METAGAMA ARRIVES ST. JOHN'S DAMAGED

LOCKOUT OF POSTAL EMPLOYEES IS THREATENED BY POSTMASTER GENERAL

Coolness of Officers Averts Panic When Steamer Metagama Collides and is Badly Damaged

Vessel is at St. John's Where she Brought her
700 Passengers; Pumps Just
Keeping her Afloat.

ST. JOHN'S, Nfld., June 20.—A tale of panic among 700 passengers on the C.P.R. Atlantic liner Metagama after she collided with the Clara Gamua in a dense fog early yesterday, which was averted by the cool headed action of the officers and stewards of the vessel was told on her arrival here last night. The vessel was in a sinking condition when she arrived after steaming seventy miles.

The collision occurred off Cape Race and both suffered a good deal of damage from twisted plates. Pumps were kept going but it was more than eight hours before they limped into port.

Keeping Afloat

ST. JOHN'S, Newfoundland, June 20.—No trace has yet been found of the three men who went adrift from the steamer Metagama in a fog shortly after her collision with the Italian steamer Clara Gamua. The American coastguard cutter Tampa and other craft are still searching for the missing men.

The Metagama now lies at the entrance to the drydock her bow fastened to the deck of the pier while she has an anchor out astern.

The ship's pumps gained on the water during the night with the result that she is afloat in shallow water over mud flats.

Earlier Despatches

ST. JOHN'S, June 20.—The Metagama, with water gaining on the pumps, was beached on a shoal upon arriving here.

ST. JOHN'S, Nfld., June 20.—The C.P.R. liner Metagama collided with the steamer Clara Gamua seven miles off Cape Race during a dense fog. The Metagama's stokehold is reported full of water and the Clara Gamua is badly damaged. Both vessels are heading towards this port.

MAY BUILD BY WAY BRULE IF NATIONAL TAKES E.D. AND B.C.

OTTAWA, June 20.—If the Edmonton, Dunvegan and B.C. railway is taken over by the Canadian National next year on the expiration of the lease of that road to the C.P.R., it is possible that the Brule cut-off would be built. Without the E.D. and B.C. road the cut-off would be useless.

The question of other routes has been discussed a good deal but much will depend upon the reports of engineers as to what action will be taken.

VOTE OF CONFIDENCE IN FRENCH PREMIER

PARIS, June 20.—The chamber of deputies last night passed a vote of confidence in Premier Herriot in connection with a declaration of policy made by the new government. The division resulted in 343 supporting the government and 234 against.

FIGHT ABANDONED

BUENOS AIRES, June 20.—The representative of Tex Rickard here announced that arrangements for the Firpo fight in the United States had been definitely abandoned.

MEMBER'S WORK BEARING FRUIT

Present Negotiations With Re-
gard to P.G.E. Outcome of
Visit to London

Hon. T. D. Pattullo received the following message from Vancouver last evening:

"People of Vancouver and the lower mainland are just only now realizing the great benefits to be derived by British Columbia as the result of your trip to Great Britain. They now understand that the coming solution of the Pacific Great Eastern had its remedy in efforts and arrangements made by you when overseas. The British agent general's recommendations from London are assisting very greatly."

While in London Mr. Pattullo took up with the British authorities and large financial interests the possibility of purchasing the P.G.E. and extending it into the Peace River country but at that time conditions were not favorable. Now they are looking better and the present negotiations are the outcome.

Mr. Pattullo is hopeful that they may lead to some settlement of this problem and lighten the burden which is proving so difficult for the province to bear. He says he can say this freely now that the political campaign is over.

VOTERS OUT IN LARGE NUMBERS

Up to 1 O'clock Over 500 Ballots
Had Been Cast—Many Ab-
sentees Also Appear

A steady stream of voters passed through the provincial election polling booths this morning with the result that over 500 local votes had been cast by 1 o'clock this afternoon. In addition some 100 absentee votes were recorded, the large majority of them being the expression of preferences for Vancouver and Victoria ridings. Many of these outside voters were passing through on the steamers Princess Alice and Venture which were in port. Similar ballots it is expected will be used by arrivals on the Prince George this afternoon.

That the vote today will be larger than at the last provincial election is indicated by the fact that up to noon on December 1, 1920, only 423 votes had been cast.

HEAT WAVE STRIKES GREAT LAKES REGION

Five Die Since Yesterday at
Cleveland From Excessive
Heat

CLEVELAND, June 20.—The heat here is intense. The heat wave which struck the Great Lakes region yesterday has already resulted in the death of five persons here.

From Chicago to Rome by canoe sounds like crazy proposition No. 99, but the same is nevertheless being attempted by C. H. G. Smith, a Canadian sportsman, who served in the R.N.A.S., and his ex-soldier pal, Henry Fitzgerald. They will paddle from Chicago to New York, ship to London, and then paddle the rest of the way.

Warrants Out for Arrest of Men Operating Veteran Paper Charges of Defrauding Public

VANCOUVER, B.C., June 20.—The B.C. Veterans Weekly has announced that it will suspend publication today. Two warrants charging fraud have been issued by the police but the parties against whom they are directed have not been found.

The police assert that not for months have the managers of the contest been paying legitimate winners of the prizes. Of the list of 30 alleged prize winners published in the Veteran's Weekly on June 7 it is asserted by the police, that not one has been found to exist.

The competition did a big business in British Columbia and thousands of dollars were sent in from the prairie provinces.

Six Progressive Members Leave Party and Notify Robert Forke They Will Not Attend Caucuses

OTTAWA, June 20.—Signed by six members of the Progressive group in the House of Commons, a letter has been sent to Robert Forke, leader of the party, which states in effect the intention of the writers to refrain from attending any more caucuses of the party on the ground that the principles on which they were originally elected have not been adhered to, states the Citizen today.

Those signing the letter are H. N. Campbell of Mackenzie; Robert Gardiner of Medicine Hat; E. J. Garland, Bow River; D. M. Kennedy, Edmonton; H. E. Spencer, Battle River; and Miss Agnes McPhail, Southeast Grey.

The letter concludes: "We desire, however, to make it perfectly clear that we are free to co-operate with all others and invite and welcome assistance in support of those of all parties who genuinely desire legislation."

Ultimatum is Given to Striking Postal Workers

Employees of Post Office are Given Until Eight
o'clock Tomorrow to Return to
Work Unconditionally

OTTAWA, June 20.—The government will give striking employees until eight o'clock tomorrow morning, standard time, to return to work unconditionally provided the positions are available. After that no postal employees will be re-employed in the service under any conditions.

The ultimatum is issued by the Postmaster-General Stewart at the conclusion of a cabinet meeting today. It states that up to the present the government has permitted the strikers to return to work unconditionally although no promise has been given on reinstatement. New employees have been taken on and sufficient help is now available to man the service, he said.

Vancouver Hesitates

VANCOUVER, June 20.—The postal employees here did not answer the strike call yesterday but at a meeting decided to postpone action for 48 hours.

DISPUTE OVER PRICE OF FISH

Japanese Holding Out for Higher
Rate of Pay from Canneries

The sockeye fishing season opened in District No. 2 at midnight last night but not under auspicious conditions for there is at present a strike on among the Indian and Japanese fishermen in the Skeena district. The dispute is over the price of fish.

The canneries are offering 22 1/2¢ for sockeyes from company boats and 34¢ from independent boats and the men are demanding 25¢ and 37 1/2¢. They are willing, however, to accept an alternative that they be paid 3 1/2¢ and 5¢ for pinks instead of 2 1/2¢ and 3 1/2¢ which is offered. Last year 35¢ and 45¢ was paid for sockeyes but the canneries have been compelled to cut their offers owing to market and other conditions.

The strike may not be serious for a week or so while the run is not heavy but if it keeps up the industry may be seriously affected.

Another report says the Indians are fishing but the Japanese are out.

YOUNG SCOTCHMAN KILLED AT ANYOX

Remains of Late Donald McDermid
Passed Through Last
Night on Way to Van-
couver

The remains of the late Donald McDermid who was accidentally killed at the Anyox mine last Sunday were aboard the steamer Prince Rupert last night on their way to Vancouver where interment will take place. A brother, J. A. McDermid, accompanied them.

Deceased was about 28 years of age and was born in the north of Scotland. His mother and sisters and brother's reside in Vancouver.

GRAIN INTERESTS MAY ACQUIRE P.G.E.

Capt. Ian Mackenzie Makes State-
ment on Negotiations Under
Way

VANCOUVER, June 20.—According to a statement made by Capt. Ian Mackenzie, the group of British financiers which has taken preliminary steps to acquire the Pacific Great Eastern Railway from the B.C. government consists of interests closely in touch with grain and shipping.

POINT GREY POLICEMAN GOES TO OLYMPIC GAMES

MONTREAL, June 20.—J. Murdoch of B.C. has been added to the Canadian Olympic team here as a heavy putter and other stunts. He is a member of the Point Grey police force.

PORTUGUESE AT HONG KONG

Two Flyers Practically Reached
End of Their Long Air
Journey

HONG KONG, June 20.—The two Portuguese aviators, Beiros and Paes virtually had completed their Lisbon to Macao flight when they passed over here on their way to Macao this afternoon.

DISORDERLY MEETING HELD PRINCE GEORGE

PRINCE GEORGE, June 20.—A disorderly Conservative meeting was held here last night and not over enthusiastic. Efforts have been made by supporters of Perry to bet on their candidate but with no takers.

UNHAPPY FATHER WILL BE HANGED

CALGARY, June 20.—William Hilsbeck, convicted of whipping his seven year old son to death in a fit of rage, has been sentenced to hang on September 3.

STAMP MILL MAYO CAMP

Treadwell Company to Install
Machinery Ready For Next
Spring

JUNEAU, June 19.—The Treadwell Yukon Company has ordered a 100 stamp mill for its silver-lead property at Keno City in the Mayo district, P. R. Bradley, consulting engineer for the company announced today. Mayo is at the head of the Stewart River in Yukon territory.

Bradley stated that enough ore had been developed to warrant the mill investment and that recent deep uncoverings indicated a much larger deposit than has been previously known here. The mill will be ready to operate next spring.

RETURNS FROM ALL PROVINCE

Double Service Secured For Lib-
eral Association at Em-
press Tonight

In order to insure a good service the Prince Rupert Liberal Association has arranged to get returns both on the election from all parts of the province and from the beer plebiscite. These returns will be thrown on the screen at the Empress Theatre tonight. Prince Rupert people, regardless of their political leanings, will be welcome here tonight to get the very latest despatches.

The telegrams should begin to arrive about half past seven.

PRIZE WINNER IN ESSAY COMPETITION

Quebec Girl Gets Grand Prize
and Essays Will all be Pub-
lished

(Special to Daily News)
OTTAWA, June 19.—The grand prize winner in the essay competition put on by the Dominion government through various newspapers throughout the country was Miss Germaine Paquin of Quebec. The essay will be published in the bulletin of natural resources and distributed as will also the other essays.

The prizes in the Daily News competition will be now distributed within the next few days.

DAILY EDITION

Friday, June 20, 1924.

Election Campaign Now Has Closed.

The election is practically over with the exception of the counting. It is quite over so far as this paper is concerned. Throughout it has been a clean fight and all the candidates are to be congratulated on the gentlemanly manner in which it has been carried on. Little ill feeling has been exhibited and this is as it should be.

The time will perhaps come when it will be possible to discuss the big issues without party bias. Such is the human mind, however, that at the present time it seems impossible to win without that tendency to exaggeration and to see only the one side of every question.

Likely Will Know Winner Tonight.

There should be enough of the returns in tonight to enable the public to judge who is to be the winner. Either the government will be sustained or defeated. Should the vote be very close it will not be known until the house meets what is the relative strength of the parties, but that is hardly likely. Probably the winner will have a good working majority. By ten or twelve o'clock this evening the news should be practically all here.

Careful Not To Take Retrograde Step.

Now that it seems certain that Prince Rupert is on the eve of industrial progress, it would be a pity to take any retrograde step. Some people think it would be a step in the wrong direction to abolish the position of supervising principal. Mr. Hurn is leaving the city and it is understood that no successor will be appointed. This is a matter for expert opinion combined with business commonsense. If a supervisor is needed, it would be a pity to handicap the schools by neglecting to appoint one.

Important Work Of Teaching The Young.

People of this country are gradually coming to realize the value of good school teachers. For a large part of the day the fate of our children is in the hands of these people and it cannot be over emphasized how important it is to have the work in the hands of the very best that can be obtained. Scholarship is important in a teacher, but it is nothing like so important as personality. The influence of the teacher is greater than we imagine. The whole after life of the man or woman may be shaped by the influence of the young lady who has charge of the school or by the man who is at its head.

Method Of Choosing Not Satisfactory.

The method of choosing teachers is not very satisfactory. Trustees are very badly handicapped through being unable to see the candidates for the position. Often there are hundreds of applications and to choose from looking at the handwriting or from the recommendations sent in is about the same as putting the names in a hat, shaking them up and picking the first. If scholarship made a teacher it would be easy, or if recommendations really meant anything it would not be so difficult. Unhappily neither count for very much. Personality is the ruling factor and that can be only judged as the result of experience.

Mustard at its best
Mix it Fresh

Mustard—no matter how prepared—loses flavour as well as part of the digestive properties of its essential oils unless freshly mixed for each meal. Mustard aids assimilation of foods.

MILLIONS FOR THE WATERFRONT

THE "GATEWAY OF THE PACIFIC" IS MADE OF B.C. LUMBER

How Forest Industries Maintain Seaports of the Province

British Columbia has been called the "Gateway of the Pacific," but there can be no denying the fact that this portal is built of B.C. lumber and our forest products are the principal material that pass through it. British Columbia is a maritime province and its port facilities constitute its most necessary trading equipment.

To what extent are our waterfronts dependent on the timber industries for their efficient maintenance?

During last year between 500 and 600 vessels (deep sea and foreign coastwise) carried lumber cargoes out of British Columbia ports. It is estimated that each one of these vessels means \$1000.00 spent in the Province.

One billion feet of logs came through the Narrows at Vancouver, paying another \$50,000 to the upkeep of the harbor.

About 130 tug-boats are employed in towing logs and lumber scows. Over \$1,000,000 is paid in wages to the crews of these vessels and the maintenance of sixty of these tug-boats, at least, is a direct charge on the industry.

Innumerable scows are engaged in loading vessels, the building and maintenance of these costs many thousands of dollars.

Loading lumber, logs and shingles on to vessels is a skilled job and an expensive one. It provides a pay roll of over \$1,000,000 per annum to the longshoremen in British Columbia ports.

The waterfront of Vancouver is a very lively place and our visitors are greatly impressed at the busy aspect of the harbor. The main source of its activity is without doubt the lumber industry of British Columbia.

This series of articles communicated by the Timber Industries Council of British Columbia.

FINAL APPEAL OF PATTULLO

Addressed a Large and Friendly Audience in Empress Theatre

The final meeting of the election in the interests of the Liberal candidate was held last night in the Empress Theatre and proved extremely satisfactory. The building was full to capacity with a distinctly friendly audience and at the conclusion Hon. T. D. Pattullo had given a demonstration that must have been most flattering to him.

T. Ross Mackay spoke for nearly half an hour during which time he damned Bowser, attacked the Liberal administration and told how everything would be lovely if General Meltae were returned to power.

Dr. W. T. Kergin was chairman and he introduced the speaker by saying that he would do anything to secure his return. He believed Oliver had given a good government and Mr. Pattullo had been a faithful member, and a good minister of lands.

Mr. Pattullo in answering one of the criticisms of his opponent went at some length into his past history. He told how he had been born in Ontario, trained in a bank, became editor of a newspaper, was secretary to the Governor of the Yukon, assistant gold commissioner in the Yukon, then went into business for himself, served on the Dawson city council and was alderman and mayor here, all previous to entering on his parliamentary career. This previous training had helped him in organizing an office along modern business lines.

A number of other criticisms were dealt with and matters of policy discussed, the gathering breaking up early enough for some of the audience to attend

Keeps The Home Clean
GILLETT'S PURE FLAKE LYE is the first-aid to home sanitation. Nothing equals it for cleaning out sinks and drains, cleaning greasy cooking utensils, keeping floors clean, etc. Get a ca. from your grocer. It will save you much hard labor.
GILLETT'S 100% PURE FLAKE LYE

the other meeting, which they did. Mr. Pattullo made a splendid impression and practically the whole audience was with him from the first.

BIOLOGICAL STATION SITE AT WATERFRONT

Shed on Government Wharf Formerly Used by Royal Fish Co. Location Selected Recently

The site recently selected by John Dybhavn, local member of the biological board of the federal department of marine and fisheries; Dr. Clemens, superintendent of the Departure Bay biological station, and J. McHugh, resident engineer, for the biological station to be established here is the shed on the provincial government wharf formerly used as headquarters of the Royal Fish Co. Permission of the provincial department of public works to use this site is expected shortly.

Ten Years Ago in Prince Rupert

June 19, 1914.

Jack Place, M.P.P. for Nanaimo and leader of the Socialists in the legislature, addressed a meeting in the St. Andrew's Hall last night. He told his story of the Vancouver Island strike and roasted William Manson, M.P.P. for Skeena, for never acting in the interests of labor. Ald. W. H. Montgomery presided and there was a good crowd present. Gourade, Robertson of Vancouver also spoke.

A libel suit brought by City Engineer W. McG. Mason against the Daily News is being heard at the Supreme Court assizes today. The engineer claims damages for an unsigned letter published in the paper referring to him without using his name. Fred Peters and Adair Carss have the case for Mr. Mason while the Daily News is represented by Williams & Manson.

A reception was held at the home of Mrs. T. McClymont, Borden Street, yesterday in honor of the ladies of the visiting Masonic conventionists. Mrs. McClymont and Mrs. J. C. McLennan received; Mrs. D. H. Morrison, Mrs. A. M. Magson and Mrs. A. Brooksbank poured, and the assistants were Mrs. W. S. Hall, Mrs. C. W. Peck, Mrs. Lee Baker, Miss Bacon, Miss McNair, Miss Beckwith, Mrs. E. H. Mortimer and Mrs. C. H. Orme.

June 20, 1914.

A proposed picnic to Digby Island having been called off, the visiting Masonic conventionists entertained their local brethren at a concert on the Princess Alice last night before their steamer pulled out on its return trip south. The reading of a series of mythical wireless messages was a feature of the entertainment.

In the case of Rex vs. Wilence the jury at the Supreme Court Assizes today found accused guilty of wrongfully securing transportation on the Grand Trunk Pacific Railway but the charge of forgery was thrown out.

City Engineer W. McG. Mason was awarded \$1 damages against the Daily News in his libel case at the Supreme Court assizes yesterday. He claimed \$10,000.

MARY PICKFORD IN ROSITA HERE TODAY

Famous Movie Star Has Worked Hard to Make Splendid Picture

"Rosita," the Mary Pickford picture to be shown here tonight is the definite result of weeks and months of labor, of seemingly never-ending conferences, before the first settings were built and the first scenes taken. And there was a world of research work necessary to prepare the correct background for the story and make certain a careful co-operation between the artist and the skilled workmen who were to carry out her ideas.

All the best pictures that have been made have not only depended upon these things, but they have in addition an inspiration without which no work of art of any kind is ever achieved. The cameraman takes as much pains with the composition of each scene as an artist with his canvas. A costume must be not only technically correct, but it must express the spirit of the scene in which it is worn.

Even colors must be carefully considered, for the old adage "black is black and white is white" does not hold true in photography and many different colors must be used to secure the desired variations of lights and shades.

Famous architects and decorators are obtained for designing and building the sets. Very rarely are real castles or villages used in productions. It is much more practical to construct the required scenes. Interiors of real houses are often impracticable because of the lighting problem. Even in the smallest interior scenes the light requirement is enormous. For the small prison cell in "Rosita" the electrical equipment consisted of six sunlight are spotlights, four "Kleigs," two "Cooper-Hewitts" and "spread" lights.

Some of these strong lights must be hung from a great height and one can readily see how impossible it would be to arrange these massive illuminators in a real prison cell and at the same time allow camera distance and working space for the actors.

The entire production of "Rosita" was conceived, designed and built at Mary Pickford's studio in Hollywood. Every scene was photographed on the "lot" or on the mammoth stage. Every workman connected in any way with the production was part of the Mary Pickford organization.

"Rosita" is announced as one of the most artistically beautiful photoplays of the year. It is picturesque visualization of the old Spanish period and the magnitude of the production makes a spectacular background for a thrilling dramatic story which presents Mary Pickford in an entirely new role—that of a young woman grown.

Sunlight—for your Washing Machine

A WASHING machine is made to wash your clothes without rubbing or boiling—and it succeeds just in proportion to the value of the soap you use.

Sunlight Soap dissolves quickly and completely in hot water and works up into an abundant suds. This is very necessary so that its rich cleansing ingredients may search through and through the meshes of the clothes and dissolve the dirt and soil spots. Then, when rinsing comes, all dirt and soapy matter runs entirely away, leaving your clothes sweet, fresh and snowy clean.

The pure lather of Sunlight Soap cleans the clothes naturally, not chemically. The \$5,000 Guarantee of Purity is stamped on every tablet of Sunlight Soap.

Place half a cake of Sunlight into hot water in your machine and stir into generous suds. Put in the clothes and operate the machine—your clothes will be clean.

PIANO RECITAL HELD YESTERDAY

Pupils of Charles Balagno Reflected Credit on Instruction and Capabilities

There was a recital by piano pupils of Charles Balagno at the Westholme Theatre yesterday afternoon. From the youngest to the oldest of Mr. Balagno's classes participated and the various items testified creditably to the instruction given and the musical capabilities of the young performers. The assembly present of relatives and friends of the participants spent a very pleasant hour.

The program was as follows: Duet—"The Antelope Hunt," (Calvin) Masters, James and Douglas Stewart.

"March of the Moonbeams" (Patterson) Miss Josephine Dodd "Glimpses of Spring," (Duval) Master William Tobey.

"Man in the Moon," (Slater) Miss Margaret Jackson.

"Peter Pan," (Slater), Miss Pamela Cameron.

"At the Mill," (Duval) Miss Evelyn Zarelli.

"Narcissus," (Slater), Miss Evelyn Morrison.

"Raining," (Slater) Miss Katherine Mussallem.

"The Blue Bird," (Slater) Miss Annie Gilchrist.

"Tinker Bell," (Slater) Miss Mabel Ivarson.

"Bright Summer Day" (Slater) Miss Myra Kinslor.

"Sonatina" (Kuhlau) Masfer Bruce Stevens.

"Wooden Shoe Dance" (Boscowitz) Master Oscar Fulton.

"Marionette Theatre" (Krentzlin) Miss Ermy Zarelli.

"Dance of the Robins," (Deppen) Master James Stewart.

"Yellow Jonquills" (Johanning) Miss Margaret Gilchrist.

"Silver Wings," (Preston) Master Douglas Stewart.

"The Maiden's Blush," (Gottschalk) Miss Rhoda Lamb.

"Allegro Vivace—Sonata Op. 2, No. 2. (L. van Beethoven) Miss Lorraine Grant.

FLOATING SPECKS BEFORE THE EYES MEANS LIVER TROUBLE

When specks start to float before the eyes, when everything seems to turn black for a few seconds and you feel as if you were going to faint, you can rest assured that your liver is not working properly.

The essential thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of Milburn's Laxa-Liver Pills and clear away the accumulated mass of waste and poisonous matter from the system.

Mr. Ghas. Aylard, Frankville, Ont., writes—"I used to be awfully bothered with floating specks before my eyes, headaches and sickness to my stomach. I took just half a vial of your Milburn's Laxa-Liver Pills and ever since I have felt as well as I ever did. Now I always keep them on hand."

Milburn's Laxa-Liver Pills are 25¢ a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont.

BRINGING UP FATHER

FINAL MEETING OF NEWTONITES

Address by W. W. Wright and Wrangling With Ross McKay Features Evening

Wrangling between T. Ross Mackay, Provincial party candidate, and W. W. Wright, Mayor Newton's campaign manager, and W. E. Fisher, chairman, and general disorder in the audience marked the close of the Conservatives' final rally in the Boston Hall last night.

Fulfilling a promise made to him, Mr. Mackay was allowed the platform to repeat the questions that had not been answered before. However, Mr. Mackay found the audience somewhat unfriendly to him and at times it was hardly possible for him to be heard above the uproar. The same condition of affairs made it difficult for those attempting to do so to answer his questions. Anyway, F. A. McDiarmid of Vancouver, to whom the questions were to have been directed, was indisposed and unable to attend.

Refused Privilege

The end of the meeting came after Mr. Mackay had been refused the privilege of reading his Provincial party qualifications which had been challenged by W. W. Wright. The Pattullo meeting in the Empress Theatre having closed early, about 10.30 the Boston Hall became crowded. Whether or not the audience was favorable to the Conservative interests might be questioned. It was patent, however, that there was not much sympathy for Mr. Mackay.

Before Mr. Mackay arrived on the scene things went on calmly enough. W. E. Fisher presided and W. W. Wright was called upon to give the address of the evening. F. A. McDiarmid, C. Carmichael and W. McK. Tufts, the scheduled speakers, not being on hand at that time. Mr. Wright spoke at some length on local matters and then Mr. Carmichael turned up. He delivered an attack on the Oliver government reiterating statements that he had made here previously. A. W. Edge and Mayor Newton also graced the platform but neither spoke. The disorderly proceedings were brought to a close shortly before 11 o'clock. Mr. Fisher explaining that it was the desire to get to the steamer to see the visiting campaigners away to Vancouver.

In the Letter Box

CHEAPER RAILWAY FARES

New Hazelton, B.C. June 17, 1924. Editor Daily News. I wish to draw your attention to an error, (presumably error in printing) contained in the second paragraph of my letter respecting the above mentioned subject, which appeared in your issue of the 13th inst., it should have

There's Healing in Every Touch of Zam-Buk Soothing, Speedy & Safe For SKIN DISEASES & INJURIES

read thus— "Before the war for instance, the return fare from New Hazelton, B.C. to Prince Rupert, B.C. was \$12.10 and not as \$2.10." No doubt you will make the necessary correction, the best of people being liable to error. I wish to state also that I or any other person are at liberty to make our wants and grievances known, and the best method for so doing is through the columns of the press, and no interference on the part of any official of any company can be tolerated in a country that boasts of liberty and British freedom and justice.

It is evident however that my letter of the 13th inst., has opened the subject of reduced railway passenger fares afresh, which I brought to the notice of Sir Henry Thornton, chairman and president of the Canadian National Railways last year, and I understood from his representative who called on me last October, that in all probability there would be a reduction in railway fares in the near future, so far however nothing more has been heard on this subject, but it is a case of "as you were," no progress being made. Canadians as a people are a very slow, conservative kind of people and pursue a very prejudiced course in all things, whereas in all other countries the wants and desires of the public are given sympathetic consideration and something for the benefit of the public is carried into effect with the least possible delay. Managers of Canadian railways please take note and do likewise.

High passenger fares and freight rates will throw this country back 25 years, if those responsible for their management do not get a "move" on soon. Yours truly, HULKLEY.

THE HOOK ASK SHALL WE DROP THE PILOT?

Vancouver Weekly Paper Suggests Perhaps Bowser has Purged Himself from Old Time Scandals

How difficult it is to resist the blandishments of the parliament, any candidate who makes his appeal direct exclaims The Hook, Vancouver's Weekly paper. How hard to deny the claims of friendship. There is a new shibboleth to replace the old party shibboleth. The new one reads "The party doesn't matter; it's the man that counts."

True to an extent. A candidate ought to have health, vigor, intelligence, a grasp of questions, a fitness to express himself on his feet, and acquit himself in debate. He ought to be of a good moral character and possessed of public spirit. But by himself, the best of men does not count for much in Parliament. Forty excellent men and women of pleasing manners, pronounced opinions and strong argumentative powers, might be elected from forty constituencies—and succeed only in making the Legislature a modern Tower of Babel. Mr. Bowser, for instance, has pretty well purged himself in the fire of years from the Kitsilano Trust scandal, the Dominion of having made his office as Attorney-General a feeding ground for his private law firm. His old-time antagonism to woman suffrage has been effaced. General McRae, with the aid of a forgetful memory, a bold front and a lot of money, has almost obliterated the scandal of the Port Mann flotation. A cup of tea and a slice of cake at Hycroft is a powerful argument to people who may not have opportunity to visit Shaughnessy Heights, except at election time, or who may not have lost their lifetime's savings in Port Mann really. But excellent as Mr. Bowser and General McRae may be as individual candidates, they would make a quarrelsome pair at Victoria and would negate the constructive force of two government supporters.

INTERIOR NEWS SEES ELEVATOR IMPORTANT

In Editorial Article Declares no Other Undertaking of Such General Benefit

The Interior News, published at Smithers under the heading "North Has Won Great Victory," says: "Over-shadowing in importance every other subject, the definite announcement that the interior and coast had won its fight for a terminal elevator brings a wave of optimism to the settlers and people of the towns along the railway. No other undertaking could have been of such general benefit, and although it comes at a time when the country is in the throes of an election, it has little political significance and no government can claim any credit for anything more than the prospect of a better harvest of the prairie this year, because it means more trains, more traffic and higher status for the railway through this district; it will mean a market for those growing wheat and mean that the north will share in the prosperity that has come to Vancouver largely through the development of the western grain route. The grain elevator as an established fact will be something over which everyone may feel happy."

MAZOLA

A tried and true family

The Man in the Moon SAYS:

JAKE says, do your best and don't worry.

YOUNG man about town who owns a car when asked if he had ever been pinched for going too fast replied that he had not been pinched but he had been slapped.

THERE has been no marked improvement in necks as the result of necktie week. Possibly it might be wise to institute a rubberneck week.

ITS an Eastern custom, that says some of the latest neckties resemble an aggravated rainbow trying to make good after twilight.

YESTERDAY the town was full of politicians. Tonight it is possible it will be a town with politicians full.

RETURNING again to the subject of ties, I suggest that what is wanted is a tie that will convert a roughneck.

NOW that the political situation has calmed down and the political hangers on have evaporated or are too drunk to disappear, why not discuss that old grammatical quibble as to whether we should say "politics is" or "politics are." Jake declares it should be "politics am."

If you throw a man's clothes into the street he is likely to follow suit.

THE new racquet shade of ladies cloth is the kind she makes a hit with.

Wall of the Defeated
The election is over and I shall just take a bit of sleep. I'll dream of the time, when feeling sublime.

I made the opposition look cheap.

I'll dream of the votes that I might have caught in my politic net. I'll dream of the money I might have now.

If I had forgotten to bet.

Ah, think of the days now forgotten. When I was a hero—alas, just look at me now and see what comes.

To a political ass.

A LAUGH is just like music, it freshens up the day, it tips the peaks of life with light, and drives the clouds away: The soul grows glad that hears it, and feels its courage strong; A laugh is just like sunshine, for cheering folks along.

TELKWA

Miss Helen Howson, daughter of Mr. and Mrs. Harry Howson returned last Saturday from the coast, where she has been attending Columbia College.

On Tuesday, Mrs. B. Hoops entertained the ladies of St. Stephen's W.A. Mrs. Mapleton who recently attended the annual meeting in Prince Rupert gave a report of that meeting, and told of work done by other branches. This was the last meeting till Fall.

Tom Jefferson, the well known mining promoter, returned to Telkwa on Tuesday morning after many months spent in California.

Several welcome showers have come during the past few days, and the roads, gardens and crops are looking better after it.

J. P. Wheeler of the S.S.B. has been in Terrace for a few days on business.

The Telkwa Hotel under the management of Mr. and Mrs. P. Slavin is undergoing a considerable change. It now may be said to be one of the cleanest and most comfortable hotels in the interior.

Frank Dockerill has returned from a tour of his riding and spoke to Telkwaites on Wednesday night. R. S. Sargent also spoke at this meeting, while Dr. Wrench spoke on Thursday.

The Gingham dance arranged for election night promises to be

STIFF ADVANCE IN FLOUR PRICE

Peaches, Plums and Apricots Coming—Terrace Strawberries Here—New Vegetables Offered

The local flour market has taken five stiff advances during the past thirty years, the last being a jump of 30c on Wednesday. The total advance in the month has been \$1.40 per barrel (200 pounds).

Apples are almost entirely cleaned up and local dealers are unable to secure any quality stock from the south.

Peaches, plums and apricots are due this week-end and opening prices will be announced on arrival.

Strawberries from the south are arriving poorly, good quality shipping stock being very scarce. All shipments during the past week have been sold at the dealers' risk as Vancouver shippers will not send them any other way under present conditions. The first Terrace strawberries of the season were offered for sale in local stores this week.

With the canning season coming on, sugar advances may be expected.

New potatoes are being offered at three pounds for 25c and the new season's vegetables are coming in and being marketed in small quantities.

Market prices prevailing here today are as follows:

Butter

Alberta	45c
Brookfield and Shamrock, 2 lbs.	85c
E. C. D.	45c

Saturday Matinee, 3 p.m.

MARY PICKFORD

"ROSITA"

A Spanish romance adapted by Edward Knoblock. The world's sweetheart, her beautiful curls of gold piled high on her head in an empire period coiffure, enters into her rightful heritage of glorious, vital, alluring womanhood in her characterization of "Rosita." Lithe and sinuous, gowned in the most gorgeous costumes, capricious and coquettish, beguiling and intriguing, the idol of men and women. Magnificent scenery and settings.

FUN FROM THE PRESS.
Admission 50c and 25c.

Election Results will be shown on the screen tonight.

ENGLISHMEN WIN SOCCER

Eliminated Callies From Dominion Day Cup Competition By Two to Nil

The Sons of England defeated the Callies by a score of two to nil in the first game of the Dominion Day cup ties last night. It was a ragged match but the Englishmen had the best of it all the way. The attendance was poor.

The first score for the Sons was made when Hugh Hamilton miskicked through his own goal when attempting to clear a corner. G. P. Tinker registered the second for the Englishmen in the second half.

G. S. Russell referred and the linesmen were F. Roberts and J. Marks. The teams took the field as follows:

Sons of England—Dick Howe; Bales and Dick Lambie; Frank Hodgkinson, George Kelsey and Percy Tinker, H. S. Hurn and H. Gawthorne.

Callies—A. Murray; H. Hamilton and W. E. Williscroft; J. Sims, J. Harris and R. Woods; W. Hamilton, George Waugh, D. Main, G. Cochrane and J. Andrews.

Optician and Optometrist

If troubled with EYE STRAIN or you need a CHANGE of Glasses we have the very latest consultant on Optometry with 25 years experience. Satisfaction is positively assured.

SILVERWARE
A large shipment just arrived. Moderate prices, latest designs.

Max Heilbronner

Diamond Specialist

Columbus Club and Gil's are scheduled to meet tonight and both teams will be on their toes because victory will mean a good start towards the top for either side. In the way of encouragement towards further success in this encounter the Catholic boys have already on record one defeat against Gil's this season. On the other hand, Gil's have their victory over the Canucks to point to. The outcome is open to speculation and, as a result, it looks as if it may be anybody's old game tonight. Such a condition of affairs should prove attractive to the baseball fans generally.

The official lacrosse season got away to a good start with the opening season game on Wednesday night. A good brand of play was offered and the fans were well satisfied. Withal there was just enough enthusiasm to indicate that the forthcoming series between the Maple Leafs and the Kaisers for the Stork Cup will be followed with keen interest by the many followers of Canada's national game in Prince Rupert. With respect to the Prince Rupert-Ocean Falls lacrosse game to take place in Ocean Falls on Dominion Day, the local material is showing up well and there is little doubt that the select aggregation to be sent south from here in ten days will be well able to take care of itself against anything the paper town may have to offer.

FISH ARRIVALS

Four American halibut boats sold catches here this morning totaling 131,000 pounds and seven Canadians, 45,500 pounds. One of the American boats sold her catch of 65,000 pounds for Ketchikan delivery. The total for the day landed here is thus 119,500 pounds.

Arrivals and sales:
American
Alton, 65,000, to the Atlin Fisheries, at 13.8c and 7c, for Ketchikan delivery.
Superior, 30,000, at 14.1c and 7c, to the Pacific Fisheries.
Pelican, 15,000, at 14.3c and 7c, to the Booth Fisheries Canadian Co.
Chancellor, 21,000, at 14.5c and 7c, to the Canadian Fish & Cold Storage Co.
Canadian
Atlin, 17,000, at 12.4c and 8c; Maivin, 2,000, at 12.1c and 8c; and Fannie F., 9,000, at 12.4c and 7c, to the Canadian Fish & Cold Storage Co.
Muirneag, 15,000, at 12.5c and 8c, to the Atlin Fisheries.
Minnie V., 2,500, at 12.5c and 8c; Plopp, 1,400, at 12.5c and 8c; and Arrive, 600, at 12c and 8c, to the Royal Fish Co.

MEDICO PRESIDENT

OTTAWA, June 20.—Dr. David Low of Regina was elected president of the Canadian Medical Association at the morning session here today.

A large map showing the large amount of grain going eastward through the United States and urging support for the men who would bring it west either through Vancouver or by way of Prince Rupert is published in an advertisement in the Vancouver papers.

WORLD FELLOWSHIP IS ROTARY'S AIM SAYS THE PRESIDENT

Better Business Methods and Standard of Ethics is Urged

TORONTO, June 20.—"Rotary's destiny is the establishment of a world fellowship of business and professional men, united in the Rotary idea of service," said President Guy Gundaker opening the 15th annual Rotary Convention here.

"A world fellowship, while necessarily contingent on the extent and successful establishment of Rotary in all the nations of the world, is likewise contingent on the correctness of the standards of business practice of the men privileged to enter that fellowship," he continued.

"Until men meet on the common ground of correct business methods, there can be no world fellowship of business men. The major Rotary activity for the immediate future will be an increasing and unceasing activity for better business methods and their standardization in codes of ethics. In countries where crafts are organized with great national associations, the greatest opportunity for achievement will be found in Rotary's campaign for written codes of correct standards of business practice.

Realm of Business

"In my opinion, Rotary's most lasting contribution to the world will be found in the realm of business, in the making of a happier, more contented, more kindly, more cooperative and more honorable business world. In the achievement of a more honorable business world, you have the solution of all the other betterments sought. With an honorable business world, happiness, contentment, kindness and co-operation must and will prevail.

"With correct business methods, world-wide, the business men of all nations, meeting on this common ground, will establish great international friendships and good-will—friendships which will harbor everlasting peace.

Object of Codes

"One of the ultimate objects of written codes is to standardize conduct so that all fellow-craftsmen in any line of business can compete with one another on an equality of opportunity. Where men compete on different business standards, there is no equality of opportunity.

Your Health Ingrown Toe-Nails

It is a common occurrence to see a person limping along the street suffering foot torture. In most instances this misery may be avoided. How? When we learn to dress our feet in shoes that conform to the shape of the foot rather than trying to make our feet fit the shoes, then there will be fewer foot troubles. Shoes with pointed toes and extremely high heels should never be worn by persons who have "square toes." You may be surprised to find that you can buy shoes that are comfortable as well as good looking. Visit our Shoe Department and you will be properly fitted.

- ### WEEK END SPECIAL.
