FLOODS HAMPER RAILWAYS SOUTHERN B.C.

LEADER ASQUITH SHOWS THAT HIS PARTY CONTROLS LABOR IN COMMONS

Heavy Rains and Mild Weather Cause Floods in Southern B.C. Railway Traffic is Held up

VANCOUVER, Feb. 13—Unusual flood conditions prevailed all along the Fraser River valley as a result of heavy rains and the mild weather of the past twodays. The train service into Vancouver has been dislocated owing to washouts and mud slides. Sumas bridge was threatened by the swollen stream and all traffic on the Canadian National was stopped. The C.P.R. trains were held up by slides at Hell's Gate canyon with two of the train crew caught in a rock slide reported injured.

VICTORIA, Feb. 13. — Flood dangers have disappeared throughout the southern end of Vancouver Island with the abatement of the heavy rainfall. Apart from a mud slide on the Esquimalt and Nanaimo Railway north of Goldstream and the washing away of two small bridges in the Sooke district, little damage was done in the vicinity of this city.

An avalanche on the E. & N. buried the track to the depth of three feet for a length of 150 feet.

GIVES UP WORK OF EXCAVATION

Howard Carter Charges Discourtesy on Part of Egyptian Public Works

MADE GREAT DISCOVERY

Statue of Pharoah Covered With Solid Gold Was Twice Life Size

LUXOR, Feb. 13. — Owing to what he characterized as the discourtesy of the Egyptian Public Works Department, Howard Carter, head of the excavation work, closed Tutenkhamen's tomb today and abandoned operations. It is understood the crisis was precipitated by the refusal of the Egyptian government to permit the wives of the excavators to visit the tomb this morning.

The greatest discovery in the history of Egyptology, even in archaeology, experts claim, was made in Tutenkhamen's sepulchral chamber. The pharoah was represented in high relief covered with sheets of solid gold, more than twice life size. The serene, beautiful face was exquisitely encased with glittering eyes of aragonite and the long upturned beard was of solid gold. The only blemish was the feet which were black as if bitumen had stained them.

OSAGE INDIAN OIL LAND SALE

Nineteen Million Acres Will go Under Hammer Next Month and Indians Get Rich

PAWHUSKA, Oklahoma, Feb. 13.—The world struggle for oil will centre in this small city in the Osage Indian country on March 18, when 19,100,305 acres of land go under the hammer at the government oil lease auction. The leading companies will bid for 160 acre tracts and as millions of dollars have been offered the Osage Indians, the richest people in the world will see their wealth mount.

FISH ARRIVALS

Two American halibut schooners marketed catches totalling 40,500 pounds at the Fish Exchange this morning. They were:

Tom and Al, 28,000 pounds, at 15.6c and 9c, to the Atlin Fisheries.

J. P. Todd, No. 2, 12,500 pounds, at 15.5c and 9c, to the Canadian Fish & Cold Storage Co.

NO TROUBLES FROM WEATHER CONDITIONS ON NORTHERN LINES

N. B. Walton, assistant general superintendent of the C.N.R. here, stated this morning that they had had no trouble lately on their line between here and Edmonton. While the weather had been mild, there had been no rains like they had had in the south. On Sunday and part of Monday the telegraph lines gave trouble but the railway service was not affected.

WORK OF LIGHTENING AMUR MAY START WITH ADVENT FINE WEATHER

While there have been no vessels in from the scene of the Amur wreck since yesterday morning, it is assumed that, with the advent of fine weather today, the work of lightening the stranded vessel of her cargo preparatory to floating her off White Cliff Island will have started ere this.

The tug Marmion returned to the Amur this morning and is expected back late this afternoon. Now that the Tees has arrived at the scene, the services of the Marmion will no longer be necessary.

PRINCE GEORGE WILL BE PUT ON PONTOONS

C.N.R. Liner to Have Overhaul Completed and Prince Rupert Will Soon be Docked

The Canadian Fish & Cold Storage Co.'s trawlers, Andrew Kelly and G. E. Foster, which have been up for annual inspection and repairs, went off the pontoons at the Canadian National dry dock today and preparations are now being made to dock the steamer Prince Gorge in order to complete her annual overhaul. The George will be put into service again shortly and the Prince Rupert will then go into the dock for her annual overhaul.

DATE OF FAIR IS ANNOUNCED

Big Annual Event Will Take Place from Sept. 9 to 13 with Opening in Evening

PRIZE LIST DISCUSSED

Plans Being Laid for Assembling of Monster Mineral Exhibit for Permanent Display

The 1924 Prince Rupert Exhibition will be held from September 9 to 13 inclusive and the formal opening will take place at seven o'clock on the evening of the first day, it was decided at the first regular business meeting of the new board which was held last night in the Fair Office. The decision to change the time of the formal opening from 2 o'clock as heretofore was made in order to make the ceremonies more convenient for the general public and thus secure a more general attendance.

One of the most important matters taken up at the meeting which was presided over by Vice-President Ben Self in the absence of President Joe Greer, who is on a business trip east, was the consideration of a preliminary report from the prize list committee. The report was gone over at some length clause by clause and was discussed thoroughly. Finally, it was adopted with some slight modifications. The clause relating to protest fees and time limits was amended making the fee $5 instead of $10 and making the time limit 12 hours after the making of an award. In connection with grain exhibits, it was decided that the entry of seeds of the current or preceding year's production would be allowed but that sheaf and stalk exhibits would have to continue to be of the current year's production.

Outside Exhibits

While the Association would undertake in the future as in the past to take care of exhibits from outside points and their disposal after the Fair, the Board decided to particularly invite out-of-town exhibitors to arrange if possible for some person coming to the Fair to take charge of them.

A written report was received from the building and grounds committee outlining the present condition of the Exhibition building and suggesting necessary repairs. The report was laid on the table for further consideration.

Communications read at the meeting included one from the Premier Gold Mining Co. indicating willingness to assist in the getting up of a characteristic exhibit of their ores, as a permanent exhibit at the station or elsewhere for the benefit of tourists and travelers. The government wharf was also suggested as a suitable site for such an exhibit.

D. McD. Hunter reported to the meeting that considerable circularizing of outside points in the district and further afield had commenced and results were already being noted. By the next meeting many replies might be expected.

Present at the meeting were Vice-President Ben Self, Honorary Secretary Frank Dibb, Directors Ald. R. F. Perry, Fred Scadden, H. M. Daggett, John Bulger, Thomas McMeekin, Dan Jabour, D. McD. Hunter.

Photograph shows the dipping of the colors as the Royal coach bearing their Majesties, the King and Queen of England, passed on their way to the opening of parliament.

Million Feet of Lumber for Canadian Scottish when she Comes Here at End of Month

When C.G.M.M. steamer Canadian Scottish, Capt. Hocking, comes here direct from the Orient about February 25, there will be 1,000,000 feet of squares from this district for her to load for Japan, R. V. G. Lepine, local representative of the H. R. McMillan Export Co., announced this morning.

Two scows will arrive from Swanson Bay—one having 100,000 feet and the other 100,000 feet of squares.

About 200,000 feet from interior mills is already piled on the lumber assembly wharf and 300,000 feet further will be brought here before the Canadian Scottish arrives.

Five mills in the interior are contributing to this next Japan shipment: the Lakelse Lumber Co., Amsbury; George Little, Ferrace; Royal Mills, Hanall; Webster & Black, Fraser Lake, and J. N. Dezell, Hutchinson. Some of these mills are at present closed but the lumber they are shipping was cut prior to this

C. H. Anderson of the Pacific Coast Lumber Inspection Bureau is at present in the interior inspecting the lumber prior to its being shipped from the mills.

NOT BEEN SEEN SINCE MONDAY

Fred Blondel Crosses Harbor at Seal Cove and Fails to Return

Fred Blondel, a fisherman residing at Seal Cove, borrowed a dory at the Canadian Fish & Cold Storage Co. plant on Monday afternoon to go across the bay to cut firewood and has not been seen since. Constable Alex. Saint of the provincial police scoured the neighborhood yesterday and, although he found freshly cut wood on the beach and floating in the water, discovered no trace of the dory or the man. It was a squally day on Monday and it is feared that Blondel might have met with mishap.

PLEASED WITH 8-HOUR DAY

Trades and Labor Council Expresses Approval of Work Done by Legislature

RAILWAY CARMEN NOW AFFILIATED

Labor legislation passed at the last session of the legislature was reviewed and debated at length at the meeting of the Trades and Labor Council last night. General satisfaction was expressed at the decision to make operative the eight-hour day next year. With this law in force combined with the sympathetic attitude of Sir Henry Thornton, president of the Canadian National Railways, it was felt that there should be little discord among the employees of the railway.

The abolition of the $5 poll tax was advocated and an effort will be made to facilitate the placing of names on the municipal voters' list. The various unions will canvas their members to see that all are on the provincial voters' list before February 23.

Brotherhood of Railway Carmen have decided to affiliate with the Trades & Labor Council and have elected Frank Derry, John Leach and E. W. Tucker as their delegates, all of whom were present last night.

There was a large attendance at the meeting which was presided over by Ald. S. D. Macdonald, president.

FOOTBALL PLAYER IS ARRESTED AND CHARGED ASSAULTING OPPONENT

VANCOUVER, Feb. 13.—George Russell, a member of the North Vancouver Elks soccer football team is alleged to have attacked and severely injured Sammy Lewis, a player on the St. Andrew's team on Saturday. He was arrested last night and charged with assault.

David Spencer of Vancouver Loses his Life Scaling Grouse Mountain and Arthur Willis also is Missing

VANCOUVER, Feb. 13.—Believed to have succumbed to exposure on the rocky ledges of Grouse Mountain, the body of David Spencer, 19 years of age, was found by searchers late yesterday, lying in a hole 3,000 feet up on the mountain side.

The fate of Arthur Willis, Spencer's companion, remains a mystery.

A party of experienced mountain climbers are leaving this morning to bring the body to the city.

It is presumed that the youths, who set out on Sunday morning to scale the mountain, lost their way before reaching the summit and wandered among rugged rocks through heavy timber and were caught in the terrific rain and sleet storm that prevailed on Monday. It is thought that Spencer perished and Willis continued in an effort to secure aid.

Young David Spencer was a cousin of Colonel Victor Spencer of the firm of David Spencer Company.

RELAY WIRELESS CALGARY TONIGHT

Message Delivered in Winnipeg to be Broadcasted by Western Station

WINNIPEG, Feb. 13.—Another step will be taken in the making of radio history in Canada tonight when a message delivered at Winnipeg will be broadcasted by station CFCN at Calgary.

This coup will be effected by means of a direct telephone connection between the Union Station, Winnipeg, and the W. W. Grant studio, Calgary, and Osborne Scott, general passenger agent of the Canadian National Railways here will deliver a brief message to radio fans throughout the west during the second Canadian National program to be broadcast from Calgary.

The wave length of CFCN is 440 metres and listeners in should tune their apparatus for that call at nine o'clock mountain time when the program is scheduled to start.

PREPARATIONS FOR ENTERTAINMENT OF NAVAL VISITORS

VICTORIA, Feb. 13.—Preparations are being made here to fittingly entertain the four thousand naval men who are expected to arrive here with the British special service squadron toward the end of June. It is suggested that there be a naval parade, a Navy League luncheon, land and sea sports, carnival and various other events.

PROVINCIAL POLICE ARE INVESTIGATING

Port Essington Jap Said to Have Hanged Himself—No Details Received

Provincial Constable R. Gibson of Port Essington is investigating the death of a Jap at the cannery town. Deceased is said to have hanged himself. Details have not yet been received at the office of the inspector here.

ASQUITH SHOWS TEETH TO LABOR

Threat by Leader Brings Statement on Capital Levy From John Clynes

FRENCH NEGOTIATIONS

Indications That House of Commons is Controlled by Liberal Party

LONDON, Feb. 13. — Former Premier Stanley Baldwin indicated today that the Conservative organization was not likely to take any action that would hamper Premier Ramsay Macdonald and his cabinet in negotiating with France. In opening the debate in the House of Commons, Mr. Baldwin said he gathered from the premier's statement yesterday that Great Britain was in process of either negotiating or entering into fresh negotiations with France.

H. H. Asquith, referring to the latitude the government had given the guardians of the Poplar district in London in distributing relief to unemployed, said emphatically that unless the government had reconsidered their action in this respect, there was not the least chance of the act receiving the countenance or approval of the House of Commons.

John R. Clynes, Lord Privy Seal, stated that the government would not approach any such question as a capital levy where national approval had not been given.

T. J. Shenton, inspector of mines, is sailing this evening by the Prince Rupert for Stewart on departmental duties.

Failed Through Lack Team Work.

Good team work always brings good results. That is a truism which it would be difficult to deny. If results are not obtained, the probability is that there is not the proper kind of team work. A few working together, not in unison but in harmony, can bring about changes that otherwise would be impossible.

In New York there had been a number of actors who wanted to improve the status of the theatre by producing better plays. They felt the public were not getting the best but that if if were given them the best would be appreciated. Accordingly they banded themselves together to produce the kind of plays they wished and the kind they thought the public ought to see.

The movement failed because there was a lack of team work. The actors and actresses worked at cross purposes and quarrelled most of the time.

Change Comes And Success Is Attained.

An article in the American Magazine for February tells how the idea was eventually put over, and how today it is a success. It was due to the energy, tact and perseverance of one woman accompanied by splendid teamwork on the part of six, two women and four men. They stuck together, having always in mind the main purpose and working always for it. Often they disagreed but they agreed to disagree and the majority ruled, the minority falling in with the ideas of the majority. Also they worked very hard and today they are a wonderful success. They have built themselves a new theatre and are still carrying on the work of giving the public plays that they could not otherwise see. Art before box office receipts is their guiding principle.

Advice To All Who Belong To Teams.

Theresa Helburn, the moving spirit of this team, tells in her own words what must be done if a team is to succeed. She says: "If you want your team to be a success, you must agree on your main purpose. Every member of the team must be absolutely in sympathy with that purpose. You must be willing to have the majority rule. You must not sulk when the majority goes against you. You must never say 'I told you so.' You must not hold post mortems over failures, except to the extent of trying to learn how to avoid mistakes in future. You must be modest in victory and cheerful in defeat. You must try to have a sense of humor. You must not try to be a lone hand player. Fight for your own ideas until you are licked, then work for the ideas that licked yours. Don't take refuge in alibis if you mak' mistakes."

Never Give Up Fighting For Principle.

Last autumn it was announced that Premier Baldwin of Britain and his Conservative colleagues were imbued with the principle of free trade within the Empire and protection against the rest of the world. They decided to abandon their fiscal policy of free trade and go in for protection with the idea of consolidating the Empire. It was a principle with which many Canadians agreed and if Canadians had had a say it would have carried by a large majority. However, this was a domestic affair for the people of that small part of the Empire contained within the island of Great Britain. It was put to the people there and they turned it down.

The Conservative Party was beaten because they stood for a principle in which it was thought they believed. But they did not believe it much, or perhaps they would have won. Last week a despatch comes through saying that the Conservatives of Britain have dropped their policy of protection. If this is correct it would seem as if they have given up the principles for which they have been fighting, simply for the purpose of getting back to power, unless the good drubbing they were given opened their eyes, cleared their conception and changed their minds.

Ogden's CUT PLUG TOBACCO

DENY COSTS SERVICE HIGH

Dr. McLean and Dr. Sutherland Both Tell of Economies in Their Departments

VICTORIA, Feb. 13.—In these days when opposition members in the legislature see an election just around the corner and are leaving no stone unturned to discredit the government, a comparison of figures of Conservative and Liberal administrations is interesting and perhaps enlightening.

Salaries paid in 1915-16 by the Conservative government amounted to $2,239,951. In 1918-19 this figure had been cut by the Oliver government to $2,089,125, according to information furnished by Hon. J. D. MacLean, provincial secretary. For the last fiscal year salaries amounted to $3,432,232. The gross provincial revenue in 1915-16 was $6,291,000, as against $18,758,000 last year; so that the ratio of salaries for 1922-23 only amounted to 16.7 per cent, as compared with the high figure of 35.6 per cent under the old government.

Expenditures in 1915-16 amounted to $10,083,000, and in 1922-23 to $20,799,000. The ratio of salaries to expenditures being 22.2 per cent for the earlier fiscal year and only 15 per cent last year.

Such figures give emphatic enough denial to the repeated statements that the present cost of the civil service is exorbitant. Hon. Dr. MacLean maintains that considering the amount of work handled by the present staff, the cost of administration is less than half of the former government.

Another Inaccuracy

An instance of the inaccuracy of charges made against the department of public works by the Third Party is shown in connection with road work done in 1921. The "Searchlight" pointed out that work which the engineers estimated would cost $4,000 has cost $9,698, an overrun of 117 per cent. Hon. Dr. Sutherland, minister of public works, referred to his files and found that his engineers had estimated that the work would cost $4,000 per mile. The work actually done for $9,698 was three miles of grading, two miles of gravelling and three and a half miles cleared and stumped; so that the job was away under the estimated cost.

"However, such an inaccuracy did not bother the Third Party at all," the minister exclaimed.

CHANGE OF SYSTEM CHARGING FOR HEAT

No Notice of Change Given Consumers but Bills Sent for Higher Amounts

The electric light and power departments of the city have been making a number of adjustments recently which affect some 22 different firms in the city and which will have the effect of increasing the amounts these will pay into the city for light and power. They are cases where the business and residential rates are combined on one meter. Now if the six cent rate is to be obtained for the purpose of heating with electric apparatus, there will have to be a separate meter for the residence, which of course means an increased tax of three dollars a year for meter rent. The change went into effect last month and the bills recently received bear no allowance for heating apparatus.

No notice of the change was given beforehand to the firms affected so that they might change the system. The notification they received was the account for the higher amount.

TO THE PUBLIC

WE would acquaint you with the following facts concerning our recent Forced Out of Business Sale and the advertising campaign carried in The Daily News during the month of December last.

Our Sale was forced upon us by our receiving notice to quit our present premises, the lease having expired.

However, owing to a change in plans of the incoming tenant our lease has been renewed recently, and we have decided to continue in business at the old stand.

A. W. Lipsin has left for the east to purchase a brand new stock of Men's and Boys' Clothing. In the meantime our present stock will be sold at Sale Prices until the end of February.

Thanking you for past favors and soliciting a continuance of your patronage

In the Letter Box

SWIMMING POOL

Editor Daily News.

It seems to be the natural order of procedure among certain clubs and societies to petition the newly elected city council of Prince Rupert for financial assistance in connection with business that they may advocate for the benefit of the community at large, with the inevitable result that the finance committee is left to report on same. In your issue of today the 12th inst, Ald. Macdonald again brought up the question of establishing a swimming pool on the Acropolis Hill from the overflow of the reservoir. His action is to be commended, for a stiff fight was made last year before the then city fathers and Ald. Perry also advocated the same. It was estimated that a sum of $1400, I believe, would cover the cost of same, but the autocrats of finance, decreed that it was not possible to finance the proposal.

Live Question

The question is a live one, and now is the time to boost for that which was considered a necessity for the kiddies last year, surely it must be a necessity this coming season, and I see no reason why our baseball, football and basketball clubs should allow this genuine pleasure and chance of teaching our boys and girls to swim, to be fought out by one or two of our aldermen, whereas with their active support and boosting would be a great help to influence the finance committee to give a favorable decision to the city fathers that would be the means of accomplishing the object of this letter.

Truly yours,

WAS CONSTIPATED FOR SEVERAL YEARS

If you have suffered from constipation for years, tried all kinds of remedies without getting relief, if you have been subject to all the miseries associated with constipation, wouldn't you consider it a blessing to be able to keep the bowels regular and in a good healthy condition and prevent disease getting a foothold on your system?

Milburn's Laxa-Liver Pills are indicated just for this purpose; their regular use relieving the worst cases of constipation.

Mr. M. Hedican, Sudbury, Ont., writes:—"I have been troubled with constipation for several years. I began to use Milburn's Laxa-Liver Pills and find them to be the best remedy I have ever used for regulating the bowels and liver. I always keep them now and recommend them highly."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

BENEFIT CARD PARTY AND DANCE GIVEN BY ELKS GREAT SUCCESS

The card party and dance staged last night by the Elks in their hall for the benefit of the widow of Chris Stepleton, a former member of the lodge, was a huge success.

There were 25 tables of whist and 10 tables of bridge. The prize winners were: Ladies' first at bridge, Mrs. R. McCarthy; ladies consolation Mrs. Bartlett; men's first, W. D. Vance; men's consolation, C. H. Elkins; ladies' first at whist, Mrs. W. Reid; ladies' consolation, Mrs. Henning; men's first, A. S. Prince; men's consolation, C. O. Rowe.

Refreshments were served and dancing commenced. Music was furnished by Mrs. Gawthorne's orchestra of three pieces which donated its services. The affair broke up about 2 o'clock.

The committees comprised Mrs. Arthur Bailey, Mrs. R. Newell, Mrs. E. H. Shockley, H. F. Glassey, master of ceremonies, L. M. Fuller on the door and C. H. Elkins.

LOCAL BASKETBALL PLAYERS GO NORTH

All Star Prince Rupert Aggregation Sails Tonight For Anyox

An all star Prince Rupert basketball team sails tonight by the steamer Prince Rupert for Anyox where on Thursday evening it will take on the best that town has to offer in the popular winter sport. The team will return to town Friday morning. The players who are to make the trip will be D. Balfour, R. Menzies, V. Menzies, James Mitchell, George Mitchell, Will Mitchell and Harry Astori. Harry Love and Harry Breen also expect to go with the team.

INLANDER WINS FROM BANKERS BASKETBALL

Game Played Last Night Was a Good One With Hamilton Star Scorer

The Inlander beat the Bankers last night at the Methodist gymnasium in the best basketball game of the Tuesday night series. Hamilton did most of the scoring for the winners, getting ten out of the total of 14. The Bankers got 10 in all.

The game was the best played so far. Several of the men were quite green at the game when the series started but they are now shaping up and are able to play more nearly according to rules. The Inlander led throughout, at half time the score being 10 to 2. The teams were:—

Inlander — Hamilton, Watts, Wrigglesworth, Garrett, and Thompson.

Bankers — Hamilton, Howard, Robinson, Warner and Wootton.

Referee—Radborne.

The municipal court of revision resumed session this afternoon at 2.30 and is now in progress. L. W. Patmore is appearing at today's session on behalf of the railway company's appeals.

The organization meeting of the Parent-Teachers Association will be held on Wednesday evening February 13 at 8 p.m. in the Auditorium of the Booth School. Teachers and parents cordially invited. 37

Ex-Mayor Louis D. Taylor of Vancouver, arrived in the city yesterday afternoon by the Cardena from Anyox where he has been spending several days. He plans on remaining here for the next week.

Mah Fen, Chinese, charged with attempting to sell lottery tickets, was dismissed in the police court yesterday afternoon by Magistrate McClymont on account of insufficient evidence. He was given a warning, however.

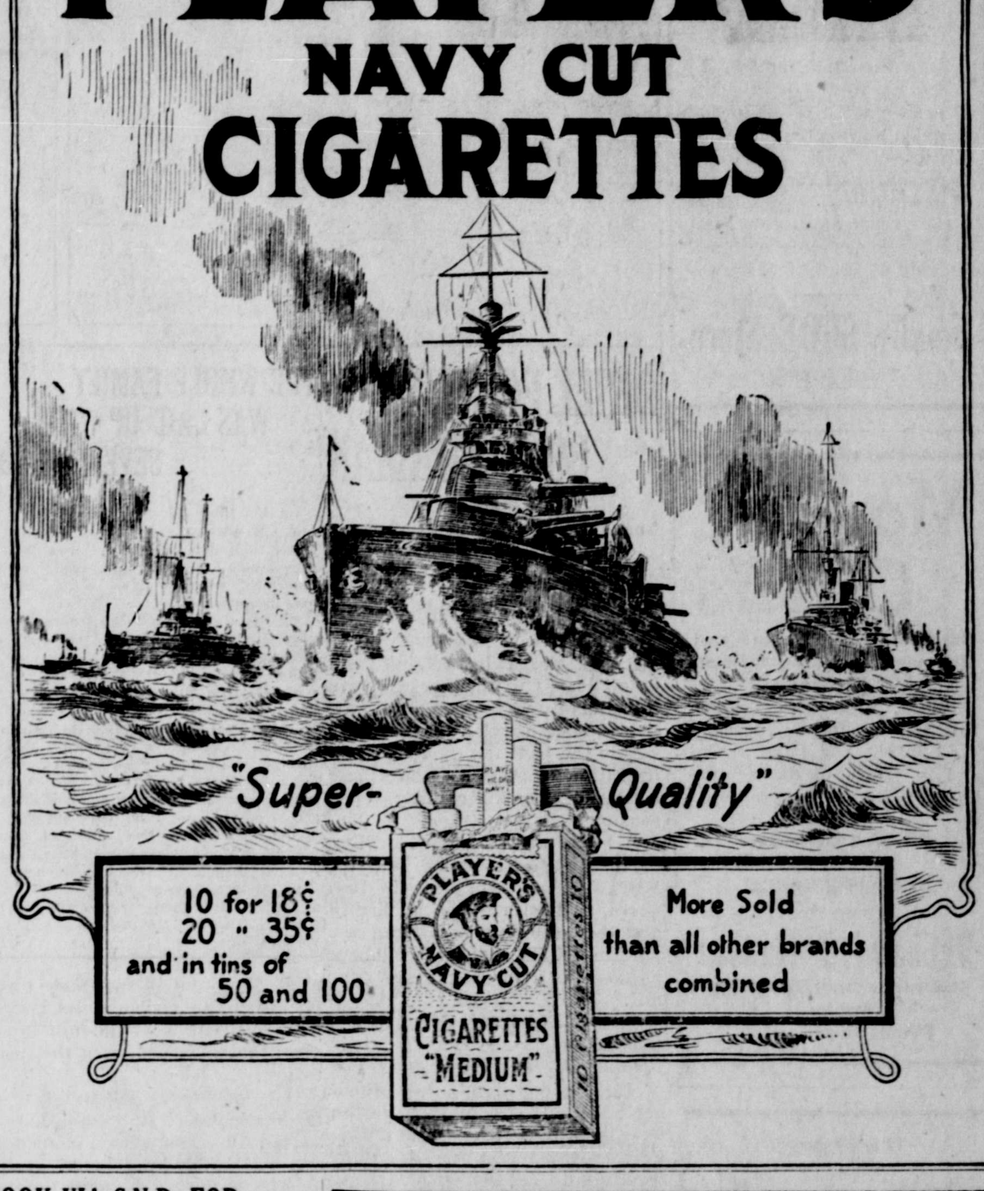
J. B. Scott, of the forestry department, is returning to his headquarters at Port Clements on the Prince John this evening. He has been spending several days in the city since returning from a holiday trip to Victoria.

Passengers booked to sail this evening by the Prince John for the Queen Charlotte Islands include: Rev. Arthur Barner for Skidegate; J. B. Scott and F. Hicks for Port Clements; Mrs. C. S. Archer and family and Mrs. Tait for Buckley Bay, and Mr. and Mrs. E. Clancy for Thurston Harbor.

E. H. Matthias, ranchor of Castor ,Alberta, is spending a week in the city for the benefit of his health and is registered at the Prince Rupert Hotel. From here he will go South. Mr. Matthias says that C. V. Bennett, formerly of this city, is now located in Castor and has a flourishing law practice there.

Union steamer Cardena, Capt. A. E. Dickson, was delayed in leaving for the south last night on account of loading fish at the Canadian Fish & Cold Storage Co.'s plant and did not get away until nearly 10 o'clock. The vessel had a large list of passengers southbound among whom were: Mrs. R. Leighton, Miss Laura Leighton, Martin Johansen, Ole Tennessen, E. A. Dagg, D. Emery, Ludwig Quale, P. J. Higgins, L. M. DeWitt, Charles Guzman, J. Gilles, Geoffrey Whitehead, Mrs. James Martin, Miss Thatcher, A. L. Flynn, A. Johnson, J. Knutson, P. J. Smith, Mr. and Mrs. Amstutz, W. A. Allen, Miss G. B. McCarthy and Miss Aileen McCarthy all for Vancouver. C. A. Pyne of Prince George went to Ocean Falls.

PLAYER'S NAVY CUT CIGARETTES



BOOK VIA C.N.R. FOR EMPIRE EXHIBITION

Special arrangements are being made and additional steamships being operated by the White Star, Cunard and Anchor-Donaldson lines to handle tourists desiring to visit the British Empire Exposition in England this summer. Close connections are made by the Canadian National Railways with steamers of these lines at Atlantic sea-ports. Passports secured and full information at City Ticket Office, Canadian National Railways, 528 Third Avenue, Prince Rupert, B.C. Phone 260.

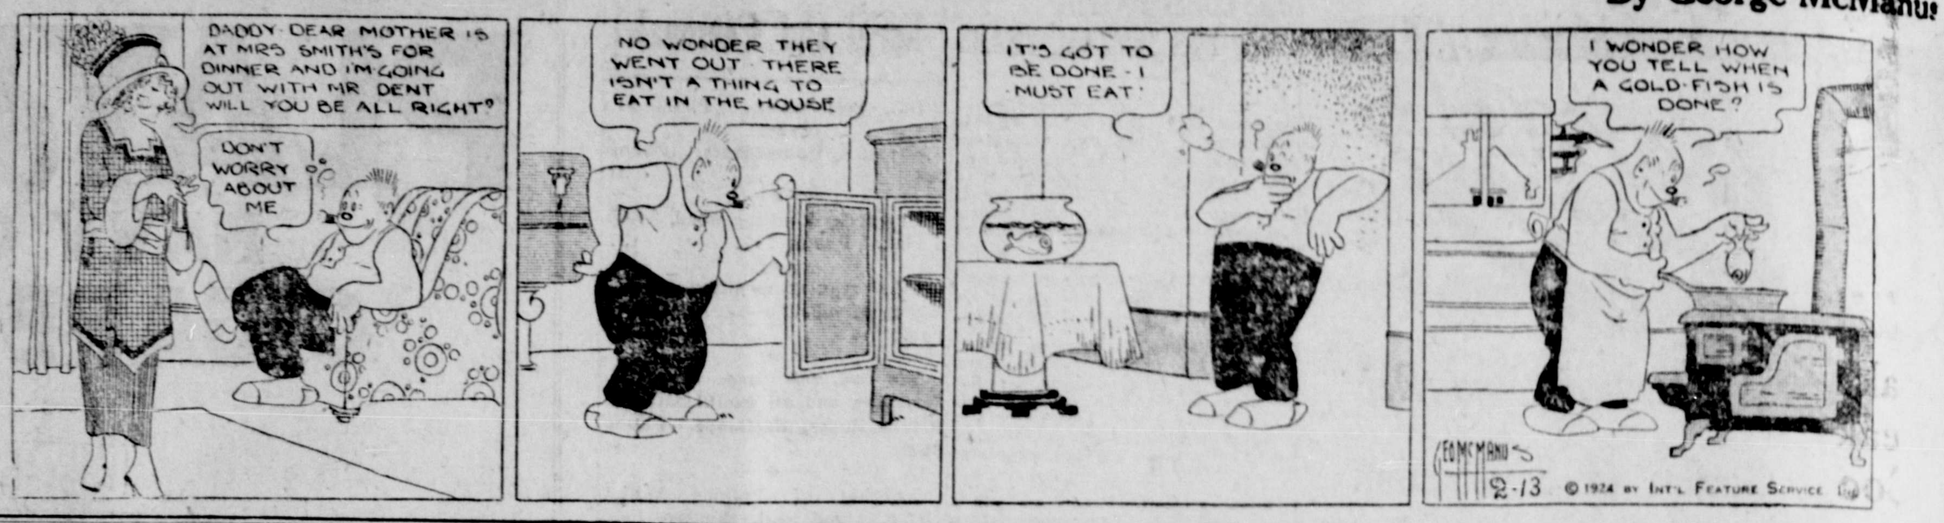
BRINGING UP FATHER

By George McManus



DRILL FOR OIL FORT NORMAN

Los Angeles Man Has Secured Claims and Will Put Down Well in Mackenzie Valley

EDMONTON, Feb. 13. — A. H. Stevens of Los Angeles, who in 1922 obtained title to 1,500 acres of oil leases in the Fort Norman area, has purchased an additional two thousand acres in Edmonton within the past few days, and will operate a drilling rig on these claims during the coming open season.

A heavy duty standard drilling rig has been purchased in Great Falls, Montana, for use in the north, and with other machinery and the necessary additional apparatus will be forwarded north as soon as river conditions permit.

Big Interests

It is understood that the Californian operator represents one of the larger oil interests which are battling for a foothold in the west, now that it has been definitely proven that this territory contains oil and somewhat sensational developments are looked for in this respect.

In addition to operating oil properties in California, Mr. Stevens is well known in this connection in Montana, Wyoming and Texas, while his company has recently acquired a concession of 22,000 acres from the government of Venezuela.

According to word received from the east it is stated that the Imperial Oil Company will also resume operations at Fort Norman in the spring; that the producing Number One well will be deepened, and that two new drillings will be put down.

News Confirmed

Recent government publications issued from Ottawa confirm the news which The Bulletin alone printed and re-iterated time and again. This was to the effect that the deepening of the first well greatly increased the flow and that with this oil almost pure gasoline, the Norman field was one of tremendous potential wealth to Canada. That the larger oil interests are cognizant of this fact also is well known.

LUMBER DOCK AT VICTORIA

Establishment There Means Much to City Says President Chamber of Commerce

VICTORIA, Feb. 13—The Canadian National Railway's plans for the establishment of a lumber assembly plant and terminal facilities here, were discussed by J. E. Dalrymple, vice-president of the traffic department of the C.N.R.

Mr. Dalrymple declined to name a definite date on which construction will be begun on a large twerty or twenty-six-car ferry which will connect the C. N. R. terminus in the Inner Harbor with the Ogden Point piers. He ventured the opinion, however, that it would be in the near future.

Only one ferry will be used in the service at first, he said. Later, as the business grows, a second one will be added. In all probability both will be built on the coast.

Grain Elevator

In the railway official's opinion, the proposal to establish a grain elevator here is both feasible and possible. He said that the Ogden Point piers offered the best site for such a purpose.

Commenting upon the Canadian National Railways' plans as outlined by J. E. Dalrymple, vice-president of the traffic department, for a lumber assembly plant at Ogden Point docks, terminal developments and the linking up of the terminus of the line to the docks by means of a car ferry, C. P. W. Schwengers, president of the Chamber of Commerce, with whom the railway officials was in conference, hailed the developments as establishing Victoria as an export lumber seaport.

Develop Port

"It may possibly mean," said Mr. Schwengers, "that Victoria will develop into the premier seaport of Western Canada. It will make the handling of lumber a more profitable business proposition for the entire lumber mills. At the present time the cost of bringing lumber to the ocean docks either in Victoria or Vancouver is so prohibitive that business has not been attracted.

"Now the Canadian National has come to the rescue and placed matters on a different footing and offered an incentive for additional effort to get an organization working to cater to the export lumber business particularly in view of the fact that we will now be in a position to export lumber from the Outer Docks as cheap or cheaper than from Vancouver.

"When the scheme is in full working order its effect not alone in advertising Victoria but in bringing additional business of ocean-going shipping here should add very materially to the general business development of the city.

THE WHOLE FAMILY WAS LAID UP WITH SEVERE COLDS

On the first appearance of a cough or cold our advice to you is to get rid of it before it has a chance to grow worse; gets settled on the lungs, and causes bronchitis, pneumonia, or other serious lung troubles.

Dr. Wood's Norway Pine Syrup will immediately relieve the cold or cough on its inception.

Mrs. David Ayres, Kearney, Ont., writes:—"Our whole family was laid up with severe colds, and we didn't seem to be able to get any relief from anything we used until, one day a friend came in and told me we would be sure to get rid of our colds if we used Dr. Wood's Norway Pine Syrup. I decided to take her advice, and in no time our colds were all gone.

Now, knowning the value of your emedy, we will always keep it on hand so as to have it in case of emergency."

Dr. Wood's Norway Pine Syrup is 35c a bottle; large family size 60c; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Sport Chat

The National League baseball schedule will open on April 15 for the season 1924 it is officially announced today. The games on the opening day will be: Brooklyn at New York; Boston at Philadelphia; Pittsburgh at Cincinnati, and Chicago at St. Louis. Boston will get its opener on April 23 with Philadelphia, Brooklyn with Philadelphia on April 20, Pittsburg with Cincinnati on April 24 and Chicago with St. Louis on April 23. The schedule is very similar to that of last year and provides for three, four and five day series with doubleheaders to be arranged here and there. The season will close on September 29 with Boston at Brooklyn, Philadelphia at New York, Pittsburgh at Chicago and Cincinnati at St. Louis. The schedule has been drawn up to fit in with that of the American League which will be issued shortly.

The Grotto billiard players, who sprung the surprise of the season last week when they stepped out and trimmed the league leading Veterans with one of the tidiest margins on the record sheet, will meet the Elks, runners up in third place in tonight's fixture. Only 19 points now divide these two teams in the aggregate of points for the season while they are but five points apart in the average. It will be a battle for second place with the added incentive of climbing up a little nearer on the Veterans whose lead was decreased materially last Friday when they were taken into camp for the first time. As the league games progress, the standing of the various teams get closer. Even the lowly Scots climbed up one rung on the ladder when they secured a narrow victory over the Sons of England on Monday. The Sons, themselves, dropped from second to fourth place.

This is the way the billiard teams will line up tonight:

C. Balagno (Elks) vs. George Waugh (Grotto) 1.30 p.m. at Great War Veterans.

A. A. Easson vs. J. Judge 7 p.m. at Prince Rupert Billiard Parlor.

F. Stephens vs. Jack Suden at billiard parlor at 8 p.m.

W. Mitchell vs. Bert Morgan 8 p.m. at St. Andrews.

W. Balagno vs. W. J. Nelson 5 p.m. at billiard parlor.

BILLIARD AVERAGES

SMELTER HAS VARIED CAREER

Canadian Mining and Smelting Company Likely to Again Pay Dividends

MONTREAL, Feb. 13. — The metallurgical achievements of the Consolidated Mining and Smelting Company of Canada, Limited, conveniently known in the financial sphere as "Smelters," constitutes one of the industrial romances of the Dominion. Conceived in the days when freights for the Canadian Pacific Railway in British Columbia were somewhat sparse, the combination was designed and financially sponsored by the railway to bring business and at the same time develop the mineral resources of that rich section of the country. In its initial stages this development had in mind largely the gold mining industry but in later years, after the acquisition of the Sullivan lead-zinc-silver mine, the industry changed its complexion completely for the better so that today, to the great advantage of its shareholders, it constitutes one of the greatest leadzinc propositions in the world and is assured of a very warm place in the industrial sunlight.

Its history and growth since its inception in 1906 constitutes an interesting story and after various viscissitudes the consolidation has emerged from various stages of expansion and experimentations into a substantial and solidly constituted money maker which has been very materially assisted by the phenomenal change in the position of the world's lead market. No little credit is due the management for its success in solving the treatment of the refractory ores of the Sullivan mine and gradually reducing the cost of production of lead to a point where it can command a place in the lead markets of the world in competition with industries in various countries many years its senior.

New Concentrator

The company rounded out its principal plant expansian last September with the completion of the new 2,500 ton concentrator at Kimberley. It had been transporting the Sullivan ores by rail, at considerable expense, to its smelter at Trail B.C., but this was at the best an uneconomic method and added materially to the cost of production. The ores are now concentrated at Kimberley and the matte smelted at Trail. Between the time operations were commenced at the concentrator and the end of the year the company handled 1,800 tons per day on the average but it was recently stated by President Warren that this would be increased to 3,000 tons per day by the first of April, the ability of the plant to handle that tonage being undoubted, although nominally described as a 2,500-ton per day unit. It will thus be seen that this profitable part of the company's business will be greatly increased during the present year.

The annual financial report for 1923 is now in course of preparation and will in the ordinary course of events be available for shareholders in the course of a month or slightly more. What the company earned during that period is as yet largely a matter of conjecture outside the inner official circle but some inkling of the year's success may be obtained from the action of the market for the company's shares which have shown marked appreciation in the past few weeks.

The first concrete evidence of the substantial character of the earnings came with the declaration in December of a 6 per cent dividend out of 1923 earnings. This was paid on January 15th. A distribution of profits out of the past year's results was quite an agreeable surprise to the great majority of its shareholders, it having been assumed that the company was determined to retain 1923 profits to further strengthen working capital position. It was generally taken for granted that this would preclude the likelihood of dividends until the current fiscal year. It was therefore evident that the earnings had accumulated at such a rate that it would not be necessary to longer defer dividend action, the last payment of the preceding series having been paid in 1920.

Its Record

The company has had a varying dividend record, having distributed 7½ and 8¾ per cent respectively the first two years of its existence—1906-07. For the following four years nothing was paid but in 1912 it embarked on a modest 4 per cent which was increased to 8 per cent in 1914 and to 10 per cent in 1916. This rate was maintained until 1920 since when there has been a blank until the 6 per cent payment this year, as previously mentioned. The company continued the 10 per cent in 1918-19 although the indicated earnings only ran 7.97 and 7.84 per cent., the balance being taken from surplus which dropped down to 8809,014 in 1920 from a maximum of 82,360,275 in 1917. By the end of 1922 the surplus had been restored to 82,055,185 and will undoubtedly be shown at a substantial increase in the forthcoming statement.

MANY HERE SLOWLY POISONED WHEN FILTER BECOMES CLOGGED

Poisoned! Yes, that's exactly what happens to you and many others here when your liver, the body's filter, becomes too clogged and sluggish to purify your blood, aid digestion and nourishment or keep your bowels moving so that waste matter is eliminated from the intestines.

It is easily to know when your liver is out of order. Just answer this: Do you wake up mornings feeling dull and tired, bad taste in your mouth, offensive breath or coated tongue? Are you bothered with sour stomach and gas; heart palpitation sick-headaches or a tired-out, nervous, upset condition? Is your system so run-down you catch cold easily and can't throw the cold off.

Get quick relief! Build yourself up by taking a good tonic, as your doctor would advise. Dr. Thacher's Liver & Blood Syrup has been praised by numbers who suffered from just such troubles because it contains ingredients known to Physicians for their corrective, health-building properties. Let it clease and tone your liver, put your stomach in condition, send your blood coursing through your veins and keep you feeling fine. You will be completely satisfied; otherwise druggists are authorized to refund the small cost.

Dr. Thacher's Liver & Blood Syrup is sold and recommended by Ormes Ltd., Cor. 3rd Ave. and Sixth St., Prince Ruperl, B.C., and by leading druggists in every city and town.

QUEEN CHARLOTTES

Messrs. Emmons and McPhail visited Yakoun River last week on a tour of inspection of the coal ,oil and tarvia propositions in that locality.

Mr. Flynn accompanied by an interested party, visited the black sand area on the East coast of Graham Island a few days ago. It is a strange coincidence that gold may be found along the East coast of Graham Island covering over one hundred miles of beach. Many attempts have been made in recent years to extract gold from the sands in paying quantities but without success. The gold claim washing plant on the shores of Masset Inlet has been closed down.

H. Simpson, of the Langara Fishing and Packing Company, returned to Naden Harbor on the last steamer. Arrangements are being made for re-opening the cannery there. It is also proposed to construct a large Clam cannery nearTow Hill, on the banks of the Hi-ellen river, to handle the products of the beaches in that locality. It is the intention of the company to engage a large number of men and women during the spring and early summer months.

The death of Jasper Amos, a returned Indian soldier, took place at the Massett Indian Reserve recently. The deceased enlisted early in the great war and went overseas where he contracted tuberculosis and was invalided, although he remained in England until the armistice was signed. The Massett Indians made all arrangements for the funeral, two of their societies constructing the casket and attending the funeral in their regalia. The service, held at St. John Church, Massett, was most impressive. The deceased leaves a wife and four young children to mourn the loss of one who was respected by all who knew him. The remains were interred alongside those of another soldier, the late Edward Dix.

A wedding party, of which Douglas Edenshaw and his wife are the principals, are in in Alaska awaiting weather conditions, in order to return. Mr. Edenshaw went to the home of his bride on a gasoline launch, and was accompanied by his parents and sisters, with a number of other relatives. He was united in marriage to Miss Wallace, a talented young lady, formerly a school teacher, at Hydaburg. While in Alaska, the shaft of the boat was broken, which delayed the party. They will return to Buckley Bay, where Mr. Edenshaw is a trusted employee of the Massett Timber Company. The young couple will take up residence at Buckley Bay.

Residents of the Queen Charlotte Islands are eager to have steps taken to place a "Game Preserve" on some of the islands of the archipelago. Mountain goats, sheep, deer, moose, elk and other animals would thrive, over the thousands of acres of land, freed from extremes of weather, at all seasons of the year. Black bear and the tame deer roaming the islands are multiplying. The absence of wolves, cougers and similar animals should be an incentive to those in charge of the game department to take advantage of the best possible field for the conservation of game on the Pacific Coast. The north end of Graham Island with a number of adjacent islands has been free from frost and snow during the winter months. From Cape Know to Skidegate Inlet, extending over one hundred miles, there are no habitations of whites or indians. The coast line comprises sandy beaches and rocky shores, with a background of land fitted only for pasturing wild animals. The English red deer, with the native deer, are multiplying unmolested by man or beast. The mountains of the interior of the islands would be the best of feeding ground for mountain goats and mountain sheep. Some persons with an idea of starting a National park, should take cognizance of the natural park contiguous to the transcontinental railway.

MILLIONS and Movies

THROUGH the medium of slender strips of celluloid an actor appears simultaneously on thouands of screens in as many different towns. On the same evening, he entertains great armies of film fans who eagerly pay their money to see his performance.

So the movie star commands a king's ransom for a salary, and a fortune is spent profitably, to provide a proper background for his art. The movie multiplies personality---and earning power.

Advertising does the same thing for a merchant or manufacturer. In a single day it takes his message into thousands of homes---to tell folks why they should have his goods and how to get them. Advertising endows him with a thousand voices with which to tell his story.

But the value of advertising is by no means confined to the advertiser. It has a very definite value to you.

A glance through this paper enables you to sift out the things that interest you. Sitting in your easy chair you can compare values and prices. in a moment you can tell exactly where to go for what you want and how much to pay.

Figure how much useless walking and talking and how much actual money you can save by spending a few moments daily with the advertisements.

READ THE ADVERTISEMENTS

BURNS LAKE

A. R. Brown, M. F. Nourse and A. M. Ruddy have been elected to the first council of Burns Lake which was recently incorporated under the Village Act. Mr. Brown was chosen chairman of the board.

Gordon B. Robb, Mrs. M. F. Nourse and Mrs. D. M. Gerow, have been elected to the board of managers of the Union Church here. The other members, whose terms have not yet expired are R. G. Stearns, C. E. Imeson and D. A. Titus.

The Burns Melody Orchestra has been organized here with Mrs. H. J. Jewell as president. The new music dispensers held their first dance on Saturday evening last.

Lloyd Wilson of the Royal Bank staff here is spending a holiday in Prince Rupert with his parents.

The newly erected Presbyterian Church at Wistaria was dedicated recently by Rev. Dr. G. A. Wilson, superintendent of missions, Vancouver, assisted by Rev. J. R. McCrimmon of Burns Lake.

STEWART

The Stewart Citizens' Association is asking the federal government for increased dock accommodation here this year.

First payment has been made on the Ibex and Homestake properties on Texas Creek which were recently bonded by Pat Daly. Mr. Daly has gone south to bring in supplies for work of development which will commence very soon.

The Eldorado Gold Mining Co. Inc. has elected the following directors for the year: President, John A. Campbell; vice-president, Thomas V. Wilson; secretary treasurer, Harold H. Gramm; directors, C. W. Wiley and A. W. Leonard.

WOODCOCK DAIRIES

LIMITED

Starting February 1,

The Woodcock Dairies Ltd. will take over the business of the Prince Rupert Dairy, delivering milk and cream direct from the farm at Woodcock to the Prince Rupert homes.

All our cows have passed the most rigid tests as to health, etc., and are living under natural conditions, ensuring our customers getting a first class product.

ALBERTA PLANS LIQUOR LAWS

Bill Now Before Legislature at Edmonton Differs From B.C. Regulations

EDMONTON, Feb. 13.—No very great changes are shown in the final draft of the government's liquor control act, which are now before the Legislature.

Permit fees are provided as follows: Entitling the holder to purchase spirits, wine, beer and malt liquor, $2.00.

Entitling the holder to purchase beer only, $1.00.

Single purchase permit, for spirits, wine, beer or malt liquor, 50c.

Temporary permits, valid for one month, will be issued to visitors at one-half the above fees.

Advertising of liquor is made subject to the regulations imposed by the liquor commissioner. Advertising of any kind was prohibited entirely in the original draft, but under the new draft will be controlled by the commissioner.

Division of Profits

The basis of division of profits is 65 per cent to general revenue and 35 per cent to be apportioned among the municipalities of the province on the basis of the supplementary revenue tax levied in all provincial municipalities.

The new draft act provides for imprisonment on first offence for any employe of the board, or of a brewery, who gives away liquor or beer. Brewers may deliver beer to licensed premises, to clubs and to individual holders of permits.

A resident may, either in his own home or in his guest room at a hotel, where he is registered, give liquor to a friend, but only while in such residence or hotel room.

The right of search without warrant, for contraband liquor, will be given only to inspectors and constables who are issued with a certificate from the attorney-general's department, giving them this authority.

Local Option Clauses

There is no change in the local option clauses from the original draft of the act.

Attorney General Brownlee states that this is the final draft so far as the government is concerned.

While general satisfaction is expressed with the bill, several factional fights are expected to develop from various sources while the bill is going through the house.

There will be those who will oppose most strongly the sale of beer in both hotels and clubs, and it is to be expected that the prohibition forces will centre their attacks on these two items of the bill.

From another source will come objections to the necessity for beer permits for those who desire to consume beer, and here again a considerable storm will probably develop before this part of the act is adopted.

The final fight will be against the local option clauses, which have found some opposition on both sides of the house.

Tenders are invited for the annual overhaul of the C.G.S. "Malaspina" and "Givenchy." Copies of specifications can be obtained on application to the undersigned or to the Fisheries Office at New Westminster or Prince Rupert.

Tenders are to be plainly marked on the outside of the envelope "Tenders for the repairs to the C.G.S. "Malaspina" and "Givenchy," and must be received at the office of the undersigned not later than 12 noon, March 10th, 1924.

Both boats will be available for inspection at Vancouver the 19th of February, 1924.

Period required for completion of work to be stated.

A certified cheque for 10% of the amount of the tender price and payable to the Minister of Marine and Fisheries must accompany the tender.

Lowest, or any tender, not necessarily accepted.

(Sgd.) J. A. MOTHERWELL,
Chief Inspector of Fisheries,
Molson's Bank Bldg.
Vancouver, B.C., February 4, 1924. 37

TIMBER SALE X 5767.

Sealed Tenders will be received by the Minister of Lands at Victoria not later than noon on the 21st day of February, 1924, for the purchase of Licence X 5767, to cut 3,640,000 feet of Spruce, Balsam, Hemlock and Cedar, on an area situated on Channel Island, Gardner Canal, Range 4, Coast District.

Three (3) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

TIMBER SALE X 5763.

Sealed Tenders will be received by the Minister of Lands at Victoria not later than noon on the 21st day of February, 1924, for the purchase of Licence X 5763, to cut 4,117,000 feet of Spruce, Cedar, Hemlock and Balsam, from an area situated at the head of Tucks Inlet, N.W. of Prince Rupert, Range 5, Coast District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

ESTATE OF ALFRED WYNDHAM CARTER: DECEASED.

TAKE NOTICE that Probate of the last will of the above named deceased was duly issued out of the Victoria Registry of the Supreme Court of British Columbia on the 3rd day of January, 1924, to CAROLINE AGNES HEPPEL CARTER of Victoria, the Executrix therein named:

SINKS AND DRAINS

Use a little of Gillett's Lye when the kitchen or bathroom drains are clogged. It works wonders! Use it also for cleaning and disinfecting Closet Bowls; for softening water, making soap, cleaning dirty floors and greasy utensils. It has over 500 different uses and a can should be kept handy in every home. Avoid costly and dangerous substitutes. Insist on the genuine

GILLETT'S 100% PURE FLAKE LYE

MISSIONARY GOES TO OTTAWA TO TELL OF INDIAN LANDS CLAIM

NANAIMO, Feb. 13.—Rev. P. R. Kelly, of the Nanaimo Indian Mission, has gone to Ottawa, having been summoned in his capacity, as chairman of the executive committee of the B.C. Indian tribes to give evidence in connection with the Indian lands question.

This is a sequel to the conferences with Dr. Duncan C. Scott when the Deputy Superintendent General of Indian Affairs was on the coast last summer, and met the deputation both here and in Vancouver. The lands issue as the keystone of the fourteen points in the application for extension of privileges to Indian tribes.

HAREM MUST GO SAYS INQUIRY COMMISSION

ANGORA, Feb. 13.— Polygamy and the harem may disappear from Turkey, if the recommendations made by the Turkish parliamentary commission are adopted by the national assembly. On the grounds of economy, and because of the growing scarcity of marriageable women, members of the commission believe that the modern Turk should be content with one wife. They believe that if each man were to avail himself of the four wives permitted by the Koran there would not be sufficient women in Turkey to make possible one wife for every man.

Geoffrey Whitehead, who has been promoted from the accountancy in the local branch of the Canadian Bank of Commerce to management at Revelstoke, sailed for the south on the Cardena last night. A. H. Carmichael has arrived from Seattle to succeed him.

Miss Bernice Clay of Anyox, Miss Anne Castell of Smithers and Miss Georgina Hunter of Prince Rupert have joined the staff of the Prince Rupert General Hospital as probationers preparatory to entering training for the nursing profession.

When you buy advertising you buy CIRCULATION, and see that you get it. tf

ALICE ARM

Walter McDonald and partners, who have been cutting cordwood by contract for the Granby Co., had a serious misfortune last week when 100 cords of wood piled on the beach was lost on a high tide. In addition 40,000 feet of logs were lost.

Logging operations commenced last week at the camp of the Abbotsford Logging Co. Eric Carlson has ten men at work pulling a number of piles already yarded into the water. As soon as weather conditions permit logging will be resumed full blast. J. O. Tretheway has arrived from the south to supervise the starting up of the work.

The Granby Co. will commence logging operations at Alice Arm within a fortnight it is understood with 25 men on the job to commence with. The first work to be done will be the building of a mile of railway track on the Kitsault flats. The Dolly Varden railway will be used for the hauling of logs to tidewater from the west bank of the Kitsault River.

The new store constructed by Steve Dumas has been finished. The building is 20 by 40 feet in dimensions and is two storeys high. George Beaudin is putting up another 20 by 40 foot building.

Walter McDonald has secured the contract for cedar piles for the Kitsault River bridge. He left last week with Archie McPhail for down the inlet where the piles will be cut.

Al Falconer and his daughter Jean have returned home from a trip to Vancouver.

Word has been received here that Ed. Pickett, a pioneer prospector of Alice Arm, has been married in California.

George Stockford, general merchant of Port Clements, who arrived this week from the Queen Charlotte Islands, left on last night's train for Saginaw, Michigan, on a holiday trip.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.
