BRITISH CONSERVATIVE LEADER ELECTED

RATEPAYERS MEETING ADVOCATES CITY MANAGER FOR PRINCE RUPERT

Candidates Nominated Today in British Elections: Baldwin and Others Elected by Acclamation

LONDON, Oct. 18.—Nominations of candidates in the Parliamentary election to take place October 29 are being made today. Liberals are nominating about 100 fewer than in the last election and Laborites have about 100 more than on that occasion and their number will total well over 500, it is believed.

Former Premier Baldwin, Conservative leader, standing for Bowdley division of Worcestershire, was one of the first candidates to be declared elected by acclamation. T. P. O'Connor, Hon. John Whitley, speaker of the House, and Vernon Harcourt, postmaster general, were also elected without a contest. There will be a total of about 1,400 candidates of all parties including 41 women.

Lord Beaverbrook's Daily Express advocates the elimination of triangular contests in the present election but protests that they have no idea of reviving the old coalition between Conservatives and Liberals. The paper says it would be disastrous to the common welfare if Liberalism were to disappear from politics but the present circumstances demand an effort to save the people from misrepresentation of their views, which may jeopardize the future of the state.

The workingmen constituents of Austen Chamberlain in West Birmingham are presenting him with a gold cigarette case on the occasion of his fifty-first birthday. No subscription of over one shilling was allowed.

SOUNDINGS FOR NEW ELEVATOR

Engineer Arrives to Take Soundings for C. D. Howe & Co. of Port Arthur

W. N. Chater, of Port Arthur, an engineer in the employ of C. D. Howe & Co., arrived last evening for the purpose of taking soundings in connection with the plans for the elevator which is to be built here.

This morning he was in consultation with the Canadian National engineers and went over the site with them.

It is very probable that Mr. Chater will remain here to superintend the work.

DUTHIE COMING IN FROM SEATTLE ON STEAMER TONIGHT

Work Still in Progress at Treadway Property near Fiddler Creek says Local Representative

John R. Turner, manager of the Duthie mining interests, arrived in the city on last night's train from the interior to meet his chief, J. F. Duthie, who will arrive from Seattle on the Prince Rupert, this evening. Mr. Turner is now located at Dorreen superintending work that is in progress at the Treadway property on Knauess Creek, a tributary of Fiddler Creek. This constitutes the only actual mining development that Mr. Duthie is at present carrying out in the interior. A few men are employed there and the work will continue as long as weather permits. Mr. Turner had nothing to say with regard to the situation at the Duthie mine near Smithers which is at present closed down.

IMMIGRATION AND PROSPERITY

Visitor From Australia Says They Realize Vacant Lands Must be Filled

"There never was a time when Australia was as prosperous as when immigrants were pouring into the country," said Herbert J. Rumsey, J.P., horticultural expert for "Farm and Settler," an agricultural journal of Dundas, New South Wales, to the Daily News today. "We in Australia realize that if we are to keep a white Australia we must fill up her vacant lands with white people. We cannot expect to keep the Oriental out unless we bring the white man in."

Mr. Rumsey says they have no laws against the admission of Orientals in Australia but there is an educational test and immigrants are required to pass an examination in any language the Australians wish and as a result undesirables are kept out with ease without offending anyone.

The visitor is extremely interested in noting the capabilities of the different parts of the country and he was pleased to see, as he passed through, that good fruit was grown at Terrace.

5,000 PEOPLE HEARD PREMIER

Mackenzie King Told Victorians Eyes of World Focused on B.C.

IN VANCOUVER TODAY

VICTORIA, Oct. 18.—The growth of B.C. itself and the great developments which have been consummated in enormous markets touched by the Pacific Ocean and lying open to the enterprise and initiative of B.C. industry have caused the eyes of the world to become focused on this part of Canada and the British Empire. Premier King told a mass meeting of Victoria citizens last night.

The gathering was one of the largest held here for years, five thousand people attending.

Having Busy Day

VANCOUVER, Oct. 18.—Premier King and his colleagues arrived here this morning from Victoria and will remain on the lower mainland for four days. The Premier this morning visited the Cenotaph and placed a wreath of flowers on it. At noon he was the guest at a public luncheon under the auspices of the Liberal organization. This afternoon he is inspecting the harbor and visiting the north shore.

SURF INLET END IN SIGHT

Unless New Ore Discovered Must Close Operations Before Very Long

While the Belmont-Surf Inlet Gold Mining Co. continues operations at Surf Inlet on the usual basis, no new ore has been opened up for several months and it will only be a matter of time until it will be necessary to close up unless new ore is encountered, states Clyde D. Heller, of Philadelphia, president of the company, who is in the city today returning to his home in the East after having paid his annual visit to the scene of his company's operations. Mr. Heller confirms reports already published that the end of the ore at Surf Inlet is already in sight. It is possible, however, that something might crop up any day that would change this situation Dr. Heller points out.

Paid Dividends

The capital investment in establishing the operations of the company at Surf Inlet was \$1,200,000 and something like \$750,000 has already been paid in dividends, states Mr. Heller. Even if it were necessary to close down in a year or so, Mr. Heller is of opinion that, while little money would have been made, the investment would at least have been repaid. The company started up at Surf Inlet in 1917 when, due to the war, machinery was at a high price. The heavy duty on machinery from the United States also made the original cost higher. Speaking of the actual operation of the mine, Mr. Heller says that "he ore in the lower part of the mine had been disappointing but, fortunately, that in the upper part was better than had been anticipated."

F. H. Penn is superintendent of the Surf Inlet mine. F. W. Holler, former superintendent, is now with the Illinois Zinc Co. in the United States and is doing well.

Logging Goes On

Mr. Heller, speaking of, J. R. Morgan's logging operations at Surf Inlet, says this work is continuing apace and humorously mentions that Mr. Morgan is "certainly spoiling the appearance of the landscape."

Mr. Heller, who arrived at Surf Inlet last Wednesday from California, came in to the city or the company boat Belmont last evening and will leave on tonight's train on his return to Philadelphia.

BIRTH

A daughter was born to Mr. and Mrs. J. Coombs at their residence, 1036, Eighth Ave. East, on October 15.

Constable Harper Reeg of Boundary on the Stikine River has resigned it was announced at the provincial police office this morning. Constable Reeg, who has been in the police service for several years, was to have been transferred to Likely on Queen's

CITY CHARGED WITH THIEVERY

Ex-Ald. Montgomery Takes Matter of Tate Street Plank Removal up with Ratepayers' Association

Styling the action as "thievery on a large scale which in the case of a private individual would constitute a case of theft," Ex-Ald. Montgomery at last night's meeting of the Prince Rupert Ratepayers' Association drew attention to the situation in Westview where the roadway on Tate Street had been taken up for use in other parts of the city. As an owner of property there, Mr. Montgomery objected to such action. The property owners abutting had paid for the roadway. When the matter had been taken up with the Board of Works, the reply was given that the lifetime of the road was up. The road was not as old as others in the city which had been kept in repair and the people who had paid for it were still entitled to it, Mr. Montgomery thought. It was a matter that the Ratepayers' Association might well take up to ascertain if the property owners affected were not being discriminated against. If necessary legal action might be taken.

President Dybbavn referred the matter to the executive and suggested that protests be filed by the property owners involved.

JACK MCDUGALL STAYS IN JAIL

Appeal of Jack McDougall, who was convicted by Stipendiary Magistrate Hoskins of Smithers and sentenced to six months' imprisonment at Okalla for selling liquor at Francois Lake, was dismissed by Mr. Justice W. A. Macdonald in Vancouver this week. The appeal was based on the contention that the magistrate had no jurisdiction but the plea was thrown out and McDougall will have to do his time. C. L. McAlpine was counsel for the crown and Harry Bray had the case for McDougall.

AIRSHIP IS UNABLE LAND

Shenandoah Was Still Flying Around Over Puget Sound Country This Afternoon

TACOMA, Oct. 18.—U.S. dirigible Shenandoah arrived in this vicinity this morning from Sandiego but, balked first by the fog and then by rising temperature, the big airship was unable to land at her mooring mast at Camp Lewis. It is thought that she will be able to come down about four o'clock. In the meantime the craft is cruising over the cities of Puget Sound including Tacoma and Seattle.

HALIBUT PRICES ARE WELL MAINTAINED

Eighteen and nineteen cents a pound were about the prices paid for halibut here today with seven and eight for chickens and bulls. Sales were as follows:

American
Constitution 40,000 to Royal Fish Co. at 19.8 and 8.
Yukon, 11,500 to Booth Fisheries at 19.10 and 8.
Onah 4,000 to Booth Fisheries at 19.70 and 8.
Wizard 20,000 to Gold Storage at 18.70 and 8.
Canadian
Caygeon 2,000 to Allin Fisheries at 18 and 7.
Rose Spit 7,000 to Allin Fisheries at 18.40 and 7.
Hippo 9,000 to Gold Storage at 18.20 and 7.

CRITICAL CONDITION

The condition of Archbishop F. H. DuVernel, who has been seriously ill for several months, is reported to be very critical today.

RUPERT MAN DIES

VANCOUVER, Oct. 18.—Louis Valliere, a resident of Prince Rupert, died here yesterday in the general hospital.

Admiral Sir Percy Scott, British naval authority, died today aged 72.

City Manager Advocated Ratepayers Association and Bylaw is Asked for

Report of Special Committee Strongly Urges That People be Given Opportunity to Vote on Matter at Next Election

The Prince Rupert Ratepayers' Association, at its annual meeting last night, adopted a report from its executive recommending that the city council be requested to submit at the next general election a by-law to the electors calling for their opinion on the subject of city management.

The report of the executive was as follows: "At the regular meeting of the association held March 21, it was suggested that the executive further look into the matter of city management and report on the subject. We therefore now beg to submit as follows:

RATES MUST BE CHANGED

Present Situation in Regard to Freight Charges is Intolerable

VICTORIA, Oct. 18.—At a conference between Premier Mackenzie King and the British Columbia cabinet yesterday it was the general consensus of opinion that the railway rate situation in Canada was intolerable following the abandonment of the Crow's Nest Pass rates, said a statement given out by Premier Oliver after the conference.

It was agreed also, Oliver said, that steps must be taken to remedy the situation.

PROMINENT PASSENGERS ABOARD PRINCESS MARY

Dr. Thompson Leaving Yukon For Good and Capt. Black Southbound

Aboard the C. P. R. steamer Princess Mary, Capt. Bennett, which was in port this morning from 3 to 6 o'clock, were many prominent Yukoners who are going out for the winter.

Judge McAulay was on his way East where, as is his custom, he will spend the winter. Also Commissioner George P. McKenzie was on his way out on furlough. Capt. George Black, M.P., and Mrs. Black were going to Vancouver where they will remain until Capt. Black goes East to attend the session at Ottawa.

Dr. Alfred Thompson, former M.P. and brother of J. H. Thompson of this city, was also aboard. He is leaving Dawson permanently now and will take up medical practice in Vancouver. For many years their representative at Ottawa and recognized as one of the most popular citizens of the Yukon. Dr. Thompson's final departure will be a matter of regret to all the people of the territory. Mrs. Thompson and daughters, who have been in Switzerland for the past year, are now on their way to Vancouver to join Dr. Thompson and take up their residence there.

Other Yukoners going south on the Mary included James Fairbairn, White Pass agent at Mayo, who was bound to Seattle and will return north in March; Dr. A. J. Gillis, pioneer dentist of Dawson, who will spend the winter with his family at Victoria, and Mr. and Mrs. George A. McLachlan of Dawson.

"This type of civic government is not a new one, and has safely passed the experimental stages. In 1913 nine cities on this Continent had adopted this plan. Last year the number had increased to 327, and the number is steadily growing. And no city which has voted to adopt this plan has gone back to the old way.

Fundamentally the principle of the council manager plan is that of self government, but with the elective members not in direct charge of administrative service. And the object of this variation from our present form of city government is to remove as far as possible the administration of civic affairs away from the influence of politics, and place the executive in a position to more nearly obtain 100 cents worth of work for every dollar spent.

Business Management
"It has made good because it has been possible by reason of the Governmental machinery to secure better service, and because the council and the city manager have demonstrated that city management in the final analysis means business management.

"A synopsis of this plan of Civic Government is as follows: "It is a plan of municipal government by a single elective council, representative, supervisory and legislative in function, and a chief executive called a 'city manager,' appointed by the council to have direct control of the work of the various administrative departments.

"The manager is the executive head of the municipal administration, with power over all civic departments.

"His appointment is for an indefinite period, subject to his good behavior and administrative ability.

"No member of the council can hold the office of city manager.

"This form of administration is similar to that followed by (continued on page two)

WHIST DRIVE

Sons and Daughters of England Entertained in Boston Hall Last Evening

A whist drive was given by the Sons and Daughters of England in the Boston Hall last night. Prize winners were: Firsts, Mrs. George Leek and F. Piper; consolation, Mrs. Stewart and Mr. Potterton. The committee in charge consisted of Mrs. Leek, convener; Mrs. S. V. Cox, Mrs. J. Howe, Mrs. W. Shaw, W. G. Hughes, D. Wilton, Ben Johnson and Mr. Potterton.

NOTICE

Pursuant to the Municipal Elections Act all persons desiring to be entered on the Voters' List for the forthcoming Municipal Elections as Household or Holders of Trade Licenses must register their names with the City Clerk during the month of October on a statutory form to be supplied by the City Clerk.

Householder includes all male persons who have resided in the City of Prince Rupert since the first of January of the current year, who are British Subjects of the full age of twenty-one years, and who have paid the Poll Tax of Five Dollars unless exempt therefrom, and all female persons who have resided in the City of Prince Rupert since the first of January of the current year, who are British Subjects of the full age of twenty-one years, and who have paid to the City the sum of Two Dollars.

License Holder includes all persons who are British subjects of the full age of twenty-one years and who are the holders of a subsisting trade license from the municipality, the annual fee for which is not less than Five Dollars.

The City Clerk's Office will be open from 9 a.m. to 5 p.m. each and every day during the month of October with the exception of Saturday when it will be open from 9 a.m. to 12.30 p.m.

E. F. JONES,
City Clerk.

DAILY EDITION

Saturday, October 18, 1924.

CITY MANAGER ADVOCATED RATEPAYERS ASSOCIATION AND SYAW IS ASKED FOR.

(continued from page one)

successful business corporations. "In view of these facts your Executive feels quite safe and justified to recommend that the Association request the mayor and city council at the next general election to submit a by-law to the electors for their opinion on this subject, and we further suggest that in this plan the elective body consist of a mayor and four aldermen."

Fewer Aldermen

M. M. Stephens stated that he was perfectly in accord with the idea of city managership. The only thing in the report that he would attempt to question was with respect to the number of aldermen suggested. Personally, he was a little afraid of too small an executive. There might be danger of the government of the city getting in the hands of cliques. There was no doubt that much money could be saved under the system of city managership.

John Dybhavn, president of the Association, stated that it was customary for smaller cities under the city manager system to have four aldermen. In any case, this number had only been suggested by the executive. It was a matter that could be definitely decided upon later.

F. W. Hart pointed out that it was only proposed to ascertain whether or not the principle of city managership would be approved. Two and also six aldermen had been suggested. Not Antagonistic A. W. Edge stated that the executive, in submitting this report, was not antagonistic to the present city council. As a large taxpayer, he for one was satisfied with the work that had been done by the 1924 council. He referred to the present city engineer as an official who had always been on the job and had earned his money. City managership was merely being proposed as a measure to be better prepared for the big developments that were apparently to be brought about as regards the city.

W. H. Montgomery spoke against the idea of city managership. He was opposed to anything that would increase the

overhead expenditure of the city and, as far as he could see, that was all a city manager would do. He would require a large salary possibly \$5,000 per year and would need a staff etc. The departmental heads that the city now had would still be required. He could not see where increased efficiency would be brought about or the affairs of the city taken out of politics. In order to hold his position, the city manager would still have to do the bidding of the council. From the present system of departmental heads, as far as he could see, the city was getting as much as it would get from a city manager. It would just be an experiment and a costly one which he thought the city could not afford at this time.

Benefit City

M. M. Stephens still maintained that, if a proper business man were obtained as manager, the system would work out to the benefit of the city and would not increase taxation. Large companies had found that it paid to have high salaried managers. The city was nothing more or less than a large business. Under the present system of municipal government the best business heads of the city did not offer their services as mayor and aldermen.

Mr. Montgomery took Mr. Stephens' remarks as an admission that the system of city managership would cost more than the present system. Mr. Stephens took exception to this assumption of Mr. Montgomery's and, when the latter rose to argue the point, F. W. Hart got to his feet on a point of order stating that Mr. Montgomery was not a member of the Association and should become one before he attempted to interject himself into such a debate.

Passed Experimental Stage President Dybhavn said that if Mr. Montgomery had studied the system he would at least have to admit that it had passed the experimental stage. There was ample proof of its success. Mrs. Kirkpatrick asked if the system had been tried out in B.C. Mr. Dybhavn said that it had not been, although Kamloops had a commission system that was something like it. The report of the executive was unanimously adopted on motion of Mr. Stephens and Mr. Edge.

The Man in the Moon SAYS:-

REALIZATION always exceeds expectation when it comes to receiving the bill of costs.

EVEN though self-starters are as common as tourists in summer the old fashioned crank is still useful at times. Here's to the crank.

NEVER argue with a man who admits he is a failure. It's useless.

NIGHT sessions have always been fashionable in the school of experience.

AN advertisement speaks of "simple things in evening gowns." Well, I had not noticed any of that kind but I am not disputing the advertisement.

IT'LL soon be time to broadcast your needs so that the presents will not be so much junk.

THE only think wrong with a lot of homes around here is the people who live in them.

I SIMPLY kissed her on the cheek. It seemed a simple thing; But soon I found it cost a lot, For I had to buy a ring.

AN intelligent person is one who behaves as discreetly after dinner as he does before.

NOW that the Soviet has conquered Wrangell Island, she is deserving of the respect of the whole world.

MUSSOLINI says the next time they strip off for a round or two with any foreign nation they will use feet as well as fists.

ALBERTA miners lost seven months wages, the mine owners lost seven months business and the men are now working for less wages than before. That is economy for somebody, perhaps, but I have not found out who.

THE VITAL IMPORTANCE OF MARKET EXTENSION EFFORT

A wider market is essential to the British Columbia lumber industry so that an increased output may be readily absorbed. An examination of our export figures for the last eight years show that the shipments to foreign countries have risen from 43,000,000 feet in 1916 to 521,000,000 feet in 1923—a twelve-fold increase.

The enterprise of our manufacturers who have effected this extraordinary trade expansion has entailed a vast expenditure of money patience and energy.

If the figures are dissected further and the United States and Japan are eliminated, we find that the shipments to other countries amount to 167,000,000 feet in 1923 and 40,000,000 feet in 1916, or little over a fourfold increase, proving that we pin our faith considerably to our trade with the United States and Japan, both countries with vast softwood resources of their own.

The moral is, that we must strive to open up more world markets and that more intensive trade extension effort must be directed to the exploitation of the timber buying centres of Europe, Africa, South America, and the Orient, where softwoods such as ours are scarce and where they would be welcomed were they better and more favorably known.

The people of British Columbia must give the industry their goodwill and assistance in this effort, since it is they who benefit first, last, and all the time. The public have a very big in-

Ten Years Ago in Prince Rupert

October 18, 1914.

Charles M. Wilson, the well-known Delkatta rancher, is visiting in the city. He tells an interesting story of how he personally met the Kaiser about fourteen years ago.

A Vancouver concern known as the Seaton Coal Co. Ltd. is taking steps to develop certain coal claims near Hazelton with a view to supplying the city of Prince Rupert with coal.

Hugh McDonald, brother of Mrs. William Millar, left on the Princess Royal last night enroute to Dundee, Scotland, where he will enlist for the Great War. He has been in the north for two years, having come here from India where he was in one of the Anglo-Indian volunteer artillery regiments.

In the Letter Box

OLD AGE PENSION

Editor Daily News. For years I have been a whole-hearted supporter of Old Age Pension at the age of 60 years. Whatever their employment has been, if every man and woman earning their living were taxed a small sum every month all of it going into a general Pension fund, then all our old people could be comfortably provided for, and this would take a lot of bitterness out of old age. I would like to see Labor Organizations take this up. R. P. SULLIVAN.

INDIANS AND FISHING INDUSTRY

Editor Daily News. Allow me space in your valuable paper with regard to the Indians at the canneries on the Skeena River. I have been asked by some of the Indians to write this letter.

We have some fifteen canneries on the Skeena River and lots of water at all of them and steam. Still the Indians packing salmon in cans there have not any bath house or place for the women to wash themselves and their clothes. I have seen four and five girls living in a shack 10 by 12. Now you know it is impossible for them to wash clothes and keep themselves clean under these conditions. Surely there are some people appointed by the government to look after the health of the Indians, they being wards of the Government. I know there are quite a number of persons looking after their spiritual affairs and their dollars.

I don't think any cannery would refuse to put up a shed for a wash house for washing clothes and to bathe in, if it was presented to them. It would be a good idea for the health of all concerned. It is not natural for a whole family to live in a shack, cook and wash clothes there and have no other place in which to bathe, and they handling the food of the nation. Surely cleanliness goes next to godliness.

Thanking you, ROBERT HANNA, Skeena River Fisherman.

Interest in the standing timber of this province, which netted them \$3,500,000 in revenue last year. This amount would have been less than half had it not been for the market extension work of our lumbermen. Had there been no timber export, it would have not been cut and the public would have derived no revenue from it.

The timber industries' further plans for intensive trade expansion work are absolutely dependent on their being allowed a sufficient margin from the sale of the product to devote to this work, so vital to their own existence and to the progress of the whole province.

As long as the menace of the present Royalty Act hangs over them there is neither money or inducement to engage in trade extension work.

Only following the establishment of the royalty question on a fair and equitable basis to both the public and the industry can a vigorous policy of market expansion be carried on.

Reefs of Debt

THE man or woman who plunges into thoughtless spending, making no provision for the future, faces financial shipwreck on the relentless reefs of debt.

Men in debt no longer control their time or their careers. Others control them. To remain in debt is to have to do without, in bitterness of spirit.

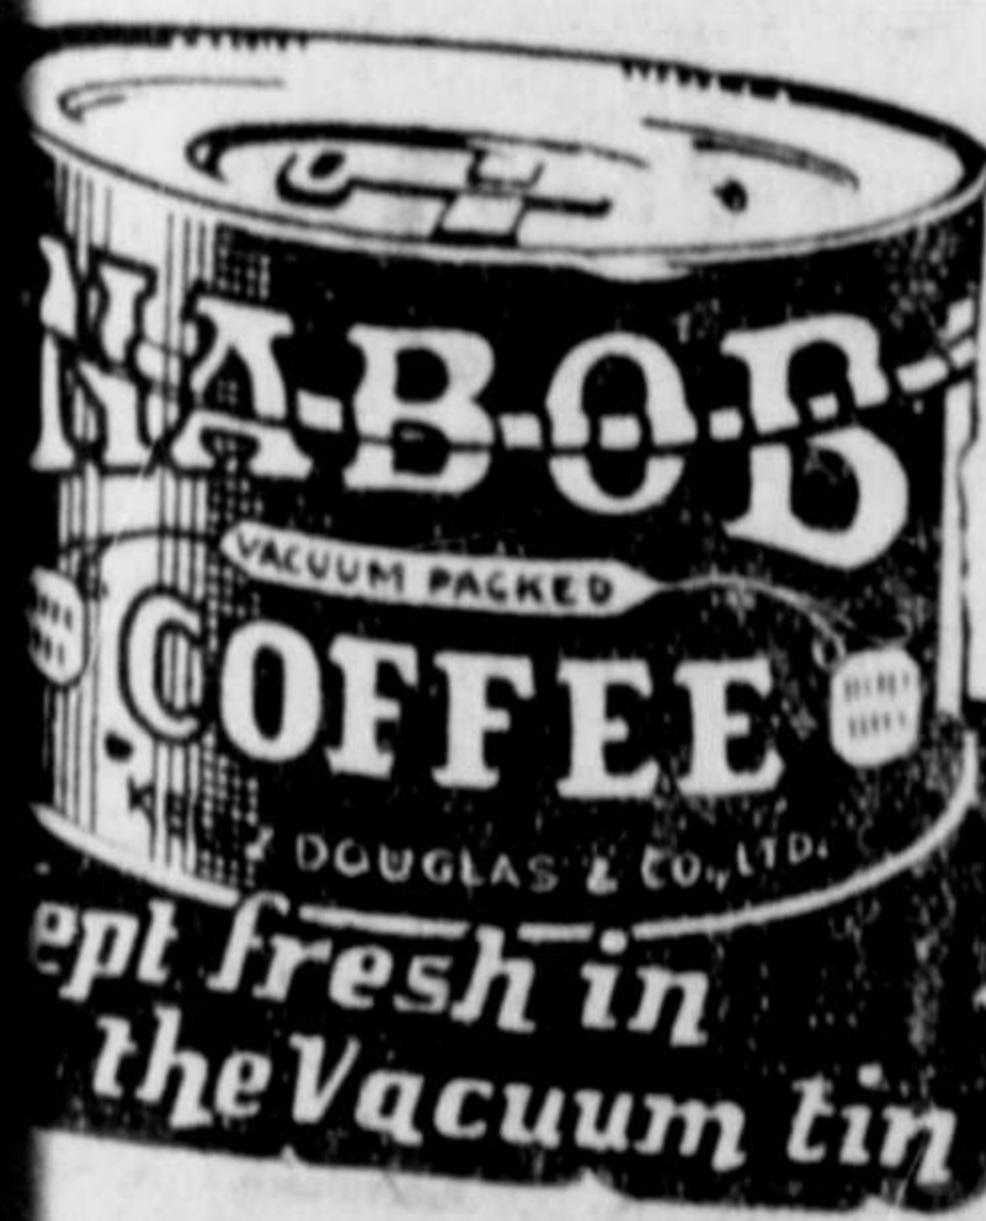

The habit of saving part of every dollar you earn will help to keep you clear of debt, and will enable you to enjoy comfort and contentment in the days that are to come.

Our Debt-Free Book will suggest a savings plan to fit your income. Ask our Manager for a copy.

R. C. Cunningham and G. A. Taylor passed through on the Venture this morning bound from Port Essington to Vancouver.

Mrs. Olof Hanson leaves on the Prince Rupert tonight for Vancouver. She will be away only a few days.

C.P.R. steamer Princess Beatrice, Capt. S. K. Grey, arrived from Vancouver and wayports at 12.30 this afternoon and returned south at 3 o'clock.

W. H. Hamilton, who is being transferred to Vancouver in the service of the Canadian Bank of Commerce, will leave for the south on the Prince Rupert tonight.

Mrs. T. L. Fletcher of Vancouver, who is connected with the Patriotic Fund, arrived in the city on last night's train from Prince George and sailed for the south on the Princess Beatrice this afternoon.

Fred Nash, B.C.L.S. of Terrace reached the city from the interior last night and will leave this evening on the Prince John for Port Clements.

T. L. Williams and A. R. Mallory, who have been in the city for the past ten days, will return to Port Clements on the Prince John tonight.

W. F. Binns, manager of the Balmoral cannery, near Port Essington, passed through on the Venture this morning bound for Vancouver where he will spend the winter. Balmoral cannery is now closed down.

Dominion Constable A. J. Watkinson arrived from Port Simpson on the Venture this morning. As soon as his new house in Westview is completed, Mr. Watkinson will be bringing his family to the city to take up residence here.

C.N.R. steamer Prince Rupert, direct from Vancouver, is due in port at 7 o'clock this evening. The train for the East will await the arrival of the steamer and leave at 8 o'clock. The train from the East, due at 4 o'clock this afternoon, is reported on time.

Mr. and Mrs. H. Mochida are leaving on the steamer Prince Rupert tonight for Vancouver en route to Japan. They will sail from Vancouver on the Empress of Russia for Yokohama on Oct. 23 on a six months visit to their old home.

Passengers booked to sail on the Prince Rupert tonight for the south include O. G. Bibb, Mr. and Mrs. H. Mochida, Mrs. Olof Hanson, W. H. Hamilton, E. J. Rumsey, Mrs. M. E. Fulton, R. H. Pontifax and Robert Hewitt for Vancouver, and Mrs. S. B. Stow for Powell River.

At a special meeting of the Prince Rupert Badminton Club held last night in the De Luxe Hall, A. H. Carmichael was appointed treasurer in place of W. H. Hamilton who is leaving the city. It was decided to allow the free use of the courts during the next few days to guests who contemplate becoming members.

TENDERS WANTED

Tenders will be received by the undersigned up to noon, Saturday, October 25, 1924, for the excavating of site for I.O.D.E. building.

Specifications may be seen at the office of the City Engineer, (Miss) A. Donaldson, Secretary Municipal Chapter I.O.D.E. Drive and Dance, Nov. 7, Elks Home, Prince Rupert, B.C.

FRUIT TREATMENT HEALS KIDNEYS

Concentrated Fruit Juices Give Astonishing Results

Anyone who has suffered with Weak or Irritated Kidneys—with the accompanying miseries of pain in the back, splitting headaches, swollen hands and feet, rheumatism and constipation—ought to try the Fruit Treatment for their trouble. To those who use intensified fruit juices—"Fruit-a-tives"—for the first time, it seems almost impossible that the juices of apples, oranges, figs and prunes combined with tonics, could relieve Kidney Trouble. But a short treatment of "Fruit-a-tives" gives quick relief and the regular use of these intensified fruit juices or "Fruit Liver Tablets" prove their marvellous virtues. Get "Fruit-a-tives" today and begin the Fruit Treatment. At all dealers; 25c. and 50c. a box; or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

IN MEMORIAM.

To the loving memory of our dear boy, Nathaniel Bent, who was killed in action in the Great War in 1916.

"Greater Love Hath No Man."

Never forgotten by his loving father, mother and brother.

IS BUYING UP BLACK SANDS

Cabrera Has Three Months Option on Herman Block's Interest in P.B.C. Co.

Though considerable installation work has been completed, the plant at Massell for the extraction of gold from the black sands of Graham Island is not yet in operation. George W. B. Fletcher of Philadelphia, president of the P. B. C. Mines Ltd., who is in the city after having spent six weeks at the scene of operations, Herman Block, vice-president of the company, has given a three months' option to C. E. Cabrera, manager of the company, for his interest and, until the deal is completed, further construction work will be delayed. In the meantime, the company is buying up all the black sand it can secure.

Mr. Fletcher sails tonight on the Prince Rupert bound for Philadelphia.

NATIONALIZE BRITISH MINES

Manifesto Declares Present System will be Changed if Labor Party Returned to Power

LONDON, Oct. 18.—The miners' federation has issued a manifesto calling upon voters in the mining districts for unhesitating support of the Labor candidates. It declares that if the Labor party is returned to power it will introduce a bill as speedily as possible for the nationalization of the mines.

The manifesto declares that the mine workers and their families are suffering beyond description. Over 100,000 miners are idle and pits are closing every week, while wages are below subsistence level. The electors are urged to vote in order to end the present system of profiteering and gross social injustice.

UNITED CANADA PREMIER'S PLEA

Mackenzie King Says he and Colleagues Getting Useful Information About West

VICTORIA, Oct. 18.—The fact that for the first time since confederation there was a minister from every province represented around the council table at Ottawa was evidence by action and not words that the Government was not overlooking the interests of the west and striving for a United Canada, Premier Mackenzie King told the audience at a luncheon of the Victoria Liberal Association yesterday.

The Premier pleaded for a united Canada and declared he and his colleagues had secured information regarding the west which he hoped would prove beneficial in legislating, not only for the west but for the whole Dominion.

News has been received in the city of the death in Montreal from pneumonia of Peter Macdonald, aged 58, who was in charge of a steam shovel crew for Foley, Welch & Stewart during the construction of the Grand Trunk Pacific Railway. Two brothers, Jack and John Macdonald, reside in Vancouver.

NEW OFFICERS WERE CHOSEN

Ratepayers' Association Held Annual Meeting Last Night Dybhorn President

Officers as follows were elected at the annual meeting of the Prince Rupert Ratepayers' Association last night:

President, John Dybhorn. Vice-President, M. M. Stephens. Secretary, Arthur Brooksbank. Executive—J. W. McKinley, A. W. Edge, Mrs. S. M. Johnson and F. W. Hart.

The report of the president for the year just ended showed that 42 members had been enrolled. There had been six general and seven executive meetings. The Association had been addressed by Fred Stork, S. M. Newton, T. Ross Mackay and John Dybhorn. It was desirable that the Association in the second year of its life be given more general support by the ratepayers. The report thanked the members of the executive for their work during the year.

The report of the secretary showed a small cash balance on hand. The revenue had mostly gone towards advertising meetings. A vote of thanks to the secretary was passed on motion of Mr. Edge seconded by Mr. Mussallem. Mr. Brooksbank, in reply, stated that his duties had been no more arduous than those of the members of the executive.

F. W. Hart suggested that something be done to keep up the interest of the ratepayers in the Association. R. T. J. Rose felt that an address by the superintendent of utilities on the city power question would be very interesting. There were few persons who really understood the situation. M. M. Stephens suggested that each member try to bring in one new member during the next month. He also suggested that the aims and objects of the Association be put in printed form so that they might be sent to outside property owners by their agents. He felt that it would be possible to bring in a number of these owners as members thus assisting the Association's revenues. All these suggestions will be taken up by the executive.

The general meetings of the Association will take place on the third Friday of each month.

THROUGH SLEEPING CARS TO SHIP'S SIDE

The Canadian National Railways have made arrangements to operate tourist and standard sleeping cars through from the Pacific Coast to the ship's side at Montreal and Halifax in connection with Old Country sailings, during November and December. Full particulars regarding rates, reservations, passports, etc., can be secured from City Ticket Office, Canadian National Railways, 528 Third Avenue, Prince Rupert, Phone 260.

Private Greeting Cards

Sport Chat

Epinard, pride of the French turf, beaten in his three American starts, may meet Sarazen or Wise Counsellor in a match at a mile and a quarter during the Churchill Downs meeting, which opens at Louisville, October 23. Frederick Burton of Chicago, owner of Wise Counsellor, reported from Latonia that his colt prevented from engaging Epinard last Saturday, would be able to race again by this week. The colt spread a hoof while in training for the international race. Wise Counsellor defeated Epinard at six furlongs, while Sarazen vanquished the French horse at a mile and a quarter last Saturday.

"All Russia is playing football," said Dr. John L. Nuelsen, bishop of the Method Episcopal Church, on his return to the United States after a tour of Russia. "Not only in the large cities are they kicking the pig-skin, but I saw them playing football with ardor in some of the smallest villages through which I passed on my tour. What is true of football is true also of other forms of outdoor sport in the Soviet republic. In one little village I saw a fine gymnasium, equipped with improved appliances. Young Russia is developing physically."

Historic Site at Friendly Cove, B.C.

The historic past of the Nootka section of the West Coast was recalled recently when Lieutenant-Governor Walter C. Nichol, of British Columbia, unveiled and dedicated a monument commemorating the explorations of these great English navigators, Captain Cook and Captain Vancouver.

The monument was built under the auspices of the Historic Sites and Monuments Board of Canada which is placing similar memorials across the Dominion on sites hallowed by interesting chapters of Canadian history.

A large party travelled on the Canadian Pacific S.S. Princess Maquinna for the ceremony and left the steamer at the cannery wharf, boarding launches for the short run to Friendly Cove. The party included Lieutenant-Governor Nichol, H. J. S. Muskett, his secretary, Judge Howay and Mr. Forsyth, Dr. C. S. Newcombe, the well-known historical authority who wrote the "Circumnavigation of Vancouver Island." Prof. W. N. Sage of the University of British Columbia, Mrs. R. B. McDiack, representing the O.D.E., Mrs. and Miss Howay, Thomas Deay, late Indian agent for the Queen Charlotte-Cove, and Professor Macmillan Brown, chancellor of the University of New Zealand. Dr. Macmillan Brown is one of the leading ethnologists of the Pacific, and has been spending the summer on the coast investigating the Indians and their customs.

The new monument is seven feet broad by eleven feet high, with a standard size bronze tablet bearing the following inscription:

"Nootka Sound, discovered by Capt. Cook, in March, 1778. In June, 1791, Spain took possession and established and maintained a settlement until 1795. The capture of British vessels in 1791 almost led to war, which was avoided by the Nootka Convention, 1791. Vancouver and Quadra met here in August, 1792, to determine the land to be restored under the convention."

A feature of the entertainment provided those who took part in the unveiling ceremony was the Indian dancing, arranged by aborigines from Loochoo Sound, the Wicamish of the early navigators' journals.

Tentative plans are afoot for an elaborate pageant to be held at Friendly Cove, Nootka Island, in four years time to celebrate the 150th anniversary events commemorated by the unveiling of the cairn.

What a Dog

Brave men shuddered and women laughed, according to the fleet secret service representative in the vicinity of the Cold Storage plant, Seal Cove, when a big dog recently put in an appearance around the busy plant. The dog's measurements are colossal and would lift a team of horses hitched to a brewer's wagon. However, it seems that those around Seal Cove soon became accustomed to seeing the big Dane, or whatever the breed is, quietly walking at the heels of Jack Boddie its owner, and it did not take long for the canine to prove that size bore no relation to a bad temper.

To test the hunting propensities of the big fellow Jack took the dog out recently to be introduced to bush life. After a long trek, and humping a heavy double-barrelled gun in search of grouse, the noise of the dog's paws smashing up the windfalls put a feathered beauty up in the air. Before the hunter could fire the bird, which some said was a grouse, had settled on a branch making an excellent target. The bird sat quietly taking in the fun as Jack pumped umpteen shells all around his quarry. Eventually a spent bullet hit the bird on the beak and knocked it to the ground, the final killing being made, it is said, by the dog. Darkness at this juncture forced the hunter and wonder hound to return home with the dead bird swinging from the proud dog's collar. At least that is the substance of the report to hand. It is probable, if Jack can get a mate to match his present find, the dogs will be run as a tandem in a trotting rig.

Fish Business

From Monday to Friday 367,700 pounds of halibut has been marketed on the Fish Exchange. Americans were high at 20.9c and 9c, and low at 17.1 and 7c. Canadians were high at 22c and 8c and low at 16.2c and 7c. Arrivals were: Canadian—Kaien, Johanna, Lillian M., Ringleader, Cape Spear, W.T., Framp, Ingrid H., Alliance, Dolphin, Dundas, Minnie V., Bingo, Mayflower, Volunteer, Tillie S., D.S.T., and Muirneag. American—Alten, Forward, Yellowstone, Gladys Gony, Arrow, Alaska, Eidswoold, Reliance, Radio, Restitution, Lumen, Vesta, E. Neilson, Orient, Gedric and Fairway.

The landings for the past week have been considerably retarded owing to dirty weather having been encountered on the high spots and the aftermath of the recent bait shortage has shown itself in the lack of arrivals. However, the quantity of halibut landed for the first fifteen days of October is in excess of the corresponding period last year, due to the fact that last year, at this time boats of the American fleet went south for winter overhaul while this year, in view of the closed season, they are all fishing intensively leaving the overhaul work to be done during the closed months.

A British Semi-Diesel

The latest heavy duty engine to be demonstrated on the waterfront is the 8-10 horse power Canadian-Petters', Vancouver, which is the branch office of Petters Ltd., Yeovil, and Vickers-

Petters Ltd., Ipswich. Major Sadd, representing Canadian-Petters, Vancouver, is now in the city giving demonstrations of this remarkable general marine utility engine at the Ward Electric Co.'s premises, Cow Bay. The particular feature of this engine is the instant cold starting made possible by the use of a patent cartridge which eliminates the necessity of using a blow lamp when starting up. This patent starter was awarded the Royal Agricultural Society's medal at the Newcastle (England) show, 1923, which constituted the highest award for improvements in oil engines. Another particular feature of the Petters' engine is that it will "idle" at a dead low speed without the use of any outside heat and has proved to be extremely flexible for use in trolling boats. The rating of this power plant is 8-10 h.p. the former being the satisfactory load and the latter the overload. The price of these engines is very reasonable and the cost of upkeep for oil is very small. The engine can be run ten hours on from 6 to 7 gallons of crude oil at a cost of around 70 cents. The absence of valves and other intricate parts makes this engine absolutely foolproof and simple to run. Major Sadd, who is demonstrating the engine at the Ward Electric Co.'s shop, Cow Bay, will be in the city for several days to give full particulars of the engine to those interested.

The Canadian schooner Revilla, Capt. A. Woie, has recently had a new stern post fitted at the McLean shipyards. The schooner left for the high spots on Thursday.

Dividing the Swag

A good story is going the rounds of the waterfront this week concerning a colored parson, his sexton, and their graveyard situated in a little seaport town in the southern states. Two robbers broke into a jewellery store in the small town one night and with four bags of loot proceeded to the church graveyard to divide it up. Arriving at the graveyard, the thieves left two bagsful of loot outside in the road and took the two remaining bags inside to divide up the contents. In ghostlike tones one of them said, as he poured the contents of the sack out on the ground and started to fifty-fifty it, "One for you and one for me—one for you and one for me." The old colored sexton chanced to have business at the graveyard that night and as he approached he heard "One for you and one for me." Being a nervous old dackie he straightway dashed back to the parson saying "Boss there am a ghost in the graveyard dividing up the dead?" The parson thinking something unusual was the matter proceeded with the sexton to the scene. Standing outside the wall they heard the voice say "One for you and one for me, and what about the two outside in the road." That was too much for the nervous listeners and they both took to their heels. As they ran the sexton yelled "Say, parson, why doesn't ye pray for us?" "Ah guess ah can pray just as well running as standin' still," replied the colored minister.

Fur Farming

The fact that the Ness brothers of Prince Rupert have established a blue fox farm on a hundred acre island at the south end of Porcher Island, particulars of which appeared in the News recently, has caused quite a deal of speculation among the waterfront fraternity. The six pairs of blue foxes secured by the Ness boys from Alaska have already been installed on the island. Now that fox farming on the local islands is an established fact one hears of others who are contemplating going into the same industry and the pros and cons of the business are being freely discussed. It is quite likely that before long another fox farm will be installed nearby

and to this end several of the nauticals are about to look for likely sites.

Naas Indians In

A number of boats from the Naas River district have arrived in port during the week bringing in quantities of potatoes, smoked fish and oolichan oil. While in port they have spent considerable money on grocery supplies, dry goods and mechanical equipment. They have also had considerable boat work done in town recently, many of the craft being equipped with high speed engines suitable for river use.

Nels Robertson, who is at present holidaying in Vancouver is expected to return to the city again shortly and will in all probability go trapping for the winter.

The power boat Tip-Top, Capt. Jack Bradbury, has returned from the Queen Charlotte Island coast where she has been engaged in seining for dog salmon.

The Lockwood brothers are contemplating joining forces to participate in trapping operations during the winter season.

The Canadian schooner, Capt. John Dahl, has recently had considerable overhaul work done on his craft including new electrical equipment.

The schooner Lillian M. having been successful in procuring bait from Butedale left on Thursday for the deep sea fishing grounds.

Owing to the breaking of the tailshaft on the power boat Ruby Mae, owned by J. and C. Currie, it became necessary to requisition the services of the schooner Birdie B., owned by Joe Jack, who, in company with Charlie

Is your wife wiser than you?

IF YOU read only the stock and sporting pages, and your wife is like other women, she is wiser than you. She reads the shopping news.

She likes to hear you jingle money in your pockets. She likes to stretch money to the limit, so she won't have to ask for more. She likes to shop strategically. Know what she does.

Comfortably at home in a cushiony armchair, she scans advertising columns. She compares, judges and selects the goods she desires; maps her route; with least effort and minimum time, goes direct to the planned store and buys.

She obtains what she wants at the lowest price it is offered. She is certain of full satisfaction, for she knows advertised goods live up to their claims. She saves time and steps, and returns sufficiently alert to enjoy new advertisements—and to prepare you an appetizing dinner.

These advertisements are written for your benefit too. Read them. Help her help you save.

Buying advertised products is a bond investment—not a stock speculation

Currie, proceeded to Bella Coola on Tuesday morning to commence work on the erection of the new Dominion government wharf at that point. The contract was recently awarded to ex-aid. John Currie. It is expected the completion of the wharf will take some three months.

Jack Keefe was out in his launch on Wednesday looking the situation over in the wild bird line.

Slept At The Switch.

He sat upon the platform, To add prestige to the gang; And looked on so sedately, While the other fellows sang. But the tit-bit of the evening, Was a sight to make one rave; When the sifter yawned and snored aloud, Oh, Dave; Oh, Dave; Oh, Dave.

Fine New Car.

A fine new McLaughlin automobile arrived aboard the steamer Princess Mary on Monday last. The car, which is a 6-cylinder 70 h.p., was delivered by the Kaien Garage to Matt Vidleck. It is a seven passenger 1925 model and embodies the very latest design in coach work and safety equipment. Four wheelbrakes, balloon tires, automatic windshield cleaner, rear view mirror and radimeter are special features. The car is fitted with a semi-California type top having adjustable glass windows with a heater in the tonneau, insuring the utmost of driving comfort during the winter months.

CHILDREN'S SERVICE

The Intermediate Scholars of the Methodist Sunday School will conduct the Church service on Sunday night at 7.30. Bright singing, recitations and tableaux.

MOTHERS LIKE TO TREAT COLDS WITH VAPORS

Direct Treatment with Vaporizing Salve Immediately Reaches Inflamed Air Passages.

It is no longer necessary constantly to coddle the children in treating croup, bronchitis, sore throat, or deep chest colds. Many Canadian mothers now use the "outside" remedy, Vicks VapoRub, for the cold troubles of all the family, because it is just rubbed over throat and chest—there is nothing to take. When so applied Vicks gives off medicated vapors which are inhaled directly into the inflamed air passages, loosening the phlegm and making the breathing easier.

At the same time Vicks is absorbed and stimulates the skin like a liniment or plaster and thus aids the vapors inhaled to break up the congestion.

At all drug stores 50c a jar. For free test size package, write Vicks Chemical Co., 344 St. Paul St., W., Montreal, P.Q.

TIMBER SALE x 6677.
