EFFORT IS TO BE MADE TO SETTLE STRIKE

MORTGAGE ON GERMAN RAILWAYS SUGGESTED REPARATIONS SETTLEMENT

Three Thousand Men Working in London but elsewhere the Dockers are still standing pat

LONDON, Feb. 20.—Employers claim a slight improvement in the strike situation in London but no sign of a letup at other ports. Three thousand men are working at the London docks, which is less than one fifth of the normal number. Ships carrying meat from South Africa remain unloaded and meat prices are soaring.

The Transporters' Union has instructed members to refuse to carry goods to or from the docks.

The railwaymen at Grimsby and Hull have refused to work and consignments of goods are stranded.

AID PEOPLE OF HEBRIDES ISDS.

Incessant Rains Destroyed Crops and Ruined Homes of People

NEW YORK, Feb. 20.—A cable from Lord Arthur Balfour to the Sulgrave institute asks if the institute can offer relief to 30,000 people in the Hebrides who are in danger of starvation.

Lord Balfour states that ten months of incessant rains destroyed the crops, ruined the homes and cut off all means of livelihood.

J. A. Stewart of the Sulgrave Institute said he had sent the appeal on to the Rockefeller Institute and to President Coolidge asking for co-operation in the relief campaign.

SEA HARVEST IS VALUABLE

January's Returns Show Million and Quarter Dollars Value for the Month

OTTAWA, Feb. 20.—Canada's harvest of the sea for January was valued at \$1,238,551. During the month 376,330 cwt. of sea fish was marketed commercially at Atlantic and Pacific ports against 174,787 cwt. valued at \$628,204 in January last year.

On the Pacific coast the halibut catch decreased about 16,000 cwt. being landed.

There was a big increase in the herring catch of British Columbia, the total being 269,691 cwt.

FISH ARRIVALS

Four Boats Marketed 32,500 Pounds of Halibut at Exchange This Morning

Four halibut boats marketed catches totaling 32,500 pounds at the Fish Exchange this morning. One American boat had 16,000 pounds and three Canadians, 16,500 pounds.

Arrivals and sales:

American
Eidsvold, 16,000 pounds, at 16.8c and 10c, to the Booth Fisheries Canadian Co.

Canadian
Fisher, 6,000 pounds, at 14.1c and 8c, and Gibson, 7,000 pounds, at 14.3c and 8c, to the Canadian Fish & Cold Storage Co.

Konyosu, 3,500 pounds, at 14.6c and 8c, to the Booth Fisheries Canadian Co.

A. Withernow, superintendent of the Coastwise Steamship & Barge Co., returned south on the Cardena yesterday afternoon following the successful floating of his company's steamer Amur off the White Cliff Island reef yesterday afternoon.

Panama Bathing Beauties

Twenty of these twenty-two children are girls whose ages range from seven to fourteen years, and they are not mere bathing beauties. From their infancy they have played in and around the water at Panama, and they now give regular exhibitions of their aquatic skill. The girl on the left of the rear row is a back-stroke and crawl champion of the Panama Canal Zone and she is to take part in the Olympic Competitions. The photograph was taken after an exhibition before the passengers of the Canadian Pacific S.S. Empress of Canada, now on World Cruise.

Committee of Experts Suggest Mortgage on German Railways and Their Sources of Income

PASSENGERS AND MAIL STILL TAKEN TO UNITED STATES

LONDON, Feb. 20.—Passenger sailings on the big steamship lines are unaffected as yet by the dockers' strike. The liner Olympic sailed this morning with 1,000 passengers and 5,000 bags of mail for New York.

OFFICERS OF ROYAL PURPLE INSTALLED

Ceremonies Are Followed by Enjoyable Social Evening — Presentation to Mrs. Dibb

Officers for the year 1924 of the Ladies of the Royal Purple were installed last evening at the regular lodge meeting. The ceremonies were in charge of Mrs. Frank Dibb, retiring honored royal lady, and Mrs. C. H. Elkins, conductress, assisted.

Following the installation, an enjoyable social evening was spent. Refreshments were served and card playing was indulged in. Self and Mrs. Henning, the prize winners being Mrs. Dibb and Mrs. E. H. Shookley.

The committee in charge consisted of Mrs. B. M. Newell, Mrs. Dibb and Mrs. E. H. Shookley.

CANCELS LICENSE DIG IN TOMB OF KING TUTENKHAMEN

CAIRO, Feb. 20.—The Egyptian government has cancelled the license issued to Lady Carnarvon to conduct excavations in the tomb of King Tutenkhamen.

BERLIN, Feb. 20.—The committee of experts, according to authoritative information, decided that instead of a formidable loan to be placed on the international market that a mortgage for approximately ten billion gold marks would be placed on German railways and other sources of revenue of the German government. This shall form the basis of a plan by which the allies, especially France, will derive regular payments of interest.

A relatively small loan is also to be recommended to assist Germany to organize her national gold issue at the bank. The amount of the loan will probably not exceed \$500,000,000.

On the proposed basis France, whose share of mortgage bonds would be 5,200,000,000 gold marks, would receive 312,000,000 gold marks yearly. France would then be expected to withdraw almost entirely from the Ruhr.

MAY SETTLE BIG STRIKE

Secret Meeting of Employers Being Held This Afternoon

LONDON, Feb. 20.—There is likelihood of an immediate resumption of negotiations between employers and the striking dock workers with a favorable prospect of a settlement, says a Press Association statement.

The statement says that a secret meeting of employers is being held this afternoon.

EDMONTON REDUCING CITY STAFFS WITH A VIEW TO ECONOMIES

EDMONTON, Feb. 20.—Economies are being carried out here in connection with the civic government. Ten constables are being released and other officers in the force reduced with a view to making savings. Also there are amalgamations going on at the city hall and a number of employees will be released. The general opinion here has been for some time that the city departments were over-staffed and this is now being remedied.

Mrs. David Thomson sailed last night by the Cardena for Victoria where she has been called on account of the serious illness of her mother, Mrs. Hay, who suddenly suffered a paralytic stroke and is now in the hospital at Victoria.

Believed Poincare Government in France Cannot Long Survive; French Money Drops in Value

PARIS, Feb. 20.—The spectacular fall of the franc on exchange has aroused keen anxiety. The dominant note of all conversations is that the time has come for decisive action to stabilize the franc. The shakiness of the Poincare cabinet is the subject of energetic comments and it is considered the popularity of the premier and the confidence in his policy is being weakened by the shortcomings of his ministers.

Close observers of the French parliament believe the premier's prestige will not suffice much longer to keep the government together.

MUCH DAMAGE STEAMER AMUR THORNTON IS AT WINNIPEG

Plates of Hull are Badly Bent and She Was in Danger of Breaking Back

WENT ON AT FULL SPEED Climbed Six Feet When She Struck Rocks on White Cliff Island

Convoys by the Pacific Salvage Co.'s wrecking vessel Tees, the Coastwise Steamship & Barge Co.'s steamer Amur, which was stranded on the White Cliff Island reef for eleven days, arrived in port under her own steam at 5 o'clock yesterday afternoon, following her floating at noon. This afternoon the Amur will set out for Vancouver in tow of the Tees and tenders will be called for repairs in the south. The wrecked vessel is now in the hands of the Pacific Salvage Co. and the underwriters.

While there are few outward signs of damage apart from the fact that a big ten inch ship's pump leads from the forward hold overside and the holds are practically empty and the decks in rather a disorderly state, Capt. Hewison of the Tees stated this morning that the Amur had sustained considerable damage through her contact with the rocks. The hull is not pierced but the keel, forefoot and bilges have been damaged and the oil tanks are punctured. This was caused through the hull bulging upwards when the vessel settled on the reef. Plates will have to be taken out and frames renewed.

Half of the Amur's cargo was removed to scows before the vessel was floated and it has now been delivered to Anyox. What is left aboard will remain there and be taken south as ballast.

WEST IN GRIP SNOW STORMS

Fourteen Thousand Men Employed Clearing it Away in New York

TORONTO, Feb. 20.—Lower Ontario is in the grip of one of the worst storms in years. Communication is badly interrupted. Snow storms are sweeping in from the Atlantic and enveloping the whole of the western United States. In New York fourteen thousand men with snowplows are endeavoring to clear away the snow.

The circumstances attending the wreck of the Amur will come out when a court of inquiry is held. Capt. Ormiston, her master, was not on watch when the stranding occurred.

THORNTON IS AT WINNIPEG

Busy Time for President of Canadian National Railways While on Prairies

WINNIPEG, Feb. 20.—Sir Henry W. Thornton, chairman and president of the Canadian National Railways, arrived here from the east last night on his regular periodical visit to western region headquarters.

His first duty this morning was to officially open the first annual bonspiel taking place here this week by the Winnipeg railway workers, in which 88 rinks are entered by the Canadian National, Canadian Pacific and Midland railway employees. At 11.30 he made connection with the radio broadcaster at Calgary by telephone and sent a message to national employees throughout the west.

Tomorrow at noon he is to address the Women's Canadian Club of Winnipeg and before leaving for the East at the end of the week he will make a trip to Portage la Prairie, where he has been invited to speak to the Board of Trade.

LOG EXPORT DISCUSSED

Claim Made that Shipments Would Otherwise Have Been Forest Waste

VANCOUVER, Feb. 20.—Two phases of the lumbering industry were explained to the Royal Commission on pulp wood at its session here. One was a shipment of logs to foreign markets, chiefly Japan, while the other was the exporting of Cottonwood from the Fraser Valley to the pulp and paper mills at Everett, Washington. In both instances it was claimed, the markets offering in Japan and Washington absorbed the classes of timber that would otherwise have been forest waste.

CANADIAN SCOTTISH TO BE DOCKED HERE

Lumber Steamer Coming Next Week Will Go Into Local Shipyard For Inspection

C.G.M.M. freighter Canadian Scottish, which is due here next Tuesday direct from the Orient to load one million feet of lumber for Japan, will also go into the local dry dock for inspection and possibly repairs. Reginald Beaumont, local C.G.M.M. superintendent, announced this morning.

What Of The Future In Science And Invention?

H. G. Wells, the eminent author, discusses in a recent article the probabilities for the future in science and invention and he comes to the conclusion that the big changes will be rather in psychological or physiological science than in mechanical advancement. He cannot conceive of people flying more than about twice as fast as they do today. While railroads, he thinks, may be abolished he does not look for marked changes in transportation. He says: "Man having run all over his world from pole to pole, having learned how to fly around it in seven or eight days, and how to look or speak round it in a flash, will presently, I think, become introspective and turn his practical attention to himself."

Thinks Nothing In Spiritualism.

An interesting view of Wells is that given of spiritualism. He says: "For a third of a century since his college days the writer has watched the flow of necromancy, telepathic experiment, and pseudo-scientific inquiry; for some years he was a member of the English Society for Psychological Research; he has observed the exploits of clairvoyants, read occult books, so far as books are readable, heard the late W. T. Stead relate the adventures of his double, watched the careers of Sir Conan Doyle and Sir Oliver Lodge, endured the marvellous histories of many inferior story-tellers. And his growing conviction is that in this vast cloud of witnesses, in this fog of unprogressive assertions, there is no grain of any substantial reality, that there is nothing in it all beyond deliberate fraud, unconscious fraud, self-deception, the will to believe marvels, the craving to be marvellous, the suggestibility of unguarded minds, tricks of divided personalities, uncritical treatment of coincidences and resemblances, the obstinacy of men committed to a view, very ancient traditions about ghosts and magic, received as fables and then strengthening to belief, reinforcing legends from the East, hallucinations fostered and welcomed, and last but not least, the moral decay and imaginative excesses due to the use of drugs."

Change In Education And Literature.

Wells says he believes there will be changes in education and literature. He says: "The coming hundred years or so will be, I believe, essentially a century of applied psychology with which a considerable amount of physiological science respecting glands and nervous states, drugs and secretions, will be very closely involved. It will mark a revolution in human affairs altogether more profound and more intimate than that merely material revolution of which our great-grandparents saw the early beginnings and amidst whose achievements we live."

"The new revolution of the coming days appears as a disturbance of the intellectual surface, as a new directness in art that makes much old achievement seem platitudinous, as a more penetrating curiosity in readers and an abandonment of many gracious conventions in literature, as a breach with many of the disciplines and restraints of the past in thought and act, as an increasing tendency to psychologize legal, political, financial and economic conceptions. It will presently be making more extensive contacts with the common life through the schools of the world. It is already stirring in many schools and in the minds of all the best of our young teachers."

Sprawling Scramble Of Business.

After discussing education at some length the author says: "The suggestion that presently there may be a sort of education and a sort of social and economic order in the world that will have the same relation to the schooling and politics and law and business of today that the Woolworth Building or an ocean liner has to the hut or the canoe of the savage is met by an incredulous resistance. They think that the school will be always the dull, tiresome place it is today; the teacher the same ineffective, underpaid weakling; business the same loud disingenuous and dangerous sprawling scramble; and employment the same distasteful drudgery. They think there will always be the same amount of war, crime, and failure that there is today.

"It is ridiculous to suppose that these things will remain at their present level. It is ridiculous to suppose that with a growing armory of assured knowledge available, the constructive and generous motives latent in man will not presently set about this business of bringing law and the adjustment of human relations up to the level of contemporary science, with at least as much intelligence and resolution as they set about in bringing the methods of transport up to that level a century ago."

**STORK SPEAKS
IN EDMONTON**

Addresses Liberals of That City
In Regard to Political Matters

PRINCE RUPERT PORT

Advantages of This City for Grain
Shipping Placed Before Al-
berta People

"Our present Liberal government at Ottawa is a great deal more sound than is the government of Great Britain or the republic to the south," declared Fred Stork, federal member for Skeena in an address to the Liberals of the city of Edmonton a few days ago, as reported in the Bulletin of that city, "and that is in answer to those who criticize the present administration." His address dealt with the report of the Liberal party in Canada and at the conclusion he furnished much fresh information for Edmontonians upon the central port of British Columbia, Prince Rupert.

"After thirty-five years in Western Canada, the present visit to this pioneer city has been an opportunity to meet friends of early days," remarked Mr. Stork in commencing his address.

The chief business in hand for the Liberal party today is the quieting of rumors and criticisms which have been largely started by the Tories. For one of the favorite tricks of Conservatives is to stir up suspicion and discontent.

After telling about the early history of Liberalism, Mr. Stork passed to present day problems.

Much Slandered Man

"I think that we have today in Premier King, a worthy leader," he declared with enthusiasm. "A statesman by heredity and by inclination, a gentleman and an able man. He is carrying on nobly the work of the late lamented Sir Wilfred Laurier."

"Perhaps he is the most slandered man in the country today, but let anyone go to Ottawa and try to slip anything over and they will find a hand of steel within the velvet glove. He is a leader every inch."

Commenting upon the capital that was being made of Sir Lomer Gouin's resignation, he said that there was no ground for the allegations that he had been a power behind the scenes and was not wholly interested in the destinies of the Liberal Party but of some big financial interests. Forced to resign because of ill health, he had assured the premier and the House of his good intentions but such was unnecessary for the members of the House knew without his saying of his loyalty to the Liberal Party at all times.

In passing he paid a tribute to the polish, courtesy and thoughtfulness of members from the province of Quebec, who never were heard to utter an unkind word. Premier King had no difficulty in bringing the two races together in good terms and those who say otherwise might well take a lesson from the courteous French-Canadians, he suggested.

Canadian National

Although there had been attempts to bring the Canadian National Railways into politics, the Liberals were not responsible. In securing Sir Henry Thornton, the premier had a railway statesman at his head and he would undoubtedly make good his promise to pull it out of debt.

The civil service is a law unto itself. At last session when the government tried to start an investigation, the Conservative members and some of the Progressives had said in effect, "Hands off." There is a clean-

up coming—it is badly needed he averred.

Many protests were being made against the heavy taxes as the result of the big national debt. Payments must be met, whether or no the country received the full value for the money when it was spent. Peculiarly enough, he added those who were responsible are making the most of the objections.

One form taken by criticisms was "The Whisper of Death," but there was no pessimism in the Liberal ranks. Now it has taken another form, he declared, "The Carnival of Expenditure." In most of the attacks details are usually avoided so as to make the issue general but on figures for the department of customs, the Hon. Jacques Bureau had recently replied to an attack calling attention that it was one million dollars in one item alone.

Have Great Hopes

The Conservatives have inspired this movement for the cutting down of expenditures so that they might deal the cards Premier King holds. By trying to prevent the Liberals from spending they hope to be in a position, when the next election comes, to ask the Liberals what they did for the country.

One of the eastern newspapers had carried such a campaign of economy in one column, while in another there was a statement that this session would see a request which they would support, for another twenty million dollar grant to the good roads of the various provinces. Such expenditures got away from the provisions of the B.N.A. Act, he reminded his hearers. In such cases the Dominion government had the work of raising the money, while the provinces spent it. "It is high time to call a halt to such expenditures," said Mr. Stork, and he intimated that such would probably be the case this

THIS LADY SAYS THERE'S NOTHING TO EQUAL

"Dr. Wood's" Norway Pine Syrup For Coughs and Colds

Mrs. David Thompson, West River St., Paris, Ont., writes: "I cannot speak too highly of Dr. Wood's Norway Pine Syrup. For myself and children I use nothing else.

"My little girl, five years old, has had bronchial trouble ever since she had the 'flu' a few years ago, and now, whenever she gets a slight cold she develops a very nasty cough, but all I have to do is give her a few doses of Dr. Wood's Norway Pine Syrup.

"Also for myself, and the other children, can find nothing to equal it, in fact, it was only a short time ago that I gave it to my ten months old baby, and could immediately see the difference it made in her. Now, I always keep Norway Pine Syrup in the house, as I feel there is nothing to equal it."

Price 35c a bottle; the large family size 60c; put up only by The T. M. Burn Co., Limited, Toronto, Ont.

**Western Mothers
Declare Vicks
Wonderful for
Cold Troubles**

In the columns adjoining are given the actual experiences of a number of British Columbia families who have adopted the use of Vicks VapoRub since it was introduced here last winter.

Though new here, Vicks is old in the States, where over 17 million jars are used yearly—for croup, children's colds, babies' colds, adults' colds, catarrh, sore throat, bronchitis and all other such troubles down to incipient pneumonia.

A Vapor Lamp in Salve Form

Vicks is an ingenious combination in salve form, of the world's best remedies for congestion and inflammation. It contains Camphor, Menthol, Eucalyptus, Thyme, Oil of Turpentine and other volatile oils, which are released as vapors when the salve is acted upon by the heat of the body. These vapors are taken with each breath, into the nose, throat and lungs, clearing the passages, loosening phlegm and relieving the congestion.

At the same time, the application acts like a liniment, poultice or plaster, drawing the blood away from the congested parts and relieving that soreness and tightness.

Double Direct Action Brings Quick Results

This treatment often gives amazingly quick results. Colds vanish over night. Croup is relieved inside of 15 minutes. Or one application at bedtime may keep croup away altogether. For deep chest colds, bordering on bronchitis or pneumonia, it is unexcelled. Melted in a spoon and inhaled, Vicks clears the head instantly. Fine for nasal catarrh and mouth-breathing at night.

Vicks is especially favored in homes where there are young children. Its use does away with dosing for colds—saves their delicate stomachs. It is not necessary, as with vapor lamps, to close the windows at night.

Vicks is equally good for cuts, burns, sores, bruises, bites, stings and skin itchings. Thus it is useful every day in the home.

VICKS VAPORUB
OVER 17 MILLION JARS USED YEARLY

**Vicks has met severe tests in these
British Columbia Homes**

CHILDREN'S COLDS
Mr. H. Thomas of 1827 Quadra Street, Victoria, B.C., writes: "I have used Vicks VapoRub for chest trouble of the worst kind, as I was severely gassed overseas. We have three young children with severe colds, and Vicks is doing wonders for them. We would not like to be without it, I can honestly recommend Vicks to anyone."

SORE THROAT
Mr. John McGregor of Grand Forks, B.C., writes: "I had a sore throat and chest cold so I rubbed Vicks well on my throat and chest and went to bed. I was much relieved in 100 minutes."

COUGHS
Miss Florence Howell of 424 Superior Street, Selkirk, Manitoba, says: "Vicks is a valuable remedy for coughs and colds and we have never been without it in our home since first using it. When inhaled it gives immediate relief. It is also good when applied externally and will give good results. I can highly recommend Vicks."

INFLUENZA
Mr. A. E. Ireland, Secretary-Treasurer of the City School Board, Portage La Prairie, Manitoba, writes: "Vicks VapoRub is a ready and beneficial remedy. One of the school janitors was off duty with a virulent attack of influenza and was in a bad way. I had him use a jar of Vicks VapoRub and did what I knew it would—soothed and healed him in short order."

CHEST COLDS
Miss Ada Ashton of 411 4th Avenue N.E., Moose Jaw, Sask., writes: "I have used Vicks VapoRub for chest colds by inhaling it and rubbing it on my chest and obtained great relief. I want you to know how highly I think of Vicks VapoRub."

50c A Jar At Drug Stores.

If you prefer to test Vicks before purchasing, clip this coupon, mail it to the Vicks Chemical Co., 344 St. Paul St., W., Montreal, P.Q., and a free test size package will be sent you promptly.

lional port as far as rail shipment from the prairies was concerned. The opening of the Panama Canal had placed the western ports on a par with the Atlantic ports. Prince Rupert was a central port for, he reminded his hearers that only three miles from Vanderhoof was the central stake of the province of British Columbia.

The growth in grain shipments was shown by the figures for Vancouver, which jumped from 1,500,000 bushels in 1922, to 2,500,000 bushels in 1923. Inside of ten years, fifty per cent of the prairie crop will be marketed by way of the Pacific, in the opinion of Mr. Stork.

Rupert's Advantages

"Compare the two routes. Grain from Edmonton goes over the Canadian National Railway to either port. That to Vancouver stops at Port Mann, where Great Northern engines take it over the big bridge, and C.P.R. engines haul the cars to the elevator. Grain cars to Prince Rupert go direct to the warehouses or elevator on government owned docks, for the ten-mile water-front is the property of Canada and sites can be leased at low rentals.

"The freight rates to either Vancouver or Prince Rupert from here are the same, and the ocean rates from those ports to the Orient are the same, but there are no harbor tolls or dues at Prince Rupert. There is no harbor commission at Prince Rupert. There is no fog or ice to bother the harbor, which is but 30 miles from the open sea, so no pilot dues are needed.

"Along with that, compare the Vancouver harbor tax of three cents per ton net registry, which means for a 10,000 ton ship, \$300, or \$1,500 for a season of five trips. The proposed increase in the grain rates is from one to six cents per ton, at Vancouver. Other increased rates are: Gasoline, from 10 to 28; fish, 5 to 15;

Dr. Tolmie had travelled from coast to coast to drum up the Conservative organization. While he went on his way he whistled the Carnival of Expenditure, yet was the government spending six million dollars upon a dry dock in Victoria to secure his own election. Yet as silent as Babylon the dry dock at Prince Rupert had lain as Sir Wilfred had started it all during that war period. He cited other instances of extravagances along the Pacific coast.

Prince Rupert Trade

"I would call attention of the audience to the fact that 1,500 cars of halibut from Prince Rupert pass through here annually, each paying to the Canadian National Railways tolls of \$800 to \$1,000 per car. The output was 29 1/2 million pounds annually. In this connection, I wish to draw attention to the approval given by the Imperial conference to the signature of the Hon. Ernest LaPointe to the fisheries treaty, which authority had been questioned on various hands."

"The conditions in Canada are good. Our currency is healthy. Our loans are over-subscribed. The Liberal Party has always stood for the common people and the common people should rally to the Liberal Party today," said Mr. Stork in closing his political address.

Mr. Stork had expected to say something about the port of Prince Rupert, and to be assisted by F. G. Dawson, a director of the Canadian National Railway, who, however, was called east, so he spoke about grain shipments and the port.

Canadian National Port

Speaking of Pacific ports, he mentioned that Vancouver shared its trade with both the C.P.R. and the C.N.R., while Prince Rupert was exclusively a Canadian Na-

general merchandise, from 5 to 15 cents; coal 5 to 10.

"It is to be hoped that fast trans-Pacific service will soon be established from the central port of British Columbia," declared Mr. Stork, "especially as it is 250 miles nearer the Orient."

"Alberta is looking for an outlet for her coal. At present both Pacific ports get what they need from Nanaimo, but Vancouver is only 40 miles from that source while Prince Rupert is seven hundred miles. It should be clear which port offers the best advantage for a market for Alberta coal."

SEALED TENDERS addressed to the undersigned and endorsed "Tender for public building, Kamloops, B.C." will be received until 12 o'clock noon, Thursday, March 13, 1924, for the construction of a public building at Kamloops, B.C. Plans and specifications can be seen and forms of tender obtained at the office of the Chief Architect, Department of Public Works, Victoria, B.C., the Clerk of the Works, Kamloops, B.C., or the architect, Post Vancouver, B.C., and the architect, Post Kamloops, B.C. Tenders will not be considered unless made on the forms supplied by the undersigned and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, minimum will also be accepted if required to make up an odd amount.

By order, L. R. COLMAN, Secretary, Department of Public Works, Ottawa, February 9, 1924.

LAND ACT.

Notice of Intention to Apply to Lease Land in Range 4, Skeena Land District, according District of Coast.

Take Notice that Charles S. Murphy, of Prince Rupert, B.C., occupation Engineer, intends to apply for permission to lease the following described lands: and to lease the same as a boat landing, and the easterly point on Channel Island, and the mouth of Gardner Canal, there and water mark around the shore line at low tide, the similitude of the above, and to contain seven hundred acres, more or less.

CHARLES S. MURPHY, Name of Applicant, J. SAM JOHNSON, Agent.

Dated November 27th, 1923.

LONDON, Feb. 20.—The Prince of Wales today welcomed the Canadian hockey team which won the amateur hockey championship of the world at Chamoniex.

TERRACE NOTES

E. H. Shockley made a trip to Rupert this week end.

A daughter was born to Mr. and Mrs. Pierre Limousin on Wednesday, February 6.

Ivan Frank made a visit to Rupert last week.

Among the visitors to town last week were A. Goodenough, T. McLaughlin, pole inspector; Mrs. Wm. Thams of Usk; B. Woodward of Usk; Jack Allen of Hanall, P. Sharkey of the Forestry Dept.; R. H. Eaton and E. H. Ryder of Lakelse Hatchery; Chas. Durham of Usk; J. L. Christie of Prince Rupert; W. H. Allemus of East Orange, N.J. and W. H. Sinclair of Edmonton.

Miss Ella Frank is spending a few months at home after completing her nursing course at the Prince Rupert Hospital, to which she will return for the graduation exercises in the spring.

Mrs. Amos has returned from a trip south.

BOOK VIA C.N.R. FOR EMPIRE EXHIBITION

Special arrangements are being made and additional steamships being operated by the White Star, Cunard and Anchor-Donaldson lines to handle tourists desiring to visit the British Empire Exposition in England this summer. Close connections are made by the Canadian National Railways with steamers of these lines at Atlantic sea-ports. Passports secured and full information at City Ticket Office, Canadian National Railways, 528 Third Avenue, Prince Rupert, B.C. Phone 260.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil). The inventor, G. A. Johnson, 595 McDermot Ave., Winnipeg, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

TENDERS WANTED

Tenders will be received by the undersigned until March 1, 1924, for the purchase, with or without the lots, or the rent or removal of the buildings on Eleventh Avenue, formerly occupied by the Prince Rupert Dairy. The highest or any tender not necessarily accepted. R. McKAY, P.O. Box 895, Prince Rupert, B.C.

TENDERS WANTED

Tenders are asked for excavating foundations of new Presbyterian Church building. Particulars of specifications, etc., can be got at George H. Munro's office, corner Fulton and Third Avenue. Offers received up to February 23, 1924. 43

TOO LATE TO CLASSIFY WANTED.—A furnished house for three or four months. Phone particulars to 742. 44

FOR SALE.—Pure bred Shesapeake retriever pups. Apply R. E. Lambley, P.O. Box 375. 45

FOR RENT.—Furnished house-keeping rooms, 410 Sixth Ave. East. Phone Blue 217. 47

GOOD BOXING LAST NIGHT

Tournament at Empress Theatre Brought Out Large Crowd of Fistic Fans

SEVERAL GOOD BOUTS

Local lovers of the fistic art were treated to a feast of enjoyment last night at the boxing tournament, held in the Empress Theatre under the auspices of the Grotto Athletic Club. The theatre was well packed, the preliminaries followed fast upon one another while the displays of boxing were very interesting. The main bout, in which Brick Skinner, of Prince Rupert, and Red Campbell, of Ketchikan, boxed to a draw, left nothing to be desired from the standpoint of excitement. Officials included: Roi Barnes, announcer; Owen Fisher, referee of main bout; James McAleenan, referee of all preliminaries; and Max Heilbroner, timekeeper.

Main Go

The six-round main bout, at 158 pounds, between Brick Skinner, of this city, and Red Campbell, of Ketchikan, proved to be one of the best exhibitions of boxing ever staged in the city. From the sound of the gong both contestants went into the fight with a will and were soon exchanging hefty punches. Skinner showed up well as an experienced ring general while Campbell proved a willing antagonist and kept right in the milling. Both men stood toe to toe in every round and furnished a lot of excitement for the spectators. The bout throughout was clean and the referee experienced little trouble with the break-aways. No quarter was asked or given by either boxer and the decision of Owen Fisher who acted as referee efficiently, proved a very popular one with the crowd. In Skinner's corner were Roi Barnes, Harry Astori and R. Balfour while Dr. Tassie and Ralph Smith attended Campbell.

Preliminaries

The 4-round semi final bout between Balting Gurvich and Bill Stewart proved to be the tilt of the preliminaries. In the first round both boys set a gruelling pace and exchanged punches with a will. The bout provided plenty of excitement and referee McAleenan's decision of a draw was popularly received.

Jack McAuley got the decision over Fred Boulter in a spirited three round bout. Boulter had the misfortune to sprain his hand badly in the first round.

In a three-round exhibition bout Bob Matheson and Kid Fraser put up a snappy and clever show. Both boys were aggressive and showed up well. They were always willing to give and receive and the efforts of the contestants earned the applause of the audience.

Geo. Boulter of Prince Rupert, got the decision of referee McAleenan over Curtis Whiting of

MOOSEHEART WHIST DRIVE AND DANCE

Some 150 Persons Attended Enjoyable Affair Held Last Night in Metropole Hall

Ladies of the Mooseheart Legion entertained some 150 persons at an enjoyable whist drive and dance held last evening in the Metropole Hall.

The first prize winners at cards were Dan Morrison and Mrs. A. Norton, consolation awards going to W. Donald and Mrs. W. Shaw.

Refreshments were served and dancing followed to the strains of delightful music furnished by the Westholme Orchestra. The party broke up at 2 o'clock this morning.

Joe Slaggard was floor manager, Mrs. Jack Batchford presided at the door and the committee in charge comprised Mrs. H. Foss, Mrs. O. Stegavig and Mrs. J. Field.

SIMPSON TEMPERANCE LODGE ENTERTAINED AFTER INITIATIONS

Good Mixed Program Given at Indian Villane on Monday Evening

PORT SIMPSON, Feb. 20.—Monday evening several new members were initiated into the local temperance lodge and after the formal proceedings an interesting social time was spent. A good program of music and story followed, this including a saxophone solo by Mr. Nelson, a reading by Mrs. A. S. Dudoward, a good story by Mr. Moody and a short debate, the subject being "Which is the worst handicap, to be blind or deaf?" The debaters were given three minutes each and they made good use of their time.

Dr. Spencer gave a short address on the subject of Uremia, the ladies provided a splendid lunch and all enjoyed the pleasant evening.

Ten Years Ago in Prince Rupert

February 20, 1914.

The Prince Rupert Liberal Association, at its annual meeting last night, elected officers as follows: President, T. D. Pattullo; first vice-president, F. G. Dawson; second vice-president, P. W. Anderson; secretary treasurer, A. M. Manson; executive, Dr. W. T. Kergin, W. R. Martin, G. R. Naden, G. W. Nickerson, H. F. McRae, F. H. Mobley, L. W. Patmore, A. H. Allison and Martin O'Reilly, F. G. Dawson, T. D. Pattullo and H. F. McRae were elected delegates to the Victoria convention.

The Castle Hall of the Knights of Pythias was crowded last night when there was a public celebration to observe the golden jubilee of the establishment of the order. Harry Daggett, chancellor commander, was in charge and during the evening there was a musical program in which Messrs. Evans, Normandy, Mellick and Daggett took part. Later dancing was indulged in and refreshments were served.

Harry Hanson has had a personal letter published in the Domestic Engineer of Chicago, a trade journal.

The Man in the Moon SAYS:

THERE was a meeting of our society the other day and not a word of gossip or scandal was heard. Excuse me, it was a fairy story.

ONE thing that does not get you very far is trying to enter polite society if you don't know how to be rude.

THE only way to prevent ladies using the barber chairs

BY NO MEANS ALLOW YOUR BOWELS TO GET CONSTIPATED

If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, foul breath, sallow complexion, specks floating before the eyes, whites of the eyes dull and yellow, heartburn, water brash, etc.

Keep your bowels regular by using Milburn's Laxa-Liver Pills, as by doing so you will be able to keep well and have no more trouble with your liver.

Mrs. I. Rubin, Halifax, Sask., writes: "I was very badly troubled with constipation, often had bad headaches, my tongue was coated, and I felt anything but well.

After taking Milburn's Laxa-Liver Pills I have felt much better as they certainly did me a lot of good."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

usually occupied by men is for the barber to politely ask "hair cut or shave madam?"

MEN have no sense. That's why widowers marry again.

WHAT makes the Man in the Moon laugh is to see the way some of those boobies read his stuff.

IF I were an old, old chap
And lived way up in the moon
I'd sooner write of the follies of man
Than sail on the harbor in June.

IF I was a flapper bold
And had nothing to do but read;
I'd visit the man in the moon myself
And learn what he means by "speed."

IF I was an ancient dame
And the men wouldn't look at me,
I'd buy a bottle of eau de Cologne
And go off on a spree.

IF I was a man with a grouch
With never a hand to shake,
I'd simply go and bury myself,
Or drown myself in the lake.

IF I was a funny man
And lived in a funny town,
I'd simply sit and laugh all day
And cure every fretful frown.

Then here's to the man in the moon
And here's to the fools who read
And here's to the flapper or any gosssoon
Who will happier people breed.

Who will happier people breed.

EDMONTON ELEVATOR DISCUSSED LOCALLY

The Matter of Completing Construction is Referred to Local Member

At a meeting of the council of the Board of Trade yesterday afternoon a telegram from the Edmonton board asking for co-operation in securing the completion of the grain elevator, which had been started in that city, was read, and it was decided to communicate with Fred Stork in regard to the matter and to reply to the Edmonton Board that this board was taking the matter up with its member at Ottawa.

The matter was not discussed at any length but it was mentioned that the Edmonton elevator would be an important factor in the development of the grain business by the Canadian National Railway and might have an important effect on grain shipments through this port. Edmonton was backing Prince Rupert in its elevator claim and the local board should reciprocate if possible without prejudicing its own requests at Ottawa. The foundation work of this elevator is about complete.

If you find you cannot get the daily News regularly, call in and subscribe for it and have it delivered to your home.

DEPARTMENT OF LANDS.

NOTICE.
Application For Grazing Permits For The Season Of 1924.
Applications for permits to graze live stock on the Crown range within each grazing district of the Province of British Columbia, must be filed with the District Forester at Cranbrook, Fort George, Kamloops, Nelson, Prince Rupert, Vancouver, Vernon, and Williams Lake, or with the Commission of Grazing, Parliament Buildings, Victoria, B.C., on or before March 15th, 1924.
Blank forms upon which to submit applications may be obtained from the District Foresters at the above named places, or from the Department of Lands at Victoria, B.C.
G. R. NADEN,
Deputy Minister of Lands,
Department of Lands,
Victoria, B.C.,
January 5th, 1924.

GOOD SUPPLY OF POTATOES

Excessively High Prices Not Expected—Oranges are Still Firm—Sugar Has Gone Up

The potato market continues firm in the south but local dealers advise that there is a plentiful supply offering from the interior at prices considerably higher than last fall. Memories of 1920 potato prices and the shortage of that spring are no doubt uppermost in some of the growers' minds but among the dealers it is felt that the present is a good time to unload as there are no indications now of a repetition of \$10 per sack potatoes.

The feature of the green vegetable market during the past week was a supply of extra fancy spinach which sold out within three hours of arrival. Larger shipments are expected for the week-end trade.

California flat Dutch new cabbage is promised out of Seattle this week. The opening price will not be less than ten cents a pound.

Orange prices are firming up and the day of an orange for a penny is nearly over.

Florida grade fruit is now at its best and never in years has the quality of this fruit been so excellent. It is tender, the flavor is delicious and apparently the growers are learning how to reduce the number of seeds without impairing the quality. The fruit is not yet seedless but it is nearly so.

Pure and compound lard is selling at similar prices. Seldom if ever before has pure lard not commanded from 1c to 4c per pound more than compound.

There has been a slight decline in the egg market and the sugar market has advanced 60c per pound in the past fortnight.

Retail prices prevailing today in the city are as follows:

Why?

WHY waste time in useless "shopping around" when the advertisements lay before you the choicest wares of every progressive merchant in town?

WHY use needless effort in an endless store-to-store quest when the advertisements enable you to make your choice of the finest merchandise without even leaving your home?

WHY pay more than you ought when you can stretch your dollar to the elastic limit by taking advantage of the bargains and good buys that are daily advertised in this paper?

WHY risk dissatisfaction by buying unknown, unbranded goods when you can assure yourself complete satisfaction by buying an advertised product, backed by the integrity of a man who spends real money to establish his name and to build up public good-will?

Read the Advertisements. Buy Advertised Wares. It is a safe and sound policy

Electric-Bake Whole Wheat Bread

Is a Healthful Laxative. This bread is being constantly recommended by prominent local doctors, where a well chosen diet is essential.

Electric Window Bakeries

Railway experts estimate that about \$5,000,000 worth of steam is wasted every year in locomotive whistling, and they suggest that smaller whistles would be cheaper. The steam that is used to blow the whistle cannot be used to drive the engine. We think the locomotives are not the only sinners. We suspect that not a few men waste a lot of time and energy blowing their own horn. But, then, you see, they like the music!—Christian Guardian.

LAND ACT.

Notice of Intention to Apply to Lease Land. In Skeena Land District, Recording District of Coast, and situated on Zayas Island, Take Notice that George Kerr, occupation butcher, of Prince Rupert, B.C., intends to apply for permission to lease the following described lands: Commencing at a post planted about four chains north of Jacinto Point on Zayas Island; thence following the stoniness of the shore line at high water mark around the island and returning to point of commencement, and containing 3,000 acres, more or less.

DOMESTICS TO HAVE BETTER CONDITIONS

Government Committee Investigates and Reports Its Findings

LONDON, Feb. 20.—The report of the government committee appointed to inquire into the shortage of domestic servants and the conditions of service has been issued.

The committee conclude that the payment of unemployment benefit to women has very little to do with the shortage, and, describing domestic service as a skilled occupation for which proper training is essential, they recommend:

- 1.—Instruction in domestic science in all elementary schools for every girl between 12 and 14.
- 2.—More advanced instruction in central and secondary schools.
- 3.—Scholarships and bursaries for girls who wish to complete a specialized training.
- 4.—Whole-time vocational courses in suitable centres for girls over 14.
- 5.—Maintenance grants where necessary for individual pupils.
- 6.—Open examinations with certificates of proficiency.

Until these sources of supply are developed, it is recommended that the courses arranged by the Central Committee for Women's Training (or similar ones) should be available for older girls or adults, and where they are not available courses with maintenance grant in lieu of unemployment benefit should be instituted.

BENT'S

Pensions Proposal

It is suggested, in order to help to obliterate artificial distinctions between various types of domestic workers, that all of them should be brought under a scheme of insurance in addition to National Health Insurance as soon as possible, and in any event not later than three years hence.

The proposal is for women and girls in private domestic employment, as an alternative to unemployment benefit, a pension scheme for 15s a week at the age of 55; to be reduced by the amount of the old-age pension in cases where and when that becomes payable; contributors to have the option of a cash payment on marriage.

In their comments on other aspects of the subject the committee state:

Efficiency and Conditions

Standards of efficiency are desirable in the interests of both employers and workers, and should be established by examination and certification.

Recognised conditions are desirable, but, in view of the varying needs of individual homes, these cannot be established by legislation and must be left to local agreements.

Special sub-committees should be established by the local employment committees to consider the question and form local associations of employers and workers to agree upon conditions.

The extension of day work is difficult, because of the objection of private employers to any change in their accustomed procedure, but with careful organization day workers could take a much larger share of the domestic work of the country than is at present considered feasible.

The question of status is a crucial one which can only be influenced indirectly. Ill-founded attacks and ridicule add to the difficulties of the position, and are to be strongly condemned.

Registry Offices

The shortage of servants is being exploited by many registries, and the making of bylaws for the proper control and supervision of registry offices should be made compulsory on local authorities.

An appeal is made to newspapers to co-operate with local authorities and honorable employment agencies to suppress bogus advertisements.

Women domestic workers of the statutory age should be entitled to the parliamentary vote on the same residence qualification as men.

Commenting on the female domestic servants' idea that girls in other employment have better opportunities of marriage, the committee remark:

The faculty of reasoning has little influence in matrimonial adventures as a whole, or the obvious advantages which trained domestic workers possess as wives and mothers would require no emphasizing.

It is suggested, however, that more liberal and definite hours of leisure, "especially at times when other workers are free," would go far to remove the difficulty.

STEWART

A cenotaph is to be erected here by the International Service Club in memory of the eleven or twelve men from Stewart who gave their lives in the Great War.

A Board of Trade is being organized here. H. P. Gibson has been chosen chairman and Harry Zeffert secretary.

Reports received from Seattle indicate that an ambitious program of development work will be undertaken this summer on the Eldorado property.

Prosperous advertising means regular continuous advertising.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be accepted for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 19, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESTEAD LEASES

Unsurveyed areas, not exceeding 10 acres, may be leased as homestead, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

GLORIA SWANSON

— in —

"MY AMERICAN WIFE"

A love story of Paris and Buenos Aires. Colorful Argentine, land of the tango, warm-eyed, warm-lipped Senoritas and warm passions. Pulsing romance, beautiful women, dazzling gowns, the tinsel world of society, the revels of the underworld, the sporty tang of the race track, politics and the tense excitement of a duel at dawn.

Antonio Moreno, Walter Long, Eileen Prince and brilliant cast.

CLYDE COOK COMEDY—"WET AND WARM."
 FOX NEWS-GAZETTE. Admission 35c and 10c.
