TORIES REFUSE CONSIDERATION TO LABOR

INTERESTING TIME WHEN RAMSAY MACDONALD FACED PARLIAMENT TODAY

British Parliament Reassembles Ramsay Macdonald Makes First Speech Since he Becomes Premier

Opposition in Fighting Mood Makes Things Lively Feeling Ran High and one Question is Ignored.

LONDON, Feb. 12.—Parliament assembled today for the first time under a Labor government. The Conservative chiefs transferred to the front bench on the speaker's left to act as official opposition.

"Tay Pay" O'Connor, father of the House of Commons, crossed the floor and sits henceforth on the ministerial side, prepared to give an independent support to the Laborites.

Premier Ramsay Macdonald, in the first speech as head of the government, this afternoon called attention to the fact that no party had a majority in the House. The new conditions, he said, would necessitate alteration in the habits of members, as individually they would have to vote more and more on their personal responsibility and not merely as party politicians.

SERIOUS WRECK
AT CHILLIWACK

C.N.R. Train Goes Through Bridge—23 Injured, Three Very Seriously

VANCOUVER, Feb. 12.—Twenty-three persons were injured when Canadian National transcontinental eastbound passenger train plunged through a bridge east of Chilliwack at midnight. According to a statement made by railway officials, eight of the injured were members of the train crew and five were passengers. Three are said to be very seriously injured—Conductor J. Hartford, T. H. Scott of the Dominion Fisheries service and a man named Thomas King. The fault in the bridge was due to the heavy rains which have undermined the Fraser valley district during the past few days. Passengers aided in rescue work. It required two hours to take the injured from the debris.

Mr. Macdonald thanked the "calm, sane businessmen" who warned investors not to make fools of themselves because of the advent of a Labor government, and he appealed to the country to keep steady.

Grilled by Tories

The new labor ministry had the initial experience of being grilled by the opposition today when the Macdonald cabinet made its first appearance in the House of Commons. The chamber was crowded, the opposition benches were filled and ex-premier Baldwin occupied the leader's seat.

The Tories were clearly in fighting mood and opened hostilities by loud shouts of "speak up" when Ben Shoor, chief government whip, made a motion in a low tone. This was repeated with other ministers and is a departure from the forbearance usually given a new cabinet. Feeling ran high during the period and controversial questions were hurled at the Government from many quarters.

Question Ignored

When Commander Kenworthy asked if the Government's condolences on the death of Lenin had been conveyed to the Soviet, Premier Macdonald did not reply.

PARIS, Feb. 12.—There have been heavy snowstorms throughout Europe. Warsaw despatches say that towns in the Tatra Mountains are cut off. A mass of ice described as two and a half miles long is blocking the railroad and famine is menacing the population.

In Syria the railways are under several feet of snow and the telegraphs linking with Egypt have been down for several days.

LABOR WAS FORCED MAKE APPOINTMENT

Lord Chelmsford Got Position Because Sea Lords Refused Work Under Unsatisfactory Man

GLASGOW, Feb. 12.—The reason the Labor government appointed a Conservative peer, Lord Chelmsford, to be first lord of the admiralty was given by James Maxton, a Labor member of Parliament at a demonstration last night. He said it was simply because the sea lords refused to work unless the head of the admiralty was a man suitable to the position.

GERMAN FINANCES

Committee of Experts Makes Recommendation to Reparations Commission

BERLIN, Feb. 12.—Definite plans for the establishment of the German Bank on a gold basis have been formulated by the committee of experts considering the question of securing Germany's finances. The committee will advise the reparations commission to put the plan into prompt operation.

BALDWIN AGAIN CHOSEN

LONDON, Feb. 12.—Former Premier Baldwin has again been chosen as leader of the Conservative Party.

TOTEMS BEING AGAIN CARVED

Local Bank Manager Places Order That Revives Industry on Islands

MASSETT, Feb. 12.—Through the efforts of H. St. G. Lee, manager of the Bank of Montreal at Prince Rupert, the Massett carvers of Indian totem poles have delivered a number of totems to institutions in the east with the result that the art has been encouraged and revived. The totems were eight feet high and were carved by the only two experts of the Haidas now remaining, Robert Ridley and John Mark.

The work on the totems shows a resemblance to that done ages ago with the crests and legends in figures of animals and birds from the top to the base. The painting is done in Indian colors of black, white and red.

Robert Ridley is to complete an order received from the Board of Trade at New Westminster for a specimen of a totem pole similar to the ancient one now in possession of the city of Prince Rupert. His intention is to obtain a large cedar tree forty feet in height which he will carve.

New Westminster made an offer for the old totem secured by Prince Rupert but the pole was allowed to go to the northern city so that the Indians might have an opportunity to see it occasionally and show their handiwork.

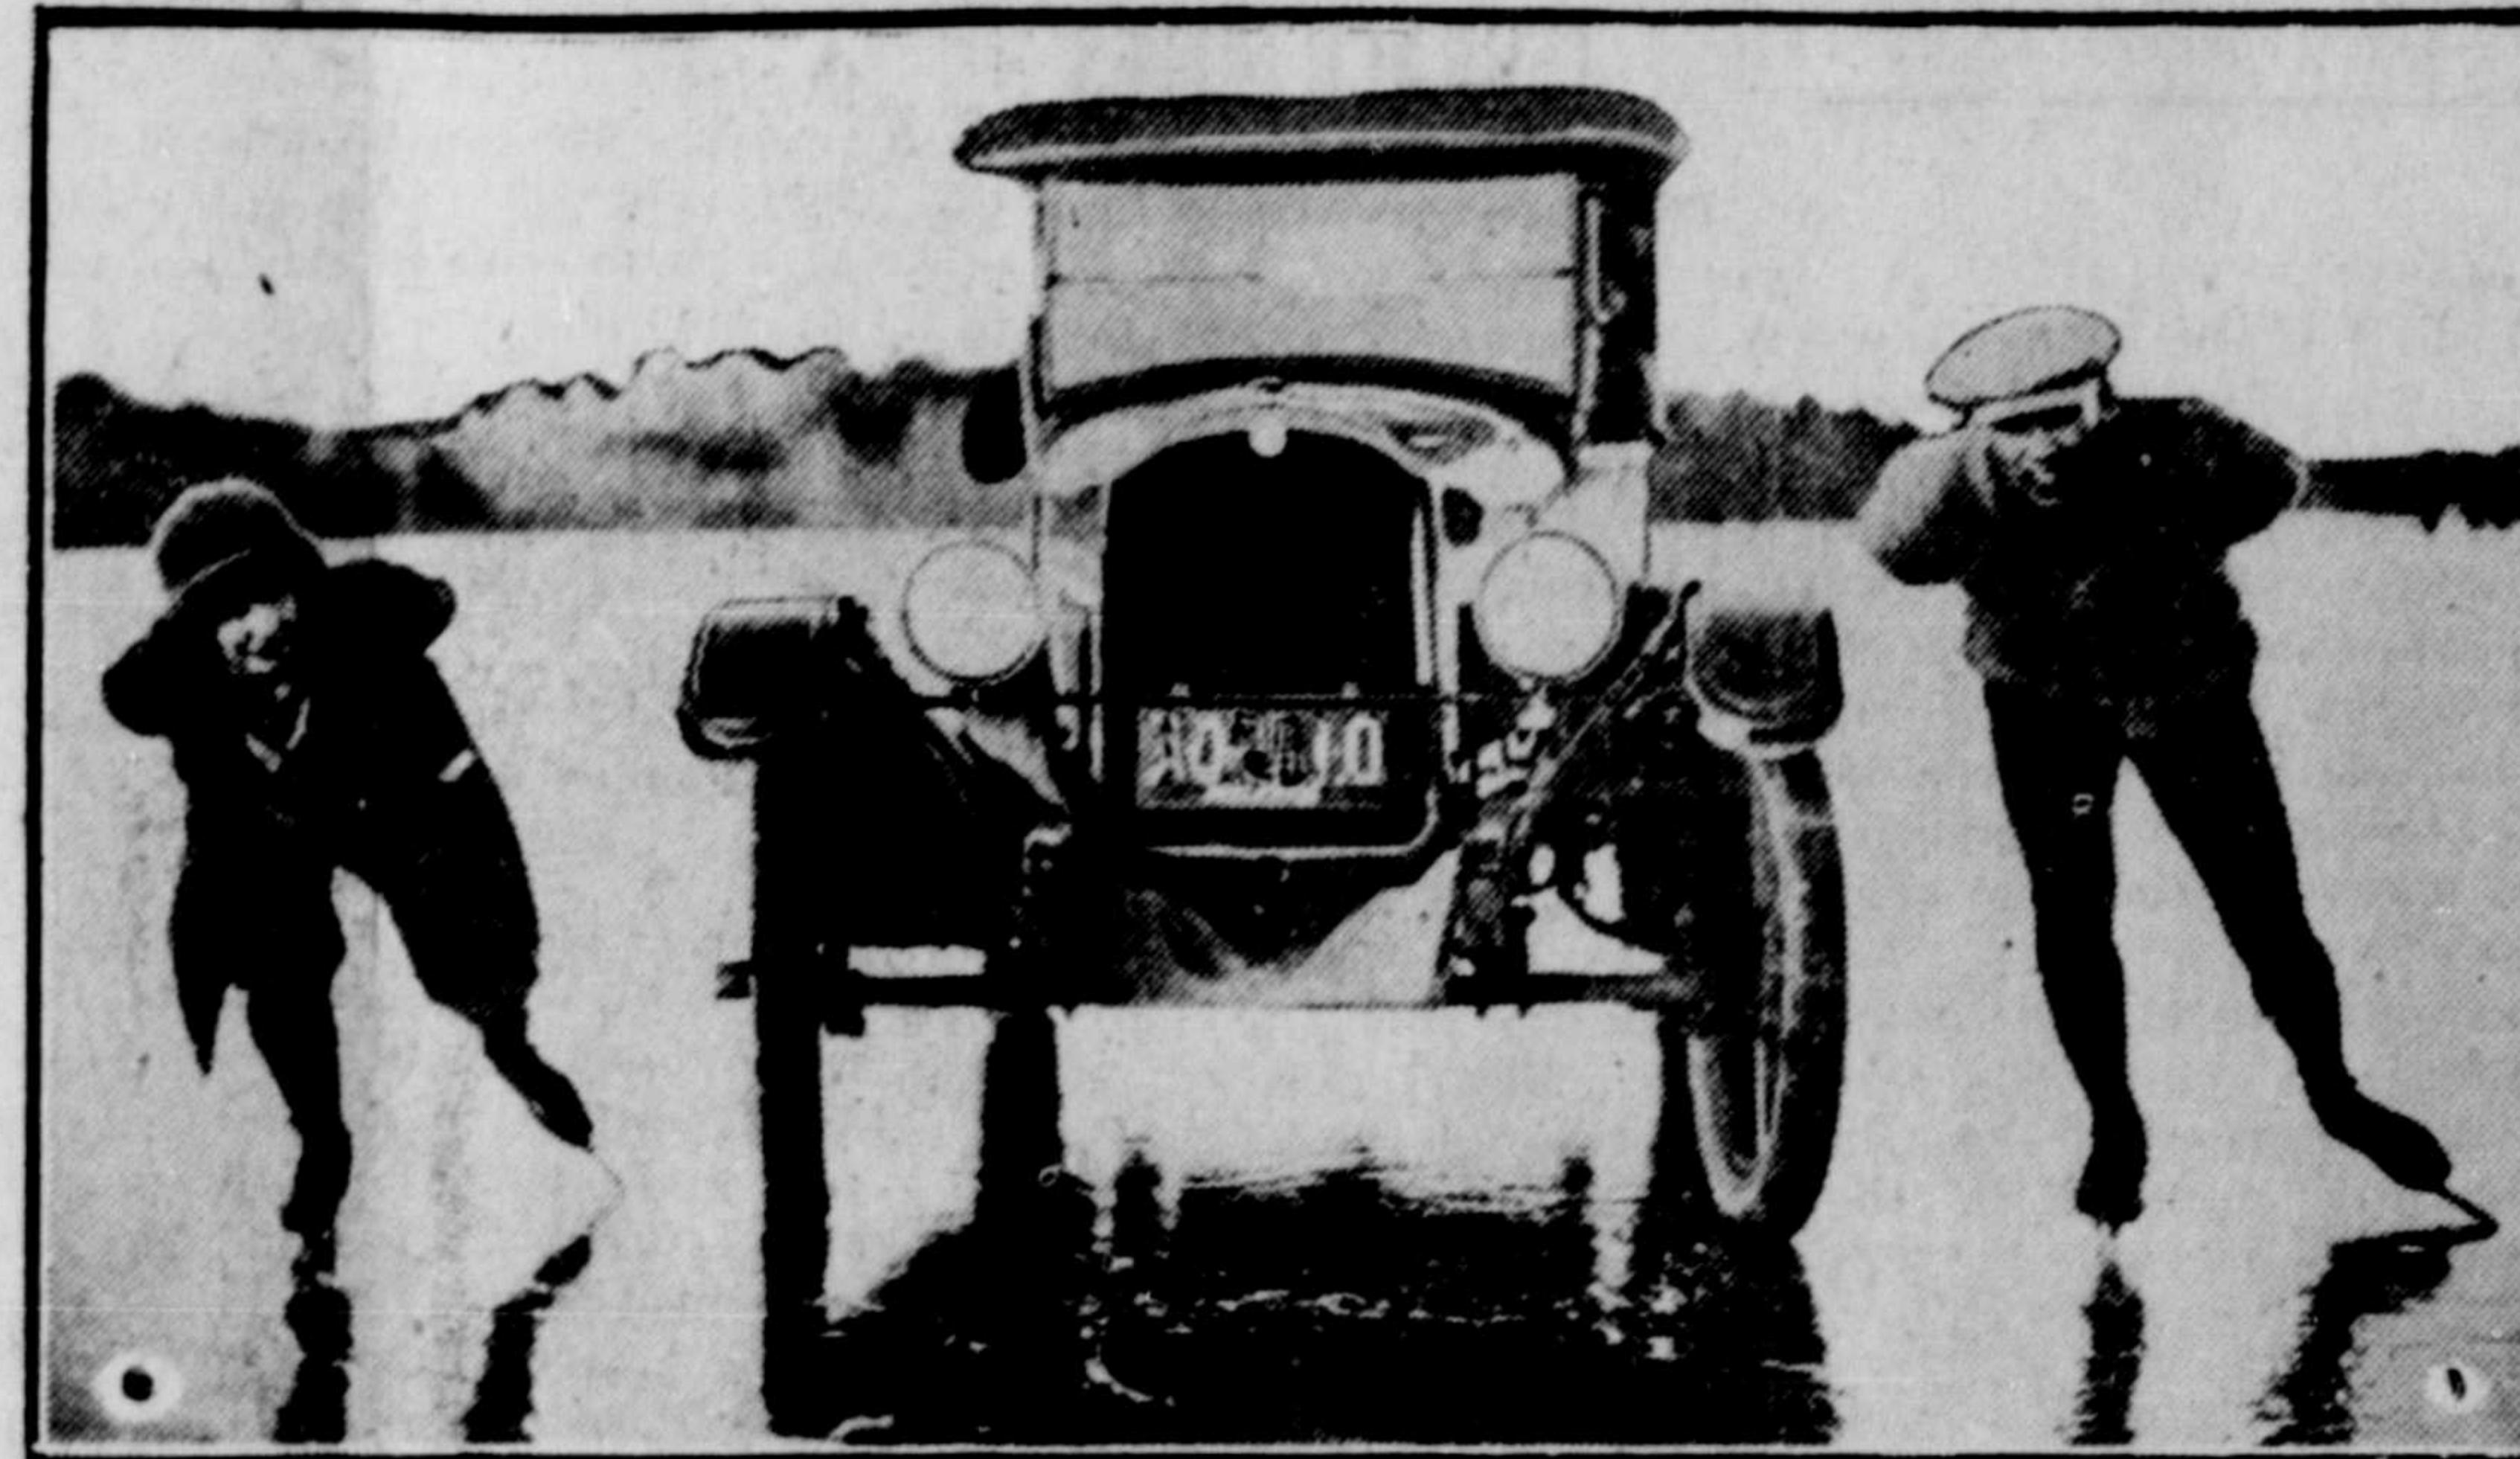

It is possible that another totem may be secured for Prince Rupert during the coming summer.

CANADIAN GIRL MARRIES PRINCE

Lois Frances Booth, Granddaughter of Lumber King, Becomes Bride of Dane

OTTAWA, Feb. 12.—Yesterday at four o'clock, Lois Frances Booth, daughter of Fred Booth and granddaughter of the multi-millionaire lumberman, became the bride of Prince Erik of Denmark. The lady is now Her Highness Princess Erik Countess of Rosenberg.

The ceremony was a spectacular one, among the distinguished guests present being Prince Vlademar, father of the groom, Governor General and Lady Byng, the Prime Minister, the Danish consul and all official and social Ottawa. Bishop Roper of the Anglican Church officiated.

Two world's records for the hundred yards were broken on Onota Lake, Pittsfield, Mass., by Everett McIowan, of St. Paul, Minn., and Gladys Robinson, of Toronto, Canada. Photograph shows the skaters and the car that paced them.

FORMER RESIDENT OF CITY PASSES AWAY

Robert Lepine, Father of R. V. G. Lepine, Died in Halifax on Sunday

Robert V. Lepine, father of Ralph V. G. Lepine of this city and former resident of Prince Rupert, passed away in Halifax on Sunday morning.

The late Mr. Lepine, who resided here almost all of 1922, 69 years of age. His son here is the only child and he was a widower. He is survived by two brothers—George Lepine, San Francisco, and one sister, my own welfare," said the president, residing in Halifax.

The funeral took place this afternoon at St. Paul's Anglican church as to the legality of the oil

Church, Halifax, under Masonic leases and ascertain the facts

auspices. Deceased had been a connected therewith, Mr. Coolidge

member of Virgin Lodge, No. 3, said, he would take such action

A.F. & A.M., Halifax, for 34 as seemed essential for the protection of the public interest.

President Coolidge Refuses to Accept Advice of Senate and is on his Dignity Regarding Rights

WASHINGTON, Feb. 12.—The Senate yesterday adopted a resolution asking President Coolidge to call for the resignation of Secretary Denby. The preamble states that the oil leases signed by Denby were made in violation of the law and under circumstances indicating corruption.

Mr. Coolidge answered the Senate resolution declaring that no official recognition can be given the Senate relative to their opinion in regard to cabinet or other officers under executive control.

"I do not propose to sacrifice any innocent man for my own

brothers—George Lepine, San Francisco, nor do I propose to re-

Diego, and John Lepine, Netley, main in office any unfit man for

New Jersey, and one sister, my own welfare," said the presi-

Elizabeth, residing in Halifax.

Small Fortune May Result from Salvage Job on Coal Barge Griff if Claim Capt. Swanson Allowed

The Prince Rupert Boat House launch Pachena bids fair to bring in a small fortune for her owners as a result of having salvaged the Amur's coal barge Griff last Friday, it is said along the waterfront.

While Capt. Swanson, on being questioned this morning, was loath to lend any light to his side of this interesting salvage case, it is understood that a salvage claim for half of the value of the barge and her cargo may be demanded in this case. There was 713 tons of coal on the barge which is 130

feet long, 14 feet in depth and 10 feet beam. An unofficial es-

timate is made placing the value

of the barge and her cargo at

\$30,000 or \$35,000. If the own-

ers of the Pachena should get

half of this figure it would mean

between \$15,000 and \$17,500.

Capt. Swanson did make the

statement, however, that the barge had been delivered safely

at Inverness cannery and tied to

five dolphins without a pound of

the coal having been lost. She

has now been turned over to the

receiver of wrecks whose duty is

to hold her until all salvage

claims have been settled.

GERMAN RAILWAYS TO BECOME NORMAL AGAIN

PARIS, Feb. 12.—An agreement between the French railway administration and the British Cogogne district has been reached whereby normal operation of the railways in the Cogogne area, which have been interrupted since the Ruhr occupation, will be resumed.

ESKIMO WOMAN IS SUSPECTED

Noise Says She Probably Allowed One Member of Wrangell Island Party to Starve

NEW YORK, Feb. 12.—Ada Blackjack, an Eskimo woman, sole survivor of the Arctic expedition under Alan Crawford, probably saved herself and refused aid to Lorne Knight, a member of the party, according to an interview with Harold Noise published in the World.

Noise led the rescue party that reached Wrangell Island only to find Knight dead, and Alan Crawford, Milton Gale and Frederick Muir missing. Ada Blackjack was rescued.

Early stories paid tribute to the heroism of this woman. Noise said these were based on her own statements. Some entries in her diary hitherto undecipherable, Noise says, reveal that Ada refused to aid Knight as he lay dying and probably ate the food that would have saved Knight from starvation.

IMPOSSIBLE TO WORK ON AMUR

Salvage Steamer Tees Prevented from Getting Alongside by Stress of Weather

Stormy weather is still preventing the salvage steamer Tees getting near enough the stranded Amur on White Cliff Island to start lightening her of her coal cargo preparatory to taking her off the reef. This is the latest advice brought to the city in regard to the condition of the distressed steamer. The tug Marmon returned to port at 11 o'clock this morning from the scene of the wreck and reports the Amur still firm on the rocks and in little danger of sliding off or breaking up although she is leaking somewhat through opened seams. She has no hole in her, however, it is said, and still has steam up and is operating her own pumps.

Capt. Swanson and Capt. Gammon returned yesterday afternoon after having stood by the vessel with the Pachena until the Tees arrived at 8 o'clock yesterday morning. They sent a man aboard the Amur and left some supplies of which the vessel was running short.

Given favorable weather, the taking off of the Amur would be a comparatively simple job, it is believed.

RELIGIOUS FANATICS DECLARE NEW KINGDOM AND 27 OF THEM DIE

BATAVIA, Feb. 12.—One policeman and 27 religious fanatics were killed and many were wounded on Sunday in a riot at Tangerine. The trouble began when 41 fanatics waved their swords and knives and declared they wished to proclaim a new kingdom of Gedeh.

The police finally disarmed the mob.

High School Number Was A Success.

The success of the High School number of the Daily News issued by the Literary Society of the local institution is measured by the experience the young folks obtained in carrying out their work. That they obtained sufficient experience to warrant the experiment seems evident. They now have some slight idea of what it means to get out a paper every day, even though it be but a small one. Sixteen took part in the work yesterday, doing the duties which usually are performed by two and considerable material had been prepared beforehand. One of the difficulties was that there were rather too many and it was difficult to keep track of them. Also they got in each other's way.

Since the edition appeared on the street yesterday many complimentary things have been said about it. One lady said she read every word of it and found it very interesting. A few complained that it was much like every other number of the paper. That indicated that the edition was a success.

Whole Idea Was Educational.

The whole idea of getting out the number was an educational one. It arose from a development of the conception that there is more to education than learning to read, write and cipher. Many people go through life without having any conception of how the other man lives, works or plays.

These are the days when people are learning to take delight in their own handiwork. Healthy young people always want to do things, and it is in the doing that our chief enjoyment comes. Criminality very often arises from the desire to do things which the rest of the community consider should not be done. It is misdirected energy.

It would have done anyone good to see the students of the High School yesterday as they watched the production of yesterday's paper. After the last line had been written all adjourned to the mechanical department and watched the last of the type being set by the semi-human linotype machines. They saw the typeset man at work at the stone, the forms placed on the press, and as the paper they had made began to come out of the big press already folded and everything done at one operation they could not repress a cheer. It was their paper. They had made it.

Creation Always Pleasurable Occupation.

There is always joy in creation. The creator of the world must be enjoying himself immensely as he sees the gradual unfolding of his plans. The process is often accompanied by pain, but the desire to create overcomes all obstacles. Accomplishment is the great thing. It is this inner urge that is evolving a world. It is the desire to do, accompanied by the desire to live, that makes people work.

There is much disappointment in everything we do, but when we fail we can always try again. Hope springs eternal and so does desire. If the experience the High School students gained in the Daily News offices yesterday gives them a desire to learn about practical things and inculcates in them a wider sympathy with others who are also trying to do things it will have been a useful one.

Splendid Boys And Girls In North.

Prince Rupert has a fine lot of boys and girls growing up. They are among the best in the world. Speaking generally they have strong and healthy bodies, bright intellects, and clean minds. There is little else that could be said in their favor. There are of course in every community a few exceptions to the rule and they are here, but the average is exceedingly high. These boys and girls are getting most of the advantages of the larger cities and they avoid some of the drawbacks. They are country children with city privileges. The attendance at the schools indicates how extremely healthy all are and their appearance is sufficient evidence of the possibilities that are theirs. All they need in life is an even chance and given that they will make good wherever they go.

A Health Secret

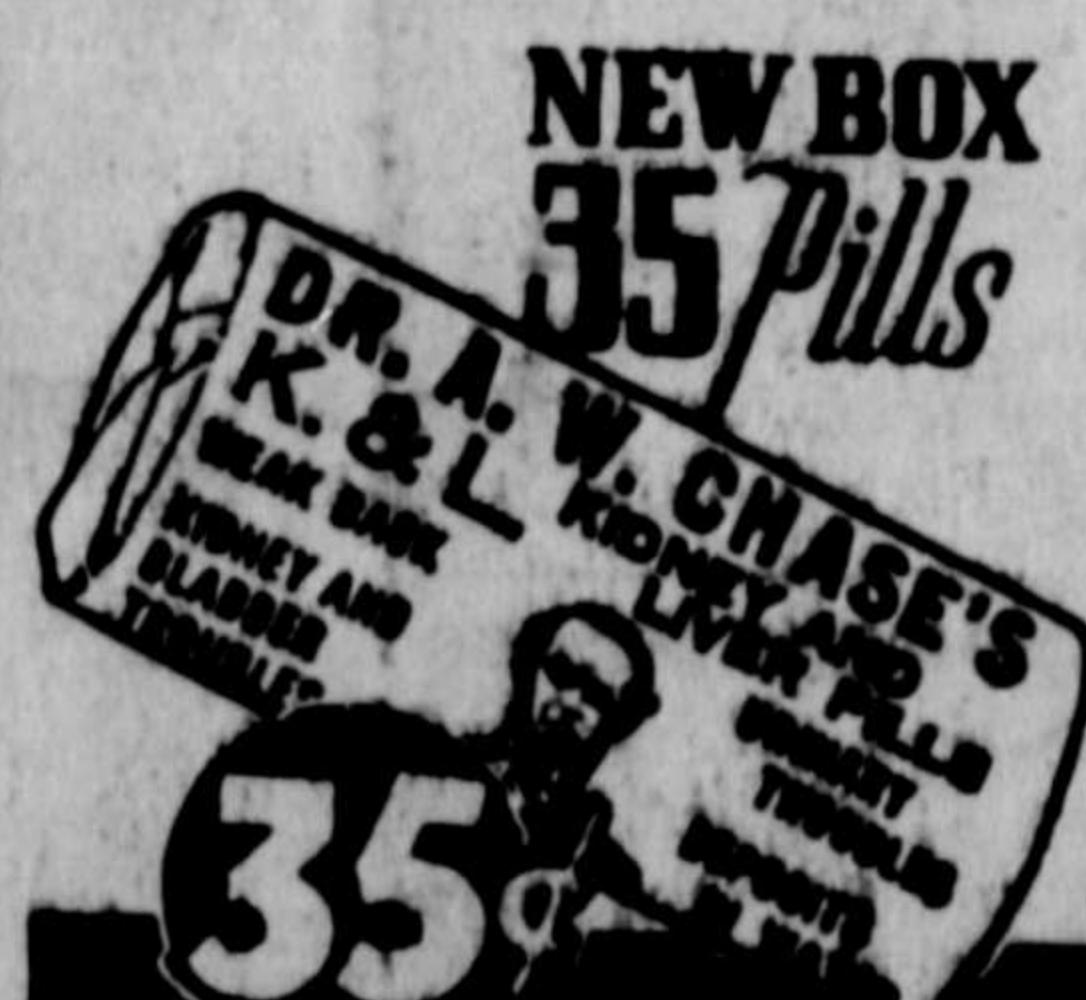

It is frequently claimed by physicians that nine-tenths of all human ills may be traced to neglect to keep the bowels regular and the liver and kidneys active.

The result is an accumulation of poisons in the system which cause pains and aches and give rise to such dreaded diseases as appendicitis, Bright's disease, diabetes, high blood pressure, etc.

Dr. Chase's Kidney-Liver Pills are the ideal regulators of these vital organs because they act directly on the liver, kidneys and bowels, and ensure a thorough cleansing of the system.

You will notice that while the price of Dr. Chase's Kidney-Liver Pills has been increased to 35 cents, the box now contains 35 pills instead of 25 as formerly.

Likewise Dr. Chase's Nerve Food is 60 cents a box of 60 pills, instead of 50 cents a box of 50 pills. Edmanson, Bates & Co. Ltd., Toronto.

When He Took "Fruit-a-tives" For Rheumatism

The Medicine Made From Fruit

There can be no doubt that "Fruit-a-tives" is the long sought remedy for Rheumatism and Lumbago. From all over Canada come letters testifying to this fact.

Mr. John E. Guilderson of Parrsboro, N.S. writes: "I suffered badly with Rheumatism for five years—tried different medicines—wastreated by doctors in Amherst—and here at home—but the Rheumatism came back."

In 1916, I saw an advertisement for "Fruit-a-tives" and took a box and got relief, so I took them for about six months and the Rheumatism was all gone and I have never felt it since."

MASQUERADE BALL AT PACIFIC BROUGHT OUT MANY FINE COSTUMES

PACIFIC, Feb. 12.—A very successful masquerade ball was held in the Nichol Hotel, Pacific, on Friday night. It was the greatest turnout ever known in Pacific, about sixty persons being present. They danced three dances and then unmasked. A vote was taken to see who had the best costume. Mr. Gammon dressed as a poker shark, won the gents' first prize and Miss Doris Gardner the ladies'. The latter was dressed as a baller girl. A refreshing lunch was served at 11:30.

The people danced until two o'clock, then the home waltz was played and every one went home with a smile.

Every costume was excellent. Mr. and Mrs. Carpenter and the school teacher from Doreen each wore splendid costumes. Even the boys and girls wore fine costumes. Mr. Hedge was M.C. for the evening. The evening closed with three rousing cheers for Mrs. M. Anderson, the hostess.

PLANTING OF TREES IS TO BE DEFERRED**Present Time Not Favorable to Comply With Request of Board of Trade**

The city clerk was instructed at last night's council meeting to communicate with the Board of Trade in reply to a recent request that trees be planted on city streets to the effect that the present time is not considered favorable for this work. The trees in question were purchased by the city two years ago and were planted in the cemetery to be removed later to the streets.

Ald. Perry was of the opinion that it would be useless to transplant the trees now because of the unsettled condition of the streets while road work was in progress. Ald. Collart thought that the trees should eventually be planted on Fourth and Fifth Avenues instead of Second Avenue as had been originally intended. The ground on the latter thoroughfare was too rocky and would thus not be suitable.

NAAS RIVER VALLEY

A daughter was born to Rev. and Mrs. O. Thorne of Mission House, Gitlakdamix on January 13.

A party of 30 Indians left for Kitwanga by overland trail, on January 21 on a Church Army Mission.

Under the supervision of S. C. Gordon, work on the construction of the public schools for settlers' children in the Post Office vicinity is progressing rapidly. The school, it is expected, will be finished in time for the fall school term. Owing to its distance from Siax, it is to be regretted that the children of that district will not benefit by the school.

Pat Calvin has returned to his ranch at Siax from 15 Mile.

F. Hoeft has up to the present made some wonderful calashes of beaver. He has been making rather an unsuccessful effort to dispose of a portion of his stock.

It is announced that Mr. Derby will attempt to operate a paddle-steamer on the Naas River this spring. This will be a great boon to the settlers, who at present are entirely dependent on

the Women's Auxiliary of the Prince George Hospital has elected the following officers for the year: President, Mrs. R. S. Edwards; vice-president, Mrs. H. G. Perry; second vice-president, Mrs. F. H. Gorman.

A SEVERE ATTACK OF HEART TROUBLE

Was Relieved By
MILBURN'S
Heart and Nerve Pills.

Mr. S. E. Barnes, Athens, Ont., writes: "Four years ago I had a very severe attack of heart trouble. I consulted my doctor; he treated me for some time, but I only seemed to be getting worse. I finally went to our druggist and purchased three boxes of Milburn's Heart and Nerve Pills and derived immediate relief from their use, and I can truthfully say they are a wonderful medicine. I always keep a box on hand, and if I feel out of sorts I take a few pills and feel all right again."

Milburn's Heart and Nerve Pills are 5¢ a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PROMOTED FOR LONG EFFICIENT SERVICE

MONTREAL, Feb. 12.—For fifty-one years constable at the Point St. Charles shops of the Canadian National Railways at Montreal Charles James Hewitt is now captain of the National Railways police force. Announcement of the promotion was made yesterday afternoon by H. J. Page, chief of investigation department who after paying tribute to the many excellent qualities of Mr. Hewitt, stated that the promotion was given for long, efficient and faithful service with the company.

Mr. Hewitt first joined the Grand Trunk Railway in 1873 and after an absence of two years he returned to the Point St. Charles shops as watchman and later as chief constable. He might have retired on pension in 1914 but on account of the war chose to remain on duty to release a younger man for service.

On recommendation of the finance committee, the city council last night decided to meet the claim of the B.C. Undertakers for damages done to its hearse when it went over the street on Fifth Avenue East a week ago. The claim was \$72.65 but some reductions are to be made to this figure.

Ex-Ald. Alex. Mackenzie had a letter before the city council last night complaining of sewage flowing on to lots 6 and 7, block 23, section 8, on which he plans building. He suggested that the city remedy the condition by putting in a drain ditch. The matter was referred to the Board of Works for report.

Ernest Love, superintendent of utilities, reported to the city council last night on a request from the Hyde Transfer asking for extension of the city's power line to its plant 300 feet east of the Swift-Canadian Co. In view of the fact that the consumption of the Hyde Transfer would be only 3½ horsepower which would not give sufficient returns in tolls on the expenditure of \$250 which would be required to make the connection, the superintendent recommended that the applicants be required to bear half the cost of the connection to be refunded if consumers of 10 horse power additional could be found. The report was referred to the utilities committee.

Requests City Council for Financial Assistance in Work at Salt Lake

The Prince Rupert Swimming Club had a request before the city council last night asking for financial assistance in connection with a program of improvements planned for the Salt Lake.

Undoubtedly the cause must be removed before permanent relief may be had.

Burdock Blood Bitters removes the cause of the headaches, as it acts on every organ of the body and strengthens, purifies and regulates the whole system.

Mrs. Peter Curran, 27 Morrison St., Sydney, N.S., writes: — "I have been troubled for the last five years with constant headaches and dizziness. After trying several remedies, which I found to be of no avail, Burdock Blood Bitters was recommended to me."

B.B.B. did me a world of good, and I cannot praise this remedy enough."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

ends there has been organized the Women's Central Association for Physical Culture. Experts say that jumping, long distance running etc., will be discouraged for women and that stress will be laid upon javelin throwing, the discus and suitable ball games. The Association is considering the question of Athletic costumes for women and is seeking a design that shall combine practical qualities with beauty and attractiveness.

A letter from A. A. McEwen, secretary of the club, stated that it was the intention to reconstruct the floats, make an enclosure for non-swimmers and children and repair the dressing rooms. In view of the fact that the provincial government had acquired the property for the benefit of the city, the club felt that it was entitled to a generous amount of assistance. The funds of the club were inadequate to carry out the much-needed work which would be of general value to the citizens.

Al. Macdonald again brought up the matter of establishing a pond on the Acropolis Hill from the overflow of the reservoir. He asked the finance committee to consider this while dealing with the request of the Swimming Club.

Soft fluffy blankets

Woolens must be washed very carefully. A strong soap shrinks and coarsens wool just as it chafes and reddens a delicate skin.

The original soft fluffiness of your best blankets can be entirely lost by washing them with the wrong soap or washing powder.

Keep them soft and downy

Lux won't shrink or mat your blankets. It keeps them soft and fluffy. With the pure Lux suds you don't have to rub the delicate wool fibres. Just squeeze the rich lather through and through them, and the dirt floats off.

EDUCATION

Editor, Daily News.

What is, two plus two? You say "four." Wrong. Two plus two is nothing, and whatever nothing is, that's what it is.

So it is with education. Education has no quality; it is neither good nor bad. It is in itself, nothing. Its purpose is, to sharpen the brain, but any mechanic will tell us, that sharpening is no substitute for quality.

What is real education? Real education is the fruits of experience. It is a spiritual building gleaned from material symbols. When we are young, we pick fruit from this tree and that and we grow, but we should never forget that the fruits of experience require a leaven so that our education will be self-illuminating, otherwise half of our educational experience will be stolen, be a trespass, if we are in darkness, and the lump so acquired will remain flat and indigestible and finally rot, and the fumes will rise, and obscure our judgment, producing a warped view point and a belief in glittering unrealities.

The end of true judgment is wholesome, arising from the steady and sobering effect of an enlarged revelation of God, brought about by true education.

HOME ACCIDENTS MAKE *Zam-Buk* A Daily Need

WHETHER it be a cut, a bruise or sprain, burn or scald, Zam-Buk provides the handiest, surest means to quick perfect healing.

It is from certain rare herbal extracts that Zam-Buk gets its power for subduing pain, soreness and inflammation, and its fine skin-growing property.

Be sure and keep a box of Zam-Buk on the handiest shelf, ready for every emergency.

MIKE HAPPEN ANY DAY!

Mrs. A. Risley, 416, St. Timothy St., Montreal, writes: "The kettle boiled over and badly scalded my hand. Though the skin blistered and peeled and pain was intense, yet the first dressing of Zam-Buk cooled and soothed in a surprising manner. A fine new skin speedily covered all the scalded surfaces as I continued with Zam-Buk."

Ten Years Ago in Prince Rupert

February 12, 1914.

There was a lively debate in the Presbyterian Hall last night when the church literary society argued on the subject: "Resolved: that a lawyer is not justified in defending a criminal whom he knows to be guilty." The affirmative side, taken by R. O. Boult and Don Grear, were the winners. Those on the negative were A. M. Manson and W. O. Fulton.

T. D. Pattullo returned to the city yesterday after a business trip of several weeks in the south. He still holds unbounded faith in Prince Rupert as compared with larger centres down the coast.

The St. Andrew's Society entertained again last evening at a card party and social in their rooms on Second Avenue. Prize winners at cards were: firsts Mrs. Mitchell and A. Cameron; consolations, Miss Peach and James Adams. R. Dowther and Algie Hunter sang solos. Piper McGruy played selections and Miss Beatrice Killen danced.

SKIDEgate INLET

A farewell party to Mrs. Ives, was given at the residence of Mr. and Mrs. E. G. Stevens, Skidegate, last Thursday evening. Mrs. Ives left for Victoria on the last Prince John, where she will join her son.

Ed. Wiggins and R. Roberts of Telkwa were visitors at Skidegate over the weekend.

Mr. Schafer of South East Harbor has imported a motor car. As this is the only machine on the Islands, it causes much excitement and interest along the East Coast Road.

Mr. Fairbairn accompanied by Mr. G. Frost, left on the launch Reliance, a few days ago, to take positions at the Kelley Logging Camp, Cumshewa Inlet.

According to the weather man, there was 1.62 inches of rain during the last 24 hours. This is exceptional for Skidegate Inlet. There has been no snow to date this winter.

Dr. Bayne returned from Prince Rupert on the fast steamer.

JACK MacMillan and Capt. Fleming of Cumshewa spent a few days in town last week on a business trip.

ACTIVITIES TO BE SUSPENDED

Local Branch of Red Cross De-sides its Work Not Waranted at this Time

OFFICERS ELECTED

Annual Meeting Took Place Last Evening in Court House—Walter Gale, Chairman

In view of the fact that so many kindred societies in Prince Rupert are doing similar work to that lately undertaken by the Red Cross and the calls on the purses of the residents are so many, it was decided at the annual meeting of the Prince Rupert branch of the Canadian Red Cross Society last night that the local branch forbear to call for annual subscriptions to their funds, that it elect officers for 1924 in the usual way, that the balance on hand be placed to a savings account, and that the activities of the branch be suspended until such time as local distress, provincial disaster, Dominion need or war should warrant its renewed activity. This course of action assures the retention of the charter and there is a sum of money lying at interest pending the time it shall be needed. Although no subscriptions will be asked for the present anyone desiring to continue a member of the society may do so by paying the usual subscription. This will be placed to the reserve fund which will accumulate until needed.

No Money to Sent

The provincial division of the society no longer being financed by the central committee having applied to the branches for subscriptions to enable them to continue its work, it was resolved by the local branch that it could not see its way clear to apply for donations and subscriptions from the public for this purpose no matter how worthy it might be for such money would go out of the city and would not be applied for purely local purposes.

It was resolved that the provincial division be told that it should not rely on the Prince Rupert branch for such subscriptions.

In opening the meeting, Walter Gale, chairman, gave an exhaustive report of the meeting last September in Vancouver of the provincial division which he attended as one of the vice-presidents. Judge Young addressed the meeting on the same subject with comments.

Officers

Officers for 1924 were elected as follows:

Honorary President, Judge F. McB. Young.

Honorary Vice-President, Mayor Newton.

Chairman, Walter Gale.

Vice-chairman, Archdeacon G. A. Rix.

Honorary Secretary, F. G. Sterry.

Executive committee — C. H. Orme, John Pythian, Milton Gonzales, Mrs. P. W. Anderson, Mrs. D. W. Morrissey and Mrs. Henning.

MILLIONS and Movies

THROUGH the medium of slender strips of celluloid an actor appears simultaneously on thousands of screens in as many different towns. On the same evening, he entertains great armies of film fans who eagerly pay their money to see his performance.

So the movie star commands a king's ransom for a salary, and a fortune is spent profitably, to provide a proper background for his art. The movie multiplies personality--and earning power.

Advertising does the same thing for a merchant or manufacturer. In a single day it takes his message into thousands of homes--to tell folks why they should have his goods and how to get them. Advertising endows him with a thousand voices with which to tell his story.

But the value of advertising is by no means confined to the advertiser. It has a very definite value to you.

A glance through this paper enables you to sift out the things that interest you. Sitting in your easy chair you can compare values and prices. in a moment you can tell exactly where to go for what you want and how much to pay.

Figure how much useless walking and talking and how much actual money you can save by spending a few moments daily with the advertisements.

BEER VOTE IS DUE TO BE TAKEN NEXT JUNE

That is Opinion Expressed at Victoria and Arrangements Being Expedited to That End

VICTORIA, Feb. 12.—The vote upon the plebiscite to be submitted to the electors of the province under legislation passed at the last session of the Legislature calling for an expression of opinion on the question of the sale of beer by the glass will be expedited as much as possible, it was stated at the Parliament Buildings.

The government has passed an order-in-council fixing April 7 as the date upon which the special revision of the voters' lists will commence.

Under the act it is necessary, where an election or plebiscite is being taken more than six months after the last annual revision of the voters' list, a special revision must be held. The last revision was in May last. Ordinarily this year's revision would not be undertaken until May 19, but with the plebiscite in view the special revision must be made.

To hold this special revision, provide time for appeals and get the final lists printed will take probably a month. To get the lists into the hands of the various returning officers throughout the wide expanse of the province, give due notice of the holding of the vote and complete the many other details necessary to be done, will probably require another month. So that it is likely the vote on the plebiscite will be taken on or about June 7 next.

The poll will be based upon the ridings as delineated in the new redistribution bill.

MASS IN FRENCH INSTEAD OF LATIN

Chaplain Through Shrapnel Wound Forgets all His Latin and Cannot Read Breviary

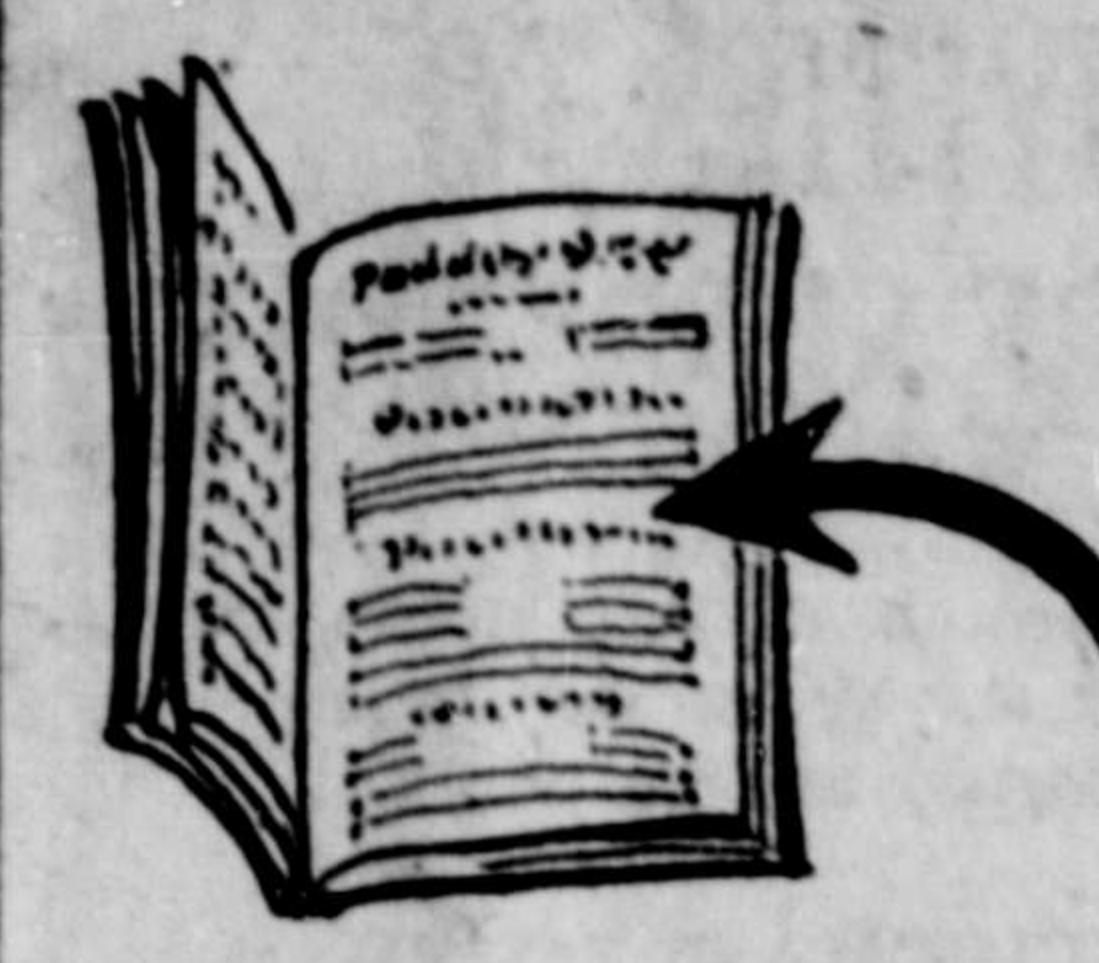

PARIS, Feb. 12.—A French military chaplain, at present with the troops in the Ruhr, is the only Roman Catholic priest in the world permitted to say mass in a language other than Latin. Dur-

ing the war he was operated upon successfully for a shrapnel wound in the head. When he recovered and attempted to read his breviary he found that he had forgotten all the Latin he had learned in college and seminary.

After several attempts to say mass, the priest went to Rome in order to obtain from the Supreme Pontiff, authorization to say his mass in French. He bore numerous medical certificates but Cardinal Gaspari insisted that the priest be examined by doctors attached to the Vatican.

Their report was to the effect that the priest had "completely lost his Latin."

Pius XI, granted the request and the priest, thanking Cardinal Gaspari, said that no other event in his life had caused him such happiness.

PEACE IN IRELAND BRINGS BACK HUNTING

Packs of Foxhounds Once More Followed by Riders Across Country in Emerald Isle

DUBLIN, Feb. 12.—One of the first amusements to suffer from political disturbance in Ireland is always riding to hounds, and the refusal of the people to allow the dogs and their mounted followers over their lands has been regarded as a demonstration of political opinion.

Today hunting once again is in full swing and the numerous packs of hounds all over the country carry on without interruption, a condition thought typical of the recent change. In Waterford the hounds are under the mastership of members of the family of the Marquis of Waterford. English visitors have not yet begun to come back in large numbers, but the outbreak of the foot and mouth disease among horses in England has acted as a deterrent to the sport, and the Irish hunting packs are taking advantage of this circumstance to invite English sportsmen to come to Ireland.

LONG SKIRTS DUE TO PLUMP ANKLES CAUSED WEARING TIGHT SHOES

LONDON, Feb. 12.—Because women's ankles have increased in size through the wearing of very tight shoes, dresses are to be longer in length. This is what the Paris experts have told proprietors of the principal West-end stores, and it is the intention of fashion-creators to design dresses in such a way as to give only a slight glimpse of ankles.

OIL BURNERS POPULAR

LONDON, Feb. 12.—Thirty-five per cent of all the marine tonnage now under construction in the world, according to Lloyd's statistics, is to be filled with internal combustion engines as against steam. This shows the remarkable development taking place in this method of propulsion.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range, and 8,000 feet per acre east of that Range.

Applications for pre-emption to be addressed to the Land Commissioner of the Coast Range Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

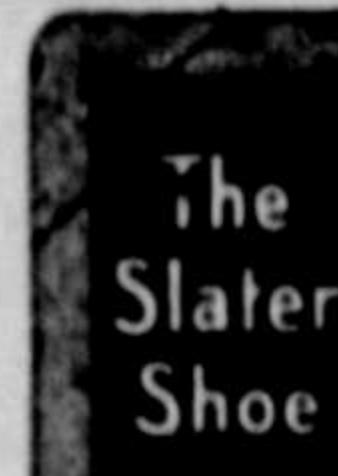

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.
