## CHARGE OF CORRUPTION IS MADE AGAINST MAYOR BROWN OF SEATTLE

### Charge of Corruption Against Seattle Mayor Made by Investigator

SEATTLE, Oct. 22.—Charges that Mayor Edwin Brown entered into a plan to discredit the purchase of fifteen million dollars worth of street car lines and gain two million dollars profit for himself and associates who would help in getting the contract broken and that later the mayor tricked his side by turning over to the company's representatives information collected, were made by A. E. Bodimer, former investigator for the Puget Sound Light and Power Company at a hearing of the efficiency committee of the city council.

"The mayor told me we could get at least two million dollars out of the plan to buy the street car lines for ourselves and that the city council would be asked to pass an ordinance hiring special counsel and paying for the breaking of the contract on a 25 per cent contingent fee basis," Bodimer testified.

### BURNED HOTEL FOR INSURANCE

That Is Charge Laid Against Vancouver Man and Before Courts Now

VANCOUVER, Oct. 22.—Joe Alvaro is facing an arson charge in connection with the burning of his hotel and furniture at Hardy Bay. The case which came before the court yesterday was adjourned for a week.

The accused, who is a merchant here, is alleged to have covered his building with a five thousand dollar insurance policy and then conspired to have it destroyed by fire. His alleged accomplice in the affair was Mike Zavaglio who has already been committed for trial by a magistrate at Hardy Bay.

### PROSPERITY IS COMING BACK

That Is Refrain of Premier MacKenzie King in Speech at Vancouver

OPEN UP PEACE RIVER

VANCOUVER, Oct. 22.—"The light of returning prosperity for Canada is on the horizon and it comes mainly from the West," said Premier W. L. Mackenzie King, in addressing a capacity audience in the Arena here last night. "This is reflected mainly in increased export trade and in that British Columbia leads all others. The financial situation of the country is the crux and all other problems grow out of it. It is the policy of the government to meet the situation by development of the latent resources."

The premier reiterated his determination to open up the Peace River country, giving it an outlet to the Pacific Ocean.

The premier and his party left this morning for Kamloops and points in the Okanagan Valley en route to Ottawa.

### INDIANS CLAIM ALL B.C. LAND

No Treaty Ever Made and No Compensation Given for Property Taken

VANCOUVER, Oct. 22.—All the land in British Columbia is owned by the aboriginal Indians according to the claim of the allied Indian tribes of B.C. as made to the federal ministers yesterday by a delegation representing the allied Indian tribes and supported by a deputation from the society of Friends of the Indians.

In the statement made to the ministers it is set out that in every province except this one treaties were made and the Indians were compensated in some form for the land taken away from them. In British Columbia no such treaty was entered into and no compensation was given the Indians for their aboriginal title.

### RUPERT PEOPLE ARE NOT ALIVE

Visitor Says This Centre of Greatest Mining District in World

C. E. Herron of Seattle, publisher of the well known Alaska Weekly, is in the city today on his way to Stewart. Accompanying him is L. F. Paddison, M.E., of Salt Lake City, representing the United States Smelting, Refining & Mining Co. Together they will look over the Salmon and Bear River districts and expect to return south in a week or so.

"Prince Rupert," says Mr. Herron, "is the logical centre for one of the greatest mining districts in the world and the people here do not seem to know it. This city should reap similar benefits from the mines surrounding as did Spokane from the Couer d'Alene country. A lead smelter here it seems to me would be a profitable proposition."

### ROY SELMAN WAS MARRIED RECENTLY

The marriage took place last week at Vancouver of Miss Doris May Seymour to Roy G. Selman, both of Vancouver. St. Mark's Church was prettily decorated for the occasion by members of the Keystone Tennis Club. Following the ceremony the young couple left on a motor trip to California.

Mr. Selman lived in Prince Rupert for some months two or three years ago, when he had the contract for delivering rock from the scow at the waterfront to the streets when they were surfaced during Mayor Rochester's regime. At that time Mr. Selman made his home at the Inlander.

### RECORD BID FOR HALIBUT

American Boat Got Highest Price in History of Port This Morning

The highest price ever paid for fresh halibut in the history of this port was received this morning at the Fish Exchange by the American schooner Superior which sold 22,000 lbs. to the Canadian Fish & Cold Storage Co. at 23.6c and 10c. The Superior is a seven man boat and was out about 21 days. Her skipper is Capt. Forde.

The only other arrival of the day was the Canadian boat Thelma, which sold 100 lbs. of halibut and 200 lbs. of red salmon at 22c and 8c and 14c to the Canadian Fish & Cold Storage Co.

Poor weather is given as the main reason for recent light catches.

### CHONG SAM BOW TO BE HANGED

Death Sentence Passed on Chinaman for Third Time by Judge Murphy

VANCOUVER, Oct. 22.—Chong Sam Bow, Chinese, was last night found guilty of the murder of John Clayton Jones on July 18, 1923, and was sentenced by Mr. Justice Murphy to be hanged on January 15.

This is the fifth trial the condemned man has faced and on three other occasions the death sentence was passed but at the last moment a reprieve on one ground or another was granted.

At the trial just concluded Bow's counsel depended on the plea of insanity for the defense.

Bow attacked Jones, who was an employee of the B.C. Electric Railway and a war veteran, on Main Street and without warning shot him to death.

### PRINCE JOHN IS DISABLED

Broke Down off White Rock But Coming in Under Own Steam

G.N.R. steamer Prince John, Capt. Neil McLean, broke down near White Rock off the north end of Banks Island in Browning Entrance about 50 miles from here at noon today. The steamer Gray, enroute from Vancouver to the Queen Charlotte Islands, turned back from Watson Rock and will pick up the John and tow her here. The vessels are expected in port about midnight.

The Prince John was coming here from the Queen Charlotte Islands when the trouble occurred.

Later

Word was received at the local C.G.M.M. office after going to press that the Prince John had remedied the trouble which was a defect in the oil pump and was proceeding under her own steam to this port, the Grey turning again on her interrupted passage. The John will arrive about 7:30.

Lord Byng, governor-general of Canada, is shown shaking hands with war veterans at Sault Ste. Marie, Ontario, following the unveiling of a memorial in that town to those who fell in the great war.

### Gold Strike at Little Atlin Lake Causes Stampede From Carcross; Everyone Staking

GARGROSS, Yukon Territory, Oct. 22.—Practically the whole male population here has set out for Little Atlin Lake where it is said a band of Indian prospectors under the leadership of "Big Lake" Jim has discovered placer gold within 10 miles of this town and twenty miles east of the old Tagish post.

Big Jim notified other Indians of the discovery before coming to town to let the white population in on the strike and the Indians are said to have pegged out the best claims. Nearly everyone making the trip has been successful in getting a claim or the part ownership in one.

In the stampede, the first Carcross has seen for some time, practically everyone fit to travel rushed out to the scene as soon as word of the strike was received.

### FREIGHT RATE FIGHT GOES ON

There Will be no Delay Even for Session of Legislature, Says Premier Oliver

VICTORIA, Oct. 22.—British Columbia's freight rate fight will not stop on account of the session of the legislature which opens on November 3, and will probably last five or six weeks. The Government intends to continue its efforts to get a rate reduction even while the House is in session, Premier Oliver said today. "The issue is of paramount importance," he said.

### FIRST TREATY SIGNED OTTAWA

Final Ratification of Pact With Belgium Relating to Crimials Took Place

OTTAWA, Oct. 22.—A ceremony without parallel in the history of Canada took place at the office of the Prime Minister today when ratifications of the criminal treaty between Canada and Belgium were formally exchanged. This is the final act in the conclusion of the first treaty to be signed in the Dominion capital.

### HALIBUT PACT IS RATIFIED

Under the Convention There is a Close Season from November 16 to Feb. 15.

WASHINGTON, Oct. 22.—An exchange of ratifications of a convention between the United States and Canada for the protection of the halibut fisheries of the North Pacific Ocean took place yesterday.

The convention establishes a close season for halibut fishing from November 16 to February 15 each year and provides for the appointment of a joint commission of four members to investigate and make recommendations for the preservation and development of the Halibut Fisheries of the North Pacific.

The treaty was negotiated, signed and finally ratified on behalf of Canada by Hon. Ernest Lapointe, now minister of justice but at the time of the negotiations of the treaty minister of marine and fisheries.

### BANDITS LIKELY TO BE EXECUTED FRIDAY

OTTAWA, Oct. 22.—Unless there is a stay of execution granted by the courts, the five Montreal bank bandits will be executed Friday morning. Hon. G. P. Graham announced today that an order had been passed providing that the law take its course.

### Archbishop Du Vernet Died Early this Morning Closing Active Career

Famous Divine Was Scholar and Student As Well As Active Worker in Cause of Religion and Humanity

In the death of Frederick H. Du Vernet, Archbishop of Caledonia and Metropolitan for the Anglican Church in British Columbia, not only Prince Rupert but the entire Dominion of Canada will mourn the passing of one of its most eminent church dignitaries who was also a scientist and scholar. High blood pressure which caused his withdrawal from the more active work of the church last February culminated in a paralytic stroke last week and at 1 o'clock this morning Archbishop Du Vernet passed peacefully to his rest at his home, 674 Fourth Avenue East, where for the past several months he had not risen from his sick bed. The deepest sympathies of a mourning community will today be extended to the widow and daughter whose grief will be intense though perhaps somewhat assuaged by the knowledge for some time that the end was close at hand.

The late Archbishop Du Vernet was born at Hemingford, Province of Quebec, on January 20, 1860, so he was in his sixty-fifth year. He received his education in Canada and from an early age, devoted his entire life to the work of the church having spent the past twenty years in Northern British Columbia. Besides the widow, he is survived by a son, Horace Du Vernet, formerly resident at Shandilla, near Kitwanga on the Skeena river and now located at Greenville, South Carolina, and a daughter, Miss Alice Du Vernet of Prince Rupert. A sister, Mrs. Alex. Leslie, resides in Barrie, Ont. The late Archbishop was also a brother of the late E. A. Du Vernet, noted criminal lawyer of Toronto. He was the eldest son of the late Canon Edward DuVernet of Chambly, Quebec.

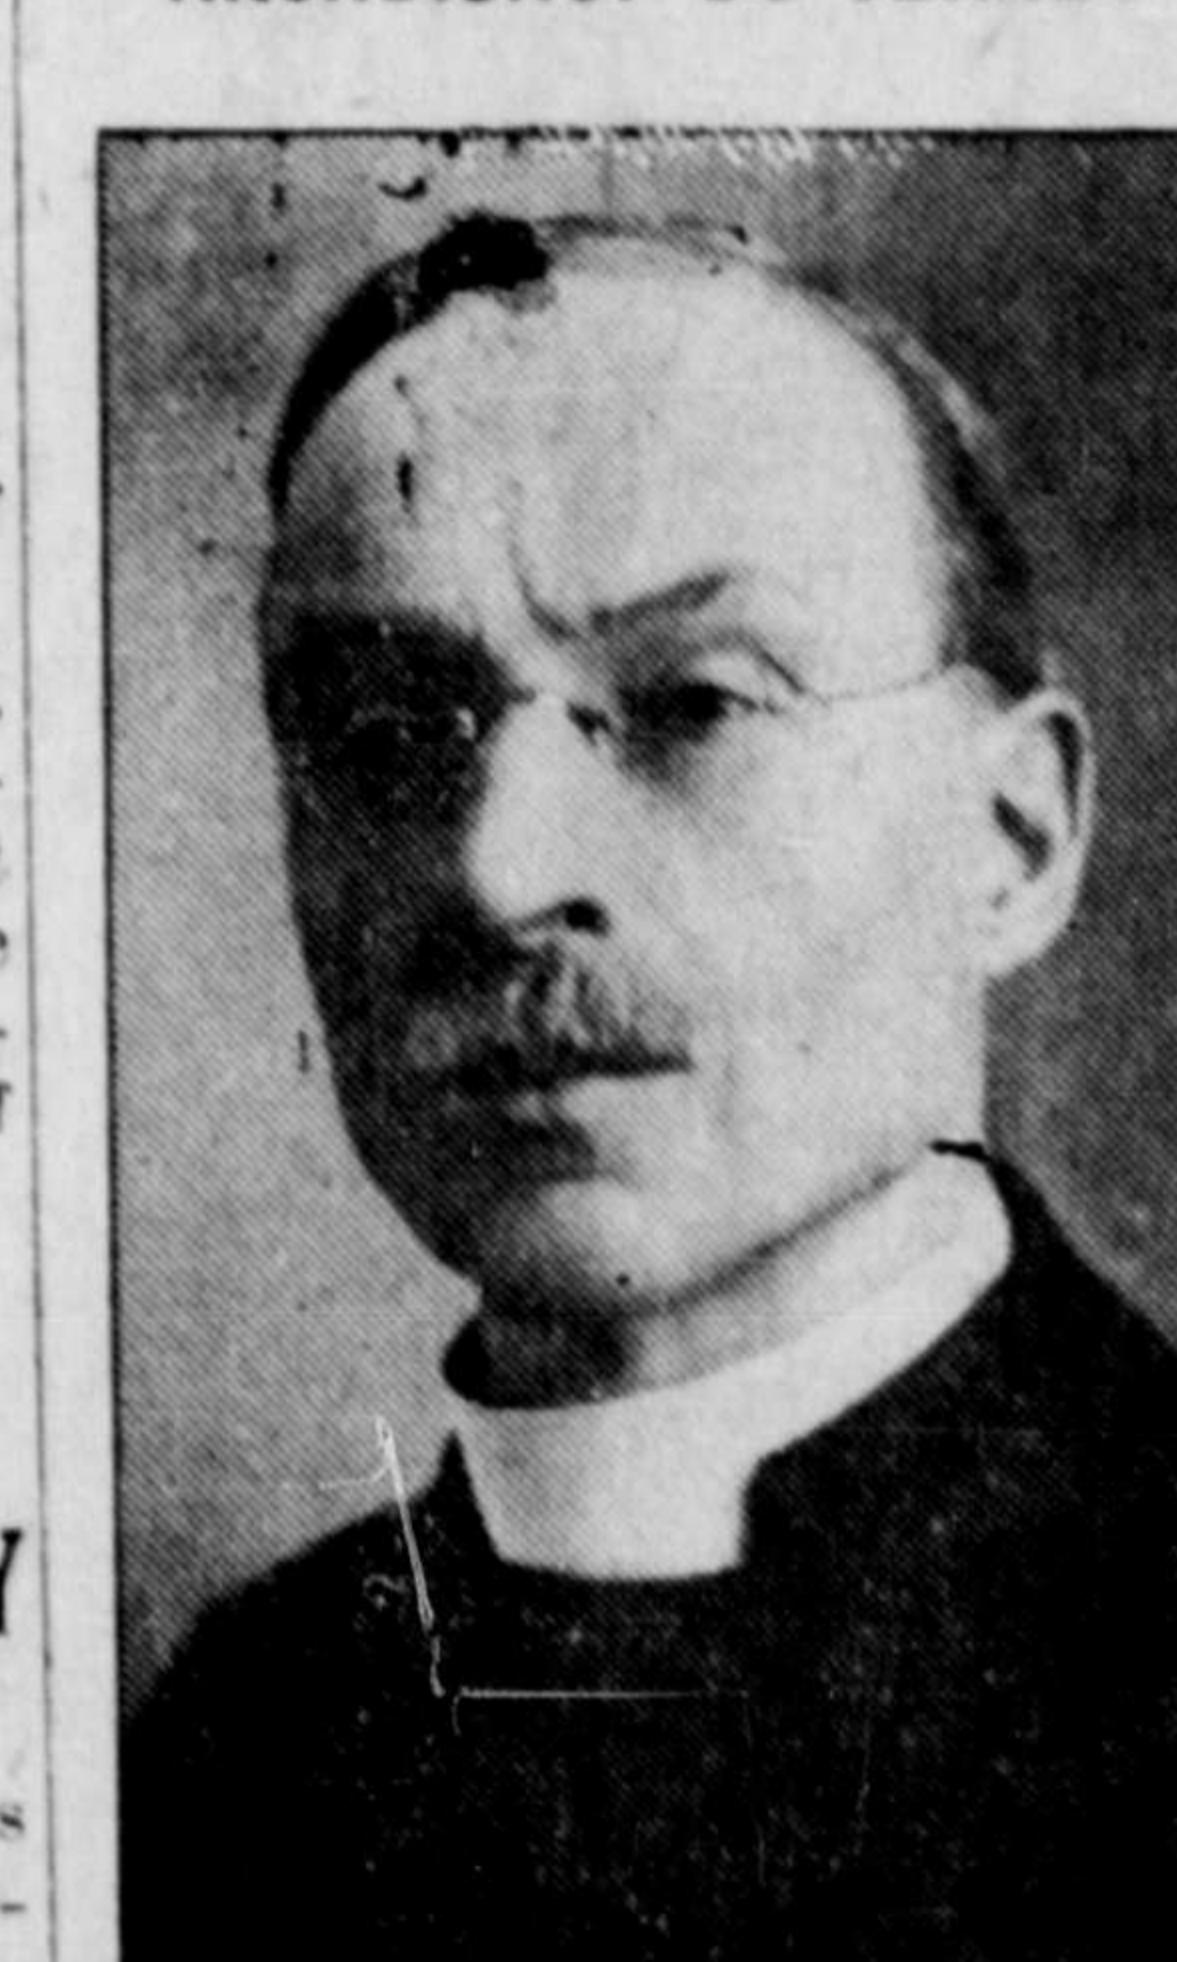

#### Funeral Saturday

The remains are resting at the home. The funeral will take place on Saturday at 2 o'clock from St. Andrew's Anglican Church. The late Archbishop Du Vernet, though he achieved a high position in the service of his church, ever remained the shepherd of his flock in Prince Rupert. Of simple and modest demeanor despite his intellectual attainments, his ministrations were welcome and looked for by even the smallest congregations of his extensive district as were his visits in the lowliest homes of his diocese. Ever abhorrent of personal glory or self esteem, the late Archbishop's modest personality was always apparent. It was reflected when, in the course of granting an interview to a representative of the Daily News, after his elevation to the Archibishopric, he made the request: "Please continue to call me Bishop." As such my people know me better."

#### Active Life

On November 30, 1904, Dr. F. H. Du Vernet was consecrated Bishop of Northern British Columbia. The ceremony took place in Christ Church Cathedral, Montreal, and the four bishops who took part—Archbishop Bond, Montreal; Bishop Carmichael, Montreal; Bishop Sweetman, Montreal and Bishop Mills of Ontario, Kingston—have all passed away. At the time of his consecration, Bishop Du Vernet received the title of Doctor of Divinity from Trinity College, Toronto, and a few months later received a similar degree from his Alma Mater, King's College, Windsor, Nova Scotia. On October 20, 1921, Bishop Du Vernet received the honor for the third time when the degree of Doctor of Divinity was conferred upon him by Wycliffe College, Toronto. In February, 1915, Bishop Du Vernet became an Archibishop and was made Metropolitan of British Columbia, that is, head of the bishops of this province. He was also president of the Anglican Theological College of British Columbia.

#### ARCHBISHOP DU VERNET

#### Brilliant Career

Archbishop Du Vernet has had a long and brilliant career as a dignitary of the Church of England. His first charge after his graduation from King's College was as assistant minister of St. James the Apostle Church, Montreal, under his uncle, Canon Ellegood. After this he became mission preacher of the diocese of Montreal and after three or four years of service as such was made professor of Practical Theology in Wycliffe College, Toronto. He spent twelve years in the college service going from that to St. John's Church as rector which post he held on his elevation to the Bishopric.

Since Archbishop Du Vernet came to Metlakatla on Dec. 20, 1904, as Bishop of Northern British Columbia, better known as the Diocese of Calidonia, he saw much development and change

**Cow Bay Exchange  
To Be Voted On.**

There is a proposal to come before the people for two waterfront lots to be given to the city by the Provincial Government in exchange for part of Cow Bay. The city council decided Monday that the people would be given an opportunity to vote on the deal. The mayor stated that the city needed the lots for wharfage.

It is understood that part of Cow Bay property will be handed over to the Canadian National Railway for yardage purposes, and that when they are ready, the bay will be filled in. That, in a nutshell, is the proposal and it will be for the people of the city to decide what they will do. This is not a political question or a matter for sectional strife but just a plain business proposition on which the people are to be the arbiters. It will lie with them to decide as they are the ones affected. Doubtless there will be some difference of opinion but the majority will have to decide the question.

**Road To Connect  
With Provincial Highway.**

Work is to commence soon on the first section of the provincial highway leading out of this city. A good deal of money has been spent this year on slashing the right of way and the next step is to grade it. The member for the district has given assurance that the work will be proceeded with and it is asked by the Provincial Government that the city do its part so that the larger section may be done without the handicap of having to take in machinery and supplies by water. The city is holding back until the work of grading begins on the provincial road. Whether this will meet the requirements seems uncertain. At any rate it is to be hoped that the work will not be held up through lack of civic co-operation.

**Usual Reluctance  
To Register Votes.**

There is the usual reluctance to register on the civic voters' list. People who do not take the trouble to register are usually the ones who do all the kicking when anything does not meet with their approval. To get a healthy civic government it is necessary for the citizens to take an interest in civic affairs. To have the right to vote is the first step and those who are not property owners must take the necessary step by going to the city hall and making the statutory declaration else their names do not appear on the roll.

**Says John Wesley  
Was Evolutionist.**

John Wesley was one of the first evolutionists, according to a book published by Dr. Frank W. Collier of the American University at Washington. While he did not adopt quite the attitude of the modern interpreter of the history of the ages, he spoke of the development of man from the rough ape and the process he describes as "the admirable progression of the works of God."

**Are Opposed To  
Nationalization.**

It looks as if the Liberals and Conservatives of Great Britain, being both opposed to nationalization of industries, are uniting their forces to defeat the project put forward by the Labor Government.

In Canada we do not look upon nationalization with much favor. We should prefer to have the railways owned and operated by a private company for we believe that better results would be obtained in that way. The race has not yet developed sufficiently to allow of the carrying out of socialist schemes with any measure of success. Possibly the time will come when this will be possible but at present all experiments along that line seem to have failed to measure up.

The Abbotsford Logging Co. is still continuing logging operations at the mouth of the Illicane River. In the past two months Eric Carlson has put 5,000,000 feet in the water. These logs will be towed to Ocean Falls.

J. T. Watson, who was seized with a stroke of paralysis some time ago while working at the Eric Carlson's logging camp, is progressing favorably at the Anyox Hospital but it will probably be a year before he is able to resume his work.

E. Sullivan, who has been engineer on the Awake for the past few months, left last week for his home at Quatsino Sound, Vancouver Island.

Mrs. Vail and her daughter, Miss Clothilde La France, left last week for Seattle where they will spend the winter. Accompanying them was J. Beaudin, Mrs. Vail's brother.

Walter Scrimgeour has arrived here from Prince Rupert.

Sid Davis, who has been engaged as first aid man at the logging camps during the summer, has left for Anyox where he has taken a position at the hospital.

William McFarlane has left for Stewart where he will spend the winter.

A shipment of 357 sacks of high grade ore was made by the Esperanza mine last week to the Anyox smelter.

Armistice Day on November 11 will be celebrated here with a banquet for returned men followed by a dance. S. F. D. Roe and George A. Young have been appointed a committee to take charge of arrangements.

**CONCERT IS GIVEN BY  
GIRLS IN TRAINING**

SMITHERS, Oct. 22.—A very entertaining concert was given by the Smithers group of the C.G.I.T. in the town hall on Friday night. The hall was crowded to the doors and if the applause given can be taken as an indication those present thoroughly enjoyed the various numbers on the program, which consisted of an opening address by Rev. M. A. Lees; chorus by the girls; recitation, Avis Wall; vocal solo, Dolly Carpenter; piano duet, Vivian Graham and Alice Smith; suffragette meeting playlet by the girls; solo dance, Dorothy De Voin; novelty chorus by the girls; flag drill; playlet, "Borrowed Babies" in two scenes, C.G.I.T. girls; and camp fire scene which included a number of solos, instrumental and vocal.

Hon. A. M. Manson, M.L.A. for Omineca, in a communication to the local Board of Trade, states that an assistant public works engineer will probably be put in charge of the district which is in future to be treated as a unit in making appropriations.

A committee from the Board of Trade consisting of E. B. Smith, R. H. Moore and J. W. Paterson has been appointed to investigate the possibility of establishing an automobile camp in Vanderhoof.

Miss Amy Castle of Yorkshire, England, and Ralph Denison of Finmoore were married recently by Rev. George J. Gay. The couple will live at Finmoore.

A daughter was born on October 1, at Nelson, Lancashire, England, to Mr. and Mrs. Cecil Hartley of Vanderhoof.

H. M. Beach of Ottawa, the well known mining man who has considerable interests in the Omineca gold fields, has returned to this district.

**Ten Years Ago  
in Prince Rupert**

October 22, 1914.

As a result of steps taken some time ago by the city council, a test car of Yellowhead coal is now on its way to the city and arrangements are on foot for steady shipments of Alberta coal. Inspector Parsons of the Provincial Police arrived in town Friday evening and spent a couple of days at local headquarters.

Business visitors from Topley on Saturday were Eric Fjeldstad and T. Skoyl, who came in for supplies needed in connection with the winter work at the cutting.

At the lodge meeting on Friday the Oddfellows selected the various committees who are to have the work of making the arrangements for the Annual Ball, which is to be held on December 5.

James Adams left on Saturday morning for Hazelton and later intends going to California in an effort to regain his health. Mr. Adams who was assisting in the local drug store of which his brother is the proprietor, has been confined to his home for several weeks on account of ill health, but is now considered well enough to make the trip to the Hazelton Hospital where he will take further treatment before leaving for the south.

**STEWART**

The Porter Idaho mine on the Marmot River, on which a very satisfactory season's work has been completed, has closed down for the winter and Clay Porter, the discoverer and manager, will leave soon for Victoria where he will arrange for incorporation of the property with head office at Stewart.

A strike of high grade ore has just been made on the Glacier Creek mine. The ore, which is fibrously splattered with native silver and ergentite, is said to be as rich as any that has ever yet been found in the Glacier Creek section.

Miss E. W. Maxwell, chiropractor, who has been practising in the district all summer, left last week for Chicago.

A. Halkett and J. B. Shawe have arrived here to make a survey of the Bear river flats for the federal department of public works. It is the intention to divert the mouth of the stream from the dock sites.

In spite of the bad weather conditions, construction of camps and development work on the Gold Cliff property—just back of Stewart—recently acquired under bond by A. B. Trites from William Dunn, is proceeding rapidly. The mine will in future be known as the United Empire Mining Property.

Miss Cora Tollefson and Nels Olsen of Stewart have purchased a half interest in the Butte group of mineral claims on the Alaska side of the Salmon River valley from John Meneghelo. The owner of the other half interest is C. W. Peterson of Stewart.

**ARISTOTLE WAS THE  
FATHER OF SCIENCE**

And he said "Nature makes nothing without a purpose." Man has been given and has taken a command over nature which on the whole has been for the benefit of the human race. He has not yet been able to find a beneficial use for every natural thing but he has made wonderful progress in subduing the earth and making modern life one of comparative ease and comfort. Probably the most important factor in making our lives comfortable today is an inheritance from nature, namely, coal. And man in his restless desire to discover the best has brought to the market Nanaimo-Wellington coal which is now recognized to be the best obtainable. This coal has some wonderful qualities—freedom from clinkers and rock—small ash deposit and powerful, lasting heat—equally economical in furnace, range or fireplace.

This coal is obtainable only at Albert & McCaffery's and the public will be well advised in order to make sure they secure Nanaimo-Wellington coal and not a substitute to phone their orders direct to this firm. Their phone numbers are 116 and 564.

### ALASKA SCIENTISTS PURCHASE SITE FOR CHURCH IN KETCHIKAN

(Ketchikan Chronicle)

A real estate deal of unusual interest and importance to the many people interested in the Christian Science movement in Ketchikan is the decision of the Christian Science Society of Ketchikan to exercise its option to purchase from Charles & Hardcastle, agents for the Alaska Trust & Investment Company, the large lot of unoccupied land at the corner of Bawden and Harris Streets, as a church site.

The property is across the street from the Citizens' Light, Power & Water Company's warehouse, and is considered ideal on account of being very centrally located and of sufficient size to permit placing the proposed building advantageously and still have room for nice development of surrounding grounds.

No decision has been reached as yet as to when the proposed structure will be started.

### HUGE WEDDING PARTY

Jewish Rabbi Entertained 10,000 Guests on Occasion of Daughter's Marriage

GALATZ, Rumania, Oct. 22.—One of the most elaborate weddings in history was given the other day here by a Jewish rabbi for his daughter.

The feast was of Gargantuan proportions. The guests, from all over Rumania, numbered over 10,000 men, women and children. The food supplies consisted of 33 carcasses of beef, 210 sheep and 170 calves. The geese prepared were so many that their feathers made a hill of considerable height.

The town was virtually occupied by the wedding party, which largely represented the wealth of Rumania, thought not its landowners.

Suspecting some political design, the ministry of the interior garrisoned the city heavily with police and troops, but there was no disturbing incident of any kind.

### ARCHBISHOP DU VERNET DIED EARLY THIS MORNING CLOSING ACTIVE CAREER

(continued from page one)

but no change more marked than that which took place in the character of his own church work. He succeeded the late Bishop Ridley, who had resigned to go to England.

At that time the work of the Church of England in the diocese was devoted mainly to the Indians and there were but three clergymen in the diocese who ministered to white people, those at Port Essington, Port Simpson and Atlin. Even the congregations of those were mixed with Indians.

### Seventeen Clergy

The building and completion of the Grand Trunk Pacific Railway brought about a change until now the main work of the church in the diocese is among white people and there are seventeen clergymen in the district whose congregations are white. Archbishop Du Vernet made Metlakatla his headquarters until 1907 when he came to Prince Rupert, then only a railway construction camp. Here he resided until his death making the city his headquarters as "travelling superintendent" for his church.

The late Archbishop Du Vernet's diocese of Caledonia comprises the entire northern half of the province of British Columbia. It is about 200,000 square miles in extent, 54,000 miles of which is that section of the province east of the Rocky Mountains commonly known as the Peace River country.

### Psychological Studies

Despite the demands that were made upon his time and energies as Archbishop of Caledonia and Metropolitan of British Columbia, the late Archbishop Du Vernet was a deep student of psychology and his writings on this as well as other subjects were sought for and published in all parts of Canada. His serious illness of the last several months did not prevent his further researches and it was only a few weeks ago that the last contributions from his pen were published.

The Archbishop was a man whose mind advanced far ahead of his physique, which in itself was necessarily robust to meet the demands of his ecclesiastical duties which took him far afield. It was perhaps with a feeling of premonition that one of the last writings penned from his sick bed pointed out that the mind could not advance too far ahead of the body without results disastrous to the human frame.

Mrs. A. Gentels of Vancouver is making the round trip north on the steamer Prince Rupert which is in port today.

Mrs. J. A. Hinton, who has been visiting in Vancouver and Victoria, returned home on the Prince Rupert this afternoon.

Mr. and Mrs. W. J. McCulcheon, who have been on a trip East during the past few weeks, returned to the city on the Prince Rupert this afternoon.

George W. MacKay, local manager of the Government Telegraphs, is ill in the Prince Rupert General Hospital. It is expected he will be back at his duties shortly.

Mrs. William Horn died this morning.

At the home, 484 Eighth Avenue East, the death occurred at 2 o'clock this morning of Mrs. William Horn who had been suffering from heart trouble. Deceased, who had resided two years in the city coming here from Victoria, was 68 years of age and was born in Glasgow, Scotland. Funeral arrangements are in the hands of the B.C. Undertakers.

Besides the widower who is engaged at the dry dock and a son, Robert, who is employed at Parker's Garage, the following members of the family survive: Sons, Matthew (Los Angeles), David, John and James (Lethbridge), William (South Africa), Andrew and Alex. (Victoria), and Peter (Calgary); daughters, Agnes (Regina), and Janet (Mrs. Scott, Lethbridge).

**SPORT NEWS  
OF THE DAY****FORMERLY A BOXER  
DANNIE MC AULIFFE  
NOW RACE WINNER**

CINCINNATI, Oct. 22.—From the squared arena to the sporting silks of a racetrack is the route taken by Dannie McAuliffe, the Louisville, Ky., boxer-jockey who is riding at the Latonia racetrack. McAuliffe decided the thrills derived from the galloping of thoroughbred horses more interesting than the thumps received in the ring. A year ago he laid aside the gloves that fitted a bantamweight and entered the Kentucky plant as stable boy. McAuliffe's first big chance came at the recent Raceland meeting. He was one of the outstanding riders and scored an average of more than two winners daily with a record of 70 places in 120 starts. On one occasion he rode in all seven races, finished first four times, placed in two and finished third in the other.

He is only 21 years old and in ten fights around Louisville gave a good account of his ability and was known as a heady performer in the ring. His headwork already has displayed itself on the track.

**MAGISTRATE'S DECISION  
IS REVERSED BY JUDGE**

The decision of Magistrate McClymont in dismissing Clarence Doane on a charge of supplying liquor to Indians was reversed by Judge Young in the County Court yesterday and accused was sentenced to six months at Okalla Prison Farm with hard labor, the option of a fine not being given. City Solicitor Jones appeared for the crown and there was no appearance for the defence.

## In the Letter Box

### RATEPAYERS' ASSOCIATION PROTEST AUCTION SALE IN SECTION 2

Editor Daily News — In your issue of yesterday you reported that the resolution of the Ratepayers' Association protesting the auction sale of lots in Section 2 was not read but filed, which of course was correct.

Nevertheless, in fairness to the Ratepayers' Association I would like to explain that when the resolution came up Alderman Clapp asked that the letter be not read because he was withdrawing his motion concerning the auction of lots in Section 2, and His Worship the Mayor decided to file his letter, everybody believing that the matter was settled.

Alderman Clapp then brought another notice of motion which was practically the same as the former, as far as the protest of the association was concerned, but extending the sale over lots in all sections of the city except Section 4.

I am making no comment on this question, but I want to correct a false impression that is going round that the council did not want to pay attention to the resolution of the Ratepayers' Association.

ALD. COLLART.

## WOMEN OF INDIA

### SEEKING RIGHTS

**Say They Want to be Able to Sit in Legislatures and Want Act Amended**

LONDON, Oct. 22.—From distant India comes a cry of the women for further political rights and privileges. The Women's Freedom League which, under the leadership of Mrs. Pankhurst, used to smash windows and pour serosene into the mail boxes in an endeavor to convince men that women should vote, has received from India an account of the struggle going on there to give women the right to membership in the legislatures.

At a representative meeting of Indian women held recently in Simla under the presidency of Lady Shafti, the question of the disqualification of women for election as members of the several legislatures was discussed. The following resolution supported not only by the Simla women but by the Bombay Women's Council and the Women's Indian Association, Madras, was passed unanimously:

"This meeting of Indian women, belonging to different parts of India, places on record its very strong opinion that the disability of women to stand as candidates for the legislatures be removed forthwith, and that the rules under the government of India Act be amended accordingly."

### SECOND ELEVATOR SITE IS ASKED FOR

## DR. J. C. SPENCER VISITING ISLANDS

**Tribute to Man Who Has Done Splendid Service on Coast**

SKIDEVATE, Oct. 22.—Dr. J. C. Spencer, a pioneer medical missionary of the north, is at present visiting the Queen Charlotte Islands on a tour of inspection.

He is a man well known to the northern country, being stationed at various points during the past thirty years. Going to Hazelton about the year 1894, at a time when this country was in its roughest state, he did splendid work among the Indian people. Patiently he labored, preaching the gospel, attending the sick and cheering the downhearted. From here he went to Bella Coola, where he did equally good work.

In the year 1906 the people were fortunate in having him stationed on the Queen Charlotte Islands as a medical missionary to the Indian village of Skidegate. For eight years in the same patient spirit he went about his daily tasks, at the same time administering the gospel to the neighboring settlements and always ready to do all in his power to assist them. He won the hearts of all those about him and it is with great pleasure that they welcome him on his present visit.

Dr. Spencer, after a service of thirty years, is still carrying on this work along the Northern Coast of British Columbia.

## FISHING ACTIVITIES AT QUEEN CHARLOTTES

**Big Pack This Year at Lagoon Bay; 250 Cohoes in Catch**

SKIDEVATE, Oct. 22.—All fishermen from Lagoon Bay cannery came home on October 16. All have done well at the cannery, which has closed for the season. The total pack for the cannery is 64,000 cases, which is considered good for a one line cannery. W. Trotter was manager there this season and everyone hopes he will be there again next year.

Bert Hanson, skipper of the Greer Starrett, the fish packer owned by the Canadian Fish & Cold Storage Company, brought over the mail for Skidegate. This is not the first time the company has done this. It has often happened during the past five years. Both fishermen and settlers were pleased to welcome Capt. Hanson who is an old timer here.

T. G. Russ of the gas boat Chumney caught 250 cohoes on the Skidegate bar. It took him only six hours and he sold them to the Cold Storage Company at 40c each.

Miss Dorothy Barge of Queen Charlotte City spent the weekend at Skidegate with friends.

J. P. Dover has arrived in Skidegate after spending the summer at Lagoon Bay Cannery. He expects to spend the winter here.

WHITNEY GRIFFITH, FARMERS' INSTITUTE MAN, VISITS INTERIOR

**Urge Farmers to Co-operate in Own Interests; Convention in February**

SMITHERS, Oct. 22.—The local Land Settlement Board representative, D. D. Munro, returned to town on Friday evening after accompanying A. C. Whitney-Griffith and party who were touring Central B.C. in the interest of the Farmers' Institute.

No tutes were held at Forestdale, François

Lake, Grassi Plains, Ootsa Lake, and Wistaria, all of which were well attended by the farmers in the different localities.

Mr. Whitney-Griffith, who is chairman of the Advisory Board, was very much pleased with the progress being made by the settlers throughout the district and considered that there were great possibilities ahead of this section of B.C. He urged the farmers to co-operate as this was the favor of holding a convention in District "B" at Smithers last week, meetings were held at Forestdale, François
