### SIR R. HORNE CALLS LABOR GROUP RIDICULOUS; CONFERENCE AT OTTAWA

#### Eastern Liberals Said to be Meeting Views of West Object of Strengthening Government

OTTAWA, Jan. 11.—Premier King's conferences with A. T. Crerar and Premier Dunning of Saskatchewan continued today but there are no indications as yet of any definite results. Attention in political circles is now being turned to speculation as to how an arrangement that will bring in western support can be reconciled with the wishes of Liberals of Quebec and other parts of Eastern Canada. There is evidence, however, in comments made upon the situation, that there is a growing feeling of willingness on the part of eastern Liberals to go a certain distance toward meeting western desires in both policy and personnel. This opinion was expressed by prominent Nova Scotia Liberals who favor an understanding with the Progressives.

#### MINERS VOTE BRITAIN TODAY

Probably be Large Majority For Terminating Agreement With Operators

LONDON, Jan. 11.—The taking of a vote among 700,000 miners of the United Kingdom on the question of terminating the national wage agreement has begun. The executive of the miners' federation has recommended its termination and there will probably be a large majority in favor of it. Failure of the miners and mine owners to settle their differences would mean a strike ballot.

#### NEW VESSELS HUDSON'S BAY

Steel Craft to Replace Lady Kindersley in North Summer of 1925

VANCOUVER, Jan. 11.—The Hudson's Bay Company will build two new vessels for use in the Arctic. The larger of the two will be of steel, the smaller being used as a distributing vessel from Herschel Island eastward to Coronation Gulf.

The Lady Kindersley will make another voyage to the Arctic this coming summer but will be replaced by the new steel vessel the following season.

#### STEWART MEN LOSE AT APPEAL COURT

Judgment Awarding \$12,000 Commission on Mining Deal to William Bunting Affirmed

An appeal to John Hoyland and Louis Watkins at Victoria against the judgment of Mr. Justice Murphy awarding to William Bunting 10 per cent commission on \$120,000, the purchase price of silver claims near Stewart, has been dismissed by the Appeal Court, Mr. Justice Martin dissenting.

A PUBLIC MEETING in the interests of M. M. STEPHENS, Candidate for Mayor, will be held in the EMPRESS THEATRE, Monday, Jan. 14, at 8 p.m.

Aldermanic, Police Commission and School Board Candidates Invited.

Everybody Welcome.

#### NEW SETTLERS ARE COMING

Approximately a Thousand Arrive This Week on Various Atlantic Steamships

SWEDISH LINER CALLS

WINNIPEG, Jan. 11.—Considerable activity in immigration from Europe to Canada is announced by J. Morrison, general passenger agent of steamship traffic for the Canadian National Railways. Mr. Morrison pointed out yesterday that boats arriving in Halifax this week will bring into Canada approximately 1,000 new settlers from various European countries and that the announcement of policy by the Colonization department of the Canadian National Railways together with that of the Federal government relative to a preferential trans-atlantic steamship rate from Great Britain will undoubtedly give desired impetus to immigration with the approach of spring.

A party of 225 passengers from the White Star steamship Lapland and the Gunard Lacomia arrived in Montreal from Halifax January 9. Many of these, destined for points in Western Canada, have left Montreal by the Continental Limited over the Canadian National Railways.

The French line boat La Bourdonnais, is now due at Halifax with a small list for Canada. On Friday the Gunard liner Antonia is expected at Halifax with 290 passengers, among whom are a number of Russian Jewish refugees who will proceed to Western Ontario points.

Due on Sunday

The Anchor-Donaldson liner, "Columbia" is due at Halifax on Sunday with 1,000 passengers for Canada and on the same day or early on Monday the Swedish-American liner "Stockholm" will make dock at Halifax. This will be the first call of a boat of this line under the new service, which calls for docking at Halifax on the way to New York. The "Stockholm" which is outbound from Gotteburg, Sweden, carried 180 cabin passengers, mostly of Scandinavian birth. The Canadian destination of these passengers is not yet known but it is thought that the most of them will be settled in Western Canada where there are already large Scandinavian colonies.

District Deputy George H. Munro and party of local Masons, who participated in the ceremonies of installing officers of Omicron Lodge at Smithers last night, will return to the city on this afternoon's train.

Union steamer Camosun, Capt. J. A. Findlay, arrived at 10 this morning from Vancouver and wayports and sailed at 11 for the Naas River. The vessel will sail from here on her return south at 10 o'clock tomorrow morning.

John Plovak is said to be the greatest diving helmet maker in the world. For forty years he has worked in a little shop on the banks of the Anclote river in Florida, supplying sponge fishermen with headgear.

#### Coalition to Oppose Labor Party in Britain Predicted by Former Chancellor Horne

NEW YORK, Jan. 11.—The early formation of a coalition government in Great Britain, which would overthrow the power of the labor party now in control of the political situation, is predicted by Sir Robert Horne, former chancellor of the exchequer on his arrival here from Canada.

"It is regrettable that the ridiculous labor socialist elements should be permitted to get control of the government," he declared. "With the protective tariff discussion out of the way there should be an early decline in the power of the laborites."

#### VENIZELOS TO FORM CABINET IN GREECE ROUSSOS PREMIER

ATHENS, Jan. 11.—Elipheros Venizelos today decided to form a cabinet in which he will be minister without portfolio with George Roussos, Republican Liberal leader, for Prime Minister, as the only solution of the protracted government crisis in Greece. Venizelos reached the decision after General Danglis failed in an attempt to form a ministry.

#### CHARTER BOAT ALASKA ROUTE

Victoria Times Has Rumor That Pacific Coast Steamer May be Used by C.N.R.

The Victoria Times is responsible for the statement that the Canadian National Railways may charter a Pacific coast passenger liner for temporary service in the Alaska tourist trade until the new steamer Prince Henry, for which tenders have been called, is completed. A steamship, which has only recently been built, is contemplated and it is understood that this will be used during the heavy tourist season on the Alaska run this year to bridge the interval while the new boat is being built.

The Times also says that the steamer to replace the Prince Albert, which Capt. Donald has gone to Denmark to inspect, will be named the Prince Arthur.

#### TO LOAD HERE FOR BRITAIN

Canadian Transporter to Institute Another Service from This Port

C.G.M.M. steamer Canadian Transporter, Capt. A. B. Watson, which last summer instituted direct lumber shipments from Prince Rupert to Japan by taking out the first cargo of Jap squares, will this week load the first shipment of lumber to be shipped direct from Prince Rupert to the United Kingdom. The cargo will be 80,000 feet of clear green spruce from the Big Bay Lumber Co.'s mill at Georgetown which will be taken on here by the Transporter after she leaves the dock — probably tomorrow morning.

The Big Bay Lumber Co. has been shipping spruce for some time to the United Kingdom but this will be the first time it was ever loaded here direct.

#### Forestry Educational Car is Coming Here Tomorrow and a Series of Meetings Proposed

To start a four months' tour of all parts of British Columbia, an exhibit car sent out by the Canadian Forestry Association will arrive here tomorrow direct from Ottawa. G. Gerald Blyth, assistant secretary of the Canadian Forestry Association, who will accompany the car in official capacity, reached here by last night's train from the East.

The assigning of the car to British Columbia is the result of an arrangement made between the British Columbia forest service and the Canadian Forestry Association. Prince Rupert is the starting point. A series of meetings will be held here and along the railway line in the interior. One meeting will be held for school children in the Booth Memorial School at a date later to be announced. There will also be a public meeting if possible.

The car is equipped with moving picture films depicting forest fire scenes and industrial forest activities. It also carries a radiophone as well as exhibits of forest conditions and methods of protection. There are timber exhibits as well.

In all, the car will be of much interest and a visit to it while it is here would well repay all citizens.

#### BOY PHENOMENA IS CLERK PUNCHING AN ADDING MACHINE

NEW YORK, Jan. 11.—William Sidis, who at the age of two could read and write, at seven passed the Harvard Medical School examinations in anatomy and at eleven astonished the professors of Harvard with a lecture on the fourth dimension, is a twenty-three-dollar-a-week clerk, punching an adding machine, says the New York Tribune.

His friends say he insisted on having work which required no thinking.

#### OLIVER EXPLAINS COWICHAN IS NOT BEING BADLY USED

New Riding is Most Compact in Province But Labor and Farmers do not Mix

VICTORIA, Jan. 11.—Cowichan, Newcombe is to be the official name of the Vancouver Island electoral riding formed by a union of Cowichan and Newcombe, Premier Oliver stated, and he could not understand the outburst at the Duncan meeting in regard to the union. He said the new riding was the most compact in the province.

The chief complaint of Cowichan appears to be its forced union with the strictly labor district of Newcastle.

#### DEMPESEY AND GIBBONS WILL PROBABLY FIGHT AGAIN NEXT SUMMER

NEW YORK, Jan. 11.—Dempsey and Gibbons will fight a return title match in New York early in June, Ted Rickard announces. He said he had come to a definite agreement with Gibbons' manager and though Kearns has not yet signed he assured Rickard some days ago there would be no hitch in the arrangements if Gibbons signed.

#### CITIES HATE PAYING BILLS

Want to Know How Cost of Prosecuting Liquor Cases Arrived at

NELSON, Jan. 11.—Ferne, like Nelson and Cranbrook, is demanding that the Liquor Board supply details and vouchers of expenditures of its agents sent in without request to secure liquor convictions. In Ferne there were three agents, three convictions, and the bill presented to the city amounted to \$1,176. Cranbrook's bill was \$1,807 for three convictions and in Nelson the cost was \$900 for three prosecutions.

#### LONG TRAIL TO CHRISTIANITY

Natives Walk 60 Miles Over Snows to be Confirmed by Archbishop Du Vernet

Two natives, a man and a woman, walked 60 miles over the snows of the Upper Skeena Valley to be confirmed at St. Peter's Church, Hazelton, last Sunday by Archbishop F. H. Du Vernet. They came from Gish-gegas and were two of seven native candidates, two men and five women, who were confirmed at the special services last Sunday. All were presented by Rev. T. D. Proctor, clergyman in charge for the Upper Skeena River.

Archbishop DuVernet is leaving by tomorrow night's train for Terrace where he will conduct services next Sunday, relieving Rev. T. J. Marsh who has been admitted to an Edmonton hospital to undergo insulin treatment for diabetes.

#### MAY BE EARLY DOM. ELECTION

Winnipeg Newspaper Gets Dispatch Regard to Ottawa Political Situation

WINNIPEG, Jan. 11.—The Tribune publishes the following special despatch from Ottawa: "With a redistribution measure proposed for next session of parliament it is felt here that an early appeal to the people may take place. This, according to some observers, is the reason for the call to Premier Dunning and A. T. Crerar. "It is said the Prime Minister wishes to find out what is necessary to appease the West before seeking its support."

### Not Live Too Much In The Future.

The tendency in the west is for everyone to gamble on futures. Many people bought real estate in Prince Rupert years ago with the idea of becoming rich quickly, just as they did in many other cities, and today they find themselves still holding on but with a great deal of the fancied value gone. The difficulty in a small town is to forget the past. We refuse to bury our dead.

Again and again it has been made clear to us that we have to do business on the basis of the present rather than the future. We are all hopeful for the year that is opening before us and it is expected that important developments will make the city more prosperous, but to make our individual budgets based on those developments would be foolish. We must learn to cash in on our experiences or the experiences are not worth anything.

### Economies Are Demanded Everywhere.

Economies are being demanded everywhere. Prince Rupert is not by any means alone in this regard. It is being generally realized that people must cut their coats according to the cloth they have and not try to make two coats out of material sufficient only for one. This realization is causing some heart-burnings in every city. Men who in the past have been in the habit of playing fast and loose with public funds do not like to have to curtail. The proceeds of economizing is always unpleasant until we become used to it. There are times, however, when it is necessary and everywhere throughout the country that is being realized. Borrowing in order to liquidate our debts is bound to prove fatal in the end.

### Elections Are Not At Present Demanded.

There is talk of elections both in this province and in connection with the Federal government. Neither are necessary or desirable at the present time so far as an outsider can see. In the provincial arena there are a few people with money getting their names into print and calling themselves the Provincial Party and they are shouting at the tops of their little voices for an immediate election. No one else is heard from and the government would be foolish to listen to these inspired capitalists or hirelings of capitalists. In the Dominion there are three parties, but two of them have similar aims and objects. These are the Liberals and the Progressives. The tendency is for them to get together and no election is needed in order to do that. They may easily unite politically when their aims are similar.

Elections are always expensive and they are bad for business. They make people excited and unsettled and tend to keep people from work and thus impoverish the country. A little more attention to individual duties and less desire on the part of individuals to pose before the public would benefit the whole country.

### Labor Grows And Becomes Conservative.

The old days of labor exclusiveness is passing and with it goes the radicalism of the past. In Britain labor as a political entity is making immense strides. Since 1900 the number of members in the British parliament has been increased 21 times and the total labor vote in the country has increased 37 times. In 1900 the labor party elected nine members and polled 118,002 votes. In 1923 it elected 192 members and polled 1,386,845 votes.

The party has gradually widened the scope of its appeal to the people and has gradually taken in people from all walks of life. As most of the people of the country work at something, practically all, both men and women, are eligible for membership in the party. Even titled people have joined and are helping to carry out the program of the party in a modified form.

Naturally the accession of this support from other than trade union ranks has had a modifying influence on the policy of the leaders who feel that they can only hope to succeed by continuing to receive that support. Labor leaders are also beginning to realize that things political are not always what they seem. Theories do not always work out in practice and experiments with the body politic are dangerous. Gradual changes are always to be preferred to sudden movements.

## Urges Members of Rotary Club to Give Attention to Things Other than the Gross Material

"Without literary expression Canada can never take the place she should have among the nations of the world," declared Douglas Durkin, the novelist, in concluding an address before the Rotary Club at their luncheon at the St. Regis Cafe yesterday afternoon. He mentioned in the course of his speech the rightful pride the people took in their material institutions and welfare but urged that there was more to a city and more to a nation than material life. What, for want of a better expression is spoken of as the spiritual life, the development of the deeper and more lasting things was what really constituted the greatness of a city or of a nation.

Mr. Durkin spoke appreciatively of the privilege of being able to speak with a man who had been the inspiration for Ralph Connor's Sky Pilot presiding. Since coming here he had had the pleasing experience of reviewing the history of the city as expressed in the pages of the files of the Daily News. He found that when the city was scarce two months old she had a newspaper to interpret the life of the city to the outside world. Before incorporation a corner lot had been sold at \$17,500 and the purchaser considered it worth twice that sum the next day. Before the Kelly's Cut episode there had been a blast in which 25 tons of vitrite was exploded which moved 250,000,000 pounds of rock in one shot. He traced the development of the material and moral life of the city through the news columns of the paper to the point where the city had become as respectable and law abiding as any in the country. Some day this terminus of the great trans-continental line would not only show material progress but would appear in the art and literature of the country.

### Railway Building

With a vein of humor, the speaker told how he had been partly responsible for Prince Rupert being here in that when employed at railway building he had helped complete a section of line between Dauphin and Prince Albert. Without that section Prince Rupert would not perhaps have been possible. He had worked on a survey gang, on the dump, had driven a team, and had helped to build bridges. In fact there was scarcely any part of railway construction in which he had not taken part. At that time he was at the end of steel. The end of steel had gradually pushed its way west until today it ended at this city, a city of which they could well be proud.

Changing his theme somewhat, Mr. Durkin then mentioned that it was not in its history that a city made its mark in life but in the virility with which it expresses itself in its hope for the future. No doubt Prince Rupert would take its place among the cities as a leading port but the success it achieved would depend upon its leading citizens. He was not a prophet but as a common citizen with a hope for the future he saw this city attain greatness. The development of the Oriental trade, the trade with Alaska, as a grain outlet from the prairies, with elevators here, they were building on a solid foundation. He would however sound a note of warning. Many were more filled than he to bring a message of material development. He asked his hearers to extend their horizon, to get away from their particular problems and to view the growth of national consciousness.

### The Really Important

The country had been building material wealth but since a recent crisis in history the feeling had come over the people that something else must supplement this material progress if the nation was to be worthy of the name. The people of this country had to take a back seat to those of the old land in this regard. As Canadians they had to face the fact that they had practically forgotten the finer things of the spirit. This is where the writer, the poet and the artist comes in—to fulfill his rightful function and to appeal for recognition of the important service to the nation of men whose field is that of the imagination. The country must give expression to its emotional experience. He found that even lawyers and businessmen, in the secrecy and quiet of their homes enjoyed the classics. He told of meeting a lawyer on the north-bound steamer who carried in his pocket a copy of "Julius

### Library Emphasized

Mr. Durkin urged that there was need for higher spiritual development, higher expression than in the massing of wealth. He did not apologize for making a plea for consideration of the importance of its recognition in this city. He said the city had already shown it had an appreciation for he had visited the library and had found there a good selection from the best Canadian writers. He asked his auditors to pay attention to such names as Stephen Leacock, Ralph Connor, Bliss Carman and to more recent writers among whom he mentioned Mrs. Salverson whose book "The Viking Heart" compared well with the best. Without expression Canada could never take the place she should have among the nations.

## STROLLED TWO THOUSAND MILES IN AUSTRALIA

SYDNEY, N.S.W., Jan. 11.—Edward S. Cook recently completed a leisure stroll of more than 2,000 miles, as the crow flies, from Melbourne to Darwin in the north of Australia. His object was to make an examination of mid-Australia and the northern territory to substantiate his contention that those sections were not worthless wastes. He took more than 300 pictures of scenes along the route.

Speaking of his experiences with natives in northern Australia he said they appeared to be of a better class than those of the south. "The territory is full of surprises from the pastoral viewpoint," said Mr. Cook, "being well watered and substantially grassed and timbered. Free from droughts, the much maligned north country must soon come into its own."

## MANY FRENCH COULD NOT READ OR WRITE

PARIS, Jan. 11.—France has been credited with the possession of an excellent system of education, but faith in it received a rude shock recently when the literacy statistics of two infantry regiments, recruited in 1923, were given out. One-third of the young men, gathered largely from the farming districts of the republic, could neither read nor write. Many of the total of 700 did not know a treaty of peace had been signed after the war, and few could tell who made the laws for their country.

## INTEREST IS TAKEN IN MCRAE INQUIRY

VANCOUVER, Jan. 10.—Interest over the appointment of the forthcoming Commission to inquire into charges made by the McRae party against Hon. W. Sloan and others is quickened by an intimation that the inquiry will open at Victoria before the end of January. Delay is over the naming of a judge by the Ottawa authorities to act as Commissioner.

Speaking in Vancouver, W. J. Bowser, who is also named by the McRae party as having profited from the P.G.E. promotion, declared that Sir Charles Tupper, K.C., Mr. E. P. Davis, K.C., and L. G. McPhillips, K.C. had secured sixty laymen to sign the accusation against himself, but had refrained from attaching their own names. "Nobody knew better than these three men, the responsibility assumed by those signing the resolution" said Mr. Bowser, who asserted that the signatories laid themselves open to a charge of criminal libel or civil damages, if the Commission vindicates him from the charge.

### ENTERTAINMENT AT MASSETT SCHOOL

Children Trained by Dr. and Mrs. Dunn Gave Fine Performance

MASSETT, Jan. 11.— A very successful entertainment to greet the New Year was arranged by Dr. and Mrs. Dunn at Massett in aid of the mission gas boat "Western Hope."

At 8 p.m. the curtain was rung up and the school children of Massett gave an exhibition of their skill as actors and actresses, to a very appreciative audience.

The play entitled: "He Who Laughs Best, Laughs Last," was very well acted and all the performers are to be congratulated on the clever way they interpreted their part. The whole performance went without a single hitch, the prompter, if present, was certainly not heard throughout, showing that each performer had learned their part well.

It is impossible to praise anyone, particularly when all did so well, but perhaps one can say that those with the chief parts richly deserved their positions as star performers. Owing to lack of boys, three male parts were taken by girls and their get up was very carefully carried out. Miss Ruby Smith as Jimmy the hero who laughed last might have been bred and born on the stage. Miss Kathleen Dunn as Big Bill, the one who did not laugh last acted the part to perfection, Jack Martin as a farmer and Miss Mary Carpenter, the farmer's wife, Miss Eileen Dunn, a diminutive but certainly sweet old grandmother, Miss Doreen Dunn a lady's man, Eli Bridden, an old man, and Arthur Holland, a very jovial soul completed a fine cast. All were so good and the audience so appreciated them that they have been asked to perform at other places on the inlet to, show what Massett children are capable of doing.

**Father Time**

Dancing and games were then enjoyed until 11.58 when Dr. Dunn appeared in the guise of Father Time only to be thrown out as the clock began to strike the hour of twelve and 1923 gave place to young 1924 in the person of Miss Ruth Gillett, a perfect little picture dressed in white with gauze wings as she stood in the centre of the room, whilst everyone present joined hands to sing "Auld Lang Syne."

After refreshments were partaken of the "Pyjama Picnics" troupe which consisted of Mrs. Dunn, Miss Kathleen Dunn, Mr. Jack Martin, Miss Ruby Smith, Miss Doreen Dunn and Miss Eileen Dunn gave a couple of very spirited coon songs and dances which apparently by the continued rounds of applause were greatly appreciated by their audiences. Dancing and games until 1 a.m. concluded an evening which was voted by all present as the most successful that has ever been given on Graham Island.

C. H. Anderson of the Pacific Coast Lumber Inspection Bureau reached the city last evening from Terrace.

### LOCAL COUPLE WED AT ANYOX YESTERDAY

Miss Vienna Calderone Becomes Bride of Gaetano Ciccone, Rev. J. Herdman Officiating

A very pretty wedding and one of much interest to the many friends of the contracting parties in Prince Rupert took place yesterday afternoon at 2 o'clock at the home of Mr. and Mrs. G. Calderone, Anyox, when their oldest daughter, Miss Vienna Calderone, was united in marriage to Gaetano Ciccone of Prince Rupert, Rev. J. Herdman, pastor of the Union Church officiating.

The bride, who was given away by her father, was attired in white satin trimmed with white georgette panels. She wore the conventional wedding veil with orange blossoms and carried a bouquet of Ophelia roses and white carnations. Miss Sunda Calderone, who was bridesmaid, wore a dress of Nile green taffeta with hat to match and carried roses and carnations. Miss Julia Calderone, in orange taffeta and hat to match, was flower girl. The groom was supported by Gomille Santurbano.

The gift of the groom to the bride was a handsome string of pearls, the bridesmaid receiving the same.

After the ceremony, there was a wedding supper at which a toast was proposed to the bride and responded to by the groom. There were 32 relatives and friends present at the wedding.

Mr. and Mrs. Ciccone arrived in the city from Anyox on the Prince Rupert this morning and will take up their residence on Eighth Avenue West.

## ADDRESS GIVEN ANYOX PARENTS

J. C. Brady of This City Speaks to Association in Smelter Town

ANYOX, Jan. 14.—The interest of the Anyox people in the visit yesterday to their city of J. C. Brady, M.A., principal of the Prince Rupert High School was very apparent in the large attendance at an address which he delivered last evening in the Elks' Hall under the auspices of the Anyox Parents' and Teachers' Association. The size of the audience also speaks well for the vitality and sturdy growth of the association which now, in the third year of its existence, has an ambitious program of monthly addresses by prominent educationalists on subjects mainly concerning youth and learning.

Mr. Brady, who was most cordially received and was introduced by the principal of the Anyox High School, R. H. Manzer, M.A., who occupied the role of chairman, vacated for the occasion by the president of the association, Mrs. Jenkinson.

**Vital Importance**  
Taking as his subject "The Education of the Boy," the speaker pointed out that the future of the child was of vital importance, not only to himself, but to the community and the nation at large. Human nature, ever selfish, was always ready to put the blame of the failure of the child on the shoulders of someone else. It might be on the school or on the community. "We ourselves are to blame for many of the things that we talk about and condemn in our homes, our streets and our clubs," he said.

Continuing, the speaker pointed out that the successful upbringing of children was not brought about through education alone, but education backed up by a high moral tone in the home. To every father and to every mother, the child should be a sacred charge and to that father or mother who, thinking solely of individual pleasure, and leaving children alone, until such things cease, there would be no such millennium as that which poets have written of and wise men have prayed for. If home life today was what it ought to be, ninety per cent of those who now leave the path of rectitude would have been saved or brought back. Heaven intended that boys and girls should be guided and heaven help the boy who could not go to his father or mother and find sympathy and understanding and guidance there.

**Environment**  
Touching on the influence of environment as well as heredity, the speaker went on to state that parents would do well to remember the existence of such a thing as suppressed genius, possible because of an understanding home influence.

If the parent of today was to gain for his child what he desired in his heart, he could do so only by sacrifice and by standing loyally with the child.

The danger to the boy is that his leisure time is not being made proper use of. The boy or girl who is not disciplined properly, or who has not something constructive or productive to do in his leisure hours is liable to go completely astray. Many of the boys are brought up to give no service. Today in many cases, the boy is selfish and parents make him so.

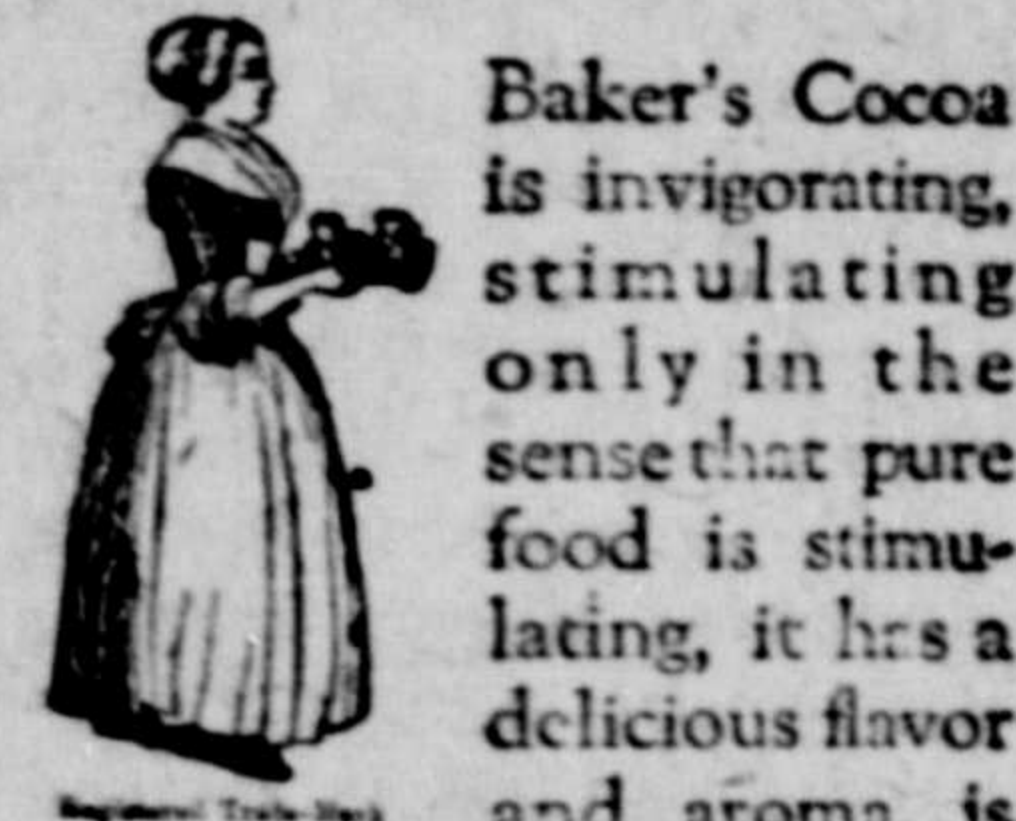

In conclusion, the lecturer pointed out that the education system should be of such a nature as to give young minds an opportunity to follow the bent of

their inclinations. "We only love the things we like to do."

A note of thanks to Mr. Brady for his most interesting and instructive lecture was moved by Mr. Hasset, a trustee of the school board, and seconded by Mrs. Dwyer, vice-president of the Anyox Community League.

Subsequent to the lecture Mr. Brady was entertained at the residence of Mr. Manzer and had an opportunity to renew many old acquaintances and to meet a number of local people who take a special interest in school affairs.

Mr. Brady returned to Prince Rupert this morning by the Grand Trunk boat.

## DOMINION'S CHANCES IN WINTER SPORTS AT OLYMPIC CONTESTS

Team is Expected to Win Ice Hockey and Speed Skater Has Good Chance

TORONTO, Jan. 14.—With the Olympic winter sports starting shortly Canadians are becoming more and more enthused over the chances of the Dominion representatives overseas. Naturally the bulk of the interest is centered around the hockey team.

## MOTHERS SHOULD NOT NEGLECT BRONCHITIS IN THE BABIES

Mrs. E. Langdon, Kingston, Ont., writes:—"My baby boy had bronchitis when he was two weeks old, he recovered from the attack but took it again, several months later, and on account of the severity I was almost panic-stricken to know what to do for him. My mother advised me to try Dr. Wood's Norway Pine Syrup, as she had used it for several years with splendid results.

I got a bottle, and after I had used it could see a decided improvement in him; after several bottles he was completely relieved.

My boy is now two years old, and he has never had an attack of bronchitis since.

As a mother, raising a family, I am very grateful to know that I have found a real remedy for bad coughs and bronchitis, as it lifts care and anxiety from an anxious mother's shoulders."

Dr. Wood's Norway Pine Syrup is 35c a bottle; the large family size 65c; put up only by The T. Milburn Co., Limited, Toronto, Ont.

And not a follower of sport in the Dominion but looks for a Canadian victory in ice hockey. If Canada is defeated in this sport it will be a great surprise. Of course the contention will come from the United States. But the wearers of the Maple Leaf are a well balanced lot, they are in fine condition, are boys who are easily handled and will keep fit all the time. Canada will be well represented in the winter sports besides hockey, by two fancy skaters and one speed skater. The fancy exponents are Melville Rogers, formerly of Toronto but now of Ottawa, and Miss Eustace Smith of Toronto. The speed artist is Charlie Gorman of St. John, N.B. All three have fine chances to win some points for the Dominion.

## REGIMENTAL WHIST DRIVE AND DANCE SUCCESSFUL AFFAIR

The first whist drive and dance given under the auspices of the first Battalion North B.C. regiment took place last night in the drill hall on Second Avenue and proved a very successful affair. It was attended by 100 ladies and gentlemen.

Winners at whist were Mrs. S. D. Johnstone and J. H. Taylor. Refreshments were served and dancing followed, music being furnished by the regimental band of 17 pieces. Sergeant Hoss was master of ceremonies and Major J. W. Nicholls, officer commanding, and Capt. Hubert Ward were in charge.

## Sport Chat

Sons of Canada, leaders in the Senior Basketball League, and the Teachers, who occupy the cellar position, will meet in tonight's games. The Teachers are hoping that another victory may come their way in spite of the fact that they have had only one so far this season. In the Ladies' League, Kaiens and Adanaes are to meet and the two cellar teams, Elks and Grotto, will tangle in the Intermediate League. Colts and Blue Birds will engage in the Junior League.

The Nanaimo soccer team, Dominion champions, have decided that they are unable to undertake a tour to New Zealand as a team in response to the invitation from that country. The

**BAPTIST CHURCH ANNUAL MEETING**

Occasion Marked by the Freeing of Congregation From Local Debt

**COMMITTEES REPORT**

The annual meeting of the Baptist Church, held last evening in the church parlors, was of more than passing moment for the occasion marked the freeing of the congregation from the burden of debt.

The proceedings opened with the singing of a hymn after which grace was pronounced and the sixty or so persons present sat down to a splendid supper provided by the Ladies' Aid. Following supper and a scripture reading, there was a roll call of members. Reports of all organizations in the church body were then heard.

**Various Reports**

The clerk's report, submitted by Miss A. Dawson, showed that 13 new members had joined the congregation during the past year. P. H. Linzey, reporting for the board of deacons, said that in his ten years' membership he had not seen services as well attended as in 1923.

The treasurer's report, presented by A. L. Box and duly certified by auditors, showed church finances to be in a very healthy condition. S. Hamblin reported of mission and envelope contributions.

Mrs. S. Hamblin read the report for the Ladies' Aid. Financially 1923 was highly satisfactory in this branch of church work and, with 23 members on the roll, high hopes were entertained for the future.

Miss Irene Morrison reported for "Helping Hands" class and Miss Nessie Smithson for "Busy Bees."

P. H. Linzey, as superintendent, reported for the Sunday school and Rev. J. J. Smithson for the Boys' Club.

**Debt Papers Burned**

A general statement of church finance showed that income from all organizations totalled \$2297, leaving a balance on hand of \$434.33 after all disbursements had been made.

**SYNOPSIS OF LAND ACT AMENDMENTS**

**PRE-EMPTIONS**

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 3,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

**PURCHASE**

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

**HOMESITE LEASES**

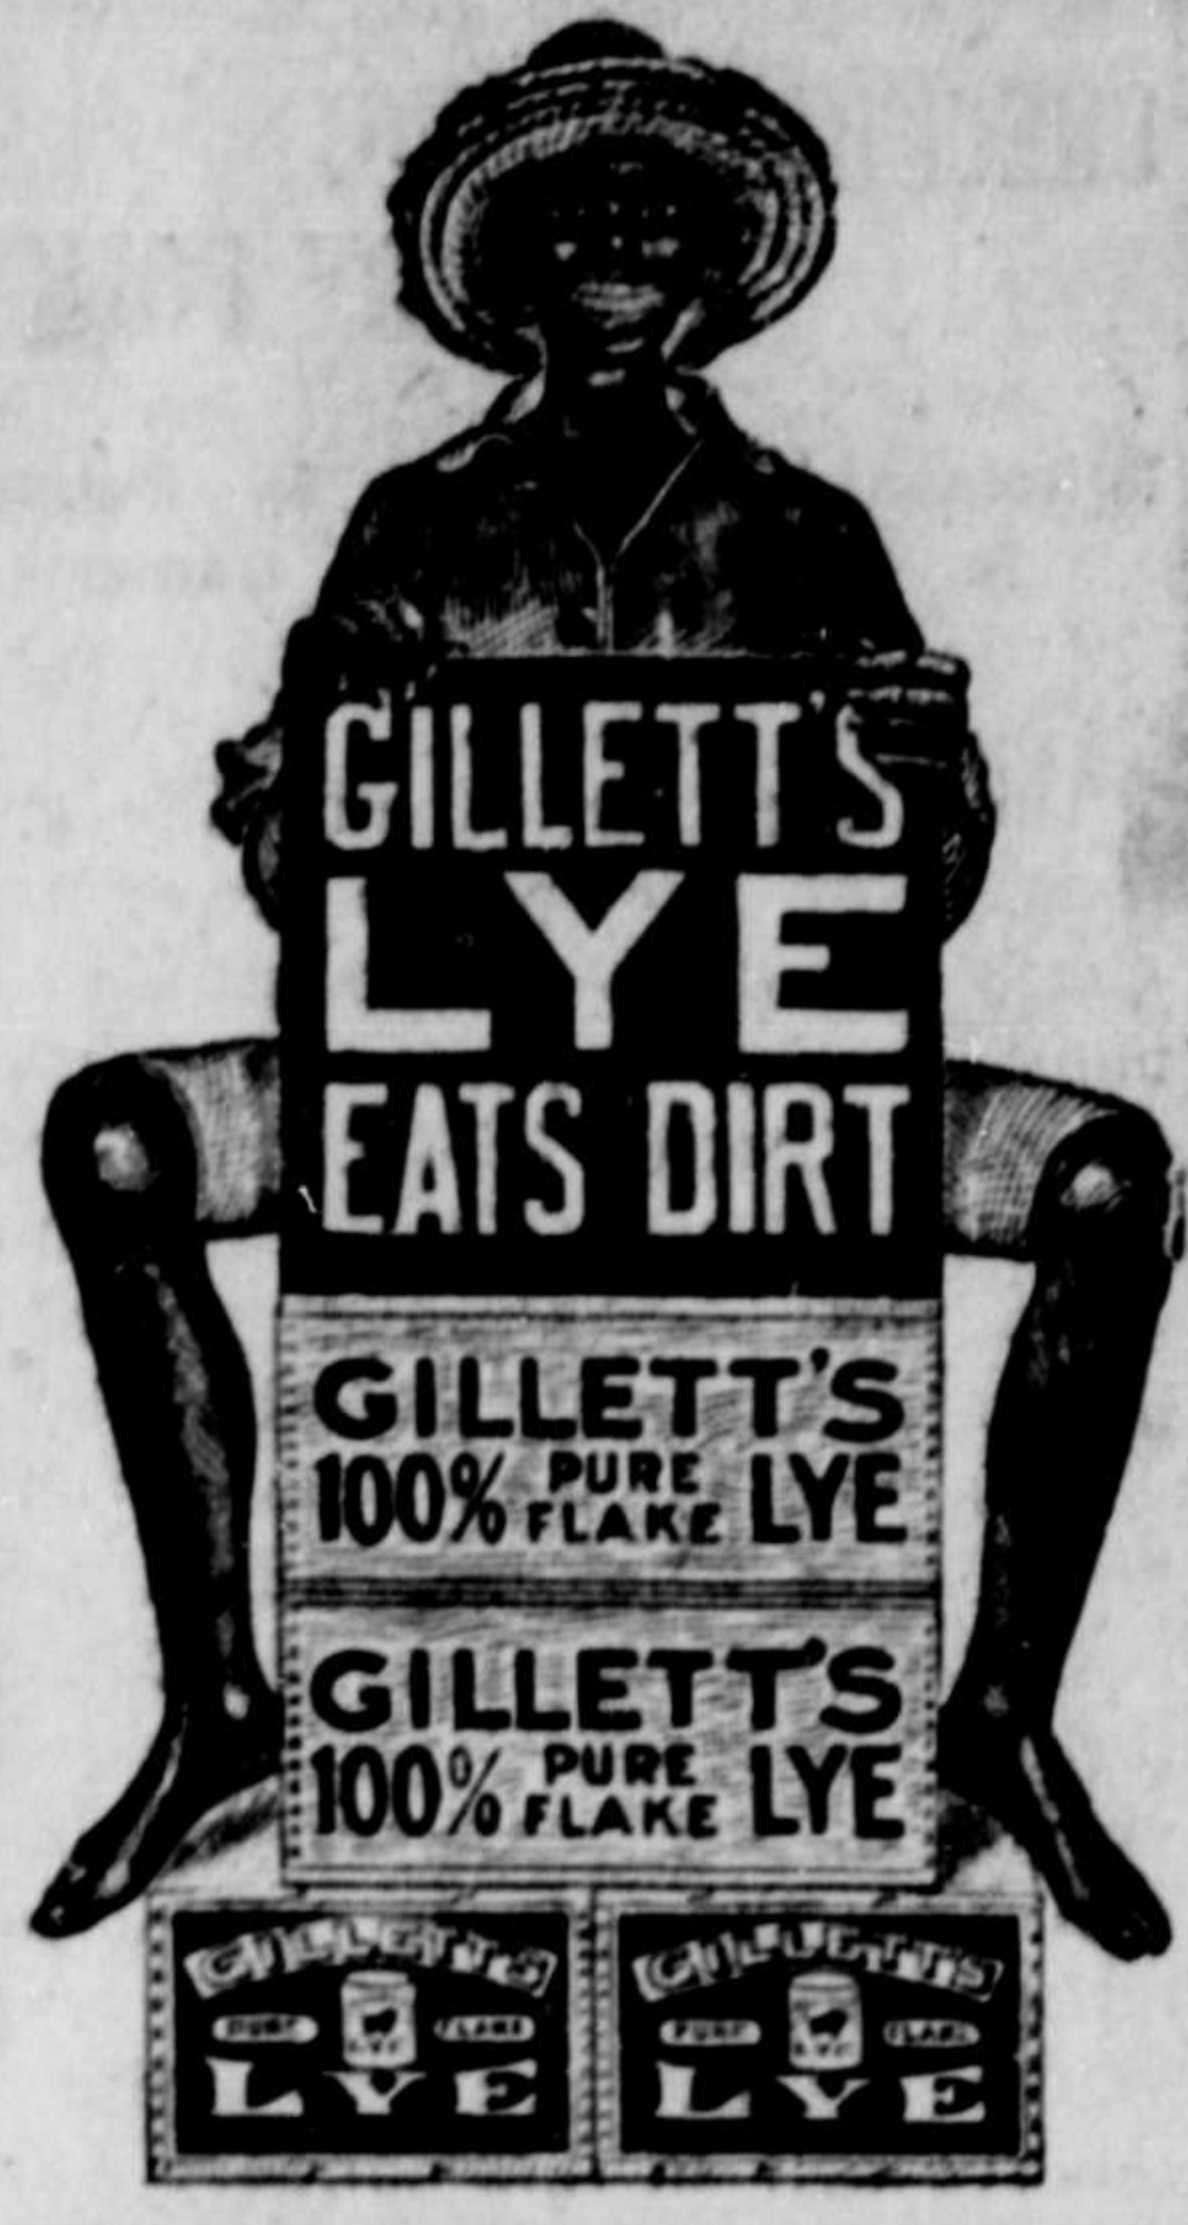

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

**LEASES**

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

**GRAZING**

Under the Grazing Act the Province is divided into grazing districts and the ranges administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

8434.33 after all disbursements had been made.

At the conclusion of the financial reports, papers relating to old debt were burned. Among those assisting in erasing the last trace of liability were Mrs. S. Dawson, oldest member of the church; H. M. Dazetti, charter member; P. H. Linzey, Sid Hamblin and Mrs. G. W. Johnstone. All stood and sang a hymn of praise and joined in prayer as the last vestige of debt disappeared.

During the evening presentations were made to Mrs. G. W. Johnstone, retiring president of the Ladies' Aid, and William Vaughan Davies, church organist.

Election of officers followed after which Rev. Smithson gave an address on future policy. Joseph Gay rendered a solo which was well received and the singing of the hymn "Blest be the Tie that Binds" brought the meeting to a close.

The Baptist Church officers for the ensuing year were chosen as follows:

- Pastor—Rev. James J. Smithson.
- Board of deacons—P. H. Linzey, A. L. Box, J. Harvey and Miss S. Dawson.
- Treasurer—A. L. Box.
- Financial secretary—Sid Hamblin.
- Sunday school superintendent—P. H. Linzey.
- Finance committee—Miss S. Dawson, P. H. Linzey, A. L. Box, S. Hamblin.
- Church clerk—Miss S. Dawson.
- Organists—W. Vaughan Davies and A. L. Box.
- Lookout committee—Mrs. S. Hamblin, Mrs. J. Thurber and P. H. Linzey.

**TELKWA**

Heavy snow falls have recently helped to make the roads very much better for those hauling ties. Also the weather has been much milder lately.

At a meeting of the Ladies' Aid of the Union Church, held at the home of Mrs. H. Phillips on Tuesday last, Mrs. T. M. Ovens was elected president to fill the place of Mrs. P. Spouse who has gone to the coast.

Mrs. Martinson, who has been a patient in the Telkwa nursing home, returned to her home in Houston on Tuesday.

Frank Dobie, employed at Dome Mountain, had the misfortune to break his leg on Sunday while working at the hoist.

Mrs. Green of Tyee Lake entertained the St. Stephen's W.A. on Tuesday last. Those who attended enjoyed the sleigh ride out and back, and expressed the wish that there were more members living in the country.

Preparations are being made to hold a Burns' Concert on January 25, and it is being looked forward to with pleasant anticipation.

Although there is a good deal of snow on the ground, Fords are flying around as if nothing affected them.

**GIVES HISTORY OF HOME BANK**

Frenzied Finance in Which Speculators are Said to Have Benefited

VANCOUVER, Jan. 11. — Declaring that for the past fifteen years the Home Bank of Canada had subsisted by means of fraud and that the government inspection of banks is a farce, The Hook, Vancouver's weekly paper, is publishing a complete expose of the Home Bank's history since its inception, from the pen of E. R. C. Clarkson, the interim liquidator.

According to Mr. Clarkson the books of the concern reveal that as far back as 1908 the bank made large advances against Chicago and Milwaukee railway bonds which failed to pay interest and rapidly depreciated in value until they were worth only about twenty per cent of their par value. Instead of writing off the depreciation the bank continued to show these securities at their full value; and credited the interest on the balance sheet as if fully paid. Ultimately the bank advanced \$720,000 to A. C. Frost & Co., purporting to be on the security of B.C. timber limits, the Frost firm in turn paying \$312,000 back to the bank for the purchase of the depreciated securities at full value. Advances to the firm of A. C. Frost & Co., large loans to Sir Henry Pellatt and the Pellatt companies are dealt with in detail. Sir Henry, it is said, secured \$118,000 on notes to carry out a real estate speculation, giving \$325,000 for the property which he turned over to one of his companies for \$1,205,000, receiving \$600,000 in stock, a mortgage of \$200,000 on the property and \$400,000 in notes which he discounted.

Further revelations in regard to the causes of the bank's failure are promised. The Hook says that the banks are of little use in Western Canada for development work, as their function is to collect deposits for loaning Eastern Canada, New York, and foreign countries, and that the public is entitled to the fullest guarantee that they are safe repositories for savings.

## POISON WOLVES IN FAR NORTH

Many Destroyed and Pelts Secured During Past Season

OTTAWA, Jan. 11. — A further campaign of extermination against the wolves of the Barren lands has been decided upon by the North West Territories branch of the department of the interior. Last year a party of hunters under B. Loranger, a veteran of the Arctic—were employed in poisoning the wolves in the country north east of the Great Slave Lake, this operation proved entirely satisfactory, and it is to be repeated this year on a larger scale.

Mr. Loranger's party travelled to their own schooner from Fort Smith to the Lockhart river country and once arrived built camps in the region of the caribou migration, and set out poison for the wolves, which prey on the deer. The hunters took in only one quarter of an ounce of poison but even with this small quantity, several hundred wolves were killed off, while there was practically no damage to the fur bearing animals.

In order to investigate the methods employed by the hunters, Corporal Schulz, R.C.M.P., of Fort Resolution, made a winter patrol into the Artillery lakes country, and found that the operations were being carried on in a manner satisfactory to the government.

The department has received definite proof as to the results achieved; and it is intended to prosecute this work until such time as the millions of caribou in the Barren Lands are safe from the attacks of the wolves which up to the present time have every year killed off large numbers of the deer.

## TONGUE COATED, BAD TASTE IN MOUTH, EYES TINGED WITH YELLOW

Liver Trouble the Cause

Mrs. A. C. Brown, Gramacho, Ont., writes:—"I have been troubled with my liver for a few years back, and was so bad I did not feel able to do my work."

I had severe pains in my stomach, so bad I could hardly stand them at times; coated tongue; bad taste in the mouth, especially in the morning, whites of eyes tinged with yellow, and had a muddy and sallow complexion.

I had read a great deal about Milburn's Laxa-Liver Pills and decided I would try a vial, and after taking two or three I found I was greatly improved, and can truthfully say that I felt more like living and can now do my own work without any trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or will be mailed direct on receipt by The T. Milburn Co., Limited, Toronto, Ont.

several of the American grand lodges. This visit will, it is believed, conduce to a fuller understanding between the English-speaking members of the craft. Masonic recognition was also given to the Grand Lodge of Mexico. It was stated that it is proposed to issue an invitation to architects to submit designs and plans for the new Masonic million memorial fund building, in competition.

### A Comprehensive Scheme

The proposed new building will comprise a large temple with seating capacity for 2,000 persons, with cloak rooms and other accommodation, registration hall, vestibules, and scrutineers' room; administration offices, including a suite of rooms for the Grand and Assistant Grand Secretaries; rooms for clerks, waiting rooms, general staff clerks' office, register room, munition rooms, board and committee rooms; increased accommodation for the Grand Master, Grand Officers, and Past Grand Officers; a group of large rooms for the use of visitors, including a reading and writing room, a smoking room, three conference rooms, a locker room, dressing rooms, bath room, etc.; a library and museum, with a strong room; 15 Lodge and Chapter rooms, with seating capacity varying from 30 to 600, all with ante-rooms and candidates' rooms; store rooms adjacent to each Lodge room.

## CHECKING TRAFFIC DRUGS BY POLICE

Wholesalers Tracked by Police in Britain; Much Came From Germany

Drastic penalties and the activities of the police have reduced the traffic in cocaine to a considerable extent says the London Times. The police have been very successful in tracking down the big merchants who disposed secretly of the drug (much of it came from Germany) in wholesale quantities, and the smaller buyers and sellers whose markets was in shady resorts of the West-end of London and the large provincial cities.

The cocaine habit is quite a modern evil in this country continues the article. It was introduced during the war and spread rapidly. In those days it was as easy to buy cocaine as it was to buy a cup of coffee. The drug was cheap and plentiful. The army authorities and the police made the danger perfectly clear to the Government and a regulation was passed under the Defence of the Realm Act making it an offence punishable by imprisonment for six months to sell cocaine to any member of his Majesty's forces. Then it was discovered that the drug was being eagerly bought in large quantities not only by soldiers and sailors, but also by civilians both men and women, and the regulation was amended, making it an offence for any unlicensed persons to buy or sell cocaine.
