Daylight Train Between Here and Smithers Impracticable

A recent request from the FOR DRESSMAKING and plain 6th Ave, & Hays Cove Smithers' Board of Trade that the time of the C.N.R. westbound train be changed to permit of more daylight travel between that town and Prince Rupert was again brought up at a meeting of the board of trade last night The special committee appointed to take up the matter with traffic officials of the Canadian National Railways reported they had been notified that such a change in the train schedule at this time would seriously conflict with boat connections and the movement of fish. The correspondence was filed.

Diding along an unfamiliar road, you depend upon sign posts to guide you. Whether you're hitting the thank-you-mams in a flivver or soaring along in a costly car, they do their work equally well.

To-day as you spend your money to fill your needs, advertisements are waiting to direct you. They are the guide posts of business. They point the short, straight road to satisfaction in buying. They will serve you well, whether you spend much or little.

Do you stop to read the advertisements? They are published to tell you exactly where to go for what you want. They lead you to values which you would never know were they not there to guide you.

And remember that advertising always points out goods of unquestioned value. When a store or manufacturing concern puts its name on goods and tells you about them, you may be sure that they are worth consideration. It does not pay to advertise unworthy merchandise.

T. Ross Mackay Makes Suggestion at Board of Trade Meeting

A suggestion that the board of trade organize a businessmen's excursion to visit the Queen Charlotte Islands was made at the meeting of the board last night by T. Ross Mackay. Mackay referred to the fact that nearly every resident who had isited the Islands came back with glowing reports of the industrial opportunities and the splendid growing properties of the soil but that a lot of people WED LAST NIGHT in the city had never seen the Queen Charlotte Islands for themselves.
