## FIGHTING COMMENCED IN CHINA TODAY

### BOARD OF TRADE MEMBERS GET GREAT RECEPTION IN BUCKLEY VALLEY

#### Fighting Commences in China Near Shanghai Between Rival Forces and British are Ready

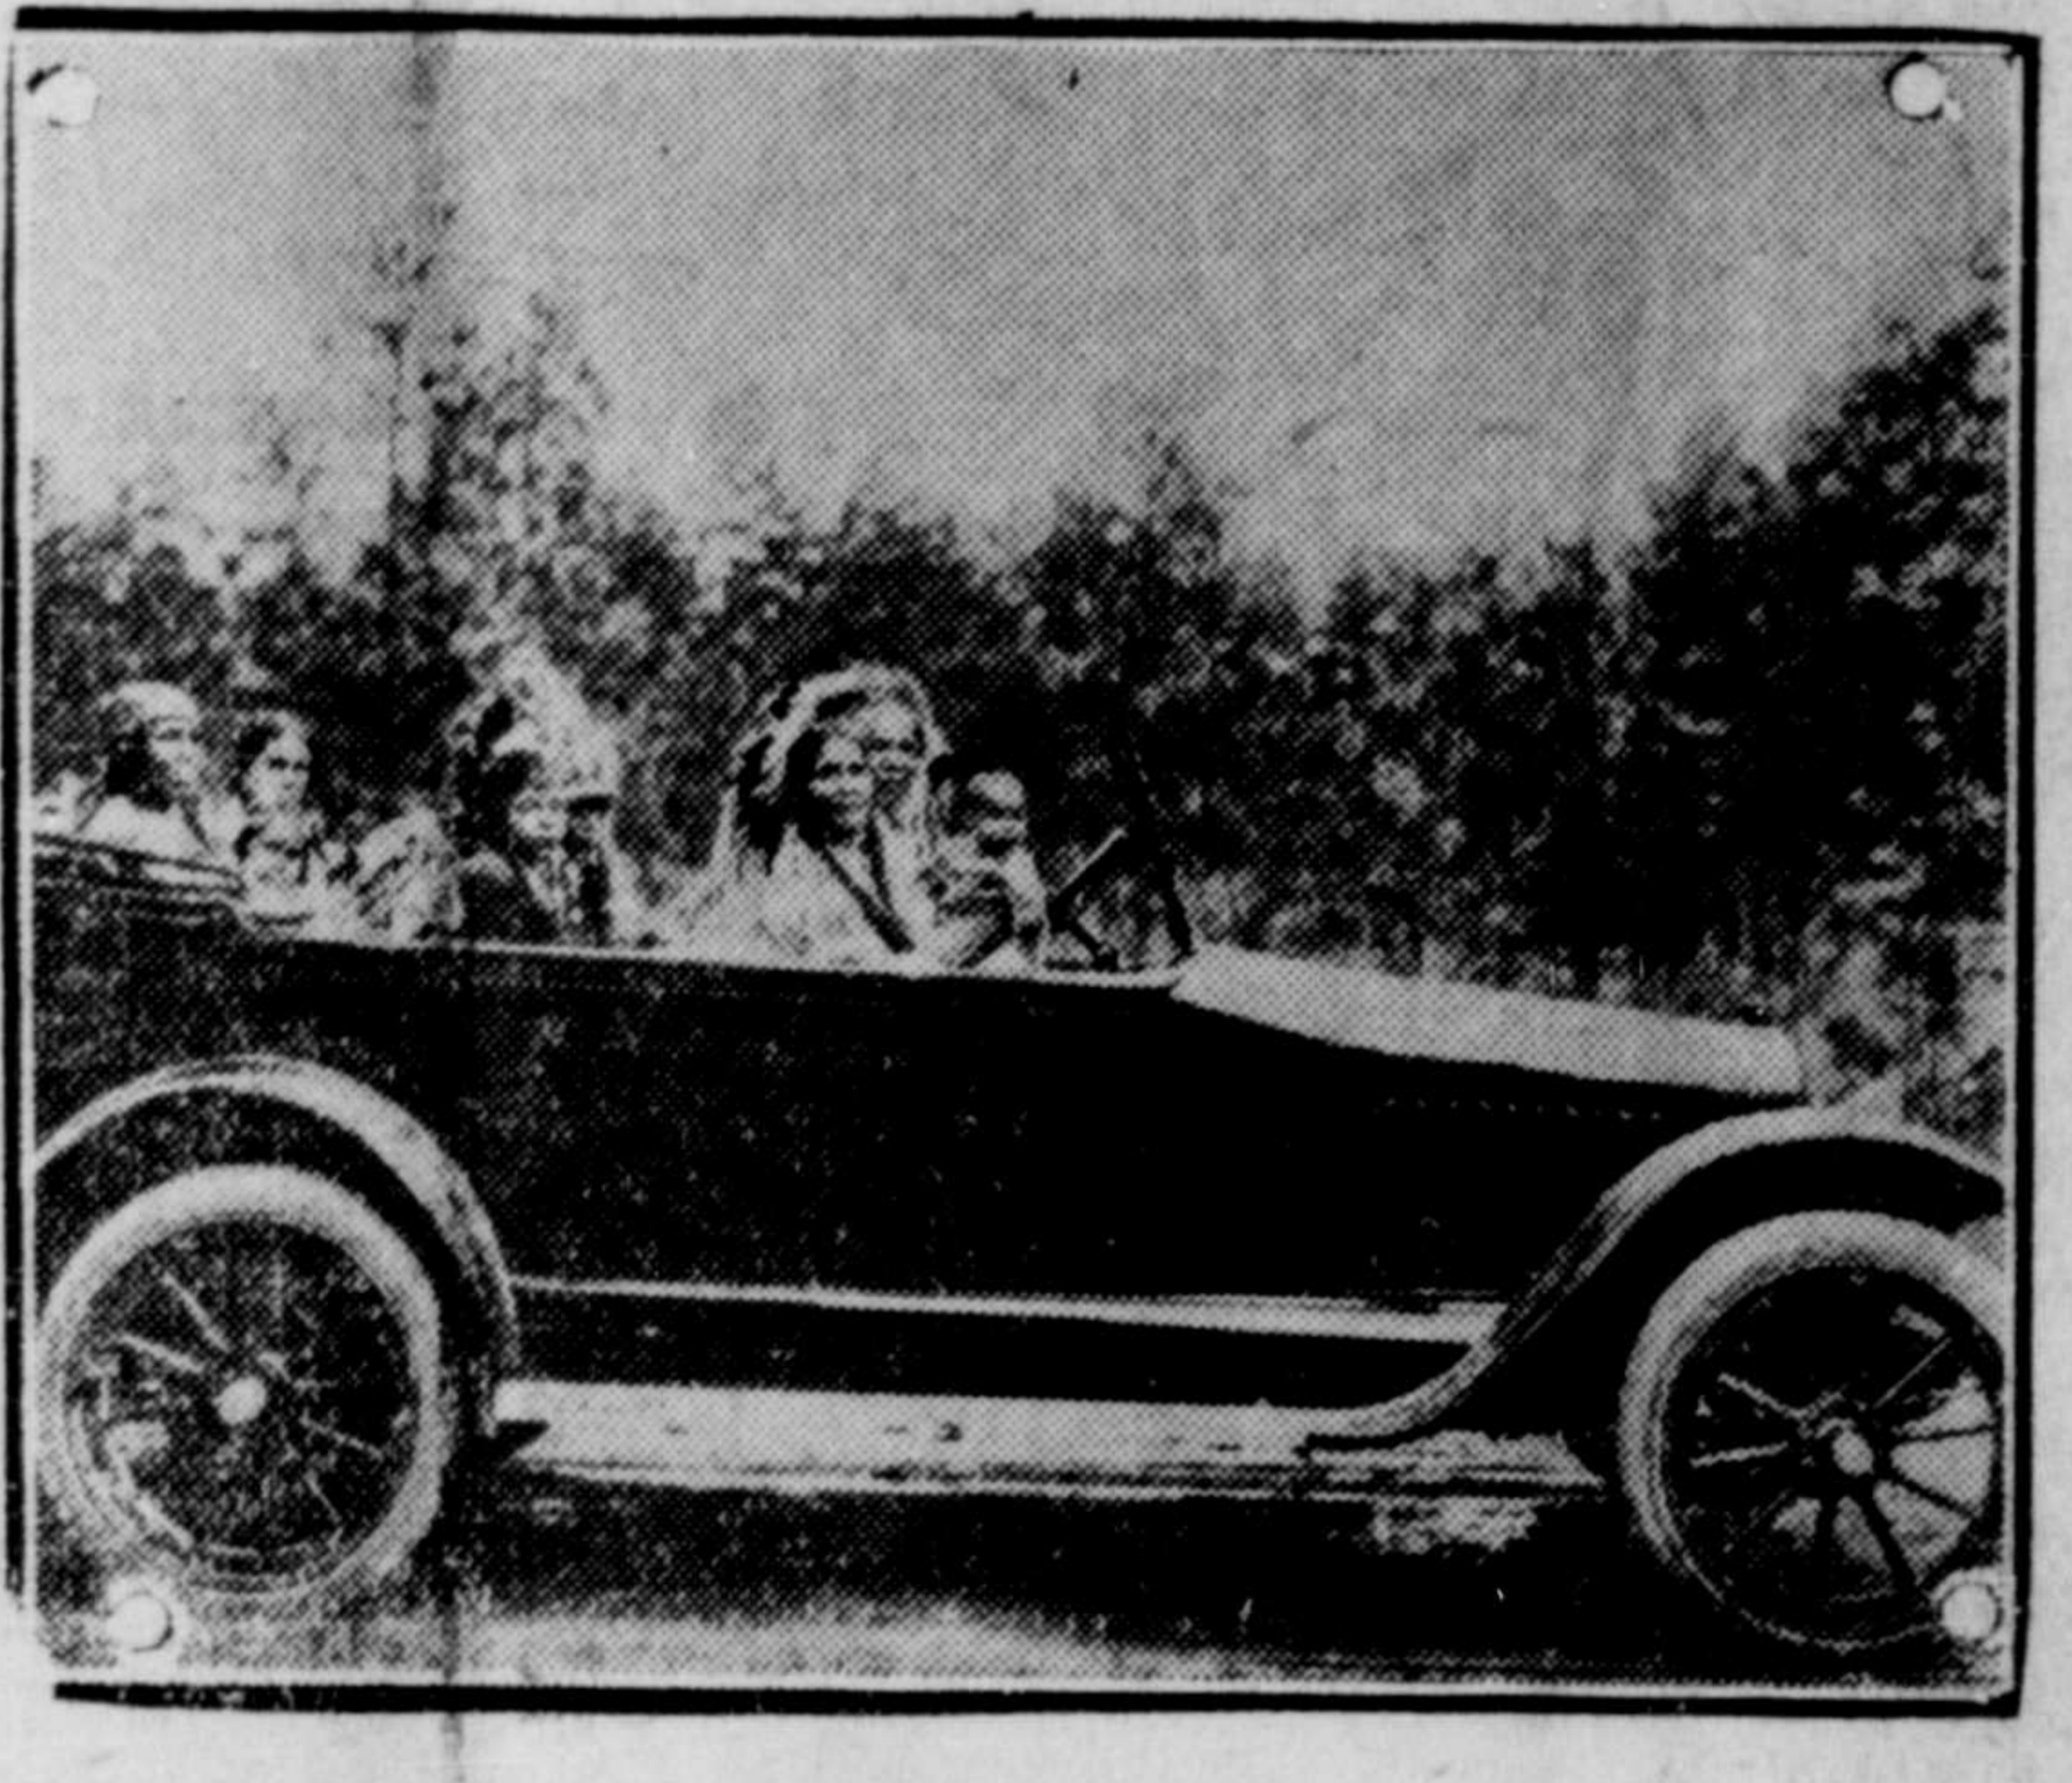

SHANGHAI, Sept. 3.—Fighting commenced today between rival Tuchun forces at Shanghai. The volunteer corps and defence unit, which includes British light horse, United States cavalry and infantry and six armored cars and a field artillery and machine gun company are under emergency orders to assume their posts in the event of a retreat of the Chekiang forces upon the city.

More than twenty foreign craft were assembled at Shanghai awaiting any action of the rival military governors which would place Shanghai in the line of fire and the lives of foreigners in jeopardy.

Besides the land forces of 100,000 on both sides, the so-called independent Chinese fleet enlisted in the service of General Lu Yung Hsiang is anchored in Whangpoo River. It is said that today's engagement is preliminary to a major battle at Nansiang tomorrow.

#### SENATOR FOWLER DIED LAST NIGHT

OTTAWA, Sept. 3.—The death occurred here last night of Senator George William Fowler of Sussex, New Brunswick, aged 65. He served on the Legislature of New Brunswick and also two terms in the Dominion Parliament. In 1916 he was given command of a battalion raised for overseas service, the following year, he became a senator. He was Conservative in politics.

"Lo, the poor Indian!" Chief Wild Shoe of Snokan isn't a bit behind his paleface brethren in his appreciation of the pleasure of buzz-wagoning over good roads.

#### Territory of Georgia Revolt Against Soviet Many Killed or Wounded

GENOA, Sept. 3.—All of Georgia and Azerbaijan has been in active revolt against the Moscow Soviet regime for the past five days. Half of the territory of Georgia has already been conquered by the insurgents, according to representatives of Georgia here, who have received despatches from that country. The sanguinary struggle is continuing. Fighting is occurring in the streets of Batum.

LONDON, Sept. 3.—Despatches received here says that Georgia and Azerbaijan are revolting against the Soviet. Many have been killed and wounded in sanguinary conflicts. Railway and telegraph communication is interrupted.

#### INSTALLATION OF OIL BURNER IN CITY HALL APPROVED BY COUNCIL

The city council last night, on recommendation of the finance committee, approved of the Board of Works' proposal to install an oil burner in the city hall for heating purposes providing the cost does not exceed \$1,000.

In answer to a question asked by Mayor Newton, Ald. Perry said that the contract price offered the city was \$985 but this did not include excavation for the tank and pipes. The sum of \$1,000 would probably not cover the whole work. The proposal was to have the tank across the street from the city hall, the city to provide the tank and leading pipe and do the excavation.

Ald. Collart thought that the contract price should cover the entire installation.

The report was adopted with the understanding that the Board of Works take steps to keep the cost within the figure allowed.

#### WITHDRAW TROOPS FROM HERRIN, ILLS.

HERRIN, Ills., Sept. 3.—State troops stationed here since the outbreak between alleged members of the Ku Klux Klan and their opponents, when six men were killed, were ordered to return to their homes today. Orders for their withdrawal came after a heated dispute between the militia commander and the state attorney, D. Duty, who protested against the removal of the troops.

Jack Munro arrived from Watun River on the Prince George this morning and will sail for the south tomorrow night. Mr. Munro is a brother of the late Kenny Munro and is well known here.

#### Prince Rupert Speakers at Farmers' Dinner Given by Smithers Fair Association

(Special to Daily News)

SMITHERS, Sept. 3.—Taking advantage of the presence in town of farmers from nearly every part of the Bulkley Valley and from other places along the line of the G.T.P., the Smithers Fair Association were hosts at the first farmers' dinner, at the conclusion of the fair there last Friday night. It was a most interesting meeting. S. H. Hoskins presided, supported by J. C. K. Sealy, president of the association, over fifty guests being present to listen to a discussion on the subject of economic agriculture. Delegates from the Prince Rupert Board of Trade visiting party were also invited.

These were S. J. McLeod, president; Geo. W. Nickerson and D. G. Stewart.

#### Urge Get Together

Called upon by the chairman first because of his dual position as both a large consumer and producer in the district and as a member of both Smithers and Prince Rupert Boards of Trade, Olaf Hanson put some pertinent questions to the meeting regarding the necessity of importing produce from the state of Washington and southern British Columbia which could be and was grown successfully in sufficient quantities along the line of the G.T.P. This was an anomaly which worked to the disadvantage of the local farmers. He asked if it were not possible that the local consumers and producers could act together to cut out this economic waste.

#### Nickerson Speaks

G. W. Nickerson of the Prince Rupert Board of Trade, from his point of view, told in a constructive speech what was necessary to enable the Bulkley Valley produce to compete successfully with foreign produce. From a salesman's point of view, he told the assembled farmers what he had been up against in the past in handling the produce of the Bulkley Valley—in hay that was not clean hay but full of weeds, potatoes there were not up to grade, and butter that was bad butter. He instanced hay coming from Washington in regular repeat orders, potatoes from southern B.C. of a regular quality, and butter, cream and eggs coming in increasing quantities from Edmonton, passing right through the length of the Bulkley Valley to the Prince Rupert market. Mr. Nickerson stated that Prince Rupert wanted to buy these things from the Bulkley Valley and the Bulkley Valley farmers wanted to sell to Prince Rupert. He emphasized the necessity of putting the goods in the proper shape for market and of maintaining a regular and steady supply the year round. Instead

#### CHECK ARTIST MADE CLEAN-UP

Cecil Rutherford Alleged to Have  
Cashed Worthless Checks to  
Value of \$374.50

#### COMMITTED FOR TRIAL

Cecil Rutherford, business maker of Kelowna and alleged phoney check artist, committed for trial in the city police court this morning by Magistrate McClymont on a charge of obtaining money by false pretences, presented eight worthless checks to prominent local business houses to a total value of \$374.50 within the space of a very few days last month and received cash and goods in full for them except in one case where Wong Lina, Chinese restaurant keeper of Sixth Street, held out on accused and saved \$26, having paid only part of the check tendered. This in short sums up Rutherford's activities as far as presented by the prosecution in court today. He made a statement to the police on arrest admitting guilt and sought to do the same in his preliminary hearing but was told by the magistrate that it was not up to him to enter a plea on this occasion. Accused will come up before Judge Young for election.

In most of the cases, Rutherford, under aliases, is alleged to have represented himself as an employee of Frank Salter and the checks which he is charged with passing were supposed to have been for wages. One check for \$67.85 was signed by himself and was drawn on the Royal Bank at Kelowna. It was cashed by Owen Fisher and was returned protested from Kelowna.

#### NUMEROUS AMOUNTS

Rutherford is alleged to have cashed checks as follows receiving cash or goods for them—mostly cash—with the one exception: at Mrs. Grahman's store, \$48.85; Gil's Cigar Store, \$49.95; Acme Importers, \$27.85; Wong Lina, \$16.75; McCutcheon's Drug Store, \$75.60; Universal Trading Co., \$28.75; J. A. Kirkpatrick Co., \$38.90.

At the Chinese restaurant, Wong Lina would only give accused \$20 and told him to come back for the balance when the bank opened. He did not come back.

Evidence was given by clerks in the various stores and also by the police officers. When arrested Rutherford admitted guilt. He had a similar check to those passed on his person for \$79 and also \$181 in cash.

In a statement to the court, Rutherford said he had told the police everything and shown them where to find the goods he received.

#### OPPOSE LOAN TO GERMANY

Manufacturers of Britain Petition  
Parliament Against  
Step: Dumping Charged

LONDON, Sept. 3.—The national union of manufacturers of Great Britain has petitioned parliament against granting the proposed loan of £60,000,000 to Germany. The secretary of the union says some of the Dominions are being forced to ban importation of British goods in order to prevent Germany benefitting by the British preference.

Germany dumps goods into Britain and these find their way to the Dominions.

#### LIBRARY INTEREST IS ON THE INCREASE

Average of 91 Books a Day Taken  
Out During Month of August  
Says Librarian's Report

Interest in the public library increased during the month of August this year over July, as shown by the record of books loaned. This was contained in the report of the librarian, Miss Mortimer, who told the Library board last night at their regular monthly meeting that 2370 books had been loaned during the month or an average of 91 each day. There had been an increase in the number of books, 21 having been received by gift and 49 by purchase while seven had been taken out of circulation. This left a total of 3,959 books altogether in the library.

During the month there were 24 new borrowers and five had cancelled their membership leaving 1568 members.

Complaint was made by the librarian that some borrowers did not take care of their membership cards and it was suggested that Miss Mortimer should make a charge for renewal cards. This will be done if it is found that carelessness in handling the membership cards continues.

The librarian is preparing a list of books to submit to the book committee with a view to placing an order soon. These will be taken from the autumn catalogues which are now coming in and it is hoped to have many of the volumes ready for autumn reading.

Those present at the meeting were Rev. G. G. Hacker, chairman, James Black, Mrs. Kirkpatrick, H. F. Pullen and the librarian.

#### GOOD ROADS CONVENTION

Government Urged to Complete  
Highway in Time For Next  
Season

PENTICTON, Sept. 3.—J. J. Johnston of New Westminster was elected president of the Good Roads League of British Columbia. Other officers were:

1st Vice-President—J. H. Colley, Kamloops.  
2nd—Lorne Roe, Penticton.  
3rd—A. E. Howse, Princeton.  
4th—Reeve Lockley, Esquimalt.  
Secretary—Frank H. Bird.

Early completion of the trans-provincial highway to make it available for the 1925 tourist season was urged in a resolution which requested the government to make public the amount realized on the three per cent gasoline tax and make a definite allocation of the whole fund for highway construction.

Deputy Minister of Public Works J. Griffiths announced that the government had appropriated \$20,000 toward the completion of the road from Quesnel to Prince George.

#### TWO LIBERALS ARE ELECTED

Montreal and Rimouski Return  
Supporters of the MacKenzie  
King Government

MONTREAL, Sept. 3.—In the Rimouski federal by-election yesterday Sir Eugene Fiset, Liberal, was elected over his conservative opponent. Returns are incomplete.

In the St. Antoine division of Montreal Alderman W. J. Hushion, Liberal, defeated William Birks of Montreal, Conservative, by approximately a thousand majority.

Fiset defeated Elzear Sasseville by a majority of 1500.

#### INDIANS FINED

David Smith, native of Kitwanga, was fined \$25 at Terrace by Stipendiary Magistrate E. T. Kenny for bartering caribou meat. Charlie Smith was assessed \$10 for a similar offence. Barney and Jacob Morgan were dismissed on account of insufficient evidence.

#### Vice President of Gold Company Assured of Success of Project Plant Ready in Three Weeks

The plant being installed at Massett by the P.B.C. Mines Ltd. for the extraction of gold from the black sands is almost completed and should be running in about three weeks' time, stated Herman Block of Baltimore, vice-president of the company, to the Daily News this morning. Mr. Block said he now had no doubt as to the ultimate success of the project. The plant now being completed will be capable of handling 150 tons of concentrates per day. It is the intention of the company in the very near future to extend its operations so as to handle 1,000 tons per day. There will be more than one plant. The pure gold will be shipped through Prince Rupert.

Some extraction has already been made at the company's smaller plant at Rose Spit but, not having official final returns, Mr. Block was not inclined to make a definite statement as to the results. There has been no gold shipped yet.

The most of the machinery has already been installed in the Massett Inlet plant, Mr. Block reported and the laboratory is incomplete. D. S. Willemar, formerly of Hazelton, is manager at Massett as well as assayer and chemist. C. T. Cabrera is in charge at Rose Spit.

Mr. Block, who has been at Massett Inlet for the past month, came over to arrange for the delivery of the rest of the machinery that is needed and also to meet George W. B. Fletcher, president of the company, who is due on this evening's train from Philadelphia. They may go south before proceeding to the Islands.

#### DANDURAND CHOSEN VICE-PRESIDENT LEAGUE COMMITTEE

GENEVA, Sept. 3.—Senator Dandurand of Montreal was yesterday elected vice-president of the League of Nations commission on social and humanitarian questions.

#### STEADY MOVEMENT TO HARVEST FIELDS

One Hundred and Fifty Men Have  
Been Sent from Here Since  
August 20

The C.N.R. city ticket office reports a steady movement of men from this city to the prairie harvest fields. Since August 20, 150 men were sent east from here. Transportation orders are furnished by the provincial labor bureau where general orders were received last week for 200 men.

BEAR SERVED VISITORS FROM PRINCE RUPERT

Prince Rupert Members of Board of Trade Enjoy Delicacy at Houston; Visit Other Points

SMITHERS, B.C., Sept. 3. — Bearmeat, roasted to a turn, with layers of crisp and crinkly fat, was one of the delicacies provided for the Prince Rupert Board of Trade visitors on their arrival at Houston, in Pleasant Valley, Friday, at noon. After a forty mile drive over roads very much better than might be expected in a comparatively new country although with some hairpin turns, the little Hotel Houston was an appetizing sight even from the outside. Mr. Davis, the proprietor had been to Smithers for the fair and had heard of the proposed visit. Instead therefore of providing oyster cocktails, baked halibut and canned salmon to make the visitors feel at home, he thoughtfully arranged for a bear to be shot forthwith and his roast roasted. And Mr. Davis is or has some cook. Maybe both.

Taken in Cars. At nine o'clock Friday morning there was a good array of cars parked outside the Bulkley Hotel in Smithers among which the Prince Rupert visitors were distributed and to whom were to be shown as much of interest as possible. And the trip to Houston and back was full of interest. Farms in all the stages of progress from original clearing to ultimate cropping were encountered on the trip out to Houston, which is prettily situated on the railroad track. Originally laid out for a townsite, it has a most orderly appearance, all the fences and buildings being in line. One thing was realized by the visitors and that is that this country cannot be seen from the railway car window. The most and best of the country where the real development has taken place lies away from the railway. And as the roads lie away from the railway owing to the physical characteristics of the country, it can best be seen by driving. One point of interest was duly mentioned in every car which was where a Land Settlement Board official went over the edge. It was both before and after a series of corkscrow curves where the road dips down into a gully and has to rise to an equal height on the other side. After seeing this hazard, no blame was attached, particularly as the chief party concerned was in the company

and still alive. Judging by the steepness of the sidehill where his car went over, he ought not to be.

Barrett Ranch. After lunch in the homelike Hotel Houston, which was a protracted affair, and being duly photographed, the party left for the Barrett ranch. Here Charlie Barrett was found stacking timothy seed hay, for which his ranch is famous. In the absence of Mrs. Barrett who was visiting at the Smithers Fair, Mr. Barrett did the honors himself and showed the visitors over the ranch. Hulless oats and hulless barley in stook by the acre were among the curiosities seen. The next stop was made at the Doekrill ranch, at Telkwa. Here the party inspected some very fine fields of wheat and many acres of sunflowers, the latter for use as ensilage.

Prudhomme's Farm. The last stop of the day was made at Alex. Prudhomme's farm at Tyece Lake. Although it was supper time and the pans were sizzling on the stove and the cook had every reason to be cross, Alex thought of none of these things but was delighted with the company. He showed off his horses and brought out a wild bull. "Paradox" he called it. Being asked why, he answered, "Some bull, and no bull about it, either." The company agreed. To prove it was tame and notwithstanding Wiggs O'Neill's red waistcoat, Alex mounted its back and stayed on long enough to be duly photographed. Just to show they knew something about farming and animals, someone had a remark to pass regarding the beast's fins and thought it was particularly beamy aft, which put the finish to an otherwise pleasant visit.

WITNESSED OPERATION ON OWN APPENDIX

TAMAQUA, Pa., Sept. 2. — Odan A. Schaffer, 17, who is ambitious to become a surgeon, witnessed his first operation for appendicitis as the patient. When told an operation was necessary he declined to take an anaesthetic, declaring he "wanted to see how it was done." An occasional "ouch" was the only sign he gave the surgeons that he was suffering any pain.

FIREMEN ACT AS FARMERS

LINDEFELDE, Germany. — Although this town does not average a fire a month, the fire department is not allowed to loaf. In summer the firemen operate the municipal farm and in winter they are woodchoppers in the municipal forest. Income from the two sources have helped clear the town debt.

FIND STUTTERING CURABLE

VIENNA.—Nearly all the children affected with the habit of stuttering may be cured if the patients are given proper care in time. This was the consensus of opinion expressed by experts at the first congress ever held on the continent to discuss improvement of the power of speech, and the voice among youngsters.

PRINCE GEORGE

There is congestion in the local schools and it has become necessary to use a basement for a classroom. The old public school building will likely be reconditioned for high school purposes.

Several prominent citizens paid fines at a special session of the police court last week for infractions of the traffic bylaws. The chief offence was turning cars in the middle of blocks instead of at intersections.

Neil Gething of Hudson's Hope and C. L. Alyard of Victoria were in the city last week making arrangements for the shipping of supplies to their coal mine in the Peace River canyon. They confirmed the report that the C.P.R. is to purchase the output of their mine delivered at Peace River.

Peter Pavich, the local fur man, is to start monthly sales here. It is expected they will bring the volume of annual sales in Prince George to a million dollars.

Rev. P. E. Baisler of Prince Rupert was here last week taking steps to organize an English Lutheran Church here.

The following delegates left Prince George today to attend the diocesan meeting of the Anglican Church in Kamloops which will elect a new bishop: Rev. S. Pollinger, George Milburn, Claud Foot and James Quayle. They are travelling by motor car.

A daughter was born in Vancouver on August 25 to Mr. and Mrs. W. L. Armstrong. Mr. Armstrong is station agent here and Mrs. Armstrong was formerly Miss Crawford, sister of Jack Crawford, purser on one of the C.N.R. coastal steamers.

TERRACE NOTES

Miss Marion Hanna of Smithers who have been visiting Mrs. Jack Frost continued her trip home after spending the summer in the south.

Dr. Ewart returned last week from Smithers. He will occupy the house north of Sparks'. Extensive improvements have been made to this residence and it is almost ready for occupation.

Miss Rose Raven of Prince Rupert was the guest last week of her sister, Mrs. H. S. Creelman.

Miss Etanda Marsh returned to Rupert on Sunday.

Mr. Griffin returned to Terrace Saturday night after spending the summer in the south.

Mrs. T. J. Marsh was at home last Thursday to the ladies of the community. The reception room was beautifully decorated with early autumn flowers and the tea table was presided over by Mrs. Parsons and Mrs. Grieg. About fifty were present during the afternoon.

WANTED.—Boy, age 15, want work. Prefers to learn trade but willing to work in store. P.O. Box 10. 209

Mrs. D. H. McDonald and son, Angus, who have been spending the summer in Nova Scotia, are returning home on the Prince George this afternoon. They came west by way of Spokane where they have been visiting for the past few days.

Provincial Constable Arthur Collins is arriving from Ocean Falls on the Prince George this afternoon bringing two prisoners G. Hall and Jack Bremer, who have been committed for trial on charges of assault with intent. They, together with Joe Mac Donald, already committed, will come before Judge Young for election tomorrow. They are involved in connection with the beating up of Constable Collins recently.

### CARNIVAL QUEEN WHIST AND DANCE

Affair Staged by Mooseheart Legion in Support of Miss Grace Crate Last Evening

In support of their candidate in the Fair Board's carnival queen contest, Miss Grace Crate the Ladies of the Mooseheart Legion held a whist drive and dance in the Metropole Hall last night. There were about 120 persons in attendance and the affair proved very enjoyable as well as remunerative to Miss Crate's campaign.

The winners at cards were men's first, B. J. Bacon; ladies first, Mrs. W. Anderson; men's consolation, Charles Biggar; ladies' consolation, Mrs. Jo Prince.

Refreshments were served and music for the dance was provided by the Westholme orchestra special accordion numbers being a feature.

Joe Slaggard was master of ceremonies; Mrs. Thor Johnson was on the door, and the committee consisted of Mrs. Ed. Unger, Mrs. Ytreberg, Mrs. J. Fiel and Mrs. H. J. Foss.

### SHANGHAI SHIPPING GOLD

SHANGHAI, China.—Declare exports from Shanghai to the United States in the month of May amounted to \$3,654,688, and for the first five months of 1924 to \$15,954,931.

The principal articles exported were goat and kid skins, cotton laces and embroideries, raw silk and crude camphor. Gold bars to the value of \$1,445,509 and gold coins to the value of \$548,762 were exported to the United States in the five-month period.

### POLAND'S CONSCRIPTION LAW

WARSAW.—Active military service for all able-bodied males reaching their twenty-first birthday, has been fixed by law at two years. Privates in the cavalry or artillery, however, have to serve 25 months. In case of war all males between 19 and 50 years will be drafted.

### GUANO IN PHILIPPINES

MANILA.—The discovery of guano deposits in the province of Cebu which are easily accessible by land and sea is expected to increase the use of fertilizer not only on sugar cane plantations but in other lines of agriculture. It is estimated that 250,000 tons of guano are available on one locality of Cebu.

### FASHIONS & FOIBLES by Shirley Sharon

The petticoat flounce is at the bottom of many of the new tube frocks that have their origin on the Rue de la Paix.

SEVERAL of the great Paris dressmakers on the Rue de la Paix permit themselves in the restrained French fashion to place two or possibly three exceedingly smart costumes in their single street window. Worth, for example, will sometimes display a sports suit in a faultless shade of gray with just the lemon-colored blouse that should be worn with it; or, as the weather grows warmer, two or three lingerie frocks of exquisite workmanship. It is in the establishments such as Worth's that one sees the narrow tube frock with its petticoat flounce in crêpe de Chine or crêpe Roma trimmed with lace. It is new to wear these dresses absolutely beltless.

Forty Present at Dinner Given Him in Evening by Mr. and Mrs. Winthrop

SYOSSET, N.Y., Sept. 3.—The Prince of Wales played a polo game here yesterday, his team losing by 3 to 7. The Prince scored a goal.

The Prince and party took dinner at the home of Mr. and Mrs. Henry Roger Winthrop at which forty persons were present.

#### CARNIVAL QUEEN CONTEST CLOSES FRIDAY, 10 P.M.

The carnival queen contest is now in the last week of the campaign and it will be finally wound up on Friday evening at 10 p.m. when all contestants will be required to make their final returns. All candidates are working very enthusiastically and their report committee are all giving splendid support with the object of electing their favorite for supreme queen. It is proving a very close contest and it will be impossible to make any forecast until the final count.

R. E. BENSON, Manager Carnival Queen Contest.

#### Sport Chat

Should the Great War Veterans fail to win tonight's Stuart Shield football game from the Sons of England, they will have no further chance in the competition for the silverware and, incidentally, the Sons of Canada will have cinched their trophy of the 1924 season. No doubt the Vets will be out to win, however, though the Englishmen, having no direct personal interest in the outcome of the contest, will not have the same incentive. However, fans are hoping that a good game will be played and that it will not be the last one of the season.

The Trades and Labor Council is to be congratulated on its Labor Day track meet. So arranged as to offer several novelty events, the program nevertheless gave good opportunity for local athletes to demonstrate their prowess. The regular track events such as sprints and jumping contests were keenly contested and watched with equal enthusiasm. The prizes were worth while and the abilities of several of the city's younger athletes were amply proven. With more encouragement along this line, Prince Rupert could develop track men which could hold their own anywhere for the city seems to have the material. It is important that this end of sporting activities should be fostered.

#### MINIATURE GOLF LINKS FOR USE OF CUSTOMERS

CHICAGO, Sept. 2. — Golf as entertainment for customers in place of the usual rounds of theatres, club and cabarets, is to be used by William E. Sharp, of Chicago, president of a manufacturing corporation, who today began construction of a miniature golf links on two acres adjoining his factory in the southwestern part of the city.

Mr. Sharp thought the best way to ingratiate his business with out of town customers would be to furnish them a spot on which to play golf next his wares.

In this manner, it is possible for the manufacturer to provide amusement for his customers while close to the merchandise and to be able, when the day closes, to return to his family and forget business worries, allowing such buyers as care for the gay night life to seek the places they like best without forcing the seller to spend both day and night with them.

T. A. Sandison arrived in town last night from Haysport cannery and is registered at the Hotel Prince Rupert.

#### ATHLETIC CONCERT AT SMITHERS GREAT EVENT

Number of Boxing Bouts, Minstrel Show and Clever Scottish Dancing

SMITHERS, Sept. 3.—The finest evening's entertainment which has ever been offered to any audience in Northern British Columbia was the unanimous verdict at the close of the Grand Athletic Concert which wound up the first day of the Smithers Fair last Thursday night. The program was one which excelled in every number and the out-of-town visitors present from Prince Rupert to Prince George agreed that they had never had a more enjoyable evening.

The overture was provided by Gray's orchestra and Dr. Hankinson presided. The preliminary boxing bouts were all of three rounds, the first of which was Graham vs. Stewart. This was followed by a twosome Scotch Reel by Miss Avis Wall and Miss Marjorie Warner. This number was very cleverly done and was much appreciated. An accordion solo by Victor Bloomstrom was followed by a song by Mrs. Hanley after which there was another boxing bout, Jenkins vs. McKenzie. A comedy sketch by C. E. Foster fairly brought down the house. This described how to get caught in the draft for the United States Army and its humor was such that even the performer had to smile more than once. The third boxing bout Dixon vs. Gregory was followed by an "interpretation of Brummond" by J. McGinnis. This was about the Habitant of Quebec and was humorous. A whistling solo by J. Hanley, followed by a bout between Williams and White was succeeded by a Minstrel Show under the direction of Mr. Matthews.

#### Minstrels Excelled

Both Prince Rupert and Prince George visitors agree that as minstrels the combination was unbeatable. The entertainers were Bill Moxley, W. Thorne, Arthur White, Pat Carr, Clarence Foster and Rev. M. W. Lees while D. D. Munro acted as interlocutor. The humor was distinctly subtle and refined and the many sly local references and hits scored with a most appreciative audience. This was followed by a banjo solo by Mr. Richardson after which came the main athletic event of the evening.

This was a six round bout between Tom Fraser of Prince Rupert versus Ted Martin of Smithers. It proved to be a display of clever boxing, both contestants showing some pretty work and both men, have good promise.

# Smithers Fair Proves to be Most Successful Event with Fine Displays in Their Classes

The most successful fair in the history of the Bulkley Valley was opened on Thursday last by F. M. Dockrill of Telkwa, and as an exhibition, it was quite notable. The entries were numerous and in many cases striking, especially in the dairy and embroidery sections.

The judges were Mrs. O. Hanson, Mr. Mackie of Vancouver, Professor Murray of Penticton, Roy Elsey, W. Jones and Geo. Orchard. Some of the judges, after visiting Vanderhoof, will be in Prince Rupert this week.

## CITY FATHERS TALK OF BLAST

Accident on Labor Day Gives Rise to Some Heated Debate in Council Chamber

The blast on Monday afternoon which damaged the rear of the Union Bank building was reheated at last night's council meeting, discussion between Ald. Macdonald and Ald. Collart on the violent subject becoming rather heated at one juncture.

The matter was brought up by Ald. Macdonald who objected to the city's workmen having been compelled to work on Labor Day in order to serve "somebody's aims and objects." He was satisfied that the Board of Works knew nothing of the matter but nevertheless there had been considerable damage as a result of the accident that ensued. Stating that he would be willing to retract any statements he made if they were found contrary to the fact, Ald. Macdonald said he had been informed that certain men had been told that if they did not work on the day in question they would be through and that the regular crew had been sent home and incompetent persons had taken charge, the accident resulting. He asked the Board of Works to look into the matter.

Ald. Casey thought it was time a halt was called. The first Monday in September was dedicated to the honor of labor and men should not be induced to disregard their own especial holiday. Poor management was displayed in blowing out the rear of the building. The accident may have been unavoidable or it may have been due to incompetency. He would like the city engineer or any other authorities in charge to know that it was at least contrary to his (Ald. Casey's) wishes that the workingmen's holiday should be treated with such contempt.

Ald. Perry expressed surprise that the city engineer or the foreman should force any men to work. If the men wished to work, he saw no reason why they should be prevented but he certainly was opposed to men being compelled to work if they did not wish to do so. He would see that the matter was investigated. The accident was one that might have happened to anybody.

Mayor Newton suggested that greater precautions should be taken.

Ald. Perry said that blanketing would not have avoided the accident. The hole had been overloaded for such type of rock.

Ald. Macdonald thought that such accidents could be avoided. There had been more extensive rock work than this done in the centre of the city before without accident.

Ald. Collart felt that such accidents were bound to occur and might happen again.

Ald. Macdonald agreed they could not be avoided if incompetent men were employed.

**Too Much Howl**

To this Ald. Collart retorted his opinion that too much howl was being made before the facts had been ascertained.

Ald. Macdonald expressed the belief that if competent men had been working there would have been no such accident. The next time there might be loss of life and then there would be reason to howl. The safety of the public was to be considered.

Ald. Collart suggested that Ald. Macdonald had not been thinking of the public safety when he brought the subject up but had been beating the drum for Labor Day.

Ald. Macdonald resented this statement with some heat.

The discussion was brought to a close when Ald. Perry stated that he would see that the greatest precaution was observed at all times in the future.

## BULKLEY FARMS ARE VISITED

Representative of Daily News With Board of Trade Excursion Tells of Valley

SMITHERS, Sept. 3. — Today again the Prince Rupert Board of Trade visitors were driven into the surrounding country by their hosts of Smithers to witness some more of the development of a new country in a few short years. Going out in the direction of Glentanna, the first stop was made at Charlie Newett's farm. Charlie is a bachelor and as his alleged housekeeper had gone to church, he took considerable pleasure in entertaining the visitors personally. Charlie has some nice colts whom he talks to just like children and has a large garden of which he is justifiably proud. He has a fine flock of chickens, too, in which he has inculcated the spirit of obedience, for when he calls—they come. Which is more than many chicken do.

After having passed some of C. E. Evitt's nieces and nephews on the road, the cars turned into J. C. K. Sealy's spacious yard. And Mr. and Mrs. Sealy proved very gracious hosts. A very fine flock of young turkeys was inspected and the party was introduced to "Peavine Harvey" a oldtimer of the Omineca gold rush days, who was also visiting the Sealy ranch.

**Successful Farmer**

Not far away a stop was made at "Happy" Turner's. And if any man deserves to be happy, it is Happy Turner. He's got a fine farm and a fine wife and what need any man more? Mr. Turner is a returned soldier who is making good on the land. His garden in front of his house was a blaze of color, and full otherwise of highly cultivated vegetables. The sight of his place made some of the city visitors envious of the country life.

The farms at which calls were made were typical of the whole Bulkley Valley and the progress which has been made by such a sparse population gives evidence of the wonderful production possible when the vacant lands are settled up. From what has been seen on this visit proves that nothing said before regarding the wonderful Bulkley Valley has been exaggerated. The land is there, miles and miles of it, uninhabited. All it needs is population—and railway freight rates—to make it the farming centre instead of the fringe, of British Columbia.

**Dip in Lake**

After the drive, all the cars turned in the direction of Lake Kathryn, whither Olof Hanson had invited the visitors for a swim in the lake to remove the dust. And the dip in the lake was much enjoyed. Afterwards Mr. and Mrs. Hanson entertained the company to supper, at which every chair in the house—and they were many—was occupied. Between the Prince Rupert visitors and their hosts from Smithers, Mr. and Mrs. Hanson had a houseful, who enjoyed to the full their hospitable.

## ACCESS FROM FIFTH AVENUE TO BRIDGE

City Council Discusses Possible Routes for Semi-Permanent Grading on Hays Cove Circle

The question of giving permanent direct access from the east end of Fifth Avenue to Hays Creek bridge via Hays Cove Circle was discussed at last night's council meeting. The Board of Works offered a bylaw providing for the semi-permanent grading of a portion of Hays Cove Circle on the north side. This was objected to by some of the members of the council on the ground that it would necessitate the continued use of the large trestle on that side. An alternative route from Fifth Avenue along Hays Cove Circle in front of the Booth School and thence around by Seventh Avenue was suggested. Finally it was decided to refer the matter back to the Board of Works to ascertain what was best to be done.

## PRINCE RUPERT SPEAKERS AT FARMERS' DINNER GIVEN BY SMITHERS' FAIR ASSOCIATION.

(continued from page one)

harder to break in when they had beef available and get the price they ought.

S. Godwin of Burns Lake stressed the importance of co-operation, thereby enabling the farmers together to ship in volume.

F. M. Dockrill of Telkwa very ably and logically followed up the previous speakers. He urged his hearers to pay more attention to the economic side of agriculture, where by standardised production the low volume of such a pioneer district could be bulked and marketed by intelligent direction. Two or three varieties of potatoes, for instance, he said, were sufficient for the whole valley. It was the same with hogs. There was no encouragement meantime for a single farmer to raise hogs. Whereas were the type standardised throughout the valley, they might then be shipped by the car lot. He urged that some organisation be devised or possibly utilising the Land Settlement Board, for instance, for finding out what crops are to be available throughout the district with a view of collective marketing. Mr. Dockrill instanced a case not so long ago when Prince Rupert was importing potatoes by the car load when at Terrace 100 tons had to be fed to the hogs for want of a buyer.

**Proper Marketing**

Professor Murray of Penticton, one of the fair judges, spoke of his knowledge of the Okanagan marketing organization and how co-operation among the growers had been their own salvation. He stressed the importance of proper marketing, as if any weakness developed at the selling end of their organisation there in any season, the growers knew it too well.

D. G. Stewart of the Prince Rupert Board of Trade, assured the farmers of the co-operation of the Prince Rupert people to the fullest extent possible. He deprecated, however, what was sometimes done by sending in several cars of potatoes to Prince Rupert at once thus swamping the market. Mr. Stewart's own firm had been handling potatoes from one grower for the last ten years. Potatoes ought to be graded though, and with proper co-operation many more cars of potatoes could be handled in Prince Rupert each year before the frost came.

J. W. Sheldford of Wistaria also spoke briefly.

The meeting then closed with the singing of the National Anthem.
