#### Premier Macdonald Sees Victory but Betting is in Favor of the Conservatives in British Election

##### Premier Overcome With Fatigue at Aberavon: Effort Made to Knock Out Lord Curzon but Blow Misses Him

LONDON, Oct. 28.—Premier Ramsay Macdonald in a final appeal to the nation before voting tomorrow says: "At the end of the hardest fight I have ever known the signs of a Labor victory are unmistakable."

The latest rates at Lloyd's in connection with the election indicate that the wind has changed considerably of late in favor of the Conservatives. The odds yesterday were seven to two against a clear Conservative majority and 19 to one against a Labor majority.

**Premier in Bed**  
ABERAVON, Wales, Oct. 28.—The last days of strenuous election campaigning has had such a fatiguing effect upon Premier Macdonald that he has been forced to cancel his address here today and is spending the afternoon in bed.

**After Lord Curzon**  
LONDON, Oct. 28.—Today, the last day of the election campaign being devoted to an intensified canvass and torrents of speeches by members of parties. Political tempers have been growing steadily hotter and show no signs of cooling as polling day approaches.

The police were called last night to prevent serious developments. A blow aimed at Lord Curzon, Conservative candidate in Batterssea, missed him but felled his companion unconscious. The tires were ripped off Lord Curzon's auto and the lamps of the car were smashed.

#### SAYS DID NOT WRITE LETTER

Russian Government Says Document Sent to Communists Was Forgery

MOSCOW, Oct. 28.—Alexis Rykoff, president of the council of commissars and G. S. Zinovieff, chairman of the executive committee of the Third International, today followed the Soviet Government's note to Great Britain, denying the authenticity of the Zinovieff letter, claiming it to be a pure forgery.

The letter was one purporting to be written by Zinovieff to the British Communist party urging that efforts be made to bring about the violent overthrow of present British institutions and that the subversion of the military be one of the steps in the movement.

Protest was at once made by the Macdonald Government to the Soviet.

#### WILL BE TRIED FOR ROBBING THEATRE

VANCOUVER, Oct. 28.—Three men now serving terms at Walla Walla penitentiary will be brought here in November to face a charge of holding up and robbing the Capitol Theatre on February 19 last of \$2,500. The men are Frank Depaul, Frank Howell and C. C. Thompson. One of the men, Thompson, is also charged with the city hall payroll robbery here on September 29, 1922, when more than \$75,000 was taken.

#### CUTTER MOJAVE FAILS TO FIND GAS SCHOONER

Cuts Way Through Five Inch Ice But Has to Turn Back Without Silver Wave

NOME, Oct. 28.—The cutter Mojave of the United States coast guard, which attempted to penetrate the Arctic Ocean to rescue four men from the gasoline schooner Silver Wave, has turned back, according to word received here. The Mojave forced her way many miles through ice five inches thick but was unable to approach a point 180 miles north of the Behring Strait where the Silver Wave was last seen after being caught in the grasp of the ice when making her last trip of the season.

#### MOVIE CENSOR

VICTORIA, Oct. 28.—Joseph Walters, former Liberal member of the Legislature for Yale, has been appointed moving picture censor for British Columbia, succeeding Walter Hepburn, superannuated.

#### FRANCE RECOGNIZES RUSSIAN GOVERNMENT

PARIS, Oct. 28.—The French government has followed the example of other countries and has given a de jure recognition of the Russian Government.

#### NO SUSPENSION RAILWAY RATES

Matter Will be Further Discussed When Premier King Returns Home

OTTAWA, Oct. 28.—The cabinet meeting today decided that there would be no suspension of the order of the Railway Board setting aside the Crows Nest rates on westbound commodities. The meeting was held following the receipt of a telegram from Premier King quoting communications received from three provinces, which asked for suspension of the Board's order.

The matter will be discussed later when the Premier returns, at a full meeting of the cabinet.

#### SALVATION ARMY OFFICIAL PASSES

TORONTO, Oct. 28.—The death was announced by cablegram last night of Commissioner Arthur Bates, auditor general of the Salvation Army in London, England.

#### Republicans are Worrying Over La Follette Getting Foreign Vote United States Election Next Week

WASHINGTON, Oct. 28.—(By Canadian Press).—The vote of the foreign born element in the population of the United States is worrying the Republican campaign management in the late stages of the campaign. In spite of the fact that as election day draws closer the Republican leaders express increasing confidence in the re-election of President Coolidge, they would feel a great deal more comfortable if it were not for the information they are receiving regarding the attitude of the foreign born workers.

Early in the campaign it developed that much of the German-American vote was trending toward La Follette. The Republicans have made a desperate effort to check and change this but they have met with only partial success.

It now appears that the great bulk of what are referred to as the foreign language groups in the country are disposed favorably to La Follette. In New York it has been discovered that two-thirds and more of the foreign language elements are likely to vote the La Follette ticket.

While there is not much data as to the trend of the foreign language groups state by state, it is a reasonable supposition that what has been found to be true in New York and some of the other eastern centres holds good the country over.

Various reasons exist for the disaffection of the foreign born against the administration and their support of La Follette. One cause of grievance is the recent immigration measure, greatly restricting immigration. This has hit hard at immigration from southern and eastern Europe and has aroused no little feeling among most foreign born elements anxious to have relatives or friends from their home lands come to the U.S.

#### Friendly Bear Executed by Section Foreman at Pacific for Fear he Would get Rough

A domestic tragedy occasioning no small amount of childish grief was enacted last Saturday at Pacific when Section Foreman William Brackenbury ordered the execution of a family bear—an animal which possessed an unusual amount of sagacity and had quite attached itself through its intelligence in the affections of the family.

This bear, which adopted itself to the Brackenbury family several months ago, was two years of age. While the family was seated at table eating meals he would sit by and catch the scraps that were thrown to him. Regularly he came three times a day for meals and would come right into the house and eat from Mrs. Brackenbury's hand. When he considered that enough attention was not being paid to him he would sit on his hind-quarters—just like our domesticated lap dog—and look straight into one's eyes. Should the door be closed when he arrived on the scene, he would put up his paws and peer through the window. The Brackenbury family keep a flock of geese with whom Bruin established quite a friendship. He would brook no unnecessary familiarity, however, and when the gander hissed at him or came too close he would bat them away with his paws.

**Moved With Family**  
Bruin first attached himself to the Brackenbury family when they were living at Pitman. Recently residence was moved a distance of five miles from Pitman to Pacific so that the children could attend school. The bear, however, was not to be left behind and soon after the move had taken place Bruin had also followed up his boarding house and was back at his old tricks again in the new location.

Appreciating the friendship with the children but fearing that they might come to some harm through Bruin's innocent pranks, Mr. Brackenbury last week decided that the bear should be shot, since there was no other apparent means of getting rid of him. Accordingly Jack Burns, the well-known Legate Creek prospector, acted as executioner. When the hide was examined after the shooting, a Y-shape scar, apparently due to rubbing of a rope, was found on his neck.

#### Telkwa Coal Shipments Commence in December Prince Rupert Market

TELKWA, Oct. 28.—The Telkwa Collieries are preparing to make shipments of coal to Prince Rupert just as soon as the first snow arrives. This is a mine that is owned in Prince Rupert largely and last year the coal shipped gave general satisfaction.

Greater depth has now been attained in this mine and the quality of the product improves as they go down. Also more care is being taken in making shipments so that the reputation of the coal may be kept up.

#### CITY MANAGER IS DISCUSSED

Request of Ratepayers' Association for Plebiscite Laid Over by City Council

The request of the Prince Rupert Ratepayers' Association for a plebiscite on the question of city managership was received at last night's meeting of the city council and laid over for a fortnight so that all the aldermen may study up the system.

Immediately after the communication from the ratepayers' association was read, Ald. Collart moved and Ald. McMordie seconded that the request for a plebiscite be granted.

Ald. Casey then rose to voice his opposition to the adoption of the system in Prince Rupert. The council, he said, should not pass on to the people for their endorsement a matter that it did not approve itself. It should be decided first whether or not the council was in favor of city managership. While he was not fully conversant with all the details of the system, he was personally opposed to it as being something that was uncalled for. He did not think the people fully understood it. Under the system now in vogue, the city engineer was in charge of the city's construction work and the two technical departments—electric light and telephone—had properly qualified officials administering them. This being the case, it was his opinion that there would be no proper function for a city manager in a municipality of this size. A highly paid official, the city manager, would be a jack of all trades and master of none. While he might have some business ability, in construction work he would be a dead letter. His opinion was that a city manager would add an expensive and uncalled for item to the city administration.

Ald. Collart pointed out that, if a petition was received, it would be the duty of the council to submit the plebiscite.

Ald. Macdonald expressed his opposition to the idea concurring with the reasons given by Ald. Casey therefor. However, if the ratepayers' association wished the matter put before the people, it had proper channels through which to apply.

In view of the fact that both Ald. Casey and Ald. Macdonald had admitted that they were not fully conversant with the details of city managership, Ald. Collart asked leave to withdraw his motion and submit in its stead a motion laying the matter over for two weeks so that all might have the opportunity of going more fully into it. This was seconded by Ald. McMordie and carried.

#### MUCH MARRIED MAN ACCUSED

Forty-two Wives Appeared to Give Evidence Against Julius Gruenwald

VIENNA, Oct. 28.—Forty-two women, all claiming to be wives of Julius Gruenwald, appeared in court against him yesterday. From the testimony of the women, Gruenwald was in the habit of getting married, securing the money from the brides and then deserting them. The evidence indicated that he averaged about \$80 per bride.

#### LABOR LIKELY LOSE TOMORROW

Letter to Communists Exerts Big Influence on Voters in Britain

LONDON, Oct. 28.—Even before the publishing of the Zinovieff letter it looked as if Labor could not secure sufficient support in this country to control the House of Commons. Much has been made by the opponents of the incident and today it would seem as if the Macdonald government is doomed to political extinction.

#### GRAIN LOADING GOES MERRILY

Almost as Much Wheat Marketed This Year as Last so Far

WINNIPEG, Oct. 28.—With the continuation of splendid threshing weather all over the prairie provinces grain loading on the Canadian National Railways is surpassing, on many days, the record loadings of last year, daily loadings are now in excess of a thousand cars, containing over one and a quarter million bushels while unloading at the head of the lakes is almost reaching the thousand car mark set last year. On Monday 1,717,000 bushels of grain were marketed at Canadian National points and 1,090 cars were loaded with 1,364,000 bushels. There is now a total of 11,502,000 bushels in store. Since August first, a total of 28,639 cars containing 38,096,000 bushels have been loaded by the Canadian National system of which 754 cars have been delivered to Vancouver. Monday was one of the record days at the head of the lakes according to Canadian National reports with nine vessels loading 2,362,000 bushels.

DAILY EDITION

Tuesday, October 28, 1924.

Gradually Coming Into Our Own.

We are gradually coming into our own. The Terrace bridge about which we worried for a long time, is practically completed and will be ready for opening on November 20. That is a great step in the development of the district. While it was delayed several years owing to the big expense involved, it was eventually built and will be worth a lot to the community.

Another thing we are getting is the road across Kaien Island. The work has begun and a good sum of money has already been spent in clearing the right of way. The next step is to have the work proceed and that will have to be in co-operation with the city of Prince Rupert. Those who want the road built will have to support at the civic election only those candidates who are ready to put it through early in the year in time for it to be used in connection with the new provincial road. If the present council will not do this work it is up to the people to elect a council that will see that development in this direction is not held back.

The city is doing good work in connection with the grading of roads generally, but this Kaien Island road is one that has been held back for various reasons for a long time and it would be a pity to check it now. We suggest that an Island Road Association be formed to pledge members to support only those candidates in the city who will build the city end of the road and similarly to support at the next provincial election only the candidate that will build roads. The time to get the Island road is right now. If it is delayed, we cannot tell when it will proceed.

Paying Hebrideans To Come To British Columbia.

The British Columbia government has offered the sum of \$300 per family to Hebrideans who would like to come and settle in British Columbia. That is a considerable sum for the taxpayers to provide. Now, however, Father Macdonnell, who has charge of the migration, wants the amount doubled. It is to be assumed that the government of this province will prefer to do without the settlers, rather than pay so high a price to induce them to come.

British Columbia welcomes settlers and will continue to do so, but to what extent they should pay out cash to get them here remains a doubtful question. Most of us came here on our own without any special inducement. We paid our own way in spite of the fact that we were poor. If others wish to come we should welcome them, but to pay \$600 to each family as an inducement is doubtful economy. Give them land by all means and help them all we possibly can but it must be remembered that every dollar paid out increases the taxes.

Immigration Is Dominion Problem.

Immigration is a Dominion government problem. Also the issuing of licenses to fishermen is a federal matter and nothing whatever to do with the provincial government. The only reason the matter of immigration and land settlement devolves upon the province to some extent is because in this province the crown lands belong to the province and not to the Dominion and settling them therefore become a provincial matter as well as one for the Dominion government.

We should all like to see a good settlement of Hebrideans established in the fisheries here, but it must be remembered that salmon fishing here is a calling that is learned by purely local experience. Many white people who undertake it fail to make good. Good money can be made by the right persons but not all who go into it are successful. The first year they are like apprentices at the calling. Some of the fishermen that came here from the Fraser River made good the first year, but they had experience in the same class of fishing.

The provincial government will be ill-advised if they pay any sum higher than that already offered in order to induce settlers of any kind to come here—Scottish, English or Irish or any other nationality. They are paying out the people's money and are bound to go carefully.

NEW HAZELTON

Mrs. G. D. Parent and her sons are expected back shortly from Montreal.

Jack Burns and J. D. Sweeney came in last night from Legate Creek where they have been engaged this summer in mining development work.

Preparations are now being made for the calling for tenders for the erection of a \$10,000 nurses' home in connection with the Hazelton Hospital. The Methodist Mission Board has voted \$5,000 towards it.

Dr. G. A. Petrie will be in charge of medical and surgical work at the Hazelton Hospital during the absence of Dr. H. C. Wrinch, M.L.A., who is going to Victoria to attend the session of the legislature. Dr. R. G. Large who arrived this week from Bella Bella, will be his assistant.

The search party which left some weeks ago to locate McClair and his partner, prospectors who have been missing for over a year, returned to Hazelton on Sunday. They went as far as Findlay Forks but were unable to find those whom they sought.

J. D. Galloway, district mining engineer, left last week for Cariboo on official business. He will proceed from there to Victoria where he will remain until the middle of December, when he will return accompanied by Mrs. Galloway who is at present visiting relatives in Regina.

William H. Scott of South Hazelton was sentenced to six months at Okalla Prison by Justice of the Peace William Grant for supplying liquor to Indians.

PRINCE GEORGE

Dr. E. J. Lyon has left on a month's vacation. He will visit his former home in Ontario and also plans to visit Mayo Clinic at Rochester, Minn., as well as New York hospitals.

The Prince George Agricultural & Industrial Association has decided to purchase a permanent fair site from the provincial government.

SMITHERS

R. C. De Vinney of Houston has been a business visitor in Smithers during the past three days.

Mr. and Mrs. J. P. Kirkpatrick have returned to their home after an extended visit with relatives in eastern cities. Their daughter, Miss Arlene, is staying in the east where she will continue her high school studies.

Mr. and Mrs. Hanna and son Harry who have been the guests of Mr. and Mrs. T. Martin for several days have returned to Houston and from there intend going back to the prairies. Mr. Hanna came to Houston to take over the job of station agent, but the C.N.R. have now decided that it is not necessary to have an agent at that point.

The second of the dances given by the newly formed Smithers Benedict Club was held on Friday and although not quite so well attended as the first one, those present spent a very enjoyable evening.

Arthur Gregory of Moricetown and J. Gowans of Burns Lake were business visitors in town on Friday.

There was born on Oct. 22 at the Bulkley Valley District Hospital, Smithers, a daughter to Mr. and Mrs. J. J. Beasley of Prince Rupert.

John Gould of Houston who has been a patient at the hospital for the past week is now able to be around again and will soon be escorting home Mrs. Gould and their newly arrived daughter.

An auction sale was held on Friday and Saturday afternoons and evenings to dispose of the household goods and stock in trade of T. Anger who has conducted a gent's furnishing and tailoring establishment in Smithers for a number of years. A number of exceptionally good bargains were obtained by the bidders on gent's furnishings and suit lengths. One of the main attractions of the sale was the auctioning of the fancy work that had been done by Mrs. Anger. There was a large collection of very beautiful pieces and the bidding was very keen.

John Hamlett, a former resident of the Burns Lake district, died at the local hospital on Saturday, Oct. 25. Mr. Hamlett who had been ailing for a month was in his 60th year.

A memorial service was held at the Anglican Church Sunday evening for the late Archbishop Du Vernet, Rev. B. H. Biddell conducting the service.

Special service was held at Union Church Sunday evening, the congregation having the pleasure of hearing Rev. A. N. Pondin, M.A., who had served in China as a missionary.

Several carloads of Smithers folks journeyed to Telkwa on Friday night to attend the dance there in aid of the library fund, and report having a very enjoyable time. A number of citizens also attended the dance at the Drifwood Schoolhouse the same evening, this dance being in aid of the Christmas tree fund.

TELKWA

Rev. J. S. Brayfield returned Sunday morning to the home in Prince Rupert, and in the afternoon, drove to Quik to his service there.

The Boy Scouts are very interested in the preparation of a building which is to act as a Scout Hall for the coming winter months.

The dance held on Friday night in the Hall in aid of the Library proved to be a most enjoyable one. The food was muddy, but that did not keep the people from coming from various outside points. The music was very good, and the committee was pleased with the returns.

Now that the leaves have left the trees, the sportsmen are having better luck, as the grouse are more easily seen.

A good deal of road work is being done before the first comes. Geo. Findlay is in charge and is very busy.

Gardeners and farmers have been busy taking in their crops. One farmer who has a splendid lot of turnips has some weighing nearly twenty pounds.

So far there has been no snow, and the slight rains have only been a reminder that this is Fall. It has been a fine season so far, and if it keeps up, it will shorten the winter a lot.

Those interested in skating are planning if possible to purchase lots on which to build a permanent rink.

A recommendation from the finance committee that lots 14 to 22, block 14, section 8, be advertised for sale was adopted at last night's council meeting. Hamilton Douglas had made application to purchase these lots which were offered at the 1922 tax sale.

In accordance with a petition submitted by the requisite proportion of merchants in the city, the council last night put through its first readings a new Early Closing by-law setting out the classification of businesses which was lacking in the old by-law. There was no change from the provisions of the old by-law as regards the hours that stores may be kept open. The old by-law was simply defective and this one is to replace it.

Ald. Gasey reported at last night's council meeting that here were several workmen in the city desirous of registering or the municipal election but who would be unable to do so within office hours without losing time. City Solicitor Jones reported that he was making arrangements to attend at his office during the evenings this week for the receiving of declarations.

A resolution, moved by Ald. Colclat and seconded by Ald. Mc-Mordie, that the city clerk refuse the sum of \$2 from those over 50 years of age, medically unfit and active members of the militia a qualification for voting at the municipal election, was passed at last night's council meeting. Such persons are exempted from the \$5 tax under the Municipal Elections Act. Thus can vote without paying anything although it is necessary for them to register, like others, before October 31.

### NOW READY TO HANDLE DEISEL FUEL IN BULK

Imperial Oil Co. Extends Plant to Meet Requirements of Specially Engineed Boats

The Vancouver tanker Hercules is due in port with 3,000 barrels of star oil on arrival of which the local branch of the Imperial Oil Co. will be enabled to cater for the first time to the bulk requirements of deisel and semi-deisel boats. Heretofore, star oil has been sold here only by the case.

The marked increase during the past year in the number of deisel and semi-deisel engineed boats being used here resulted in the decision of the Imperial Oil Co. to extend its local facilities to meet the requirements of these boats. Accordingly, two new tanks have been built to take care of the local coal oil business releasing two of the larger ones for the carrying of star oil.

All that is now awaited to put the plant in a position to cater to this business is the arrival of the bulk oil on the Hercules from loco.

The Hercules is a local Vancouver boat. She is a small craft but is equipped with special pumping apparatus.

### PROPOSED AUCTION CITY LOTS W'LL NOT TAKE PLACE JUST NOW

Ald. Clapp, at last night's council meeting, abandoned his notice of motion calling for the sale at auction of all tax lots held by the city with the exception of those in Section 1. The motion was then taken up by Ald. Casey but was defeated when put to the vote only Ald. Casey and Ald. Macdonald supporting it.

In withdrawing the motion, Ald. Clapp stated that he had found it advisable to do so in view of legal complications, Ald. Casey's reason for following up the matter was that a situation had arisen which sooner or later must be met.

A petition against the proposed sale was received by the council.

### PRICES LOWER FOR HALIBUT TODAY AS RESULT OF SUPPLY

Owing to the larger supply the price of halibut dropped today on exchange. Yesterday about a quarter of a million pounds changed hands and this was followed by over one hundred and forty thousand pounds in today. This included a catch of about 30,000 by the Andrew Kelly. Sales today were as follows:

American Seattle, 40,000, at 17c and 7c to the Atlin Fisheries.

Canadian Seamaid, 38,000, at 15c and 7c to Cold Storage.

Lysekil, 24,000, at 15c and 7c to Cold Storage.

Serub, 2,000, at 15.50c and 7c to Atlin Fisheries.

Tramp, 1,500, at 15.50c and 7c to Atlin Fisheries.

W.T., 3,000, and Atli, 3,000, at 15c and 7c to Cold Storage.

Cape Spencer, 2,000, at 15c and 7c to Cold Storage.

### REGIMENTAL SMOKER HE'D LAST EVENING

Music and Recitations, Refreshments and Smokes, Enjoyed at Barracks by Men of Local Battalion

As a prelude to the winter activities of the regiment, a smoking concert was held last evening in the barracks of the First Battalion North B.C. Regiment. Contributing to the program were the regimental band; Lieut. Barnsley with a saxophone solo; Bandsman Eastman, saxophone solo, Lieut. Barnsley, Bandsman Eastman, saxophone Charles Auckland, saxophone trio; Sgt. Murray, Private Harris and Sgt. Major Wright Davies, solos; Sgt. Horrobin and Sgt. Major Wright Davies, recitations. There was also community singing and refreshments and smokes were passed around. Sid Thompson was accompanist of the evening.

Col. J. W. Nichols, who presided, in the course of an appropriate address, urged that renewed interest be displayed by all ranks this winter in the activities of the regiment.

### FOX FARMING ON INCREASE IN NEAR ALASKA IT IS SAID

SEATTLE, Oct. 28.—Fox raising is becoming one of the most important industries of south-eastern Alaska, according to Dr. V. R. Cline, fur animal specialist of Petersburg, Alaska, who brought 40 pairs of blue foxes here from Ketchikan, Wrangell, and Petersburg, for shipment to Shishmaref, on the Arctic Ocean north of Nome, Alaska. The animals were valued at \$20,000. Fox farming has been started at Shishmaref.

Many foxes are shipped to the eastern part of the United States from Alaska. One of the largest fox farms in Alaska is near Ketchikan.

The Prince George Tennis Club rounded out a very successful season last week when the semi-finals and finals in the championship competition for the Wilson Cup were played off. The coveted trophy passed into the hands of W. L. Hornsby, manager of the Royal Bank, who wrested it in the final from G. Foot, the holder for last year. The presentation of the cup to the winner took place on Sunday afternoon of this week at a tea given in honor of the members of the club by Mrs. C. P. Deykin.

Prince George has a gymnasium which is suitable for the playing of handball, basketball and badminton and in the winter months it is used to good advantage by adults as well as children. The building belongs to G. C. Hartley who has offered its free use and also the services of Harry Anderson, a capable instructor. The Prince George Parent-Teachers is making arrangements for the opening of the hall this winter.

The second meeting of the season of the Ladies' Section of the Fraternal Whist League will take place this evening in the St. Regis Cafe with games scheduled as follows: Pythian Sisters vs. Orange Ladies; Moose Ladies vs. St. Andrews. It will be the first appearance of the season for the last mentioned team. Moose Ladies and Daughters of England won their opening games and the Orange Ladies and Pythian Sisters lost.

ing the decline in the industry which has prompted adoption of the treaty, Prince Rupert in 1920 shipped 13,500,000 pounds of halibut east. In 1923 her shipments dropped to 8,500,000 pounds." In contradiction of this statement, it is only necessary to point out that during 1923, 29,583,700 pounds was landed at this port and the large majority of it was shipped east. Therefore, the halibut landings of this port increased in 1923 by 16,583,700 pounds from the total that the Sun gives for 1920. Furthermore, despite the impending close season, it is expected that the total landings for this port in 1924 will exceed those of last year.

**NEEDED IT ALL**  
Some years ago a small steamer going up the Clyde ran aground near Renfrew and the captain was not sparing in strong language over the accident. While waiting in profane impatience for the rising tide, he saw a little girl approaching the river with a bucket to fetch some water. This added to the captain's fury, and leaning over the side he shouted: "If you tak a drap o' water out here till I get afloat, I'll warm yer ear for it!" —Boston Transcript.

### "Back was Very Painful I am now Well Again"

Mrs. Wm. Walker, Webbwood, Ont., writes:

"I was sick for several months with my stomach. I had pains in the back, and how I used to dread wash day, for my back would pain so that I couldn't lie down when night came. I also had gas on my stomach, and my appetite was so poor that sometimes I did not care whether I ate or not. The doctor gave me medicine, of which I took a number of bottles without benefit. At last I started to use Dr. Chase's Kidney-Liver Pills, and although I have only used three boxes, I am quite well again."

## NO WINNER OF BIG ELECTION

Probability is that Next Parliament in Britain will be Badly Split

### MAJORITY DIFFICULT

Next Government Likely to be Either Conservative or Labor

LONDON, Oct. 28. — In the whirl of a parliamentary election it is almost impossible to rightly gauge the situation here or to give any reasonable estimate of what will be the standing of the parties when the ballots are counted tomorrow. With efforts being made on all sides to supplant reason by emotion or political trickery no prophet would dare risk his reputation on a forecast. Nothing is so uncertain as an election and this election is more uncertain than usual. There are prophets in abundance but they are all guessing. The probability is that no one party will have a majority but that a coalition will have to carry on.

Since Lloyd George's coalition government was defeated at the polls in 1922 there have been three prime ministers of Great Britain: Bonar Law, Stanley Baldwin and Ramsay MacDonald. Bonar Law, the immediate successor of Lloyd George in the premiership, was forced by ill-health to relinquish his duties as head of the government after a few months, and he was followed as premier by Stanley Baldwin, Chancellor of the Exchequer, in the Bonar Law government. Instead of carrying on for the usual term of parliament Premier Baldwin as intimated asked the people for a mandate on the question of protection because he felt that otherwise he would not be at liberty to introduce a protective measure in view of Bonar Law's promise during the previous election that no such measure would be submitted to the House of Commons for the first three or four sessions.

**Beaten in House**  
The Baldwin government went back to parliament with the largest number of supporters but not with a majority over the other groups in the House. Hence on a motion of want of confidence which was moved by Ramsay MacDonald, leader of the Labor opposition, shortly after the new parliament had opened the Baldwin government went down to defeat. Liberals joined with the Labor members in supporting the want of confidence motion, which was carried by a vote of 328 to 256, a majority of 72 against the government of the day.

Then came Ramsay MacDonald's turn. He had been leader of the official opposition during Premier Baldwin's regime, and now he was called upon by the King to form a government. In office but not in power, the first Labor government in Great Britain spent nine months in governing the country. This was only by the grace and good will of the Liberal members of the House of Commons who, by voting with Labor, kept the MacDonald cabinet in office until the historic occasion of last week, when the final scene in the drama was enacted and Premier MacDonald dissolved parliament.

**Factions Unite**  
When Lloyd George appealed to the electors in 1922 the Liberal party was split into two factions, the Lloyd Georgians or National Liberals, and the Asquithian Liberals, the latter led by H. H. Asquith, former premier. In the 1923 election, however, the party was reunited, with Mr. Asquith the titular leader.

The standing of the parties at the time of dissolution on October 9, 1924, was as follows:

Conservatives	246
Labor	187
Liberal	156
Ulster Unionist	41
Co-Operative	6
Independent	3
Ind.-Liberal	2
Nationalist	2
Sinn Fein	1
Vacant seat	1

## COULD HARDLY WALK

Rheumatism was crippling Vancouver lady, who also suffered from digestive complaints. Dreco, however, made a marked improvement in her condition, although she has only been taking it ten days.

"I have been in poor health for a long time," says Mrs. Marvel Reambeau, of 730 Helmcken St., Vancouver, B.C. "I had stomach trouble and indigestion and my food would sour on my stomach after eating. My kidneys were very weak, causing pains across my back and I suffered from bilious attacks and dizzy spells, due to a sluggish liver.

"My worst trouble, however, was rheumatism. My ankles would swell up and get so stiff and sore that I could hardly walk and I suffered terribly. In fact, my entire system was in a badly run-down condition.

"I have only been taking Dreco for ten days, but I feel like a new woman already. My food digests better, my kidneys are stronger and my liver is splendidly active again. The rheumatism is also a lot better. The swelling, stiffness and soreness have nearly all gone and I feel better and brighter in every way."

Dreco is a wonderful system cleanser and tonic. It is made from the pure juices of herbs, roots, barks and leaves and contains no mercury, potash or habit forming drugs.

Dreco is being specially introduced in Prince Rupert by W. J. McCutcheon, and is sold by a good druggist everywhere.

## ENTIRE OPERA ON ONE PHONOGRAPH RECORD

BERLIN.—Twelve inch phonograph records that play for 100 minutes and reproduce whole operas by aid of radio loud-speakers without the noise of needle-scratching, have been produced by Dr. Max Hausdorff of this city, working along principles evolved by an English inventor. The production costs of the new record will be much lower than for the five minute records, it is alleged.

## SYNOPSIS OF LAND ACT AMENDMENTS

### PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series. "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner. Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

### PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes, minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

### LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

### GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under Grazing Commission. Annual grazing permits are issued based on numbers ranked, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

# Is your wife wiser than you?

IF YOU read only the stock and sporting pages, and your wife is like other women, she is wiser than you. She reads the shopping news.

She likes to hear you jingle money in your pockets. She likes to stretch money to the limit, so she won't have to ask for more. She likes to shop strategically. Know what she does.

Comfortably at home in a cushiony arm-chair, she scans advertising columns. She compares, judges and selects the goods she desires; maps her route; with least effort and minimum time, goes direct to the planned store and buys.

She obtains what she wants at the lowest price it is offered. She is certain of full satisfaction, for she knows advertised goods live up to their claims. She saves time and steps, and returns sufficiently alert to enjoy new advertisements--and to prepare you an appetizing dinner.

## STRONG THIRD PARTY MAY BE FORMED U.S.

If La Follette's Health Holds Good and Labor Stays With them They May Carry on

WASHINGTON, Oct. 28.—(By Canadian Press) — Friends of Senator La Follette and supporters of the movement for the third ticket say the formation of a strong third party after the election is assured. They assert that no matter what is the outcome of the election November 4 with respect to electoral votes, La Follette is sure to receive a popular vote of such proportions as to make it a mandate to go ahead with the formation of a permanent third party.

Not only the La Follette adherents but the enemies of La Follette admit he is certain to get a heavy popular vote. What his enemies are hoping for and working for is to keep it so distributed as to prevent the presidential election from being thrown into the House.

Under such conditions, the conference of third party men and women which is to be held here the coming winter will be profoundly interesting. It will not be an easy thing to start a third party on an enduring foundation. Much will depend, however, on whether Senator La Follette, who is getting along in years, and whose health is not of the best, is in a good state of vigor after the campaign. If he is able to continue the leadership of the movement, it will be much simpler to launch the third party than if he drops into the background.

### Labor a Factor

Much will depend too, on how earnestly the leaders of the American Federation of Labor enlist in the third party movement as a permanent proposition.

Accusations are now being made that a number of them are losing interest or, as the saying goes, are getting "cold feet." In this connection, there is no doubt that something depends on the continued success and tenure of the labor government in Great Britain. A backset for the government and an upsetting of it in the election would have the effect here to tend to hold back the third party movement. It would not prevent by any means the formation of a third party but would detract from the enthusiasm with which some labor elements here would support it.

**NOVEL CONCERT LAST EVENING**

Affair Staged in Boston Hall by Knights and Sisters of Pythias was Unqualified Success

The Halloween entertainment given last night in the Boston Hall by the Knights of Pythias and Pythian Sisters was an unqualified success, 175 persons being in attendance. The program was of a very novel and interesting character as were the general arrangements all of which reflected credit on the committee in charge for its ingenious efforts.

Much fun was provoked through each person, on entering the hall, being compelled to pass through an ante-room where he or she was subjected to the antics of hallow'een spooks. In the main hall, they were met by ghosts and escorted to their seats, the dim lighting further lending to the weirdness of the effect.

P. H. Linzey was chairman and the program was as follows:  
March of the Ghosts led by Piper James Sturgeon.  
Humorous recitation, J. C. Brady.  
Vocal solo, Miss G. Jones.  
Violin solo, William Murray, Junior.  
Rustic impersonation, Harry Astoria.  
Vocal solo, Mrs. J. J. Muldoon.  
Blackface comic sketch, Joe Ratchford and Jack Gobb.  
Vocal solo, Mrs. L. O. Larsen and for encore duet by Mr. and Mrs. Larsen.  
Saxophone solo, Art Easson accompanied by Miss St. Cyr.  
Recitation of her own composition, Mrs. W. Barton.  
Dance, Miss Annie Gilchrist.  
All the numbers were heartily enjoyed. W. Vaughan, Davies was accompanist of the evening. After the program, refreshments were served and dancing followed to the strains of music

**FURTHER PAVING BYLAWS ENACTED**

Fourth Avenue East From McBride Street to Fifth Avenue Junction is to be graded

A local improvement initiative bylaw providing for the paving of Fourth Avenue East from a point 37 feet east of McBride Street to the junction of Fourth Avenue was introduced and given its first readings at last night's council meeting.

Other bylaws were similarly dealt with as follows:  
Eighth Avenue East from McBride Street to the junction of Seventh Avenue.  
Hays Cove Circle on the west side from Fifth Avenue to Seventh Avenue. (This will make unnecessary to build the street across Booth School grounds which had been at first proposed.)  
Seal Cove Circle sidewalk.  
Hays Cove Circle and Seventeenth Street paving bylaws were reconsidered and finally adopted.

Ald. Casey inquired what had happened to the bylaw providing for the building of a sidewalk on Eighth Avenue east from Alfred Street. The city solicitor replied that the matter would be taken up with the city engineer.

**USING RADIO AT PACIFIC**  
Congregations Gather at School House to Listen to Outside Sermons

Radio is being put to good use at Pacific and, in spite of the fact that there is no preacher there and no church, goodly congregations now gather every Sunday evening in the school house to hear sermons from such places as Seattle and Portland. The set was recently installed by Mr. Bell, the school teacher.

A week ago last Sunday evening, the Pacific congregation listened to a sermon by the famous "Father" Matthews of Seattle and last Sunday they heard Rev. Phillips of Portland. Sermons from Calgary have also been recorded.

The set is also used to good advantage during the week and concerts have been heard clearly from as far away as the Atlantic coast.

**ARISTOTLE WAS THE FATHER OF SCIENCE**

And he said "Nature makes nothing without a purpose." Man has been given and has taken a command over nature which on the whole has been for the benefit of the human race. He has not yet been able to find a beneficial use for every natural thing but he has made wonderful progress in subduing the earth and making modern life one of comparative ease and comfort. Probably the most important factor in making our lives comfortable today is an inheritance from nature, namely, coal. And man in his restless desire to discover the best has brought to the market Nanaimo-Wellington coal which is now recognized to be the best obtainable. This coal has some wonderful qualities—freedom from clinkers and rock—small ash deposit and powerful, lasting heat—equally economical in furnace, range or fireplace.

This coal is obtainable only at Albert & McCaffery's and the public will be well advised in order to make sure they secure Nanaimo-Wellington coal and not a substitute to phone their orders direct to this firm. Their phone numbers are 116 and 564.
