## POINCARE GOVERNMENT OVERTHROWN IN ELECTIONS OF FRANCE YESTERDAY

### French Republic Gave Control of Governing Chamber to Radicals

PARIS, May 12.—Nearly complete returns of yesterday's general elections in France compiled at official headquarters up to one o'clock this afternoon show that the country decided on considerable change in its domestic policy and on at least one important modification in methods of handling foreign affairs.

Premier Poincare's majority in the chamber of deputies was swept away in a violent swing of the political pendulum towards the left bloc. His party will now be the second strongest owing to the reduced majority.

### OLD TIMERS HAD BLAZE FOR FUN

Library of Parliament Buildings at Victoria Scorched Saturday Night

VICTORIA, May 12.—Fire broke out Saturday night in the library of the parliament buildings during the official reception of the British Columbia pioneers' reunion. Those attending were forced to make a hasty exit while firemen battled with the flames.

The origin of the fire, which was extinguished in twenty minutes, is unknown. There was no panic, the old timers regarding the outbreak more in the light of amusement than fear.

The fact that there was no panic was largely due to the presence-of-mind of Col. Ross Napier who, instead of announcing a fire, mounted the platform and stated that it had been decided to hold the reception in another part of the building. The crowd then filed out in an orderly manner.

### MEMBER GETS GOOD HEARING

Hon. T. D. Pattullo Being Well Received on Queen Charlotte Islands

Special to Daily News

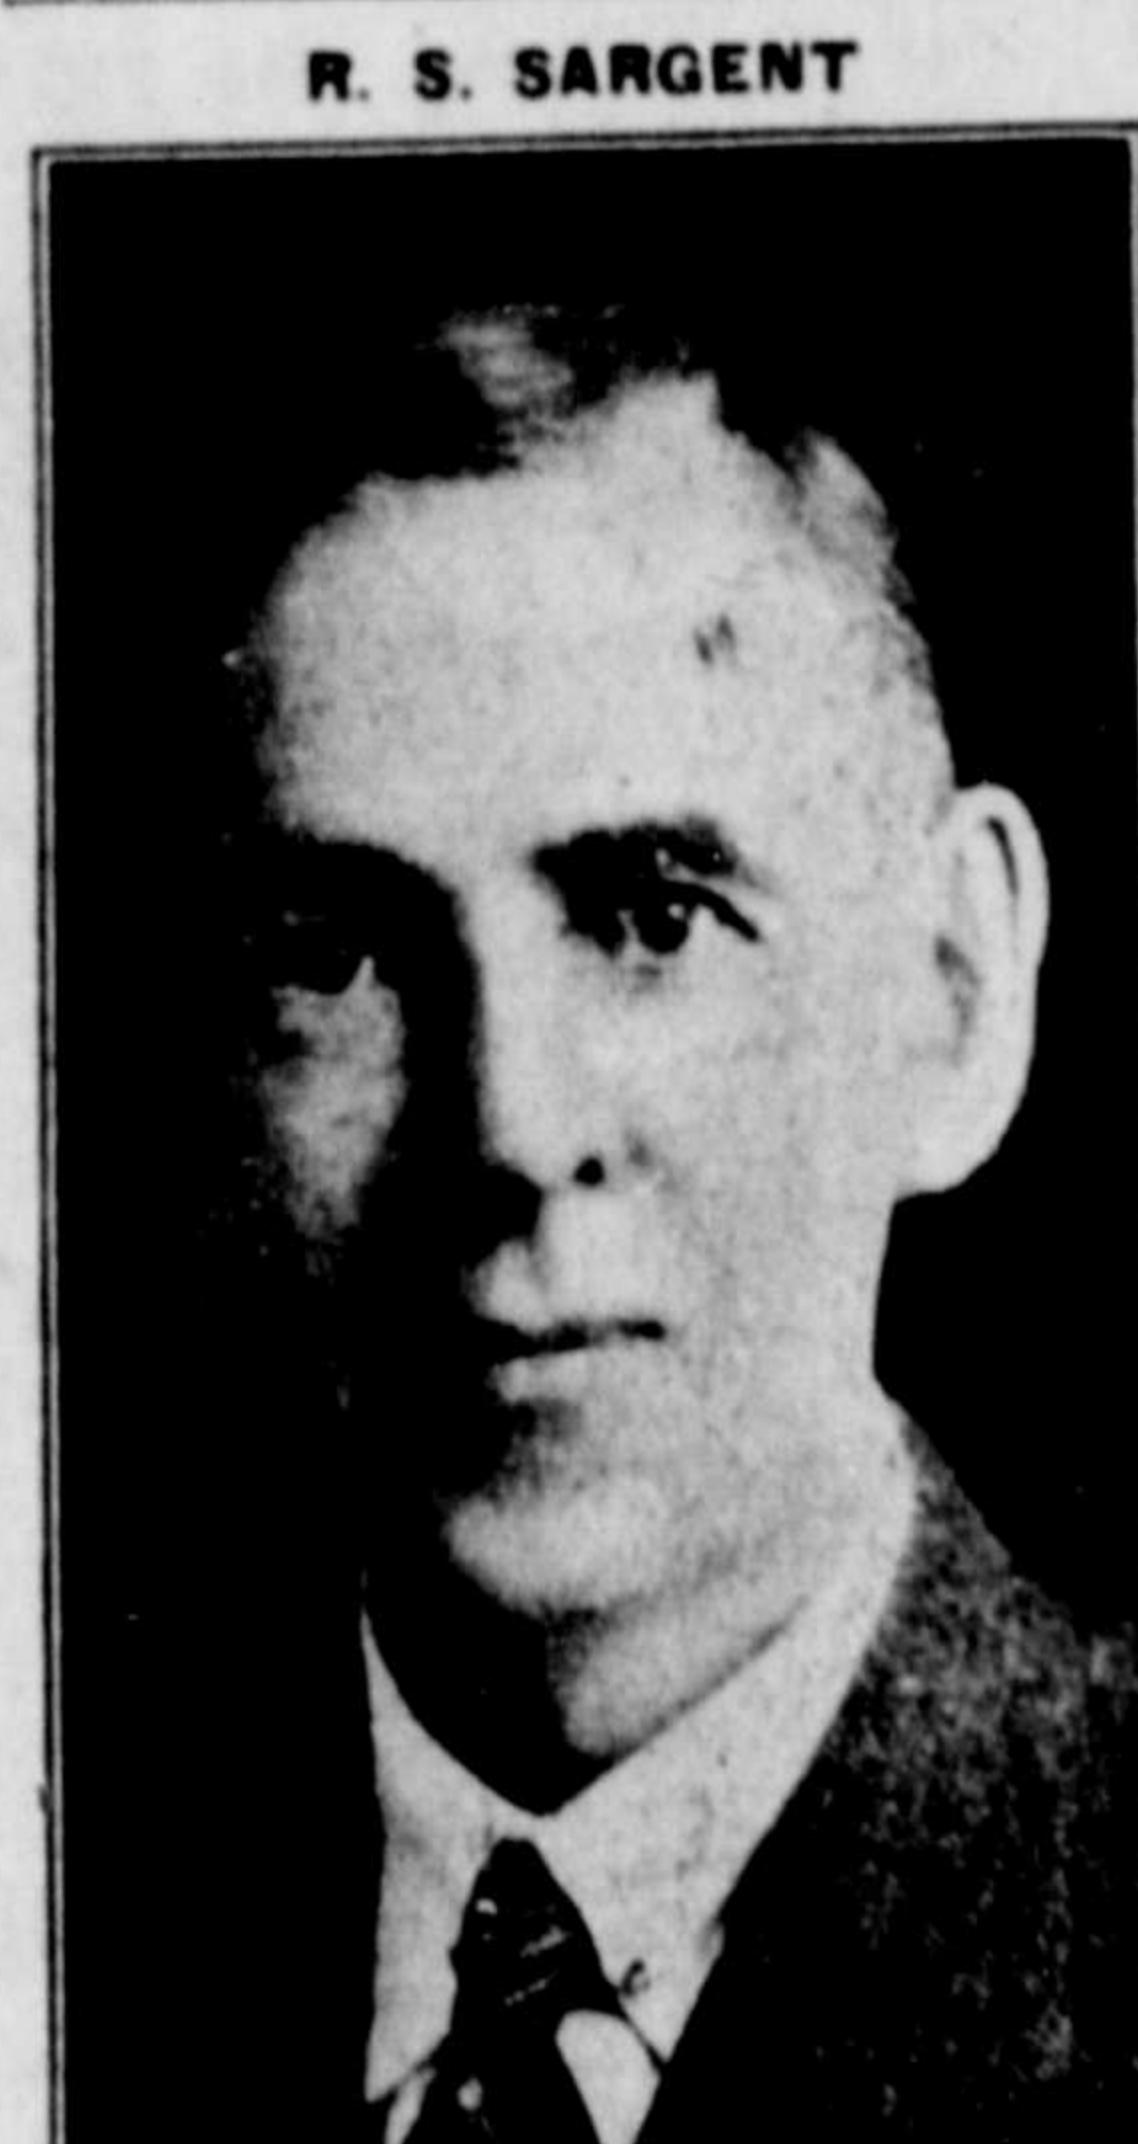

TLELM, May 12.—Hon. T. D. Pattullo, minister of lands, held a well attended and enthusiastic meeting at Massett on Friday evening last. The minister also addressed a meeting in the theatre at Buckley Bay on Saturday night. The theatre was crowded to the doors and the speaker was given a splendid hearing and made excellent addresses at both places. Mr. Pattullo arrived at Tlell last night and will hold meetings today at Skidegate, Law Hill and Queen Charlotte City.

### SCOTTISH SHIP OWNER WAS VISITOR TO CITY

William Robertson Was Formerly Owner of Local Steamer, Prince John

William Robertson, senior partner in the firm of William Robertson & Co., Ltd., Glasgow, owners of the Gem Line of coastal steamships, who is making a tour of the Pacific coast in company with his wife, left for the south on the steamer Prince George last night. The steamer Prince John, formerly the Amethyst, was sold by the Gem line to the Grand Trunk Pacific Railways. Mr. and Mrs. Robertson arrived here by train from the East.

H. F. Pullen, editor of the Daily News, sailed last night for Victoria. He will spend a fortnight visiting with his family.

### GENERAL MANAGER OF LOS ANGELES LUMBER PRODUCTS AT ISLANDS

S. M. Bump, general manager of the Los Angeles Lumber Products Co., and J. K. Gregory, another official of that company, arrived in the city from Los Angeles on Saturday afternoon and proceeded by the launch Pachena to Buckley Bay where an inspection will be made by them of the Massett Timber Co.'s mill, operations of which are controlled by the Los Angeles Company.

#### VANCOUVER FINDS LEPROSY SUSPECT

VANCOUVER, May 12.—The first case of suspected leprosy in many years has fallen into the hands of the police and is being held at the infectious hospital. The man, who gives his name as Mac Jay, states that he has been milking cows on a farm at Sea Island, Fraser River.

#### To Board Cutter

DUTCH HARBOR, May 12.—The coastguard cutter Algonquin, which has been conducting a search for the missing aviators in the vicinity of Chignik ever since they were lost, will leave immediately for Port Moller.

FALSE PASS, Alaska, May 12.—Major Martin intends to leave Port Moller tomorrow with Sergeant Harvey for the United States aboard the cannery tender Catherine D. of Bellingham.

It is stated that there was also

near Port Moller an hour and a half after leaving Chignik and as fog when Major Martin

was completely wrecked. Neither crashed.

#### (Canadian National Telegraphs)

**PORT MOLLER, Alaska, May 12.**—"We crashed against a mountain in a fog on April 30 at 12:30 noon. Neither Sergeant Harvey or myself were hurt but our ship is a total wreck. Our existence today is due to concentrated food and nerve. We arrived at a trapper's cabin on the most southerly point of Port Moller Bay on May 7 in an exhausted condition. We found food and rested for three days and then walked the beach to here. We are awaiting instructions." Such is the statement of Major Frederick L.

Martin, commander of the United States round-the-world flying

squadron, who arrived safely here

at the end of the week with his mechanic, Staff Sergeant Alva L.

Harvey. It was the first word

that was received from Major

Martin since he hopped off from Chignik for Dutch Harbor on April 30, subsequently being lost for ten days in the Alaskan wilderness.

#### To Board Cutter

### Famous Mining Figure at Grand Forks Shoots and Kills; States his Action was in Self-Defence

GRAND FORKS, May 12.—R. A. Brown, famous in mining circles as "Volcanic" Brown, is in custody and William Brown, rancher, is dead as the result of a shooting affair in the former's cabin. Self-defence is given as a reason for the shooting.

According to the story told the police, William Brown, who came here from the United States two years ago, was cruel to his step-children, one of whom sought shelter in the cabin of R. A. Brown. William Brown, in a drunken rage, broke into the building and clubbed R. A. Brown and then began to smash up the furniture. The latter later got a rifle and, when the intruder ignored the order to desist, the fatal shot was fired.

R. A. Brown, who is nearing his eightieth year, is one of the real characters of the west. He became famous many years ago when he refused a fabulous offer for his volcanic mine north of here. He was the original locator of the Copper Mountain mine near Princeton now owned by the Granby Co.

VICTORIA, May 12.—Lieut. Doisy

left Bangkok, Siam, at 7:15

Sunday morning for Saigon,

Cochin China, on another lap of

Fox, prominent Victoria merchant

dropped dead shortly af-

ter leaving the blazing library

building Saturday night. His

death was probably a result of

shock.

#### BIRTH

A daughter was born to Mr.

and Mrs. Horace Hale, Eleventh

Avenue East, at the General

Hospital this morning.

### Western End of Telegraph Lines Being Combined in Interests of Economy; Several Offices Close

In accordance with the recommendation of J. T. Phelan, superintendent of Dominion Government Telegraphs with headquarters in Vancouver, arrangements have been approved by the department at Ottawa for the transfer of Dominion Government telegraph lines between Port Edward and Skeena Crossing to the Canadian National telegraph lines in the interests of economy and efficiency. The combination of lines will mean that, instead of showing a deficit on this stretch of the service as in the past, a cash profit will be shown. In the early days of the railroad the government was a pioneer line and was operated purely on a pioneer basis and cabins were installed for the purpose of line maintenance. In the early days there were no Canadian telegraph lines from these cabins which operated on the railway line of construction when the wires were much in use. They have been retained since as maintenance cabins. Now that the Canadian National telegraph lines parallel those of the Dominion Government telegraphs the transfer has been made from an economic and efficient standpoint. The transfer of Government wires to the Canadian National poles will mean that the Dominion Government telegraphs will pay a yearly rental for the maintenance of the line between Port Edward and Skeena Crossing.

#### Stations Closed

The transfer of wires will cause the closing down of stations on June 30 at the following points: Telegraph Point, Hole-in-the-Wall, Graveyard Point, Usk, Doreen, Kitwanga and New Hazelton.

Three Government offices will be retained between here and Hazelton, namely:

Port Edward, a maintenance cabin; Haysport, which connects with all the Skeena river canneries; and Terrace, by which connection is made with the Port

land Canal line to Stewart, including the centres of Rosswood, Aiyansh, Anyox, Maple Bay and Stewart.

#### Telephone Service

The long distance telephone branch of the Dominion Government telegraph service is increasing by leaps and bounds. In the last month twelve telephones have been installed at busy outlying points, including Sunny-side, Tucks Inlet logging camp, Hazelton, Forestry protection branches at Hazelton, Smithers, Terrace, and Burns Lake; Kitsumgalum Timber Co., eight miles north of Terrace; Canada Products Ltd., one mile east of Usk; Hayes' Ranch, 10 miles south of Houston; Hanson logging camp at Cedarvale; Granby Co., Larecom Island, Anyox; and the Duthie mines at Smithers. It is to be the future policy of the Dominion Government telegraphs to extend the long distance telephone service wherever business warrants it.

### ASSIZES TO OPEN HERE ON JUNE 10

The Supreme Court Assizes in Prince Rupert will open on June 10 according to announcement from Victoria. The Prince George assizes will open on June 17. Both criminal and civil cases will be heard. The most important case here will be that of embezzlement against the late Buckley Bay storekeeper. There will also be a rape case from Smithers.

#### CARGO SHIP ASHORE

DEAL, England, May 12.—A big unidentified cargo steamer is ashore high and dry on Goodwin Sands.

### Only One Man Injured in Conflagration Which Swept Dyke on Sunday

VANCOUVER, May 12.—Two salmon canneries, a collection of about thirty-five shacks and messhouses, five residences, an office building, a large combination warehouse, wharves, eight gas boats and much other material were utterly destroyed late on Sunday afternoon in a disastrous fire that swept along the eastern portion of No. 2 dyke, Steveston.

Only one person was injured—a Japanese who had his face and hands burned.

A preliminary estimate places the damage at \$300,000. Smouldering fires are still proving dangerous.

The plants burned were the Richards cannery owned by J. H. Todd & Sons and the Red Cannery owned by the B.C. Packers.

### BORDEN GETS IRISH OFFER

#### Declines to Comment on Rumored Appointment to Boundary Settlement Commission

TORONTO, May 12.—Sir Robert Borden, who is visiting here, asked for confirmation of a London report that he had been requested by the British government to act as chairman of the Irish boundary commission under the Anglo-Irish treaty, refused to comment on the matter. The story said that Sir Robert had given the government his conditional acceptance.

### RECORD TIME MADE BY CANADIAN NATIONAL IN MOVING TRAIN OF FISH

A record for loading and handling of fish was established by the Canadian National railways recently when thirteen cars of fish were unloaded off trawlers at Prince Rupert at 7:25 p.m., April 23, and arrived in Winnipeg at 9 a.m. April 26. The fish was consigned to Winnipeg, Duluth and Chicago, the time occupied in the run from Prince Rupert to Duluth being 86 hours and from the seaboard to Chicago 104 hours and five minutes. This time is 24 hours ahead of the fastest time ever made previously, according to Canadian National express officials.

### Election Campaign Now On In Earnest.

With the election date now set, British Columbia will be seething with political activity for the next six weeks or so. Many people—particularly those who will be actively engaged in connection with the campaign—are pleased that it will be a short and snappy one, soon to be over. Elections cause a good deal of excitement and are generally interesting but they have a tendency to disorganize and interrupt business—especially that of the government. Therefore it is well that too much time should not be wasted in connection with them.

Prince Rupert, which is the centre point for at least four of the northern constituencies, will undoubtedly be one of the hottest campaign grounds in the province. The various parties which have been breaking ground for several weeks will speed up their activities and complete their organization within the next few days and the battle will be on in earnest.

While every man is entitled to his views and the right to express them, the ideal election campaign is that in which personalities are avoided as far as possible. Perhaps more desirable is the capability of the differing factions and parties to set aside their differences and forget them as soon as the fight is over and get down to the business of working together for the good of all.

It is to be hoped that the campaign in Prince Rupert and its surrounding district is to be a clean one and that as little unpleasantness as possible will be developed. There have been many campaigns in the past which have done the place little good but of recent years they have been conducted along better lines and it is desirable that such a condition should prevail in connection with the forthcoming contest.

### Elevator More Likely Than Generally Thought.

"Did you hear the latest joke? Another elevator is to be started in Prince Rupert," was the question that was lightly put to a Daily News representative at the end of the week. In such a vein it seems that many people here are treating the negotiations that are now under way towards establishing this port as a grain shipping centre. A number of Prince Rupert people, who have been clamoring that an elevator be started, now take an attitude of ridicule when it is mentioned that this end may be realized before long. It is not such a spirit that gets things. Because we have been disappointed in the past is no reason to anticipate disappointments forever. As far as the much wanted elevator is concerned, there is reason to believe that the port is to get one within a very short time and it is by no means ridiculous to predict that there may be more than one at no far date in the future. Once it is practically proven that grain shipping through Prince Rupert may be carried on profitably, the volume of the business will undoubtedly increase.

### Prince Rupert Glad That Martin Is Safe.

No place in North America today will receive the news of the safety of Major Martin, commander of the U.S. world flight, and his mechanic, Sergeant Harvey, with a greater thrill of relief than Prince Rupert. Having become personally acquainted with Major Martin, many Prince Rupert people were keenly anxious as to his fate. Having been without news thereof for nearly two weeks, the general hope was that the aviators would be safely found. This hope was beginning to wane. As to the condition of the machine and the possibility of Major Martin being able to carry on, that was a secondary consideration. Very happy are local people now that the flyers are safe after their trying experience, the rigors of which may not be fully realized.

The fact that the attempt being made coincidentally by British and American flying men has taken on somewhat the aspect of a race is little heeded when it comes to a matter of the personal safety of any of the aviators so embarked. While naturally, we would like to see our own men win out, our main desire is that both may be successful in the attempt and will return home none the worse for their great adventure.

## Company is Being Formed in England to Finance Elevator to be Erected at this Port

Good progress is being made by C. A. Copping of London, England, towards the establishment of a company to erect an elevator and flour mill in Prince Rupert and ship grain this way according to a letter received by the Board of Trade from Mr. Copping. The company is to be known as the Prince Rupert Grain and Elevator Co. Ltd., and it will be capitalized at £350,000 or something like a million and a half dollars.

Mr. Copping's letter to the Board of Trade is as follows:

"I confirm cables exchanged last week regarding the elevator proposition."

"Financial arrangements are now getting well under way and I shall therefore be glad if you will once obtain and send me by return mail an option from the Canadian National Railways—valid for three months—on the three sites marked on the map you sent me with your letter of February 18.

### Forming Strong Company

"The option is to be in the joint names of Charles Albert Copping, Charles Frederick S. Slight and Thomas Parker Stanbank, all of Sentinel House, Southampton Row, London, E.C. A strong company is being formed (provisional title 'Prince Rupert Grain & Elevator Co. Ltd.') with a capital of £350,000 to which company the option will be transferred as soon as finances are complete.

"The company will act as grain merchants as well as elevator operators and by bringing its own grain through the elevator will lead others to do the same; furthermore it will have a double avenue of profit.

### Raising Money

"Seeing that it is a matter of public benefit to the town, we do not propose to give the canvassing of local subscriptions to one firm but think it better the eight firms mentioned in your letter should act jointly for that purpose. Therefore when the necessary prospectus is complete we propose sending copies to you to pass on to the firms in question. If they prefer, they may appoint one firm to conduct the correspondence with us.

"Please put the position before them and, if they choose the latter course ask them to communicate with me giving an idea of the amount of shares they would like.

"Shares will be £1 each—part eight per cent cumulative preferred and part ordinary stock.

### Profits Expected

"Our preliminary estimates show a profit of £13,000 as merchants plus £58,800 as elevator operators—a total of £101,800. From this must be deducted about £10,000 for London administration expenses.

"We are also reckoning on building a flour mill and may do so co-incidentally or after the elevator.

"As soon as everything is ready I shall come to Prince Rupert to definitely fix the site etc.

### C. A. COPPING."

#### Board's Reply

The following reply was sent by President J. S. McLeod.

"The Secretary has given me your letter of April 7, which arrived today and in reply I would like to say that the Board of Trade wish to give you all the assistance possible but they cannot very well ask the Railway Company to give an option on any of their property. We wish to do all that we can to have an elevator erected and the business of the Board is chiefly to bring the parties together and show them the advantages this port possesses. When it comes to a matter of the Railway Company committing themselves to a sale or option, the transaction would have to be made direct.

"I would suggest that you get in immediate touch with A. E. Warren, General Manager of western lines at Winnipeg, at the same time letting him have financial references so that you can obtain immediate action.

#### Regarding Finances

"In regard to disposing of some of the shares locally, I think the brokers would have some difficulty in doing this. The people here would be willing to subscribe financial assistance to a reliable concern for the necessary promotion expenses but the brokers I have spoken to feel that they would not want to sell stock in an elevator company unless it was controlled by local people.

"I will bring your letter before the next meeting and in the

meantime I am pleased to hear that your proposed company intends operating on a larger scale than at first anticipated and trust you will have every success in interesting capital in England to see the possibilities of this place.

## BRINGING UP FATHER

## DROVE THROUGH FINE DISTRICT

**Grand Master of Masons and Local Members Were Given Good Reception at Smithers**

The party of local Masons who accompanied Charles E. Tisdall of Vancouver, Grand Master for British Columbia, on his trip to Smithers returned to the city on yesterday afternoon's train. The visitors were received very hospitably by their brethren in the interior and they were taken for a seventy-mile drive through the Bulkley Valley visiting such points as Telkwa and Round Lake. It was the first time that many of them had been afforded the opportunity of seeing the district at such close range, and they were agreeably surprised to note the progress that had been made along agricultural lines. Seeding is just commencing and a good deal of new land is being put under cultivation for the first time. The weather was beautiful and the roads were in good condition.

The visit of the Grand Master to Smithers was accompanied with the usual ceremonies. Mr. Tisdall went on to Prince George and will proceed to Vancouver via the Fraser River and the Pacific Great Eastern Railway.

## BURNS LAKE

Flight Lieutenant Earl MacLeod of Vancouver inspected Burns and Francois Lakes recently as possible landing places for the British round-the-world flight. He was pleased with the possibilities at both points though there is not much likelihood of Francois Lake being used for it is off the course. A dance was given here in honor of Lieutenant MacLeod.

William Call of Forestdale has been arrested on a charge of having stolen goods in his possession.

Mr. and Mrs. Ray Slanyer have left for Fraser Lake where they will reside for a time.

Mr. and Mrs. George McKenzie left last week for Seattle enroute to Los Angeles.

Frank L. Carroll has been appointed assistant forest ranger with headquarters at Topley. P. Kerr of Wistaria is filling a similar position in Burns Lake district.

S. N. Long has left for Vancouver where he will visit for a time.

There was a baseball game here yesterday between Francois Lake and Burns Lake.

A meeting was held here on Saturday evening in the interests of the Provincial Party. The speakers were John Connell of

Victoria and J. F. Tener of Vernon.

P. L. Beckstead, who left here some time ago, is reported to be doing well in the garage business at Revelstoke.

The village commissioners have decided to purchase a 70 gallon chemical fire engine for the town. Eber Twaddell has been appointed pound-keeper.

## NEW HAZELTON

The following delegates were appointed to represent Hazelton district at the Methodist Conference which will open in Vancouver this week: Mrs. N. Kilpatrick, Smithers; Mrs. Phillips, Telkwa; John Newick, Hazelton; Mrs. H. A. Harris, Hazelton Hospital; Mrs. Lees, Smithers; Rev. M. W. Lees of Smithers, Rev. W. G. Mawhinney of Telkwa, Rev. J. H. Young of Terrace, and Rev. Victor Sansum of Hazelton are also attending the conference.

Robert Tomlinson, who has been in charge of missionary work in the Kispiox valley for many years, has decided to relinquish his duties.

R. S. Sargent, Conservative nominee for the forthcoming provincial election in Skeena riding, presided over the Provincial Party meeting here last week.

The Hazelton Horticultural Society has elected officers as follows: President, Dr. H. G. Wrinch; vice-president, Mrs. R. S. Sargent; secretary, H. H. Little; executive committee, the officers and Ed. Hyde and Mrs. Galloway.

Repairs have been made to the high level bridge and it is again ready for traffic.

Dr. H. G. Wrinch occupied the pulpit in New Hazelton Methodist Church yesterday in the absence of Rev. Victor Sansum.

Leonard Wrinch has returned from Edmonton to spend the summer visiting with his father, Dr. H. G. Wrinch. He has completed his third year in medicine at the University of Alberta.

The ferry across the Skeena River is again in the water and is giving good service.

Antonio Sartori made the auto trip to Smithers and return last week. It is the earliest trip for a season on record.

Roy McDonnell returned at the end of the week from the prairies where he left his little son, Jack, with relatives.

Hospital Day is being fully observed today in this district. Rev. T. D. Proctor preached appropriate sermons in St. Peter's Church yesterday, there was a reception and baby show at the Hospital this afternoon and to-night nurses' graduation exercises will take place. Among the

speakers will be R. S. Sargent, S. H. Hoskins of Smithers and Rev. T. D. Proctor. There will also be a musical program.

## SMITHERS

The following Bulkley Valley farmers have entered the Dominion government's clover growing district competition: F. W. Foss, C. Chapman, E. Morin, F. Gilchrist, Charles Newitt, J. Preece, J. C. K. Sealy, O. Eckman, K. Letchford, George Murray, E. C. Barger, Joe Bourgon, A. J. Bossons, R. M. McGregor, H. Wearne and J. Warren.

News of the death at Primate, Saskatchewan, of Joe Sheady, a well-known pioneer prospector, has been received. He was part owner of the Reco-Aspen mine, and his brother, Micheal Sheady, now acquires the interest.

The Glentanna Liberal Association has elected officers as follows: President, J. Griffin; secretary, Mrs. K. E. Chapman; executive, R. Ashburner, J. McCabe, W. Wilson, C. Chapman, Walter Fea and J. Malkow. Charles Chapman was elected delegate to attend the nominating convention at Hazelton on Thursday of this week.

A. T. Harrer has returned from Pennsylvania and announces that machinery is on the way for a sawmill he is to establish west of town where the old Hudson Bay mountain road crosses the railway tracks.

T. A. McMurtie has just completed erection of a building on Third Avenue which will be occupied by Mr. and Mrs. Clarence Goodacre.

The official board of the Smithers Union church for 1924 has been elected as follows: treasurer, W. Mitchell; secretary, Norman Kilpatrick; board, D. G. Sangster, S. Bennett, Geo. Smith and L. S. McGill.

The Smithers Catholic Club opened its rooms at a successful card party held last week. First prize winners were Mrs. W. F. Boyer, L. Anger, Mrs. James Fea and S. Mayer. Consolation awards went to Mrs. S. Bennett, H. Gunderson, Mrs. W. Goheen and H. Senkhill. Solos were given by Mrs. L. B. Warner and H. Matthews.

The engagement is announced in Victoria of Miss Frances Buss, daughter of Mrs. Buss of Saanichton, to Major R. L. Gale of Smithers.

Mrs. D. F. Batt has left for southern cities on a three month holiday trip.

J. G. Stephens is in Winnipeg attending a conference of the chairmen of the various locals of the order of railway telegraphers. An effort is being made to have the Smithers and Kamloops divisions combined as a promotion district.

W. Somerton has left for Cleveland, Ohio, where he will attend the triennial convention of the order of railway telegraphers as delegate from Northern B.C.

J. P. Enemark, who has been in the mercantile business here for the past fourteen years, left last week with his family for Seattle. If developments in the district warrant, he may decide to return.

The following farmers of this district are entered in the federal government's clover growing competition: Robert Blackburn, E. W. Rich, Reginald Holmes, S. C. Neilson, Andy Miller, A. M. Campbell, George E. Boothroyd, Hugh Blackburn and William Lockyer.

## Daily News Classified Ads.

2 CENTS PER WORD IN ADVANCE. No Advertisement Taken for Less than 50¢.

### WANTED

FOR SALE.—Five roomed house on Second Avenue. Building on Government wharf used as a news stand. Nine 10-acre lots, one 1-acre lot at Terrace, Prince George, lots 10 and 11, block 114; lots 10 and 11, block 116; lots 28 and 29, block 117; lot 6, block 154. Apply A. G. Little, Second Avenue.

"Enemies of Women."  
Fun from the press.

### WONDERFUL SCENES IN THE ETERNAL FLAME

Norma Talmadge Has Role of Daring Coquette in Picture Here Tonight

With Norma Talmadge in a dramatic role of great intensity, a production of "The Eternal Flame," which will be the first attraction at the local theatre tonight takes on the importance of a hitherto unparalleled spectacle under the direction of Frank Lloyd, who has a number of previous superproductions to his credit.

The massive and artistic ballroom, which is just one of the many pretentious sets of the film, far superior in detail to any similar set, according to motion picture experts.

In addition to this tremendous scene in which eight hundred actors and actresses appear, there are other wonderful sets, a French street, a replica of a brougham in Paris during the reign of Louis XVIII., is eliciting gasps from critics everywhere, and also those representing some of the Duchesse de Lannion, the Convent, interior and exterior and the Inn of the Silver Swan, each perfect in detail.

The story is adapted from George Balzac's "La Duchesse de Lannion," with Norma Talmadge in the role of a daring coquette who becomes the sumptuously loving woman and leaves her heart's desire only after trampling on her pride and shattering her vanity. The terrible General de Montreuil, believed that the Duchesse de Lannion was secretly laughing at his professed love for her, is splendidly played by Conway Tearle.

### E THIRD ALARM IS A DRAMATIC PICTURE

To do With Firefighters and Their Dangers and Is Thrilling in Extreme

Conceived and created by Emory Johnson, who was responsible for the great police melodrama "The Name of the Law," "The Third Alarm" strikes a vital note in American life of today. It reveals for once and in vivid drama sequences, just what the magnificence and lavishness may mean—the everyday, hard-working, devoted servant who

The action of the story takes

Norma Talmadge and Conway Tearle in "The Eternal Flame"

At the Westholme Tonight and Tomorrow.

place in Russia, Paris, the war front, and in Monte Carlo. Barrymore gives one of the finest characterizations of his illustrious acting career, it is said, as Prince Lubimoff, a selfish Russian noble. Alma Rubens is seen as the Duchess de Lannion, a beautiful exotic, who lives only for men.

### The Man in the Moon Says:

SAYS:

THE key to a man's heart is the oven door and the key to a woman's is often just a bunch of flowers.

MANY young people would like to get married but they hate to live on one salary when formerly two was not enough to keep them.

THIS holding hands among young people is simply a practice to find out who shall have the upper hand later.

HUSBANDS usually want the upper hand but the wife is the one who has it.

GOOD men usually blame the women. Bad men know better.

A REASONABLE woman is not really a woman.

THE difficulty with men who always tell the truth is that they expect women to do the same and are therefore disappointed.

MUTUAL ADVANTAGE

It is Mr. Little's opinion that if Fiji became a part of the Dominion of Canada it would be to the mutual advantages of both. Fiji would soon enjoy as prosperous conditions as Hawaii has since the United States took control.

Canada would also be benefitted as she would be able to obtain her sugar, tea, coffee, rubber, jute, hardwoods and other tropical and sub-tropical products which she now pays heavy duties on from foreign countries.

Mr. Little says he found a strong tendency among the residents of Fiji towards closer relations with the Dominion.

### Need Tropical Child

"Australia has now put an import tax on Fiji bananas. New Zealand is also favoring her possessions in the Samoan Islands and the Fijis are left in crying need of a parent. On the other hand, I believe Canada is badly in need of a tropical child.

I have lived from East to West, from our south borders to wintering within the Arctic Circle in Canada and I know that there are a great many Canadians that grow tired of a cold climate. If we had the Fijis surely they would attract a number of our people that go to California and other warm climates to live," concluded Mr. Little.

PAYING the tailor is not my long suit.

YOU can respect a man that collects antiques, but the man who marries one does not deserve well of his neighbors.

IT'S a wise husband who tells his wife everything that she is likely to find out.

YOU have probably heard of the husband who never received his wife. He lived . . . Let's see, he lived . . . Did he live, I wonder?

LOVE is like buttered toast. Unless it is warmed over occasionally it loses its flavor.

LAUGH and the world laughs with you;

Sing and it stands agast;

Whisper and there will come to you,

Tales from the shadowy past.

TALK and the world will listen;

Listen and the world will talk.

There are always plenty to tell you

The direction in which to walk,

SPOON and the girl spoons with you

Frown and you sit alone;

But your spooning keep within reason,

Else the future will have to atone.

AN optimist is a person who expects a woman to say what she means.

A PLACE where they cut ladies' hair is known as a bob shop.

ONCE on a time  
I met a dream  
As fair a one as,

It would seem,  
Could be abroad.  
I loved that dream

And clasp it tight  
And held it late  
Into the night;

But in the morn  
When I awakened  
It was gone.

Two trains came in on Saturday evening behind the engine which brought in the regular G.N.R. passenger train from the East. One of the trains was that which was held up near Doughty where a tunnel caved in last Thursday morning.

### GEORGE LITTLE URGES DOMINION OF CANADA ANNEX FIJI ISLANDS

Terrace Resident Gives Interview in Vancouver in Regard to Proposal

That the Fiji Islands should be in the same relationship to Canada as Hawaii is to the United States is the opinion of Mr. George Little of Terrace, B.C., a pioneer lumberman of the North, who has recently returned from a two months' visit in the South Seas, says the Vancouver Province.

Fiji's trade in the past has been principally with Australia and New Zealand. After the war these Dominions received control of the South Sea territories that had belonged to Germany, and they now receive most of their tropical and sub-tropical commodities from these parts. The result has been a disruption of Fijian trade.

Fiji is now looking towards Canada for her markets and her trade commissioner is now on his way to this country to establish better trade relationships. He will endeavor to interest the Canadian Government Merchant Marine to establish a regular service between Vancouver and the islands, and Mr. Little states that he was informed by members of the government that they would be willing to subsidize the company if necessary.

### Mutual Advantage

It is Mr. Little's opinion that if Fiji became a part of the Dominion of Canada it would be to the mutual advantages of both. Fiji would soon enjoy as prosperous conditions as Hawaii has since the United States took control. Canada would also be benefitted as she would be able to obtain her sugar, tea, coffee, rubber, jute, hardwoods and other tropical and sub-tropical products which she now pays heavy duties on from foreign countries.

Mr. Little says he found a strong tendency among the residents of Fiji towards closer relations with the Dominion.

### Need Tropical Child

"Australia has now put an import tax on Fiji bananas. New Zealand is also favoring her possessions in the Samoan Islands and the Fijis are left in crying need of a parent. On the other hand, I believe Canada is badly in need of a tropical child.

I have lived from East to West, from our south borders to wintering within the Arctic Circle in Canada and I know that there are a great many Canadians that grow tired of a cold climate. If we had the Fijis surely they would attract a number of our people that go to California and other warm climates to live," concluded Mr. Little.

### Ten Years Ago in Prince Rupert

May 12, 1914.

William Manson, M.P.P., and Deputy Minister of Public Works Griffiths are back from a flying visit to Hazelton. The request is being made that the high level bridge there be taken over by the government and that a road be built to connect it with the original government road.

The city council last night passed a bylaw providing for the payment of scavenging service from general levy. Ald. D. H. Morrison alone opposed the bylaw.

The light area for frame buildings is to be reduced from fifteen to ten per cent, the city council has decided.

It is unofficially reported that the Prince Rupert Hydro Electric Co., whose offer to supply the city with electricity at the city limits was turned down by the electors in January, has received permission from the provincial government to come into the city and distribute power to private consumers.

Capt. E. McGoskie has received word that Dominion natural resources royal commission will visit Prince Rupert some time in August. The primary object will be to inspect the harbor. The members of the commission are: Sir Edgar Vincent, Sir Rider Haggard, Tom Tatlow, William Lorimer, Joseph Tatlow, Sir Alfred Bateman, D. Campbell, Hon. John R. Sinclair, Sir J. W. S. Lapgerman, Hon. Edgar Bowring and Hon. George E. Foster.

# INTO THE ATTIC

**Few youngsters today ever saw a horse-hair sofa. They wouldn't know what to do with a fire taper, carpet stretcher, or coal oil lamp. They couldn't braid rags into a rug, or wind yarn without tangling. But they know the how and why of typewriters, phonographs, telephones, automobiles; what happens when a push of the button gives light, or a kodak's flash fixes their image on paper.**

**Their education is as modern as the advertisements they see. They have no more use for the lamp and chimney of yesterday than you for the wick and tallow of the day before.**

**Advertisements induce such progress. They urge wide use that means improvement. They help you lift the out-of-date into the attic—rid you of the water buckets and soap kettles of slavdom. They bring late improvements within your reach.**

**Read the advertisements regularly. Keep alert to the new.**

**Without advertising, you would never know a product's worth until you had bought it.**

### Sport Chat

PRESENTATION of the prizes won in the recent individual city billiard championship competition will likely take place in connection with the opening of the new G.W.V.A. billiard hall on Friday evening of this week. In addition a good program of entertainment is being offered and a large attendance is anticipated. Three of the billiard prizes are to be awarded to George McHale—namely the cup for the winner, the one for the player making the highest break and the prize for the highest average per innings. Sergeant Jensen, the runner-up, will be presented with a gold medal.

The playground committee of the Gyro Club has its plans all ready for the final confirmation of the club and erection of the equipment at the corner of McBride Street and Sixth Avenue will commence in a very short time. Estimates have finally been struck and the placing of the order for the paraphernalia will be the next step. Within six weeks it is anticipated that the children of the city will be enjoying the use of the facilities provided for them by the Gyros. The initial cost, it is expected, will be in the neighborhood of \$1500.

NOTICE.

Navigable Waters Protection Act, R.S.C. Chapter 115.

The Minister of Public Works, Government of the Province of British Columbia, by virtue of the powers given to him by Section 7 of the above Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar at Prince Rupert, B.C., a description of the site and plans, a highway bridge, proposed to be built over the Skeena River at Terrace, B.C.

And Take Notice that after the expiration of one month from the date of the publication of this notice, the Minister of Public Works, Province of British Columbia, will, under Section 7 of the said Act apply to the Minister of Public Works at his office in the City of Ottawa, for removal of the said site and plans and for leave to construct the said highway bridge.

Dated this 25th day of April, 1924.

W. H. SUTHERLAND,  
Minister of Public Works,  
Province of British Columbia

## ROSS BROTHERS BRANCH OUT

Owners of 67 Taxi Service Open  
Cigar Store and Poolroom at  
New Headquarters

Justified by their success in the past years and by the confidence of the public, Ross Brothers are showing their faith in the development and progress of the city as well as in the growth of their own business by opening up their own headquarters. They have taken over the old Pastime Cigar Store, just across Third Avenue from the Empress Hotel and will operate the cigar store and poolroom in addition to their taxi business.

They are grateful for the increasing business given them by the public and invite their friends to visit their new headquarters, or when requiring reliable taxi service, to phone 67, at your service, day and night. 114 Advt.

### FISH ARRIVALS

Fifteen Boats Sold Catches To-talling 160,800 Lbs. This Morning

Nine American and six Canadian schooners marketed a total of 160,800 lbs. of halibut at the Fish Exchange this morning. Of this total the Americans landed 127,500 lbs. and the Canadians 33,300 lbs. Prices were approximately one cent higher for first class catches than prevailed on Saturday. The arrivals were:
