# RUM RUNNER CAPTURED BY CUSTOMS BOAT

## ANYOX MINE OUTPUT SEPTEMBER EXCEEDS THAT OF ALL FORMER MONTHS

### Rum Runner Captured by Dominion Customs Boat Portland Island

#### Fusilage of Lead Peppers Another American Speed Boat Which Escaped

VICTORIA, Oct. 6.—Swooping down on the United States launch Eva B as she lay off Portland Island, the federal customs boat Winnemac made the largest haul of the year Sunday, capturing the boat and 700 cases of cargo including Scotch whiskey, Bourbon and gin.

Another American speed boat, suspected of being engaged in the same traffic, escaped despite a heavy fusilade of lead from the Dominion government craft.

The rum runner is being brought to Victoria today.

### PRINCE VISITS IN VICTORIA

### REPORTS UPON KEYSTONE MINE

Seattle Engineer Favorably Impressed with Showings at Alice Arm Property

VICTORIA, Oct. 6.—The Prince of Wales arrived at six o'clock last evening on the S.S. Princess Louise and was greeted by large crowds. Mayor Reginald Hayward and members of the city council met him as he stepped off the ship and welcomed him to the city.

The Prince took a hired car to the Empress Hotel where the whole of the third floor had been reserved for the Royal party. The Prince's suite had been entirely repainted and redecorated, during the past few days the work going on day and night in order that it might be finished in time.

The Lieutenant Governor called informally shortly after the Prince arrived at the hotel.

It is expected that the Prince will do some hunting while on the Island. Deer and birds are reported plentiful. He spent the evening at the governor's house.

It is announced officially that the heir to the throne will visit Chicago and Detroit as well as Toronto, Ottawa and Montreal. He will sail from New York for England on the Olympic on October 25.

### SENATE WILL NOT CONSENT

Mackenzie King Says Cannot Proceed With Hudson Bay Railway at Present

### FIRST VISIT HERE IN THIRTEEN YEARS

Duncan D. McTavish, Son-in-Law of Mr. and Mrs. Morte Craig, in City For Holiday

WINNIPEG, Oct. 6.—Expressing the conviction that the Senate will not now pass a bill for the immediate completion of the Hudson Bay Railway, Premier Mackenzie King, addressing a large audience, said he could not promise to introduce such a measure next session. He said he had faith in the project and believed in time the value of the railway would be demonstrated, but he was certain its completion would meet with great difficulty in parliament at the present time.

The government had chosen to proceed with branch line projects, thinking it only fair to western Canada to endeavor to construct branches where most needed.

Surveyors of the Topographical Survey of Canada are shown poling a dugout canoe, loaded with supplies, up Silver Creek, 25 miles north of Agassiz, British Columbia.

### CHINESE WAR CONTINUING

Japanese Urge Government to Take Sides With Manchurians Against Pekin

SHANGHAI, Oct. 6.—Kiang Su forces representing the Pekin government made a flank attack today capturing Chukiang, 28 miles southwest of Shanghai. They then continued the attack against Mazedo but were driven back by the Chekiang troops.

The second Fentian army captured Ling Yuan, proceeding toward Jehol, whose capture it is prophesied will lead the Pekin forces to an attempt to secure an armistice. The capture of Jehol will, however, be most difficult.

Outside influence and the measure of participation Russia and Japan may take in China's war looms as a potent factor. Japanese citizens are urging their government to interfere as an ally to General Chang Tsolin, the Manchurian leader.

LONDON, Oct. 6.—The labor party is active on the assumption that there is to be a general election.

The leaders believe the campaign will be in full swing by the beginning of November. Polling Day will probably be on the first or second week of December.

D. J. Cameron, fisheries overseer, arrived yesterday afternoon with the fisheries patrol cruiser, Rividis, from Swanson Bay. Mr. Cameron will soon be returning here to take up his residence in the city for the winter. Mrs. Cameron and family having already arrived.

### All Previous Production Records Broken at Hidden Creek Mine for September; Maple Bay on Contract

(Special to Daily News)

ANYOX, Oct. 6.—The month of September saw all records for production broken at Hidden Creek Mine, the total tonnage of ore mined aggregating 98,587 tons, eight thousand tons more than any other previous month. Of this tonnage 69,505 tons were treated at the smelter; 36,675 tons were concentrated, while 1,407 tons of pyrites were shipped to Barnet, B.C.

General Superintendent J. B. Hafner announces that the Granby Company properties at Maple Bay are to be operated in future on a working contract, similar to that at the Rambler Quartz, just west of Anyox, and which closed down for the winter months on September 30. Victor Bengtson, an old employee of the Granby Company and for the past year underground superintendent at Hidden Creek mine, with C. Eckland, who operated Rambler Quartz on a like basis, have contracted to get out from one hundred to one and thirty tons of ore per day, this being the average produced for some time past and all that will be required at Anyox smelter for some time to come. All construction work at Maple Bay has been completed, and the property is in splendid shape to supply smelter needs. Palmer Cook, who has been in charge for the Granby Company at Maple Bay since the property was acquired by Granby has retired from the mining game and will make his home on southern Vancouver Island.

Officer Goes South to Bring Alex. Roy Here For Trial Under Vagrancy Act

### LOCAL MAN UNDER ARREST IN SOUTH

City Police Sergeant Hugh McGlinchy sailed Saturday night on the Prince Rupert for Victoria where he will pick up and bring to Prince Rupert for trial Alex. Roy who, on complaint laid here, was arrested by the Victoria city police. Roy is charged under the Vagrancy Act with wilfully neglecting to maintain himself and family. The wife lives here, Roy having left the city some time ago. He was prominent, during his residence here, in local boxing circles.

### GOVERNMENT WHARF STORE BROKEN INTO AND GOODS TAKEN

Harry Jackson, who conducts a store on the government wharf, reported to the city police last night that his premises had been broken into between closing time Saturday night and noon Sunday and cigars, cigarettes and confectionery to the value of \$60 removed. The matter is being investigated.

CITY OF PRINCE RUPERT

Take notice that Atlin Avenue from Seventeenth Street to Vanarsdal Street will be closed for three weeks commencing October 9. Residents are requested to get in their supply of coal, etc., before that date.

F. W. PEARSON,  
236 City Engineer.

### New Speaker of Legislature May be Chosen From Outside Liberal Party: Two Names Mentioned

VICTORIA, Oct. 6.—With the date of the opening of the Legislature definitely set for November 3, the question of the speakership is being keenly discussed officially. Many believe that the speaker may be appointed outside the government ranks.

The name of D. M. Stoddard of Cariboo, a provincial party man, is frequently heard as is that of Harry Neelands, Laborite. If it is possible to appoint a government member it is believed the choice will lie between J. A. Buckingham of Columbia and Ian Mackenzie of Vancouver.

### New Abattoir Here is to be Commenced Soon Says General Manager

VANCOUVER, Oct. 6.—The establishment of an up to date new abattoir at Prince Rupert was announced today by W. Blake Wilson, general manager of the P. Burns Company. The site has been obtained from the Canadian National Railway and construction will begin shortly.

For the present the abattoir will care for the local market, but it is hoped that with the development of the country and as the cattle raising industry of Central British Columbia expands, Prince Rupert may also become an important export centre.

### NEW YORK WINS IN THIRD GAME

Defeated Washington in World Series Today by Score of Six to Four

NEW YORK, Oct. 6.—Fighting for the odd game advantage following the victory of the Giants on Saturday and that of the Senators on Sunday, New York and Washington staged another keen World Series contest today which resulted in the defeat of the latter by a score of six to four.

The scoring was opened in the second frame when the Giants, playing their first game at home, chalked up two runs on the score board. They came through with another in the third and Washington put itself in the counting with two in the fourth followed by another for the Giants in their half. New York got another in the sixth and each team scored one run in the eighth. Three runs behind, the Senators were able to score only one in the ninth and the Giants did not come to bat.

The batters were—Washington: Marberry and Ruel, New York: McQuillan and Gowdy. Score by innings:

1 2 3 4 5 6 7 8 9

Wash. . . 0 0 2 0 0 1 1 —4

N. Y. . . 0 2 4 1 0 1 1 x—6

New York made eleven hits and no errors; Washington, nine hits and two errors.

### HALIBUT SCHOONER IS BEING BUILT

SEATTLE, Oct. 6.—A sister halibut schooner to the Foremost is being constructed here and is nearing completion. She will be fully equipped in time for the opening of fishing on February 15 following the close season.

The new vessel, which is not yet named, is 86 feet long with an 18 foot beam and will have installed a 165 power heavy duty oil engine. She was laid down Saturday night and noon Sunday and cigars, cigarettes and confectionery to the value of \$60 removed. The matter is being investigated.

REMAINS OF HYDER WOMAN SENT SOUTH

The remains of the late Mrs. Leitha Davis of Hyder, who died in the local hospital last week from heart trouble, were shipped to Vancouver on the Prince George yesterday afternoon. Cremation will take place in the south and the urn be returned to Stewart for burial. The body was accompanied by G. Erickson of Stewart. There was a service presided over by Rev. J. J. Smithson.

### WALTER GALE IS PROMOTED

Local Court Registrar Receives Appointment as Accountant In Vancouver Taxation Office

Walter Gale, registrar of the Supreme and County Court here, has been promoted to the position of accountant in the provincial government tax collection department in Vancouver. Mr. Gale will remain in the city until such time as his successor, who has not yet been appointed, arrives. Mrs. Gale and family will go south about October 15. They have already taken a house in Vancouver.

Mr. Gale, whose departure will be generally regretted in the city, has been fourteen years in the north. He arrived in the Bulkley Valley in 1911 and was for several years in private business at such points as Telkwa, Smithers, Moricetown and Hubert. In 1917 he joined the provincial government service at Smithers and came here in 1919 as chief clerk to the government agent.

The batters were—Washington: Marberry and Ruel, New York: McQuillan and Gowdy.

Score by innings:

1 2 3 4 5 6 7 8 9

Wash. . . 0 0 2 0 0 1 1 —4

N. Y. . . 0 2 4 1 0 1 1 x—6

Later he was appointed registrar of the Supreme and County Court and he now holds fourteen separate positions including those of stipendiary magistrate, coroner and judge of the Small Debts' Court. Apart from these offices, he has found time to take an active part in Red Cross and Canadian Club work, having been secretary of both organizations.

### COUNTY COURT WAS IN SESSION TODAY

Five Cases on October List—Japanese Application for Citizenship Passed

County Court was in regular session this morning before Judge F. McB. Young.

The following are the cases on the October list:

C. K. Ytreberg vs. Louise Adams, date to be fixed.

A. H. Wilson vs. J. Dool, date to be fixed.

Rex vs. Doane, appeal against dismissal by Magistrate McClymont of beer selling charge, date to be fixed.

A. J. Wheatley vs. Al Falconer, October 17.

U. Suga vs. W. E. Williams, October 14.

There was one naturalization, the application of H. Yumi, Japanese, for Canadian citizenship, being passed upon.

DAILY EDITION

MONDAY, OCTOBER 6, 1924.

## Great Prime Minister As Nation's Head.

Prime Minister William Lyon Mackenzie King is the head of the government of Canada and as such is to visit Prince Rupert on Sunday and Monday next. He comes in his official capacity to tell the people of Prince Rupert about their own business, the administration of Canada. That, it is to be assumed, will be done in the evening.

On Monday afternoon there will be a luncheon at which Mr. Mackenzie King will give an address. This will not be of a political nature and men and women of all shades of political opinion will listen to one of Canada's scholars and orators. What the subject will be has not yet been announced.

## Forget Differences For Time Being.

When there is an election we expect to differ and we do so while still remaining the best of friends. Just now there is no election in sight. In the United States under such conditions turn out to greet the President when he pays a visit. He is head of the nation for the time being and as such he is made welcome.

Mackenzie King is head of the Canadian nation in reality although not in name. He it is who has the last say on matters of policy, who chooses the other members of the cabinet and has power to dismiss them and is head of the administration insofar as one man can be in a democracy. The governor is only a formal head representing the imperial tie.

Prince Rupert people will undoubtedly unite to do honor to the chief citizen of Canada as they have done in the past. The luncheon is being arranged by the Board of Trade and is open to anyone who wishes to purchase a ticket. Women as well as men will be there for today women are citizens equally with men.

## British Election Seems Inevitable.

A general election in Great Britain seems inevitable. Just now there is a Labor government in control but kept in power through the sympathetic action of the Liberals, led by Right Hon. H. Asquith with former Premier Lloyd George as his co-leader.

There have been differences between Laborites and Liberals ever since the beginning and the activities of the Labor party have been somewhat curbed through the knowledge that they would be beaten if they advanced too quickly. Now it seems as if the climax had been reached and the people will be asked to decide. It will be a three-cornered election and will have to do largely with the action of the government in signing a treaty with Russia and guaranteeing a loan to that country. This action has to be approved by parliament before it becomes law and this will not be done, it seems.

Premier Ramsay Macdonald has proved himself a strong and capable leader in many respects. He has had a difficult position to fill but he has made mistakes and one of these was to accept gifts from wealthy sympathizers, one of whom received a knighthood on the recommendation of the Macdonald government shortly after giving him an automobile. There also are complaints of interference with the administration of justice.

## King Speaks For His Advisers.

There are still many people who do not quite understand the system of government under which we live. When it is reported that the King does something officially, it means that he does it under the advice of the Prime Minister. He is instructed by the Prime Minister to do a thing. He can refuse, but if he does so his Prime Minister resigns and the matter becomes a political question, something that has not happened for many years.

Recently King George congratulated Admiral Field on the success of his Empire mission and the admiral was given a higher title for his services. The King on that occasion did so on the advice of Premier Macdonald, head of the Labor government. When the King confers a knighthood or some other title he does so at the request of Premier Macdonald. All official acts are at the instigation of the Premier. If the Prince of Wales makes an official visit to this country he does so on the advice of the same government head. The present visit is unofficial and therefore probably has nothing to do with the government, although even it may be part of the government program.

The Prime Minister of the country is supreme as long as he has the support of the people.

## The Man in the Moon SAYS:

ALL eyes are turned to Washington and New York these days to watch the world at play.

THERE is a story of a man being sent to jail in the United States and coming out drunk. That is a tribute to Mr. Volstead.

THERE has been a problem afflicting the human race since the days when they were ushered into the workaday world from paradise and told to saw wood. It is how to make ends meet.

ASPIRATION and perspiration must be running mates, if either is to be successful.

THE sport season for the autumn did not look very promising in the old country so they are talking of springing a general election.

IF there is ever a ban put on horse races the same should be done with elections. One is the sport of kings and the other of politicians.

LAUGH and the world laughs with you; titter and you titter alone.

THIS is the age of experts and Prince Rupert has about as many as any other place of her size judging by the talk on the streets.

## LOSSES ON ALASKA RAILWAY ARE HEAVIER THAN PREVIOUS YEAR

JUNEAU, Oct. 4.—According to a statement given out by the secretary of the interior in charge of the railroad at Anchorage the revenue from the Alaska Railway increased \$94,000 over that of 1923. The expenses and upkeep increased \$350,000 so the losses this year are much heavier than last.

## Ten Years Ago in Prince Rupert

October 6, 1914.

Four baseball teams have been organized by the St. Andrew's Society to take part in a series of games that is to start this week. The teams and their captains are: Daisies — William Brown; Bluebells — Leo Ives; Heatherbells, J. H. Kelly; Panthers — W. A. Paterson.

Ald. Montgomery brought up the matter of unemployed in the city at last night's council meeting and urged that some steps be taken to meet the situation. The matter was referred to the Board of Works with power to act.

The net surplus of the municipal electric light department for the month of August was \$235.74. The telephone department surplus was \$848.52.

## Movies and Movie People

I put into the part all the nervous force that I have observed among young women who are so constituted that they can't be still. Some of the more athletic feats seriously alarmed me, as I never have pretended to be much of a genuine athlete, but they seemed to go off all right."

## MELODRAMMA COMING FOR MID-WEEK. NELLIE THE BEAUTIFUL MODEL

"Nellie, the beautiful Cloak Model," the Goldwyn feature coming to the Westholme Wednesday, is the screen version of the famous Owen Davis melodrama which enjoyed a popular run in New York several years ago. As a stage play it is one of the most thrilling pieces ever written.

The story moves swiftly through these realistic settings. It concerns the thrilling adventures of the beautiful "Nellie," the daughter of wealthy parents, who through circumstances has been living under the care of a foster parent, Thomas Lipton, in the tenement district of New York. Her mother has been searching for years for her daughter. Nellie's foster-father becomes ill and Nellie is forced to seek employment in a modest shop, not knowing that she is heir to her mother's fortune. Walter Peck, the worthless nephew of Nellie's mother, knowing that Nellie is alive, tries to convince the mother that Nellie will not be found. It is Peck's endeavors to keep Nellie in obscurity that provides action and thrills for the story.

## THE PERFECT FLAPPER JAZZ AGE PHOTODRAMA

Colleen Moore as "Tomy" the Modern Girl Excels Former Roles

Colleen Moore once again corals all honors as the perfect flapper of the screen. This time, the dainty First National star wins the jazz age sweepstakes in a photodrama entitled "The Perfect Flapper," which comes here at the week end.

"My role in 'Paddy-the-Next-Best Thing' was as strenuous a performance as ever I was called upon to give," said Miss Marsh in a recent interview. "Even the leap from the cliff in 'The Birth of a Nation' was no more difficult than several things I felt it necessary to do in 'Paddy.'

## Electric Creature

"This 'Paddy' was an electric creature who wouldn't be still for a minute, as I visualized her. So

a girl the boys want me to be," as something that will go down in motion picture history with her interpretation of Pat Fen-triss in "Flaming Youth."

Colleen wears some smart and beautiful gowns which will delight the eye of the feminine patron, while the party scenes will offer the most blase movie-goers thrills of a new variety. The scenes taken within a mansion being moved from location are especially absorbing and show to what extent motion picture producers of today will go in order to secure realistic effects.

In "Flaming Youth" and "Lilies of the Field," John Francis Dillon gave promise of still greater things directorially. He fulfills that promise in "The Perfect Flapper." It has moments of magnificent drama and scenes of extraordinary depth and feeling. He seems to understand Colleen Moore and she responds to him as a violin does to a master's hand. "The Perfect Flapper" will certainly win a great many new admirers to Colleen's fold.

## MANY THEATRES CONTROLLED BY CORPORATION

## Famous Players Have Large String in Canada With Big Seating Capacity

MONTREAL, Oct. 6.—In the Famous Players' chain of theatres in Canada there are now 64 houses with total seating capacity of over 75,000. This includes 51 theatres controlled by Famous Players and 13 theatres in the Allen chain, in which Famous Players is interested and which it operates.

A new circular issued in connection with a new bond issue lists these theatres. The list gives an excellent idea of the extent to which a business has been made of movie entertainment in Canada. The theatres are as follows:

### THE RIGHT MAN

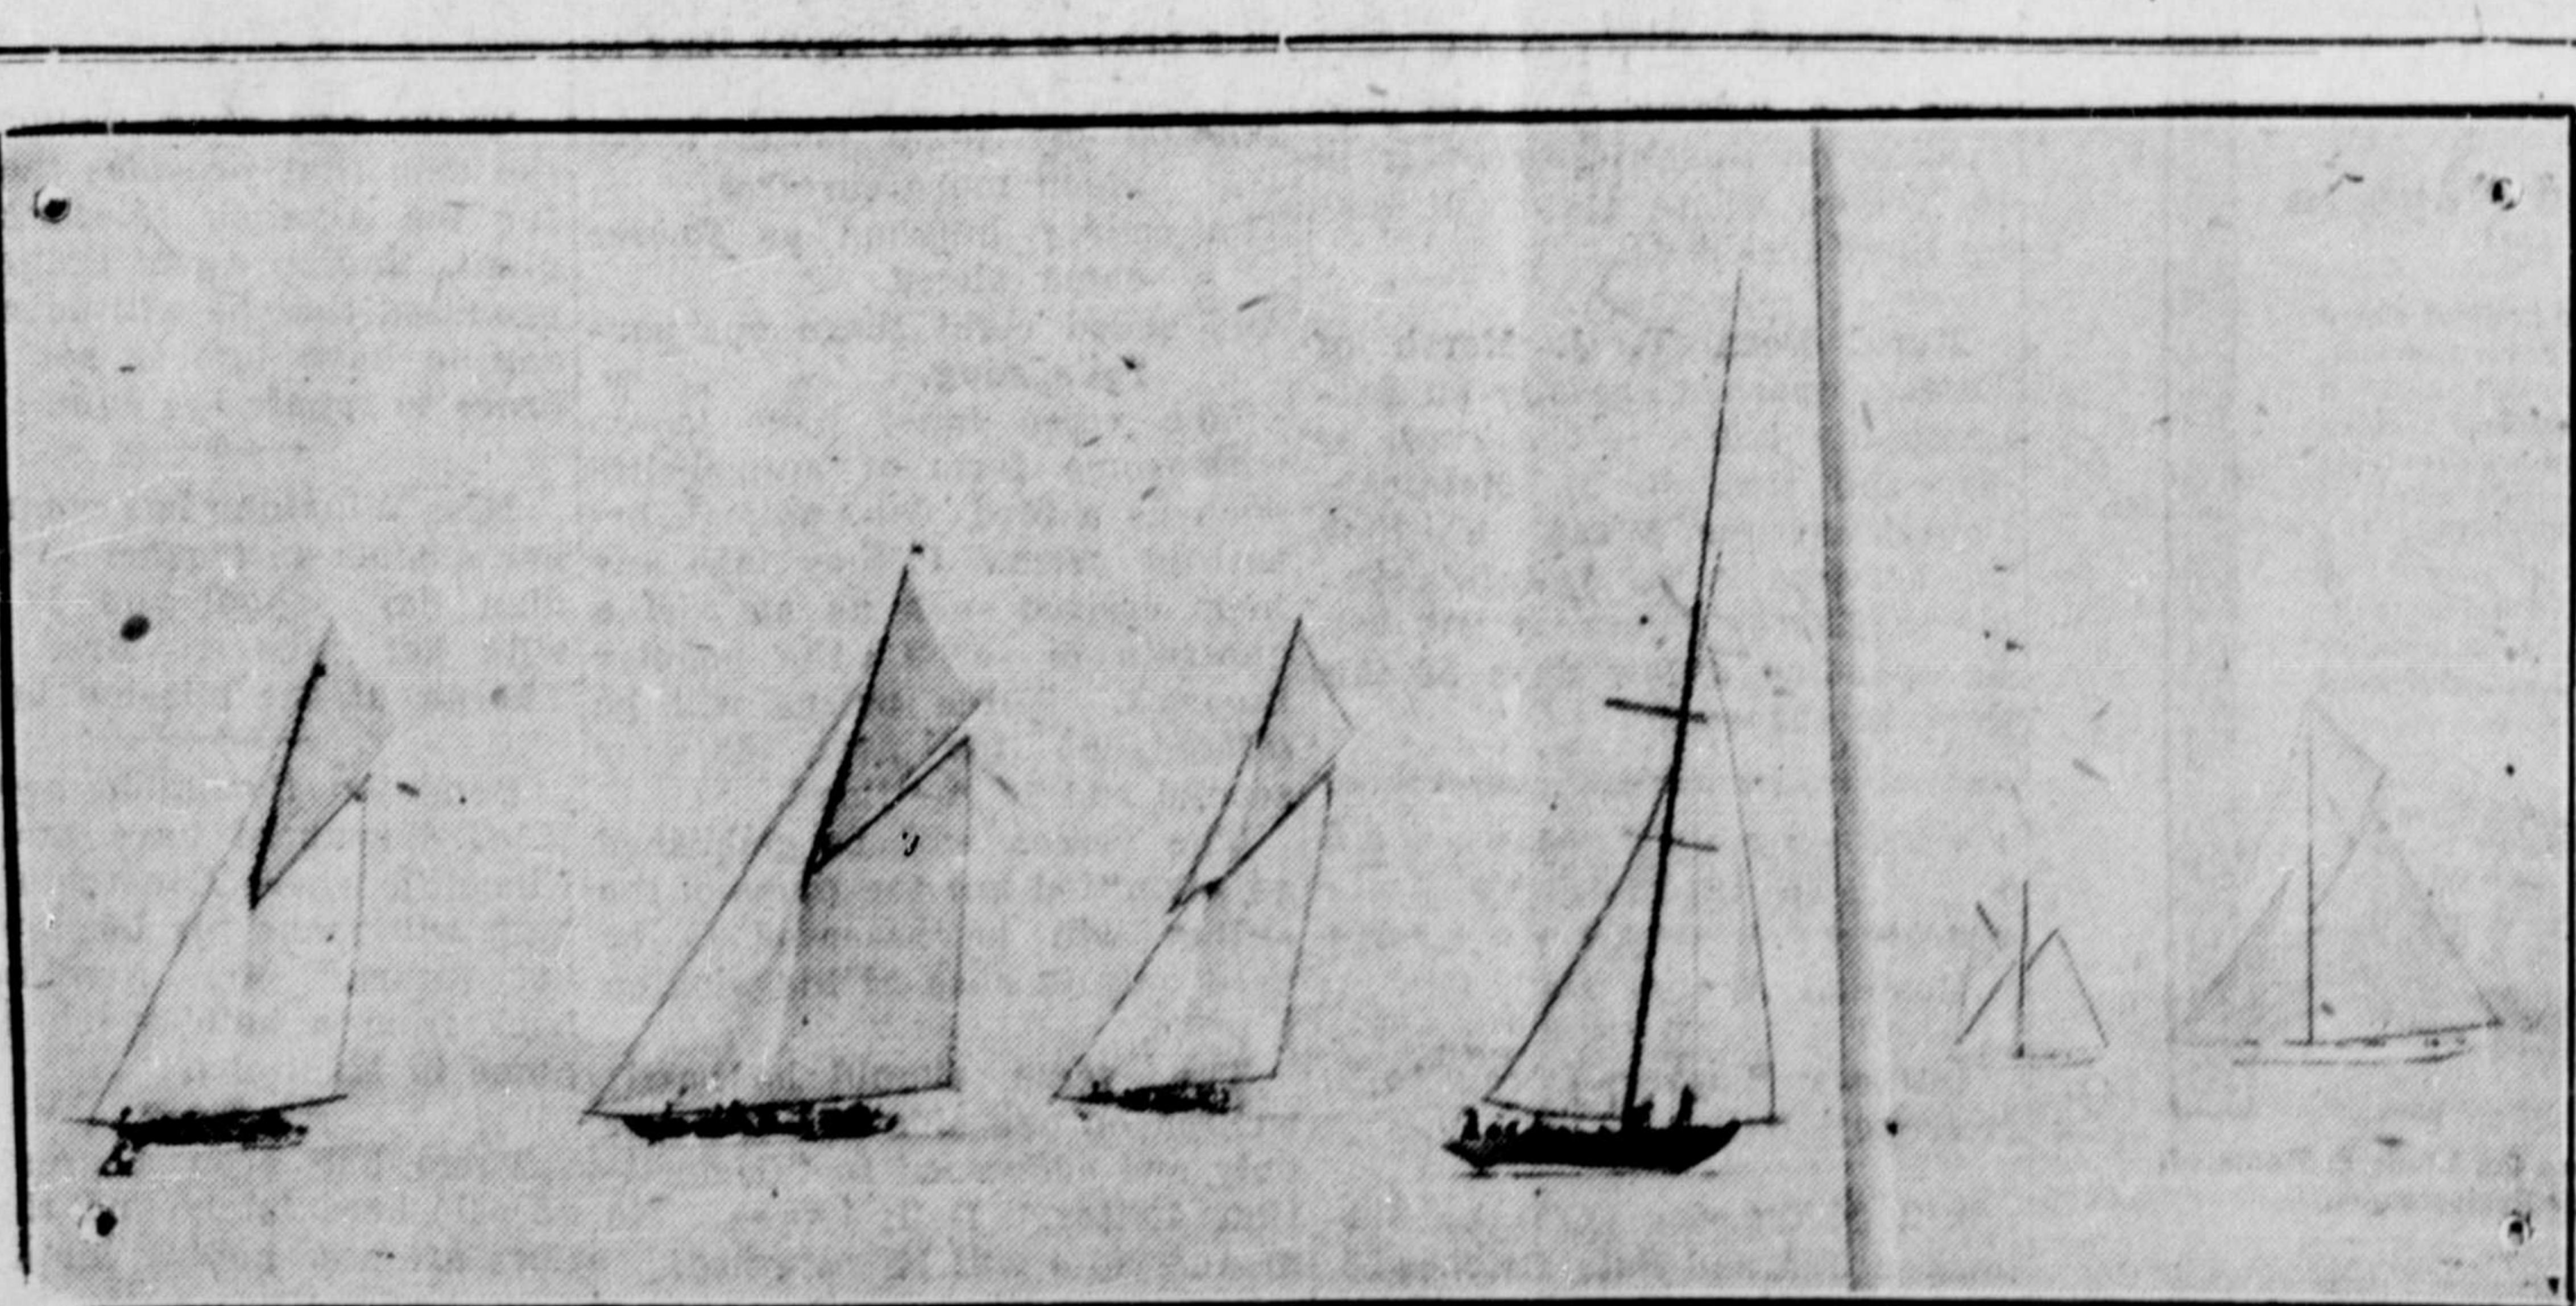

It takes a red-nosed man  
a greasy vest and a soiled  
scarf and a cheap cigar, with  
feet on another chair, to put  
proper emphasis into the word  
"These women reformers make  
me weary."
