ROUND-THE-WORLD FLIGHTS ARE HELD UP

NEW FRENCH CHAMBER OF DEPUTIES IS TO HAVE SENSATIONAL NOVELTIES

Stuart MacLaren has Water in Petrol and Americans Delayed on Account of Rainy Weather

ALLAHABAD, India, May 15.—Squadron Leader A. S. C. Stuart MacLaren, the British aviator engaged in a flight around the world, was unable to hop off from Allahabad today on account of the presence of water in his petrol supply. The commander of the flight expresses the hope that this will be remedied and that he will be able to leave tomorrow for Calcutta. The latter point is a supply base for the flight and it is likely that he will remain there for a day or so, although it is possible, if all is going well, that he may continue at once to Akyab in order to make up for time already lost.

SUBSIDY IS INCREASED

Government Guarantee to Empire Exhibition Raised to £600,000—Millionth Visitor

LONDON, May 25.—The House of Commons has agreed to an increase of the guarantee in connection with the Empire Exhibition from £100,000 to £600,000. The millionth visitor paid to enter the exhibition yesterday. Secretary of Colonies Thomas expressed the hope personally that the exhibition would continue as a regular feature of Empire development.

NEW SCANDAL FOR ONTARIO

Investigation Brings Forth Irregularities in Connection With Road Work

TORONTO, May 15.—Minister of Public Works and Highways Healy states that Ontario has what appears to be a brand new scandal. For months his department has had investigators working on roads built during the past four or five years and information is that the province in some cases did not receive proper returns for the money paid.

PARTY ORGANIZERS COMING FROM SOUTH

J. G. Turgeon Expected Shortly and J. E. Merryfield Will Arrive to Assist Conservatives

With the campaign for the forthcoming provincial election warming up, announcement is made that party organizers will be in the district from the south at an early date.

J. G. Turgeon, Liberal organizer, after a trip into the Kootenay country on which he is now embarked, will arrive in Prince Rupert, J. E. Merryfield, Conservative organizer, will also be here soon to assist the Conservatives of this city, Atlin and Fort George in their campaign arrangements.

MINE WAGE DISPUTE IS COMING TO END

LONDON, May 15.—An agreement was reached today settling the prolonged dispute over miners' wages. The Miners' Federation recommended that a full delegate conference meeting be held on May 29 to endorse the agreement.

CORDOVA, Alaska, May 15.—Delayed yesterday by rain and otherwise inclement weather, the three United States round-the-world flying machines are still at Atlu Island. They hoped, however, to be able to hop off today on the 878 mile jump over the top end of the Pacific Ocean to Paramushiri Island, Kurile group.

MEMBER OF BRITISH HOUSE LOSES SEAT

Frank Gray, Liberal for Oxford, Removed, Following Petition Against His Election

LONDON, May 15.—Frank Gray, Liberal member for Oxford, has been unseated as a result of the hearing of a petition against his election on the ground that election expenses exceeded the legal minimum. The judge said that Gray had done much that was foolish and reprehensible but acquitted him of any charge of wrong doing.

Dr. Charles William Eliot, president emeritus of Harvard University, recently celebrated his ninetieth birthday. His address to the students included advice not to put off marriage too long.

ROAD SURVEY TO FINISH TOMORROW

The Skeena river road survey, under the direction of the government surveyor D. J. Bergin, will close down tomorrow the survey from the city limits to Galloway Rapids having been completed.

TONIGHT'S TRAIN IS EIGHT HOURS LATE

Eastbound Will Pull Out at 8:45 —New Time Table Effective Next Week

On account of trouble in the East, tonight's westbound passenger train is late and is now due to arrive at 12:30 midnight, eight hours behind time. The train for the East will go out at 8:45 tonight. This will likely be the hour of departure on a few days yet as the tunnel trouble near Doughty has not yet been entirely cleared up and passengers are required to walk around for their personal safety. As the time for arrival here under regular schedule is about 4 o'clock in the morning, the trains are being delayed so as the passengers may not be aroused too early. Effective next Sunday the new train time-table will be in operation with trains departing for the East at 5 o'clock and arriving at 4 o'clock.

FISH ARRIVALS

Five Boats Sold Catches Totaling 51,000 Pounds at Exchange this Morning

Two American halibut schooners sold catches totalling 39,000 pounds at the local Fish Exchange this morning and three Canadian boats brought in 12,000 pounds. The Americans received an average of 10 1/2 c and 5c per pound and the Canadians 9c and 5c. A couple of salmon boats sold at prices over 12c and 3c for red and white fish respectively.

CRUISERS PROGRESS

Vanadis Will Have Trial Trip at End of Week and Rividis Will be Launched

The new fisheries cruiser Vanadis, recently launched at the local dry dock, will be taken out on a trial trip at the end of the week. John W. Allen, departmental inspector, is here from Vancouver in connection therewith. The second cruiser Rividis will be launched about the end of the week.

T. F. Chipchase, nearest camera, is regarded as England's greatest hurdling discovery at the elimination events from which the team to represent Great Britain at the Olympic games will be chosen.

Representative from Alsace can Speak German Only and Another Wears Breton Garb of Old Gaul

PARIS, May 15.—The new French chamber of deputies is to have two sensational novelties—a deputy who addresses it in German and a deputy clad in the Breton variety of garb of old Gaul. The former is M. Hucher, communist, from Alsace, who is obliged to speak in German because he cannot speak anything else, and the latter, the Liberal deputy from Pontivy, Joseph Gadio, who wears a kind of an Elton jacket waistcoat with the cloth elaborately embroidered in red, while the rest of the garments are of black silk.

GYROS FROM SOUTH WILL BE HERE NEXT WEEK ON WAY EAST

Rowe Holland, international vice-president; Fred Brown, president; James D. Small, treasurer, and other members of the Vancouver Gyro Club will be in the city next week on their way to the international convention at Detroit. Arrangements are being made by the local Gyro Club for the entertainment of the visitors while they are here. They will arrive from the south on the steamer Prince Rupert and will take the train out the same day so they will not be long in the city.

CAPT. GRIFFITHS AND PARTY VISITED CITY

Head of Coastwise Steamship & Barge Co. Here Last Night on Private Yacht Sueja

Capt. Griffiths of Seattle, head of the Coastwise Steamship & Barge Co., Mrs. Griffiths and their guest, Miss Lillian Russell of Vancouver, were in the city for a short time last evening while Capt. Griffiths' private yacht Sueja was taking on oil at the Imperial Co.'s dock.

Capt. Griffiths is on one of his regular trips to Stewart and Anyox and the party will be back on Monday or Tuesday southbound.

HUGE EGG LAID BY OAKLAND HEN

OAKLAND, Cal., May 15. A hen, a Rhode Island Red, owned by Mrs. R. A. White, who lives near here, has produced an egg weighing six ounces and measuring 8 1/2 by 9 1/2 inches in circumference. Enclosed in the egg was another large egg, shell and all, and three loose yolks. The hen's eggs had been increasing in size daily before the mammoth egg appeared.

JACK RENAULT WINS BY KAYO

Bout Last Night With Joe White of New York Stopped by Referee in Seventh Round

PROVIDENCE, May 15.—Jack Renault, the Canadian heavy-weight champion, scored a technical knockout over Joe White of New York in the seventh of a scheduled twelve-round bout here last night. Renault knocked White down in the second and third rounds and had his opponent at the verge of a knockout when the referee stopped the bout.

ROUND-UP OF WILD HORSES IS PLANNED

EDMONTON, May 15.—The provincial department of agriculture is planning a round-up of about 10,000 wild horses from the range districts of the province some time in June.

GRAIN TRAFFIC SHOWS GROWTH

Movement From Country Elevators to Ships Will Continue For Some Time

WINNIPEG, May 15.—The movement of grain from country elevators in the western provinces to the head of the lakes and to Vancouver is likely to continue at high pressure for some time according to officials of the Canadian National Railways here. Since the opening of navigation on the Great Lakes on April 21, 6,477 cars have been delivered there by the Canadian National Railways, a daily average of 293 cars as against a total of 3,854 cars, a daily average of 175 for the same period of last year. Approximately 70 cars are being delivered daily to Vancouver at the present time and since September 1, 1923, a total of 14,393 cars had been delivered to the Pacific port to midnight, May 13, as against 4,328 cars, during the same period to May 13, 1923.

Total inspections of grain on all lines from April 21 to May 13 were 14,078 cars, of which, 8,683 or over sixty per cent were Canadian National Railway.

Since September 1, 1923, 186,382,000 bushels of grain had been loaded over Canadian National western lines to May 13, 1923. Total loadings for the same period 1922-23, were 151,902,000 bushels.

Grain in storage at country elevators on C.N.R. lines on May 13 totalled 24,927,000 bushels as against 8,203,000 bushels on the same date last year.

MINISTERS NOMINATED

Hon. E. D. Barrow Will Run Again in Chilliwack as Will Hon. Wm. Sloan in Nanaimo

VANCOUVER, May 15.—Two provincial cabinet ministers were nominated last night. Hon. E. D. Barrow, minister of agriculture, will again be the Liberal standard bearer in Chilliwack, while Hon. William Sloan, minister of mines, is again named to contest Nanaimo.

BRILLIANT STATE BALL FOR ROYALTY VISITING ENGLAND

LONDON, May 15.—The last state function in honor of King Ferdinand and Queen Marie of Rumania was a brilliant ball in Buckingham Palace last night. The guests numbered two thousand and included peers, ministers and many other distinguished personages.

King George and Queen Mary opened the ball by leading in the formal quadrille of honor. King Ferdinand leaves today for Bucharest but Queen Marie will remain in England for some time visiting with relatives and friends.

**ROTARY MARKS
HOSPITAL DAY**

Board, Secretary and Matron
Were Guests at Weekly
Luncheon — Money
Turned Over

COMMITTEES NAMED

Members of the hospital board, H. W. Birch, secretary of the board, and Miss Edith McCaul, matron of the hospital, were guests of the Rotary Club at their weekly luncheon today. President W. T. Kergin handed over to D. C. McRae, chairman of the hospital board, a check for \$1,000 being the sum guaranteed by the Rotary Club to complete the nurses' home. D. C. McRae and S. K. Campbell spoke on hospital matters. Later several members of the club proceeded to the hospital to take part in the ceremonies attending the observance of Hospital Day.

The following committees for the year have been appointed by the new president, Dr. W. T. Kergin:

Program—Jack Nichol (chairman), Tom Johnson, Harry Pullen, Billie Williams, Mike McCaffrey, Ernie Wakefield, H. S. Burn, George Woodland, Jim Lee, and Cyril Orme.

Boys' Work—George Rorie (chairman), George Bryant, Syd. Johnston, H. S. Burn, Walter Vance, and Geo. Richmond.

Rotary Education—Tom McClymont (chairman), Dunc. McRae, Theo. Collart, and Walter Fisher.

Fellowship—Jarvis McLeod (chairman), Dick Moore, Frank Kenny, and Jim Steen.

Public Affairs—Geo. Munro (chairman), Harry Rochester, Mike McCaffrey, and Stewart Mc-Mordie.

Publicity—Harry Pullen (chairman), Billie Williams, and Jim Steen.

Business—Stuart McLeod (chairman), Geo. Munro, John Dybhavn, and Fred Dawson.

Theo. Collart is appointed Sergeant-at-arms.

E. F. Doby, the first president of the Rotary Club in Prince Rupert, has resigned membership. Mr. Doby left the city some months ago and is now located in Washington.

**JAPAN TO BUY
LUMBER AGAIN**

**Will Not be Until Fall, However,
for Market is now Stocked
With Duty-Free Im-
portations**

VANCOUVER, May 15.—That Japan will be back in the market for lumber in from three to six months is the opinion of O. A. Jorgenson of the Whalen Pulp and Paper Company who has returned from a six months' business trip to Japan.

Mr. Jorgenson stated that everything in Japan now is at a standstill awaiting election results.

The Diet has been dissolved and nothing is being done by the government until the policy of the new government is outlined.

"The market is flooded with over-purchases of duty-free material, including lumber," said Mr. Jorgenson, and the liquidation of these stocks has had the effect of dampening prices even in this country.

"Stocks of paper have been replaced since the earthquake and from now on business in pulp and paper will be steady."

At the present time Japan is getting considerable lumber from the northern islands, but these imports stop in September and it is about that time Mr. Jorgenson expects Japan to commence buying here again.

**Route Selected May
Benefit This City.**

It is expected that the trans-provincial highway from Vancouver will ultimately be of some advantage to Prince Rupert now that the Fraser River canyon route has been selected. If the Fraser is followed straight through past Prince George, a highway east from this city may some day connect with it. While local people are more anxious to see a start made on the Prince Rupert end of a road towards the interior, it will be of some satisfaction to know that the other end of it is in the making.

**Institutions Of Value
To The Community.**

The Ladies' Musical Club in Prince Rupert is an organization which is to be commended on its activities. Besides giving instruction and entertainment to its members, the club has aided in developing and encouraging local talent for the benefit of the public as witnessed in the symphony orchestra which is affiliated with it. This organization has been heard to advantage here and has already afforded several pleasurable entertainments. Such institutions as these are valuable in community life.

**Laborites Holding Their
Own In Britain.**

Premier Macdonald and his Laborites are holding their own in the Old Country and are employing no little amount of strategy in doing so. On Tuesday night, with the assistance of the Liberals, they weathered a crisis which might have meant their overthrow. They seized on the rejection of the McKenna duties as a confidence measure and were sustained. As a matter of principle, the Liberals had no other alternative but to give support. The Labor government now seems safe for some time. At that, it appears to be dealing with national and international problems in a sane way and is making a better fist of things than was generally anticipated.

The Laborites were put into control by the masses in the Old Country who were not satisfied with living conditions after the war. Whether relief has come since they have been in power is a question but, at this distance, it appears that they are giving some measure of satisfaction. So far, the Labor administration in the Old Country has gained rather than lost friends and its popular—if not political—position may be stronger now than it was at the time of the election.

**Shipping Alaska
Spruce to England.**

It seems strange that spruce shipments should be made from Alaska to Great Britain when there is this great spruce district around Prince Rupert, development of which is mainly held up on account of market conditions. Recently British spruce buyers were in this district and they were unable to place orders. One of them went to Alaska and yesterday it was announced that a shipment of 50,000 feet had been made from Wrangell to Seattle and thence to England. Taking coals to Newcastle is commonly mentioned as an absurdity. Taking spruce to England from foreign territory when there is all kinds of it contiguous in British Columbia seems almost as absurd.

NEW ENGLAND FOND OF DAILY NEWSPAPER

Easterians Favor These While Those of West Come First in Magazine Reading

EUGENE, Oregon, May 15.—New York, New Jersey and the New England states are first in the United States in the percentage of newspaper readers, with the Pacific Coast states first in magazine reading and second in newspaper reading. Prof. George S. Turnbull of the University of Oregon here, has declared after a study of statistics.

Massachusetts was first in the nation in newspaper readers with 54 per cent, and California having a circulation of 1,860,000 daily papers among a population of 3,426,861, was second with 53 per cent. New York, 51.5 per cent, was third; Missouri, 47, fourth, and Oregon, 42, fifth.

Oregonians read 1.4 per cent of the number of copies of magazines circulated in the country, or nearly twice the average for any other state.

Thirty per cent of the 1920 population of the United States read the morning and evening papers, according to Prof. Turnbull's figures.

MUCH WHEAT LAND CONTRACTED TO POOLS

Winnipeg Officials Say That Eight Million Acres Already Signed Up

WINNIPEG, Man., May 15.—More than 8,000,000 acres of wheat land in western Canada will be signed up under contract to wheat pools this year, according to officials of the organizations in the three prairie provinces.

In Alberta, directors of the provincial wheat pool report that between 6,000 and 7,000 acres are being added daily to the contract acreage and they expect three or four million acres to be signed.

The Alberta area under contract to the wheat pool last year was 2,400,000 acres. Organization activities in Saskatchewan are expected to increase acreage 25 per cent. Eight hundred canvassers are busy in Manitoba province, who have an objective of 1,000,000 acres this year.

Making wash day pleasant—

Just use Rinso where you used to use bar soap—for soaking, boiling, or in your washing machine.

THE hardest part of wash-day, rubbing, rubbing, rubbing, has given way to the new method of soaking the clothes clean with Rinso. This wonderful new soap gently loosens the dirt and a thorough rinsing leaves things white and glistening as you never could get them before.

Only spots where the dirt is ground-in, such as neck bands, cuff edges, and a little dry Rinso rubbed on these spots quickly makes the dirt disappear.

Rinso is sold by all grocers and department stores

INDIGESTION GAS ON STOMACH PAINS AFTER MEALS

Many people suffer terribly from gas and pain in the stomach after every meal, and are kept in constant misery.

For the past 44 years Burdock Blood Bitters has been bringing hope and joy to thousands suffering from various forms of stomach trouble, helping them to eat three square meals a day; helping them to eat anything they wish, without having to suffer for it after.

Mr. Fred Nielson, Moose Jaw, Sask., writes:—“All last summer I was troubled with stomach trouble and indigestion, and also gas on the stomach. I could not eat anything except some light food and even then I would be bothered with pain after each meal. I could not work a whole day without being done out. I had tried everything: doctors, medicines and pills, until I read about Burdock Blood Bitters. I have taken four bottles and it has nearly, if not completely, restored me to health gain.”

Winnipeg Officials Say That Eight Million Acres Already Signed Up

WINNIPEG, Man., May 15.—More than 8,000,000 acres of wheat land in western Canada will be signed up under contract to wheat pools this year, according to officials of the organizations in the three prairie provinces.

In Alberta, directors of the provincial wheat pool report that between 6,000 and 7,000 acres are being added daily to the contract acreage and they expect three or four million acres to be signed.

The Alberta area under contract to the wheat pool last year was 2,400,000 acres. Organization activities in Saskatchewan are expected to increase acreage 25 per cent. Eight hundred canvassers are busy in Manitoba province, who have an objective of 1,000,000 acres this year.

EXTRAORDINARY MEETING HELD

Membership Fee is Changed and New Classification for Contributors Decided Upon

LOCAL MEN ON BOARD DISCUSSED

An extraordinary general meeting of the Prince Rupert Hospital Association was held in the city hall last night for the purpose of amending certain bylaws of the association. Mr. McEneaney, president of the board, was in the chair and the meeting was well attended. The various amendments came in for a good deal of discussion. Present at the meeting were T. Ross Mackay, A. H. Birch, secretary of the hospital; Rev. G. G. Backer, Collinson, E. McMeekin, E. H. Smith, D. G. Stewart, past president of the hospital board; H. Breen, W. Hill, J. H. Thompson, H. Geo. Rorie, G. H. Elkins, Waddell, Mrs. Morrissey, Dibb, Percy Tinker and Dibb. The amendment to section A of the bylaws of the association that the membership fee be reduced from \$5 to \$3 was moved by A. Haines and seconded by T. Ross Mackay and carried unanimously. The amendment that an additional clause be added to be known as sub-section C of clause No. 1, that each contributor contributing the sum of \$3 more, but not exceeding \$5 in the support of the hospital, be known as "sustaining member" was moved by D. G. Stewart, seconded by W. E. Collinson and carried.

The proposed amendment of section No. 4 in the association's constitution admitting one doctor to the board of directors with special powers came in for a deal of argument for and against. President, D. C. McEneaney said that the bylaws at present provided that no medical men should be members of the board of directors. It had been the expedient, however, in the interests of the hospital that members of the medical profession be on the board.

NOT IN FAVOR

D. G. Stewart was opposed to the idea and said he did not think there was a hospital in the city that permitted a doctor to be on the board of directors. To give them any special powers would be a mistake, he said. Collinson favored the suggestion. J. H. Thompson could not see why a medical man should not be on the board. He did not know what the custom at the hospital was a public

Teachers to Tour Dominion

Included in the itinerary are Lake Louise, left; Vermilion River, centre; Nipigon, where children are seen hoisting the flag, and Banff, right.

To teach the youth of Canada about Canada and the country justice it is first necessary that one should see Canada. That is the view of the Canadian Teachers' Federation and no one will question it. With the idea of correcting any deficiencies in this respect under which its members may be labouring the Federation, accordingly, has decided to make its trip to Victoria, B. C., for this year's annual convention as a personally conducted tour, lasting from August 4th to 12th and promising a very interesting and instructive programme for the pedagogues and their friends.

Arranged by Dr. A. E. Hardy, Vice-President of the Federation, and R. E. Howe, President, Provincial Association of Protestant Teachers, Quebec, in conjunction with the Canadian Pacific Railway, the tour covers as wide a field as is humanly possible in the time allotted. It will be made on a special train starting from Toronto and following the main line of the Canadian Pacific throughout. Stop-overs varying from a few hours to a day will be made at many points of interest along the route to give the teachers a full opportunity of seeing the sights at these places. Fort William and Port Arthur, the great inland grain ports of this country and the funnel through which Canada's huge crops pour out to feed the world, Winnipeg, the world's greatest grain market, and boasting the world's greatest railway yards in those of the Canadian Pacific, the bustling prairie cities of Regina and Moose Jaw, Calgary, the metropolis of the prairie provinces and a cow-town only a few years ago, Vancouver, the beautiful seaport on the mild Pacific coast which is forging ahead at almost terrifying speed—these are all entered on the schedule for prolonged inspection. A long stop will also be made at Banff Springs Hotel, the palatial hostelry in the heart of the Rockies where all the recreations provided, such as hiking, riding, swimming and mountain climbing, will be open to the

teachers. Lake Louise, called 'probably the most perfect bit of scenery in the known world', will also be visited, lunch being taken at the Chateau there. The magnificent run through the Rockies to the coast will be made in daylight.

The entertainments arranged for the teachers include many automobile drives, a reception at the Twin Cities, luncheon at Winnipeg and Calgary and a reception at Vancouver, under the auspices of the local Teachers' Association in each of the cities mentioned, luncheon at Regina as the guests of the Premier and Government of Saskatchewan, followed by a drive around the city in automobiles provided by the Rotary Club. While in Moose Jaw, the visitors will also be taken for a drive by the local Board of Trade.

A special return trip under similar arrangements for those who care to take it has also been planned. Starting from Victoria, it includes the wonderful run through the mountains over the Kettle Valley Railway, the steamer trips over beautiful Okanagan and Kootenay Lakes, through the heart of the fruit-growing country, thence to Lake Windermere, and by motor over the splendid new Banff-Lake Windermere Highway to Vermilion River Camp and Banff. Then come Edmonton, the prosperous gateway to Canada's rich Northland, Saskatoon, an important prairie city, Winnipeg, Kenora, Fort William and across the Great Lakes via the Soo to Port McNicoll and Toronto. This trip lasts from August 17th to 29th and includes a stop-over for dinner at Pentticon, dinner, a night's stay and breakfast at lovely Lake Windermere Camp, lunch at Vermilion River Camp, and a day at Banff, Edmonton, Winnipeg and Devil's Gap Camp, the delightful resort on the Lake of the Woods, near Kenora. The visits to the camps, the motor run through the mountains and the refreshing sail across the Great Lakes alone make this return trip infinitely desirable.

PROGRAM OF GRANBY CO.

Quartz Mining on Point Across From Anox to be Resumed—Making Preparations

FIRE PROTECTION

Further Exploration Work to be Carried Out—Dr. Bancroft is Coming in June

H. S. Munroe, general manager of the Granby Co., and Mrs. Munroe passed through on the Prince Rupert yesterday afternoon bound from Vancouver to Anox.

The program of the Granby Company for the present season includes the laying of a cable across Granby Bay to supply power to Granby Point where it is proposed to mine the remaining quartz tonnage. It is estimated that there are some twenty-five thousand tons of quartz that can be handled economically and, at the rate of sixty tons a day, output will be available for eighteen months. Rambler Quartz mine, the main source of quartz supply for some time past will be worked out in about thirty days more, although drilling west of this property is now being prosecuted in search for further deposits.

The re-opening of the Granby Point properties will necessitate the erection of several buildings to replace those destroyed by fire in July last. By the time the Granby Point quartz is used up, it is expected that the Maple Bay properties will be producing enough fluxing material needed for smelting purposes at Anox.

A new high pressure air line of ten inch pipe will be laid immediately between the Beach and the Mine and in order to safeguard the trestles on the ore line from fires, a six inch water pipe will follow the track, while an eight inch pipe will supply steam from Number Two power house to the business and residential section of the town.

Exploration work will be carried on in the immediate vicinity of Anox throughout the season in search for further deposits of mineral than those now known to exist. Dr. Bancroft, eminent consulting engineer, will arrive in Anox early in June, and will

GEORGE COLLINS VISITING CITY

Man Who Founded Canadian Fish & Cold Storage Co. Ltd. Here on Private Business

George H. Collins, who promoted the Canadian Fish & Cold Storage Co., Ltd. in 1909, and subsequently supervised the construction of the big plant at Seal Cove, is back in the city. He arrived from Vancouver on the Prince Rupert yesterday afternoon and will be here for a few days on private business. He is receiving a hearty welcome from many friends and pioneer businessmen with whom he was associated in the early days.

Mr. Collins left Prince Rupert nearly ten years ago and since then has made his headquarters in New York. He is now interested in mining and, while he did not state what his business was here at this time, it is understood to be in connection with mining.

Mr. Collins notices a healthy improvement in the appearance of Prince Rupert and his faith in the future of the place is as unbounded as it ever was. He declares that Prince Rupert should have an elevator but emphasizes the necessity of the city fighting for everything that it gets. It was ever thus, he says, for Vancouver offers strong competition and that aggressive city is out for everything it can get.

Mr. Collins expects to make more than one visit to Prince Rupert this year.

INTO THE ATTIC

Few youngsters today ever saw a horse-hair sofa. They wouldn't know what to do with a fire taper, carpet stretcher, or coal oil lamp. They couldn't braid rags into a rug, or wind yarn without tangling. But they know the how and why of typewriters, phonographs, telephones, automobiles; what happens when a push of the button gives light, or a kodak's flash fixes their image on paper.

Their education is as modern as the advertisements they see. They have no more use for the lamp and chimney of yesterday than you for the wick and tallow of the day before.

Advertisements induce such progress. They urge wide use that means improvement. They help you lift the out-of-date into the attic—rid you of the water buckets and soap kettles of slavery. They bring late improvements within your reach.

Read the advertisements regularly. Keep alert to the new.

Without advertising, you would never know a product's worth until you had bought it.

CANADIAN MUSIC STUDIED BY LADIES

Local Club Met Yesterday Afternoon at Home of Mrs. Woodland

The Ladies' Musical Club held its meeting at the home of Mrs. Geo. Woodland, Waldron Apartments, yesterday afternoon. The program took the form of a discussion on and the rendering of Canadian music. It opened with the singing of "O Canada" by the club members. Mrs. Woodworth read a paper on "Canadian Music and Musicians." Mrs. S.

Darton read a paper on "The Recent Musical Progress in Canada." Pianoforte solos entitled "Le Papillon" and "An Indian Love Song" were rendered by Mrs. Kenney. Mrs. D. Ross sang two solos entitled "Were I The Rose," and "Such a Lil' Fellow." Mrs. H. Ward played two pianoforte solos entitled "Spinning" and "Toe Cato." Mrs. P. S. Bonney sang "A Lullaby of the Iroquois." Mrs. J. P. McMillan sang "In Flanders Fields."

HAD A WEAK HEART WAS VERY NERVOUS FOR THREE YEARS

Miss Jessie Peterson, Zealandia, Sask., writes—'I wish to let you know how much good Milburn's Heart and Nerve Pills have done for me. For nearly three years I was very badly run down, had a weak heart, and was so nervous that sometimes I would almost faint away. I heard of many people who had recommended your Heart and Nerve Pills, so I decided to give them a trial. After I had used two boxes I found they had done me good, and after having taken five boxes I was completely relieved. I cannot recommend your Pills enough, and I would advise anyone having a weak heart or troubled with nervousness to use them.' Milburn's H. & N. Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PARENTS MADE CHILD BECOME CRIMINAL
Confesses Mother and Brother Forced Her to Aid in Burglaries

NEW YORK, May 15.—The story of Bill Sykes and Nancy was retold in magistrate's court when Catherine Irwin, 18, declared her brother and her mother had forced her to become an accomplice in alleged burglaries.

She testified against Hyman Jaekerson, charged with receiving stolen goods from her brother, William, and Marcus Curtis.

Mrs. Catherine Leary, a social worker, then told the court how the girl had sought refuge with her after being cruelly beaten by her family. "I knew what I was doing was a crime, but I couldn't help myself," the girl told the court. "Many times I wanted to run away, but I did not know where to go.

"Then when I heard something about my little brother being taken on stealing jobs I decided I must do something. I told my mother and brother how I felt and they told me that if I didn't do what they wanted me to, I would have to get out.

"Then they beat me. I was bruised all over my body. I ran away and went to Mrs. Leary's house."

Mrs. Leary, a social worker told the court of the bruises on the girl's body.

Jaekerson was held for the grand jury. Irwin and Curtis already are being held for trial.

SCHOOL OPENED IN ALASKA FOR FAMILY OF 15 CHILDREN

SEATTLE, May 15.—Uncle Sam has opened a school to give an education to one family of 15 boys and girls, the largest in Alaska, according to Jonathan Wagner, chief of the Alaska division of the United States Bureau of Education, who stopped in Seattle en route to his headquarters in the Northern Territory.

"Nikaly, Indian chief of the Knjiks tribe of Central Alaska, heads the largest family in the territory," declared Mr. Wagner. "Owing to a government ruling a school must be provided where there are 15 or more persons in one district."

"Several years ago Nikaly and his family, which was slightly smaller in number then, settled near the Matanuska coal fields. No natives had previously located in that district. But when Nikaly's family increased to 15 the government was compelled to establish a school for the chief's benefit."

CONVICT FOR FORTY-TWO YEARS IS BEING RELEASED FROM JAIL

PHILADELPHIA, May 15.—Abe Buzzard, for years one of the most notorious desperadoes of the Welsh mountain region of Pennsylvania and who has spent a total of 42 years behind prison bars, will be released from the Eastern State Penitentiary shortly. Buzzard is 72 years old. He said he has planned to become a prison evangelist and to devote the remainder of his life to helping convicts. To this end he has studied theology and the Scriptures.

CARUSO'S WIDOW IS TO DIVORCE NEW HUSBAND

Capt. Ingram Objected to His Wife's Friends at Palm Beach so They Separated

NEW YORK, May 15.—A divorce, it is expected, will shortly sever the bonds which united Capt. E. A. Ingram of the British Army and Mrs. Enrico Caruso, widow of the famous tenor, last November. The groom objected to his wife's friends at Palm Beach where they were honeymooning and she, resenting his fault finding, told him he could go back to England on the next boat. He did so.

ROSS BROTHERS BRANCH OUT

Owners of 67 Taxi Service Open Cigar Store and Poolroom at New Headquarters

Justified by their success in the past years and by the confidence of the public, Ross Brothers are showing their faith in the development and progress of the city as well as in the growth of their own business by opening up their own headquarters. They have taken over the old Pastime Cigar Store, just across Third Avenue from the Empress Hotel and will operate the cigar store and poolroom in addition to their taxi business.

They are grateful for the increasing business given them by the public and invite their friends to visit their new headquarters, or when requiring reliable taxi service, to phone 67, at your service, day and night. 114 Advt.

"The Third Alarm"

A stupendous exhibition of 20th Century Realism. Pounding hoofs, shrieking sirens, clanging gongs, onward they plunge. Discarded, cast from the post he loved so well, heartbroken, he came back, back to glorious triumph amid the flames. A stirring emotional picture.

Ralph Lewis, Johnnie Walker, Ella Hall, Virginia Trout Boardman, and all star cast.

WILD CARIBOO ARE HELPED BY A MAN

CANTWELL, Alaska, May 15.—William T. Lopp, superintendent of the Alaska division of the bureau of education, predicts that result in the domestication of the wild caribou roving Alaska in hundreds of thousands.

When the caribou learn that man will shield them from predatory animals and provide them with protected ranges, they will become tame, in the opinion of Dr. Lopp.

Some caribou herds already have become, in a measure, domestic. They often mingle for weeks with the domestic reindeer herds and gradually learn there is nothing to fear from the fur-clad Eskimos who hover near to keep away wolves and other beasts of prey.
