## PRINCE RUPERT GETS TERMINAL ELEVATOR

### NORTH SOLID FOR LIBERALISM IS ASKED AND IS CONFIDENTLY EXPECTED

#### Announcement Made in Parliament Today That Rupert to get Elevator

OTTAWA, June 10.—Provision for a terminal grain elevator at Prince Rupert is to be made in supplementary estimates. Premier Mackenzie King stated in the House of Commons today. The government, the premier said, had received a request for an elevator last year from a deputation and since then representations had been made to it by Alfred Stork, M.P. for Skeena, and provision for it would be made this year in the supplementary estimates.

#### Light List of Cases at Assize Court which Opened here Today Shows Absence Crime in North

With Mr. Justice Gregory presiding, the spring session of the Supreme Court Assizes opened at 11 o'clock this morning. The grand and petit juries having been called, the former were sworn in and charged and was sent out with the indictments in the rape case from Smithers against Alexander Gun-go-at and the Buckley Bay theft case against Charles Srigley, late store-keeper for the Massell Timber Co. There were two charges of fraudulent conversion in the latter case involving sums of \$5,000 and \$91. David Whiteside, crown prosecutor, asked for withdrawal of the former charge. The petit jury was excused until 2 o'clock this afternoon to which hour court was adjourned. If a true bill is returned by the Grand Jury, the rape case will be the first one to be proceeded with this afternoon. It will be followed by the Buckley Bay case and the civil cases will follow the completion of the criminal cases.

#### HARBOR DUES ON FISHING VESSELS TO BE EXEMPTED

Capt. McCoskrie, harbor master, has received notification from the Department of Marine and Fisheries at Ottawa to suspend collection of harbor dues from vessels engaged exclusively in the business of fishing regardless of size until the Canada Shipping Act has been formerly amended to exempt such vessels. This applies to both Canadian and United States fishing boats. All fishing vessels heretofore have paid annual dues of from 50c to \$7 according to size.

#### PLEADS GUILTY SERIOUS CHARGE

Gun-Go-At, After Being Fully Warned, Admits His Guilt at Assizes

A true bill having been brought in against him, Alexander Gun-go-at, Smithers Indian, pleaded guilty at the Assizes this afternoon to a charge of rape. He was repeatedly asked by Mr. Justice Gregory if he realized the seriousness of the crime and the penalty that might be imposed therefor. Accused still admitted his guilt. Sentence was reserved until the close of the Assizes and court adjourned till 10.30 tomorrow, the Grand Jury in the meantime having the indictment in the Srigley fraudulent conversion case under consideration. Mrs. E. R. Cox acted as interpreter in the Gun-go-at case. Accused was not represented by counsel.

#### ALBANIANS FLY FROM COUNTRY

#### PUNISH JAPANESE WHO BROKE UP BALL

Police Will Make Example of Some as Deterrent to Others

TOKIO, June 10.—Police will punish five of the ruffians who broke up the ball at the Imperial Hotel Saturday night as a protest against the American exclusion of Japanese. Punishment is regarded as advisable as a warning to other hotheads.

#### Presented President with Steel Spike

George Munro, pioneer track layer of the Canadian Pacific Railway, received birthday congratulations on May 21 from Mr. E. W. Beatty, during the latter's recent visit in Vancouver. This meeting between one of the oldest employees and the executive head of the Canadian Pacific also marked the forty-ninth anniversary of the turning of the first sod on construction at Fort William in 1875, an event at which George Munro was present. Another interesting co-incidence in connection with the meeting is the fact that the S. S. Quebec, which carried the handful of construction men including Mr. Munro, from Sarnia to Fort William in May 1875, was owned and operated by the Beatty Steamship Line, of which Mr. Beatty's father, the late Mr. Henry Beatty, was president. In 1881 when construction was begun on the last lap of the company's lines between Yale, B. C. and the Coast, Mr. Munro was given charge of track laying at Emery, B. C. and when the last and famous 'gold spike' was driven at Craigellachie by Lord Strathcona in 1885 he took possession of the steel spike which replaced the gold one and after treasuring it for the past 39 years as a keepsake presented it to Mr. Beatty.

#### A Solid North

Kergin of Atlin, Pattullo of Prince Rupert, Manson of Omineca, Perry of Prince George and Yorston of Cariboo by co-operation and unity of action were able to accomplish a great deal for Northern and Central British Columbia. In the next House the North will be stronger by two seats, namely Skeena and Mackenzie, while Lilloet, adjoining Cariboo, seems certain to go over to the Liberal column. These eight seats cover three quarters of the area of British Columbia. By standing together, the representatives of these eight ridings can put up a strong front in the House. As matters stand, the only way this can be accomplished is by the people electing eight Liberals, which there is every indication they are going to do. The slogan for the North should be "A Solid North."

#### Prince Rupert Girls, Though Beaten 26 to 8, Played Good Basketball with Easterners

Though no one would argue for a minute but that the Cleveland Favorite Knits, former champion ladies' basketball team of the world, should be able to show the local girls many fine points on the game, it was sheer weight and speed more than skill or anything else that caused the defeat of the Prince Rupert all-stars at the hands of the experts from the East by a score of 26 to 8 in the exhibition game at the Fair Hall last night. The match was interesting enough and the large crowd that witnessed it was well pleased with the performance put up by the home team. In the early stages of the game, the Rupert girls seemed a little excited and backward in checking, but towards the end they improved in this phase of play and it was then that the weight and speed of the visitors had its telling effect. Both sides being more or less unaccustomed to the exhibition ball venue, a good many baskets were missed. Be it said, however, that the visitors were given more open chances while the defence on almost every occasion made it hard for the home team. Several preliminary floor exhibitions of passing by the Rupert girls were broken up just under the basket by the visiting defence. The Cleveland girls failed to manifest anything extra in the way of combination as had been generally expected they would but they were tricky in their methods of keeping the ball in their possession. The visitors were inclined to rough it at times and the local girls met these tactics gamely. Referee Eddie Mann called a number of fouls against either side but the visitors took better advantage of the free shots that ensued. Well Set up Lot The ladies from the East were (continued on page four)

McRae, head of the Provincial Party, claiming \$50,000 damages for alleged defamatory statements in the "Searchlight," the organ of the Provincial Party, which charged the minister of mines with having been the recipient of campaign funds from P.G.E. interests. The writ calls on General McRae to file a defense within eight days.

#### MUCH BUSINESS IN PARLIAMENT

House Has Yet Large Program of Legislation Before it This Session

OTTAWA, June 10.—A list of a dozen or more bills to be introduced into parliament this session by the government was given to the House by Premier King. In addition to the measures to come from the committee on redistribution, banking, soldiers and old age pensions, the premier announced that there would be amendments to the Dominion Elections Act, the Yukon Act, the Criminal Code, the Immigration Act, Feeding Stuffs Act, Dominion Land Titles Act, Gold and Silver Marking Act, Annuities, and an act in regard to lake freight rates on grain.

#### ROAD CAMP IS READY TONIGHT

Cutting Out Right-of-Way For Kaien Island Highway to Start This Week

Preparations for the starting of work on the Kaien Island road are well under way, the provincial public works office reported this morning. Supplies will then be taken in and, by the end of the week, a crew of fifteen or so men will start on the work of cutting the right-of-way. The crew will be gradually increased thereafter.

### What Has Oliver Done For Province?

Someone asks what has the Oliver Government done for the province. What is his record? We thought everyone knew his record. For the benefit of those who have not had an opportunity of learning here are some of the things the present Government has to its credit:

- Deserted Wives' Maintenance Act;
- The maintenance of parents by their children;
- Adequate provision for widows and children;
- Maternity protection for prospective mothers who are obliged to earn a living;
- Protection of women and girls working in restaurants, laundries or other places where police consider it necessary;
- Prohibition of employment of women during the night in any industrial undertaking;
- Provision for validating conveyance of land or assignment of personal property from wife to husband, as well as husband to wife, without intervention of trustees;
- That subsequent marriage legitimizes from birth children born out of wedlock;
- A minimum wage for women;
- Incorporation of graduate nurses, registration of qualified nurses, and for examination of nurses;
- Protection of unmarried mothers, and children born out of wedlock;
- The equal guardianship of infants;
- Has limited the employment of children, and prohibited night employment of all under 18 years of age;
- The proper care of neglected children;
- The establishment of Juvenile Courts so that children may not be associated with criminals;
- The detention and special training of sub-normal children;
- The employment of dental surgeons and nurses every school day at the schools, and for free treatment of venereal diseases.

### Attribute Everything To Politics.

It is difficult to get anyone to believe that anything is true just now. No matter what is said, people imagine that it is given out for its political effect. Certain people would have you believe that Daisy reached Tokio in order that the Oliver Government might get the credit for it.

What we venture to comment on is the interesting news that came through yesterday in regard to developments on Queen Charlotte Islands. There has been a steady growth of interest in those islands of late and in spite of the political calamity howlers, there is every indication that it will not only continue but increase immensely in the near future.

Queen Charlotte Islands are a part of this constituency and Hon. T. D. Pattullo has always taken a keen interest in them. He knows as well as we all know that prosperity on the Islands means prosperity here. We congratulate the people there on the possibilities of the near future. This is not written for political consumption as the people there will not get this paper until it is too late to influence the elections.

## "Back was Very Painful I am now Well Again"

Mrs. Wm. Walker, Webbwood, Ont., writes:

"I was sick for several months with my stomach. I had pains in the back, and how I used to dread wash day, for my back would pain so that I couldn't lie down when night came. I also had gas on my stomach, and my appetite was so poor that sometimes I did not care whether I ate or not. The doctor gave me medicine, of which I took a number of bottles without benefit. At last I started to use Dr. Chase's Kidney-Liver Pills, and although I have only used three boxes, I am quite well again."

## PRESBYTERIAN CHURCH SPENT TWO MILLIONS

Report to General Assembly Recommends Budget of \$1,500,000 This Year

OWEN SOUND, June 10. — (Canadian Press). — Despite the prevalence of difficult financial conditions and of customs that do not contribute to the high ideals of life and service, honesty is still the outstanding characteristic of Canadian business men, says the annual report of the General Board of the Presbyterian Church in Canada, as presented to the General Assembly here today. The report, however, says that general concern is felt by Canadian Presbyterianism "in regard to the Lord's Day." Reports received by the board from various parts of the country "deplore the tendency to make that day of selfish pleasure."

The General Board, which is charged with financial responsibility for the missionary, educational and benevolent work of the church, recommends to the General Assembly budget estimates for 1925 totalling \$1,500,000.

The report pays tribute to the loyalty and liberality of the people and their abiding interest in the things of the church. The financing of the work was rendered unusually difficult by prevailing industrial and domestic conditions. Nevertheless it is creditable to the church that the budget revenue exceeded the expenditures by \$30,000 and it was possible to reduce by this amount the accumulated indebtedness on the common budget fund, says the report.

### Spent Two Millions

"It is noted that the givings of congregations for 1923 exceeded those of 1922 by \$17,000," the report continues. "It must not, however, be forgotten that this slight improvement in the financial situation is due in a considerable measure to the curtailment of the work. This involved the closing of mission fields and the reduction of the staff of workers. Retrenchment to the extent of \$100,000 in a single year is sure to result in spiritual loss to thousands of people."

"The total amount received from all sources for the maintenance of the missionary, educational and benevolent work of the church, including both the budget and the Women's Missionary Societies, was more than two million dollars. It is, also, noteworthy that the budget givings of congregations in 1923 exceeded those of 1915 by 56 per cent, while the cost of doing the same volume of work had increased approximately 75 per cent."

### Estimates

"The board recommends to the General Assembly that the budget estimates for 1925 be fixed at \$1,500,000, apportioned to the various funds as follows:—

Home Missions and social service	857,000
Foreign missions	557,000
Colleges:—	
Balfour	21,000
Montreal	10,000
Queen's	9,000

Saskatoon	19,000
Robertson	9,000
Westminster Hall	8,000

Aged and infirm ministers' fund	54,000
Widows' and orphans' fund (West)	45,000
Widows' and orphans' fund (East)	2,000
Bursary	2,500
General expense	90,000
<b>Total</b>	<b>\$1,800,000</b>

### IN THE PONY CLASS

A case having to do with a horse was being tried before Justice Darling and the plaintiff's attorney kept referring to the animal as a "horse." Justice Darling stood it as long as he could, then he said: "Mr. X, was the animal a large horse or a little one?"

"Oh, a little one, my lord."  
"Then, Mr. X, for the remainder of the case let us call it a pony."—Boston Transcript.

## REPUBLICANS WILL CHOOSE COOLIDGE

Probable Candidacy May be Settled on First Ballot

CLEVELAND, June 9. — With the disappearance of former powerful influences, and science taking a new and prominent part, the Republican national convention which convenes here June 10 will furnish some striking contrasts to the 1920 convention held in Chicago. Differing from the heated convention of 1920, which resulted in Harding's nomination, the Cleveland convention promises only a mild thrill with every indication of President Coolidge being nominated on the first ballot—an unusual occurrence in political history.

## Ten Years Ago in Prince Rupert

June 10, 1914.

Elaborate preparations are being made for the celebration of Dominion Day in the city. Last night an organization meeting was held and several committees as well as the following officers were appointed: President, Rev. Canon G. A. Rix; Vice-President, M. M. Stephens; secretary, Adair Cars; treasurer, T. D. Pattullo.

The sockeye season will open on June 20 and all canneries in the district are preparing for it. Recent legislation will have the effect of cutting off a number of Indian fishermen.

Sir Wilfrid Laurier and Premier Borden had a tilt in the House of Commons the other day. The old Liberal chieftain accused the premier of making too many meaningless threats that he would go to the country.

### INDIGESTION GAS ON STOMACH PAINS AFTER MEALS

Many people suffer terribly from gas and pains in the stomach after every meal, and are kept in constant misery.

For the past 44 years Burdock Blood Bitters has been bringing hope and joy to thousands suffering from various forms of stomach trouble, helping them to eat three square meals a day; helping them to eat anything they wish, without having to suffer for it after.

Mr. Fred Nielson, Moose Jaw, Sask., writes:—"All last summer I was troubled with stomach trouble and indigestion, and also gas on the stomach. I could not eat anything except some light food and even then I would be bothered with pains after each meal. I could not work a whole day without being done out. I had tried everything; doctors, medicines and pills, until I read about Burdock Blood Bitters, have taken four bottles and it has nearly, if not completely, restored me to health gain."

We have a long letter from a Mrs. N., who says she is a friend of Pacific Milk from this time on. They moved into the "back country" where there is no fresh milk and she was prejudiced against canned milk. Every brand obtainable was tried in turn but Pacific Milk is now their accepted standard. Mrs. N. says they use 1 1/2 cases per month. ### COLUMBUS CLUB DEFEATS GIL'S

Heavy Hitting Started in Third Inning and Tobaccoists Beaten by 18 to 5

The Columbus Club defeated Gil's in last night's City League baseball game by a score of 18 to 5. The teams started off evenly each scoring three and two runs respectively in the first and second innings. In the third the Catholics got their batting eye and made a flock of hits and runs off Frizzell. From then on the Columbus Club continued to climb on the score sheet and Gil's remained scoreless. It was a six inning game.

Howard Frizzell and J. W. Hamilton comprised the battery for Gil's until the fourth inning when Tom Clarke was brought in from the outfield to replace Frizzell on the mound. Harry Astoria and Charlie McKeown made up the battery for the Knights of Columbus for the entire game.

James McKeenan refereed and the teams took the field as follows:

### SWIMMING TANK GENERATOR OF HEAT

All Agreed That Work Shall be Done But Method of Doing it is Source of Discussion

There was a little heat generated at the city council meeting last night over the question of the swimming tank which the city is to construct at McClymont Park.

A proposal had been made by Alderman McMordie to save several hundred dollars by constructing the tank in the bottom alongside the present stream. Alderman Perry objected to this and quoted the engineer as recommending against it. He moved that a former recommendation be accepted.

Alderman McMordie objected to this and asked why the report of the engineer had not gone to the board of works. He would like to see the report. The mayor asked for it and it developed that there had been only a verbal report.

### Need of Haste

Alderman Perry urged the need of haste in order to get the tank ready for use this year. It would

take three weeks or a month to do the work after it was started.

Alderman McMordie took strong exception to railroading the matter through without the board of works having a chance to discuss it. The last report was that the tank would cost \$1,500 and it was to be built on property which did not belong to the city.

Alderman Casey also thought the matter should go to the board of works to consider the pros and cons and then come up next week.

The work of levelling the ground for the Gyo Club is to proceed but the tank plans are held over for a week for further consideration by the board of works. All are agreed that the work is to be done but the method is under discussion.

### PRINCE RUPERT GIRLS, THOUGH BEATEN 26 TO 8, PLAYED GOOD BASKETBALL WITH EASTERNERS.

(continued from page one)

certainly a well set up lot and in poundage undoubtedly outweighed the locals. Faced with a lighter group of opponents, it was apparent that the Cleveland girls were not extending themselves very hard but they showed that they were good sports in spirit as well as in practice. A picked team sent out to play for the championship of the world, it goes without saying that each individual sustained her position well. Caroline Mitchell worked hard and was without doubt the most effective member of the Rupert team. Myra Harvey also played creditably and Pete Tremayne, though lighter than her opponent, was game and made things trying for the American girls whenever she was called upon.

Nellie Kyr was the outstanding player for the visitors and entered into the affair enthusiastically—so much so that she was ordered off the floor in the third quarter. This young lady scored the first basket of the game and was responsible for eleven of the 26 points made by her side. Caroline Mitchell made the first for Rupert after some nice passing up the floor and made four for the locals 8.

Elizabeth Wagemaker was hurt in the first period and the game was held up a few minutes until she returned to the floor. Some of the members of the local team were visibly excited during the early part of the game and, as a result, missed some chances.

### Lineups and Scoring

All the ten girls who had been chosen to represent Prince Rupert got into the game at various times, Myra Harvey, Pete Tremayne and Caroline Mitchell playing all the way through. The

visitors used all their seven members.

The score by periods was as follows:

	1	2	3	4	Tot.
Cleveland	6	7	9	4	26
Rupert	2	4	2	0	8

The teams lined up and scored as follows:

Cleveland—Marie Haas, 8; Nellie Kyr, 14; Elizabeth Wagemaker, 3; Catherine McAleer; Bessie Stepnicka; Lucille Stoll, 4; Lorella Summers. Total 26.

Prince Rupert—Caroline Mitchell, 4; Myra Harvey, 2; Annie Kelly, Pete Tremayne, Aileen Stephens, 2; Laura Frizzell, Margaret Graham, Lillian Lowe and Marjorie Lancaster.

### Visitors Entertained

The Knits arrived in the city on the afternoon train. Following their games at Edmonton, they spent a few days at Jasper Park and passed through here returning by way of the Pacific Coast. Last night they sailed for Vancouver on the Prince Rupert. There was a delegation of local basketball officials at the station to meet them as they arrived and to farewell them as they sailed.

After the game last night, there was a dance in their honor, music being furnished by an orchestra comprising A. A. Easson, Miss St. Cyr, Kenny Rood and J. Provost. A large number stayed over to take part in the dance and avail themselves of the opportunity of personally meeting the visitors.

Accompanying the Cleveland team on their trip are Mr. and Mrs. Kemeny and little son. Mr. Kemeny is their coach. The American girls had an unofficial but live roofing squad on hand, this consisting of a number of young men whose acquaintance they had made on the train trip West.

### Sport Chat

The Callies and Sons of Canada, known of old as joint purveyors of red hot football, met tonight in their last league game for the Mobley Cup and city championship. While the Sons have a cinch on the league honors already, the game should be an attractive one not only because of the keen rivalry that always exists between these two aggregations but because second place honors are at stake. The Sons and Sons of England are now tied for that position and, if the former should win tonight's game, they will be ahead temporarily at least subject to the outcome of the game between the Vets and Englishmen on Friday night. Should the Callies be beaten tonight and the Englishmen by the Vets in the final game, the latter would go to second position. Thus second, third and cellar places have yet to be settled in the two games remaining.

A Prince Rupert resident, who attended a recent lacrosse game at Ocean Falls, says that the Prince Rupert team will have to get busy if it is to win the game

# Pattullo's Record

There are a number of people living in Prince Rupert today who are not familiar with Mon. T. D. Pattullo's record either in this city or in Parliament. For their benefit and to remind others here who know but may have forgotten, here are some of the more important items:

### AS A PRIVATE CITIZEN

Pattullo took an option with others on the Woodworth Lake water supply to be turned over to the city. This source of supply had been alienated to a former president of the Conservative Association of Vancouver. Pattullo played a conspicuous part in creating a public opinion that forced the McBride-Bowser Government to take action which resulted in the transfer of the Woodworth Lake water record to the City of Prince Rupert. The right should have been reserved to the city in the first place but it cost the taxpayers \$15,000.

Pattullo secured the telephone franchise for the city. Two companies had franchises for the telephone service in Prince Rupert and Pattullo called a meeting of citizens through the Board of Trade to preserve the privilege for the people of Prince Rupert. He offered to install the system and give the citizens the opportunity to subscribe for stock in the enterprise rather than have it pass to outsiders. The meeting decided to call for subscriptions to install the system and turn it over to the city upon incorporation. Pattullo was one of the largest subscribers to the subscription and the system was turned over to the city. Pattullo's action saved the telephone system for the city.

### AS MAYOR OF PRINCE RUPERT

Pattullo initiated the bylaw for the hydro-electric project to be installed by the largest financial group in Canada and in a written statement he strongly urged its passage. Pattullo's opponents used the occasion both to defeat him and the bylaw. Had the bylaw passed, the strongest financial group in Canada would have been working for the city and it is the general opinion that this city would have now been several times its present size. The people who engineered the opposition at that time are trying to do the same thing today.

### AS MEMBER OF THE LEGISLATURE

As member for the electoral district of Prince Rupert Pattullo secured:

- The erection of the Provincial Government Buildings.
- A large appropriation for the Booth Memorial School.
- Five times the city's quota for soldier's houses. (This was made possible through other municipalities holding back for political or other reasons)
- Eighty-one acres at Salt Lakes for park purposes for the City of Prince Rupert and also annual grants to build the approach to the lakes.
- Appropriation for the building of the road across Cow Bay, linking up Third Ave. with the waterfront. The completed work was handed over to the citizens free of cost to them.
- An appropriation for building floats at Cow Bay.
- The Terrace bridge which is well advanced toward completion.
- The appropriation for the building of the Port Clements Tl-el road, work on which has been proceeding for two years.
- Appropriation for the road out of Prince Rupert, work on which has already begun.

### AS A CABINET MINISTER

As a cabinet minister for the north, Pattullo has consistently fought for the rights of Northern British Columbia against heavy opposition from opposing political and other adverse interests in the south.

### AS MINISTER OF LANDS

Pattullo initiated and administered the Government's timber policy which increased the export timber business over 1200 per cent.

He initiated and administered the Provincial Government's grazing policy for the upbuilding of the stock industry.

He initiated and administered the Provincial Government's irrigation policy which saved the southern interior dry belt from ruin and preserved such prosperous towns as Vernon and Kelowna.

Pattullo has been one of the strongest influences in bringing about a vigorous immigration policy in the Dominion of Canada and has pledged the Provincial Government to co-operate in placing immigrants on the farms of the province. In this connection it is notable that when immigration stopped, emigration to the United States started and continued until the commencement of the present policy was beginning to be felt. The periods of heaviest immigration into the United States were the periods of greatest expansion, the largest increase of wages and the greatest shortening of hours of labor.

He secured the settlement of the foreshore question as between the Dominion and Provincial Governments, which has been outstanding since confederation. Also the Indian reserve question.

### GENERAL RECORD

Pattullo has been one of the most powerful influences in the progress of the Province and the City of Prince Rupert. He has worked consistently and persistently for the city. If elected he will continue to use his influence for the advancement of the city and district and for all Northern British Columbia. Such a man is worth a great deal to the district and is receiving the support of those who wish to see the district go ahead.

Formal Resolution Passed by City Council at Meeting Last Night

At the meeting of the city council last night a resolution ratifying the agreement between Malcolm W. McLeod and the city by which the former is to pay the city \$500 for removing the rock on the two lots at the corner of Second Ave. and Fifth Street, opposite to the Prince Rupert Club, the work to start at once and to be completed by December 31, 1925, was ratified.

The motion was passed and then the Mayor, who had been away electioneering on the Islands during the previous meeting, questioned as to whether this was the best possible agreement that could be made.

Alderman McMorde suggested that if anyone had a better proposal to make, this was the time to make it. Silence ensued.

## FIRE LIMITS BYLAW DELAYED BY COUNCIL

Set Over Until Future Meeting so That Objections May be Taken to it.

At its meeting last night the city council decided to postpone consideration of the fire limits bylaw in order to give those who so wished an opportunity to object to its provisions.

It was explained that there was no material change in the present fire limits but the bylaw would enable the city council to prevent the erection of buildings which might be considered dangerous. There was nothing in the present regulations defining the classes of buildings that might be erected.

## WHO COMPLAINED DUST NUISANCE?

At the city council meeting last night Alderman McMorde insisted on knowing who it was who had made complaint of the dust nuisance from the operation of the rock crusher at the Prince Rupert Club corner.

The mayor had stated that complaint had been made and suggested the use of water to lessen the dust.

The Colonel wanted to know who it was that had complained. The Mayor said it was a reputable citizen, but this did not satisfy the inquirer who insisted, Alderman Casey then said Mr. McMeekin had spoken to him about it. The matter was then allowed to drop after Alderman Perry had explained that it was impossible to use any more water than at present.

## HAD A WEAK HEART WAS VERY NERVOUS FOR THREE YEARS

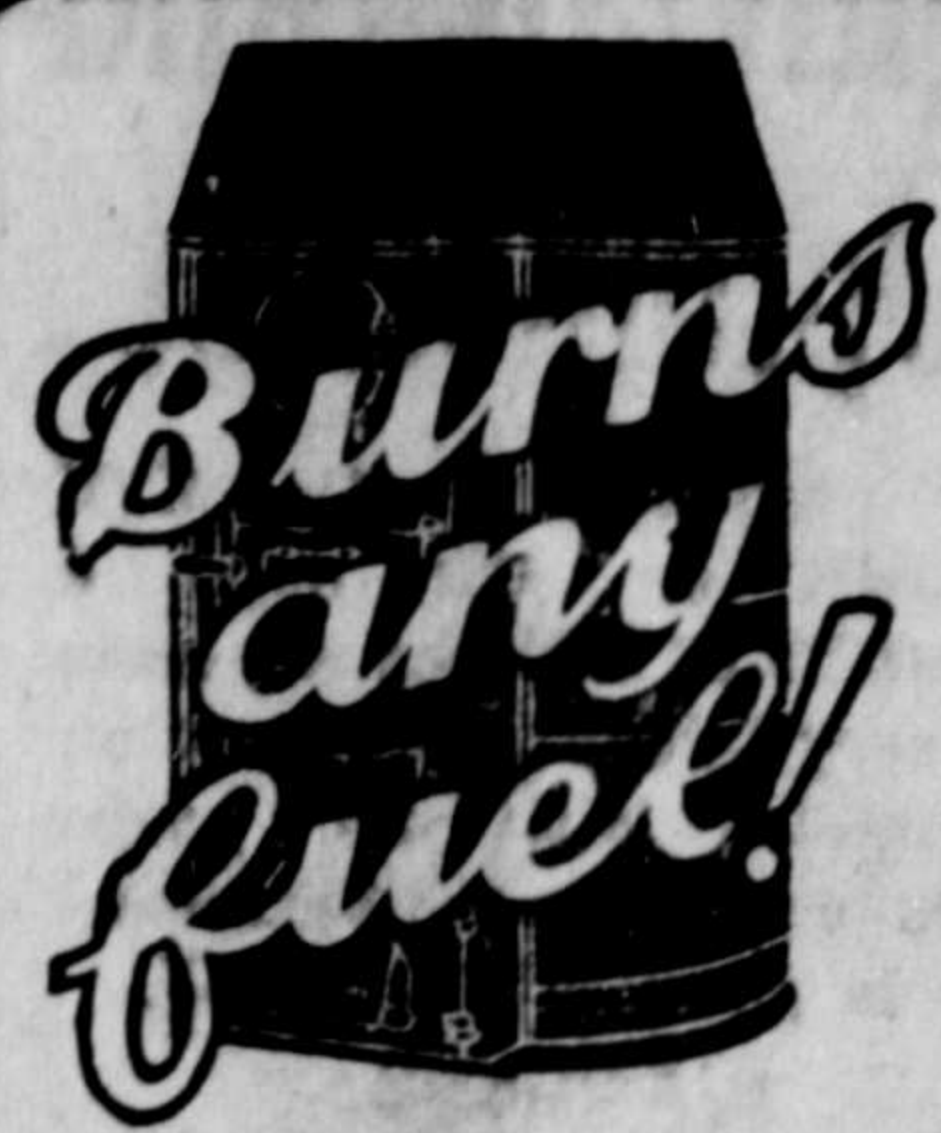

Miss Jessie Peterson, Zealandia, Sask., writes:—"I wish to let you know how much good Milburn's Heart and Nerve Pills have done for me.

For nearly three years I was very badly run down, had a weak heart, and was so nervous that sometimes I would almost faint away.

I heard of many people who had recommended your Heart and Nerve Pills, so I decided to give them a trial. After I had used two boxes I found they had done me good, and after having taken five boxes I was completely relieved.

I cannot recommend your Pills enough, and I would advise anyone having a weak heart, or troubled with nervousness to use them."

Milburn's H. & N. Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## BETTING IS STRONG ON PATTULLO'S RETURN

Tory Backers Have Reformed and Will Not Engage in the Vicious Habit Until After the Elections

In local sporting circles the betting is strongly in favor of Pattullo as the winner at the forthcoming election. Money is being freely offered on him without any takers.

Early in the campaign, all sorts of reports were sent out of big money offered on Newton and that the Liberals were afraid to take it. The bluffs have all been called and there is now a murmur. In fact all the local

backers of the Tory candidate are said to be so righteous that they refuse to bet any more until after the elections are over.

# Where Shall We Go This Evening?

FREQUENTLY you decide to spend the evening in town with some friend. The first part is easy. Dinner at a swell restaurant. But afterwards . . . What will you do to carry on this business of having a good time?

Easy! Five cents. An evening paper. A glance at the advertisements Suggestion—agreement, and you're off!

You didn't go round to the different theatres, to be driven to an unsatisfactory choice by fatigue and time. If it's worth while to consult the advertisements about amusements, how much more worth while must it be when it comes to the spending of household money.

Read the advertisements. They place before you the full choice of the trustworthy goods in the market. They describe advantages, and give you full information before you have to stir out of your chair. Pursue for every article you buy the method you use when it comes to amusements.

The way to be sure of what you buy is to buy advertised goods.

Reading advertisements is an education in better buying.

The Man in the Moon SAYS:-

THE way to excel in politics is to let it be known that you will be a candidate and then force someone to endorse you.

ONCE upon a time a nickel tip was effective. Today it brings upon the donor the wrath of the gods.

WHEN a man has not the courage of his own convictions he says "Damn."

WHEN a woman is faint hearted she says "Gosh."

I SOMETIMES wonder just how wicked a man could be if he were to cultivate the taste for wickedness.

ONE often hears of a man nursing an opinion. That is a comparatively easy thing to nurse.

A PERSON who is guided by reason is likely to become lost.

THINKING AND TALKING

A candidate, rushing to address a meeting at a by-election, was accosted by a friend. "What do you think of the political situation now?" he was asked. "Don't bother me!" responded the politician. "I've got to talk. This is no time to think."—Yorkshire Post.
