BRITAIN HAS HUGE SURPLUS FOR THE YEAR

FRENCH FLYER FAST OVERTAKING BRITISHER: MARTIN STUCK AT CHIGNIK

British Labor Government is Opposed to Empire Preference has Huge Surplus Toward Debt

LONDON, April 29.—Philip Snowden, chancellor of the exchequer, presenting his budget to the House of Commons today announced that the Labor Government was "unable to endorse the late government's Dominion preference proposals. The interests of the Empire would be best served in the long run by a system of tariffs." He added, however, that the late government's pledge to submit the preference proposals to the House of Commons would be fulfilled to the fullest extent.

FREE STATE BOUNDARY TO BE DEFINED

Commission Asked to Determine
It as Provided for by Treaty

LONDON, April 29.—The Irish Free State government has sent a note to the British Colonial Office asking it to give effect to the boundary article of the Anglo-Irish treaty, under which the British government would appoint a commission to draw a line between Ulster and the Free State, says a Dublin despatch to the Daily Mail.

IRISH BOUNDARY TO BE SETTLED

Will go to Commission as Provided
by Treaty With Great Britain

LONDON, April 29.—Colonial Secretary Thomas announced in the House of Commons today that as no settlement by agreement was possible in regard to the boundary between northern and southern Ireland, it must be determined in accordance with the Anglo-Irish treaty, which provides for the establishment of a boundary commission.

WHALING FLEET TO SAIL NORTH SOON

Vessels Have Been Overhauled at
Victoria Preparatory to
Summer Work.

VICTORIA, April 29.—The whaling fleet it is expected will get away from here within a few days for the stations at Naden Harbor and Rose Harbor on the Queen Charlottes and Kynquoy on Vancouver Island where they will continue to operate throughout the summer. The vessels Black, Green, Blue, Orion, William Grant and St. Lawrence and the tender Grey have all been taken out of the water and thoroughly overhauled at the Victoria Machinery Depot.

DOISY REACHES BENDAR ABBAS ON FLIGHT TO EAST

PARIS, April 29.—Lieut. P. Doisy, the intrepid French airman, whose flight in the Far East is being watched with interest, reached Bendar Abbas on the Persian Gulf yesterday. He was then but a day's flight away from the British flyer, Stuart MacLaren, who started a month ahead of him.

It was not proposed to ask Parliament to abolish the preference now in force but the Labor Government reserved the full liberty to propose whenever it deemed it expedient to reduce or abolish all kinds of preference now granted.

Mr. Snowden said a surplus had been realized of £18,329,000 on last year's accounts and that the said surplus had gone to reduce the national debt.

Under the new budget the McKenna duties are abolished.

MANY UNEMPLOYED IN CITY JUST NOW

Considerable Influx of Men From
South and East Recently —
Industries Slowly Opening Up

There has been a considerable influx recently of men from the south and east looking for work in this district. At the present time there are some 400 names registered on the list of unemployed at the local labor bureau.

Industries in the district seem to be slow in opening up this spring but it is hoped that within the next two or three weeks all the men now out of jobs will have been placed.

Tonight eight men are being sent by the bureau to Buckley Bay.

VANDERHOOF ASKING FOR LARGE STATION

Board of Trade at Interior Farm-
Inn Centre Takes Quick
Action Following Fire

VANDERHOOF, April 29.—A meeting of the executive committee of the Vanderhoof Board of Trade was held for the purpose of discussing the situation which has arisen through the burning of the depot on April 21. After a thorough discussion on the matter the secretary was instructed to write at once to L. A. McPherson, superintendent, at Prince Rupert, recommending that a second class station be built at once, on the north side of the railway track, mentioning the fact that Hon. Frank Carvell, chairman of the board of railway commissioners, when at Vanderhoof, said the station was on the wrong side of the track. Ample warehouse facilities are also being asked for.

NEWINGTON ON DOCK

The government lighthouse tender Newington has arrived at the dry dock and will be taken up on the pontoons tomorrow for the installation of a new propeller, replacing one that was damaged recently.

LIEUT. MCLEOD LEFT ON TRAIN

Is Now on Way to Fort Fraser
to Inspect Fraser Lake Land-
ing Site For Flyers

COMES HERE LATER
Hazelton Will Provide Emergency
Station in Case of Need

VANCOUVER, April 29.—Flight Lieutenant Earl McLeod of the Vancouver unit of the Royal Canadian air force left last night over the Canadian National Railway for Jasper en route for Fort Fraser and Prince Rupert to inspect the air harbors and equipment necessary for the British world flyers when passing across northern British Columbia.

The above despatch would seem to indicate that the next stop east of here for the British flyers would be on Fraser Lake, about 375 miles east of here. Lieut. McLeod should reach there by train at midnight Wednesday if he goes direct. He will be at Jasper tonight.

So little is known regarding Fort Fraser that Flight Lieutenant MacLeod's chief investigations will be at that point. If the lake is sufficiently sheltered to provide a good landing he will make arrangements to have buoys placed and supplies of oil and petrol stored for the British airmen. MacLeod expects to be in Prince Rupert on fisheries patrol in June when the British flyers arrive from the north and he will not make many preparations at that point. The supplies and buoys used by the Royal Canadian airmen will be turned over to the British at Hazelton. Arrangements will be made so that a landing can be made if necessary.

To Fort Fraser

There is a landing field at Hazelton which was used by the Americans when they made the flight to Nome two years ago and there is also a licensed air harbor used by a commercial firm which was flying a junker seaplane from Hazelton to Prince Rupert two seasons ago. The flyers will not stop there unless necessary, however, but will make the 375 miles from Rupert to Fort Fraser in one hop and then from Fort Fraser to Chip Lake a little more than 500 miles in another hop.

An officer from the High River station of the Royal Canadian Air Force will investigate the possibilities of establishing a base at Chip Lake, 86 miles west of Edmonton for the flyer.

Chip Lake is better known as Lobstick Lake. It is near the village of Junkins on the Canadian National Railway.

CHONG SAM BOW AGAIN SENTENCED TO HANG

VANCOUVER, April 29.—Chong Sam Bow was found guilty for the second time of the murder of John Clayton Jones here last July and was condemned to hang on July 18 next.

Arthur Havers, British open golf champion; Walter J. Travis, the only American who ever won the British championship, and Bob Jones, of Atlanta, are shown at Augusta, Georgia.

GRAND PRIZE IN THE ESSAY COMPETITION LATEST RADIO SET

OTTAWA, April 29.—The grand prize in the Save the Forest Week essay competition being conducted throughout Canada and for which the winner of the Daily News competition will be competing will be a "Marconi-Phone Three" a new set just evolved by the Marconi Wireless Telegraph Company and comprising the latest developments in engineering. The Marconi Company will install this set for the recipient wherever he or she may be located.

BARGE GRIFF TO GO ON PONTOONS

Will be Appraised by Local Board
With View to Settling Sal-
vage Claim

The barge Griff has arrived in port and is going up on the pontoons at the dry dock this afternoon to be appraised by Jarvis McLeod, Capt. E. McGoskie and S. Gullington, marine surveyor, in connection with the salvage claim of Capt. Swanson who salvaged the craft a couple of months ago when the steamer Amur went ashore on White Cliff Island.

KWANNON WON METROPOLITAN

LONDON, April 29.—William G. Singer's filly Kwannon, nine to one, won the great Metropolitan Stakes at Epsom one and a half lengths ahead of A. P. Tennant's colt Boddam at one hundred to eight. Sierra Leone, the favorite at three to one, was third—a neck behind Boddam. Thirteen horses ran.

BOWSER URGES GOING SLOWLY IN NOMINATING

Tells Victoria People They Should
Choose the Best Possible
Men For Candidates

The personality of the candidate will be the winning factor in the coming provincial election. W. J. Bowser, leader of the party, told members of the Liberal-Conservative central and ward executives in a spirited address at the club rooms in Victoria. It was his advice that the slogan of the party should be every man a potential cabinet minister. The public wanted the best men, the "middle of the road fellow," the man with the independent vote, was the voter who put governments in and put them out.

No Haste

The party would be well advised, counselled Mr. Bowser, not to be in haste to name nominees in Victoria where the organization was strong and ready for action at short notice, unlike the country ridings, where candidates had already been named. Vancouver and Victoria, he said, did not want the turmoil of an election campaign of thirty or forty days. People in the cities were too busy for protracted electioneering. They could not spare the time. Three weeks would be enough. Then a quick, sharp campaign could be launched that would retain its vigor to the last minute. If proceedings should be launched earlier, the strain would tell upon the candidates and the workers, and it would be difficult to keep the desired enthusiasm. Let the others name their men. But his advice to his own party was: "Keep up your efficient organization, but hold your hand on the question of the candidates."

INVESTIGATE POLITICAL CONDITIONS IN MEXICO

LONDON, April 29.—Premier Ramsay MacDonald has appointed Sir Thomas Boller to proceed to Mexico to investigate and report on the political conditions in that country. The officials hope that his report will lead to early recognition of the present government of Mexico by Britain.

Blizzard Yesterday at Chignik Held Martin: 400 lbs. Ice on Plane

GORDOVA, April 29.—Owing to a severe blizzard, Major Martin, commander of the American world flyers, was unable to leave Chignik yesterday to join the other three flyers at Dutch Harbor.

Yesterday morning the cold was intense and the flag plane, Seattle, that has had so many vicissitudes since leaving the Puget Sound port, was found to be encased with ice, the extra weight being estimated at 400 pounds.

The weather forecast in the north yesterday was that the weather was clearing and that the flying men were hopeful of being able to continue their long flight toward the Orient at an early date. Everything is in readiness to take advantage of any lull in the severe weather of the past few weeks.

SCOTTISH SAILED FOR VANCOUVER AT EARLY HOUR THIS MORNING

G.G.M.M. steamer Canadian Scottish, Capt. Forsen, sailed from the ocean dock this morning at 4 o'clock for Vancouver where she will load cargo for Australia. After leaving the pontoons at the dry dock yesterday afternoon, the vessel made a run down the harbor and everything was found to be in good working order following the repair job. She then tied up at the ocean dock for the night. The Scottish is being piloted down the coast by Capt. Duncan Mackenzie, G.G.M.M. pilot, who arrived from Vancouver Sunday night.

Lengthy Litigation Over Will of
Missing Theatrical Magnate
Comes to Close

TORONTO, April 29.—The long and costly litigation over the will of the late Ambrose Small, missing millionaire theatrical magnate of Toronto, now presumed dead, has at last come to an end. Counsel for Mrs. Small, who was making application to court for a probate of a 1903 will, and lawyers for the two sisters of the missing man, who contested the 1903 will, this afternoon came to a settlement by which Mrs. Small agrees to pay her sisters-in-law \$240,000, in return for which consideration they withdraw their case.

Building Ship Here Will Help Business.
Building a steamer at this port will help business. A great many men will be employed, once the work begins, and Prince Rupert will be one of the busiest places on the coast. It is to be expected that very soon there will be official confirmation of the letting of the contract to the local shipyard. Until that confirmation comes it is not wise to talk much about it in a public way.

Object Lesson On Forest Burning.
An object lesson on what not to do is seen at Rainbow Lakes, reached from here by way of mile 21 on the Canadian National Railway. The country around the lake is denuded of timber, there being nothing there but ancient gray spikes that give a dead appearance to the place.

Just around the lake some of the country has been cleared up and in time there will be a meadow country surrounding the lakes that will be very beautiful if the undergrowth can be kept down.

If there were live trees around the lakes today the lakes would be prettier than most similar places in the country. The waterfalls in the river are very fine and the place is well worth a visit from anyone whether fisherman or not.

The lesson to learn from it, however, is to see that forest fires do not denude any other parts of the district.

Compliment Drydock On Fine Work.
Those who have inspected the work done on the Canadian Scottish in the local drydock and who know what good work is, have been complimenting the management on the excellent results attained here. All local people will be glad to know that the local shipyard is able to take care of big work when offered them. We add our congratulations to those of others. The Canadian Scottish was built here and built well, even under adverse conditions. Now she has been well repaired after being foolishly run ashore in the harbor. It is expected that the next big job will be the construction of the big passenger steamer for the Alaska run. It will be a rush job but doubtless will be done equally well.

Cocker's Little Joke Regarding Manson.
Samuel Cocker of Vanderhoof is a joker or he would not have been jibing Hon. A. M. Manson on his cowardice. That is one thing Mr. Manson is not. He is not afraid. He doubtless has faults, a good many of them, and thus he proves that he is human, like the rest of us, but fear does not seem to be one of his failings. To suggest that he is scared of Cocker as an opponent is a jest that he will appreciate. Coming from Cocker himself the jest will be especially appreciated.

FAIR BUILDING TO BE REWIRED

City Council Undertakes to Provide Material and Labor for Necessary Work

The city council decided last night to assist the Fair Board in rewiring the Exhibition Building by providing certain materials and labor required to bring the electric system of the building up to statute. Last year the wiring in the building was found to be in a very dangerous condition and was condemned by the superintendent of utilities. The question of how money was to be raised to carry out the necessary work has been vexing the Fair Board for some little time.

Ald. Macdonald chairman of the utilities committee, brought the matter before the council and offered a suggestion that was adopted. He stated that there had been a conference between the utilities committee and the Fair Board at the Exhibition Hall. The Fair Board had other expenses to meet this year such as the providing of fire escapes and painting the Hall. The rewiring of the building would mean something like \$900 which the Fair Board might have difficulty in raising.

Good Suggestion
Stating that, inasmuch as the Fair was an event of value to the city as a whole and should be assisted and encouraged as much as possible, Ald. Macdonald felt that the building should be treated as a municipal one. As the city had no money to expend upon it, he suggested that as much old material as possible be used, that the city furnish the labor from the spare time of the utilities force and such new material as was necessary and undertake itself to fit the building out. The superintendent of utilities felt that this could be done and that the work would be permanent. There would be no direct expenditure involved and the idea had the unanimous support of the utilities committee.

Ald. Collart said that, if he was assured that the work would be permanent and the menace of the past would be removed, he would favor the idea.

Work Authorized
Ald. Macdonald gave assurance that such would be the case and it would be economical. He then moved that the superintendent of utilities be empowered to wire the building along the lines set out. This was seconded by Ald. Perry and carried.

TERRACE G.W.V.A. CONCERT AND DANCE
Lecture on Florida and Musical Program Followed by One of Best Dances Given

TERRACE, April 29.—The concert and dance given Friday night by the G.W.V.A. proved to be one of the most successful events of the season. There was a fine musical program and an interesting illustrated lecture on Florida and the West Indies. For the dance there was an augmented orchestra which provided unusually good music and the holiday spirit pervaded and made everyone enjoy the event.

The lecture on Florida and the West Indies by Mrs. Harry Blecker showed lantern slides of scenery, beach bathing and many of the features of life in the south. A number of the young folks took part in the program. Miss Fanny McLaren sang, Miss Janet Young gave a recitation, Miss Betty Anderson a Scotch dance and Mr. Attwood an instrumental selection.

LETHBRIDGE TAX RATE PLACED AT 45 MILLS

LETHBRIDGE, April 29.—According to the preliminary estimates presented at the meeting of the city council on Monday morning the mill rate has been reduced by 1.44 mills. The mill rate will be 45.33 as against the mill rate of 46.67 for 1923. This does not include the supplementary tax levied by the provincial government which was 1.875 mills in 1923. It will run to more this year, and is estimated to be very nearly, if not, two mills.

MATTRESS GRADING FOR FULTON STREET AND ATLIN AVENUE

Extending the program for the mattress grading of city streets to replace plank roadways, the city council last night put through their first readings in initiative bylaws providing for such construction to widths of fifteen feet on Atlin Avenue between Seventeenth and Van Arsenal streets and on Fulton Street between the Sixth Avenue-Fifth Avenue lane and Eighth Avenue.

COULDN'T SLEEP HEART WAS BAD NERVES A WRECK

Mr. H. A. Held, Upper Musquodoboit, N.S., writes:—I am very thankful for the benefit I have received by using Milburn's Heart and Nerve Pills.

When I came home from overseas, in 1920, my heart was very badly affected by concussion, and my nerves were a dreadful wreck. I was very short winded, and could not possibly sleep at night, in fact, I was in such a condition I felt as if I did not wish anyone to speak to me. I thought I would try Milburn's Heart and Nerve Pills, and before I had taken two boxes I could enjoy a good night's rest as well as anyone.

There are lots of returned men who are suffering the same as I did, and I feel sure that if they would only try Milburn's Heart and Nerve Pills they will receive the same relief that I have.

How to get a Satin-like effect on Interior walls
by Satin-Glo Sam

IF you were to examine a wall finished with "Satin-Glo" with a magnifying glass, you would find a surface as smooth as that of fine enamel on which dust and soot particles can not find a lodging place.

Finger-marks and accidental soiling can be easily and quickly removed with soap and water.

The many delicate shades of "Satin-Glo" offer a color scheme for every room—with the added advantage that they can all be kept spotlessly clean and fresh looking. Your Paint or Hardware Store can supply you with information and "Satin-Glo" color cards.

EIGHT BEAUTIFUL COLORS
The tones and shades in "Satin-Glo" are the result of careful study. No matter what shade predominates your furniture or draperies, there's a tone in "Satin-Glo" that will harmonize perfectly. work on McBride Street between Fifth Avenue and Seventh Avenue and Seventh Avenue from McBride Street to Hays Cove Circle and Sixth Avenue were also given their first readings.

In view of the fact that a great deal of such work was now outlined, Ald. Casey asked when it might be expected that construction would actually start. He was told by City Solicitor Jones that the bylaws were being put through as rapidly as possible but there were many necessary steps to be taken, none of which could be passed over. Not a single day was being lost. Ald. Perry said that everything was in readiness to start the work just as soon as the necessary formalities had been completed.

PERMANENT BONUSES FOR WAR WIDOWS AND TOTALLY DISABLED MEN

A letter was received by the city council last night from the Amputations Association of the Great War asking for an expression of opinion on the agitation that permanent allowances of \$900 and \$720 annually be provided by the government to totally disabled veterans and war widows respectively. The matter was referred to the finance committee for report.

Mr. R. Paulin, Tantes Aides, Man., writes:

"I became so run down and weak that my health became affected, and I would sometimes have to remain in bed for several days."

Some one advised me to use Dr. Chase's Nerve Food, so I did, and soon began to gain in weight and feel better. I have taken a great many boxes of these wonderful pills, and am feeling ten years younger. Dr. Chase's Medicines, as well as his Receipt Book, are a great help to us, for we live 40 miles from doctors and railroads."

Miss R. O. Stewart left on last night's train for North Bulkley, returning to her school teaching duties after having attended the convention in Vancouver last week.

A shower tea in aid of the forthcoming Ridley Home bazaar was held yesterday at the home of Miss West, Sixth Avenue East. Mrs. R. Blance was in charge and Mrs. S. M. Johnson, Mrs. Maxwell and Miss West, received.

Ald. Glapp gave notice at last night's council that he would move at next meeting for an amendment to the license bylaw. The object is to remove certain double fee provisions which were in force during the near-beer days and which are now obsolete.

Passengers booked to sail for Vancouver on the Gardena this afternoon include G. Browning, G. Bureau, Mr. and Mrs. John Neil, J. McIlharden, D. Leech, J. Davidson, William Patterson, N. McKillar, T. Thomas, A. Young, W. Robertson, J. Wardroper and James Wright.

The Tennis season will be formally opened at the Club Courts on May 1, weather permitting. The program for the day will take the form of American tournaments. All those wishing to take part kindly get in touch with Mr. Hamilton, at Bank of Commerce. Refreshments will be served.

Passengers booked to sail for the Queen Charlotte Islands on the Prince John tonight include C. King, W. G. Henderson, J. D. Baby, A. W. Wright, Mrs. R. A. Wagner and S. Lindstrom for Buckley Bay; Mrs. J. Rousseau, L. Lang and D. G. Ault for Port Clements; Mr. and Mrs. Bunfing and son for Massett; and C. E. Pitman for Vancouver.

Oakland broadcasting station will on Thursday night give a reproduction of the comedy "Daddy Long Legs" and the Claremont orchestra will provide music between the parts. Tonight the Lions Club of Berkeley will give the entertainment with Arthur Garcia violin soloist and the Bohemian Male chorus. Saturday night Plymouth Congregational Church will give vocal and instrumental numbers. There will be a reading "A Connecticut Yankee in California," and numbers by a mixed quartette.

ENGLISHMAN IN STATES

At the British Film Week luncheon in Newcastle, says The Newcastle Journal, the Mayor of Tynemouth told a story about an Englishman who went to America.

"What have you come here for?" a business friend inquired. "To make an honest living," the Englishman replied. "Oh, then you'll be all right. You'll find no competition over here," was the response.

INDIA MOSLEMS CONDEMN TURKS

Kemal and Ismet Subject of Attacks from Leaders in Far East

DELHI, April 29.—The abolition of the Caliphate by the Turkish Republic has been condemned by all shades of thought represented among the Moslems of India. Their attacks have been levelled principally at Mustapha Kemal and Ismet Pasha, who are regarded in India as desirous of usurping the highest religious office. The Indian leaders have protested to Angora, claiming that the action has dealt a severe blow to Islam and cannot be recognized by Indians, as it was taken without their sanction.

The Turks themselves have lost the powerful influence given them by Indian Moslems who have upheld the Turkish cause because they believed the Caliphate in danger. As a result of the disintegration of Turkey after the war, many leading Indian Moslems even refused to cooperate with the English government because they held England responsible for the condition of the Turk, and they felt Lloyd George's pro-Greek policy constituted a grave menace to their religion.

Taken as Insult

Among some of the Indians the action of Angora is even taken as an insult.

The proclamation of King Hussein assuming the Caliphate in Mesopotamia, Trans-Jordania and the Hedjaz is not likely to be accepted by the Indian Moslems, according to many leaders in the faith. The Indians have put forward the idea of holding an Islamic conference of the leading ulemas and representatives from over the world to elect a Caliph and will probably insist upon this.

Ali Mohamed Ali, the Indian leader, has telegraphed the deposed Caliph that his countrymen are "determined to maintain the sacred Caliphate."

FINE RECITAL LAST EVENING

Prince Rupert Symphony Orchestra and Other Local Artists Were Heard in Empress Theatre

A delightful recital was given last night in the Empress Theatre by the Prince Rupert Symphony Orchestra and other local artists in aid of the Anglican Church building fund. The theatre was well filled and all thoroughly enjoyed the excellent entertainment. There were repeated encores, each number being fully appreciated as the applause indicated.

The program was as follows: Prince Rupert Symphony Orchestra—"Toastmaster March." Encore, "Yellow Jonquils." Solo, Mrs. Bonney, "Clouds of Heaven." Encore, "Little Boy Blue." Vocal sextette, "Indian Love Song." Mrs. Bonney, Mrs. Blance, Mrs. Dorton, Mrs. D. Ross, Mrs. Cullin and Mrs. Woodworth. Prince Rupert Symphony Orchestra—"Love's Like a Star." Encore, "Sweetest Story Ever Told."

Monologue, Mrs. A. Mackie. "Tally-ho dance." Mrs. Crewe. Prince Rupert Symphony Orchestra—"Southern Zephyr overture." Encore, "Carry Me Back to Old Virginia."

Solo with orchestral accompaniment, "Ave Maria," Mrs. J. A. Hinton.

Solo, Mrs. P. S. Bonney, "Out Where the West Begins." Encores, "To My First Love" and "You'd Better Ask Me."

Balloon Dance, Mrs. Crewe. Prince Rupert Symphony Orchestra—"Parade of the Wooden Soldiers," and "Live Wire March."

Fine Orchestra

The orchestra, which was under the capable direction of Mrs. G. A. Bryant, comprised Mrs. W. S. Aekroyd, Mrs. G. A. Woodland, A. A. Easson, J. L. Lee, G. A. Woodland, George Rorie, Jr., C. Woodworth, Mrs. J. A. Hinton, Mrs. W. H. Meljar, Mrs. Theo. Collart, Mrs. Adam Mackie, Mrs. Heilbronner and Alex Rix. A beautiful bouquet presented to the orchestra was received by Mrs. Bryant.

Mrs. Hinton was accompanist of the evening and was relieved for one number by Miss Lorna Tite.

During an intermission, Archdeacon G. A. Rix spoke briefly (thanking the symphony orchestra and the various artists who had taken part).

Those Responsible

The committee arranging the concert consisted of Mrs. H. T. Willett, chairman, Mrs. Hinton, Mrs. Bonney, Mrs. Crewe and Mrs. Bryant. Assisting in the carrying out of general arrangements were R. V. G. Le Pine, Max Collison, G. P. Tinker, R. Beaumont and Sidney Bazzett-Jones.

BAD BLOOD PIMPLES AND BOILS Banished By BURDOCK BLOOD BITTERS.

Miss Irene A. Matthews, Stayner, Ont., writes: "I thought I would write and tell you of the experience and benefit I have derived from Burdock Blood Bitters. Some few months ago I was troubled with bad blood which broke out on my face in the nature of pimples, boils and ring-worm, and I got so bad I really did not know what to do.

I was ashamed to go anywhere, and the itching and burning caused such a terrible sensation I could get no relief day or night. One day a friend advised me to use Burdock Blood Bitters. I used one bottle and felt quite a relief, and by the time I had taken three bottles I was completely relieved.

I cannot praise B.B.B. enough and I hope anyone afflicted like I was will get the same benefit I received." Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

CATTLE RANCH IS FORCED TO CLOSE ON ACCOUNT BEEF PRICE

Diamond G. Cannot Operate, Its Owner Says, Under Present Conditions

EDMONTON, April 29. — The Diamond G cattle ranch at Hudson's Hope, B.C., which is one of the larger ranches in Western Canada, is being closed down as a result of the continued low prices for beef cattle, according to Ingersall Haight, part owner in the ranch, who arrived in the city.

The ranch was capitalized at \$125,000 and included some of the finest range in the whole of the Dominion, it is said.

"The ranch has been unable to sell beef steers at a reasonable profit for the past few years, in spite of the fact that beef cattle are selling at twelve cents a pound at Chicago. The best price that can be obtained for the finest class beef steers at Hudson's Hope is 3 1/2 cents a pound at the present time," Mr. Haight contended.

The embargo on Canadian cattle and the lack of marketing facilities are the two factors that prevented the ranch from developing as it should have, it was asserted.

Mr. Haight is interested in the development of northern coal fields and expects that as soon as railway facilities to the coast are provided that the coal will be shipped to the port of Vancouver. A coal field at Peace River in which Mr. Haight is interested, he asserts to be one of the finest of its kind in the world.

Another coal field in which Mr. Haight is interested, and which will be further developed by British capital, is in the Carbon district on the Tofield branch.

CITY OF EDMONTON SELLS ITS BONDS

Gets Pretty Fair Price Considering Condition of Bond Market Now

EDMONTON, April 29. — Edmonton city bonds amounting to \$1,137,174.37, which were offered last January, have been practically all disposed of in spite of the depressed condition of the bond market, it is announced here. These bonds were sold at ninety-seven cents on the dollar and bear interest at the rate of five and one-half per cent.

The city officials are congratulating themselves on being able to dispose of the bonds so rapidly, and contend that it is a good indication that financial houses have confidence in the city's financing.

The bonds netted the city ninety-four and one-half cents on the dollar. They were sold at ninety-seven and the fiscal agents who handle all Edmonton city bonds received a commission of one and one-half per cent and the underwriters received one per cent.

This debenture issue was authorized last year.

Sport Chat

If the shipbuilding program now anticipated for the local dry dock materializes, baseball, football and lacrosse ranks in Prince Rupert will undoubtedly be augmented before fall from the workmen who will be brought here. It is quite possible that the city may have an array of athletic talent in 1924 equalling if not surpassing anything that it ever boasted of before.

When shipbuilding was in progress here two or three years ago, the yard contributed many players to the various league teams and, if the industry is resumed as it now seems likely it will, such would be the case again. The presence and use of a few crack players would be greatly appreciated by local fans especially on towards Fair time when outside teams come here to play.

The sports committee of the Fair Board, if it is understood, is delaying the definite formulation of its program until it is known finally that the contract is to come here.

Now that the spring weather is here and is giving promise of remaining and the Acropolis Hill grounds are in fit shape for the playing of games, a start on the summer's program of outdoor sport in the course of the next few days may be expected. It is considered likely that the Football Association will decide to

start off next week. A meeting of the league is to be held tonight and the date of the opening game will likely be set. Football will again lead the way and it will probably be well into next month before the baseball and lacrosse leagues get officially started.

Prince Rupert was represented among the twenty five thousand fans who attended the opening game of the American League between the champion New York Yankees and the Boston Red Sox at Boston two weeks ago today. The representative was J. H. Pillsbury, manager of the dry dock who saw the Yankees defeat Boston by two to one. Babe Ruth in this game made the first run of the season for the Yanks although it was not a homer. The single Boston run came in the fifth inning from Shanks' single, Lee's hunt and Shawkey's single. The game then went on without a score until the ninth when the Yanks made both their runs and won the opening honors. Ruth and Ward singled, Pipp sacrificed and Wambsgans made two errors on ground balls letting Ruth and Ward score. Shawkey held Boston to two hits in seven innings and then Hoyt pitched hitless ball. Schang caught for the Yanks and Elmer and O'Neill bade up the Red Sox battery.

W. J. Jefferson, manager of Somerville cannery, is leaving for the Queen Charlotte Islands on the Prince John tonight.

MIGHT WELL BE THEME OF REX BEACH NOVEL
Harry Heywood of Victoria Who is Developing Northern Mine Had Many Escapes

VICTORIA, April 29.—The personal history of a good many of the men who are responsible for the renewed activity in the famous Stewart silver and gold field, Portland Canal district, would afford material for a Rex Beach novel. Some of the pioneers of the field have held on to their holdings since years before the war, and during the difficult years of the great struggle their tenacity cost them much sacrifice.

Harry Heywood, of Victoria, who with his associates is opening up the Terminus group of claims on American Creek, related a few of his experiences before he left for the field last week. He came to Canada when he was eighteen, and immediately the lure of prospecting claimed him. He settled first in the Cobalt district of Ontario, where he worked in the mines there for three and a half years. At the end of that time, hearing of the mining possibilities of British Columbia, he crossed the continent, and after traversing many of the interior districts, located his home in Victoria. From the base established here he took part in nearly every mineral rush for nearly two decades, including the stampedes to Shushana in the Yukon.

Nearly Dead From Hunger
Luck was against him in his trip to the North, and running short of food he decided to head south. The hardships borne during his trip are known to many of the early stampedes. On one occasion he travelled a distance of eighty-four miles with nothing to eat except three pounds of dried raisins. Then for two weeks he travelled on only what scarce game he could bag and he would have "passed in his cheeks" if it had not been for the Royal Northwest Mounted Police spotting his drifting canoe on the Yukon River and taking his unconscious body from the bottom of it.

He spent two months in a Dawson hospital recovering from the effects of his experience. When war was declared he tried to enlist with Colonel Boyle's Yukon detachment, but men were clamoring for places in those days, and he was rejected because he was a few inches shorter than the standard test. Later he came down to Victoria and enlisted with the 88th Battalion and proceeded overseas with that unit.

Returns After War
When the war was over he returned to the north country, starting in from Edmonton, Alberta, and prospecting in the Fort Norman region. He and his associates were disappointed with their findings and commenced the long journey through the Peace River district and Northern British Columbia to the Pacific Coast. During the traverse he made some important discoveries of high-grade mineral deposits, but owing to transportation difficulties they are at present unworkable.

He arrived at Prince Rupert eventually, and from there went north to Stewart and re-

DOCTOR'S VEGETABLE SYRUP GIVES QUICK RELIEF FROM PIMPLES OR NO CHARGE!

Liver and Blood Syrup. Contains pure vegetable ingredients prescribed by Physicians. Helps nature strengthen your stomach, soothe tired, over-taxed nerves, brace up system, and purify your blood. Notice quick difference in way you look, eat, sleep and feel. You, too, will be satisfied, as others have, or no cost.

Dr. Thacher's is sold and recommended by Ormes Ltd., in Prince Rupert, and by leading druggists in every city and town.

This is the time of year when your liver becomes sluggish and your liverestines become clogged up with poisonous waste. Your liver does not properly purify blood that flows to your skin. The result is sallow complexion, dark circles and pimples. As these poisons continue to flood your system, your resistance is lowered, you feel dull and tired and sick.

Make this test! Cleanse and tone your liver with Dr. Thacher's

INTERIOR NEWSPAPERS DO NOT AGREE AS TO DOME MOUNTAIN STRIKE

Omineca Herald Says News is Confirmed but Interior News Blames Prince Rupert

The Prince Rupert Daily News was the first paper to tell of a big strike of five feet of rich ore in one of the Dome Mountain tunnels. Later this was confirmed and the special correspondent of this paper told readers that as a result of the strike forty men would be sent to the mine to add to the staff there. One of the interior papers has not yet heard of this strike and blames the Daily News for giving out news of which that paper was not aware.

Herald Confirms
The Omineca Herald in its recent issue says:

A week ago a strike was reported on Dome Mountain in one of the tunnels being run on contour during the past year. Five feet of ore has been encountered and the strike is of such importance that the management is arranging for forty more men to go to work. If the ore stays with them heavy development work will be carried on all spring and summer and there is an enthusiastic hope now that the money already expended will be fully justified and that Dome Mountain will shortly become an important producer. The end of this week J. D. Galloway will inspect the mine in company with the manager, Henry Lee.

Interior News Not Aware
But the Interior News of Smithers has the following:

While development work is proceeding in a satisfactory manner on the property of the Dome Mountain Gold Mining Company, the big strike broadcast by Prince Rupert papers is something of which the people of this district is not aware. No development of a sensational nature has resulted from the work being carried on.

Work now under way in the development of the holding of the company on Dome Mountain con-

PROCLAMATION

BYNG OF VIMY [L.S.] CANADA

GEORGE THE FIFTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, KING, Defender of the Faith, Emperor of India.

To all to whom these Presents shall come, or whom the same may in anywise concern.

GREETING:

A PROCLAMATION

E. L. NEWCOMBE, Deputy Minister of Justice, Canada

WHEREAS the protection and perpetuation of our forests are vital for the continued industrial welfare and national strength of Canada and to its individual health, comfort and prosperity;

And Whereas it is shown by the statistics of the several forest authorities of the Dominion that the forest resources have suffered enormous losses through the occurrence of forest fires and that the loss through such fires has far exceeded in amount the depletion in timber wealth through legitimate cutting operations;

And Whereas Our Dominion is recognized as the main source of supply of coniferous timber within Our Empire and it is essential that, if Canada is to retain and develop her position as an exporter of forest products, the unnecessary losses through forest fires must be curtailed;

And Whereas in many cases forest fires have resulted in disastrous loss of life, and of valuable property other than timber wealth;

And Whereas apart from direct loss through the agency of fire, the vitality of the forest is thereby seriously impaired, thus rendering it unduly susceptible to attack by insect and fungus pests;

And Whereas forest fires disturb the equilibrium of stream flow, lower the water table, and frequently give rise to serious erosive effects;

And Whereas the great majority of forest fires are entirely attributable to inexcusable neglect or ignorance, and are therefore preventable, and the exercise of reasonable Prudence and proper carefulness on the part of responsible individuals would reduce the timber losses by fire in Canada to small proportions;

And Whereas it is desirable that the attention of the public be directed to the extent and underlying causes of the preventable loss of life and property by fire and to the best and most practicable means for its control and that a specific period of the year be set apart and properly designated for the dissemination of such information;

Now Know Ye that We, by and with the advice of Our Privy Council for Canada, have thought fit to appoint and do appoint the week commencing Sunday, the twenty-seventh

day of April and ending on Saturday, the third day of May in this present year as "Save the Forest Week," during which period the citizens of Our Dominion shall be entreated earnestly to consider the facts hereinbefore set out, to give careful heed to information disseminated by the various forest protective agencies, and in particular to act upon the following suggestions:

- 1 That settlers and others engaged in the clearing of land should fully observe the fire laws of the Dominion and of the province, which laws have been enacted for their protection, as well as for the preservation of Our timber resources;
- 2 That at this time of the year, when thousands are looking forward to spending their summer vacations in the woods, all should take cognizance of the fact that the camp-fire, which is one of the most pleasant and valuable adjuncts to camp life, may, if neglected, easily result in disaster; and that to prevent repetition of such losses as have been annually sustained from this cause, all persons should familiarize themselves with the proper methods of building, using and extinguishing such fires;
- 3 That loggers, saw-mill operators and others interested in timber operations should see that all equipment and appliances designed to prevent the origin or spread of fires shall be overhauled and placed in a state of thorough repair; that such persons should review with care the fire protection requirements of the legislation under which they operate; and that they should see that all employees working under their direction are properly instructed as to the danger of fire.

Of all which Our Loving Subjects and all others whom these presents may concern are hereby required to take notice and to govern themselves accordingly.

In Testimony Whereof, We have caused these Our Letters to be made Patent and the Great Seal of Canada to be hereunto affixed Witness Our Right Trusty and Well-beloved Julian Hedworth George, Baron Byng of Vimy, General on the Retired List and in the Reserve of Officers of Our Army, Knight Grand Cross of Our Most Honourable Order of the Bath, Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George, Member of Our Royal Victorian Order, Governor General and Commander-in-Chief of Our Dominion of Canada.

At Our Government House, in Our City of Ottawa, this twenty-eighth day of February, in the year of Our Lord one thousand nine hundred and twenty-four, and in the fourteenth year of Our Reign.

By Command,
THOMAS MULVEY,
Under-Secretary of State.

weeks. She is survived by a widower and three children.

Good showings have been encountered by the Federal Mining & Smelting Co. on the Owen Lake mine near Houston and a second tunnel is being started.

Mr. and Mrs. Strid and family have arrived from the prairies to take up the farms of Harry Smith and J. A. McKay which they have leased.

Mrs. F. Foster and family are visiting in Prince Rupert.

NEW HAZELTON

The school boys of New Hazelton played a football game in Hazelton last week with a combined team from Hazelton and Mud Creek. Neither side scored.

Mr. and Mrs. B. P. Scott have arrived to take up their residence here. Mr. Scott succeeds H. W. Thornton on the Magdalen contract west of town.

Mike George has reopened his pole camp and expects to cut all summer.

J. D. Galloway, resident mining engineer, is on a visit to the Telkwa district this week.

Robert Langlands has returned to Hazelton after spending the winter on the prairies.

Miss Watkins, lady superintendent of the Hazelton Hospital, is to resign on account of ill health.

Frank Tingley, formerly of Rivers Inlet, was in Hazelton last week on his way to Babine Lake where he is to take charge of the hatchery. He is a cousin of W. W. Anderson, manager of the Hudson Bay store.

SOVIET TO CELEBRATE MAY DAY PEACEFULLY

Will Show the World That It Has Peaceful Intentions But Will Pay Homage to Lenin

MOSCOW, April 29.—May Day will be celebrated in Russia this year by peaceful manifestations on the part of the civil population, instead of militant demonstrations by the red army as in the past.

This may be taken, the Bolsheviks say, as symptomatic of the soviet's desire to convince the world of its peaceful intentions and also as indicative of the tranquility prevailing in the country.

Hundreds of thousands of workers and their families are expected to march to the great improvised wooden shrine in Red Square, in which the body of Lenin is interred, and there pay homage to their revolutionary leader.

Half a Million Dollars Turnover

That is the goal we are now aiming for as our turnover for 1924. Can we make it?

The Table Supply and Universal Trading Co. together are sure to turn \$400,000.00 this year at the present pace. With very little additional expense we can add \$100,000.00 to this mark. If we can get our turnover up to the half million mark we know we can reduce our overhead percentage of doing business, and pass this along to the public in reduced prices. Our success is your saving. Let's Go.

GRADED SYSTEM OF CITY HALL SALARIES

VICTORIA, April 29.—Victoria is likely to have a graded system at the city hall governing the salaries of officials and employees of all classes. There has been some dissatisfaction shown among the employees and the city council recently refused to take any action toward relieving it. The mayor has now taken up the question with a view to the passing of a bylaw which will become effective next year, which will locate the status of each employee and the salary he or she shall receive.

WORLD COURT AGAIN IS BEING MENTIONED

Issue Again Being Injected Into United States Politics by Democrats

WASHINGTON, April 29.—(By Canadian Press).—Just at the time when the world court issue was supposed to have been quieted for this session of the U.S. Congress, steps are being taken to stir it up. Democratic leaders are planning to move to discharge the foreign relations committee of the Senate from consideration of the resolution to have the United States join the world court. The matter has been pending before the foreign committee all winter and Senator Lodge, chairman, has carefully allowed it to sleep. Until recently, it looked as if it would be allowed to slumber in the committee for the rest of the session.

If the motion to discharge the committee is made, as now expected, it will undoubtedly arouse an extended debate. The League of Nations debate is likely to be rehearsed, or a large part of it. The irreconcilables have not abandoned their opposition to the world court which they regard as a stepping stone to the League.

Democrats, more especially the pro-Wilson Democrats, are anxious to bring the matter up in order to embarrass the Republicans politically. They do not really expect to be able to force a vote. However, they insist that if a vote can be forced, a majority of the Senate will sustain the motion to discharge the committee. The effect of adopting such a motion would be to bring the subject before the Senate and force the Senate to consider it. Moreover, it would probably serve to inject the world court and League of Nations issue into the political campaign much more strongly than would be the case otherwise.

INSURANCE SCANDAL

Policies Issued on Lives of People Who Were Tubercular and Unable to Pay

SAN JUAN, Porto Rico, April 29.—With the trial and conviction of most of those implicated, the conspiracy to defraud the Manufacturer's Life Insurance Company, of Canada, a scandal that has engaged the attention of the entire island for several months, is just ended.

After trials in which the accused offered no defense, Municipal Judge Rodriguez Serra, imposed a sentence of six months in jail and a fine of \$500 on Juan J. Geraldino, of Ponce, on each of two counts, and on third count, imposed a fine of \$100 and costs.

Enrique Valdon was fined \$200 and costs, on one count, and \$100 and costs for infraction of the insurance law. Sixto Luecioni was fined \$100 and costs, as was also Joaquin Tellechea.

All the principals were charged with conspiracy to defraud the insurance company by obtaining life insurance policies on the lives of persons known to be tubercular, and who in most cases were shown to be unable to pay the premiums involved, the accused advancing the money and receiving the amounts for

which the policies were taken out.

As a result of the conspiracy several companies have cancelled policies for more than \$250,000 insurance.
