Former Master of Malaspina is Now Associated With Southern Grain Shipping Concern

Newcombe, formerly of the Fishery Protection Service on this coast but, who, since his retirement a few months ago, has become identified with the British Columbia Grain Stowing & Contracting Co., is in the city. He arrived from San Francisco where he has been called in connection with the affairs of his company.

The company control a patent equipment that has been invented by A. T. Gowe, of Vancouver. It is already in operation. In the loading of grain ships, it is claimed for the invention that ten men can accomplish as much in the stowing of grain by using it, as would be done by four times as many working on the old plans.

Captain Newcombe says that in California there is evident the effects of the interference with travel in consequence of the embargo following the outbreak of foot and mouth disease. It is having the effect of creating a decidedly quiet feeling not only in the southern part of the state but also as far as San Francisco is concerned.

Russian Bonds Not Attractive Investment.

The Soviet government of Russia may be willing to pay that country's pre-war debts but when it seeks official assistance in Great Britain to float bonds in order to do so it seems but natural that it should be turned down. If the reports generally received in this country as to Russia's economic condition may be given credence, one wonders where the country would sell its bonds and who would buy them. Bonds of a country whose industry for a number of years has been worse than stagnated and which gives no immediate prospect of immediate improvement do not offer a very desirable investment. Russia's bills, it seems, will have to be made in material for it seems hardly likely they can be paid in cash.

Sunday Pictorial Is Sarcastic.

Ramsay Macdonald told the Independent Labor Party at York that "sentimentally" he did not like his government being called "Socialist," says the Sunday Pictorial.

He wants to call his party "The Labor Party" and his government "The Labor Government." He desires to affix the Labor label to those rugged, hard-bitten and horny-handed sons of manual toil, Lord Parmoor, Lord Chelmsford, Lord Halsdale, Lord Arnold, Sidney Webb, Colonel Wedgwood, Mr. Wheatley, C. P. Trevelyan of Park Lane, and other flowers of the proletariat who have the privilege of being his colleagues. He wants, in short, to catch votes at the next election by denying or obscuring the Socialist gospel which he has preached so assiduously for the last twenty years.

It will not do. Ramsay Macdonald cannot now tear off the label he once chose himself. To the Sunday Pictorial, and to the whole nation, Ramsay Macdonald is and remains a Socialist, his party is the Socialist Party, and his government is a Socialist government with a few nondescript makeweights thrown in.

Cheerfulness Is A Good Tonic.

It is a scientific fact that worry has a physical effect upon the body, clogging up the oesophagus and filling the primary ducts with mud, says Stephen Leacock in Harper's Magazine. Cheerfulness, on the other hand, loosens up the whole anatomy by allowing a freer play to the bones.

Begin each day with a smile. When you rise in the morning, throw open your window wide and smile out of it. Don't mind whom you hit with it. When you go to the breakfast table try to smile at your food, or even break into a pleasant laugh at the sight of it.

When you start off to your place of business, enter the street in a bright and pleasant way. When you go into your office, remove your coat and hat with a pretty little touch of bonhomie. Ask the janitor or the night watchman, how he has slept. Greet your stenographer with a smile.

Open your correspondence with another smile, and when you answer it, try to put into what you write just the little touch of friendly cheerfulness that will win your correspondent's heart. It is amazing how a little touch of personal affection will brighten up the dull routine of business correspondence like a grain of gold in the sand.

Don't sign yourself "Yours truly," but in some such way as "Yours for optimism," or "Yours for a hundred per cent cheerfulness."

"Best Thing in the World For Delicate Girls"

Mrs. John Bennett, Boggy Creek, Man., writes: "My little girl had organic nervous trouble, could not sleep, had severe headaches and fainting spells. This went on for three years, and three doctors helped her very little. After reading of what Dr. Chase's Nerve Food had done for others, I got some for her. She is now so well that she is like a different child. She is fourteen years old and looks the picture of health."

"We have used Dr. Chase's Nerve Food for different members of the family, when recovering from 'flu' and scarlet fever, and it has always helped them."

PATHETIC SCENES IN "IF WINTER COMES"

Great Dramatic Expression Shown in Court Room Episode Featured in Week-end Picture

Probably two of the most pathetic scenes ever shown upon the screen occur in the motion picture version of the famous novel, "If Winter Comes," which opens an engagement at the Westholme Theatre Friday night. One is the court room scene in which Mark Sabre is being tried for the murder of his good little friend, Edie Bright; the other is where his wife will not permit him to greet effusively his other two friends—the servants he calls "High" and "Low" Jinks.

In the court room scene a wily and over-ambitious attorney representing the prosecution furms and twists every remark of Sabre's into a construction that would appear to make him guilty. Mark is totally innocent but is helplessly entangled in a mass of evidence that completely bewilders him. No matter how innocent is his answer, it is perverted into a sinister meaning.

As all who have read the book know, Mark Sabre is chock full of whimsicalities, with a natural love for all human things, be they two, four or multi-legged.

The other scene is a small one, just one of the many events in Mark's life that meant so much to him and seemed childish to others. It is the scene of his home coming from the war, all muddy and dirty.

After having been through a

at the Westholme theatre tonight only. In a diaphanous costume of delicate, clinging frailness, trimmed with white fox and a head-piece to match, Shirley, in this feature, is cometh through the air reposing gracefully in the hollow of a half-moon. She steps lightly to the ground, and amid the plaudits of the assembled guests, drifts with rhythmical charm into a solo dance.

Shirley is ideally built for a dancer. Five feet three of beautiful slimmness with the natural grace of a deer, she interprets music in terms of terpsichore with captivating vividdness. Although she has never danced professionally, Shirley at one time studied this art, deeming it a practical means of learning more about pantomime, which is the art of the screen.

The pictures of the visit to Prince Rupert of the U.S. airmen were shown last night and proved of keen interest. It is the first time that Prince Rupert has been given such prominence in the movies. The gazette containing the pictures is on again tonight.

THROGS IN SUSPENSE WAITING FOR WINNERS

Like Waiting for World Series, to Hear Who Received Strollers Prizes.

Winners of the latest Strollers Contest were announced last night. The awards went out from Tobacco Products Corporation, Hamilton, to the fortunate people whose cleverness and energy won one of the large cash prizes donated to smokers by the makers of this famous brand of cigarettes.

It was made known in town today that the following is the complete list of winners as officially announced at Hamilton last night:

1—George Walters, 121 Main St., Galt, Ont.
2—E. L. Murray, 924 Queen St., Preston, Ont.
3—Harrison Ralph, Main St., Dundas, Ont.
4—Y. Desparois, 105 Boulevard, St. Joseph, P. Marquette, P.Q.
5—C. E. LaGrave, 1082 Bank St., Ottawa, Ont.
6—E. Humphreys, 95 Tisdale St., N. Hamilton, Ont.

13—G. Jackson, 622-11th Ave. E., Vancouver, B.C.

Hundreds from BC sent in complete sheets of the moving picture stars whose pictures are inserted in all Strollers packages. In addition to the contests were thousands working in the interests of their friends. And the public in general, realizing that another exciting race was in progress, manifested a keen desire to learn the result.

EVERY PROVINCE ENTERED

From the land of the Evangeline, through the Maritimes, into Quebec, all over Ontario, and thence clear across to the Pacific, the amazing demand for Strollers has been shown for nearly two years. A high-quality Virginia product, it caught the smokers' taste and public favor at the same time. The latest contest simply shows how popularity spreads. Strollers are sold everywhere by leading tobacconists. And the demand has continued to grow until the monthly production runs into many millions.

Small packets of ten are sold at 15 cents, packets of 25 for 35 cents, tins of fifty for 75 cents, and tins of 100 for \$1.40. This broad range of prices and sizes has been necessary in meeting the public demand.

ONLY CLUES PRINTED

The latest contest was simply a "clues" contest. Only the outline of the Movie Star faces were published, yet thousands recognized them at once and sent in complete sheets. The prizes were awarded for the first complete sheets received, the date of mailing being considered in the judging. It was the greatest race through the mails in Canadian history. More than 3000 complete sheets were received the first mail.

It pays to say "Gimme" and smoke Strollers—rays in terms of fine flavor, richness and real satisfaction—it also pays to save the insects, as the fortunate winners know, who are being congratulated by friends to-day.

DOUBT MAN'O WAR RUMOR OLYMPIC ATHLETE CHOSEN BY CANADA

Horsemen are interested yesterday in a rumor that Sammie G. Steele's Man 'o War might return to the meeting international series in the contest. But they could not believe that Mr. King would seriously consider attempting to bring Man 'o War to racing in view of his long service in the stud. It was pointed out that Man 'o War was a three-year-old in 1913 and returned to the stud after the yearling season.

TIPS FROM AN OLD-TIMER

Never make up your mind that a play is possible as the ball leaves the bat. There is always a chance until the ball has passed you and is on its way to the field. The question is, if an infielder's speed doesn't enter into the scheme. If a player should ever give up on a ball until the possibility of a run has been eliminated.

I always work on that theory, and have been and again surprised myself by getting a ball that seemed a physical impossibility when a hit the bat.

Of course, my speed helps, but every infielder has certain possibilities, and he should never make the most of them by giving every ball a battle.

Don't quit on a ball, no matter how impossible the play may seem.

HEART WAS SO BAD HAD TO SIT UP IN BED

Mrs. O. E. Fitzgerald, 166 Ross St., St. Thomas, Ont., writes:—In the Fall of 1921, I was taken ill with my heart, but did not pay much attention to it. I kept on with my household duties, but seemed to become worse and worse, and finally had to call in a doctor. He said I was all run down and was a nervous wreck. I had a severe pain in my chest which would not go away, and it became so bad I could not lie down, as when I did I had such a suffocating feeling I would have to sit up in bed till it passed away.

I tried several remedies, but with no good results. Finally, I was induced to try Milburn's Heart and Nerve Pills. I took 7 boxes, and I am now as well as I was 30 years ago, and I am now 65 years old.

Milburn's Heart and Nerve Pills are 50c a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

LACROSS TEAMS PICKED FOR MAY 24

Many Turned Out at Practice Game Staged Last Night

A lacrosse practice game was held on the Acropolis Hill grounds last night and a large number of players turned out for the purpose of choosing teams to play an exhibition game on Saturday afternoon. The following teams were picked:

Kaiens—D. Brown, goal; Fred Gilhuly, point; R. B. Skinner, cover point; J. Mitchell, first defence; W. Mitchell, third defence; D. Balfour, centre; Bob Frizzell, third home; H. Menzies, first home; B. Gray, outside home; Bert Johnson, inside home. Spares, Louis Astoria and W. Willisroff.

Maple Leafs — H. Delmonico, goal; Les Lane, point; Geo. Shaw, cover point; Art Lane, first defence; E. Smith, third defence; G. E. (Slim) Foster, centre; W. A. De Beck, third home; Stan Taylor, first home; R. S. Woods, outside home; S. A. Shafford, inside home. Spares, Don Graham and Alex. Saint.

Geo. D. Tite, Sr., will referee. The lacrosse game will be played on Saturday afternoon immediately after the baseball game.

Bert Johnson, who is playing inside home for the Kaiens, is a New Westminster boy and played for the Westminster team in a world's amateur championship game.

Sport Chat

The two "dark horse" football teams—Great War Veterans and Sons of England—are due to meet in tonight's football fixture. The former aggregation has not been able to win a victory yet this season while the latter has one victory against one defeat on its standing sheet. Even if the several new players contained by these two teams have not shown up very well so far in competition with the old timers, they should make an interesting go of it against each other. In any case, the match should be a keenly contested one for victory will mean a good deal to either side.

Georges Carpentier and Tommy Gibbons are both in the midst of training for their scheduled bout on May 31. The former has his quarters in Michigan City. Asked recently if he thought he could knock out Gibbons, he said "That I cannot say but I think I will win. I am punching harder than when I fought Dempsey." Arrangements may be completed for Carpentier to meet Gene Tunney before he returns to Europe. He is planning to remain in America until July 4.

AN AWFUL ATTACK OF PIMPLES ALL OVER HIS FACE

Pimples breaking out on the face and other parts of the body is a sure sign that the blood is not in proper shape. While the skin is the object of the attack the real seat of the disease is in the blood on account of the entire circulation being poisoned.

Burdock Blood Bitters quickly and effectually banishes pimples and all other skin diseases as it goes right to the root of the trouble by cleansing and enriching the blood.

Mr. Conrad Anderson, Kelfield, Sask., writes:—"A year ago I had an awful attack of pimples. They broke out all over my face and I could not get rid of them in any way. One day a friend told me about your Burdock Blood Bitters and let me have a bottle he had to spare. After using it I noticed a change, so I bought three more bottles, and now I don't know there is such a thing as pimples."

CAPTIVES TALK IN CONFERENCE

Novel Discussion Takes Place at Luncheon in Lincoln Heights Jail, Los Angeles

LOS ANGELES, May 22.—Chief of Police August Vollmer and his police captains recently instituted a new form of conference when they held a round-table discussion on crime, its causes, and means for its prevention with the inmates of the Lincoln Heights jail here.

At a luncheon in the jail the prisoners, at the invitation of the chief, told the arms of the law just what they thought of policemen, courts and law enforcement in general. Chief Vollmer said he learned much from the conference, including the following: The character of men arrested should be more closely investigated by the arresting officer.

A court should be established to handle vagrants exclusively.

A sympathetic officer should be appointed to hear the pleas of these vagrants and those arrested on other petty charges.

Some of the remarks by prisoners that led up to these conclusions were:

By an Irish prisoner, called by his co-inmates, Sam: "These cops pinch us because that's their business and they don't care if we're innocent or not. If they get nothing real against us, we're canned on a charge of being vagrants and a boob judge gives us 90 days for having an empty stomach."

By an educated prisoner, who said he had made it his business to study crime from both sides: "There is, apparently, only one thing for a man to do when he is broke and hungry, and that is to 'knock somebody off.' I believe that the majority of small crimes are caused by that reason and no other."

By a gray-haired inmate, whom all saluted as Vincent: "Conditions are not going to be a bit better until the public is taught to place trust and confidence in the police department, withstanding their general well-

and they will not show that trust and confidence until the department merits it. At present some policemen will lie and cheat to convict a man."

Bootlegger Talks

By an admitted bootlegger: "What I want to know is this: When you pinch a man and get 18 gallons of good whiskey from him, why is it that the records show you confiscated only three gallons?"

Chief Vollmer asked for the names of officers who did this, but at a warning from other prisoners, the bootlegger sat down.

ROTARY INTERCITY MEET IN VICTORIA

Rotarians and Rotariennes from Northwest Cities Assemble There Tomorrow

VICTORIA, May 22.—Victoria will be the scene of a big Rotary intercity meet tomorrow evening and the visitors will remain in the city the following day to see the big holiday celebration.

The announcement of this Rotary reunion in Victoria follows the action of President Beatty, who has written the presidents of the various Rotary organizations in the Northwest Rotary District, inviting the members of their club, their wives and themselves to come to the "City of Sunshine" for the Victoria Day festivities.

In view of this evening intercity meeting, the usual weekly luncheon of the club, scheduled for next Thursday noon, will not be held. In its stead, however, the visiting Rotarians and Rotariennes will join with the local members and their wives at a dinner in the Chamber of Commerce on Friday night, May 23. The banquet will be followed by dancing.

The Rotary Clubs of Bellingham, Anacortes, Mount Vernon, Sedro-Wooley, Port Angeles and Nanaimo have been asked to participate, and it is expected that representatives from the Vancouver and Seattle Clubs will be also in attendance.

A feature of the gathering will be the addresses that will be delivered by Governor Miles Higgle and Governor-Elect R. A. Booth, both of whom have been asked to the party and will likely be present.

SOVIET EXPERIMENT IN PORTUGAL FAILS

San Gregorio Parish Tries Out Communist System But it Collapses

LISBON, May 22.—A curious story of the peaceful establishment and equally peaceful death of a kind of Soviet republic, in the San Gregorio parish of Portugal, is told by the newspaper Seculo.

San Gregorio is a wine growing district and is most intensively cultivated. Nearly all the laborers also are small landowners and cultivators, but not- withstanding their general well-

being their exactions in wages, hours of labor and extra privileges grew so onerous that the big landowners finally agreed to put thoroughgoing communism into effect. The land was turned over to the whole population with the conditions that the proceeds were to be divided between labor and owner.

As a result offers for allotments of land poured in and the new tenants invoked the high cost of labor and living, and all the old complaints, to excuse offers of about one-third less than the land is really worth, and the scheme has collapsed.

GERMS OF TERRIBLE STOCK DISEASE ARE STUDIED BY GERMAN

LONDON, May 20.—The results of the discovery that Professor Frosch, a German scientist, has made of the germs of foot-and-mouth disease are still being awaited. All that is known at present is that Professor Frosch, who is a very distinguished man and one of the oldest workers as a colleague of Loeffler, has read a paper in Berlin, in which he claims to have cultivated, using solid media in particular, the microbe of foot-and-mouth disease. He has not divulged as yet all the particulars of this method but it would seem from the information available that it is quite likely he has actually grown the microbe. What the results will be, if the facts are correct, remain to be seen.

TURKS GRANT AMNESTY

CONSTANTINOPLE, May 22.—The National Assembly has passed a bill granting amnesty to all military and political prisoners arrested during the war or armistice period. DELEGATES FOR CONSERVATIVES

Meeting of Association was Held Last Night But no Instructions Were Given

A meeting of the Prince Rupert Conservative Association was held last night in the Emad Hall to select delegates for the provincial election nominating convention that is to be held in the city on Friday evening. Thirty-eight delegates for the city were chosen out of the total of 60 or so for the constituency. No instructions were given by the meeting and the candidate, if one is chosen, will be the person who receives the most votes at the convention. The meeting last night was well attended and W. E. Fisher, vice-president, was in the chair in the absence of the president, R. W. Cameron.

The delegates chosen were R. W. Cameron, W. E. Fisher, A. W. Edge, W. W. Wright, W. Reid, D. C. Stuart, W. R. Love, H. A. Brown, E. A. Mann, George Hill, W. Sibbald, R. H. Shockley, J. A. Kirkpatrick, J. Laursen, Alex. Mackenzie, Archie Beattie, Geo. Leek, J. Sigmund, W. Gawthorn, Phil McDonald, George H. Munro, George D. Tite, C. H. Orme, J. C. McLennan, H. Capstick, Wright Davies, E. H. Shockley, W. J. McCutcheon, H. B. Rochester, Harry Love, G. H. Clark, Major McGregor, John May, William Mason, H. A. Philpott, Edney Hayter, Fred Seadden and W. H. Waldorf.

There is still a good deal of speculation as to who the Conservative candidate will be. The name of J. H. Thompson is prominently mentioned and, in this connection, it is significant that his name is not on the list of delegates.

FOR BETTER DOGS

Editor Daily News,
There are dogs and dogs—pure bred and mongrels—and it is to be regretted that 99 per cent of the canines that roam the streets of Prince Rupert are of the latter type.

Instead of reducing the power of the pound keeper it is the opinion of the writer that he should not only be given full power to act but also be armed. The money that is paid out for licenses in this city is enormous. Almost every house in the town keeps a dog and some have three. It is a well known fact that at least one meat market would go out of business were it not for selling T.B. steaks to their customers for the dogs.

In the streets of Vancouver a dog is seldom seen unless it be led on a chain. On the streets of Prince Rupert you can count from fifty to one hundred any time of the day—mostly of the door-mat and wheel-barrow species. If it is not asking too much, perhaps the police, for the benefit of the public, would publish the amount taken in during the year for dog taxes.

I think also that the money paid out by the mayor for licenses might have been used to better advantage. If the owners of the animals could not afford to pay themselves, they must have been a long way from easy street.

There may come a day when people will consider it a disgrace to have a ragged haired, long eared, hob-tailed hound following at their heels but in order to keep up with the fashion, buy a full blooded pedigree dog.

MURDERERS ATTEMPT TO COVER UP DEED

Victim of Hanging and Shooting at the Pas Identified as John Wheme

THE PAS, Man., May 22.—The man found here recently hanging from a tree with his skull crushed, and shot through the head, was identified as John Wheme, railway employe, formerly of Moose Jaw, at the coroner's inquest held today.

Credence is given to the belief that Wheme was beaten badly in a fight which ensued over a card game. Not expecting Wheme to live, and in order to cover up their deed, the assailants are suspected to have carried him from the shack in which the crime was committed and hung him to a tree. This, it is believed, was done in an effort to show Wheme had committed suicide.

INCREASE IN NUMBER OF CANADIAN BORN

OTTAWA, May 22.—The net increase in Canadian-born citizens during the ten years 1911-1921 was 1,213,650, or 21.59 per cent as compared with an increase of 947,867 or 20.29 per cent in the previous decade, according to a census bulletin. Every province with the exception of Prince Edward Island showed an increase in 1921 over 1911 in the number of persons born in the province and living in Canada.

WINNIPEG MAN MURDERS AUNT

Story of Brutal Slaying of Woman is Told to Coroner's Jury

WINNIPEG, May 22.—Without hesitation, Harry Taternuk related to a coroner's jury how he had killed his aunt, Mrs. Peter Smytchesen, here recently when she interrupted him while he was in the act of robbing her home. He told of knocking the woman down, beating and kicking her, and now he tied her hands and feet, and then placed a gag in her mouth.

Following his evidence, the jury brought in a verdict that the woman's death was "due to asphyxiation caused partly or wholly by abuses at the hands of Harry Taternuk," and Crown Prosecutor R. B. Graham announced that a charge of murder would be laid tomorrow morning.

Lived by Begging
Taternuk was arrested a few hours after the murder by the city police. He had not worked for the past three years and lived mainly by street begging. The robbery, according to his evidence, netted him only \$10.

During his story to the jury, Taternuk said he had entered the house while his aunt was asleep. While he was searching for money, he awakened her, and when she screamed he knocked her down, and tied her hands and feet, and placed her on the bed. "She screamed louder, and I gave her a punch in the stomach; that quieted her," he said.

Called for Water
He told of the marks she received on the face from the beatings, and declared: "I put a sheet over her to hide the sight and stuffed an end of it into her mouth. I first put the end in water to moisten it, as she had previously called for water."

Taternuk, who is married, told of going to his home and trying to sleep, but he couldn't sleep because he was wondering "whether his aunt was dead," and soon after the police arrived and arrested him.

CAIRO SHEIKS ARE STILL QUITE BUSY

Bid of \$100,000 is Made for Hope Hampton, Well Known Actress

PARIS, May 22.—While in Cairo searching for local color for a novel she is writing, Hope Hampton, the actress, became the heroine of an incident in the bazaar quarter that reads like fiction.

A richly clad old Arab, whose fingers were heavily jewelled and who wore a turban in which a single great emerald coruscated, noticed her and beckoned to a shopkeeper.

The shopkeeper came up to Miss Hampton's husband and said:

"Praised by Allah, my distinguished client, the Sheikh Achmed El Biar has taken an interest in you and your wife and (prepare yourself for a great joy) he is willing to take your wife."

"That may be," commented the husband coldly, "but you have yet to know whether I agree."

"But that is already understood," was the reply, "for the Sheikh is a rich man. He offers \$25,000."

"Not enough," said the husband calmly. "I have just been offered \$35,000." Eventually an offer of \$100,000 was refused. Even then the Sheikh did not abandon hope, but sent daily offers until they left.

PATIENTS "BREAK" STRIKE AT ASYLUM

Inmates at Donegal, Ireland, Help Bring in Supplies of Food Despite Abuse

DONEGAL, May 22.—The inmates of Donegal Asylum, who have been on the verge of starvation owing to a strike of attendants, have solved the "supply" problem themselves.

Many of the able-bodied lunatics have volunteered for the dangerous work of bringing up provisions. They are oblivious to shouts of "Seab!" "Black-leg!" and other cries that assail them.

A load of groceries was being taken to the gates along a road that was lined with strikers. Two

INTO THE ATTIC

Few youngsters today ever saw a horse-hair sofa. They wouldn't know what to do with a fire taper, carpet stretcher, or coal oil lamp. They couldn't braid rags into a rug, or wind yarn without tangling. But they know the how and why of typewriters, phonographs, telephones, automobiles; what happens when a push of the button gives light, or a kodak's flash fixes their image on paper.

Their education is as modern as the advertisements they see. They have no more use for the lamp and chimney of yesterday than you for the wick and tallow of the day before.

Advertisements induce such progress. They urge wide use that means improvement. They help you lift the out-of-date into the attic—rid you of the water buckets and soap kettles of slavery. They bring late improvements within your reach.

Read the advertisements regularly. Keep alert to the new.

Without advertising, you would never know a product's worth until you had bought it.

FORMER OFFICERS IN GERMAN NAVY FARMING

What Sea Dogs are Doing Now That They Have no Ships—Follow Various Lines

KIEL, Germany, May 22.—Former German naval officers to the number of 145 have become farmers. The land apparently has had a stronger call than might have been expected in the case of seafaring men. Eight of these officers became farmers in foreign lands, and the remainder are in the German republic. They are said to be happy.

There were 2,800 commissioned officers in the German navy when the war began. Of these 647 were killed and 462 were retained in the navy, which now consists of only a slight coast defense. Consequently 1,691 officers had to seek new vocations. One officer only got a foreign naval job; he became a commander in the Paraguayan navy.

Banks and financial institutions gave employment to 98 ex-officers and a similar number went into municipal and state administrative offices. One former admiral is now a courier in the German Foreign Office. Fifty-seven ex-officers have become merchants. One hundred in all have gone abroad, half of them having become clerks. The professions of most of the others have not been reported.

These figures are supplied by an organization of ex-officers which has sought to find employment for its members.

ROYAL INSIGNIA WAS FOUND IN U.S.

WASHINGTON, May 22.—The attention of the Canadian government authorities has been drawn to the recent discovery of the royal insignia which adorned the speaker's chair in the old Canadian parliament buildings at Ottawa. This insignia, containing the lion, unicorn, rose, shamrock, thistle and maple leaf was rescued when the parliament buildings were burned. It was discovered recently at the ancient Fountain House in Doylestown, Bucks County, Pennsylvania, by

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS
Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timbered and, in carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE
Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOME-SITE LEASES
Unsurveyed areas, not exceeding 30 acres, may be leased as home-sites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES
For grazing and industrial purposes areas not exceeding 540 acres may be leased by one person or a company.

GRAZING
Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

SHOOT INTO WINDOWS OF PASSING TRAINS

Country Kids in Western Ontario Have Crimp Put into Their Pastime

FORT WILLIAM, May 22.—Country kids at Savanah, a small settlement 40 miles west of Fort William, indulge in a peculiar pastime after the farm chores are completed each day. They settle themselves on the brow of a hill and play hop-scotch with passenger trains passing daily, smashing the windows and throwing the passengers into confusion.

The boys have organized themselves into a "Jesse James gang," and, armed with 22 rifles, have become adept at knocking windows out. They never miss the moving target.

The Canadian Pacific railway train arrived at the head of the lakes bearing a Chinaman who had been clipped on the forehead with a lead pellet from the gun of one of the gang. Magistrate Palling has left the city to deal with the boys and put a crimp in their pastime.

QUIT RIDING ASTRIDE

LONDON, May 22.—Women equestrians are gradually reverting to the side-saddle when on horse-back, as they find riding astride develops muscles not good for dancing. A well-known riding master says the side saddle gives women more grace and security, and girls from 10 to 14 years of age only are being encouraged to ride astride.

TRAVEL IN AUTOS

COLOGNE, May 22.—Cologne and the Rhine Valley recently sent a pilgrimage to Rome which made a much faster trip than the wayfarers who made the same journey in the Middle Ages under Emperor Henry IV. Neither did the pilgrims go bare footed and bareheaded. In all there were 300 automobiles and 500 motor-cycles in the Rhine Valley party which made its way through Brenner Pass to the plains of Lombardy.

Rev. G. G. Hacker was the speaker at the Rotary Club luncheon this afternoon. His subject was "Early Days on the Prairies."
