GERMAN DELEGATES MET ALLIES TODAY

VISITORS TO CITY ARE CONFIDENT OF FUTURE PROGRESS OF THIS PORT

Germans will Accept Dawes Report and will put Through Legislation

LONDON, Aug. 5.—Premier Ramsay Macdonald, presiding at plenary session of the inter-Allied conference at noon today, formally handed to the German delegation a protocol embodying the program of the conference for the putting of the reparations' experts' report into effect.

The Premier asked the Germans to study the report and be ready to express their opinions tomorrow. He also said that he wanted to bring the conference to an early end—by Friday night if possible.

Replying to Premier Macdonald, Chancellor Marx said that the German government had accepted the Dawes plan and was putting through necessary legislation to make it effective. He said that Germany hoped to maintain a friendly spirit and he trusted the allies would strive to do the same.

TWELVE CARS OF HALIBUT SHIPPED BY FAST FREIGHT

Twelve express refrigerator carloads of fresh halibut amounting to about 300,000 pounds was despatched East by fast freight last night at 7.30. The fish was bought from the large list of arriving schooners at the halibut exchange yesterday. The train also took out two carloads of mild cured and one carload of frozen salmon as well as several tanks of fuel oil for interior divisional points.

VISITING TEACHERS TAKEN ON OUTING

Arrangements having been made by local pedagogues and the school board, the party of forty school teachers from the East, who were in the city last night on their way to Vancouver to attend a convention, were taken on a cruise of the waterfront while here. They visited the cold storage plant and inspected it and some of the boats went up to the Tucks Inlet cannery. The visitors were also given the opportunity to see the port facilities. All were very much impressed at the promising aspect of the city coming at the conclusion of the delightful trip through the mountains and western river valleys over the Canadian National Railway.

The boats placed at the disposal of the party were John Dybbavn's Surveyor, Alex. McRae's Lois M., Douglas Stork's Sunbeam and George Bryant's Harla. Assisting in the reception to the visitors were Principal J. C. Brady, Mr. and Mrs. S. E. Parker, P. Lorenson, Rev. Dr. H. R. Grant and Norris Pringle.

Other tourists in the city at the same time were taken on the trip, the four boats carrying about 60 people.

WARSHIPS ARE AT HALIFAX

HALIFAX, Aug. 5.—The arrival here today of the British warships Hood, Repulse and Adelaide coincides with the 175th anniversary of the founding of Halifax by Lord Cornwallis when he sailed up Chebucto Bay in 1749 and landed on the site of the present city.

Tomorrow a replica of Lord Cornwallis' battleship Sphinx will open the pageant of the landing of Cornwallis.

The above photograph shows (from left to right) Lorraine Nathan and Rosalind Nathan, friends of Dick Loeb, being questioned by Joseph Savage, assistant state attorney, as to Loeb's sanity, but other than saying they thought Loeb a "very nice boy" they would not commit themselves.

Property Owner for Fifteen Years and Still Has Faith in Future of Prince Rupert

Visitors in the city today are men from eastern United States who have property here and who have watched the progress of the city through the columns of the Daily News for ten years past. They are R. Eston Phye of Hartford, New Jersey, and Dr. W. H. Phye of Patterson, New Jersey. They stopped off at Jasper Park en route and also went to visit A. J. Prudhomme at his ranch at Tyee Lake, Telkwa.

Mr. Phye says he is glad to have worked with the men who began to build up Prince Rupert fifteen years ago and is glad still to own property that was built at that time. He says he knew at that time the belief of Sir Wilfrid Laurier and the faith of Charles Hays in regard to this port and being schooled in their beliefs is not surprised that lumber has been shipped to the Orient and that an elevator is to be built here. It is the natural thing to expect, he says, just as natural as that water runs down hill.

"You cannot stop a stream in its downward course," continued Mr. Phye. "You may temporarily arrest its progress by throwing a barrier in its way but unless you leave safe outlet the pent up water will sweep your dam out of the way or go over the top. Just so it is with Prince Rupert. With your greater nearness to Japan and other eastern lands, this matter of distance makes it sure that in the future transpacific ships will sail from Prince Rupert. The shortest distance between two points is a line that can never be overlooked or neglected."

MOVIE PRODUCER IS HERE AGAIN ON YACHT GYPSY

Returning to California after a cruise to Alaska waters in the course of which calls were made at the old and new capitals of Alaska, Sitka and Juneau respectively, the palatial power yacht Gypsy with her owner, Hal Roach, well known motion producer of Culver City near Los Angeles, and party aboard, arrived in port at noon today and will be here until tomorrow morning. The vessel is moored at the Prince Rupert Boat House where she is attracting the attention of many admirers.

The Gypsy was here early in July northbound.

The party aboard the Gypsy consists of Mr. and Mrs. Roach, Mr. and Mrs. D. Whitney and J. Amiston. Capt. Dickason is the skipper.

FLYERS ARRIVE CAPITAL ICELAND

REYKJAVIK, Aug. 5.—Lieut. Lowell Smith and Lieut. Erik Nelson, United States round-the-world flyers, arrived here from Hornofjord after their lap across Iceland at 2:15 this afternoon.

ANNUAL FLAG DAY SATURDAY

Plans Formulated For Annual Event and Committees Are Appointed

The Elks' annual flag day for children of Prince Rupert will be held on Saturday of this week at Acropolis Hill grounds. There will be the usual parade headed by the clown band starting at 1 o'clock sharp from the Elks' Home and proceeding through the streets to Acropolis Hill. There the ceremony of raising the flag will take place and appropriate speeches will be made on the occasion. The citizens generally are invited to assist the Elks in their efforts to inculcate the spirit of patriotism in the rising generation.

After the flag raising, ice cream and fruit, etc., donated by the Brother Bills, will be distributed free to the children and there will be a program of sports for the youngsters. Splendid prizes have been donated and there should be keen competition for them. Surprises are in store for all.

The baseball game with Ocean Falls will be a feature of the day's program and in the evening there will be the annual children's fancy dress dance at 8 o'clock in the Elks Home. This will be followed by a flannel dance commencing at 10 o'clock. Refreshments will be served.

The following committees will be in charge:

Advertising — Frank Dibb and L. Murray Fuller.
Tickets and sports — Fred Gihuly, Ben Self, Bert Morgan, A. A. Easson and W. D. Vance.
Refreshments — David Milne, Jack Cobb, G. Ciccone, John Pinder-Moss, Harvey Fraser, W. E. Williseroff and Arthur Bailey.
Children's sports — Chief W. H. Vickers, Constable Alex. Macdonald, R. B. Skinner, James Neville, George Waddell and J. H. McLeod.

Parade — W. H. Merry, Chief D. H. McDonald, J. H. McLeod, G. Anderson and J. G. Johnston.
Dance — L. M. Fuller, Charles Folsom, A. A. Eason, Murdoch McLeod and A. Harry.
Clowns — Harry Astoria, A. Sabourin, J. Cobb and Joe Ratchford.

FISH RUNNING MASSETT INLET

Two New Canneries Operating There This Year, One Floating and Other Naden Harbor

There are two more canneries doing business at Queen Charlotte Islands this year than two years ago. In addition to Watun River cannery in Massett Inlet there is the floating cannery on the wooden schooner Laura Whalen and the Langara Packing Co. cannery at Naden Harbor, formerly a crab cannery.

A recent visitor to the district says the Laura Whalen is splendidly fitted up and will be able to care for a good pack. The majority of the white employees live on board. The vessel is close to shore at a point about half way between Port Clements and Buckley Bay where there is good water which is piped to the ship from shore.

Fishing commenced on July 25 and so far the catch has been satisfactory. Only pinks have been taken so far.

The whaling stations have been handicapped somewhat by bad weather but in spite of this Naden Harbor has taken between sixty and seventy whales while Rose Harbor has over one hundred.

FREAK PRICE FOR ONE OF HALIBUT CATCHES

Scrub Benefits From Competition on Fish Exchange This Morning

A freak price was paid for the catch of the halibut boat Scrub at the exchange this morning, the fare being in much demand by buyers with great advantage to the owner and crew. While others were selling at around thirteen cents the Scrub was paid over eighteen cents. Sales today were:

American
Gony, 14,000, to Booth Fisheries at 13.20 and 6.
Augusta, 18,000, and Crescent, 11,000, to Cold Storage at 13.20 and 6.
June, 21,000, to Atlin Fisheries, at 13.40 and 6.
Atlantic, 32,000, to Pacific Fisheries at 12.40 and 6.

Canadian
Scrub, 13,000, to Atlin Fisheries at 18.60 and 9.
Annie May, 2,200, to Cold Storage at 13 and 8.

FRANCE WINS FROM CZECHO-SLOVAKIA DAVIS CUP TENNIS

EVIAN LES BAINS, France, Aug. 5.—France yesterday eliminated Czecho-Slovakia from the Davis tennis competitions by winning doubles match. France won both singles on Sunday.

C. B. Robinson of England, publisher of the Northern British Columbia News, returns south enroute to the Old Country on the Cardena this afternoon after having spent a couple of weeks in the city and district. While here he was the guest of Mr. and Mrs. Jack Barnsley, Fourth Ave. West.

Rip Van Winkle

"To come back after ten years makes one feel like Rip Van Winkle," said the visitor. "I look at the King Edward school in my yesterday, a new building, and now in today it is being re-shingled."

Mr. Phye says it has been a real pleasure to follow the careers of men whom he met in the pioneer days. Alex. Prudhomme put up the building owned by Mr. Phye and occupied by George D. Tite and the Kaien Hardware Co. Also the Savoy Hotel, the King Edward School and the Provincial Government buildings. Other people of the early days were McCaffery & Gibbons, W. E. Williams, S. M. Newton, Hon. A. M. Manson, and Fred Stork.

Last night when Mr. Phye saw the Prince John sailing for the Islands he recalled that in 1914 people were commiserating the fate of a woman about to sail for there when it was thought she would be the only white woman there.

CHARGES AGAINST THE CITY ENGINEER

Former Employee Writes Long Letter to City Council Which is Not Read

A letter from J. W. Jorgensen, a former employee of the public works department engaged in street work, criticising the administration of the city engineer and road foreman and methods employed in road construction, was received at last night's council meet and referred to the Board of Works.

The writer charges the city engineer with having unfairly discharged him from his work and defends the work he did which was considered unsatisfactory by the engineer. The engineer and the street foreman are also charged with inefficient conduct of the street grading projects in Section Six. It is alleged that, through poor planning, unnecessary work was done and then torn down thus causing wasteful expenditure. It is also stated that, when the road foreman came out with the checks for the men, he would curse and throw checks to the winds if men failed to be on hand to receive them. False statements on the part of the foreman with respect to the number of married men employed on city work are also charged.

The letter, which is a lengthy one, was referred to the committee, without being read in council.

TRAIN DERAILED

NORTH BAY, Ont., Aug. 5.—The engine and three cars of the eastbound TransCanada Limited Canadian Pacific train were derailed east of Woman River last night. Nobody was hurt and traffic was resumed this morning.

WATER CONNECTION FOR NEW CANNERY

City Council Decides to Put in Extension to Plant of Somerville Cannery Co. at Seal Cove

An eighty foot extension of a 4 inch water main is to be furnished by the city to the site on the waterfront near Seal Cove where the Somerville Cannery Co. is to establish a cannery. A recommendation to this effect from the utilities committee was adopted by the city council last night.

BELCOURT OFFERED POST OF MINISTER OFFICIALLY DENIED

LONDON, Aug. 5.—According to a correspondent of the Daily Telegraph, the Canadian Government has offered the post of minister to Washington to Senator Belcourt, who is now representing the Canadian Government at the inter-allied conference in London.

OTTAWA, Aug. 5.—It is officially denied that Senator Belcourt has been selected Canadian minister to Washington. No decision has been made although it may be considered during the week.

Keeping Credit Of Country Good.

The Labor government of Great Britain is doing even more than its predecessors to keep the credit of the country above suspicion. It is moving steadily toward the return of the gold standard. Canadian money is also holding its own better this year than last and the whole tendency is toward the adoption of a firmer rate of exchange between the countries doing business with each other. This would prevent gambling on exchange and the consequent efforts to bull or bear the money market.

With the condition existing under which the more civilized countries of the world are dependent on each other for supplies of food and other products, a stable rate of exchange is very desirable. It is curious that with so many clever financiers in each country no solution of the exchange problem should have been reached long ago. The secrecy with which monetary manipulations are carried on by governments seems to be to a large extent responsible for the condition. If everything were done above board, much of the fluctuation would be either prevented or anticipated and thus the gambling feature would be removed.

Campaign In Favor Importing Capital.

There is a strong movement afoot throughout the country to bring pressure to bear on the Dominion government to float the next loan outside Canada instead of in this country. The campaign seems general among financial institutions and it is pointed out by some that bringing New York funds here would help to bring back the currency to par and hold it at somewhere near its gold value.

The rate of discount at present is low and it would seem as if little impetus would be required to bring the Canadian dollar up to the value of the American.

Stevenson As The Apostle Of Cheerfulness.

Robert Louis Stevenson begged to be forgiven if he had "faltered more or less" in his "great task of cheerfulness," says the Ketchikan Chronicle. He had what most of us would consider good cause to chafe at the dispensation of fate. Much of his latest and best work was written during intervals between hemorrhages, which he jestingly named "Bluidy Jack." But no wail crept into his writings from "the pleasant land of counterpane," with which he was too familiar.

Take the sunniest folk you know and you will often find their radiant good humor, so welcome where it comes and blesses, has a background of tribulation. It often appears that those who have the fewest material possessions have the most to contribute in the way of spiritual benefactions. But they make no odious parade of being gay and bright. Those who consciously and professionally invite us to be "glad"—and there is a cult of such—are often a sore trial to those who, doing a man's work in a man's world, shrink from artificial laughter as they would from the exuberant sentimentality that is forever preparing to shed a profusion of tears.

Pleasant Manner Becomes Chronic.

Cheerfulness is best demonstrated, not by any sudden, forced explosion into a lively mood, but by the habitual demeanor of day to day—the pleasant affability that is chronic, just as with some persons a sour temper or a surly pessimism is chronic. A man in whom self-control and a courageous optimism keep the upper hand, so that he encourages and reanimates others, is not one who merely tells a joke once in a while, laughs now and then and the rest of the time is the prey of gloom, which he broadcasts for the general depression.

Nor does the cheerful man dwell in a fool's paradise; his joy in living is quite as rational as any other feeling, and it ranks among the most useful of the emotions, because it heartens and inspires others to go. It is the fashion in some quarters to cry down enthusiasm and to deprecate enthusiasts as irrational zealots. But every good cause, if it is to flourish, must enlist those who are vitally—even though impetuously and mistakenly—concerned to make a go of it. A languor or a lassitude makes no converts; chilly hauteur and supercilious condescension win no devoted following. The leaders affectionately heeded are those who put a new heart in those about them by the resolute and sensible cheerfulness they dispense from the instant they appear.

A GREAT ASSET OF EMPIRE

BRITISH COLUMBIA IS SOLE SOURCE OF SUPPLY FOR BIG TIMBERS

Province's Lumber Trade Within Empire Is Trebled in Eight Years

The resources of the British Empire are the subject of world discussion at present.

No exhibit at the great Fair at Wembley is arousing more telling interest than British Columbia's forest industries' display. It has been described by the British press as the "Finest advertisement Canada has ever had."

Canada has rightly been called "The Softwood Storehouse of the Empire." British Columbia may as correctly be described as its first, last and only stand of big constructional timber.

The British Empire controls 1,555,000,000 acres of timberlands, or one fifth of the world's growth, but of this amount one billion acres are hardwood, which are less in demand than softwood in the proportion of two to five.

Canada contains approximately 90 per cent of the softwood resources of the Empire. Approximately half of this huge stand is in British Columbia, but when it comes to the highest grades of clear and the largest dimension timber the great British Empire is completely dependent on the province of British Columbia.

In 1923 British Columbia exported 124,000,000 feet to other portions of the Empire, as against 33,000,000 feet in 1916, an increase of over 375 per cent in eight years.

There is no portion of the British Empire with the exception of Canada that can supply its own softwood needs. Inter-trade with the sister Dominions will increase with the market extension work now being carried on by our manufacturers.

It must be remembered that trade begets trade. Every shipment abroad of British Columbia wood products furnishes an opportunity for expansion of our commerce in other directions.

This series of articles communicated by the Timber Industries Council of British Columbia.

CHECK UP ON WATER USERS

City Decides to Put on Man to go Over Whole City

The city council decided last night to engage a man to make a canvas of water and electric light and power users in the city with a view to obtaining a tabulated survey which will be used in connection with the revision of water rates.

This action followed an enquiry by the mayor from the utilities committee as to what was being done in connection with the proposed revision of the water rates.

Ald. Macdonald replied that replies were being awaited from enquiries sent to other cities as to their water charges. The superintendent had reported that many people here were not paying water rates at all and a good deal of revenue was thus being lost which, it was felt, if received, would put the water system on a self-supporting basis like

the telephone and electric light departments. The committee was in favor of having a complete light departments check-up made. This would involve the employment of a man for perhaps two months but it was felt that the expenditure would be well warranted.

It was moved by Ald. Macdonald and Ald. Smith and carried that the utilities committee be empowered to engage a man for the purpose.

PRETTY WEDDING BAPTIST CHURCH

Miss Evelyn Shenton Married Last Evening to Peter Hackett

A pretty wedding of much local interest took place last evening at 7 o'clock in the Baptist Church, Rev. J. J. Smithson officiating, when Miss Evelyn Shenton, daughter of Mr. and Mrs. T. J. Shenton, 528 Eighth Avenue West, became the bride of Peter Hackett, son of Mr. and Mrs. Peter Hackett of Point Grey, Vancouver.

The bride, who was given in marriage by her father, wore a pretty wedding dress of white flat crepe trimmed with radium lace and a bridal veil with orange blossoms. She carried a bouquet of Ophelia roses. Mrs. Joe Rathford, sister of the bride, who was matron of honor, wore a French old rose crepe gown with hat to match and carried a bouquet of carnations. Little Misses Phyllis Harvey and Edith Johnson made dainty flower girls the former in a dress of peach organdie and the latter in lavender organdie. They carried baskets of daisies, roses and carnations and also wore garlands of daisies. George Shenton, brother of the bride, was groomsmen.

The church was beautifully decorated with flowers and was filled with many friends of the contracting couple. Mrs. Howard, who presided at the organ, played the Wedding March and, during the signing of the register, Miss Katherine Jones sang "I Love You."

After the ceremony, the bridal party repaired to the home of the bride's parents where a wedding supper was served. The toast to the bride was proposed by Mr. Shenton and responded to by the groom. A musical evening followed, Mr. Howard and Miss Jones contributing to the program. The home was beautifully decorated with local flowers provided by L. Sherman.

Mr. and Mrs. Hackett left by the steamer Prince Rupert for Vancouver on their honeymoon. They may decide to take up residence in the south.

ON THE BEACH AT MANITOU

LONG before the paleface came to the broad and rolling prairies, the Red man knew and appreciated the curative properties of Little Lake Manitou, which is located near Watrous, Saskatchewan, on the main line of the Canadian National Railways. And the first white settlers who came, in advance of the railways, to settle on their homesteads in and around Watrous, soon learned of this lake with its highly mineralized waters, so that Little Lake Manitou had its reputation made when the first settlers reached the country.

Today thousands of residents of prairie cities find Little Lake Manitou an ideal watering place, and excursions are run from time to time over the Canadian National Railways from Saskatoon and other cities to provide citizens with a means of reaching this delightful spot.

The waters of Little Lake Manitou are so highly mineralized that the swimmer finds no difficulty in floating on their surface and at the same time their mineral qualities are health-giving in their action. With a good sandy beach for the kiddies to play on, and water chutes and other enjoyment features erected for their entertainment, Little Lake Manitou has become the ideal picnic spot for the dwellers in the central region of Saskatchewan.

THIS IS THE ANNIVERSARY WAR STARTING

Decade Has Passed Since World Struggle of Might Against Right Opened

It is ten years ago today since row morning (August 5) since King George V. signed the official papers involving Great Britain in war with Germany and commencing the four year struggle of right against might.

The following was the despatch

published in the Daily News of August 5 recording the fact:

London, August 5. — Germany declared war on Great Britain early this morning, August 5, following the expiry of the ultimatum given by Britain respecting the observance of the neutrality of Belgian soil by the Germans. The British Foreign Office then announced that a state of war existed between Britain and Germany and King George signed the official war papers. The King has issued a message to the overseas Dominions thanking them for offers of aid and expressing belief that the Empire would stand united with a resolute calm and trust in God in the hour of trial.

Mrs. H. F. Glassey returned home on the Prince Rupert yesterday afternoon. She attended the recent convention of the Ladies of the Royal Purple in Winnipeg and has been visiting in Vancouver for the past few weeks.

J. J. Carroll, local C.G.M.M. superintendent, returned yesterday afternoon from a business trip to Ocean Falls where he was met by Reginald Beaumont who came up from Vancouver. Mr. Beaumont is returning south from Ocean Falls today.

A report from the finance committee recommending that no action be taken in connection with the request of the Prince Rupert Lumber Co. for a reduction of the minimum monthly charge of \$40 to the company for water was adopted by the city council last night. In the reply to be sent to the company, it will be pointed out that the plan is receiving fire protection through the connection.

Mrs. P. I. Palmer and family sailed last night on the Prince Rupert for Vancouver.

Mrs. M. E. Gordon is sailing tonight on the Cardena for Vancouver.

N. Nicholson of the railway mail service sails this afternoon for Vancouver on holidays by the steamer Cardena. Mrs. Nicholson is already in the south.

James Gillis left on last night's train for the Mayo Clinic at Rochester, Minnesota, where he will receive medical treatment.

Bishop A. J. Du Pencier of New Westminster was in the city last night returning to Vancouver after a trip to Smithers and Hazelton on ecclesiastical duties.

W. G. Hooper, grand chancellor for B.C. of the Knights of Pythias lodge, paid his official visit to the local lodge last night, the serving of refreshments following the lodge work. Mrs. Hooper and her mother and sister accompanied Mr. Hooper and they were entertained by members of the Pythian Sisters lodge. They returned to Vancouver on the Prince Rupert last night.

Mrs. W. H. Vickers has received a postcard from Miss S. L. Stone, formerly of the local school teaching staff. Miss Stone, at the time of writing, was in Melbourne after a trip to Sydney where she saw Gordon Johnston, formerly C.N.R. city ticket agent here. After visiting with her brother in New Zealand, Miss Stone planned leaving for England where she expected to arrive on July 31.

Tickets for the wrestling match at the Empress Theatre tonight between Nels Jepsen of Edmonton and Jack Burns of Spokane for the middleweight championship of Canada have been selling well and the indications are that a big crowd will see the exhibition. Both Jepsen, holder of the title, and Burns, the challenger, have been working out daily at the Elks' Home and are in good trim. Both are confident of their abilities and a real good match should be the result. Two falls out of three will decide the winner and the referee will be P. Laporte, the well known baseball umpire. The program will start at 8:30 and two boxing preliminaries, which have been arranged by R. B. Skinner, will precede the main event.

The Callies and Sons of Canada, meeting tonight in the first semi-final of the Gilhuly Cup competition, should draw out a bumper crowd of football fans. These two teams have the reputation of being good crowd pullers when pitted against each other and, in view of the recent improvement in form on the part of the Callies, this evening's encounter should be even more attractive. It will be over in time for the spectators to proceed to the wrestling match at the Empress Theatre. The second Gilhuly Cup game will be staged Friday night between the Sons of England and Great War Veterans.

Giscome and Prince George played their first baseball game at Prince George last week, the latter team winning by 7 to 2, it was a six inning match, the brevity being necessary because the players from the mill town had to catch a train home. Arrangements have been made for another game between the two towns at Prince George on August 10. In the recent game, Bud Gross for Prince George made the longest hit that was ever seen on the Prince George part. He drove the ball into a house beyond right field and had time to make the circuit. White, the Prince George pitcher, fanned 14 batters. The teams lined up as follows:

Prince George—Goodwin, 3b.; White, p.; B. Gross, ss.; MacLeod, c.; Kennedy, cf.; Kennedy, 1b. and rf.; Taft, 1b.; Ternan, 2b.; Dea, lf.; Smith, f.

SONS OF CANADA WON AGAINST COLUMBUS CLUB

Score of 8 to 3 Recorded at Baseball Game Last Night

Batting Fortin out of the box in the first two innings, the Sons of Canada won last night's City

League baseball fixture from the Columbus Club by a score of 8 to 3. The Canucks scored the most of their runs during Fortin's weakness and the hits included a circuit clout by Vic Menzies with the bases full. Harry Astoria took the mound for the Columbus Club in the third inning but, though he kept things in control, his side was not able to overcome the lead. Vic Menzies spelled Dan Lidstone for a while in the box for the Sons, the pitcher's duties not being very arduous.

Norman McLean of the S.S. Prince Rupert umpired balls and strikes and G. Thompson, bases. The teams lined up as follows:
Columbus Club—C. McKeown, c.; A. Fortin and H. Astoria, p; S. Bazzetti-Jones, 1b; L. Astoria, 2b; H. Astoria and A. Fortin, ss; George Hill, 3b; H. Frizzell, lf; F. Henning, cf; M. Budenich, rf.
Sons of Canada—D. Balfour, c; D. Lidstone and V. Menzies, 1b and p; W. Mitchell, 2b; A. Mitchell, ss; H. Perry, 3b; E. Clapp, lf; Jack Ratchford, cf; E. Warren, rf.

OCEAN FALLS BALL TEAM COMING HERE

All Star Baseball Aggregation From Paper Town Will Take Part in Flag Day Celebration

An all-star baseball team from Ocean Falls will visit the city for a two game series at the end of this week in connection with the Elks' Flag Day celebration. The players will arrive Friday on the steamer Prince Rupert and will return south on the same steamer with the local football team on Saturday night. The two games are scheduled to take place on Friday evening at 6 o'clock and on Saturday afternoon at 4:30.

ALBERTA LEADS CRICKET GAMES

Beat Saskatchewan but Rain Prevented British Columbia Winning Game

WINNIPEG, Aug. 5.—Alberta took the lead on the opening day of the Western Canada cricket tournament, defeating Saskatchewan with 92 runs for a loss of nine wickets while Saskatchewan made 28.
Manitoba and British Columbia played to a draw at Manitoba, scoring 114 runs while British Columbia made 73 for a loss of only two wickets. Rain prevented British Columbia's certain victory.

FLY-TOX KILLS Flies

PLANE SINKS IN KETCHIKAN

Goes to Bottom of Harbor in Spite of all Efforts to Prevent it

Word has been received here of the loss last week at Ketchikan of the seaplane owned by J. Dalzell and recently purchased by him from Roy Jones.

Mr. Dalzell is a Juneau man and he went to Ketchikan to take over the machine. He made two flights with Mr. Jones. Not being familiar with the coast line between Juneau and Ketchikan he decided not to attempt to fly but to ship the machine. He took it over to the Alaska S. S. Co.'s dock for shipment on the steamer Yukon. That vessel was delayed in arriving and while the plane was still at the dock, Mr. Dalzell said he noticed that one of the pontoons was leaking. He got a boat and started to tow it to a safe anchorage but before it could be reached the plane was submerged. Two cannery tenders in the harbor tied onto the craft in an effort to keep it above water but when one of the slings ripped off part of the body the effort failed.

Nearly Lost Life

Mr. Dalzell himself had a close call from drowning. He had jumped off the boat onto the plane to try to keep it righted. When the machine began to sink it whirled and caught one of his feet in a wire. He clung to a pole thrust out to him from one of the tenders while one of the boatmen worked his foot free from the wire with a pike pole. He was released just a minute or two before the plane plunged to the bottom of the harbor.

Mr. Dalzell was an aviator in the British Royal Air Force during the World War and said he had more than 2,000 hours in the air to his credit. He had hoped to initiate an aerial service out of Juneau early next season. He planned to take the plane here, replace the 110 horse power engine with which it was equipped with a 180 horse power motor and get it all tuned up during the winter for operation early next spring.

Ten Years Ago in Prince Rupert.

August 5, 1914.

Stating that it is no use waiting until a hostile German ship blows up the dry dock and destroys the railway, the Daily News urges the Dominion government to take immediate steps towards fortifying the port of Prince Rupert.

Arrangements are now practically completed for the starting of through service on the Grand Trunk Pacific Railway between Winnipeg and Prince Rupert on August 23.

Yesterday Mayor Newton received a wire from the commanding naval officer at Victoria giving notice to all royal naval reservists in the city to proceed to Britain at once.

PRINCE GEORGE

The Prince George Citizen advocates the appointment of H. G. Perry, the local member, as speaker in the next legislature.

R. Eston Phye of Hartford, Conn., and Dr. W. H. Phye of Paterson, N.J., who are interested in real estate in this city, were visitors here last week.

T. A. Griffith and party of friends spent last week fishing at Stuart Lake.

J. Johnson has returned from Portland, Oregon, where he is interested in the erection of a large auto park and amusement centre.

Percy Daniell Howatt of Shelley and Miss Tille Gallard of this city were married last week by Rev. G. W. North at the residence of Ernest Stonehouse. They will take up their residence at Shalley.

The Rex Theatre has been closed down for a month and will undergo a thorough renovation.

Miss Helen Johnson of Portland, Oregon, is spending a couple of weeks in the city visiting her aunt, Mrs. J. H. Johnson.

BURNS LAKE

It has been decided to build a new school at Wistaria on the same site as the old one. Teachers for the ensuing year will be: A. Manson school, Miss Chisholm; Streatham, Mr. Owen; Wistaria, Miss Libby.

Miss Grace Keith, who formerly taught school at Rose Lake, has accepted a position as teacher at Decker Lake.

The new school building here is rapidly being completed by Brown and Robb, the contractors.

A daughter was born on July 27 to Mr. and Mrs. Fay S. Short of Burns Lake.

L. S. McGill and Rev. M. W. Lees of Smithers were visitors to Ootsa Lake last week. They travelled by motor.

George McKenzie is now residing in San Francisco where he has purchased two lots and erected a home.

AMERICAN WOMEN ARE LOOKING TO CANADA TO SECURE HUSBANDS

WINNIPEG, Aug. 5.—The attractive outlook in Manitoba for unmarried women, as brought out so clearly and with such allurements in figures recently issued by the statistical branch of the Dominion government, has aroused the women of many states and varied climes to the advantages offered by single males of this province.

The immigration commissioner has had his attention directed to this condition through conversation as well as by mail. A few days ago he received a letter from a young lady who resides in Newcastle, Pennsylvania, who wrote as follows:

"I see that there are more men than women in the province of Manitoba. Now here it is just the other way; there are more women than men.

"Now if you know of a good honest man that wants a wife tell him to write or come here to New-

castle, and he can get as fine a woman as ever walked on a pair of legs."

"Here is a great opportunity for further increasing the reputation of the province," commented the immigration commissioner, "boost Manitoba as the old maids' paradise."

A POWER QUESTION

"Is you gwine ter let dat mule do as he pleases?" asked Uncle Ephraim's wife "Wha's you will-power?"

"My will-power's all right," he answered. "You jes want ter come out hyar an' measure dis mule's wont power."

TAXI-DRIVERS REPLY

Editor Daily News.

In reply to your article under heading "Taxi charges are discussed" published in your valuable paper on Saturday last we the taxi owners and drivers of this city wish to point out that the comparison taken by the Board of Trade in comparing the charges in this city with that of Ketchikan is unfair.

Let us point out to those concerned, Mr. Editor, the following facts—Firstly: the initial investment by the owners in Prince Rupert exceeds 40 per cent of that of American car owners. Secondly: the cost of tires, gas and accessories also averages approximately 30 per cent above that which American car owners pay. Thirdly: that the ordinary wear and tear and up-keep of cars in this city by reason of the roads in comparison with Ketchikan greatly exceeds that of car owners in the American city.

In Ketchikan, we are also informed, that the drivers and owners of taxis through their representatives hold regular meetings with the Council in order to regulate fares and also to entertain suggestions from the representatives as to the conditions of the streets and what improvements should be made and repairs done. In nearly every instance all recommendations are expeditiously carried out by the Council.

In concluding, Mr. Editor, we may say that the scale of fees charged in this city, is standard except one or possibly two private owners who operate their own cars and who have no employees salaries to meet, and all things considered is reasonable and fair.

TAXI DRIVERS AND OWNERS, City of Prince Rupert.

A son was born at the Prince Rupert General Hospital on August 3 to Mr. and Mrs. Edgar B. Baker, Lotbiniere Street.

The Man in the Moon SAYS:-

WRINKLES can be painted out and color painted on but character stays in spite of the beauty parlor and drug store.

I KNOW a little flapper girl Who is very sure perplexed To know just what monstrosity She'll turn her hand to next.

THEY say woman believes in a personal devil oftener than man because she is oftener married to His Satanic Majesty.

ONLY a few girls smoke and drink And some don't wear silk hose; But every one that's worth her salt Puts powder on her nose.

THE difficulty with married life these days is that girls with limousine tastes fall in love with boys with flivver incomes.

THE shortest person he Who from vacation comes. He usually owes a lot of bills And spending money bums.

The tallest is the chap Who off fishing has been. He tells of what he's caught And monsters he has seen.

THE fountain of youth is not opened with a corkscrew.

HAPPY is the man who is able to tune out his loud speaker or disconnect it altogether.

BIG CATCH OF SALMON PORT ALTHORP, ALASKA

JUNEAU, Aug. 5.—The Deep Sea Salmon Co. at Port Althrop is leading all the salmon packers in this district in this season's pack up to the end of last week, according to J. W. Kehoe, Territorial Tax Collector, who arrived this morning after a trip through Icy Straits and vicinity. The Port Althrop plant, last Saturday, had packed a total of 59,000 cases and had a good supply of fish on hand or enroute to the plant for this week's operations he said.

The other canners report small catches and light runs prevailing so far this season. The Barvalon plant at Funter Bay had turned out 19,000 cases. It had been unable to lift its traps for several days but expected to do so Saturday. Other plants in the district generally had from 15,000 to 19,000 cases packed, Mr. Kehoe said.

Yours truly, John Smith

ALL the world despises an anonymous letter. We like a man to sign his name to what he writes.

But did you ever think that unknown merchandise is anonymous? Nobody to vouch for it. No name signed.

Notice the advertisements in this paper. There in bold print are the names of those who stake their reputations---stake your good-will towards them on the truth of what they have written.

The maker of advertised goods realizes that he might fool you once---but never the second time. His success is dependent upon your continued confidence in what he says in the advertisements.

Read the advertisements with confidence. They tell truths that you should know.

ACTION IS TAKEN TO CONFISCATE FISH TRAP

Second Case of Illegal Taking of Salmon in Alaska Before Courts

JUNEAU, Aug. 5.—Charging violation of the trap regulations of the Federal Bureau of Fisheries and the Fisheries law, action has been started in the local U.S. District Court for the confiscation of Trap No. 4, of the Sunrise Packing Co., of Ketchikan. This is the second such action to be initiated in the history of the industry, the first being started here several days ago against a trap owned and operated by the Petersburg Packing Co.

The suit asks for the confiscation of not only the trap and all of the equipment pertaining to it, but also for the forfeiture of all licenses, permits and privileges under which it has been operated. The trap is located on the east side of Behm Canal at Edith Point, north of Cheats Cove.

It is charged that between 6 p.m. Saturday, July 12, and 6 a.m. Monday, July 14, the trap was not opened for the escapement of fish as required. It is understood that it not only failed to comply with the latest regulations but also was not complying with the regulations enforced up to the present season.

The case was brought on information furnished the District Attorney's office by acting wardens of the Bureau of Fisheries, following an inspection of the trap. It was taken into the District Court on information and a motion made to transfer it to Ketchikan was granted by Judge Reed. It is expected that he will hear it when he holds a term at Ketchikan next month.
