

FRENCH AND U.S. AVIATORS MAKE PROGRESS

SCOTTISH HOME RULE PLAN IS APPROVED BY THE BRITISH GOVERNMENT

Frenchman Takes Two Hops and Americans One in Long Flight; No Word of Commander Martin

BANGKOK, Siam, May 10.—Another successful jump on the flight to Tokio from Paris was made today by Lieut. P. Boisey, French aviator. Leaving Bangkok, whence he had flown from Galeulia yesterday, the flyer reached Bangkok this afternoon.

CORDOVA, May 10.—Three United States army aviators landed safely at Chicogoff Harbor, Atka Island, at nine o'clock last night after a journey of 530 miles from Atka. The trip was made in ten hours and ten minutes in fair weather with head winds.

RUMANIA BEING THREATENED BY RUSSIAN ARMY

ROME, May 10.—Dispatches to Geriatric D'Italia declare that the situation is extremely grave on the Russian-Rumanian frontier. Concentration of Russian troops makes a clash possible since detachments of Rumanian troops have been hurriedly sent to the border.

ROW AT FIGHT IN NEW YORK

Floyd Johnson Knocks Out Quintin Romero in Seventh Round But is Not Satisfied

NEW YORK, May 10.—Floyd Johnson of Iowa, heavyweight, scored a knockout over Quintin Romero in the seventh round of a ten round bout. It was a furious bloody battle, the Iowa's vicious rights and lefts cutting the Chilean's face to a mass of pulp. The knockout blow was a hard right to the jaw. When the referee apparently counted to nine, the bell sounded and the Chilean struggled to his feet. The spectators thought he had been saved by the bell.

Confusion followed and there were fights among partisans at the ringside. The police subdued the mob and permitted the announcer to declare that the referee had completed the count of ten and that Johnson had delivered a clean knockout.

NEW OFFICIAL IS APPOINTED

A. J. Galland to be Inspector of Weights and Measures—Of Importance to Fishing Interests

An announcement of particular interest to fishing interests here is made today to the effect that A. J. Galland of the local customs service has been appointed an assistant inspector of weights and measures under the federal department of Trade and Commerce. For some time, the fishermen have agitated for such an official to act in cases where halibut weights are involved. While Mr. Galland's duties will be particularly with respect to the fish business in such a place as Prince Rupert, his supervision will extend wherever weights and measures are concerned.

COLONEL EVANS DIED RECENTLY

Distinguished Officer in British Army Was Formerly in Business in Prince Rupert

Word has been received in the city of the death recently at Chipstead, Surrey, England, of Lieut. Col. Frank S. Evans, C.B.E., D.S.O., R.A.

The late Lieut. Col. Evans was a resident of this city from 1919 to 1921. For a time he was in partnership with James Bacon in the retail fish business known as the Prince Rupert Fish Market.

He went to the Old Country and enlisted early in the Great War. He won many honors and achieved high rank receiving at the same time severe wounds from which he failed to recover. After being wounded he was sent to the United States for recruiting purposes and proved an effective campaigner. He then returned to the Old Country where he remained until the time of his death.

Deceased was about 40 years of age and is survived by a widow and two children residing in Toronto.

NOMINATIONS MADE LIBERAL CONVENTION IN CITY OF VICTORIA

VICTORIA, May 10.—Premier Oliver, Joseph Clearihue, Samuel Drake and Dr. Melbourne Raynor were nominated by the Liberal convention here as candidates for the city at the coming provincial election. John Hart, minister of finance, who is one of the sitting members, retired and the fourth member was a Conservative, Rev. Joshua Hinchcliffe.

MESOPOTAMIA TROUBLE RESULTS MANY DEATHS

LONDON, May 10.—One hundred townspeople and six native soldiers were killed in a serious disturbance at Kirkuk on May 1, according to colonial office advices. The disturbance was the result of an altercation between soldiers and shopkeepers.

ALBERTA LIQUOR LAW COMES INTO FORCE

EDMONTON, May 10.—Alberta's liquor law went into effect today. Vendor's stores are opened in Edmonton and Calgary and other cities and towns shortly under a permit system similar to that in use in British Columbia.

PERMANENT BONUS TO DISABLED VETERANS

OTTAWA, May 10.—In the House of Commons the Prime Minister announced that legislation would be introduced to make permanent the cost of living bonus to permanently disabled veterans.

MEMORIAL WINDOW FOR NEW CHURCH GIVEN BY SCOTS

It was finally decided at last night's meeting of the St. Andrew's Society to place a memorial window in the new Presbyterian Church building.

A visitor at the meeting was William Mackenzie, secretary of the Caledonian and St. Andrew's Society at Vancouver. Mr. Mackenzie, who will be in the city for some time on business, was given a hearty welcome and, in replying, complimented the local society on its excellent quarters.

Vice-President William Reid presided in the absence of President D. C. Stuart.

WOULD LIMIT POPULATION

Minister of Health Refuses Request of H. G. Wells and Others

LONDON, May 10.—Limitation of population is of vital importance, according to a petition which H. G. Wells, the author, and Dorothy Jewson, Labor member of parliament, and other members of Hon. Mrs. Bertram Russell's birth control committee presented to the minister of health yesterday.

The deputation asked that the doctors at maternity and welfare centres be permitted to give birth control information to those desiring it.

Hon. John Wheatley refused the request and said where such advice was warranted on medical grounds, patients should be referred to private doctors or hospitals.

Six Italians Hanged Yesterday Following Three Years of Legal Battle: One Man Confessed Crime

AMITE, La., May 10.—With the forces of the state troops guarding the streets, a murder case, which aroused international interest, culminated in an appeal from Premier Mussolini himself to President Coolidge, terminated here yesterday afternoon by the hanging of six men involved. All were Italians, who three years ago shot and killed a restaurateur named Calmes. One of the six, Roy Leona, after three years, confessed that he was the man who fired the fatal shot but the governor of the state declared that the statement of Leona, instead of exonerating his companions, convicted each one of them.

The crime for which the men paid the supreme penalty yesterday was committed shortly after midnight, May 8, 1921. Dal-las Calmes, a restaurant operator, was aroused by a noise at the rear of his home and upon investigation was shot down by a man dimly discernible in the darkness. The bandits, who had gone to Independence to rob the bank, boarded their automobile and fled. The authorities immediately summoned bloodhounds at Crystal Springs, Miss., and telephoned the New Orleans police.

Detectives at New Orleans, on a tip from Amite, the seal of Tangipahoa parish, before the fugitives were arrested, went to the home of a wealthy Italian resident of New Orleans which it was believed might be a refuge for the bandits. The house was empty but there was every indication it had been deserted hurriedly. Nearby, in an automobile, they found the bodies of Cipolla Gaeto and another Italian named di Giovanni, who had been shot to death apparently a few hours earlier. This mystery never was solved and Roy Leona after his confession, said he and his companions knew nothing of that affair.

CANADIANS IN FIRST GAME OF SERIES DRAW

Football Players Given Great Welcome by 20,000 Spectators Who Watched Match

SIDNEY, May 10.—The all star Canadian football team played a scoreless draw in the first game of the Australian tour with the Metropolis team of this city. The play favored the Canadians who were given a great welcome by 20,000 persons who witnessed the match.

PLACK WINNER AT NEWMARKET

Lord Roseberry's Horse Carried off Thousand Guinea Stake

NEWMARKET, May 10.—Plack, owned by Lord Roseberry, at eight to one against won the thousand guinea stakes in the second classic of the season run here today.

Aga Khan's Muntaz Mahal, six to five, came second, and Sir Edward Hulton's Straight Lace seven to 2, third. Sixteen horses ran.

Plack won by a length and a half, a length separated the second and third horses.

POLL TAX

All persons liable to pay the Poll Tax and who have not done so are hereby notified that if it is not paid on or before the 1st day of June action will be started against them to recover the same. This Tax must be paid at the City Hall in the same manner as other taxes. By Order of the Council. E. F. JONES, City Solicitor.

Premier King says he was Aghast at News of Home Bank Condition

OTTAWA, May 10.—Premier Mackenzie King appeared before the Royal Commission investigating the Home Bank this morning and told of a visit made to him by J. F. M. Stewart, director of the bank, three days before the failure.

Stewart revealed the perilous condition of the bank and pressed for a government deposit to save it from failure. The visit took place between eleven o'clock and midnight and in addition to the premier there were present Ministers Robb, Graham and Low.

The Home Bank, Mr. Stewart said, had been advised by Sir Thomas White to appeal to the Government and the Bankers' Association.

The premier told the government counsel this morning that he was aghast at the statement of Stewart. "I replied to him that the circumstances he mentioned made it impossible for the government to even consider placing a deposit with the bank."

On the request of Stewart that the government use its good offices with the Bankers' Association, it was arranged that Mr. Robb should go to Montreal to be in that city when the negotiations took place. The government was anxious to show the Bankers' Association that it wished that organization to avert failure if possible.

GREAT RECEPTION FOR BRITISH SHIPS FROM NEW ZEALAND

AUCKLAND, May 10.—The British special service squadron on a cruise around the Empire is here today and was given a tremendous reception.

British Government Approves Principal of Scottish Home Rule Supported by Liberals

LONDON, May 10.—In the House of Commons William Adamson, secretary of state for Scotland, on behalf of the government, approved the principle of a Scottish home rule bill which provides for the establishment in Scotland of a single chamber parliament of 148 members, while Scotland continues her present representation in the House of Commons until a general devolution scheme is instituted for the United Kingdom. Liberals supported the measure which had been moved by G. Buchanan, Labor member for Glasgow. Buchanan claimed that the Scots favored the scheme almost unanimously in order to relieve the congestion of business in the House of Commons. Opposition speakers contended that Scottish Home Rule was not a proper subject for a private member's bill and was an imperial and not a local matter.

BLUE RIBBON TEA

If a vote were taken in Western Canada as to which is the best tea, BLUE RIBBON would win in a walk.

The BLUE RIBBON family comprises half the entire population of Western Canada. It is an enthusiastic family and adds many to its membership every day.

DAILY EDITION  Saturday, May 10, 1924.

Not Only Place Where It Rains Occasionally.

Prince Rupert is not the only place in the world where it rains occasionally. It will have been noticed yesterday by baseball fans that only two out of eight big league baseball games were played in different parts of the States. The other six were put off because of rain. When we go away from home we notice that the weather is not all sunshine, even in California.

In looking back we can remember summer months when it was much too wet to think of going camping and also too cold. It is seldom like that here.

Get The Habit Of Slamming The Place

We rather unconsciously get the habit of slamming the place, unless we are careful. We are sometimes led away by those who live here only temporarily and who are away from home and friends and naturally would like to be where they are. Let us stick up for our home town. If it were not the best to us we should not be here.

Play The Game Instead Of Watching.

The best thing anyone can do is to play some kind of game. It is far better than watching a game. While it is interesting to witness a good contest of any kind, that sort of thing has little value to the person who watches. To take part in some sport is quite a different matter. Play some game if possible. It is worth a lot to any person to be able to do it.

Should Not Forget Need Of Power.

The need of power development in this district should not be forgotten. At present the city is using practically all it develops and very soon there will be a scarcity. There are plenty of sources of supply in the neighborhood and some day someone will come along with a bunch of money and will develop one of these. The sooner this happens the better. Possibly it will come with the advent of a pulp and paper plant.

It was a disappointment to local people that the company formed to proceed with the work of building a pulp plant here in connection with the lumber mill did not succeed in financing the project. To have the big plant lying idle seems to be a sin. During the days when the demand for lumber at a good price was so great, the mill here was idle. It is to be hoped that arrangements will be made to proceed with the work in the near future.

Young Liberals For Victoria.

Victoria Liberal convention has chosen two new candidates for the forthcoming election. The choice of John Oliver and Joseph Glerhue, sitting members, was conceded but the other two, Samuel Drake, until recently reeve of Oak Bay, and Dr. Raynor is a surprise to many. These men have both been active in Y.M.C.A. and church circles and have been prominently identified with movements looking toward improvements in the city. One of these takes the place on the ticket of John Hart, minister of finance, who is retiring from political life to devote his time to business.

ANOTHER CAUSE BOOTH SCHOOL WALLS LEAKING

Architect Cox Makes Report to School Trustees That Coping Absorbs Moisture

The reason for continued leaking at the Booth Memorial School was found by Architect A. A. Cox to be on account of the fire walls through the coping stones. Trustee Rochester reported to the school board last night.

Mr. Rochester stated that, together with Trustee Casey and himself, an examination had been made by Mr. Cox in compliance with his offer to the board. The walls were found to be in exactly the same condition as before. Mr. Cox had come to the conclusion that most of the trouble was from the fire walls through the coping stones. They acted like a sponge and gathered water which necessarily must run downwards. In some places water from the top was running through cracks in the stucco below.

To remedy the trouble, Mr. Cox had recommended that painted galvanized iron be placed on the fire walls, a portion to be done first as an experiment. Mr. Cox had expressed the opinion that the walls were not leaking.

Trustee Parker said that Mr. Cox would submit a detailed report later. In the meantime, the Booth School committee had power to act in instituting repairs.

SCHOOL SUPERINTENDENT MAKES MONTHLY REPORT

Total Enrolment For April Was 678—Measles Epidemic Delayed Class Work Somewhat

Superintendent H. S. Hurn's report on public school attendance for the month of April to the school board last night was as follows:

	Boys	Girls	Tot.
Booth	189	180	369
Borden	134	130	264
Seal Cove	29	19	48

Totals 349 329—678
Percentage—93.17.

New pupils, 12; pupils left, 12.
Perfect attendance since September, 63.

The superintendent reported that the measles epidemic had caused a temporary halt in the work of some of the classes but it was expected that it would be entirely made up by June. A good deal of hard work was now being put on with the entrance classes and it was hoped that the results of the June examinations would be satisfactory. There was the usual percentage of those who stood no chance.

SCHOOL BOARD FINDS ELECTION EXPEDIENT

Exception Taken Last Night to Ruling of Provincial Inspector of Steam Boilers

A communication from John D. Kay, Victoria, inspector of steam boilers, stating that a temporary engineer's certificate could not be issued to B. Clarke, janitor of Borden Street School, was received and filed by the school board last night. The letter stated that Mr. Clarke's capabilities were not known and moreover such certificates were granted only under exceptional circumstances.

Ald. Casey declared he would challenge the inspector on the point. There were dozens of cases in the city where temporary certificates had been granted. The ruling in this case he dubbed an election expedient. Trustee Rochester was also of this opinion.

PROMOTION TO HIGH SCHOOL WILL BE BY RECOMMENDATION

The school board decided last night that the system of 60 per cent promotion on recommendation of the principal, the remainder to write government examination if they so desired, would be adopted in connection with promotion to High School

from public school this year. This plan was in vogue for several years previous to 1923 when the straight government test system was employed. Superintendent H. S. Hurn asked the board to decide on the question. There was considerable discussion on the matter. Principal Brady, on being asked his opinion, stated that the 60 per cent recommendation plan was a satisfactory one providing it was administered properly. Last year the government test system had also been found satisfactory. Trustees Williams and Casey were in favor of the recommendation plan. Trustee Rochester suggested that favoritism might be shown and then it would be unfair. Finally, the recommendation plan was unanimously adopted.

TERRACE NOTES

Mrs. R. L. McIntosh returned to Rupert on Saturday.

A son was born to Mr. and Mrs. Geo. Dover at the Hazelton Hospital on Saturday, May 3.

Work has begun on the Kalum road, Harry Frank opened his camp last Thursday.

J. Leighton of the Forestry department, Smithers, was in town.

Samuel Long of Smithers spent the week end in town at the home of Harry King.

Mrs. Warne returned from Yukon last week where she had spent the winter with her son Howard at Tagish.

Mr. and Mrs. Floyd Hall of Smithers were passengers for Terrace on Sunday's train. Mrs. Hall is spending a few days here en route for Vancouver where she expects to spend the next

few months.

D. D. Munro was in town on Monday.

Stanley Brooks is home for a few weeks holidays.

R. A. Harlow was in town this week.

C. R. Gilbert left Monday for Prince George on business. He will visit Telkwa before returning to Terrace.

NO MORE WEAK AND DIZZY SPELLS

Since She Used MILBURN'S HEART AND NERVE PILLS

Miss Bertha Charrette, Regina, Sask., writes: "I have had a lot of trouble lately, with what I thought was heart trouble, and after any unusual exertion always felt sick. My doctor advised a complete rest and change, but this I was unable to take. I became interested in Milburn's Heart and Nerve Pills, so started taking them. I have now taken three boxes and am so much improved I can go about my daily work without feeling any after ill effects, and have not had any weak or dizzy spells for some time. Your medicine has done me more good than anything I have ever taken, and I will gladly recommend Milburn's Heart and Nerve Pills to any woman who is weak and run down." Price 50c per box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

We sell Laminated materials also Fir Veneer. Consult us before buying finishing for your house. Albert & McGaffery, Ltd.

The school board has purchased 60 tons of Telkwa coal from the Prince Rupert Feed Co. at \$10.60 per ton. An account for \$606.03 covering the order was passed at last night's meeting.

Miss Agnes Donaldson, secretary of Municipal Chapter, I.O. D.E., applied last night to the school board for the usual permission to hold a demonstration on Empire Day, May 23, for children. Permission was granted on motion of Trustees Casey and Orme.

The list of unemployed at the provincial labor bureau is decreasing not so much on account of men being actually placed but because they are leaving on their own initiative. Today there are about 60 job seekers registered. Mining, logging and pole cutting should soon absorb a number of these.

The school board authorized the secretary last night to get prices on black boards for various of the city schools. The matter of new desks in the High School was left over. Principal Brady having reported that they would not be necessary until after the holidays. Repairs to a convenience in Borden Street school were ordered.

WANTED.—Any couple contemplating marriage within the next few weeks can obtain \$100.00 cash; wedding ring; marriage licence and marriage ceremonial free. For particulars, write P.O. Box 814, Prince Rupert, B.C. All correspondence treated in absolute respect and confidence.

Permission was given the utilities department of the city by the school board last night to run a telephone cable line across the north portion of Hays Cove Circle from Fourth Avenue to Sixth Avenue on the east side of the circle. The permission is conditional on the undertaking that the line will be removed if the board should embark on any development of that portion of the grounds. It was pointed out, however, that such would probably not be proposed for some time as the ground was very unsuitable for such work.

Union steamer Venture, Capt. A. Johnstone, southbound to Vancouver from Naas River ports was here at 10.15 to 11 o'clock this morning.

Mrs. Joseph Harvey is sailing tomorrow night by the steamer Prince George on an extended holiday trip which will take her as far south as Portland, Oregon.

C.N.R. steamer Prince John, Capt. Neil McLean, is due this afternoon from Vancouver and the Queen Charlotte Islands. The vessel will return south early next week.

The question of disposing of certain materials lying around the Booth Memorial School—such as hardware, moulding, varnish, etc. was left to the Booth School committee at last night's school board meeting.

Plumbing fixtures in the former domestic science annex were ordered sold to W. Longwill by the school board last night. Mr Longwill's bid was \$55 H Letourneau's, \$53.15, and Smith & Mallet's, \$45.

Cedric J. Duncan, son of Mr. and Mrs. T. C. Duncan, formerly of this city, was fifth in the list of those passing third year art and science examinations at the University of B.C. this year. He had first class honors.

Notice is hereby given that a special general meeting of the members of the Prince Rupert General Hospital Association will be held in the City Hall on Wednesday next, May 14, at 8 p.m. Business: Revision of bye-laws.

Mr. and Mrs. George Wilson and son left last night's train for Terrace. Mrs. Wilson will spend some time at the Lanfear & French farm recovering from her recent illness and Mr. Wilson will be back on Sunday evening.

H. Garman Sing, son of Rev. C. R. Sing, formerly of this city, was the winner of the Letters' Club scholarship in connection with the University of B.C. examination results which have just been published. He was in his third year.

The usual monthly payroll and accounts totalling \$1436.72 were passed for payment by the school board last night. It was suggested that more economy might be observed in connection with the consumption of electric light at the Booth School.

A large number of new pupils being expected in the High School after the summer vacation, Principal Brady reported to the school board last night that it would probably be necessary to engage an additional teacher in the Fall on account of congested first year classes. Mr. Brady stated that further information would be given later so no action was taken by the board.

Permission was given by the school board last night for the domestic science classes to hold an exhibit of work and sale of home cooking in the school on May 30. The proceeds will go towards the fund for furnishing the school dining room which now stands at \$205. The board took no action on a request that \$20 be granted towards covering the expense of a banquet that it is proposed to hold in honor of the retiring domestic science class this year.

Principal Brady reported to the school board last night that the High School pupils were on the eve of writing their University examinations. On request of the Education Department, two lists of names were sent in—one containing those that were recommended from their general work throughout the year and the other those who were not so recommended. Out of a class of 21 prospective matriculants all but three were being recommended this year. Trustee Casey questioned the value of such a system but Trustee Williams approved of it.

OGDEN'S GUINEA GOLD

Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

Halibut landings during this week have been given somewhat of a set back owing to the very stormy weather experienced on the northern fishing grounds. The weather has been such that little opportunity has offered for remunerative fishing, as far as quantity has been concerned although those boats fortunate enough to bring in catches have received good prices for their fish. Few of the large American schooners have put in an appearance while Canadian arrivals have not been up to the average in number. A number of both the American schooners and boats of the home fleet have put in an appearance while Canadian arrivals have not been up to the average in number. A number of both the American schooners and boats of the home fleet have put in an appearance while Canadian arrivals have not been up to the average in number. A number of both the American schooners and boats of the home fleet have put in an appearance while Canadian arrivals have not been up to the average in number.

Decides to Buy Engine
 Girls! The Capt. Khort matrimonial idea is entirely off. While the skipper did have serious intentions in this regard, as outlined in these columns last week, something has happened which has caused him to change his mind. He probably came to the conclusion that a new engine would serve him better. At any rate he is now negotiating with a local firm of engineers to give him a price on a new 20-30 h.p. engine and has emphatically stated that no females need apply to the boat on matrimony bent. We regret to dash the hopes of many fair damsels to the ground—so to speak—in such a heartless manner but it is considered a duty in the interests of many who may be preparing a trousseau.

Fresh Herring Bait at Captain's Cove and Jap Inlet.
 Repair work is being carried out on the Prince Rupert Yacht Club floats. New piles are being driven and stalls put in to take care of the increasing membership.

Nortonion in Port
 The latest power boat to arrive in port from Vancouver is the Nortonion, skippered by Capt. Eli Tingley, the Nortonion made port on Wednesday night after an uneventful trip up the coast. This craft will engage in the salmon packing business on the west coast. Her dimensions are 55 feet long by a 13 foot beam and she derives a useful turn of speed from a 30 h.p. Corliss engine. The Nortonion is now at the dry dock for necessary engine repair work before proceeding out on her season's work.

Radio Lost Men
 The Canadian Fish & Gold Storage Co.'s trawler James Caruthers, which arrived in port on Monday last with 25,000 pounds of halibut, reported that the American schooner Radio, Capt. Angelsen, had lost two men while fishing on the northern fishing banks. No details are known as to the names of the drowned men or just how the fatality happened.

New Forestry Boat
 The new forestry cruiser "B.C. Forester," Capt. F. E. Mitchell, put into port on Saturday last and was much admired by nautical men and others who took the

Fish Business
 During the week 290,700 lbs. of halibut has been marketed on

the Fish Exchange. Canadians were high at 15.5c and 6c and low at 12c and 5c. Americans were high at 17.6c and 8c, and low at 14c and 6c. Arrivals were: Canadian—Hippo, Cape Spencer, Gibson, White Lily, Lillian M., Westerner, H. & R., Oh Bill, Kaien, Thelma, P. Dorreen, Tilly S., Caygeon, Azores, W. & F., Mah, Tallow, Overtile, Margalice, D.S.T., Rennell, Fanny F., Mary M., Christopher, Cape Spear, Nautilus, Viola, Reveille, W.T., Salma and Toodie.
 American—Aretie, Volunteer, Venus, Western, Pelean, Royal, Laning, Wabash, Sherman.

New Fleet Uniform

The old despised hard hat, commonly known as the "Christie-stiff," is evidently coming in to its own again judging from the startling style now being adopted by some nauticals along the waterfront. It would seem to be a new fashion imported from distant lands. To see a fisherman in a hard hat, one of those anemic looking things consisting of a sand screen like brim and a consumptive crown, wearing high boots and jersey of the same hue and wielding a two-handed cigarette, is a sight for sore eyes. This remarkable headgear seems to work fine on fine days but in a high wind it appears to keep the wearer busy chasing after it, and it has been suggested that a bit of regulation elastic—as used on a child's straw hat—would under the chin and around the Adam's apple of the throat would be an improvement of a permanent nature. In high boot circles the wearers of the new headgear have been dubbed the "dish pans" for the simple reason that when lifted off the head and turned upside down the hard hat makes a wonderfully convenient dish for washing up in or using for other domestic purposes. So nifty does the new "dish pan" brigade look when lined up on parade that it is quite on the cards this new form of head-dress will be adopted as the regulation uniform for all members of the fleet, of course plus the elastic stunt.

The Canadian schooner Malamute, Capt. Nick Carter, has been undergoing some minor repair work while in port during the week. The Malamute left for the high spots on Wednesday.

Jimmy Thomas, with the power boat Viner, is up the Skeena river buying salmon.

The launch Dixie Rupert, Capt. George Newcomb, was over to Metlakatla early in the week with a business party aboard.

The 60 foot Dominion fisheries cruiser, recently launched at the Dry Dock, is at the slips undergoing the finishing touches. The interior electrical work has been completed by Ray Love and the engines were given a try out on Thursday and yesterday. Work is now being rushed on the second cruiser, of the same type, which has the engine installed.

The barge Griff, which sank at the Steawrt wharf in March while loaded with ore, is now on the dry dock undergoing repairs.

Joy Bird Out
 The launch Joy Bird, Capt. Jack Cook, was out to Mission Point, Metlakatla, on Tuesday evening to take supplies off the barge in tow of the power boat Wake both of which got stranded on the rocks while unloading lumber at Metlakatla. After unloading school supplies the tide had receded so far that both the scow and the Wake were unable to move. It is probable the boat and scow will have to remain stranded at Mission Point for a week, or at least until the tides become high enough to float them off.

Fresh Herring Bait at Captain's Cove and Jap Inlet.
 Capt. Jack Wells, who recently purchased the halibut schooner Knox from J. Julius, has been busy completely refitting her this week and left for the high spots on Thursday.

Bill Wrathall has recently fitted a canopy on his launch.

No fur arrivals have been reported during the week.

Held Up Sales
 Yells of "Who is holding up the parade?" and "Where is Jim?" resounded along the waterfront from the Fish Exchange on Thursday morning, while every telephone in reach was put into commission to try and locate the missing Jim. Frank was careering madly up and down the office floor like a polar bear with a lighted oil

The Canadian schooner Fanny Baker, Capt. Blondel, arrived in port over last week end and reported having struck dirty weather, his catch being light as a consequence. After doing necessary repair work the skipper left port again on Monday to try his luck.

Brings Strength and Vigor When Mother Most Needs It

WHAT joy there is in the home when baby arrives.
 What a relief after months of anxiety.
 Now the mother looks forward to returning strength and vigor.
 But oftentimes this is slow in coming and the weeks drag on until the strain brings depression and discouragement.
 So many mothers have written to us about the great benefit they have obtained by the use of Dr. Chase's Nerve Food under these conditions that we cannot refrain from passing along the good words.
 Since prevention is always the better way it is wise to use Dr. Chase's Nerve Food during the expectant period as well as after baby comes.
 By so doing the blood is kept rich, the nerves steady and the general health is kept at high water mark all through this trying time.
 Then after baby's advent you quickly pick up strength and know the joy of healthful motherhood.
 Mrs. H. McClure, Norwood, Ont. writes:
 "After my baby was born I was terribly weak and run down, with a weak, painful feeling across my back. I had heard so much of Dr. Chase's Nerve Food that I decided to try it, and before very long I began to feel stronger. Three boxes proved enough to make me quite strong and well again. I also used Dr. Chase's Ointment, for a rash which broke out on the baby and it worked wonderfully—the rash disappearing completely in a short time."
 Dr. Chase's Nerve Food, 60 cents a box of 60 pills, at all dealers or Edmanson, Bates & Co., Ltd., Toronto.
