Army Session As Council Approves Bus Franchise

Veteran Withdraws Application— Another Meeting To Be Held

Whether or not city council's troublesome bus franchise bylaw will be presented to the ratepayers on December 11 hangs in the balance today after a special session of council last night which concluded with a member of Veterans' Stage Lines group ostensibly favored by council—offering to withdraw its application.

Mr. H. Murray, partner of V. Smith in Veterans' Stage Lines, in whose favor a franchise agreement was drawn several weeks ago, charged after tonight's session that he was not the voters know he was not to give us a franchise or not.

Mayor Arnold replied: "I don't think you were misinformed. Quite a few of you spoke against the agreement, then voted for it."

Alderman McKay recalled that the council had gone over the agreement "paragraph by paragraph and voted for it."

"It's getting so no one will do business with us unless everything is signed on the dotted line," he said.

Alderman Casey said that he was willing to support a "resolution asking the opinion of the people regarding a franchise," but reiterated his opinion that "the time is not right for granting a franchise."

"I contend that if you award a franchise at this time, you are going to tie the hands of the city when it comes time to deal with the Celanese Corporation," he asserted.

Alderman Rudderham, veteran opponent of franchises and champion of public ownership, declared he was in favor of putting the matter to the people in the form of "are you in favor of public ownership or of granting a franchise to some particular concern?"

At this point, Mayor Arnold declared that she believed Alderman Ham's motion (asking that the agreement be rescinded) was out of order and asked that he withdraw it. Alderman Ham withdrew it with permission of Alderman Brooksbank, the second.

The aldermen then embarked on a discussion as to whether or not the holding of a referendum, in addition to the plebiscite, would confuse the people.

Alderman Youngs arose and declared that, although he is connected with Arrow Bus Lines, present operating line in the city, he "had no financial gains to make" if Arrow received a franchise.

"I am definitely in accord with putting the question to the people in its present form (do you favor granting a franchise to Veterans' Stage Lines?) Alderman Youngs said, but I am also in favor of holding a referendum "Do you favor granting a franchise to anyone?"

PRO-GERMAN REXISTS NUMBERED FOR DEATH IN BELGIUM—Seated in the prisoners' dock during their trial by the Belgian war council are members of the group of 71 pro-German Rexistists, tried for the murder of 27 innocent persons at Courcelles, Belgium, on August 18, 1944. Twenty-seven of the Rexistists paid the price for the crime when they were shot by firing squads at Charleroi recently. The tribunal found 40 guilty and their sentences were confirmed by Brussels military court. The remainder of the group is now awaiting the finale.

WHAT IS A REFERENDUM?

What is the difference between a referendum and a plebiscite, in the application to the matter of granting a bus franchise?

The distinction, according to its explanation in city council last night, is this: A referendum is an expression of opinion by the people, and can be voted on by all voters. The proposed referendum is this:

"Shall the city award a franchise to anyone?"

A referendum, under the Municipal Elections Act, can be held only on the designated election day. The plebiscite, which can be voted on only by property owners, will ask this question, if council goes through with it, will be worded this way:

"Shall the bylaw—entitled a bylaw to conform granting of a franchise to William H. Murray and Carl V. Smith—be confirmed?"

MICHAEL TO BE MARRIED

Princess Anne of Bourbon May Be Bride of Romanian King

COPENHAGEN—A well-informed source, close to the Danish Royal Family, said today that the engagement of King Michael of Romania and the French-Danish Princess Anne of Bourbon-Para probably would be announced within a month. They are now in Lausanne, Switzerland, after attending the recent marriage in London of Princess Elizabeth and Prince Philip.

Manslaughter Case After Fatal Fire

PHILADELPHIA—Detectives said yesterday that Stanley Druist, 57-year-old shop forman, has been charged with manslaughter by fire in connection with a blaze that swept through a dormitory for homeless men here yesterday, bringing death to six and injury to seventeen others. Druist, police said, had been smoking on the first floor of the building.

Sgt. A. T. Lashmar, who recently received promotion to that rank in the provincial police force, returned to the city Monday night on the Princess Louise. He plans to leave early next week for Courtenay to which point he has been transferred. He will be in charge of the police district with headquarters at the Vancouver Island town.

Rt. Rev. James B. Gibson, Bishop of Caledonia, returned to the city on the Princess Louise Monday night from a trip to Ocean Falls on ecclesiastical business.

LAKE SUCCESS—Secretary-General Trygve Lie said today that he planned to visit Palestine and at the same time announced the appointment of Ralph J. Bunche, United Nations trusteeship expert, as the principal secretary to the five-nation commission which will supervise the partitioning of the Holy Land.

Meanwhile Jerusalem dispatches report that Arabs and Jews are continuing to fight with guns, grenades, knives and fire today in no-man's land between Tel Aviv and Jaffa and the number killed in riots since dawn yesterday over the partition of Palestine was unofficially reported to be twenty.

Jersusalem is relatively quiet although smoke is still rising from fires kindled yesterday by the Arabs in starting a three-day strike throughout Palestine in protest against the United Nations decision to carve up the Holy Land.

Associated Press's unofficial count showed that twelve Jews and eight Arabs were killed although officially listed casualties show but eight Jews and five Arabs were slain.

DOUKS SENTENCED
NELSON—Sequel to fanatical fire raids which ripped the West Kootenay Valley earlier this year was enacted in Supreme Court today when twenty-one Doukhobor men and eleven women received prison terms totalling 245 years on charges of riotous burning and arson. The stiffest term was given Alex Pankoff, middle-aged man, who was sentenced to twelve years.

DEATH WAS NATURAL
VANCOUVER—Phyllis Langton, aged 40, whose nearly nude body was discovered today in the bottle-strewn room of a waterfront hotel amid circumstances indicative of death by violence, died of "natural causes," the police said tonight. The police believe she had been dead since late Saturday and marks found on the body were the result of natural decomposition. An autopsy is to be conducted tomorrow.

DOLLAR TAKES SLUMP
NEW YORK—The Canadian dollar slipped to 83¢ here today, the lowest point since 1943.

SIAMESE TWINS
INDIANAPOLIS—Siamese twin boys, born here, are not expected to survive. They are joined at the top of the skulls.

SPECIAL GUARDS AT CHAMBER

PARIS—Five thousand steel-helmeted police and mobile guards were stationed around the chamber of the National Assembly today while that body continued to debate on the government's five-section strike control bill, two sections of which were newly approved.

Official reports that saboteurs caused a fatal train wreck on the Paris-Lille line sped endorsement by deputies of the first two sections dealing with sabotage and agitators.

SERVICE IS SUSPENDED

Owing to increasingly high operating costs of the fleet, especially of northern steamers where large mileage is covered with consequently heavy consumption of fuel oil, Union Steamships Ltd. announces that it has become imperative to curtail the service for at least a part of the winter period and, accordingly, the steamer Camosun, after this week, will be withdrawn for a time from the Vancouver-Prince Rupert-Alaska run. It is emphasized that the withdrawal is merely of a temporary nature and the expectation is that the service will resume early in the spring.

Meanwhile the steamer Coquitlam remains on the Vancouver-Prince Rupert-Alaska-Stewart route and the steamer Catala on the Vancouver-Ocean Falls-Prince Rupert route. The Camosun will be making her final voyage, arriving here Friday morning of this week from Vancouver, sailing that afternoon for Ketchikan, Petersburg and Wrangell and returning here Sunday afternoon enroute back to Vancouver.

Arnold Flaten, manager of the Royal Bank of Canada, underwent an operation in the Prince Rupert General Hospital this morning, following which his condition was reported favorable.

United States Declares Parley Is Russ Forum

NO BASIS FOR POLICY ON GERMAN APPEARS EVIDENT NOW

LONDON (CP)—The four-power foreign ministers' council neared today the end of debate on the preparation of the German peace treaty with agreement on critical issues no nearer than it was eight days ago when discussions opened. Some members of the American delegation expressed opinion that at this stage the conference has demonstrated only two things:

1. The inability of Russia and the western powers to discover any basis for a "come on" future for Germany at this time.
2. Determination of Foreign Minister Molotov of Russia to use the meeting as a forum for Russian political appeals to the German people.

Molotov today proposed a two-month hoist in consideration of the German peace treaty but later withdrew the proposal.

CALLS UPON WAR VETERANS

President of C.N.R. Appeals For High-Minded Public Service

TORONTO—A call to war veterans employed by the Canadian National Railways to dedicate themselves to service of the public in the same high-minded way that prompted them to lay aside all other considerations during the years of war was sounded by R. C. Vaughan, C.M.G., chairman and president of the Canadian National system, in an address here last night, before more than 1,000 members of the Canadian National War Veterans Association. Mr. Vaughan was elected honorary president of the association, the largest independent group of service veterans in Canada with a membership from coast to coast.

"Progress," said the C.N.R. president, "can only be attained through service and the highest type of service in that which is dedicated to the public good. Never in the history of the railways has it been as necessary as now that there should be such an awareness within and without our industry. We have never been so indispensable to our nation's welfare. Never have we had more obligations to meet. Never have we had a harder time to meet them. Economic forces beyond our control seem to be working constantly to our disadvantage and, although management has used every precaution, applied ingenuity to the best of its ability and has sought all means to win, the battle, so far, has been a losing one."

Mr. Howel, a guest at the Vancouver Hotel, came from Newcastle, Staffordshire, England. Police said the man's watch stopped at 12:15 a.m., indicating the approximate time of the tragedy.

SAWLOG SCALE IS ABOVE LAST YEAR

Sawlog scale in the Prince Rupert forestry district in November was 26,268,958 board feet, an increase of 5,000,000 board feet over production for November, 1946, according to the monthly report of District Forester J. E. Mathieson, issued today.

Production for the first 11 months of this year is 232,863,231 board feet, an increase of more than 75,000,000 board feet over the same period of last year.

ARMS FOR EGYPTIANS

Demonstrations Against Partition Spread to Cairo

CAIRO—Thousands of Egyptians, demonstrating yesterday against the impending partition of Palestine, were promised "an abundance of arms" by Abdel Rahman Azzam Pasha, secretary-general of the Arab League of seven Middle East nations.

Demonstrators, some of whom smashed windows of foreign-owned shops, stoned Egyptian-owned night clubs and wrecked posters advertising foreign movies. "We want war! We want arms! We want revolution!" the demonstrators cried.

FREIGHTER IS ASHORE

VICTORIA—The tug Salvage Chieftain was expected early today to reach the British freighter Sedgemoor which went aground in the Gulf of Georgia late yesterday on jagged rocks at the north end of Provost Island, 20 miles north of here.

The 5,552-ton freighter was carrying a lumber cargo and was bound from Crofton, Vancouver Island, to Vancouver.

COUPLE DROWN IN VANCOUVER

VANCOUVER—Two persons identified as Selwyn Howel, age 60, an English visitor, and Mrs. Ethel Constance Youngson, 45, of North Vancouver were drowned early today when an automobile plunged over the North Vancouver ferry slip and into the waters of the harbor.

R. E. Bray of North Vancouver identified the woman as his daughter.

Police said the man's watch stopped at 12:15 a.m., indicating the approximate time of the tragedy.

There were only 17 cords of firewood cut last month in the district, as compared with 124 a year ago.

Last month's sawlog scale, by varieties, is as follows:
Fir—1,689,179.
Cedar—6,888,809.
Spruce—9,587,405.
Hemlock—5,754,620.
Balsam—1,259,983.
Jackpine—689,308.
Miscellaneous—399,644.

Would Make This Port

INTERESTING of a shipping concern of the magnitude and importance of the Blue Funnel Line, which plies the seven seas and for many years has been a dominating factor in world shipping and commerce, in the port of Prince Rupert would be an incident the great significance of which could hardly be over-estimated. For nearly forty years now, we have envisioned Prince Rupert as a great world shipping port. Entry of a shipping organization such as Blue Funnel here would undoubtedly, mark the culmination of that vision of utilization of this port, the strategic position of which has long been recognized and which the recent war emphasized.

Blue Funnel did much to pioneer world shipping through the port of Vancouver half a century and more ago, having been a steady user of that port throughout the years since except when such conditions as war's emergency and the current scarcity of shipping interrupted or curtailed it. What Blue Funnel did for Vancouver in the way of building up its world shipping would, undoubtedly, be repeated in Prince Rupert. Its organization would, of course, exercise the function of routing and developing cargoes.

The current credible information that Blue Funnel is on the point of acquiring the great warehouse and shipping facilities which the United States Army established here during the war and which are now in the hands of War Assets is momentous news and would constitute another of many major developments which during the past year have opened up a new perspective for the port of Prince Rupert and the whole contiguous territory tributary thereto.

KEEP MILITARY SECRETS

SOMETIMES former soldiers have the opinion that, once they are free of military service, it does not matter what they talk about. As a matter of fact the soldier is just as responsible after discharge as before.

Under the provisions of the Official Secrets Act of 1939 it is a criminal offence for soldiers and civilians to reveal anything of a military nature. It is unlawful to use any information prejudicial to the country as a whole. It is illegal to retain any military sketch, plan or document in his possession except under special circumstances. Even then, he is responsible for its safe keeping. Neither must he receive any secret information in contravention to the Official Secrets Act.

VALUE OF FORESTS

TODAY, as in ages past, the forests are of priceless value to the people of Canada. How true this is of British Columbia, and how accurately it fits Skeena and the mountains and valleys around Prince Rupert.

A United States periodical has the following eloquent tribute:

"In our first centuries, the forest meant almost everything to the settler. Besides shelter, it provided fuel for his home and industry. He ate its nuts and fruits and berries with no less relish than its abundant game. His swine and cattle foraged on its mast and undergrowth. His transportation was in wooden boats or on wooden wagons drawn along wooden roads and across wooden bridges. His land was so lavishly fenced with wood that by 1875 the value of fences in America exceeded the value of the fields. The land, when cleared, was fertilized with stump ash. Sarsaparilla and ginseng and black spruce beer filled the forest-man's medicine chest. His cordage, furniture and implements (from wooden harrows to wooden clocks) came, too, from the woods. He slept first in a log cradle and last in a plank coffin."

The foregoing, which applies to the States of the American Union is equally true of the provinces of Canada.

And the lessons to be drawn from each emphasizes again, the vital need of preservation. No natural resource, essential in so many different ways as wood is, can be said to be inexhaustible.

NEW GENERAL BANK MANAGER

Gordon Ball Succeeds B. C. Gardner, Now Executive Vice-President of B of M

MONTREAL—Appointment of Gordon R. Ball as general manager of the Bank of Montreal, succeeding B. C. Gardner, who becomes executive vice-president, was announced by George W. Spinney, president of the bank, following its annual meeting here Monday.

Long one of the bank's key executives, Mr. Ball, who has been head of the institution's important New York agency for the past three years is just past his fiftieth year, the new general manager of Canada's senior bank began his career 33 years ago as a junior at Perth, Ont.

Mr. Ball, who is a Torontonian by birth, was scarcely started in banking when, at 18, he enlisted as a private in the Canadian

Field Artillery. After a brief training period at Kingston, Ont., he was sent to England and early in 1916 he went to France as a reinforcement to the Third Battery C.F.A. First Division. As a signaller and later as an observer, he saw considerable active service. Twice wounded, he was awarded the Military Medal for bravery, and was discharged in November, 1919, with the rank of corporal. While in New York, Mr. Ball has always taken an active part in Canadian affairs there. He is first vice-president of the Canadian Society of New York, past governor of the Canadian Club of New York, and a member of the British Empire Chamber of Commerce in the United States.

HEADED C.B.A. His predecessor, Mr. Gardner—now executive vice-president of the bank—who has just completed a two-year term as president of the Canadian Bankers' Association, was once—like Mr. Ball—first agent at the bank's New York office. That was in 1934, following two years as second agent.

From New York he came to Montreal as an assistant general manager at the head office, a position he held until 1942, when he became the B of M's general manager. Two years later his responsibilities were

enlarged when he was made a director of the bank, with the title of vice-president and general manager.

Mr. Gardner, who was born in England, came to Canada in 1906 at the age of 22, after five years' experience with Stuckey's Banking Company Limited in Bristol, his native city. His early years in Canada were spent in British Columbia—then very much in the pioneering stage of

its development. His first managerial appointment came when he was 26—at Trail, B.C.

Mr. Gardner, also, has had a distinguished military career. It began at the outbreak of hostilities in 1914. Commissioned as a lieutenant in the Overseas Detachment of the 79th (Winnipeg) Regiment, Cameron Highlanders of Canada, he saw extensive service in France. Twice wounded, he won the Military Cross for conspicuous bravery in leading an attack at Avion. At the end of the war, Mr. Gardner held the rank of Major and was second in command of his unit.

To the newly created post of executive vice-president of the bank, Mr. Gardner brings outstanding experience in the various fields of the B of M's operations, including Newfoundland, as well as the United States and Canada, while his services in community matters have included active participation in the affairs of the Canadian Chamber of Commerce, of the executive committee of which he is a member, and in the activities of the Canadian Legion. He is a past president of the Sir Arthur Currie branch of the Legion, a life governor of the Montreal General Hospital, and a member of the board of governors of Ridley College, St. Catharines, Ont.

ON FARMERS
Editor,
Daily News—

May I say that this far-away reader found your editorial "The Farmer Does It All" packed with food for thought or as one of the columnists puts it, "mental vitamins."

To me there is something classical and fundamental in the conclusion that "The sun and wind, rain and snow are his friends and enemies at the same time, and he has to know how to utilize them to his advantage. Chemist, veterinarian, mechanic, electrician, agronomist, meteorologist rolled up in one. That's the modern farmer."

However, there is another side to the above rural picture and it cannot be successfully denied that the farmer works too hard and for too many hours each day, that being—as you indicate—literally forced to be "jack of all trades," inescapably he spreads himself thin across so many fields of knowledge and, as a result, it is natural that he has a minimum of leisure at the end of the day? One of the philosophers warns us about "dissipating our strength on a miscellany of objects." In my judgment this lack of requisite "leisure" is one of the basic ills affecting the agricultural economy? In other words, the farmer needs more time in which to effectively organize his business—to the social end that he (and

Do you wince at every price tag?
Do you worry about making ends meet?

No wonder! For the cost of living has increased tremendously.

But prices would be even higher if it wasn't for the fact that millions of dollars invested and saved by Canadians do not compete with other dollars to buy consumer goods that are still scarce.

The 250 million dollars placed each year in life insurance do not compete for scarce consumer goods, and in this way are helping to stabilize Canada's economy.

By saving now, by keeping your life insurance in force and by adding new life insurance, you are helping to hold prices down and are providing future purchasing power for yourself and your family.

- Dusty bulbs and shades reduce light considerably.
- A flared shade provides far more reading light than a straight, narrow one.
- White or pastel shade linings afford more light than dark-coloured materials.
- Light should be placed so that everyone is served to the best advantage.
- There should be no dark shadows or corners in rooms where people read.
- An unshaded lamp causes glare, reducing ability to see or read properly.
- Bulbs of adequate strength should be used in all sockets.
- Light should fall over opposite shoulder to writing side.

DAILY NEWS HAS 'FAMILY PARTY'

Company President and Managing Director H. G. Perry was host last night at a Prince Rupert Daily News staff dinner with upwards of thirty persons gathering for the entirely delightful affair. After a splendid dinner, there were a few brief speeches, appropriate to the occasion, and community singing and dancing rounded off the happy "family" party. Andy McNaughton provided music for the evening.

ECONOMIZING ON DAINTIES

—Many a Christmas dainty this year is climbing the cost-of-living ladder, and if mother is budget-wise she'll step into the festive season with a lot of home-made food on hand.

Such fruit-cake ingredients as currants, seedless raisins, she may find hard to get, but if she has a supply on hand here is a recipe for Old-Fashioned Fruit Cake, guaranteed to bring good results:

Ingredients: One cup butter, 1 cup brown sugar, 2 cups flour, 3 eggs, 1 pound raisins, 1 pound currants, ½ teaspoon soda, ½ teaspoon cream of tartar; ¼ pound mixed peel, 1 tablespoon cinnamon, 1 nutmeg.

If she would have her holiday food list complete it's time now too for the housewife to make up a supply of mince-meat.

Fruit Mince-meat: Two pounds suet (finely ground), 8 pounds apples, 3 pounds brown sugar, 4 pounds raisins (or 2 pounds raisins and 2 pounds currants, 1½ pounds mixed peel, grated rind and juice of 3 oranges and 3 lemons. Mix sugar and spices—½ tablespoon mace, 1 tablespoon nutmeg, 1 tablespoon cin-

namon, ¾ tablespoon salt. Mince-meat is good for pie but home economists also suggest it makes delicious cookies.

Mince-meat Cookies: Ingredients—One-half cup butter or mid-flavored fat, 1 cup sugar, 1 teaspoon vanilla, 2 cups mince-meat, ¾ cups sifted all-purpose flour, 1 teaspoon baking powder, 1 teaspoon baking soda, ½ teaspoon salt, 1 teaspoon allspice.

Cream fat, add sugar gradually, continuing to cream. Beat eggs and add, beating until the mixture is light and fluffy. Add vanilla and mince-meat. Mix and sift dry ingredients and add, combining thoroughly. Drop by teaspoonfuls on a greased baking sheet and bake in a moderately hot oven (375 degrees F.), 15 to 20 minutes. This makes about five dozen cookies.

DRESSING-UP PLAIN DESERTS—Plain jelly, blanc mange or snow pudding may be turned into a special Christmas dessert if topped with Holly Sauce.

Ingredients: Two tablespoons sugar, 1 teaspoon cornstarch, pinch of salt, 2 egg yolks or 1 whole egg, ½ teaspoon vanilla, 1½ cups milk, ½ cup maraschino cherries, coarsely chopped.

Mix sugar, cornstarch, salt and milk (1 cup), and heat in double boiler. Beat egg yolks slightly with remaining milk. Add slowly to hot milk, stirring constantly. Cook until mixture is thick and will coat a spoon (about 10 minutes). Remove from heat, add flavoring and cherries. Six servings.

Modern Etiquette

By ROBERTA LEE

Q. Is it proper to fasten signs on the backs of wedding automobiles?

A. No; only vulgarians indulge cheap displays. The wedding ceremony is a sacred one, and these tricks are very much out of place.

Q. When there is no one presiding over the punch bowl at

a party, should a girl serve escort and herself?

A. No; the man should serve her, then himself.

Q. May one take a guest to be visiting one to a week-party?

A. Yes, if the permission the hostess is first secured.

Reminiscences By W.J. and Reflections

Local folks, year and year ago, loved to talk about what they called the gateway to the Orient, meaning Prince Rupert. It was a cheerful, "fruity" sort of subject. When anyone felt the shades of doubt or discouragement coming on, out would come the good old "trade with the Orient." It would be yanked from where it lay, doiled up and debated until we saw Dixon Entrance almost swarming with proud liners. Somehow it made the community feel better. This kept up until hope began to fade, and then it became bad form to even think of the matter, let alone mention it. However, the first 40 years being the hardest and now happily past, the dreams of the pioneers may be realized. There are signs.

TEACHERS DINE SCHOOL BOARD

Get-Together Last Night Was Much Enjoyed

School trustees, the secretary-treasurer of the school board, Mrs. M. M. Roper, and the school inspector, E. E. Hyndman, were last night the guests of the Prince Rupert Teachers' Association at an informal banquet in the cafeteria of the Civic Centre. President of the association, J. S. Wilson, was in the chair and welcomed the members of the Board and the wives or husbands of teachers and Board members. Dr. R. G. Large, chairman of the school board, replied, on behalf of the guests, thanking the teachers for their hospitality.

Later, moving pictures of the city and surrounding areas, filmed by Dr. Large, were shown and were viewed with much interest and enthusiasm.

PRINCE RUPERT YEARS AGO

(December 2, 1922)

Landings of fish at Prince Rupert during November, according to official figures compiled by the local office of the Dominion fisheries department, were as follows: cod, 56,000 pounds; halibut, 2, 294,400 pounds; salmon, 400 pounds; crabs, 400 pounds.

Mayor H. B. Rochester sent letters to City Treasurer W. D. Vance; City Clerk E. A. Woods; superintendent of utilities T. C. Duncan and City Solicitor T. B. Hooper saying that he planned to submit a scheme for the reorganization of their departments in the interests of economy, and if the measure was approved, the letters could be considered notice of dismissal.

Canon W. F. Rushbrook left on the Prince George for Alice Arm to hold church services. The mission launch Northern Cross was in dry dock at the time undergoing annual overhaul.

(December 3, 1912)

A mail car was shortly to be added to the G.T.P. train to give service to the Skeena River settlements. The car was on its way west, railroad officials announced.

A sewer bylaw presented by the city council to the voters was defeated by a vote of 282 to 147.

Mr. and Mrs. George Little of Terrace were guests at the G.T.P. Inn.

David Reid, wing halfback with Glasgow Perthshire football club, has caught the eye of many big-league coaches but after agreeing he's just the man they're looking for, they shake their heads and turn him down. David wears glasses when playing and senior clubs won't take a chance on him.

Matt Busby, Manchester United soccer club manager and former Scottish international halfback, will manage Great Britain's Olympic games team next summer. Twenty-two countries have entered for the soccer tournament. First round will be played July 31, second round August 2 and third August 5. Semi-finals will be held August 10-

11, and the final two days later at Wembley Stadium, scene of the games.

All possible training facilities will be given Britain's Olympic track and field possibilities in county athletic parks. Use of the parks was made after the British Amateur Association told local government officials the normal cost of Olympic training was a big financial burden on the athletes.

Col. William Parkinson, 70, chairman of Blackpool football club, died suddenly after a recent Blackpool-Sheffield United game. He had travelled thousands of miles in search of players for the club, for whom he played 40 year ago when it was known as Blackpool South Shore.

Basketball— Co-op Defeats Brownwoods

Brownwoods 45, Co-op 50.
Merchants 29, Fashion Footwear 22.
Peoples Store 14, Sweet Sixteen 7.
65 Cabs 22, Gyros 20.

Co-op tightened their hold on first place by defeating the Brownwoods 50 to 45 in a rough and tumble game of Senior basketball last night. At no time was the issue in doubt although in the last quarter, Brownwoods made a final effort to overcome the lead.

Comadina and Calderone dished out 44 personals—22 against each squad. The only highlight of the game was when Slim Haugan of the Co-ops sank a basket by shooting it backwards over his head.

Merchants defeated Fashion Footwear 29 to 22 in their Intermediate game. It was a fast-moving affair with the shoemen still having tough luck on their shooting. "Baldy" Teng of the shoe squad brought the crowd to their feet when he sank a couple of long shots. "Whitey" Internella chased a loose ball the full of the floor, picked it up and sank it for two points.

Peoples Store doubled the score on Sweet Sixteen, defeating them 14-7. McLeod of Peoples squad picked up 8 points for herself.

65 Cabs were lucky in their win over Gyros in a Junior game thriller. It was anybody's game right up to the last whistle. This game was possibly the best of the evening.

MOVIES TACKLE RACE PROBLEM

By JOHN D. HAMILTON
Canadian Press Staff Writer

NEW YORK — Hard-hitting movies which say what they mean on anti-semitism are the latest trend in Hollywood.

With "Crossfire," "Body and Soul" and Gentleman's Agreement" already showing, Canadians will be watching for the movie treatment of Gwethalyn Graham's best-selling novel, "Earth and High Heaven."

"Earth and High Heaven," handling the ticklish love affair of a Montreal Jew in love with a society girl, was sold to Hollywood before "Gentleman's Agreement" but has been held up for about two years. However, reviews of "Gentleman's Agreement" are so favorable that the Canadian novel may soon be coming up.

In many ways, "Earth and High Heaven" is cut out of the same bolt of cloth as "Gentleman's Agreement." Both deal with successful society people and both are slick treatments of the "Jewish question" seen from a secure level. The characters in both novels might meet at New York's Stork Club, the winter sports palaces at Lake Placid and the Normandie Roof in Montreal.

The screening of "Gentleman's Agreement" is the high point to date of a Broadway and Hollywood drive against religious and racial prejudice.

Actually, Hollywood is very late in getting around to the question. Ten years ago Broadway plays were attacking anti-semitism and recently the legitimate theatre has gone to the far more pressing problem of anti-negro prejudice in such earnest, naive efforts as "Deep Are the Roots" and "On Whitman Avenue."

So far, Hollywood hasn't touched the explosive negro issue, but it has at least stepped into anti-semitism.

INTERESTING EXPERIMENT

An interesting but none-too-successful experiment was Canada Lee's "white-face" role last year in the ancient and creaking "The Duchess of Malfi." Lee, perhaps the No. 1 negro actor of the day, switched the traditional situation of the minstrel shows by playing a white man in the picaresque drama.

So far, Hollywood hasn't touched the explosive negro issue, but it has at least stepped into anti-semitism.

could this be YOU?
"No! You can't have the Johnson boy over! There's enough noise around here with you two!"
"Yes—it's hash again! And the way I'm feeling, you're lucky to get any dinner. If you hadn't slept for nights, you wouldn't want to fuss either!"
"You'll all drive me crazy yet! I don't know what's the matter with me—things never used to bother me like this!"
Does it sound like you? Well—perhaps you're one of those people who can't stand the caffeine in tea or coffee. Perhaps you should be drinking Postum instead. It's a grand drink! From the very first sip, you'll love its rich, heart-warming flavor. Not like tea, not like coffee, just a mellow richness all its own.
Best of all, you can drink Postum any hour of the day—enjoy as much as you like, as strong as you like, and not miss a wink of your beauty sleep! Because Postum contains no caffeine, nor any other drug—can't affect heart or nerves or digestion.
So easy to fix—you make Postum right in the cup, just by adding hot milk or boiling water. And penny-wise housewives are glad that Postum costs less than 1¢ per serving. Try Postum—you'll love it!

FLYERS IN RESCUE—Central figures in the dramatic northland rescue of the Moffet Inlet missionary, Canon J. Turner, were Flying Officer Bob Race, Edmonton (left), pilot and captain of the RCAF Dakota "Snowbird"; Capt. Guy D'Artois, Montreal (centre), and Capt. Ross Willoughby, Toronto, Army paratroopers. The RCAF-Army rescue team, with Canon Turner, his wife and two children, landed at Winnipeg where the injured missionary was immediately taken to hospital.

DRAMATIC MERCY FLIGHT—End of a seven-week mercy mission by a combined RCAF-Army team came with the safe return to Winnipeg of the injured northland missionary Canon J. Turner. Above Canon Turner is transferred from "Snowbird," the RCAF Dakota which carried out the hazardous flights, to a waiting ambulance. In peaked cap can be seen Capt. Ross Willoughby, Army paratroop doctor who parachuted into Moffet Inlet to bring aid to the injured man. The return of Canon Turner to civilization was the final chapter in a story that was dominated by the close teamwork of airmen and soldiers of the Joint Air School at Rivers, Manitoba.

AT MOFFET INLET—This photograph was taken at Moffet Inlet by Capt. Guy D'Artois of the Canadian Army whilst he was at the remote Arctic missionary post with Canon Turner awaiting evacuation by a plane of the RCAF. The evacuation was effected and the Church of England missionary is now resting in a Winnipeg hospital, thanks to the efforts of four Canadian Army paratroopers who flew in a Dakota to pick up the wounded man and his family and return them to civilization. The photo shows a typical view of the rugged countryside around Moffet Inlet on Baffin Island where the wounded missionary was stationed. (Canadian Army photo.)

HOW CAN I ???

By ANNE ASHLEY

Q. How can I store white garments so they will not turn yellow?

A. Wrap them in blue tissue paper. Or, take an old sheet, dip it into strong laundry bluing water, and when dry wrap the garments in this.

Q. How can I make chicken creole?

A. Use the left-overs of chicken and gravy. Cook rice, pick the chicken off the bones, mix with the gravy, and use small bits of pimento. Heat in the double boiler, or the oven.

Q. What is a good cleaner for light-colored suits?

A. Dry bran is an excellent cleaner. Rub the cloth down with dry bran, using more force on the soiled spots. Then brush thoroughly.
