RICH COLLEGE BOYS MURDERED FRANKS OVER TWO AND HALF MILLION POUNDS HALIBUT MARKETED DURING MAY

Sons of Wealthy Chicago Men Kidnapped and Murdered Young Robert Franks Idea of Ransom

CHICAGO, May 31.—Robert Crowe, state attorney here, announced today that Nathan E. Leopold Jr., and Richard Loeb, youthful members of wealthy Chicago families, both post graduate students at the University, confessed that they kidnapped and murdered the fourteen year old Robert Franks, son of Jacob Franks, retired millionaire pawnbroker and manufacturer. The two young men said they planned the kidnapping in great detail last November, not through a spirit of adventure but because they wanted the ten thousand dollar ransom that they demanded.

RECEPTION TO SQUADRON WILL BE IMPORTANT

Dominion Government to Give
Banquet and Tour Far as
Calgary and Edmonton

OTTAWA, May 31.—The Dominion Government plans for the reception of the British Squadron on the Pacific coast were announced last night by minister of National Defence Macdonald.

The Dominion will give officers of the fleet an official welcome on their arrival and will tender them a reception and dinner at Victoria. Subsequently a party of 30 officers and 250 men will be given a tour to Calgary and Edmonton and back via the Yellowhead Pass. In the tour the Government of Alberta will co-operate with the Dominion.

Eighty Thousand Men Who Were
Forced to Labor During War
Get Nothing

GENEVA, May 31.—A monster collective damage suit brought against the German government by 80,000 Belgians who were deported for forced labor in Germany during the war, which has been on trial here the last three months before a mixed German arbitration tribunal, has been lost by the plaintiffs.

THIS ANNIVERSARY BATTLE OF JUTLAND

Today is the eighth anniversary of the Battle of Jutland. On May 31, 1916, the British battle cruiser fleet under Admiral Beatty and the German battle fleet engaged in a terrific naval encounter off Jutland. Several important battleships were lost on both sides and many lives, the Germans suffering a heavy defeat in the engagement.

NEWFOUNDLAND IS IN TURMOIL

Election Tuesday Follows Defeat
of Two Consecutive Cabinets

HALIFAX, N.S., May 31.—By Canadian Press.—Another link will be added to the chain of outstanding political events which have stirred the government of Newfoundland—almost continuously since the resignation of the Sir Richard Squires administration a year ago, when the general elections are held on Tuesday of next week. Seldom has so much turmoil been crowded into a short space of time as has been the case in Newfoundland during the past twelve months, and great interest at home and abroad centres around the outcome of next week's contest. It has been preceded by the resignation of three different administrations; the inquiry by Royal Commission into alleged misconduct of an ex-premier and a minister of the crown; the subsequent arrest of ex-Premier Squires, Hon. Dr. Alex. Campbell, one of his ministers, and several government officials on charges of misappropriation of public funds; the defeat and resignation of Premier Warren's administration on the day parliament assembled and the collapse within two days of Premier Warren's second cabinet which had been formed after a most involved shake-up of the political machinery of the colony. The campaign which comes at a more favorable time of the year than the last contest which was fought in the midst of a tempestuous winter, is being conducted with all the energy and enthusiasm that usually distinguishes Newfoundland political activities.

VENTURE TOUCHED ROCK AT OCEANIC

Union Steamer Was Undamaged
After Contact Near Oceanic
—Examined by Capt.
McCoskrie

Union steamer Venture, Capt. A. Johnstone, while in the Skeena River, touched a rock near Oceanic Cannery at high water yesterday morning. Damage if any was slight and the vessel was able to proceed arriving here yesterday afternoon at 4 o'clock and continuing to the Naas River. This morning, when the vessel was in port southbound, she was inspected by Capt. McCoskrie before returning to Vancouver.

MILITIA ACT AMENDMENTS

Attorney General and Judge Will
Both Have to Ask For Riot
troops — Change in
Charges

OTTAWA, May 31.—Under amendments to the Militia Act which will be brought down by the minister of militia with regard to the calling out of troops during strikes and other disturbance, the requisition for troops will have to be made by the attorney general of the province as well as by a judge of the Supreme or County Court having jurisdiction. The province will be liable for the costs incurred instead of the municipality as at present.

Plenty of Candidates from whom Electors may Choose in Elections which are now on

VANCOUVER, May 31.—British Columbia has 167 candidates from whom to choose 48 members in the next legislature on election day, June 20. Vancouver has 27 candidates for six places and Victoria 15 from whom to select four. Skeena and Cranbrook are the only two seats in which there is a straight fight between the old parties. In 23 ridings there are three-man contests and in 12 ridings four candidates. Conservatives have a full slate of 48 candidates, Liberals 46, Provincials 45, Labor 18, and in addition there are ten independents. Seven candidates are women, four of whom are running in Vancouver, and one each in Creston, Similkameen and Victoria.

Newspaper Party is Much Pleased with Jasper Park will Arrive Here Sunday

JASPER PARK LODGE, May 31.—Delighted with every feature of their stay in Canada's largest national park, members of the Canadian Daily Newspapers' Association Press party left Jasper Park Lodge this morning for Prince Rupert. The party were met here by Vancouver and Victoria members of the two organizations and spent all day yesterday in sight-seeing. In the morning they visited Maligne Canyon, going on to Mount Edith Cavell by motor in the afternoon. In the evening they were entertained at a dance in the new recreation hall on the shores of Lac Beauvert. Cameras have been very much in evidence and will continue to be so during today's journey over one leg of the famous Canadian National Railways triangle tour.

At Mount Robson, the highest peak in the Canadian Rockies, the train will stop for a few minutes to allow photographs to be taken and this will be done also at other points of special interest. From Prince Rupert on Sunday the party leaves on one of the Canadian National Pacific coast steamers for Vancouver, where the organizations will meet and where further entertainment features are planned.

C.N.R. steamer Prince George, Capt. Harry Neden, from Vancouver and waypoints, is due to arrive on time at 3 o'clock this afternoon. The train from the East due at 4 o'clock is also on time.

Over Two and a Half Million Pounds of Fish Sold Here During Month

During the month of May ending today, 2,653,000 pounds of halibut was sold on the Prince Rupert market, the figure including about 100,000 pounds of American fish which was sold here for Ketchikan delivery. Ninety American boats sold a total of 1,758,900 pounds and 135 Canadians a total of 895,000 pounds. Compared with other months, the total of halibut arrivals in the past month is but average. In April last there was a total of 2,789,000 pounds handled and in May 1923 the fares totalled 2,540,000 pounds. Poor weather during a good deal of the month of May affected the total of arrivals adversely. The highest price paid during the month for first class fish was 17.6c on May 6, and the lowest, 8c on May 20.

RESTRICTIONS ARE REMOVED

Fishermen Allowed to Make
Necessary Purchases at
Canadian Ports Without
Paying Duty

The restrictions on fishermen in connection with their dealing in Canadian ports are being gradually removed so that when necessary they are now able to purchase anchors, buoys and hooks and lines used on trawls to replace those lost on the banks and to get other supplies such as food, fuel, bait and ice free of duty. On necessary repairs to machinery sufficient to make boats safe the duty is also remitted. Consul Wakefield has been advised from time to time of changes in U.S. customs rulings and today there are few offensive barriers left which annoy the American fishermen and interfere with their calling.

FRENCH SAVING BY ECONOMIES

Last Full Cabinet Makes "Parting
Gift to Country."

PARIS, May 31.—The last full cabinet council, with President Millerand presiding, took place yesterday. The council decided to publish decrees for economies determined on thus far, representing a yearly saving of 440,000,000 francs by retrenchment in the Government departments. "This is our parting gift to the country," remarked Minister of War Maginot, somewhat bitterly.

CANADIAN ALL-STARS DEFEATED BRISBANE

BRISBANE, May 31.—The Canadian all-star football team touring Australia this afternoon defeated the Brisbane team four to nil before ten thousand spectators. The Canucks, since the tour commenced on May 10, won two, lost one, and drew four games.

GIBBONS AND CARPENTIER

MICHIGAN CITY, May 31.
—Gibbons got the decision
on points in 15 rounds.

MICHIGAN CITY, May 31.—Both Georges Carpentier and Tom Gibbons were confident of victory as they entered the ring this afternoon for their bout in which no title is involved.

Gibbons said that he intended to make it an aggressive bout and Carpentier said he was never more confident in his life that he would knock into a cocked hat all the stories that his career had ended.

Odds were offered last night that Gibbons would win the popular decision providing the bout went the limit. Even money was bet that either fighter would win with a knockout.

DAILY EDITION Saturday, May 31, 1924.

Will Extend Welcome To Newspapermen.

Some of Canada's greatest newspapermen will be here tomorrow on their way to attend meetings of the Canadian Daily Newspaper Association and the Canadian Press Association at Vancouver. They will arrive from the East on the regular train and go south on the Prince George.

It is very important that these men be given a good impression of the city. They control most of the large newspapers of the Dominion and are always interested in possible new developments such as we expect here.

Prince Rupert always welcomes visitors and especially men who are doing things in the world. Few of these men are known to the general public but their fingers are pulling the wires behind the scenes and they are among the men who influence policies and help to bring about changes. We hope they will have a pleasant visit and leave with a good impression of the Canadian National port.

Regret Inability To Join Party.

The Prince Rupert Daily News is the only member of the Daily Newspaper Association in this part of the country and it was the intention for a representative of the paper to attend the convention at Vancouver. The provincial election campaign being carried on just now makes this impossible, but this paper will take a lively interest in the proceedings and in the men who are attending the convention and will have representatives on hand to help welcome the visitors.

West Can Take Any Number Of Immigrants.

The West is capable of absorbing any number of immigrants. The lands of the interior are only commencing to be settled and as they fill up, marketing conditions will improve. In the early days of scattered settlements, there is always difficulty in disposing of produce, but as the towns increase in size and the facilities for transportation and selling improve, the farmers find themselves in a greatly improved position. What is needed is population of the right kind. People are coming and they cannot come too rapidly.

Why Not Supply Our Own Market?

There is no reason why British Columbia should not supply much of her own market for farm produce. She has the land and the climate, and all she needs is the people to cultivate the farms and organize the markets. There is no reason why Prince Rupert people should eat imported meat and other farm produce when she can raise just as good right at home.

Naturally there will always be a big business between the prairies and British Columbia. We expect to handle the prairie wheat through this port and we expect to buy a great deal in prairie cities. Also we are good customers to Eastern Canada. There is community of interest between East and West. As the West develops this community of interest will increase. At the same time it is our duty to ourselves to encourage the development of the lands of the province and to buy at home whenever possible.

"Exhausted Nerves and Palpitating Heart"

Mrs. L. Whiting, 202 King St. West, Brockville, Ont., writes:

"I took very sick with my nerves and stomach, and seemed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spells in the pit of my stomach that I sometimes thought I would never get better. I tried several doctors, but it seemed nothing they gave me helped. I had almost given up hope when a friend advised the use of Dr. Chase's Nerve Food. I tried it, and can say it certainly has done wonders for me. I did not stop until I had taken twenty-five boxes."

CARELESSNESS CAUSED FIRES

Already 69 Forest Fires Have Threatened Standing Timber of Interior

During late May a serious spring fire hazard developed in the interior and, with the typical carelessness inherent among people living in and adjacent to forest lands, numerous fires were caused. P. S. Bonney, district forester, reports, "Up to May 29 there had been a total of 69 fires and the most of controlling them was approximately \$2,200."

However, no great damage has been suffered as yet by standing timber because the north slopes and heavy timber lands have had considerable moisture on them remaining from last winter's snow. The trouble and danger is on the south slopes in old burns and flats where the sun has dried up the forest litter. Some losses in the form of settler's buildings occurred.

If there are some spring rains in early June, Mr. Bonney is of the opinion that the present hazard will be reduced.

The Forest Branch is still issuing its appeals for co-operation to the public generally in connection with fire protection work. Ninety-five per cent of all forest fires are caused by human agencies and are thus preventable if it is pointed out. During the past five years 7,000 fires caused \$5,000,000 worth of damage to B.C. forests.

LARGE NUMBER TIMBER SALES

During Past Four Months Operators Have Contracted For Much Land in District

During the past four months 130 timber sale contracts covering about 19,000 acres of crown timber lands and representing a total timber value of something in excess of \$105,000 have been entered into by the Forest Branch with various operators through Prince Rupert district, P. S. Bonney, district forester, announces. The lands so contracted for are estimated to contain 167,000 ties, 850 thousand lineal feet of poles and piling, 32 million feet of saw logs and 1,712 cords of fence posts and pulpwood. The contracts give various time specifications some being for one year and others as high as three.

These timber sale contract figures do not indicate total production of the district. Timber licenses and pulp leases constitute the bulk of the district's production.

DOMESTIC SCIENCE PUPILS EXHIBITION AND SALE OF WORK

Much Favorable Comment on Excellence of Articles Prepared by Pupils of Local Schools

The second year High School girls held a very successful tea and sale of work yesterday in the domestic science rooms of the Booth School, the arrangements being in charge of Miss E. M. Harding, domestic science instructor.

The exhibits of sewing and woodwork and home cooking came in for much praise from the numerous visitors. Skill and neatness had been shown in the work and the opinion was expressed that the pupils of the local schools were lucky at having such opportunities.

The Japanese tea room proved a source of delight. It was gaily festooned with fluttering butterflies and sprays of apple blossom. The tea was daintily served by Misses Grace Akroyd, Doris Shockey and Nettie Clark, assisted by Misses Elsie Henney, Dani Christensen, Mary Muse and Lillian Cross.

The booths for the sale of home cooking, novelties, sewing and candy were ably presided over by Misses R. Soriano, Ivy Alger, Florence Smith, Kathleen Mathers, C. Harvey, Lillian Howe, Jean Haan, E. Johnson, I. Morrison and M. Ratchford.

The proceeds realized \$70 and this money will be used in furnishing the domestic science dining room.

ANYOX WILL HOLD JULY 1 CELEBRATION

Special Meeting of Council Called to Discuss New Constitution of Community League

ANYOX, May 30.—At the regular meeting of the Community League Council held on Wednesday evening, May 28, with President Harper in the chair, the secretary, in his report, told of the defeat of daylight saving by adverse vote, the majority against it being sixty. The Empire Day dance and the children's sports had been highly successful and a vote of thanks was tendered to all who assisted. Fair crowds were attending the baseball and football games.

For the celebration of Dominion Day in a fitting style, the secretary suggested it was necessary to begin preparations immediately. The council authorized the secretary to make the necessary arrangements for a general celebration, to include field sports, ball games and a dance.

Councillor Seaton called the attention of the council to the condition of several seats in the picture show and asked that they be repaired. Vice-president Southam, chairman of the constitution committee, reported that the constitution was ready for the council and asked that a special meeting be called to discuss it. Copies of the proposed constitution were distributed by the secretary and a special meeting called for Thursday, June 5.

SUCCESSFUL WHIST DRIVE AND DANCE

Ladies of Royal Purple Entertained Delightfully in Elks' Home Last Night

"The whist drive and dance given by the Ladies of the Royal Purple in the Elks' Home last night was a most successful and enjoyable affair. There were 22 tables of whist and a great many more persons joined in the dance.

The prize winners at cards were: ladies' first, Mrs. J. Bremner; ladies' second, Mrs. R. H. Smeeton; gentlemen's first, J. S. Laursen on cut with G. Anderson; men's second, A. O. Johnson.

A raffle for a library scarf resulted in Mrs. N. Stewart being declared the winner.

After refreshments had been served dancing followed, music being furnished by an orchestra led by Miss St. Cyr and A. A. Eason. Ben Self was master of ceremonies and C. Folsom was on the door.

The committee in charge consisted of Mrs. Ben Self, convener, Mrs. W. E. Willisroff, Mrs.

A SEVERE ATTACK OF HEART TROUBLE Was Relieved By MILBURN'S Heart and Nerve Pills.

Mr. S. E. Barnes, Athens, Ont., writes: "Four years ago I had a very severe attack of heart trouble. I consulted my doctor; he treated me for some time, but only seemed to be getting worse. I finally went to our druggist and purchased three boxes of Milburn's Heart and Nerve Pills and derived immediate relief from their use, and I can truthfully say they are a wonderful medicine. I always keep a box on hand, and if I feel out of sorts take a few pills and feel all right again." Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Arthur Bailey and Miss P. Astoria. In charge of the card tables were Mrs. William Reid and Mrs. H. F. Glassey.

ONE 50c BOX BROUGHT HEALTH

Years of Constipation Ended By "Fruit-a-lives"

The Wonderful Fruit Medicine

Anyone who suffers with miserable health; who is tortured with Headaches; and who is unable to get any real pleasure out of life; will be interested in this letter of Mrs. Martha de Wolfe of East Ship Harbor, N.S.

Mrs. de Wolfe says, "For years I was a dreadful sufferer from Constipation and Headaches and I was miserable in every way. Nothing in the way of medicine seemed to help me. Then I tried 'Fruit-a-lives' and the effect was splendid; and after taking only one box, I was completely relieved and now feel like a new person."

50c. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-lives Limited, Ottawa, Ont.

VETERANS AND CANUCKS DRAW

Football Game Last Night Resulted in Score of 2 All, Fairly Indicating Play

The Great War Veterans held the Sons of Canada to a 2-2 draw in last night's league football game. The Sons, who for the first time this season failed to win, were off their usual form while the Vets played fairly well. Play generally was just about as even as the score indicates. The rain held off while the match was in progress and there was a fair crowd of spectators in attendance.

Starting the game with the grade in their favor, the Veterans made both their goals in the first half before the Sons registered. Lord tallied the first from a breakaway after Harry Menzies had missed. W. Murray made the second from a penalty. Shortly before the half-time whistle, Marks scored the first for the Sons from a penalty. There was no score in the second half until about ten minutes before the whistle when S. Erskine negotiated the equalizer.

George S. Russell refereed, A. Clapperton and F. Piper were linesmen and the teams took the field as follows:

Sons of Canada—S. Gatwhorne; Harry Menzies and Vic Menzies; George Mitchell, J. Marks and Jimmie Mitchell; R. B. Skinner, R. McDougall, S. Erskine, E. Smith and Alex Mitchell.

Great War Veterans—F. Knox; C. Whatman and F. Hunter; G. Findlay, W. Murray and M. Carney; W. H. Hamilton, Dido Gurney, O. K. Lord, J. Johnstone and Fred Hardy.

McDougall of the Sons of Canada was ordered off the field by the referee in the second half. League standings to date are as follows:

	W.	D.	L.	Pts.
S. of C.	3	1	0	7
S. of E.	2	0	2	4
G. W. V. A.	1	1	2	3
Gallies	1	0	3	2

DERBY DAY IS ON WEDNESDAY

Famous Races Take Place During Coming Week at Epsom

LONDON, May 31.—(By Canadian Press).—“The 141st Renewal of the Derby Stakes of 50 sovereigns each, with 3,000 sovereigns added, for entire colts and fillies foaled in 1921; about one mile and a half; (342 entries; 25 sovereigns forfeit declared for 1921, and 5 sovereigns forfeit declared for 1922; closed Oct. 31, 1922.”

Thus is described, officially, the Epsom Derby, which is to be run on Wednesday of next week over the historic Surrey Downs, known throughout the world as the home of the most famous of all race horses. The prosaic announcement, printed in the same sizes of type as the other races on the card and without any embellishments, save the distinguished names of a large proportion of the owners of candidates for the big prize, is sufficient, however, to release a flood of reminiscences surrounding any of the 140 occasions on which the historical race has been run in the past. Around no other race has there been written such a story of romance, tragedy, humor, fame or riches and the Derby, increasing in popularity with the years, proudly maintains its place

as the principal classic of the turf. The superlative in horse racing, the word “Derby” has come into use in other branches of sport to designate the best and player could have the same gentleman partner for more than one game. These games were extremely well contested, a number being won by the odd party only. Mrs. John Conway was the winner of the lady's prize with two hundred and eleven points out of possible two hundred and twenty. The gentleman's prize was won by H. Ballion with a possible two hundred and twenty. The prizes were presented to the winners by Mrs. W. F. Eve.

Derby Day on the Epsom Downs is an institution of which there is no counterpart. Yearly it increases the power of its spell over the Britisher; it attracts a people of every rank and no better example of democracy can be found anywhere than the typical Derby Day crowd. Nobleman and commoner jostle each other on the densely crowded course; every age is represented, the two extremes enjoying alike the orderly confusion, picturesque surroundings and the indefinable carnival spirit that marks Derby Day.

MRS. JOHN CONWAY WINS TENNIS PRIZE

Former Prince Rupert Lady Gets Highest number of Points in Tournament

ANYOX, May 30.—A very successful tournament, consisting of mixed doubles, was held by the Anyox Tennis Club on May 24. Like all other arrangements planned for the day, the weather man had something to say about the time of starting. It was eleven o'clock before the courts were in shape for play, but from that hour until seven p.m. the matches

continued. There were eleven games of twenty points each, and Secretary Laee had so arranged the mixed doubles that no lady of sport to designate the best and player could have the same gentleman partner for more than one game. These games were extremely well contested, a number being won by the odd party only. Mrs. John Conway was the winner of the lady's prize with two hundred and eleven points out of possible two hundred and twenty. The gentleman's prize was won by H. Ballion with a possible two hundred and twenty. The prizes were presented to the winners by Mrs. W. F. Eve.

NEW GENERAL MANAGER OF C.N.R. TELEGRAPHS

MONTREAL, May 31.—Announcement was made by W. D. Robb, vice-president of the Canadian National Railways of the appointment of William G. Barber, as general manager of the Canadian National Telegraphs. Mr. Barber succeeds the late George C. Jones, whose death occurred on New Year's Day.

On January 2 of this year Mr. Barber was made general superintendent, this office combining the duties of the former general traffic superintendent and general commercial superintendent. He will assume the duties of general manager on June 1. Charles E. Davies, who has been acting general manager since the death of Mr. Jones, has been appointed assistant general manager in charge of electrical engineering plant and railway service.

the statistics issued by officials of the system here today show an increase in total landings since September 1 of forty one million bushels, or 146,397 loaded to May 29 this season as against 117,561 cars to the same date during the previous season. Of the grain handled in the west during the week mentioned Saskatchewan loaded 2,132,000 bushels and Alberta 1,183,000 bushels leaving in store in country elevators along the Canadian National lines in those provinces 9,412,000 bushels and 5,881,000 bushels respectively. Inspections for this period were considerably more than double those of last year.

Arrivals at Vancouver to May 28 number 15,887 cars as against 4,545 for the entire 1922-23 crop year.

Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

In spite of the somewhat inclement weather experienced locally incoming skippers report that fishing on the deep sea banks has not been interfered with to any appreciable extent by bad antics of the weather man. The large American schooners again seem to be "bunching" and this portion of the fishing fleet is expected to arrive en masse almost daily. The same reasons apply to boats of the Canadian fleet. The home arrivals have not been many for the past week and an increased number of Canadian schooners are expected to arrive early in the coming week. Prices offered on the Fish Exchange have remained fairly firm while the volume of halibut landings has been well up to the average for the time of year. According to reports the Atlantic fish landings have not been excessive on the eastern market and local fish houses state the demand for Pacific coast halibut is still brisk.

Fish Business

During the week 489,500 lbs. of halibut has been marketed on the Fish Exchange. Canadians were high at 14c and 6.5c and low at 11.2c and 6c. Americans were high at 17.5c and 7c and low at 12.1c and 5c. The arrivals were: Canadian—Inez H., Bingo, Nuba, Rennell, Mayflower, Sherman, Thelma H., Taplow,

Ruby Back

The power boat Ruby Mae, owned by J. & C. Currie, returned to port from Rivers Inlet early this week where she has been employed in various work for several weeks. Among other work carried out by Currie & Son, a new wharf has been installed at the southern town for the Dominion government.

The power boat Annie, formerly owned by "Red" Lantz, has been purchased by N. M. McLean. The logging boat Eileen, owned and skippered by Walt Shaw, has recently been put through a coat of spring paint. The decorative effect is very surprising it being carried out in battleship grey and light green. When seen at a distance on the water it reminds one of a spring nut about to attack a squirrel.

A new V-bottom hull has been ordered from W. Pilling by Dr. Jos Maguire. The hull will measure 18 feet long by a 5 ft. 6 inch beam and will be powered with a 5 horse power Galeo-Perfection engine. The engine has been ordered from the factory and will arrive shortly. It is expected the new craft, which will probably be named Bruce II, will be ready for the water early in July.

A Watery Drama

Count La Boob, aboard his palatial yacht "Pink Death" together with his fiance, Ula Brown, daughter of the honorable Dorn Brown, the man who put the "mac" in macaroni, is touring in southern seas. One evening, while the beautiful craft is madly careering through the watery surf, the count, a tall handsome man wearing an eyeglass in one eye and much resembling a telescope in appearance is leaning over the deck rail drinking in the moonlight. Suddenly a breeze springs up out of the mellow night and springs the count overboard with a dull thud.

Upon striking the water he yells for a tablet of Lifebuoy soap but his cries are unheeded by the drunken crew while the ship steadily and rapidly gains on the watery expanse of ocean in the opposite direction. The count greedily grabs an empty whisky case, which chances to

float within his reach, and so drifts ashore on an island as bare of trees as a new born baby's face is bare of whiskers. Upon regaining his equilibrium the count searches for a restaurant.

At this moment a beautiful dusky maiden, one Princess Etlum Etlivo, emerges from the underbrush clad in a banana skin dress (yes, they had some bananas on the island). The count greets the lady by talking shorthand on his fingers and upon making his wants known is led by the hand to the hut of her father, Chief Hikum Etlivo, king of the cannibal island.

While the count is partaking of a good meal of fried seaweed the cannibal chief and the cannibal cook become heated over the stove in an argument. Seeing her opportunity the beautiful dirty looking Princess seizes the count by the ears and rushes madly with him to the shore where a canoe awaits manned by natives. Hurling the count into the canoe the Princess jumps in after him and they are rapidly rowed out to sea to a distant island, which has been erected for their convenience. Once upon the island the count is forced into marrying the princess by the attendant natives.

After the ceremony the natives are urged to build a temporary abode for the happy girl and the unhappy man. So ardently do they work that the heat from their hands sets fire to the bush and they are forced to return to the kingdom of the cannibal chief. However, this the count does not resent as he figures living with the girl's people is perhaps the cheaper in the long run.

Chief Hikum Etlivo is so overcome by the return of his prodigal daughter, and at the knowledge the count has been converted to cannibalism, that he declares a half holiday on the island to all those of his followers who desire to go down town and do a little Xmas shopping.

One night the count crawls out of his log hut and seeing lights of a ship out at sea strikes a wet match on his pants and attracts attention. The boat is none other than the "Pink Death" which quickly lowers a boat and takes the count aboard. There he is again taken to the bosom of Miss Ula Brown. Upon returning to their home port they are married and live unhappily ever after.—Curtain.

The new trolling boat Jenny, owned and skippered by Pete Sorensen, left port on Wednesday morning for the Hippo Islands where she will be engaged in salmon trolling during the summer season. The Jenny was recently launched in Cow Bay creek.

A flotilla of native boats from Kitkatla arrived in port on Tuesday morning en route to the Skeena river canneries to engage in the forthcoming season's fishing and packing activities. While in port necessary grocery and other supplies were obtained together with mechanical requirements. The entire outfit, consisting of some seven or eight boats, left for their native service stations on Wednesday afternoon.

The power boat Bingo, Capt. Axel Anderson, has recently undergone engine repairs in Cow Bay.

The power boat Zorra, Capt. Roy Brown, has just been overhauled preparatory to being put into commission as a cannery tender.

A native boat arrived from Kitkatla on Monday with a cargo of fur including a nice selection

CONSTANT HEADACHES AND DIZZINESS

It is hard to struggle along with a head that aches and pains all the time, and in nine cases out of ten the persistent headaches are due to some derangement of the stomach, liver or bowels.

Undoubtedly the cause must be removed before permanent relief can be had.

Burdock Blood Bitters removes the cause of the headaches, as it acts on every organ of the body and strengthens, purifies and regulates the whole system.

Mrs. Peter Curran, 27 Morrison St., Sydney, N.S., writes:—"I have been troubled for the last five years with constant headaches and dizziness. After trying several remedies, which I found to be of no avail, Burdock Blood Bitters was recommended to me. B.B.B. did me a world of good, and cannot praise this remedy enough." of beaver skins. The furs found a ready local market.

W. G. Walford is building a 20 foot pleasure boat for C. G. Minns at his boat building loft on the Provincial government wharf.

The general utility boat Townena, owned and commanded by John Field, recently arrived in port from Butedale. Considerable alteration work is being carried out on her including the installing of bunks and other passenger conveniences.

The machinery installation having been completed at the Dry Dock on the second power cruiser Rividis, built for the department of marine and fisheries, the electrical wiring and lighting is being carried out by Ray Love. It is anticipated that the Rividis will be ready for her first official engine trials early next month. The Rividis will be used by the department in the Rivers Inlet district as her name implies. The Vapidis left for Vancouver on Tuesday morning in command of J. W. Allen, supervising engineer for the department.

The Canadian schooner Birdie B. owned and skippered by Joe Jack, has been out on the west coast for over four weeks having sold a catch at Butedale. Word to this effect was received in the city on Monday.

The new American schooner Resolute, owned by J. Knutson and J. Carlstrom and skippered by Jack Knutson, arrived in port on Tuesday morning with a catch of 40,000 pounds of halibut selling at 14.1c and 7c to the Pacific Fisheries. This is the first trip into Prince Rupert since her arrival on the northern fishing banks from Seattle. The Resolute is a fine looking craft measuring 70 feet long and powered with a 110 horse power Atlas-Imperial diesel engine. She carries a crew of 13 men and is a five dory boat.

Mrs. A. Clapperton, who has been visiting with her married son in Prince George for the benefit of her health, returned to the city on Thursday night's train.

Deep Sea Monster

The latest addition to the Seal Cove pleasure fleet is a monstrosity in the nature of a cruiser of the raised deck variety. When viewing the craft from the head-on position one gets the impression of a newly hatched ostrich. Capt. Jim is looking over his handiwork and complimenting himself on his ability to imitate Yarrows Ltd. Seen broadside on the vessel bears a striking resemblance to the fabled shoe in which the old lady kept so many children. It is understood that in keeping with the shoe motive the interior will be decorated with appropriate nursery rhymes. The intricate part of the ship will be the engine room. It is proposed to arrange the power units in tiers. In the event of a power unit becoming disabled the genial captain can then quietly slip the offending part overboard and thus avoid the disturbing of passengers. Under no circumstances will Capt. Jim allow the rest and comfort of his guests to be interfered with during a cruise. Prospective boatbuilders should not fail to inspect this craft as many valuable wrinkles may be gained therefrom as how to do things and also how not to do things.

The Fast Flapper

Cecil Rose is building a new speed boat at his home on Seventh Ave. West on the ways recently vacated by the launch Five Roses, particulars of which appeared in these columns last week. The new speed boat is of the V. hydroplane design with surface propeller. Her dimensions are 13 feet long by a 42 in. beam and will derive a guaranteed speed of 20 miles per hour from a 12-16 horse power Kermath engine. The work on the hull has been completed and the engine is now being installed. The name of the new boat is "The Flapper." It is expected the launching and trial trip will take place early in June.

Roses and Thorns

The launch Five Roses, owned by R. T. J. Rose, struck a few thorns—so to speak, while undergoing launching operations at 11.30 last night in the vicinity of

the Ward ways. Under the direction of Commodore Rose a gang of men assisted in the business which was rather fraught with difficulties. When the boat was released she took a header into the surf like a submarine diving from a trained battery of 15 inch naval guns, and shortly afterwards keeled over on her side. However, the gang on hand were equal to the task and after a little fixing here and there soon had the launch righted and safely in deep water. The difficult position from which the boat took the water was doubtless responsible for the launching troubles. No damage was done to the splendid craft.

"The White Rose"

A romantic tale of Dixie land, set amidst the lovely surroundings of the sunny south. A story of the dawning of love in which a man accepts the blame for the sin along with the woman. The picture that will stir your heart, with comedy here and there by real negroes to make you laugh. The minister's son and the dance hall pet. The lure of the dance. Music, femininity, swirling draperies, the tapping of soft shoes, the gleam of shadow-silken ankles, the swaying of graceful girlish bodies. Everywhere light, laughter, merriment and the sequel. Superb cast.

URGES CHURCH TO ADVERTISE

Headquarters of Methodism Send Out Suggestions to Fall in Line With Modern Ideas

TORONTO, May 31.—In a manual with the arresting title, "Is Religion News?" just issued by the Department of Finance of the Methodist Church, the churches are urged to advertise unitedly, to pay their way and to demand fair treatment from the press.

"Your church is under the practical necessity of giving to the press its own viewpoint about itself," says the production, which is intended for the guidance of ministers and lay leaders throughout Canada. "Having insisted on that right, let the publicity man try to put himself in the editor's place and think of their common constituency from the editor's angle."

This advice is tersely reinforced in the following:

"Over the final form in which the news of your church appears before the reading public you do not have control. Publication is something technical, the job of another group of men. You may suggest or criticize; such is your right. They decide, and that is their business."

News Suppression

Attempts to suppress news are denounced and a policy of letting all manuscripts take their chance is advocated.

The manual, which is of forty-eight pages, devoted mainly to technical matters, goes on to compare competitive advertising of Sunday "attractions" with the Chicago wheat pit "where all shout and none is heard." As an alternative the placing of a common appeal at the head of individual church notices on Saturday religious pages is described.

It is understood that every Methodist pastor will shortly receive a copy of this compendium of the simpler technique of news-gathering and advertising. Its leading recommendation is that

attempted to abrogate them.

To say that the present struggle Sutherland is making to protect the rights of those who are engaged in the salmon fishery is not the "fight of the deep sea fishermen" is unworthy of any member of the fishing fraternity.

Re-opened in 1925

Tariff laws are usually enacted every four years and Dan Sutherland stated last summer that he had no doubt that the Prince Rupert market question would be re-opened in 1925 and the effort to compel the landing of fresh fish at an American port renewed. Should the salmon fisherman take the position that this question of an open halibut market is distinctively a fight of the deep sea fishermen and refuse to give their support in maintaining such a market what would the halibut fishermen say. They would probably say that the interests of all fishermen and the protection of the entire industry are common and that all branches should come to the aid of the one involved.

The halibut fishermen must have noted the fact that when they were fighting to hold their market, the transportation interests, the cannery interests, the business interests of Seattle and Ketchikan as represented by chambers of commerce were all arrayed against them and the fight of a few Ketchikan boomers became the fight of all interests of remote connections. In fact the only supporters the halibut fisherman had were their neighbors of the salmon fishing fleet. It cannot be that at this day the deep sea toilers are going to hold aloof from the fight of their fellows of another branch of a common industry on the grounds that it is not their fight.

If ever there has been a time in the history of the country when the exploited classes should stand together in common cause it is right at the present time.

ALASKAN FIGHT IS STILL ON

William L. Paul, the Indian Leader, Urges Fishermen to Stand Together

HALIBUT FISHERMEN

In Alaska the Indians vote and this year for the first time they have been united under the leadership of William L. Paul, an Indian lawyer, who also publishes "The Alaska Fisherman." So far they have had a measure of success in the elections and are now preparing for the big election in the autumn. In an article in his paper Paul refers to the Prince Rupert market for halibut fishermen as follows:

Rupert Market

When the fight to destroy the halibut fisherman's market was on in Congress and Dan Sutherland wired to the Territory for reinforcements of his attitude in opposition to the exploiting interests of Alaska, the Washington delegation in Congress and the United States Department of Commerce, the salmon fishing portion of the population, joined with the deep sea fishing portion in extending him aid. The seiner, netter and troller recognized that they had a common interest with his brother of the deep sea branch of the industry even though the continuation of the open competitive market was of paramount benefit to the latter. Today a fight is on in Congress to decide whether the salmon fishing industry shall pass into the hands of certain capitalists in Chicago, Portland, San Francisco and Seattle and the small canner and fisherman be driven out, or those rights guaranteed by the constitution be retained.

This fight should be of interest to every toiler of the sea regardless of what particular branch of the calling he follows and the halibut catcher should be just as jealous of the rights of seiner or netter as he was of his own rights when the interests

LA FOLLETTE AS CANDIDATE

Is Holding Club Over Old Republican Party But is Against Communists

WASHINGTON, May 31.—Senator Robert M. La Follette today virtually announced that he will run for president on an independent ticket "unless the approaching Democratic and Republican conventions demonstrate to the people whether either of these two parties can and will purge itself of the evil influences which have long dominated them."

"If this is not done," Senator La Follette wrote to Attorney General Ekern, of Wisconsin, "a long-suffering and righteously indignant people will find in the coming campaign effective means independent of both of these old parties, to take back control of their government and make it truly representative."

At the same time Senator La Follette denounced the Communists and openly charged that they were seeking to take control of the "Farmer-Labor-Progressive convention" called to meet in St. Paul, on June 17.

Communists

"In my judgment," he wrote, "the convention will not command the support of the farmers, the workers, or other progressives because those who have had charge of the arrangements for this convention have committed the fatal error of making the Communists an integral part of their organization. The Communists have admittedly entered into this political movement not for the purpose of curing by means of the ballot the evils which afflict the people, but only to divide and confuse the progressive movement and create a condition of chaos favorable to their ultimate aims. Their real purpose is to establish by revolutionary action a dictatorship of the proletariat which is absolutely repugnant to American ideals and to all American aspirations."

Senator La Follette's letter closed with his declaration respecting the Republican and Democratic conventions which was acknowledged by his close friends as an announcement of his candidacy should the action and platforms of the two major parties fail to accomplish the changes he regards as necessary.

ENTHUSIASM!

Enthusiasm is the greatest business asset in the world. It beats money, power and influence. Enthusiasm tramples over prejudices and like an avalanche overwhelms all obstacles. Set the germ of enthusiasm afloat in Prince Rupert and watch this city go ahead. It would spread like a contagion, and would have a tremendous effect upon her every industry. It would inspire the citizens to goals never before dreamed of. It would leave a deep impression on every visitor. Briefly, enthusiasm would get results with out which no city or business could pay dividends.
