POLITICAL SITUATION REMAINS UNCHANGED

CANNIBALS EAT LIGHTHOUSE KEEPER; DELAY AMERICAN SHIP AT SOKOTRA

Bowser has Decided to Retire and Oliver may run in Skeena Provincials and Tories Unite

VANCOUVER, June 27.—Excepting Prince George, which is the only doubtful seat, the standing of the parties is likely to remain unchanged until July 12 when the absentee votes are counted. A missing small poll at Prince George where Burden, Conservative, so far leads by three over Perry, Liberal, may not be available for several days.

The Vancouver Province carries the following despatch from Victoria:

"W. J. Bowser has definitely decided to retire from the leadership of the Conservatives.

A rapprochement between Conservatives and Provincials has so far proceeded that these parties will probably join hands in selecting a common candidate for the by-election that may be held to give Vancouver representation in the cabinet. This agreement is qualified by the judgment of some provincial leaders who would not oppose Charles Woodward if he should be appointed minister of finance and come back to Vancouver for re-election.

Woodward Desirable
From the government's standpoint Woodward would be wholly desirable but it is understood he has no great desire to undertake the hard work attached to the office. Unquestionably if he will accept he can have the position. The government will not take any chances on weakening its following in the House.

"The first job of the administration is to find a place for the premier. There's a decided wish to keep Patterson as member for Delta. Skeena today looks like the chosen spot for Oliver and it is understood Dr. Winch is willing to make way for him there.

CHAMPIONSHIP BOUTS FOUGHT

Gene Tunney Scores Triple Knockout Over Erminio Spalla at New York

NEW YORK, June 27.—Gene Tunney scored a technical knockout over Erminio Spalla, the European heavyweight champion last night.

Larry Greb retained the world middleweight championship, defeating Ted Moore, English challenger, in a fast fifteen rounds.

Harry Greb retained the world middleweight championship, defeating Ted Moore, English challenger, in a fast fifteen rounds.

VICTORIA STATE ELECTION RETURNS

MELBOURNE, June 27.—The Victoria state elections are still incomplete but all the ministers have been re-elected. Labor has gained five seats at the expense of the nationalists and the Liberals now have 24 seats, Labor 28, Farmer's party 12, Independents 4.

CITY FINED FOR NOT COMPLYING WITH REGULATIONS

Ten dollars was the fine inflicted in the police court this morning on the city of Prince Rupert for failing to affix a two cent stamp to a receipt for an amount over ten dollars.

The information was laid through Williams, Manson and Gonzales on behalf of the collector of customs and excise. It also announced that other complaints have been made of omissions to stamp these documents and it is stated that all violations will be prosecuted and heavier fines asked.

LIGNITE COAL SASKATCHEWAN

Seam Fifteen Feet Thick to be Developed to Supply Prairie Market

MOOSEJAW, Sask'n, June 27.—A seam of lignite coal 15 feet in thickness has been found on the farm of J. A. Mitchell, a couple miles from the town of Lawson on the Moosejaw-Riverhurst branch of the Canadian National railways. W. H. Hastings, mining engineer of the Department of Industries, Saskatchewan, who made an examination of the deposit states that the coal appears to be a good average grade of lignite, at the point where the coal was tapped, in the process of sinking a well, the overburden is only 14 feet.

Mr. Hastings recommends that the Government undertake to do a limited amount of drilling in the area, sufficient to determine if the seam has any considerable lateral extent and also to ascertain if there are deeper and harder seams below the one in question.

The Canadian National Railway passes close to the locality where the coal was found. If this coal proves to be as good quality as thought, a mining industry will undoubtedly be developed at Lawson, owing to the proximity of such good markets as the cities of Moosejaw and Regina, also other towns in that part of Saskatchewan, to say nothing of the demand there would be from the farming communities in that well settled section of the province. Riverhurst is sixty miles north of Moosejaw.

This is the furthest north that such a large seam of coal has yet been found in the settled areas of Saskatchewan.

BRITISH FLYER OFF

Left For Bangkok This Morning Early on Round World Flight

RANGOON, June 27.—The British round the world aviator, Stuart MacLaren, left today for Bangkok at 6 a.m.

Miss Juliet, vaudeville star, is here shown holding a bowl which one belonged to King Tut. Egyptologists have offered immense sums for it, but Miss Juliet refuses to part with the rare vessel.

Logging Operations by Local Firm at Surf Inlet Show Good Results by Efficient Methods

One of the busiest and most efficiently conducted logging enterprises on the north coast is that of J. R. Morgan Ltd., at Surf Inlet. Sixty-five men are employed and 100,000 feet of logs are being put into the water daily. Already, as a result of this season's operations, four and a half million feet are ready to be towed to the Pacific Mills at Ocean Falls.

There are three camps, the main one being adjacent to the mine landing on the lake. The limits held by the company include practically the entire shore of the lake so two of the camps are moved frequently from place to place. The company has enough timber to ensure operations being continued at Surf Inlet on the present scale this year and next.

J. R. Morgan is personally in charge of the work being carried on.

To take the logs from the bush to the water, A frames and sky lines operated by donkeys are used. Once at the foot of the lake, a gate-operated chute takes the logs the short distance down the stream to the sea where they are boomed and taken to the mill.

TOURIST PARTY WAS IN CITY TODAY FROM CALIFORNIA CITIES

A party of fifty tourists in charge of the Peck-Judah Company of San Francisco, personally conducted by their publicity agent, C. R. Brimacombe, arrived today on the Princess Louise on their way to Alaska. They are from California cities and are one of a large number of similar tours being conducted by the same firm in this part of the country. There is one now in Alaska and another leaving California today.

Three Spans of Bridge at Terrace are Completed and Structure is Well Advanced

Four of the six steel spans in the bridge across the Skeena River at Terrace have been erected according to Major R. M. Taylor, district engineer for the provincial department of public works, who returned on last night's train after having paid a visit of inspection to the work. The spans already put in have been bolted but not rivetted and six weeks work will be necessary for that. The remaining two spans, those on the north side of the river, are the longest and will take a greater space of time to put in. Much depends on the weather for the time that it will take to complete the bridge but, with good conditions prevailing, it should be ready for traffic by September. With the erection of the spans finished, the next work will be the decking.

The steel is being put in by using an overhead traveller operated with a donkey engine from a cable stretched across the river. Twelve men are engaged on the work and E. E. Davis, sub-contractor under John Coughlan & Sons, of Vancouver, is in charge.

British Government Announces Its Position in Regard to Ireland

LONDON, June 27.—In a statement in the House of Commons regarding the Irish republic recognition at Washington, J. H. Thomas, colonial secretary, said there seemed to be an impression that if the Irish republic was asked for it would be considered. Mr. Thomas asserted that any such demands would receive the same reply that he believed it would have received from either of the two previous governments since the treaty was signed. The present government believed that peace and friendship could be maintained in Ireland by the establishment of a free state as a self-governing dominion in the British Commonwealth and in no other way.

HUMILIATION DAY ANNUAL EVENT IN JAPAN ANNOUNCED

VICTORIA, June 27.—Passengers aboard the President Jackson from Japan state that the Japanese are planning to celebrate Humiliation Day annually on the date on which President Coolidge signed the Japanese exclusion bill. This will be done in order to show their resentment at the affront to their national pride.

NINETY FOOT YACHT IS IN PORT TODAY

The 90-foot express cruiser Wanda of Seattle, having on board a party of seven businessmen from that city headed by C. D. Stimson, owner of the craft, arrived in port this morning for fuel and tied up at the Imperial Oil Co's dock. The vessel was in the course of a cruise of northern waters as far as this port and returned south early this afternoon.

The Wanda has 500 horse power engine and is driven by triple screws so is a speedy boat. She is also a graceful craft and attracted attention on the waterfront.

The party on board the Wanda was as follows:

- C. D. Stimson, president of the Stimson Mill Co., captain and owner of the boat.
- M. A. Arnold, president of the First National Bank.
- A. B. Stewart, president of the Stewart-Holmes Drug Co.
- Dr. C. W. Sharples, prominent surgeon.
- C. H. Clarke, president of the Kelly-Clarke Co., exporters.
- C. L. Ring of the Merrill-Ring Lumber Co.
- Harvey Lindley, retired capitalist.

The boat, which is electrically equipped throughout, carries a crew of four—engineer, deck-hand, cook and cabin boy. Early this afternoon the Wanda returned south. Tonight will be spent at Lowe Inlet. The trip up the coast was made by easy stages but the return will be speedier.

British Government Announces Its Position in Regard to Ireland

LONDON, June 27.—In a statement in the House of Commons regarding the Irish republic recognition at Washington, J. H. Thomas, colonial secretary, said there seemed to be an impression that if the Irish republic was asked for it would be considered. Mr. Thomas asserted that any such demands would receive the same reply that he believed it would have received from either of the two previous governments since the treaty was signed. The present government believed that peace and friendship could be maintained in Ireland by the establishment of a free state as a self-governing dominion in the British Commonwealth and in no other way.

NAMES IN FOR NOMINATION

Number of Men Proposed to Contest Presidency With Coolidge

NEW YORK, June 27.—The following men were formally nominated to be the nominee of the National Democratic convention for the presidency of the United States: William McAdoo of California, Governor Alfred Smith of New York, Senator Oscar Underwood, Senator Jos. Robinson of Arkansas, Senator Ralston, Former Senator Willard Salisbury of Delaware, Governor Ritchie of Maryland, Former Secretary Houston, Senator Ferris, Governor Davis of Kansas, Ex-Governor Cox of Ohio.

AMUNDSEN WILL NOT GO TO THE NORTH

Has Postponed His Visit to the Pole Owing to Economic Difficulties

CHRISTIANIA, June 27.—Raold Amundsen announces the acceptance of the trip to the North Pole has been postponed because of economic difficulties. It is out of the question for him to start this year, a report from Pisa, Italy, states.

J. A. Miller, the well known local civil engineer, returned to the city on the Princess Louise this morning after having spent the past six months in England. He expects to remain here. While in the Old Country, Mr. Miller visited the Empire Exhibition.

Delivering The Goods.

It is a great thing to "deliver the goods" as promised. If a grocer or other merchant does not fill the order with the quality and quantity of goods required he soon loses business. He finds that it does not pay to fail to carry out his contract. He may make a temporary profit but it is only temporary and in the long run he stands to lose. Because he knows this no wise grocer will fail to deliver the goods as per order.

In every walk of life it pays to deliver the goods. The man or woman working for wages has to do the same as the grocer. If the employee does not deliver the goods, the employer suffers and eventually there have to be changes. The employee will be dismissed or the employer will go out of business.

Sometimes in the walks of life other than commercial there are men and women who undertake to do certain things but they never deliver the goods. They allow themselves to be placed on committees where they fail to function. They make a bold pretence of going to do something, yet they never do it. They fail to deliver the goods and the failure is not only a loss to the organization for which they are working but also for the men or women themselves. Their failure becomes a habit and they eventually class themselves as failures.

How Will They Spend The Coming Holidays.

This is the time of year when the children are considering how they shall spend the holidays. Many have already decided that point but others have not. Parents have a great responsibility in this connection. They must see that their children are under proper care and at the same time the youngsters must have plenty of outdoor life and preferably a life that will be a change from what they have been leading the rest of the year.

Sunshine and fresh air are necessary to health and the more the youngsters get the better they are. Also it is desirable that children have plenty of fun. Proper associations have a great effect on the future life during the formative period.

Staying With City Today.

This is the time to stay with Prince Rupert. We have had in the past many setbacks and we have been disappointed most grievously. Those who came here early and remained during the dull days can be excused if they sometimes fail to realize what the future holds in store. Yet it is a foolish person that gets out just as prosperity is within reach. Few places have the prospects that are seen at Prince Rupert.

It must not be expected that any sudden prosperity is about to come here. We shall have to fight our way in the future as we have done in the past, but the work will be easier. There will be occasions from time to time when we shall feel that there is nothing doing and that it was foolish to have remained. A city grows just as the tide advances up the beach. There are big waves that seem to reach forward and then there is an ebb but the whole movement is forward. So it will be here. We are settling down to a sane and steady growth. This growth may not be of any speculative value but it should be of the kind which will bring advantage to those who remain with the city and take the opportunities that offer.

TELLS HOW TO COMBAT FIRES

Interesting Directions Given in Essay Written by Francois Lake Boy

Forest fires occur in British Columbia from May until October and are most destructive in July and August.

There are three kinds of fires: surface, ground and crown. Surface fires as a rule travel rather slowly and are governed by wind, temperature and humidity and feed mostly on dry wood and grasses. Ground fires travel very slowly and feed mostly on vegetation, mold, decayed wood and moss. Crown fires occur in thick resinous timber. They travel very rapidly feeding on the tops of the trees. They are the most dangerous fires. This kind of makes its own wind to a great extent and only occurs during periods of very high temperature. They are also the most dangerous to life and the most destructive to the forest.

The first thing a person shall do on discovering a fire is to warn the nearest forest officer; then, if it is a surface fire, he should fight it by going ahead of it to some natural barrier, such as a stream, lake, or swamp, and clearing a ditch or path of all inflammable matter across the course of the fire. He should then back fire it on the fire side. If a ground fire, follow the front of the fire and dig it out and throw it back on the burned area. A crown fire can only be fought according to conditions, and not until it leaves the tops, after which it is handled as a surface fire.

Value of Forests

These different fires may all be caused by reflection or lightning, acting on inflammable matter. It is nearly certain that at least eighty six per cent of all fires are caused by human agencies. Therefore they can be prevented to a great extent by proper organization and care. The best way to prevent forest fires is to convince the people through the forests districts, of the dollars they will get out of the forest for themselves, for when a person can see where he can make a dollar out of anything he will take care of it. The loss to the people by forest fires each year, amounts to about one half of our entire tax receipts. If it were saved for industrial uses, by supplying increased employment and by naturally increasing the local market, it would make for prosperity in our province.

The future prosperity of British Columbia depends almost altogether on the conversion and industrial development of our timber resources, which would mean to the province pulp and paper mills, saw mills, cross-cutting plants, box factories and many other enterprises that are of great value to the people, as well as railroads and numerous enterprises which are certain to follow such developments. Conserving the forests keeps our country beautiful, thereby bringing into our province tourists, home seekers, pleasure seekers, hunters, trappers and fur farmers, for they all depend to a great extent on the forest for their existence. Also by conserving our forests we give to agriculture the uniform supply of moisture that is desirable for successful crop raising.

(Note—The foregoing essay, which was awarded first prize for intermediate grade in the recent forestry department's competition in Prince Rupert district, was written by Elvin Braaten, aged 14, of the Uchea Valley School, South Bank, Francois Lake. His teacher is Hubert D. Pritchard.)

BROKE ARM WHEN EMBARKING ON THE BEACH AT TUGWELL

Mrs. Jarvis McLeod Meets With Painful Accident at Rotary Picnic

When standing waiting on a slippery log at Tugwell beach in readiness for embarking in one of the boats last evening at the Rotary picnic, Mrs. Jarvis McLeod stepped and fell on the pebbles and broke her arm. There was a swell going and it was a little difficult getting into the boats so the log was utilized as

an embarking point. Dr. W. T. Kergin, who was in the party, attended to the injured limb temporarily and later gave the usual treatment.

PRESENTATION MADE TO MRS. JACK KELLY

Tea Made Occasion of Expressing Farewell Wishes of Members of St. Andrews Ladies

Mrs. Jack Kelly, who is one of the oldest members of the St. Andrew's Society, was last evening presented with a handsome ladies' umbrella by the Ladies' Auxiliary of that organization at a tea given by the president, Mrs. Howard Steen, Borden St. There was a large attendance of members and friends and the presentation was made by Mrs. Steen in a neat speech in which she referred to the long and pleasant associations existing between them and the regret of the members at Mrs. Kelly leaving the city. Mrs. Kelly replied, thanking them for the gift and for their good wishes.

Assisting Mrs. Steen at the tea were Mrs. George Abbott, Mrs. James Irvine and Mrs. W. Reid. The rooms were decorated with blue and white sweet peas representing the colors of the society. Piano selections were given by Mrs. B. Love.

Mrs. Kelly and family are moving to Kelso, Washington, where Mr. Kelly is now living.

STRENUOUS TIME IN RHODE ISLAND WHEN SENATORS DRIVEN OUT

RUTLAND, Mass., June 27. — Twenty-one Rhode Island Senators, two of them accompanied by their wives, settled down for a long stay here, declaring that only a satisfactory guarantee by Governor William S. Flynn of their personal safety would induce them to return to their home state and its legislative halls, from which they were driven last Thursday by bromide gas.

The Senators have for several days been scattered in small groups about Massachusetts and it was their desire to be together for the purpose of discussing developments and making plans that led them to congregate here.

A lengthy statement was issued, in which they charged Lieutenant-Governor Toupin, Democrat, with bringing about conditions that blocked state business and caused the breaking up of the legislature. The statement charged that he had encouraged disorder and "has called to his aid a disorderly, vicious and threatening mob of thugs, gunmen and representatives of all the disorderly elements of the community. The Lieutenant-Governor has openly asserted that the next time the members who constitute a quorum of the senate appear there they will be killed."

SEVENTH of the series dealing with the establishment of the Bank of Montreal at representative points in CANADA and elsewhere.

IN VANCOUVER AND VICTORIA

THE completion in 1886 of the Canadian Pacific Railway, a project that had received the moral and financial support of the Bank of Montreal, cast a bright ray of promise across the then somewhat troubled economic life of Canada.

Canada at last was spanned by rail from coast to coast, opening up for profitable development the fertile territory lying between.

The Bank of Montreal signalled the completion of the line by establishing a Branch at Vancouver and later at Victoria, thus completing its transcontinental chain of Branches and bringing to the Pacific Coast banking facilities essential to the successful development of the great economic potentialities there.

Of its 567 Branches, 53 are situated in the Province of British Columbia.

Here and There

Earnings of the Canadian Pacific Railway for the last ten days of March amounted to \$4,496,000, as compared with \$4,313,000 for the corresponding period a year ago. This is an increase of \$183,000 or 4.2 per cent.

Immigration to Canada during the eleven months ending February, 1924, totalled 135,128, divided as follows: British, 67,023; from the United States, 19,120; from all other countries, 48,985. This compares very favorably with 66,139 for the same period a year ago.

Forty pilgrimages to the famous shrine at Ste. Anne de Beaupre, Quebec, have already been arranged for June, July and August this year. Over 200,000 visitors are expected, most of them from Montreal, Toronto, Buffalo, Philadelphia, Chicago, New York and Boston.

Although it has already spent \$4,000,000 in drilling for oil in Alberta without very definite results, the Imperial Oil, Limited, proposes to keep at its development campaign, so F. J. Wolfe, director of marketing for the concern, states. Already the company's \$2,500,000 refinery at Calgary has had the effect of keeping prices down, he says.

An important industrial enterprise is being added to the list in Montreal in the plant of the National Cement Company, which is being constructed in the town of Montreal East on the site of one of the largest deposits of raw material for cement in Canada. The first unit of the plant will have a capacity of 900,000 barrels per annum.

A total of 969 communities in Alberta are now served by the Provincial Government telephone system. The total number of phones served in the system is 67,279, of which 32,260 are exchange phones, 20,252 are rural phones and 1,085 are private party lines and 13,385 are connecting subscribers. There are 264 exchanges in the province, with 301 toll offices and 62 private party lines.

The growing importance of Canada's trade in the Pacific is reflected in the official statistics of the Vancouver Harbor Board for the month of December, 1923, which shows a substantial increase in shipping in that port over the same month in 1922. Total shipping through the port amounted to 434,432 tons, valued at \$31,421,129, an increase over December, 1922, of 122,602 in tonnage and \$2,703,078, in value.

Ten 10,000 Imperial gallon tenders, for use behind the P.I. type engines used in the Western mountains, have been ordered from the Canadian Locomotive Company, Ltd., Kingston, by the Canadian Pacific Railway at a price of \$12,445 each, delivery to start in May and be completed in June this year. These tenders will give more efficient coal and water service than any others in this country.

During the year 1924, 96 arrivals and departures on the St. Lawrence route, with its different services, to be maintained throughout the summer months by its popular monomast cabin and Empress class steamers, will constitute the Canadian programme of the Canadian Pacific Railway's steamships. A combined tonnage of 127,000 gross tons will be in operation on the Atlantic under the company's flag, the largest amount yet assigned by a single line to steamship passenger traffic on the St. Lawrence route.

Canada's unfavorable trade balance with the United States is more than equaled by her favorable trade balance with the United Kingdom, according to trade figures of the Bureau of Statistics. For the year ending February, Canada's imports from the United States were \$603,000,000 and her exports to that country \$426,000,000, an excess of imports of \$177,000,000. As against this, Canadian exports to the United Kingdom were \$355,000,000, and the imports from Britain \$155,000,000, a surplus of \$200,000,000 on the side of exports.

G.N.R. steamer Prince Rupert, Capt. D. Donald, northbound from Vancouver to Stewart, is due in port on time at 3 o'clock this afternoon. The train from the east is also due to arrive on time at 4 o'clock.

MISTAKEN IDENTITY

May I ask you why you are in this distressing place? the young woman asked the polite convict.

"Certainly, madam," he replied. "I am here for robbery at a seaside hotel."

"Oh, how interesting!" the gentle one stammered. "Were—were you the proprietor?"

COAL AT \$8.50

VANCOUVER, June 20.—Coal is now selling here at \$8.50 a ton. That is being paid for coal coming from collieries near Ashcroft, on the P.G.E. The coal is of a superior lignite variety and is said to be giving satisfaction. Other dealers are now lowering their prices to cope with the competition.

SALT LAKES SERVICE

The Launch "23" will leave Swanson's Float on Thursdays, Saturday and Sunday afternoons every half hour from 4 p.m. until 6.30 p.m. and on other weekdays at 2, 4 and 6.45 p.m. The last boat home each day will leave the Salt Lakes float sharp at 7 p.m.

Sunday and holiday picnic parties specially arranged for. Launches, rowboats and canoes for sale and hire. Prince Rupert Boathouse.

SONS OF CANADA WIN AT BASEBALL

Defeated Gil's by a Score of 15 to 9 in Last Night's Fixture

Good baseball was played in the first three innings of last night's City League fixture but the same could not be said of the last four and the result was that the Sons of Canada ran out from Gil's on the long end of a 15 to 9 score.

At the end of the third inning, the score was one to nil in favor of the Canadians. Gil's made two runs in the first of the fourth but blew up when their turn came in the field and the Son made three. After that, the tobaccoists seemed unable to settle down and scoring was fast and frequent as a result of errors. Towards the close darkness interfered with the play.

Eason pitched five innings for Gil's and was relieved by Wilson but without effect in stemming the tide. Douglas Frizzell was catcher. Lidstone, the Sons' regular pitcher, had a defective arm and played in the field, Ernie Warren taking his place for the entire game in creditable manner with Balfour behind the bat.

P. Laporte umpired and the teams took the field as follows: Sons of Canada—D. Balfour, c.; E. Warren, p.; V. Menzies, lb.; Mitchell, 2b.; Len Sherman, ss.; H. Perry, vb.; E. Clapp, lf.; Jack Ratchford, cf.; D. Lidstone, rf.

Gil's—D. Frizzell, c.; A. A. Eason, p.; S. Bazett-Jones, lb.; Wilson, 2b.; H. Frizzell, ss.; George Hill, 3b.; W. Lambie, lf.; Tully, cf.; A. R. Lane, rf.

ROTARIANS DISPORTED THEMSELVES AT BEACH

Enjoyed Picnic Under Ideal Conditions at Tugwell Island Yesterday Afternoon

Tugwell Island beach was the scene of a lively picnic yesterday when the members of the Rotary Club and their wives and families gathered to spend the afternoon and evening in old fashioned picnic style. The weather which proved threatening here was all that could be desired here. No rain fell although there was a considerable shower here. The conditions were excellent and everybody was in high spirits and the result was that the affair was extremely successful. It was the first event of the kind held by the club but, judging by the comment of those who took part, there are likely to be more of the same before long.

The party was taken to the picnic grounds in Dr. W. T. Keegan's "Sunbeam III," George Bryant's "Harla," George Rorie's "Nancy," John Dybhavn's "Surrey," and H. F. Pullen's "Gwen." Games and races were indulged in, quoits were pitched,

that to them the most interesting part of the play has been the referees, who must make their ruling and announcements in two or three different languages. It was announced recently that a team of players of the British army of occupation of the Rhine would make a tour of central Europe.

SEWER EXTENSION AT EDMONTON APPROVED

EDMONTON, June 27. — The extension of the city sewer system to Gabler was approved by a narrow margin of thirty-seven over the two thirds majority required. The other three bylaws, including the proposed additional sedimentation basin, improvements to the sidewalks and the required \$215,000 for the proposed new Norwood School, all were defeated.

The three city bylaws required a two-thirds majority to pass, while the school bylaw required only a bare majority. The defeat of this bylaw was rather unexpected, according to city officials, on account of the fact that the local labor organization had been conducting an active campaign through the labor ranks in the city to carry this particular proposal.

The vote for the Norwood School bylaw was practically two to one against, the actual figures being 578 for and 1,329 against. With the exception of Norwood, Westwood and Rutherford, every other district in the city returned a minority for the bylaw.

FEMALE DOGS SHOW DEVOTED VIGILANCE TO THEIR BLIND MASTERS

POTSDAM, June 27. — In this historic city, where once Frederick the Great, lover of animals, erected burial mounds for his favorite greyhounds directly outside Sans Souci castle, there has been established a national training school for a type of dog conspicuous for the Red Cross insignia carried on his harness—the guide dog for blinded soldiers.

Infinite patience must be exercised by the two trainers in charge to prepare the dogs for their task. Those selected are almost invariably female shepherds. It has been found that female dogs are the only dependable ones. Males are apt to forget their duties when they see a good chance for a fight. With the female the maternal instinct, the feeling of caring affectionately for the blind master, is uppermost.

HOOVER WISHES TO PROTECT ALASKA FISH

WASHINGTON, June 27. — Secretary of Commerce Hoover yesterday advised Governor Scott C. Bone of Alaska of the new fishing regulations issued by the department of commerce under the new Alaskan fisheries conservation bill and asked the co-operation of all Alaskan interests in

MYSTIC RITES OF MYSTERIOUS GEO. CUMMINGS

Was Modern Don Juan and in Seattle Was Known as Cohen

Telling more of the mysterious George Cummings, the story of whose activities were told in this paper yesterday, the Victoria Colonist of Sunday last says: The heavy perfume of burning incense sticks and the photographs of beautiful moving picture actresses, clustered on the walls of his room in a Burdett Avenue boarding house, inspired George Cummings, whose record local police are investigating following the slaying of 63-year-old Mrs. Jean Rae Cummings, of Grand Rapids, while he wore his spiderweb of matrimony which, it became known, embraced the American town from which the tragic honeymoon started.

Michigan police have not captured the fugitive murderer of the seven-day bride.

Cummings' bizarre personality, the queer contradictions of his words and actions, have been the topic of paramount interest amongst his friends' and acquaintances here.

Each night before retiring he burned incense sticks in his room. Each night he furthered his hobby of manufacturing frames for his board of actresses' pictures which he embellished cunningly with strips of vivid cheese cloth.

Sensuous Reek

It was here, with the sensuous reek of the incense titillating his nostrils, with the beguiling smiles of photographed actresses grouped on his desk, that he opened his daily score of letters from matrimonial prospects and indited his replies.

Even the speed of the modern machinery of the postal service was too slow for the anxious correspondents of George Cummings, it seems. To many of them the delays of train and boat were irksome. So they sent their love-laden messages by the swifter wings of the telegraph. More ardent still, many resorted to long distance telephone calls, scoffing at expense.

A sheaf of telegrams accumulated since his departure was examined by the police here. All of them, practically, bore the impress of love in their typewritten words.

He exerted a curious fascination for some women. His power to attract them was magnetic in force. More than one fair Victorian made no secret of her capitulation to this curious power, it is well known.

Professed Indifference

And yet he professed a great indifference for women. They were a nuisance, his words would have it believed.

When Mr. W. A. MacAllister first met him he remarked casually that he had come to Victoria to win a wife. He had become engaged to a Victoria girl already, he said; but she had become intoxicated at a dance, and that was enough for him. He might go back to Seattle and choose a mate there.

He was undoubtedly well educated. Mr. MacAllister stated last night. He was an accomplished pianist, and his bass voice was in great demand at social functions he attended. He composed not only the words of a song to the May Day Queen of Sport, but also the music, which the organist at the Royal Victoria Theatre had pronounced excellent. Mr. MacAllister said.

Cummings neither smoked nor drank. His only vice, Mr. MacAllister stated, seemed to be a craving for mad speed when driving a motor car.

Usually his mien was affable, his disposition almost sweet, yet, when provoked, a comparatively trivial thing could rouse him to a demoniac rage.

Shows Frenzy at Game

One night he was refereeing a game in the Victoria Roller Hockey League, of which he was an official. A youngster in the gallery disagreeing with his decision, struck him with a lump of mud. Instantaneously his rage transformed him. He leaped for the stairs leading to the gallery, knocking over Mr. W. H. Davies and another man in his impetuosity. His eyes glittering with an insane light, and with foam flecking at the corners of his mouth, he grabbed the first boy

YOU CAN EAT ANYTHING YOU LIKE AND NOT HAVE HEARTBURN

In all cases of heartburn there is a gnawing and burning pain in the stomach attended by a disturbed appetite, as when too much food is taken into the stomach it is liable to ferment and become extremely sour, vomiting occurs, and what is thrown up is generally sour and bitter. When you are in this condition you will find that Milburn's Laxa-Liver Pills will give you relief right away.

Mr. Joseph H. Macdonald, Christmas Island, N.S., writes: "Two years ago I suffered all the time from heartburn. I took one vial of Milburn's Laxa-Liver Pills and have never been troubled since. It is very nice to be able to eat anything you like and not have heartburn any more."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

He came across and was only with difficulty restrained from doing him bodily harm.

He dressed with scrupulous care, showing a partiality for dark clothes in the daytime, and blossoming forth in evening dress at night whenever there was the slightest justification.

He liked to dance; but, when presented with tickets for the last police ball and, later, for another dance under the supervision of the force, he declined, with the facetious remark, which has since given his friends cause to wonder, that "if those chaps get to know me, I may soon be costing the city something for board."

Cummings was known as Cohen when he stayed at the Bush Hotel in Seattle before coming to Victoria.

Mystery Package for Him

His post office box, 195, contained amongst letters addressed simply to George Cummings, several which bore the address Miss Alice Cummings. A mysterious package from Grand Rapids was awaiting him when the police called for his mail.

Mr. MacAllister told The Colonist last night that he had frequently seen correspondence for George Cummings from Grand Rapids. Moreover, he said, he had observed Cummings sign his name George P. Cummings, which was the signature on the marriage register at Grand Rapids. Usually his signature here contained no initials, but that affixed to the poem to the Queen of Sport included "G. W." after the "George."

Cummings' chief business here was the selling of stock for the Seymour Oil Company. He had entered into a contract to vend \$20,000 worth of shares.

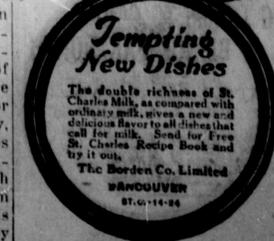

Each month he received a draft for \$150 from some mysterious source in the East.

FIFTEEN MILLS TAX RATE IN KETCHIKAN

Assessment of City Amount to \$5,067,732 Giving Income of \$76,000

KETCHIKAN, June 27. — The assessed valuation of the real and personal property of Ketchikan for this year is \$5,067,732, after all complaints of tax payers have been heard and adjusted by the Board of Equalization. With the tax rate fixed at 15 mills at the last regular meeting of the City Council, it is seen that about \$76,000 in taxes is payable this year.

For the year 1923 the assessed

valuation of the city was \$4,184,150, and with the tax rate the same it is shown that the city will this year collect over \$13,000 additional in taxes even with the rate the same.

J. E. Johnson, city assessor, recently completed his work after which the council sat as a Board of Equalization and did adjusting of assessment as occasion demanded, the final result showing that the value of the real and personal property in the city was \$883,582 greater than in 1923.

There was some question as to the tax rate for the year, Mayor Torry casting the deciding vote to leave the rate the same as in 1923, three of the councilmen wishing to have it fixed at 1.75 per cent.

The increase in assessment indicates to a large extent, equalization of property values, and shows that there has been quite some growth, in that additional building, etc., has boosted the value a great deal.

With the building activity in Ketchikan at the present time, and plans for additions and improvements in line on all sides, it is not at all unreasonable to expect another jump on the assessed valuation for 1925, a thing which will be evidence of a steady growth and indicative of general prosperity.

OUT IN FAVOR OF JAPANESE IN U.S.

SAN FRANCISCO, June 27. —

Four organizations, the American Legion, State Federation of Labor, State Grange, and Native Sons of the Golden West, have issued a statement declaring their intention to "secure by every means in our power such rights as the Japanese and other aliens are entitled to during their residence in California." They declared that the Japanese are "here practically upon the invitation of the federal government."

If you find you cannot get the daily News regularly, call in and subscribe for it and have it delivered to your home.

Remington Portable

Made in Canada

There's a Remington for Every Need

Do your friends enjoy your letters?

Do they tear them open and read them eagerly, or do they put them by until they have time to decipher the scrawl? Even the neatest letter written by hand lacks the distinction of a letter written on the Remington Portable Typewriter—and the letter on the Portable may be written in half the time.

The Remington Portable has the regular keyboard and all the qualities of the Standard Remington including its strength and dependability, yet it is as easy to carry as a small hand-bag.

Pay Five Dollars down and you can have a Remington Portable immediately. Further payments of Five Dollars a month will complete the purchase.

Mail this Coupon before you forget it

COMMUNISTS IN ALBERTA

Three Farmers Declare They Have Been Ordered to Get Out by Organization

EDMONTON, June 27.—Complete dominance of the country near Valhalla, in the Grande Prairie district, is the object of a party of reds or communists who are undertaking to expel from the neighborhood all those settlers of Anglo-Saxon birth, according to a farmer who arrived in the city.

"In the Grande Prairie country we now have something which closely resembles the Ku Klux Klan, and it is an organization which practically defies constituted authority," he said.

"They have openly stated that they are a law unto themselves and that their orders and instructions to the rest of the settlement are going to be enforced according to their ideas of government.

Community League

"A purely co-operative and agricultural society—the Lakeview Community League—which has been in operation at Valhalla for some time is now in the hands of a group of settlers of foreign origin," he stated, "and this society is being used to run out of the settlement the only three families of Anglo-Saxon blood.

"These three men, Robinson, Ward and Bond have been informed point blank that they will have to go, or steps will be taken to remove them by force. Robinson received a written communication which in addition to threats informed him that he was given twenty-eight days in which

EDMONTON PEOPLE COMMENCE ACTION CANCEL CONTRACT

Action Against Estate of Late Ambrose Small, Millionaire Theatrical Magnate

EDMONTON, June 27.—Several Edmonton men are participants in an action commenced in the Ontario courts against the estate of the late Ambrose J. Small, millionaire theatrical magnate, Perry W. Abbott, K.C., James Ramsey, Ltd., John Gillespie and Dr. C. C. Tatham, acting on behalf of themselves and other Edmonton shareholders in the Trans-Canada chain of theatres, are suing to rescind the contract of November, 1919, for the purchase of the theatres and theatrical rights of the Toronto millionaire.

Alleged fraud in connection with representations which led to the purchase by the Trans-Canada Theatres, Ltd., of the theatrical holdings of A. J. Small is given as the basis of the action taken. Claiming that audited statements showing the financial condition of the different theatres, on the strength of which the million dollar purchase was made were forged, the shareholders of the Trans-Canada Theatres, Ltd., are asking that the whole transaction be set aside and the purchase price refunded.

Fall Assizes

There was some discussion among the Edmonton shareholders before they became parties to this action. Since proceedings against the Small estate necessarily had to be taken before June 7, however, the four businessmen and firms mentioned agreed to commence action in the courts. The case, however, will not be heard before the fall assizes.

The proceedings are being taken against Ambrose J. Small, the Capital Trust Corporation, Ltd., Therese Small, executrix of Ambrose J. Small Trans-Canada Theatres, Ltd., and Harry W. Beauclerk, promoter and president.

NOTICE

IN THE MATTER of an application for the issue of a Provisional Certificate of Title for Lot fourteen (14), Block seven (7), Townsite of Belknap, Map 1932. Satisfactory proof of the loss of the Certificate of Title covering the above land having been produced to me, it is my intention to issue after the expiration of one month from the first publication hereof, a Provisional Certificate of Title to the above land in the name of Ole Andreas Ombach. The original Certificate of Title is dated the 8th July 1913, and is numbered 49121.

Land Registry Office, Prince Rupert, B.C.

Diamond Specialist

to leave the settlement.

Tar and Feathers

"Robinson and his son were brought before a self constituted court where they were threatened that they would be tarred and feathered if they did not comply with the orders of the League."

It is further stated by the visitor that the secretary of the League admits the threats and is to appear in court charged with intimidation the preliminary trial being set to take place in September.

Feeling runs high in the Grande Prairie country in respect to this matter, and it is expected that the case will excite more interest than any which has come before the northern courts for a long time.

WATER NOTICE.

(Diversions and Use)

TAKE NOTICE that Hume B. Babbington, whose address is Massett, will apply for a licence to take and use 5,000 gallons of water out of an unnamed pond. The water will be diverted from the pond at a point about 200 feet north of the north-east corner of block 40a D.L. 7, plan 946, Queen Charlotte Islands, and will be used for industrial purposes upon the land described as block 19 D.L. 7, plan 946, Queen Charlotte Islands. This notice was posted on the ground on the 19th day of May, 1924. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application may be filed with the said Water Recorder or with the controller of Water Rights, Parliament Buildings, Victoria, B.C., within fifty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is May 26th, 1924.

H. B. BABINGTON, Applicant.

DOG TEAMS TO CARRY BISHOP FAR NORTH

SEATTLE, June 27.—When the Rt. Rev. Peter T. Rowe, Bishop of the Episcopal Church in Alaska, reaches Point Barrow, Alaska, this summer it will be the first time he has made an official visit

within the Arctic circle for three years.

Preparations have been made by Bishop Rowe to sail from Seattle July 5, on the steamship Victoria for Nome, Alaska, and thence to Point Barrow on the revenue cutter Bear.

After a call at Point Barrow, Bishop Rowe will travel by dog team southward, crossing the mountains and traversing the Tanana and Yukon Rivers, visiting his white and native congregations along the route. He expects to be absent from Seattle all next winter.

FASHIONABLE CHINESE WEDDING AT VICTORIA

The way in which Chinese are adopting Canadian customs and becoming Canadianized is shown in the following description from a Victoria paper of a Chinese wedding there:

On Wednesday evening a large number of guests assembled in the Chinese Canadian Club which was artistically decorated in the colors of the rainbow, to witness the marriage of Mr. David Song Mar, merchant of Seattle, and Miss Elsie Hai Lee of Victoria. The bride came into the hall on the arm of her father, who gave her in marriage. She was gowned in white charmeuse satin with cascade drapery of orange blossoms and brilliant stones, and carried a bouquet of ophelia roses, sweet peas and lilies of the valley. She was attended by her sisters, Miss Edith and Miss Effie Lee, gowned in Hilo Chinese silk, and carrying bouquets of sweet peas and sweatheart roses. The flower girls were train-bearers were Miss Evangeline Lee, her sister, and Miss Rosie Chan, in frocks of pink Duchesse satin, and carried baskets of roses, gladiolus and maidenhair fern.

After the ceremony which was performed by the Rev. Dr. Campbell, the guests were served with dainty buffet refreshments.

The bridegroom is a native of Nanaimo and the bride of Victoria. They are spending a honeymoon in Nanaimo, Vancouver and Victoria, after which they will make their home in Seattle where Mr. Mar has been in business for several years.

When you buy advertising you buy CIRCULATION, and see that you get it.
