BEER LIKELY TO BE SOLD BY THE GLASS WHERE PEOPLE VOTED FOR IT

Beer By The Glass Is Likely To Be Allowed Result Of House Vote

VICTORIA, Dec. 17.—That British Columbians may soon see a return to the old-fashioned schooner or glass of beer in licensed premises was indicated when after a lengthy debate in the Legislature two amendments to the Liquor Act, which sought to deprive the districts which voted in favor of beer by the glass last June of that privilege were defeated by large majorities. This is taken as an authoritative indication that the House will permit the sale of beer by the glass in the near future.

One amendment moved by Dr. Winch of Skeena which would postpone enactment of beer by the glass legislation for one year was defeated by a vote of 28 to 12 and a second by Dr. Rothwell of New Westminster, which would have struck from the Liquor Act a clause under which the government was empowered to give effect to the plebiscite decision was lost by 28 to 15.

RICH STRIKE AT ALICE ARM

New Development on Toric Property May Mean Opening Railway

A strike of ore carrying high values and of large body recently made on the "Strombeck Bros." Toric property on the Dolly Varden Railway grade just across the Kitsuik River from the Dolly Varden may mean the reopening of the Dolly Varden Railway and a consequent revival of mining activity and interest at Alice Arm states Al. Falconer of that town who is visiting the city on business.

Mr. Falconer is very enthusiastic over the present prospects for a resumption of mining activity at Alice Arm and says that samples brought off the Toric looked as good to him as any that ever came out of the Dolly Varden. Besides the Toric, there are other mines in the vicinity such as the Tiger, Muskateer and Wolf, any of which may be proven as rich as the Dolly and possibly of greater tonnage. The Toric, Mr. Falconer says, has a body of ore that should also make a good milling proposition.

The Toric property is under development by the Homestake Mining Co. with J. Fiva in charge. The Toric adjoins the North Star property which is owned by J. McAlenean of this city.

SESSION MAY OPEN IN JANUARY AFTER THIS IT IS STATED

VICTORIA, Dec. 17.—It was intimated in the legislature that next year the session may open in January as was the custom up to a few years ago. The rush of the past few days to wind up the business by Christmas brought home the realization that, will the House meeting in December there was a great danger of ill-considered measures being put through.

THIRD READING TIMBER BILL

Royalties Set For Period of Ten Years Allowing Small Increases

VICTORIA, Dec. 17.—The third reading was given the bill providing for a reduction in timber royalties by a vote of 34 to 8. Under the present law the royalties would be increased to such an extent that the timber men claimed it would put them out of business. The new law will allow only small increases instead of the heavy increase as at present. It covers a period of ten years.

SKATING AT LAKE

Party Went Across Harbor Last Night in Launch Harla and Enjoyed Sport

Last night the launch Harla took over a party of skaters to the Salt Lake. They report that the ice is fairly good and they enjoyed the sport. There is a little snow on a good deal of it but clear lanes have been swept by the wind and skating is not bad. Unfortunately there was no moon to light up the scene.

FRED DUBORD IS GIVEN SIX MONTHS

Hotel Keeper Here Enroute to Okalla to do Time for Selling Liquor

Sentenced yesterday at Terrace by Stipendiary Magistrate E. T. Kenney to six months at Okalla Prison having pleaded guilty to a charge of selling liquor. Fred Dubord was brought to the city last night by the provincial police on his way south.

GENEVA, Dec. 17.—It is understood that the Irish Free State will endeavor to force the question of the Anglo-Irish treaty to the attention of the next council of the League of Nations.

PRESIDENT COOLIDGE ON NAVAL BUILDING

United States Looks Towards Armament Necessary for Defence Irrespective of What Other Nations do

WASHINGTON, Dec. 17.—Naval building by nations of the world on a competitive basis promises little hope for the future in the opinion of President Coolidge. The administration viewpoint is defined as looking toward a navy adequate for defence without respect to steps taken by other nations.

SENSATIONAL CHARGES IN FRENCH CHAMBER

PARIS, Dec. 17.—In the chamber of deputies yesterday charges were made that former Premier Poincare and Viviani and former President Millerand were interested in the Deafest newspaper "Bonnet Rouge."

Mr. and Mrs. Stanley Baldwin are photographed in the garden of Chiswick, the official residence of the prime minister, which he vacated some months ago to Ramsay MacDonald

Blizzard is Raging in South and Cold Spell Prevails Everywhere

VANCOUVER, Dec. 17.—The severest cold wave of the winter prevails over the whole of the northwest. The thermometer descended to eight degrees above zero at Vancouver, ten above at Victoria, zero weather with a howling gale at Mission and 39 below at Vernon. Calgary reports 44 degrees below zero.

Wire services have been disrupted to some extent by the blizzard. In Kootenay the same has caused the cancellation of steamer sailings and crippled the wire service. A wire service man's contact with the outside world.

WEATHER IS MODERATING

Vancouver Has Been Isolated For Several Days But Lines Open to Prairies

The weather today is moderating here. Local thermometers register about 20 degrees above zero.

For several days Vancouver and Victoria have been isolated so far as telegraphic communication is concerned. News coming from there has been arriving by wireless.

The Canadian National Railway has had its telegraph lines to the East open for two days and the Daily News has been getting some of its telegraphic reports from Edmonton.

NEW YORK, Dec. 17.—The Premier Mines have declared a dividend of two cents on common shares in addition to the regular quarterly eight per cent dividend. Half a million will be disbursed.

LUMBERMAN DIES

MONTREAL, Dec. 16.—W. E. Elcome, a widely known lumberman of Eastern Canada at one time connected with the E. B. Eddy Co. is dead.

Granby Company Bonds Mine Property on Illiance River at Alice Arm For \$50,000

ALICE ARM, Dec. 17.—The Standard group of four claims on McGrath Mountain (Illiance River), owned by Miles Donald and associates, has been bonded by the Granby Consolidated Mining, Smelting & Power Co. in the sum of \$50,000. Active development work will begin on the property as soon as the season permits and the snow goes off which will be some time in May.

The deal is of immediate interest to Alice Arm camp for it will open up for development a portion of the district which, so far, has had nothing more done than surface work.

The Standard group has an extensive surface showing carrying high zinc values. A fifty foot tunnel driven on the ledge showed that the values extended down.

LEGISLATURE ENDS SESSION

Likely to Close Tomorrow With Several Questions Side-tracked

VICTORIA, Dec. 17.—Prorogation of the Legislature tomorrow seems certain. With timber royalties and racing and liquor out of the way it is believed the premier does not intend to proceed with the proposed free-for-all committee debate on the P. C. E. bill. Forbidding employment of Orientals with white girls in homes is dropped because it is ultra vires.

URGE THAT FRANCE TAKE OVER BRITISH DEBT TO THE STATES

LONDON, Dec. 17.—British financiers are urging that France be asked to take over that portion of the British debt to the United States represented by money specifically borrowed on her behalf.

RACING PERIOD TO BE CUT TO 40 DAYS

VICTORIA, Dec. 17.—By a vote of two to one the Legislature decided the province should have forty days of racing each year in future. Land-down, Beighouse and Colwood will get ten days each, Hastings Park and the Willows seven days each.

Several members of the legislature stuck by the original bill cutting the season to 30 days.

SCHOOL PUPILS GIVE CONCERT

Children Show Excellent Training and Please a Large Audience

CREDIT TO TEACHERS
Pretentious Playlets, Drills and Dances at Booth School Last Night

All children's entertainments are interesting but that given last night by the pupils of Booth Memorial and Borden Street Schools proved unusually pleasing, the work attesting to the native ability of the children and the excellent training they are receiving from the teaching staff. The drills and dances, training for which was given by Miss Mercer and Miss Rothwell, were excellent and every number from the opening action song to the end was good, but the most outstanding and seasonable were the playlet "Christmas Rose," prepared under the direction of Miss Rivet and Miss Scott and the scenes from "A Christmas Carol" directed by Miss Kier.

"Christmas Roses" is a playlet designed like the "Christmas Carol" to illustrate the Christmas spirit and gives an opportunity to tell most effectively the Christmas story. The part of the "Little Girl," taken by little Edna Ireland, was so good that it was the subject of general remark. She read the Christmas story in a clear voice that carried to the remote corners of the hall and her enunciation was excellent. The appearing of the angels, the shepherds in the fields, seeing the heavenly vision, the choruses of angels, the coming of the wise men from the East with their gifts to the young child in the manger cradle were all carried out most realistically.

The playlet was written by Miss Rivet for this occasion and its originality of conception and excellent staging and carrying out showed that even greater things may be expected from her in future. Those taking part in this were:

- Little Girl—Edna Ireland.
- Mother—Eleanor Maxley.
- Poverty—Dorothy Fraser.
- Folly—Peggy Steen.
- Miser—Douglas Sutherland.
- Angels—Lilian Rogers, Eileen Yates, Netta Sigmund, Mae Schubert, Jean Wilson, Grace Clarke, Jean McLean, Hortense Piper, Marjorie Winslow, and Borghil Johnson.

Shepherds - Yoshimitsu Higashi, Jack Gilhuly, Togo Hamayaki, Walton Piper, Donald Pyle, Joe Naylor, Jack Lindsay, Patrick Phillipson.

Wise Men - Jack Campbell, Alan Cameron, Herbert Morgan, Chorus - Willard Rea, Yuki Katsuyama, Suni Makanioto, Jack Unwin, Miki Kanaya, Beatrice Olson, Anna Johnson, Kanako Yamanaka, Moriko Yamanaka, Mary Mishka, Helen Hampton, Dorothy Fraser, Phyllis Parry.

Mother - Jeannie Seol, Joseph - Jack Rogers, Opening Song

The opening action song by pupils from Grade I, trained by Miss Creighton, was very pretty. Those taking part were Helen Hammler, Helen Fuller, Blanche Jensen, Grace Allen, Hadi Suchiro, Gladys Cook, Lillian Johnson, Beta Stromdahl, Eileen Hamblin.

The trained crows were very original and amusing and the girls did their parts well under direction of Miss D. Laxton. They were dressed in black with big crow's bills and acted their parts excellently. The crows were Hilda Bond, Jean Ritchie, Irma Thorne, Annie Ashbridge, Elizabeth Wilson, Clara Stegavig, Marie Mussalem, May Jones, Ivy Anderson, Edith Kergin, Muriel Walker, Enid Little.

The action songs in Grades I and II, trained by Miss Marsh and Miss Donaldson, were very well executed. Those taking part in this were Louise Hudson, Solberg Jensen, Ruth Jorgensen, Florence Pierce, Mabel Pilling, Pearl Preston, Elizabeth Sturgeon, Clara Vikdal, Julia Wright, Alice Hallberg, Lillian Jones, Vera Cook, Marguerite Johnson, Thelma Hedstrom, Edna Bagshaw, Helen McNaughton, Dorothy Burt, Freda Mussalem.

Marie Hansen, Margaret McLeod, Grace Howe, Mickey Casey, Dorothy Grimwell, James Brimmer, Ernest Sauterbane, William Brown, Jack Clark.

Piccola

The playlet "Piccola" was excellently carried out, the scenes were well staged and the children did their parts well under the direction of Mrs. Walker, but the play was a little weak in conception and construction. Those taking part were Muriel Weston, Nora Little, Velma Walters, Ingrid Halberg, Marion Ryan, Eileen Bury, Adelia Thurber, Edith Wilkinson, Audrey Tremayne, Nancy Brown, Lillian Davies, Lucille Brooksbank, Grace Minsgohr and Margaret Mussalem.

The costume song by John O'Neill and pretty little Phyllis Parry proved the most popular event of the evening judging by the prolonged applause and the demands for an encore. The fact that John did not sing in time was no fault of the trainers Miss Rivet and Miss Scott. He was too nervous to do anything as any man would be under the circumstances. It was an adaptation of "Where Are You Going to My Pretty Maid?" and John was the man.

Huntress Drill

The Indian Huntress Drill was very spectacular and showed a good deal of skill and originality of conception and proved popular. Verna Brochu made a very charming little Princess, and May Thompson was a fine Indian Chief. Those taking part were Orat Ross, Bernice Ross, Palema Cameron, Pauline Johnson, Erny Zarell, Nellie Gurvich, Lillian Iverson, Alberta Richmond, Verna Brochu and May Thompson. Miss Rivet and Miss Scott had charge of this.

The "Lost Child" was a playlet in which the young folks were well trained by Miss Mitchell and which proved very interesting. The characters were as follows: Oscar Fulton, Grandfather;

Eleanor Edwards, Grandmother; Winnie Collison, Mrs. Jones; Charlie Long, Mr. Jones; Evelyn Edwards, Mollie the Maid; Bob Parker, Butcher Boy; Paul Stegavig, Messenger; Keith McLeod, Teddy, the Lost Child; Arthur Hicks, Minister; Walter Cross, Policeman; Myrna Fuller, Mrs. Cooper; Harold Bunn, Chinaman. Chorus - Christina McLeod, Ann Kirkendall, Alice Strachan, Margaret Long, Evelyn Phillips, Katherine Watson, Peggy Smith, Willie McLean, Aubrey Iverson, Tony Bussanich, John Murray, Willie Murray, Dick Strachan, Allan Hale.

Drills and Dances

Those taking part in the drills and dances were:

Girls' Drill - Joan Cross, Marjory Muse, Edna Unger, Dorothy Ballinger, Amelia Pillsbury, Margaret Smith, Margaret Gilchrist, Nellie Lawrence, Yvonne Terrien, Joan West, Louise Lindseth, Jane Becker, Frances Tremayne, Annie Walker, Julia Thomas, Phyllis Morris.

Boys' Drill - James Stewart, William Murray, Edward Smith, Billy Collison, Joe Scott, Hugh Ferguson, Percy McIntosh, Alan Cross, Jack Ness, Ted Smith, Robert Stalker, Archie Thompson.

Folk Dances - Doris Robinson, Irene Mitchell, Rose Wesch, May Ness, Viola Johnson, Evelyn Rivett, Elsie Finley, Mabel Buchan.

Dutch Dance - Annie Gilchrist, Marion Quinn, Joan Arthur, Kathleen Duncan, Jean Wilson, Hilda Murray.

Christmas Carol

An abridged adaptation of Dickens' Christmas Carol put on under the direction of Miss Kier brought out some good talent and was a very timely and well acted play. Douglas Scott as Scrooge could not be improved upon and under the clever make-up of Miss Harding he looked the part. Others, all of whom did well, were Walter Johnson, Catherine Mussalem, Mary Lawrence, Mabel Iverson, Ralph Johnson, Hilda Murray, Arthur Skattebol, Ian Murray, James Muse, and Helen Walker.

Accompanists throughout the evening were for Borden Street School, Miss Rivet, and for Booth School, Miss Frances Cross, Miss Flonda Marsh and Miss Mercer. Principal D. H. Hartness was general manager and stage manager, and he also prepared the artistic programs which were distributed. Miss Mills took tickets at the door and took an active part in general supervision.

MANY CLAIMS TO VALUABLE LEGACY

Correct Use of Famous Title has Encouraged Pretenders. About the year 1880 the pioneer prospectors of British Columbia discovered a remarkable coal. After many trials and tests it was positively established that this coal represented the acme of economy, efficiency and comfort. To this fuel they gave the new famous name of "Nanaimo-Wellington," representing all that was best in coal. No sooner was it found that the public insisted on getting this Wonder Fuel than other coals were put on the market under very similar names. So much so that the public were at a loss to say which was the genuine and which the imitation. Of course it was easy after a trial—a single sack will prove it—more lasting and more powerful heat from a few shovelfuls, hardly any ash, no clinker or rook, all these points stand out when you make a practical test in furnace, fireplace, heater or cook-stove. This famous Nanaimo-Wellington coal is sold only by Albert & McCaffery to whom all orders should be phoned direct. Prompt delivery service given by their own teams and trucks. Their phone numbers are 116 and 564.

Hip Broken and Head Injured While Logging at Warke Canal

W. T. Muse, well known contractor of this city, sustained serious injuries on Monday at Warke Canal where he was conducting logging operations and he was brought to the city in an unconscious condition last night. His hip was broken and, in addition, he sustained injuries to his head the nature of which have not yet been definitely ascertained. This afternoon he will undergo an operation at the Prince Rupert General Hospital which he was admitted immediately on arrival here.

Unfortunately when the accident occurred, Mr. Muse's gasboat was broken down and it was 24 hours before he could be taken to Port Simpson, his men having rowed in night and day from Warke Canal. Word was then sent here by telephone and the Paehena was despatched to bring the injured man to the city.

The accident occurred when Mr. Muse was struck by a log which was being handled by a donkey engine.

IRON SINKS

A man seeing the notice "Iron Sinks" in a hardware store window went inside and said that he was perfectly aware of the fact that iron sinks.

"I have to be the best in the deal," he said. "Yes, I know, and time flies, sulphur springs, jam rolls, grass slopes, music stands, moonlight walks, rubber tires and the organ stops."

"Haven't you forgotten one thing?" asked the visitor.

"What's that?" inquired the shop-keeper cautiously.

"Marble busts," was the reply.

Running for office

is a strenuous job calling for clear thinking and much endurance—and these come from simple foods that are rich in mineral salts and easily digested. Shredded Wheat is the favorite energy-food of men and women who do things with hand or brain. Contains all the mineral salts in the whole wheat grain; also the bran which is so useful in keeping the colon clean and healthy. Two Biscuits with hot milk make a warm, nourishing dish for any meal—the most food for the least money.

PROFESSIONAL BANDITS

Editor Daily News.

Further to my letter published in your issue of December 15, under the above heading, the question was asked "What do you suggest as a remedy to counteract or cope successfully with the 'Professional Bandit' of today?" I use the term "Professional Bandit" because it is apparent that the majority of robberies carried out by such men unquestionably bear evidence that practically every move had been calculated beforehand with extreme care to ensure a complete "getaway."

In determining this question, the following points should not be lost sight of:

1. That banditry today has become a highly specialized profession.

2. It is undoubtedly the work of men beyond the average education and intelligence whose tools—the actual perpetrators of the crimes—are fearless desperados.

3. Against these men are pitted our numerous police forces upon whom the responsibility of checkmating these criminals falls:

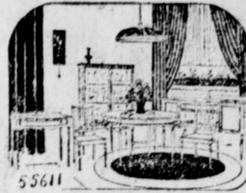

1. Jurymen and their sense of responsibility.

2. Indifferent citizens.

Class of Criminals

One type of criminal today is the young man between seventeen and twenty-four years of age, who is criminally inclined, and investigation has proved in many cases that he has been led into his life of crime through the absence of proper parental guidance during his boyhood. Several cases have been known to the writer of boys between twelve and sixteen years of age running wild while the father was fighting overseas or was otherwise away from home for extended periods. This class

may be designated "victims of circumstances" and therefore are probably entitled to every reasonable consideration.

The habitual criminal is a dangerous man, and as such should be considered to have forfeited the right to be at large without having some visible means of subsistence. Being a menace to society at all times when free, provision should be made in the Statutes whereby this class of criminal should be liable to imprisonment if he can show no visible means of subsistence, and on no account should he be treated the same as an ordinary vagrant, who possibly is a man just out of luck.

Detection of Crime

For the detection of crime, police bodies both at home and abroad should co-operate to the fullest extent in this respect. The finger-print system—probably the best known discovery in identifying criminals, and all other means that may assist in bringing a criminal to justice should be available to all police forces when required. With world wide co-operation by thoroughly organized police forces, the escape of criminals from one country to another should not render them immune from capture and subsequent punishment, as by such co-operation they would still be within reach of the long arm of the law.

Where no such means of identification are available, the difficulties that beset the police are greatly increased. For example, in a recent bank robbery the bandits appeared suddenly from somewhere unknown, the robbery was completed in a very short space of time, they had a high-powered motor car standing by, and probably the latest type of speed boat in readiness. Soon they were gone without apparently leaving any clue whereby their future identification could be clearly established.

How do these men dispose of their loot? Even with bills of large denomination, it seems impossible to trace them with success. These bills are undoubtedly cashed by people known as a "Fence" (receivers of stolen property) who in all

likelihood receive a considerable percentage of their value for doing so—well knowing that the money had been stolen. As accessories after the fact, too much attention cannot be paid to this type of people, as without a place or places to dispose of their loot it would become impossible for organized bands to operate in cohesion.

Indifferent Citizens

A certain class of people, who are respectable citizens, are apt to look upon a bank or train robbery with only a passing interest, and have been known to remark—"Any one that can rob a bank or railroad and get away with it deserves credit—good luck to them." It is this spirit of indifference and lack of moral principle, predominating in the minds of such citizens today, that gives a decided impetus to others fraternizing with them, and who may be criminally inclined.

Jurymen's Responsibilities

Trial by jury is an important factor in criminal procedure, and a jurymen in taking the oath should necessarily realize its importance, and not regard it as a mere formality. Further, when making his decision, he should leave the question of mercy to the judge after making the necessary recommendation; and he should always remember that the milk of human kindness is wasted on desperate criminals. Personally, I consider that the present-day system of appointing a panel of jurymen is unsatisfactory, as the only qualification necessary is that their names appear on the voter's list—adaptability having no weight or consideration when the selection is made. No person should serve on a jury unless prepared to assume the full responsibility of an important cog in the wheel of justice.

Police

The police, as defined by one authority, are "the organized body of civil officers in a city, town, or district, whose particular duties are the preservation of good order, the prevention and detection of crime, and the enforcement of the laws." It was shown during the late

war that little progress was being made against the enemy advance until the appointment of one supreme head to control the Allied Forces was an accomplished fact, and the same action appears to be necessary in connection with our police forces of today. With the amalgamation of all police forces into one esprit de corps, it would prove of great value and assistance from many standpoints and greatly enlarge the scope of the net required to encompass the class of criminals under reference.

In conclusion, may it be said that it is up to the public as a whole to give the police their undoubted support and assist them where necessary towards combating crime. Where fast motor cars, speed boats, and any other up-to-date devices are required for that purpose, these should be ungrudgingly supplied. After that, the responsibility for the efficiency of the police forces, individually and collectively, rests with the authorities who control them. The world is moving at a fast clip today, and even if Sherlock Holmes existed in reality at the present time, I firmly believe that he would have his hands full with the "Professional Bandit" of today.

Here and There

Agricultural products harvested in British Columbia during 1923 were nearly \$4,000,000 in excess of the 1922 total, according to the annual report of the provincial department of agriculture. Total production for 1923 was \$59,159,798.

The ninth winter carnival at Banff, Alta., will be held from February 7 to 14, 1925. The curling bonspiel in connection with the carnival will run concurrently from February 9 to 14. Revelstoke has fixed its carnival dates for February 3, 4 and 5, 1925.

Tourists to the number of 100,000 are estimated to have entered the Province of Nova Scotia during the past season. These people have left approximately \$7,500,000 in the province, an increase of 25 per cent. over the previous year. The number of motor cars entering the province during the tourist season exceeded 11,000.

Canada Book Week was held from December 1 to 6 this year. Addresses, radio broadcasting and special displays in stores throughout the country drew attention to the objects of the week, which are to promote the reading of good books generally and to foster Canadian literature. The week was, as usual, a distinct success.

The foolhardy recklessness of certain motorists was recently strikingly illustrated at a public crossing on the Canadian Pacific Railway line at Blind River, Ontario, when a speeding auto approached the crossing so rapidly that the driver was unable to pull up, and ran his car into the side of a train which was passing at the time. Fortunately, no one was injured.

In recognition of its excellent exhibits at the 1924 exhibition at Toronto, the Canadian Pacific Railway has been awarded one of the medals specially struck off for presentation to the Dominion and Provincial governments, and to a limited number of other exhibits whose high class entries in the live stock and agricultural departments won them championship prizes.

The plans for the construction of an immense amusement centre at Victoria, B.C., to be called the Crystal Gardens, have just been announced by the Canadian Pacific Railway, which is responsible for the scheme. The gardens will include a salt water swimming pool 150 feet long, and a series of dancing floors, with tea rooms and gymnasium. Great quantities of plants, vines and shrubs will be grown in the structure, which is on the lines of a vast conservatory, containing 36,000 square feet of glazed glass roof surface.

A considerable increase in the sheep population of Canada, which has declined since 1920 from 2,255,620 to 1,575,000, is expected as a result of the recent importation by Alberta ranchers of 400 Rambouillet rams. These animals are merinos, with fine wool, bred in France from Spanish merino stock. Louis XVI obtained the first flock as a gift from the King of Spain. A harvest of 20,000 western range ewes will be provided for the Alberta ranchers. The set price is important, as the amount of wool produced will depend on it.

A Woman of Hammond

We know, of course, that quite a few people have a prejudice against canned milk. A number of them, through one way and another, learn that Pacific Milk is a different product to the canned milks they know.

A woman living in Hammond writes: "I took me a long time to make up my mind to try Pacific Milk. I have used it over a month now and prefer it above even cream for baking."

HER FACE WAS COVERED WITH PIMPLES

SHE GOT RID OF THEM BY USING BURDOCK BLOOD BITTERS

Miss T. Hunter, R.R. No. 8, London, Ont., writes: "I wish to recommend Burdock Blood Bitters to all women who are suffering from pimples or any other facial blemishes. About two years ago I was greatly troubled with pimples and sores breaking out on my face, and could get no relief until, finally, a friend recommended me to take B.B.B. This I did, and I am now glad to say that your remedy has given me the desirable results, and I now have a nice smooth, clear skin, as it has eliminated all the impurities from my blood."

HERO AND HEROINE FIND SELVES LOST NO FOOD OR CLOTHES

Story Shows How With Only a Penknife, Man and Woman Lived in "Empty Hands"

Jack Holl, a mining engineer and employee of Robert Endicott, has lived all his life in the open and has had little contact with women. Claire Endicott has been raised in luxury and is the leader of a fast social set. Claire had planned to elope with Mill Bisnet, but the tragic death of a friend in the swimming pool of her home during a wild party induces her to consent to go North with her father, Grimshaw, repelled by her lack of modesty, leaves ahead of them.

At a lake in the Canadian woods, Claire disregards Grimshaw's warning to be careful canoeing in the rapids and is swept down-stream a great distance and overturns, but she manages to reach shore in the heart of the wilderness, clad in nothing but a badly torn bathing suit. Grimshaw, following in an effort to save her, meets with the same fate. He is armed only with a pen knife, and for three or four months they live as best they can, completely cut off from the outer world by high cliffs on every side, killing their food, making clothes of skins and building a hut for shelter. Endicott, meantime, has sent South for an aeroplane to rescue them. There is some delay in getting it, during which time Mill Bisnet has been divorced from his wife, who names Claire as co-respondent.

By the time Grimshaw and Claire are rescued, they have fallen in love with each other. But back in the environment of the Endicott home, Grimshaw decides that Claire is not the girl for his wilderness hut and tells her he is going away.

But Claire renounces her old way of living, and together she and Grimshaw plan their return to the woods.

That is the story of "Empty Hands."

SMITHERS

Percy Chapman left for Ketchikan the fore part of the week and intends to spend the remainder of the winter in that town, following his trade of carpenter and contractor.

Mrs. J. P. Kirkpatrick left on Sunday morning for Battle Creek, Mich. in answer to a call that her mother was seriously ill.

A number of young people were entertained by Mr. and Mrs. A. J. McIntyre at their home on Saturday evening, and a very pleasant time was enjoyed with dancing and music.

Mrs. (Rev.) Biddell had the misfortune to break her leg when she slipped and fell on the icy ground in the yard at her home. She was removed to the hospital where it was found that both bones were fractured above the ankle of her right leg.

Frank Madigan of Houston was a visitor in town for a couple of days, returning home on Tuesday morning accompanied on the return trip by Mrs. Madigan and their newly arrived son.

Mrs. McDonald of Sheraton was a visitor in Smithers the forepart of the week.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering any land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre, west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made in printed forms, copies of which can be obtained from the Land Commissioner. Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 19, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

Ottawa is considering the advisability of adopting the system used in Norway where fishing for this variety of fish cannot be carried on within a certain number of miles of the coast.

Well over one hundred citizens are now drilling regularly Tuesday and Friday nights in the Exhibition Hall under Sergeant Hoskins.

The fifth pontoon for the Grand Trunk Pacific dry dock at Hays Cove was launched at noon today in the presence of a large number of local citizens who had been specially invited by Superintendent Crowell.

HE SURE FELT MEAN BUT MENDED HIS WAYS

Said a well known local man the other day "Well, Sir, the meanest feeling I ever had come over me was last Christmas morning. I had passed up the Christmas card idea entirely and of course was deluged with all sorts of lovely Christmas greetings from relatives and old friends. And there, I hadn't sent out a single one. I thought then if everyone had been like myself a lot of real joy would have been lost. I determined to see that nothing of the sort occurs this Christmas. I am going to dispense sunshine on the "dull men" as well as receive it." SUNDAY CONCERT AT ANYOX PROVES A POPULAR EVENT

Mitchell One of Soloists; Audience Large and Appreciative

ANYOX, Dec. 17.—The Anyox Community League recently made an arrangement with the Elk's orchestra for a couple of Sunday concerts, with the understanding that if they proved popular others would be given. The first concert took place last Sunday afternoon, and in spite of a bitter cold day there was a large and appreciative audience turned out to enjoy the program. The Elk's orchestra, a recent and

much-needed addition to musical circles in Anyox, grew out of the need for a really good dance orchestra, and has only recently turned its attention to concert work. Sunday's selections were all well executed. The orchestra was assisted by Mrs. R. Lamborne, who sang "Rock of Ages" and "Dreaming," and J. Mitchell who sang "Where the West Begins," and "Susanna." The instrumental selections were: March, Corcoran Cadet; Overture, Gems of Ireland; Trombone solo, Stewart Steele; March, Miss Liberty; song, Mrs. R. Lamborne; overture, Poet and Peasant; violin solo, S. Armstrong; march, Washington Post; song, J. Mitchell; overture, Dramatic; march, California Commandery; God Save the

King. The members of the orchestra are Stewart Steele, trombone; J. Austin, piano; P. Stev-nard, cornet; S. Armstrong, violin; G. Leslie, violin and E. Waterman, drums.

COLD WEATHER IN INTERIOR VALLEYS

SMITHERS, Dec. 17.—There has been cold weather throughout the interior for several days although it now shows signs of moderating. There was a heavy snowfall on Saturday and following it the thermometer dropped rapidly reaching 30 degrees below zero on Sunday and 40 below on Monday.

PARENT-TEACHERS OF TERRACE DROP RELIGIOUS EDUCATION

Discuss School Library But Unanimously Dispose of More Contentious Subject

TERRACE, Dec. 17.—The regular monthly meeting of the Terrace-Kitsungallum Parent-Teachers' Association was held at the school last Thursday. In the absence of the president, Mr. Parsons, the meeting was presided over by the vice-president, Mrs. Burnett. After the singing of "O Canada," Mrs. F. T. Ross gave a short talk on "The School Library."

Then the subject of the vote to be taken at the request of the Central P.T.A. concerning religious education in schools was brought up. The central organization wished to find out the feeling of the majority of people in the province regarding this subject and are trying to do so

through the branch organizations. It had been thought feeling on this subject might run high but as soon as it was open for discussion it was moved by Mr. McLaren, and seconded by Mr. Little, that the subject be dropped indefinitely. The motion was carried.

Cocoa, made by the recipe used in preparing that given to children, was then served, accompanied with sandwiches and cake. After the half hour of social intercourse, the meeting was called to order again, and a large vote was given for continuing to serve the cocoa which had proved delicious. The meeting then closed by the singing of "God Save the King."

BLACK AND WHITE DANCE IS GIVEN

ANYOX, Dec. 17.—The Mine Club's most recent appeal to favor took the form of a black and white dance. The decorations were confined to these colors and considerable ingenuity was demonstrated in the novel manner in which the decorative scheme was handled. Most of the dance participants also held to these colors as closely as possible, carrying out the object to the limit. A large crowd went up from the Beach and helped to make the evening a very successful one. The dance continued until two a.m., the usual intermission for supper taking place at eleven o'clock. The committee in charge were the recipients of much congratulation, and are going to outdo all previous successes when they stage their masquerade affair, which is now being planned.
