FLIGHT OF AMERICAN AIRPLANES DELAYED BY INJURY TO ONE OF PONTOONS

POINCARÉ IS INTRENCHED

Is Stronger Now Than Has Been For Many a Day and Expected to Win Election

PARIS, April 1.—Poincaré's victory seems to have been complete. With his new cabinet he is in a much stronger position than before his defeat in the chamber of deputies. He is now supported by the moderate left.

Among the members of the cabinet is Louis Loucheur, a wealthy industrial leader, who was opposed to the Ruhr occupation and who also favors the payment of all debts owed by France to foreign nations.

It is anticipated that with his new cabinet Poincaré will be victorious in the elections which take place May 11.

CHURCH UNION GETS SETBACK

Ontario Legislature Amends Bill to Allow Any Congregations to Remain With Mother Church

TORONTO, April 1.—The private bills committee of the Ontario Legislature passed by a vote of 36 to 26 the amendment to the Church Union Bill whereby the law clerks of the crown are instructed to draw up clauses to add to the bill providing that the Congregational, Methodist, and Presbyterian congregations may by vote stay in their mother churches and retain their congregational property.

During the discussion some members said that the effect of the amendment would be to destroy the principle of the bill.

FINE IMPOSED ON VETERANS

Thousand Dollars For Having Beer on Unlicensed Premises

VICTORIA, April 1.—A fine of \$1,000 was imposed on the Capital City branch of the Grand Army of United Veterans by Magistrate Jay. Accused were charged with illegal possession of beer on unlicensed premises.

Charges of consuming beer in a public place against two club members were withdrawn.

GUILTY OF RECEIVING ALCOHOL FROM SHIP

YARMOUTH, N.S., April 1.—Captain Andrew Gauvreau, former skipper of the schooner Douglas D. Conrad, was found guilty of unlawfully receiving \$25,000 worth of alcohol from the Weymouth schooner, Lucille B., in Boston Bay last August.

Sentence was postponed until the outcome of the trial of a second charge of conspiracy against Captain Gauvreau.

WILL SPEND MONEY ON ROAD TO JASPER

EDMONTON, April 1.—The Government will bring down in its supplementary estimates a sum to continue construction of the Jasper road. All there will be expenditures made on the trail from the maintenance vote.

After being temporarily detained at Ellis Island because of the quota law for their country, Baroness Boyce-Garret, Russian singer, and her husband, were finally permitted to land recently

Washington Interested in Prince Rupert as a Grain Exporting Centre

WASHINGTON, April 1.—Canadian interests are giving considerable attention to the establishment of Prince Rupert as a new Pacific grain export port for Canada. Advice received by the department of commerce say that construction of several important elevators will probably be started this year and Consul Wakefield at Prince Rupert added today that three inspections, including one by Canadian National Railways were made last month to select elevator sites. Local interests and the wheat exporters of Alberta and Saskatchewan are actively behind the projects.

Mr. Wakefield's report is as follows:

The Report

"For more than a year local interests have been discussing the possibilities of Prince Rupert as a grain exporting port and efforts have been repeatedly made to interest the Canadian government and private capital to the proposal to erect a grain elevator here.

"Quite recently wheat growers and exporters from Alberta and Saskatchewan have become interested in the project and are reported as being strongly in favor of it. During the present month no less than three different inspections have been made for prospective elevator sites. The first inspection was made by the Vancouver representative of a Portland, Oregon, wheat exporting firm and his first visit was followed by a second in company with other officials of the company. A Canadian firm having some two hundred elevators in the province of Saskatchewan made the second inspection and the official was accompanied by the Port Arthur and Fort William representative of his company.

"The final inspection was made by a Canadian government railway expert. In each instance, a thorough investigation was made as to the possibilities of a sufficient supply of wheat for export from the prairie provinces.

AIRMEN FLY ON THURSDAY

Weather Permitting They Will Hop Off For Rupert That Day

(Special to Daily News)

VANCOUVER, April 1.—It is learned here that due to a leak having developed in a pontoon of one of the planes, the flight of the United States airmen from Seattle to Prince Rupert may be delayed from Wednesday until Thursday.

U.S. Consul Wakefield This Morning Received a Telegram from Major Frederick L. Martin, Commander of the Squadron, Stating that the Airmen would fly from Seattle for this port Thursday morning, weather permitting.

HORRIBLE MURDER SOUTHERN ALBERTA

Retired Farmer Done to Death in Shack at Fraserton; Motive Robbery

CALGARY, April 1.—With head almost severed and the body gashed all over with knife wounds, the body of Nels Fredericksen, a retired farmer of Fraserton, was found buried in the cellar of his shack. Robbery is believed to have been the motive for the murder as valuables were found scattered over the floor.

BRITISH ACCOUNTS SHOW GOOD BALANCE

LONDON, April 1.—For the fiscal year ending yesterday the government expenditures amounted to £788,840,211 and the revenue to £837,189,284.

YOUNG STRIBLING WON OVER MIKE MCTIGUE

Had Best of Every Round According to Newspapermen Who Witnessed Fight

NEW YORK, April 1.—Young Stribling won the newspaper decision in a twelve round bout with Mike McTigue, the world's light heavyweight champion.

In the semi-final Paul Berlinbach knocked out Harry Kroin in the fourth round of a ten round match.

Stribling's victory over McTigue failed to win him the world's light heavyweight championship as New Jersey only allows the championship to pass by a knockout or foul. The strapping Georgian boy decisively outpointed his veteran rival from start to finish and had McTigue on the verge of a knockout in the tenth.

Stribling won every round, in the opinion of the majority of newspapermen, with his slashing whirlwind attack.

ABLERTA AND B.C. COAL MINERS STRIKE

EDMONTON, April 1.—Union coal miners in District 48 went on strike at midnight to the number of something like ten thousand in Alberta and Eastern British Columbia.

Local Shipyard to Overhaul Six Marine and Fisheries Boats and Lorne to Repair

Contracts have been let to the Prince Rupert Dry Dock and Shipyard of the Canadian National Railways for annual overhaul to all but one of the Department of Marine and Fisheries patrol boats in this district. In all eight boats are to be handled here and, starting tomorrow, the work will keep the regular staff of the dry dock fully engaged for the next six weeks. The boats to receive overhaul here are the steamer Marfish and the gas patrol boats Bonilla, Heron, Hawk, Gloyah, Marlin and Linnell.

Work on the six gasboats is to commence at once, four being scheduled to go up on the small section of the dock tomorrow and the other two as soon as there is room for them. Work on the Malaspina and Marfish will commence towards the end of the month.

In addition to these government boats, the shipyard was advised this morning that the Ho-

Lieut. Ralph E. Davidson with his bride are sailing for the continent, where he joins Raoul Amundsen in his polar flight. They are to attempt the flight, from Norway to Alaska, over the pole.

Customs Duties are a Record this Year; Show District Development

Customs excise collections for the port of Prince Rupert during the fiscal year 1923-24, ending yesterday, constitute a record in the history of the district. The total was \$481,713.45, showing an increase of \$111,514.83 over the year 1922-23 when the total was \$369,713.45. The figures indicate a healthy expansion of district development.

The total customs excise revenue for March, 1924, was \$21,996.47 as compared with \$41,147.55 a year ago.

Prince Rupert customs district is the largest in area in Canada. It includes the territory east of the Alberta provincial boundary to the coast between the 52nd and 59th parallels of latitude, taking in also the Queen Charlotte Islands. Such centres as Ocean Falls, Bella Coola and Prince George are included as well as Prince Rupert.

STEAMSHIP TENDER BE OPENED APRIL 8 PILLSBURY GOING

F. G. Dawson, director of the Canadian National Railway, is leaving for the east tonight to attend the regular monthly board meeting in Montreal on April 8.

Mr. Dawson received a wire today from Vancouver stating that J. H. Pillsbury, superintendent of the Drydock, would also be leaving for Montreal tonight with Prince Rupert's tender on the building of the big Alaska steamer.

DEMPSEY IN THE MOVIES

Signs Contract For Million Dollars to Appear in Ten Pictures

LOS ANGELES, April 1.—Jack Dempsey has signed a contract for a million dollars to appear in ten motion picture films. The contract allows him to fight any time.

A training camp for the champion will be established next his dressing room on the movie lot.

CONSERVATIVE JOINS BRITISH LABOR PARTY

LONDON, April 1.—Lieut. Oswald Mosley, son in law of the Marquis of Curzon, who was originally elected to the House of Commons as a Conservative and re-elected as an independent has joined the Labor party.

Capt. H. L. Roberson, formerly of the G.T.P. Coast Steamship Service and now in the pilotage business in the south, is in town today having arrived early this morning from Triple Island after having taken the steamer Heathfield bound from Vancouver to Bombay, into the outside waters. He will go south on the Camosun tonight. He was picked up at Triple Island by Capt. J. Thomas on the Viner.

BIRTH

A daughter was born at the Prince Rupert General Hospital on March 31 to Mr. and Mrs. Charles Wallace.

STRIKE CAUSED IRISH TROUBLE

Destruction of Roads and Bridges Not Due to Political Action

DUBLIN, April 1.—The blowing up of bridges and destruction of roads in the counties of Longford and West Meath was due to labor troubles and not to action of a political nature, according to responsible opinion. The road workers are on strike in the two counties in consequence of proposals by city councils for reduction of wages and the destruction is alleged to be an outgrowth of the strike.

Republicans strongly deny responsibility declaring that De Valera's order against violence was being obeyed.

LABOR WOULD CEMENT EMPIRE

Authorizes Expenditure of Two Million Dollars on Cables and Wireless

LONDON, April 1.—The House of Commons yesterday authorized the spending of £400,000 or approximately two million dollars for the establishment of cable and wireless stations in the British West Indies and in British Guinea.

The purpose of the expenditure is to link the British possessions with the mother country to prevent imperial communications falling into the hands of foreigners.

LUDENDORFF IS ACQUITTED

Adolph Hitler Gets Five Years in Fortress and Fine of 200 Gold Marks

MUNICH, April 1.—General Ludendorff, German Field Marshal, was today acquitted on a charge of treason for his part in the unsuccessful revolt here last November.

Adolph Hitler, along with the Chief of Police Poehner was sentenced to five years in a fortress and fined 200 gold marks.

SPOKANE COMPANY IS FORMED AROUND MINE AT TELKWA

The Cassiar Crown Mining Co. has been formed in Spokane as a reorganization of the Cassiar Crown Copper Co. and the capitalization have been changed from \$1,500,000 to \$2,500,000. The officers of the company are Spokane men and a large portion of the stock is owned by Spokane. The property is near Telkwa.

VIOLENT EXPLOSION STROMBOLI VOLCANO

ROME, April 1.—A violent explosion occurred in the crater of the volcano Stromboli on the coast of Sicily. Windows in the vicinity were shattered and 15 persons were injured.

WILL SPEND MONEY ON ROAD TO JASPER

EDMONTON, April 1.—The Government will bring down in its supplementary estimates a sum to continue construction of the Jasper road. All there will be expenditures made on the trail from the maintenance vote.

Thought Messages
Across The Sea.

Despatches to southern papers tell of plans to send thought messages across the sea. Harvard University is taking the matter up and already has had some success in sending messages from one eastern city to another. The Vancouver Province draws attention to the fact that Archbishop Du Vernet of this city had been conducting experiments in this little understood field and had achieved notable results in sending thought emanations a distance of over 500 miles.

Arrival of Fliers
Is Big Event.

The arrival of the American fliers this week will be a big event and doubtless most local people will be anxious to see them. It is also understood that movie men will be taking pictures of their arrival and it would be well for a good showing of spectators to be made. As soon as word is received here of their leaving Seattle, which it is said may be on Wednesday, the news will be bulletined at various points in town, including the newspaper offices, and that will give people an opportunity to get out to view the flight around the city and the landing. As the landing will be near Seal Cove, a great many people will go there or to the hill overlooking the cove in order to watch the birdmen alight. It will be rather a spectacular event to most local people.

Greater Activity
On Queen Charlottes.

Activity on Queen Charlotte Islands is reported from time to time and this is steadily increasing. The big mill at Buckley Bay is increasing its output and at other points there is logging and mining going on. The black sands near Massett are being experimented on with a view to extracting the gold. These sands contain gold in paying quantities if it could be saved. The difficulty is that it is so fine that it is very difficult to separate it from the sand and to do it cheaply enough for the operation to pay. Some day this will be done and then there will be a big industry there, for there is any quantity of the sand.

Too Early Yet To
Comment on P.G.E.

It is too early yet to comment on the P.G.E. investigation. The commissioner who is a judge of supreme court of British Columbia and absolutely independent of the provincial government or of any other government, will give his report soon. In the meantime the only thing we know is that so far as the public is concerned the investigation fell flat and they are little concerned in what the report will be.

It is understood that the McRae adherents complain that the newspapers did not give it enough of the right kind of publicity. What they would have liked would have been reports which would emphasize their side and minimize the other. But the newspapers with a few minor exceptions are not doing that any more. They are giving the news of both sides as far as possible. If McRae and Tupper and the others had made the charges stick, the newspapers would have shouted it loud enough in black headlines. But they failed, judging by reports sent out and by the disappointment evinced by the leaders of the third party.

AT a dance the girls were all labelled and the men on arriving had to take them from the description. There were blue eyes, bobbed hair, red hair, auburn, locks, curly fringe, old maid's lick, the girl in white, the freckled girl, the girl with the golden eyebrows, and all the rest etcetera just like the meals on a bill of fare. One old grizzly veteran of many matrimonial scandals looked over the list and remarked: "Bring me the whole blamed bill of fare."

Ten Years Ago
in Prince Rupert

April 1, 1914.

A banquet in which enthusiasm and patriotism were noticeable features marked the formal disbandment of the Earl Grey's Own Rifles last night. Officers and men were all present and there were many expressions of regret at the decision of the government to terminate the activities of the regiment. The speakers included Capt. Stork and Lieut. S. P. McMorde.

H. C. Brewster and John Oliver are due in the city this week in the course of a speaking tour. They are now on their way up the coast and will go from here to the interior.

GENERAL HOSPITAL TO
GET 60C PER CAPITA

City Council to Pay on Same Rate in 1924 as Was in Force Last Year

A report from the finance committee recommending that a per capita grant of 60c for all patients domiciled in British Columbia be paid to the Prince Rupert General Hospital during the year 1924 was adopted by the city council last night without discussion. This is the same rate as was paid last year.

COULDN'T SLEEP
HEART WAS BAD
NERVES A WRECK

Mr. H. A. Reid, Upper Musquodobit, N.S., writes: "I am very thankful for the benefit I have received by using Milburn's Heart and Nerve Pills."

When I came home from overseas, in 1920, my heart was very badly affected by concussion, and my nerves were a dreadful wreck. I was very short winded, and could not possibly sleep at night, in fact, I was in such a condition I felt as if I did not wish anyone to speak to me, thought I would try Milburn's Heart and Nerve Pills, and before I had taken two boxes I could enjoy a good night's rest as well as anyone.

There are lots of returned men who are suffering the same as I did, and I feel sure that if they would only try Milburn's Heart and Nerve Pills they will receive the same relief that I have. Price 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

First Comes Safety

Two forms of investment you can safely buy "on faith,"—they are Government Bonds and Life Insurance.

Every dollar invested by a life insurance company must be reported to the Government at Ottawa. In every public library or life insurance office you may see the Government Report which gives a list of the securities owned by each company. Government inspection, plus good management, makes an investment in life insurance safe.

Life insurance should be the foundation of every Estate, and if you have not enough you should at once consult a life insurance man.

The winter storms have done very little damage at the Salt Lake this year. The floats are practically intact but the ladies dressing room needs some overhaul.

Arrivals from Edmonton tell of the heavy snowfall there at the week end and this was followed by a blizzard. Snow fell everywhere on the prairies and in some states the weather was very severe.

Tenders for the supply of pipe and fitting to the city were received at last night's council meeting and referred to the Board of Works with power to act. The bidders were Smith & Mallett and the Prince Rupert Supply Co.

The report of Fire Chief D. H. McDonald for the month of February submitted to the city council last night showed there were two calls during the month with no resultant damage. The payroll for the month was \$1,077.

A report from the finance committee recommending that lots 4 and 5, block 72, section 5; lot 11, block 25, section 8, and lot 15, block 27, section 8, be offered for sale by tender was adopted by the city council last night.

A petition from residents of Taylor Street asking that a ten foot roadway be built from the Summit Apartments to the residence of J. Sherman was received at last night's council meeting and referred to the Board of Works for report.

A cottage is being built at the Salt Lakes for B. M. Newell by S. A. Nickerson. The frame is up and the roof on and it will be ready for occupation within a week or two. It is overlooking the landing in the bay at the approach to the lakes.

The fire department responded to seven alarms during the month of March. The total damage has not yet been estimated but it is believed that it will be under \$500. The most serious fires were the blaze in the Howard Steen's garage on Borden Street and a shack fire on Fraser Street.

Local medical opinion is divided on a suspected case of small-pox that is confined in the isolation hospital. Some of the doctors believe that it is merely chicken pox while others take the view that it is small-pox of a mild nature following vaccination. In any case, precautions are being taken and the patient remains in isolation under care of a male nurse.

A letter from J. C. McRae, secretary of the Prince Rupert Club, stating that the members of the club were favorable to accepting the city's counter-proposal for the exchange of club property in lieu of the city removing rock from under the club premises but that final decision would have to be made by the debenture holders of the club was received and filed at last night's council meeting.

Ex-Mayor H. B. Rochester had a communication before the city council last night recommending that the usual spring clean-up measures be adopted this year. The letter referred particularly to the "disgraceful condition" of the site of the old St. James Hotel. The letter was referred to the Board of Works, Mayor Newton stating that the city engineer had already been given instructions in connection with the premises particularly complained of.

CITY HEALTH BYLAW IS BEING AMENDED

Poultry and Stock Cannot be Kept Within 25 Feet of Dwellings—Goats Provided for

An amendment to the city health bylaw to govern the keeping of goats was introduced and given its first readings at last night's council meeting. It provides that no poultry or stock may be kept within 25 feet of any building. Formerly the limit was 20 feet but goats were not provided for. In answer to a question by Ald. Collart, City Solicitor Jones stated that another section of the bylaw forbids the keeping of swine anywhere within the fire limits. Some of the aldermen were doubtful if the amendment would cover the complaint in point satisfactorily but it was the consensus of opinion that it was the medical health officer's duty to take action if any nuisances arose regardless of their proximity to dwellings.

RAMSAY MACDONALD WILLING TO RESIGN SOON AS NOT WANTED

Impresses American Correspondents as Delightfully Democratic and Affable

LONDON, April 1. — England probably never had a prime minister who appealed so universally to the instincts of humanity or who so nearly met the popular conception of "a man of the people" as Ramsay MacDonald. Reared in humblest circumstances, the man who now directs the destinies of a great empire, has insisted, even in his present exalted position, on following rigidly the simple life and excluding all social or official ostentation.

American correspondents who were privileged to have an hour's talk with the premier recently, found him delightfully democratic, affable, and outspoken.

BAD BLOOD PIMPLES AND BOILS

Banished By BURDOCK BLOOD BITTERS.

Miss Irene A. Matthews, Stayner, Ont., writes:—"I thought I would write and tell you of the experience and benefit I have derived from Burdock Blood Bitters. Some few months ago I was troubled with bad blood which broke out on my face in the nature of pimples, boils and ring-worm, and I got so bad I really did not know what to do. I was ashamed to go anywhere, and the itching and burning caused such a terrible sensation I could get no relief day or night.

One day a friend advised me to use Burdock Blood Bitters. I used one bottle and felt quite a relief, and by the time I had taken 3 bottles I was completely relieved.

I cannot praise B.B.B. enough and I hope anyone afflicted like I was will get the same benefit I received."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

with his finely shaped head, strongly delineated face, kindly eyes, and great wealth of hair, presented a picture reminiscent of those of Lincoln in the Civil War days. He was attired in the conventional home-spun sack suit, the trousers of which did not match the coat, woollen socks knitted by his daughter, and spacious well-worn brogues.

"It seems to me all wrong," the premier drawled in his broadest Scotch, "for a man to expect a large salary and other emoluments and privileges upon entering public office.

"I would be perfectly happy to resume my former private life, on an income of 400 or 500 pounds a year. My idea of a man who served his country well, is one who leaves office poorer than when he entered it.

Opposes Extravagance
 "It is a great mistake to make public service an avenue for an extravagant mode of life.

"Whenever the spirit of the British people indicates I am no longer wanted as prime minister, I am quite ready to go back to my porridge, potatoes, and plainness as simple citizen."

COL. MCMORDIE WINS HIS BILLIARD GAME

F. Aldridge Eliminated from Individual Competition Last Night—Score 500 to 281

Col. S. P. McMordie defeated F. Aldridge in last night's billiard tournament by a score of 500 to 281 thus eliminating the latter from the city individual championship competition. The game was a rather fluky affair and neither men were playing in the best of form. Both players missed many easy ones but made up in a measure for their misses with flukes.

The high break of the evening, 13 made by Col. McMordie, started with a fluke in-off the red. Another fluke was made with the potting of the white for the 19 count and the balance of the colonel's run was made by eight in-offs the red with the white off the table. Aldridge's high break was 17.

There were 104 innings with

The Prince George Tennis Club has been reorganized for the summer with the following officers: Honorary President, H. Wilson; president, J. O. Wilson; secretary, Vincent Giles. Besides the Wilson Cup, significant of city championship, two more trophies are to be contested for this year—one for the ladies the other for the men. Handicaps will be set for the competitions.

Not only in Prince Rupert but in various other towns of the northern and central districts, preparations are already under way for athletic activities during the coming summer. Universally winter sports have given place to planning for the outdoor season. Central athletic organizations and clubs for the various lines of sports are being organized at many points.

Those who are closely in touch with the Inlanders and Gyros, who will compete in the opening baseball game of the season next Sunday, note that the assurance carried recently by the rival factions is fast diminishing. The days and hours between now and the big fracas are being anxiously counted and, while both sides will doubtless retain their hope and courage to the end, it is apparent that they are rapidly developing a degree of respect for each other. Judging from the reputed merits of either side, it looks as if it will be anybody's old ball game.

Members of the Inlander are somewhat puffed up over the fact that both winners of championship cups in the Badminton tournament this week were members of that institution. A number of members are interested in various kinds of sport. Now they are looking forward to baseball and tennis in which they are likely to be heard from favorably. Bob Bartlett, who won the men's singles championship at Badminton, is also a good basketball player.

Winter racing in the Old Country this year has been marked by an unprecedented number of fatalities over hurdles and steeplechasing due to slippery ground after overnight frosts. During a recent period of 18 days, eleven horses were killed while participating in various meetings, one being the steeplechaser "Southampton"

The Basketball Association held a meeting last night and decided to stage a banquet in the near future, the main feature of the affair to be the presentation of cups won by various teams during the past season. A financial report for the season's activities was also presented and a substantial cash balance was shown. Those attending the meeting, which was held in the Elks' Home, were President Fred Gilhuly in the chair, P. Laporte, Ralph Smith, Eddie Smith, Harry Love, Harry Breen and J. Campbell.

City Council Seeks Advice of Fred Stork, M.P., on Question of Sending Man to Prairies

Ald. Casey making a suggestion to that effect, the city council last night, on motion of Ald. Perry, seconded by Ald. Evitt, decided to send a telegram to Fred Stork, M.P., seeking his advice on the advisability of sending a man to the prairies to further develop the agitation for the establishment of Prince Rupert as a grain shipping port.

The question was discussed from various angles, some of the aldermen being quite enthusiastic about such a movement being started and others feeling that it would do no harm to at least send a wire to Mr. Stork. Accordingly it was decided to do so.

**PART OF OLD LAND
MARK TO BE MOVED**

Council Decides to Take Down Approach to Garbage Wharf in Westview

The approach to the old garbage wharf in Westview or a part of it at least is to be removed by the city council at the request of the Canadian National Railways. A report to this effect from the Board of Works was adopted by the council last night. Ald. Perry stated that the structure had become somewhat of a menace to passing trains. It was the intention of the committee to leave the wharf and part of the approach. Some of the timber to be taken out could be used elsewhere by the city.

Ald. Evitt was glad that it had been decided to remove the structure but he would like to see something provided in the nature of steps to allow access to the waterfront by Westview residents.

Ald. Perry stated that it would be impossible to do so. This would constitute a level crossing.

Ald. Macdonald and Ald. Collart were also in favor of access being retained to the waterfront at this point. The latter suggested a trail.

Mrs. M. Chevalier, Belle River, Ont., writes: "For eight years I suffered from despondency and nervousness.

Sometimes I could not sleep at night for worrying and the next day I would be so tired that my work was a burden to me. I began using Dr. Chase's Nerve Food and can say I am now entirely relieved of the nervousness from which I used to suffer, and things do not worry me as they used to.

"Dr. Chase's Ointment also relieved me of eczema on my arms, which had bothered me for three years. My house is never without Dr. Chase's Medicines."

**HOUSE WIRING
REGULATIONS**

Stringent Bylaw in This Respect May be Modified by Council

A letter from Arthur Brooksbank suggesting that deviation be made from the present fire limit bylaw allowing him to have electric wiring done in an apartment block he plans building on Third Avenue by use of the knob and tube instead of the conduit system was received at last night's council meeting and referred to the utilities committee for investigation as to the advisability of altering the bylaw.

Mr. Brooksbank stated in his letter that he had succeeded in financing the building which would cost between \$7,500 and \$8,000. The installation of conduit would cost some \$400 more than knobs and tubes, however, and some difficulties of this nature might yet interfere with financing. In the meantime, he expected that the building could only be used for residential purposes. The superintendent of utilities was willing to grant permission to use knobs and tubes but he desired protection in doing so.

Ald. Macdonald explained that permission had been granted by a former council to the end desired by Mr. Brooksbank but the present fire limit bylaw made such permission ultra vires. The only way to comply with the request was to alter the bylaw. He was personally in favor of doing so.

Ald. Collart felt if the superintendent was willing no unnecessary obstacle should be put in Mr. Brooksbank's way. He moved that the matter be referred to the utilities committee.

Ald. Perry seconded, stating, however, that care should be taken where such amendments to bylaws were concerned. After Ald. Casey had voiced some criticisms as to the stringencies of the fire limit bylaw, the motion was put and carried.

City Solicitor Jones reminded the council that the Fire Marshal's Act also set certain restrictions in the matter.

City's Mattress Grading Program to be Extended to Eastern Limits in Section Seven

The city's program of mattress grading, already started on Fifth Avenue East and provided for on Seventh Avenue East, is to be extended to Seal Cove thus completing a trunk road from the centre of the city to the eastern boundary. This will be the result of a local improvement bylaw introduced and given its first readings at last night's council providing for the construction of a 45 foot road with mattress of timber and 10 inch crown of sand and broken stone on Sixth Avenue from Hays Creek Bridge to Immanuel Street, on Immanuel Street to Seventh Avenue and thence along Seventh Avenue to the city boundary near the plant of the Canadian Fish & Cold Storage Co.

A bylaw providing money for the construction of a 5 foot 4 inch sidewalk on the north side of Fifth Avenue East where grading is about completed was also put through its first reading. It provides for repayment in five years.

COAL TENDERS

Council Receives Tenders for Supply of Carload to City Hall

The following tenders for the supply of a carload of coal to the city hall were opened at last night's council meeting and referred to the finance committee with power to act:
Albert & McCaffery—Nanaimo-Wellington coal at \$12.15 per ton.
D. McD. Hunter—Superior Yellowhead coal, \$9.90 and \$11.05; Balkan, \$10.65.
Prince Rupert Coal Co.—Sterling, \$9.15; Telkwa, \$10.65; Lady-smith-Wellington, \$12.54.
Philpot, Evitt & Co., Ltd.—Nanaimo-Wellington, \$9.75, \$12 and \$12.48.
A report from J. W. Exley, janitor, stating that an average

of 1480 pounds of Sterling coal had been used daily (including the reading-room supply) and recommending that a better lasting coal such as Telkwa or Vancouver Island be ordered was received and filed.

Fake Messages are Favorite Methods of Honoring Day

Capt. John Hanson of the U.S. halibut schooner Scandia called up the Daily News to report that he had passed the schooner Polaris, Capt. Neils Pederson, early this morning and that the latter craft had a large sea serpent in tow. He stated that the Polaris was due in port at 2 o'clock this afternoon.

The joke subsequently turned out to be even more complete. Neither the Scandia nor Capt. Hanson are in port so the question is "when will the sea-serpent arrive?"

The Daily News society reporter was asked this morning to call up one of the city's most popular hostesses regarding an important society gathering alleged to have taken place last night. It was evidently an April joke for there was no story obtainable. Just fooled again!

That an elevator for Prince Rupert might well be the subject of a definite announcement rather than an April Fool Joke was the general opinion around town today although there were plenty of jesters about asking neighbors if they had heard the news that a million dollar appropriation had been made. A clever cartoon being shown around the city hall depicted "the Stork" flying westward with the elevator in the conventional wrapping hang-

NOT FLYING RACE BUT EFFORT TO BE ROUND WORLD FIRST

Chance of Success Favor Americans Declares Editorial Writer

The chief of the American army air service, it was announced, declined the suggestion made by the head of the royal air force that the round-the-world flights being undertaken by the airmen of the two countries should be put on a sporting basis and regarded as a race. Despite this, they will be viewed in that light by most of those who follow the news of the progress of the two parties. In fairness to both, however, it should be kept in mind that there is a very great difference in the conditions under which the attempts are being made.

The British are using but one machine carrying four men and the chances are heavily against it being able to make the round of the globe. The Americans have four machines and are going on the slow but sure plan. They left Los Angeles on March 17 and their schedule does not call for them to be at Washington till August 8. They will not fly when the weather is stormy. Going by way of Iceland and Greenland, they will avoid very long over-sea flights, while the British hope to repeat the achievement of Alcock and Brown, who dashed straight across the Atlantic in sixteen hours in 1919. The Americans are seeking to establish an aerial trade route and declare that by getting back safely to the United States they will have obtained glory enough in demonstrating the practicability of this, even though they do take the greater part of the year's good flying weather to accomplish the feat. At various stations along the route replacement parts and extra Liberty engines will be available.—Edmonton Bulletin.

impressed the clergyman as being glassy, rather than blinded, and his eyeballs moved in a nervous manner when the clergyman gazed at him in a fixed manner. Herr Grunwaldt knows something of hypnotism and immediately suspected that the youth was under hypnotic influence.

While the young man was in the clergyman's study Dr. Achilles telephoned and stated he was on the way to get his patient. The boy broke down and cried when he heard this news, but accompanied Dr. Achilles. When Herr Grunwaldt communicated his suspicions to the boy's parents they consulted physicians who had tried to diagnose their son's trouble and finally removed him from the care of Dr. Achilles, who at first refused to let him go. The young man has slowly recovered his sight.

BRITISH HANGMAN RESIGNS POSITION

John Ellis Got Fifty Shillings for Each Execution and Similar Amount for Conduct

LONDON, April 1.—John Ellis, the official hangman of Great Britain, has resigned his job but has not given any reason for doing so. For over twenty-three years he had held the position and dozens of criminals, notorious and otherwise, passed through his hands to their doom.

Ellis lives at Rochdale, where for several years he had a barber shop. He is very devoted to animals. He is a student of criminology and reads the accounts of murder trials in the newspapers with professional interest.

His fee for dispatching a criminal was fifty shillings and another fifty shillings for "good conduct." The latter amount was paid in consideration of the fact that he was forbidden to stay at a public house near the scene of the execution and earn a commission for attracting custom as was the executioner's privilege in former years.

Ellis is a breeder of poultry and it is said that he is so devoted to his birds that he gets a friend to wring the necks of those he wants to kill.

NURSES NOT GIVEN AN EIGHT HOUR DAY

HAMILTON, March 31.—The question of an eight-hour day for nurses was introduced at the meeting of the hospital board here when a letter from the Trades and Labor council, which requested that the nursing staff be placed on an eight hour day basis, instead of two shifts of twelve hours each, was dealt with. The matter was referred to the general superintendent and superintendent of nurses for a report.

"It would be impracticable for private nursing," said Dr. W. Langrill, general superintendent. "It would require three nurses to complete the full day, would to a certain extent disorganize treatment and would not be in the interests of the patients, he pointed out.

THE PIONEER IN CANADA

Thirty-two years ago the now famous "SALADA" Tea was placed on the market in metal packages. "SALADA" was the pioneer package tea in Canada. Immediately its superior flavor and purity won for it a great popularity that has been growing ever since. It is still a little different and a little better than ordinary tea.

VENGEANCE OF PAGAN GODS ON DESECRATORS

Only Evil Will Come to Those Who Fail to Respect Heathen Heiau

HONOLULU, April 1.—The gods of ancient Hawaii again wreaked their vengeance upon the whites who made merry upon the site of a former heiau, or old-time temple of worship, according to Hawaiian superstition, when the famous clubhouse of the Order of Elks on the beach at Waikiki was damaged by fire to the extent of \$85,000.

The flames, caused by defective wiring, were the last of a series of untoward events, including murder, that occurred at the site of the heiau, which nestles at the foot of Diamond Head. According to Hawaiian medicine men, only evil will come to those who desecrate the site of an ancient heiau.

The clubhouse was built many years ago by the late James B. Castle, a descendant of the missionaries who came from New England to the islands in 1820, as a residence for his family. During the occupancy of the Castle family two Japanese were murdered in the grounds and attention was called at that time to the tradition of the heiau.

Mayor Newton notified the aldermen at last night's council meeting that an invitation had been extended to all the members of the city council by Jarvis H. McLeod, local representative of the U.S. round-the-world flight, to be present at Seal Cove when the American fliers arrive from Seattle this week.

Notice is hereby given that the reserves covering the lands formerly held under Titles Licenses Nos. 32379 and 32380 are cancelled.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS
Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 2,000 feet per acre east of that range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

HYPNOTIC SPELL IS CAUSE OF BLINDNESS

Man Arrested for Keeping Youth Under His Influence Until Lost Sight

POTSDAM, April 1.—Dr. Achilles, a doctor of philosophy of Stettin, has been arrested on a charge of keeping a young man under hypnotic influence for a long period with the result that he was temporarily blinded. The case became known through a strange combination of circumstances. On January 13 of last year Herr Grunwaldt, a local clergyman, was impressed by the unusual appearance of the blinded youth, who sat near the pulpit during service.

Glassy Eyes
The clergyman after the service invited the young man and the woman who accompanied him to visit him in his study. The young man spoke in a confused manner about theosophy and philosophical subjects. His eyes
