PREMIER OLIVER URGES WORK AND THRIFT

EQUALIZATION OF FREIGHT RATES DEMANDED BY REPRESENTATIVE BODIES

Premier Oliver Makes Fighting Speech of Three Hours in Reply to Criticism of the Government

Urges Thrift, Industry and Courage in Order to Make the Province Prosperous and Charges Extravagance.

VICTORIA, Nov. 15.—"Thrift, industry and courage will make British Columbia prosperous. If her people do not possess these virtues better abandon the province to the yellow races who find no difficulty in making a living."

"If the province has the natural wealth and resources boasted of and if we are worthy of the race from which we sprung," declared Mr. Oliver, "there is no need of pessimism. The present burdens of the government are due to past lax administration and the war and will be overcome."

Mr. Oliver congratulated the new opposition on its debating ability but deplored their mis-handling of the facts. He claimed that the freight rates was the government's fight if it was anybody's. Feed for stock cost over 10c a hundred pounds to bring from the prairies whereas export grain paid only 22 1/2 cents a hundred.

In reply to the charge of patronage, the Premier claimed that the civil service was still full of Conservative appointees. He described Rev. Joshua Hinchcliffe as an oily-unctuous sanctimonious adept, spreading suspicion.

Dealing with the Pacific Great Eastern charges in which Esling and Hanes had taken a leading part, Oliver said that after thirteen hours grueling not a charge had been proven. Turning then to the criticisms made of the absentee voting, the Premier said that in 1920, the absentee voters had been 10 per cent of the total.

Discussing the request for grants from fruit growers, the Premier said he reclaimed his own farm from the sea without assistance and he refused to mortgage it to help the fruit growers. Since 1916 the industrial payroll had increased. Six hundred and thirty-three industries had been added.

Concluding, Mr. Oliver said it was the intention of the government to carry on during this and succeeding sessions but there were prices they would not pay to stay.

SUGGESTIONS BY DR. PUTMAN

School Board Hears from Head of Educational Survey Commission

Several very interesting suggestions as to measures that might be taken to improve the local school system obtaining a greater degree of efficiency at probably a lower cost, were made by Dr. Putman of the educational survey commission which was here last week.

One of Dr. Putman's suggestions was that the Booth School be converted to High School purposes, being better equipped for that than any of the other buildings. The more advanced public school classes could also continue there under one principal and the Borden Street and King Edward schools could be used for Intermediate and Junior grades.

Dr. Putman criticized the manual training syllabus and felt that personal initiative was being lost sight of in the carrying out of a stereotyped course. It was pointed out that the course was set by the education department and could only be changed by it.

The matter of abolishing the school board and having its duties included with that of the city council was also discussed.

Another suggestion made by Dr. Putman was that the school boards of Anox and Ocean Falls be approached with a view to putting an inspector over the schools at those points and in Prince Rupert in a supervising capacity. Another suggestion was that a supervising teacher be engaged in Prince Rupert with a stenographer who could also act as a substitute teacher.

Mr. Parker stated that Dr. Putman had explained that it did not come within the commission's province to make recommendations to school boards individually but he had merely thrown these suggestions out to be taken for what they were worth.

A thorough inspection of the local schools had been made by the commission, Mr. Parker reported. They had taken charge of classes and had expressed themselves as well satisfied with the personnel of the teaching staffs and the conditions of the schools as a whole. It had been intended to have a conference with the school board but this had been impossible.

BARS GRAIN EXPORTS

WARSAW.—The government has fixed a charge of the equivalent of 83 on each 222-pounds of grain exported because of the limited crops in Poland this year. This charge amounts to a prohibition of grain exports.

Mrs. T. R. Tannock is sailing tonight on the Prince Rupert for Vancouver.

FISHING ENDS HALIBUT BANKS

Close Season Commences at Midnight: Number of Boats Yet to Bring Catches

This is the last day for fishing on the halibut banks as the close season commences at midnight. There will be a number of boats yet to bring in their catches, a good many of which will come here. The Scandia with 90,000 pounds and Pioneer with 60,000 left Ketchikan yesterday for Seattle where they will sell prior to lying up for the winter.

MORE SOUNDING ELEVATOR SITE

W. N. Chater, Engineer in Charge, Returns From Edmonton and Will be Here a Week

W. N. Chater of Port Arthur, designer for C. D. Howe & Co., engineers of the terminal grain elevator, which is to be erected here by the department of trade and commerce, arrived from Edmonton on last night's train. The object of Mr. Chater's present visit is to take further soundings at the site off the mouth of Morse Creek. Certain revisions have become necessary in the original plans following Mr. Chater's first report. They are of a minor nature, however, and will have little effect on the project as a whole.

A. E. O'Meara of Victoria, engaged as counsel by the Naas River Indians in their land matters, arrived in the city from the north on the Venture.

Committed for Trial on Charge of Murdering Child at Nanaimo; Religious Frenzy was Responsible

NANAIMO, Nov. 15.—Leslie Dickie, 54 years of age, was yesterday committed for trial on a charge of having murdered his two year old grandson on Sunday. His two sons, William and David, were bound over to appear as witnesses and Mrs. Mary Dickie, mother of the murdered child, was bound over in order to insure her appearance.

The accused had always been a religious man and recently joined the Pentecostal assembly. Last Saturday he announced that he had Divine power. He house which must be driven out.

At sunrise, after an all night session of prayer, the family was told by him to go to the kitchen window and see the glory of God. Mary, the mother of the child, carried it to the window, but it began to cry. She swore in court that she knew her father placed his hand over its mouth, but said she never dreamed he meant to kill it. The boy was suffocated. After the baby's death the father persuaded them he had the power to raise it from the dead. The entire Sunday was spent in prayer and fasting. Eventually the neighbors suspected that something was wrong and summoned the police.

CANADIAN HIGH COMMISSIONER IS NOW RECOGNIZED

LONDON, Nov. 15.—New ground has been broken by the High Commissioner, who on Tuesday next will be received by Premier Baldwin. This will be the first time for the High Commissioner of any of the Dominions to be officially received by the Premier of Britain on accepting office.

BOILER EXPLOSION

HELINGFORS, Nov. 15.—Twenty-five persons are missing and believed to have been drowned as a consequence of a boiler explosion aboard the steamer on which 60 passengers were returning to their homes. Twenty-two others were severely injured.

Rate Equalization on Railways Would Bring Prosperity to Province

VICTORIA, Nov. 15.—Charles Woodward, senior member for Vancouver, stated yesterday in the Legislature that removal of the freight rates discrimination would restore prosperity to the province. He said the ten per cent handling charges on five hundred million bushels of Canadian grain exported through United States ports would mean \$50,000,000 circulated in Canadian channels when the establishment of the western route kept that business in Canada.

The debate on the speech from the throne ended yesterday afternoon and the budget will be brought down Monday. The address in reply to the speech from the throne was adopted without amendment or division and the minister of finance, Hon. J. D. Maclean, moved the first of the resolutions for the granting of supply.

ELECTION COST WAS \$175,496

Prince Rupert Constituency Cost a Little Over Three Thousand Dollars

VICTORIA, Nov. 15.—The total cost of the general election last June amounted to \$175,496, according to information given in the Legislature yesterday by Hon. William Sloan in answer to a question. The expenses of the returning officers, including the costs in the Vancouver electoral districts was \$125,892 while printing the voters' lists, forms, etc., cost \$49,604. The expenses included the taking of the beer vote.

Vancouver city cost \$26,546; Victoria, \$7,491; Prince Rupert, \$3,393; Nelson, \$875. Outside of the cities of Vancouver and Victoria the average cost per riding was \$2,000.

BOAT THELMA ABANDONED

A report having been received that the local halibut boat Thelma, Capt. Dahl, had been abandoned at sea and the crew of four landed at Massett in a dory, a boat was despatched from here last night to bring them into port.

While no information of a definite nature has been received, it is believed that the Thelma was on her way in from the Cape Addington banks and that she must have got into difficulties off the Queen Charlotte Islands. The Thelma was in trouble last year on November 15 in a storm on the Yakutat banks, Spence Allen and William Wilson having been washed overboard and drowned from her.

ALICE ARM MAN GETS 12 MONTHS

George Graham Found Guilty by Magistrate Conway of Second Offence Under Liquor Act

George Graham of Alice Arm was found guilty before Stipendiary Magistrate John Conway at Anox yesterday of selling liquor and was sentenced to twelve months at Okalla Prison Farm. It was his second offence.

THIRD FUR WAS NEVER STOLEN

Cape Supposed to Have Been Removed in Thursday Morning's Robbery Found in Store

All the furs supposed to have been stolen when a thief broke William Goldbloom's show window Thursday morning have been accounted for. The third cape was found in a trunk in the store. It had not been removed as was at first stated. The would-be thief is still at large.

RENT WAR ON IN GLASGOW

Inhabitants of Clydesdale Division Refusing to Pay While Seven Prosecuted

SCOUTS TAKING PART

LONDON, Nov. 15.—A rent war in the Clydesdale division of Glasgow is increasing in intensity, thousands refusing to pay rent for their homes. The trouble is accentuated by the threatened prosecution of seven tenants who were evicted Wednesday but with the aid of sympathizers got back into their homes. They now will be prosecuted on a charge of house-breaking.

The tenants in Clydesdale state that if these seven are prosecuted, they will retaliate with a general rent strike. A body of boy scouts is watching day and night to warn the tenants of the appearance of agents or landlords.

Thanksgiving Day
And Its Purpose.

Owing to a little skit written by the Man in the Moon in his column early in the week, the editor has been taken to task over the purpose of Thanksgiving Day. It is contended that the primary purpose was not to establish a public holiday and day for recreation but a day on which people would give thanks to the Almighty for the manifold blessings received during the year. That on the face of it might seem to be correct. Yet is it?

So far as we noticed there was no provision made for public worship on Thanksgiving Day here. Any services were held on the previous day. Either the local clergy were not interested in the matter or, which seems much more likely, they knew it would be useless to arrange for services as no one would be there.

People enjoyed the public holiday just as they enjoy any other holiday and most of them sat down to a turkey dinner in the evening. Arrangements for enjoyment were made everywhere but none for any formal or informal thanksgiving. To pretend then that the idea was to give thanks to God on that day does not seem to be borne out by the facts.

Churches Good
For Community.

The Daily News is a great believer in the churches and their work. It gives a good deal of church news. It was glad to help in the building of the new churches here. Religion seems to be part of the life of a considerable section of the people. At the same time it is useless to make pretences that people are thanking God for something on a special day, when everyone knows they are not doing it and that no one expects them to do it. If it were intended for the day to be a day of thanksgiving it would have been held on Sunday, when the services are held and when people are in the religious frame of mind. Being rather a public holiday for amusement and recreation it is held on the Monday or some other suitable time, and the people take advantage of the occasion to the full as being the last holiday before Christmas. It sandwiches in nicely as a break in the period between Labor Day and Christmas.

If there is another side to this not seen on the surface, we should like to know it and to give our readers the benefit of it. We are all looking for truth, but it has been said that truth is a point of view.

Lanigan Tells His
Side Of Case.

W. B. Lanigan, General Freight Traffic Manager of the C.P.R., gets after G. G. McGeer, K.C., in regard to the fight he put up for equalized freight rates. He ridicules the B.C. lawyer in a recent article in the Toronto Saturday Night and claims that the agitation is simply political and part of a vote getting propaganda.

Mr. Lanigan is right to a certain extent. It is a vote getting propaganda and will continue to be so until British Columbia gets justice.

Mr. Lanigan says that there is not as much business in the west as in the east. That is largely because of the discriminatory rates. Given equal rates the business would increase. He may be assured that no publicity such as Mr. Lanigan is spreading abroad will satisfy the people on this coast when they have to pay more, mile for mile, than the people of Eastern Canada.

No Objection To
Reasonable Rates.

This paper does not take the view, like many people, that the country pays too high freight rates. The rates must be sufficiently high to make the railroads a profitable investment. If the C.N.R. does not pay its way, the people through the taxes have to pay the deficit. It is only fair that the C.P.R. should pay its shareholders a fair return on their investment. We also agree with Mr. Lanigan that the C.P.R. is efficiently and intelligently administered. All we object to and what Mr. McGeer objects to is the discrimination against the west in the interests of the east.

Objection Taken To
Personal Touches.

Mr. Lanigan deals with Mr. McGeer in rather a flippant manner; yet Mr. McGeer and Premier Oliver are the only men who have dared to raise their voices against suppression of the west by the railways. When Mr. Lanigan lays his case before the railway commission, as he has a right to do, there is usually no one there to oppose. Unless a government does it, there is no one else sufficiently interested. Because a government does it, it is accused of playing politics. The same might be said of Mr. Lanigan personally. He is an employee of the great corporation and has to make good, just as Oliver and the others are employees of the people of this province and have to make good or retire. It is a good thing to know that they are alive to their duties and that they have a man to represent them who is worthy of the steel of such a doughty champion as the fighting executive officer of the C.P.R.

ASTHMA HEAD AND BRONCHIAL COLDS
No Smoke - No Sprays - No Snuff
Just Swallow a RAZ-MAH Capsule

REFUSE TO PAY FOR COX' PLAYSHED PLANS
School Board Takes Stand That, as They Cost Over Estimate They Cannot be Used

The school board decided last night not to pay an account of \$142 submitted by A. A. Cox, Vancouver architect, for preparing plans for playsheds at King Edward and Booth schools. Notifying him that the cost of the proposed sheds must be kept within \$2,000 each, the board some time ago authorized Mr. Cox to make the plans. It was found on receipt of the plans, however, that the sheds designed could not be built for less than \$4,000 each. The board, therefore, took the stand last night that, inasmuch as the plans and specifications submitted did not come within the estimate required, they were not what the board asked for and therefore could not be used. A resolution to this effect, moved by Trustee Williams and seconded by Trustee Rochester, was carried.

PURCHASES MUST BE MADE BY SECRETARY
School Board Passes Resolution Following Certain Misunderstandings - Regular Monthly Meeting

A resolution was passed at last night's school board meeting making the secretary responsible for the purchase of supplies and equipment for the various schools. This action was taken on motion of Trustees Casey and Rochester following a discussion in which it was shown that recently there had been misunderstandings with respect to the making of certain purchases. It was felt by Trustees Casey and Rochester that the only business-like method was to make the secretary responsible for purchases. He would then be in touch with the distribution of materials and their prices. Trustee Williams understood that the secretary generally did do the ordering and in all cases issued requisitions. He was not in favor of a hard rule, however, for emergencies might arise where it might not be convenient to consult with the secretary at the moment. All orders should be confirmed by the secretary however. When the resolution was put to the vote, it was carried only Trustee Williams voting against it.

It was the regular monthly meeting of the school board last night. Those present were S. E. Parker, chairman, Trustees Williams, Rochester, Orme and Casey, Secretary W. D. Vance and Principals Brady, Hartness and Miss Mills.

MANY PUPILS IN PUBLIC SCHOOLS
Principals Report Total Attendance in Three Schools of 834

There were 834 pupils in attendance at the three large city schools during the month of October according to reports submitted to the board by the principals at last night's meeting. The High School had 436, Borden Street 292, and Booth School 406 pupils. At the High School there were 48 boys and 88 girls and at Borden Street, 151 boys and 141 girls.

S. E. Parker, chairman of the board, remarked on the comparatively small number of boys at the High School. Principal Brady replied that the number compared favorably with the number of boys that had been promoted to High School at the entrance examinations last summer. It was apparent that the attendance of boys fell off before they reached the Entrance Class.

Miss Mills reported that the various classes in Borden Street School were competing in attendance for a shield that had been furnished by Mr. Ross, the manual training instructor.

Mr. Hartness reported that there were five classes in Booth School, having more than forty pupils enrolled. Basketball leagues had been organized and sixty children were engaged in the sport.

The principals expressed satisfaction with the work being done by the grade teachers under them.

ENEMY SEX TO BE SHOWN HERE TONIGHT
Story of Girl Whom Number of Men Want to Marry Shown Tonight

The Enemy Sex, to be shown here tonight, is the story of "Dodo" Baxter, a girl of unusual appeal who comes to New York looking for a career, but who finds it is far more profitable to capitalize her attractiveness for men. She considers herself clever enough to be able to handle them without giving anything in return.

She is invited to a chorus girls' party given by a group of wealthy men, who soon realize that she is an unusual type and very different from the others present. The next day Albert Edward Sassoon, a wealthy broker; Harrigan Blood, a newspaper owner; Massingale, a married judge and Blaney, a theatrical magnate, begin to besiege her with their attentions. She sets Sassoon and Blood to fighting each other but falls in love with Massingale. Her happiness ends when she discovers he is a married man.

Will Ride

Thoroughly reckless, she goes for a wild ride with Garry Lindaberry, a young man who is doing his best to drink himself to death. They crash through a closed road barrier and have a narrow escape. Out of this situation comes Dodo's partial promise to marry Garry if he succeeds in reforming. He fails, however, and when Massingale offers to run away with his wife, Dodo agrees to go with him.

Just as she is ready to go, Garry arrives at her flat helplessly drunk. Formerly he was a happy-go-lucky soul, but now he is on the verge of delirium tremens and prays Dodo to save him. Sacrificing herself, she refuses to accompany Massingale and stays to nurse Garry; puts him on his feet and makes a man of him, and then she realizes that he is the man she loves.

In Court

Six months later Garry stands in court before Judge Massingale, on a charge of speeding. He pleads guilty but offers as an excuse that he was hurrying to his honey moon and points to Dodo back in the courtroom. The Judge smiles grimly.

"Case dismissed."

POOL ROOM IS BEING BLAMED
Prosecution to be Launched at Instance of Board of School Trustees

Having received a report from Principal Brady that two High School boys had recently been frequenting a certain pool room and, on one occasion, had been under the influence of liquor that had been given them there, the school board decided last night to institute police court proceedings against the proprietor of the premises in question. The two boys have expressed willingness to give evidence and they will be called in to conference with the board at an early date. The police department is also to be asked to take steps to prevent minors frequenting pool rooms.

The matter was discussed at some length by the board with Mr. Brady. The two boys in question are both 17 years of age and are taking first year work at the High School. Other boys had also confessed to frequenting pool rooms but they had given their promises that they would discontinue the practice. As long as boys were welcomed in such places and the parents did not seem to care, it was impossible to do much with them at school, Mr. Brady said. There might be some effect, however, if the board communicated with the parents. If it were possible to get a conviction against the proprietor of the pool room in the specific case cited, prosecution proceedings should be instituted once the board agreed. Accordingly it was decided to move in that direction. Letters will also be sent to the parents of the boys in question and the boys themselves stating that continuation of such conduct cannot be permitted and stringent measures will be taken if it does not cease.

Criticism was also made of the laxity in enforcing the curfew law in the city and it was also decided to communicate with the police commission on this matter.

MRS. H. WALKER DIES VANCOUVER HOSPITAL
November 15, 1914.

Field Marshal Lord Roberts is dead on the western front, having succumbed to an attack of pneumonia while on his way to the fighting line to review the East Indian troops.

The noon telegraph service of the Daily News is given readers by courtesy of the G.T.P. telegraph line, the government service being out of commission on account of snow up the line.

Despite recent losses, the British fleet still outnumbered that of the Germans by something like four to one.

Do You Know?
THAT nine-tenths of the grouchy, sour-faced people in the world are stomach sufferers? If these people would go to their Drug Store and get a package of Jo-To to the world would be a brighter, happier place. Jo-To stops all stomach misery in two minutes. All Drug Stores.

BASKETBALL SEASON ON
Maple Leafs Win Over Gil's; Colts Over Grotto, and Elks Over Colts—Record Attendance

Before large crowds of fans which taxed the accommodation in the Elks' Home to capacity, Maple Leafs (Ladies' League), Colts (Intermediate League) and Elks (Senior League) won opening honors at basketball last night. The three games resulted as follows:

Ladies' League—Maple Leafs, 25; Gil's, 17.
Intermediate League—Colts, 34; Grotto, 13.
Senior League—Elks, 49; Colts, 18.

The most keenly contested match of the evening was that between the Maple Leafs and Gil's. The Canadian girls got off to a good start in the first half and piled up a big lead over their opponents. The young ladies flying the eagle store colors came back in the second half, however, and ended up not far from victory by making a total of 17 to the Canadian 25.

The players were:
Maple Leafs—Myra Harvey, Lillian Lowe, Margaret Graham, Lonie Fisher, Aileen Stephens and Laura Frizzell.
Gil's—Caroline Mitchell, Leonie Parker, Marjorie Lancaster, Willa Dyer, Mary Long and Catherine Harvey.

Intermediate League

In the Intermediate League, the tobacconists put up a better opposition than might be indicated by the 34 to 13 score in favor of the renowned Colts' crew.

Colts—Eddie McLean, W. Wrathall, R. Smith, Arthur Phillips and George Shenton.
Grotto—W. Cavalier, H. Berryman, Vincent Meagher, W. Gray, Dido Gurvich and George Hills.

Senior League

The Colts were disappointing in the Senior League and were submerged by the Elks to the tune of 49 to 18. The lodge men had two old towers of strength—Dave Balfour and Eddie Smith—on the forward line who, with Willie Lambie, tested out and found wanting some of the Colts.

C.P.R. steamer Princess Beatrice, Capt. R. Thompson, arrived from Vancouver and wayports at 7.30 this morning and returned south at 11 o'clock.

Mr. and Mrs. A. Lionel Holly leave on this evening's train for Toronto on a vacation trip. Mr. Holly also expects to obtain treatment for injuries received in the war.

The girls of the Methodist Church mission band under Miss Haddock, held a novelty sale and tea in the church social hall yesterday afternoon. The affair was quite successful and about \$30 was realized.

Don't miss Mooseheart Bazaar at Metropole Hall, November 18 and 19. Ford touring car to be given away. Dance at 10 o'clock November 19. Refreshments served. Admission 50c. Everybody welcome.

James Carthew of Nanaimo arrived in the city on the Princess Beatrice this morning and will proceed this evening by train to Smithers where he will take a position for the winter in J. Mason Adams' drug store. Mr. Carthew is a member of the Nanaimo Gyro Club.

Brigadier Sims, territorial young people's secretary for the Salvation Army, arrives in the city from Winnipeg on this evening's train and will proceed to Alaska on the Princess Mary next Monday. Tonight he will give a lantern lecture in the citadel for children followed by a public meeting.

The school board last night granted the use of the Booth Memorial School auditorium for lectures that may be given this winter under the University of British Columbia extension course. The request was brought before the board by Principal Brady who said that, among the lectures, was one on "City Management" by an eminent authority. The school board assumes no obligation in connection with the holding of the lectures.

YOU CAN GET RID OF DYSPEPSIA

By Taking the Fruit Treatment In the Form of "Fruit-a-lives"

You can get rid of the pain; the heavy, uncomfortable feeling; the bilious attacks, headaches and constipation that accompany this trouble. The Fruit Treatment—which is the intensified juices of apples, oranges, figs and prunes combined with tonics—will always relieve Dyspepsia. Mrs. Thomas Evans, Everett, Ont., says: "I have been troubled for years with Dyspepsia, Liver and Kidney Disease from which it was impossible to get relief until I took 'Fruit-a-lives'. Thanks to their wonderful results, I am free of these ailments and am in normal health again." This is the kind of proof that convinces. The Fruit Treatment—"Fruit-a-lives"—is sold by all dealers at 25c. and 50c.—or sent postpaid by Fruit-a-lives Limited, Ottawa, Ont.

Charles Atkinson, local halibut fisherman, is sailing tonight on the Prince Rupert for Vancouver. His ultimate destination is Yarmouth, Nova Scotia, where he will spend the winter.

Mr. and Mrs. B. J. Newell are leaving on the steamer Prince Rupert tonight enroute to their home at Barrington Passage, Nova Scotia. They have been here since last spring when they came out from the East. Mr. Newell is a brother of Capt. B. M. Newell who is also going south.

A request being made to that effect, the school board decided last night to pay P. Cameron \$1 a trip or \$2 a day for carrying pupils from Westview to Borden Street school. Heretofore, Mr. Cameron has been paid 75c a trip. Miss Mills suggested that some safeguard against children falling out of the rear of Mr. Cameron's truck should be made. This matter will be taken up with a view to having the back of the vehicle closed in.

The Prince Rupert Parent-Teachers' Association has supplied Borden Street School with a set of the Books of Knowledge. Receipt of the books was acknowledged with a vote of thanks by the school board last night. The board proposes to purchase a set of Encyclopedia Britannica for the High School. Mrs. P. I. Palmer has offered to sell a set for \$90 and Arthur Bailey one for \$75. The board decided to defer purchasing until quotations on a new edition have been received from the publishers.

SALVATION ARMY CONCERT IS HELD

Affair Staged in Citadel Last Night in Aid of Forthcoming Home League Bazaar

There was a good crowd in the Salvation Army Hall last night at the miscellaneous shower and concert in aid of the Home League sale which is to be held on December 6. There were a large number of articles donated, admittance being in this way. Various items on the program were well rendered and a very pleasant hour was spent. Refreshments were served.

Capt. Rea presided and the program was as follows:

Opening song; prayer, Bible reading; pianoforte solo, Miss Elva Mumford; solo, Mrs. Cadwallader; recitation, Tom Smith; trio, Nellie Gurvich, Helen Sims and Annie Smith; reading, Mrs. McLean; piano solo, Mrs. Pifford; recitation, Lieut. Gardner; violin solo, Nellie Gurvich; recitation, Miss Mumford; instrumental solo, Miss Edith Leek; trio, Mrs. Carlyle, Mrs. Smith and Mrs. Cadwallader; recitation, Mrs. Piper; solo, Mrs. Bunn; recitation, Mrs. Carlyle; piano solo, Miss Violet McCutcheon; reading, Miss Mumford; dialogue, A. McKinley and E. Harman.

FISHING BOAT OWNERS MEET

Election of Officers and Decision on Municipal Wharf Project Deferred Until Next Thursday

The annual meeting of the Fishing Boat Owners' Association was held last night in the city police court, President B. M. Newell in the chair. Reports submitted by Secretary H. M. Daggett indicated that there had been a measure of success attending the activities of the Association during the first year of its existence. In view of the fact that there was not a very large attendance, it was decided to defer until next Thursday the election of officers. Mayor Newton was in attendance and explained the object the city had in view in exchanging its rights in Cow Bay for a piece of waterfront east of Cow Bay. There was some informal discussion on the matter but it was also decided to defer making any recommendations until there was a fuller attendance.

GOVERNMENT SAFE FOR THIS SEASON

That is Impression Gained from Association with Members in Legislature

(Special to Daily News)
VICTORIA, Nov. 15.—There is little chance of anything adverse happening to the Government during the present session. There has been a certain amount of wild talk but that is largely for the consumption of the constituencies. No member of the Legislature wants another election and no reasonable labor member would put a Liberal Government out in order to put Conservatives in.

The session will be short and devoid of any great interest. So far as the proceedings are concerned, there is little this year to differentiate it from former sessions. Judging from the general attitude of members around the House it would look as if the present administration was likely to remain in office for the next three or four years.

Church Notices

Central City Mission
Home of the Fourfold Gospel, corner Sixth and Fulton. Services and subjects for the week as follows: Sunday—11 a.m. Worship; 2 p.m. Sunday school; 7.30 p.m. The Truth of God. "Child's Eyelids Inflamed. Stuck Together and Bled"

Mr. E. P. Kimball, Entwhistle, Alta., writes: "Our little girl from birth was troubled with inflamed eyelids and in spite of several remedies, grew worse until at the age of six months her eyes could not be opened after sleep without bleeding, a waxy discharge sticking the lids together and adhering with great tenacity. The child's grandmothers were consulted by mail, and both responded with a little sample box of Dr. Chase's Ointment. These were used as directed, and lasted until we could obtain a further supply from Edmonton. Improvement was very marked from the first application. The waxy discharge was easier removed and did not reappear. Inflammation subsided and has not returned."

Dr. Chase's Ointment
60 cts. a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Land, unreserved, surveyed and suitable for agricultural purposes, and which is not timbered, and which is over 5,000 board feet per acre west of the Coast Range and over 10,000 board feet per acre east of that range, may be pre-empted by any person over 18 years of age, by simply declaring intention to pre-empt, and by paying the price thereon. British subjects, conditions upon residence, occupation, and improvement for agricultural purposes.

Information concerning regulations regarding pre-emption is to be found in the Land Series, Pre-empt Land, copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Land will be granted covering land suitable for agricultural purposes, and which is not timbered, and which is over 5,000 board feet per acre west of the Coast Range and over 10,000 board feet per acre east of that range. Applications for pre-emption are addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner. Pre-emption must be occupied for years and improvements made to the value of \$10 per acre, including building and cultivating at least five acres before a Crown Grant can be issued.

For more detailed information see Bulletin "How to Pre-empt Land."

PURCHASE
Applications are received for purchase of vacant and unreserved lands, not being timbered, for agricultural purposes; minimum for first-class (arable) land is 10 acres, and second-class (grazing) 250 acres. Further information regarding purchase or lease of Crown lands is given in Bulletin "Purchase and Lease of Crown Lands."

HOMESITE LEASES
Vacant areas not exceeding 20 acres may be leased as homesites, residential upon a dwelling being erected in the first year, title being transferable after residence and improvement conditions are fulfilled and has been surveyed.

LEASES
For grazing and industrial purposes not exceeding 640 acres may be leased by one person or a company.

GRAZING
Under the Grazing Act the Province is divided into grazing districts, the range administered under a permit issued by the Commissioner. Annual grazing permits are issued based on the number of head of stock, and are ranged, priority being given to established owners. Stock-owners may, by application, be placed on a permit, free of charge, and are available for settlers, miners and travellers, up to 100 head.

10 "Wents" \$5.00

None other than John E. Davey of fish buying fame is responsible for the latest waterfront story upon the ready reckoning capabilities of a Chinaman. The story goes that a Chinaman employed by the city on removing ashes when up to the City Hall for his five dollars. It took considerable time for the lady clerk to understand what the Oriental wanted. After repeated efforts to make himself understood, and getting a little heated during the controversy, the Chinaman came out with "You no savvy movee dust. I take dust for you, 10 comes, 10 goes at 50 cent a went, allee I want five dollar. You savvy now." It transpired after a little further careful thought on the part of the cashier that I come and I go constituted a round trip—in the language of the Oriental "one went"—and the amount of five dollars was duly paid over, namely 10 "wents" at 50 cents a "went."

Fish Business

From Monday to Friday 936,800 pounds of halibut has been marketed on the Fish Exchange. Americans were high at 16.3c and 8c and low at 14.2c and 6c. Canadians were high at 14.9c and 6c and low at 12.9c and 6c. Arrivals were: American—Waye, Omaney, Alaska, Yukon, June, Wizard, Allen, Bonanza, Brothers, Lumem, Constitution, Senator, Helgeland, Young America, Western, Brisk, Forward, Prosperity, Foremost, Seymour, Sherman, Sunsett, Arrow, Lincoln, Superior, Rainier, Daly, Valorous, and Defence. Canadian:—M. M. Christopher, Pair of Jacks, Dolphin, Livingstone, Johanna, Koyousu, Imperieuse, Hippo, Cayzeon, Mab and Toodie.

Wednesday was the last day on which fishing schooners could clear for the deep sea grounds for halibut and consequently a number of the Canadian and American boats arriving in port over the Thanksgiving holiday have ceased work until the re-opening of the season in February. The American schooners Seymour, Sunset, Lincoln and Superior left this week for Seattle while the Canadian schooners Imperieuse, Capt. Hines; Koyousu, Capt. Ritchie; the Pair of Jacks, Livingstone, Johanna and Toodie have gone to winter anchorage.

Nautical Thanksgiving
Thanksgiving Day was fittingly observed along the waterfront, and a large number of nauticals took advantage of the excellent weather conditions to try out their fowling pieces. According to old timers the greatest exodus in the history of local nauticals took place over last week end. With several of the large schooners out with big parties, the birds and game on the unbeaten paths came in for their share of exciting moments. Game was reported plentiful and good bags were secured. Owing to the heavy arrivals of halibut the Fish Exchange functioned as usual.

Capt. L. Voge, skipper of the Canadian schooner Selma, went south on Wednesday night's steamer, on a business trip in connection with his future engine requirements. Cap is contemplating putting a semi-diesel engine in the Selma in readiness for the re-opening of the halibut season in February.

The schooner Ringleader, Capt. Sollows, is on the McLean ways for general overhaul. The schooner Point May, Capt. Chas. Wallace, is also on the same ways for interior fixing.

Foxes Doing Fine
Capt. Andrew Ness, skipper of the schooner Inez H., is just back from his blue fox ranch situated on Ness Island just off Kitkatla at the south end of Porcher Island. The six pair of blue foxes recently imported from Juneau, and which have been installed in their island home, are doing fine and seem to revel in the B.C. climate. Cap has several very clear snapshots of the islands, and on one of the exposures a blue fox is plainly seen silhouetted against the water. The foxes have become very tame and will follow around the food pail like a bunch of puppies. Two men are now busy on the island erecting living quarters for themselves and feed houses for the foxes. Capt. Ness says it is a "fine close season occupation."

V. Bawlf, who is interested in several mining ventures in Stewart, has made arrangements to graze between 30 and 40 head of his pack horses at Wyclome Harbor, Kitkatla Inlet, during the winter. Mr. Bawlf is very much

Two Broken Ribs
The Canadian schooner Imperieuse, Capt. Teddy Hines, was forced to return to port this week earlier than anticipated owing to an unfortunate accident to T. Eide, a member of her crew, who had two ribs broken when caught in the gurdy while fishing on the deep sea banks. A set screw on a shaft of the gurdy caught Eide's clothing and practically stripped him at the same time crushing him against the machinery and breaking his ribs. The injured man was admitted to hospital immediately upon arrival in port.

Congratulations
The congratulations of the waterfront fraternity were tendered "Doc" Clapperton on the occasion of the celebration of his 65th birthday on Thursday. It is hard to believe that Doc is 65 years of age. He has a great deal more "steam" than a good many men at twenty one and takes more interest in the Callies football team, during the soccer season, than perhaps anyone else in the north. Doc is still as nimble as a monkey on a hot griddle and often talks about the time when he used to have the "mitts" on with Jim Mace, the world's bare-fisted champion, which is harking back some. As a token of respect to Doc the crews in port on Thursday had three "mug-ups" on Thursday morning instead of one. Keep up the good work, Doc!

Newell, and Gibson, Capt. Herman Newell, took out the party last Monday week and returned on Sunday. Those present to witness Ernie's wonderful double-barrelled tricks included the Nickerson Brothers, Newell Brothers, Bill Williscroft and Charlie Larkin. The weather was ideal for hunting and everyone in the party got a number of ducks and geese, with an occasional deer thrown in for good measure. The largest bag of ducks fell to Ernie, however, who killed so many that long before his lawful quota had been gained, he felt so sorry for them that he gave the shooting a rest and amused himself loading the other fellow's gun. Ernie says he did so much firing and killing of game that he got tired of the sport and dug for clams.

Buying advertised products is a bond investment---not a stock speculation

struck with the nature of the country in that district for grazing purposes and considered there is enough natural feed thereabouts for a thousand head of cattle. He thinks cattle raising should be a profitable venture.

Two Broken Ribs
The Canadian schooner Imperieuse, Capt. Teddy Hines, was forced to return to port this week earlier than anticipated owing to an unfortunate accident to T. Eide, a member of her crew, who had two ribs broken when caught in the gurdy while fishing on the deep sea banks. A set screw on a shaft of the gurdy caught Eide's clothing and practically stripped him at the same time crushing him against the machinery and breaking his ribs. The injured man was admitted to hospital immediately upon arrival in port.

Congratulations

As a token of respect to Doc the crews in port on Thursday had three "mug-ups" on Thursday morning instead of one. Keep up the good work, Doc!

Loggers Back
The Linsell Bros., who have

been engaged during the past season on logging operations for the Georgetown mill at Wark Channel, arrived in port this week on their power boat Jiggs having in tow the scow used as living quarters. They have suspended logging operations for the present.

Capt. Claude Ketchum has about finished his logging operations on Tucks Inlet, and a boom of some million feet of logs is nearly ready for transfer to the Georgetown mill.

Capt. Jud Thurber, and Jimmy Marshall, who have been out on a week's hunting trip on the former's schooner Muirneag, to Grenville Channel, returned to port on Wednesday. Cap reports that game is plentiful in that vicinity and a good bag was secured. The weather was ideal for hunting although dirty seas were encountered on the return trip.

Pete Leighton, skipper of the power boat Verna L., has been admitted to hospital.

Charlie Starr and Lance Styles, leading lights of the Pacific Fisheries, were out hunting over last week end. Charlie tried hard to hit something but failed miserably. Lance thereupon accused C. A. Kirkendall of monkeying with the sights on Charlie's rifle and it is on the cards C. A. will come up for summary trial before the Mosquito fleet admiralty court.

Gavigan Joins Dahl
The latest halibut schooner deal was closed this week when J. G. Gavigan, of the Rupert Table Supply Co., took partnership in the schooner Hippo with Capt. H. Dahl. The Hippo is one of the most consistent fishing schooners in the home fleet for volume of fish caught and ar-

rived yesterday morning with a nice little catch of 12,000 pounds which went to the Atlin Fishery at 14.8c and 6c. Capt. Dahl is an old timer in the fishing game and it is said has an uncanny smell for the haunts of the halibut.

Henry Collison of Kitkatla is in town and is preparing to entirely refit his fishing boat in readiness for the opening of the halibut season in February.

Some people are wondering who the waterfront celebrity was who ate so many beans at the Elk's roll call, he could neither answer his name when called or get to work the next morning?

I pay the highest prices for raw furs. See me before you sell. My reputation for honest dealing is unquestioned. W. GOLD-BLOOM, Second Ave.

BETS ON COLLECTORS
RUSHDEN, Eng.—"Gambling is actually carried on in our churches," said the Rev. J. A. Sutherland speaking at a meeting of the Northamptonshire Baptist Association.
"During a service it has been known" he declared "that when the two sidesmen were taking the collection, young people in the gallery bet on which of the two would finish first."

Is your wife wiser than you?

IF YOU read only the stock and sporting pages, and your wife is like other women, she is wiser than you. She reads the shopping news.

She likes to hear you jingle money in your pockets. She likes to stretch money to the limit, so she won't have to ask for more. She likes to shop strategically. Know what she does.

Comfortably at home in a cushiony armchair, she scans advertising columns. She compares, judges and selects the goods she desires; maps her route; with least effort and minimum time, goes direct to the planned store and buys.

She obtains what she wants at the lowest price it is offered. She is certain of full satisfaction, for she knows advertised goods live up to their claims. She saves time and steps, and returns sufficiently alert to enjoy new advertisements--and to prepare you an appetizing dinner.

These advertisements are written for your benefit too. Read them. Help her help you save.

"The Enemy Sex"

A brilliant love-comedy produced by James, Covered Wagon Cruise and made to entertain. The adventures of a beautiful "gold-digger," amid the gold fields of Broadway, who loved the Bright Lights because they were danger signals and danger only made her smile. The charge of the White Light Brigade on the stage doors of Broadway. Four millionaires versus a girl and she wins every skirmish. She called herself a "salamander" because salamanders can go through flames without being scorched. They all fell for her silken charms. Luring lips—but unmissable; inviting eyes—but unfathomable; you'll just love Betty in "The Enemy Sex." The loveliest of screen heroines in the jazziest of butterfly pictures.

COMEDY—Ben Turpin in "Where is My Wandering Boy This Evening."

YOU WANT THE FINEST CANNED SALMON

"Rupert Brand"

Selected

Skeena Sockeye

For picnics, choose "Rupert Brand" Salmon. A few tins in the pantry are always handy. Stock a supply on your boat—that's a good idea. SOLD EVERYWHERE.

Canadian Fish & Cold Storage Co., Ltd.
Prince Rupert, B.C.

USUALLY when fire breaks out it is too late to avert the loss of valuable papers locked up in a drawer in office or home. The cost of protection is generally far less than the expense of replacing one document—provided it can be replaced. Don't put off renting a Safety Deposit Box until it is too late.

Prince Rupert, B.C.

Daniel Alfred Johanson Skogo and Ludvik Omlandvik, local halibut fishermen, left on last night's train for New York where they will board the steamer Bergensford on November 25 and proceed to Norway where they will spend the winter. The former is destined for Trondhjem and the latter for Bergen.

Do You Know?

THAT if you neglect the minor signs of stomach distress such as gas, pains, sour burning stomach, bloating, belching, and after-eating misery, you are condemning your body to years of chronic stomach trouble. Jo-To sold by druggists everywhere will quickly relieve all stomach misery.

OVERWHELMING MAJORITY IN SILENT ELECTION

Prince Rupert Women Register Interesting Vote to Save Money and Lessen Work

It is a sign of the times that women should demand more authority in their homes. Not that they want all their own way but that when comfort and economy are at stake they are usually better judges than their husbands. They are at home all day and know more about the things that go to make for the comfort of the home than the husbands who come home at night expecting everything to be just so. This is why so many Prince Rupert ladies insist on having Nanaimo-Wellington coal. They have made a study of coal and have discovered that Nanaimo-Wellington is far superior to its competitors. Very little lasts a long time. If drafts are shut off at night the fire will be there in the morning. No rock, very little ash and no slack are other points in favor of Nanaimo-Wellington.

This famous coal is sold only by Albert & McCaffery. They have their own team and trucks and assure prompt service. Order direct from them and be sure you get the only coal—Nanaimo-Wellington. Their phone numbers are 416 and 561.

Teddy Hines, charged in the city police court this morning with assault, was remanded until Monday.

N. W. Swan, an American citizen, appeared in the city police court yesterday afternoon charged with having firearms in his possession. His revolver was confiscated. It is unlawful for aliens to have firearms in their possession here.

Treat Colds Externally

For sore throat, bronchitis or deep chest colds, rub Vicks VapoRub briskly over throat and chest and cover with warm flannel. Vicks acts in two ways—both direct: absorbed like a liniment and inhaled as a vapor. A quick relief for the cold troubles of all the family.
