## NEWFOUNDLAND PUBLIC SCANDAL BARED

### WATERFRONT IS BUSY NOW CONSTRUCTING NEW BOATS FOR COMING SEASON

#### Former Premier Squires is Held Guilty of Using Public Money and Taking Cash from Company

##### Man who was Head of Newfoundland Government is Declared by Investigating Commission to have Offended

ST. JOHN'S Nfld., March 21.—Charges that Sir Richard Squires, while premier of Newfoundland, received public monies and also large sums from the British Empire Steel Corporation, were sustained in the report of the commission which investigated the Squires administration.

The report was handed to the governor in council by T. Hollis Walker, of London, who spent ten weeks investigating the allegations of wrong doing which led to the downfall of the Squires government.

The commissioners held as proved that amounts of money totalling more than \$10,000 were paid by the Dominion Iron and Steel Company to Squires with the knowledge and approbation of high officials of the company. It concludes that such payments could only be made because the company hoped thereby to influence Squires in favor of their interests.

The concern was then conducting negotiations with the government of which Squires was the head.

The commission finds the allegation fully proved that amounts paid to the department of liquor control were not paid into the treasury but to private individuals and it states that Squires received and used for his own purposes over \$20,000 of public monies at various times.

#### SOLD LIQUOR ILLEGALLY IN STEWART TOWN

Three Men Went South Today to Serve Terms in Okalla Prison

Harry Hicks, Stewart rooming house proprietor, and William Reid and Henry Rivard, who operate clubs in the northern town, passed through the city this morning on the Prince George in custody of Provincial Constable Harry Martin bound for Okalla prison where they will each serve terms of six months for having sold liquor in contravention of the Government Liquor Act.

The prosecutions which took place at Stewart this week before Stipendiary Magistrate J. P. Scarlett followed activities of Liquor Board detectives there during the past few weeks. The three convicted men pleaded not guilty but were found otherwise.

The prosecutions were handled by Chief Constable Spiller while L. W. Patmore defended Hicks and Reid, while Stuart Henderson of Victoria, appeared on behalf of Rivard.

A similar charge against W. McEwen, who was defended by Mr. Patmore, was dismissed.

The officers and solicitors returned from Stewart this morning. Inspector Parsons and Constable Ponder were also north in connection with the proceedings.

#### MEN IN SUB. MAY BE DEAD

Fears Growing for Sailors Imprisoned in Japanese Undersea Craft

TOKIO, March 21.—Although rescue work is being continued vigorously, the fear grows today that 18 survivors imprisoned in the Japanese submarine at the bottom of the sea off Sasebo since Wednesday have succumbed. Efforts so far to raise the craft have failed.

#### SALES TAX REDUCTION HINTED AT BY PREMIER

OTTAWA, March 21.—Premier King broadly hinted today at a reduction in sales tax when speaking to a Brantford delegation asking that there be no reduction in the present customs tariff on agricultural implements.

#### CANADA GETS LONDON BLOCK

Lease of 100 Years Secured on Union Club Building—Will be Dominion Office

OTTAWA, March 21.—The Canadian government has secured the Union Club building at the corner of Cockshutt Street and Trafalgar Square for new offices in London. The freehold belongs to the crown but Canada has secured a lease for 100 years. The ground rental is £2,850 and the government is paying £225,000 to the present holders for the lease of their rights.

British Columbia declined to sell the B.C. House in London to the Dominion government it is stated.

#### DAY IS WASTED IN DISCUSSION

Winnipeg Labor Member's Resolution Takes Much Time—Finally Withdrawn

OTTAWA, March 21.—Constitutional questions held the attention of the House of Commons yesterday afternoon. They were in connection with the motion of J. S. Woodsworth (Winnipeg), to give the Canadian parliament the same powers as those now possessed by the British parliament in regard to affairs of the respective countries. Supporters of the motion contended that there was no desire to loosen the ties between Canada and the Mother Country but that now Canada had grown up and was entitled to the fullest measure of Home Rule. It was urged in this regard that Canada should have power to amend her constitution herself instead of as now by way of amendment to the British North America Act through the British parliament. The discussion occupied nearly the whole day. Eventually, the motion was withdrawn.

#### CHEAP TICKETS TO BE ALLOWED

Amendment to Railway Act Providing to Reversion to Old System Passes Second Reading

OTTAWA, March 21.—Second reading was given yesterday to the amendment of the Railway Act, providing for the restoration of cheap tickets for holiday excursions, week end fares, conventions and sporting events. These had been stopped during the war and the period of reconstruction following the war.

H. W. M. Rolston, publisher of the Portland Canal News, passed through on the steamer Prince George this morning bound for Victoria on a business trip.

#### QUITE SUFFICIENT REASON FOR GRAIN VIA PRINCE RUPERT

Under the heading "The Pacific Shortfall," the Edmonton Bulletin has the following lead to the editorial column:

"The growing demand for wheat in Japan ought to strengthen Prince Rupert's claim to a share of the Dominion money that is to be spent in terminal elevators and dock equipment at Pacific ports. From Prince Rupert to Yokohama is 3,800 miles. From Vancouver to Yokohama is 4,280 miles. That 480-mile difference is a material advantage in favor of the northern port, and a quite sufficient reason why it should be brought into use as an alternative outlet for Alberta grain destined for points in the Orient."

#### CAPTAIN ROBINSON GETS SILVER MEDAL

Commander of Empress of Australia Recognized for Work During Earthquake in Japan

OTTAWA, March 21.—The order of St. John of Jerusalem of which the King is patron and the Duke of Connaught president, awarded a silver medal to Capt. Robinson of the C.P.R. steamship, Empress of Australia, for gallant action in saving the ship passengers and also thousands of refugees during the earthquake in Japan last September.

#### HALCYON HOT SPRINGS

NELSON, March 21.—Brigadier General Burnham of Winnipeg arrived here to find a sanitarium at Halcyon Hot Springs for the White Cross.

#### Alice Arm Promises to be a Busy Place This Summer as Result of Logging Operations

ALICE ARM, March 21.—Alice Arm promises to be a busy place during the coming summer. Logging is the important industry just now, it having temporarily taken the lead of mining. A new camp is being established here by the Granby Company and the engines were tried out for the first time over the first five miles of the Dolly Varden Railroad on Sunday last. This part of the road as well as the round house and equipment has been leased by the Granby Company to get out the logs from the Kitsault Valley.

A big boom is being established on the flats and very soon the logs will be steadily rolling down to the sea and be towed to the big mill near Anxox.

This work of the Granby Company is in addition to the logging being carried out by the other concerns.

Good progress is being made in the construction of the new bridge over the Kitsault River. This will be a great convenience to the residents, especially during the period of high tides. At present one section of the town is completely shut off from the other at such times.

The snow is going here and with the advent of spring there will be a revival in mining. Work will be done on a number of properties and it is hoped that some move will be made to operate the Dolly Varden property before the summer is over.

#### AUSTRALIA IS STILL WORRIED

Discussing Decision of British Government to Abandon Singapore Naval Station

#### PROPOSE ANOTHER BASE

MELBOURNE, March 21.—Discussions by members of the Federal Parliament indicate that adequate defence of the commonwealth is regarded as by far the most important question for immediate consideration. Minister of Defence Dowden voiced the necessity of considering an alternative scheme to the Singapore naval base for the Pacific.

The assistant minister of defence favors the establishment of a base in Australia.

Premier Bruce at a banquet declared the British government's abandonment of the Singapore base had caused the deepest regret overwhelming the bulk of Australians. He said Australia was willing to explore with the Imperial government all ways by which peace would be insured and armaments further reduced. He recommended that Australia look around her own shores for a suitable location for a base.

#### NEXT STOP THIS PORT

U.S. Army Planes Reach Seattle on Their Way Round World

SEATTLE, March 21.—The four round the world airplanes piloted by United States Army aviators completed the fourth lap of their journey when they arrived here yesterday afternoon. They will be fitted up with pontoons here and will leave April 1 on their non-stop hop to Prince Rupert.

#### Number of New Boats Being Built at This Port For Use in Fishing or For Pleasure

The 1924 season is being ushered in by greatly increased activity in boat building by the local waterfront shipyards and private boat builders. The fact that fine fishing, work and pleasure boats can be constructed by the boat builders of Prince Rupert is being more forcibly demonstrated this season than ever before. The yards around Cow Bay are busily engaged in boat construction. The latest craft to come off the McLean ways is the new 60 foot Dorreen halibut schooner and a new 63 foot fishing schooner is soon to take shape in these yards which is to be built by Pete Jensen and Ted Shrub-sall.

#### New Fishing Craft

The McLean yards are preparing a model of a 63 foot six man schooner, which is to be built for Pete Jensen and Ted Shrub-sall, preparatory to the laying of the keel. The keel is expected to arrive from the south on the steamer Chilliwack tomorrow. The beam of the new craft will be some 14 feet and the vessel will derive a speed of between seven and eight knots per hour from a 50 horse power Skandia engine. The engine, which is a Swedish product, has been ordered by wire from the makers and is already on its way here.

The new boat will be fitted for fishing on the long line system and will have a carrying capacity of between forty-five and fifty thousand pounds. N. M. McLean will be responsible for the building of the hull and Akerberg & Thomson, agents for the Skandia engine, will install the machine when the hull construction is suitably advanced. It is expected that the new craft will be ready for launching early in May.

#### Speed Boat

Harry Darby of the Naas River district has nearly completed a new speed boat which has taken shape under the Shockey planing mills. The boat measures 45 feet with a beam of 9 1/2 feet and will derive a normal speed of 20 miles per hour from a 200 horse power Van Blerk engine. The boat is being built for purely Naas River business and will only draw 15 inches of water when fully loaded. A feature of the craft is a tunnel stern which will prevent the propeller being fouled by snags or rocks. Mr. Darby expects to have the boat completed in time to engage in the northern spring transportation business.

#### Dorreen Boat Finished

The seven man Dorreen boat built by the Dorreen Brothers for halibut fishing measures 60 feet long by 14 foot 6 inch beam and is fitted with a 65 horse power Atlas-Imperial full Diesel engine. On her trial trips the new craft has exceeded the expectations of her owners from a speed standpoint and easily maintains a normal speed of nine knots per hour. The long line fishing system has been adopted on this craft. The schooner is now being fitted out with gear and other deep sea necessities in preparation for an early departure for the deep sea fishing grounds on her maiden trip.

#### New Work Boat

John Field of the Northern Exchange is reconstructing the old Towena hull and a heavily powered work boat to engage in the transportation and mail carrying business between Butedale and Kitimaat will result. This work is being carried out on the Suga ways. The dimensions of the new craft will be 55 foot by a 12 foot 6 inch beam and will be fitted with a 50 horse power heavy duty Sampson engine capable of giving a normal speed of 8 1/2 knots.

Pleasure Craft  
Charlie Lemyon is building a new V bottom speed pleasure (Continued on page six)

#### LUMBER TRADE IS DEPRESSED

Demand From Japan Falls off and Consequently Mills are Quiet

The Japanese market now being congested with heavy lumber shipments that have been rushed there since the earthquake disaster last summer, instructions have been received to curtail shipments from the Pacific coast for the time being at least. This directly affects shipping through this port which has been going on for the past few months and is the cause of some of the inferior mills being now closed.

H. R. McMillan, of the McMillan Export Co. of Vancouver, who has been shipping through Prince Rupert, is sailing this month for the Orient and it is expected that he will make arrangements for the resumption of shipping.

The Royal Mill at Hanall is now closed and the George Little mill at Terrace is operating on a curtailed business. Logging for both plants, however, is going on steadily and it is expected that cutting will resume before long.

#### TWELVE YEARS FOR ESPIONAGE

French Officer Sentenced but Germans are Held by French as Hostages

BERLIN, March 21.—The supreme court yesterday sentenced Captain Darmont, a French officer, to twelve years penal servitude and a fine of 5,000 gold marks for espionage.

Darmont was heard of the espionage service at Basel, Switzerland.

The French are holding three prominent Germans from the occupied areas as hostages for Darmont.

#### CANADIENS IN HOCKEY FINALS

Beat Vancouver 2 to 1 and Will Now Play Calgary Tigers

MONTREAL, March 21.—The Canadiens earned the right to meet the Calgary Tigers in the final for the Stanley Cup when they defeated Vancouver last night by a score of two to one at ice hockey.

#### DIVERS ARE TRYING SALVAGE SUBMARINE

TOKIO, March 21.—Divers are trying to salvage a submarine sunk at Sasebo. They report that signals from the interior of the vessel have been suspended.

# The Popularity of "SALADA" TEA

### Putting Much Money Into Fishing Boats.

A great deal of money is being put into fishing boats. Not only are boats being built locally but in Seattle a great many new vessels destined for the halibut banks are being constructed and equipped and the coming year promises to see greater production than ever in the history of the fishing industry.

How long this can last no one can say, but it is not likely that the banks can stand the drain for many years. The boats will then have to turn to other kinds of fishing. In the meantime most of the owners are making money and they need to for the outfit is expensive and the life is a hard one.

### Seattle Magazine Discusses Subject.

"Halibut fishermen of the Pacific have seldom if ever enjoyed a more prosperous year than 1923," says the Pacific Fisherman. "Consuming demand for the fish in practically all markets has been exceptionally strong, and prices as a result have probably averaged higher than for any previous year. Production also has been satisfactory; considerably larger than for 1922, and above the average of the past eight years. Both owners and fishermen have accordingly prospered. Their prosperity is well deserved, and has been a matter of the highest gratification to all connected with the industry. It is accompanied, however, by an element of danger against which vessel owners will do well to be on their guard.

"This danger is the possibility of over-development, involving a greater investment than is warranted by the nature of the fishery. Vessel owners and fishermen who have been careful of their earnings have had surplus funds to invest, and the prospect of continued prosperity has been a strong inducement to expansion. A further inducement has lain in the increased efficiency of modern heavy-oil engines, especially when installed in boats of up-to-date type. The result has been the greatest impetus to new building in many years. Boats have also been diverted to the halibut industry from other lines of fishing, and the fleet of the Pacific Coast as a whole has been augmented by perhaps as much as fifty vessels. The shipyards are still crowded with work of this nature, and it is becoming apparent that, if the present tendency continues, there are likely to be more vessels fishing for halibut than can make satisfactory returns. In fact, those who have the welfare of the industry most at heart—and indeed themselves profit considerably by the present building boom—are beginning to be alarmed, and some bluntly wonder whether the halibut people have gone crazy.

### Heavy Investment In New Vessels.

"One reason for concern is the heavy investment represented by a new halibut vessel. Both material and labor required for construction are far more expensive than in former years, and the new engines also run into high figures. Decidedly good returns must be realized if a profit is to be made on this outlay. Further, while last year's total production was large, it was very widely distributed; the average trip landed at Seattle was less than 10,000 pounds. The nearer banks are already depleted, and with the present large and highly efficient fleet in operation it is uncertain how long the more distant banks will stand the strain. The future of the market also is an uncertain factor. Under present conditions, the price of fresh halibut to the consumer is often higher than good cuts of meat. This can hardly be regarded as a normal or permanent condition. It is certain to limit consumption, with resulting decline in prices. Indications of this are already seen in the large quantity of halibut carried over by Pacific Coast freezers. These paid high prices last year, but will not be disposed to pay as much this season.

"So far, there is nothing to indicate that the halibut fleet will not continue reasonably prosperous, notwithstanding the increased number of vessels; but conditions are such that those who contemplate further building, should think carefully before investing their money."

### OFFICERS ELECTED FOR FALL FAIR AT TERRACE THIS YEAR

TERRACE, March 21. — The Terrace Fall Fair adjourned annual meeting took place on Friday evening when a very representative gathering decided that it was essential to carry on the usual fall fair for the ensuing year.

The election of a board of directors then took place when the following were chosen: A. Kerr, E. T. Kenney, J. K. Gordon, C. H. Thomas, D. A. McKinnon, H. Halliwell and Mrs. Bleecker.

At the conclusion of the general meeting the directors met and appointed the following officers:

President, E. T. Kenney.  
Vice-president, J. K. Gordon.  
Secretary, Mrs. Bleecker.  
Auditor, W. C. Sparkes.

It is the intention of the board to make an early drive for members and contributions so that the prize lists can be made up early in the season and it is up to every settler and citizen to lend assistance to make the fair the most successful yet held.

### MAN WHO SHOT INDIAN POACHER ACQUITTED

Shown by Evidence That He Had Been Trapping Foxes and Had One With Him

JUNEAU, Mar. 21.—A coroner's jury exonerated Ole Haynes, caretaker of the San Juan Fox Farm Ranch at Sisters Island, 80 miles from here, for shooting and killing Billy Gray, a Ketchikan native.

It appears that Gray and another native were trapping blue foxes on the ranch, or poaching. The shooting occurred when Gray came to his camp carrying a blue fox. Ole Haynes, Al King, Al Rhymes, and Chris Baer, all fox men, were waiting. When Gray was asked to throw up his hands he dropped the fox and ran behind the tent. With the other watchers Haynes then swung his rifle into range, shooting through the tent he hit the Indian in the chest. Gray lived for only a minute afterwards.

The Coast Guard cutter Cygan with assistant U.S. District Attorney H. D. Stabler on board arrived at the place the next morning and brought the four white men and the dead native to this city.

The other native has not yet been located. The white men located several traps set for foxes, in which three of the animals had been already caught.

The Blue Fox Farmers' Association represented Haynes and his associates.

### ENJOYABLE DANCE TELKWA MONDAY

St. Patrick's Day Celebrated at Bulkley Valley Town in Proper Manner

TELKWA, March 21.—In spite of the fact that the roads are almost at their worst the hall was crowded to capacity on Monday night, at a dance given by and in aid of the Telkwa Athletic Club. The hall was very gaily decorated with quantities of green, while tiny shamrocks served as admission tags. The members of the Telkwa Orchestra are not all Irish, but they excelled themselves in the production of pretty Irish music for the occasion. During the supper interval a pleasing number of Irish songs were sung by Mr. and Mrs. F. B. Chettleburgh, J. P. Wheeler and Corp. T. C. Brice.

Visitors from Smithers, Quick, Round Lake, Woodmere, Hubert and Walecott came for the dance, which they all voted most enjoyable.

### The Man in the Moon SAYS

ONE thing that made the soldiers returning from France realize that the world was much like it used to be was noticing that women's fashions in hats and things were just as foolish as ever.

IT seems a wonder how Prince Rupert can hope to prosper without a slogan.

THERE is no race between the British and American round the world fliers but each will try to get to the end of his flight ahead of the other. The Britisher gets a week's start of the Yanks.

SOME young couples marry out of charity. They hate to spoil another family.

IF restricting the intake of liquor fails, why not restrict the output?

SOMETIMES I wonder if Bill realizes the honor of being the mayor's dog?

WITH look demure  
She set her trap  
In hope that soon  
A man mayhap  
May fall into  
Her silken net  
And she may thus  
A husband get.

LIKE a pig, the radio outfit would not be so bad if it would stop squealing.

NOW that they are using so many ties up on the C.N.R. what about getting rid of a few of the old Christmas presents?

THE best love making is done by amateurs.

THERE is a decided difference of opinion as to what is a luxury or what a necessity. Some men consider two automobiles a necessity while others would consider the old fashioned buggy a luxury. Some men consider a bootlegger a necessity while others are content with a look through the door of the Government liquor store.

### TERRACE NOTES

The regular monthly meeting of the Terrace-Kitsumgallum Parent-Teachers Association took place in Progress Hall, Thursday night. There was considerable discussion as to various ways and means of raising funds to be expended in addition to the athletic equipment of the school. At the close of the business part of the meeting, Mrs. Geo. Little gave a most interesting talk on her trip to Honolulu. Refreshments were served at the close of the meeting.

Mrs. and Miss Belliwell left for the west on Saturday's train.

Mrs. A. V. Wilson was hostess at a most enjoyable party in honor of her daughter Miss Mary Wilson in Progress Hall on Friday evening. About thirty young guests were present. Dancing and various old fashioned games were the order of the evening. Miss Sylvia Taft recited, there were duets by Misses Kathleen Burnett and Fannie McLaren, and Misses Kathleen Burnett and Mona Grieg. Miss Mary Wilson gave an instrumental selection and Miss Betty Anderson some Scotch dances. Mr. Griffin was master of ceremonies.

Ellwood Brooks made a trip up from Rupert over the week end.

Mr. and Mrs. Platen and family left for the prairies on Saturday.

Major Taylor was in town on business this week.

Mrs. Cook went down to Rupert on Monday.

Miss Belle Frank and Jack Frank were in Rupert a few days at the end of this week.

Ben Ager was a business visitor to Rupert Saturday.

The Progressive Club gave a Box Social in their hall on St. Patrick's Day. It is the first dance they have given for a couple of years and the proceeds

**Snowy Bed Linen—**  
fragrantly clean

HOW sweet and wholesome is that welcome sense of fragrance which comes from well washed linen. How refreshing it is to lie between clean sheets, to rest one's head on a snow-white pillow case; to breathe deeply in an atmosphere of purity; to feel and to know that the things around you are absolutely clean.

To bring about this refreshing sense in the mind of guest or family is a triumph well worth the attention of any housewife. It is best accomplished by using Sunlight Soap.

*Clothes washed with Sunlight Soap are naturally cleaned, not chemically cleaned. The pure Sunlight lather goes through and through the clothes, loosening dirt and restoring each thread to a natural state of cleanliness.*

**SUNLIGHT SOAP**

To get bed clothes snowy white it is not necessary to boil them or rub holes on the wash board. The sure power of Sunlight Soap itself extracts every trace of soil while the things are soaking. In the rinse it all comes away— all the dirt and every particle of soapy matter, leaving not gray-whiteness, nor yellow-whiteness, but snowy white purity and cleanliness.

### MOTHERS SHOULD NOT NEGLECT BRONCHITIS IN THE BABIES

Mrs. E. Langdon, Kingston, Ont., writes:—My baby boy had bronchitis when he was two weeks old, he recovered from the attack but took it again, several months later, and on account of the severity I was almost panic-stricken to know what to do for him. My mother advised me to try Dr. Wood's Norway Pine Syrup, as she had used it for several years with splendid results.

I got a bottle, and after I had used it could see a decided improvement in him; after several bottles he was completely relieved.

My boy is now two years old, and he has never had an attack of bronchitis since.

As a mother, raising a family, I am very grateful to know that I have found a real remedy for bad colds and bronchitis, as it lifts care and anxiety from an anxious mother's shoulders.

Dr. Wood's Norway Pine Syrup is 35c bottle; the large family size 60c; put up only by The T. Milburn Co., Limited, Toronto, Ont.

**IN OTTAWA**

OTTAWA, the political centre of Canada, and prophetically designated by the late Earl Grey as the possible centre of the British Empire of the future, never dreamed of the brilliant destiny in store for it when the Bank of Montreal established a Branch there 81 years ago.

Canada at that time was in many respects a terra incognita, consisting of half a dozen provinces with differing laws, tariffs and currencies. And Ottawa was only a lively little lumber camp called Bytown.

Today Ottawa is not only the name of a beautiful city, but is also a synonym for the voice of a nation—like Downing Street and the Quai d'Orsay.

The name of the Bank of Montreal, too, has enlarged in significance in the intervening years. It is now recognized as the title of a nationwide institution ranking among the leading banks of the world.

Anglican Tea and Sale at Mrs. Beaumont's to-morrow, Saturday.

Miss Dora McKenzie of Gold-bloom's ladyware store sailed this morning for Seattle on a holiday trip.

We buy, sell and exchange furniture and all useful articles. Prince Rupert Exchange. Phone 652.

Mr. and Mrs. Roy Clothier of Stewart were passengers going through to Victoria on the Prince George this morning.

L. Jessen, manager of Boyle Bros., diamond drilling contractors, sailed this morning on the Prince George for Vancouver.

T. T. Dunlop, public works engineer for Omineca district, returned to Smithers last night after having spent a couple of days in the city.

Hon. A. M. Manson is leaving this evening for the interior where he will pay a visit to his constituents. He will spend some days there.

Mrs. H. C. Higgins and family sailed this morning on the Prince George for Vancouver where they will join Mr. Higgins who has been transferred to the southern city in the C.N.R. service.

F. Arthur, purser of the Union steamer Chilliwack which was in port yesterday, sailed this morning on the Prince George for Vancouver where he has been called on account of his father's illness.

Stuart Henderson, Victoria barrister, who has been in Stewart for the past few days in connection with liquor prosecutions conducted there, passed through on the steamer Prince George this morning bound south.

Mrs. G. H. Bleecker and Mrs. M. Greig arrived on last night's train from Terrace and sailed this morning on the Prince George for Vancouver in charge of members of the Hamer family of Terrace who are to be placed in children's homes in the south.

Mr. and Mrs. Robert May of Moricetown were passengers going south on the Prince George this morning. Mr. May has sold his ranch to G. MacDonald, who arrived at Moricetown recently from Travers, Alta., and is going to Longview, Wash., where his sons have started a garage business.

D. B. Brankin, superintendent of neglected children for the provincial government, who has been in the district for the past ten days, went south on the Prince George this morning following a visit to Stewart. Anyox and Alice Arm. A child from Alice Arm is being taken south by Mr. Brankin as well as members of a Terrace family.

An article of especial local interest giving an account of the recent transformation of the Pacific halibut fleet by the installation of heavy oil engines and the advantages gained as a result appears in the March number of the Pacific Fisherman. The article is abundantly illustrated with pictures of the schooners Urania, Seymour, Venus, Polaris, Liberty, Prosperity, Scandia, Majestic, Eagle and Edward Lipsell all of which are more or less well known here.

Back on the Naas and Skeena river canyons run after an absence of several weeks, Union steamer Venture, Capt. A. Johnstone, was in port this morning replacing the Camosun which went on dock at Vancouver last week for overhaul. The latter vessel has the distinction of being the first boat to be taken up on the new Wallace dry dock at North Vancouver. The Venture arrived from the south at 8 o'clock today, sailed for the Naas River at 9 and is scheduled to leave here on her return south tomorrow morning at 10. Mr. and Miss Ingram were passengers arriving here from Vancouver on the steamer.

### DYBHAVN CUP WON BY ELKS

Final Game Last Night With Daughters of England Was Very Close—Score 5 to 4

Defeating the Daughters of England last night by 5 to 4 in a keenly contested game, the Elks won the Dybhavn Cup, emblematic of city whist championship. This and all other trophies of the season will be presented at a banquet and dance function which is to take place next Thursday evening in the Elks' Home.

The teams in last night's game were as follows:

Elks—Ben Self (captain), Jack Cobb, Harvey Fraser, Harry Lipsitt, George Melinoyis and Gunnard Anderson.

Daughters—Mrs. J. Howe (captain), Mrs. D. Wilton, Mrs. R. H. Smeeton, Mrs. H. H. Hemmings, Mrs. W. Shaw and Mrs. C. Whatman.

After the games, the Elks were hosts to the Daughters of England at a supper in the St. Regis Cafe.

Other trophies to be presented next week besides the Dybhavn Cup will be the Newton Cup to the Daughters of England as opponents to the winners of the city championship finals and cups for the players winning the most games in the men's and ladies' sections during the season won respectively by Jack Suden and Mrs. H. H. Hemmings.

### RIFLE RANGE

Eighteen Marksmen Turned Out For Shoot of North B.C. Regiment Last Night

Pte. M. Smith	14
Sgt. Major W. Davies	14
Pte. A. Wootton	12
Pte. G. Cadwallader	12
Pte. F. Smith	11
Pte. S. Wrigglesworth	11

### EDMONTON GYROS EQUIP PLAYGROUNDS

EDMONTON, March 21.—Construction and equipment of two more children's playgrounds will be proceeded with early this spring, the local Gyro club decided at its regular luncheon meeting this week. The sum of \$5,700, net result of the Gyro carnival and other activities of the year, has been set aside for the purpose mentioned, and by the middle of May, at latest, work will be commenced.

The new playgrounds will be located at Kitchener Square, in the west end of the city, and Tipton Square, South Edmonton. Included in the equipment to be installed at Tipton Square, provision is made for the construction of a paddling pool, at a cost not to exceed \$900.

C.P.R. steamer Princess Mary, southbound from Alaska ports to Vancouver, was in port from 12:45 to 1:45 this afternoon.

### TWELVE ENTERED IN BILLIARD TOURNAMENT

Schedule of Games Will be Drawn up on Sunday and Rules Set

Twelve entries have been received for the forthcoming Elimination billiard tournament for city championship. They are as follows: Col. S. P. McMordeie,

When the Doctor says "Don't eat Meat" Oxo Cubes are invaluable. They contain all of the vitalizing and bodybuilding properties of good fresh meat—all of the benefits without the elements to which the doctor objects.

While obeying the doctor's orders to the letter, you can make vegetable and all kinds of dishes much more interesting by adding Oxo Beef Cubes. They bring the rich meaty flavor and the satisfied feeling that so many people must have.

Old Father Cabot wants to assure the children. Send four OXO Cube wrappers for this jig Saw Puzzle. OXO LIMITED, 232 Leinster St., MONTREAL.

## OXO CUBES

A CUBE TO A CUP.

Charles Balagno, Chas. Thompson, Frank Aldridge, George Melinoyis, W. E. Hutchinson, Fred Pyle, J. J. Walsh, A. A. Easson, Fred Stephens, Sgt. Jepson and R. H. Shockley.

At a meeting to be held on Sunday the rules will be set and the time table of games drawn up with a view to straining the competition next week. The committee consists of Ben Self, Bert Morgan and R. Howe.

A pool of the entry fees will constitute the prize for the competition.

### EDMONTON GYROS EQUIP PLAYGROUNDS

EDMONTON, March 21.—Construction and equipment of two more children's playgrounds will be proceeded with early this spring, the local Gyro club decided at its regular luncheon meeting this week. The sum of \$5,700, net result of the Gyro carnival and other activities of the year, has been set aside for the purpose mentioned, and by the middle of May, at latest, work will be commenced.

The new playgrounds will be located at Kitchener Square, in the west end of the city, and Tipton Square, South Edmonton. Included in the equipment to be installed at Tipton Square, provision is made for the construction of a paddling pool, at a cost not to exceed \$900.

C.P.R. steamer Princess Mary, southbound from Alaska ports to Vancouver, was in port from 12:45 to 1:45 this afternoon.

### Sport Chat

As the badminton season is drawing to a close, a good many of the members of the local club are developing sore arms. Mostly it takes the player in the elbow and in several cases has become so pronounced that it has been necessary to give up playing. It seems similar to what is known as "tennis arm," a soreness of the muscles which often seizes tennis players.

Officers of the Badminton Club state that the season has been a most successful one. The McIntyre Hall, where two courts are in use almost every evening, is to be given up at the end of this month, most of the members having turned their attention to tennis or to other outdoor sports. It is the intention to start operations early in the autumn if proper accommodation can be secured.

With the possession for the season of the Bulzer & Cameron cup significant of city billiard championship not yet quite decided, the Prince Rupert Billiard Parlor and the Great War Veterans will engage this evening in the final tournament of the league competition. The games will be as closely watched as any that have been staged since the competition opened some months ago. The Veterans, who now occupy first place by a good margin following a straggle season's play, have but to make an aggregate of 814 tonight to clinch the silverware. Should they fail to do so, the Grotto, now in second place, will cop the trophy. The Billiard Parlor in third place is out of the running as far as championship honors are concerned and cannot do better than to go to second place, that is providing they give the Veterans such a defeat as to send them to third.

How, where and when the two teams will line-up:

Col. McMordeie (G.W.V.A.) vs. Lieut. Melinoyis (Prince Rupert Billiard Parlor), Great War Veterans Club at 7 p.m.

Sgt. Jepson vs. W. E. Hutchinson, Prince Rupert Billiard Parlor at 9 p.m.

Fred Pyle vs. C. Thompson, Prince Rupert Billiard Parlor at 8 p.m.

J. May vs. F. Aldridge, Great War Veterans club at 8:30 p.m.

J. J. Walsh vs. B. Jelicic, Great War Veterans club at 7:30 p.m.

With the season's competition for teams closing, billiard fans will have something to occupy their attention for a while longer in the champion individual contest, entries for which closed last night. Providing new covers for the tables arrive in the meantime, the contest will open in the Elks' Home on Monday next. The sum derived from entry fees will go towards paying the cost of improving the tables on which the games are to be played. The announcement of competition

### SONS OF CANADA WON BASKETBALL

Defeated Smelter Team of Anyox by 31 to 30 in Nip and Tuck Game Last Night

In a nip and tuck contest at Anyox last night, the Sons of Canada, champions of the Prince Rupert Senior Basketball League, managed to defeat the smelter team, Anyox champions, by a score of 31 to 30. At no time in the course of the match did any side have any decided advantage in score but it was backward and forward all the way. At half time, the local team was ahead 11 to 10. Eddie Griggs, formerly of Prince Rupert, refereed.

There was not a very large turnout owing to counter attractions of the evening.

O. W. Robinson and A. H. McLean returned to Ocean Falls on the Prince George this morning after having spent a couple of days in the city.

Mr. and Mrs. B. N. Delmonico and family of Shawatlans Lake sailed this morning by the Prince George for Vancouver on a holiday trip.

**FIFTH OF ALL U.S. FARMERS MOVED IN COURSE OF ONE YEAR**

**Buying and Selling Land is One Cause of Restlessness**

WASHINGTON, March 21.—Almost a fifth of the farms of the U.S. had new occupants in 1922. Nine southern states showed changes in more than a quarter of their farms, the Department of Agriculture has announced after a survey of the situation, and only six states, all in New England, showed less than ten per cent change in their farm occupants. In most of the corn belt and western states, changes ranged from ten to fifteen per cent.

The chief cause of the turnover is believed by agricultural experts to be the attractiveness of new land, which in the past has set up waves of migration among the farm population. Another cause is seen in the extent to which farm land has been bought and sold for investment and speculation. In addition, the rapid industrialization of the United States, besides producing a steady movement of population to the cities, brings about constant changes in market opportunities and necessitates readjustments in systems of farming and in sizes of farms, while different classes of farmers move in considerable number from one agricultural status to another.

**WOMEN CAMPAIGN IN COMING U.S. ELECTION**

**No Less Than 22 From Kentucky to Take Stump on Behalf of Republicans and Democrats**

LOUISVILLE, Ky., March 21.—No less than 22 Kentucky women, 13 Republicans and nine Democrats, none of whom is a candidate for office, will take the stump in support of their political views during the presidential campaign this year.

Some of the widely known women are Mrs. Christine Bradley South, of Frankfort, daughter of late Senator Bradley, and a member of the Republican national committee; Miss Laura Clay, of Lexington, a pioneer in the women's suffrage movement whose tenets are strongly Democratic; Mrs. Alvin T. Hert, widow of "Toke" Hert, for years Republican national committeeman from Kentucky, and Mrs. J. Campbell Cantrell, widow of the Democratic nominee for governor who died after being nominated.

**JAPANESE ELECTIONS TAKE PLACE IN MAY**

**Many Years Since Country Has Shown as Great Interest in Politics as Today**

TOKIO, March 21.—Japan is to have a general election May 10, and greater interest than the country has shown in many years centers in the political contest. Four hundred and sixty-four members of the House of Representatives will be selected to replace those who lost their seats

**Success Begins With Saving**

A Savings Account with the Union Bank of Canada will give you the right start.

By systematic saving you can lay the foundation stone of future success.

Do not wait until you have \$25.00 or \$50.00. A Savings Account can be opened with \$1.00.

**UNION BANK OF CANADA**

Prince Rupert Branch A. T. Broderick, Manager

through the dissolution of the diet January 31. The new diet will be convoked a month after the elections.

The issue is simple and clear cut: whether the premier, Viscount Kiyoura, can return a majority of his supporters to the lower house of the diet. This statement assumes that the premier can maintain his position until the election, which is not certain, for powerful members of the nobility have added their influence against his cabinet to the opposition of the majority of the commoners in the last diet.

The chances are, however, that Viscount Kiyoura will ride out the political storm. The chances also are that he will find the next parliament more amenable. The government rarely loses an election in Japan. Control of the election machinery and the inherited respect of the Japanese for authority give it an overwhelming advantage.

**EGGS SELL EDMONTON AT NINETEEN CENTS**

**Wholesale Price of Butter There is 40c a Pound.**

EDMONTON, March 21.—Eggs have fallen again in the Edmonton district and a one cent decline in the price per dozen is quoted by wholesalers to their shippers. This is practically the only feature of wholesale trading in the district, as market are generally dull and unchanged.

Heavy production and weak eastern markets are responsible for the further decline in Alberta egg prices, and the quotations as sent out by dealers at the commencement of the present week were 19 cents per dozen for extras, 18 cents for first and 14 cents for seconds.

Cream is remaining stationary at 36 cents per pound, as no change has taken place since the two cents reduction. Cream receipts are small, but the state of the eastern butter and egg markets is so weak that western prices have had to fall. The wholesale price of butter in prints is 40 cents per pound, and for carlots around 36 to 37 cents per pound, but no export is being done to any outside point at the moment. The cheese market is also quiet and prices are low, and the situation in the dairy products business is dead.

When you buy advertising you buy CIRCULATION, and see that you get it.

**RUGGLES OF RED GAP HERE TODAY**

**Will be Shown at Westholme Tonight and Tomorrow and is Extremely Funny**

The story, "Ruggles of Red Gap," by Harry Leon Wilson, is one of vital interest, cleverly interwoven with moments of delightful comedy. It is a powerfully human picture which depicts the efforts of the people of the little town of Red Gap, all of whom have attained unexpected wealth, to imitate what they believe to be the customs of the social leaders of the East and Europe. They struggle to establish classes and castes, to organize sets and cliques—and these attempts, though always humorous and often ridiculous, are always real and human.

The central figure of this transition of the Northern Pacific cowtown into a thriving metropolis of the west is Ruggles, one-time valet to the nobility—now thoroughly Americanized, a guest of the Flouds, leaders of the North Side set. His experience in Red Gap might be likened to that of a New York tenderfoot spending his vacation on a ranch in the "wild and woolly." But, as Cousin Egbert so aptly declares, "he sure is a great mixer." His queer antics in speedily adopting American manners and customs will keep you on the verge of hysterics throughout. "Ruggles of Red Gap" is without doubt one of the most delightful light comedies ever seen here.

The picture will be shown here tonight and tomorrow.

**EXHIBITION WILL OPEN WEEK FROM THURSDAY**

**Fifteen Miles of Railway of Never Stop Type Will be Operated There**

LONDON, March 21.—A peculiarity of the British Empire exposition will be that it will open on scheduled time, April 3. It will close on October 31. Already the Canadian building has been completed and exhibitors are moving in. Other buildings are well on the way to completion and finishing touches are being put to the \$10,000,000 amusement park, to the five railway depots and the forty restaurants which will do their part toward the entertainment of the 40,000,000 people who are expected to visit the exposition. The site is designed to accommodate 300,000 every day and on special days the capacity of the place will be strained to make room for a million. There will be about 30 or 40 thousand visitors from Canada, it is thought.

A feature of the exposition will be the railways. There will be fifteen miles of railway running around and across the grounds and there will be a "never-stop" affair so that if visitors find their legs getting weary, they may sit in comfort and see the thing from trains.

The Short Heavy Figure

AN extra inch sideways shows terribly when one is only five feet nothing, up and down! Gossard Corsets for the short and not so slim figure coax it as close as may be toward slenderness without sacrificing a jot of precious comfort.

Understanding your type is one of the most important aids to beauty you will ever find. Remember that whatever your figure may be there are Gossard Corsets with just the support, ordinary corsets and will give you a new need at your age and weight to give you the proper proportions of the type to which you belong. Gossards are moderately priced, launder beautifully, will outwear two or even three ordinary corsets and will give you a comfort such as you never knew before.

Gossard trade marked Corsets as low in price as \$2.50 Agents for Pictorial Review and Ladies' Home Journal Patterns. H. S. WALLACE CO. LTD. Cor. Fulton & Third Ave. Phone 9.

SMITHERS

The Smithers group of the Canadian Girls in Training has won a pennant awarded for the group in the Prince Rupert district collecting the largest average amount of money during the recent Demonstration Week campaign.

Arthur Lundquist, well known miner of this district, died in the Smithers hospital on Monday following an operation for appendicitis.

The funeral took place here this afternoon under Masonic auspices of Robert Duff who died last week in St. Paul's Hospital, Vancouver.

A. A. Macdonald, deputy fire marshal for the province, was a visitor here this week on a trip of departmental inspection.

Mr. and Mrs. James Fra, who have been residing at Lucerne for the past few months, have returned to Smithers.

DANGEROUS HANDICAP

Tommy had sprained his wrist and didn't want to go to school. "But your wrist is nicely bandaged," urged his mother. "It won't prevent you from attending classes."

Still the boy held back. Dad took a hand at this point. "Now speak up, son," commanded his father. "Let's have the real reason. Why don't you want to go to school with a sprained wrist?" "Too many boys owe me a kicking." — Louisville Courier-Journal.

CANADIAN NATIONAL RADIO BROADCASTING

Arrangements Made For Five More Stations and Vancouver Will be Added Soon

WINNIPEG, March 21.— Announcement is made here today of the completion of arrangements for Canadian National Railways radio broadcasting from five more stations throughout Western Canada by W. H. Swift Jr., radio engineer for the system. There remains now only Vancouver to complete the coast to coast radio chain and Mr. Swift expects to have arrangements concluded for regular broadcasting from there shortly.

For the benefit of passengers on Canadian National trains one and two, an hour's program from three to four every afternoon will be broadcasted daily from CPOC, Saskatoon. Canadian National programs will also be broadcasted every Friday evening from the Journal station, Edmonton, CNA 350 meters. Wednesday evenings from Grant Station, Calgary, GFCN 440 meters. Thursday evenings from Herald Station, Calgary, CFAC 430 meters. Tuesday evenings from Leader Station, Regina, CKCK 420 meters. Thursday evenings from Manitoba Government Telephone Station, Winnipeg, CKY 450 meters. And every afternoon from Radio Supply Company Station, Saskatoon.

CANADIAN WINNER TO LOAD LUMBER

C.G.M.M. Vessel Coming Here to Take on Cargo for Orient

C.G.M.M. steamer Canadian Winner, Capt. Wingate, will arrive here early Monday morning to load the lumber cargo which was taken off the Canadian Scottish following her recent stranding. The Winner has been diverted from the United Kingdom run to the Orient on account of the mishap to the Scottish.

NUMBER OF NEW BOATS BEING BUILT AT THIS PORT FOR USE IN FISHING OR FOR PLEASURE.

(continued from page one)

craft in Cow Bay. The boat, when completed, will have a speed of from twelve to fifteen miles per hour which will be derived from one of the new 12-14 horse power model Ford Marine engines. The boat measures 21 feet long by 4 foot 6 inch beam. A new 10 knot V bottom pleasure boat is being built by W. G. Walford on the provincial government wharf for W. Smith. The boat's dimensions will be 22 foot long by 5 foot 9 inch beam and a speed of 10 knots per hour will be derived from an 8 horse power Ferro engine. The Poinsettia II, owned by R. E. Benson, will be refitted this season with a 12-14 horse power new model Ford Marine engine.
