TREATY WITH GERMANY GIVES EACH NATION MOST FAVORED TRADE TERMS

Anglo German Treaty Signed Today Provides Mutual Pre-war Basis

LONDON, Dec. 2.—The Anglo-German treaty was signed this afternoon by representatives of governments of both nations. The nations thus forget their war differences and return to a pre-combatant basis of mutual preferential treatment. The terms of the treaty stipulate that Germany grants Britain most favored nation treatment and guarantees against discriminatory treatment and limitation of imports. The British government agrees to introduce into parliament a bill removing all war restrictions still imposed against Germans in England. Germany will also be allowed several minor trade concessions.

LEGISLATIVE CRITICISMS

Manson and Others Make Explanations Regarding Various Matters

VICTORIA, Dec. 2.—"We have been living in a fool's paradise in regard to tuberculosis in cattle," declared Hon. Dr. Sutherland in the Legislature.

Tuberculin has failed and Hon. E. D. Barrow explained that a new method of testing was being employed which would result in fewer cattle being slaughtered but be just as safe for the milk-consuming public.

Answering Mr. Pooley's criticism on the appointment of Joseph Walters as chief movie censor, the Attorney General declared Walters was reputed to be a good man qualified for the job. "I'm not in the habit of appointing Conservatives where I can find a good Liberal to fill the bill."

Objection was taken by Conservatives to incorporation of the liquor control operatives in the provincial police department.

"Stool Pigeons!" said Despard Twigg, but the Attorney General said they were detectives. It is not pleasant work, said Mr. Manson, but the Liquor Act is unenforceable by school teachers.

TORNADO IN FRANCE

Buildings Crumpled at Nice and Seventy People Injured

NICE, France, Dec. 2.—A tornado of 20 seconds duration swept the city Monday. Many buildings were crumpled and 70 people injured.

YUKONERS TO GET LIQUOR

Shipment Gone North on Princess Ena due to Arrive Before Christmas

NEW WESTMINSTER, Dec. 2.—The C.P.R. steamer, Princess Ena, left today for Skagway with ten or more car loads of liquor which is due to arrive at Dawson in time for the Christmas of the Yukoners. This is the first liquor shipment to be despatched since the governments at Ottawa and Washington reached an agreement to relieve the Yukoners' drought.

Mrs. Victor Bengston of Maple Bay is a passenger going south on the Gardena today to Vancouver and Seattle on a holiday trip.

EXPERT ADVICE POWER SUPPLY

Proposal to Bring Expert Here Advanced by Ald. CoXart

Referring to statements that had been made by the superintendent of utilities at a recent meeting of the Prince Rupert Ratepayers' Association, Ald. Collart submitted a resolution to the city council last night that Mr. Anderson, hydro-electric expert of Vancouver, be brought here to give a report on the practicability of enlarging power production at Woodworth Lake.

As a similar suggestion had been advanced by the utilities committee last year and at that time had been turned down by the council, Ald. Macdonald felt that the suggestion might again be referred to committee.

The discussion led to the condition of the dam at Woodworth Lake and it was stated by Ald. Macdonald that the superintendent had deemed there was no immediate danger though there were leaks.

As the superintendent of utilities and the city engineer had been instructed to make a report on the dam, Ald. Macdonald felt that Ald. Collart's proposal might be deferred until that report had been received. Ald. Macdonald stated that it was impossible to get a report on the dam now because there was an unusually heavy flow of water over it.

Ald. Casey made queries as to the present capability of the city to take care of the requirements of the mill and the elevator.

To these Ald. Macdonald concisely replied: "If the mill should start next Monday and require power then, the city would be in a position to supply it. The elevator will not be needing power till next October and, in the meantime, there is plenty of time to take care of the situation. In addition, we always have the dry dock as an emergency."

Ald. Collart's suggestion was left in the hands of the utilities committee.

CANON GOULD OF TORONTO GUEST OF WOMEN'S CLUB

Canon S. Gould of Toronto, general secretary of the Canadian Church Missionary Society, addressed the Women's Canadian Club at a luncheon in his honor at the Boston Cafe this afternoon. Mrs. C. A. Eggert, president of the club, presided and there were about forty members present.

STEWART MAN HAS BEEN MISSING FOR MORE THAN WEEK

According to word received from Stewart today, Norman McKenzie, carpenter of that place and well known around Prince Rupert, has been missing for a week. He was last seen when he left his cabin at Stewart a week ago yesterday. A search has been conducted in all directions but without avail in discovering trace of him, and it is now feared that he may not be alive. McKenzie was 50 years of age.

BODY FOUND

The body of Elta May Gildersleeve, little daughter of Mr. and Mrs. Gildersleeve of Gardner Canal, who was drowned last week when she fell from a log leading from one boathouse to another, was recovered before the provincial police arrived at the scene of the fatality. Interment took place at Gardner Canal.

CHAPLIN HAS YOUNG WIFE

Birth Certificates Show Her to be Only Sixteen But Married as 19

LOS ANGELES, Dec. 2.—A copy of the birth certificate of Lillian Louise McMurry, known as Lita Grey, who recently married Charlie Chaplin, published by the Times shows her age as 16. Under the laws of California she is compelled to attend school until 18.

The records at Empalme Beach, Mexico, where they were married last week show Mrs. Chaplin's age as 19 and that of Charlie as 35.

COMMONS OPENS

LONDON, Dec. 2.—The recently elected House of Commons assembled this afternoon and unanimously elected J. H. Whitley speaker.

Tenders Are Being Called For Elevator Foundations and Work to Commence Early in New Year

OTTAWA, Dec. 2.—Tenders are being called by the department of trade and commerce for the excavation and foundation work for the new grain elevator to be erected at Prince Rupert. The tenders are to be in by January 2. Provision is made for a start on the Prince Rupert elevator in the supplementary estimates of last session of Parliament, when \$150,000 was voted for the purpose. Officials of the department state that work will commence early in the year.

A company has been formed locally to tender on the work, which is understood to be let in two separate contracts, one for excavation and filling and the other for the foundation.

While there are no copies of the revised specifications, here, they have been wired for. It is understood that instead of a large amount of piling for the dock as was originally intended, there will be a rock fill with piling along the face.

The local company will tender on each contract and also on the main building when the time comes.

IRISH BOUNDARY COMMISSION MEETS

Prediction That Free State Government Will Resign and De Valera Form Cabinet

LONDON, Dec. 2.—The Daily Mail Dublin correspondent reports that the Irish boundary commission when it meets Thursday is likely to concede nothing more than mere adjustment of the boundary and that the Free State representation commission will resign. Withdrawal will be followed by the resignation of the entire Free State government and that the government would be handed over to De Valera. This will mean repudiation of the treaty.

DULIN, Dec. 2.—The London report that the Free State government is ridiculed in well-informed circles. The government would resign in favor of

EDMONTON WINS AT VANCOUVER

Beats B.C. Team in Opening Game of Western Canada Hockey League

VANCOUVER, Dec. 2.—Edmonton won in the opening game of the Western Canada Hockey League series which was played here last night with the Vancouver Maroons, the score standing five goals to four after nearly 20 minutes overtime.

The score at the end of the third period was four to four.

DOWAGER QUEEN HAS BIRTHDAY PARTY AT SANDRINGHAM HOME

SANDRINGHAM, Dec. 2.—Despite failing eyesight and growing deafness, Queen Alexandra yesterday celebrated her eightieth birthday pleasantly and quietly surrounded by members of the Royal family including King George and Queen Mary, Crown Prince Olaf and Queen Maude of Norway, the Prince of Wales and the Princesses Royal and Victoria. All the royal guests brought presents.

W. Howard, inspector of wireless stations, who has been in the north for the past two or three weeks on official duties, is returning on the Gardena this afternoon to his headquarters in Victoria.

PRINCE RUPERT DOES BIG BOOZE BUSINESS

Average Daily Turn Over at Vendor's Shop is \$1,500—Beats Other Cities of Similar Size

The average daily turnover of the government liquor vendor in Prince Rupert during the seven months ending October 31 was something in excess of \$1,500. The average is struck from figures given by the attorney-general in the legislature last week in answer to questions. He announced that the sales for the Prince Rupert store for the seven months had totalled \$273,159.

Figures during the same period for other cities in the province of similar size were as follows:

New Westminster	\$179,737
North Vancouver	74,066
Kamloops	127,629
Nanaimo	211,301
Nelson	161,641

Robert Bennett, Indian, was fined \$10 in the city police court this morning for intoxication.

PHONE CHARGES ARE DISCUSSED

Bylaw Providing For Reduction of Fifty Cents a Month Proposed

Ald. Macdonald announced at last night's council meeting that a bylaw providing for revised utility charges was to be submitted by the committee. Among other things, a reduction in the charge for main line and party line telephones of 25c per month was being proposed. This, together with a proposed 25c discount increase, would mean a net reduction in charge of 50c a month. The reduction in revenue would thus be about \$6,000 per year, it was estimated.

Other matters affecting telephones were discussed. Ald. Macdonald stated that orders had been issued that special signal rings on single lines had been ordered discontinued except in the case of doctors. The practice of asking for two, three or four rings had become such a nuisance that it had been found necessary to order it discontinued.

UNOFFICIAL LIBERAL ELECTED TEMISCOUTA

Pouliot Elected Over Official Nominee of Government Party

RIVIERE DU LOUP, Dec. 2.—The federal riding of Temiscouta today returned an unofficial Liberal, Jean Francois Pouliot, in the by-election due to the death of Charles Gauvreau. His majority was around the three thousand mark.

Dr. E. Parrott was the official nominee of the Liberals.

Eighty to Ninety Thousand Dollar Haul Made by Bandits Moosejaw Post Office Yesterday

MOOSEJAW, Dec. 2.—Three masked men entered the post office at ten o'clock last night and held seven members of the staff under menace of revolvers while they forced James Jones, clerk at the registered mail wicket to toss them seven money packages containing between eighty and ninety thousand dollars.

The bandits escaped before the police could take action, and got away in an auto.

City, provincial and mounted police are scouring the countryside for the bandits.

BUILDINGS TO BE FIREPROOF

New Bylaw Put Through First Reading Last Night

The newly amended city building bylaw was put through its first readings at last night's council meeting, considerable discussion taking place in the committee stage.

Under the bylaw, two fire limit areas are to be established in Section 1. No 1 fire limits will include property between Second and Tenth Sts. and Fraser St. to Second Av. and Styles and Wayne Places. No 2 fire limits will comprise the balance of Section 1. Ald. Collart submitted an amendment that property on Wayne and Styles Places, which was not very valuable, be not included in the building requirements set down for No. 1 fire limits. The amendment was voted down, only the mover being in favor of it.

The bylaw sets out the classes of buildings that may be erected in the fire limit areas. Among other requirements, all buildings in No. 1 area must possess at least one brick fire wall.

Erection of buildings in all parts of the city come under the bylaw also repairs and additions. There are particular requirements governed by the location as to being in the fire limits or otherwise, for walls, framing, foundations, roofs, light shafts, sky lights, floor loads, chimneys, etc.

Certain revisions will probably be made in the bylaw as it now stands before it is finally adopted.

The mayor brought to the attention of the council outside chimney requirements. He suggested that a minimum of six feet above the roof be set. This was considered by other members of the council to be too high. The matter will, however, likely be included in the bylaw.

Back From Street

Ald. Collart felt that a limit for the distance that a house may be built from the street property line be set so as to improve the appearance of the city. He also suggested that there be some limitation as to the number of houses that may be built on a single lot. The suggestions met with approval and advice of the city solicitor will be obtained as to the possibility of admitting such clauses into the bylaw.

After considering the bylaw clause, the committee arose and reported progress. It will come up for further discussion next week.

A. Wallstedt, district supervisor of the Moose Lodge, passed through on the Princess Mary yesterday afternoon bound from Vancouver to Juneau.

J. D. GALLOWAY GETS PROMOTION

Resident Mining Engineer at Hazelton Succeeds W. Fleet Robertson as Provincial Meteorologist

John D. Galloway, for several years resident mining engineer at Hazelton for the provincial government, has been appointed provincial mineralogist and will leave next month for Victoria, his new headquarters. He succeeds W. Fleet Robertson, who has retired after a long and faithful service. The departure of Mr. and Mrs. Galloway from Hazelton will be generally regretted for they have become very popular in that district. Mrs. Galloway and daughter returned to Hazelton on Sunday from Regina where they visited for several months.

CHARLES BLYTH EXPIRED TODAY

Well Known Local Man Failed to Survive Injuries and Died at Hospital This Morning

Charles Blyth Sr., who sustained serious injuries yesterday morning when he fell from the inside of the tower of the new Presbyterian Church to the floor beneath while engaged in plastering the building, expired in the Prince Rupert General Hospital at 2 o'clock this morning. The city thus loses an esteemed pioneer citizen who had resided here for many years with his family. The deepest sympathy will be extended to the widow and the surviving relatives. Funeral arrangements are in the hands of the B.C. Undertakers and announcement as to interment is pending receipt of advices from members of the family outside the city.

The late Mr. Blyth was 61 years of age last May. He was born in Fifehire, Scotland, and had resided 37 years in Canada, 14 of those years up to the time of his death having been spent in Prince Rupert. Besides the widow and youngest son, George, residing at the family home on Ambrose Avenue in this city, deceased is survived by the following children: Alexander of Seattle; Mrs. McGowan of West Vancouver and formerly of Prince Rupert; John, Cleveland, Ohio; Charles and William, Seattle; Mrs. Leo McIntyre, Vancouver.

Dr. J. C. Spencer, who arrived from Bella Bella at the end of the week, sailed on the Prince John last night for Skidegate.

DREAMS COME TRUE

On the banks of Rupert water,
Where the rain falls thick and fast,
And the ever dwindling rock pile
Fills the air with blast;
Dwells a band of cheery people,
All their hopes in days to come;
On the banks of Rupert water
How they wish 'twould hum!

On the banks of Rupert water,
Where the promises fall fast:
Elevators, roads, and sawmills,
Sound too good to last.
But they'll keep their souls in
patience
Never own to feeling blue,
On the banks of Rupert water
May their dreams come true.

**CITY FOREMAN
IS DISCUSSED**

Criticized and Defended by
Members of Council Before
Reference to Committee

The motion of Ald. Casey, seconded by Ald. Macdonald, calling upon the city engineer to remove J. McRae from the position of city foreman, failing which the engineer himself be given thirty days' notice, gave rise to considerable discussion at last night's council meeting and the outcome was the withdrawal of the motion and the substitution thereof of a motion by Ald. McMorris and Ald. Collart that the entire matter brought up in the original motion be referred to the Board of Works for investigation and report. Probably anticipating fireworks which did not materialize in connection with the discussion, there was the largest crowd of the year present in the public section of the chamber. They filled the place with tobacco smoke which proved well nigh asphyxiating and retired when the matter was disposed of by peaceable reference to the Board of Works.

After the motion of Ald. Casey had been read by the city clerk, Ald. Macdonald rose and seconded it, stating he would give his reasons for doing so at the proper time. Ald. Perry asserted that the matter looked to him like a joke and asked that the seconder reconsider his action or at least explain his position.

Ald. Macdonald
Thereupon, Ald. Macdonald rose and stated that, apart from the fact that the motion could only be brought up for discussion after it had been seconded, he felt that the workers whom he represented were involved in at least a portion of it and therefore he felt that it should be discussed. He was in favor of that part of the report regarding the removal of Mr. McRae. From reports he himself had personally received from men engaged in city work and from property owners, Mr. McRae's treatment of his men had been such that the city would be well advised in replacing him. He felt that better results would be obtained if there was a man at the head of the city's work who would endeavor at least to make conditions congenial for the men. The city, under present conditions, he

believed, was not getting proper returns and that hundreds, yes thousands, of dollars was being lost.

Ald. Macdonald was not in favor of that part of the motion involving the city engineer at least until the statements had been investigated by the Board of Works. In fairness to the engineer, Ald. Macdonald stated that he had on several occasions gone to the city engineer on behalf of married men and asked that they be employed and he had yet to be refused. He felt that the Board of Works could remove Mr. McRae without bringing the city engineer into the matter. The city engineer, Ald. Macdonald thought, was doing good work and for that reason he did not concur with that part of the motion affecting him.

Ald. Perry

Ald. Perry felt the motion was out of order. The practice of the Board of Works had been to give the preference to married men. True, Mr. McRae might have some faults but he believed he was a good foreman. As far as the downward revision of wages alleged in the motion was concerned, he knew nothing about it and would like to have a more specific statement from Ald. Casey on the matter. As far as he (Ald. Perry) knew there had been no cut down from the scale set two years ago providing 50c an hour for laborers and 57 1/2c per hour for semi-skilled labor. Which of these two rates were being paid was determined on the worth of the individual involved. Again referring to Mr. McRae, Ald. Perry said "Here is a man who has worked heart and soul for the city. Night and day he has worked hard to help us. Do you think it would be fair to ask the city engineer to fire him? I do not and, if I was the city engineer, I myself would resign before doing so."

Ald. Casey

In reply to Ald. Perry, Ald. Casey asserted that he did not say Jack McRae did not work hard. "Why, he works his head off but that is not his function. His function, as foreman, is to get the maximum amount of production for the minimum amount of energy and it is my opinion that he is not getting the results that the city is entitled to."

Ald. Casey then proceeded to cite inefficient methods employed

in city work. Uphill processes were used when more efficient and easier methods might with facility be put in operation. The thing is Jack McRae is not an efficient foreman and he is not getting returns for the city. The city engineer is responsible for his department and officers. Whatever Ald. Perry says, I maintain there is not efficiency."

Touching on his charge of a downward revision in wages, Ald. Casey pointed to the case of a man who had been put in the scavenging department for relief duty. The regular pay for men doing this work was \$150 per month or \$6 per day. When he had gone for his pay, the scale of 50c per hour or \$4 per day had been offered him. This the man refused. He (Ald. Casey) later took the matter up with the city engineer and the latter said that he was not going to pay \$6 per day to a 50c an hour man.

Ald. Casey went on to cite cases where men whom he claimed were entitled to city employment had had difficulty in obtaining it. One such man had asked for work and had been told that, if he did not go away, he would be beaten up by McRae.

Perry Doubtful

Here Ald. Perry attempted to interject his disbelief. "I can submit proof," declared Ald. Casey and went on to relate further incidents of where married men had been refused employment. Such complaints were continually being made, Ald. Perry said. The employment seemed to be mostly all taken up by floaters. "I do not begrudge them work," said Ald. Casey, "but I would like to see married men given first chance, single men with city property, second, and then the rest. This is the principle that has been repeatedly set down."

"Regarding McRae, consideration can never be obtained from him. He is not efficient and he has never tried to adhere to the policy of the Board of Works. He has run wild with rage and power and I ask the council to get rid of him as foreman though he might make a good straw boss. I think the city has sufficient work to get a first class construction man as general foreman. The job is too big for McRae."

Ald. Perry imputed a personal grudge between Ald. Casey and Mr. McRae which it was unfortunate should be brought before the council. If McRae had actually threatened to beat a man up, he would be the first to see that he was fired. However, he (Ald. Casey) did not believe it.

"Will you believe it if I submit proof?" queried Ald. Casey. "You will have to have witnesses," replied Ald. Perry.

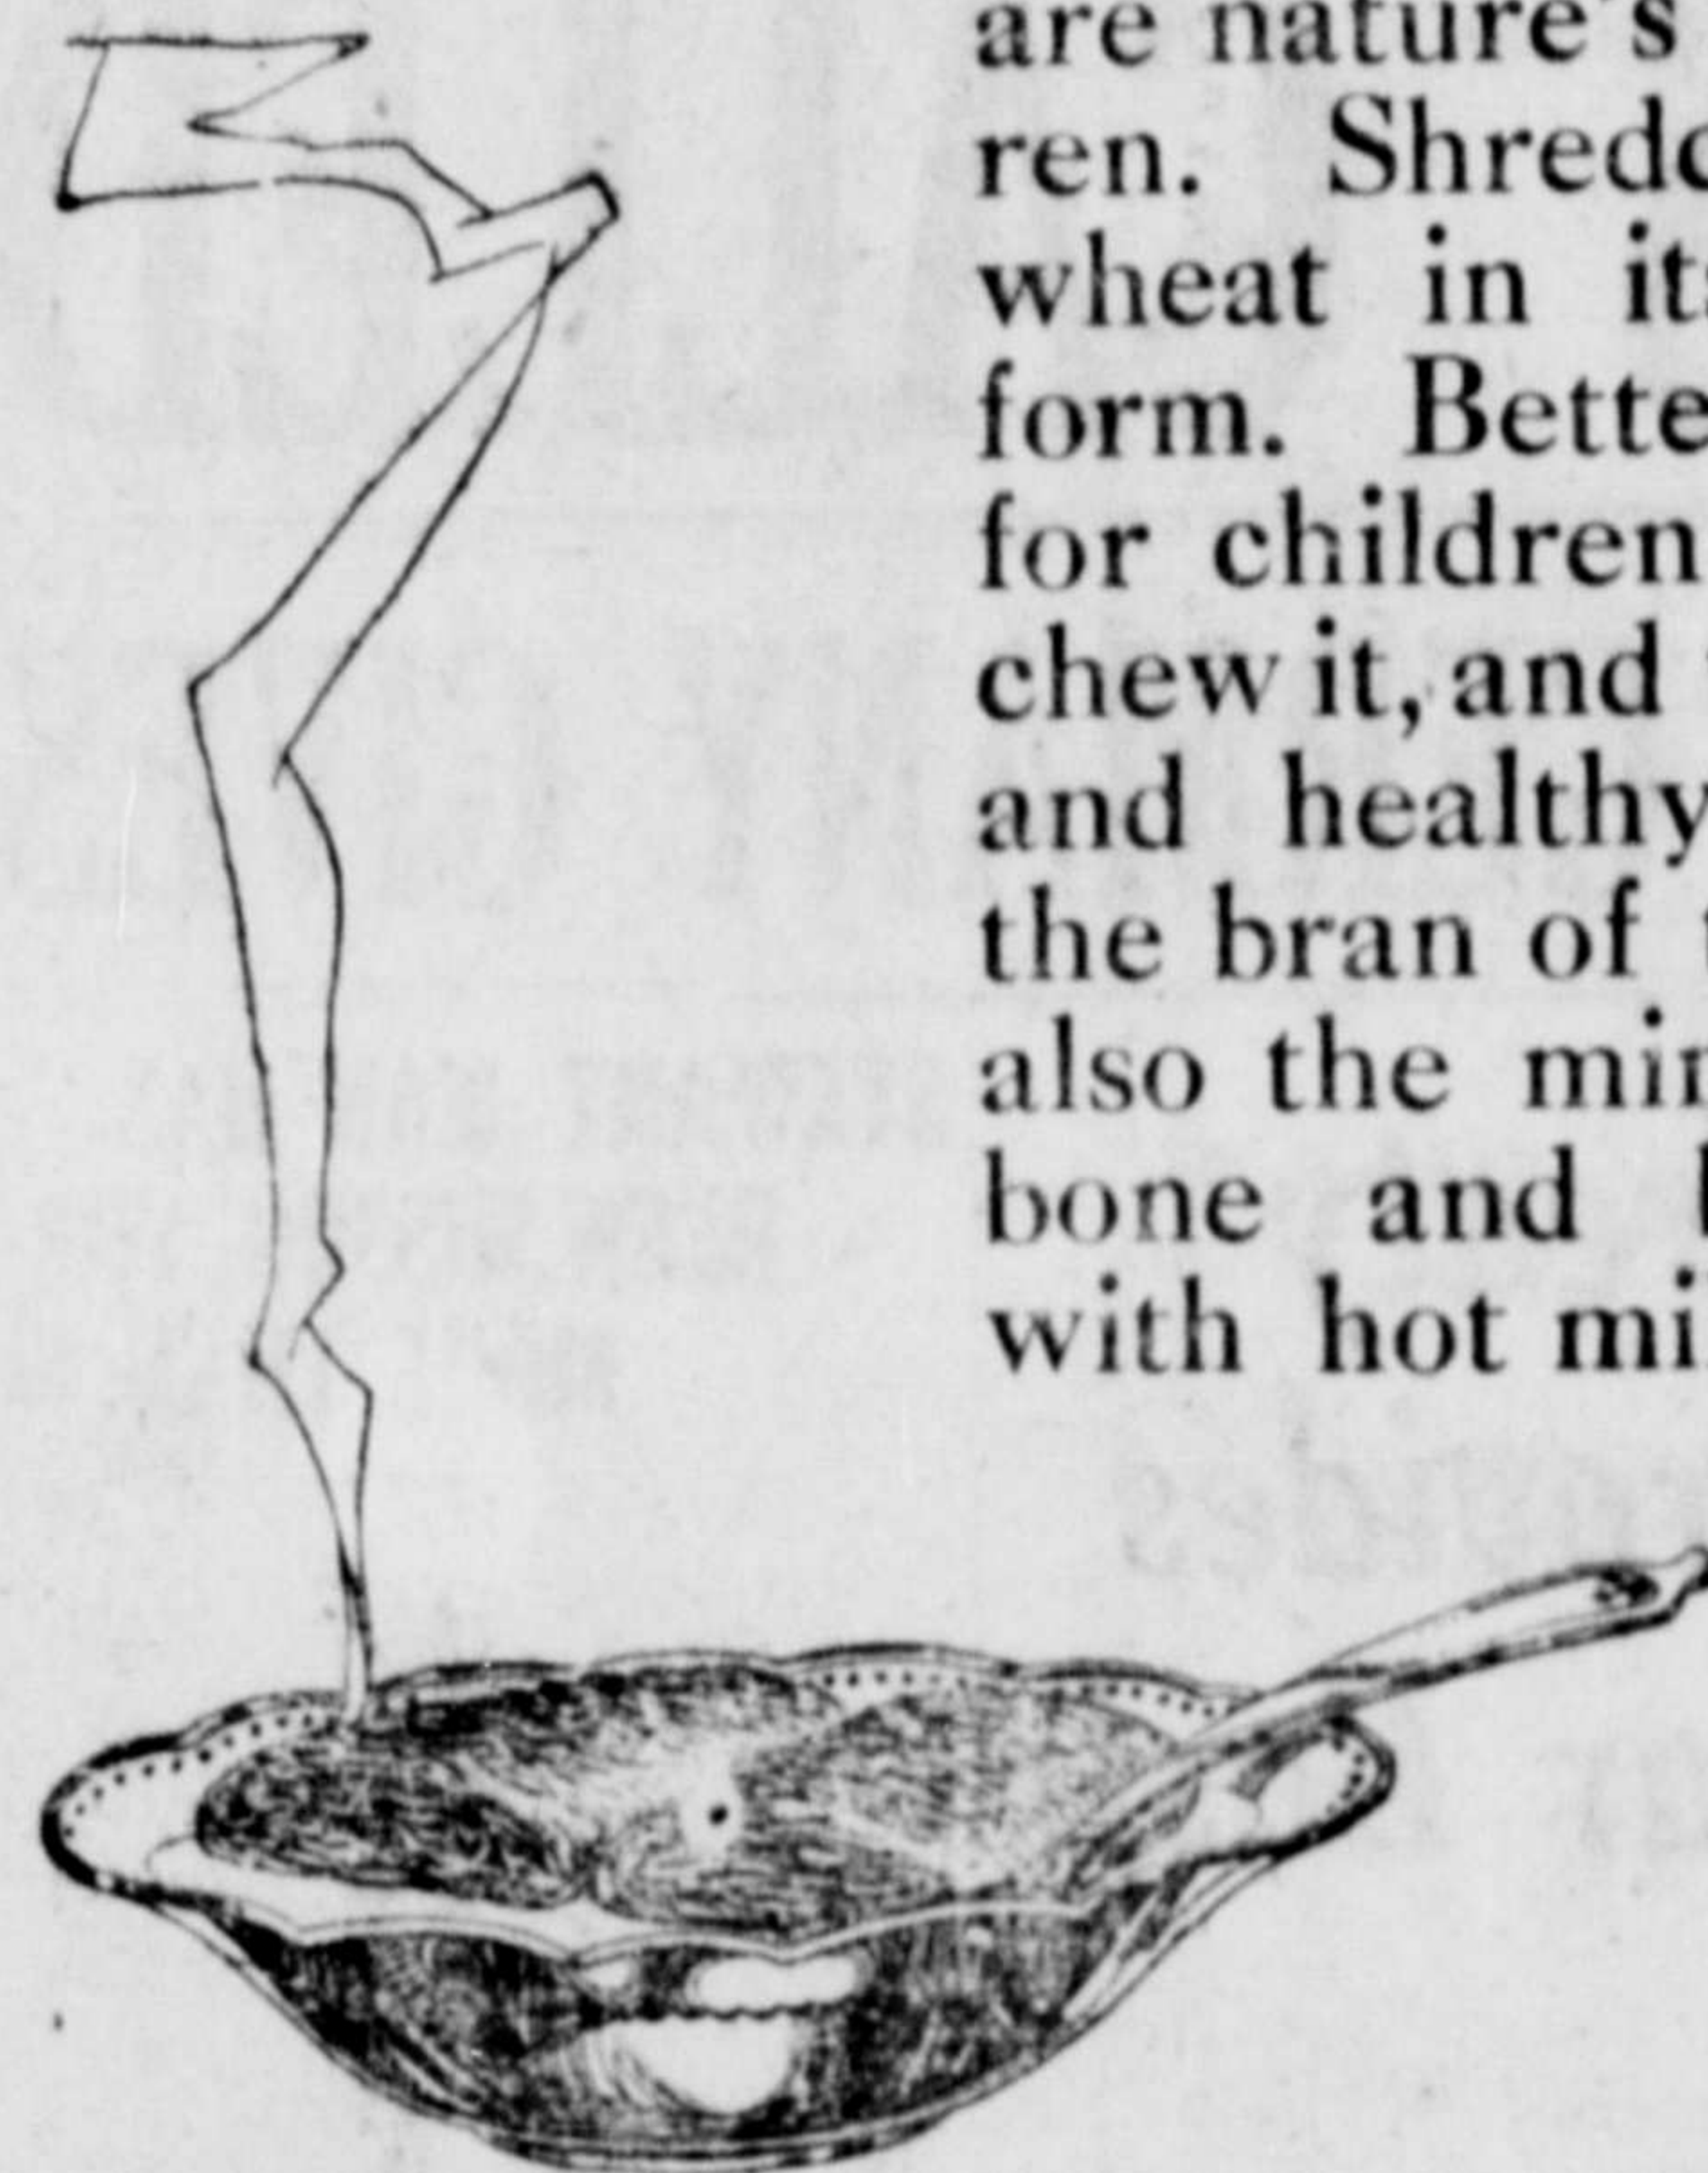

"There are plenty of them," returned Ald. Casey.

No Politics With Him

After saying his attitude was not political and that he was not playing for votes as he did not intend to be in the council next year, anyway, Ald. Macdonald referred to the case of a man who had at first been unable to obtain justice from Mr. McRae and who, after obtaining employment through Ald. Perry, had been declared by Ald. Perry to be one of the most efficient men the city had. There were other such cases. He felt that Mr. McRae should not continue to be employed in his present capacity. As far as he knew, justice had been obtained from the city en-

A teacher's job

would be lighter and brighter if boys and girls were properly fed at home. Whole wheat cereal, milk and fruits are nature's food for growing children. Shredded Wheat is the whole wheat in its most easily digested form. Better than mushy porridges for children because they have to chew it, and that means sound teeth and healthy gums. Contains all the bran of the whole wheat grain, also the mineral salts for building bone and brain. Two Biscuits with hot milk make a warm, nourishing meal for a few cents.

gineer. The object desired could be obtained by McRae's removal.

McMorris' Solution
Ald. McMorris said that during the past few months there had been a great deal of criticism directed against the foreman. The Board of Works had tried to investigate and give the men a square deal. He felt that Ald. Casey's motion needed investigation. He did not think it was a personal matter with Ald. Casey. He felt Ald. Casey was sincere when he said the foreman was competent. The city engineer reported that Mr. McRae had worked hard and had been efficient. "If McRae has not been treating his men fairly, I will favor his dismissal and so will every other alderman, I believe. I think the best thing would be to refer the whole matter to the Board of Works for investigation and report and I would so move."

Ald. Collart seconded the motion of Ald. Casey was withdrawn with the consent of the seconder, the second motion was then put and carried unanimously and the discussion ended.

PRINCE GEORGE

Millmen of this district put a lengthy memorandum before the Eight Hour Day Board which was in session here last week protesting against the application of the 8-hour day law to their industry. They assert that it will mean an increase of twenty per cent in cost which cannot be carried. There are already sufficient handicaps in competition with United States and prairie mills they assert.

The members of the local St. Andrew's and Caledonian Society celebrated St. Andrew's Day with a concert and dance in Anderson's Hall on Monday night.

Victor Gluske, Middle River trapper, is in the local hospital recovering from injuries sustained when he threw a gun on the floor and it exploded, the bullet entering his face and lodging in a skull bone.

Miles S. McPhee, an aged resident of the city, died in the hospital last week. He was in his 74th year and is survived by relatives at Grande Prairie.

Thomas Brace, who has conducted greenhouses in the vicinity of Prince George for the past few years, left last week on a trip to England.

Motorship Bellingham, Capt. Len Williams, arrived at noon from Ketchikan and is discharging four carloads of frozen halibut at the Royal Fish Co.'s dock for transshipment to the Eastern States over the Canadian National Railways.

Mr. and Mrs. W. J. Busswood are sailing this afternoon on the Cardena for Vancouver. Mr. Busswood has been located as wireless operator at Digby Island for some time and is now being transferred to Point Grey.

The power boat Prosperity Capt. Brindle, was in port yesterday from Salt Chuck Mine, Alaska, discharging 30 tons of palladium concentrates for transshipment over the Canadian National Railway to the Irvington smelter, New Jersey.

The initiative local improvement bylaw to provide for the mattress grading of Conrad St. and Eleventh Avenue was finally reconsidered and adopted at last night's council meeting. The construction bylaw for Atlin Avenue from Second Avenue to Eleventh Street was advanced to the third reading.

To accommodate many local people who are planning to go south for the Christmas holiday, the C.N.R. steamer Prince Rupert will not sail from here for Vancouver on December 19 until 4 o'clock in the afternoon. The vessel will arrive in Vancouver on Sunday morning enabling passengers to make boat connections to Victoria and Seattle.

FLANNEL AND HOUSE DRESSES FOR LADIES AND CHILDREN

ON SALE

MRS. GRAHLMAN Second Ave.

There will be a meeting to organize a museum association in the city hall Wednesday evening at 8.

Mrs. H. Turtle of Bella Bella arrived in the city on the Cardena Sunday afternoon to pay an extended visit with her uncle and aunt, Mr. and Mrs. J. W. Collier. She will remain over the Christmas holidays. Mrs. Turtle is receiving a very warm welcome and last evening a number of friends gathered at the home of Mr. and Mrs. Collier to meet her.

Passengers booked to sail on the Cardena this afternoon for Vancouver include Mr. and Mrs. S. G. Harlan, Mr. and Mrs. W. J. Busswood and family, Canon S. Gould, Mrs. J. Hoskins, Allan Stewart, C. D. Emmons, W. Howard, Mrs. E. A. Drum, Frank Pearce, James Martin and A. Martinson. The Cardena arrived at 11.30 this morning from Anyox and Stewart and will sail for the south at 5 this afternoon.

MARRIED YESTERDAY

Miss Bella Frank, daughter of Mr. and Mrs. H. L. Frank of Terrace, was married quietly at the Presbyterian Manse at 2 o'clock yesterday afternoon to W. H. Watt, also of Terrace. The couple are spending a few days in the city before proceeding to Terrace where they will reside.

DUKE AND DUCHESS ARE OFF FOR AFRICA

LONDON, Dec. 2. — The Duke and Duchess of York left yesterday for East Africa. They will stay in Paris for three days shopping and then proceed from Marseilles for Monoassa.

CUSTOMS COLLECTIONS ARE HIGHER THIS YEAR

Customs collections for the port of Prince Rupert during the month of November totalled \$32,194.55 showing a slight increase over \$32,277.23 for the same month last year it was announced at the customs house this morning.

SENDING PHOTOGRAPHS ACROSS ATLANTIC BY MEANS OF WIRELESS

NEW YORK, Dec. 2. — The portrait of the United States president was put on the air in London Sunday and twenty minutes later reproduced here with but little refringement, say the inventors. The process will be made available immediately for instantaneous transatlantic transportation of news pictures. A second message was sent having to do with diplomatic correspondence and the identification of the photographs.

MAY STOP WORK ISLAND ROAD

City Engineer Reports Against Continuation During Winter Months as Costly

A report from the city engineer advising that, in view of the fact that cost of doing the work at this time of the year would be some 25 or 30 per cent greater than when weather conditions were more favorable, the work of building the city's portion of the Kaien Island road be discontinued until next April did not meet with entire approval at last night's council meeting and was referred to the Board of Works for further consideration.

In his report, the city engineer stated that he had interviewed Major Taylor, district engineer for the public works department, on the matter and had been advised that the government would not be resuming work on its portion until March 1 and then the amount of work to be done would depend entirely on the appropriation made. Such material as was needed could then be taken in on scows. In view of the greater cost entailed in doing the work under unfavorable conditions of the winter season, the engineer, therefore, recommended that the work of the city be stopped until April with the possible exception of some cut work on or near Eleventh Avenue. The engineer expressed the opinion that, in view of the serious state of the plank roads, the city would be better advised in devoting all possible efforts to continuing the work of lowering the plank roadways.

Ald. Casey referred to the fact that certain members of the council had at first seemed alarmed at the "backwardness" of the Board of Works in getting the Island road work started. He would now like to hear from the aldermen who had made those complaints.

Mayor Newton felt that the matter might be referred to the Board of Works. If the weather improved, the work might yet be continued to good advantage especially as a means to alleviating unemployment. If the Board of Works could devise some plan to resume at least part of the work, he felt it would be better than shutting it down entirely.

Ald. Perry pointed out that, if work was continued under present conditions, the appropriation might be exceeded. Still the Board of Works might make some revision of the city engineer's report.

Ald. Macdonald urged that as much work as possible be kept on by the city during the winter in view of possible unemployment. Weather conditions might not be as bad as the engineer anticipated. Often there was splendid working weather during the winter months.

The report was ordered to the Board of Works by Mayor Newton.

CHICKEN DINNER

BURNS LAKE, Dec. 2. — A successful chicken and turkey supper was given last Tuesday by the Ladies' Aid of the Union Church. Over \$100 was realized from the supper and the bazaar following.

MEN ARE MORE SHORT TEMPERED THAN WOMEN

Is it so, or is it not so? Some men naturally will dispute the statement, but these same men should recollect the times they have lost their tempers when they lit the fire in the morning and it went out, leaving them to do the whole thing over again.

Fortunately this trouble can easily be eliminated. Coal is being sold today which can be ignited from paper rolled into balls. A good fire is going in a few minutes and breakfast is ready in no time.

This coal is the famous Nainaimo-Wellington, sold only by Albert & McCaffery. Every pound of it double screened—no rock or shale, no slack and very little ash. It lasts longer, gives greater heat and better service. These are some of the reasons for so many repeat orders. Be one of the many wise people. Do as they do by ordering nothing but Nainaimo-Wellington coal. Prompt and civil service. Remember the phone numbers are 116 and 564.

Sport Chat

The Prince Rupert Billiard Parlor and Canadian Fish & Gold Storage Co. teams will meet in the second division billiard league tonight. The players are matched as follows:

W. Mitchell (Prince Rupert Billiard Parlor) vs. J. May (Canadian Fish & Gold Storage Co.)
Babe Fortin vs. W. Parr.
A. Donald vs. A. Bales.
R. Howe vs. G. Kelsey.
C. Mallett vs. S. Barton.

The sporting editor of the Daily News has just received a copy of the Hockey Pictorial published in Toronto. It is a handsome and complete publication showing much good taste typographically and from the point of view of general attraction. The book is very lavishly illustrated and from cover to cover is embellished with group pictures of championship teams from 1888 to 1924. Old timers will be interested in the handsome half tones of the teams who were prominent a generation ago and the younger enthusiasts will enjoy the reproductions of the more recent winners. The book is also filled with much interesting information regarding clubs and leagues throughout the Dominion.

KNIGHTS OF PYTHIAS ELECT THEIR OFFICERS

BASKETBALL LAST NIGHT

Three Interesting Games Played—Sons of Canada, Maple Leafs and Grotto Winners

Sons of Canada 35; Elks 25.
Maple Leafs 16; Gils 8.
Grotto 23; Regiment 18.

Three interesting games were served up to basketball fans who the regular league fixtures were played at the Elks' Home last evening. The Sons of Canada, through defeating the Elks, strengthened their hold on first place in the Senior League. The Maple Leafs made it three straight victories in the Ladies' League by winning over the G.P.'s aggregation in a match which was more closely contested than the score would indicate. The Regiment put up their best game so far in the Intermediate League though the Grotto won the game.

Senior Game

The Canucks led the Elks all the way in the Senior League game though not by a very long margin. At half time the score was 10 to 7 in favor of the Sons and, at the final whistle, the lodge men were still behind 31 to 25. Eddie Mann refereed; J. Marks was score keeper, and P. Laporte and Harry Love acted as timekeepers.

The teams lined up as follows: Elks—Dave Balfour, Eddie Smith, Mike Budenich, Willie Lambie, A. Phillips and Georg Shaw.

Sons of Canada—Harry Menzies, Vic Menzies, G. Shenton, Alex Mitchell and Sidney Bazett Jones.

Ladies' League

The Maple Leafs and G.P. played to equal scores up to the end of the third period, the fourth being somewhat of a sensation when the former ran out with 10 points to G.P.'s two and won handsily by a total of 16 to 8. After playing good tight basketball for the three periods the tobacco girls seemed to lose hold of themselves. Each team made two points in the first period, four in the second and in the third there was no score on either side.

J. Menzies and Lee Dell refereed; J. Marks was scorekeeper and the timekeepers were Harry Love and Douglas Frizzell. Maple Leafs—Miss Myra Harvey, Miss Aileen Stephens, Miss Marguerite Casey, Miss Louie Fisher, Miss Margaret Graham, Miss Libian Lowe and Miss Lanza Frizzell.

G.P.'s—Miss Caroline Mitchell, Miss Catherine Harvey, Miss Willa Dyer, Miss Marjorie Lancaster, Miss Leona Parker and Miss M. Long.

Intermediate League

At the end of the first period,

CHILKOOT COLLIDES WITH MOTORSHIP IN GULF OF GEORGIA

The Union freighter Chilkoot and Danish East Asiatic motorship Peru were in collision two miles outside the Vancouver Narrows on Saturday morning last in a dense fog. The Chilkoot's stem was crumpled and the Peru suffered eight or nine plates damaged. The Chilkoot was outbound to Nanaimo and the Peru was making her way towards Vancouver harbor. Both boats returned to Vancouver where examinations revealed that the damage would be in the neighborhood of \$20,000 to both ships.

In the Letter Box

HELPING FISHERMEN

Editor, Daily News.

My attention has been called to a letter signed by John Dahl re Shipwrecked Fishermen in yours of the 25th, and in reply to his statements therein I would state that as a customs officer at Massett, I had no intention of bullying in on the duties of the Provincial police after the local constable had already advised me that he was going to detain these men on the suspicion that they were implicated in a post office holdup in Alaska. Otherwise we were quite prepared to assist distressed mariners in the usual way.

A copy of this letter has also been to J. H. McLeod, Esq., the collector of customs at Prince Rupert.

Thanking you for the space in your valuable paper.

ACCIDENTS INCREASE ALONG WITH SPEED

LONDON, Dec. 2.—Motor cars in England have not yet become so common that they kill as many people each year as does influenza, which statistics show to be the case nowadays in America, but the toll of life on the highway is becoming a matter of concern over here, too.

In the past 12 months road accidents increased in number by 26 per cent over the previous year. Sir Henry P. Maybury, director general of roads in the

MacArthur Shoe Store
3rd AVENUE.

The Man in the Moon SAYS—

THE power of mind over matter is clearly shown in the fact that to a girl with neat ankles silk stockings are just as warm as wool.

A MAN is known by the woman he loves; a woman by the woman she hates.

KNOWLEDGE is power. Know yourself, is the first axiom of life.

If some people I know followed their natural bent, they would wear feathers in their hair, a tomahawk at their belt and spend most of their time braining people who know more than they.

"HELL," he remarked. "Hell! I know my place."

A MAN always takes a lot of credit to himself when he goes out with a swell dressed and beautiful woman. And I wonder why.

SOME men are so light in the upper story that they really think themselves clever.

If you wish to be a target, climb.

A WOMAN should be brave but careful withal else when she is laying down the law to him he may hang up.

PREVENT SMUGGLING INTO UNITED STATES

Treaty to be Asked to Prevent Discharge of Cargoes Off Coast

WASHINGTON, Dec. 2.—It is expected that formal representations will be made early next year to have ships clearing from Canadian ports required to discharge their cargoes at the points designated in their papers and not off the United States coast.

At present the custom is for vessels to leave Vancouver or Victoria ostensibly for Mexican or Central American ports and then to tie off the U.S. coast and discharge the cargo into speed boats which take it ashore.

It is proposed to ask for a treaty which will make the present method of smuggling liquor into the United States by sea ineffective.

Ten Years Ago in Prince Rupert
December 2, 1914.

It is proposed to submit a referendum at the next civic election to determine the public attitude on the question of a restricted district in Prince Rupert. The matter was referred to the city council by the police commission Saturday afternoon.

The Supreme Court Assizes opened before Mr. Justice Clements at 10:30 this morning. The following is the Grand Jury panel: A. E. Wright, M. Lofquist, W. S. Fisher, A. J. Smith, G. J. Prizzell, R. S. Sargent, D. W. Morrissey, James McNulty, H. Hebert, T. D. Pattullo, Hubert Ward, H. S. Wallace and G. A. McNicholl.

"It is not too soon to build a G.T.P. hotel in Prince Rupert," states G. W. Howorth, assistant manager of the G.T.P. hotel system, who arrived from Ottawa and is paying his first visit to the city today. Mr. Howorth is very pleased with the site that has already been excavated.

by British engineers for several years and, it is expected, will lead to the erection of hydro-electric plants on most of the rivers of England affected by the tides.

THE CORPORATION OF THE CITY OF PRINCE RUPERT.

TAKE NOTICE THAT:

1. The Council of the Corporation of the City of Prince Rupert intends to construct a pavement fifteen feet wide, consisting of a mattress of timber over which will be placed a paving giving a depth at the crown of ten inches composed of broken stone and sand, on that portion of Hays Cove Circle commencing from a point eight feet south of the centre line intersection of 5th Avenue and Hays Cove Circle, thence along the west portion of Hays Cove Circle as shown on the plans and profiles deposited in the Office of the City Engineer to a point eight feet north of the centre line intersection of Hays Cove Circle and 7th Avenue, as a local improvement, and intends to specially assess the cost upon the land abutting directly on the work except such portion of the cost as is incurred at street intersections and at school property.

2. The estimated cost of the work is \$2700.00, of which \$1836.74 is to be paid by the Corporation, and the estimated annual special rate per foot frontage is \$3.2728163. The special assessment is to be paid in 10 annual instalments.

3. Persons desiring to petition against undertaking the work must do so on or before the 5th day of January, 1925.

E. F. JONES,
City Clerk.
Dated this 29th day of November, 1924.

BIG SEVERN RIVER ELECTRICAL PROJECT PROCEED IN SPRING

LONDON, Dec. 2.—A \$150,000,000 project to use the tidal rise in the River Severn for the production of electrical power will be undertaken by the British government in the spring. A committee of electrical experts appointed to investigate the possibilities of harnessing the Severn to furnish power for the surrounding district has completed a report in which they recommend that the work be undertaken.

The project has been favored

"Tired and Worried Nervous and Despondent"

Mrs. M. Chevalier Belle River, Ont., writes:
"For eight years I suffered from despondency and nervousness. Sometimes I could not sleep at night for worrying and the next day I would be so tired that my work was a burden to me. I began using Dr. Chase's Nerve Food and can say I am now entirely relieved of the nervousness from which I used to suffer, and things do not worry me as they used to."

"Dr. Chase's Ointment also relieved me of eczema on my arms, which had bothered me for three years. My house is never without Dr. Chase's Medicines."

Dr. Chase's Nerve Food

A SUPERMAN

This happened at a conference of colored preachers. A visiting bishop was looking at the various examination papers, and came upon one marked 101 per cent.

"See here, Brother Jones," he asked the worthy who was conducting the test, "What basis does yo' base yo' answers on?"

"100 per cent," advised the minister.

"But how come this man to be marked 101 per cent?"

"Oh, yo' see, sub," answered the darkey, "he done answered one question we didn't ask!"

WATER NOTICE

(Diversion and Use)
TAKE NOTICE that Andrew Sostad, Agent for Engineer Gold Mines Ltd., Inc., whose address is 818 130 Broadway, New York, N.Y., will apply for a licence to take and use 30 cubic feet per second of water out the Wann River, which flows westerly and drains into Taku Arm about two and a half miles south of Engineer Mine. The water will be diverted from the stream at a point about one mile upstream from Taku Arm, and will be used for power purpose upon the "Engineer Mine," described as Eleven Crown granted Mineral Claims, surveyed as Lots Nos. 19, 20, 106, 207, 209, 218, 957; 968; 970; 972; and 1264 Group 1, Cassiar District. This notice was posted on the ground on the 25th day of June, 1924. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Atlin, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is October 29th, 1924.

HE SURE FELT MEAN BUT MENDED HIS WAYS

Said a well known local man the other day, "Well, Sir, the meanest feeling I ever had come over me was last Christmas morning. I had passed up the Christmas card idea entirely and of course was deluged with all sorts of lovely Christmas greetings from relatives and old friends. And there, I hadn't sent out a single one. I thought then if everyone had been like myself a lot of real joy would have been lost. I determined to see that nothing of the sort occurs this Christmas. I am going to dispense sunshine on the "glad morn" as well as receive it." Your private greeting card can be selected at Rose, Cowan & Latta's, Fourth St., from our wide range at moderate cost, and cards will be printed on day of order. Phone 234.
