Great Storm Moves West

Florida Counts Two Dead
With Thousands Homeless and
Millions of Damage

ATLANTA, Georgia, 10—The great Atlantic hurricane has curved northward and is expected to hit the west of Florida between Pensacola and Apalachicola with 100 mile winds late tonight. The Weather Bureau reported. The storm is centred 100 miles southwest of Tampa and is moving northwest 50 miles an hour.

The tropical storm had screamed across the Gulf of Mexico today, leaving behind it in Florida at least two dead, thousands distressed and hungry and great, but yet unmeasured, property damage, undoubtedly reaching into millions.

No less than 17 persons are stranded and missing and five thousand homeless are clustered in improvised shelters at the inland city of Sebring, appealing urgently for food.

Mightiest hurricane to strike the south Florida peninsula in a decade, the storm scattered havoc and hardship from shore to shore. Millionaire resort cities, rich citrus groves and vegetable groves alike were raked by tremendous winds in their 50-mile course from east to west coasts.

Damage seemingly has borne heaviest upon citrus growers with their \$100,000,000 crop and vegetable farmers in the Lake Okeechobee region.

Bulletins

MINISTER TO NORWAY
OTTAWA—Prime Minister Mackenzie King today announced the appointment of E. J. Garland as Canadian Minister to Norway, succeeding Dr. Henry Laureys who was minister to both Norway and Denmark and now will be minister to Denmark only. Mr. Garland for 14 years was M.P. for Bow River, Alberta.

PRAY FOR LAGUARDIA
NEW YORK—Fiorella Laguardia, 64, is in a "downward" trend in his grave illness, his physician reported today as New Yorkers prayed at the request of Mayor O'Dwyer for the man who was the city's mayor for 13 years.

DEMAND SALES TAX
HARRISON—Threat of a mass march on Victoria hung over the government today as delegates to the annual convention of the Union of British Columbia Municipalities moved to enforce demands for a sales tax to provide for education costs.

"LOVER'S LANE" MANIAC
TORONTO—Amid public anxiety over unsolved crimes, police speculated today that a maniac lurked in the neighborhood of huge West End Park ready to strike again in another "Lover's Lane" murder.

URGES YOUTHS TO BECOME APPRENTICES

An appeal to young men to take advantage of the growing apprenticeship system to give themselves a firm foothold in industry, rather than to take temporary, higher-paid jobs, was made last night by E. A. Ivay, provincial inspector of apprenticeship in a speech before the semi-monthly meeting of the Kinsmen Club at the Civic Centre.

Mr. Ivay outlined the apprenticeship system to the 20 club members and guests and then led a discussion period in which he answered questions pertaining to the situation.

He forecast that, in order to stimulate the growing movement, night classes would be established in Prince Rupert in order to enable apprentices to obtain formal instruction in their trades and supplement the practical experience they obtain in shops.

At present, he said, there are about a dozen apprentices in the city, working in boat building, auto repair and machine shops.

Plans for installation night, when the 1947-48 officers of the Kinsmen's Club will formally take office, were outlined at the meeting. The installation will take place next Wednesday night when the new president, R. G. Moore, and other officers, will take over. Installing officer will be William Jarmson of Prince George, a former local man who is now district governor. Mr. Jarmson will install new officers at the Terrace club on Tuesday night and continue on to Prince Rupert the following day. A number of Terrace guests are expected at the local installation.

Entertainment at the meeting included a number of selections by Joseph Frankie, pianist.

The Ketchikan fish packer Dagny, Capt. Burdette, docked here this morning to unload four carloads of canned salmon for rail shipment over C.N.R. lines to the eastern United States.

NEWS OF TWO MILLION YEARS AGO—Shakespeare said that there were "sermons in stones." There is history in the stones that Dr. G. A. Cooper, Smithsonian Institute paleontologist, is studying in Washington. The history, written in fossil shells, imbedded in eight tons of rock, is being deciphered here. It is the history of an epoch extending from 175,000,000 to 212,000,000 years ago—an era believed to be one of the great transition periods of earthy time, when this planet's crust was becoming fixed into something approaching its present contour and back-boned animals, including the possible ancestors of mammals, had conquered the land. A special laboratory has been set up for the work of deciphering the story in the rock.

Dominion Minister Says He'll Take Hand In Packers Strike

TORONTO, (CP)—Meat shortage, brought about by the Dominion-wide strike for higher wages by more than twelve thousand packing house workers, continues to grow worse despite raising of the possibility of federal intervention.

Agriculture Minister James G. Gardiner, interviewed at Montreal last night on his return from Great Britain, said he would "take a hand" in the strike situation on his return to Ottawa today. He also said that continuation of the strike may seriously affect Canada's commitments of meat shipments to the United Kingdom.

At Regina Premier T. C. Douglas of Saskatchewan said that prospects were good for a common plan of action by the four western provinces towards settling the strike. He was waiting to hear from Premier Drew of Ontario, Douglas said.

Protest By Yugoslavia

Border Crisis in Trieste Area
Still Tense—U. S. Charged
With Looting

LONDON, 9—The Yugoslav Foreign Office today ordered its Washington representative to lodge the "strongest protest" and demand compensation for "destruction and offences perpetrated by United States units in Istria and Gorizia," the Belgrade radio said last night.

The protest said that troops in Istria had looted everything from places which, according to the peace treaty, should have been handed intact to Yugoslav forces.

Meantime the situation continues tense in the Trieste area and the advisability of evacuating women and children is being considered.

THE WEATHER

Frost was reported in most sections of the interior of British Columbia during the night. The coldest point in the province—Prince George—reported a minimum of 20. Cloudy skies are expected today and Friday over the Kootenay Valley and north coast districts with mainly clear skies over the remainder of the province.

Prince Rupert, Charlottes and North Coast—Southern section, clear today and Friday. Wind light. Little change in temperature. Port Hardy, high Friday, 60.

Northern Section—Cloudy today, overcast tonight and Friday. Wind light, little change in temperature. Low tonight and high Friday: Massett 48 and 60; Prince Rupert, 48 and 60.

Prince George and Bulkley Valley—Clear today, cloudy Friday. Wind light. Little change in temperature. Frost tonight. Low tonight and high Friday: Prince George 25 and 60, Smithers 30 and 58.

Northern B.C.—Cloudy today. Overcast tonight and Friday. Winds light. Little change in temperature. Low tonight and high Friday at Telegraph Creek, 38 and 58.

PUBLIC RADIO HEARINGS

CALGARY—Board of Governors of the Canadian Broadcasting Corporation decided yesterday that public sessions would be held in future to hear representations on applications for broadcasting licenses "or regulations within its competence." Board Chairman A. D. Dunton said that representations would be heard Friday on applications for new stations at Victoria, Penticton and Timmins.

Possible Gold Strike in City Sets Workmen Busy Staking Claims

"Gold fever" struck Prince Rupert Wednesday afternoon. Workmen, laboring on the new fishermen's floats road running from Park Avenue to the Co-op Westview plant, burst into a surge of excitement when a workman, drilling a blasting hole, chipped off a piece of rock which he believes contained about two ounces of the precious metal.

If the reported discovery is authentic and of any quantity Prince Rupert will literally have a gold mine in its lap. The site of the discovery is well within the city limits.

Other workmen caught the fever and began staking claims almost immediately. Men with transits and compasses were out on the site before sunrise this morning marking off claims which they staked out. The claims were being registered this afternoon.

How many claims have been staked so far is not known, but it was reported this afternoon that men were "running around like mad" seeking plots to mark out.

The site of the strike is just west of the new road on a series of rock outcroppings.

TOKYO IN BAD WAY

TOKYO, 9—Floods today drove Japanese from five densely populated districts of Tokyo and even higher crests were feared in the wake of the typhoon disaster which has caused 3,370 casualties.

American troops, in assault boats, have rescued thousands of refugees from roof tops and dikes on a flooded plain east of Tokyo.

Air Force planes have dropped food to some of those beyond the reach of boats.

The Army reports that new floods of serious proportions are expected to hit the city shortly.

Yesterday Supreme headquarters had placed the dead and missing at 2080.

Tokyo has braced itself for continued floods sweeping from the Tone and Ara Rivers after learning that fresh crests have been sighted upstream. The rivers which empty into Tokyo Bay are expected to flood the eastern sections of the city with the new rise.

TO LOWER EXPORT GRAIN CEILING

Bad Time for United States
Speculators Appears to
Be in Sight

WASHINGTON, D.C., 9—Bad news for grain speculators shaped up in the United States government today amid mounting concern over food and other prices.

President Truman's cabinet committee on food appears headed for a decision to clamp a sharply lower ceiling on grain exports immediately ahead.

Officials believe that such a step would take some of the wind out of speculative sails.

INQUEST INTO TRAFFIC DEATH

Inquiry into Circumstances
of Fatality at Terrace

An inquest was begun Wednesday afternoon into the death Tuesday night of Mrs. Martha Willie, who succumbed to injuries received when she was struck by a truck at Terrace at 10:36 last Friday night. The jury, empanelled by Coroner M. M. Stephens, viewed the body and adjourned until September 24.

The body was identified by Dr. C. H. Hankinson who treated the injured woman after she had been brought to Prince Rupert by ambulance last Saturday.

The inquest was adjourned in order to give the police time to complete their investigation of the fatality and to summon witnesses, most of whom are now in Terrace.

Emil Willie, husband of deceased, was still in hospital Wednesday afternoon recovering from injuries received at the same time.

Harry Johnson is being held by the police at Terrace in connection with the affair. He is alleged to be the driver of the truck which struck the couple on a Terrace street corner.

Testimony by Dr. Hankinson indicated that Mrs. Willie suffered a "very severe head injury" which caused contusion of the brain, a broken right leg, a fractured pelvis and a severe bruise on the back.

Jurors on the inquest are Wilbur Sheardown, foreman; J. Harry Black, William Read, William H. Wright, Richard Long and Garnet Hull.

Local Chamber of Commerce
Getting in Touch With
Railway Head

Representations are being made to R. C. Vaughan, president and chairman of the board of directors of Canadian National Railways, with a view to assuring that the company's fine new coastal vessel, now being built at Victoria, to be launched October 6 and scheduled to be in service early next summer between Vancouver and Prince Rupert and on to Alaska, should be registered from Prince Rupert, traditional home port of the line.

It having been reported that the vessel might be registered out of Vancouver, the Prince Rupert Chamber of Commerce is getting in touch with Mr. Vaughan on the matter.

It is understood that the new ship is to be called Prince George.

No Food Shortage Here

EVEN SINCE WORLD WARS became fashionable never have people of Canada anywhere in all her broad spaces been in danger of serious physical hunger. Inconvenience has been felt but never the stark destitution seen in actual, acute want. The carelessly spoken, thoughtless expression "facing starvation" heard over the air, and read on countless pages does not apply in Canada. One can conceive, under some circumstances, a lack of costly luxuries, but rarely a shortage of wholesome fare.

The charge of products manipulation in big business is something else again and is, as well, beside the point. For food, and enough for all, is always here. The privilege of humoring one's appetite, or taste is never denied. Now comes the meat scarcity, but we can always fall back on poultry and fish. Yes, prospects could be more grave. Canada will yet struggle through.

ALASKA

SEWARD, who served in Lincoln's cabinet, was a statesman who, after scoring the greatest bargain in American history, received for his reward, the unmeasured abuse and cutting ridicule of his fellow countrymen.

A few years after the close of the Civil War he bought Alaska from Russia for \$7,000,000—a pittance, measured by today's standards. Of course, few could comprehend the north. Another iron curtain—this time a curtain of profound ignorance, made it possible. Hence, the barbed criticism, the jibes and mockery. Hence, "Seward's Folly," "Seward's Ice Box," and the playful "Bears and Walrus Make Salaam, You belong to Uncle Sam." They did not know then of a land way up yonder, of unimaginable natural wealth and lordly beauty that some day would be of commanding strategic importance in the defence of all North America.

Q.C.I. TRANSPORT

UNIL THE COMING of aviation, travel between the Queen Charlotte Islands and Prince Rupert was a permanent headache, unless one did not care how long it might take. Any old timer will nod solemnly in full and ready agreement. It was not so much a matter of distance as it was the long delay waiting for the return voyage. It was a tedious expensive business. Flying now settles that problem. Today one does in a few hours, what years ago required weeks. That time is money is just as much a truism today, as ever—perhaps more so.

LAUGH IT OFF!

SOME FOLKS have the happy capacity of refusing to let things bother them, a blessed state worth striving for. The habit of fussing over trifles grows with indulgence. If we had minimized all those minor upsets and disappointments, how much more we would have enjoyed many occasions beyond recall! It's never too late. Cultivate a shrug-of-the-shoulder attitude toward trifles which often are easily dispelled by "laughing it off."

TORNADO HITS TWO ONTARIO COUNTIES—One of the most vicious tornadoes ever to hit Canada ripped through 70 miles of two Ontario counties, leaving death and destruction in its wake. Southern Haliburton and Hastings counties were in tornadoes path. The service station of George Parks, near Coe Hill, Ont., rear view of which is shown here, had the roof torn off. Many were eating dinner when the storm came and had little warning of what was to happen.

ADVERTISE IN THE DAILY NEWS FOR BEST RESULTS

Canada Has Great Role

Preserved for Part of Utmost Importance in Building of Better World, Says Canadian Navy League Head

Canada, her shores on east and west by providential fortune still intact, has been preserved for the carrying out of a great world task in the future. In the building and maintaining of a better world, she should, with the tradition of British idealism and the co-operation of the English-speaking nations and those nations which believed and practised similar principles, play a mighty role. So declared David H. Gibson of Toronto, Dominion president of the Navy League of Canada, at a dinner tendered in his honor last evening by the executive of the Prince Rupert Navy League.

Mr. Gibson spoke of the valuable contribution to the building of citizenship that was being made by all persons, particularly as regards Sea Cadet training. He told of the high regard held in the heart of Empire for the Canadian Sea Cadets and for Canadian naval men. He spoke of their great deeds during war in keeping the Atlantic life line and their exploits of courage and daring.

Mr. Gibson complimented the Prince Rupert branch of the Navy League on the achievements of the local Sea Cadet Corps as had been so amply testified to when members of the corps had had the distinction of winning scholarships for naval training and of being selected for such an honor as a trip to Britain.

Situated as this city was, it was logical, said Mr. Gibson, that Prince Rupert should be a training ground for men of the sea. He foresaw immediate and important development of the port of Prince Rupert.

The Dominion president also spoke of the valuable function that the women could play in their auxiliary work.

RESERVOIR OF TRAINED MEN

Rear-Admiral E. R. Mainguy R.C.N., commanding officer, Pacific Coast, speaking along practical lines, emphasized the important function that could be performed by the Sea Cadets and the Reserve Corps in building up a reservoir of trained naval men. If war came again, he warned, it would be sudden and speedy of action. There would not be the time as there had been in the last war to build up a great Canadian navy and large personnel. It was only by the Grace of God, he felt, that, unprepared as it was in the last war, Britain and Canada had come through. Such good fortune could not be expected again if there was not training and preparedness.

S. P. Woodside, president of the local Navy League, presided at last night's function and the spokesman for the local branch was its secretary-treasurer, E. T. Applewhite, who expressed appreciation for the visit of Mr. Gibson, bringing a personal touch between the national and local levels. Mr. Applewhite also spoke appreciatively of the presence of Admiral Mainguy and the representative of the Canadian Legion, Robert Macnicol, public relations officer. Particular acknowledgement was made by Mr. Applewhite to Lt. Cdr. A. S. Mitchell and Theo Fortune whose indefatigable hours of work and guidance had made possible the distinctive achievements of local Sea Cadets.

CENSORSHIP OF THE PRESS

Censorship of the press is not an immediate menace in Canada. Outside the democracies the coverage of news is much less complete than it is in this country. Whole populations are denied news, while such newspapers as there are obey governmental dictates by publishing only material which will further government's aims. As Herbert

Brucker, widely-experienced newspaperman and a professor at Columbia, puts it: "This public-opinion technique of trying to make the real world conform to an artificial mental one, is an inherent part of the totalitarian method. The results in terms of the wreckage of things past now strewn about the world, indicate that the method is effective, in its way." That way is a way of destruction, the suicide of personal freedom, and the smothering of intelligent thought. Canada has no peace-time censorship, puts no embargo on the import or export of news, and does not tell editors what to print, what opinions to express, what "causes" to support. The policy of public criticism is understood and accepted. Such criticism as there was of the Hong Kong or Dieppe expeditions could never have been made in dictator countries.

Bruce MacKinnon, former local school teacher and now permanently identified with Labor-Progressive party affairs with headquarters in Vancouver, arrived in the city on Tuesday night's train after having been for some time in Ontario. He will be here until Saturday night when he will sail on the Camosun for Vancouver.

MR. ALDER CONFIDENT

Former City Commissioner
Sees Great Progress Here

Concluding a week's visit to Prince Rupert, W. J. Alder will sail this evening, returning to his home in Victoria. He came north to look over the general situation here in view of present and prospective developments and among places visited was Port Edward where substantial progress is being made with preparing the site of the cellulose mill.

Mr. Alder remarked that the coming of this great enterprise to Prince Rupert is of immense importance for it will provide what the city has so long lacked, a steady, large-scale payroll, as well as exerting a strong effect in attracting other interests this way and, in general, strengthening and stimulating confidence. He predicted the time was now rapidly approaching when local expansion would even surpass the optimism now so evident.

Palisana Docks Here With Fish

The 8,000-ton Northland Transportation Co. freighter Palisana docked at Prince Rupert Wednesday morning to unload a cargo of frozen and canned fish which will be transhipped over Canadian National lines to the eastern American market. Southbound for Seattle, Palisana was under command of Capt. A. W. Nickerson, veteran Alaska skipper. Her cargo for Prince Rupert was seven carloads of frozen fish and 8,000 cases of farmed salmon from the Alaska ports.

Popular Apples Arrive—Citrus
Prices Are Up

Ever-popular Macintosh Red
apples have appeared on the
market, selling at \$3.69 for fancy
grade and \$3.59 for "C" grade
at most stores.

Oranges are selling at \$1.50 to
\$2 a case higher than they were
earlier in the summer while lemons
are \$3 a case higher. This, however,
is said to be a seasonal
rise. In the case of oranges it is
the period when the Valencia
crop is finished and the navel
crop is not yet available.

Concord grapes are available
at about 93 cents for an eight-
pound basket.

All new-pack canned fruits are
eight or nine cents higher than
a year ago on the local retail
market, a survey shows.

Miss Margaret Smith Becomes
Bride of Murray Henderson

In a beautiful ceremony on
Tuesday at 7:30 p.m. in St. An-
drew's Cathedral, Miss Margaret
Alice Smith, youngest daughter
of Mr. and Mrs. Oscar Smith of
Prince Rupert, was united in
marriage to R. J. Murray Hen-
derson, youngest son of Mr. and
Mrs. David Henderson of Van-
couver, formerly of this city. The
ceremony was performed by Rev.
Basil Prockter, rector of St. An-
drew's Cathedral, assisted by
Rev. R. A. Wilson of First Uni-
ted Church.

Entering the church to the
strains of the Wedding March
played by Peter Lien, the bride
was given in marriage by her
father. She wore a lovely wed-
ding gown of white sheer nylon
with matching veil and Mary
Queen of Scots headdress. Her
bouquet was of red roses, her
sole ornament being a double
strand of pearls, gift of the
groom. Her sister, Mrs. John
Bowman, as matron of honor
wore a white net dress over
satin with matching headdress
of carnations and carried a bou-
quet of pink chrysanthemums
and snapdragon.

The groom was attended by
his brother, Bruce Henderson
and the ushers were Arthur
Olson and John Bowman
brother-in-law of the bride.

A reception was held at the
Valhalla Hall where 75 guests,
friends of the bride and groom
gathered. The guests were re-
ceived by parents of both bride
and groom. The bride's mother
wore powder blue with black
accessories and the groom's
mother was attired in grey with
black accessories. Both wore
corsages of gardenias and roses.

The bride and groom received
the congratulations and best

**RITE UNITE
LOCAL COUPLE**

Miss Eileen Kirkham is Bride
of William David Murray

Two local families were joined
Tuesday evening at a marriage
ceremony at First Presbyterian
Church which united Eileen,
second daughter of Mr. and Mrs.
E. Kirkham to William David
Murray, only son of Mrs. Mary
Murray, and J. K. Murray. Rev.
A. F. MacSween officiated before
a gathering of 150 friends.

Gowned in white satin, the
bride entered the church on the
arm of her father who gave her
in marriage. She wore a Mary
Queen of Scots head dress from
which flowed a floor-length veil.
Her bouquet was of sweetheart
roses.

Attending the bride as matron
of honor was Mrs. Rob Roy,
while her two bridesmaids were
Miss Betty Kirkham and Miss
Evelyn Skog. The matron of
honor was gownned in deep rose-
pink satin with bouquet of pink
carnations. Miss Betty Kirk-
ham was costumed in pale pink
and carried a bouquet of pink
and yellow carnations. Miss
Skog's gown was of blue crepe
and her bouquet was of blue and
pink carnations.

Groomsman was David Bailey.

wishes of their many friends
under a gaily decorated arch of
streamers and wedding bells. The
toast to the bride was proposed
by J. R. Morin and was suitably
responded to by the groom. The
toast to the matron of honor by
Bruce Henderson, was also suit-
ably responded to.

Congratulatory telegrams were
received from Jordan, Ont., Port
Hope, Ontario, Prince George,
Winnipeg, Letellier, Manitoba,
Vancouver, Victoria, and from
Bishop J. B. Gibson at McBride,
B. C.

The wedding cake was decor-
ated with the ornament used by
the bride's parents thirty-two
years ago.

Piano solos were rendered by
Miss Rose-Marie Hartwig.

The bride was until recently
a popular member of the staff
of the Royal Bank.

The groom, a former officer
of the Royal Canadian Air Force,
is attending Wesley Theological
College in Winnipeg.

The happy couple left on
last evening's train for a honey-
moon trip to Winnipeg where
they will take up residence.

The bride chose a three piece
grey suit with pink hat and
white gloves and shoes for going
away.

The wedding gifts were numer-
ous, beautiful and useful.

SOLARIUM EDUCATION

Borden Street School P.T.A.
Hears Impressive Address

A talk on the work of the Queen Alexandra Solarium on Vancouver Island provided the feature of last evening's meeting of the Borden Street School Parent Teacher Association. The speaker was Mrs. A. M. Morris, now on the staff of Borden Street School but formerly on the teaching staff of the solarium.

After dealing briefly with the start of the institution in 1926 and referring to its plan Mrs. Morris told that the objectives were to build healthy bodies and happy minds and send the children back to their homes confident in their own abilities and with the knowledge that they were not misfits. The medical wing was discussed with special emphasis laid on the "splint shop." The name is an understatement for it is in this department that all the steel, wooden or celluloid accessories are made from the raw material and in each case fashioned to the peculiar needs of the child. Children are accepted from all parts of the province without regard to race, religion or color.

The school program provides for daily instruction and as most of the children are bed patients the books and equipment are carried to the pupils. There are three groups, primary, intermediate and senior. Special weekly activities include the weekly letter home, educational film, handicrafts and even a rhythm band. When it is realized that some of the children are lying on their faces in a "shell" or with a limb strapped to a frame, the story of their participation in rhythmic works was a revelation.

Special features included an operetta with songs and choruses and even drills. Halloween celebrations, Boy Scouts and Girls Guide activities are regularly held. Every child is "adopted" by an organization but adoption in this aspect means that the organization makes itself responsible for seeing that all anniversaries and fete days are suitably remembered for the child.

The school year breaks up with a picnic in June.

Musical items were provided by Olive Strand with pianoforte solos and Edwin Vell with piano-acordion selections.

ROOSEVELT PARK FOR NEW SCHOOL

In the business session in addition to routine matters the question of the location of the new school building was discussed. The representatives to the P.T.A. Council were instructed to recommend that the site on Roosevelt Park should be favourably considered. It has the space so necessary for modern educational activities; it is off the main traffic lanes; it was provided with modern conveniences during the time when thousands of American troops were located there and it would allow for future expansion. These expansion might include a Normal School and University extension units. Speakers claimed that to continue spending money in trying to make Booth Memorial School safe and satisfactory was a waste and would never be economical.

It was also agreed to have alternate monthly meetings in the afternoon. One special meeting will be arranged for the parents of pupils who began school this year.

The president, Carlo Hansen, was in the chair and Miss G. Foster acted as secretary in the absence from the city of the

regular secretary, Mrs. McKeown.

A hearty vote of thanks to Mrs. Morris for her impressive and informative talk, and to Olive Strand and Edwin Vell, was endorsed enthusiastically. Delicious refreshments were served by a committee with Mrs. Lineham in charge.

Funeral of Bert Creech is Held

Funeral services for Robert A. Creech, resident in Vancouver for 40 years, and well known in Prince Rupert, took place in Vancouver early this week from Simmons & McBride funeral chapel. Rev. S. E. Higgs officiated. Mr. Creech, who was 75 years of age, had been employed in the St. Francis Hotel. Interment was in the family plot, Masonic section, Mountain View Cemetery.

Clifton E. Gillingham, son of Brigadier and Mrs. J. T. Gillingham of the Salvation Army, is a visitor in the city on official business as an auditor for the War Assets Corporation. He arrived yesterday on the Prince Rupert from Vancouver and will be here for the coming week.

CIVIC CENTRE GETTING READY FOR HUGE DRIVE NEXT WEEK

Prince Rupert Civic Centre Association plans a membership drive later this month that will be aimed at "covering the whole city" to increase formal participation in the community centre by stressing family membership. Decision to undertake the campaign was made at a directors' meeting Tuesday night.

Choice of chairman for the drive was left to the Civic Centre executive after discussion by the directors failed to bring forth a suitable name at the meeting.

The drive will commence on Friday, September 26, and run for two, or possibly three weeks and will be preceded by a "membership rally" in the Civic Centre to which those interested in increasing membership will be invited and briefed on the campaign procedure.

Civic Centre President T. N. Youngs stressed that this year's campaign would be on a broader scale than the initial drive last year and reminded the directors that the success of the last year's operation would be a strong point in favor of obtaining new memberships.

Civic Centre membership last year numbered about 1,000 and this year it is hoped to more than double it.

"I feel sure that, if we get the campaign across in a proper manner, we will be able to show a vast increase in members this year," Mr. Youngs told the group of directors. "The place which the Civic Centre has assumed in the life of the community will be one of our strongest selling

points."

The membership rally, scheduled for a week from Thursday, will give volunteer campaign workers instruction in the tactics of the drive.

members hope to see family participation in the community centre by stressing individual memberships on a family basis be encouraged. Managing Secretary Ward pointed out that in the facilities of the Centre by construction of a gymnasium and other will add greatly to the available for recreational this year. He also mentioned a cultural program which developed for the year.

New Refrigerator Cars Are Success

A broadcast last evening gave the text of an interview on the subject of the recent shipment of halibut in special cars from Prince Rupert to Eastern Canada. It was an experiment in an endeavour toward maintenance of temperature which could preserve to the fullest possible extent the quality of the fish and this objective, the interview intimated, was gained.

When Mr. and Mrs. Jarvis McLeod were in California recently they had the pleasure of meeting two former residents of Prince Rupert. One was James Carmichael, who lived here for years in the early days, and Miss Jessie Scott, whose father built the business block at Third Avenue and Fulton Street.

STEWART MOOSE WOMEN'S BAZAAR

Fine Affair Held Saturday in Portland Canal Town

STEWART—Stewart had one of the finest and most successful bazaars ever held in the district when the home making committee of Women of the Moose, Saturday afternoon, under the chairmanship of Mrs. J. McKay, placed before the public an excellent display in which booths of flowers, fancy work, homecooking etc., rivaled a metropolis.

The tea room was beautifully decorated with sweet peas.

Mrs. Catherine Gibson and Mrs. W. L. Newell presided at the urns.

Senior Regent Mrs. H. A. Stewart and Chairman, Mrs. J. McKay welcomed the guests.

Stewart News

STEWART—Robert Macnicol, public relations officer for B. C. Command of the Canadian Legion, visiting here during the past week, met the members of the Stewart Branch and gave a very interesting talk on the activities of the Legion during World War No. 2. Mr. Macnicol stressed the fact that the government had been remiss in their treatment of the "burnt out" veteran, although representations had been made from time to time through the Dominion Executive. His remarks were received with generous applause. Later in the week a social gathering was held in the Legion when members and their wives had an opportunity to meet both Mr. and Mrs. Macnicol.

The Women of the Moose held a very successful Bazaar and Sale of Home Cooking in the Union Hall on Saturday. Their funds were increased by the sum of \$260.

The Haida Queen of the Queen Charlotte Airways arrived on Saturday, piloted by Bill McLeod. The plane is under contract to the Morris Summit Gold Mines taking in supplies to the mine.

Miss Joyce Hawkinson left for the south on Monday to resume her studies at the University of British Columbia.

George Winkler is in town and states that development at the Silver Tip Mine are proceeding very satisfactorily.

Mr. and Mrs. G. T. Durkin and daughter, Mary, left on last night's train for Prince George, planning to fly from there to Spirit River in the Peace River country where they will spend the next two weeks holidaying.

THEY CAME FROM "SIX SHOOTER JUNCTION"—It's their story and they stick to it. These two young Texas girls, Isabelle and Lorraine Clemons, who sleep with artillery under their pillows, claim to have fired a round through the door of their Washington, D.C., apartment when a knock came and the knocker wouldn't answer to "Who's there?" Police saw the hole in the door, but couldn't find the bullet. Whoever knocked may be carrying an extra ounce of lead.

Thieves Raid Fish Office
An open window in the waterfront fish plant of Bacon Fisheries proved to be an invitation to thieves to enter the office and steal stamps valued at \$6 and \$3.25 in cash from a drawer. The theft was discovered when Mr. Bacon opened the office this morning.

Committed on Theft Count
Robert Wilkins was committed for trial by a higher court when he appeared before Magistrate W. D. Vance Wednesday afternoon for preliminary hearing on a charge of theft. Wilkins is alleged to have taken \$41.50 from George Bath while the two were in a room in the Exchange Block. Rod MacLeod of the law firm of MacLeod and Ray appeared for the accused and Corporal A. H. Taylor of the city police prosecuted.

WORKING ON IMMIGRATION

Vancouver Body Would Bring People from Britain

"While the British Columbia government is dilly-dallying with immigration, we are really doing something about it in Vancouver," said Harry Gregson, "News Herald" reporter and secretary of the B. C. Advisory Panel for Immigrants in Vancouver.

"We have formed our committee under the auspices of the Royal Society of St. George in Vancouver, made its objects known in the Old Country and, within three weeks, we have had nearly 400 applications for information from would-be emigrants from the U. K.

"These applications are being answered individually by the Royal Society of St. George, the Imperial Order of Daughters of Empire, the St. Andrews and Caledonian and other Old Country societies in our committee."

Every Friday the committee meets in the offices of the Canadian Manufacturers' Association and examines letters received and arranges for replies.

"We get applications from barristers, chaplains, doctors and of course, largely from artisans, such as toolmakers, engineers, shipyard workers and miners. We see that the labor unions get letters which may interest them and, even where a job does not result immediately, we establish a personal contact between the would-be emigrant and people in Vancouver, which maintains interest in Canada and will, we are sure, help to bring the tide of immigration this way."

"We hope eventually to extend our work to co-ordinate all enquiries from the United Kingdom which reach the Vancouver Tourist Bureau, the Canadian Manufacturers' Association and private firms."

The Board of Trade is very interested in our work and is collaborating with us.

The Committee would be very glad to hear from the Prince Rupert organizations which are

REQUEST AID FOR EGYPT'S ARMY—Egyptian ambassador to the United States, Mahmoud Hassaw, left, and Egyptian Prime Minister Mahmoud Nekrasy Pasha, second from left, are pictured as they were interviewed at Washington. They revealed that they have asked the United States for aid in modernizing the Egyptian army and air force. This request is expected to be approved.

MINK SHIPMENT FOR LOCAL FARM

Silver Blues and Half Bloods Brought Here as Foundation Stock

Fourteen silver blue and seven half blood mink comprised an interesting shipment which arrived here yesterday from Vancouver for the Star Mink Ranch which has been established on McNicholl Street in the Eleventh Avenue East area by Arvid Mattson and Charles Haan. First live silver blue fox ever to be seen in Prince Rupert, it is believed, they will be used as foundation stock for this establishment, known as the Star Mink Ranch, which was started up last fall with three standard mink.

URGES VETERANS TO SETTLE DOWN

Word of Advice by Robert Nicol to Ex-service Men

It is high time that young ex-service men, now that war has been over for two years, should be settling down to permanent jobs and locations, said Robert Macnicol, public relations officer of the Canadian Legion for British Columbia, in a word of advice while here to veterans who might still be feeling footloose and unsettled.

Experience of the last war, Mr. Macnicol recalled, had been that the veterans who had progressed in life and made good for themselves had been the ones who had settled down. There had been recurring difficulties for those who roamed about the country from place to place and job to job.

Mr. Macnicol, after spending a few days here following a week in the Portland Canal district where he visited the Stewart and Premier branches, left on last evening's train for Terrace and, on his way back to Vancouver, will also visit the Smithers, Burns Lake, Vanderhoof, Fort Fraser, Prince George, McBride and Blue River branches of the Legion.
