that was on the dock.

NEW YORK, Aug. 21.—The American press is devoting much space to the fact that the planet Mars will temorrow be nearer to the earth than it has been in a century thus giving an opportunity to scientists to get photographs from which to make deductions regarding the planet's inhabitability and so forth.

Professor David Todd has asked various South American governments to silence their high power radio stations on Aug. 23 and 24, to give the inhabitants of Mars, if there be inhabitants there, the opportunity of communicating with the earth if they have discovered means of inter-

planetary communication. Astronomers at Mount Wilson SHIPPING ORE even going to look for evidences of life on Mars but they are willing, however, to allow anyone believing Mars inhabited, to drop in for the 34,000,000 mile bird's eye view and will lend one of their Number of Properties to Operate big telescopes to anyone willing to climb the 5,000 foot mountain in the hope of seeing a Martian.

## IMMIGRATION AGREEMENT IS

Three Thousand Picked Settlers Coming from Britain Under Most Favorable Conditions

OTTAWA, Aug. 21. - Settle. ment in Canada of three thousand British families to be selected by the Dominion is provided for in the new immigration agreement concluded between Hon. J. A. Robb, minister of immigration, and the British government.

The British government agrees to provide all the money for equipment and transportation vein, across which a deep open totalling \$5,000,000. The setcut has been run. The ore cartlers are to repay this amount within 25 years.

The Canadian immigration department will direct the settling bromide and chloride, giving it a of the immigrants and will assist them through the services ber Three vein parallels Number of its field staff. One vein, upon which most of the

## SECOND SON BORN TODAY

Princess Gives Birth to Playmate for Lascelles Heir

LONDON, Aug. 21 - A second son was born today to Princess Mary, daughter of King George and the wife of Viscount Lascelles, at Gold St. Borough. Much space is given to the event by newspapers which record village gossip to the effect that Princess Mary had expressed to intimates the hope that the child would be a daughter but that Lascelles had desired another son as a playmate for his heir.

DAILY EDITION

Regret Tieup Of Interior Mines.

It is unfortunate that through a dispute between the joint owners of several of the mines of the interior of northern British Columbia should be tied up. The ore is there and the owners have the money to work it but because of a dispute there is a shutdown. It shows how much the prosperity of the country depends upon individuals. Sometimes one wonders if too much power is not placed in the hands of individuals and corporations.

Quiet Struggle Always Going On.

There is a quiet struggle for more power going on all the time by the outlying portions of the British Empire. Canada has complete powers to regulate her own affairs with the one exception of being allowed to take cases for final adjudicature to the Privy Council of Great Britain. If the Empire is at war, however, the case is different. The foreign relations are governed by the cabinet of the British Government in which Canada is not represented. If Britain is at war the Empire is at war. We soon find that out, but we have no say in averting war or in the settlement except by courtesy of the British Government As a matter of fact Canada has no rights except such as she demands and just now she is demanding a lot. This naturally causes friction for British officialdom has been always difficul to move.

Canada's Position From Both Sides.

In a speech recently Right Hon. W. L. Mackenzie King stated that Canada would accept nothing but perfect equality in the matter of imperial relations. She objected to taxation without representation. He meant of course that he objected to to read a humorous column. paying for wars with which the country is not concerned except indirectly.

While the step taken by the Canadian premier is right as far as it goes, it must also be remembered that Canada contributes nothing to the British navy and does almost nothing in the way of naval defence. If we are to have privileges we must be A Dozen Located and Many Others prepared to pay for them. Australia is doing it and Canada will have to follow suit. We have not yet reached that stage in development where there is no danger of attack from aggressive nations. We may have to defend ourselves at any time and the best way to do this is to be prepared.

Eyes Of Politicians Focus On Nelson.

The eyes of those interested in politics are focused on Nel- taken up residence on lands son but nothing more than conjecture comes from there. Both along the G.P.E. railway, and War news of last evening and ple of moderate means from ensides express themselves as positive of the result of the election twenty-eight prospective settlers today indicate that the real tering training for nurses. and those on the outside find it difficult to know what is really are choosing homes. Hon, Dr. fighting of the rival armies in going on.

The chief speculation is as to what will happen after the pective new citizens have been has begun. The great German CURIOUS CROWN IS election. If the premier is elected he will carry on with a small majority and with a healthy opposition. If defeated the whole chiefly farmers with savings of weight against the main bodies situation would have to be considered. The government would \$1,000 to \$5,000 and many of of the Allied armies all along the probably be reorganized under a new premier and await the coming session when it would soon be seen whether or not another election were necessary. Probably a loose union of ter maintains that every effort fighting has been hand-to-hand Liberal and Labor would be effected that would make administration of affairs possible.

Carelessness in operating Brown, Mr. and Mrs. Andrew, Mr. the sterilizers was given as the reason for the trouble. A vote of thanks was passed to Dr. Ker. gin for the use of his sterilizer which will be returned in good Miss McGregor, Mr. and Mrs. J. shape.

The hospital board spent some time last night discussing training school administration partic. ularly with regard to acceptance children, R. Schaffer, M. A. Norprospective students, engagesals from the staff and rules B. Campbell, Mr. and Mrs. D. F. the board into closer contact with the inner workings of the institution, it was decided to ask that a monthly report in future be submitted by the matron. House rules are also to be submitted to the board for approval. The various topics were brought up in a report from the executive afford lasting benefit. 60c a box; all dealers, or Edmanson, Bates & Co

The Great War Veterans' Association at the regular meeting last night decided that in future no others outside of members will be allowed in the club rooms. The business of the meeting was largely of a routine nature involving internal affairs of the Association. President Fred Pyle was in the chair.

The regular monthly meeting of the hospital board took place last night, the session being an] extra lengthy one which did not conclude until 10.30. In addition to routine business, there was lengthy discussion on matters affecting training school administration and also with regard to business that is to be brought before the forthcoming convention of the B.C. Hospital Association. Present at the meet. ing were President D. C. McRae, S. K. Campbell, James H. Thompson, A. Haines, T. Ross MacKay, and H. W. Birch, secretary.

The minister of lands had a communication before the hospital board last night announcing that the provincial government in future would have but one representative on the hospital board instead of two as in the past. The board was asked t recommend an appointment. 1 was decided to ascertain if it would not be possible to continue as at present until the end of the year when new directors will be elected. The present provincial A. A. Connon, of New Hazelton government directors on the board are W. E. Collison and E.

The man was half starved and had given up hope of rescue.

## **CATHEDRAL IS DEDICATED IN** ANCIENT FORM

Many Dignataries of English Church Present to Take Part in Ceremony

### FIRST SINCE REFORMATION

LONDON, Aug. 21.—In the presence of the King and Queen, and of representatives of the Anglican Communion and indeed of well-nigh every Christian communion spread all over the world, Liverpool Cathedral has been onsecrated and "set apart from all profane and unhallowed uses." When completed (only the central portion has yet been built) the Cathedral will rank in size and general impressiveness next to the Cathedrals of St. Peter's at Rome and of Seville. The consecration of this first portion took place twenty years to the day after King Edward laid the foundation stone. Thirteen years ago the magnificent Lady Chapel was completed, and has since served as the pro-cathedral of the diocese. At the ceremony recently there attended nearly every dignitary of the Church of England in this country, including the Archbishops of Canterbury and York, the Primus of the

terbury. There were twelve sign of the Cross encircled by church." stages in the service. First the the symbol of eternity. bishop of the diocese, Dr. David, attired in plain clothes, went to There followed the signing of various parts of the building and the Deed of Consecration. Clerks heard at the Great West Door. It The first to sign was the Bishop apply for permission to lease the fo was again the Bishop, and upon of the diocese. Then the King bost planted hear the his third knocking the door was and Queen signed, and after east opened, and he was handed the their Majesties, the Archbishops, mark so keys of the building. ## Rubber Reducing Girdle

Months of intensive study and experiment were required to perfect and produce \*NEMOLASTIK-the patented fabric used in the construction of the NEMOLASTIK Guaranteed Rubber Reducing Girdle. NEMOLASTIK is made from pure gum rubber, specially processed and covered on both sides with lustrous milanese silk of a delicate peach shade. This pliable and gently massaging fabric promotes figure reduction in a healthful way, whether worn next to the skin, or over an undergarment.

### TEN REASONS WHY THE NEMOLASTIK GIRDLE DESERVES YOUR CONSIDERATION

1. It is guaranteed not to rip or tear.

2. It helps to make the figure permanently smaller and lighter in

3. No rubber comes in contact with the body or undergarments.

- 4. It moulds the figure into graceful lines.
- 5. It is adjustable to the decreasing size of the figure.
- 6. It gives comfortable and gratifying support. 7. It can be washed with pure soap and water.
- 8. It doesn't chafe the skin or cause irritations.
- 9. It doesn't bulge over the abdomen.
- 10. It has no disagreeable odor to cause embarrassment.

The NEMOLASTIK Guaranteed Rubber Reducing Girdle is of the closed back, step-in or pull-over type; made with four garters, in a delightful lustrous peach shade. Sizes for all figures.

\*Letters Patent Pending for Garment and Material.

Made in Canada by-Kops Bros. Limited, Toronto Makers of Nemo Corsets

## WESTHOLME THEATRE

Tonight Only, 7 and 9 p.m.

An adaptation of Avery Hopwood's stage success. A clever satire on modern married life. A drama that will smooth out many a marital wrinkle. A picture that sweethearts and newly-weds should not miss. I'll teach you how to handle 'em, how to dandle 'em, and how to keep 'em safe at home. Full of laughs, it illustrates that there can be no eight hour shift in marriage when love demands a twentyfour hour day. To some men a woman is like a street car. They cease the chase after they have caught it. When courting he hunts for excuses to see her; when married he invents excuses to get away from her. Come and learn how to put the chains on skidding husbands.

Lewis Stone, Helene Chadwick, Sidney Bracy, Mary Carr, William V. Mong, Howard Truesdell, Alma Bennett, Lila Leslie and strong cast.

Unorganized Territory

T. Ross Mackay felt that the provincial government should pay the charges for all patients from unorganized territory as did the organized municipalities.

Other matters that the local board will bring to the attention of the convention through its representative will include a better interpretation of the term indigent, revision of the administration of the Workmen's Compensation Act and better representaspoke tug Lorne bound for Port early days of Prince Rupert by tion from the north on the executive of the Association.

In connection with the Workmen's Compensation Act, it was felt that the flat rate of \$2.50 per day for hospital treatment for patients under the Act was not adequate here. The payment should be based on the cost of hospital operation. It was also pointed out that the hospital lost through patients under the Act remaining in the institution longer than they were covered by the Act.

As the secretary has a wealth of evidence in connection with Workmen's Compensation, it was felt that it would be safe to leave the case in his hands.
