuts
2/3 cup butter
1¼ cups brown sugar
2 eggs
3 cups pastry flour
OR 2/23 cups all purpose flour
¼ teaspoon salt
½ teaspoon soda

Cook dates, sugar and water until thick—about 10 minutess. Add nuts and cool. Cream butter. Add sugar and cream well together. Add beaten eggs and beat well. Add sifted dry ingredients. Chill thoroughly. Divide mixture into two partss. Roll seperately into two tangles about ¼" thick. Spre each with date filling and as for jelly rolls, into two rolls. Chill. Cut into ¼ slices. Bake in a moderately oven 375 degrees F., for ab 15 minutes.

Makes approximately 4 do medium cookies.

"The roads are terrible – but this flavor is gorgeous"

said Uncle Ned

1 A jaunt in Uncle Ned's gas buggy of the Nineties was quite an adventure. And another big thrill of that time was the appearance on breakfast tables of that new cereal treat Grape-Nuts.

2 Every time his horseless carriage stalled near a grocery store, Uncle Ned couldn't resist the temptation to get himself more of that malty-rich, nut-sweet flavor — just as folks today can't resist that same deliciously-different taste in POST'S GRAPE-NUTS FLAKES as well as Post's Grape-Nuts.

3 There's double reason for the double goodness of Post's Grape-Nuts Flakes. They're made of two golden grains—not just one. Wheat and malted barley are blended a secret way, baked and then toasted to bring out all that distinctly-different flavor of these honey-golden, delightfully crisp flakes.

4 And Post's Grape-Nuts Flakes really set you up for a good morning, with carbohydrates for energy; proteins for muscle; phosphorus for teeth and bones; iron for the blood; and other food essentials. Treat your folks to a big economy package of Post's Grape-Nuts Flakes soon.

BORDEN-KING EDWARD WIN

First Games Played Yesterday In New Juvenile Basketball League

With nearly 50 howling fans cheering them on to victory, Borden Street and King Edward schools racked up their first wins in the new Juvenile League basketball games Friday in the Civic Centre gymnasium.

The first game got under way with Borden Street facing their public school opponents from King Edward. This was a hard fought and closely fought game with the first half ending up 22. King Edward forged into a brief lead in the third quarter but a last quarter drive by Borden gave them a 6-5 win over their rivals.

Driving hard all the way the King Edward No. 1 team swamped the less organized Booth team by the lop-sided score of 17-3. King Edward shone in their fine teamwork and expert shooting but Booth was never out of the fight. Bob Irvines boys from King Edward showed that many hours of practice put in.

King Edward No. 2—Chandler, Smith, Lanridge, Cooper, Sedgewick, Erickson 5, Barnes.

Borden Street — Blackaby, Patrick, Lyons, McKay 6, Shenton, Davidson, Adkins, Vell, Julian.

King Edward No. 1— McIntosh 2, Ciccone 5, Helin 6, Webber 4, Christmanson, Cameron, Chandler.

Booth—Leighton 1, Sheppard, Clarke, Forman, Williamson, Negraff 2, Jeffrey, Martin.

GROTTO STRONG IN "B" MEN'S FIVE-PIN PLAY

It was clearly the Grotto team's big night in the men's "B" five pin bowling session at the week-end with all honors going in their direction, even though they did manage to win only one of their three games against Co-op.

Among other honors, Grotto bowled the exceptionally high single game team score of 1,391, sparked by Robert Tubb, who rolled the highest single game score of 353 and Bob Moxley, whose three-game score was 709. Grotto also led in the aggregate team scoring with 3,145.

The session saw the completion of the first one-third of the league schedule, with Stone's sitting at top place. Stone's have 33 points and are followed by Thorncliffs, with 31.

Moose, standing fourth in the league, was the only team to win three games at the week-end session. They defeated Mutts 3-0.

Below were the game scores for the session.

Moose 3, Mutts 0.
Stones 2, Canfisco 1.
Maple Leafs 2, Thom S. M. 1.
Thorncliffs 2, Army Signals 1.
Fish Dock 2, Scotians 1.

GOT THE SHAKES

HALIFAX (CP)—When four Jamaican crew members of the three-masted schooner City of New York discovered at Halifax that the vessel's next stop was Goose Bay, Labrador, they "went over the side." They weren't impressed by the fact the ship carried extra overcoats—for delivery to the Grenfell Mission at St. Anthony, Nfld.

Co-ops Win Over Savoys

Co-op 62 Savoy 51

Merchants 40 Morgans 32

Gyros 15 Stones 17

Co-operatives continued their winning ways by defeating Savoys 62-51 in a somewhat dull Senior Basketball League tussle Saturday night.

All bedecked in their new uniforms and sparked by Jackie Lindsay's sniping, the Fish Handlers took the lead right from the opening whistle. It was just one of those nights that the Hotelmen could not get started. They could not get the breaks. Half time score was 28-16.

Beynon was sent to the showers for five personals. Sev. Dominato walked off the floor in protest at one of Comadina's decisions and Dave Murray went with him. The officals called 43 personals, 21 on the Co-ops and 22 on Savoys.

MERCHANTS WIN OVER MORGAN'S

Merchants won over Morgan's Men's Wear 40-32 in the Intermediate game. The storekeeprs took the lead at the start and never looked back although they were outscored in the last quarter. It was a somewhat rough game with Forward and Hartwig dishing out 29 personal calls—11 against Morgan's and 18 against Merchants. Moore of Merchants was bounced on personals and Carlson of Morgan's went the same way.

Jones of the clothiers squad made a couple of spectacular shoots that brought the crowd to their feet.

Haugan, Currie and Youngman were the scoring stars for the Merchants.

JUNIOR LEAGUE GAME THRILLER

Gyros and Stone's put on a thriller in the Junior League basketball game on Saturday night. The House of Stone came up from behind to sneak out winners by two points. The Gyros had the lead at half-time and also at three-quarter time but, in the last canto, the clothiers pulled ahead. Sather and McAra were the shooting stars for the service clubbers, while McChesney of the haberdashers went on a scoring spree and snagged himself 9 points.

SHORT SPORT

Cricket has been criticized by "outsiders" in recent weeks but the badgering hosn't ruffled the placid composure of the rulers of the game--the British Marylebone Cricket Club. They refuse to be excited. Watching a game, whether from the sunshaded pavilion of Lord's or from the clipped grass surrounding a village green, is a "matter of personal discretion," an M.C.C. official said in a brief telephone interview. His comment was made after Earl Wavell, former governor-general of India, had dubbed cricket as "peculiar" nnd Bishop Barnes of Birmingham, had advised youngsters to spend their summer holidays hiking from one youth hostel to another through stretches of pure English country rather than watching a game.

Earl Wavell said at Aberdeen that watching 22 grown men cavorting on a cricket field in a game lasting three, four or more days "must seem to an outsider the height of absurdity." But the M. C. C. wouldn't be drawn into the discussion "because Lord Wavell is a national public figure." But a futher comment by Dr. Barnes that "cricket is good to be watched by elderly gentlemen, who can give it a nicely-judged appreciation," didn't meet with the firm approval of the M. C. C. official. He found it could be "appreciated" by the younger generation as well and pointed out it afforded pleasure to "wives and famillies" of players in the country.

WHAT'S NEW IN TODAY'S MODERN BATHROOMS — Color scheme of this new bathroom is green and white—light green walls, dark green floor and white curtains to match the tub. New, too, are the glass shelves for towels and cosmetics, the seagulls stencilled on the wall and the extra-large recess behind the tub for soap, sponge and washcloth. Gingham check is the pattern of the new plastic shower and matching window curtains. Plastic fabric by the yard is used to make the skirt of the dressing table with ruffled edging top and bottom—also a ruffled edging of plastic fabric around the mirror.

Three walls of this bathroom are in a medium blue—the wall behind the tub and the ceiling are in a delicate pink. Illustrated is one of the new plastic shower curtains with matching window curtains. The silk-screen pattern illustrated is "Sea Scape" with pink background, enlivened by gay tropical fish and graceful marine plants. Housewives admire these new plastic curtains because they are so quickly cleaned with a damp cloth, never need ironing, never rot or mildew.

Deep Sea Fishermen's Union to Draw up Program of Halibut Curtailment Measures

To prepare a program of recommendations for curtailment of halibut production in the interests of conservation, the local Deep Sea Fishermen's Union has set up a committee consisting of George Anderson, E. Greenstrand, H. Knutson, W. Lund and Olof Skog. The recommendations are to be ready for meetings of the International Fisheries Commission to be held in the near future for the purpose of considering possible amendments to the treaty governing halibut fishing during the coming 1948 season.

Business at the meeting of the local Union, where this important matter was considered, was otherwise of a routine nature. John Synes, president of the Union, was in the chair.

Reduced Rates For Correspondence

OTTAWA—Arrangements have been made to obtain correspondence schools courses at a reduced rate for servicemen. The purpose of offering the courses is twofold. Troops may wish to follow some line of study to fit them for a civilian occupation on going to pension or being released from the service. Secondly, many of the courses of study offer training in trades used in the army.

SKI CABIN BROKEN INTO

Oldfield Reported Oldfieln Reported

Vandals, who are believed to have entered the ski cabin belonging to Alex Mitchell at the top of Mount Oldfield about a week ago, damaged the building and furniture and made off with a quantity of ski clothing and other articles. Mr. Mitchell discovered the incident on Sunday.

Damage included the smashing of two windows, one of which was knocked out entirely, the breaking of the lock on the door and the chopping of the table and kitchen cupboards.

A pair of skates, considerable ski clothing and ski poles were stolen. Wet clothing was strewn around the floor.

Mr. Mitchell believes that the damage was done a week ago since he was up two weeks ago and found the cabin in good shape.

Part of the missing clothing has been returned by a youth who said that he had taken them after he had fallen through the ice while skating. The cabin had already been broken into at that time, he said.

This is the second time that the Mitchell ski cabin has been damaged by vandals within two years and Mr. Mitchell says he is getting a bit tired of it.

"If the remaining articles of gear are not returned in short order, I am going to turn the matter over to the authorities," Mr. Mitchell said.

Customs Revenue Shows Increase

Customs receipts at the port of Prince Rupert during November were $33,193.79, bringing the total for the 11-month period this year to $371,544.85. Receipts during November last year were $24,281, and the total for the first 11 months of 1946 was $267,460.

Dude Ranch On Telegraph Trail

With the general idea of catering to big game hunters, attracting tourists and gradually developing a dude ranch, W. A Griffth has sold his property on the Kispiox River located on the old telegraph trail. There are 157 acres. The place was originally staked by Charles Barrett and Ned Charleston years gao. The new owners are Mr. and Mrs. F. S. Leary from the Cariboo country.

IMPRESSED WITH PRINCE RUPERT

Impressed with the appearance and prospects of Prince Rupert is Robert Kane, superintendent of passenger service, Canadian Pacific Airlines, Winnipeg, who was a week-end visitor in the city, making his first official visit here. "It is a delightful city," he said "and I would really like to live here." Mr. Kane arrived in the city on Saturday afternoon's flight from Vancouver and left today on his return there.

ECHOES OF KIN AMATEUR NIGHT

The toughest job at Friday nights amateur night was held by R. G. Moore, custodian of the bell. The gong wasn't intended to indicate the contestants lack of ability, it was used merely to save time. Judges W. D. Smith, L. Felsenthal and G. A. Hunter didnt have a snap either with over 50 contestants offering a variety of talent that ranged from classical music to comical recitations. Andy McNaughton, who accompanied many of the young entertainers on the piano, had a busy night as did R. E. Montador, acting as master of ceremonies.

To the large crowd that packed the Civic Centre Auditorium the night was a long parade of local talent. They were given a chance to see what the young people of Prince Rupert could do on the stage as well as having the opportunity to hear the Borden Street School choir, the Annunciation School choir, the King Edward School girl singers, the Prince Rupert Civic band and Jimmy Reil on his accordian.

FUNERAL OF MRS. GREIG

TERRACE— Funeral services were conducted on Saturday in St. Mathew's Anglican Church by Rev. Roland Hills for the late Mrs. Mary Greig whose sudden passing has been keenly felt by her many friends and relatives in the district. The aisle and chancel were banked with beautiful wreathes and flowers and the church was filled with those who came to pay their last respects to the deceased. The hymns "O God Our Help in Ages Past" and "Breathe on me Breath of God" were sung with Mrs. C. J. Norrington as organist.

Interment took place in the Kalum Cemetery. Pallbearers were Messrs. O. T. Sundal, Geo. Dover, Billy Donald, Elwood Brooks, Dudley Little and Peter Van Stolk. Principal mourners were members of her family, grandchildren, relatives and very close family friends.

ARMY BUYS MORE BONDS

VANCOUVER—The sale of Canada Savings Bonds has now been ended and the total sales in the Canadian Army Active Force including civilian Force personnel employed by the army amounted to $991,050 which is almost double last year's total.

SHIPS AND WATERFRONT

According to reports reaching here, Union Steamship Co. is planning to withdraw the steamer Camosun from the Vancouver-Prince Rupert-Alaska service late in December for a period of two or three months. Representations are being made to the company to reconsider the decision, if it has already been finally made, as it is felt here that it would be a matter to be regretted if the new connection between Prince Rupert and southeastern Alaska and the direct week-end service between Prince Rupert and Vancouver should be interrupted after having been only so recently inaugurated.

THOUSANDS VIEW NIAGARA 'MUM SHOW—During the next three weeks thousands will view one of Canada's largest chrysanthemum displays in the Niagara Parks Commission greenhouse in Queen Victoria Park at Niagara Falls, Ont. More than 10,000 varied and colorful bloom are now at their peak. Peggy Cameron, Niagara Falls, is shown as she inspects one of the banks of 'mum bloom.

GARDEN NOTEBOOK

MANY PERENNIAL FLOWERS BETTER SOWN IN THE FALL

Seeds of many perennial flowers may be sown this fall rather than next spring. They will germinate earlier and will have a corresponding longer growing season next year. Then, too, the weathering of winter speeds up germination in many of them which, sown in the spring, are slow to appear. In fact, some of them will lie over a year in the ground before appearing. The irises, the gas plant, Dictamnus, fraxinella, and delphiniums trollius and pholxes sometimes show these traits.

Sow delphiniums, columbines, gaillardias, foxgloves, Canterbury gells, peach-leaved bellflowers, coreopsis—in fact any of the hardy perennials—late this fall and save that much spring work and get better results in the way of germination. Primrose seed gives much higher percentage of germination if sown in the fall than in the following spring.

Sow the seed in rows where it may grow along until the plants are sufficient size to transplant. The one danger of fall planting is the wash from heavy rains, a danger always in planting seeds in the open. To obviate this danger, mulch the beds with some material that will not mat down solidly, such as oak leaves, pine needles, or fresh straw. In the spring the beds may be protected by frames covered with window screen or lath to break the force of driving rains and prevent the tiny seedlings from being washed out of existence. This scheme is used quite widely by professional gardeners to protect their seedlings, a large proportion of which might be lost if fully exposed to spring downpours.

Those who grow irises from seed, a popular garden pastime of recent years, should plant the seed an inch deep this fall. Siberian, Japanese, and the tall, bearded sorts. This will give good germination next spring, which will not result with as much certainty from spring-sown seed, some of which will take a year before appearing.

The perennial seed-bed should be made early and enriched with a balanced plant food applied at the rate of 4 pounds to a 100 square feet, to encourage a strong early growth of the plants so that they may better withstand the hot dry weather of midsummer, which takes such toll of seedlings each year.

AFTER SOWING SEEDS IN COLD-FRAME, COVER WITH LATTICE TO BREAK DIRECT RAYS OF SUN.
