## IMPORTANT PORT DEVELOPMENT IS PENDING

### MACDONALD CONTEMPLATES EXPANSION OF SUPPORT TO LEAGUE OF NATIONS

#### Coming Next Week to Select Site for Elevator at Prince Rupert; Sum in Estimates for Hotel here

G. B. Coles, the biggest grain shipping man on the coast and representative of the largest grain interests in the west, is due to arrive here Wednesday to select a site for a location for an elevator to be erected here. He will be met by A. E. Warren, general manager of the C.N.R., and the matter will be taken up with him direct so as to save time and make it possible to commence construction very soon. This is the word F. G. Dawson brings from Vancouver following his visit to that city. He met Mr. Coles there and talked over the whole local situation with him.

#### STOCK OF GRAND TRUNK PACIFIC

London Expects to Make a Lot of Money but Ottawa Skeptical About It.

LONDON, Jan. 24.—Many people are expecting to make a lot of money next month in Grand Trunk Pacific four per cent debentures, the financial editor of the Express says. They base their hopes on the prediction that the long looked for interest will be forthcoming on March 1. It is expected by those concerned that the price of the stock will advance to sixty. The present price is 45 1/2.

OTTAWA, Jan. 24.—Official circles doubt if the Grand Trunk will have sufficient surplus after meeting fixed charges to pay interest on Grand Trunk Pacific debentures. The fixed charges must be met out of operating surplus before the claims of the debenture holders will be recognized.

#### DEVELOPMENT OF GOLD MINE

Work to Proceed on Thornhill Mountain Near Terrace Visitor to City Says

Development work is to proceed at Thornhill Mountain near Terrace, better known to many as Copper Mountain, according to O. P. Brown of the Chiro Mining Company, that has been operating a mill on Maroon Mountain, Kahun Lake. His company has an option on two gold properties on Thornhill Mountain known as the Dahl and Olsen properties. They have decided to take up the option on the Beaver group and the other is to be further tested by driving the tunnel farther. The property is reached by a government trail and is about six or seven miles from Terrace. Mr. Brown is on his way to Terrace, leaving east on the train tonight. He arrived on the boat last night.

#### FIRM ATTITUDE INDIA MESSAGE

Premier Macdonald Pleads For Goodwill Between Asiatic Nation and Britain

BOMBAY, Jan. 24.—A Madras newspaper prints a message from Premier Ramsay Macdonald pleading for goodwill between India and Britain. He says no party will be cowed by threats of force or policies designed to bring the government to a standstill.

#### DECISION MADE BUILD CHURCH

Presbyterian Congregation at Annual Meeting Takes Preliminary Action

CANVASS TO BE MADE

Ten Thousand Dollars Needed and Loan of \$15,000 Can be Secured

At the annual congregational meeting and dinner held last night in the Presbyterian Church Hall, Rev. H. R. Grant presiding, it was decided to erect a new church this year and in order to prepare for the event a canvass of the members of the congregation will be made and as soon as the required amount is subscribed the work will be started. A committee is to be appointed by the managers at an early date and it is expected the canvass will be made almost immediately.

The moderator outlined the position after making his annual report and Thomas McClymont reported for the managers who had had the matter of building under consideration at a number of meetings. The congregation could have the church if they wanted it. All they had to do was to subscribe the money. They estimated a church suitable for the congregation could be erected for \$20,000 and they could secure a loan of \$15,000 conditional on the congregation raising \$10,000. The extra \$5,000 represented a margin of safety. If there were 75 families in the congregation they would have to contribute an average of \$100 each.

Dr. Grant told of having received a telephone message just before the meeting promising support from one who did not go to church often if they went ahead with the building. He also received \$25 in a letter, evidently from a lady who preferred to remain anonymous. Fred Stork said they had given a lot of thought to the matter of building and it was time they took action. The present building had outgrown its usefulness. Dr. Grant had been a wonderful pastor. It was through his leadership and work that they now owed no man anything. They needed a better building in order to carry on the work of the church. He considered there were enough present to build a cathedral. He mentioned the Baptists who had recently burned their mortgage. If they put their shoulders to the wheel they could do anything they wished. There was lots of money in town. He felt they should take definite action. There was some further discussion and it was finally decided to leave the selection of the canvassing committee to the managers.

#### NO CONFERENCE OVER BRITISH RY. STRIKE

LONDON, Jan. 24.—The proposed conference of railway managers and engineers has fallen through. J. Bromley, secretary of the associated societies, announced that he regretted the strike must continue. Continued improvement is shown today in the movement of trains. Nevertheless, the strike is adversely affecting Scottish and Welsh industries. Iron, steel and tin works are running short of supplies. In South Wales 80,000 coal miners have been rendered idle. Some blast furnaces are damped down because of the lack of coal. Liverpool reports that, unless coal and supplies are available at the end of the week, there is a danger of a partial hold-up of shipping.

#### MAKE GOOD SHOWING EMPIRE EXHIBITION

TORONTO, Jan. 24.—Canadian industries will make 100 per cent showing in the industrial sections of the British Empire exhibition in London in a few months, according to J. S. McKinnon, director for Canada.

Professor R. H. Goddard, of Clark University, has been making investigations with high altitude rockets. He says a speed of six miles a second would free a projectile from the earth's attraction, and once free it might go on until it hit the moon.

#### Procession Carrying the Dead Russian Premier Marches Five Miles Through Streets of City

MOSCOW, Jan. 24.—The body of Premier Lenin was brought from Moscow yesterday afternoon from Gorky, where he died. The coffin was carried nearly five miles through the streets on the shoulders of the members of the council of commissars guarded by troops to the house of unions where it will be in state until the funeral.

As the casket was covered only by a glass lid as it passed the traffic stopped and every point of vantage was filled by silent onlookers. Over 20,000 members of parliament and of the communist party, delegations of departments and members of labor unions gathered at the railway station with a big caisson drawn by six white horses waiting to take the body, but the bearers ruled otherwise. Lenin's wife, sister and brothers followed the coffin. No tears were shed. It was too cold to cry.

#### IMMENSE QUANTITY OF GRAIN IS MOVED

Line of Cars Winnipeg to Edmonton Required to Handle all Shipments

WINNIPEG, Jan. 24.—A solid line of loaded grain cars placed end to end and stretching from Winnipeg to a point more than 40 miles west of Edmonton, Alberta, is represented by the total car loadings of the Canadian National Railways from the opening of the crop year on September 1 to date, according to officials of the company here. During the period over 110,000 cars of grain were loaded at Canadian National points throughout the west, and with the allowance of 40 feet per car, including drawbar space, this would make a line of cars stretching for 4,400,000 feet or 837 miles, with over 40 cars additional. The distance from Winnipeg to Edmonton, according to the company time table is 796 miles, leaving another 44 miles of grain cars to stretch to the foothills of the rocky mountains.

Divided into trains with an average of 60 cars per train more than 1,800 locomotives were required to deliver this immense tonnage of grain either to head of the lakes or to Vancouver, where it was received into elevators for trans-shipment to the world markets. After 834 trains of 60 cars each had been made up there would still remain a number of cars to be sandwiched in with other commodities to be moved either to storage elevators or to the ports. The 110,000 cars loaded contains 444,450,000 bushels of grain as against a total of 118,631,000 bushels loaded in corresponding period of 1922-23, an increase in loadings of nearly 26,000,000 bushels in the period.

#### Expect British Premier will Recognize Russia and Send Ambassador

Another Member of Glasgow Group of Radicals Gets Place in Macdonald Government: Complimented by London Paper

LONDON, Jan. 24.—J. Ramsay Macdonald's recent statement regarding the "pompous role" of withholding recognition to Soviet Russia suggests prompt action in this direction. James O'Grady, M.P., it is stated unofficially, is being considered for the position of ambassador to Moscow.

The prime minister contemplates the expansion of the League of Nations section of the foreign office in order to use it for pacification purposes. The Daily Telegraph says Macdonald will devote every effort to include Russia and Germany in the league.

It is now expected that Premier Macdonald will fill the appointments to the Royal Household from members of his own party. It is generally recognized, says the Times, that Mr. Macdonald has shown the most successful cleverness in dovetailing the various elements of his following into a composite whole. The appointment of Shinwell, the parliamentary secretary, is regarded as a further hostage to the good behavior of the Glasgow group. Shinwell is described by the Liberal papers as a "turbulent, ruthlessly uncompromising personality."

#### THREE DEAD AT VANCOUVER

Maltese Sailor Ran Amok Killing Two Before He Was Shot Down

VANCOUVER, Jan. 24.—Running amok and armed with two double edged knives, Ben Baba, a Maltese sailor on the Spanish steamship, Pilar de Larriena, anchored in the stream, killed Chief Officer Alexander James and Antonio Armo, a seaman, and wounded three others before he was shot down by a police posse today. Armo died in a few minutes and James lived until he was brought ashore. Doctors and nurses were rushed to the scene and the injured were removed to the hospital.

This morning Baba suddenly became demented and his demoniac shriek was the first warning to his shipmates. Before they could flee from the fore-castle, he was among them with eyes blazing, mouth frothing and carrying two long bladed knives in his hands. He struck at those nearest plunging the knife into Armo's body. James ran to stop the maniac and received a knife to the hilt in his lungs.

Finally the police shot Baba down who, trussed up and still cursing and threatening, was swung aboard the police boat and brought ashore. He is not expected to live.

#### LADY SECRETARY TO MINISTRY OF LABOR

LONDON, Jan. 24.—Miss Margaret Bondfield, the new member of the House of Commons for Northampton, has been appointed secretary to the minister of labor. She is the first woman to serve in such a capacity.

#### SENATORS AND MEMBERS MEET

Vancouver Harbor Commissioners Meet to Visitors from Prairie Provinces

VANCOUVER, Jan. 24.—The westward movement of grain from the prairies, freight rates, construction of branch railway lines in Western Canada and tariff problems were discussed at a banquet tendered 34 members of the House of Commons and the Senate who are in the city the guests of the Harbor Commission. They are here to learn at first hand about the progress and development of the port of Vancouver.

The visitors indicated that there was necessity for a solid western program. The interests of Western Canada, they declared, would best be served by united western action and a disposition to work hand-in-hand with the government of the day. They were especially interested in the handling of grain by the Pacific route.

Alfred Speakman, Progressive member for Red Deer, declared that, before Pacific port development would be permitted, plans must be made complete in every particular with every unit conforming to the whole. There should be no indiscriminate building and no private interests should be allowed to interfere with the plans. Access on equal terms must be granted the Canadian National Railway.

#### CITY BONDS SELL LOCALLY

Last of Issue of \$34,500 Disposed of This Morning—Tenders for More Tonight

City Treasurer D. J. Matheson announces that \$34,500 worth of city bonds covering the local improvement street grading work on Fourth and Fifth Avenues West, which were placed on sale at the first of the year, have all been disposed of locally, the last sale being made this morning. The debentures are from 1 to 10 year serial seven per cents. They were sold at par.

Bids close today for \$155,000 worth of six per cent five year bonds covering down town street surfacing which was recently validated by the legislature. The tenders will be opened at the city council meeting tonight.

## PARKER HEADS SCHOOL BOARD

Chosen Chairman at First Meeting Last Night—Coal Orders Given

### COMMITTEES NAMED

Salary Revision Will be Discussed at Special Meeting on Estimates

S. E. Parker was chosen chairman of the school board for 1924 at the first meeting of the board for the year which was held yesterday afternoon. Mr. Parker's name was proposed by Trustee Williams and seconded by Trustee C. H. Orme. Mr. Williams' name was put forward by Mr. Parker and Trustee Rochester but he withdrew. On taking the chair, Mr. Parker thanked the members for the honor conferred upon him and congratulated the new trustees on their election.

The only business before the board was the ordering of 90 tons of coal for the various schools. Tenders were opened as follows:

Prince Rupert Coal Co.—Sterling egg, \$9.70 per ton; Telkwa lump, \$11.95; Ladysmith-Wellington lump, \$13.11; mine run, \$12.64; washed pea, \$9.60; screenings, \$8.

Albert & McCaffery—Nanaimo-Wellington lump, \$12.25; Telkwa lump, \$14.95.

Consumers' Coal Co.—Foothills pea slack, \$8.15; mine run, \$10.90; screened mine run, \$11.90; Balkan screened mine run, \$10.40; Cadomin, \$11.45; Telkwa screened mine run, \$11.35.

D. McD. Hunter—Balkan furnace, \$10.70; Yellowhead superior, \$11.40; Coxa railroad grade, \$9.75.

Prince Rupert Feed Co.—Edson mine run, \$10.75; Telkwa, \$10.90; Philpott, Evitt & Co.—Nanaimo-

Wellington lump, \$12.24; mine run, \$11.90; screening, \$9.40; Telkwa lump, \$14.10; mine run, \$10.60.

### Order Placed

There was a lengthy discussion on the respective merits of the various varieties which resulted in the decision to order 60 tons of Telkwa coal from Philpott, Evitt & Co. at \$10.60 and 30 tons of Edson from the Prince Rupert Feed Co. at \$10.75. In the event of the former firm being unable to accept the order, on account of Mr. Evitt being an alderman, the order will go to the Prince Rupert Feed Co., the next lower bidder on Telkwa at \$10.90.

Chairman Parker announced the appointment of the following committees to look after the interests of the several schools during the year, their duties to be particularly with regard to buildings and grounds:

Booth School—Trustees Casey and Rochester.  
Borden Street—Trustees Williams and Orme.

King Edward School—Trustees Orme and Casey.  
Seal Cove—Trustees Rochester and Williams.

The chairman asked the committees to give special consideration to the matter of playground requirements. He also intimated that further work would be necessary on the Borden Street school this year—probably kalsominizing inside and shingling outside.

### Salary Revision

Regular meetings, as last year, will be on the second Wednesdays in each month. There will be a special meeting, however, on February 6 to go into the matter of estimates. At that time salary revision will be discussed. It was referred to last night, but no members of the board gave any indication of their intentions. In the meantime, the present schedules will be submitted to them.

There was a full attendance of the board at the meeting.

## ORGANIZATIONS OF CHURCH REPORTED

Rev. Dr. Grant Given Vote of Confidence at Close of Meeting Last Night

Reports submitted at the meeting of the congregation of the Presbyterian Church yesterday showed all the subsidiary organizations in a healthy condition. The Moderator on behalf of the session explained that the slight decrease in membership was due to people moving. A church at a western town was largely a procession. People were all the time coming and going. The congregation, however, was in splendid heart and was vitally interested in the cause for which the church stands.

On behalf of the board of managers W. J. McKinley said there had been but two questions before them, the annual one of financing and the new one of church building.

The treasurer reported a balance in the bank of \$50.56 with all debts paid.

Mrs. Massey on behalf of the ladies' aid society said they had 47 members and had held regular meetings as well as a good many social events.

Mrs. Rorie, treasurer for the ladies' aid, reported \$2,207 on hand and that during the year they had cleared \$305.13.

Mrs. Taylor read the report of Mrs. Sandison on the cradle roll showing there were now 61 on the list.

W. F. Duncan for the Sunday School reported an average attendance of between 80 and 90 and \$8 on hand after paying all expenses.

For the choir, Mrs. Darton spoke briefly, and following a vote of thanks, said it was good to know the efforts had been appreciated. She would convey the vote of thanks to the choir.

There were votes of thanks to all those who had worked in the various organizations and at the close a touching scene took place on the passing of a vote of confidence in Rev. Dr. Grant. The Doctor was much moved and spoke very feelingly of his interest in the church work. He had sometimes felt it might be better if he left the church in order that some other might take up the work. He had gone into the ministry under hard circumstances giving up a good position and feeling that when his work ended he would have nothing. He was glad to have this expression of confidence as it would give him heart to carry on the work here.

## The Man in the Moon

SAYS--

THE boy who stole a ford and took it one hundred miles from home carried the joke too far.

SOME girls look like a million dollars at night and in the morning bear a close resemblance to ten cents.

THE editor says some people tumble over themselves to get into print and others howl their heads off if even their husbands relatives are mentioned in the social columns.

QUITE a number of people have already broken that New Year resolution about commencing to save regularly every week.

A PERSON who spends everything he has in a spendthrift but a person that runs heavily in debt and never pays, is an artist.

A WOMAN sued for divorce because her husband made such an awful noise eating grapefruit. If Canadian judges would only listen to that kind of reason I know where there could be a big crop of divorcees raised.

DIVORCE is the bridge that leads from one matrimonial venture to another.

PRINCE Rupert is full of icebergs, according to one commercial man who tried to get fresh with some of the girls in this city. He was frozen to such an extent that people now call him "a big stiff."

THERE is talk of importing a number of osteopaths to loosen up some of the boneheads around town. I might take a dollar's worth of treatment myself if I can get press rates.

## HAD A WEAK HEART WAS VERY NERVOUS FOR THREE YEARS

Miss Jessie Peterson, Zealandia, Sask., writes:—I wish to let you know how much good Milburn's Heart and Nerve Pills have done for me.

For nearly three years I was very badly run down, had a weak heart, and was so nervous that sometimes I would almost faint away.

I heard of many people who had recommended your Heart and Nerve Pills, so I decided to give them a trial. After I had used two boxes I found they had done me good, and after having taken five boxes I was completely relieved.

I cannot recommend your Pills enough, and I would advise anyone having a weak heart or troubled with nervousness to use them.

Milburn's H. & N. Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## LABOR HAPPY OVER FUTURE

Members of Parliament Give Views on What May be Expected from Party

GLASGOW, Jan. 24.—W. H. Martin, one of the new Clyde members of Parliament, who is also chairman of the Scottish Independent Labor Party, speaking at Milngavie, said they were going to have a very interesting time at Westminster. The eyes of the world were on the British House of Commons, Europe was looking to Britain for a way out of her chaos, and the thinking population of all countries were looking to the first Labor government, to direct them into the right paths. He was going as a "live wire" to Westminster. With all the strength and vigor in him he was going to fight on the floor of the House of Commons for the emancipation of the workers.

### Renounce Salaries

T. Johnstone, M.P., continues to plead in the Socialist journal Forward for a renunciation by the Labor Government of Cabinet Ministers' salaries. He says that a Labor Party which takes the old spoils of office as fixed by the capitalist parties who have preceded them is committing a spiritual blunder, as it will discover when it again comes to the country. If the Labor Party attempted to justify the present scale of salaries it would be throwing away a great opportunity of showing the nation, and incidentally a hungry working class, that it was animated by a different spirit from that hitherto exhibited by its opponents.

Baillie P. J. Dollan, chairman of the Glasgow Independent Labor Party, discussing the prospect of the Labor Government says:—"A Labor Government, even although in a minority in Parliament, will be able to do more for the workers and the nation than Labor in opposition. Theoretically the better position for Labor would have been for Tories and Liberals to form a Coalition Government, with Labor in opposition as its potential successor. Circumstances, however, modify theories; and Socialists cannot leave circumstances out of account."

### Outside Support

"A Labor Government, whether whether we like it or not, will require support from non-Labor M.P.'s, and in the first few months will have to take that factor into consideration when shaping its policy. Fortunately there are a number of M.P.'s who are pledged to support what may be fairly described as Labor reforms, affecting such problems as housing, rents, unemployment, educational progress and child welfare. These pledged M.P.'s are in honor bound to support Labor reforms include Tories as well as Liberals, who represent industrial constituencies. Indeed, a Labor Government should be able to divide the Liberals and Tories on many questions of domestic urgency."

Andrew Young, M.P., another recruit of the Glasgow group, speaking at Patrick, said the Labor Party were going into their kingdom. They were going to be the master builders in the great temple of humanity. In that temple men would dwell in happiness and peace, and in the glorious certitude of having a good life all the time, as men and women ought to have.

## NEPTUNE TO VISIT WORLD CRUISERS

The certificate as shown above will be issued to all passengers aboard the Empress of Canada who appear before Neptune, as did those passengers on the Empress of France last year, who are shown in picture 2 and 3.

When to travel upon the sea was to venture in great danger it was usually thought wise by the voyagers to propitiate the god of the waters by making gifts to him before setting sail, and oftentimes, when Neptune displayed his wrath at sea, human sacrifices were made to him. To our superstitious ancestors the son of Saturn and Ops had great power over the waves, especially those of the sea, and had, therefore, in his hands the welfare of all vessels and their human and other freight. The worship of Neptune was early introduced into Rome, and July 23rd, "Neptunalia," was his feast.

As science reduced the terrors of the sea, and education and higher civilization erased the sometimes terrible superstitions from the minds of the world, so the worship of and sacrifices to Neptune ceased, but even to this day he is venerated by many Latin and Scandinavian sailors and no ship crosses the equator without some recognition being made of him. Usually this takes the form of a burlesque performance in which those who are making their first "crossing of the line" are initiated into the mysteries of the deep.

The unique photograph reproduced above was taken aboard the Canadian Pacific "Empress of France" who on a "Round the World" cruise last year. Neptune boarded the great liner in the early morning of the day on which the "line" was crossed, and held court. He was attended by the Royal Barber and other officials who assisted in the initiation ceremony. Most of the passengers were summoned to his august presence and were tried for their misdemeanour, punishment a praise being awarded without favor. Those who produced evidence of having been "initiated" before were, of course, exempt from trial.

This year, when Neptune boards the Empress of Canada, which leaves New York on a Round the World cruise on January 30th, his secretary will issue to all those who pass before the God of the Waters, certificates to that effect, which will be countersigned by Captain Robinson, R.N.R., who commands the vessel, and who besides being valuable souvenirs of the trip, will exempt the holder from further trial.

## Ten Years Ago in Prince Rupert

January 24, 1914.

The Prince Rupert Board of Trade, at its annual meeting last night, elected the following officers: President, George R. Naden; vice-president, D. G. Stewart; secretary treasurer, J. Lorne MacLaren; Council: F. G. Dawson, A. J. Morris, W. M. Law, W. P. Lynch, T. D. Pattullo, J. G. McNab, A. Davidson, H. B. Rochester, Fred Stork, M. P. McCaffery, W. E. Williams, J. H. Thompson, George D. Tite, E. W. Patmore, M. J. Hobin and G. W. Nickerson. Retiring president, F. G. Dawson submitted a report which showed the splendid progress of the city and district in 1913 and aroused the enthusiasm of the members.

The reorganized B.C. Fisheries are to build a large ice and cold storage plant on Porpoise Harbor across from Port Edward. George Clayton has just returned from a series of meetings of the shareholders in England.

About forty couples attended an enjoyable dance given last night in St. Andrew's Hall by the Daughters of the Empire. Mrs. Jarvis McLeod was convener of the affair.

Prosperous advertising means regular continuous advertising.

G. A. Banks, manager of the B.C. Silver mine at Stewart, passed through the city on the Prince Rupert last night bound north after a business trip to Vancouver. Mrs. Banks accompanied him.

J. A. Stephen, assistant district engineer for the provincial department of public works, passed through on the Prince Rupert last night bound north from Victoria to his headquarters in Alice Arm.

Mrs. T. W. Falconer and daughter, Miss Juanita Falconer, Alice Arm, who have been spending a month's vacation in Vancouver and New Westminster, passed through on the Prince Rupert last night returning home.

E. R. Tabrum, formerly in the boot and shoe business here and now on the road for the firm of Stevenson & Hoyland, Vancouver, arrived by the Prince Rupert last evening. He is on one of his periodical business trips to the district.

Mrs. G. Couture and daughter, Miss Rosie Couture, 735 Fifth Avenue West, returned to the city on the Prince Rupert last night after having spent the past five months visiting in Montreal, Quebec and Sherbrooke, P.Q. Mrs. Couture's son, who also went East, is remaining in Sherbrooke where he has been placed in school.

Six hours late in arriving from the south last night and still further delayed in discharging a heavy freight cargo here, C.N.R. steamer Prince Rupert, Capt. John McKernan, did not sail for Stewart and Anyox until 7 o'clock this morning 8 hours behind schedule. The vessel will be late in returning from the north and will not clear for Vancouver tomorrow until well towards noon.

Basketball tonight, Elks Home, instead of Friday owing to Burns' Banquet.

Fresh shipment Nanoose-Wellington coal just arrived. Philpott, Evitt & Co. 11

Archie Watt, district master mechanic for the C.N.R., reached the city from the interior on last night's train.

The "Fordor" Sedan and other new Ford models are now on display at Parker's salesrooms. Ask about the easy payment plan.

D. Chisholm of Stewart, who has been in the city for the past few days on business, returned north on the Prince Rupert this morning.

Fred Weaver of the United States consulate, who has been on a holiday trip to California, is expected back at the end of the week.

Robert Blance, chief engineer at the Canadian Fish & Gold Storage Co. plant, is sailing tomorrow morning by the Prince Rupert for Seattle.

Capt. Hanson and two members of the crew of the wrecked lug Francois Cutting are sailing by the Prince Rupert tomorrow morning for Vancouver.

A. A. Cox, Vancouver architect, arrived from Vancouver on the Prince Rupert last night. He is here for a few days in connection with building projects under way and proposed in the city.

Peter A. Meuse, local halibut boat owner, returned to the city by the Prince Rupert last night after having spent the winter visiting with his family at Middle Belleville, Yarmouth County, Nova Scotia.

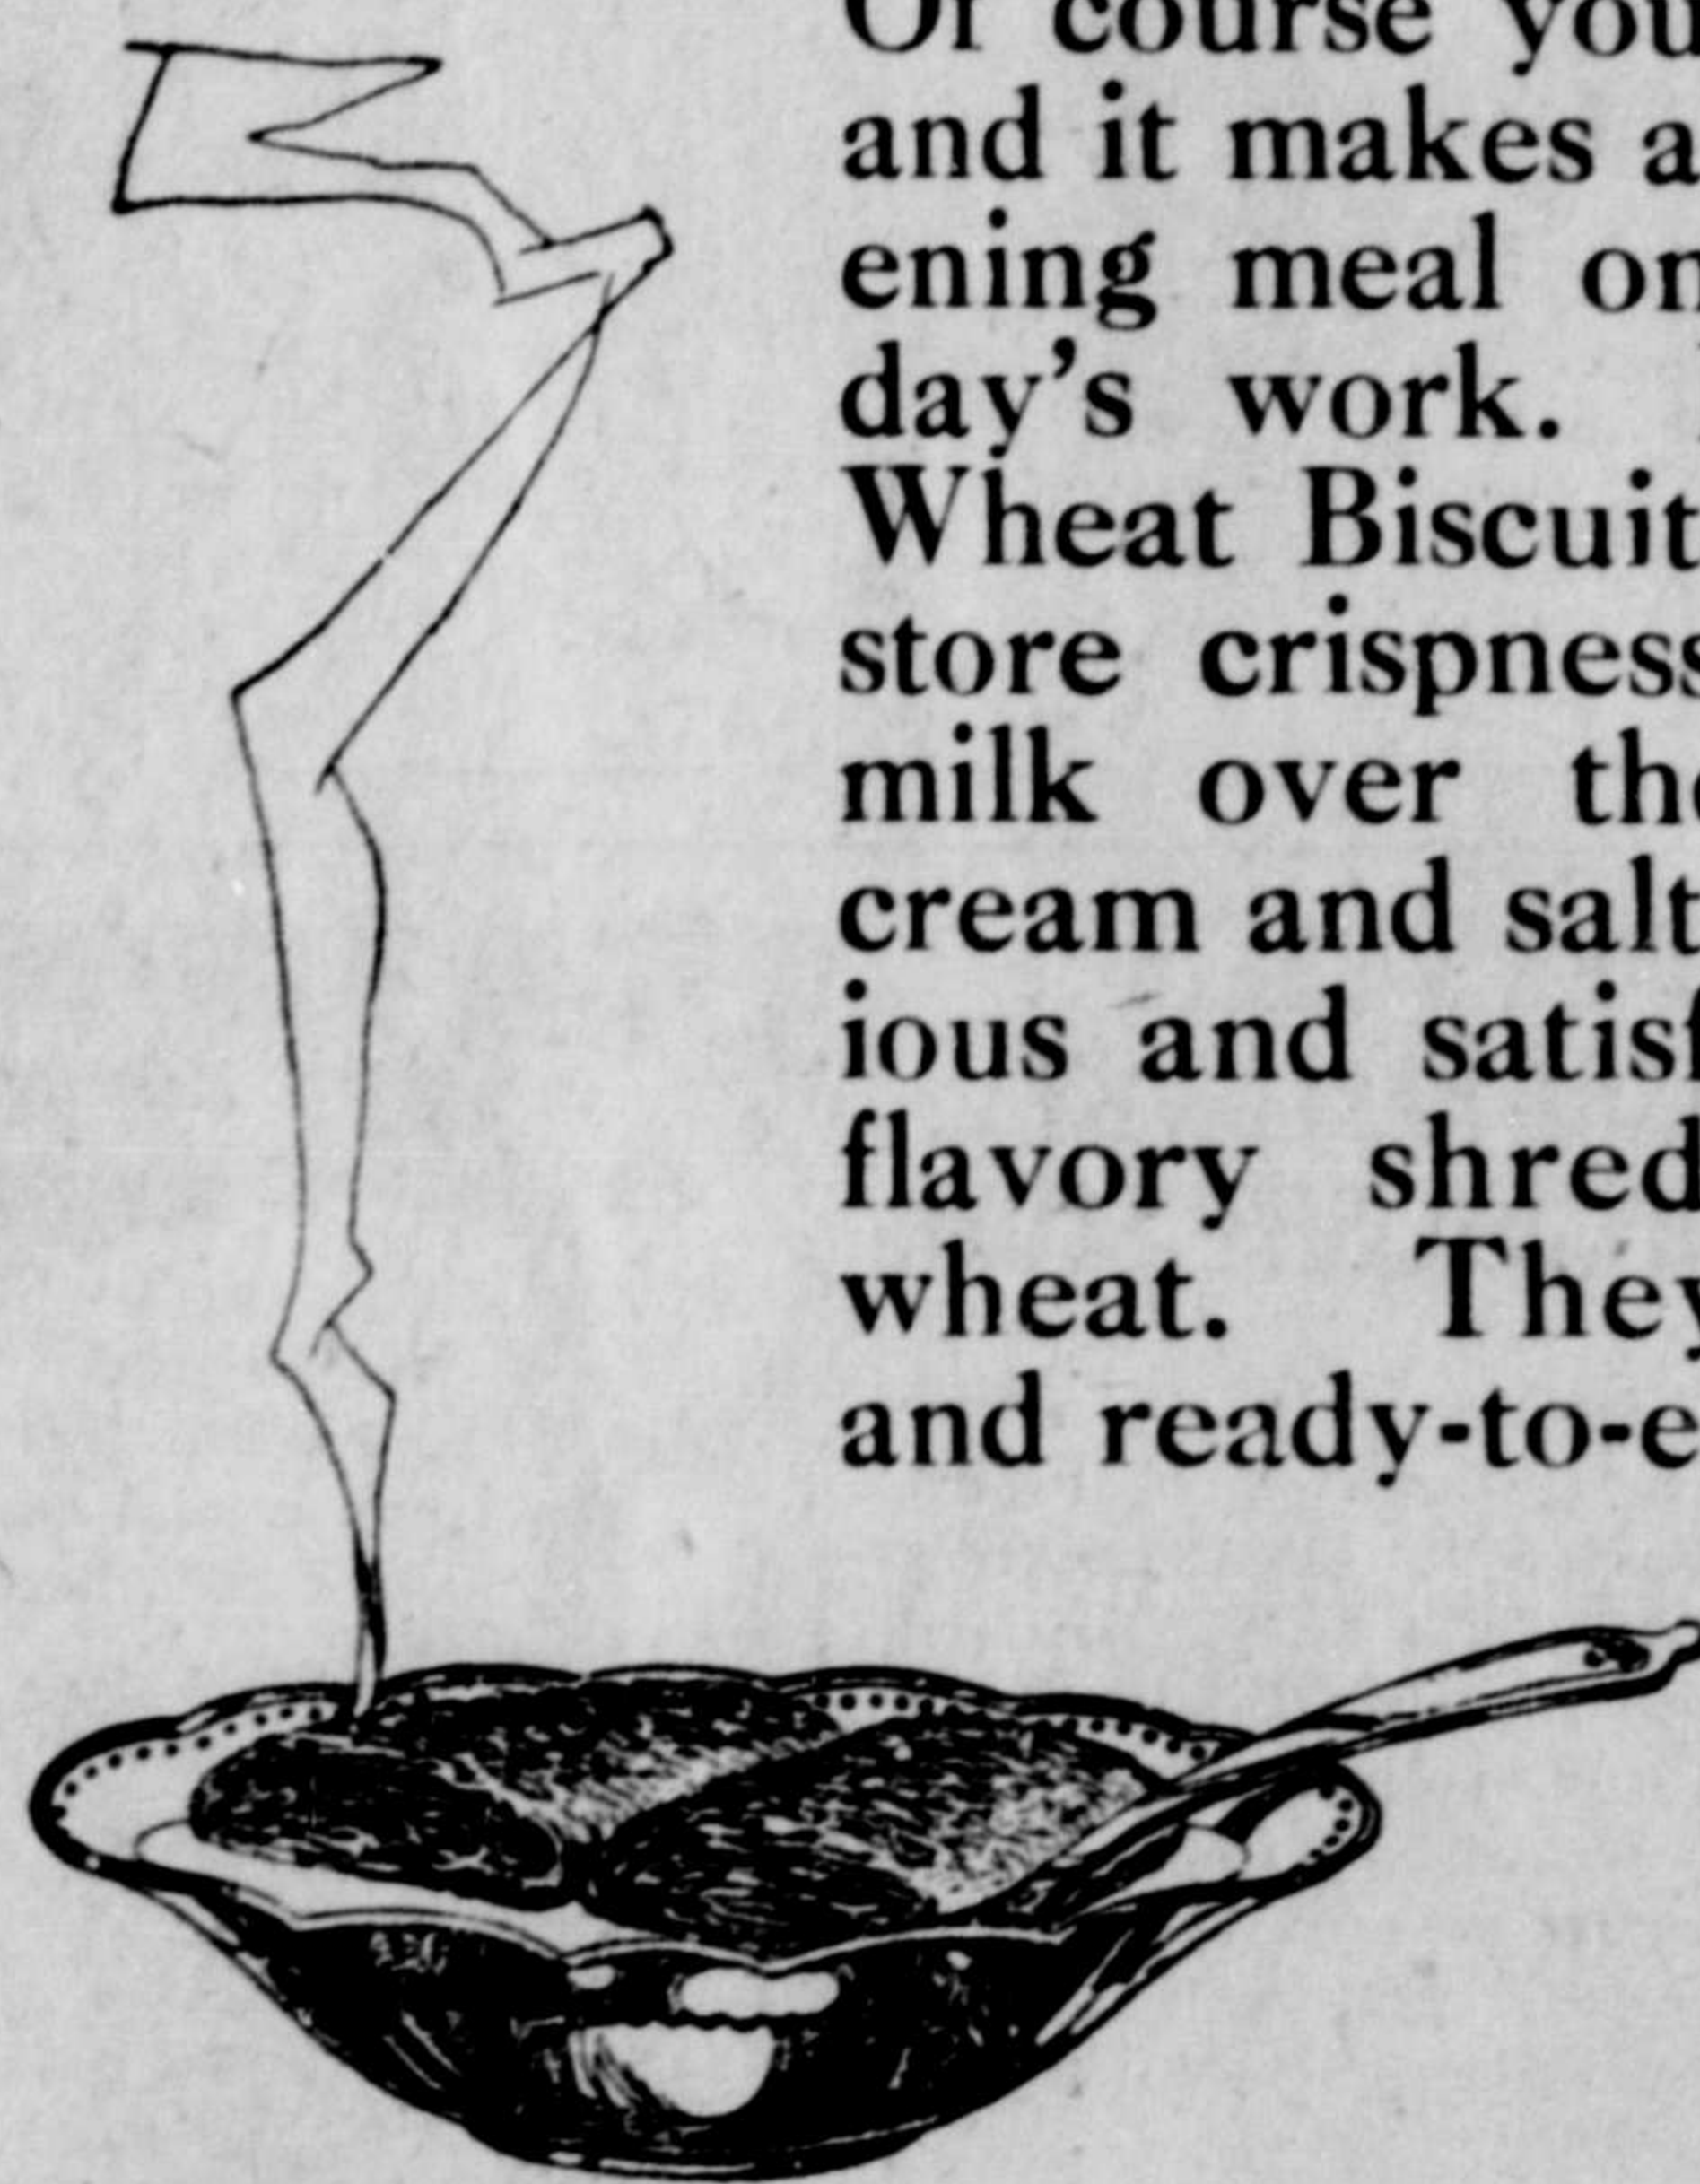

Mrs. Thompson, formerly Miss Winona McIntosh, who has been visiting here with her sister, Mrs. W. D. Vance, Fourth Avenue East, is returning to her home in Vancouver on the Prince Rupert tomorrow morning.

Capt. John R. Turner, engineer in charge of interior mining operations for J. F. Duthie of Seattle, arrived from the south on the Prince Rupert last evening. He is spending a day in the city before proceeding to Dorreen.

R. A. Prest, teller in the local branch of the Bank of Montreal, is back from Stewart where he has been relieving for the past month. J. W. Stewart, who has been here from Vancouver taking Mr. Prest's place, will return south on the Prince Rupert tomorrow morning.

The regular open luncheon of the Prince Rupert Gyro Club took place last evening in the St. Regis Cafe, Vice-President S. K. Campbell occupying the chair in the absence of President Gonzales who is on a trip south. United States Consul E. A. Wakefield was to have been the speaker but was prevented at the last minute from being present and there was an impromptu entertainment among the members instead. Guests of the evening were N. N. Murchie of Vancouver, an A. A. Easson, George R. Tite and James R. Mitchell of Prince Rupert. Further arrangements for the club ball to be held in the Auditorium next Wednesday evening were decided upon.

Serve it hot

The Canadian Shredded Wheat Company, Ltd. Niagara Falls, Ontario

Shredded Wheat

Of course you can serve it hot—and it makes a satisfying, strengthening meal on which to start the day's work. Heat two Shredded Wheat Biscuits in the oven to restore crispness and then pour hot milk over them, adding a little cream and salt. Nothing so delicious and satisfying as these crisp, flavory shreds of baked whole wheat. They are ready-cooked and ready-to-eat.

INDIGESTION GAS ON STOMACH PAINS AFTER MEALS

Many people suffer terribly from gas and pains in the stomach after every meal, and are kept in constant misery. For the past 44 years Burdock Blood Bitters has been bringing hope and joy to thousands suffering from various forms of stomach trouble, helping them to eat three square meals a day; helping them to eat anything they wish, without having to suffer for it after.

Mr. Fred Nielson, Moose Jaw, Sask., writes:—"All last summer I was troubled with stomach trouble and indigestion, and also gas on the stomach. I could not eat anything except some light food and even then I would be bothered with pains after each meal. I could not work a whole day without being done out. I had tried everything; doctors, medicines and pills, until I read about Burdock Blood Bitters. I have taken four bottles and it has nearly, if not completely, restored me to health again."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Pythian Sisters	5	2	5
Orange Ladies	3	4	3
St. Andrew's	3	4	3
Moose Legion	2	5	2
Rebekahs	2	5	2

## Sport Chat

With three teams — Moose, Elks and Sons of England — tied in number of victories (seven) and making strong bids for the Dybhavn Cup, emblematic of city championship, interest is becoming very keen in the Fraternal Whist League competition. Tonight each of these three teams will come into action and, needless to say, they will be there with their strongest aggregations so as not to lose their positions of advantage. The Elks will play with the Knights of Columbus; Sons of England with the Odd-fellows, and Moose with St. Andrews. Each one of the nine teams in the competition this winter still has a chance at the championship although the Sons of Canada and Knights of Columbus, at present sharing the cellular, are under a rather severe handicap with three wins and seven defeats chalked up against them.

## STEWART BOY MAKES OWN RADIO SET AND HEARS THE OUTSIDE

Now With Modern Instrument Sits in at Concerts and Lectures at all Points

It has remained for a 14-year-old Stewart schoolboy, Stavelly Mellor, to silence the fireside skeptics who, for several years past, have argued that owing to the high mountains a wireless station could never be operated successfully in the town of Stewart says the Portland Canal News. Such has been a favorite topic at one time and another around the various glowing stoves, during the long, quiet, winter months. But a new generation has now dispelled this mist of pessimism, so confidently expounded by the pseudo-wise. Made His Own

Stavelly, without saying a word to his parents, or to anyone, for that matter, took a Quaker Rolled Oat container made of cardboard, around which he tightly wrapped 24-gauge covered copper wire, breaking the covering every ten turns, for the purpose of obtaining connection in order to adjust his instrument to the wave lengths; secured a specimen of galena ore from the Sultan mining claims on Bitter creek; rigged his aeriels over his father's store. Then, when everything was all set, he told his father what he had done, and asked him to come and look at it. Together they went to the instrument, Stavelly adjusted his head phones, and with great excitement clearly heard the wireless station at Hyder 2 1/2 miles away, operating. The pleasure of this discovery over, with his father's assistance he felt out further, and eventually picked up wireless from Juneau, Prince Rupert and other north coast points. Hears Many Points

Since then Mr. Mellor has presented his son with a radio receiving set, manufactured by the Northern Electric Co., for amateurs, and he has, as a result, during the past few weeks listened in on a number of concerts, speeches and press news, broadcast from as far south as Los Angeles and as far east as Regina, and often picks up broadcasting from intermediary points such as Edmonton, Calgary, Vancouver and Seattle. Recently he heard a man making a speech in Regina, and heard him as clearly as though he were in the same room. To date he has not installed a loud speaker, but hopes to do so as soon as he has completed certain experiments.

## WATER WORKS IS FINISHED

Metlakatla Village Takes Over New Utility—Councils Elected There and at Port Simpson

The water works at Metlakatla installed by the Dominion Water Power Branch for the Department of Indian Affairs has been completed and turned over to the native council, Indian Agent W. E. Collison announced this morning following his return from a visit to the village.

The system includes about a mile of pipe and the village is now splendidly protected from fire hazard. There are five hydrants with a pressure of between 70 and 80 pounds and stand pipes for domestic supply have been placed at points convenient to the houses. The natives themselves, it is expected, will later have the water brought inside. The source of supply is a small lake about a mile back of the village. The next project for the village will probably be a hydro-electric lighting system.

J. H. A. Stephen, engineer in charge of the water works construction, is in the city and will be returning south tomorrow morning.

### Annual Election

Mr. Collison's visit to Metlakatla yesterday was also the occasion for the election of the village council for 1924 which was chosen as follows:

Chief Councillor—William N. Leighton.

Councillors—G. H. Clifton, John D. Leighton, Charles W. Auckland, Reuben Leighton and Henry Provost.

Constables were also appointed and sworn in and committees were named from the council, a particularly strong one being chosen to take charge of water works affairs.

### Simpson Council

The native council at Port Simpson was also elected recently as follows:

Chief Councillor—Ernest Durdward.

Councillors—John Sankey, Henry D. Pierce, William Musgrave, Joseph Offatt, Nathan Lawson, Fred Ross, James Henry, Robert Tall, Sam Bennett, Harry Ryan and Phillip Green.

A public playground, the construction of which was undertaken by the council, is just about completed at Port Simpson. It will be a decided acquisition to the village.

## QUIET WEDDING BUT AN INTERESTING ONE

Miss Clara Orchard Becomes Bride of Donald Andrew McLeod—Ceremony Last Evening

A quiet but interesting wedding took place last evening at 8 o'clock in the Methodist Parsonage, Rev. G. G. Backer officiat-

# PEPS

the real breathable tablets, make the throat, chest, and lungs cold-resisting. When a nasty cold or a coughing bout foretells the revival of your old bronchial trouble, the best thing to do is to take Peps at once to strengthen and

# PROTECT

the chest. When a Peps tablet is taken from its preserving silver wrapper and allowed to dissolve in the mouth, it gives off powerful medicinal and germicidal fumes that immediately circulate with the breath through all the air-passages, and destroy any germs that have got into

# YOUR

nostrils and throat. At the same time the sore, inflamed membrane is soothed, healed, and protected, phlegm is released from the bronchials, breathing is made easy, and that distressing cough and throat soreness disappear.

By this direct treatment Peps keep trouble off the

# CHEST

and lungs, and the worst weather can be faced without fear of evil consequences. It is the safest plan to always have a few Peps handy to arrest a cold, and prevent it reaching the lungs or starting bronchitis and chest weakness.

ing, when Miss Clara Orchard became the bride of Donald Andrew McLeod.

Both Mr. and Mrs. McLeod are well known residents of long standing in the city and will receive the congratulations and hearty best wishes of many friends. The bride, who is a sister of Mrs. Oliver A. Rogers, for several years was stenographer to the city clerk and before that was with a local wholesale firm. The groom, who has resided here for fourteen years, was formerly foreman for the city light department and is now acting as manager of the Savoy Hotel.

Mr. and Mrs. McLeod will reside in the meantime at the Savoy Hotel.

## BRIDE ARRIVES FROM ITALY TO WED ANYOX MAN LAST EVENING

Joseph Fizzono Gazzola of the Granby smelter staff at Anyox yesterday afternoon at 4 o'clock in the Catholic Chapel, Bishop E. M. Bunz officiating, was married to Miss Mary Helen Bastro who came here all the way from Italy to become his bride. The ceremony was a quiet one, F. Cavanzo of Anyox supporting the groom and Miss Annie Zarelli of this city attending the bride. Mrs. Gazzola wore a beautiful travelling costume and carried pink carnations and chrysanthemums. The bridesmaid was garbed in white with a similar bouquet.

Mr. and Mrs. Gazzola are spending a few days in the city before leaving on Sunday night for Anyox where they will take up their residence.

## ELKS BURNED BANKERS' NOTE

Local Lodge Declared Free from Debt at Banquet Held Last Night

### IMPOSING CEREMONY

Ladies Joined with Men's Order in Celebrating Auspicious Event

An impressive ceremony took place last night at a late banquet given by the Elks Lodge at which the members of the Ladies of the Royal Purple and a number of visitors were present. The event was the burning of the note to the bank on which money had been borrowed several years ago and which had recently been liquidated and the handing out of checks to pay off those individuals who had made loans to the lodge to carry them on during the lean years just concluded. It was declared that the lodge was now out of debt and there was a small balance in the bank with which to start the new lodge year.

The banquet took place in the lodge room following the regular meeting and was presided over by H. F. Glassey with other officers of the order and of the Ladies of the Royal Purple supporting him on either side and with Fred Stork, one of the speakers of the evening, also in a seat of honor.

In his opening address Mr. Glassey outlined the financial condition of the lodge telling how through force of circumstances a debt had to be incurred and how it had now through the combined efforts of the lodge and of the Ladies of the Royal Purple been liquidated. He extended to the ladies the appreciation of the Elks and this was later emphasized by hearty cheers and musical honors. Mr. Glassey said the new officers would have the backing of every member of the lodge. At the head they had in Ben Self a man who was full of zeal for the organization.

### Do Effective Work

Dr. Grant said he felt loaded with enthusiasm over their fine achievement in getting rid of the debt and he complimented both them and the ladies on the splendid work they had accomplished. This summer he felt was going to be an important one in the history of the city. He felt they were on the eve of something. The lodge was now at liberty to go ahead and do effective work.

Carping critics could cause a depressing atmosphere but he was glad to know that the Elks were filled with enthusiasm. They had been organized on the principle of helping others. The work of service was of the greatest importance. The order had not hesitated to give in time of need and to help the distressed. He congratulated Mrs. Glassey as head of ladies' organization and Ben Self as the new head of the Elks. He hoped their anticipations would be richly fulfilled.

### For the Ladies

Mrs. Dibb on behalf of the ladies said the ladies of the Royal Purple were just as jubilant as the Brother Bills in taking part in the ceremony of the burning of the note. She thought such a ceremony would never have to take place again. The new officers she felt certain would give a good account of themselves in the year's work.

Ben Self the newly elected exalted ruler of the order said the success was the only thing that succeeded. He would wait before making any announcements or promises and let actions rather than words speak.

The ceremony then took place. The note was brought in on a tray carried by the trustees Harry Lipsell, Ben Self and Jarvis McLeod, who marched around the room to the music of John's Brown's Body. Then standing in the middle of the hall fire chief Macdonald handed the match to Mrs. Dibb who ignited the note held aloft by H. F. Pullen and it was slowly burned amid the cheers of the members and visitors.

### Checks Presented

The checks were then presented to those who had made loans in time of stress and the lodge was declared free of debt and with a neat little bank balance. Fred Stork on being called

# MILLIONS and Movies

THROUGH the medium of slender strips of celluloid an actor appears simultaneously on thousands of screens in as many different towns. On the same evening, he entertains great armies of film fans who eagerly pay their money to see his performance.

So the movie star commands a king's ransom for a salary, and a fortune is spent profitably, to provide a proper background for his art. The movie multiplies personality—and earning power.

Advertising does the same thing for a merchant or manufacturer. In a single day it takes his message into thousands of homes—to tell folks why they should have his goods and how to get them. Advertising endows him with a thousand voices with which to tell his story.

But the value of advertising is by no means confined to the advertiser. It has a very definite value to you.

A glance through this paper enables you to sift out the things that interest you. Sitting in your easy chair you can compare values and prices. In a moment you can tell exactly where to go for what you want and how much to pay.

Figure how much useless walking and talking and how much actual money you can save by spending a few moments daily with the advertisements.

## BEN SELF AT HEAD OF ELKS

### Officers Elected Last Night at Annual General Meeting of Order

At the annual general meeting of the Elks in their home, Third Avenue, officers were elected for the coming year with Ben Self as Exalted Ruler. The full list chosen was as follows:

Exalted Ruler, Ben Self.  
 Esteemed Leading Knight, L. M. Fuller.  
 Esteemed Loyal Knight, A. Eason.  
 Esteemed Lecturing Knight, W. H. Derry.  
 Secretary, W. E. Williseroff.  
 Treasurer, H. A. Breen.  
 Trustee, John Dybhavn (three year term).  
 Tyler, John Gawthorn.  
 Inner Guard, George Waddell.

Reports showing the lodge now out of debt and with a balance in the bank were presented.

It was decided to hold a whist drive and dance for the dependents of a former member of the lodge who died in the south and who leave a widow.

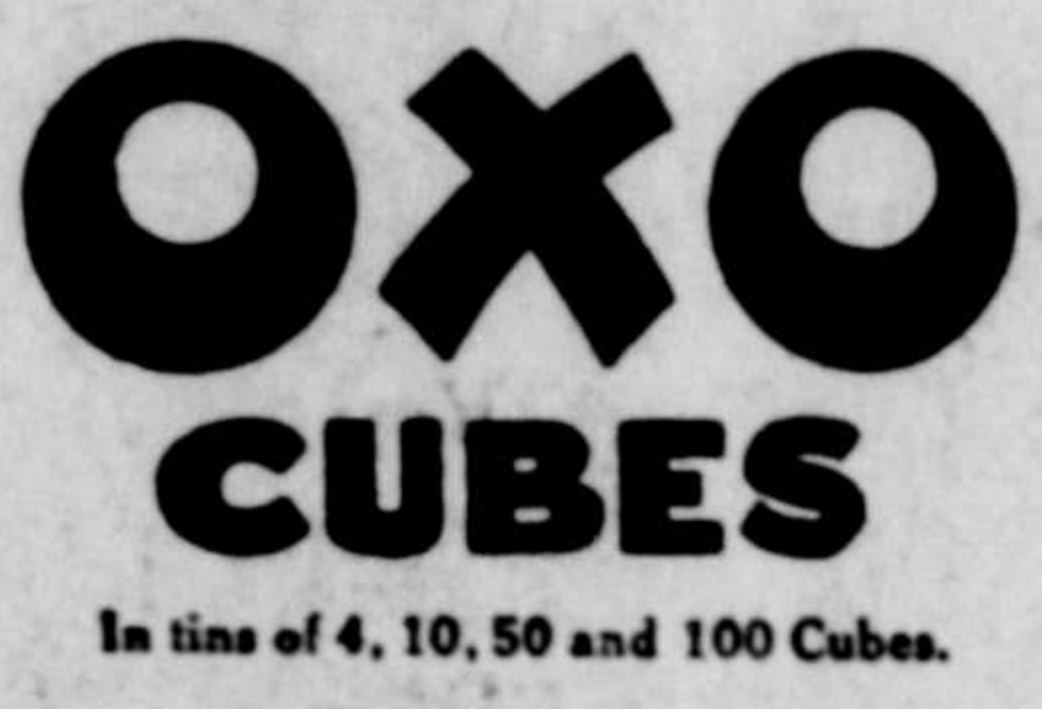

## Invalid Cookery

Oxo Beef Cubes are the easiest way to take nourishment and the easiest way to make nourishment.

Delicious, strengthening beef tea, and other nourishing dishes may be prepared at a moment's notice.

And Oxo Cubes have a thousand and one general cooking uses for all the household, adding variety, flavor and nourishment to the meals you serve

Oxo Scrambled Eggs  
 Scramble one or more eggs as required and put them on toast, over which has been spread a layer of chipped Oxo, mixed with a little butter. (Pouched eggs may be served in the same way.)

## PRESBYTERIAN CHURCH ELECTS ITS OFFICERS

### Votes of Thanks Passed to Retiring Officials and Others

At the Presbyterian annual gathering in the church hall last night, the Moderator of the session, Rev. H. R. Grant, D.O., presiding, officers for the coming year were chosen.

Secretary of the congregation, J. L. Christie.

The new managers are E. Smith, Joe Greer, and George Rorie taking the place of Messrs. McClymont, McKinley and Steen. Trustees chosen were Hon. A. M. Manson, F. G. Dawson and George Naden, re-elected.

Votes of thanks were passed to the retiring officers, to J. Lorne McLaren for auditing the books, to the officers and workers in the Sunday School, to the choir and to all others who helped in the church work during the year.

## HUGE DISTANCES IN PROPOSED AIR ROUTE

MELBOURNE, Jan. 24.—Progress is being made toward the establishment of a gigantic air service which will connect Great Britain, Egypt, India and Australia. Details of the plan have been discussed in Melbourne with the postmaster general and the minister for defence, and it is expected that it will be carried out.

At present the journey from Australia to London occupies practically a month. The proposed airship service would cut this to a little more than nine days, which would include a stay of six hours, at each of the stopping places. The airships would carry mail and passengers.

The proposed route, with time and distances, follows:

Miles.	Hrs.
Great Britain to Cairo	2,161 40
Cairo to Baghdad	645 19
Bagdad to Bombay	1,771 41
Bombay to Calcutta	785 23
Calcutta to Rangoon	700 20
Rangoon to Singapore	1,931 26
Singapore to Perth	2,280 45

## SYNOPSIS OF LAND ACT AMENDMENTS

**PRE-EMPTIONS**  
 Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by alien residents intending to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

## FLOWERS SAID TO BE MILLIONS OF YEARS OLD ARE PETRIIFIED

CHICAGO, Jan. 24.—Traces of flowers that may have bloomed millions of years ago have been discovered in the petrified forest of the Southern Black Hills, in South Dakota, according to D. C. Davies, director of the Field Museum of Natural History. The age of the formation in which they are found, as estimated on the basis of active disintegration, exceeds a hundred million years.

One of these flowers has been reconstructed here in the museum in co-operation with their discoverer, Professor Wieland of Yale, an authority on these plants.

"These flowers belong to an extinct group of 'non-flowering' plants, an apparent contradiction in terms," said Mr. Davies. "Their nearest living relation are the so-called sago-palms, the plants that furnish the 'palm leaves' used by florists. The sago-palms or Cycads are flowerless plants in the same sense as pine trees are flowerless. Their extinct relatives, however, bore perfect flowers in great number, large, very elaborate and strikingly unlike any other flowers known. So abundant were these plants in their time that the era when they flourished is called the Age Cycads."

## BOWSER INTIMATES WILL COME BACK AT NEW PARTY LEADERS

### Leader of Conservatives States His Position in Regard to Inquiry

VICTORIA, Jan. 24.—W. J. Bowser intimated that when the coming proposed Royal Commission is through and the charges against him found false—as he is confident will be the result—he will have something to say to those individuals who signed the petition in which he and Hon. William Sloan are directly charged with crime. It was alleged, Mr. Bowser was paid \$50,000 of the money of the P.G.E. Railway, or its contractors or persons associated or interested with them, and that amount was drawn from the Union Bank and paid to Mr. Bowser, then a minister of the Crown and now leader of the Conservative opposition in the Legislature; that an approximately equal amount was paid to William Sloan by the same interests, Mr. Sloan being then a candidate of the Liberal party and now Minister of Mines for the Province; and that as a result of these two payments the promoters of the Pacific Great Eastern Railway "were assured of protection in any event of the ensuing general election, and as a result of such contributions, protection and favorable treatment have been fully secured."

Asks Judicial Inquiry  
 "I want the most searching inquiry into that charge," declared Mr. Bowser. "I expect the Government is carefully working out, not alone the petition."

## ESTATE OF ALFRED WYNDHAM CARTER: DECEASED.
