FRENCH AIRMAN HAS REACHED CALCUTTA

U.S. FLYERS PROCEEDING IN ALEUTIAN ISLANDS: MARTIN IS NOT FOUND

Doisy is at Calcutta and U.S. Flyers are Moving Forward in Direction of Japan: Martin Lost

Suggestion Made that Frenchman may Continue Flight Around the World Making Exciting Race

MARTIN IS NOT TO BE FOUND IN BAYS SOUTH OF PENINSULA.

Dog Teams Carrying Search Parties from Chignik: MacLaren Still Held up in Sind Desert.

GORDOVA, May 5.—Three United States world flyers arrived at Nazan Bay, Atka Island, on Saturday afternoon from Dutch Harbor, a distance of 350 miles, which they made in 4 hours 15 minutes. This morning they had planned to leave for Attu Island, a hop of 530 miles.

CALCUTTA, May 5.—Lieut. Doisy, the French flyer, arrived here today on a flight from France to Japan. He covered the last 750 miles in six and a half hours flying from Agra.

LONDON, May 5.—Keen interest is aroused here today by the news of Lieut. Doisy's arrival in Calcutta as part of his flight from Paris to Tokio.

PRINCE EXTOLS BRITISH ART

Speaks of Value of Palace of Arts at Empire Exhibition

LONDON, May 5.—The Prince of Wales, speaking at the Royal Academy banquet Saturday night, described the palace of arts at the Empire Exhibition as the first show of British art of a truly imperial nature. He said all who contributed would have a reward in quickening of artistic appreciation not only in the people at home but in the friends overseas who may see how British art has inspired the noblest ideals and is able to take its place proudly among the arts of all nations.

NEW FORESTRY BOAT IS HERE

"B.C. Forester" Arrived From South on Saturday — Fine Looking Craft

The forestry department's new power boat, "B.C. Forester," for service in this district, arrived from Vancouver on Saturday afternoon with Capt. F. E. Mitchell in command. The vessel had a quiet and uneventful voyage up the coast. She negotiated the trip in four days, having left Vancouver last Monday and stopping one day at Thurston Bay near Powell River en route.

The "B.C. Forester" is attracting considerable attention along the waterfront. She is a fine, staunch craft and seems to be eminently fitted for the service that she is to enter. She is of 57 feet length and thirteen feet beam. Power is derived from a 50 horse power Washington-Estep full diesel engine. The craft was built at Thurston Bay by the forestry staff. She carries a crew of three men—captain, engineer and cook.

A boat of this type was badly needed as it has often to cross Hecate Straits during bad weather.

MacLaren, the British round the world flyer, is at Parlu in the Sind desert more than a thousand miles behind Doisy, awaiting the arrival of a new engine.

With the United States flyers at the Aleutian Islands ready to resume their flight toward Japan, it is pointed out that an exciting three cornered race might result should the Frenchman decide to continue on from Tokio.

FALSE PASS, Alaska, May 5.—Major Martin, the missing U.S. flight commander, was seen 100 miles west of Chignik seven hours after he took the air at that point Wednesday, according to reports received here at midnight.

WASHINGTON, May 5.—Lieut. Bissell, advance officer of the U.S. round the world flight, advised the war department today that "every bay on the south side of the peninsula had been searched and there was no word of Major Martin."

Dog teams are proceeding to Black Lake and Unalaska from there to Ugaskik, while other searching parties are proceeding directly across the mountains from Chignik to Portage, the message said.

GOOD PROGRESS ON ROAD SURVEY

Galloway Rapids Will be Reached in Ten Days Time, it is Now Expected

Good progress is being made on the Kaien Island road survey by D. J. Bergin, the engineer in charge, and his staff, although the bad weather of late and the topographical difficulties has mitigated against speed. Galloway Rapids, it is expected, will be reached in about ten days. The camp is now established south of Butse Rapids.

LIBERALS TO MEET

NEW HAZELTON, May 5.—There will be a meeting of Liberals here this evening for the purpose of selecting two delegates to attend the convention in Hazelton on May 15.

ESSAYS COMING IN FOR COMPETITION

A good many essays have come in for the "Save the Forest" essay competition being conducted by the Daily News. Not many have been yet submitted locally owing to the fact that the time was extended for one week. It will now close on Saturday of this week.

It is not yet too late for anyone under sixteen years of age to set to work to prepare an essay for this competition. It must be remembered that there are in all eight prizes for this district so that the chances of winning are much greater than in any competition heretofore written. There is also the chance of winning the grand prize.

IS GOING TO EXHIBITION

Fred Stork, M.P., Appointed to Represent Government at Wembley

Fred Stork, member of parliament for Skeena district, has been appointed a representative of the Canadian government to attend the British Empire Exhibition at Wembley, London, and he and Mrs. Stork are to sail from Montreal on July 12 for England. Mrs. Stork returned on Saturday night from Ottawa and will remain here until about July 1 when she will go East. Mr. Stork hopes to be back before he embarks for the Old Country but it will depend on when the supplementary estimates come up in the House whether or not he will be able to do so.

Mr. Stork has been appointed one of a party of eleven members, each representing a province, to go to the British Empire exhibition. He is thus the representative of British Columbia and it is gratifying that the Prince Rupert member should have been selected. He and Mrs. Stork will spend about six weeks in England, being booked to leave Liverpool homeward bound on August 22.

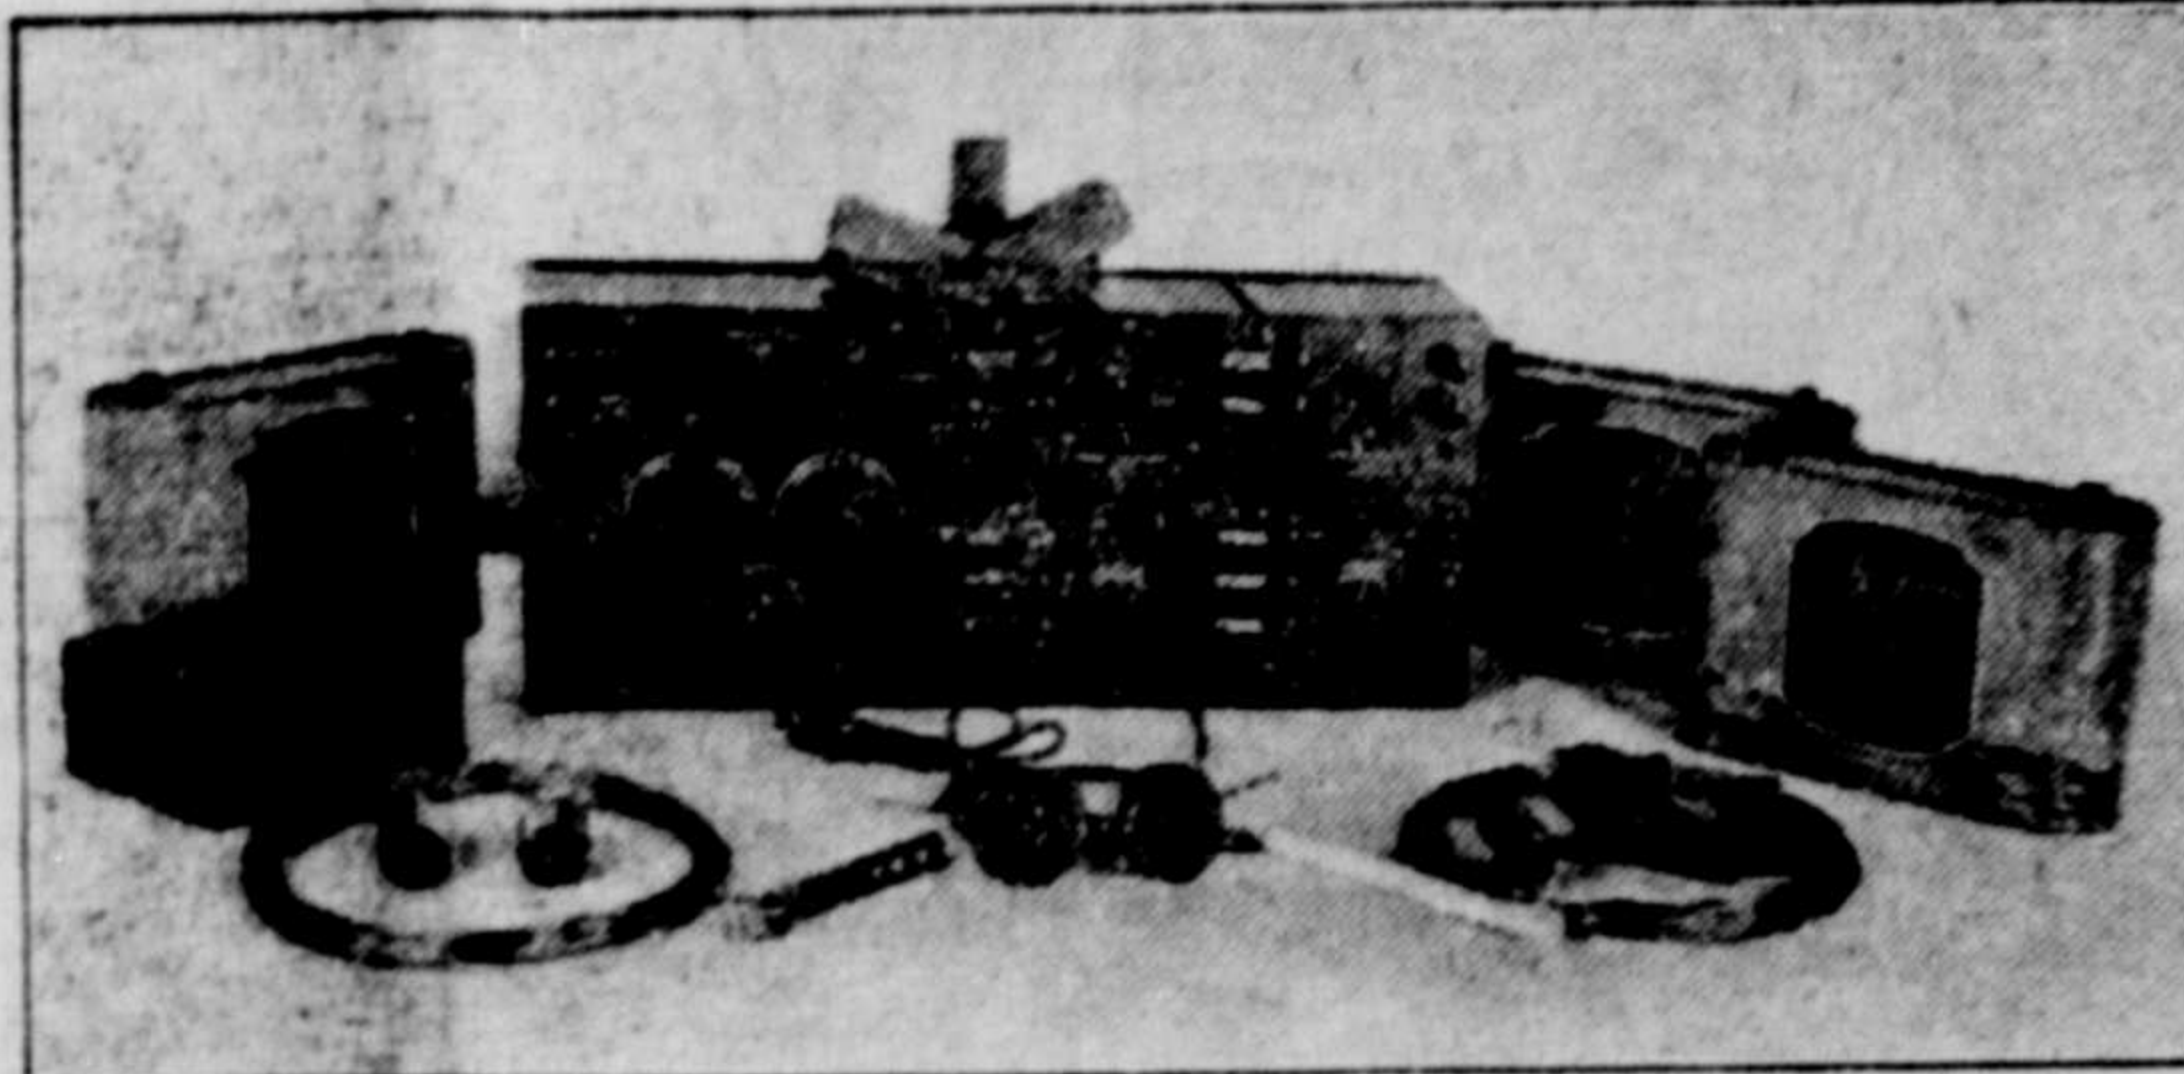

Mrs. Stork paid a visit to New York before returning home from Ottawa at the end of the week.

PROVINCIALS NOMINATE SMITHERS ON MAY 20

Other Parties to Hold Their Conventions Before That Time

It is announced that the Provincial Party will nominate a candidate at Smithers on May 20 to contest the constituency. C. R. Gilbert is mentioned as the possible choice of the party. Olof Hanson is likely to be nominated by the Liberals at Hazelton on May 15. The Conservatives may nominate R. S. Sargent at their meeting Thursday of this week.

FIRST PRIZE IN DAILY NEWS COMPETITION

Radio Set which is to be presented to the writer of the best essay among readers of the Daily News.

German Coalition Will Carry Out Policy of Dawes Expert Report

BERLIN, May 5.—A parliamentary coalition comprising Socialist, Democratic and People's Party, which will command a sufficient majority to put the provisions of the Dawes report into execution, is assured by the general elections which took place throughout Germany yesterday.

The ultra reactionaries, led by Ludendorff, failed to develop expected strength. Frau Ruth Fischer, the German communist firebrand, was elected in Berlin. Socialists in Hamburg elected Peter Grassmann, one of the most influential labor leaders in Germany.

The following former chancellors were re-elected yesterday: Philip Scheidmann, Hermann Mueller, Gustave Bauer, Socialists; Constantine Fahrenbach, Joseph Wirth and Wilhelm Mark. Clericals: Gustave Stresemann of the People's Party.

Election returns up to noon today stood as follows:

- Socialists 101.
- Communists 51.
- Democrats 23.
- Centrists 51.
- Populists 40.
- Nationalists 82.
- Ultra-Nationalists 24.
- Hanoverians 5.
- Bavarian Populists 15.
- Other parties 17.

AMBASSADOR TO GERMANY GOES

Representative of Russian Soviet Resents Search of Trade Delegation Building

BERLIN, May 5.—M. Krestinsky, Russian Soviet ambassador to Germany left for Moscow Saturday night. His departure is sequent to action of the Berlin police in entering the building of the Russian trade delegation and searching from roof to cellar for a communist against whom a warrant had been issued.

Steel is Coming this Week for Bridge Across Skeena at Terrace, Work Proceeding

Work on the superstructure of the steel bridge across the Skeena River at Terrace is to start within the next few days. Pedestals for the false work are already being put in. E. E. Davis of Vancouver has been given the sub-contract for the erection of the steel and the decking by J. Goughlan & Sons, the contractors.

The C.G.M.M. steamer Canadian Volunteer is due here early this week—possibly tomorrow—with the steel. It is a big shipment consisting of 475 tons which will be unloaded here and taken to the interior as it is required. The Volunteer is coming direct from Vancouver and will proceed to Ocean Falls for paper cargo after discharging here. Some twenty men, members of Mr. Davis' staff, are due here this week from Vancouver. The bridge will not be ready for traffic until late in the fall at the earliest.

Skeena and Buckley Route is as Near Perfect as Possible for Round the World Flyers

The aerial route east from Prince Rupert is much superior to the course from Vancouver and it is practically decided that Stuart MacLaren, the British round-the-world flier, will follow it in starting his transcontinental flight this summer stated Flight Lieutenant Earl MacLeod of Jericho Beach station, Vancouver, who was in the city yesterday afternoon after making an investigation of the interior route. Lieut. MacLeod, who left Vancouver last Monday by the C.N.R. overland line, visited Prince George and Fraser Lake. He arrived in the city by train yesterday afternoon and returned to Vancouver on the steamer Prince George last night.

"The flying route from Prince Rupert east is as near a perfect one as could be found," said Lieut. MacLeod. Before Lieut. MacLeod made his inspection it was practically decided that the flight of Squadron leader MacLaren would be from here East through Yellowhead Pass to Chip Lake, west of Edmonton. Now that Lieut. MacLeod is to turn in a very favorable report on this route it will undoubtedly be followed.

Fraser Lake Suitable The stops at Prince Rupert and Chip Lake have been decided upon but whether Fort Fraser or Prince George will be the stop-off between is not yet definitely settled. Lieut. MacLeod had particular instructions to investigate Fraser Lake and he found it very suitable with a good beach at the end of the lake to make it further attractive. The river at Prince George, Lieut. MacLeod stated, also offers a suitable landing place.

The advantages of the Prince Rupert-Yellowhead Pass route include a better water course than that of the south, a lower pass through the mountains and a saving in distance of at least four hundred miles with the resultant saving in time. Besides, there is the railway to be followed. On account of delays encountered in Europe and India, the British flyers now may not be expected to arrive here before July and, being behind their schedule, they will be anxious to take the shortest course available on the homeward lap especially if the route is more favorable.

Coming Next Month Lieut. MacLeod expects to be back in Prince Rupert next month on fisheries patrol work and will probably be in charge of the arrangements for the British flyers here. Two of the Jericho Beach machines are to be stationed here during the fishing season. The planes to be used will be new ones and the one which Lieut. MacLeod had last year will not be back. Flying Officer Hull of Nanaimo, who recently became a member of the Jericho Beach force, will be in charge of the second machine. Both planes will be flown north from Vancouver.

Lieut. MacLeod while in the city last night visited the Seal Cove landing place and also was in conference with Adam Mackie, inspector of fisheries.

Lieut. MacLeod while in the city last night visited the Seal Cove landing place and also was in conference with Adam Mackie, inspector of fisheries.

DEBTS ARE STUMBLING BLOCK AT CONFERENCE

LONDON, May 5.—The Anglo-Russian conference, which began two weeks ago, it said to have reached a deadlock on the question of recognition of debts.

BIRTH A son was born on May 4 at the Prince Rupert General Hospital to Mr. and Mrs. Fred Stewart of U.S.

GLASGOW LABOR MEMBER SPEAKS

Exhorts People to Discontent and Urges to Carry on Class War

GLASGOW, May 5.—A feature of the May Day celebration, which had been postponed until Sunday, was a speech by J. Maxton, a Glasgow Labor member of the House of Commons, who exhorted his audience to eschew tranquility and emblazon on their banners the word "Discontent."

Maxton added that "as long as we have such conditions don't be peaceful, even for the sake of the Labor government. Politics is not a game now but a very definite and bitter class war, which cannot be fought with kid glove methods."

RUSSIANS LOOK FOR A CHANGE

Exiles in Paris Cheered by News Arriving From Moscow of Topping Regime

PARIS, May 5.—Exiled Russians here are greatly cheered by reports arriving almost daily from Moscow of impending change. Russians here believe the existing regime is toppling and a slight push would throw it over. The hopes of the Monarchists and Liberals seem centred in Grand Duke Nicholas Nicolaievitch, second cousin of the former emperor.

SOCCER TEAM IN AUSTRALIA

Arrives at Sydney in Charge of Victoria Manager and are Entertained

SYDNEY, N.S.W., May 5.—The all-star Canadian soccer team, managed by Jimmie Adams of Victoria, arrived here today and were given a splendid welcome. They start training today for the first game on Australian soil which is to take place Saturday of this week.

Today the team is being given a civic reception and a great entertainment program is planned for the rest of the week.

PIRATES SEIZE A SHIP IN CHINA AND KIDNAP PASSENGERS

HONG KONG, May 5.—The passenger boat Oporto bound to Canton from King Moon was seized today by pirates who killed the Portuguese skipper and the Indian guard and kidnaped forty passengers.

DAILY EDITION

Monday, May 5, 1924.

Peace River Route To This Coast.

Premier Oliver has apparently been following up the work of the member for Prince George, H. G. Perry, in his espousal of the all-British Columbia route from Peace River to the coast. The route cut-off would do little to open up new country and would not be anything like as direct as the route by way of Prince George or Vanderhoof to Prince Rupert. With the completion of the P.G.E. the route also will be likely to be extended to Vancouver. That would give the people of the Peace River country the best possible service and would be effective in opening up a lot of new country which otherwise would not be touched.

Investigation is likely to prove to the railway people and to the Ottawa government that there is no comparison between the two routes. In making a decision the Dominion authorities cannot be biased by the fact that one route is through one province or the other route through another. What is needed is the best possible route to develop the dominion.

Make No Money From Competition.

There seems to be an idea abroad that the Daily News is making money from the "Save the Forest Competition." That is far from true. We are conducting this competition for the purpose of interesting the young people in the forests and their preservation. This north country depends a great deal on the forests for its prosperity and for that reason we undertook the carrying through of the competition. It entails a good deal of work and has taken up a great deal of expense in setting up type and there is absolutely no monetary return for it.

When the suggestion was made to this paper by the minister of the interior, it was accepted under the strong protest from the business office, where it was thought that the proclamation, at any rate, should be paid for. We thought so, too, but decided in the interests of the district to carry on the competition. The Dominion Government provide the prizes but the work and publishing expense all falls upon the newspaper.

Scenic Attractions Of This District.

Perhaps readers of this paper will be tired of our drawing attention to the scenic attractions of this district. Yet when we go out on the harbor on a day like yesterday, it seems almost impossible to come home and not write something about it. At this time of year especially the mountains add a distinct charm to the landscape.

Prince Rupert is often boasted industrially. It is spoken of as the future port of the northern and central parts of the province but it is seldom mentioned as a tourist resort. When we get that hotel, which Sir Henry Thornton said he was going to build here, then we shall have the railway company sending all their tourists here and boasting the city to the skies as a resort not to be missed for a stop-off.

WEDDING OF STANLEY TAYLOR ON WEDNESDAY WAS PRETTY AFFAIR

The following account of the wedding of Stanley Taylor, who will arrive in Prince Rupert from the south with his bride this week, was published in the Vancouver Province:

The Kitsilano Methodist church was the scene of one of the prettiest of mid-spring weddings on Wednesday evening when Miss Marjorie Eileen Nixon, only daughter of Mr. and Mrs. Everett C. Nixon, became the bride of Stanley Walter Taylor, son of Mrs. G. C. Taylor. Rev. W. Vance performed the marriage service, while the wedding march from Lohengrin was played by Miss Doris Chadney. The bride made a winsome picture in her beautiful gown of white crepe charmante, fashioned on plain lines with artistic trimmings of silver lace. A Brussels net veil was held in place with a wreath of orange blossoms and she carried a bouquet of Ophelia roses and white gladioli. She was given in marriage by her father, Miss Frances Clark made a pretty bridesmaid in a frock of mauve shaded taffeta relieved with silver lace, and her hat was of the same pastel shades, her bouquet being of pink and mauve sweet peas intermingled with rosebuds.

Harry Blouey acted as groomsmen. The ushers were Percy White and Mark Grimmett. The ceremony was performed amid a setting of pink tulips and bright spring flowers, which had been arranged by a number of girl friends of the bride.

During the signing of the register Mrs. Ernest Baker gave a beautiful rendition of "Hecate." Mrs. Nixon, mother of the bride, looked charming in a gown of French chiffon velvet, artistically draped, while her corsage bouquet was of pale pink roses. Her picture hat was of black moire silk, with white ospreys.

A reception was held at the home of the bride's parents in Kitsilano. Later in the evening Mr. and Mrs. Taylor left for a honeymoon trip to Seattle and will make their future home in Prince Rupert.

BURGLAR CHASED IN SEATTLE BY DUTHIE

Local Mining Man Was Unable to Catch Intruder Who Entered his Room During Night

J. F. Duthie, the Seattle ship-builder, who is actively interested in mining in the interior district, last week gave chase to a burglar who entered his home in Seattle.

Mr. Duthie, at an early hour in the morning, was awakened by the burglar in his room. He gave chase and pursued the intruder across the yard but the man disappeared in the darkness. Mr. Duthie was asleep when he heard the door of his room open. He switched on the light. The burglar, who was a big heavy set man, blinked at the light and turned and ran. Mr. Duthie was unarmed.

BOAT ARRIVALS

Inaugurating the Saturday arrivals here from the south which will be continued until next month, C.N.R. steamer Prince George, Capt. Harry Nedden, arrived from Vancouver and way ports sharp on time at 3 o'clock Saturday afternoon with the following passengers:

For Prince Rupert — W. A. Kenny, A. Carlson, O. Wardle, P. Erickson, Miss M. Fawcett (Kitsilano), S. A. Bell, J. Galloway, P. Austin, F. J. Tolhurst (Burns Lake), A. Bogran, W. V. Tomlinson, E. S. Wadsworth, Miss Violet Cameron, E. F. G. White, Mr. and Mrs. W. F. Hartwell, F. W. Budd, N. J. Oden, D. W. Austin, C. G. Round, M. Davidson, Z. Higashi, M. P. McCaffery, Mr. Frisberg and Mr. Robertson.

For Stewart — J. P. Demspfer, R. Watson, Mr. and Mrs. R. T. Crosby and child, J. A. Shanks and J. Runzi.

The Prince George sailed for Stewart on Saturday evening, returned here last night and sailed at 11 for Vancouver.

The Radio-Stewart Mines Ltd., capitalized at a million dollars and with head office at Victoria, had been incorporated with a view to developing the Radio, Radio I, and Radio II, and other claims near Stewart.

CUTTING DOWN COST OF SALMON CANNING

Prices Paid for Pinks are Low and Operators Worry Over Outlook

VANCOUVER, May 5. — B.C. coast canneries are preparing to handle a heavy salmon pack this season and are seeking methods of cutting down overhead costs. The reason, they state, is that this is the year of the "pink" run and pinks, while plentiful, do not give a wide margin of profit in marketing. Cannery depend upon the incomparable B.C. sockeye for profits.

Competition of Japan, with her heavy Siberian pack, an adverse influence last year, is again expected to bring down prices for sockeye in Great Britain. The Japanese, who have obtained fishing rights on the Siberian coast, are exploiting the waters while the concessions hold good and are flooding world markets with a red salmon slightly below the sockeye in quality and considerably lower in price, the canners point out.

Question of Markets

With this situation to face, B.C. canners are endeavoring to find some satisfactory method of marketing B.C. salmon for prices based on sheer merit. Some are hopeful of creating individual demand in the Old Country for B.C. sockeye, others believe that the market in Canada and even in the United States with its 30 per cent tariff may be more intensively cultivated.

But in the meantime they are preparing to cut down on expenses in every possible way.

Fewer Cannery Boats

This policy is expected to lessen the number of boats fishing for canneries this summer. They are co-operating to this end having found that last year there were more nets in certain waters than the yield justified.

A few salmon are being caught along the West Coast of Vancouver Island and are being disposed of on the market for fresh fish. The season opens in the latter part of June.

The Man in the Moon

SAYS:

IF laws could reform, we'd all be saints.

THE best spring tonic anyone can take is a forty foot garden and a five foot rake.

IT'S a great life if you don't get too strong.

SOME people are dignified, but nothing else.

THE beginning of the month reminds us that life is just one dam dun after another.

IT'S hard to part with some people. In fact it is so hard that it becomes well nigh impossible.

IF you lend money, you are a capitalist. If you collect that money you are a much harder worker than I am.

THERE is plenty of happiness. All you have to do is use it.

THE difficulty with good looking men is that they seem to know it.

WHEN a woman asks if you snore, beware.

IN a very big city you can be good and nobody will appreciate it and you may be had and nobody will know it. Also you can be lonely and stay that way.

Ten Years Ago in Prince Rupert

The city council passed a resolution last night opposing the employment of Orientals in licensed places. City Solicitor Peters, however, submitted a report that the council had no power to prohibit such employment. Ald. Montgomery was of the opinion that the city could if it chose to do so. He thought the city solicitor had not gone deeply enough into the matter.

The hydro-electric plant that the city is to establish at Shawatlans Lake will cost \$242,845 according to the superintendent's estimate. Mayor Newton states

Stolen Eggs and the Silk Trade

Above—Reeling silk in the Flowery Kingdom. Below—An Empress liner loading silk at Yokohama and a Canadian Pacific silk special passing through the Rockies.

Production of silk dates far into antiquity, and for ages the manner of its production was kept secret. Up to the sixth century A.D. all raw silk was imported into Europe from China, but the Byzantine Emperor Justinian induced two monks to travel into China to procure silk worm eggs and though the export of them was punishable by death, these monks succeeded in bringing back a quantity concealed in the hollows of their pilgrims staves.

From Byzantium, silk cultivation spread into Greece and Syria, thence into Spain, and thence successively into Sicily, Naples, Northern Italy and France, being established in Italy in the sixteenth century.

Various determined attempts have been made, principally between the years 1622 and 1839 to establish the silk industry in America, resulting at one time in a not inconsiderable production, but the excessive cost of the labor involved in the rearing of the worms and in the reeling of the raw silk from the cocoons as compared with the trifling cost of such labor in Europe and Asia, has rendered it impossible to produce raw silk at commercial prices on this continent.

Most of the silk imported to America comes from Japan, Italy and China where, also, the humidity of the atmosphere contributes no little to the success of the industry in those countries. The greatest importation is from the Flowery Kingdom, and this mostly in the raw-silk form as it is reeled from the cocoons.

Silk is valuable. In one consignment of a few hundred bales, hundreds of thousands of dollars are tied up, and for this reason, that no time may be lost in making up the raw material and placing the finished goods upon the market, the product of the little silk worm is given transportation facilities which few other commodities enjoy. The bales of skeins are stowed carefully in the vessels which transport them across the Pacific, and in such a manner that they can be speedily and safely discharged upon arrival at the Canadian or American port. No time is lost! Special trains made up of passenger baggage equipment await the arrival of the vessel if it docks at Vancouver as do the Empress liners of the Canadian Pacific, and once the valuable cargo has been sealed into the cars the train proceeds towards its destination, often making better time than the regular passenger train.

For the reason that the route is more direct, many silk dealers in New York, where much of the silk is destined, consign their shipments via Canada and during the past few months many interesting time records have been made over Canadian Pacific lines.

On March 22nd, the "Empress of Asia" sailed from Yokohama carrying the largest consignment of silk to be forwarded from the Orient for some time. The silk was specially stowed for prompt discharge on arrival at Vancouver, and from the time the steamer docked, until the special train to New York left, there was a lapse of time of only thirteen and one-half minutes per car.

The silk was delivered in New York about midnight April 4th, the through time from Yokohama to New York being 13 days, 8 hours, and 13 minutes, calendar time. This constituted a record run as far as freight traffic is concerned, but passenger traffic is handled as readily by this company, a 21 day Europe to Orient service via St. John, N.B. or the St. Lawrence route being regularly maintained.

Miss Violet Cameron of the C.N.R. district passenger agent's office returned on Saturday afternoon from a holiday trip to Vancouver.

Mrs. N. B. Walton and Mrs. Tail will be at home on Wednesday from 3 to 6 p.m. for the last time before leaving for their new home in Winnipeg.

Mrs. W. S. Fisher and daughter Miss Louie Fisher, sailed last night on the Prince George to spend a two months' holiday visit in Victoria and Seattle.

Fred Henning, manager of the Universal Trading Co., who went south on a business trip recently, left Vancouver for Chicago on Saturday in response to a wire stating that his father was dangerously ill. He will not return to the city for three weeks.

The Northern Electric two step radio set which is to be the prize to the winner of the essay competition arrived this morning. It is not yet unpacked but after tomorrow it may be seen by any wishing to look it over. The other prizes will be cash and will be sent direct from the department of the interior to the prize winners.

R. T. Crosby, manager of the Bank of Montreal at Stewart, Mrs. Crosby and child returned to Stewart yesterday after a trip to Moose Jaw where Mr. Crosby was called on account of his mother's serious illness and death. E. W. Marentette, of the local branch of the bank who was relieving at Stewart, returned from there last night.

Milk in a Camp

One of the men connected with our Company is a fisherman. He spends all his spare time on some water or getting his outfit ready for the next trip. Last week he was the guest of a logging camp. He saw Pacific Milk cases nailed against the buildings doing all sorts of duties. The chef told him it was the only milk the men would have and that for his cooking he insisted on it, which accounted for so many empty cases around the camp.

Pacific Milk Co. Limited

328 DRAKE STREET, VANCOUVER.
Factories at Ladner and Abbotsford, B.C.

Football tonight. Acropolis Hill 6.15. Callies vs. S.O.E.

New shipment of Billie Burke Juniors just arrived at Demers.

I. A. McPherson, G.N.R. superintendent, returned last night from a trip of inspection up the line.

The fine weather yesterday took large numbers of people to the Salt Lake and to various points around the harbor and even outside.

T. W. S. Parsons, inspector of provincial police, is accompanying Assistant Superintendent Walter Owen on his trip to the interior this week.

G. A. Clothier, resident mining engineer, is leaving at the end of the week for the Queen Charlotte Islands on a regular trip of inspection. He expects to be away about three or four weeks.

PRINCE GEORGE

H. G. Perry, M.L.A. opened his campaign for the forthcoming provincial election at a meeting last week at Newlands.

The Prince George Conservative Association has elected officers as follows: President, C. W. Ferry; secretary, Alexander Smith; treasurer, R. W. McLeod; executive, A. E. Sibley, R. W. Alward, H. A. Carney, A. P. Anderson, J. D. Corning, E. H. Burden, R. A. Renwick, Al. Johnson, A. McB. Young and M. E. Harper.

T. G. McBride, M.P., has notified the Board of Trade that the prospect of securing a telephone service to points south of here this year is not very encouraging.

H. G. Perry, M.L.A. will in all probability be the Liberal candidate for the forthcoming provincial election. The conservatives will choose between F. P. Burden, H. A. Carney and Mayor Alward and C. P. Deykin will very likely be the Provincial candidate if there is one.

George McCullagh has returned from a trip to Vancouver and other coast points.

Mrs. Jacob Leith has returned from an eight months' stay in Vancouver where her son and daughter are attending school.

THE EASIER THE HARDER

"I hate to play against a hard loser."

"I dunno. It's better than playing against an easy winner."

—Flamingo.

WEEK AT THEATRE
Monday and Tuesday. Tom Mix in "Ladies to Board."
Wednesday and Thursday. Tom Mix in "Soft Boiled."
Friday and Saturday. Blanche Sweet in "Anna Christie."

SOFT BOILED IN STORY HERE DURING MID-WEEK
Tom Mix on His Famous Horse Tony Does Wonderful Trick

TOM MIX SCORES IN COMEDY OF ACTION
"Ladies to Board" Provides Many Funny Situations at Westholme Tonight
Tom Mix has scored another motion picture comedy success. It is called "Ladies to Board" and will be shown here tonight.
Jack Blystone, who directed "Soft Boiled," his most recent example of screen humor, adds another feather in his cap in this production. It is funny, vivacious and full of Mixian action and proved to be a type of picture admirably adapted to Mix's work.

REALISM PORTRAYED IN ELEMENTAL PASSION
"Anna Christie," a Stage Play Shown on Screen at Week End
"Anna Christie," written for the stage by Eugene O'Neill and translated to the screen by that other lover of the sea and artistic realism—Thomas H. Ince—is a strictly twentieth century offering, which comes at the week end. The "Situations" that wreck homes and lives today are almost identical with those that have troubled other ages.
The plot maker finds his scope of invention limited because life likes to repeat. In the past centuries a stilled prudery has encouraged hypocrisy and false modesty. Only in this day and age have playwrights and picture producers had the courage—and audiences the assurance—to dissect stark realism that goes into the making of a masterpiece like "Anna Christie" behind the footlights and on the screen.
Not for a second does Mr. Ince in his latest picture production permit his audience to escape from realism. Elemental people and elemental passions are the strong meat of this powerful story. He has told it in a rising tempo that bursts into a crescendo of fury in the "great scene" when "Anna" fought over by her father and sweetheart as two dogs would worry a bone, tears herself away from them in a passion of rage and quiet their futile bickerings with the confession of a sordid past, that reduces them to gaping staves, shuddering horror and then murderous rage.

CANCELLATION OF RESERVE.
Notice is hereby given that the reserves concerning the lands formerly held under Timber Licences Nos. 32379 and 32380 are cancelled.
G. B. NADEN,
Deputy Minister of Lands,
PRINCE RUPERT.

CORPORATION OF THE CITY OF PRINCE RUPERT.
TAKE NOTICE THAT
1. The Council of the Corporation of the City of Prince Rupert intends to construct a pavement fifteen feet wide, consisting of a mattress of timber over which will be placed a paving giving a depth at the crown of ten inches composed of broken stone and sand, on that portion of 8th Avenue commencing from a point at the intersection of 8th Avenue, 8th Avenue and Conroy Avenue, thence along 8th Avenue to the intersection of Fulton Street and 8th Avenue and thence along 8th Avenue to a point twelve feet west of the Centre Line Intersection of McBride Street and 8th Avenue, according to the grades shown on the plans and profiles filed in the Office of the City Engineer, as a local improvement, and intends to specially assess the cost upon the land abutting directly on the work except such portion of the cost as is incurred at Street Intersections and at School Properties.
2. The estimated cost of the work is \$10,284.00, of which \$1,447.88 is to be paid by the Corporation, and the estimated annual special rate per foot frontage is \$2.62944. The special assessment is to be paid in 10 annual instalments.
3. Persons desiring to petition against undertaking the work must do so on or before the 2nd day of June, 1924.
E. F. JOHNS,
City Clerk,
Dated this 28th day of April, 1924.

IN THE SUPREME COURT OF BRITISH COLUMBIA.
In the Matter of the Companies Act, 1921, and
In the Matter of an Application by the Alice Amy LeRoux Mining Company Limited (Non Personal Liability), to be restored to the Register under Section 178 of the said Act.
TAKE NOTICE that an application will be made to the Presiding Judge in Chambers at the Court House, Prince Rupert, B.C., on Friday, the 9th day of May, A.D. 1924, at the hour of 10.30 o'clock in the forenoon or so soon thereafter as the motion may be heard on behalf of the above mentioned company for an order that the said Company be restored to the Register of Joint Stock Companies under section 178 of the said Act.
AND TAKE NOTICE that in support of the said application you shall read the Petition of the Company issued herein and the Affidavit of Edward H. Mortimer sworn on the 17th day of April, 1924, and filed.
DATED at Prince Rupert, B.C., this 17th day of April, 1924.

CLARK'S BEANS, MONTREAL

VANCOUVER PAPER IS BEMOANING DECISION FLYERS TO GO NORTH
Bemoaning the decision of the flyers to keep the northerly route by way of Prince Rupert, the Vancouver Sun says:
If the party of British aviators, now on a world flight, makes a general policy of skipping centres of population like Vancouver, the most important value of their exploit will be totally lost. Both American and British commanders have emphasized the fact that the flights have not the slightest element of a race. Obviously then, the saving of three hours involved in passing up Vancouver in favor of a northern route can bring no particularly important advantage.
The real value of the world flight lies in the publicity it gives to aviation.
It is only the spectacular element in new scientific and mechanical discoveries that stimulates the imagination to the point of applying those discoveries extensively to commercial uses.
The airplane has been invented and perfected. But in this country particularly, the airplane idea has not been "sold" to industry.
"Stunts," like the present flight, help materially to interest the public in the airplane as a factor in business.
But, certainly, if the flight is to be confined to the world's wilderness, and cities like Vancouver are to be studiously avoided, the publicity value of the project will be a total loss.

SALVATION ARMY IS OUT AFTER FUNDS TO CARRY ON ITS WORK
Is Asking Prince Rupert For \$800 in all; Roof For Citadel Needed
The self-denial campaign of the Salvation Army needs no introduction to the people of Prince Rupert. Ever since the Army opened its work in this city fifteen years ago the self-denial funds has seen an increase each year.
This year the Salvation Army in Canada West, is out to raise \$100,000 for the maintenance and extension of its social and rescue work in the west, and also contribute to the army's world-wide missionary and hospital work in 79 countries and colonies.
Prince Rupert is asked to contribute \$440 to this work on behalf of the lost and fallen. Captain and Mrs. Coleman who are in charge of the local corps, have every confidence that the people of this city will again come to the army's help and over subscribe the above amount.
The Salvation Army Citadel and officers quarters in this city are in need of a new roof before another winter's rain, so that \$350 is being added to the above target as Prince Rupert's half of the total cost of the new roof. The other half of the cost comes as a grant to the local corps from the Army's property board in Winnipeg.
In round figures the Army is asking for \$800 in this campaign and has every hope the amount will be realized by the closing date, May 17.

SHANKS GOES NORTH TO STIR UP STEWART
Was Recently Announced as Independent Candidate For Victoria but Will Shave Portland Canal
J. A. Shanks of Victoria, better known there as "Five Point Shanks," breezed into the office Saturday stating that he was on his way north to open up a barber shop at Stewart. He will be remembered here about two years ago as one of the barbers in the Empress Barber Shop.
Mr. Shanks is Victoria's candidate. He has run for every office in the city and is now announced as an independent candidate for the Legislature. He runs a barber shop in his own block at "Five Points" at the corner of Moss Street and Fairfield Road in the Fairfield district of Victoria and when he is not running for office may be heard from in letters to the press. He is a good booster for the city and wherever he happens to be is sure to make the dust fly.
Mr. Shanks will help to put

TERRACE NOTES
Mrs. D. D. Munro who has been spending the past few months in Smithers returned to Terrace on Thursday.
The monthly whist drive and dance of the Ladies Auxiliary of the G.W.V.A. was cancelled on account of the meeting of the Provincial Party held the same night.
A son was born to Mr. and Mrs. E. Farr of Terrace at the Hazelton Hotel.
Henry de Fontaine lost a large number of poles, logs and shingle bolts when his boom across the Little Canyon slough broke and the high water carried off the result of much of his winter's work. Little's teams have been busy hauling the remainder out of the danger zone as quickly as possible.
The Provincial Party held a public meeting Friday evening which was well attended. S. J. Tener of Vernon, the first speaker of the evening, outlined the origin and organization of the Provincial Party, explained the party platform, and gave a description of the Royal commission and its results as seen by members of the Provincial Party. His speech was supplemented by a short witty speech by John Connell, driving home in detail a number of points.
Mrs. Grieg met with a very unpleasant accident this week when she fell and sprained her ankle.

PRIZE ESSAY CONTEST PLAN
Following is the complete plans for the essay competition, announcement of which was made yesterday:
1—The subject of the essay is to be the proclamation designating the week April 27 to May 3 as "Save the Forest Week," or any point relating to forest fire prevention, dealt with in such proclamation.
2—The essay not to exceed five hundred words in length.
3—The essay may be written either in English or French.
4—The essay is to be in the contestant's own handwriting, and to be written on one side of the paper only.
5—The contest is restricted to children under sixteen years of age.
6—Each essay must be accompanied by a certificate of a school teacher or clergyman that the contestant is under sixteen years of age.
7—Neither the name nor any other mark of identification of the contestant shall appear on the essay, but each essay must be accompanied by a separate sheet on which is legibly written the contestant's name and address in full, and school, if any.
8—No person shall be eligible to receive more than one prize, nor to enter more than one newspaper competition.
9—The competition will close at twelve midnight on May 3, 1924.
The Prizes
10—The prizes for the competition are as follows:
(1)—Radio Set—A receiving outfit to consist of—
(1) Regenerative tuner with detector and two stage audio frequency amplifier.
(2) Complete set of tubes

PROCLAMATION
BYNG OF VIMY [L.S.]
CANADA
GEORGE THE FIFTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, KING, Defender of the Faith, Emperor of India.
To all to whom these Presents shall come, or whom the same may in anywise concern.
GREETING:
A PROCLAMATION
E. L. NEAVCOMBE, Deputy Minister of Justice, Canada
WHEREAS the protection and perpetuation of our forests are vital for the continued industrial welfare and national strength of Canada and to its individual health, comfort and prosperity;
And Whereas it is shown by the statistics of the several forest authorities of the Dominion that the forest resources have suffered enormous losses through the occurrence of forest fires and that the loss through such fires has far exceeded in amount the depletion in timber wealth through legitimate cutting operations;
And Whereas Our Dominion is recognized as the main source of supply of coniferous timber within Our Empire and it is essential that, if Canada is to retain and develop her position as an exporter of forest products, the unnecessary losses through forest fires must be curtailed;
And Whereas in many cases forest fires have resulted in disastrous loss of life, and of valuable property other than timber wealth;
And Whereas apart from direct loss through the agency of fire, the vitality of the forest is thereby seriously impaired, thus rendering it unduly susceptible to attack by insect and fungus pests;
And Whereas forest fires disturb the equilibrium of stream flow, lower the water table, and frequently give rise to serious erosive effects;
And Whereas the great majority of forest fires are entirely attributable to inexcusable neglect or ignorance, and are therefore preventable, and the exercise of reasonable Prudence and proper carefulness on the part of responsible individuals would reduce the timber losses by fire in Canada to small proportions;
And Whereas it is desirable that the attention of the public be directed to the extent and underlying causes of the preventable loss of life and property by fire and to the best and most practicable means for its control and that a specific period of the year be set apart and properly designated for the dissemination of such information;
Now Know Ye that We, by and with the advice of Our Privy Council for Canada, have thought fit to appoint and do appoint the week commencing Sunday, the twenty-seventh

day of April and ending on Saturday, the third day of May in this present year as "Save the Forest Week," during which period the citizens of Our Dominion shall be entreated earnestly to consider the facts hereinbefore set out, to give careful heed to information disseminated by the various forest protective agencies, and in particular to act upon the following suggestions:
1 That settlers and others engaged in the clearing of land should fully observe the fire laws of the Dominion and of the province, which laws have been enacted for their protection, as well as for the preservation of Our timber resources;
2 That at this time of the year, when thousands are looking forward to spending their summer vacations in the woods, all should take cognizance of the fact that the camp-fire, which is one of the most pleasant and valuable adjuncts to camp life, may, if neglected, easily result in disaster; and that to prevent repetition of such losses as have been annually sustained from this cause, all persons should familiarize themselves with the proper methods of building, using and extinguishing such fires;
3 That loggers, saw-mill operators and others interested in timber operations should see that all equipment and appliances designed to prevent the origin or spread of fires shall be overhauled and placed in a state of thorough repair; that such persons should review with care the fire protection requirements of the legislation under which they operate; and that they should see that all employees working under their direction are properly instructed as to the danger of fire.
Of all which Our Loving Subjects and all others whom these presents may concern are hereby required to take notice and to govern themselves accordingly.
In Testimony Whereof, We have caused these Our Letters to be made Patent and affixed the Great Seal of Canada to be hereunto affixed—Witness Our Right Trusty and Well-beloved Julian Hedworth George, Baron Byng of Vimy, General on the Retired List and in the Reserve of Officers of Our Army, Knight Grand Cross of Our Most Honourable Order of the Bath, Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George, Member of Our Royal Victorian Order, Governor General and Commander-in-Chief of Our Dominion of Canada.
At Our Government House, in Our City of Ottawa, this twenty-eighth day of February, in the year of Our Lord one thousand nine hundred and twenty-four, and in the fourteenth year of Our Reign.
By Command,
THOMAS MULVEY,
Under-Secretary of State.

TENNIS TOURNAMENTS FOR OPENING SEASON

Miss Caroline Mitchell Was High Lady Scorer—Two Men's Doubles were Tied

Miss Caroline Mitchell was the highest scorer in the ladies' singles tennis tournament at the Acropolis Hill courts yesterday afternoon. In the men's doubles L. W. Patmore and W. H. Hamilton playing Dick Lambe and S. K. Campbell tied at the top. The tournaments were not finished and may be resumed this week. The games went well into the evening. There was a large attendance of spectators and refreshments were served in the course of the afternoon.

The scoring was as follows:

Ladies' Singles

Miss Caroline Mitchell	17
Miss Pete Tremayne	13
Miss Irene Stewart	12
Mrs. F. McManus	10
Mrs. Donald Ross	10
Miss Grace Curtin	8

Men's Doubles

Patmore and Hamilton	25
Lambe and Campbell	25
Hurn and Bartlett	20
Joslin and Cruikshank	16
Press and Carmichael	16
Plant and Woolton	16
McManus and Smith	15
Stephens and McKay	15
Weaver and B. Jones	15
Warner and Robertson	14

Sport Chat

The team to be fielded by the Sons of England against the Gallies this evening in the opening game of the city soccer championship series will consist of a good deal more than half of new men who have never before been seen on a Prince Rupert football field. The Gallies, on the other hand, will have on their line-up players who are better known, including several who are returning to the Scottish fold after being on other teams last year when the Gallies were not represented in the city league. Despite the fact that the Scots

have lost two players during the past week Jock Campbell and J. Harris, who have left the city, they will enter the field confident of victory unless the English "dark horses" all prove to be stars. In view of the changed complexion of the Sons of England team and the fact that the Gallies are again in the running, it is anticipated that there will be a record crowd of fans on hand to see the opening game.

Only five of last year's regulars for the Sons of England will take the field this evening for that team—Frank Hodgkinson, Dick Lambe, Percy Tinker, Percy Cameron and George Kelsey. Geo. Howe was with the Grotto in 1923 as was George Hill. New men are H. S. Hurn, G. Harvey, C. E. Diekens, H. F. Thompson, A. R. Lane, L. Potterton, F. C. Hayter, L. F. Parks and A. J. H. Woolton.

The four old Gallies who are back again with that team this year are Dave Jack and W. Mitchell, who were with the Sons of Canada last year; J. Andrews, who was with the Grotto, and D. Main, who spent 1923 at Anxoy. Hugh Hamilton, J. Sims, G. Cochrane, S. Elder and J. Campbell, all of the Grotto last year, make their debut this season with the Scots while W. Hamilton and O. K. Lord have come over from the Sons of England. A. Murray, M. Andrews and A. Hunter are the new recruits to the Gallies team.

WAR VETS DEFEATED MALASPINA IN GOOD SOCCER EXHIBITION

Teams representing the Great War Veterans Association and G. S. Malaspina, which is in dry dock here, staged a good exhibition football game on Saturday afternoon, the former winning by four to one. The Vets' right wing, consisting of Meagher and Don Matheson, showed up particularly well. The winners were ahead at half time one to nil, the balance of the scoring being done in the second period. There was a good turnout of fans.

F. Piper refereed. S. Gawthorn and K. Scherck were the linesmen and the teams took the field as follows: Great War Veterans—Knox; Garney and W. R. Hunter; J. R. Mitchell, Corker and Roberts; J. A. Johnson, L. Connor, Findlay, D. Matheson and V. Meagher. Malaspina—Rouvier; English and Cochran; Godman, Harris and Jackson; Bell, Gibson, Ashley, Alder and Andrews.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS
Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 15 years of age, and by aliens on declaring intention to become British subjects, conditional upon residing, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series. "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.
Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, ie, carrying over 500 board feet per acre west of the Coast Range and 1,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.
Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.
For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE
Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."
Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES
Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES
For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.
GRAZING
Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

Cash and Carry

for Monday and Tuesday **Specials** for Monday and Tuesday

THESE SPECIALS WILL BE EFFECTIVE ALL DAY (NO DELIVERIES). (NO TELEPHONE ORDERS) Until further notice this store will open at 9 a.m.

No Exchanges WHY? No Approvals

Articles of wearing apparel carry disease, and should be disinfected if once returned on approval or exchange. Once and for all we refuse to sell our goods at the expense of Public Health Safety. We provide fitting rooms in our store, and every convenience to eliminate the return of goods from homes which may have had scarlet fever, diphtheria, measles or smallpox. This is the protection you receive by dealing at home. It is now admitted that the mail order houses by their liberal return privileges during the flu epidemic of 1918 did more to spread death throughout the country than any other agency. Every spring this spreading of disease via returned germ laden wearing apparel continues. Can you afford to invite disease into your home?
