Who Are Greatest Of All Canadians?

Who are the greatest Canadians? A vote taken by an Eastern magazine "The Maple Leaf," which is the official organ of the Canadian Clubs, gives a list of men who by popular vote have been declared to be the greatest. The list of ten is in the order of precedence: Dr. F. G. Banting, Bliss Carman, Sir Arthur Currie, E. W. Beatty, Sir Robert Borden, Right Hon. W. L. Mackenzie King, Right Hon. W. S. Fielding, Rev. G. W. Gordon, D.D., Ralph Connor, Sir Gilbert Parker, Dr. J. J. R. McLeod.

The second ten chosen by the same means in order of precedence comprises Sir Adam Beck, Charles G. D. Roberts, Rev. Canon F. G. Scott, Right Hon. P. G. Larkin, Right Hon. Arthur Meighen, Right Hon. Sir George Foster, Right Hon. N. W. Rowell, Professor Stephen Leacock, Edward Johnson, and Madame Albani.

It will be noticed that businessmen are not very well represented and there is only one woman in the whole twenty. Many will not agree with this list but on the whole it is fairly satisfactory. Sir Arthur Currie is the only educationalist in there and it is probably his military distinction that placed him in the list rather than his scholastic ability. There are two clergymen mentioned, but again it is not their ability in their chosen profession that brought recognition.

If any local people have a list that they think would be preferable to the one above mentioned we should like to hear from them and criticisms of the list would also be welcome.

What Shall We Do About Elevators?

Apparently the Dominion government is quite seized of the importance of building an elevator at Prince Rupert and there is a likelihood that we may get one this year. On the other hand there is the economy cry that is holding them back. Also there is the fact that government elevators have not been a financial success that is making it difficult to enthuse members of the government in the project. At St. John, Halifax, Quebec, Saskatoon, and other places are elevators that are white elephants.

It has been suggested that telegrams sent to Fred Stork might help strengthen his hands in dealing with the government. While we would not like to hold back on anything that would prove of value and telegrams to Mr. Stork would probably do no harm, it does not seem as if they could do any good just now. Later if Mr. Stork finds he needs support of that kind he will, it is to be assumed, let us know and we will set up a regular fireworks at this end. The estimates have been printed for several weeks and are not being changed, but the supplementary estimates will come later. We are very hopeful that the work will be started this fall but there is nothing sure, and under the circumstance cannot be sure.

F. G. Dawson will be going to Ottawa next week and he will consult with the member and lend aid if it is needed. While he will not be a delegate he will be much better than a delegate in that he will be able to present both the railway and the local viewpoint to the ministers. Possibly the waiting game is the only one to be played just now. If we thought sending delegates would be beneficial we would strongly urge it and we would do our share in a telegram bombardment but they might do harm and they could not do much good.

AN ORIGINAL SHOE SHINER

Father of Jim Zarelli Made Lots of Money at the Business in Victoria

SIGNS ON WALLS

Tony Zarelli, father of Jim Zarelli the local hotel man, runs one of the most successful shoe shine establishments in the country. It is at Victoria and Tony has made money at the game and owns a number of houses and other property in the capital city. His real name is Diego but he is known to everyone in Victoria as Tony. A recent issue of the Victoria Colonist has an interesting sketch of Tony and his activities illustrated with pictures. The part referring to the wall mottoes follow:

Epigrams

One of the big reasons why people like to get their shoes shined at Tony's is Tony himself, and another big reason is the epigrammatical advice contained in the signs on the wall. "Keep your feet off your mind by having your shoes shined here," reads the visitor to the shoe shine parlor on Trounce Alley, and if he is a stranger to Tony's place he will read the other signs that face him as he sits in one of the fourteen chairs.

The customer who might have thought of waiting until another day before paying for his shine hardly would have the nerve to do so after being stared at by these:

"Poor Trust is dead. Bad Pay killed him."

"To trust is to bust. To bust is hell. No trust, no bust, no hell."

"Our trusting department is on the roof. Take the elevator. No tick here. Square up before you go. The clock ticks; we don't pay you; pay me."

"What happened to three of my delinquent customers?"

"One said: 'I will pay you Saturday if I live.' He is dead.

"Another said: 'I will see you tomorrow.' He is blind.

"Still another said: 'I will pay you sure next week or go to — He is gone.'

"What is your 'Dope'?"

"Money makes the beer flow. Cash makes no enemies. In god we trust; all others cash."

"Since man to man is so unjust, I hardly know which one to trust. I've trusted many to my sorrow, So pay today; I'll trust tomorrow."

A Little Advice

While the majority of the signs touch upon the fact that Tony is giving no credit, there are still others:

"Don't spit on the floor. Remember the Johnstown flood."

"If we please you, tell others. If we don't, tell us."

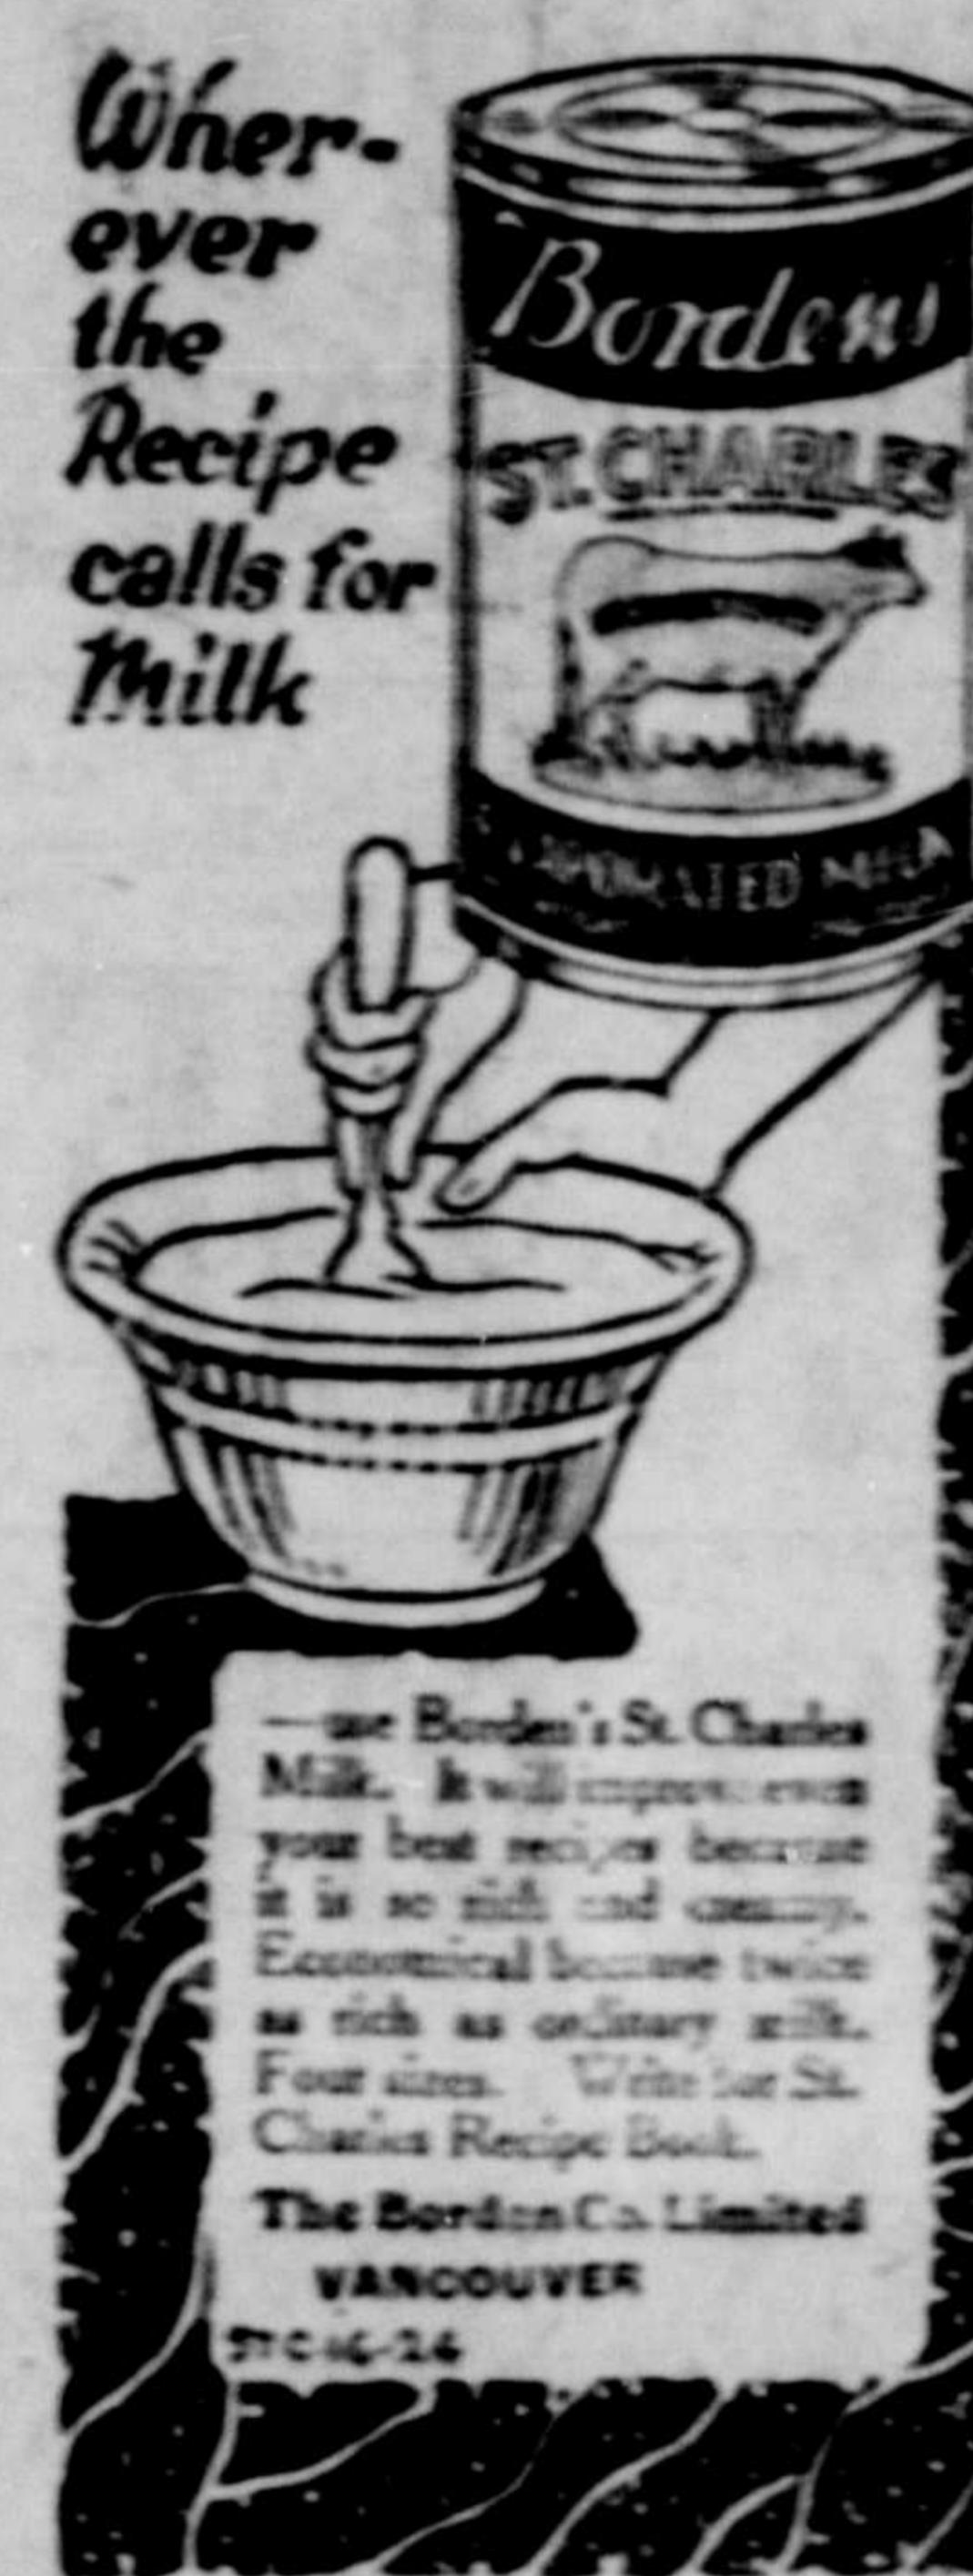

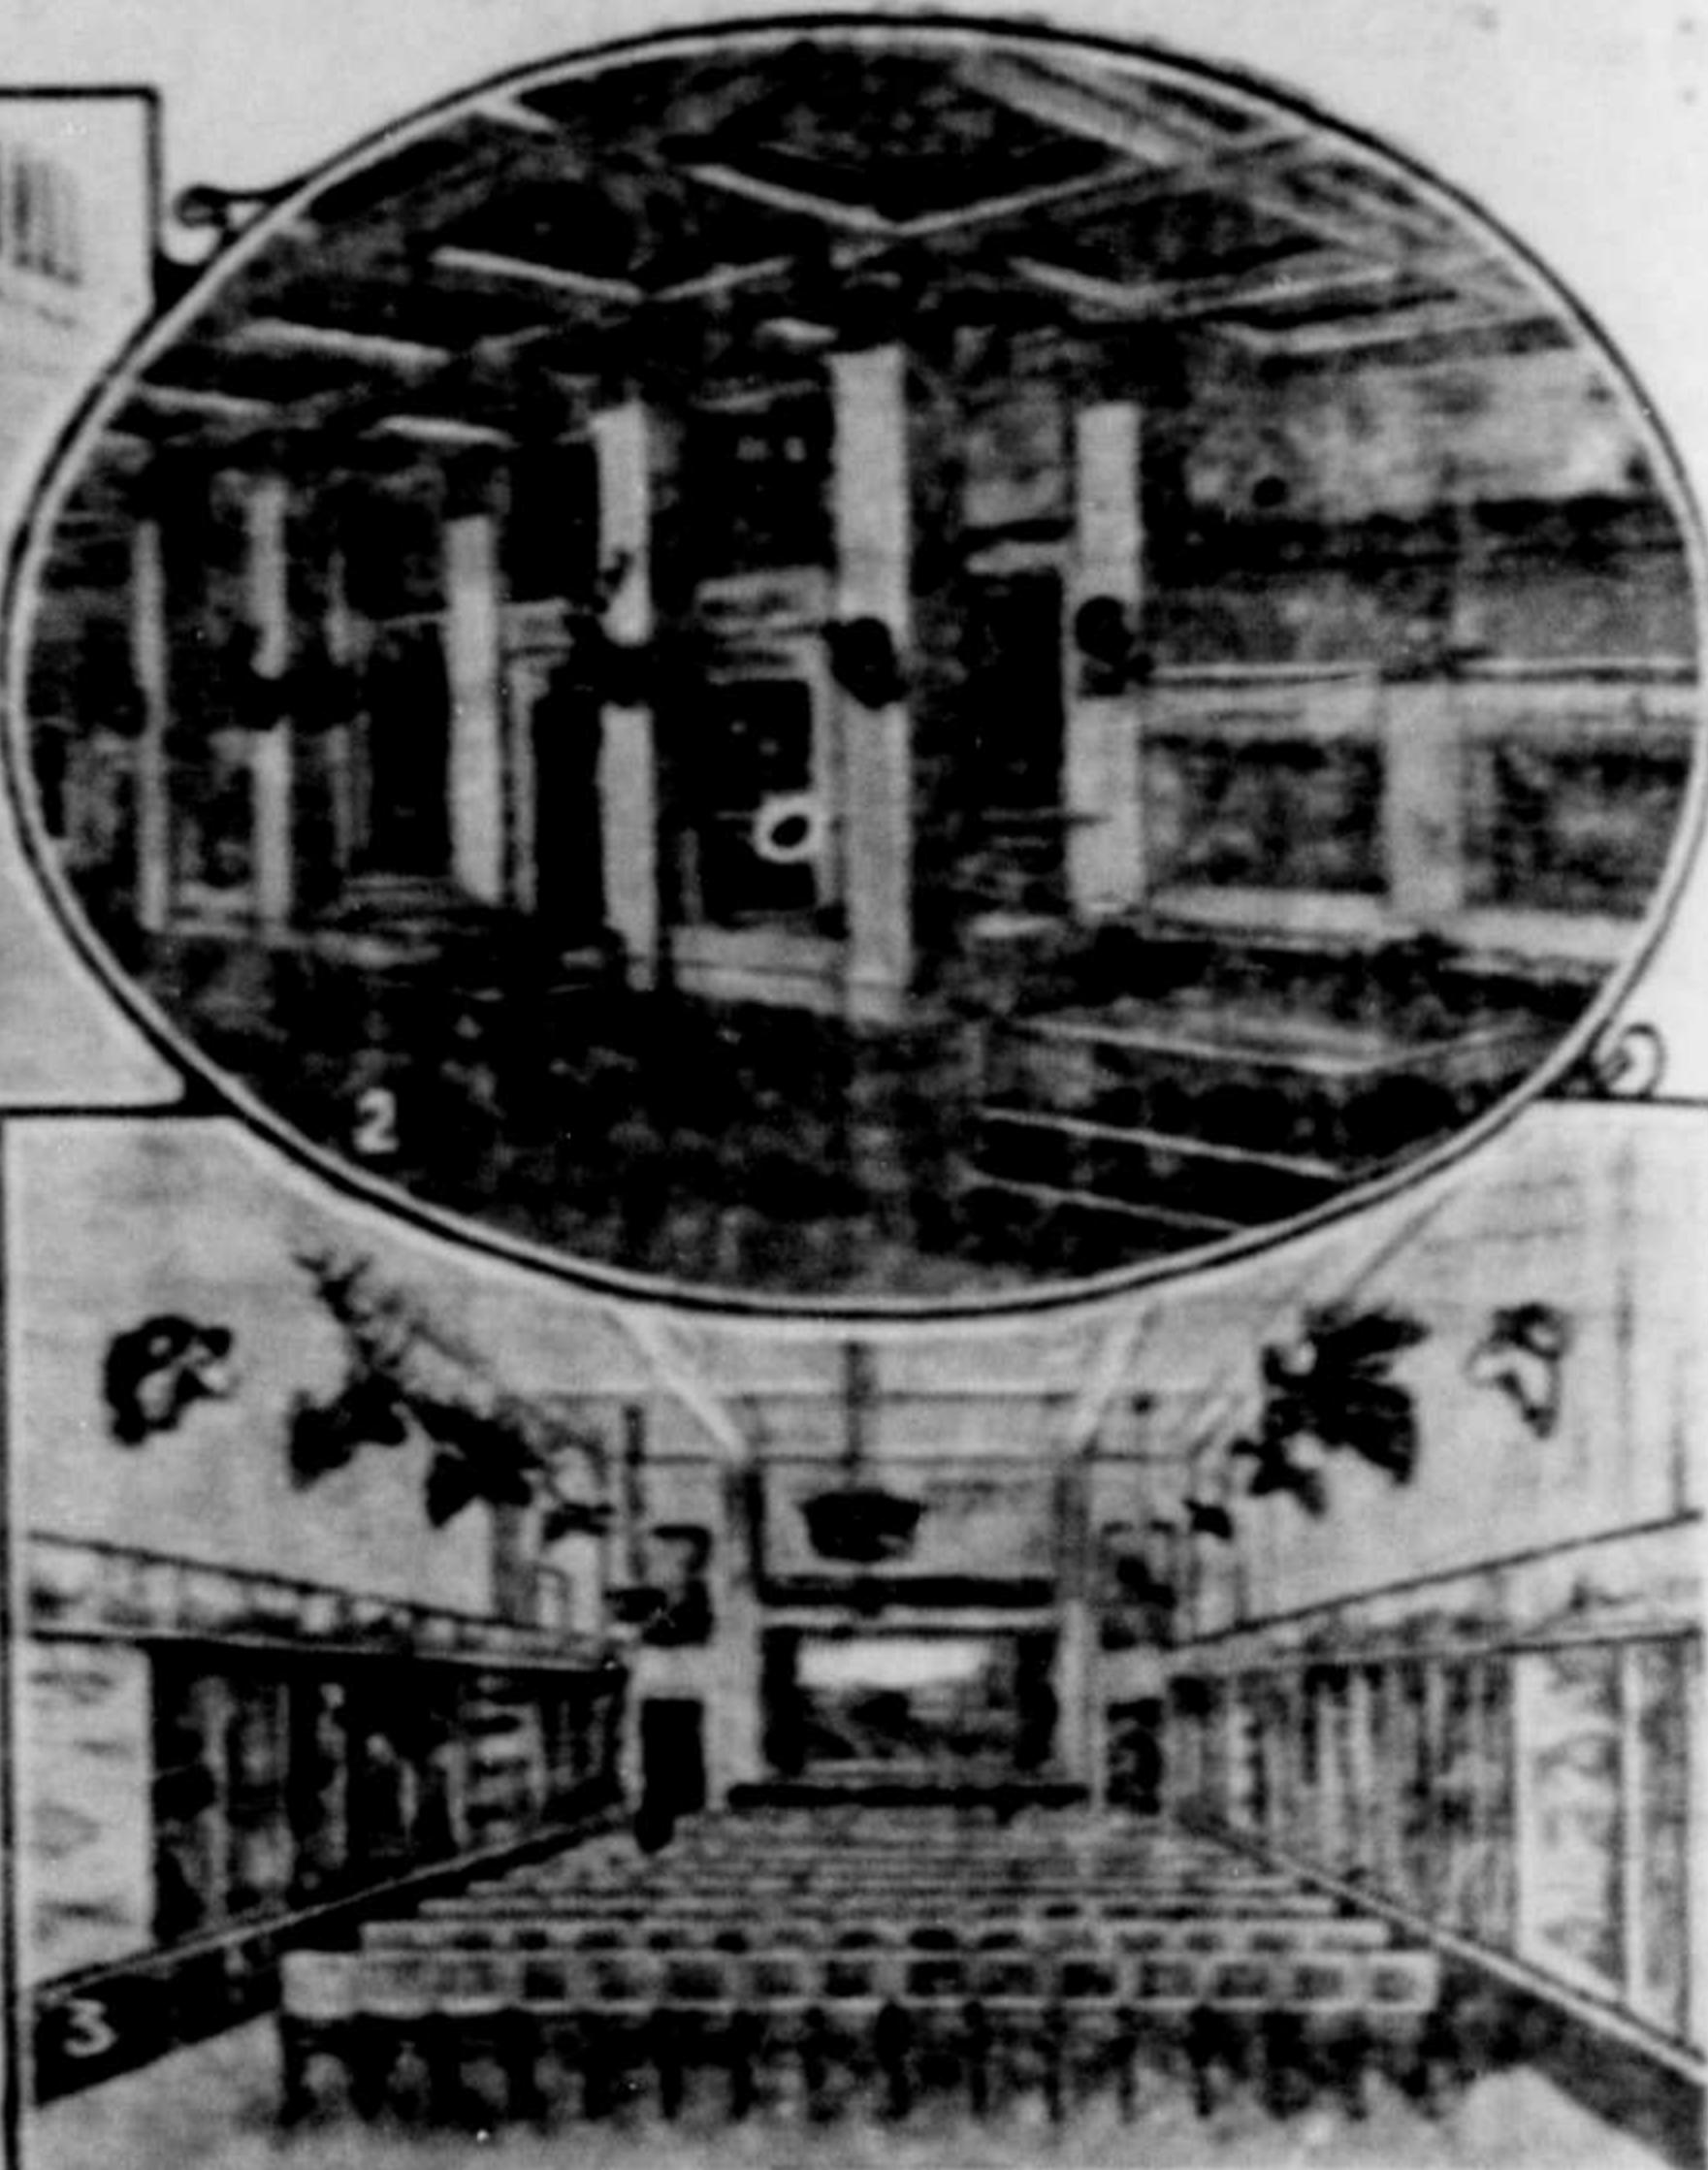

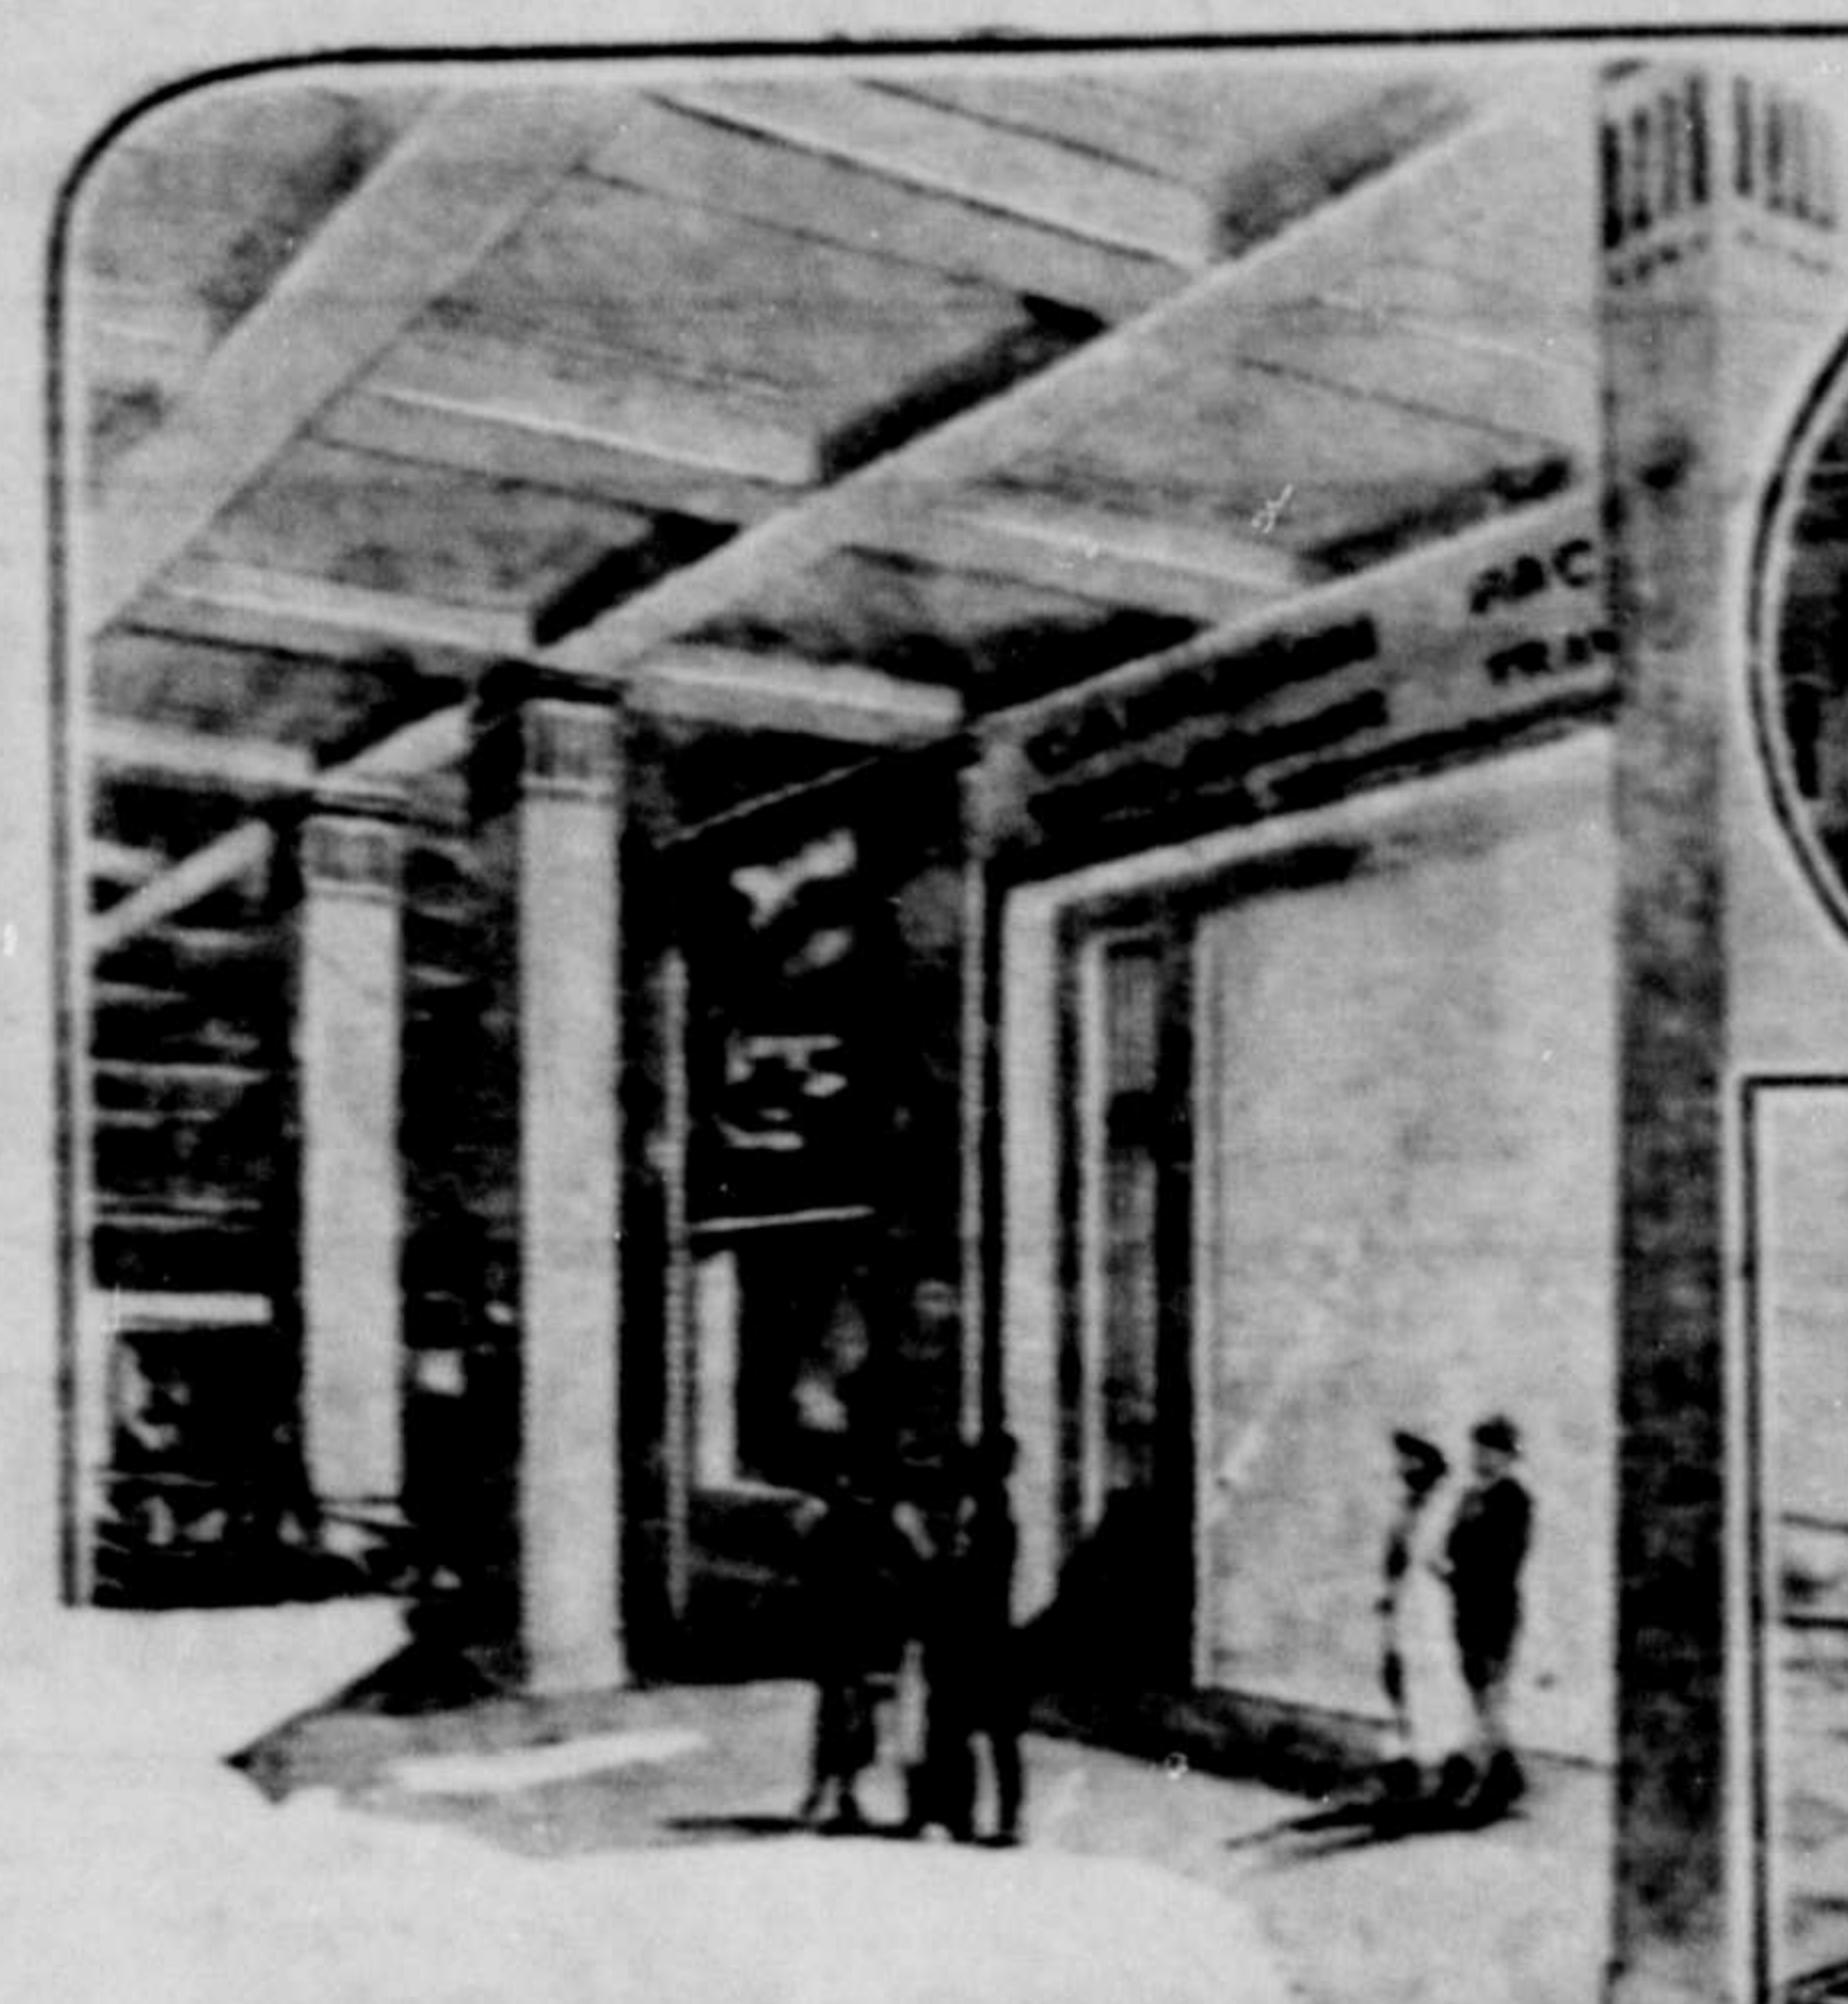

"You come in without knocking. Go out the same way."

"Our business has been established since 1890. We have been pleasing and displeasing the people ever since. We have lost money and made money. We have been cursed and discussed, knocked, talked about, lied to, held up, robbed, etc., to the end of the chapter. The only reason why we are staying in business is to see what in hell will happen next."

"Smile a while, and while you smile another smiles, and soon there's miles and miles of smiles, and life's worth while— because you smile."

Essay on Man

"Such is life. Man comes into the world without his consent and leaves it against his will. During his stay on earth his time is spent in one continuous round of contraries and misunderstandings. In his infancy he is an angel. In his boyhood he is a devil. In his manhood he is everything from a lizard up. In his dotage he is a damn fool. If he raises a family he is a chump. If he raises a

**A Great Railway Exhibit at London's Great Empire Show**

(1) The entry to the imposing building of the Canadian Pacific Railway at the Empire Exhibition is imposing. (2) The Hall is filled with displays of Canadian products and scenic glories. (3) A complete theatre is also part of the Company's exhibit.

Canada's exhibit at the British Empire Exhibition, which opens at Wembley next month, will be one of the most interesting and attractive features of the whole. No phase of Canadian life or activities has been overlooked and every resource of the country will be displayed to good advantage. The Canadian Pacific Pavilion, which has been designed to harmonize with the Government building, directly faces the main bridge leading into this portion of the grounds and at once catches the eye of all visitors. This pavilion is a massive building, approached by a broad flight of steps flanked on either side by bronze models of buffalo and moose. A strong color scheme will be strikingly emphasized at night by a Neon lighting effect similar to that at the Coliseum in London, wonderfully penetrating and effective under all atmospheric conditions, and another attractive feature of the exterior will be the enchanting series of illuminating panels in relief depicting the manifold activities of the Canadian Pacific.

Equally alluring will be the decorations and exhibits in the interior of the pavilion. The floor space on the ground floor comprises 7,700 square feet. Along the main floor there runs a 400-foot frieze illustrating the Canadian Pacific route from the United Kingdom to Japan. In this diorama there will be moving models of Canadian Pacific liners crossing the Atlantic and Pacific Oceans, mechanically driven and electrically illuminated, and the train journey across the Dominion will be depicted by two Trans-Canada trains, each consisting of locomotive and eight coaches. These also will be electrically illuminated and mechanically driven with head and rear lights etc., and the realistic effect will be supplemented by an illuminated signal system, automatic gates, and all the other appurtenances of a complete railway track.

In an adjoining section of the interior exhibits there will be shown six mechanically and electrically illuminated vitascope models of Liverpool, Quebec, the prairie region, Banff Springs Hotel in the Canadian Rockies, Vancouver and Yokohama.

A fruit orchard scene in British Columbia and a scene depicting Japan and Japanese life are next presented for the entertainment and edification of the visitors. The model of Japan gives a general view of the country around Fuji Yama, with the world-famed Mount rising high in the heavens. There will also be models of Japanese houses, bridges, streets and other typical sights of the Flowering Kingdom.

Prospective settlers in the Dominion will be attracted by the model of a 160-acre irrigation farm in the west with all the buildings and equipment, ranging water and moving train running across the holding. The adventure-lover will be charmed by the spacious scene depicting the big game life of Canada. Grizzly bears, black bears, wolves, muskox and other representative specimens of the denizens of the wilds will confront the spectators in defiant attitude. All over the building, too, the heads of big game will snarl or grin according to the respective temperaments of their erstwhile owners.

The lecture hall, which will accommodate 200 people, is very artistically arranged and decorated. Numerous cases, containing grain, fish, birds, maple sugar and honey exhibits will be on view. There will be continuous cinema performances in this hall between the hours of one and five-thirty, and between seven and ten, with a lecturer in attendance to explain and entertain.

**Making wash day pleasant—**

Just use Rinso where you used to use bar soap—for soaking, boiling, or in your washing machine.

Rinso
MADE BY THE MAKERS OF LUX

THE hardest part of wash-day, rubbing, rubbing, rubbing, has given way to the new method of soaking the clothes clean with Rinso. This wonderful new soap gently loosens the dirt and a thorough rinsing leaves things white and glistening as you never could get them before.

Only spots where the dirt is ground-in, such as neck bands, cuff edges, and the like need a light rubbing, and a little dry Rinso rubbed on these spots quickly makes the dirt disappear.

Rinso is sold by all grocers and department stores

ONTARIO GIRLS MAY WEAR KNICKERBOCKERS

No Catholic Order Against Practice as Occurred in Manitoba

TORONTO, March 26.—Roman Catholic girls and women in Toronto are not likely to be barred by order of the church from wearing knickerbockers. Their Manitoba sisters have been ordered by the Archbishop at St. Boniface to desist from such apparel.

"No such order has been issued here," was the statement of the secretary to Archbishop Neil McNeil. The Archbishop himself is out of the city.

"Is any such order likely to be issued?"

The secretary simply laughed. He was not prophesying, but it is a safe bet that no such edict is contemplated.

Sensible Girl

Rev. Father Lancelot Mincham was frank in his comments on the wearing of knickerbockers. "It all depends on the motive of the wearer, and their circumstances," said he. "The other day, in the big storm, I saw a girl in knickers hiking along, and I said to myself that is a sensible garb for such a day; but when girls come to mass in that kind of costume it is a very different thing. If they wear them only when they went tobogganing or snowshoeing or skiing, I think there would probably be no objection. But, sometimes, these costumes are worn for other reason. That is where the objection comes in."

"If they wear them for swagger purposes, or to show off, it is natural that complaints should be made, and that is what has, no doubt, happened in Manitoba. Local sentiment and local circumstances count for a great deal, and no doubt the Archbishop is dealing with conditions as he finds them."

BRINGING UP FATHER

By George McManus

BIG PAGEANT OF CANADA AT WEMBLEY PARK

Twice a Week Will be Shown Illustrations of Canadian History and Development

PRELIMINARY MEETING

LONDON, March 26.—At British Columbia House, in Regent Street an interested audience listened to J. S. McKinnon, director of the Canadian industrial exhibits at the Empire Exhibition at Wembley, as he explained the place of Canada in the Empire and the part she is playing in the portrayal of our development and importance. Colonel A. L. Hamilton, who presided, introduced Frank Lascelles, the organizer of the British Empire pageant.

Mr. Lascelles dwelt on the importance of pageant in relation to Empire. That spectacular effect had been inaugurated by the British Government with the intention that the Dominions should take their part. He had been asked to become the organizer, and he had told the authorities that he could only do so if the Dominions gave him material. The whole spirit of the pageant must come from them if it were to be Canadian. As to the value of such a display, many would be attracted by the beauty and the picturesqueness of Canadian history. Pageants were not Lord Mayors' shows, nor were they processions. Their pageant would be a pointer to the serious work in the Canadian pavilion, and would disclose how much romance there was in the history of Canada. Present-day life in the Dominion would also be displayed, and he thought that section would not only draw all London but practically the whole of England to the exhibit. Every one of weight in Canadian matters in London was helping. The pageant of Canada would be shown twice per week—on one day there would be the historical aspect and on the other its conditions of present-day life.

Opportunity for All

Mr. McKinnon remarked that the object of Canada in relation to the exhibition was to show to the people of the world that Canada was a good place in which to live, and that every man, woman, and child had an equal opportunity. There was no room, however, for the sluggard. Those able and skilled to work would find full scope. While Canada did not beg anything from this country, she did wish to be known that, when any movement of population was to take place, there was no better country to which they could move than Canada. At the exhibition they would display their natural resources, the machinery of the time, agriculture, timber, products of the dairy and horti-

WRIGLEY'S

Chew it after every meal

It stimulates appetite and aids digestion. It makes your food do you more good. Note how it relieves that stuffy feeling after hearty eating.

culture, and of water and power. There would be portrayed also their wonderful harbors. They sought to increase the export trade of Canada and the interchange of the British Empire, a subject on which he thought there was a lack of knowledge. The exhibition would, he thought, help to place Canada in the proper light. The Canadian building would be of splendid dimensions, and on its sides would be buildings erected by the Canadian Pacific and the Canadian National Railways. The building proper would be divided into two sections. One would show the national resources of the country and the other its industries. In the possession of full loyalty, nothing would stop the progress of the British Empire.

Labor and Preference

Mr. F. C. Wade, K.C., Agent-General for British Columbia, in moving a vote of thanks to Mr. McKinnon, said that he believed the Canadian section would take second place to none. At the moment the fate of the Empire was trembling somewhat on the balance. He asked: Would the Little Englander have his way, or would our statesmen realize the full import of Empire and the extent to which the great Dominions were prepared to give support? Was Great Britain merely to be in the Empire, or was she to be of the Empire, with all portions trading among themselves? How could that be if the centre of all ceased to function as an Empire? As to Imperial Preference, he said that there was not from shore to shore in Canada a man who would not raise both hands for preference in regard to foodstuffs. That would weld the Empire for common good. He was talking to a leading Labor M.P. the other day, who stated: "All I can say is that we are not bothered about the fetishes. We do not care what Cobden or others thought a long time ago. All we care for is to try to understand the situation as it is

and to apply our brains to a remedy."

MUST TIE UP VIOLENT DOG

Pound Keeper Uses Water Gun in Carrying Out Duties

A VIOLENT DISLIKE

The denial of Tom O'Brien, poundkeeper, that he carried a revolver but the admission that he had been toting a water gun for the past two weeks caused a titter of merriment in the police court this morning. The point came up while a charge against Henry Smith of keeping a vicious dog was being heard. In giving evidence, Mr. O'Brien, said he had told Mr. Smith's young son that he would have to shoot the dog. The boy replied that Mr. O'Brien could not do so for he had no gun. Thereupon, Mr. O'Brien showed the boy the water gun and said he would shoot the dog with turpentine. The gun was produced in court.

Made Mad Rushes

The charge against Mr. Smith was laid on information of the poundkeeper who gave evidence to the effect that the dog had made mad rushes at him and would have bitten him had he not been on his guard.

A. H. McPherson testified that the dog had threatened him and on one occasion had driven him from Ninth Avenue to his home on Eighth Avenue.

Charles Gustafson said the dog had barked at him but had not bitten.

Mr. Smith denied that the dog was vicious but admitted the animal had taken a violent dislike to Mr. O'Brien who had knocked him over with a block of wood when he was a pup.

Verdict of Court

Magistrate McClymont ordered that the dog be tied up for a month and assessed costs on the defence. City Solicitor Jones conducted the prosecution and W. E. Fisher appeared for Mr. Smith.

Mr. and Mrs. Fred Grimble Honored by Friends at Home of Mrs. Hills Last Night

The home of Mrs. Capt. Hills was invaded last evening by a number of friends who gathered to celebrate the wedding anniversary of her daughter and son in law Mr. and Mrs. Fred Grimble of this city. A most enjoyable time was spent in playing whist and dancing. Mrs. A. Loller acting as host for the occasion. Refreshments were served during the proceedings and the party was kept up until an early hour in the morning.

Those present included Mrs. A. Loller, Mrs. Mary Loller, Mrs.

Prince, Mr. and Mrs. Hogan, Pete Hogan, Mr. and Mrs. Vickers and daughter, Mr. and Mrs. A. Silversides, Miss Parker, Tom Dybhavn, Dan Larsen, G. Hills, G. Anderson, Mrs. Moorehouse, Mr. and Miss Casey, Miss Lindquist, A. Hills, Mr. and Mrs. Grimble, S. Thompson and Martin Thompson.

SURPRISE PARTY TO CELEBRATE WEDDING

EDMONTON TO COLLECT FEES IN HIGH SCHOOL

EDMONTON, March 26.—The proposal by Dr. William H. Alexander, chairman of the school board, that fees be collected from all high school students was passed by the school board.

Dr. Frank Crang, opposing Dr. Alexander, took the stand that fees should not be levied on high school students.

Dr. Crang said that the poorer citizens would not be able to pay their children's way through the secondary school, and, therefore, children fifteen years and under would be out around the streets wasting their time and acquiring bad habits.

He told of his own experiences when he had had to stop going to school as his parents were not able to pay his expenses, and that it was for this reason that he wanted to oppose this motion. He said that he knew what it meant from personal experience to be denied from their education at that age.

Buy Your Milk With the Groceries

Many thousands of Canadian housewives have learned the convenience, economy and thorough satisfaction of using Carnation Milk for every milk requirement of their families.

They use Carnation Milk because it is twice as rich as ordinary milk, because it tastes so good in coffee, on cereals, on fruits and in cooking. It is always clean, sweet, pure, sealed in tin-tight cans and kept safe by sterilization.

These housewives buy Carnation with their groceries. They are never out of pure milk. No delays or disappointments. Your grocer has it!

NEW OFFICERS ANYOX TENNIS CLUB ELECTED

J. E. C. Stroud is President for the Coming Year; Daylight Saving Favoured

ANYOX, March 26.—The annual meeting of the Anyox Tennis Club was held on Friday evening, March 21, in Recreation Hall, with the retiring president, L. F. Champion, in the chair. Election of officers for 1924 took place, the new officers being:

President, J. E. C. Stroud;
Vice-President, R. H. Manzer;
Secretary-Treasurer, George Lace.

Executive committee, Mrs. John Conway, Mrs. W. F. Eve, B. E. Crawford and D. Cole.

As Mr. Stroud was not present, Mr. Champion continued to act as chairman throughout the meeting. The Community League secretary, at the request of the meeting, outlined plans for the alterations of the courts as approved by the council if the cost was not to be too great, about eighteen hundred dollars being the amount considered necessary. Geo. Lee felt that the work should be done this year if possible, even though it cost a little more than the figure mentioned.

A vote of thanks was tendered to the Community League Council and the secretary on a recommendation by the chairman for the assistance given during the past year.

It was decided to have the same playing and court rules as governed in 1923. H. T. Ballion introduced the subject of Daylight Saving, and a resolution was passed unanimously to have it come into effect in Anyox, a copy of the resolution to be forwarded to the Community League for its support.

HIGH SCHOOL CLUB DEBATE AT ANYOX

Enjoyable Event at Smelter Town Brought Out Good Speaking Talent

At the regular meeting of the High School Club, held on Friday afternoon last, with the president, Miss Janet Moffatt, in the chair, a debate took place between two teams, comprising for the affirmative, Misses O'Neill, McAllister and Gawn Moffatt; negative, Misses Teaho, Rice and Arthur Teaho. The subject of the debate was "Resolved that Prisons should be Reformatories." The debaters for both sides did splendidly, the award going to the negative, the affirmative, although presenting their case more capably than their opponents, had no convincing facts to offer. F. M. Kelley acted as judge and Rev. J. Gibson, who rendered some kindly advice, was the critic.

As a finale to a pleasant and enjoyable afternoon, ice cream and cake was served by the young lady members of the High School Club.

STEWART

One of the successes of the season was the dance given in honor of Ireland's patron saint in the Stewart Opera House by the Women's auxiliary of the Stewart General Hospital. There were thirteen donations for raffles and the music, the hall and the refreshments were donated. Misses Muriel and Helen Crawford and Hazel and Edna Stratford.

WAS CONSTIPATED FOR SEVERAL YEARS

If you have suffered from constipation for years, tried all kinds of remedies without getting relief, if you have been subject to all the miseries associated with constipation, wouldn't you consider it a blessing to be able to keep the bowels regular and in a good healthy condition and prevent disease getting a foothold on your system?

Milburn's Laxa-Liver Pills are indicated just for this purpose; their regular use relieving the worst cases of constipation. Mr. M. Bedcan, Sudbury, Ont., writes: "I have been troubled with constipation for several years. I began to use Milburn's Laxa-Liver Pills and find them to be the best remedy I have ever used for regulating the bowels and liver, always keep them now and recommend them highly."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

RELIEVES VICTIMS OF LIVER POISON!

Remarkable Prescription of Dr. Thacher Enables Toronto People to End Cause of Sick-Headaches, Constipation, Sour Stomach and Nervous, Run-Down Condition.

Poisoned! Made sick by neglecting to cleanse and tone the Liver when it is sluggish and clogged up with poisonous waste! This is why so many wake up feeling dull and tired — tongue coated, bad taste and offensive breath.

It explains why a sluggish liver is attended by such symptoms as Constipation, Biliousness, Sick Headaches, Sourness and Gas on a Weak Stomach, Loss of Appetite, Pains in the Back and Sides, and nervous, run-down condition—symptoms that lead to the dangerous and expensive sick-bed unless corrected in time.

Dr. H. S. Thacher, noted medical practitioner, perfected a wholesome vegetable prescription to keep the liver healthy. It is giving quick relief and renewed strength, energy and vigor to numbers here. This prescription, known pharmaceutically as Dr. Thacher's Liver & Blood Syrup, doesn't cost much, pleasant to take and contains only ingredients that are known to physicians for their corrective and health-giving properties.

Try this great prescription, yourself. Notice the quick difference in the way you look, eat, sleep and feel. You will be completely satisfied; otherwise, there will be no cost.

Dr. Thacher's Liver & Blood Syrup is sold and recommended by Ormes Ltd., Cor. 3rd Ave. and 6th St., Prince Rupert, B.C., and by leading druggists in each city and town.

ford and Cherry Campbell served the refreshments, wearing white aprons and caps trimmed with shamrocks. Both financially and socially the dance was a success.

R. L. Clothier and family left for Victoria where the family expect to remain until June. Miss Lois Gomer accompanied them.

Mrs. W. J. Crawford gave a bridge tea for Mrs. M. Boyd who is leaving Stewart. Those present were Mrs. M. Boyd, Mrs. P. Backus, Miss Helen Hall, Mrs. R. Crosby and Mrs. H. Stratford.

Mrs. M. Boyd left for her home in Clinton after a long visit with her daughter Mrs. R. Crosby.

VANDERHOOF

Pending the appointment of a permanent managing secretary Stephen Jones is in charge of the Vanderhoof creamery.

The provincial government has started work with engine and grader on the town streets.

Mrs. Lewis Johnson is about to leave for Alberta. The members of the Ladies' Aid Society made her a presentation last week and a handkerchief shower was held in her honor at the home of Mrs. E. F. Wynne-Heath.

Ten Years Ago in Prince Rupert

March 26, 1914.

A census of Prince Rupert is being taken today by the civic authorities.

George B. Hull, resident engineer for the federal public works department, announces that plans for the new post-office here have been prepared in Ottawa and tenders for the erection for the building will be called at once.

The Daily News popularity contest is going strong and many nominations have been posted.

COMES NATURAL

"I see that in all the warring countries women are said to learn to operate munition machinery in a few days."

"Well?"

"I can hardly believe it."

"I see nothing incredible about it. Women are natural mechanics. My wife can fix anything around the house with a hairpin." — Louisville Courier-Journal.

You need a PILOT

EVERY good ship, nearing port, takes on a pilot. Usually, the law requires it. The pilot knows the channel. With his capable hands at the helm, the vessel is safe. Without him, there is danger of the shoals.

When you set sail on a shopping tour you, too, should have a pilot. Everybody needs one. And well-informed shoppers always have one—ADVERTISING.

Advertising keeps you off the rocks of extravagance and waste. It takes you straight into the port of economy. It tells you plainly where to go for what you want. It shows you how to save steps—and money—and time. By watching it carefully, each day, you are able to buy to best advantage.

Often, the advertisements will keep you from making an unwise purchase by pointing out just why one article suits better than another. It points out for you the pick of the country's market and the selection of the particular kind, shape, size and color that best suits your taste and fits your pocket-book.

Whether you want food, clothing, furniture or a toy for the children, the advertisements can help you.

Let Advertising Steer Your Steps

Sport Chat

In spite of the fact that there have been several unforeseen delays in connection with the preliminaries of their campaign, the members of the Gyro Club have every hope of getting their playground equipment set up at the corner of McBride Street and Sixth Avenue before the summer holidays commence in July. The decision to start on the project was made just six weeks ago and since that time good progress has been made. It was not the raising of money that constituted the main difficulty but, strange to say, it was the finding of a ground on which to erect the paraphernalia. It was the expectation of none that they will be called upon themselves to face the problem of ground improvement. Though the Gyros find it hard to understand why the suggestion is made that they should have to pay in order to give something away, they are still hopeful that the city will do the right thing by them in furtherance of their efforts. A satisfactory arrangement with the civic finance committee is expected, will be reached at a conference to be held next Saturday morning.

Not a single active ball player remains in the American League who was listed in the organization when Tyrus Cobb made his debut. Cobb came to the American league in the fall of 1905. The coming season will be his 20th in the big show. Not once since 1906 has he fallen below the .300 mark in batting. Several times he has bettered .400. Cobb for several years has shown signs of slowing up but at that he is still faster than a majority of the big league players. The lively ball, according to Cobb, was his savior, just at a time when his legs began to bother him. "The lively ball," he says, "took the premium off running and placed it all the stronger on hitting, and I could always hit." Cobb figures that he is good for at least two years more at top speed, unless a serious injury should set him back. His lone ambition in baseball is to win a pennant and a world series; a goal which still appears some distance away, despite the fact that his club finished second last year.

SO SNAPPY

The young man was fondling her right hand.

"A nice diamond," he said, awkwardly. "Diamonds are beautiful stones, but on the other hand—"

"Oh, Jack," she murmured, "you make me so happy!" — Kansas City Star.

ESKIMO GETS RELIGION THEN KILLS FRIENDS

Amazing Story of Barbarism
Brought South by Mounted Police

OTTAWA, March 26.—(Canadian Press)—An amazing story of murderous barbarism has reached the headquarters of the Royal Canadian Mounted Police from Staff Sergeant A. H. Joy at Pond's Inlet, who tells of what befell the little Eskimo village of Kivetuk, on the eastern coast of Baffin Island, four hundred odd miles north of the Arctic circle. A reign of cruelty and death prevailed until the violent death of the fanatic who held Kivetuk under his malevolent hypnotic spell throughout the sunless weeks of winter in the land of the midnight sun.

It was one, Neahuteuk who so terrorized the simple Eskimo that "the sun returned without being noticed and it was only until sometime after Neahuteuk was dead that the Eskimos saw the sun was in sight."

Easy to Understand

Neahuteuk was agent for a trading company and the richest man in the village. He professed religious inspiration and compelled the tribesmen to perform ceremonies, some meaningless and some repulsive. He would sit poring over a Bible and complained because he could not understand it. He drove his friends from his igloo one day and grieved in despair over the sacred book.

One tribesman returned and attempted to comfort him. The chieftain gave certain instructions which were carried out in this wise. While Neahuteuk made a dash for the doorway, his companion struck him violently with a stick. After lying senseless for some time, Neahuteuk revived and returned to his reading with blood flowing freely from his head.

He could now understand the Bible quite well, he said. He compelled the tribes to abstain from food and sleep for days. Several went mad. All of them walked about in a daze and appeared to be under a hypnotic spell.

Two Killed

One asked if he could "go up to Jesus" if he had "air inside him." Neahuteuk promptly ruled that his spirit was at that moment pure and he must be killed before he could return to sin. Two of the tribe were compelled against their will to murder this man.

Another man who was known to be illiterate was found reading the Bible and writing with a pencil. This man was also adjudged ready for death and was promptly despatched. Neahuteuk's frenzy increased. He exacted implicit obedience to his barbarous and fantastic rule, until one day he struck a woman with a hammer. This was the wife of one of the murdered men. At this moment Kidlappik, a village strongman who had been singled out for special persecution, entered the enclosure with a gun and fired, mortally wounding Neahuteuk.

KAISER LOST DIGNITY IN AUDIENCE WITH POPE

Gift to His Holiness Fell and Then Helmet Dropped and Pants Ripped

BERLIN, March 26.—Certain German newspapers never tire of publishing amusing stories about the former kaiser, one of the latest being his experience at the Vatican in October, 1888 when the former ruler was received by Pope Leo XIII and caused a ripple of laughter among those present by his awkwardness.

"William began the performance by dropping the valuable 'tabatiere' he carried as a gift to the Pope," writes Ernest Smith in a book of his 40 years' experience as a British journalist in Rome and other European capitals. Smith's account of the kaiser's audience with the Pope has been reproduced in numerous German newspapers, some of them even publishing the article in the columns devoted to comment by their humorists.

"As William stooped to recover the 'tabatiere' before a courier dashed forward to recover it for him, he let his helmet fall, and, to add to his confusion a seam in his garments collapsed audibly as he bent down," writes Mr. Smith. "When William recovered he could scarcely stammer out several incoherent words and a witness of the scene told me that the kaiser was trembling like a leaf all the time."

INCREASED SAILINGS TO THE OLD COUNTRY

VICTORIA, March 26.—Whatever may be said of the folly of the farcical P.G.E. Railway investigation, following charges laid against the Oliver administration by the McRae third party forces, the contention is gaining ground that the investigation will have served a splendid purpose, despite the heavy cost. For years the government — regardless of its being Liberal or Conservative — has been under a cloud. Trouble makers are always with us, but no one causes more bother and worry than the political aspirant, who seeks office either for personal glorification or in order to put something over for himself and friends. With tremendous development ahead of British Columbia, there has been a manifest attempt upon the part of outsiders to secure control of the administrative machinery, at whatever cost. Meanwhile, their efforts have been proven crude in the extreme and the costly inquiry has done much towards removing distrust, suspicion and discontent.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS
Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 16 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over \$5,000 board feet per acre west of the Coast Range and \$3,000 feet per acre east of that range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner. Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timbered, for agricultural purposes, minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stampage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered by a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.
