# OIL SCANDAL BRINGS DOWN U.S. MINISTER

## MINING DEVELOPMENT OF CENTRAL B.C. IS OUTLINED BY DISTRICT ENGINEER

### Second Member of U.S. Cabinet Forced to Resign as Result Inquiry Into Teapot Dome Oil Scandal

WASHINGTON, March 28. — At the request of President Coolidge, Attorney General Daugherty today resigned office. The president's decision was based on the conviction that the attorney general could not give disinterested attention to his official duties while under the stress of the Senate inquiry into his conduct in connection with the oil scandals.

The president wrote Daugherty that his continuance in office must inevitably be a source of "ever-increasing embarrassment."

In a letter Daugherty replied that he was resigning "solely out of deference to your request." In a second letter to the president, the retiring attorney general declared the grounds on which his resignation had been forced seemed to him "untenable." Any suggestion that he could not function as attorney general and "defend myself against these attacks at the same time," the letter said, "is hardly warranted by the facts."

### MASTER ROBERT WAS WINNER OF STEEPLECHASE

Horse Owned by Lord Airlie Was Anything But Favorite at Start of Race

### 22 CAME TO GRIEF

Long Course and Stiff Fences Resulted in Few Reaching Finishing Post

LIVERPOOL, March 28.—Master Robert, an outsider owned by Lord Airlie won the Grand National Steeplechase of £5,000 with extras run here today.

The second horse was T. Laidlaw's Fly Mask and the third W. H. Medwood's Silvo III.

All the places in the race were won by outsiders, the betting against Master Robert being 25 to 1 and the other two nearly as long odds, the betting against each being 100 to 7.

Master Robert won by four lengths and Fly Mask finished three lengths ahead of Silvo. Only eight horses out of the thirty starters finished. The fences were a bit stiff and the gruelling race caused the rest to come to grief at various parts of the course.

The "National" course covers four miles and 856 yards of formidable country, in which no less than 30 jumps have to be negotiated, the fences for the most part being larger and more difficult than those found elsewhere. The obstacles were not so stiff in the early days of the race, and the original idea was to restrict the event to amateur riders, but this intention was not adhered to.

Race Every Year  
Since its inception the "National" has had an uninterrupted career, except during the three years of the war period, when substitute events were run at Gatwick, these being won by Vermonth, Ballymac and Poethlyn.

The last-mentioned also won the real "National" at Liverpool the following year, when he carried the maximum weight of 175 lbs. Poethlyn is one of a select band of four to have won with this weight, the others being Cloister, Manifesto and Jerry M. The performance of Cloister. (Continued on page six)

### OLYMPIC STADIUM IS OPENED WITH GAME OF RUGBY, WALES WINNING

PARIS, March 28.—Colombes stadium at which the 1924 Olympic games are to be staged was semi-officially opened yesterday by a rugby match between Wales and France in which Wales won by a score of ten to six.

Legislative Library, Parliament Buildings, Mar. 27/24

### INDICATIONS POINT TO RECORD SEASON OF RAILWAY BUSINESS

Assistant to General Manager Sends Out Cheery Message to West

WINNIPEG, March 28.—This will be the best year the Canadian National system has known, judging from inquiries which have reached the traffic department from all parts of the globe, according to A. A. Tisdale, assistant to the general manager of western lines. Last year the western region handled more passengers, more grain and more general freight than ever before and this year is expected to exceed all from present indication.

This was the gist of a message broadcasted on the radio last night from the local station.

### FISH ARRIVALS

137,000 Pounds of Halibut Sold on Exchange this Morning

American boats landed 111,500 pounds of halibut here today and Canadian boats landed 25,500 pounds, the sales being as follows:  
American Boats  
Columbia 53,000 to Cold Storage at 9c and 5c.  
Greenest, 2,500 to Booth Fisheries at 11.50 and 6c.  
White Star 8,000 and Valorous 9,000, Sentinel 30,000 to Royal Fish Co. at 9.70c and 6c.  
Discovery 11,000 to Allin Fisheries at 10.20c and 6c.  
Gladys 8,000 to Allin Fisheries at 10.10c and 6c.  
Canadian Boats  
Gertie Bell 500 to Cold Storage at 9.50c and 6c.  
Gibson, 7,000 to Royal Fish Co. at 9.10c and 6c.  
Kaen 8,000 to Cold Storage at 9.50c and 6c.  
Fisher 10,000 to Royal Fish Co. at 9.60 and 6c.

### ROUND THE WORLD PLANE IS AT ROME

ROME, March 28.—The British round the world airplane piloted by Stuart McLaren arrived here today. They were delayed in France by fog which threw them slightly behind their schedule.

### NEW ZEALAND HEARS CANADIAN NATIONAL RADIO AT CALGARY

CALGARY, Mar. 28.—The growing efficiency of radio as an advertising medium for Canada is again shown by a letter just received by the W. W. Grant Radio Limited, to the effect that the Canadian National Railways program broadcast from CFON station here on February 27 was heard at Motouka, New Zealand. The writer states that he picked up speeches and music very loud and clear for several minutes until broadcasting closed down. He also states he was the only person at that point who had heard Canadian stations.

### ENGINEER MINE AT ATLIN TO OPERATE

Has Long Been Tied up by Litigation But Disputants Agree to Lease Property

VICTORIA, March 28.—The Engineer mine at Atlin will be operated again at an early date according to Hon. William Sloan, minister of mines, who has just returned from the East and who says the disputants have agreed to lease the property for operation.

The mine, which is a hydraulic property said to be very rich in gold has been idle since the death of Captain Alexander who went down on the Princess Sophia in Lynn Canal in 1918. Much litigation has followed. The captain died without a will and had no direct heir.

### WIRELESS REPORT

8 a.m.  
DIGBY ISLAND.—Snowing, northeast wind; barometer, 29.36; temperature, 30; sea moderate; 3 a.m. spoke steamer Prince John due Buckley Bay 8.30 a.m. northbound.  
DEAD TREE POINT.—Cloudy, light northwest wind; barometer, 29.68; temperature, 42; sea smooth.  
BULL HARBOR.—Snowing, northwest wind; barometer, 29.34; temperature, 30; sea moderate; 8 p.m. spoke steamer Jefferson, 358 miles from Seattle southbound; 7 p.m. spoke steamer Princess Mary off Pine Island northbound; 8 p.m. spoke steamer Admiral Rogers in Milbank Sound northbound; 8 p.m. spoke steamer Alameda 300 miles from Seattle southbound; 8 p.m. spoke steamer Queen 414 miles from Seattle southbound.  
Noon

DEAD TREE POINT.—Cloudy, fresh northwest wind; barometer, 33; sea moderate.  
BULL HARBOR.—Snowing, northwest wind; barometer, 29.38; temperature, 34; sea moderate; 10.30 a.m. Princess Beatrice (Verny Island) northbound.

This herd of reindeer gives the appearance of a flock of wild ducks as they ford the Rystrom, near Tromso, Norway, in a wide V, the current carrying them out of their course.

### British Transport Strike Seems Nearing Final Stage Result of Government Action

LONDON, March 28.—The Prime Minister, after a long conference with all parties to the transport dispute, announced in the House of Commons that he had succeeded in bringing two sides together and had impressed them with the necessity of a settlement which they admitted they equally desired. Negotiations were begun yesterday and will be continued today.

Mr. Ramsay MacDonald said the government would do its utmost for the public interest while the dispute lasted. The first step would be to issue a proclamation that a state of emergency existed. He said he wished to make it quite clear that the government would not act merely as a strike breaking organization. He protested that in such disputes where the public was inconvenienced only one side was blamed, namely labor.

The Premier said he trusted nothing would be said in the House which would make negotiations harder.

### BOUNTY ON WOLVES RAISED IN TERRITORY

OTTAWA, March 28.—The bounty on wolves killed in the Northwest Territories has been raised from \$20 to \$30, provided the pelt is surrendered to the Government.

### INVESTIGATION INTO HOME BANK FAILURE

OTTAWA, March 28.—The House of Commons early this morning charged the Banking and Commerce committee of the House with the investigation into the failure of the Home Bank.

### Soldiers at Merville Win Case Against Comox Logging Railway Damages Amounting to \$125,000

VANCOUVER, March 28.—Fifty-two settlers in the Merville district of Vancouver Island, a majority of whom are war veterans, were awarded judgment by the supreme court yesterday by Mr. Justice D. A. McDonald against the Comox Logging Railway Company on claims for loss sustained through forest fire on July 6, 1922.

The court decided that the company was guilty of negligence in that it operated a logging locomotive with a defective spark arrester and also allowed debris to accumulate in proximity to the railway. Aggregate damages claimed approximated \$125,000. There were 48 claims for property destroyed three claims for personal injury and compensation asked for the death of sixteen year old Jack Clifford.

### Mining Engineer Tells of Activity in Interior Possible Developments

Dome Mountain, Mamie, Owen Lake, Fiddler Creek, Babine, Bonanza and Hazelton Properties to be Worked.

Greatly increased activity, especially in the way of development, is expected this year in north-eastern mineral district by John D. Galloway, resident mining engineer for the district, who was in the city this morning on his way from Hazelton to Victoria.

The Federal Mining & Smelting Co. is taking a good hold in the district and intends to extend its program of production and development which it started last year. In addition to the Henderson and Mamie mines on Hudson Bay Mountain, work is to be carried out by the company this year at Owen Lake, 26 miles south of Houston, and on a copper property north of Usk. With the Henderson the only property yet on the shipping list, the company is still under great expense and returns so far do not offset the outlay. In common with most of the properties of the interior, the holdings of the Federal Company are largely milling projects but further development work will have to be carried out before mill construction is warranted. Eventually, there will probably be a mill at the Mamie mine to take care of the Federal Co.'s Hudson Bay mountain ore. The Henderson is a mine with ore of such value to warrant direct shipment to the smelter. This, however, is not the case with the Mamie mine.

### NO POWERS TO FORCE ECONOMY

Premier Mackenzie King Says he Thinks Commissions Overdone in Government

OTTAWA, March 28.—"I think this commission business has been a little bit overdone in a country where we have responsible government," said Premier Mackenzie King to a delegation from the boards of trade and chambers of commerce throughout the Dominion, which had come to urge strictest economy upon the government.

The premier was referring to the difficulties in making economies in the civil service. He stressed the point that the government could not appoint a single clerk without referring the appointment to the civil service commission.

### POPULAR BOY DIED VERY SUDDENLY AT STEWART YESTERDAY

Kingsley McLeod Succumbs to Pneumonia—Body Is Being Taken to Vancouver

Death came very suddenly at 2 o'clock yesterday morning to Kingsley McLeod, fifteen-year-old and only son of Angus M. Leod, prominent Stewart mining man, and Mrs. McLeod. The body was on the steamer Prince George this morning being taken by Mr. and Mrs. McLeod to Vancouver where interment will be made.

The lad was stricken with pneumonia on Tuesday and died less than 48 hours afterwards. He was a very popular boy and his death was a distinct shock to the people at Stewart generally.

### CONTRACT AWARDED EDMONTON ELEVATOR

EDMONTON, March 28.—The contract for building the new elevator at this city has been awarded to Carter, Halls and Aldinger Ltd., according to word received here from Ottawa. Work is being started at once.

The new building will have a capacity of two and a half million bushels and is to be finished by September 15.

J. A. Stephen, assistant district engineer for the provincial public works department, was a visitor from Anox to Stewart this week.

### OLD COUNTRY FOOTBALL

### CANADIAN SCOTTISH INQUIRY NEXT WEEK

Probe Will be Held Into Circumstances Attending Stranding of C.G.M.M. Vessel

An inquiry into the circumstances of the recent stranding of the C.G.M.M. steamer Canadian Scottish on Digby Island is to be held next week in Vancouver. Capt. McGoskrie, harbor master, Capt. Harris, master of the Canadian Scottish, and Mr. Edge, chief officer, left this morning for the south to attend as witnesses.

### MORE THAN HUNDRED PERISH IN LANDSLIDE

PALERMO, March 28.—More than one hundred persons are known to have perished in a landslide in the region of Analfi. Thousands are homeless and many are missing. Torrential rains continue to make the plight of the homeless more acute. Great efforts are being made to alleviate the distress.

### Also at Hazelton

There may also be increased activity in the Hazelton district, Mr. Galloway states. He looks for resumption of work on the Rocher de Boule mines, at the Sunrise and possibly on the Silver Standard.

The high price at present prevailing for lead should cause many silver-lead properties to be worked this year in the interior district particularly the Babine Bonanza, owned by James Cronin of Spokane, which Mr. Galloway predicts may do some shipping this year. Transportation has always been a difficulty as far as shipping from the Bonanza has been concerned, but the better price for lead may make the marketing of its production possible. Several other properties in the district are in a similar position and may be similarly stimulated this year. The Bonanza is another property which will require a mill to make possible profitable production on any scale.

### DAILY EDITOR

Friday, March 28, 1924.

#### Everything Points To Good Season Here.

Everything points to a good season in Prince Rupert. Business is much brisker here now than it was a year ago and it will improve steadily. Outside of the prospect for an elevator being built here and the possibility of the Alaska ship contract coming to the local yard, there is more interest taken in Prince Rupert than has been the case since the days of the building of the two big freighters here.

The present season promises to be a bigger tourist year than ever before and the mining outlook is better. There is a lot of activity on Queen Charlotte Islands and many immigrants are coming here in connection with the fisheries, mostly from Scandinavia.

Already houses and apartments are filling up and the number of stores vacant are fewer than for some time past. It would seem as if we were now out of the doldrums and bound before a spanking breeze out on to the sea of prosperity.

#### Railway Continues To Make Good Showing.

A despatch published yesterday shows that the Canadian National Railway opened the year well by showing a profit on operations for two months. That took the place of a big loss last year. If the present rate of progress continues, the country should very soon have occasion to be proud of its railway system. It is to be hoped that the western section of the line will justify the faith of the builders. To do this, one necessary thing is the erection of an elevator here. We must have railway facilities if we are to do the business.

#### Ship Sacked Grain Through This Port.

The railway freight department is said to be working steadily in an effort to secure shipments of sacked grain from this port. If a sacking plant should be installed in the big shed it would be a means of utilizing the space there and inducing traffic over the line. What we want is business this way, any kind of business, and as much of it as possible. The success of the railway means the success of Prince Rupert and we must back the railway for all we are worth. Every new employee on the railway is a prospective home maker and adds to the ability of the city to make improvements. Today the city is much too scattered. With the advent of more people there will be less dead road and sidewalk frontage, more revenue from water and light and power and improvement all round.

#### British Appeal For German Children.

A British appeal for aid for the suffering children in the area of Germany occupied by Britain is being sent out to all parts of Canada from headquarters at Toronto. One paragraph of the appeal will be sufficient to give the idea:

"Cold, hunger, and despair are overwhelming large sections of the German people today, both in the occupied and in the unoccupied territory. The ruin, through the collapse of the mark, of thousands of middle-class families, and especially of the old people living on their savings, is no new story. Their struggle to exist goes on painfully, they are dependent on the precarious charity of friends inside and outside Germany. Large numbers in institutions, hospitals, schools, and asylums have had to close for lack of funds, and thousands of professional people—partly on account of the closing of institutions and partly because so few people are able to pay their fees—find themselves without employment, or with so little that they can scarcely exist."

### TRAVEL EXPECTED TO BE HEAVY ON CANADIAN NATIONAL

Train Program Being Discussed at Montreal by Officers of Road

MONTREAL, March 28.—Representative officers of the operating and traffic departments of the Canadian National Railways from the various sections of the system gathered in Montreal yesterday to discuss the program for summer train service with a view to handling expeditiously and conveniently the growing traffic of the road.

That the prospects for tourist traffic during the season of 1924 were very bright, was the opinion expressed by the railway men, hundreds of inquiries having been received this early in the season from various travel clubs, and other associations in the United States, planning trips to Jasper National Park and other vacation regions of the Dominion.

Advantage was taken of the presence here of the traffic and operating officers to hold at the railway headquarters the inaugural meeting of the general committee of the Canadian National system. This committee has been instituted to formulate and consider practical suggestions for the continuous betterment of the service and to report on general plans leading to economy and efficiency.

S. J. Hungerford, operating vice-president, presided at the general committee meeting and at the evening session the officers attending were addressed by the president, Sir Henry W. Thornton; Vice-president J. E. Dalrymple, Gerard Huel, K.C., and R. C. Vaughn also took part in the proceedings, while the Central Vermont Railway was represented by K. C. Smith, president of the road and other officers.

The committee meeting will continue today.

### RENTAL AND AUTO TAXES AT EDMONTON

Effort Being Made to Keep Rate Down to Forty Mills

EDMONTON, March 28.—Two new methods of raising funds for civic purposes were accepted by council. The rental tax was decided upon as preferable to the service tax and the city solicitor was instructed to proceed with the drafting of a bylaw as a preface to putting the new form of levy into operation. On a bare one vote margin the aldermen decided for a local automobile tax also. Both of these proposals were recommended by the commissioners.

Further suggestions from the commissioners for bringing the tax rate down to the forty mill basis were concurred in by council. As already reported in the Journal these proposals are to make up \$177,000 necessary in order to keep the rate at forty mills by issuing sinking fund debentures to take care of annual instalments of principal on school board serial debentures and thereby save from current revenue \$69,442; request the public school board either to reduce estimates by \$26,000 or take steps to obtain additional revenue from high and technical schools to that amount; further reduce the city estimates by \$11,558, and by the imposition of a rental tax raise an estimated sum of \$70,000.

The automobile tax is expected to bring in another \$10,000 a year but it is not intended to take that into current revenue, applying it instead to the upkeep of the streets.

### FREAKY VAGARIES OF WEATHER MAN

Six Inches of Snow This Morning and Barometer Dropped Rapidly

The freaky vagaries of the Weather Man brought the heaviest snowfall of the year to Prince Rupert this morning—March 28. People generally were surprised and unprepared to find on venturing forth to their matutinal tasks today that they would have to plow through six inches or more of "the beautiful."

With a cold west wind springing up last night, the fall commenced early in the evening and, when H. O. Crow, Dominion meteorologist, took his records at 4 o'clock this morning he measured 3½ inches. Between that time and 8 o'clock, it is estimated that at least 2½ inches more fell, making a total of six. Within the past 48 hours, the barometer has dropped nearly an inch.

### Ten Years Ago in Prince Rupert

March 28, 1914.  
The Grand Trunk Pacific Development Co., Ltd. has sold 764 acres of land across the harbor to Moreton Frewen and Sir Edgar Vincent, English capitalists, for \$217,500. It is understood that the new owners intend to establish an amusement park.

H. C. Brewster and John Oliver the provincial liberal leaders, will reach Bella Goola tomorrow and will be here within a week.

Ald. D. W. Morrissey declares himself heartily in favor of a publicity grant and says he will support the measure on a public platform if a plebiscite is called on the issue.

IF A man is in the habit of speaking in public, you can bet your last dollar the wife does the speaking at home.

### NO REDUCTION IN ALBERTA TAXES IS ANNOUNCEMENT MADE

EDMONTON, March 28.—Premier Herbert Greenfield, during the course of the debate on the budget in the legislature made the announcement that there was no indication of any reduction in taxes in the near future.

"This government has reduced expenditure as no previous government in the province did. But he would be an optimist indeed who, knowing conditions in this new province, and having a close knowledge of provincial finance, would prophesy a reduction in taxation in the near future," the premier declared.

### WOMEN'S COUNCIL ARE ASKING QUESTIONS

Testing Public Opinion at Victoria in Regard to Domestic Science in Schools

VICTORIA, March 27.—The Victoria Council of Women are sending out a questionnaire to the people of the city asking for opinions in regard to the teaching of domestic science in the schools. The questions follow:

- 1 Are you in favor of the teaching of domestic science in the public schools of Victoria? If not, why not?
- 2 Should it be taught in High School?
- 3 If so, should it be optional?
- 4 In 1923, for teachers' salaries and supplies, domestic science cost the city \$1,632.76. Did it cost too much?
- 5 Is the present method of teaching sufficiently practical?
- 6 If you do not like the name domestic science, can you suggest a better one?

### HIS SLUGGISH LIVER MADE HIM FEEL DROWSY AND TIRED ALL THE TIME

When your liver becomes sluggish and inactive your whole health suffers, and the only way you can get back to feeling right is to make your liver right. This you can do by the use of Milburn's Laxa-Liver Pills as they will stimulate the sluggish liver, clean away all waste and poisonous matter from the system, and prevent, as well as relieve, all complications arising from a liver that has become inactive.

Mr. E. Hazel, East Florenceville, N.B., writes: "I had been troubled with my liver and felt drowsy and tired all the time, and was unable to do my work with any comfort. I took your Milburn's Laxa-Liver Pills and today I am a different man, and would not be without them in the house."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## MARCH WINDS bring Tender Skins

To protect your face and hands against all chafing, roughening effects of the Spring winds, simply rub in a little Zam-Buk before retiring at night. This makes the skin smooth and flexible and clears it of all blemish. Besides valuable soothing and emollient properties, Zam-Buk has far-reaching medicinal virtues which quickly overcome all sore, irritated or inflamed conditions. It purifies the whole tissue and removes the underlying causes of eczema, salt rheum, pimples, blotches, etc.

## Zam-Buk

Makes The Skin FINE & SMOOTH

All druggists and dealers sell ZAM-BUK at the same price. ZAM-BUK MEDICAL SOAP is 25c. the cake, 70c. box of three. Direct from Zam-Buk Mfg. Co., Buxton St., Toronto.

Dr. W. T. Kergin returned by the Prince George this morning from Stewart.

H. S. (Buck) Irwin arrived from Surf Inlet on the Venture this morning.

Joe Greer returned by the Prince George this morning from a business trip to Stewart and Anxox.

Another 500 tons Nanaimo Wellington Lump Coal just arrived. The best yet. Albert & McGaffery, Ltd.

Richard Knox, C.G.M.M. assistant superintendent engineer, returned to Vancouver on the Prince George this morning.

J. L. Christie, R. Moore and J. R. Kwipil were among the local business men returning to the city this morning after having made the round trip to Stewart and Anxox on the steamer Prince George.

O. Wanebo, secretary of the Deep Sea Fishermen's Union at Ketchikan, and Mrs. Wanebo are returning to their home in the Alaska town on the Princess Mary this afternoon. Mrs. Wanebo has been in the local hospital for some time receiving special medical treatment.

A copy of Hansard just to hand shows that Fred Stork is a member of several important committees at Ottawa. He is on the railways, canals and telegraph lines, private bills, banking and commerce and marine and fisheries committees and also that dealing with the mines and minerals.

The following were among the passengers sailing this morning by the Prince George for the south: C. Slegavig, G. Hayward, Mrs. F. C. Stelhorne, R. Macdonald, W. Cummings, C. Carlson, V. O. Lyon, Capt. and Mrs. Barcis, J. P. Bradford, Mrs. J. Willard Gibson, F. P. Hearns, R. Knox, Mrs. J. Guest, R. Rae, Mr. and Mrs. W. G. Manders, Mr. and Mrs. Edge, C. Prevost, Mr. and Mrs. L. Compton and S. E. H. Smith for Vancouver; Mr. and Mrs. C. S. Murphy for Swanson Bay; J. H. Blake, F. S. Shaw, E. S. Gilbert, J. H. LePage, Victoria; Mrs. Strachan, R. Roza and O. Choloup, Ocean Falls; F. Long, and Mrs. M. Palmer for Seattle.

Capt. W. H. Logan returned to Victoria on the Prince George this morning.

The C.G.M.M. Canadian Winner will probably get away for the Orient tomorrow night with a million feet of lumber from this port in addition to her main cargo loaded in the south. She will go direct to Yokohama.

Union steamer Venture, Capt. A. Johnstone, northbound from Vancouver and way points to the Naas River, was in port from 10:15 to 12 o'clock today. The vessel has finished her Skeena River calls and will sail from here for the south at 10 o'clock tomorrow morning.

J. J. Walsh will umpire the opening game of the individual billiard championship competition tonight at the Elks' Home between Jack Suden and Fred Pyle. R. Howe has been appointed official marker and G. S. Russell will be in charge of the recording of averages.

## RED SUNDAY SCHOOLS AND QUEER TEACHINGS

Child Prays "Down With Kings and to Hell With Capitalists"

Says the London Times: Lady Sydenham told the Women's Patriotic League at Chelsea the other day that "Red" Sunday schools are a growing danger, which can best be combated in the Church Sunday schools. A description of the teaching in these Socialist and proletarian schools, as they are called, was given by the Rev. E. L. Macassey, vicar of St. Peter's, Hammersmith, in a lecture at Westminster.

Little children are taught that "Christ on the Cross dying for sinners is so ridiculous that one despairs at the hold this superstition has on the minds of the working class." Again, "Jesus is not the Son of God, because there is no God." "Tom Anderson's Ten Proletarian Maxims are taught. The fifth maxim is, "Thou shalt teach revolution." Lispering infants are made to sing this "hymn":

"Have you heard of Heaven,  
That land so far away,  
Where all the little children  
Have wings and play all day?  
Listen to me, children,  
It is a fairy tale;  
This land away in Heaven  
Is "Jonah and the Whale."  
Not so long ago a child of eight years of age knelt down by its bedside and said this "prayer":—"Down with kings, to hell with the capitalists. Down with the patriot, who is an international blackleg. There is only one God—the Red Flag of Liberty."

Mr. Macassey declared that such teaching would not be tolerated in America or France. He also advocated development of Church Sunday schools as an antidote.

## SMITHERS

The residence of Mr. and Mrs. David Pratt at Mud Creek was totally destroyed by fire last week. It was one of the first houses in the district and was a familiar landmark to freighters of the early days.

Mrs. P. Berg, resident of Smithers for the past 9 years, died in the Smithers hospital on Wednesday after an illness of eleven weeks. She was the mother of seven children and is also survived by a widower.

Mr. and Mrs. L. D. Burr and family are leaving on Sunday for Edson to which point Mr. Burr has been transferred in the service of the Canadian Railway News.

## NO FLETCHERIZING FOR HIM

The wise old doctor was impressing upon his little patient the essentiality of mastication "My lad," he advised, "no matter what you eat, always chew each mouthful thirty times."

But Jimmy shook his head significantly.

"That wouldn't do at our house, doctor."

"And why not, my son?"

"Because I'd always be hungry. My eight brothers and sisters would clear the table before I got through with that mouthful." The Chicago Herald.

## While Sunlight Works

YOU have more leisure hours on wash day if you use Sunlight Soap. Away downstairs in the wash tub this wonderful soap will do the labour. You rub the things with Sunlight—you put them to soak—and then its penetrating, cleansing ingredients search through and through the fibres, loosening even the hardest dirt or the oldest grease stains completely. No wash board rubbing, no boiling, no hard work. Then, with rinsing, the dirt runs away and your clothes are ready for the line, purified and snowy clean.

Wash day should not take your labour—only Sunlight's gentle strength.

**MUNRO TELLS OF COPPER MARKET**

Outlines His Views of Prospects for Granby News: Prices May Go Higher

Returning from New York, where he had gone to attend the annual meeting of the directors of the company, H. S. Munro, vice-president and general manager of the company, arrived in Anyox last week, and for the information of men on the job outlined something of the situation regarding copper and what might or might not be expected of it during the remaining nine months of 1924. At the present moment, the copper market is promising, and in some quarters it is considered likely that 1924 will be a repetition of 1923, with as great a demand for the metal through the buying months of the current year, but at a slightly lower average than the price attained in 1923. The situation, however, is such that nobody can even remotely guess what might happen to the market at any time; and while it is a possibility that copper prices will go to sixteen cents, in which the rise will undoubtedly be a rapid one, it is as certain sure that a peak price of sixteen cents could not be maintained for any considerable period, a decline happening in all probability as swiftly as the advance had been made. The reason for this late firmness and better outlook for a rising market, and which is apparently established, is attributed largely to the curtailment of output on the part of certain big producers by which it is expected that the rate of production existing several months ago will be reduced about fifteen million pounds a month.

**Are Curtailing**

Among the big producers curtailing are Calumet and Hecla, 1,250,000 pounds; Green-Canaan, 500,000 to 1,000,000 pounds; Anaconda and its Chili subsidiary from 6,000,000 to 10,000,000 pounds; Cerro de Pasco, about 2,000,000 pounds; and Phelps-Dodge about forty per cent of normal output, which amounted to 12,000,000 pounds per month. This would appear to be a sensible method to apply to copper conditions as it will enable big producers to conserve their ore reserves until such time as more reasonable prices prevail. Low-cost producers, like Kennecott Copper Co. will keep up production. Thirteen cent copper will put a good many producing com-

pays on the right side of the ledger.

**European Situation**

With regard to the European situation, it does not look any too hopeful, the collapse of the French franc being an imminent possibility; but should industrial there and throughout Europe get back to even a pre-war status, with a corresponding demand for copper, one does not see a very great advantage resulting; for the obvious reason that the manufactured German, French or other European article would be placed in the world's markets in competition with the higher cost American manufactured article of the same class, and so would undoubtedly curtail the demand of domestic manufacturers for the metal. Concerning the proposed tariff on domestic copper by the Government at Washington, and what effect this might have on the Canadian produced blister, Mr. Munro felt that such action on the part of the American Government would be of advantage to Canadian produced copper, inasmuch as it would not be subjected to a tariff, going through to the refinery in bond, and later sold in Great Britain as a possible preferred product. No one is bold enough to forecast with any degree of assurance what the future holds for the copper industry.

**TERRACE ATHLETES ELECT OFFICERS FOR THE COMING SEASON**

M. Hatt is President of Organization With J. H. Young Its Secretary

TERRACE, March 28. — The Athletic Association held its annual meeting on Friday and elected officers for the ensuing year. President, M. Hatt. Vice-president, W. E. Smith. Secretary, J. H. Young. Corresponding secretary, Mr. Griffin.

The meetings will be held on the second Friday of each month. The membership fee has been reduced to one dollar and it is hoped a large number will join.

**MANSON CONSULTING HIS CONSTITUENTS**

Owing to Division of Territory Must Make Change in District He Will Represent

Says the Interior News of Smithers: That there will be no election for some little time yet is the information Hon. A. M. Manson, K.C., attorney general in the Oliver government and member for the old riding of Omineca, brings on his visit to the constituency after a strenuous session of the Legislature followed by the royal commission following investigation of P.G.E. charges.

Mr. Manson arrived at Smithers on Sunday and next day doubled back to Hazelton. Yesterday was spent in Telkwa and the balance of the week will be spent in a brief run through the new Omineca riding, which extends beyond Vanderhoof.

While Mr. Manson shows no concern over an immediate election, he is consulting his supporters on the question of which riding he will run in. To the Interior News he stated that no matter what decision was arrived at in this respect, it would be made with many regrets for the necessary division of the district bringing about his withdrawal from a section of the friends who had been so good to him since 1916, but, he stated, the whole district would ever have a claim on him.

Hon. Mr. Manson expects to reach a decision early next week, before he departs for Victoria. With Mrs. Manson and the family he expects to leave shortly for a holiday trip to California.

**PRETTY WEDDING ENDAKO TUESDAY**

Miss Evelyn McRayner of Francois Lake Becomes Bride of W. Jardie

ENDAKO, March 28.—A pretty wedding took place at St. Johns Memorial Church, Endako, on Tuesday, March 25, when Miss Evelyn McRayner, daughter of T. J. Rayner of Francois Lake, formerly of London, England, was united in marriage to W. Jardie, Rev. W. Sweetman officiating.

The bride who was given away by her father, was gowned in white crepe-de-chine and shadow lace with tulle veil and orange blossoms, carried a bouquet of daffodils and white carnations and was attended by Miss Patience Sweetman, while K. McRayner, brother of the bride, acted as best man.

Following the ceremony a reception was held in St. Johns parsonage. Amongst those invited were Mr. and Mrs. T. J. Rayner, Mr. and Mrs. P. M. Rayner, Mr. and Mrs. McKay, Mr. and Mrs. W. J. Foster, Mr. and Mrs. H. LeDuke, Mr. and Mrs. P. Cousins, Mrs. Andrews, Mr. and Mrs. P. McGilligan, Mr. and Mrs. Keltyle, Mr. and Mrs. A. G. Annon, Mr. and Mrs. W. Wilson, and Rev. W. and Mrs. Sweetman.

Mr. and Mrs. Jardie left later for their future home in Bassino, Alta.

**TERRACE NOTES**

Mrs. and Miss Halliwell have returned from Prince Rupert.

Thos. Tiffen left Wednesday evening for Edmonton to join

**You need a PILOT**

**EVERY** good ship, nearing port, takes on a pilot. Usually, the law requires it. The pilot knows the channel. With his capable hands at the helm, the vessel is safe. Without him, there is danger of the shoals.

When you set sail on a shopping tour you, too, should have a pilot. Everybody needs one. And well-informed shoppers always have one—ADVERTISING.

Advertising keeps you off the rocks of extravagance and waste. It takes you straight into the port of economy. It tells you plainly where to go for what you want. It shows you how to save steps—and money—and time. By watching it carefully, each day, you are able to buy to best advantage.

Often, the advertisements will keep you from making an unwise purchase by pointing out just why one article suits better than another. It points out for you the pick of the country's market and the selection of the particular kind, shape, size and color that best suits your taste and fits your pocket-book.

Whether you want food, clothing, furniture or a toy for the children, the advertisements can help you.

**Let Advertising Steer Your Steps**

Mrs. Tiffen who is in a critical condition in the hospital there, following an operation for appendicitis.

H. E. Fraser has been inspecting the schools of this locality this week. He visited Lakelse school on Monday and spent Tuesday and Wednesday at the Kitsungallum school. He gave a favorable report of the work being done. He made some alterations in the grading, so that the Principal, Mr. Griffin now has only grades VIII. and IX.

Miss Cousins has returned from Smithers.

Mrs. Harry Frank and her daughter Mildred spent a few days at Remo this week as the guests of Mr. and Mrs. A. Y. Wilson.

Mr. and Mrs. Simmons left for Chilliwack this week.

Mrs. Walberg went up to the Hazelton hospital for treatment on Monday. Miss Christie who accompanied her mother returned on Tuesday.

Chas. R. Gilbert is east on a business trip.

Mr. and Mrs. Brooks are again occupying their home after having rented it for some months.

### EXPORT OF LOGS IS NEGLIGIBLE QUANTITY

One Hundred Million Feet Went to Japan and Little More to States

VICTORIA, March 28. — Keen exception is being taken by Hon. T. D. Pattullo, minister of lands, to reports appearing in eastern newspapers with regard to timber exports in the raw from this province.

"A great deal of talk was heard during the last session of the Legislature," said the minister in an interview recently. "But if people only realized the situation they would not be misled by erroneous statements, which are often made by persons with some ulterior motive."

The minister points out that while 233,000,000 board feet of logs were exported from British Columbia last year, 100,000,000 feet went to Japan. The balance, 133,000,000 feet, went to the United States. Statements have been made that the importation of British Columbia logs have resulted in the building up of large industries in the United States. The truth is that the United States last year exported 100,000,000 feet of logs to Japan; so that there was only a balance of 33,000,000 feet of British Columbia timber left to be handled in mills across the line—so small a quantity as to be entirely negligible.

"The public should not take the alarmists' cries seriously," remarks the minister. "The province is moving along sane lines of conservation. Only a small percentage of unmanufactured timber is permitted to leave the country and as the result of present methods the industry is in a splendid condition."

### PROPOSAL TO CHARGE HIGH SCHOOL PUPILS

Victoria Will Consider Matter at Next Meeting of Board

VICTORIA, March 28. — At the next meeting of the school board a resolution will be moved by Trustee P. R. Brown as follows: "That as a temporary means of economy the Victoria School Board shall apply the following tuition fees in respect of the maintenance of the Victoria High School, which shall apply to all students attending the said High School who have not reached their seventeenth birthday: "First year students, free; second year students to pay a fee of \$10 per student per year; third year students to pay a fee of \$15 per student per year; and all students who fail to complete

Two or more years will be allowed for removal of timber. Further particulars of the Chief Forester, Victoria, or the District Forester, Prince Rupert, B.C.

### CANCELLATION OF RESERVE.

NOTICE IS HEREBY GIVEN that the reserve existing over Lot 444, Queen Charlotte Islands District, is cancelled. G. B. SAIDEN, Deputy Minister of Lands, Lands Department, Victoria, B. C., 28th January, 1924.

### TIMBER SALE X 6003.

Sealed Tenders will be received by the District Forester, not later than noon on the 10th day of April, 1924, for the purchase of License X 6003, near Sheep Passage, entrance to Griffin Pass, C.R. 2, to cut 270,000 f.b.m. of Hemlock, Balsam, Spruce, and Cedar sawlogs. Two or more years will be allowed for removal of timber.

Take Notice that I, Arthur Robertson, of Port Clements, British Columbia, intends to apply for a lease over the following described lands: Commencing at a post planted at the northwest corner of Lot 826 north east of Graham Island; thence 150 chains westerly; thence five chains northerly, to low water mark, thence 150 chains easterly along low water mark; thence five chains southerly to point of commencement, containing forty acres, more or less. Located January 16th, 1924. ARTHUR ROBERTSON.

their course during the first three years shall, upon entering their fourth year, pay a fee equal to those students who are now paying the fee of \$20 per year; and also, by way of encouragement to students wishing to continue their studies after the first year, the first five successful students passing their examinations to a higher division shall be exempt from any tuition fee (except in the case of students who have reached their seventeenth year.)"

### MASTER ROBERT WAS WINNER OF STEEPLECHASE

(continued from page one)

1893, was remarkable, this horse making virtually the whole of the running, and winning in a canter by 40 lengths in what represented the record time for the present course until Asceltic's Silver knocked some seconds off it 13 years later. The "National" has been twice won by the same horse in four instances. The animals to achieve the feats were Ad-el-Kader, the Lamb, the Colonel and Manifesto. Poethelyn can hardly be included, as one of his successes was recorded in a substitute race. Poethelyn was one of the several horses that succeeded in the Aintree steeplechase at the first time of asking, among others being Come Away, Lutteur III, Rubio, Ally Sloper, Trovotown and Music Hall. Horses that have been previously placed in the race frequently win it sooner or later. The case of Cloister has been referred to. Why Not, Drummer, Kirkland, and Jerry M. are others of recent years that come into the category.

### King Edward Won

Only once has a horse carrying the Royal livery won the "National," this being Ambush II, owned by the late King Edward and ridden by "Algy" Anthony. Manifesto is probably the most remarkable "Liverpool" horse on record. He first appeared in the Grand National in 1895, and finished fourth. The following year he came to grief—the only mistake he ever made at Aintree; in 1897 he won and when he next appeared two years later, scored again. Manifesto was third in 1900, 1902 and 1903 and made his last appearance in the race in the following year but was unplaced.

The biggest field for the "National" was that of two years ago, when Shaun Spadah disposed of 34 opponents. All but the winner met with some sort of a mishap during the contest, but three others were remounted and completed the course. The record in the matter of winner-riding is held by George Stevens, who finished first on five occasions. Tom Oliver rode in 19 Nationals, of which he won three and Arthur Nightingale and Tom Basley also won three times.

**WANTS TO KEEP HER**  
Doctor—I would suggest a diet. Patient—Well, it will have to be something that agrees with the cook.

### HUNDREDS ARE SLOWLY POISONED

Neglect Causes Sick Headaches, Nausea, Bad Digestion, Weak Stomach and Nervous, Run-Down Condition.

Neglect of the liver results in self poisoning! Not as quickly, perhaps, but just as surely as if you drank poison out of a bottle. If the liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, gas, sour stomach and constipation.

Cleanse and tone your liver! Put your system in condition so you feel your very best again! Try just a spoonful of Dr. H. S. Thacher's excellent Liver & Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep and feel—the return of strength, vigor and energy. You will be completely satisfied; otherwise, there will be no cost.

Dr. Thacher's Liver & Blood Syrup is sold and recommended by Ormes Ltd., Cor. 3rd Ave. & 6th St., Prince Rupert, B.C., and by leading druggists in each city and town.

### INCREASED SAILINGS TO THE OLD COUNTRY

In order to take care of increased travel expected from Canada to the Old Country this summer, the White Star, Cunard and Anchor-Donaldson Lines announce additional sailings from Montreal and Quebec. It is also suggested that those going to the Old Country should make reservations and secure passports as early as possible. Write or call Canadian National Railways, 528 Third Avenue, Prince Rupert, B.C. Phone 260.

The Slater Shoe

## Keep Your Feet Snappy OXFORDS

In a nice pair of our Black or Brown Calf for early spring. We have them with good soles and nice medium heels. Just the proper walking shoe for early spring wear. Also in nice soft Brown Kid Oxfords with Cuban heels for those who like a little snappier style. Come in and let us fit you. It is no trouble to show our goods. Prices and quality unexcelled.

**UNIVERSAL TRADING CO.** Shoe Department.

### WESTHOLME THEATRE

Tonight and Tomorrow Night, 7 and 9 p.m. Saturday Matinee, 3 p.m.

## POLA NEGRI "THE CHEAT"

A George Fitzmaurice production with Jack Holt in the leading male role, a startling innovation, Pola Negri in a sympathetic part. The story of a foolish wife who bargains her soul for luxury and—keeps the bargain. Beautiful gowns and effects. Big scenes including the stupendous charity bazaar, the Parisian fashion shop with its dazzling style show and lovely mannequins, the sensational branding scene, the screen's greatest thrill, the dramatic court room scene with its smashing climax. Screenland's mistress of emotion at her very best. Huge cast includes also Charles De Roche and Dorothy Gunning.

**CAMEO COMEDY—"UNDER COVERS."** FUN FROM THE PRESS. Admission 50c and 25c.
