## NAVAL AND COMMERCIAL ACTIVITIES HERE

### DEMOCRATS AT NEW YORK STRIVE IN VAIN TO AGREE ON CANDIDATE

#### Commodore Hopes to See Ships Commercial and Naval Lying in Harbor Together Before Long

"Thirteen years ago I was here in charge of the budding Canadian navy and at that time it had much in common with the city of Prince Rupert," said Commodore Hose at the Canadian Club luncheon Monday. "Both were looking forward to a building up work of national importance. At that time the mayor and myself tried to sow the seeds of enthusiasm and conviction of the future developments of the respective works in which we were engaged. There have been some disappointments. These disappointments, however, have been tests of the value of the work on which we then embarked.

#### BIG SOCKEYE RUN EXPECTED

Already Fishermen on Skeena are  
Averaging 44 to Boat and  
Canneries Busy

This is the fifth year since the big run of sockeye on the Skeena in 1919 and the canneries are looking to a large catch. So far their expectations have been justified for reports received from the river this morning is that the average per boat has gone up to 44 and everyone is fishing. The result is that the canneries are busy.

#### BUMPER SALMON PACK EXPECTED

George Frizzell Brings Back  
Favorable Report After Visit  
to Canneries

The salmon are running splendidly on the Skeena River and indications are that there will be a bumper pack this year like that of 1919 says George Frizzell who paid a visit to the canneries on the river yesterday. The season is starting like it did in 1919.

#### FELL INTO VAT OF OIL: BADLY BURNED

Whaler Black Arrived in Port  
This Morning Bringing Jap  
to General Hospital

The whaler Black, Capt. Balcom, arrived in port this morning bringing a Jap who fell into a vat of oil at the Rose Harbor whaling station and was badly burned. He was admitted to the general hospital.

#### CANADA IS A REAL TONIC SAYS PRINCE

LONDON, July 2.—The Prince of Wales will visit his Alberta ranch this fall, according to an announcement made at the Dominion Day dinner here yesterday. The Prince, in the course of an address said: "Canada always has been a real tonic to me."

for her benefit. Canada was now a nation bonded with other nations of their own race to form the British Empire. The whole world needed the products of this country and this country also needed the products of the world in order to develop natural resources. The value of sea commitments outside the trade with the United States amounted in value to \$800,000,000 every year. To that extent the country would suffer if freedom of the movement of commodities was interfered with. This interfered with the daily life and interest of every man, woman and child. Many articles were absolutely essential to this country, such as rubber, tin, nitrates, and numbers of others. Take the matter of tin as an example.

**Value of Tin**  
"Tin is imported into this country to the extent of \$3,000,000 a year. The country from which it comes is largely that back of the naval base at Singapore. What would happen if the supply of tin were stopped? The canning industry would be stopped. Fifteen million dollars worth of canned fish put up in Canada every year, seven million dollars worth of canned milk and seven million of fruit. These industries would cease to exist if there were no tin available. The people directly interested would suffer and the thousands of workmen employed in those industries would be out of employment. That is just one case and it goes to show the manner in which industry is dependent on the freedom of trade movement."

**Reason For Navy**  
Speaking of the relation between naval defense and the economics of the country, the commodore expressed the opinion that the navy had no right to exist solely on its past record. The glories of the past was no reason for adding to the taxes. There must be some economic reason. He had no intention of saying that Canada ought to have a navy. The matter was entirely one for the people to decide. There were many utilities and services to be kept up and all required money. Those responsible for the administration of the affairs of the country were the ones who had to decide which of these were most important. Each thought his particular section more important than the others. The Commodore illustrated his point by a story from Admiral Fields, who told of the arrival of a new cruiser at Hong Kong. On the arrival of the ship the butcher and the steward met her to look after the matter of supplies. The butcher inquired from the steward:

#### SMUTS ELECTED

South African Leader Gets Seat  
in Parliament Without Opposition

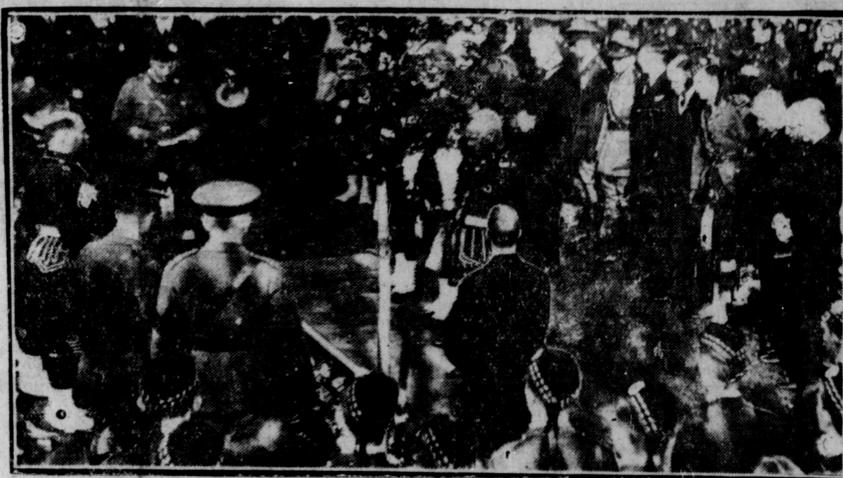

CAPETOWN, July 2.—Jan Christian Smuts, who was defeated in the recent elections, was returned yesterday unopposed in a seat that had been opened for him.

#### AMERICAN FLYERS CROSSING INDIA

#### STABBING CASE

ROSSLAND, July 2.—Gus Soyering was fatally stabbed Tuesday by Charley Pykkho, a Finlander, both of the Rossland Cafe.

The funeral of the late Col. William Hendrie, president of the O.J.C., which took place in Hamilton, was largely attended. The above photograph shows the service being conducted at the graveside.

#### Largest Entry List in Track and Field Sports Ever Entered at Olympic Sports hitherto

PARIS, July 2.—Announcement of the final entry list today reveals the fact that 1,430 athletes, representing 45 nations and comprising the greatest field in Olympic history, will battle for international track and field laurels beginning next Sunday. As a result of the drawings for the preliminary heats in the Olympic contests, the Canadians here are satisfied they will reach second rounds with the possible exception of Greenville of Hamilton in the 10,000 metre walk who drew the champion of Africa, Italy and England, but even Greenville is optimistic as to his chances.

#### Democratic Deadlock at New York Convention Continues with McAdoo Still High Man

NEW YORK, July 2.—With 36 ballots behind it the Democratic national convention late today was still in deadlock with the McAdoo and Smith forces apparently using every nerve to increase their totals.

Smith's high watermark for the days was 323 1/2. The result of the 37th ballot showed:

Underwood	239 1/2
McAdoo	444
Robinson	244
Smith	321
Davies (West Virginia)	107
Ritchie	17 1/2
Cox	55
Davis of Kansas	3
Glass	24
Ralston	32
Walsh	1/2
Salisbury	6
Owens	24
Absent	1/2
Total	1097 1/2

McAdoo's high poll for the day was 455.

**Burns' Abattoir Worth Lot Here.**

The proposed Burns' Abattoir will be worth a great deal to the city. It is one of the necessary steps toward making this a distributing centre, an adjunct to the port and something that will bring business here more than anything else that can be suggested.

Some objection has been taken to the location of the proposed new building, the idea being that it may become a nuisance. Doubtless the management of the company will be able to set at rest any such fears. Abattoirs are often built in the centre of cities and along the waterfront in the midst of the commercial activities. That is what is proposed here. It will be between the railway freight yards and the water and close to the meat distributing shed of the Swift Canadian Company.

Residents must of course be protected against nuisances. That goes without saying. It is the duty of the health officer to see that there is no nuisance that may become offensive. Under modern conditions an abattoir is not a nuisance. The one here is to be housed in a \$25,000 building, which is the first unit of a complete packing house that will be established here later. A site has been chosen between Cow Bay and the Imperial Oil Dock. That is part of the industrial section of the city and the yard there will, it is hoped, very soon be covered with warehouses and other buildings.

**Why Not Clean Up Nuisance There Now?**

No abattoir that can be built could be as offensive as the present Cow Bay mud hole where the sewer pours its fetid stench every day and no one seems to mind. For years this has been going on, yet the residents stand for it without even a public protest. For their sake and the sake of the city and its health and for the credit of the port we suggest that steps be taken to abate the present nuisance, which is of a most virulent type.

Visitors going to the yacht club have to pass it and there is a house built over it with people living in it. This surely is worthy of more attention than the proposed new building which is to add to the commercial prosperity of the city.

**Good To Have A Live Public Opinion.**

It is a good thing to have a live public opinion in a city. When the people are interested in the welfare of a place, there is hope for success. Just now public opinion is directed toward securing of industries and endeavoring to improve business conditions in the city. We want more business, more people, more shipping, more permanency as a port. To secure that we have to make sacrifices sometimes. It is to be hoped that the day will come when the whole of the flat along the waterfront will be occupied by industrial institutions all the way from Shawatlans Passage to Fairview. Anything we can do to bring this about will be in the interests of the city.

Telephone Profits Were High For Month of June

The light department showed a surplus of \$173.63 during the month of June according to report submitted by Ernest Love, superintendent of utilities, at the council meeting Monday night. The telephone profits were \$958.81.

Figures were as follows:

Light Department
Estimated Revenue ... \$7,100.00
Expense ... 6,926.37
Surplus ... 173.63
Phone Department
Estimated Revenue ... \$3,650.00
Expense ... 2,691.19
Surplus ... 958.81

**RESIDENTS FEARFUL ABATTOIR NUISANCE**

Request of P. Burns to Come Before Council Again For Final Decision

The request of P. Burns & Co. Ltd. to build an abattoir at Cow Bay will come before the city council again before it is finally granted it was decided on Monday night.

Mayor Newton drew the attention of the council to the fact that a number of citizens residing on Fourth Avenue East had been objecting to such a plant going in. He did not want to block the project but merely desired that the council should know of this. A deputation would probably appear before the council next week.

Ald. Collart pointed out that the people were not protesting but merely wanted more information.

City Solicitor Jones stated that the agreement between the city and P. Burns & Co., which had not yet been signed, would provide against any nuisance.

On suggestion of the mayor, it was decided that the matter should come back before the council after the medical health officer had made a report and before permission was finally given.

**MISS MORTIMER IS NEW LIBRARIAN HERE**

Was Only Applicant With Professional Training and Experience in Work

Miss Violet Mortimer, a graduate of the Riverside Library school, where she took an eleven months course and with excellent references from two other libraries where she has been employed since in California, was Monday night appointed librarian at Prince Rupert public library to succeed Miss Muriel Grant who is leaving soon for Victoria where she will live. There were several other applicants but Miss Mortimer was the only one with professional training and experience in that particular line of work. Others who asked for the position were Miss Mahel A. Vierick, J. Pinder-Moss, Miss M. E. Collison and Miss Edna Parker. An application by Miss Gurvich was withdrawn. All the members of the library board were present.

Miss Mortimer is well known here where she received a large part of her education in the local schools. She is a daughter of Mr. and Mrs. E. H. Mortimer.

**SLAG FROM GRANBY FOR CITY STREETS**

Council In Doubt as to Whether or Not it has to be Paid for

The city council was in doubt on Monday night as to whether or not it should have to pay for slag that is to be brought from the Granby smelter for use on the streets. The board of works had a report recommending that 500 yards be purchased at \$2.70 per yard. It was decided to accept the report with the reservation that the city solicitor wire to Anyox to ascertain if it is necessary to pay for the material.

Ald. Collart expressed the opinion that all the city should pay was the towage. He understood that the slag was lying on the dump at Anyox for anybody to take for the picking up. Ald. Perry was of the opinion that such was not the case and that

**Ten Years Ago in Prince Rupert**

July 2, 1914

The celebration of Dominion Day yesterday provided the best holiday that Prince Rupert has ever had. There was a splendid parade in the morning and many prizes were offered for floats. After a program of field sports had been held, Prince Rupert defeated Ketchikan at baseball by one to nothing, 2,500 fans being in attendance. The Merchants won the Dominion Day football cup from the Gallies by 7 to 2.

**The Man in the Moon SAYS:-**

YESTERDAY was a real holiday. Nobody worked even at play.

DON'T buy the engagement ring with the idea that you will slip it on her finger when she sweetly murmurs "yes dear." Perhaps she will say "No dear."

PATTER, patter heavy rain. Falling it gives me a pain. For our holiday it spoils; All our plans and schemes it foils.

YOU have heard of the wife who wanted her husband to employ a pretty stenographer. But that was a long time before typewriters and shorthand were invented.

"DOING things by the book" is an old way of saying that they are done correctly. Etiquette by the book is the latest thing. Perhaps after awhile people will cease to pick their teeth in public, loll over the table or make music with their soup spoons.

JAKE says that the telephone is making profits but the service is not improving. Shucks, Jake! Be quiet. They will always give you the wrong number if you criticize them.

YOU may possibly have forgotten it, but this is July.

"WHAT I like about living in the moon is that there are no board bills to pay, no grocers' bills to postpone and no rent collectors to dodge at the beginning of the month."

THE main reason why the doings of the lodge are kept secret is so wife won't know that her husband was not there.

THIS is just the season When no one wants to see It ever rain again unless A day when He's not free.

A WOMAN is braver than a man. She seldom tips the waiter.

THE way to save trouble is not to be caught.

## BRINGING UP FATHER

By George McManus

### UNFAIR LAW FOUND BY CITY COUNCIL

Undivided Lots Have to go to Tax Sale Even if Part of Taxes are Paid

Ald. Collart, who was in a very critical mood at Monday night's council meeting, asked if it was so that, in case of a person owning one-third interest in an undivided lot and paying his share of taxes while the other owners failed to do so, the lot would have to go to tax sale. City Solicitor Jones explained that, under the law, such was the case. "Then it is a rotten thing and amounts to the city taking money under false pretences. I think the city should refund the taxes in such cases," said Ald. Collart. "The party in question can buy the lot in at the tax sale," stated the city solicitor.

Although they had to concede that such was the law, none of the city fathers thought it was a fair one.

### LOCAL YOUNG LADY HAS HIGH STANDING IN EASTERN COLLEGE

Miss Ruth Rix, daughter of Archdeacon and Mrs. G. A. Rix, is expected home this afternoon from Guelph, Ontario, where last week she graduated third in her class with honors of over 75 per cent from the department of household economics at Macdonald Hall. This gives Miss Rix professional standing in the work of domestic science teaching and, in addition to this, she holds normal qualifications. She will spend the holidays in the city before taking up the active practice of her profession.

### FORESDALE COUPLE MARRIED LAST WEEK

Nuptials of Lars Nelson and Miss Ivy Annie Nelson Took Place on Saturday evening

On Saturday night last at 7 o'clock at the home of Mr. and Mrs. David Gibb, 209 Fifth Ave. West, the wedding took place of Lars Nelson and Ivy Annie Sturgeson, both of Forestdale. Archdeacon G. A. Rix officiated and the witnesses were Mrs. Gibb and Charles Baff. After the ceremony, a delightful wedding breakfast was served. Mr. and Mrs. Nelson have left for Forestdale where they will take up their residence.

the orchestra which provided music for the occasion at a banquet in the Boston Hall on Monday night. There were some 50 persons present and Fred Scadden, dictator of the lodge, presided. Speeches were made on behalf of the lodge by N. Mussallem, B. M. Simpson and Joe Sigmond and several of the boat owners suitably acknowledged the thanks extended. Solos were sung by Harry Astoria, A. Sabourin, Gillis Couture and others and the orchestra rendered selections.

### LIBRARY CATERS TO MANY LOCAL CITIZENS

Total of 2,164 Books Went Out During Month of June

There are at present 3,813 books on the shelves of the public library and 2,164 were loaned during the month of June, according to a report made to the board by Miss Muriel Grant, librarian, at the meeting Monday night. The average daily borrowings were down to 90, this being the time of year when people read less than at any other time. Twenty new members joined during the month and ten cancelled leaving 1,527 active borrowers now on the list. Six books had been presented to the institution during the month and 29 added by purchase.

### LUMBER TENDERS

Ald. Collart Asks if Board of Works is Keeping Within Estimates—Told that it is

Tenders for a supply of hemlock and cedar lumber were opened at Monday night's council meeting and referred to the Board of Works with power to act. The Vancouver Lumber Co. tendered \$21 per thousand and George Little of Terrace, \$23.50. In connection with the opening of the tenders, Ald. Collart asked if the Board of Works was keeping within its estimates for

### DANCE LAST NIGHT WAS WELL ATTENDED

Three Hundred Present and Number of Novelty Features Added to Enjoyment

Even if the day was interfered with by the rain, the Dominion Day dance staged by the Sons of Canada in the auditorium last night was a great success. There were 300 persons in attendance and the affair was in progress from 9.30 until 2.30. The hall had been well decorated and several novelty features such as paper caps and tissue paper snowballs lent further to the attractiveness. Music was furnished by Easson's and the Westholme Orchestra. Mrs. Carrall had charge of the serving of refreshments.

L. J. Marren was floor manager, W. D. Vance presided at the door and in charge was the general committee of the day consisting of W. R. Love, S. E. Parker, H. R. Love, H. P. Lipssett, J. R. Mitchell, G. W. Johnstone, P. Laporte, G. Rudderham, E. A. Mann, J. Lee Dell, W. D. Vance, Alex. Hudema and Harry Breen.

### Sport Chat

The players having had plenty of exercise at Ocean Falls during the past two days, there will be no league lacrosse game tonight. The boys returned home on the Prince Rupert this afternoon from the paper town and all express great pleasure at the reception that was accorded them on their visit. What they and the fans generally are thinking of now is a return trip to Prince Rupert and something along this line may probably be arranged for Fair Week. Before the boys went south, they were promised a banquet tonight by Harry Lipssett if they won the series.

Now that the excitement of Dominion Day is over, local fans will be settling down to the completion of the baseball and lacrosse schedules and the Gilhuly Cup and Stuart-Shield football competitions that are to intervene between now and Fair time. These should fill out the sport program well for the next two months. There will be a meeting of the Football Association towards the end of the week to make arrangements for the staging of the Gilhuly Cup and Stuart-Shield competitions.

## VAST PURCHASING POWER

LUMBER INDUSTRY'S ANNUAL EXPENDITURE ESTIMATED AT \$100,000,000

Employees Spend Many Millions in Retail Stores

An independent authority has placed the annual expense bill of the forest products industries of British Columbia at \$100,000,000. This may roughly be made up as under:

Labor	\$ 50,000,000
Freight, rail and ocean	25,000,000
Towing, stevedoring, harbor dues, insurance	5,000,000
Repairs, new equipment, commissary and other supplies	12,000,000
Royalties and taxation	6,000,000
Miscellaneous	2,000,000
<b>Total</b>	<b>\$100,000,000</b>

This very conservative estimate, based as it is upon the buying capacity of over 3,600 concerns, demonstrates to what an enormous extent the business houses of the province are dependent upon the lumber industry for their turnover and what a catastrophe the withdrawal of such purchasing power would mean to the community.

A considerable percentage of the expenditures detailed above benefit large concerns but the storekeepers get their turn when the employees of the industry spend their wages.

There are 40,000 men who clothe, feed and amuse their families and themselves out of the lumbermen's payroll. If the industry's workers spent on an average as little as \$15 a week on rent, food, clothing and other necessities, it is easy to see how badly the storekeepers would fare without their custom.

This series of articles, communicated by the Timber Industries Council of British Columbia.

## NAAS RIVER

W. G. Wynnes has returned to Aiyansh after an absence of three years. During this time Mrs. Wynnes has very ably and heroically kept the ranch going, whilst Mr. Wynnes has undergone numerous operations at the Vancouver General Hospital.

Miss Anderson has returned to her home in Vancouver. It is generally regretted that she will not be returning to the Valley, owing to the Aiyansh public school having been closed by the education authorities.

Rev. O. Thorne, Anglican Missionary, has been appointed Justice of the Peace for the Province of British Columbia.

P. Calnin, one of the earliest pioneers of the district, is about to commence extensive lumbering operations in the Cranberry district. He has already secured a large number of contracts and with the growth of this undertaking the future prosperity of the Upper Naas district is assured. Mr. Calnin has worked hard and done much towards bringing about many improvements of general advantage to the Aiyansh community.

Nels Olsen has returned to his ranch on the Grease trail after a six months sojourn in California.

Mrs. Newham has resigned her position at the Indian School and Dominion Constable E. G. Newham has closed his office at Gittlakdamix. They left last week for their future home at the mouth of the river. Master Francis Thorne, who is spending the summer with Mr. and Mrs. Newham accompanied them. It is understood that Constable Newham's district has now been extended and it is therefore necessary for him to establish more central headquarters at one of the points at the river's mouth. He will continue to visit Aiyansh officially from time to time.

Most of the Indians left for

the canneries last week. A very large number have gone to the Skeena River this year. Just prior to their departure, their hostility was aroused on account of cattle belonging to white settlers wandering on to the Indian reserve and doing certain amount of damage to their gardens. Dominion Constable Newham ordered the removal of the offending cattle and succeeded in bringing about an amicable settlement.

The new Naas River boat owned by T. Derby has not made its appearance yet but it is hourly expected and its arrival will be welcomed with the same amount of enthusiasm as is accorded a relief force by the victims of a seige.

# Guide Posts of Business

Riding along an unfamiliar road, you depend upon sign posts to guide you. Whether you're hitting the thank-you-mams in a flivver or soaring along in a costly car, they do their work equally well.

To-day as you spend your money to fill your need, advertisements are waiting to direct you. They are the guide posts of business. They point the short, straight road to satisfaction in buying. They will serve you well, whether you spend much or little.

Do you stop to read the advertisements? They are published to tell you exactly where to go for what you want. They lead you to values which you would never know were they not there to guide you.

And remember that advertising always points out goods of unquestioned value. When a store or manufacturing concern puts its name on goods and tells you about them, you may be sure that they are worth consideration. It does not pay to advertise unworthy merchandise.

### TRIED TO SWIM SKEENA RIVER AT TERRACE BUT DROWNED IN CURRENT

TERRACE, July 2.—Trying to swim the turbulent waters of the Skeena River, a horse was drowned on Saturday.

A new team had recently been purchased from George Little. One of the horses had gone a little lame and was not being worked. Seeing other horses across the river, he evidently tried to join them.

A gas boat put out to try to help the horse but the current was too strong and the landing so bad that the animal was drowned before it was possible to make a landing.

### 100,000 LEPERS IN INDIA TODAY

MANILA, July 2.—Isolation of the leper is one of the serious problems of India, according to Dr. A. R. J. Douglas of Rangoon, Burma, who is in the Philippines to make a detailed study of conditions of lepers in the islands and the methods of treatment employed at Culion where 5,500 lepers are confined.

"We have 100,000 lepers registered in India and estimate that there are as many more unregistered," said Dr. Douglas. "There are 10,000 known lepers in Burma alone, with 10,000 more unregistered."

Isolation of the leper is one of the serious problems of India. The country is in the throes of several upheavals at present and too much pressure by the British might bring condemnation from the natives. Complete isolation, as in the Philippines, would be almost impossible in India.

Dr. Douglas says tropical disease experts of India dispute the belief of some medical men that the chaulmoogra oil treatment for lepers is absolute, and that leprosy will be cleared from the earth within the next 50 years.
