BRITISH FLYER RETURNS TO KASUMIGAURA

REDISTRIBUTION COMMITTEE'S REPORT IS TABLED IN HOUSE OF COMMONS

New Division of Seats in Parliament Will be Decided at Ottawa Now

OTTAWA, July 12.—The report of the redistribution committee was tabled today in the House of Commons. It gives the number of members in the House as 245 with the unit of representation, 36,283. Manitoba is to have 17 instead of 15 seats; Saskatchewan, 21 instead of 16; Alberta, 16 instead of 12, and British Columbia, 14 instead of 13.

The extra seat in British Columbia will be North Vancouver. There will be two other Vancouver seats as at present, Vancouver Centre and Vancouver South.

LEWIS WINNER OVER ITALIAN

Retains Championship by Beating Mechele Romano With Two Straight Falls

CHICAGO, July 12.—Strangler Lewis defeated Machele Romano, the Italian challenger for the world's heavyweight championship, with two straight falls. Lewis scored the first fall in two hours and fifteen minutes and the second in four minutes. Both wrestlers had to be dragged to their corners after the first fall. The match was witnessed by the greatest crowd since Gotch wrestled with Hackenschmidt in 1910.

CANADA WON TEST MATCH

Defeated Representative Australian Team by 4 to 1 Today

ADELAIDE, South Australia, July 12.—Before 10,000 spectators, the Canadian all star footballers defeated a representative Australian eleven by a score of 4 to 1 in the fifth test match of their tour. Each country has won two of the test matches and one has been drawn.

The Canadian record for the tour stands at ten games won, five lost and six drawn, including the test matches.

ABSENTEE VOTE COUNT MONDAY

Expected Perry Will Win Prince George and Mrs. Smith, Vancouver

(Special to Daily News)
VICTORIA, July 12.—After the closest possible investigation, it is expected that government seats will have been won by H. G. Perry of Prince George and Mary Ellen Smith of Vancouver when the count of the absentee vote has been completed on Monday. There is also a possibility that Col. Foster, the Conservative, may be the winner over Reeve Walkem in Point Grey. The freight rates case and other important business is at a standstill pending the outcome of the absentee vote count.

FAR NORTH BOOZELESS

No Action on International Treaty is Expected this Year

(Special to Daily News)
VICTORIA, July 12.—The failure of Canada and United States to ratify the new international liquor treaty at the present session of parliament and the recent session of the United States Congress will mean that Atlin and Yukon will have no legal liquor this year. This is the view of the government as action by the United States is improbable before next session of congress. The people of the Far North will have to go thirsty or drink home brew.

Jericho Beach Hydroplane Here From South, Flight Hindered by Fires and Clouds Along Coast

Flying at a low altitude owing to rain and consequent poor visibility, Flying Officer A. H. Hull, piloting the first of the Dominion Fisheries hydroplanes which will engage in fishery patrol service out of Prince Rupert this season, arrived here at 11.25 this morning from Bella Bella, making a fine landing at Seal Cove. Accompanying Flying Officer Hull were E. C. Tennant, rigger, and A. C. Terry, fitter. The hydroplane left Bella Bella at 5.15 this morning, half an hour having been wasted owing to a heavy rain storm.

The fliers left Jericho Beach, Vancouver, on Thursday afternoon at 3.24 and made stops en route here at Thurston Bay, Alert Bay and Bella Bella. Visibility was greatly interfered with on leaving Vancouver owing to bad forest fires at Powell River, Rock Bay and Alert Bay. The hydroplane flew at a low altitude all the way up the coast as, owing to smoke from forest fires and low lying clouds, it was impossible to pick up land bearings otherwise.

The hydroplane, which is a rebuilt machine, is of the HS2L type and is driven by a 360 h.p. Liberty engine. The wings have a span of 75 feet from tip to tip and the complete machine weighs 2 1/2 tons.

Flight Lieut. Earl McLeod is expected to leave Vancouver early next week piloting the second hydroplane and he will be in command of the detachment this season.

Flying officer Hull is no stranger to Prince Rupert as he was interested in the establishment of the Electric Window Bakeries here and made several trips to the city in connection with the business prior to its being sold to Messrs. Plant and Andrew.

Marvellous Finnish Runner Won Third Olympic Triumph Today; Americans Ahead in Aggregate

COLOMBES, July 12.—Paavo Nurmi, the marvellous Finnish runner, scored his third Olympic triumph today when he won the 10,000 metre cross country race by more than 500 metres from his countryman, Willie Ritola, Earl Johnson of the United States was third and Harper of Britain fourth. The winner's time was 32 minutes and 54 3-5 seconds.

Canada passed the qualifying heats in the 400 and 1,600 metre relay races running second in both instances.

In the trial heats of the 400 metre, Old World's and Olympic records were broken by United States, Britain and Holland. The Brits set the mark of 42 seconds. Holland late equalled this while, in the sixth heat, the United States runners lowered the record again by clipping 4-5 of a second off it.

The point standing for the various nations in the Olympic games today is as follows:

United States	194
Finland	135
Britain	63 1/2
Hungary	7 1/2
Argentina	5
South Africa	5
Canada	5
Norway	4
New Zealand	3
Denmark	3

WOLF CUBS' PICNIC AT KITSON ISLAND

Splendid Afternoon was Spent by Ben Ferguson's Pack on Thursday

On Thursday the pack of "Wolf Cubs" under Cubmaster Ben Ferguson had a great time at Kitson Island celebrating the close of the season's training with a picnic. George Bryant kindly extended the courtesy of the "Harla" to transport the youngsters to the destination and back again. Leaving at 1.30 port was reached at 9 p.m. after a thoroughly enjoyable afternoon's outing spent in sports and games on the sandy beach. George Bryant acted as umpire. B. Ferguson was starter with the assistance of G. L. Rorie and W. G. Hamilton as referees. Among the prize winners were the following junior athletes: Garfield McKinley, W. Bryant, B. Bremner, D. Christison, E. Christison, A. Kirkendall, B. McLeod, Ian Murray, F. Derry, B. Thurber, K. Green, Jack McRae, E. Eby and J. Valentine. Scout Commissioner G. Rorie at the close of the sports presented the prizes to the successful contestants.

British Aviator Returns to Kasumigaura After Taking Off

KASUMIGAURA, July 12.—Squadron Leader Stuart MacLaren left at 2.20 this afternoon for Minatogaura on the northern end of the main island of Japan from whence he proposed to take off for the Kurile Islands and the flight across the Pacific Ocean. He was, however, forced to return here on account of engine trouble but hopes to start again on Sunday.

PRINCE ALBERT IS LOADING IN SOUTH

Former G.T.P. Steamer at Victoria Taking on 15,000 Cases for Mexican Ports

VICTORIA, July 12.—To load 15,000 cases of liquor destined for Mexico the steamer Prince Albert arrived here Saturday. The Canadian Freighter, on her last trip from the United Kingdom, discharged 23,000 cases of liquor at the Ogden Point docks. Of this consignment 15,000 cases were consigned for trans-shipment to Mexico. It was discharged here, it is said, owing to the high harbor rates in Vancouver and it is understood that in the future all liquor for trans-shipment to Mexico will be discharged here instead of Vancouver.

Before loading again, however, for her southbound trip the Prince Albert will undergo repairs.

Louis Leroux returned on last night's train after a six weeks' vacation spent in Wisconsin, North Dakota, Manitoba and Minnesota.

UNIQUE TRIP DIGBY ISLAND TO VICTORIA

Chief Operator Jackson and Family Went South in 25-Foot Gasboat

From Digby Island to Brentwood, near Victoria, in a twenty-five foot launch built by himself and taking sixteen days to complete the trip was the novel experience of S. C. Jackson, chief operator of the Digby Island wireless station, who reached Victoria this week on his annual vacation. Accompanied by his wife and two children, Mr. Jackson left Digby Island on June 28 and arrived at Brentwood last Sunday after an adventuresome trip. The staunch little launch encountered rough weather but made the trip without any damage of consequence.

Splendid Financial Condition Of B.C.

The fact that a big Toronto financial house has purchased a six million dollar issue of British Columbia government bonds giving better terms for them than any Canadian province has received in the past decade indicates that this province's financial condition is extremely sound. This is in spite of what critics, some of whom when they were in power could hardly sell bonds at any price, may say.

The average individual may be readily misled by political harangues who, for party purposes, incline themselves to misinterpret complex public fund figures. There are very few people who take the trouble to go any further into the situation than listening to what may be told them in the heat of an election campaign. The straight statement, however, that British Columbia has received such favorable prices for its bonds should make it clear to people who wish to see the fairness of things that those who opposed the return of the government to power at the recent election campaign were guilty, at least, of voicing some gross inconsistencies when they alleged that this province was in a deplorable financial condition. Instead of endangering British Columbia's credit, it would seem on the face of the facts that the Liberal administration has been steadily if not rapidly improving the province's fiscal condition.

Elevator Estimate Is Finally Through.

The elevator estimate is through despite attempts that may have been made here or elsewhere—for political reasons or otherwise—to block it. It was practically assured when it was tabled in the House of Commons. Its passage in the House seals the project. The way is now open for the calling of tenders and the bringing to realization of the facility that the city has deserved and pressed for so long.

Likens Senate To Snarling Curs.

The Senate of Canada will probably destroy itself, says the Ottawa Citizen. It has made no substantial contribution to good government for more than a decade. It is made up very largely of unscrupulous partisans who draw \$4,000 a year as an old age pension in return for service rendered in party politics. The Senate is almost wholly out of touch with younger Canada. It is living in the past, occupying itself with petty politics, like the snarling of curs at the heels of men who are busily engaged in the daily tasks of national administration.

Alberta Crop Conditions Good.

The crops in most districts throughout Central Alberta were drenched over the week-end with one of the finest rains of the season, says the Edmonton Bulletin. The rain was welcome. In most districts the crops were beginning to show the need of rain. None of the crops, however, had suffered for a want of moisture, according to reports from farmers.

At the present time the crop outlook is exceedingly good in most sections, with a reasonable amount of rain and sunshine during the remainder of the season, the yields this fall will be quite up to the average.

In the southern part of the province there has been more rain than usual and reports indicate that the crop prospects are exceptionally good. Throughout central Alberta hay crops did not get away to a good start in the early part of the season, and present indications are that the yields will not be quite as good as in most years.

HIKERS' PARTY IS LIVELY ONE

Seventy-seven Members of Boston Field and Forest Club Arrived From East Last Night

The 77 members of the Field and Forest Club of Boston, who were in the city last night in the course of a western tour, made up one of the liveliest parties that has been here this year. Consisting of 70 ladies and seven men, under the leadership of Rev. C. W. Casson of Boston, formerly assistant editor of the Ottawa Citizen, the party reached here at 4 o'clock on three special sleepers and mountain observation car for them. They are at Stewart today and will be going through south on the Prince Rupert tonight to commence the return trip East.

On arrival here, the party was taken on the launches Pachena and "23" to the Prince Rupert Cannery where they were met by T. H. Johnson, manager, and J. W. Nicholls, controller of the Canadian Fish & Cold Storage Co. The cannery was in operation for their inspection and the full processes of salmon canning were demonstrated and explained.

Returning to town, the party enjoyed a fish dinner in the banquet hall of the St. Regis Cafe. The menu included all varieties of sea food and some of the visitors were heard to express the opinion that it was the best meal they had had in a hotel or restaurant since leaving Montreal.

The party was highly pleased with the service and courtesy extended them on the Canadian National Railways. The scenic splendor of the mountains and the trip between Jasper and Prince Rupert also was very appealing to them. They spent two days at Jasper Park enroute here. Many of the excursionists expressed the desire to repeat the trip again next year and it is likely another party of larger proportions will then be arranged.

Accompanying the party as official representative of the Canadian National Railways is A. R. McDougall, travelling passenger agent at Edmonton. It was met and accompanied to Prince Rupert by R. F. McNaughton, district passenger agent.

THIEVES BREAK INTO RUSSIAN'S SHACK

Lazor Kroloff Reports to Police That \$31 was Taken While he Was at Work

Lazor Kroloff, a Russian, notified the city police last night that his shack on Eighth Avenue had been broken into yesterday afternoon and the sum of \$31 in cash stolen while he was absent at work. The informant thinks he knows the culprits who are supposed to have left the city on last night's train. The police have taken a description of the men and enquiries are being made.

DOG TOOK DUCKS

Jack Keefe Caught Canine Culprit in Act of Stealing His Mallards

Jack Keefe, who this year has raised a large number of mallard ducks, recently lost several in a rather suspicious manner. Yesterday he caught the thief in the act of pillage. It was a neighbor's dog that was the culprit. The animal is closely related to the fox and got away with the birds in a very sly manner, seizing them by the back and carrying them off.

MOUNTAINEERS' CODE OF HONOR

Interesting Feature of Present Attempt to Scale Mt. Geikie

WINNIPEG, Man., July 12. — Rules of the game, as strict as those applying in any other sport of out-door pursuit, prevail in mountaineering and these are being strictly adhered to in the attempt now under way by a party to scale Mount Geikie, hitherto unconquered monarch of Jasper National Park in Northern Alberta. The party consists of two Canadians and one American and, though one of the Canadians has tried twice without success to scale this peak, the etiquette of the occasion requires that, should the American climber be within a few feet of the peak, he shall stand aside if there is a chance of the Canadian attaining his object and sealing the grim peak.

Cyril Wates of Edmonton is making his third attempt, accompanied by M. D. Geddes of Toronto and Val Fynn of Cleveland, Ohio. Mr. Wates, though twice unsuccessful had not abandoned his quest and the etiquette of mountain climbing required that Mr. Fynn secure Mr. Wates permission before he attempted the climb. This was done and Mr. Fynn became a member of the party on the third attempt, according to information received by Canadian National headquarters here from Jasper Park.

Climb Being Watched Among the guests at Jasper Park Lodge, the mountain hostel of the Canadian National Railways in Jasper National Park are several well known Alpinists who are most interested in this venture. Among them are Dr. Gilmore of New York, Mr. Torrington of Philadelphia and Mr. Carpo of New York. Dr. Gilmore, who is in company with Mr. Athloway was the first to reach the top of Mt. Edith Cavell, when asked to express an opinion as to the proposed assault of Mt. Geikie, said: "If Val Fynn does not conquer Geikie, I will begin to think it is almost impossible."

An interesting feature of the climb will be the observance of one of the ethics of Alpinists. It will call for the stepping aside by Mr. Fynn in favor of Mr. Wates if the latter has an opportunity to reach the peak ahead of him. This means that, even though Mr. Fynn might be a few feet from the top of the mountain, he will have to forego the honor of being the first man to set his foot there if he sees that Mr. Wates is in a position to reach the top. Mr. Torrington, who is a member of the Alpinist Club of Philadelphia is preparing for climbing at Athabasca Pass, the route of the fur traders of old, and Mr. Carpo is preparing for an assault of Mt. Tijaune. Both the Alberta Pass and the latter mountain are located in Jasper National Park, Alberta.

QUIET WEDDING TOOK PLACE LAST EVENING

Miss Winifred Charlotte Coupland Becomes Bride of Robert H. Leighton

At 7 o'clock last evening the wedding was quietly solemnized at the Anglican Rectory, Archdeacon G. A. Rix officiating, of Miss Winifred Coupland, daughter of Mr. and Mrs. J. Coupland of Winnipeg, and Robert H. Leighton of this city. The bride, who wore a dress of brown Canton crepe and lace and carried a bouquet of roses, was attended by Mrs. Martin of Smithers. James M. Campbell supported the groom. After the ceremony, the bridal party repaired to the home of Mr. and Mrs. James M. Campbell, Borden Street, where a delightful wedding supper was served followed by informal festivities later in the evening. Mr. and Mrs. Leighton have taken up their residence in the Besner Apartments and later will go to Winnipeg on a honeymoon trip. The groom is forest supervisor here for the provincial government and is also well known in the interior where he was stationed for a number of years. The bride visited in Smithers last year.

C.N.R. steamer Prince John, Capt. Neil McLean, arrived in port at 3.30 this morning from southern Queen Charlotte Island points and will leave again on Monday at 8 p.m. for Massett, Port Clements and Bulkley Bay.

The marriage of Esther Ryan of Metlakatla, to Alfred Allen, a local longshoreman, was solemnized at the Methodist parsonage at 10.30 last night by Rev. G. G. Hacker. Mr. and Mrs. Allen will reside in Prince Rupert.

The power boat Eleanor Mae returned to port at 7 o'clock last night from Ketchikan with Frank Dibb, Ben Self, Jack Cobb and Geo. Waddell aboard. They visited the northern port to complete arrangements for the Elks' excursion on July 26.

Fourty-four members of the Canadian Dental Association, on their way to Vancouver to attend the annual convention of the Association, will be here on July 31 arriving from the East by train and going south by steamer. Arrangements are being made for a special dinner at the St. Regis Cafe for them.

Tom Davis, ex-fire chief of Victoria, passed through on the steamer Prince Rupert yesterday afternoon en route to Stewart on a business trip.

Mrs. Anna Olson of Portland, Ore., arrived from the south on the Prince Rupert yesterday afternoon and left on the train to visit her niece, Mrs. Olof Hanson at Lake Kathleen. She was accompanied by Olof Hanson.

C. P. R. steamer Princess Beatrice, Capt. Cliff, arrived from Vancouver and waypoints at 12.50 p.m. and unloaded salmon terees at the Canadian National dock proceeding to the provincial dock to unload 66 tons of freight.

DOMINION DAY CUP TO VETS

Defeated Sons of England by 4 to 1 in Replayed Final Last Night

In the replayed Dominion Day cup final which was hotly contested on the Acropolis Hill grounds last night, the G.W.V.A. annexed the silverware defeating the Sons of England by the decisive score of 4-1. Tinker scored the only goal for the Sons in the first half. For the Vets, Murray scored from a penalty, and Norwood registered three. At the conclusion of the game the cup was presented by Geo. Hill, president of the Prince Rupert Football Association, to W. Murray, captain of the G.W.V.A. team. W. Murray replied suitably on behalf of his team and was the recipient of many congratulations. The game was marred by rain which made the ball hard to control and doubtless prevented many soccer fans from attending although the crowd was fairly large.

The teams took the field as follows:
G.W.V.A.—Knox, goal; Lord and Barton, backs; Campbell, Murray and Hunter, half backs; Robertson, Russell, Norwood, W. Mitchell and J. Johnson, forwards.
S.O.E.—Howe, goal; P. Cameron and Bales, backs; Hodgkinson, Kelsey and Wootton, half backs; Geo. Hill Jr., Mathieson, Tinker, Dickens and Gawthorn, forwards.
Geo. Russell refereed the game and A. Clapperton and J. Andrews acted as linesmen.

First Half
The Sons won the toss and elected to kick on the upgrade. From the kick-off, the soldiers pressed and W. Mitchell tried a weak shot at Howe which was easily saved. The Sons then got busy and worked the ball to a dangerous area for the Vets. P. Tinker for the Englishmen tried Knox but a bye kick resulted. The play was evenly divided and scoring opportunities were missed by both sides. The Sons got away on a fine run and, by good combination tactics, worked the ball well up the field. Geo. Hill put in a pretty centre which was received by Tinker who headed the ball past Knox. The goal was a pretty one and well deserved. From the centre kick-off the Vets pressed when a penalty was awarded against Bales, at back for the Sons, which, taken by Murray, was put to good use and the score was evened up. The soldiers continued to press and Howe, in goal for the Sons, who was playing a fine game, was repeatedly called upon. As the result of good combination play the soldier forward line got through the Son's defence and Norwood beat Howe with a difficult shot. At half-time the score stood 2-1 in favor of the Vets.

Second Half
Owing to bad weather and failing light, there was no interval given. From the kick-off the

season under the Association. Fixtures set for the next month are as follows:
Stuart Shield
July 14—Sons of Canada vs. Callies.
July 17—Sons of England vs. Great War Veterans.
July 22—Callies vs. Sons of England.
July 25—Great War Veterans vs. Sons of Canada.
July 28—Callies vs. Great War Veterans.
July 31—Sons of Canada vs. Sons of England.
Gilhuly Cup
Aug. 5—Callies vs. Sons of Canada.
Aug. 8—Great War Veterans vs. Sons of England.

Sport Chat

The Prince of Wales will be invited to the United States to see the British-American polo matches at Westbury, L.I., in September, according to Walter W. Vick, secretary of the United States Polo Association. The formal invitation is being prepared at the association offices and will be sent to London at once. The visit, if it occurs, will be informal and the Prince will travel incognito, probably as the Earl of Chester. It will be in connection with his Canadian trip this fall.

Jumping from batboy to regular third baseman of the St. Louis Cardinals in three years, Howard Freigan realized the greatest of his boyhood ambitions in much less time than he ever dreamed he would. Freigan first attracted the attention of Branch Riekey, the Cardinals' boss, when he was playing high school baseball. He received offers from several colleges, and went to Ohio Wesleyan. Before he finished his course he became a batboy, because the college diamond did not give him enough baseball.

When the Cardinals went on the road Freigan went along as batboy so that he could continue his study of big league baseball without hurting his status as an amateur player. He had ruined that status, however, by playing semi-pro games on Saturdays and Sundays and was advised that his playing days on college diamonds were over. The player communicated the information to Manager Riekey, who immediately signed him as a player. "That was in 1922," says Freigan. "Last year I made myself as handy as I could, and this year I made the grade as a regular."

The Southern Association's scheme of numbering baseball players in the manner adopted by football eleven, tried out for the first time this year, has worked nicely in theory but poorly in practice. Trouble was scented before the playing season began when the players let it be known they would quit the team if assigned the hoodoo number "13," but the moguls got around that point by dropping "13" and jumping from "12" to "14." There was speculation about what would

skipped by Hubert Ward, has recently been overhauled and launched in readiness for the summer holiday season.

Injured Skipper
The only casualty reported on the waterfront this week was a slight mishap to skipper Jack Cook of the launch Joy Bird. It appears that the skipper was called in the middle of the night to undertake some necessary domestic chores in connection with the "inner man" of the youthful heir, when he chanced to tread upon a small crowbar, which had evidently been intended by the makers for a nail. The nail pierced his foot and, as a consequence, Jack has been seriously handicapped in his busy life. However, the fleet medical service has the injured member under care and it is hoped the genial Jack will again soon be able to dance the sailor's horn pipe.

P. LeClaire, the sailmaker, has decided to leave his floating sailmaking factory at the mouth of McNicholl creek and will not bring it to this side at least for the present.

A new looking launch is now at the Newcombe dock and is befittingly called the Milkmaid. The Milkmaid is the old White Lilly and has recently been remodelled and repainted by her owner, skipper Geo. Newcombe. The craft looks particularly milky, having been painted a strenuous white, and reminds one of a white cow in a white dairy being milked by a white ghost.

The power boat Ala has recently had a new exhaust pipe fitted while at anchor in Cow Bay.

The power boat Cora, owned and skippered by Chas. Wright, left on a logging cruise to the Wark Canal district early in the week.

According to nauticals interested in trapping and the raw fur business generally, furs to the value of over \$500,000 have been landed in Prince Rupert during the past winter.

The power boat Eagle, Capt. Chas. Johnson, which has been fishing around the west coast of Vancouver Island for a long time past, arrived in port early in the week and left for the Hippo Island trolling grounds. The Eagle will in future make this port her headquarters.

The power boat Eleanor Mac, Capt. W. Dass, left port on Thursday morning for Ketchikan and returned last night.

The Canadian schooner Mayflower, owned jointly by Capt. Jud Thurber and Capt. Bob Thompson, is on the Ward ways for repainting and general hull overhaul.

Now She'll Flicker
That the lil' old launch Caprice was not clipping off the knots according to schedule has been a subject of much concern lately to C. O. Rowe, her well known owner. After going over the whole works very thoroughly C.O. decided that a new speed clutch was necessary, at any rate he thought he would install the latest and see if it would improve things. Accordingly skipper Rowe, assisted by his first mate Bill Mairs, put in a new clutch. So far so good. After the new piece of machinery had been fixed, they proceeded to make a test. The Kermath engine, always raring to go, bit at the first turn and, upon the clutch being put in, the boat shot with such terrific speed into the harbor that both the captain and his mate were jerked out of their collars and that's going some—as the darkie said when he fell from the church steeple while watching the circus parade. However, the new clutch worked fine and at least another two miles is be-churned out by the propeller.

The launch Eva, owned and operated by H. B. Babington, is in the process of being overhauled.

The "Ad" that Saved a City

Rome was being attacked. The massive walls were breached. The enemies pressed hard on every side. To the north, the invaders crept stealthily through the night to storm the gates. In the dark, they stumbled on a flock of geese. The fowls cackled loud and long—the sentries heard—and Rome was saved.

Advertising is continually saving something for someone. It will save for you, too, if you use it properly.

It will save you money by pointing out real bargains, by telling you of true values, by giving you prices to compare and by telling you how much you should pay.

It will save you time and effort by telling you exactly where and when to go for what you want to buy. You don't have to "shop around."

It will save you disappointment by telling you just what you can expect from your purchases. Every time a merchant or manufacturer advertises, he obliges himself to sell you goods that fulfil his claims. He knows it doesn't pay to advertise unworthy wares.

Read the advertisements as a plain, every-day business proposition. It is a duty you owe yourself and your purse.

The advertisements will help you save.

BIG INCREASE GRAIN LOADING

Canadian National Railways Report Business Year Much Heavier Than Last

WINNIPEG, Man., July 12.—Nearly 225,000,000 bushels of wheat have been marketed over Canadian National lines since September 1, 1923, and loadings are still being made at the rate of over 2,000 cars weekly. This is the record of grain movement for July shown by the Canadian National grain loadings report issued last night. The report covering the period from July 4 to 10 inclusive shows 2,085 cars loaded in that period against 637 in same period last year. Total loadings since September 1 last have been 166,536 cars containing 221,445,000 bushels against totals of 124,034 cars and 163,969,000 bushels in same period last year, the increase being 42,502 cars and 60,476,000 bushels. Approximately fifty per cent of the grain loaded during the week came directly from the hands of the farmers, and there remain 2,371,000 bushels in storage in elevators on Canadian National western lines. Alberta with 1,370,000 bushels loaded and 501,000 bushels marketed led the loadings during the week, Saskatchewan points loading 1,237,000 bushels and marketing 744,000 bushels during the period. Alberta has 1,079,000 bushels in store and Saskatchewan 1,000,000 bushels on the company's line.

Of total inspections on all railways at Winnipeg during the past week Canadian National loads have been about sixty per cent. The flow of grain to Vancouver continues unabated, a total of 17,250 cars having been delivered there to July 10. The total for the entire grain year ending September 17, 1923, was 4,545.

GIANT PLANE BEING BUILT BY BRITISH FOR WORLD CRUISE

LONDON, July 12.—Built with a view to flying round the world.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for wharf extension and repairs, Bella Cooia, B.C.," will be received at this office until 12 o'clock noon (daylight saving), Tuesday, July 22, 1924, for the construction of an extension of repairs to the wharf at Bella Cooia, Skeena District, B.C. Plans and forms of contract can be seen and specification and forms of tender obtained at this department, at the office of the District Engineer, Old Post Office Building, Vancouver, B.C., and at the Post Offices, Vancouver, B.C., Prince Rupert, B.C., Nanaimo, B.C., and Bella Cooia, B.C. Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein. Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. Bonds of the Dominion of Canada or bonds of the Canadian National Railway Company will also be accepted as security, or bonds and a cheque if required to make up an odd amount. Note.—Blue prints can be obtained at this Department by depositing an accepted cheque for the sum of \$10.00, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid. By order,
N. DESJARDINS,
Acting Secretary,
Department of Public Works,
Ottawa, June 18, 1924.

a giant air cruiser, will shortly leave the works near here for trials at Southampton. The plane has two large floats, is driven by a 650 horse power engine, and carries a crew of five.

Two pilots sit in front, and behind them in the fuselage is a wireless room. Still further back are the sleeping quarters, as large as a motorbus, and gasoline is carried in two floats in sufficient quantity for a 1,000 mile trip. The plane will have a cruising speed of 80 miles an hour and a full-out speed of 100 miles.

PREMIER MACDONALD'S SON HEADS DEBATING TEAM COMING CANADA

Subjects of International Importance Will be Discussed on Edmonton Platform

EDMONTON, July 12.—M. J. MacDonald, son of Premier J. Ramsay MacDonald, and his team of debaters from Oxford University will engage a picked team of University of Alberta students in a series of debates here next fall. The actual date of the meeting has not yet been settled, but the debaters will arrive in Canada early in October, and after engaging in debates with several of the eastern colleges will make the trip through the West.

Other members of the party are J. D. Woodruff, of New College, and M. C. Hollis, of Balliol. The list of subjects to come up for debate is as follows: Oxford will propose that the policy of France toward Germany since the war be condemned; that the principle of prohibition is wrong; that the extension of state interference with the individual is a chief evil of the times—Oxford arguing the negative.

Oxford will propose that the referendum is a necessary part of representative government. Oxford will propose that in a democracy ministers should be directly responsible to a popularly elected assembly.

The Oxford party will arrive early in October and will immediately engage the colleges west of Buffalo, and will remain in America and Canada throughout November, December and January.

WHIPPED CREAM IS FAKED BY GERMANS

Last of Food Restrictions Imposed During War Has Been Removed

BERLIN, July 12.—The sale of whipping cream, outlawed early in 1914 as a war measure, is again permitted in Germany by government order.

This is the last of the food restrictions to be removed, and within a few days of the announcement every coffee house in Berlin was serving "whipped cream" in such amounts that the health authorities investigated and, it was stated, ascertained that substitute of white of egg, evaporated milk and other preparations was being used.

EDISON'S SON IS NOT SUCCESSFUL

His Inventions Not Acceptable Commercially and Companies Become Bankrupt

NEWARK, N.J., July 12.—Thomas A. Edison, attempting to follow in the footsteps of his father, has met with financial reverses which have resulted in a company formed to exploit two of his inventions going into the hands of receivers. Failure of the inventions to become commercial successes resulted in the Ecometer Manufacturing Company of Orange finding itself in the hands of a receiver. The company manufactured the ecometer, a gasoline saving device, and a period timer for Ford automobiles. The younger Edison, Beatrice M. Edison and E. D. Woodward were the incorporators. Liabilities are said to be \$31,648 and assets \$18,634 inclusive of a \$10,634 patent value. This amount of assets could not be realized by a forced sale, it was stated.

PURCHASES RANCH AND WILL RESIDE AT FRANCOIS LAKE

J. McDougall, formerly owner of the Tourist Hotel and Terrace Club at Terrace, left on last night's train for Francois Lake where he has purchased the 155 acre ranch of Ernest Proffett. He will be away about a fortnight on this trip making preliminary arrangements for moving and towards the end of the month will return to the city. Then he and Mrs. McDougall will leave to take up their permanent residence on the ranch which lies near the ferry on the north side of the lake. Mr. McDougall will make additions to the present house on the ranch and next spring intends to place cattle and sheep on it.
