AIRMEN ARE DELAYED BY RAGING STORM

WOMEN OF SMITHERS INVADE COUNCIL, TAKE HAND IN CLEANUP CAMPAIGN

Raging Storm in North Delays United States Flyers: Further Details of Flying Conditions

SEWARD, April 12.—With a storm raging on the Gulf of Alaska and over the northern end of the Pacific Ocean, agents of the United States army in charge of world flight arrangements here doubted early today that the machines would jump from Sitka to Seward before tomorrow.

Major Martin of Sitka reported his intention of flying direct here, cutting out Cordova. This would mean a jump of 550 miles and the course taken by the machines would be above the Gulf of Alaska and 100 miles from the coast.

SHIPYARD MEN LOCKED OUT IN GREAT BRITAIN

LONDON, April 12.—About 100,000 shipyard workers throughout Great Britain were locked out today in consequence of the failure of striking members of their union at Southampton refusing to return to work, witness their passing by. On the strike was carried out in conformity with the ultimatum of the ship building employers federation.

POSTAL STRIKE DECLARED OFF

Government Shows Willingness
to Deal With Salaries so
Employees Will Wait

OTTAWA, April 12.—There will be no strike in the postal service Monday. Leaders of the Canadian Federation of Postal Employees today informed the government that since their willingness had been shown to deal with salaries they would wait until sufficient time had been given for action. If the action was unacceptable to the service at large the postal leaders stated, the strike order will stand.

CAPITAL PUNISHMENT FAVORED BY VOTE OF HOUSE OF COMMONS

Private Bill Gets Support from
Both Sides of House But
Few Take Interest

OTTAWA, April 12.—By a vote of 92 to 29 the House of Commons defeated a bill providing for the abolition of capital punishment. Premier King and Arthur Meighen were opposed to the bill while Robert Forke spoke in favor of it. Ernest Lapointe, minister of justice, favored retention of the death penalty while McMurray, solicitor general, was opposed to capital punishment.

The bill was a private measure so all felt at liberty to express themselves freely.

BRITAIN ADOPTS DAYLIGHT SAVING

LONDON, April 12.—The House of Commons gave the second reading to a bill providing for the permanent establishment of a six months' daylight saving period from the first Sunday of April to the first Sunday of October.

Destroyers Leave

TOKIO, April 12.—Three Japanese destroyers left the naval port of Ominata today for the Kurile Islands where they will meet the United States army aviators who are attempting a flight around the world.

While making the hop from Prince Rupert to Sitka on Thursday, the United States world flyers passed so low and close over the Ketchikan waterfront that they were able to wave greetings to the crowds of people who were gathered at points of vantage to witness their passing by. On account of poor visibility and generally unfavorable weather, the squadron flew low from here and followed the coast line as far as possible. This was the reason why the flight to Sitka took them over four hours and longer than Major Martin, flight commander, had expected when he left here.

At 10:35 (Prince Rupert time), a little over an hour after leaving here, Lieut. Lowell Smith passed over Ketchikan. Closely following came Lieut. Wade, Lieut. Erik Nelson and Major Martin in the order given.

Route of Flight

In response to many inquiries which have been made locally, the following tentative schedule of stops on the flight from Prince Rupert to Santa Monica is published: Sitka, Alaska; Cordova, Alaska; Chignik, Alaska; Dutch Harbor, Unalaska; Nauau, Atka Island; Attu, Attu; Paramushira Island, Japan; Petebu, Japan; Aomori (Honshu) Japan; Yokohama, Japan; Nagasaki, Japan; Chemulpho (Jensen) Korea; Tsingtau, China; Shanghai, China; Amoy, China; Hong Kong, China; Raiphong, Indo-China; Tourane, Indo-China; Saigon, Indo-China; Bangkok, Thailand; Rangoon, Burma; Akyab, Burma; Calcutta, India; Allahabad, India; Delhi, India; Mullan, India; Karachi, India; Gubra, Persia; Bandar Abbas, Persia; Bushire, Persia; Bagdad, Mesopotamia; Aleppo, Syria; Konia and San Stefano, Turkey; Bucharest, Rumania; Belgrade, Serbia; Vienna, Austria; Strassburg, France; Paris, France; London, England; Hull, England; Kirkwall, Orkney Islands; Thorshaven, Faroe Islands; Hofn-Hornafjord, Iceland; Keyjavik, Iceland; Angmagssalik, Greenland; Iligut, Greenland; Indian Harbor, Labrador; Mingan, Canada; Quebec, Canada; Montreal, Canada; Keyport, New Jersey; Washington, and thence overland to Santa Monica.

The pontoons, which were installed on the machines at Seattle and are now being used, will be replaced with landing gears at Hull, England, is reached when pontoons will again be used for the homeward flight across the Atlantic.

Wild and Wicked

The longest and most treacherous (continued on page six)

ROY MCKINLEY TO FACE TWO CHARGES

Escaped Bandit Returned to
Prince George Will be Tried
Next Week

PRINCE GEORGE, April 12.—Roy McKinley, the escaped bandit, who was brought here last night from Alice Arm, by Constable Harry Martin of Prince Rupert, will be charged with selling liquor to Indians and resisting arrest. He will be defended by P. E. Wilson and Alex McB. Young will prosecute. The trial will take place as soon as Mr. Wilson returns from the coast.

MANY LOGGERS HERE AWAITING OPENING OF DISTRICT CAMPS

There are about 70 names on the list of unemployed at the provincial labor bureau. These are mostly loggers and it is expected that work will be found for them at various camps in the district within the next fortnight.

Tonight 16 loggers are being sent to Buckley Bay. Last trip of the Prince John 20 were sent to this point.

HOLLAND WILL HAVE LABOR GOVERNMENT

Has Largest Group in Parliament
and Will be Supported by
Liberals

COPENHAGEN, April 12.—The Laborites elected the largest number of members of any party in the parliamentary election and with the assistance of the independent Liberals form a new government.

For some time past Vancouver has felt that the city should be represented in the provincial cabinet, but the two men who had been considered best fitted for the position, W. J. Farris and A. M. Macdonald, are scarcely eligible. Mackenzie is the best man in sight and it is generally thought he will get the position.

Mr. Hart leaves the position because he is quitting public life. He is on perfectly friendly terms with the ministry and will continue to give the Oliver Government his support. He will hold the position until after the election, when the new man will be appointed from the members returned on the Liberal side.

IAN MACKENZIE FOR MINISTRY

Said that Vancouver's Soldier
Member Likely to get Cab-
inet Position

HART LEAVES POLITICS

(Special to Daily News)
VANCOUVER, April 12.—With the resignation of Hon. John Hart, who is giving up his position as a member of the Government to devote his time to his own business, Vancouver is expecting to get a representative in the cabinet. Capt. Ian Mackenzie is the favorite for the portfolio and his re-election is looked upon as assured.

For some time past Vancouver has felt that the city should be represented in the provincial cabinet, but the two men who had been considered best fitted for the position, W. J. Farris and A. M. Macdonald, are scarcely eligible. Mackenzie is the best man in sight and it is generally thought he will get the position.

Mr. Hart leaves the position because he is quitting public life. He is on perfectly friendly terms with the ministry and will continue to give the Oliver Government his support. He will hold the position until after the election, when the new man will be appointed from the members returned on the Liberal side.

EXPERTS COMMITTEE REPORT IS ADOPTED

PARIS, April 12.—The reparations commission at a meeting yesterday unanimously adopted the report of the committee of experts.

This unique tractor, said to be the only one of its kind in the world, is built to run on the track of the "never-stop railroad," which is now under construction at the British Empire Exhibition.

Women Take Hand in Cleaning up Town of Smithers, Invading Meeting of Village Council

SMITHERS, April 12.—After a session of the village commissioners on Wednesday, several of the most prominent townswomen entered the meeting place and expressed their views in a most unequivocal manner. It appears the provincial police have had their "clean-up" efforts somewhat frustrated of late, and the spokeswoman said those she represented were in full accord with the authorities and would support them to the limit, further that any attempt to recognize undesirable men or women would find them rallying under the police banner.

As the village commissioners also associated themselves with this expression of opinion it would seem that Smithers will hardly prove a home from home for itinerant members of the underworld.

ANOTHER STEAMER FOR ORE SERVICE

Coastwise Steamship & Barge Co.
Has Purchased British Ship
J. H. Plummer

Steamer J. H. Plummer of the Kirkwood Intercoastal Steamship Line has been bought by the Coastwise Steamship & Barge Co. to enter the Anwox-Stewart-Tacoma ore carrying service replacing the Amur which was wrecked a few weeks ago. The Plummer has been tied up at Vancouver for several months awaiting a purchaser following a trip from Toronto to Vancouver last fall with general cargo. The boat was built at Newcastle in 1903 and for a while was under the Belgian flag.

Wainwright's Resolution

The resolution from the Board of Trade of the city of Wainwright, Alta., passed on March 6, is as follows:

Whereas the Board of Trade of the city of Wainwright, Alta., is aware that the people of Alberta are vitally interested in the full and proper development of the westbound route for all commodities, and for grain in particular;

And whereas the harbor board of Vancouver is asking for additional grant of \$18,000,000, to establish further facilities at Vancouver, and the Board of Trade of Prince Rupert is asking for the establishment of grain handling facilities at Prince Rupert, claiming Prince Rupert has:

- 1 A deep water port up to and along the water front.
 - 2 Available harbor sites and trackage property already the property of the C.N.R.
 - 3 Natural rock bottom foundations for elevators, etc.
 - 4 A port where elevators may be spotted immediately adjacent to deep water for the delivery of grain direct to the vessels, thus rendering it unnecessary for the construction of piers, jetties and
- (Continued on page six)

Board of Trade Activities

Working on Prairies where Prince Rupert is Favored

A sample of the number of resolutions that boards of trade in various prairie centres have been putting before the House of Commons recently urging the development of Prince Rupert as a grain shipping port as a result of local Board of Trade activities was obtained by the Daily News yesterday from James A. Scott, a rancher of Vermilion, Alberta, and property owner of Prince Rupert, who is at present in the city. Accompanying the resolution is a letter that Mr. Scott received personally from Henry E. Spencer, Progressive M.P. for Vermilion, who also urges the use of this port for grain shipping purposes. Both resolution and letter manifest the strong agitation in favor of development of Prince Rupert which will undoubtedly lead at no very far distant date to the establishment of a terminal elevator with all the necessary subsidiary facilities here.

Progressive's Support

The letter received by Mr. Scott from Mr. Spencer, dated at Ottawa, follows:

Mr. Jas. A. Scott,

General Delivery,

Prince Rupert, B.C.

Dear Mr. Scott—I was very glad to get your letter of the 15th instant, pointing out the advantages of Prince Rupert for a terminal elevator, and giving your reasons therefore.

I might say there is a systematic propaganda being brought forward by the various boards of trade in Alberta to bring the attention of the government, and I have received several resolutions from Battle River. I am enclosing a copy of one of these for your perusal.

I am entirely in sympathy with the arguments you put forward, and next to Prince Rupert I think New Westminster should be considered, preferably to further building on Burrard Inlet at Vancouver.

Yours very truly,

HENRY E. SPENCER.

P.S.—I might say that the rates are the same on grain from Edmonton to Prince Rupert as they are from Edmonton to Vancouver. A bunch of the Alberta members met Sir Henry Thornton last week with respect to elevator facilities at the coast, and you will be interested to know that he is favorably inclined to having an elevator at Prince Rupert.

BERLIN, April 12.—The newly founded German Gold Discount Bank will begin operations on April 16 with a capital of 110,000,000 gold marks. The statutes of the new institution designate it as purely private, wholly immune from political control. Its primary function will be to extend credits to German industry.

NEW GOLD BANK OPENS GERMANY

**Tortured
for Three Years**

Helpless from Rheumatism
Until Relieved By
"Fruit-a-tives"

No wonder people regard "Fruit-a-tives" as a faithful family friend and are so eager to tell what it has done for them.

After years of suffering, they appreciate the wonderful powers of this fruit treatment in relieving them of pain and misery and discouragement.

As Mr. P. R. Boissinot, of LaBroquerie, Man., wrote: "For three years, I had to give up work; my arms were so swollen and I was so sick. I felt I would never be able to work on the farm any more. But one day, a cousin came to see me and advised me to take "Fruit-a-tives". Now, I am in good health. I rest well and do all my work. I can recommend "Fruit-a-tives" for Rheumatism that made me suffer so much and I thank you for this good remedy."

"Fruit-a-tives" is the wonderful medicine made from the juices of apples, oranges, figs and prunes and tones—and is the only complete treatment ever discovered for Rheumatism, Pain in the Back, Lumbargia, Neuralgia, Headaches and other troubles due to the improper action of the stomach, bowels and kidneys.

25c. and 50c. a box—at all dealers or from Fruit-a-tives Limited, Ottawa, Ont.

**Swanson Bay Is
Likely To Continue.**

The reorganization of the Whalen Pulp & Paper Company by means of which the concern may again be placed in solvent condition as announced in a special despatch to this paper yesterday, would mean a great deal to Northern British Columbia. It is essential to our progress that every possible industry be kept going.

Sometimes people wonder what benefit there could be to us from the pulp mill at Swanson Bay keeping running. Those who notice things will have seen that Swanson Bay people often visit Prince Rupert and spend money here. With improvement in transportation these visits will become more frequent.

The movement of freight and passengers to and from Swanson Bay makes possible better steamship services here. The shipment of Swanson Bay products through this port aids the railroad and makes work for railwaymen and others. The logging camps operating in the neighborhood improve travel and many of the loggers come here to spend their money. Also people travel to and from the camps by way of Prince Rupert. There are other benefits to be derived but those are a few of them. Prince Rupert people must try to get the big vision. They must realize that every development in the north is good for them directly or indirectly.

**Hon. John Hart
Is Resigning.**

The resignation of Hon. John Hart from the position of minister of finance in the Oliver government will be regretted. Mr. Hart is not a spectacular person but a plain businessman. He has conducted his department without any show of fireworks and had received a great deal of commendation, especially from outside financial experts who have appreciated the improved methods of keeping accounts and making out public statements adopted by the Victoria office under the retiring minister.

It is to be hoped that Premier Oliver will secure a successor who will fill the position as well as John Hart.

**Eliminating
The "Mister."**

Each newspaper has its own style. The Daily News, like all Canadian papers, follows very largely the American styles in general makeup and methods of treating news. This is very different from the European style which is beginning to change to conform more with the American style.

In this office, when a person's name is mentioned the first time in an article, an endeavor is made to give his full name or initials but the prefix "Mr." is not used. Rich and poor are treated alike in this respect. Often, too, in the headlines the name of the person without any initials or prefixes is often used. It seems to be the democratic method and saves a lot of time and space. In mentioning the name a second time in the same article, the initials are dropped and the prefix "Mr." is substituted.

Most American papers use this style. Some Canadian papers insist on the "Mr." at all times but in other respects conform to the American styles.

**Tendency Is
Toward Simplicity.**

The tendency of the day is toward simplicity. Cumbersome titles such as "His Grace," "His Worship," "His Lordship" are usually omitted in the newspapers. They do not mean anything and they are opposed to the general democratic method of treating people. If a person is a doctor, a bishop, a mayor or a baron it is sufficient to call him Dr. Smith, Bishop Smith, or Baron Smith. It is bad form to stress too much on either titles or decorations such as V.C., M.M., D.S.O., M.P., B.A., or M.L.A. The best people keep their titles to themselves and do not continually flaunt them in the newspapers.

**LARGE AMOUNT
GRAIN SHIPPED**

**Emargo Lifted on Eastbound
Consignments Will Make
For Activity on Prairies**

WINNIPEG, April 12.—A striking increase in the shipments of grain to Vancouver during the present grain year, over those of last season is shown by figures issued last night by officials of the Canadian National Railways. In the period September 1, 1923, to April 9, 1924, a total of 11,840 cars of grain have been delivered at the Pacific port by the Canadian National system. This compares with a total of 4,545 cars delivered during the entire twelve months ending September 1, 1923, an increase of 7,295 cars.

Total shipments of grain over the Canadian National since September 1, 1923, are now 127,313 cars containing 169,616,000 bushels as against 107,424 cars and 141,648,000 bushels in the corresponding period of the last grain marketing year. A total of 36,117,000 bushels of grain was reported in store in elevators at various points of Canadian National territory as against 14,850,000 bushels at the same date of 1923.

With a very large amount of grain still remaining in the farmers' hands at various country points, the total movement over the Canadian National system this season is certain to break all former records, officials of the company state.

The lifting at midnight last night of the embargo on eastbound grain is expected to start new movement toward the lakehead in time for the opening of navigation and daily loadings will consequently show a large increase, as elevator space at the lakehead continues to be released by shipments.

**AMERICAN FISH SELL
FOR HIGHER PRICES**

Only Two Boats From Uncle Sam's Registry in Port To-day

There were only two American boats selling fish here today and they got a big price for their catches. Following are the arrivals and sales:

American
Lansing 10,000 and Norma 5,500, to Booth Fisheries, at 14.60c and 7c.

Canadian
Rose Spit, 9,000, and Fisher 10,000, to Royal Fish Co., at 13c and 5c.

Atlin, 6,000, to Atlin Fisheries, at 12c and 5c.

Thelma, 5,000, to Booth Fisheries, at 12.70c and 5c.

Inez H., 2,500, to Gold Storage, at 12.20c and 5c.

Salmon
Carl, 500 lbs. red springs, to Royal Fish Co., at 24.40c.

Irish Bell, 330 red springs, to Gold Storage, at 24.30c.

In the Letter Box**EXPLANATION BY MONTGOMERY**

Editor Daily News.

Dear Sir.

I hope you will allow me to explain the report published in your paper of yesterday. It states that I indulged in a discussion in order to keep the clerk of the commission off office hours. The facts are that owing to the unconcealed antagonism of the clerk, on the subject we were discussing, I moved that the clerk be allowed to retire, which was not acted on.

After further embarrassing attitudes assumed by him we did adjourn. The mayor and myself discussed the matter for at least fifteen minutes longer in the council chamber endeavoring to find out some way whereby young girls could reach their homes before midnight, after their day's work. Those girls are chiefly employed in candy and refreshment rooms in the city.

I personally consider this question well worth consideration in the public interest. I further state that no disparaging headlines in your paper or autocratic attitude assumed by the clerk of the commission will have any effect on my duty as I see it, on the Police commission.

MONTGOMERY.

**The Man in the Moon
SAYS—**

LITTLE drops of water;
Little flakes of snow;
Now and then some sunshine;
Now and then a blow.

If the sun shone daily,
And clouds never hung low;
We all should die from ennui;
How should we Rupert know?

JAKE says that if an undertaker were to give a present, the thing he would choose would be a plant.

JAKE also says that if a newspaperman were given a present he should get a vacuum cleaner for the interior of his noodle.

IF the price of salmon keeps going up it will soon reach the moon, and then I shall know whether it is tent or not.

THERE are so many organizations in Prince Rupert that a new one could scarcely find parking space.

ONE of the latest and most popular sports is dodging the income tax. I'm anxious to learn the game so that when I get a taxable income I may be able to dodge paying it over to the Government.

MY great yearning now is to get an income with which to do the dodging. Perhaps if I yearn long enough I may get it.

THE proof of the pudding is in the flavor of the sauce.

"EVERY naive is the lament of the Vancouver harbor commissioners, that when it defied the board of grain commissioners it never dreamed that the board would be so ungentlemanly as to punch it in the eye."—Manitoba Free Press.

THE world is full of flappers. No Jake, no, the Man in the Moon is no flapper.

IT is hard to keep a good man town, as he remarked when they rescued the body from the bottom of the ole swimmin' hole.

"BOYS will be boys," remarked local official when he was told there was another son.

IN Burma the annual rainfall is 600 inches. No comment is necessary.

**Ten Years Ago
in Prince Rupert**

April 12, 1914.

Constable A. Fairbairn came from Decker Lake last night bringing along a prisoner named J. F. Hall who is charged with attempting to murder his partner, W. F. Behuke.

A. Davies and Mr. Kidwell debated on the "Abolition of Capital Punishment" at the Progress Debating Society last night. The audience adjudged in favor of the abolitionist argument as presented by Mr. Davies.

Mr. Justice W. A. Macdonald of the Supreme Court says that mine staking under power of attorney is a fraud on the statutes.

STEWART

The Masons of Stewart, B.C., and Hyder, Alaska, gave an informal dance on April 4 at the Stewart Hotel. The guests numbered about 120. Ice cream and

lemonade was served between dances. The hall was decorated with flags and many colored streamers. The supper was served very daintily on tables decorated with carnations. Everyone enjoyed the dance immensely.

The new quiet 12 wins

Six continents hail the extraordinary success of this latest Remington model. In thousands of offices the first trial machine has been followed by installation after installation of New Quiet 12's. Every day it is making new Remington users—so decisive are its many superlatities.

Its natural touch and its exceptional responsiveness of its writing is an advantage to every owner, and a source of pride to every typist.

Every operator should try this new machine—in the interest of her employer, and in justice to herself.

The New Quiet 12 costs no more than the ordinary typewriter. Easy payment terms, if desired.

We will gladly demonstrate the New Quiet 12 in your office, without obligation on your part.

NO MORE WEAK AND DIZZY SPELLS

Since She Used MILBURN'S HEART AND NERVE PILLS

Miss Bertha Charette, Regina, Sask., writes:—"I have had a lot of trouble lately, with what I thought was heart trouble, and after any unusual exertion always felt sick.

My doctor advised a complete rest and change, but this I was unable to take.

I became interested in Milburn's Heart and Nerve Pills, so started taking them, have now taken three boxes and am so much improved I can go about my daily work without feeling any after ill effects, and have not had any weak or dizzy spells for some time. Your medicine has done me more good than anything I have ever taken, and I will gladly recommend Milburn's Heart and Nerve Pills to any woman who is weak and run down."

Price 50¢ per box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SPEED RECORD IN SECURING DIVORCE

Decree Secured in Fifteen Minutes For Alaska Girl in Seattle

SEATTLE, April 12.—A new speed record for a divorce decree was established here when Mrs. Mary Russell, aged 22 years, obtained a divorce in fifteen minutes, rushed out of the court room, took a taxi to the dock and sailed for Alaska on the steamer Admiral Rogers.

The young woman was married on January 24 in Seattle to V. J. Russell. She alleged that her husband deceived her as to his source of income and after their marriage admitted that he was a bootlegger, using these grounds as the basis of her divorce complaint. Russell was later arrested, tried and sentenced to the penitentiary, she asserted.

The New Improved ONE-POUND NABOB VACUUM PACKED Coffee Tin

This new Nabob Vacuum Packed Coffee Tin needs no can opener to remove the lid.

Just a few turns of the key that comes with each tin, and you have a tight-fitting lid that keeps the coffee fresh during use.

The easy operation of the key completely around the tin is ensured by the patent stamping of the removable strip, as illustrated.

NABOB Vacuum Packed Coffee is uniform in quality. It comes to you fresh from the roaster and the new tin keeps it fresh longer.

FAIR BOARD PRIZE LISTS

Negotiations for Bands in Progress; Plans for Sports

The regular monthly meeting of the directors of the Northern British Columbia Agricultural & Industrial Association was held last evening. Those in attendance were Joe Greer, president, Frank Dibb, Thomas McMeekin, Ben Self, Harry Daggett, Dan Jabol, Fred Seadden and D. M. Hunter.

The business consisted principally of receiving committee reports, good progress in the various departments being shown.

Tenders for the printing of 1500 prize lists were as follows: Rose, Cowan & Latta, 89 per page; McRae Bros., 89.25. The bid of Rose, Cowan & Latta was accepted and the preparation of the book will start at once with the idea of having it ready for distribution in May.

The band committee reported negotiations on foot for the obtaining of the services of two native bands one from the Kitimat district and the other from the Naas.

Ben Self, chairman of the sports and attractions committee, gave a general idea of the plans under way for outdoor entertainment in connection with the Fair. These plans which are still in the formative stage will be announced later.

The matter of painting and doing other work on the Fair Building was left in the hands of the building committee to re-port.

Fair advertising in a limited way will start in May.

The managing director reported that excellent response was being received from the outside in answer to solicitations for special prizes and advertising in the prize list.

ENGLISH COUNTY CRICKET TO OPEN MAY 1 THIS YEAR

LONDON, April 12.—The first class English cricket season will be formally opened this year on May 1, when the Yorkshire XI will inaugurate a two-day match against Scotland, and for the following four half months cricketers throughout the country will meet which opened today. It is in the running and swimming events that the Japanese must look for points if any. The sending of the Olympic team is a national public enterprise, the cost of \$50,000 of sending the team being covered by public subscription. Aside from main track and field program at Paris, the Japanese hope to gain laurels in lawn tennis. This was the only sport in which they made a creditable showing at the Antwerp Olympiad.

The South African XI opens its tour on the same date with a three-day match against Leicestershire at Leicester, while Middlesex begins its season against Oxford University at Oxford. County matches to be played on May 3 are: Surrey v. Glamorgan, at the Oval; Notts v. Sussex at Nottingham; Warwickshire v. Northampton at Birmingham, and at London.

Many English sporting terms are being admitted to a new

FOR 15 YEARS WAS TROUBLED WITH ECZEMA

There is no other remedy like Burdock Blood Bitters that can possibly give such relief to all sufferers from eczema, salt rheum and all other diseases of the blood for the reason that this old and well tried remedy goes right to the seat of the trouble and completely and permanently drives these diseases out of the system by cleansing the blood and making it pure and rich.

Mr. F. W. H. Schultz, Pembroke, Ont., writes:—"Having been troubled with eczema for fifteen years, during which time I tried everything I could think of, including doctors, but without getting anything to do me much good I finally decided to take Burdock Blood Bitters, and I was certainly surprised to find that two weeks after I had started to take it I was relieved of my trouble. That was nine months ago, and I have not had a sign of it since. I surely wish to thank you for this wonderful medicine and strongly recommend it to anyone suffering from the same trouble as I had."

B.B.B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Lancashire v. Derbyshire at Manchester.

COL. MCMORDIE BEAT FRED PYLE BILLIARD CONTEST LAST NIGHT

Col. McMordie beat Fred Pyle in the second round game of the individual city billiard championship last night by a score of 500 to 373.

Neither of the contestants were playing in the best of form. The time of the game was two hours and eleven minutes and there were 109 innings. McMordie's average per inning was 4.58 and his high break was 34. Pyle's average was 3.42 and high break, 26.

George McIlroy and R. H. Shockley will meet tonight in the last game of the second round and Sgt. Jebson and W. E. Hutchinson will play the first game of the semi-finals on Monday, Col. McMordie playing the winner of the McIlroy-Shockley game on Wednesday.

Sport Chat

Undismayed by her failure to score in the 1920 Olympic games at Antwerp in 1920, Japan will try again this year at Paris. A dozen athletes, including three swimmers and nine track and field stars, will sail from Kobe on April 25 for Marseilles on their way to Paris. The men who will make the long trip will be selected from among the winners of a national track and field meet which opened today. It is in the running and swimming events that the Japanese must look for points if any. The sending of the Olympic team is a national public enterprise, the cost of \$50,000 of sending the team being covered by public subscription.

Aside from main track and field program at Paris, the Japanese hope to gain laurels in lawn tennis. This was the only sport in which they made a creditable showing at the Antwerp Olympiad.

The first bout brought out Moffatt and L. Brown; the second bout Barclay and E. Brown. Moffatt got the decision easily and E. Brown was awarded over Barclay an extra round being necessary to decide. Moffatt and Brown had to go four rounds before finishing, and the bout was then declared a draw. McMillan

Many English sporting terms are being admitted to a new

French dictionary which is being prepared at the French Academy in Paris. The word "bookmaker" in its racing sense has been admitted but the English sporting term "crack" is rejected. "Challenge" has been taken but the word "canter" is not recognized. Carpenter can challenge Dempsey in French but Epinard cannot win in a canter. He must pass the winning post "au petit galop." The word "club" is allowed when it pertains to golf but the policeman at the corner must retain his "baton." "Court" as applied to tennis; "cricket" and "camping" will form part of the next dictionary as well as "bridge" as played with paste boards and not as built with boards over a river.

R. H. Shockley vs. Geo. McIlroy, City Billiard Champion-ship, Elks' Home, tonight at 8 o'clock. Referee, Don Brown. Marker, Bob Warrior. Gents, 25c.; ladies free.

ELEVEN BOUTS ANYOX SMOKER

Good Work of Boys Who Have Been in Training in North

ANYOX, April 12.—Wednesday night was a big night for boxing fans in Anyox, and the long-awaited and much-talked of tournament proved to be the best of the kind ever staged in these parts. The boys who saw it all said so, and after all they are the ones best qualified to judge. The card occupied four hours of straight boxing and picture showing. There were eleven bouts in all, seven of them being juvenile set-los for medals, the other four were exhibitions by experienced adults. All went big, the boxing of the youngsters showing remarkable results, when it is considered that but a few months have elapsed since they began to get in shape for the tournament.

Mainly, the bouts found the boys of the Beach section matched against the youngsters from the Mine, and as a consequence E. F. Kelley, had willing assistants in the persons of Fred Brown, announcer; P. Ryan, referee; George Williscroft and J. Evans, judges; and A. L. Ployart and T. Frost, timekeepers. Williams and Cruikshank did like work for the Beach entrants, Williams and Valpy, and Cruikshank, Crags and Smith were the seconds for the entire card.

First Bouts

The first bout brought out Moffatt and L. Brown; the second bout Barclay and E. Brown. Moffatt got the decision easily and E. Brown was awarded over Barclay an extra round being necessary to decide. Moffatt and Brown had to go four rounds before finishing, and the bout was then declared a draw. McMillan

The power boat Namdal, Capt. E. W. Ahl, is the latest boat to join the local trolling fleet. The Namdal left for local trolling grounds on Tuesday.

Skipper Don Greer is installing a 6 horse power Palmer engine in his launch Inlander.

The Canadian schooner N. & S., Capt. H. Lear, which met with a slight mishap down the coast recently, has completed hull repairs and left for the high spots on Wednesday afternoon.

The launch Witch has been sold by D. Milton to Suga the boat builder.

The pleasure cruiser Vaquero, owned by Colonel Stewart, O.B.E., who in company with Mrs. Stuart made a considerable cruise of northern waters last summer, has been brought in to Cow Bay from Sourdough Cove where she was moored during the winter months.

Capt. Wall of the Canadian halibut schooner White Lily was forced to return to port early in the week on account of eye trouble. The skipper is now under medical treatment for his optics and hopes to get rid of the trouble after a brief rest. In the meantime his second in command has taken over the wheel of the Lily and is now on the high spots. The boys all wish Capt. Wall a speedy recovery.

You cannot beat the Ford Marine Engine for high power at low price. See the 12-14 h.p. model at our showroom, S. E. Parker, Ltd., 213 Second Avenue.

A Plane Story

With apologies to Walt Mason, A skipper had a bright idea when he saw the planes alight. Why not troll with them for salmon? It sure would be a sight. To see the "springs" clinging to the hooks far down below while the plane was going 80 per mid windstorms and the snow. But a little question stuck him, a question full of zest. If you fished for trees instead of "springs" what bait would you suggest?

The general utility boat, which is being rebuilt on the Bone Yard Creek ways for John Field, is making good progress. An Atwater-Kent ignition system is to be installed on the Samson engine. The boat will be ready for the water early next week.

The pleasure launch Nellie Wilshire, owned and skippered by George Hill, has been fitted with a new keel and shoe, new rudder and rudder piping. George has now got everything in apple pie order for the long dreamy, balmy summer days.

The launch Betty, owned by F. W. Chandler, is to have a larger propeller fitted. The propeller now in use is not of sufficient weight to hold the sturdy engine down. Skipper Chandler expects to take some pep out of the box of works with the new screw pusher.

Capt. and Mrs. Badeom, who have been visiting for some time in the city, left for Porcher Island trolling grounds aboard their power boat Dawn early in the week.

The Mudlark

We cannot refrain from telling our readers something about the wonder ship Mudlark, owned and skippered by Pete Solem. No one realized that Pete was a ship's carpenter until he started monkeying around the Mudlark and now we know he isn't any such thing. The mosquito power engine has been installed and a cabin arrangement is taking shape over it. For a passenger to get inside the cabin along with Pete it will be absolutely necessary for him to remove his foot-wear and socks to lower his head. Some well meaning adviser told Pete to paint the picture of a pretty girl on the wall and make that do for the season, thus ensuring himself more room inside the craft. The observation end is evidently well meant by the skipper but to use it at all successfully one will have to get accustomed to lying on his

**CLAIMS SHOT GRAYLEY
IN SELF DEFENSE AND
DIED IN THE HOSPITAL**

Alaska papers give particulars of the shooting of Bert Grayley at Ketchikan by Jim Smith. One account says:

"Jim Smith, former patrolman of Portland, shot and killed Bert Grayley on the street last night after Grayley had beaten up Smith in a fist fight.

"Grayley died in the hospital two hours after the shooting. An operation was performed in an effort to save his life.

"Smith claims self-defense.

"Smith asserts Grayley had threatened further bodily harm. When the men met last night Smith says he crossed the street to avoid Grayley and told the latter to stop. Grayley kept advancing. Smith shot twice, the first bullet striking Grayley in the leg and the second in the abdomen.

"Smith is reported to have served sentence at Anchorage before coming here and is also reported to have killed a man while on the Portland police force."

**BIG HERRING HAULS
ON WEST COAST OF
VANCOUVER ISLAND**

VICTORIA, April 12.—Information has been received by the Victoria Chamber of Commerce that enormous hauls of herring have been made this season by seine boats operating in Barkley Sound. All previous records have been broken, larger quantities of fish are taken in each drawing in of the larger seines now in use, and less fish is wasted than formerly; the loss now having been reduced to a minimum as compared with a few weeks ago, when half the catch had often to be sacrificed owing to suffocation and crowding of the fish when the seine was drawn in.

**RAGING STORM IN NORTH DE-
LAWS UNITED STATES FLY-
ERS: FURTHER DETAILS OF
FLYING CONDITIONS.**

(continued from page one)

ersous leg of the entire flight around the world will be that across Behring Sea between Attu Island of the Aleutian group and Paramushiri Island, Japan. This span of wild and wicked land and water, which is over 800 miles long, offers a peril which only the most intrepid of airmen would attempt to navigate.

Climatic conditions are "changeable as a woman's mood" and frequently boisterous while the villages are widely separated and means for making speedy rescues are absent. The aviator who encounters a forced landing on one of these rocky shoals or in the rough waters of the northern Pacific would face privation and possible death. For obvious reasons the four machines will fly closely together when making this passage. To further ensure safety, another United States gunboat has been sent from San Francisco to be close to the flyers when they are making this and other dangerous northern hops.

At Paramushiri Island, three Japanese destroyers will meet the fliers to assist them in their communications.

JUNEAU, Apr. 12.—Alaskan exports for last month gained \$423,000 over those for the same month last year and had an aggregate value of \$1,479,561, according to the monthly statement of commerce issued by J. G. McBride, collector of customs. Copper ore showed the heaviest

losses.

**BLUE RIBBON
TEA**

Good house-keepers are careful to specify BLUE RIBBON when ordering TEA. They do this because they know they will get the best tea in the market at the lowest price that the best can be sold for.

There is no tea in Canada so good or economical as BLUE RIBBON.

**BOARD OF TRADE ACTIVITIES
WORKING ON PRAIRIES
WHERE PRINCE RUPERT IS
FAVORED.**

(continued from page one)

belt conveyors. A deep water port from harbor front to the sea and so safe, easy of access and attractive to shipping.

Approach over an exceptionally good railway grade through the mountains.

Natural advantages rendering the cost of maintenance negligible, and the raising of large revenue by harbor dues, cargo rates and other handling charges unnecessary.

Equality with other British Columbia ports in export rates from the Prairies and to the United Kingdom.

Therefore be it resolved that in the opinion of this Board of Trade the government of Canada, when appropriating money for the development of shipping facilities at the Pacific coast and grain-handling facilities in particular, should carefully weigh the above-mentioned questions, and if found in the best interest of the people of the Middle West and the grain growers in particular, utilize the natural advantages of Prince Rupert by constructing a terminal elevator at that point with all the necessary subsidiary facilities.

"Flaming Youth"

A startling expose of ultra-modern society to which the author hadn't the courage to sign his right name.

Youth, Joy, Jazz, Cigarettes, Cocktails, White Kisses, Red Kisses, Rolling Dances, Riotous Flirtations, Pep, Nerve, Spice.

Flapperism on the Spree. Pleasure Mad Daughters, Sensation-Graving Mothers, a Bathing Party à la Silhouette Sans Bathing Suits, Darkness—then a flash of electric lights—then screams! Scrambling! Scampering!
