B.C. RAPIDLY NEARS 'CRISIS'

VANCOUVER, (C)—The Vancouver News-Herald today said that British Columbia is rapidly approaching one of the most important government crises in her history.

It is said there is no positive indication of the ultimate result, but that "analysis reveals fast-moving events which threaten the destruction of the coalition government and a long-sought victory for the C.C.F. in the event of a Liberal-Conservative split over the premiership."

It forecast Premier John Hart's retirement and said Attorney General Gordon Wismer is the most likely successor as the Liberal leader, and Finance Minister Anscomb as Premier.

LAKE VESSELS COLLIDE, ONE MAN KILLED

IROQUOIS, Ont., (C)—Two lake boats—one an oil laden tanker, the other a coal carrier—collided early today, setting off a huge blast which caused at least one death, while 10 others of the crew of 26 aboard the collier Milverton were still unaccounted for at mid-afternoon.

The explosion tore apart the tanker Translake as its store of oil caught fire but the entire crew were reported safe.

The dead man was identified as Second Mate William Robertson of Toronto who was taken from the Milverton but died before reaching hospital.

Production Key To Living Cost

HAMILTON, (C)—Higher production objectives by management and higher unit production by workers are necessary preliminaries to reductions in the cost of living, Labor Minister Mitchell said today. In a speech before the Trades and Labor Congress of Canada convention, Mitchell said he knew increased cost of goods was a cause for concern these days. "Remedy is in our hands—not by way of subsidies which we all pay anyway—but by greater output of goods."

Want Canucks On UNESCO

OTTAWA, (C)—An effort is being made to get more Canadians into the United Nations educational, scientific and cultural organization, an effort also is a good chance that a national commission of UNESCO will be formed, Deputy Director General of the organization, Dr. Walter Laves, said here Tuesday.

Child Dies of Burns Despite Heroic Rescue by Brother

TURN OF FASHION WELCOMED TO AGED PENSIONER

CHARLTON, Ont., (C)—Nellee Jesse Reid, 85-year old bachelor, may find himself at the height of fashion if present style trends continue.

Nellee has worn ankle-length skirts, bustle and bonnets all his life—because his mother decided to raise her sixth son as a daughter.

Reid has worked as a lumberman, farmer, construction hand and railroad fireman, but has always refused to doff his long skirts, frilled sleeves and cuffs.

New he is a district pensioner and still wears the clothes of the gay '90's.

Terrace Fire Claims Life Of Billy Clifford, Rescuer Given Even Chance to Live

BLAZE OF UNKNOWN CAUSE, DESTROYS HOME

A three-year old Terrace child died in Prince Rupert General Hospital and his heroic 15-year-old brother is fighting a grim battle for life following a fire which destroyed their home at Terrace at 9 o'clock Tuesday night.

Three-year-old Billy Clifford died 15 minutes after being rushed to Prince Rupert General Hospital with first-degree burns.

Roy Clifford, who gallantly dashed up a flaming stairway to rescue his baby brother, was given a 50-50 chance of life as a result of burns on the back, neck and arms.

The children are the sons of Mr. and Mrs. Frank Clifford, whose home on Park Avenue, Terrace, was destroyed by the fire of unknown origin.

A third brother Teddy, aged 9, turned in the alarm when he saw the flames from the woodshed where he was playing.

Witnesses saw 15-year-old Roy emerge from the burning building with Billy in his arms. It is believed that Roy had been reading in the kitchen when he became aware of fire in the next room. He immediately dashed up stairs and took Billy out of bed, carrying him back down through the inferno.

Roy had been left in charge of the other two children when his parents went to the Terrace theatre.

Teddy, who saw the flames from the woodshed where he was playing, ran to the theatre to inform his parents. The fire alarm sounded at 8:55.

Roy carried Billie across the street to the home of Mrs. Chris Haugland. Dr. S. G. Mills was immediately summoned, treating the younger child for first degree burns and the older boy for second degree burns.

A station wagon, driven by Fred Kirby set off almost immediately carrying the two boys to hospital at Prince Rupert. They were accompanied by Mrs. Sikler, R. N. and Miss McPherson, R.N., of the Red Cross Hospital at Terrace.

Billy expired about 15 minutes after his arrival at hospital here. Roy was placed under care of Dr. A. W. Large and is still in serious condition.

Meanwhile, the Terrace fire brigade, assisted by scores of volunteers, attacked the burning Clifford home. However, the blaze had gained strong headway, and lack of an adequate water supply prevented the firemen from getting it under control.

A bucket brigade formed to keep the flames from spreading to nearby homes which were cleared of furnishings in the event of wind. The night remained calm, however.

Had a wind come up nothing could have saved the other buildings on the street, and possibly other streets, too, a Terrace resident said.

Stanley Johnson, an employee of Mix Construction Co., a volunteer fire fighter, was treated for minor cuts and burns sustained while assisting in battling the blaze.

Neither Mr. nor Mrs. Clifford could account for the cause of the fire. Mrs. Clifford said that when they left home at 8 o'clock there was only a small fire in the kitchen stove. The flames apparently originated in a room adjoining the kitchen.

Winch Attacks Labor Ministry Dual Set-Up

VICTORIA, (C)—Harold E. Winch, leader of the C.C.F. opposition in the British Columbia legislature, said last night that he had told Premier Hart that the present situation of having an acting Minister of Labor, while Minister of Labor Pearson is attending to other duties, cannot continue.

"I told the Premier that I did not think he could appoint an Acting Minister of Labor under the Constitution Act if the minister himself was in his office in the building. If Pearson is in the buildings, he must be full-time minister."

On Monday, Acting Minister of Labor Hon. E. T. Kenney was served notice of motion of an injunction to restrain him from acting in place of Labor Minister Pearson.

The notice was filed by striking Vancouver steel workers whose right to picket five Vancouver steel plants was sustained when Mr. Justice MacFarlane threw out an attempt to obtain restraining injunction in Supreme Court.

VANCOUVER, (C)—The Vancouver News Herald in a Victoria dispatch said today that reports have gained ground at the capital that Labor Minister Pearson has tendered his resignation as Labor Minister and Provincial Secretary to Premier Hart, and that it had been rejected.

CAMPERS' TRAIN AT FAULT IN MANITOBA CRASH

WINNIPEG—Preliminary evidence before the Board of Transport Commissioners investigating the Canadian National Railways Labor Day train wreck at Dugald, Manitoba showed today that the campers special failed to take siding as crew members of the eastbound passenger train expected.

The Commissioners were told orders had been issued which normally would have routed the special to the side track.

The special plowed into the east bound train killing 31 persons and injuring a score of others. Despatcher Arthur Smith, of Winnipeg, said his orders to special should have caused it to take siding.

SULTAN SHEDS NEW LIGHT ON INDONESIA—Sjarif Hamid Alkadrie, 34-year-old Sultan of Pontianak, West Borneo, who is currently in the U.S. to present the case of the majority of Indonesians to the United Nations' security council which voted not to hear him is shown in his New York city hotel during a press interview. The youthful sultan, an inveterate chain-smoker, told newsmen that two-thirds of the 75,000,000 natives in the Netherlands East Indies are bitterly opposed to the Indonesian Republic which he added, is controlled in a large measure by Moscow-trained revolutionaries. Above, a deep puff and he is almost ready for a new cigarette.

City Hoopsters Grind Out Season Policy at Hot Civic Centre Meet

The Prince Rupert Basketball Association got down to the serious business of adopting a constitution and choosing a policy of financial management for the coming season at a well attended general meeting held at the Civic Centre last night.

Art Murray, in th chair, had a bit of smoke and thunder to contend with when he brought up the proposal by the Civic Centre that all receipts from league games be turned over to the Civic Centre and that receipts from out-of-town games be put into a sinking fund for travelling expenses. In the case of out of town games, expenses by the Civic Centre for use of the gym would be deducted before the gate would be turned over to the Association, he proposed.

Jack Lindsay gave a brief outline of the proposals and Don Forward, who commented that he felt a speech coming on, went ahead and made one. He pointed out that the Civic Centre was spending more money on installations and building that would benefit basketball than it could hope to get back from the game for a long time.

For examples he mentioned the new glass backboards now being installed, and the new gym being built. He pointed out that the Civic Centre is not a self-sufficient establishment yet but the time was coming when it would have to be and it was up to everyone interested to do what they could to make it a paying proposition from the dollar and cent angle.

By allowing the Civic Centre to handle their finances the Basketball Association, said Mr. Forward, will net about the same amount of cash as last year without all the headaches. The question of whether players should be members of the Civic Centre or not was raised and at one time both Norton Youngs and Ted Arney were on the floor presenting opposite views. Both Don Forward and Norton Youngs stated that the players were in the game for the love of it and that it was the fans who gave the financial support. Ted Arney felt that the contributions of the players was

Train Attack Injures Many

LAHORE, Pakistan — Reports reaching here today said only about 100 persons escaped uninjured when a train carrying several thousand Moslem refugees from New Delhi was attacked on Monday night. A hundred un wounded passengers, with 400 wounded, reached a refugee camp last night.

Conference On Europe's Needs

WASHINGTON, D.C. — State Secretary Marshall is calling home the top experts on Western Europe for a conference on the need for intensified attacks on the critical problems facing the United States and to discuss what must be done to help—and when. It was learned that Marshall was told by top advisors that failure has met all searchers for funds which could be used to meet the needs of Europe before Congress can act on its long range recovery program.

WILSON TO PRESIDE

Mr. Justice J. O. Wilson will preside at the fall session of Assize Court which opens here next Monday, according to word received here today from Vancouver.

FROM CANADA—TRAVELS 25000 MILES—"Gee is it to mess up a lady's bag like that?" little three-year-old Redgrave seems to be asking the custom's inspector when her parents' luggage following their arrival on a steamer from Europe. Veronica's travels covered a starting originally from her native Canada to San Francisco around South America to England and now back to Canada.

J.C.C. GROUP HONORS MEMBER

Prominent in Junior Chamber of Commerce work during his pastorate in Prince Rupert, Rev. A. F. MacSween, departing minister of First Presbyterian Church, who leaves on Monday for Melfort, Saskatchewan, was honored at a committee dinner in the Broadway Cafe Tuesday evening.

Members of the leadership training class, of which Mr. MacSween has acted as public speaking instructor for the last two years, presented him with a lignum vitae gavel, a fitting memento of his association with the group.

Carlo M. Hansen, president of the leadership training committee expressed his regret at losing the guidance of Mr. MacSween, a sentiment expressed by the others present. Mr. MacSween said that his association with the public speaking class, which has met weekly during the winter season, was one of the pleasantest of his time in Prince Rupert.

Mr. Hansen welcomed R. G. Moore, principal of King Edward School, as Mr. MacSween's successor.

A. P. Crawley, president of the Junior Chamber, lauded Mr. MacSween as a useful and diligent member.

Local Salvation Army Work

NATIVE INDIAN GIRLS of Northern British Columbia are grateful for the protection and shelter afforded by the Salvation Army's new Home in Prince Rupert.

Establishment of the hostel here was an outstanding Army achievement during the past year, exemplifying good work of the Army which is now having its annual appeal for funds.

The Home provides haven for Indian girls visiting or taking employment in the city. Previously, unfortunate conditions existed. Having no reputable accommodation, girls were exposed to all the risks and hazards of a port city.

Under the management of Major Mrs. Chambers, matron, the Home operates on a non-profit basis. Mrs. Chambers, who was stationed at several Red Shield centres overseas, was affectionately known to thousands of Canadian servicemen as "Aunt Jenny". A widow, she wanted to join her five sons who were in Canada's armed forces. Now she is becoming widely-known as a champion of the native girls' best interests.

The Salvation Army began its work among the natives of Northern British Columbia in 1897. Then it was a matter of taking religion to the Indians and Alaskans. Since, the Army has taken education—it operates day schools in remote areas—and social welfare. The Prince Rupert Home is the latest development and has adequately proven its necessity.

B. C. EXPORTS

REPORT OF THE PROVINCIAL bureau of economics as to the healthy increase in B. C. exports during the past six months over similar periods of the two preceding years contains much matter for reflection as to the happy condition the province is in today, in spite of the present world economic crisis. A gain of \$62,500,000 worth of business over the first six months of 1946, and a figure not far short of \$100,000,000 increase over the same period of 1945, calls for optimism in the future of British Columbia, and the province should be proud that she can cope with all the adverse conditions throughout the business and economic world.

"Export or die" has long been a familiar phrase, and there is a great deal of truth in it, for it is only by a favorable balance of trade that a nation can live. So long, therefore, as our natural resources, which are very vast, can be attractive to foreign markets, then only can we hope for a happy way of living. But the markets dealt with must also be in a happy state, otherwise the exporter is liable to find his products on the shelf and consequent sterility in trade.

Let us hope, therefore, that the expansion of our trade dealings abroad may continue and that the gains made during the six months to June 30 over the same periods of the two previous years will soar ever upwards.

CANADA WELCOMES NOTED U.K. SCIENTIST—Sir Henry Tizard is shown above, right, being welcomed to Canada by Dr. O. M. Solandt, chairman of Canada's defence research board, on his arrival at Rockliffe airport near Ottawa. Sir Henry leads a four-man delegation of scientific advisers to the British government who will exchange information with leading Canadian defence and civilian scientists during their stay in Canada.

Canadian Newspapers

From the Monthly Letter of Royal Bank of Canada

INSTALMENT NO. 10

DUTIES OF THE NEWSPAPER

Besides rights, the newspaper has duties. It must be independent. It cannot serve the public which supports it if it is the tail to anyone's kite. To be independent it must stand on its own feet, earning a profit without subsidies. It should be regarded as a major transgression of ethics and good taste to communicate with the editorial department through the business department.

The newspaper needs to take a long view. A policy which gains circulation this year by means which tend to weaken the newspaper as an institution is a bad policy.

The newspaper must be fair. Perhaps absolute fairness is too much to expect of ordinary mortals doing their day's work but the newspaper can avoid intentional partiality.

The newspaper must be decent not only in the language and pictures it uses, but in the way it goes about obtaining its news. There are situations occurring in human life into which no newspaper can decently justify intrusion.

Current pessimism about the press should not be over-estimated. There has been similar pessimism in the past. If reforms are needed, they will not be shaped by legislation, except with the destruction of values civilization needs. They can be brought about by public opinion which supports the right kind of newspaper and makes its wishes known to publishers and editors.

ization needs. They can be brought about by public opinion which supports the right kind of newspaper and makes its wishes known to publishers and editors.

UNITED CHURCH FALL PRESBYTERY OPENS SESSIONS

Fall sessions of the Prince Rupert Presbytery of the United Church of Canada got under way here this afternoon in the church hall with clerical and lay delegates from as far away as Smithers and Bella Bella attending the two-day conference. Chairman is Rev. R. A. Wilson of First United Church, Prince Rupert.

A public session of the conference will be held in the church this evening, Mr. Wilson said today.

Officials present include Rev. W. P. Bunt, secretary of Home Missions for British Columbia, and Dr. Hugh Dobson of Vancouver, associate secretary for evangelism and social service, for Canada.

Expansion of the presbytery last spring to include Smithers, has resulted in the attendance of Rev. Clinton Johnson and a lay delegate from that interior town. Lay delegate is Mrs. F. V. Foster.

Rev. J. A. McAllister is Terrace delegate. He also will act as secretary of the conference.

From Port Simpson has come Rev. A. Lawton, while Rev. Peter

Kelly of the mission boat, Thomas Crosby also is in the city for the conference. Rev. H. Stewart Forbes and Rev. W. R. Cantalon of Bella Bella represent the southern part of the presbytery.

SMOOTHER ROLLING

LONDON, (P)—In an effort to obtain higher annual mileage and lower maintenance costs, several steam locomotives have been fitted with roller bearings for smoother and faster running. Similarly, several engines have been fitted with special-type valve gear for experiments in fuel economy.

MAIN'S DOLLAR MAY HIT ECONOMY

JOHN DAUPHINEE
The picture isn't yet but most Irishmen expect that Britain's dollar crisis will bring some new unemployment. If Britain goes into austerity, Eire must be of the way.
Eire could buy with the free exchange in London all the dollars needed to import grain, gas, automobiles, machinery and other things.
The war, exchange control started a "dollar pool" for the whole sterling area. All the dollars Eire had to be put into the pool. Eire had to maintain over - all dollar expenditures. The figures have never published but the understanding is that Eire got back as many dollars as she after a brief period of convertibility, the dollar re-established and Eire dependent on Britain of her dollars. Two expected to happen: demand for Irish food will go up, with Britain to buy as much as possible within the sterling area; British tourists will be drain on supplies of manufactured goods in probably will ask Eire to meet dollar requirements for tobacco and other goods imported from the United States statistics for the first half of this year show that imports and exports to the United States were less than there are some other of United States dollars: remittances bringing \$100,000 a year; some dollar at Shannon Airport used by all the big Am-

erican airlines; and sales in the United States of Irish Sweepstakes tickets.
But total dollar earnings are far below requirements. If Britain reduces Eire's allocation of dollars from the sterling area pool, the DeValera government will have no choice but to make sharp cuts in imports.

Lessons in English

Words Often Misspelled: Do not say, "The man is dark-complected." Say, "The man is dark-complexioned." Completed means interwoven.
Often Mispronounced: Height. Pronounce hit, i as in light, and not as if spelled height.
Often Misspelled: Canvas (cloth); one s. Canvass (solicitation); two s's.
Synonyms: Emergency, necessity, extremity, exigency, crisis.
Word Study: "Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Today's word: ACQUISITION; act of acquiring. "The desire of knowledge, like the thirst of riches, increases ever with the acquisition of it."—Sterne.

NORTH COUNTRY TRAPPER DIES

Matt Teigen died in the Prince Rupert General Hospital Monday of cerebral hemorrhage. Mr. Teigen collapsed at Terrace Sunday and was brought to Prince Rupert by car that evening.
Deceased was a trapper for many years in the mountains back of Stewart. Teigen Lake near Stewart is named after him and he and his partner Walter Rudell were in the news in 1946 when a plane of the Queen Charlotte Airlines carried the men and their supplies into their trapline.
RIDE ROUGH AIR

SUCCESSFUL ON ANIMALS, CANCER TREATMENT TRIED ON HUMANS

Jet Production Marks End Of Propeller Craft

By STEWART COCKBURN
LONDON, (Reuters)—Last week's Ministry of Supply announcement that a new series of high-speed jet-propelled heavy bombers is going into production means the end of propeller-driven war planes in Britain.
The change-over will take place gradually. Already jet-propelled R.A.F. Vampire and Gloster Meteor fighters are in operation. They will be joined in the next year or two by jet bombers.
This will not be the only revolution. The Ministry of Supply has also disclosed that contracts probably will be placed for bombers designed in the shape of the "Flying Wing."
These advances in bomber development are likely to prove even more spectacular than those affecting fighter planes. When jet propulsion was developed during the war, the public saw R.A.F. fighters increase their speed from the 400-miles-an-hour mark to around 600.
The combination of jet engines with the flying wing is likely to send bomber speeds up from 300 miles an hour to more

than 600—approaching the speed of sound.
It is expected that one feature of the new planes will be an altitude ceiling far above anything yet reached. Pressurized cabins will be needed, and new navigating methods depending on radar to a much greater extent than hitherto will be employed.
While technicians work to solve problems of the expected increase in fuel consumption and other difficulties, experts also are evolving a new bombing technique which will make possible the accurate release of high explosive missiles miles above a target, whether visible or unseen.
The Ministry of Supply, announcing its plans, did not discuss the possibility of these new high-speed, long range weapons being adapted to radio control

ONCE CALLED "POONAH"

NEW DELHI (P)—Badminton, played for the first time at Poona in 1870, where it was called "Poonah," reached the sports world through India. It spread to Britain and because it was played at Badminton, county seat of the Duke of Beaufort was renamed.

atomic bombing technique. Undoubtedly, however, both possibilities are receiving the closest and most urgent analysis.

BOB PARKER LIMITED

There's a leader in every line

MAFOSTA: Ireland-bred, owned by Montrose Stables, Vancouver, B.C. In 1946, at Longacres, Seattle, the chestnut son of Fair Trial ran six furlongs in 1.09 1-5 seconds to equal the American time record for the distance.

Jockey Cap

COLORS: Green and white quarters, white sleeve, green sleeve, black cap.

The characteristics distinguishing a horse as a leader are the natural result of studied care in selection, plus know-how in handling.
... So, too, over the years, a like studied care in selection of basic grains and know-how in handling, result in leadership in a Whisky... and, Jockey Cap is truly an acknowledged leader... a markedly superior Rye Whisky.

Seasonable Ideas for Housekeepers

DON'T BE IN A JAM NEXT WINTER; MAKE PLENTY OF IT NOW

Timely Recipe

NECTAR CUSTARD PIE
Here's a custard pie with a brand new fall flavor that puts it high on the list of popularity. Make "Nectar Custard Pie" with apricot whole fruit nectar to give it delicate color and refreshing fruitiness.

4 eggs
1/4 cup granulated sugar
Few grains salt
1 teaspoon lemon juice
1/2 teaspoon grated lemon rind
2 cups apricot whole fruit nectar
1 cup undiluted evaporated milk
Pastry for single 9-inch crust
Beat eggs, add sugar and salt, and mix well. Add lemon juice and rind and nectar. Stir in milk slowly. Pour into pastry-lined pie pan. Bake in hot oven (400 degrees F.) for 10 minutes. Reduce heat to moderate (350 degrees F.) and continue baking until custard is set and pastry browned.

LIGHT FROM SALT
The Chinese probably first used gas for lighting by piping natural gas in bamboo tubes from salt mines.

Make plenty of jam now. A supply of jams and jellies on the cellar shelf certainly is a satisfaction to any home-maker.

Hot biscuits and jam or crackers with jelly and cheese make an easy dessert most acceptable to family or guests. Jam with toast for breakfast starts the day right.

Home economists have suggestion to offer on making good jam.

Firm ripe fruit makes best jam. Fruit and sugar must be measured accurately.

All fruits except peaches, pears and apricots are best if pre-cooked before adding the sugar. This prevents toughening of skins of plums and grapes.

With peaches and pears the sugar may be mixed with the prepared fruit and allowed to stand at least an hour before boiling to the jam stage.

Damson Jam thickens considerably on cooling completely therefore care must be taken not to cook the jam to too thick a consistency.

If using commercial pectin to make jam or jellies, the manufacturer's directions should be followed exactly.

The following recipes are taken from the bulletin "Home Canning of Fruits and Vegetables," which may be obtained free of

charge from the Dominion Department of Agriculture. It contains other excellent recipes for jams, jellies and pickles as well as full directions for canning.

Cantaloupe and Peach Jam
5 cups, peeled, diced cantaloupe
5 cups, peeled, diced peaches
3 medium oranges, grated rind and juice
5 cups sugar

Mix all ingredients and let stand until sugar is dissolved—about 1 hour. Bring to boil and boil, uncovered, to jam stage—about 30 minutes. Pour into hot, sterilized jars. Cool and seal. Yield: about 6 1/2 cups.

Grape Jam
Wash and stem grapes. Press pulp from skins. Cook pulp 10 minutes and put through a sieve to remove seeds. Add skins to pulp and measure the mixture. Measure the sugar to be added later, allowing 2/3 cup to each cup of fruit. Bring skins and pulp to boil and boil, uncovered, about 10 minutes or until skins are tender. Add sugar, bring to boil and boil to jam stage—about 20 minutes, stirring frequently. Pour into hot, sterilized jars. Cool and seal.

Grape and Pear Jam
8 cups blue grapes
3 cups water
10 cups chopped pears
4 1/2 cups sugar

Wash grapes, separate skins from pulp. Add 1 1/2 cups water to skins and 1 1/2 cups to pulp. Simmer skins and pulp separately until tender—about 15 minutes. Press pulp through a sieve to remove seeds. Add cooked grape skins, chopped pears and sugar to the pulp. Bring to boil and boil, uncovered, to jam stage—about 45 minutes, stirring frequently. Pour into hot, sterilized jars. Cool and seal. Yield: about 8 1/2 cups.

Household Scrapbook

When Too Much Salt
If food is too salty, place a wet cloth over the top of the vessel which is cooking. The steam will draw the salt into the cloth.

A Substitute Bodkin
A smooth safety pin for thin or lacy material makes an excellent bodkin. The pin holding the material securely.

Face Wrinkles
Try binding the forehead with

a linen bandage soaked in equal parts of alcohol and the white of an egg, allowing the bandage to remain overnight.

NATIVE MUSIC SOCIETY

JOHANNESBURG, ☉—The African Music Society recently held its inaugural meeting in Johannesburg. Its objects are to encourage research into native music and allied crafts, to cooperate research work and to encourage the establishment of native schools of music and the works of native composers.

A HUDSON'S BAY COMPANY PRODUCT

Baby Drowned At Arrandale

Ernest Angus, 17-months old baby of Mr. and Mrs. Ernest Angus of Kinloch, was accidentally drowned at Arrandale, Wednesday, September 17. The child apparently slipped from the dock and before those hearing its cries could effect a rescue the baby disappeared. Muddy condition of the Naas water prevented immediate recovery of the body, rendering artificial

respiration futile. Mr. and Mrs. Angus were employed at Arrandale cannery at the time of the accident.

Beauty at Home

Q. How can nicotine stains be easily removed from my fingers?
A. Cut a lemon into halves and plunge the stained fingers into the pulp. This will clean and bleach them to their natural color.

Q. Is too-frequent washing of the hair injurious to it?
A. No. There is no danger of washing the "life" from your hair. Soap and water is a great aid to beautiful, healthy hair.

Q. Should rouge for cheeks and lips be the same shade?
A. Yes. Many women, to insure identical shades, purchase cream rouge which may be used on both the cheeks and the lips.

Divisional Headquarters 14 Smith Block, Prince Rupert

HOW CAN I ???

By ANNE ASHLEY

Q. How can I preserve a new clothesline?
A. A new clothesline should be boiled for about 30 minutes before using it. This prevents stretching. It will not tangle as readily and will last much longer.

Q. How can I mend kid gloves?
A. Buttonhole around the edge of the tear before drawing together. Then over-sew the buttonhole together and the repair is substantial.

Q. How can I make a cockroach trap?
A. Fill a pie pan, or similar container, half full of sugar water. Place it on the floor and slant several sticks, each about three inches long, from the floor to the edge of the vessel. The roaches will crawl over and drown.

REGINA GIRL, LOCAL MAN EXCHANGE VOWS

St. Andrew's Cathedral was the scene on Saturday evening of the wedding of Miss Margaret Elizabeth Kelly of Regina to Ralph Playfair Smith, eldest son of Mr. and Mrs. Edward P. Smith of this city.

The church was beautifully decorated for the occasion and the bride entered upon the arm of R. McClymont, by whom she was given in marriage. Rev. Basil S. Procter officiating at the ceremony. The bride was lovely in a gown of white moire with shirred neckline and a three-quarter length veil with heart-shaped headress. She carried a bouquet of pink roses.

Miss Jordis Hanson was bridesmaid, wearing a gown of blue taffeta with insets of blue lace and carrying a bouquet of pink carnations. Alan Smith, brother of the groom, was best man. The ushers were Messrs. Roberts and Leblanc. The groom's gift to the bride was a three-strand string of pearls; to the bridesmaid a silver bracelet and to the best man a gold watch chain.

There was a large congregation in attendance at the nuptials. Peter Lien presided at the organ and during the signing of the register played "Oh Perfect Love."

Following the church ceremony a reception was held in the Vahia Hall where the happy couple received the congratulations and best wishes of numerous friends. Many beautiful gifts were received. The groom's mother received the guests and wore an attractive gown of flowered jersey, feathered hat of lime green and a corsage of gardenia and roses. She was assisted by Miss Mary Morton, matron of Miller Bay Hospital, who wore a lovely gown of pink with hat to match.

The toast to the bride was proposed by Rev. Procter and the groom responded suitably. Alan Smith proposed a toast to the bridesmaid. Telegrams of congratulations from relatives and friends were read. The bride's table was lovely with lace cloth, centred with a three-tier wedding cake, which was cut by the bride and groom. During the evening refreshments were served and dancing was enjoyed with music furnished by Andy McNaughton. Serviteurs were the Misses Carriss, Latnes, Tibbs and Vincent of Miller Bay Hospital and Mrs. Roberts.

Mr. and Mrs. Smith left by car for a honeymoon trip to Regina. The bride's going away costume was a grey ensemble with matching accessories. They will have the hearty congratulations and best wishes of many friends. The bride has been employed as x-ray technician at Miller Bay Hospital for the past year and the groom is in the employ of the W. H. Malkin Co.

'Inured to Crises, Britons will Come Through Present Dilemma'

ALEX MacKENZIE

"We have been having crises for the last thirty years and we have got over them all. We'll get over this one."

Such is the spirit of Britons as "they work for the good of the country and their own existence," says Alex MacKenzie, Prince Rupert business man, home from a three months' trip to the Old Land. "One good thing about it is, they are all on the same level."

Mr. MacKenzie says this was the finest summer the Old Country had had in 20 years, weather being exceptionally warm. He visited, among other places, his wife's birthplace in South Wales and his own at Drumbeg, Lairg, Scotland. He was also in Glasgow, Edinburgh and other Scottish cities.

At Edinburgh he received a great welcome at a Rotary Club luncheon. The Premier, he said, could not have had a better one. There were other Canadians there too.

Mr. MacKenzie spent a good deal of his time in the country where the people are much better off for food than they are in the cities. "An ordinary Canadian meal would be considered a banquet in Britain these days," he says. But no one complains.

Mr. MacKenzie visited many factories but found them all up against it for raw materials. Goods are exported as soon as they are ready and much of the manufactured goods is going to countries other than North America—Norway, Sweden, Africa, the Middle and Far East—while the home market is left very bare.

The crops were very good in Britain this year but farmers were still suffering from the effects of last winter when they lost 25 to 50 per cent of their stock in the severe weather.

Mr. MacKenzie found that the people of the Old Country do not know much about Canada except in a very general way. All they seem to know about British Columbia is Vancouver—few, apparently, having heard of Prince Rupert or Northern British Columbia although he agreed to do his own little part by promising to send printed matter about Prince Rupert area. Mr. MacKenzie thinks there should be greater publicity effort by the government.

Mr. MacKenzie crossed the Atlantic, both going and coming, on the mighty liner Queen Elizabeth.

While away, he had the Daily News delivered. To receive the paper was just like having an old friend blow in with all the news of home. "To read the ads was as if I had a visit from the business people of town."

Freddie Calder, six-year old native boy from Greenville, on the Naas River, died last night at Miller Bay Hospital.

Gordon Wismer, Attorney General of British Columbia, and P. E. Cooper, president of Pacific Mills Limited, were passengers on board the Prince Rupert from Vancouver to Ocean Falls.

An Announcement of Interest

Miss Margaret McLeod, optometrist of Vancouver, announces the opening of her permanent office at Manson's Jewelers.

Miss McLeod graduated from the Ontario College of Optometry in 1943 and after an association with prominent Toronto optometrical group she returned to her home province. Miss McLeod has since been associated with Dr. Harry Perrin, optometrist in Vancouver.

She is well trained in the practise of Optometry and has had considerable experience. She is of a family prominent in optometry in B.C. many years. Her father, Mr. Murdock McLeod, has an extensive practise throughout B.C. and her brother, Clyde, is a prominent optometrist in Penticton, B.C. Miss McLeod has installed the most modern equipment for the examination of eyes and a conscientious service will be given.

THIS AND THAT

"Here come the Joneses. Act as though nothing has happened!"

"LUMINOUS PANCAKES" TARGET OF NEW TELESCOPE AT MOUNT PALOMAR

NEW YORK, (AP) — A 200-inch telescope nearing completion on Mount Palomar in southern California will look at a sky full of luminous pancakes. Up, down, north, south, east and west in the heavens except for stars in the Milky Way or close to it, the great eye is expected to see nothing but these glowing celestial hotcakes. Each pancake is an island universe of stars, each like the Milky Way where our sun is one of 100,000,000 or more stars. Our Milky Way is also a flapjack, turning like a pinwheel, at about 500,000 miles an hour, and so vast that light takes about 100 years to cross from one rim to the other. The entire known universe is filled with similar pancakes, each made of hot stars, gases and dust clouds. The number of pancakes is estimated as between 100,000,000 and 100,000,000,000,000.

The first dazzling question for the new eye is whether the pancakes continue on outward. If they end, will the great telescope see the edge of creation? Present telescopes see the distance that light moving at 186,000 miles a second will travel in 500,000 years. The Mount Palomar telescope will see 1,000,000,000 years and probably farther.

PRAIRIE COUPLE WED AT TERRACE

TERRACE—A quiet wedding was solemnized at the United Church manse on Saturday evening when Margo Classen, of Gretna, Manitoba, exchanged nuptial vows with James Penner of Altoona, Man. The Rev. J. McAllister officiated. The bride was attired in a turquoise blue dress with hat to match and black accessories, and was attended by Miss Flora Melvin, of Terrace, dressed in misty plum wool suit with gold accessories. Groomsman was Joe Kendall of Terrace.

Later a reception was held at the home of Mrs. T. Olson, when 40 guests gathered to congratulate the happy couple who stood under a big white bell with pink streamers. The house was charmingly decorated with lovely fall flowers and Mrs. T. Olson received the guests. A fine display of lovely and useful gifts was in evidence. Later the newlyweds returned to their temporary home in Kwinita, where the groom is an employee of the Public Works Department.

Timely Topics from Terrace

Miss Freda Hall of Prince Rupert spent the week-end visiting her parents at Terrace.

Mrs. Hamilton of the local teaching staff has returned to duty after a short illness. Her position was filled during her illness by Mrs. C. De Kergommeaux.

Vic Giraud left Terrace at the week-end for the Kispiox Valley on business for the Fisheries Department.

Mrs. Gordon Haugland and Mrs. Chris Haugland left by train to visit briefly in Prince Rupert.

Mr. and Mrs. James Haddon of Prince Rupert were guests at the home of Mrs. W. Anderson while on their way home from a trip to Prince George.

Magistrate W. D. Vance drove to Prince Rupert last week, bringing with him Mr. Willie, who was discharged from hospital following his accident at Terrace a week ago.

Terrace men joined in a "work bee" Sunday at the Civic Centre, where they lined the bowling alleys with wall board. Decision to hold the "bee" was made at a meeting of the Civic Centre directors Friday night.

The Women's Institute held its first meeting of the season in the Orange Hall Friday evening. Mrs. Tom Olsen, president, was in the chair. There was a large attendance and several new members were enrolled. Plans were laid for the year's courses in the regular handicrafts. At the close of the meeting, light refreshments were served.

Canadian Legion Public Relations officer Robert Macnicol and Mrs. Macnicol left Terrace Saturday for Smithers after a two day visit during which Mr. Macnicol addressed a meeting of Legion and Women's Auxiliary. Mr. Macnicol was introduced by Lloyd Johnstone, president of the Terrace branch. In his speech he stressed what he termed "poor treatment" of the "burned-out" veterans and told of the campaign to have conditions improved.

Students leaving Terrace at the week-end to attend University of British Columbia were William Cooper accompanied by Mrs. Cooper Maurice Cole and Jack Kirkaldy.

Better English
By D. C. WILLIAMS

1. What is wrong with this sentence? "The men divided the money between themselves."
 2. What is the correct pronunciation of "dirigible?"
 3. Which one of these words is misspelled? Haze, blaze, amaze, phase.
 4. What does the word "cynosure" mean?
 5. What word beginning with am means "to consolidate?"
- Answers**
1. Say, "among" when referring to more than two. 2. Pronounce dir-i-ji-bl, all i's as in "it" and accent first syllable, not dir-ig-i-bl with accent on second syllable. 3. Phase. 4. A centre of attraction or attention. "He was the cynosure of all eyes." 5. Amalgamation.
- GIGANTIC TIDES**
Tides in the Tsientang River, China, create advancing walls of water sometimes 25 feet high.

KELLOGG'S ASTHMA RELIEF
FOR ASTHMA & HAY FEVER

ROEG'S GALLERY

1. Mr. Roeg—as he looks to the waitress at "The Coffee Pot". (At first glance you wouldn't say that Mr. Roeg is a particularly prize specimen.)
2. Mr. Roeg, as the office force. ("What's the biting old Simon Legree," they want to know. "Jumpy as a trout!")
3. Mr. Roeg, as he thinks he looks. ("Gotta slow down," he mutters, "I've been hustling too much. Better drop in and see the Doc.")
4. Mr. Roeg as he looks to the doctor. ("While plenty of folks can drink tea and coffee with no ill effect," the doctor says, "you're not one of them. Switch to Postum! It contains no caffeine or stimulants of any kind.")
5. Mr. Roeg as he looks to his wife that night. ("Darling, you've lost your job," she exclaims. "Worse," he replies. "Doc says I gotta cut out tea and coffee.")
6. Mr. Roeg as he looks after his first good swallow of Postum. ("Well, well!" he says to his wife. "I'm glad that Doc put me on Postum. It's a grand-tasting, healthy drink, with a fine flavor all its own.")

Postum
Postum is easy to fix—make it right in the cup by adding boiling water or hot milk. And remember, it costs less than 1¢ per serving.

MEN'S 'A' LEAGUE BOWLING SCORES

"A" section of the men's five-pin league battered the hickory at Rex Alleys at the week-end in the second session of the season's play without spectacular result as far as team scoring was concerned. However, some good individual scores were turned in.

R. Burnie of Malkins rolled 297 in his second game for the high single game score, while Bob Rudderham of Kilowatts bowled the high aggregate score.

Here are the game results, followed by the individual scoring:

Home Oil 2, McMeekins 1.
Continental 2, North Star 1.
Brownwoods 2, Revellers 1.
Burns 2, Ambassadors 1.
Malkins 2, Morgans 1.
Kilowatts 2, Mansons 1.

SUNDERLAND, Eng.—Shiela Marwood, 20, is learning her engineering the hard way—she is the only girl apprentice amongst 1,000 men making ships' engines.

SHORT SPORT

Bill Bowes 39-year-old Yorkshire and England cricketer who has averaged more than 100 wickets a season during his 20 years with the county club has retired from first-class cricket. He spent four years in German and Italian prisoner-of-war camps and now finds he isn't up to the "great physical strain" of county play. "I feel that to continue first-class cricket would be a mistake," he told Yorkshire club directors. "It is time that experience made way for the honest endeavour of youth."

Everybody laughed except the blokes who had their shillings on Housey-Housey when the horse threw his rider at the starting gate and set off at an easy lope down the five-furlong course at Birmingham, England, with the red-faced jockey hot on his heels. Housey-Housey then turned off to gallop up the back straight, presenting the picture for the delighted crowd of the animal running one way and the jockey, still in the five-furlong course, the other. Housey-Housey soon had enough of this foolishness, cantered up to the starting gate but there was no one around to stop him, so he took a little run into the country. He was caught after the race and, as he came under starters' orders, his backers lost their money.

COLCHESTER, England.—Director of the new Colchester Repertory Company is Rt. Rev. F. D. V. Narborough, Bishop of Colchester.

City Hoopsters Meet ...

(Continued from Page One)

pointed out that the meeting was a public one. After reading a proposed constitution for the Association, submitted by Dr. G. E. H. Montgomery, retiring president Art Murray presided over the election of a president and secretary. Dr. Montgomery was elected to the chair and Nick Pavlikis took over the secretaryship from Alex Bill who like Art Murray, asked to be relieved of his position.

Under Dr. Montgomery the meeting discussed the Civic Centre proposal for financial management and in secret ballot ruled, with only three votes going to the negative, to accept the proposition.

The constitution drawn up by Dr. Montgomery was adopted with some amendments and additions. It was decided that the ruling body of the Association will be an executive and not a commission as suggested and team members as well as those not connected with teams or the game may be members of the executive.

In the league set-up there will be Senior A and B, Juniors 15 and under, and a Ladies' League. In the matter of juniors there was some discussion as to number of teams available and whether High School players should remain under school colors or remain with sponsors. It was felt that if the High School selected or team other players would be free to join other teams. Alan M. Hurst, principal of Booth Memorial said he was there to learn the basketball set-up in Prince Rupert and

would attempt to work the High School basketball into it as best he could. He thought there would be several teams from the school in the junior group but if they could not be handled in the city league he would have to form a school league to accommodate those left out. To this Don Forward stated the Civic Centre would make the floor time available for High School teams if they wanted to form a house league.

Art Murray instigated a move to have every playing member of the Association a member of the Civic Centre. He insisted that the life of basketball in Prince Rupert depended on the continuation of the Civic Centre and this in turn depended on the full support of everyone who was in a position to help by becoming a member. There was some objection on the grounds that some members could not afford to do so but this argument was dampened by Don Forward who repeated the statement that there is a clause in the Civic Centre charter permitting issue of a free membership ticket to anyone who cannot afford to spend the money to purchase a ticket. Only one person, a paid member of the Civic Centre handles this matter so there need be no embarrassment to the person applying for free membership. It was also stated by Don Forward that only 25 per cent of the basketball players were members of the Association last season.

When put to a vote the motion was passed almost unanimously. Following the main business of the evening Dr. Montgomery re-

signed as president feeling his work would not permit him to do justice to the Association. After first declining the position, Art Murray, under pressure of popular demand, returned to head the Association for another year. Alex Bill likewise was returned to office, this time as treasurer, while Nick Pavlikis remained secretary. One new position on the executive will be filled by a member of the Civic Centre who will not have the power to vote. The executive will meet next week to line-up league arrangements for the season.

This is what's behind that CHEVRON SIGN

Lots of folks are curious about our new Chevron Gas Station. So here are the answers to the questions you've been asking—the story of how Standard of B.C. is helping us establish our identity as an independent.

No, when the Chevron sign went up over our gas station it didn't mean that the station had changed hands. The new name, the new paint job are just to establish it as an independent business. Lots of motorists who like the personal service they get at independent gas stations didn't know we are local businessmen. We're taking this means of making the fact plain.

You bet we will continue to handle Standard products. We want to offer our customers the finest. Our service and accessories will be just the same, too. Sure, we'll honor Standard of B.C. Credit Cards. And they're mighty handy when you come in for Chevron Gasolines, RPM Motor Oil and other products and services. Just drop in any time.

REMEMBER...the same products, the same service, the same folks to serve you

New Gymnasium To Widen Sport Opportunities

The people of Prince Rupert who like to indulge in energetic sports and recreation are going to have plenty of choice when the new addition to the Civic Centre is completed. Workmen are busy now closing it in and preparing it for hardwood floors and walls.

The new section will be used for specialized gymnasium training and recreation. It is 51 by 31 feet and besides a handball court it will have all the equipment, such as horizontal bars, vaulting horses and rings needed for get-fit classes.

If need be it can be used for badminton but for the main part it will be used for straight gym activities, leaving the present gymnasium with its 90 by 50 foot floor and gallery accommodations for 700, free for mass recreation.

square, will be turned into a room for those who like to keep in shape with the more rugged methods of training such as punching the bag or getting into the ring to learn some of the arts of boxing. This room is situated so that people wishing to make use of it won't interfere with other activities in the building.

The new gymnasium will have a main entrance off the corridor that runs along the building off the lunch counter. It is handy to the showers and dressing rooms and stairs now connect it with the main exits at the rear of the Civic Centre.

By using the auditorium and the two gymnasiums, it will be possible this winter to have seven courts of badminton in operation at once.

Altogether it looks as though there isn't anything the Civic Centre can't provide in the way of indoor recreation. Neither young nor old will be able to say there is "nothing to do" in Prince Rupert.

Below the new gymnasium a concrete walled room, 30 feet

ROPE IN RAW
Abaca fibre is the raw material of Manila rope.

BRAIN TWISTERS

By Don Douglas

SCRAMBLED UP
How good are you at cleaning up messes? Here are some words that are really scrambled up. Try and see what you can do about rearranging the letters to form the correct words.

1. LEECH: South American country.
2. WASPORN: a bird.
3. VIRAMEN: ancient Greek goddess.
4. CATEHMB: Shakespearean tragedy.

THIS AND THAT

"Oh yeah? Well, I don't think much of anyone who doesn't like the pitter-patter of tiny feet!"

WARSAW RISING FROM WARTIME RUBBLE HEAPS

By DANIEL DeLUCE

WARSAW, (AP) — Warsaw is the Lazarus of European cities. The stone desert along the Vistula throbs again with life.

No words or statistics can describe the miracle that has touched Poland's capital since Soviet and Polish troops mopped up the last German resistance here in January, 1945.

It lay, then, a fire-gutted, dynamite-blasted skeleton. Barricades from the people's revolt in the previous summer still blocked the snow-covered streets. Crude wooden crosses marked the sidewalk graves of Polish dead.

A lend-lease Red Army truck, which the Russians had given to the Poles, carried me for miles through the ghostly welter of ruins. The sight was worse than any I had seen during the war in nine other countries.

The resurrection of their capital is the Poles greatest single achievement since the war.

Before the war, there were 500,000 habitable dwellings in Warsaw and the population approximated 1,000,000. When the Germans left, there were 4,000 rooms.

No western country experienced the Teutonic fury which was given full vent in the East. By methodical demolitions without any military importance, the Wehrmacht turned Warsaw to rubble while the S.S. was burning the last of 2,500,000 victims in the crematoria of Oswiecim.

But 340,000 Poles have come back to the city whose spirit every foreign conqueror in history has failed to break. Praga has another 200,000. By 1950 the total may again be 1,000,000.

The government has poured 17,000,000,000 Zlotys (official rate, \$170,000,000) into the rebuilding and private capital has supplied 300,000,000 Zlotys. It is a quarter of what is needed to complete the work.

By no chance irony, German prisoners of war are now salvaging bricks in what was the ghetto until S.S. Gen. Jurgen's troops levelled it in 1943. Warsaw has named one of its newest, widest streets: "Heroes of the Ghetto."

Modern Etiquette

By ROBERTA LEE

Q. Is it permissible to apply make-up in an office, comb the hair or manicure the nails?
A. Never.

Q. When callers arrive in succession which should leave first?
A. The first to arrive.

Q. Should toothpicks be used at dinner?
A. Never in the presence of others.

IN THE SUPREME COURT OF BRITISH COLUMBIA
IN PROBATE
IN THE MATTER OF THE ESTATE OF JOHN ANDERSON, OR JOHN ANDERSEN, DECEASED.
TESTATE

TAKE NOTICE by Order of His Honour Judge W. O. Fulton, Local Judge of the Supreme Court of British Columbia, I was on the 22nd day of September, A. D. 1947, appointed Administrator of the Estate of John Anderson, or Andersen, late of Prince Rupert, British Columbia, who died on or about the 4th day of July, 1947, at the City of Prince Rupert, British Columbia. All persons indebted to the said estate are required to pay the amount of their indebtedness to me forthwith and all persons having claims against the said Estate are required to file them with me properly verified on or before the 31st day of October, 1947, failing which distribution will be made having regard only to such claims of which I shall have been notified.

DATED at Prince Rupert, B. C. this 22nd day of September, A. D. 1947.
