Trade Barriers (erased by New Pacts)

Agreements With Seventeen Nations Will Be Effective January 1 Providing Parliament Approves

OTTAWA, (CP)—Canada's new trade agreements with seventeen nations will be announced last night, will go into effect January 1. The agreements, which have a duration of three years' duration if approved by Parliament, must be Canada gets an "extremely wide range" of concessions from various countries under the new agreements.

several other types by United States, France, Brazil, Cuba, Czechoslovakia, India and Norway.

United States quota on Canadian cattle is enlarged from 225,000 to 400,000 annually and on calves from 100,000 to 200,000.

United States duties are sliced from 6s to 3c per pound on beef and veal—fresh, chilled or frozen.

United States duties are halved on almost all Canadian woods and wood products exported to that country.

Duties on some woods are reduced by France, India, Belgium, the Netherlands and Luxembourg.

Cod fillets are a major exception to the 50 per cent duty reduction on many Canadian fish products going to the United States.

The United States duty on wheat flour is cut from \$1.04 to 52c per barrel. The United States duty on coarse grains is halved.

United States duty on canned and dried apples are reduced 50 per cent and the duty on fresh apples is cut from 15c to 12½c per bushel.

Various reductions are effected by France, Norway, Czechoslovakia, Belgium, the Netherlands and Luxembourg.

Butter duty is cut by the United States from 14c to 7c per pound.

United States duties are cut in half on all live poultry, all dressed poultry except turkey and on baby chicks and canned chicken.

United States duties on whisky and gin are reduced substantially.

The quota on Canadian seed potatoes is boosted by the United States from 1,500,000 to 2,500,000 per year.

CONCESSIONS BY CANADA Canada wipes out its 50c per ton duty on anthracite coal and cuts the duty on bituminous from 75c to 50c.

MANCHESTER CITY HIGH ON ROCKS IN ST. LAWRENCE—The liner Manchester City, which went aground 92 miles below Quebec City during a heavy fog, is photographed high on the rocks in the St. Lawrence. There was no one injured aboard and rescue was conducted by the coaster North Pioneer which took passengers to Montreal. The liner will probably be pulled off the rock by salvage tugs.

Street Cars Rumbling Again in Cities Down Coast as Month-Old Transit Strike Ends

VANCOUVER (CP)—The rumble of street cars was heard in Vancouver, New Westminster and Victoria today for the first time in more than four weeks, marking the end of the transit strike which has snarled transportation in the west coast cities since mid-October.

Decision of the Street Railwaymen's Union to end the strike was announced last night following a vote of the membership which saw 2169 ballots cast in favor of returning to work and 350 against.

The settlement gives a 15c hourly increase with no change in the 46-hour week which a union spokesman said would be brought up again when contract renewal is negotiated.

OTTAWA (CP)—Margaret Ecker Francis, Vancouver newspaper woman, won the Canadian Women's Press Club 1946-47 memorial award, it is announced. The award—a gold medal of \$100—will be presented in British Columbia.

Representing the best handling of a Canadian news event and competed for by newspaper, radio and magazine writers throughout the Dominion, the prize was given for Mrs. Francis' "Nostalgia," published in Chateleine Magazine last November.

It dealt with the homesickness of former ex-service men and women for far places in which they had served.

Dorothy Livesay, also of Vancouver, won an honorable mention for her "Canada's Japanese Problem" in the Toronto Star Weekly.

NAMED C.C.F. CANDIDATE

Owen Jones in Yale Federal Field Against W. A. C. Bennett

PENTICTON (CP)—Owen L. Jones of Kelowna was nominated Saturday as C.C.F. candidate for Yale constituency in the forthcoming federal by-election to choose a successor to Hon. Grotto Stirling, Progressive Conservative, retired.

Jones will be opposed by W. A. C. Bennett, Progressive Conservative. No Liberal candidate has yet been selected.

AWARD FOR BEST STORY

Margaret Ecker Francis Gets Prize For Best News Handling

OTTAWA (CP)—Margaret Ecker Francis, Vancouver newspaper woman, won the Canadian Women's Press Club 1946-47 memorial award, it is announced.

Representing the best handling of a Canadian news event and competed for by newspaper, radio and magazine writers throughout the Dominion, the prize was given for Mrs. Francis' "Nostalgia," published in Chateleine Magazine last November.

It dealt with the homesickness of former ex-service men and women for far places in which they had served.

Dorothy Livesay, also of Vancouver, won an honorable mention for her "Canada's Japanese Problem" in the Toronto Star Weekly.

LANGELEECRAG CREW MEN FIGHTING EXPOSURE; CANNOT LAST OUT LONG

HALIFAX (CP)—"Only thirty-six hours to save their lives." This was the message that was passed to rescuers today as plans were made to speed a United States Coastguard cutter to Sacred Island on Newfoundland's northern tip where some 35 shipwrecked sailors are fighting the effects of exposure.

Prince Rupert-born Wireless Operator Eyolf Stockland returned to the broken vessel from the beach to send out the new appeal for help. The crew men were suffering badly from the effects of exposure, he said.

The seamen are hanging grimly to life after losing one shipmate when the 4,900-ton freighter Langleecrag smashed aground and broke in two on Saturday.

BRACKEN TO BE CANDIDATE

Expected to Receive Unanimous Nomination in Brandon Today

OTTAWA (CP)—Political observers in Ottawa feel that John Bracken, Progressive Conservative party leader, will have no difficulty in carrying the convention in Brandon today when a candidate will be nominated to represent that constituency for the party in the next general election.

Word reaching here indicates that Mr. Bracken will be unopposed at the convention. He has already declared his intention of accepting the nomination if it is offered to him by the convention.

Mr. Bracken now represents the Manitoba constituency of Neepawa but that riding is scheduled to disappear at the next general election under provisions of a redistribution act passed at the last session of parliament.

The Brandon riding now is held by J. W. Matthews, a Liberal who has been in the commons since 1938.

Authority On Fishing

May Be Turned Over to Province—Bag Limit for Sport Fishermen

VICTORIA (CP)—Sportsmen fishing in tidal waters off British Columbia may be limited to five salmon a day and ten gill net, it was learned during the week-end.

Such regulations are under consideration by the federal Department of Fisheries. It is also indicated that the department is considering placing fishing in coastal tidal waters under provincial fisheries administration.

FIVE DIE IN TAVERN BLAST

Explosion and Fire Saturday Night in Tampa, Idaho

NAMPA, Idaho (CP)—An explosion in a crowded restaurant Saturday night killed five persons and injured nearly fifty others. The blast was believed to have been caused by a restaurant gas range.

PREMIER STRIKE OVER

STEWART—A three-day strike at the Silbak-Premier mine over strike fund deductions has ended.

PT. ALBERNI HOTEL FIRE

\$100,000 Loss When Hostelry Burns—People Injured In Jumping

PORT ALBERNI (CP)—Eight were injured and damage estimated at more than \$100,000 was caused early today when fire destroyed the King Edward Hotel here. There are no known fatalities although several persons, including the proprietors, Mr. and Mrs. Rosenbloom, and their two daughters, as well as several guests, were injured in jumping in their night attire as far as 20 feet.

The 39-room frame structure was fully booked and the guests escaped in night attire, some jumping as far as 20 feet to the ground below.

The fire broke out at 2:30 a.m.

DEPT STORE HOLOCAUST

Forty-two Persons Dead as Result of Conflagration in New Zealand City

CHRISTCHURCH, New Zealand (CP)—Forty-two persons were counted dead or missing today in a spectacular fire which destroyed the four-storey Ballantyne Bros. department store, largest retail establishment in the city. Twenty-eight bodies were recovered, mostly around the doors. A twenty-ninth victim died in hospital and thirteen are missing. Cause of the fire, which started in the store restaurant, has not been determined.

Austerity Program For Canadians Is Launched

SIAMESE PLOT IS FRUSTRATED

Would Replace Constitutional Monarchy With Republican Government

BANGKOK (AP)—The Siamese military command today arrested a group of individuals it said was plotting to overthrow the government set up in last Sunday's revolt and replace the constitutional monarchy with a Republican government.

Lt. Gen. Phin Cunhawn, deputy supreme commander of the armed forces, said the group set November 30 for the attempt, and also planned to prevent the return of 19-year old King Phumiphon Aduldet from Switzerland.

It was announced last Wednesday that on the suggestion of Field Marshal Pibul Songgram, the wartime premier-dictator who led last Sunday's revolt, an invitation was being made to the King to return home immediately.

Mandatory Halibut Restrictions Sought

Meeting of the Deep Sea Fishermen's Union, called for Sunday night to consider routine business, was postponed for a larger attendance. The local Union is still working towards a revision of the international halibut treaty which would make curtailment restrictions mandatory.

Living Standards Being Cut By Dollar Saving Methods

New Excise Taxes on Semi-luxury Goods, Sweeping Prohibitions on Imports and Travel

OTTAWA (CP)—Canadians face restrictions in living standards today as the government launches a dollar-saving program embodying new excise taxes on semi-luxury goods, sweeping prohibitions and restrictions on imports and pleasure travel and announces a \$300,000,000 loan from the United States.

Aimed directly at halting deterioration of Canada's dwindling United States dollar reserves, these new economic measures became effective at midnight last night and, although temporary, are expected to continue for many months.

The measures came less than four hours after the government had announced widespread tariff reductions negotiated at Geneva with seventeen other countries.

Official sources confirm that the economic program nullifies, if only temporarily, concessions Canada is granted on the import side of the tariff arrangements.

The dollar-saving program was announced in messages by Prime Minister W. L. Mackenzie King, speaking from London, and Finance Minister Douglas Abbott in Ottawa.

Mr. Abbott made these disclosures:

1—Canada's reserve of United States dollars dropped from \$1,245,000,000 last January 1 to \$500,000,000 as of last Thursday.

2—Outright prohibition has been imposed on imports of a long list of goods already produced in Canada to some substantial degree or in some cases of semi-luxury or nonessential type. These include jewelry, candy, novelties, typewriters, radios, refrigerators, washing machines and furniture.

3—Immediate prohibition is being placed on importation of motor vehicles but this will be replaced shortly by a restrictive quota system.

4—The quota system is being applied immediately to classes of goods which include oranges, grapefruit, lemons, fruit juices, potatoes, apples, onions, all textiles except raw materials and yarns, all leathers including footwear, gloves, leather garments and luggage, clocks, watches, cutlery, games, toys, sporting goods and smokers' supplies.

5—Travel restrictions are being imposed immediately on the basis of annual ration for pleasure travel of not more than \$150 per person for those who want to travel in United States dollar areas.

6—Excise tax, to be applied by Parliament, is being applied immediately on durable consumer goods, whether domestic or foreign-made, such as sporting goods, outboard motors, pleasure launches, firearms, oil burners, motorcycles, musical instruments, cameras, radios, phonographs and most types of electrical home appliances. The present tax on motor cars will be boosted 25, 50 or 75 percent depending upon value.

7—Canada's \$300,000,000 American loan has been obtained from the import-export bank in Washington on short term basis and the Dominion will now consider borrowing money from the banks and other private investors in the United States.

8—To stimulate production, the government plans to pay an additional \$7 per ounce for gold production above amounts mined in the year ended June 30, 1947. This will bring the price of gold for the surplus production to \$42 per ounce.

9—Parliament will be asked to authorize, retroactive to this date, removal of the 8 percent sales tax on electricity and gas used in dwellings, 1c a pound tax on sugar and reductions in the duties on tea and coffee.

Mr. Abbott said the United States had been informed of the Canadian action and had expressed approval.

Young Man Killed, Girl Hurt In Crash

VANCOUVER (CP)—Maurice Moreau, aged 23, was fatally injured and his companion, Ramona Walsley, 18, suffered minor injuries Saturday night when their automobile went into a skid and piled into a house. Moreau died in hospital several hours after the crash.

'O.M.' AWARDED PREMIER KING

Canadian Prime Minister Lanches With King and Visits Princess Elizabeth

LONDON (CP)—The King yesterday invested Rt. Hon. William Lyon Mackenzie King, Premier of Canada, with the coveted Order of Merit at Buckingham Palace.

The investiture was the culminating act in several hours which Mr. King spent at the palace.

The Canadian Prime Minister had luncheon with the King and Queen, was received alone by Princess Elizabeth to whom he presented Canada's wedding gift and also talked with Lt. Philip Mountbatten.

Mr. King found Princess Elizabeth "radiantly happy" and very interested in Canada although she could not say when she and her husband-to-be would be able to visit the Dominion.

ROYALTY ARRIVES

Four Kings and Five Queens Reach London For Wedding

LONDON—Four kings and five queens are among the royalty who have already arrived in London for the marriage on Thursday of Princess Elizabeth and Lt. Philip Mountbatten. The first king to arrive was Michael of Rumania who reached here by plane on Saturday. King Haakon of Norway arrived late today.

New Tariff Deals

PRESENTING cuts in the United States tariff on many items which would result in the increase of Canadian exports to that country while Canada in return, reduces duties on imports of many necessary articles which should result in lowered prices on this side, the new tariff arrangements with the United States, as announced last night, tempered to considerable extent by drastic import restrictions, should be highly beneficial to the national economy of this country in the way of dollar conservation and stabilization. It seems that a good stroke of business has been done as far as Canada is concerned and that the quid pro quo for the United States has been arranged as satisfactorily as could be possibly expected.

For a district such as ours, the new tariffs would appear to present particular benefits in the way of further encouraging incipient industrial developments although there might still be some clarification as between raw materials and finished products.

The further cut in the United States duty on Canadian fresh and frozen halibut and salmon from 1c to 1/2c per pound would be particularly welcome here on the British Columbia coast. Canadian fish operators have long irked under first the 2c and then the 1c tariff which has had the virtual effect of a price differential.

In short, the new tariff deal, which has yet to be approved by Parliament, seems to present the likelihood of very general benefits to the Dominion and particular benefits to an area of potential natural resources awaiting development such as that of Prince Rupert.

The new agreements between Canada and seventeen nations appear to represent the closest approach to general free trade that this Dominion has ever experienced.

Delegates Are Named

And Instructed to Support Hon. E. T. Kenney as New Liberal Leader

Prince Rupert District Liberal Association last night appointed 11 delegates to attend a provincial convention in Vancouver December 9, 10 and 11. They were instructed to support Hon. E. T. Kenney, minister of lands and forests and M. L. A. for Skeena, as successor to Premier John Hart as leader of the Liberal party in the province.

The delegates named were L. M. Gordon, H. F. Glassey, J. D. McRae, Ald. Robert McKay, R. E. Montador, A. S. Nickerson, J. J. Judge, Ald. T. N. Youngs, S. E. Parker, E. R. Gordon and A. D. Ritchie.

In the event of Mr. Kenney declining to run for the leadership or being eliminated, the delegates will be left to use their own judgment in supporting a new leader.

A committee consisting of A. D. Ritchie, E. T. Applewhite and Ald. Robert McKay was appointed on ways and means to finance the delegates to the convention.

Another committee consisting of S. E. Parker, Ald. T. N. Youngs, J. D. McRae and A. S. Nickerson was appointed to

IMPRESSED WITH NORTH

B. K. Sandwell Thinks British Empire Through—Urges Closer U. S. Relations

B. K. Sandwell, who was in Prince Rupert years ago, and gave a public address in the city hall council chamber on a Sunday afternoon, thinks Northern British Columbia is a first class part of the world to stick to. He regards this as good advice for a young man to heed.

Mr. Sandwell, who is editor of Toronto Saturday Night, and a well-known lecturer, was in Edmonton last week. In the course of an interview he declared the British Empire, as an Empire, has disappeared and urged closer relations between Canada and the United States.

"Canadian unity" he remarked "is improving." During the war it became worse due to war conditions but there has been improvements since. In British Columbia I found they are letting up on the Japanese. Ontario is showing less hostility to the French-Canadians and the French-Canadians are feeling more comfortable about the rest of Canada."

Concerning the north, he said, "In my opinion, Northern Alberta and Northern British Columbia offer the best prospects to a young man of any place in the world."

TELEGRAPH MANAGER IS TRANSFERRED

Word was received Monday afternoon by Gordon T. Durkin, manager of the Canadian National Telegraphs local office, of his transfer to Regina, where he will be manager of the company's office. The transfer is expected to be effective about the middle of December. Mr. Durkin has been manager of the C.N. Telegraphs here since September, 1944. No word as to who his successor here will be has been received yet.

Saskatchewan Has Job Opportunities

REGINA — Employment surveys conducted here recently disclosed that more than 1,000 future job opportunities will be available. In Regina and Saskatoon, returned soldiers will have the chance to find work—940 out of a total of 1,028. Surveys are conducted by means of questionnaires mailed to employers.

consider resolutions to be taken before the convention.

Delegates were also instructed, if the question arises, to support the continuation of the coalition in provincial affairs.

G. C. Mitchell, president of the District Liberal Association, was in the chair at last night's meeting. Ald. Arthur Brooksbank was secretary.

Gordon H. Jelliffe, well known Queen Charlotte City merchant, is a business visitor in the city, having arrived from the Islands yesterday by air.

BANKER IS TRANSFERRED

W. G. Kennedy, for the past four years accountant at the local branch of the Canadian Bank of Commerce, left the city at the week-end for Vanderhoof, where he has been appointed branch manager. His position here will be filled by R. A. Morley of Revelstoke who is expected to arrive next week.

RENOVATING OF STAFF HOUSES

Francis Millard Company, fishery operators of Prince Rupert, are moving two former wartime staff houses from Prince Rupert to Vancouver. The big staff houses, two storeys in height and 240 feet in length by 30 feet wide, were built in Prince Rupert during the war for shipyard employees. Now they are being cut into sections 30 feet by 26 feet and each weighing ten tons.—Canadian Fisherman.

Household Cavalry In Dress Rehearsal

LONDON — The Household Cavalry rehearsed the march from Buckingham Palace to Westminster Abbey Sunday afternoon. In all the impressiveness of full dress uniform not seen since 1913 and holding uplifted swords, the parade, numbering 17 officers and 120 men was watched by huge crowds.

PREMIER KING CONGRATULATED

Message sent to Prime Minister From Prince Rupert Liberal Association

A message of congratulations will be sent by the Prince Rupert District Liberal Association to Rt. Hon. W. L. Mackenzie King, Prime Minister of Canada, on his having been honored with the Order of Merit by the King.

In moving that such congratulations be sent at last night's meeting of the Association, S. E. Parker said: "It is a tribute not only to Mr. King as a statesman but to Canada as a nation and a recognition of the Dominion's great war effort."

PRINCE RUPERT FREE OF FROST

According to a widely circulated medicinal almanac, only three cities in Canada have more frost-free days than Prince Rupert. This city is recorded as having 194 frost-free days per year. Other cities that have more frost-free days are—Victoria, 254; Clayoquot, 230; Vancouver, 215.

DEEP-SEA BREATHES

A battleship sucks in and breathes out enough air each 24 hours to equal half her own weight, about 48,000 tons.

NOTICE TO VETERANS

YOUR APPLICATION FOR VETERANS INSURANCE SHOULD BE IN NOW

If you were discharged prior to February 20, 1945, your application for Veterans Insurance must be accepted by February 20, 1948. If discharged after February 20, 1945, the application must be accepted within three years of the date of your discharge.

FEATURES OF VETERANS INSURANCE

Available in most cases without medical examination; costs comparable to lowest standard rates; available in amounts from \$50 to \$10,000; premiums payable monthly if desired; re-establishment credit may be used to make payments.

THOSE WHO ARE ELIGIBLE

Among those eligible are all veterans of World War II and in certain cases, their widows; members of the Permanent Force; certain merchant seamen, Fire Fighters, Auxiliary Service Supervisors and Special Operators; those in receipt of war disability pensions.

More Faulty Road Reports At Border

A family from New York arrived not long ago in Terrace enroute to Haines, Alaska, after having been informed that there was no highway whatever, west of Prince George. They are Mr. and Mrs. Symes and son. After motoring through the United States, they turned north, and at the Canadian port of entry, Blaine, in Washington were told positively that they could not go any further west, if they expected to journey by automobile west of Prince George. However, they discovered this to be false, and entirely misleading.

Mrs. Priscilla Lundy, wife of Austin Lundy, local fisherman, died early this morning in the Prince Rupert General Hospital at the age of 36. She entered hospital last night. She had been a resident of the Fraser Rooms.

RED CROSS EXPANSION

VANCOUVER—"Extension of medical services to British Columbia's isolated districts by opening of six additional Red Cross Outpost hospitals will be one of the greatest factors in settling northern parts of the province," states Dr. George Lemont, chairman of the Red Cross Outpost hospital committee in British Columbia.

This brings to twelve, the number of Outposts operated by the Red Cross in this province and carries this service from the borders of Alberta to the West coast of Vancouver Island and north to Hudson Hope in the Peace River district.

This is all part of a national plan to bring medical services to districts isolated from civilization and to assure the health and well-being of the scattered population in frontier districts. Within the next year, the Canadian Red Cross will have 200 such Outposts in operation in Canada.

At the present time, British Columbia Division of the Red Cross has two Outposts on the West Coast of Vancouver Island, at Bamfield and Kyuquot. The fishing and logging industry at the mouth of Bute Inlet is served by an Outpost at Stuart Island. Cecil Lake in the Peace River and Green wood in the Cascades also have three bed

posts, while a 15 bed hospital is operated at McBride.

To be opened this year is a 10 bed hospital at Terrace, and three-bed units at Hudson Hope, Blue River, Edgewood (Arrow Lake) and Lillooet. A sixth unit at Lone Bute, in the Cariboo will be ready at the first of the year.

All these Outposts are established at the request of the community and with community financial support, need of unit being decided on priority bases. They are all operated by the B.C. Division of the Red Cross, all three bed units being staffed by a registered nurse and housekeeper, the former available for health work in unorganized districts. Larger hospitals have staffs according to their needs.

EARLY PIONEER WOMAN PASSES

Mrs. William H. Pierce Dies at Age of 86

A link with the early history of the north coast was severed early this morning with the death in Prince Rupert General Hospital of Mrs. Margaret Pierce, wife of Rev. W. H. Pierce, pioneer north coast missionary. She passed away at the age of 86.

Born in England, Mrs. Pierce came to the coast shortly before 1890 where she taught in the Crosby Girls' School at Port Simpson. It was there that she met and married Rev. Mr. Pierce who at that time was a Methodist missionary at Port Simpson.

During the years that followed, they lived at various places on the Skeena doing mission work in the native villages. They took up residence at Port Essington, where they lived until 1930 when Mr. Pierce retired from active work. They then moved to Prince Rupert.

Their only son, Ernest, was drowned in the Ecstall River some 17 years ago while working on the construction project which installed the Falls River dam for the Northern B.C. Power Co.

A brother, Col. R. Hargrave, holds a leading position with the Salvation Army in Toronto. Deceased was born in Yorkshire, England, on November 23, 1861. Her husband, Rev. Wil-

By ANNE ASHLEY

Q. How long should vegetables be cooked?
A. Sometimes vegetables will lose their appetizing color when they are cooked to long. Spinach, asparagus, cabbage, and cauliflower seldom need more than 10 minutes cooking; carrots, peas, turnips, and parsnips require between 20 and 30 minutes.

Q. How can I clean spots from oiled floors?
A. By sponging thoroughly with turpentine. If this does not remove the spots, dip a damp cloth in powdered rottenstone. Then renew the oil on the places treated.

William H. Pierce, is 92 years old. Several years ago he wrote a book "From Potlatch to Pulpit" describing the development of Christianity among the north coast Indian tribes.

Funeral service will be held Thursday afternoon from First United Church, Rev. R. A. Wilson officiating.

THS JAILED ATTEMPTED BREAK, ENTRY

Juvenile was sentenced to six months at hard labor in the central jail and a 19-year-old received a five-month sentence from Magistrate W. D. Vance in police court Saturday morning after they had pleaded guilty on Thursday to charges of attempted break and entry. Charges were laid after a window had been found a week Saturday near Helgerson's grocery store, at the intersection of Second Avenue and Park Street where a window had been smashed. The pair attempted to flee, but were caught by police.

The juvenile, whose age was not given, appeared in juvenile court and was later transferred to police court because of previous convictions against him.

The 19-year-old, Henry Yule, received the smaller sentence, Magistrate Vance said, "because it is better that the two get out of jail at separate times." Yule had no previous convictions.

In passing sentence, the magistrate commented: "One of my tasks is passing sentence on young boys like you. More I see of these things, more I think that there is something wrong with our system. Perhaps you could be put in a psychiatric. I have a hunch, apparently, it just has to be done."

This is not a case where suspended sentence can be granted. Magistrate Vance said as the juvenile six months at hard labor and Yule five months.

MICHIGAN

Michigan surpasses all other states in duplicating the names of her lakes, 440 of them are known by only five names, fifty-six being called Twin Lake, fifty-nine round Lake, sixty-five Bass Lake, eighty-seven Long Lake and 173 Mud Lake.

PEA SOUP FOG FOR WEDDING

LONDON (AP) — There's a possibility, although no weather forecaster is saying so out loud just yet, that London may be banketed by one of those pea-soup fogs on Princess Elizabeth's wedding day Thursday.

The weatherman noted that November 20 was foggy in six of the last 16 years and rainy in seven of the remaining 10 but a Buckingham Palace spokesman declared: "Fog or no fog, the wedding goes on."

A dignitary in the Lord Chamberlain's office choked at the very thought of fog on w-Day, remarking with a shudder: "It's too horrible to contemplate."

Less to push around!

BILL JONES handling stock on the factory floor, Mrs. James pushing her "pram" — both know the energy-saving lightness of Aluminum. The magic combination of lightness-with-strength finds new applications every day. All along the line, Aluminum is reducing effort, increasing productivity. We have entered the age of light metals.

Canadians are in a unique position to enjoy the benefits of this new age. Within our borders we have the largest Aluminum ingot plant in the world... ample for all our needs with lots left over for export. And this ingot is available to Canadian manufacturers at lower cost than anywhere else in the world. Today over six hundred independent manufacturers of everything from tank cars to clothes pins are turning out exciting new products made with this Twentieth Century metal.

Passing Our "Know-How" Along

We are continually exploring the rich possibilities of Aluminum; developing new alloys, improving fabricating methods, studying new uses. Such information is passed along to engineers, production men and others who make the Aluminum products you see in your neighbourhood stores, and which find their way to the market places of the world.

PRE-CHRISTMAS SHIPMENTS OF BISCUITS DUE

English biscuits, which made their appearance in local food stores recently, apparently, are still enjoying their pre-war popularity. The tinned biscuits, being exported as part of Britain's drive for foreign credits, have been coming over in substantial quantity and new shipments are expected to arrive in time for the pre-Christmas trade. They are selling at 75 cents a pound.

Also on the market are new-pack canned asparagus, pears, cherries, ketchup and other fruits and vegetables, which, however, are selling at higher prices than a year ago.

Candy bars, which have been in fair quantity since they were hoisted to seven cents, will be even more abundant shortly—but at even a higher price. Shipments which are expected to arrive in the near future, will be selling at eight cents merchants have been advised.

Ontario white beans have re-appeared, and are retailing at two pounds for 33 cents.

WOMEN MUST CHANGE WALK

By MARILYN LAMBORN
Canadian Press Staff Writer
TORONTO—Most women don't mind discarding their wardrobe to conform with current dictates of fashion, but when it comes to developing a new walk to accompany the "new look," some say "enough is enough."

But professional models say the whole effect of a new low hemline gown is lost if the wearer walks the same way she did when her skirts dangled at her knees.

A tight no-way-stretch dress 11 inches from the floor necessarily cramps the style of a long stride female. On the other hand a woman enacted in swirls of material is tempted to walk with a swing. But whether she must or should change her gait to suit her dresses, a sophisticated walk is a natural consequence of glamor gowns, say the models.

Dainty, smooth steps no longer than the foot, no bounce and less arm movement are recommended for the woman who wishes to acquire the elegance of the newest gowns. The foot "must move slowly with grace and precision."

Models also say it is necessary to be a type of actress if the full illusion is desired. An air of self-confidence transfers the gown's glamor to the wearer.

As well as the walk, dances threaten to be changed by the

newest fashions. Striding steps and wild sweeps are no longer appropriate. But the girl in the spindle skirt need not confine her dancing to rumbas. Shorter waltz steps with emphasis placed on dainty swirls can be accomplished with or without a hoop skirt.

C.N.R. CLAIMS AGENT RETIRES

A. S. Moffat Succeeds A. G. Gilmor in Railway Service
WINNIPEG—Retirement of W. J. Wilding, freight claim agent for the Canadian National Railways western region, and the appointment of A. S. Moffat to succeed him is announced by A. G. Gil-

mour, general freight claim agent for the western region.
Mr. Wilding began employment with the Canadian National Railways 34 years ago as an investigator in the freight claim department, Winnipeg, he held various positions in the department until July 1943 when he was appointed District freight claim agent, Vancouver. In February, 1945, Mr. Wilding returned to Winnipeg as freight

Mr. Moffat, with the rail since August, 1946, was later, travelling freight claim agent, assistant chief clerk, chief clerk, Winnipeg and more district freight claim agent, Vancouver in February, which position he held until present appointment.

ENGLISH ART AUCTIONS

Auctioning of art objects in England dates from the 17th century.

No Markets - No Pay-cheques

As British Columbians, our ability to produce fishery products far exceeds Canada's volume of consumption. Our dependence on export markets is, therefore, very real.

Under our system of free enterprise on this North American continent, a higher standard of living is enjoyed by more people than anywhere else in the world, whether under the same or any other economic system.

The maintenance of this living standard is aided by our continual efforts to produce quality products at costs which will admit them to all competitive markets.

All-Girl Jazz Band First in Australia

MELBOURNE (CP)—Australia's first all-girl jazz band is billed as the "Nine Off Beats," led by dark-haired Molly Byron, who sings hot blues, sweet, swing or boogie, besides acting as stand-in for bass and drums. The girls certainly scorn carn, and play in ultra-modern style. During the war Molly had a 12-man jazz band playing in United States army camps in Victoria. An American film executive heard her sing and persuaded her to record a few numbers which he took back to the United States. The result was that last year Bing Crosby's brother, Larry, cabled offering her a contract. But, Molly turned it down because she wants to stay in Australia and "produce something that is tops in Australian dance-bands."

Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "I want to see him badly."
2. What is the correct pronunciation of "abuse" (verb and noun)?
3. Which one of these words is misspelled? Lieutenant, lieutenant, luminary.
4. What does the word "illusion" mean?
5. What is a word beginning with pl that means "delight"?

Answers

1. Say, "I want to see him very much." 2. Pronounce the verb a-buz, the noun a-bus, u as in cube. 3. Lieutenant. 4. An unreal or misleading image presented to the vision. "Psychologists recognize normal illusions, which are often not distinguishable from hallucinations." 5. Pleasure.

AMATEUR NIGHT PLANS PROCEED

Executive of Kinsmen Club Considers Various Matters

At a special meeting of the Kinsmen Club executive, Armine Boas, chairman of the amateur night committee, presented a progress report. Applications have started to flow in and there is every indication that, by making this year's show a youngster and youth night, there will be more and keener competition than last year. As well as those competing for prizes, there will be a number of items to ensure variety in the show.

S. A. Cheeseman of the Borden Street school staff will be guest speaker at the next general meeting of the Kinsmen. W. F. Manning, club historian, will also address the gathering and B. E. Eycliffson will illustrate some of the beauties and interests of this area with a showing of colored film taken by himself.

Alex Baillie, who expects to leave shortly to take up residence in Prince George, relinquished his position as editor of "The Kinsman" last week. R. G. Moore and W. F. Manning are

pinch-hitting in the editorial department until another editor is appointed.

During yesterday's meeting President R. G. Moore indicated that plans for kiddies' Christmas treat were developing very well. It will be a movie party with two eleven-minute pictures of pure entertainment and one twenty-two-minute film depicting an interesting phase of Canadian life.

Mr. and Mrs. Peter Krook of Seattle arrived in the city Monday evening on the Princess Adelaide to be present at the funeral of Mr. Krook's father, the late Michael Krook, Prince Rupert pioneer, who died on Friday.

FOR PRINCESS ELIZABETH—The beautiful mink Canadians have presented as a wedding gift to Princess Elizabeth is shown on a mannequin as designer John Kastner's final inspection. Ninety-one pelts were used. Because the design is still secret, only the back is permitted to be seen.

Thompson returned from Vancouver where he had last week on account of the death of his mother. He is travelling re-arranged Imperial Oil Co. formerly with the local staff, arrived in the city last night on business. He is returning to Vancouver.

K. F. Harding, manager of the Prince Rupert Fishermen's Co-operative, returned to the city Monday on the Princess Adelaide from a business trip to Vancouver and Ottawa.

Showing of new local moving pictures will comprise the program at the weekly luncheon of the Prince Rupert Gyró Club, arranged by Dr. R. G. Large.

HALLOWE'EN ACCOUNT IS NOW CLOSED

Final payments on damages done in the city during Prince Rupert's wild Halloween night on October 31, 1946, has been collected and the account totalling \$807, assessed against 24 juveniles, is closed, Police Sgt. L. A. N. Potterton said today.

Following an intensive investigation by Detective Corporal A. T. Lashmar and city constables last November, the group of 24 admitted to doing damage totalling \$807. Total damage done during the night exceeded \$1,000.

On December 14, 1946, the group was brought up in juvenile court and given suspended sentence of 11 months in which to make good the various sums for which each admitted responsibility. Final payments were made last week.

One payment came from a youth now on Vancouver Island who made only a small payment during the year. Threat of having a warrant served against him brought immediate payment.

Procedure of making the youths responsible for property damage was a factor in curbing vandalism on Halloween this year, Sgt. Potterton believes.

HOOP TALK

The opening game on tonight's basketball card will bring together the powerful 65 Taxi hoopsters and Stones. This should be an interesting game to watch as neither team has yet lost this season.

In the Ladies' League, High School makes its debut against Peoples Store. It is the Girl Students' first appearance and it's hard to say what the outcome will be.

Fashion Footwear and Merchants tangle in Intermediate League. This one should be a real thriller, with the shoemen having a slight edge over the storemen.

The Fishermen and Hotelmen clash in the Senior fixture. Cop will be out there trying to stop Savoys winning streak. The Fish Handlers will be without the services of Lindsay but they are fortunate in having the new rookie centre Boa Gill to take his place.

SHORT SPORT

Canada should win the 1948 Winter Olympic hockey title at Switzerland "without too much trouble" and clinch its games five or ten minutes after the opening whistle, says Percy Nicklin of Port Frances, Ont., general manager of London Haringay Arena. Percy should know. Coach of Great Britain's 1936 championship team, he has studied European style of play for 15 years. "As far as I can see it, Canada starts with two advantages—the power to play and the body-check," he said in an interview after putting Britain's probabilities through their paces at Haringay. "These alone are enough to win."

The "Nicklin strategy" for Canada would be to send up five men immediately the game starts. "Canada should get three or four goals in ten minutes with these tactics and the game is won there. The Europeans don't know what to do with this type of play. They become confused and also suspicious. They'll

LINK WITH OLD TIMES GONE One of the last links with the old-time boxing booths has been severed by death of 84-year-old travelling showman Jack Scarrott, who collapsed on a fair ground at Caldwell, Monmouthshire, before the First World War he employed in his booth such greats as Jimmy Wilde and Jim Driscoll.

Enjoy Extra Shaving Speed and Convenience with a Gillette ONE-PIECE RAZOR

PACIFIC COAST SALMON PACK

Canned salmon pack on the B.C. coast this season was 1,484,318 cases, an increase of 150,000 cases over the 1946 season, according to the latest bulletin issued by the chief supervisor of fisheries, Vancouver.

Comparison of this year's pack with the last five years shows the following:

- 1947—1,414,318.
- 1946—1,331,832.
- 1945—1,729,897.
- 1944—1,094,855.
- 1943—1,210,608.
- 1942—1,752,314.

Heaviest pack this year was pinks, which totalled 598,167 cases, followed by chums, 442,383 cases, and sockeye, 285,811 cases. In 1946 there were 542,839 cases of sockeye and 561,185 cases of chums packed on the coast. The pink pack last year was 116,411 cases.

TO MAKE HOME IN LADYSMITH

Mr. and Mrs. John Clavring Going into Business in Vancouver Island Town

After residing in Prince Rupert for seventeen years, Mr. and Mrs. John Clavring sailed last night on the Princess Adelaide for Ladysmith, Vancouver Island, to take up future residence. They have purchased a grocery store and confectionery business in the Island town where their son now lives. They have sold their home on Borden Street to Martin Berg.

Last Tuesday evening well-wishing friends of Mr. and Mrs. Clavring organized a farewell surprise party in their honor and the presentation was made by Peter Lien, on behalf of the company assembled, of a beautiful China table decoration to Mrs. Clavring while Mr. Clavring received a pipe.

NATIVE CHILD PASSES AWAY

Patricia Clayton, five-month old daughter of Mr. and Mrs. Peter Clayton, of Kincolth, died at Miller Bay Hospital Sunday evening. The parents are at present living at Port Edward.

The actual marriage ceremony. There will be news reels taken immediately following. Commentaries will be broadcasted throughout the world. In the Abbey itself, 21 microphones are to be set up.

SHIPS AND WATERFRONT

Capt. and Mrs. W. F. Robertson sailed Monday afternoon on the Princess Louise for a three weeks' holiday trip to Vancouver following the closing of the operating season of the government snag boat Essington of which Capt. Robertson is skipper. Cold weather has closed off the small streams which feed the Estclair River where the Essington has been clearing channel, making the vessel unable to obtain boiler water.

Completing her final voyage of the season on the Alaska route, C.P.R. steamer Princess Louise, Capt. P. L. Leslie, arrived in port at 4 o'clock yesterday afternoon from Skagway and other northern points, sailing two hours later for Vancouver. The vessel had on board a large list of passengers consisting largely of Yukoners and Alaskans going south for the winter.

Delayed by extra freights for waypoints, C. P. R. steamer Princess Adelaide did not arrive in port until 10:30 last night from Vancouver and Ocean Falls. She sailed early this morning on her return south.

Herring fishing in British Columbia, which has been centred on the west coast of Vancouver Island, saw little activity prac-

tically all of last week. This was chiefly due to the continued rough and inclement weather. It was largely a succession of gales and rain.

Chum salmon fishing in British Columbia waters continues good, according to late reports. This, it is estimated, will be one of the best seasons recorded in years so far as the species is concerned. But most of the 700,000 fish did not stay in B.C. The catch went to the United States.

There will be an appeal from the six months suspension of Capt. Craddock's masters' certificate. This statement has been made by C. L. McAlpine K.C., representing the officers of the vessel Gulf Stream, wrecked last month at Dinner Rock near Powell River. Five lives were lost.

LONDON, (P)—British school children will be given a holiday for the Royal Wedding November 20, but because of Britain's industrial position a national holiday will not be declared.

Pr. Rupert Payroll \$2,800,000 1946; Average Earnings \$1,042

How many wage earners are there in Prince Rupert and what do they earn? How many industries make it possible for them to live? What is their gross income and their average? An idea of this situation has been obtained from a survey by the Daily News.

While the figures obtained can only be general, they are based on official surveys for 1946 and will serve to answer the question of how much the word "payroll" means to this city.

Figures for 1947, even for a portion of the year, are so far unobtainable but it is believed that this year's figures, when they are finally compiled, will be somewhat less than those of 1946, because there has been less activity here this year.

As it was pointed out to an interviewer, there has been less activity here in seasonal work because the vast amount of demolition of military buildings carried on last year, which employed hundreds of men, has ended, and War Assets Corporation, which also employed several hundred, is now practically defunct.

However, there have been some compensating factors, even though they were true to the cynical definition of the word, and did not quite compensate. These have been the construction of a couple of large buildings in the downtown area and the start of work on the celanese plant at Port Edward. Although the latter is only a drop in the bucket so far, it holds the promise of a large payroll in the future.

Total payroll for Prince Rupert last year, based on a com-

prehensive survey, was \$2,802,912, which meant that employees in the city shared \$233,742 every month.

WORKING POPULATION ESTIMATED AT 2700
How many people shared it? Well, the working population has been estimated at 2,700 which would bring the average earnings to \$1,042 per person. Since this includes all types of occupations, seasonal and permanent, it naturally follows that many wage earners received considerably more than the average, while seasonal workers received less.

These figures include Port Edward and Dodge Cove, as well as Prince Rupert proper.

How many industries, and what types were responsible for this income? Fishing, of course, created a large number of jobs which reached peak volume during the summer months. Three large plants and eleven smaller ones provide employment for more than 400 workers during the rush season while probably a similar number or more work on vessels out of this port.

Canadian National Railways, in all branches, account for about 800 in the Smithers division, most of them having residence in Prince Rupert.

Boat shops employ more than 100, between 60 and 70 working at the Prince Rupert dry dock which during the war employed upwards of 2,000.

The construction industry varies greatly in the number of men employed, but last year it was highly active, mainly in the demolition of military buildings. At that time there were several hundred men employed, whereas this year there are considerably less.

Smaller industries, shops, government offices and the city make up the balance of the 2,700.

While Prince Rupert's payroll of \$233,742 a month is only a fraction of the \$4,000,000 a month that was paid out to workers in the city in 1943, it nevertheless is substantial and is the basis on which all citizens hope a much larger amount will be built up on new indus-

ARCHIBALD ON NEW TARIFFS

Satisfaction, with a few exceptions, at the new tariff arrangements between Canada and the United States was expressed yesterday by H. G. Archibald, M.P. for Skeena. Mr. Archibald admitted that, of necessity, there must be bargaining but, by and large, he apparently, felt that a reasonable bargain had been made.

"Basically," commented the C. F. F. member, "the tariff arrangements with the United States seem to have been designed to give the farmer a break."

While the reduction in the United States tariff on halibut and salmon will result in some benefit for the fisheries of this coast, Mr. Archibald noted that codfish was an exception from this concession which meant that there would be no relief for the already languishing Nova Scotia fishery. Meanwhile the United States fishing fleet could go on cleaning out the Grand Banks.

The increase in the quota of

seed potatoes from Canada to the United States should be helpful to such areas as New Brunswick where potatoes were today constituting a glut.

Wiping out of the 50c per ton duty on anthracite coal and the cut in the tariff on bituminous coal from 75c to 50c, constituting a heavy item, would not tend to the use or further development of Canada's great coal reserve, Mr. Archibald felt.

The new tariff, Mr. Archibald felt, should have a tendency to reduce prices on certain necessary household appliances.

"It also looks like an opportunity for the development of the manufacture of more finished products in Canada," he remarked.

FAMILY GOING TO SCOTLAND

A four-noun visit to his native Scotland is in store for William Anderson, well known Prince Rupert fisherman, and his family, who left on last night's train for Toronto, where they plan to spend a short visit prior to sailing overseas on the Queen Mary. The family—Mr. and Mrs. Anderson and their two sons, William and Robert—will sail from New York on November 26 and will remain in Scotland until next March 30 when they will return on the Queen Elizabeth.

EYESIGHT FOR CHRISTMAS

With the blessing of Mayor Nora Arnold and W. G. Sheardown, of the citizens' committee on the Pioneers' Home, Mrs. Ross Richardson is commencing a campaign to raise funds which may bring an invaluable Christmas gift to Thomas Meillas, one of the inmates of the Pioneers' Home. If sufficient funds can be raised at once, it may be possible to send Mr. Meillas to Vancouver for consultation with optical specialists and surgery which may result in the restoration of his sight.

agreed that the elderly gentleman, if he could get to Vancouver, might be able to have his sight at least partially restored.

The funds are needed to finance the trip to Vancouver and the patient's lodgings while there. Free treatment is available from the clinic of the Canadian Institute for the Blind.

"I have discussed the case with the mayor, together with your offer to raise the necessary funds to afford him treatment without expense to the city, and in view of the circumstances, we feel your object to be a worthy one and wish you every success in your venture."

The Daily News has agreed to receive subscriptions for the fund.

B.C.'S 'BILL 39'

... A LABOR LAW THAT PROTECTS LABOR'S INTERESTS

LUMBER WORKERS, FISHERIES EMPLOYEES AND MANY OTHER UNION GROUPS HAVE NEGOTIATED GOOD AGREEMENTS WITHOUT TROUBLE UNDER THE I.C.A. ACT (1947).

"An Act respecting the Right of Employees to organize, and providing for Mediation, Conciliation and Arbitration of Industrial Disputes."

Remember that official description of the Industrial Conciliation and Arbitration Act (1947) — commonly known as Bill 39—when certain people raise a row about the legislation without saying just why they are against it.

The Act DOES safeguard the right of employees to organize. Its basic purpose is to assist organized labor in its legitimate aim.

A few union leaders have defied the law because they don't like the penalties against law-breakers and are afraid of the secret ballot under government supervision which it provides to protect employee groups against being called out on strike without a fair chance to express their views.

Nearly all unions respect the law and get along well. Forty thousand lumber workers, thousands in fisheries and other industrial groups have been working in B.C. this year under agreements negotiated under 'Bill 39'.

But a few leaders carry on the fight against democratic provision for a government-supervised pre-strike vote.

WHY SHOULD ANYONE OPPOSE THE SECRET BALLOT?

COMMITTEE FOR INDUSTRIAL PROGRESS

(Representing industrial and commercial organizations in B.C. having a stake in industrial peace and progress along with the 215,000 men and women on their payrolls.)

Note: "Bill 39" is not perfect legislation. No one claims it is. Where necessary it can be improved by orderly and democratic action in the Legislature. The public approves its basic provisions.
