FAILURE WAS PREDICTED EIGHT YEARS AGO

SEPARATIONIST DOCTRINE IS REPUDIATED BY LEADER OF NATIONALISTS

Counsel for Home Bank Admitted in 1916 that it Could not Carry on

OTTAWA, April 24.—"With an amount locked up indefinitely in four large accounts—probably three times the paid up capital and more than half the total deposits—if anything should take place which would cause a comparatively small percentage of the depositors to ask for their money, I do not see how the bank, without outside assistance, could continue with open doors."

This is an extract from a letter which was written by Z. A. Lash, counsel for the Home Bank, to James Fisher, K.C., Winnipeg, representing the three western directors of that institution on February 29, 1916.

The letter was read this morning at the session of the Royal Commission investigating the failure of the bank.

MANY KILLED TRAIN WRECK

Expresses Collide and Smash Four Electric Engines and Trains

BERNE, Switzerland, April 24.—When the Zurich and Milan expresses collided near Bellinzona this morning, thirty people it is believed were killed and fifty injured. Up to last night twenty-one bodies had been removed from the wreckage.

Each train was pulled by two electric engines and all four were wrecked and the four engineers were killed.

Financier Killed
Among the killed is Dr. Karl Helfferich, the eminent German financial authority, and his mother. In 1915 during the Great War Helfferich was minister of the treasury and the following year became minister of the interior and vice-chancellor. He was one of those who advocated and promoted Germany's illegal method of warfare.

RADIO FAILED IN BIG EFFORT

Cables Still Relied Upon Yesterday to Carry King's Message in Opening Empire Exhibition

LONDON, April 24.—The effort to have the voice of King George heard around the world as he delivered a speech in opening the British Empire Exhibition at Wembley yesterday failed of success according to reports from radio enthusiasts throughout the Empire.

Some ten million of the King's subjects heard his voice while the message was being cabled around the globe on all British cable routes. The royal voice did not carry, however, beyond the British Isles.

DEAD HEAT IN RACE FOR QUEEN'S PRIZE

Sol Joel's Evander and M. Callman's Scaplanoran Come in Together—Kwannon Third

LONDON, April 24.—Sol Joel's horse Evander, favorite, and M. Callman's colt Scaplanoran ran a dead heat for the Queen's Prize, the principal event of the Kempton Park spring meeting. Kwannon, third, was two lengths behind.

NEW SETTLERS FOR DOMINION

Two Train Loads Coming from New York to Ottawa

MONTREAL, April 24.—At a time when the whole country is decriing emigration of Canadians to the United States, it is encouraging to record the immigration of a considerable body of United States citizens to Canada. Tonight and tomorrow night there will leave New York over the Canadian National Railways two special trains, each of which will bring to Canada approximately two hundred men and women who will settle permanently in the Dominion. They are all members of the Canadian department of the Metropolitan Life Insurance Company.

Up to the present this company in its main office in New York has maintained a large department to look after Canadian business. This business has now reached such proportions that the company has found it necessary to establish a Canadian department to Ottawa, where these new headquarters are being located.

This is a permanent Canadian headquarters and all members of it will make their future residence in Ottawa.

FISHERIES OFFICE NOT ABOLISHED

Will Remain as at Present Until After House Progressives Meet

(Special to Daily News)
OTTAWA, April 24.—A. W. Neill, member for Comox-Alberni, has been assured by Hon. Pierre Cardin, minister of marine and fisheries, that the central fisheries inspector's office in Vancouver will be left undisturbed until after parliament prorogues. This means that the proposal advanced by Fred Stork, member for Skeena, that the central office be abolished, will remain in abeyance until the summer.

GRAIN HELD UP BY LACK OF FACILITIES

Offerings at Vancouver Greater Than Capacity to Handle and Cars Detained at Edmonton

EDMONTON, April 24.—Between 1,200 and 1,500 cars of grain are lying at points in the Edmonton division of the Canadian National Railway awaiting shipment to the Pacific Coast, states W. A. Brown, general superintendent of the C.N.R.

At present Vancouver will handle only 70 cars a day from the Canadian National and the movement of grain is considerable in excess of that figure. As a consequence congestion is developing. Although seeding time is near at hand farmers along various branches of the C.N.R. in central Alberta still have a considerable quantity of grain to market, the result of the bumper crop of last year. Plenty of cars are available, but until relief at Vancouver is possible the movement will not be very large.

Swapping horses in midstream is rather dangerous.

OLIVER REFUSES TO COMMIT HIMSELF ON ELECTION QUESTION

Says He Has Advised Friends to Keep Pace with Opponents in Matter of Preparation

OTTAWA, April 24.—Hon. John Oliver, premier of British Columbia asked yesterday if reports that there would be a provincial election this year were well founded replied: "Our opponents talk of one and are preparing and I have told our friends to keep pace with them in the matter of preparation." Beyond this Mr. Oliver would not go.

GOD OF FORTUNE IS STILL WITH DUTHIE

Seattle Capitalist Gets Good Smelter Returns From Highland Basin Group

The god of mining fortune, for surely this was a male, remains with J. F. Duthie, who successfully brought the Mamie and Henderson groups, on Hudson Bay mountain to the producing stage and then sold a controlling interest in them to the Federal Mining & Smelting Company for a quarter of a million dollars, says A. H. Mason in the Vancouver Sun.

When he made the sale last fall Mr. Duthie stated that he was so impressed with the possibilities of the country that he purposed to spend the proceeds in the development and exploration of other properties reasonably contiguous to the Grand Trunk Pacific Railway. He was true to his word, and bonded the Highland Basin group, 25 miles from Smithers, from Thomas King and Martin Cain, and at once started to develop the property. Recently he sent the first shipment, only a small one, to the Selby smelter and obtained a return of 66 ounces in gold and 170 ounces in silver per ton. Selected ore from this property has assayed as high as 467 ounces in gold and 850 ounces in silver.

Republican Bogey in South Africa is Killed by the Speech of General Hertzog

CAPETOWN, April 24.—The Republican bogey in the Union of South Africa is killed so far as the Nationalist party is concerned, as a result of a speech made yesterday by General Hertzog, leader of the opposition to General Smuts in the South African Parliament. The Nationalist leader said the Republican doctrine had never been on the Nationalist program. The party would be foolish to press this issue unless the English people of the country as well as the Dutch favored it. He said that sovereign independence had already been secured by the Union. This should be used independently of the British Privy Council, the commonwealth going so far perhaps as to elect its own Governor General.

CANADIANS GOT SAME PRICE AS AMERICANS ON FISH EXCHANGE

At the Fish Exchange today Canadian boats got about the same price as Americans. The sales were as follows:

- American**
- Defiance, 12,000, to Pacific Fisheries, at 9.60c and 5c.
- Young America, 33,000, to Atlin Fisheries, at 9c and 5c, for Ketchikan delivery.
- Toddy, 13,000, to Booth Fisheries, at 9.90c and 5c.
- E. Neilson, 7,000, to Booth Fisheries, at 9.90c and 5c.
- National, 24,000, to Cold Storage, at 9c and 5c.
- Tatoosh, 32,000, to Cold Storage, at 9.20c and 5c.
- Canadian**
- W. T., 8,000, to Atlin Fisheries, at 9.60c and 5c.
- W. & F., 2,500, to Royal Fish Co., at 9.60c and 5c.
- Verna, 5,500, to Cold Storage, at 9.70c and 5c.

4890 MILES BIG FLIGHT IS COVERED

Second Section from Karachi to Tokio is 5880 Miles

KARACHI, British India, April 24.—The flight of 700 miles from Bandar Abbas, Persia, by Stuart MacLaren and his two companions in the British found the world venture was made without incident. Weather conditions were ideal and the arrival of the plane was exactly on scheduled time.

The arrival here ends the first stage of the world flight. MacLaren has now covered 4890 miles or approximately one fifth of the total distance. The next section to Tokio will be roughly 5880 miles.

BIG STEAMER IS DISABLED

Ruth Alexander Leaking Badly off Oregon Coast—Passengers Transferred

NORTH BEND, Wash., April 24.—The steamer Ruth Alexander was disabled off Trinidad Cove, 15 miles north of Eureka, California, last night. The steamer H. F. Alexander is now alongside and the transfer of passengers began at sunrise today.

EUREKA, April 24.—The liner Ruth Alexander, disabled in Trinidad Cove and in a leaking condition, suddenly listed to starboard today. It is stated that there is 24 feet of water in her holds and that the pumps cannot check its rising.

LUMBER RATES ARE SLASHED TO ORIENT

Drop From \$14.50 to \$9 and \$10 to China and Japan From all Pacific Ports

SEATTLE, April 24.—The Pacific westbound freight conference here slashed lumber rates to Japan and China. The tariff was cut to \$9 and \$10 from \$14.50. All lumber including cedar panels, cants and shingle bolts will take \$9, if under 12 by 12, forty feet long. Above, the rate is \$10. The rate on logs was fixed at \$44 to Japan and \$14.50 to China. These rates are effective at once, and it is believed will result in renewed activity in export lumber.

J. M. Morrison of Alsea Arm will be in the city until Sunday when he will return north on the Gardena.

DELEGATE REPORTS TO ROTARY MEMBERS

S. D. Johnston Meets Three Prince Rupert Taxpayers in Spokane and They Want to Know

At the Rotary Club luncheon today S. D. Johnston, delegate to the district convention at Spokane gave his report on the convention. He said he was looked after well there. He was billeted in a room with nine Vancouver men. Each morning the secretaries of the various clubs in the district breakfasted together and later in the day, mornings, afternoons and evenings, there were meetings of various kinds, most of which he attended. One of the principal speakers was Dr. Henry Suzallo, president of the University of Washington.

One of the resolutions passed by the convention was in favor of the suppression of the opium traffic. Others had to do chiefly with the workings of the clubs. W. Shelly of Vancouver would have been elected district governor, but he stepped down in favor of an Oregon man.

While there Mr. Johnston said he met three Prince Rupert taxpayers, all of whom were interested in the progress of the city and anxious to know about the conditions obtaining. One had invested \$50,000 here.

CHILEAN MATCHED WITH FLOYD JOHNSON

NEW YORK, April 24.—Quintin Romero, a Chilean heavyweight, has been matched with Floyd Johnson, the fight to take place in Madison Square Gardens on May 9.

CAMPAIGN IN NORTH OPENS

Mon. T. D. Pattullo Coming North Early in May to Take Charge for Liberals

(Special to Daily News)
VICTORIA, April 24.—After waging a campaign in Okanagan and Kootenay districts, the Oliver government will now turn its attention to Northern B.C. Mon. T. D. Pattullo will take charge of the government's northern campaign. Early in May he will leave for Prince Rupert, his own constituency and will remain for three weeks. He will also tour Atlin district, visit the Queen Charlotte Islands, and travel along the line of the G.T.P. as far as Prince George.

SCOTTISH REPAIRS SOON BE FINISHED

Expected That Vessel Will Sail For the South Next Week to Load—Crew is Due on Sunday

Repairs to the C. G. M. M. steamer Canadian Scottish, which went ashore south of here a couple of months ago, are well advanced at the dry dock and the vessel will be ready to go into service early next week, it is expected. The putting in of plates was finished yesterday but there still remains some riveting to be done. Testing has started, A. Farrow, steamboat inspector, and W. A. Wallace, representative of the underwriters, having arrived yesterday from the south in this connection.

The crew of the Scottish is due to arrive from Vancouver on Sunday. The vessel will go south from here to load for the Orient.

DAILY EDITION Thursday, April 24, 1921.

More Residences Needed In City.

More houses will be needed in the city. Practically everything that is fit to live in today is taken and with the shipbuilding program in hand there will have to be more accommodation provided. We are spending money on public institutions but residences are needed. There never was a time in Prince Rupert when a nice little bungalow, close in, could not be rented. Some of the older houses are scarcely fit for habitation and naturally they are allowed to go out of use. New bungalows would rent well and might be a paying investment.

Apartments might answer the need. With the steady development of the whole district there is bound to be a steady growth of the city, no matter what industries come or fail to come. Every year will see greater interest in things northern. The difficulty is that unless steps are taken soon to cope with the situation, it will be difficult to arrange accommodation for those who will be needed at the shipyard and elsewhere.

Prince Rupert Loses On Seal Rookeries.

If the seals were open for hunting on the high seas, Prince Rupert would stand to gain, as sealers would make their headquarters here. It would be a nice sideline for fishing. With the treaty about expiring, it would seem reasonable to make an open season every year for a few months for the industry. The alternative would be to turn over to this port the money paid by the United States to the Dominion Government as our share of the profits of the industry. Of the two plans the better would be to throw the sealing open once more and let the herd take its chances.

Native Ability For Religious Music.

The ability of the British Columbia natives to reproduce classic music, especially such as is of a religious type, is the wonder of the country. People who have heard the Indian bands or listened to the Indian choirs have expressed themselves as not only extremely pleased but as surprised that such excellent results could be obtained. Development along this line is going on rapidly and is being encouraged by the clergy.

Yesterday we told of the great Easter celebration at the mouth of the Naas River in which practically all the Indians of that section took part. According to reports the musical part of the program was of the highest order and reflects the greatest credit on the natives who took part. Few people in other parts of the country can realize what this means and to what an extent of perfection the natives have come in musical development.

Why Not Arrange A Tour In South?

Since the native peoples of this part of the coast are so accomplished and so few have had an opportunity to hear them, it might be worth while considering whether a tour of southern cities could be arranged for next winter. An Indian band would be a novelty and, if the vocalists and individual instrumentalists would prepare selections so that they could give a complete concert of high class, they doubtless could make the tour pay and get some valuable experience by the way.

"Back was Very Painful I am now Well Again"

Mrs. Wm. Walker, Webbwood, Ont., writes:

"I was sick for several months with my stomach, I had pains in the back, and how I used to dread wash day, for my back would pain so that I couldn't lie down when night came. I also had gas on my stomach, and my appetite was so poor that sometimes I did not care whether I ate or not. The doctor gave me medicine, of which I took a number of bottles without benefit. At last I started to use Dr. Chase's Kidney-Liver Pills, and although I have only used three boxes, I am quite well again."

Dr. Chase's Kidney-Liver Pills
25 cts. a box of 25 pills, Edmanson, Bates & Co., Ltd., Toronto

ENGLISHMEN ON THEIR BIG DAY

Celebrate Anniversary of Patron Saint With Whist Drive and Dance

The Boston Banquet Hall was crowded to the doors last night with English people and their friends who attended the annual St. George's Day celebration. It was a great event and if there had been larger accommodation it would still have been filled.

For the opening part of the evening's entertainment a whist drive was arranged and every table that could be secured was pressed into service, both the main hall and the dining room being well filled, no less than 37 tables being in use. The prizes were won by Mrs. R. D. Wilson with a score of 179 and C. R. Bacon with 181 for ladies and gents respectively while consolation prizes went to Mrs. Smoke with 128 and J. R. Morgan with 136. Highest individual ladies' score was also won by Mrs. Wilson who secured 41 and by Thomas Priest who had the same number.

In presenting the prizes Mayor Newton spoke of the large attendance to celebrate the anniversary of England's patron saint and of the prospect that next year the attendance would be even larger, increasing as the city progressed.

Mr. Newton was introduced by W. G. Hughes, head of the organization who had charge of the early part of the proceedings.

In the drawing for five dollars, for which everyone who bought a ticket had a chance, Willie Donald officiated after being blindfolded, and he chose number 22, which was claimed by E. Garton, the winner.

Delicious refreshments were served in the dining room by the ladies and following that dancing was indulged in to the melodious strains of the Westholme orchestra, the enjoyment being kept up until a late hour.

The following was the committee in charge: Mrs. Joe Howe, Mrs. H. H. Hemmings, Mrs. Cox, Mrs. Shaw, W. G. Hughes, H. H. Hemmings, A. Silversides, L. Patterson, B. Johnson, R. Yates, P. Cameron, F. W. Grimble, and David Wilton. The master of ceremonies for the dance was A. Silversides and in charge of the whist drive was W. G. Hughes.

Ten Years Ago in Prince Rupert

It is announced at the City Hall that a quantity of ten and twenty five year bonds are to be disposed of at 85.

At a banquet in the Central Hotel last night, the Sons of England did honor to their patron saint, St. George. T. W. Silversides was toastmaster and the speakers included Archdeacon Rix, George Hill, Dr. W. B. Clayton, E. A. Woods, William Manson, T. D. Pattullo, J. H. Hilditch, Mayor Newton, Arthur Silversides, Fred Stork, G. S. Fitzmaurice, J. C. Brady, A. W. Edge, J. H. Kelly, Frank Salter and H. F. McRae.

The Daily News today carries a picture on the front page of Henry W. Thornton his wife and two small children aboard the steamer Lusitania just before they left New York for England where Mr. Thornton has been called to become general manager of the Great Eastern Railway.

INFANT DAUGHTER OF M. AIVAZOFF BAPTIZED

On Sunday afternoon Sonia Misaknovna Aivazoff, infant daughter of Mr. and Mrs. Misak Y. Aivazoff, was christened at St. Paul's Church, Vancouver, by Rev. Harold King, when the godparents were Mrs. A. S. Munro, Mrs. Daniel McLellan and General Merklehoff.

According to the Orthodox Russian Church, of which Mr. Aivazoff is a member, a baby christened on Easter Sunday is "thrice blessed," so the event has a particular interest. Following the ceremony the party returned to the home of Mr. and Mrs. Aivazoff, "Villa Russe," Shaughnessy Heights, where a high tea was served, the table being centred with white carnations.

The Man in the Moon SAYS:-

GONE are the days When spring comes once a year, Gone are the nights

When the moon shone bright and clear, We're longing again For the warmth that April brings,

I hear the people sighing sadly "Long lost spring."

It's coming, it's coming My memory tells me so, I hear the voice of April calling Sad and low.

WOMEN get married in order to have someone to jolly.

GIRLS may be clothed artistically but you'd hardly think so to look at them.

IF spring comes this year I'll go a boating And sail my craft along so lazily.

If spring come's,—ah why this doting For spring, it seems, will never come for me.

THE favorite recreation of Prince Rupert people during the past few weeks has been cursing the weather.

THE British labor bogey disappeared when the labor party came into power and now the South African republican bogey has gone by the board and the Imperial ship of state is sailing serenely on.

OLIVER says there may be no battle but "keep your powder dry."

THE Oliver Government is putting it up to Vancouver. If she returns Government supporters of the right calibre at the forthcoming election, she will get cabinet representation.

THE FIGHTING BLADE STORY OF EXPLOITS

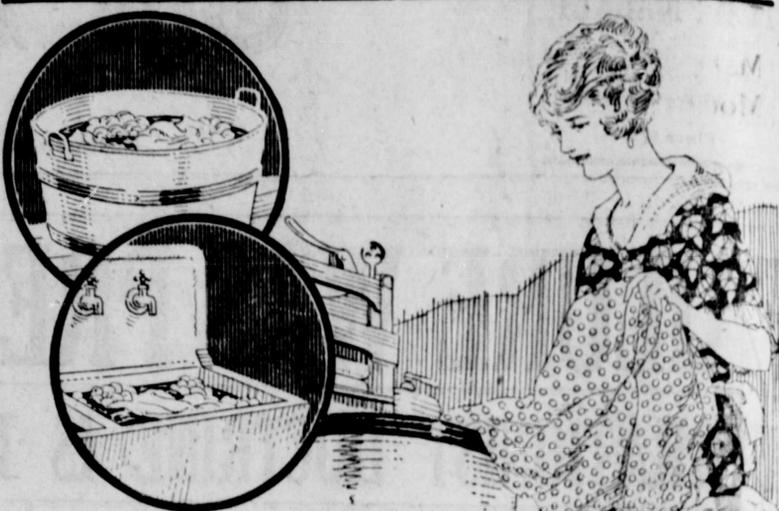

Richard Barthelmess Takes Leading Knight Part in Famous Picture

The Fighting Blade is a rapid, rushing, breathless story of a courageous soldier of fortune whose deadly sword changed the currents of an empire, sweeping an earl from his castle, a monarch from his throne, and casting into his arms a lady of high degree—with Richard Barthelmess as the intrepid swordsman who held his blade ever ready for fight or frolic. Never has been seen in a role more replete with daring exploits, hairbreadth escapes, secret amours, plot and intrigue, dash and danger than that of Karl Van Kerstenbroek in this picture where reckless youth and impetuous maid are drawn by circumstances into the dramatic events leading to the overthrow of the reigning monarch, Charles I, by Oliver Cromwell and the establishment of the Protectorate. The pomp and ceremony, the glamor, the regal trappings of the seventeenth century, faithfully reproduced, from a fitting setting from which Barthelmess, already famous, will rise to greater heights and be acclaimed the screen's leading romantic star.

MINISTERS TO RUN IN OLD CONSTITUENCIES

Hart Will Not Seek Re-election; McLean Goes to Yale

VICTORIA, April 24.—Despite predictions of opposition politicians and the prophecies of the Provincial party, that ministers of the Oliver government might have a hard time finding seats, it is now definitely announced that with the exception of Hon. J. D. MacLean, provincial secretary and minister of education, every member of the cabinet will

For Every Kind of Washing

WHETHER you spend Monday over the wash-tub, or in the laundry, or simply turn on your washing machine, Rinso will simplify the work of washing to an astonishing degree.

For Rinso has revolutionized wash day. This wonderful new soap soaks the clothes clean, doing away with all necessity for back-breaking rubbing. Rinso gently loosens dirt without damaging a single thread. Only where the dirt is ground in, at neck-bands, or cuffs and the like, will you need to rub lightly. A little dry Rinso rubbed on these spots will quickly make the dirt disappear.

Try Rinso next Monday. You will be delighted at the way the dirt rinses out.

Rinso

Mrs. K. E. Birnie left on last night's train for New Hazelton and her daughter, Miss Nan Birnie, of the telephone operating staff, left for Smithers where she will recuperate from an operation she recently underwent in the local hospital.

W. Hearst has arrived in the city from Edmonton to assume management of the local agency of the Canada Railway News. Chas. Whatman, who has been holding the position for some time, has resigned to go into business for himself.

John W. Allen, gas boat engineer for the Dominion Fisheries, arrived from Vancouver on the Prince George yesterday afternoon, his visit here being in connection with the two cruisers for the department which are nearing completion in the local dry dock.

S. D. Johnston, secretary of the Rotary Club and delegate to the district conference this year at Spokane, returned yesterday after calling at Victoria on the way home. Accompanying him here was Mrs. Joshua Kingham, mother of Mrs. Johnston, who will visit with her daughter for a few weeks.

John Willman, formerly manager of the Kleanza Co. at Usk, returned to the city on the Prince George yesterday afternoon after having spent the winter in the states visiting such cities as Seattle, San Francisco and Chicago. At Seattle he underwent an operation. Mr. Willman plans visiting Usk before returning East.

J. E. Brown, head of the Knights Templar in British Columbia, arrived from New Westminster yesterday afternoon and last night paid an official visit to Kincolith Preceptory at a banquet held in the Masonic Hall. He later left on the Prince George to make the round trip to Stewart and Anyox before returning south.

T. A. Clarke returned to the city on the Prince George yesterday afternoon with his bride, formerly Miss Catherine Collison. They were given a hearty reception as they came off the steamer by a number of friends who had assembled to welcome them. Mr. and Mrs. Clarke will take up their residence in the Fraser house on Atlin Avenue, Westview.

JAPANESE BUYING MANY OLD SHIPS

Approximately 300,000 Tons Taken Over by Firms in Nippon Since Beginning of Year

"Approximately 300,000 tons of old shipping have been purchased by Japanese firms since the beginning of this year," according to Captain W. F. Douglas, of the Standard Oil Company of New York, who returned from the Orient aboard the President McKinley, Captain Douglas took the Standard Oil Company's ship Oneka to the Orient to deliver her to a Japanese buyer.

"Japanese firms in the port of Kobe alone have acquired since the beginning of the year no less than 100 vessels.

Capt. Douglas believes this wholesale purchase of tonnage will cause a slump in shipbuilding in Japan.

Capt. Douglas stated that his company is selling all its old tonnage and replacing it with new. Other oil concerns are following out the same policy, he stated. In time the fleet of oil tankers will have been increased to such a degree that the supplying of oil fuel in the Orient will be able to be done at a much lower rate. Within the past six months the price of fuel oil has been reduced forty per cent in the Orient.

SAMUEL COCKER IS KEEN TO BEAT MANSON

Tells Vancouver People of Prosperity of Interior but Criticizes the Government

Confident that he will be able to defeat Attorney General A. M. Manson if the latter decides to run in Omineca, Mr. Samuel Cocker, Conservative candidate from the North, declares that he is inclined to think the attorney general will decide to remain in Skeena, says the Vancouver Province. Mr. Cocker, who is a Vanderhoof pioneer of sixteen years standing, arrived in Vancouver on Sunday. He claims that the "government stronghold" of Burns Lake has only 150 votes on the lists as compared with a total in the riding of 1600. He states that the Provincial party is not strong in Omineca constituency.

As to the business outlook in the part of the North he comes from, Mr. Cocker says it is bright. New settlers have recently arrived. He particularly mentions the colony of Estonians under the leadership of Sir John Pitka. They appear to be a fine type of men, he says, and are practical. They have taken a sawmill into the Stewart Lake country and will get to work at once making lumber for construction of their own homes. They are the advance guard of several hundred families to arrive during the year.

It's the Climate

Omineca offers not only an excellent climate, but many natural advantages for men who desire

AN AWFUL ATTACK OF PIMPLES ALL OVER HIS FACE

Pimples breaking out on the face and other parts of the body is a sure sign that the blood is not in proper shape. While the skin is the object of the attack the real seat of the disease is in the blood on account of the entire circulation being poisoned.

Burdock Blood Bitters quickly and effectually banishes pimples and all other skin diseases as it goes right to the root of the trouble by cleansing and enriching the blood.

Mr. Conrad Anderson, Kelfield, Sask., writes:—"A year ago I had an awful attack of pimples. They broke out all over my face and I could not get rid of them in any way. One day a friend told me about your Burdock Blood Bitters and let me have a bottle he had to spare. After using it I noticed a change, so I bought three more bottles, and now I don't know there is such a thing as pimples."

B.B.B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

to go into farming, cattle raising or lumbering. The constituency is especially well equipped with roads which, strangely enough he points out, is a matter for some criticism. He declares money was spent recklessly in some places which have transportation facilities far in advance of settlement requirements. The road building activities of the Oliver government, he says, will be one of the points on which the opposition will have criticism to offer when the election campaign finally warms up.

ANOTHER PORTLAND CANAL MINING CO. IS LAKEVIEW MINES

Will Develop Properties North of Glacier Creek and Adjoining Dunwell

VICTORIA, April 24.—Latest news concerning the Stewart mining field, Portland Canal District, tells of the formation of a new development company known as the Lakeview Mines, Limited. The share capital has been placed at \$500,000, divided into half a million shares of the par value of \$1 each. Directors of the new organization are R. B. Punnett, C. W. Frank, H. M. Lewis of Victoria; Basil G. Hawkins of Vancouver, and William A. Glasgow, M.D., of Seattle.

Mineral claims held and controlled by the new company comprise a group adjoining the Dunwell property and comprising Lakeview claims Nos. 1, 2 and 3, and Silver Bell fraction. The group is situated on the north side of Glacier Creek and immediately adjoining Dunwell claims Nos. 3 and 4. It is two miles above the railway and but four and a half miles from tidewater at Stewart.

According to the prospectus issued, much early development work has already been accomplished on the property, and it is the intention of the new company to continue drifting along the vein-exposed westerly where prominent north and south veins are known to strike into the main vein, and where large bodies of high grade ore may be expected

to occur. Assays taken run from \$19 to \$1,712.20 per ton in gold and silver, and smelter tests are said to compare favorably with the best ores found in Premier, Fish Creek, Indian and Dunwell mines. A shipment of 3,790 pounds of ore smelted at Tacoma gave returns at the rate of \$48.78 per ton of 2,000 pounds; 2,611 pounds of ore returned 1.41 ounces of gold and 189.16 ounces of silver valued at \$146.74, or giving a value of \$112.40 to the ton. In 1914 a three-ton lot shipped to the smelter realized \$953.57, or an average value of \$317.86 per ton of 2,000 pounds.

The services of R. F. Hill, who has had so much experience in northern mining, have been secured as manager.

Sport Chat

Although the consistency with which Gotham has been winning the Big League baseball pennants for the past three years may have become tiresome to fans and disgusting to other clubs many leading sport authorities do not see how McGraw's and Higgins' pennant winning proclivities are to be stopped this year at least. True it may be a long spell between now and October when the National and American League contests close but, with such men as Ruth, Frisch, Young, Ward, Penneck, Hoyt, Neff, Groh, Dugan, the Muehls and others guarding the New York interests, it seems hard to figure which if any of the opposing clubs are to prevent the ultimate triumph of the Giants and Yankees. If either of the two clubs are to go down, it is figured that the Giants are the more likely to fall.

Tight pitching, unusual for this time of the year, has featured the infant season of both the National and American Leagues. The good form showed by the pitchers may be the result of good conditioning in the south or may have come from the new

rule curtailing use of new balls. It may be a combination of both. All teams have started off unusually fresh and the hitters may be expected to connect better as the season advances.

WOULD WREST HONORS IN YACHT RACING FROM NEW YORK YACHT CLUB

LONDON, April 24.—Lecturing on the "America's Cup" which Sir Thomas Lipton has been trying to annex for some years, Major B. Huxtable-Smith said the cup was worth winning back and he believed it could be done if yacht club and yachtmen encouraged the sport of yacht racing and gave designers the opportunity.

The lecturer commented on the general opinion that because the British yachts had to cross the Atlantic, they were handicapped in having to be more strongly built. He doubted whether that would bear the cold light of scientific examination. He believed the reason was one of design, and expressed the opinion that the time would come when British designers would rise to the occasion and recover the cup.

GREAT WAR VETERANS ORGANIZE FOR SOCCER

Meeting of Those Interested Was Held Last Night—Officials for Year are Appointed

The Great War Veterans' Association is organizing a football team for the forthcoming season. Last night a meeting of all members of the association interested in this line of sport was held.

S. L. Warrior was appointed chairman and S. A. Roberts, secretary. A committee consisting of the following was named to manage the association's soccer interests: S. L. Warrior, Hugh Killen, John Wynn, J. G. Johnson, W. Murray (captain), and James N. Kelly (trainer). S. L. Warrior and J. G. Johnson were appointed delegates to the Prince Rupert Football Association.

GYRO DINNER TO ROTARIANS

Members of Older Club Guests of Younger Men at St. Regis Last Evening

INTERESTING TIME
Value of Closer Co-operation is Emphasized by Speakers and Work Outlined

Prince Rupert's two service clubs had the first get together last night when the Gyro Club had the Rotarians as their guests at their regular monthly open meeting. There was a large attendance from both organizations and the affair was a most enthusiastic one, many expressions of the necessity for closer co-operation between the two community service units being voiced.

Milton Gonzales, president of the Gyro Club, was in the chair and beside him were seated the president of the Rotary Club, Rev. Dr. Hugh R. Grant, and the president-elect, Dr. W. T. Kergin. After the banquet table had been done full justice to, there was a program of speeches, songs and community singing.

Visitors Welcomed
President Gonzales welcomed the Rotary visitors and outlined briefly the history of the Gyro Club showing how its ideals and objects were largely similar to those of Rotary.

President-elect W. T. Kergin of the Rotary Club replied and expanded on the idea of community service. He suggested that combined efforts of Rotary and Gyro might be put to good use in Prince Rupert.

Director Joe Greer of the Gyro Club enlarged on the scope of endeavor that was offered such organizations as Gyro and Rotary and pointed to the invaluable assets that they had become to all communities in which they were established.

Treasurer George Rorie of the Rotary Club, after prefaceing his remarks in a very humorous vein, dealt briefly with the topic of municipal government which he defined as the "use or abuse of community funds by political amateurs." He predicted that the commission system would replace the present plan of municipal government.

Beautiful City
Gyro A. L. Holby spoke briefly and Director J. W. Nicholls of the Rotary Club was called upon. He emphasized the necessity for beautifying the city and urged that Rotary and Gyro might well become leaders in a movement to that end.

President Dr. H. R. Grant of the Rotary Club referred to the main objects of Rotary endeavor—boys' work, business ethics and international goodwill—dealing more particularly with the last mentioned topic.

Gyro G. R. Barton of Winnipeg told of the work the Gyro Club was doing in the Winnipeg Metropolitan area and the success that had attended the joint efforts of the four service clubs there through the social service council. Tag days, he said, had become a nuisance in Winnipeg and had finally been abolished, the social service council having taken over the responsibility for raising funds for needy institutions.

Gyro Vice-president S. K. Campbell contributed to the pro-

DOCTOR'S PRESCRIPTION GIVES QUICK RELIEF FROM INDIGESTION OR NO COST

In the Spring your liver becomes sluggish and your bowels clogged. The result is intestinal poisoning! When warmer weather strikes, many suffer frequently with attacks of indigestion, heartburn, heart palpitation, gas and sour stomach, headaches, coated tongue, bad taste, biliousness and such symptoms.

Cleanse and tone your liver and bowels with Dr. Thacher's Liver and Blood Syrup. Helps

Nature put stomach in condition, tone your tired nerves, brace up your entire system and send purer and healthier blood coursing through your veins. Notice the quick difference in the way you look, eat, sleep and feel. You, too, will be satisfied, as others have, or no cost.

Dr. Thacher's Liver and Blood Syrup is sold and recommended by Ormes Ltd., in Prince Rupert and by leading druggists in every city and town.

STATES MAKES SEALING PLANS

Set Aside Money Accruing From Slaughter at Pribilof Islands

A bill for the creation of a special fund in the Federal Treasury out of the revenues accruing to the United States from the sealing industry to be used by the Department of Commerce to defray its expenses in handling the seal herds and raising foxes, etc., was passed by the Senate several days ago and is now awaiting action in the House, according to advices received here. It provides, also, after all expenses have been paid and the various other things done as authorized by the bill, if any money remains, it shall be covered into the Alaska fund for the benefit of the Territory.

The text of the measure follows: "Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,
Pribilof Island Fund
"That the proceeds received from the sale of fur-seal and fox skins and other products from the Pribilof Islands, Alaska, be reserved and set aside as a special fund in the Treasury to be known as the 'Pribilof Island Fund' to be appropriated from time to time by Congress for the expenses of the Department of Commerce in protecting and developing the fur-seal fisheries and the raising of foxes, including the furnishing of food, fuel, water, clothing, and other necessities of life to the natives of the Pribilof Islands of Alaska; transportation of supplies to and from the islands; expenses of travel of agents and other employees, and subsistence while on said islands; the purchase, hire, and maintenance of vessels; construction of buildings;

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,
Objects to Mention Big Interests in Alaskan Territory
Juneau Paper Says There Are Not Any Worth Mention in Country Today

The radicals who are endeavoring to win elections in Alaska by entering the Republican primary and sweeping the Republicans off their feet by utilizing the Indian vote en bloc contend that they represent the people and that against them are the "Big Interests"—capital letters are always used. Mr. Sutherland has said that the movement for the division of the Territory was sponsored by the "Big Interests," and that Mayor Goldstein and the City Council of Juneau represent the "Big Interests."

The fact is that the "Big Interests" in Alaska are almost as scarce as hen's teeth. A well known Alaskan said not many years ago that he had never been in a country where there were so few rich people as there are in Alaska or so few that are poor.

There are some capitalists on the Outside who are interested in Alaska—in her mining and fishing. Most of those engaged in the fishing industry are broke, however, and doing business at the mercy of their creditors. They have taken very little part in Alaska politics since the Orvikersham contest of 1910—unless putting up liberally for the maintenance of newspapers which have supported Delegate Sutherland and his political associates may be called participation in politics.

The more conservative element in Alaska is not a "Big Interest" element at all. It is composed mostly of wage and salary workers, business men—"small business men," they would call them in the States—and those engaged in small industries of one sort and another and the professions. They are, for the most part, the families of the country—those who live in it, raise their families here and send them to the local schools and support the churches and other institutions of civilization.

There have been five Territorial political campaigns since the establishment of The Empire in this city, and in all of them the funds for the campaigns against the element represented

PROCLAMATION

BYNG OF VIMY [L.S.] CANADA

GEORGE THE FIFTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, KING, Defender of the Faith, Emperor of India.

To all to whom these Presents shall come, or whom the same may in anywise concern,
GREETING:

A PROCLAMATION
E. L. NEWCOMBE, Deputy Minister of Justice, Canada

WHEREAS the protection and perpetuation of our forests are vital for the continued industrial welfare and national strength of Canada and to its individual health, comfort and prosperity;

And Whereas it is shown by the statistics of the several forest authorities of the Dominion that the forest resources have suffered enormous losses through the occurrence of forest fires and that the loss through such fires has far exceeded in amount the depletion in timber wealth through legitimate cutting operations;

And Whereas Our Dominion is recognized as the main source of supply of coniferous timber within Our Empire and it is essential that, if Canada is to retain and develop her position as an exporter of forest products, the unnecessary losses through forest fires must be curtailed;

And Whereas in many cases forest fires have resulted in disastrous loss of life, and of valuable property other than timber wealth;

And Whereas apart from direct loss through the agency of fire, the vitality of the forest is thereby seriously impaired, thus rendering it unduly susceptible to attack by insect and fungus pests;

And Whereas forest fires disturb the equilibrium of stream flow, lower the water table, and frequently give rise to serious erosive effects;

And Whereas the great majority of forest fires are entirely attributable to inexcusable neglect or ignorance, and are therefore preventable, and the exercise of reasonable Prudence and proper carefulness on the part of responsible individuals would reduce the timber losses by fire in Canada to small proportions;

And Whereas it is desirable that the attention of the public be directed to the extent and underlying causes of the preventable loss of life and property by fire and to the best and most practicable means for its control and that a specific period of the year be set apart and properly designated for the dissemination of such information;

Now Know Ye that We, by and with the advice of Our Privy Council for Canada, have thought fit to appoint and do appoint the week commencing Sunday, the twenty-seventh

day of April and ending on Saturday, the third day of May in this present year as "Save the Forest Week," during which period the citizens of Our Dominion shall be entreated earnestly to consider the facts hereinbefore set out, to give careful heed to information disseminated by the various forest protective agencies, and in particular to act upon the following suggestions:

- 1 That settlers and others engaged in the clearing of land should fully observe the fire laws of the Dominion and of the province, which laws have been enacted for their protection, as well as for the preservation of Our timber resources;
- 2 That at this time of the year, when thousands are looking forward to spending their summer vacations in the woods, all should take cognizance of the fact that the camp-fire, which is one of the most pleasant and valuable adjuncts to camp life, may, if neglected, easily result in disaster; and that to prevent repetition of such losses as have been annually sustained from this cause, all persons should familiarize themselves with the proper methods of building, using and extinguishing such fires;
- 3 That loggers, saw-mill operators and others interested in timber operations should see that all equipment and appliances designed to prevent the origin or spread of fires shall be overhauled and placed in a state of thorough repair; that such persons should review with care the fire protection requirements of the legislation under which they operate; and that they should see that all employees working under their direction are properly instructed as to the danger of fire. Of all which Our Loving Subjects and all others whom these presents may concern are hereby required to take notice and to govern themselves accordingly.

In Testimony Whereof, We have caused these Our Letters to be made Patent and the Great Seal of Canada to be hereunto affixed. Witness Our Right Trusty and Well-beloved Julian Hedworth George, Baron Byng of Vimy, General on the Retired List and in the Reserve of Officers of Our Army, Knight Grand Cross of Our Most Honourable Order of the Bath, Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George, Member of Our Royal Victorian Order, Governor General and Commander-in-Chief of Our Dominion of Canada.

At Our Government House, in Our City of Ottawa, this twenty-eighth day of February, in the year of Our Lord one thousand nine hundred and twenty-four, and in the fourteenth year of Our Reign:
By Command,
THOMAS MULVEY,
Under-Secretary of State.

PRIZE ESSAY CONTEST PLAN

Radio Outfit and Other Valuable Prizes for Children Under Sixteen

Following is the complete plans for the essay competition, announcement of which was made yesterday:

1—The subject of the essay is to be the proclamation designating the week April 27 to May 3 as "Save the Forest Week," or any point relating to forest fire prevention, dealt with in such proclamation.

2—The essay not to exceed five hundred words in length.

3—The essay may be written either in English or French.

4—The essay is to be in the contestant's own handwriting, and to be written on one side of the paper only.

5—The contest is restricted to children under sixteen years of age.

6—Each essay must be accompanied by a certificate of a parent or guardian.

7—Neither the name nor any other mark of identification of the contestant shall appear on the essay, but each essay must be accompanied by a separate sheet on which is legibly written the contestant's name and address in full, and school, if any.

8—No person shall be eligible to receive more than one prize, nor to enter more than one newspaper competition.

9—The competition will close at twelve midnight on May 3, 1924.

Central Competition
12—The Acting Director of Forestry will award the grand prize for the best essay received from all Canada.

13—The grand prize will also be a radio set, as follows:
Receiving outfit to consist of—
(1) One tuner, detector and amplifier unit comprising not less than two stages radio frequency amplification detector, and two stages audio frequency amplification.
(2) One pair telephones and plug.
(3) One loud speaker.
(4) Necessary A and B batteries.
(5) Complete antenna equipment.
(6) Necessary wire for connecting up set.

14—The contestant winning the grand prize must return his local first prize in good condition to the newspaper which awarded it. The newspaper will thereupon deliver to him the grand prize.

15—The local first prize so returned will be delivered by the newspaper to the contestant winning the second prize in the local competition.

The Prizes
10—The prizes for the competition are as follows:
(1)—Radio Set—
A receiving outfit to consist of—
(1) Regenerative tuner with detector and two stage audio frequency amplifier.
(2) Complete set of tubes

HEART WAS SO BAD HAD TO SIT UP IN BED

Mrs. O. E. Fitzgerald, 106 Ross St., St. Thomas, Ont., writes:—"In the Fall of 1921, I was taken ill with my heart, but did not pay much attention to it. I kept on with my household duties, but seemed to become worse and worse, and finally had to call in a doctor. He said I was all run down and was a nervous wreck, had a severe pain in my chest which would move over to my heart and it became so bad I could not lie down, as when I did I had such a smothering feeling I would have to sit up in bed till it passed away.

I tried several remedies, but with no good results. Finally, I was induced to try Milburn's Heart and Nerve Pills. I took 7 boxes, and I am now as well as I was 30 years ago, and I am now 65 years old."

Milburn's Heart and Nerve Pills are for a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

ROTHERMERE IS NOW IN CANADA

Says Consolidation of Newspapers Inevitable Because of Increased Costs

MONTREAL, April 23.—Lord Rothermere, owner of the Daily Mail and many other British periodicals, is in Canada looking over the field. Considerable mystery surrounded his arrival at Windsor station, and he did not register at the Mount Royal Hotel, where he is occupying the vice-regal suite. He was closeted with James and Frank Clark, whose names were mentioned in the recent Manicouagan timber lease, when interviewed, and after good naturedly side-stepping the question of what his intentions were in regard to extending pulp mill facilities in this country, he admitted that he had come to find out the opportunities here.

As far as Canadian newspaper was concerned he thought the prospects bright, and that the dominion would capture 80 per cent of the United States market within the next ten or fifteen years. This was not an unjustifiable prediction as already Canada is supplying 50 per cent of the American demand.

Lord Rothermere is not loud in his praises of the benefits which the public receives from the amalgamation of newspapers. At least he did not commit himself when questioned. What he did was to point out that consolidation of interests was an inevitable development made necessary by the steadily increasing cost of newspaper production. He cited the many amalgamations which had taken place in New York recently of the morning as well as evening newspapers. In London also a similar state of affairs had come to pass. Thirty years ago the reader had a choice of nine evening papers. Now there were only three.

Skilled OPTICIAN

Glasses scientifically and accurately fitted by A. E. Ireland, a graduate optician, who has had 25 years' experience and can handle the most difficult cases. 7 years with W. W. Munn & Co., Toronto, one of the largest optical houses in Canada. You run no risk here as Mr. Ireland will be here permanently to check up any work. Until further notice this store will open at 9 a.m.

"There's no use trying! It can't be done." How many times has this answer been given to the greatest problem in Rupert today—that of diverting mail order business to local merchants. Every dollar expended with and by the local dealers within the city benefits us all either directly or indirectly, whereas the mail order house does absolutely nothing locally in return for the patronage received. Who ever heard of a mail order house donating a dollar to any worthy cause in this district? Not once! Therefore, Mr. and Mrs. Citizen, give your local dealer an opportunity to serve you before sending out of town. If his price is too high, tell him so and if he will not apply the remedy, the loss is his. There should be no sentiment in business.

MEN'S and BOYS' DEPT.

50 PAIRS MEN'S BANNOCK-BURN TWEED PANTS

ST. PATRICK'S PORTRAIT NOW ADORNS PARLIAMENT

Last of Four Mosaic Panels Representing Four United Kingdoms is Erected

LONDON, April 24.—The last of the four mosaic panels which adorn the central hall of the Houses of Parliament, representing the four kingdoms, England, Ireland, Scotland and Wales, has been completed.

The panel portrays St. Patrick for Ireland and is the work of R. Anning Bell, R.A. The unveiling took place on St. Patrick's Day and was attended by the Irish members of both Houses.

Four great arched panels were set aside for the purpose when the building was erected, and the intention of the architect that the work of filling them in should be done by posterity has taken just 100 years to be realized.

The first panel which represents St. George for England was completed in 1870, St. David for Wales in 1898, and St. Andrew for Scotland last year.

BOAT ARRIVALS

FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine—Double Strength

This preparation for the removal of freckles is so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

WHAT THE PACKAGE DOES

Tea growers have found from experience that it is necessary immediately to pack tea in air-tight metal-lined chests, to preserve the flavor and goodness of the leaf. Equally so is an air-tight package necessary for the small lots of tea for individual consumption. Bulk tea is always inferior tea because it is exposed to air. The "SALADA" air-tight aluminum package is the most efficient way of preserving tea known.

Union freighter Chilliwack is in port today with a general freight cargo.

Prosperous advertising means regular continuous advertising.

WESTHOLME THEATRE

Tonight Only, Thursday, 7 and 9
