DEBT OF FRANCE IS ABOUT TO BE FUNDED

CIVIL WAR IN CHINA CONTINUES BUT RAIN INTERFERES WITH OPERATION

Proposal to Fund Debt of France to States Over Term of 67 Years

Half the Amount of Payments to be Reinvested in French Industrial Bonds, is Mellon Scheme.

(Special to Daily News)
WASHINGTON, Sept. 15.—Commissioner Hurley, a member of the debt funding commission, on Saturday submitted the Mellon plan of payment of the French debt to the United States. It provides for extending the payments over a period of 67 years. Under the scheme, France is to pay to the United States \$100,000,000 and interest.
If France accepts the proposal, the United States will agree to reinvest half the amount so paid in French industrial bonds.

FOUR KILLED BY LIGHTNING

Oil Tank Struck at Monterey, California, and Much Damage Results

MONTEREY, Cal., Sept. 15.—Four soldiers of the thirteenth infantry were killed and many persons, most of them soldiers, injured while hundreds of thousands of dollars worth of property including five homes was damaged and the entire countryside menaced late Sunday by a fire when lightning struck a 55,000 gallon tank of oil here.

MESSAGE SENT BY TELEGRAPH TO SICK MAN

J. T. Phelan Aroused From Unconsciousness by Tick of Instrument

VANCOUVER, Sept. 15.—J. T. Phelan, superintendent of the Government Yukon Telegraph system, who was seriously ill for some time, was aroused from a state of unconsciousness by a muffled call of the telegraph instrument sounding a personal call. After futile attempts to penetrate his unconsciousness the telegraph instrument was decided upon and once his attention was attracted by the signal the operator sent a number of cheery messages, which Mr. Phelan acknowledged by a nod of the head. His condition is so serious that he is unable to speak.

ARGENTINE FLYER TO CROSS PACIFIC

His Advance is Making Arrangements for Laying Supplies on Kurile and Aleutian Islands

TOKI, Sept. 15.—Patrick Murphy, advance man for Pedro Zanni, the Argentinean round the world flyer, is going ahead with plans for the flight across the Pacific and is arranging for a steamer to lay supplies on the Kurile and Aleutian Island route. Zanni last week had a new plane delivered to him at Hanoi, French Indo-China, to replace the one which was wrecked recently.

VERY LITTLE GAME SECURED

Opening of Season Did Not Show Very Good Bags For Sportsmen Who Were Out

Very little game was brought in last night for the opening of the season. The deer were at the top of the mountains and the day being so quiet it was difficult getting near them. A few parties have gone out for several days and they probably will report better luck than those who have arrived home. Most of the hunting records show two ducks, or one grouse, or one goose, or four or five teal, or "nothing in sight."

The fog delayed some of those who were going rather far afield and it was noon before some of them got into the woods. Ducks were very scarce everywhere, but there were a few geese flying although they were very wild.

The remains of the late James McKay, who died here last week, will be forwarded by the B.C. Undertakers on this afternoon's train to Nine-Mile River, Nova Scotia, where interment will take place at the family home. Relatives of the deceased reside in Halifax.

Norman Watt Appointed to Post of Government Agent Succeeding Late T. W. Herne

The announcement has been made in Victoria by Hon. T. D. Pattullo of the appointment of his secretary, Norman Watt, as government agent at Prince Rupert, succeeding the late T. W. Herne who died early this summer. Mr. Watt will arrive in the city shortly with Mrs. Watt to take up his new position.

Mr. Watt is well known throughout Northern B.C. and the Yukon having resided for many years in Dawson, where he was once a member of the city council and the Yukon council. Having visited Prince Rupert on many occasions as secretary to Mr. Pattullo, he is also well known here. His experience in provincial government affairs will make him well fitted to take up the important duties connected with the office of government agent here.

Mr. Watt has a brother here, Garnett Watt, local representative of the Mutual Life Assurance Co. Since the death of Mr. Herne, A. M. Davies, chief clerk, has been acting government agent.

SEARCH FOR LIQUOR IN BRYAN'S CAR

Bottles Found But They Contained Mineral Waters: Sheriff Congratulated

(Special to Daily News)
LONGVIEW, Washington, Sept. 15.—When the car of William Jennings Bryan was searched yesterday by the sheriff en route through Cowlitz county, bottles were found aboard but the contents did not have the right kick to cause an arrest. When the car was stopped Bryan admitted he had bottled goods aboard but said that they were mineral waters used by him on his electioneering tour through the west.

The sheriff and Bryan enjoyed a Volsteadian drink together and the big politician and temperance advocate congratulated the sheriff on his watchfulness.

Bryan is touring the western states in the interests of the democratic candidates.

STRIKING KNOCKED OUT MILWAUKEE MAN

PORTLAND, Sept. 15.—Striking knocked out Mike Nester of Milwaukee on Saturday night in the second of a scheduled twelve round bout.

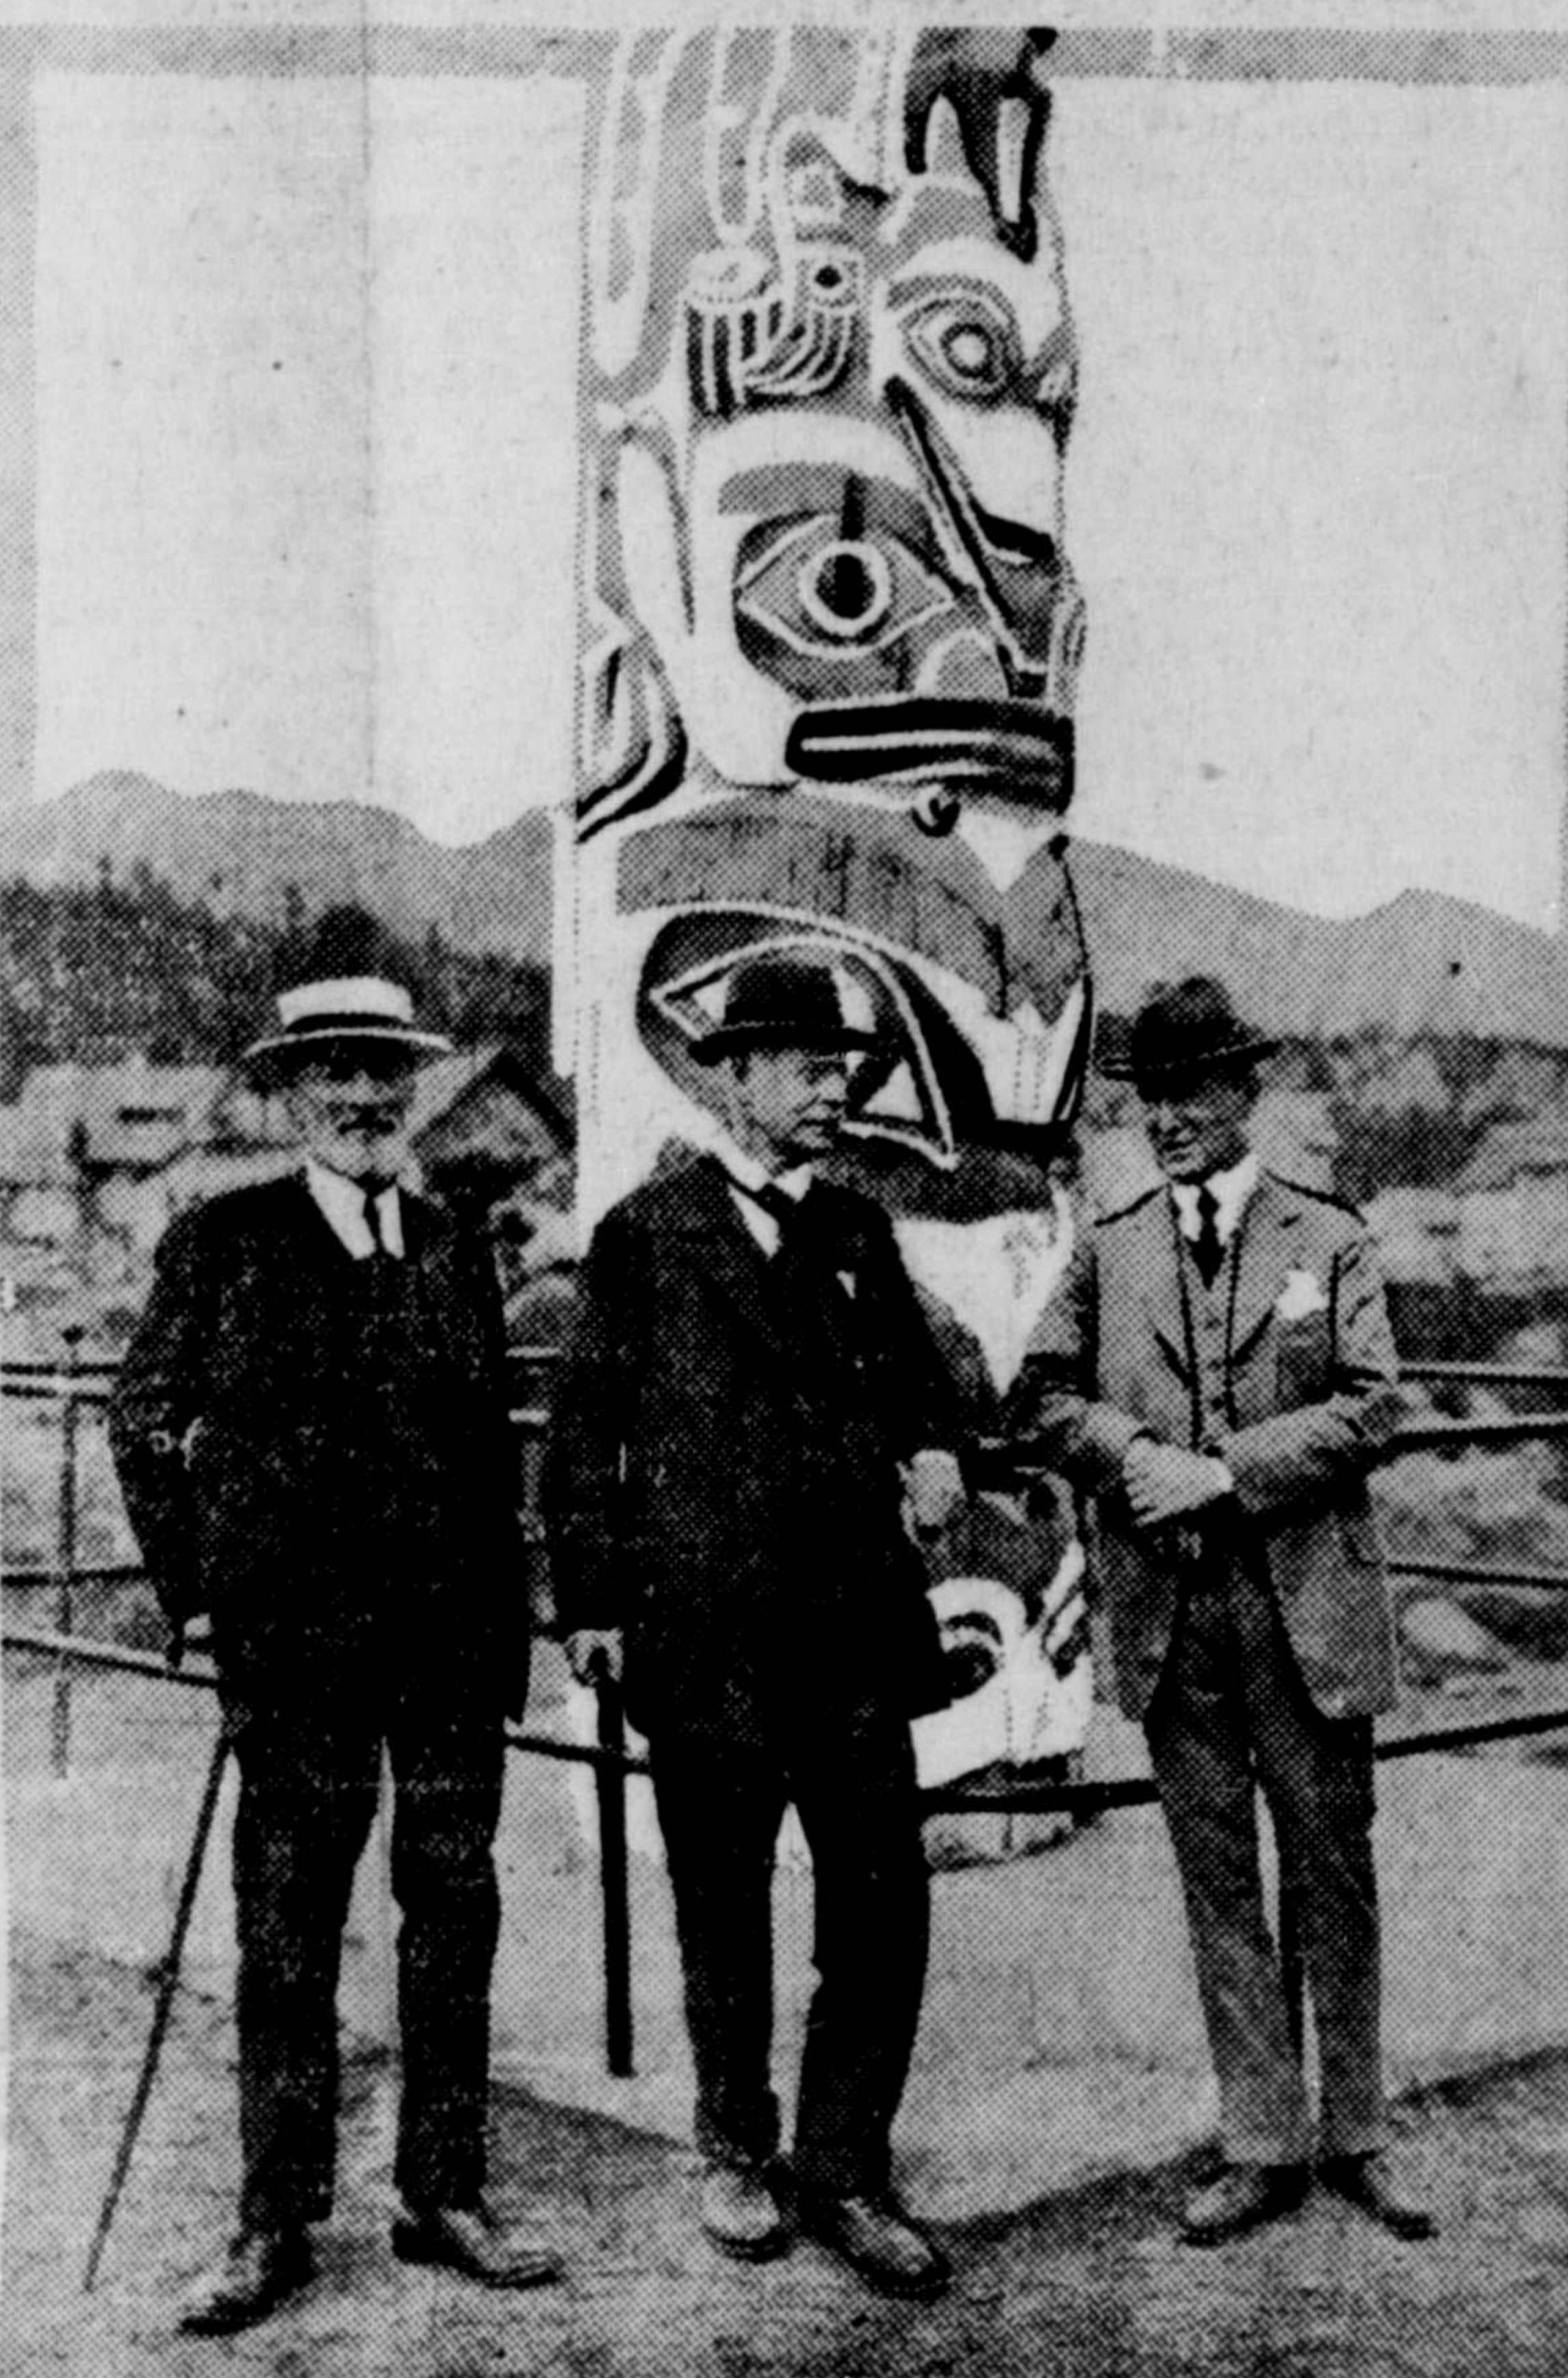

HARTLEY GOVERNOR OF WASHINGTON STATE

SEATTLE, Sept. 15.—The unofficial count in the gubernatorial contest gives Hartley the victory over French by a majority vote of two thousand.

RICH GOLD STRIKE ON STIKINE RIVER ATTRACTS MINERS

(Special to Daily News)
WRANGELL, Sept. 15.—Fifteen persons have engaged passage for a trip up the Stikine River to the new gold strike in British Columbia where a rich find was reported last week.

BRITISH SCIENTISTS AT JASPER PARK

THE special Canadian National trains, carrying the members of the British Association for the Advancement of Science were halted at Jasper, Alta., long enough for the visiting scientists to see some of the beauties of Canada's largest national park. The visitors were entertained at Jasper Park Lodge and were also taken for

drives to Maligne Canyon and Mt. Edith Cavell. Photograph shows three members of the party standing before the totem pole at Jasper Station. Left to right, they are: Senator Faure (of France); Sir Charles Parsons, inventor of the turbine engine, and Sir Robert Falconer, Chancellor of Toronto University.

President of Fair Association Well Satisfied With Result of Exhibition: Many People in City

"Under the circumstances, I am well satisfied," stated Joe Greer, president of the Northern B.C. Agricultural & Industrial Association, this morning in speaking of the 1924 Exhibition, the festivities in connection with which closed on Saturday. The attendance was much larger than last year and figures computed on Saturday indicated that the gate receipts to the building alone had exceeded those recorded both at the building and sports grounds in 1923. "The expenses were heavier this year, but I hope we will break even financially and we will be lucky if we do," said Mr. Greer. "On account of the weather, we practically lost three days' gate at the grounds. Had it not been for the rain, the gate at the exhibition building would undoubtedly have been even larger and we would have been assured of a good balance on the right side of the ledger."

"If course, there were a great many more people in the city than at previous fairs and I attribute that fact entirely to the early and effective advertising campaign that was instituted to reach outside points," declared Mr. Greer.

According to evidence at the preliminary trial at Jasper, Smith had sent Crovi to the pay office to get his money and said that he would no longer be required. Soon the man returned and creeping up behind Smith plunged a knife into his back and neck. The victim shouted for help and Crovi was soon overpowered and the wounds of Smith attended to. Both were sent here on the next train.

AMUR BOUGHT BY VANCOUVER CAPTAIN

The old steamer Amur, which was seriously damaged when stranded near the mouth of the Skeena River last winter, has been sold by the underwriters who took her over to Capt. A. Berquist of Vancouver it is reported in the south. The new owner, it is stated, intends to operate the vessel in the coast-wise freighting service.

ATTEMPTED MURDER CHARGE AT JASPER

Employee Tries to Kill Foreman Who Has Discharged Him

EDMONTON, Sept. 15.—Charles Crovi is awaiting trial at Saskatchewan jail on a charge of attempting the murder of his foreman Dave Smith by stabbing him in the back at Jasper Park. Smith is here in the hospital being treated for severe wounds in the back caused by a knife.

According to evidence at the preliminary trial at Jasper, Smith had sent Crovi to the pay office to get his money and said that he would no longer be required. Soon the man returned and creeping up behind Smith plunged a knife into his back and neck. The victim shouted for help and Crovi was soon overpowered and the wounds of Smith attended to. Both were sent here on the next train.

BIRTH

A daughter was born at the Prince Rupert General Hospital on September 14 to Mr. and Mrs. Enroy Dutton, 833 Summit Ave.

Downpour of Rain is Cause of Cessation Civil War in China

(Special to Daily News)
SHANGHAI, Sept. 15.—The forces defending the city made a slight gain against the invading Kiangsu forces at the week end when the latter were driven back in the Changchow sector. Another downpour of rain made a morass of the battlefields, causing cessation of the conflict.

Both sides are reinforcing as fast as possible and drawing upon the whole countryside. The Manchurian forces are said to be still advancing toward Peking and a decisive engagement is looked for in the near future.

FLYERS REACH DAYTON, OHIO

Make Five Hundred Mile Flight in Six Hours Forty-five Minutes

(Special to Daily News)
WASHINGTON, Sept. 15.—The three round the world flyers hopped off from here bound for Dayton Saturday in a clear atmosphere.

DAYTON, Sept. 15.—The United States round the world flyers arrived safely from their jump of 500 miles, making the flight in six hours and 45 minutes.

GATE RECEIPTS FOR FAIR AWAY AHEAD OF 1923

Admissions during the Exhibition Week to the Fair Building, including the carnival Friday night and the concert and dance on Saturday, totalled 3910 and to the sports grounds, 1212. Despite the unfavorable weather, these figures are both higher than last year's which were respectively 3,279 and 1120. The total gate receipts for the five days of the Fair were \$2,447.25 which is nearly \$1,000 higher than last year's which were \$1,567.25. There were 294 paid admissions to the ball grounds on Saturday afternoon and 235 to the dance in the evening.

FLIGHT POSTPONED OF BIG ZEPPELIN TO UNITED STATES

(Special to Daily News)
FRIEDRICHSHAFEN, Germany, Sept. 15.—The transatlantic flight of the airship ZR 3 has been postponed until late in September. A defect was found in one of the motors. The big Zeppelin is coming to the United States to be used by the government for military purposes.

EXPLORE LAND ARCTIC CIRCLE

WASHINGTON, Sept. 15.—A possible aircraft expedition to explore a million unknown square miles between Point Barrow and the North Pole may be made probably in May or June, said Capt. Robert Bartlett, commander of the Cutter Bear in a statement issued here.

VISITORS GIVEN GREAT SEND-OFF

Last Hours of Ketchikan Excursionists in City Were Joyous as Rest of Two Days Here

The last hours spent by the Ketchikan excursionists in the city on Saturday night were quite as joyous as the entire two days preceding. Following the concert and dance in the Fair Building and the smoker in the Elks' Home, the visitors were given a rousing send-off when they embarked for home on the steamer Prince George at midnight. Accompanied by large forces of local Moose and Elks and headed by the local band, the large party paraded from the Elks' Home to the steamer and were serenaded by the pipe band. There was much enthusiasm displayed and invitations for the Ketchikan people to come again and the local people to return the visit were voiced again and again. It is safe to say that the trip of the Alaskans to Prince Rupert has served to cement the friendship between the Canadians and Americans of this part of the coast in a manner such as was never done before.

The concert and dance in the Exhibition Hall started at 8 o'clock. The Ketchikan city band gave the concert and music for the dance was played by the Moose Saxophone Band. Ben Self was master of ceremonies and there were about 250 people in attendance.

At Elks' Home

Shortly after 10 o'clock, the visitors proceeded to the Elks' Home for the smoker where Ben Self again presided. The program included boxing exhibitions as follows: Mike Comadina vs. Ned Byrne; Dido Gurvich vs. Tommy Fraser; Eddie Craggs of Anyox and Sharkey's Filipino of Ketchikan. J. McAleenan refereed and all bouts were declared draws. Speeches were made by Mayor Newton and Ben Self of Prince Rupert and A. Wallstead and Lawrence Kuble of Ketchikan. The committee in charge of the smoker comprised James Bacon, Charles Folsom, Harvey Fraser, George Waddell and others. Refreshments were served and the large attendance included ladies.

EARTHQUAKE REPORTED VICTORIA OBSERVATORY

VICTORIA, Sept. 15.—A series of severe earthquakes was reported on Saturday by the Observatory at Gonzales Hill. They probably originated in the Philippines Islands.

Playing Politics In United States.

Despatches today tell of the stopping of William Jennings Bryan by the Sheriff and the search of his car where mineral waters were found. Apparently they play politics to the limit in that country.

Gold Strike On Stikine River.

A second reference to a gold strike on the Stikine River is made today in despatches from Wrangell. Apparently there is likely to be a good deal of mining activity in the Stikine district of British Columbia.

Why Not Exhibit From Alaska At Fair.

Now that the Alaska people have commenced coming to the fair why not try to secure an exhibit from Alaska for the fair next year.

Lighter Than Air Machines Not Yet.

Lighter than air machines have not so far proved much of a success in connection with the progress of aviation.

Vancouver Holds Up Government.

It looks as if Vancouver was holding up the government in the matter of the Capilano timber reserves.

The Vancouver members know that the government cannot get on without their support and that if they lost it they must resign.

The present Vancouver situation is one of the weak points in the democratic system of government, as we have it in this country.

FLY-TOX KILLS Flies

MANY TURNED OUT TO FAREWELL ANYOX PEOPLE LAST NIGHT

Members of the Fair Board, the football association, the Carnival Queen party and friends generally turned out last night to farewell the Anyox football team and Miss Gladys Dodd.

TALE OF THE SEA AT WESTHOLME THEATRE

Picture Shows Storm and Lightship, and Tells Wonderful Story

The story "Code of the Sea" is an original for the screen by Byron Morgan, author of many of Wally Reid's automobile successes.

In the picture, La Rocque has the role of Bruce McDow, first mate on the lightship Barrier Reef. One night a great storm comes up, and the yacht Neroid, on which is Jenny Hayden, McDow's sweetheart, goes on the rocks and is breaking up fast.

The lightship springs one of her forward chains, but McDow orders his men to ride it out until they break loose. He put out to the Neroid in a small boat, picking up a lifeline, which has been shot out from a shore station and fallen short.

LURE OF TROPICS IN THUNDERING DAWN

Unending Series of Thrills in Story Shown Here at the Week End

An unending series of thrilling situations gripped the life of Jack Standish, virile young Yankee fugitive from society in a remote Javanese port.

The fiancée he had left behind sensed his danger and hurried to him with her love, only to discover that another woman, a creature of the Javanese cabarets has claimed him in mad infatuation.

With heroic self sacrifice she pitted her heart against the wiles of the tropics. Risking all, even her honor, in a struggle to win her mate back to sanity and civilization, she daily saw him succumbing more and more to the languid lure of the lotus eaters.

Then came the wrath of the typhoon—the demoniacal wind storm that breathes destruction through the tropics. Trees, houses, people, whole villages were caught in its vortex.

In the mad rush of swirling waters, the whole earth seemed to be doomed. In its midst, a man feebly struggled for breath and safety, and a slim girl struggled too, for the life of a wastrel hardly worth the saving. In this cataclysm of human emotions and elemental fury is enacted the most dramatic scene of adventurous love ever shown on the screen.

James Jackson, Indian, was fined \$40 in the city police court this morning for intoxication.

The Chinese gambling cases in the city police court have been adjourned until Wednesday.

Pat Spence, Indian, charged with intoxication, was dismissed in the city police court this morning.

LARGE ATTENDANCE AT NATIVE BURIAL

Mrs. Emily Deelgren, Who Died at Inverness on September 12, Was Interred Here

There was a very large attendance of Massett Indians at the funeral of the late Mrs. Emily Deelgren which took place on Saturday morning at 11 o'clock from the B.C. Undertakers' Parlors to Fairview Cemetery.

Deceased, who was the wife of Gunner Deelgren and who died at Inverness on September 12 was a well known resident of Massett.

Among others there were flowers from the staff of the Inverness Cannery and Mr. and Mrs. R. G. Johnston.

OAK BAY LOTS WERE NOT IN DEMAND AT RECENT TAX SALE

VICTORIA, Sept. 15.—Out of 98 parcels of land offered for sale in the Oak Bay municipality only five lots were sold at the recent tax sale but the clerk reports several more are likely to be sold.

Much of the land offered for sale was on good streets with sewer and water.

FASHIONS & FOIBLES by Shirley Sharon

Since the advent of the motor and the movies, there are no longer any plain country women and even gingham dresses are cut on smart lines.

WHAT might be called a sublimated gingham dress has a smart version of the new side closing and a sleeve that might be considered modest whichever way you take it.

The Man in the Moon SAYS--

MAN IN MOON TO ETA ETAO E THE most annoying thing about this bobbed hair craze is to find something to take the place of hairpins for cleaning the pipe.

ANOTHER thing the wife does not like is not being able to tell that it is a woman's hair on hubby's coat.

ONE thing about being rich, you do not hate rich people.

SOME day, I suppose our posterity, if we have any, will look back and talk of the good old times, meaning 1924.

THERE'S one thing about the modern girl. She does not giggle all the time. She is likelier to look you in the eye and remark: "Cut the rough stuff or you get the gate."

IT is said that no girl should teach school more than three years in one town. If she can't get a husband in that time it is better to try the next.

ONE of the signs of the times is that Prince Rupert people are beginning to come back. That's where they differ from Carpentier.

THE fair is over and we are still alive. Thank heaven!

SHEIKS DIRTY AND NOT PROUD

Norma Talmadge Tells of Experiences Among Them When Travelling in Algeria

SCRAMBLED FOR MONEY

Before starting work in "The Song of Love," Norma Talmadge says it struck her that it would be a very good thing to see some of the places where the action of the story took place, and it also occurred to her that it would be a very good thing to look at the original Garden of Allah. She says:

"It was a wonderful trip—strange, colorful and never to be forgotten.

We had already been on a motor trip through Germany and France, and we were all pretty tired out, so my mother and my sister Constance struck when we got to the Sahara. They couldn't seem to hear the call of the desert. Therefore I went on alone out over the famous world-old caravan routes with my husband and John Considine.

We went first to Algiers, which is interesting but pretty well tourist-ridden. From there we took a funny, jerky, smelly French government train to Constantine. Then we motored south to Batna and then to Biskra. Near Biskra are the marvellous gardens now known to everyone as the Garden of Allah. It is a marvellously beautiful place.

At Biskra, my husband took me into a native dance hall, where we saw the first of the sheiks.

The Dancing Girls

It was very queer and rather creepy. There was a sort of vaudiville show with dancing girls who appeared on a little platform while the audience sat squatted around on the floor smoking hookas and drinking thick sweetish Turkish coffee. It was just like the scenes that Robert Hichens describes. The tobacco smoke was so thick you could cut it with a knife and the place smelled as though a Chinese family had just moved out.

The Arabian hours, I shall have to confess, were not up to the advertising. In fact, most of them were not Arabian anyway. The majority of the dancing girls were either Spanish or Jewish and were the only unveiled women that we saw.

One or two of them were really lovely, but the rest wouldn't get very far in a movie test.

Bored and Languid

The dancing was nothing like the wild, hectic Arabian dancing that I had heard about. In fact, you could hardly call it dancing at all. All the girls did was to get up before the audience one at a time and wave their scarfs or handkerchiefs around, in a lazy, bored way. Once in a while they shook their shoulders and

Swift fingers, keen mind, and nourishing Kellogg's just naturally go together. So delicious and easy to digest—far better than heavy foods. Kellogg's CORN FLAKES Oven-fresh always

made a few gestures with their arms. To tell the truth they looked bored to death. In this regard they had nothing on the audience.

The real sheik doesn't appear to be an animated character. While the girls were dancing the men hardly looked at them, but sat around like lumps of lead, only their black piercing eyes showing any signs of human animation. Most of them were dirty and unattractive. There was only one Valentino among them. He was really gorgeous but disdainful.

Scrambled For Money

The only time that the place roused to anything approximating life was when my husband tactfully deposited some good American coins as a little tribute of our appreciation. The proud sheiks of the desert did not disdain to take part in the wild scramble. Even the Valentino one unbent and joined the scramble.

The next day we saw most of the same dancing girls squatted out in front of their little houses in the narrow, ancient streets. It suggested the notorious Yoshiwara of Japan, and I felt that the chaste damsels of the desert were in need of some kind of an Algerian Will Hays to watch over their morals.

LIKELY A RECORD IN HUNTING THIS YEAR

Reports Throughout Canada Indicate Renewed Interest in Game

MONTREAL, Sept. 15.—There is every indication that the hunting season this year will create a new record as far as the number of hunters going into the woods is concerned, according to G. Poole, fish and game representative of the Canadian National Railways, who has returned to Montreal after a trip through the maritimes, Quebec and Ontario, studying conditions in the forest along the lines of the system. Mr. Poole is very pleased with the prospects and states that he has found outfitters and guides in the hunting regions of Ontario, Quebec, New Brunswick and Nova Scotia very enthusiastic and positive the rewards for sportsmen this year will be greater than they have been for many years.

This belief is supported by what has occurred in northern Quebec since the opening of the deer shooting season which opens earlier than in any of the other provinces. Outfitters along the transcontinental section of the Canadian National Railways and those lines which tap the lakes St. John, Abitibi and La Tuque regions, are already entertaining so many hunters that they are having difficulty in securing sufficient qualified guides to meet the demands.

Stewart's dance orchestra, of Kincolith, leaves this afternoon for home.

R. Baird, inspector of municipalities, is expected on the boat tonight.

AUTO ASSOCIATION PRESIDENT IN CITY

P. S. Doolittle of Toronto Will Motor Back to East by Way of States

On Saturday P. S. Doolittle, president of the Canadian Automobile Association, was in the city in the course of a tour through Canada. He came west in his car recently and left it at Vancouver returning by train. He went south to Vancouver Saturday night and will return by auto through the States.

Mr. Doolittle could not drive all across Canada by auto but had to ship his car from Sault Ste. Marie to Port Arthur and also a short distance over the Hope Mountains in B.C. He tried to motor to Jasper Park from Edmonton but got only as far as Dalehurst. He is travelling in the interest of good roads.

PARENT-TEACHERS ASSOCIATION ELECTS OFFICERS AT TERRACE

Rev. W. J. Parsons Head Organization with Full List of Committees Working Under Him

TERRACE, Sept. 15.—The Terrace - Kitsumkalum Parent-Teachers' Association held their annual meeting Thursday evening. The meeting opened as usual with the singing of "O Canada." The minutes of the last monthly meeting and of the last annual meeting were read by Mrs. Sundal and adopted. Miss Dobb gave the teacher's report, which was adopted. The election of the following officers then took place.

Hon. President, Mr. Griffin.
Pres. Rev. W. J. Parsons.
First vice-president—W. Burnett.

Second Vice-Pres.—M. Hall.
Sec.—Miss Andrews.
Treas.—Miss Glover.

Following are convectors of committees:
Program—Mrs. Sundal.
Refreshment—Mrs. Little.
(Terrace), Mrs. Moore (Kitsumgallum).
Membership—Fred Bishop.
Advertising—Miss Dobb.

All the officers went in by acclamation.

G. A. Clothier, resident mining engineer, left on the Cardena last night for Stewart.

In the Letter Box

MUSIC OF 102ND REGIMENT

Editor Daily News,

I have the honor to say that I have just received from England a copy of the "Lincolnshire Poacher," one of the two tunes used by the famous 102nd Battalion, North British Columbians in France during the Great War. The other was "Our Director."

Unfortunately, when the history of this gallant regiment was written, mention was not made of any of the music they used, and such information may be lost altogether if it is not made widely known now, and this can be done quite well through the columns of your excellent paper. The first officer commanding, Lieut. Col. John W. Warden, D.S.O., O.B.E. adopted "Our Director" as the regimental march, but the second—and last—officer commanding, Lieut. Col. Fred Lister, C.M.G., D.S.O., M.C., M.L.A., adopted another, the "Lincolnshire Poacher" as the regimental march.

The former march, "Our Director," can be obtained in "record" form on Victor records. I understand the march was written for the Columbia University by Sousa. It should be played very slowly, and not, as is often done, in quick time. It was used by the 102nd in their long march from Ypres to the Somme in 1916 when, as tired men carrying heavy fighting order weighting from sixty to seventy pounds, they trudged along the muddy roads. It's beautiful yet sad strains bring back fond memories and a vision is revealed of that magnificent body of men winding their sinuous way in and out of the narrow French roads. What gaps are today in the sections of fours—there are few survivors.

Old English

The "Lincolnshire Poacher" is an old English march, apparently impossible to obtain in any form of music in B.C., but it is a great march and, oh, how it did lift one's feet off the ground; how it did lighten the load; shorten the distance.

The fine old battalion which never once failed to accomplish the task set for it to do, which never permitted an enemy in its trenches save as a prisoner—a record held by no other Canadian unit—is now perpetuated in your city, and those who held it dearest look to the North British Columbians to keep its reputation unswayed, and preserve its tradition. Don't forget the music. We are hoping to have the "Lincolnshire Poacher" placed on phonograph records by the Victor people.

I have the honor to be, sir, Your obedient servant,
J. S. MATTHEWS,
Major, Formerly commanding No. 3 Co., 102nd Battalion, "North British Columbians," C.E.F.

FOOTBALL TENNIS SWIMMING

PORT SIMPSON WON FOOTBALL

Interesting Native Game Saturday Afternoon Resulted in Defeat of Massett, One to Nil

In a very interesting and closely contested game on Saturday afternoon, Port Simpson Y.P.E.A. won outright the Fair Board's cup representing Northern B.C. native football championship. The losing team was Massett and the score was 1 to nil. Last year, the Port Simpson team won the cup by defeating Kitkatla and, by their second successive victory this year become permanent owners of it.

S. Currie was referee and A. Clapperton and T. Beattie were linesmen.

Ben Self, chairman of the Fair Board sports committee, announced this morning that the rules for the playing of the native football games would be revised next year and that the contesting teams would be advised before hand as to whom and when they would play. It is thus hoped to eliminate the confusion that arose this year.

PEEP SIGHTS USED FOR FIRST TIME AT RIFLE RANGE SUNDAY

Peep sights were used for the first time by the marksmen of the North B.C. Regiment Rifle Association at the shoot on the McNeill Creek range yesterday. The result was that some of the men bettered their averages and others did not shoot so high. There were only seven men out so no spoon was awarded.

The scores were as follows:
200 500 600 Ttl.
H. Floyd 29 34 29—92
M. M. Lamb 25 30 27—82
R. Wilson 29 27 35—81
Insp. Acland 25 28 28—81
W. Brass 29 24 24—74
A. Squire 25 19 27—71
J. F. Ritchie 26 21 20—67

On account of the inclement weather, it was found impossible to put on the program of children's sports in connection with the Fair Week activities. Ben Self, chairman of the sports committee, stated this morning that the races would be held on a date to be announced later. Owing to the length of time the baseball game took, the indifferent weather and the crush of other items on the program, the proposed tug of war-of-war between Ketchikan and Prince Rupert on Saturday afternoon was called off.

Sport Chat

Football tonight, Aeropolis Hill at 6.45. G.W.V.A. vs. Callies.

Prince Rupert captured football honors in the 1924 Exhibition series by winning over Anyox and tying with Ocean Falls. Anyox won its game from Ocean Falls. Prince Rupert thus made three points, Anyox two and Ocean Falls, one. Anyox, however, scored the largest number of goals—four, while Prince Rupert and Ocean Falls each made three.

Prince Rupert, by dividing the series of two games with Ketchikan, made an even break in baseball. It had been intended to stage three games but time and weather did not permit of the third being played. Ketchikan got a total of thirteen runs in the two games and the locals, nine.

The local football players were able to make a better showing in competition with outsiders because they had more practice during the season. If the baseball players had had as much practice, they would likely have done better. Fielding errors were responsible for the most of the baseball games lost by the locals this year and the only thing that will prevent these is to have the players in better form through practice. It would be well to remember the 1924 experiences when plans are made for 1925 activities.

Two children were hurt at Saturday afternoon's baseball game. A little boy was struck with a fly ball in the stomach and the Ketchikan third baseman, in running after a fly, knocked down a little girl. Neither youngsters were hurt seriously but they might have been. These incidents should serve, however, to point out the necessity of keeping youngsters away from the proximity of the diamond where there is always a certain amount of danger. No one but the parents can be blamed if children are seriously hurt in such a manner. Those in charge of the grounds, however, might assist in keeping children and inebriates off the diamond. Besides the danger of accidents, the play may be interfered with by having people wandering around the field while a game is in progress.

James McAleenan, after attending the fair, returned on the Gardena last night to Alice Arm.

The charge against Fred Ball of supplying liquor to Indians was dismissed in the city police court this morning.

BEST BASEBALL GAME OF YEAR

Prince Rupert Turned Tables on Ketchikan Saturday by Score of 8 to 7

A good crowd turned out at the Aeropolis grounds on Saturday afternoon to see Prince Rupert defeat Ketchikan by a score of 8 to 7 in the most interesting game of baseball that has been played in the city this year. The starting of the game was delayed on account of the showers but, shortly after it got under way the rain ceased and those who had braved the elements to attend got their money's worth of thrills. The game was to have been a five-inning affair but, at the end of the fifth, the score stood six all and it took three extra innings to break the tie. With Prince Rupert making three runs each in the first and third innings and Ketchikan six in the third, it looked at first as though the match was to be a batfest but things tightened up and good pitching and fielding produced four innings of scoreless play ending in the eighth when errors gave the visitors one more run and more serious errors the two winning runs to Prince Rupert.

Ketchikan went first to bat and the side was quickly fielded out at first base, Lidstone, the local pitcher, saving two and Menzies, the third one. With McConnell on the mound for the visitors, Greenwell got first on an error, stole second and was scored when Balfour tried the centre fielder with a short fly. Ratchford was fielded out and V. Menzies, following, scored Balfour with a left field drive. Sinclair poled out a safe bagger to left field and scored V. Menzies. H. Menzies flied out and Fortin fouled out but the locals had their three runs.

Lidstone fanned two of the visitors in the second and the third flied out to McKeown in left field. Lidstone and McKeown were fielded and Balfour fanned.

Scoring in Third
In the third, John sent a mean one just over first base which gave him second, Kubley got to first on a grounder which advanced Johns to third and Ellensburg, being walked, filled the bases. Ireland, coming up, sent a sizzling grounder through H. Menzies at second and Johns and Kubley were scored before Ratchford got the ball back to the catcher. Downs and Snyder were both successful in getting to first and Ellensburg and Ireland brought in two more runs. McConnell sacrificed and scored Downs and Hill flied out to centre field but scored Snyder. Having made six runs, Ketchikan stopped when Edwards struck out.

How They Played
Lidstone pitched a splendid game for Prince Rupert and had 11 strikeouts to his credit. He also played his position in the field without error and was responsible more than any other man on the field for the local victory. The Ketchikan fielding game was not as good as on the day previous and as many errors were made by the visitors as by the locals. Johns the pitcher in eight innings, made four strikeouts. McConnell started in the box for Ketchikan but was out of condition and was removed to right field after the first inning. The teams lined up as follows:
Ketchikan—Ellensburg, If.; Ireland, 2b.; Downs, cf.; Snyder, c.; McConnell, p. and rf.; Hill, 1b.; Edwards, 3b.; Johns, rf. and p.; Kubley, ss.
Prince Rupert—C. Greenwell, ss.; Balfour, c.; Ratchford, cf. and lf.; V. Menzies, 3b.; Sinclair, 1b.; H. Menzies, 2b.; Fortin, If. and cf.; Lidstone, p.; McKeown, If.; W. Mitchell, rf.

Score by innings:
1 2 3 4 5 6 7 8
Ketchikan 0 0 6 0 0 0 1—7
P. R. 3 0 3 0 0 0 2—8
Double plays—Kubley to Ireland; Kubley to Hill; Greenwell to Sinclair.

The Stuart Shield football competition is to be resumed tonight with the scheduled game between the Great War Veterans and Callies, George Hill, president of the Prince Rupert Football Association, announced this afternoon. Owing to the early evening darkness which makes the playing of games after six o'clock almost impossible, there is talk of calling the balance of the series off after this game. This will be decided upon at a meeting of the Association tonight. The Sons of Canada at present have a good lead in the series.

DECREASE IN FOREST FIRES

British Columbia Worst Part of Dominion This Year, According to Railway Report

MONTREAL, Sept. 15. — With exception of British Columbia, there has been an encouraging decrease in number of forest fires in Canada during the present year, according to W. H. Kilby, chief of forest protection of the Canadian National Railways. This favorable condition, Mr. Kilby attributed largely to the intensive educational campaign carried on through the newspapers of the Dominion and to the closer co-ordination of effect on the part of the railways with the forestry officer of the government. Weather conditions have also played an important part, according to Mr. Kilby.

In British Columbia, during the early part of the summer weather conditions were very bad and as a result, more than 1,200 forest fires had been reported in that province to August 1. Forty of these fires were determined to be caused by lightning, a rather large number for an area the size of British Columbia. In the eastern half of Canada, weather conditions were not favorable to forest fires and as a result a remarkable decrease has been created as compared with previous years.

Along the entire lines of the Canadian National system, 375 fires were reported to date, about 300 of these having occurred west of Winnipeg. Another interesting feature pointed out by Mr. Kilby, is the fact that less than forty per cent of these fires have been attributed to sparks from locomotives, whereas in the past about seventy per cent have been attributed to this cause. A big increase in numbers this year is attributed to carelessness of campers and to settlers burning slash. If the present wet weather is followed by frost and a long dry fall, the most dangerous fire season of the year will result. The wet weather causes the grass to grow rapidly until it is killed by frost, when in dry weather it becomes what may be termed kindling, which can carry fire over cut areas into the green timber.

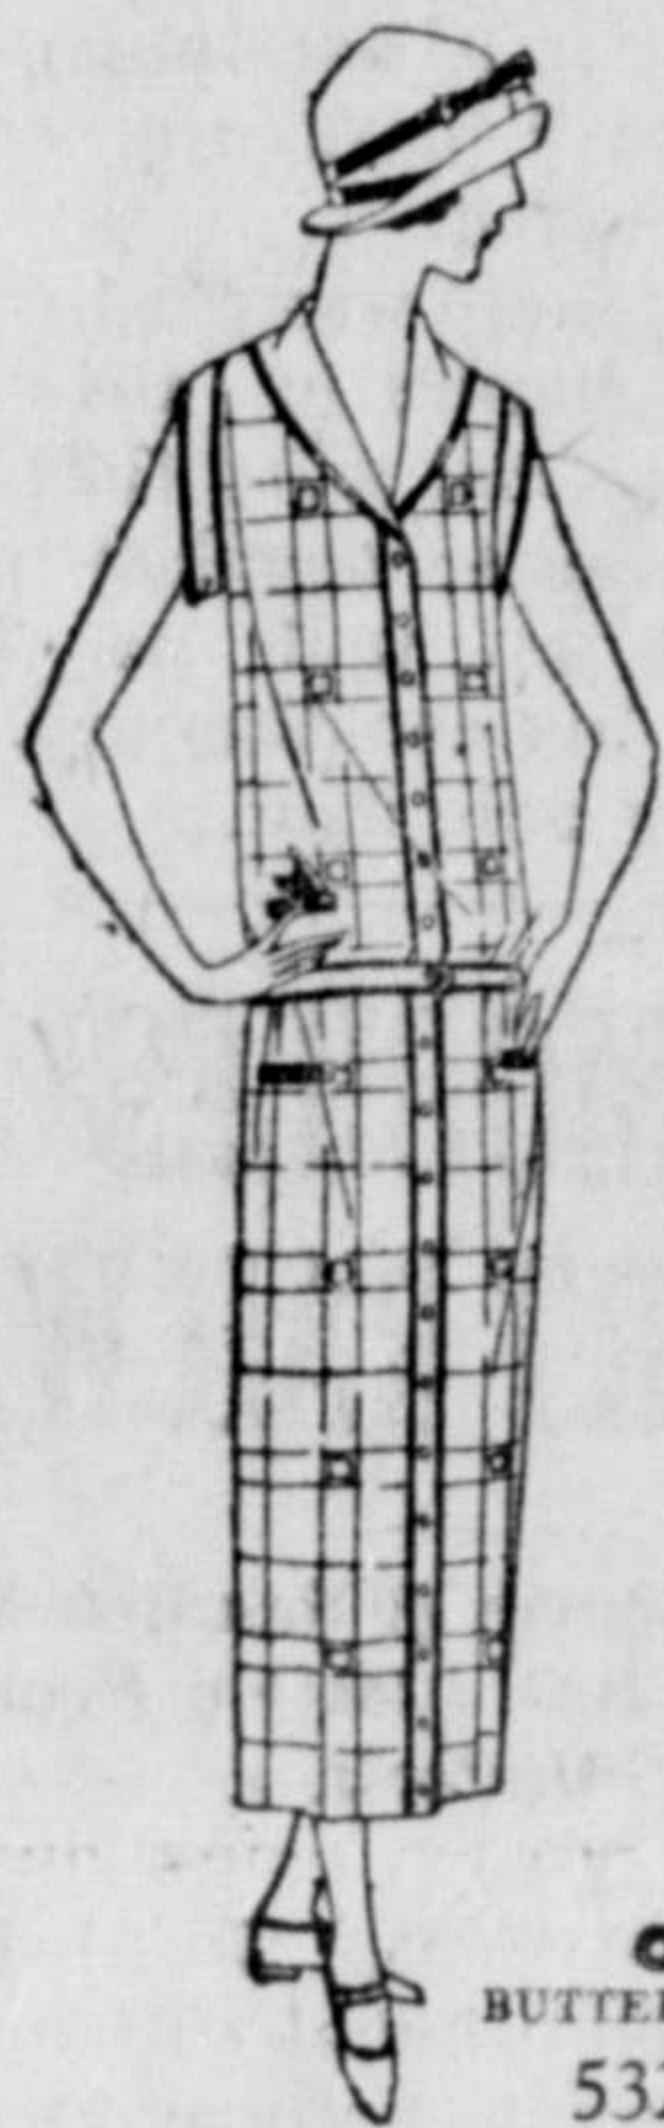

CONSERVATIVE EBULLITION

Effort to Call Convention to Select New Leader Not Effective

MONTREAL, Sept. 15. — Following the arrival here last week of Hon. Robert Rogers, former minister of public works and one of the aspirants to leadership in the Conservative ranks, a demand has been made for a convention of the party to be held prior to the next sitting of the Dominion Parliament. This is opposed in many quarters and especially by the members of the House of Commons who seem to be perfectly satisfied with Hon. Arthur Meighen as leader. Efforts have been made to boom several men for leadership among them being Sir Arthur Currie, formerly a prominent Liberal at Victoria, B.C.

Advertise in the Daily News.

FASHIONS & FOIBLES
by Shirley Sharon

Putting a check on Summer fashions discloses the small collar, the invisible empire of the sleeve, the center-front closing, the narrow silhouette and short skirt.

A GREAT deal of advertising has been given recently to dresses that can be made in half an hour. If fashion goes on with its shrinking process we will soon be hearing of frocks that can be made of half a yard of material. Sleeves have disappeared, skirts are short and the silhouette is extremely narrow. Dresses of plaid silk alpaca with plain alpaca in the collar, sleeve-band and center front closing are delightful in black and apple-green squares on white. They are also very pretty in white flannel trimmed with color or in the blazer-striped flannels.

HOW ESKIMOS HAVE CHANGED

Bishop Stringer of Anglican Church Tells Effects of Christianity on Northern People

EDMONTON, Sept. 15. — Bishop J. O. Stringer, of the Yukon, resident of the north for more than thirty-two years, friend of the Eskimo and the Liouchioux, and a man to whom the Arctic trail is an open book has returned to civilization, with his who also has many years to her credit as one of the pioneer white women serving in the frozen North.

Questioned as to the progress made with the Christianizing of the Eskimos, the Bishop stated that they were accepting the doctrines of the church in a remarkable manner, while he emphasized that once an Eskimo accepted the faith, he remained a convert. The Church of England missions are making substantial progress in the North, he said, and practically all the Eskimos that can be reached from the missions at the mouth of the Mackenzie river have accepted the doctrines of the Church of England.

Contrasts

Contrasting the days of long ago with those of the present, the Bishop related how the Eskimos were treacherous savages when

the church first commenced to minister to them and in the early days of his regime they were not to be trusted and were of a very low moral fibre. Every effort was made to bring them to a different mode of life and the remarkable change effected was brought home to him forcibly on his last visit among the natives.

Now the Eskimos are peaceable and hard workers. Most of them were well to do and with the acceptance and understanding of the Christian faith, they had completely thrust aside their former methods of living while their manners and morals now compared very favorably with other races.

Mrs. Stringer

Speaking of her experiences with the Eskimos, Mrs. Stringer asserted that when she first reached the north country there were no books among the natives. Many hours, she said were spent in translating from English to the Eskimo language according to sound, about twenty hymns some texts of scripture, the Ten Commandments and the creed. These were typed, mimeographed, pages cut and sewed together into book form. In this manner, the work of education began on Herschel Island.

"Eskimo parents are very fond of their children," said Mrs. Stringer, "and they never punish them which does not seem to hinder them from growing up respectful and obedient. Eskimo mothers instead of kissing their babies as we do, touch noses. Should they see us punish our children they would think we were very cruel mothers."

Neatly Dressed

Continuing, Mrs. Stringer referred to the progress made by the Eskimo women in domestic life. "Eskimo women are ingenious in the art of sewing and fashioning of fur garments," she said. Mrs. Stringer further remarked that the women never allowed their clothing to get ragged or go unattended, while the children were always neatly dressed.

Bishop Stringer with his wife will attend the triennial meeting of the Women's Missionary Society to be held in Hamilton, Ont., on October 1. They will return to the north country about November and will proceed to Dawson City by way of Vancouver, Skagway and White Horse. The last 300 miles of the journey will be made in sleighs driven by dogs.

WEALTHY MEN LEARN TO TRAP

Preparations Made to Entertain New Yorkers in Winter Woods of Canada

WINNIPEG, Sept. 15. — Something new in the way of entertainment for the tired businessmen of New York, Chicago, Pittsburg and other large centres of the United States has been developed in Canada by Donald (Curly) Phillips, noted guide and outfitter of the Canadian Rockies. The plan which has already been matured and which will be established as an actual fact, is the creation of a trap line where rich men who yearn for the solace and adventure of the northland may feel all the emotions without experiencing any of the hardships

or discomforts. Details of the plan as it has been developed by Mr. Phillips were supplied today by C. Osborne Scott, general passenger agent on the Canadian National Railways, Winnipeg. Mr. Phillips has established a trap line 150 miles long near (Ed), just east of Jasper in the Rockies and at about every ten miles has built a shanty. It is his intention to take tired businessmen or writers with money and ambition to scribble something about the Canadian wilds on trips along the trap line so they may learn the methods followed by trappers in securing furs and at the same time get a few thrills.

Open all Winter

The trap line will open with the coming of the first snow and it will be kept up all winter. Visitors who do not know how to snowshoe or who don't want to learn will ride from trap to trap on a sleigh pulled by a team of dogs. The traps will be set for marten, mink, lynx, fisher, ermine, wolf, fox, wolverine and bear. The adventurous will be shown how to set the traps, how the bait is used and the right kind of bait for each animal and they will be shown how the animals are skinned and the fur prepared for market. That the plan is one which carries an undoubted appeal is evident from the fact that Mr. Phillips has already booked reservations for forty people, most of whom are from Chicago and Cleveland. There are also several applications from New York and one from New Orleans.

Mr. Phillips whose headquarters are at Jasper is one of the most noted guides in the Canadian Rockies. This year he handled all the outfitting, feeding and transportation arrangements for the Alpine Club of Canada, which held its annual camp at Mount Robson.

The Little Red Hen

"PUCK, puck, puck, pucKAYah" cackles the little red hen, as she steps off the warm nest, broadcasting to the barnyard that she has just laid a fine, fresh egg. She makes a product that any "manufacturer" might be proud of, and doesn't hesitate to advertise the fact.

A duck egg might be just as good, but the duck evidently doesn't think so. She doesn't advertise, and duck eggs have no market.

To be absolutely sure in buying ANY merchandise stick to the advertised brands. For their manufacturers believe in them and tell you about them daily in the advertising columns of this newspaper, over their signatures.

The duck-egg brands might be just as good, but you cannot be sure, if the manufacturers themselves will not admit it!

Read the advertisements regularly. Buy from them. You will then know the source of the products, and whom to look to if they don't measure up.

Advertising is the radio of commerce--- broadcasting things you should know

Old Letters of Interest

In a desk in our office is a huge filing drawer literally filled to overflowing with closely packed letters written to us by women who have taken the trouble to write us about Pacific Milk. Many, in fact most, of these letters tell how well they like this good British Columbia product, which they say is the best in all Canada.

We would not part with this file for anything. It is a part of the history of the struggle.

PACIFIC MILK
 Is Better Quality.

SUMMER STEAMER SERVICE WILL BE DISCONTINUED SOON

Prince Rupert and Prince George Have Carried 13,000 Passengers During Tourist Season

At the end of this month, the C.N.R. tri-weekly service between here and Vancouver will be discontinued and the steamers Prince Rupert and Prince George will perform a bi-weekly service until the end of the year. Approximately 13,000 passengers have been carried by these steamers during the summer months, it is announced.

J. Graham and H. Foray, each charged with intoxication, failed to appear in the city police court this morning and bail of \$25 was estreated in each case.

HIKER BOUND TO THIS CITY

Was In Prince George at Week End and Will End 16,000 Mile Jaunt Here

ALL OVER UNITED STATES

W. H. Chapman, Doing Hike for Wager, is Nearly Eighty Years Old

PRINCE GEORGE, Sept. 15.—Nearing the end of a hike which will net him five thousand dollars in a wager, W. H. Chapman of Millington, Conn. is here on his way to Prince Rupert. By the time he reaches the fish town he will have covered 16,000 miles all of which has been done since July 1923.

Mr. Chapman is nearly eighty years of age but is fit as a youth and seems likely to have a number of years of life before him. Leaving Milwaukee on July 10, 1923. He visited Winnipeg, Banff, Penticton, Vancouver Island, Seattle, California, New Mexico and other southern states working his way up to Montreal, Ottawa, Winnipeg and will complete the trip to Prince Rupert.

On the route from Kenora to Prince Rupert Mr. Chapman is using a pair of shoes given him by a shoe dealer in Kenora who is about to open in business in Prince Rupert and is using this as a means of advertising his wares.

Today's train from the East is expected to be about fifteen minutes late.

FISHERMEN ORGANIZE TO PROTECT SELVES

Take Steps to Combat Black List at Ketchikan: Advertising Man on Paper Visits Here

Among the visitors from Alaska on the excursion was W. M. McCaw, advertising and circulating manager of the Alaska Fisherman. He is proposing to get out a special Prince Rupert number of the paper, which is published monthly.

Mr. McCaw says that in Ketchikan the fishermen are forming a protective association for the purpose of combating the black list issued by the canners. No less than 36 boats are suspected of robbing fish traps and immediately that occurs the boat is put on the black list and the canners refuse to purchase fish from it. This is a great injustice to the boats, most of which, it is claimed, are perfectly innocent of any offense. The association will take steps to set the members right.

Mr. McCaw was much inter-

ested in the cold storage plant here. He, like a good many others, favors the freest kind of trade possible between Alaska and Prince Rupert, believing that this will benefit both places.

NOMINATION OF A CONSERVATIVE TO CONTEST OKANAGAN

VANCOUVER, Sep. 15—Arthur O. Cochrane, a lawyer, has been nominated to contest the election of Hon. K. C. Macdonald, provincial secretary, who is asking the endorsement of his appointment to the cabinet from his constituents. It is not thought that the opposing candidate has any chance of election. He was nominated at the Conservative convention by Price Ellison, seconded by R. J. Coltart, provincial candidate at the recent general election.

NOMINATION TO BE ON WEDNESDAY NEXT

Dr. K. C. Macdonald Will be Re-elected in North Okanagan Following His Appointment to Cabinet

VICTORIA, Sept. 15.—Wednesday next Dr. K. C. Macdonald will again be nominated for the constituency of North Okanagan following his appointment by Premier Oliver to the position of provincial secretary. Even if he is opposed, it is not thought his opponent will have any chance of being elected.

Dr. Macdonald was first elected to the Legislature in 1916 and has held the seat since that time. He is a popular member of the Legislature as well as being popular in his constituency. Also he is a very able man.

AUTOMOBILES HURT RAILWAY

Cause Shutdown of Saanich Short Line of B.C. Electric From Victoria

VICTORIA, Sept. 15.—Injured by the competition of auto busses the B.C. Electric Railway has decided to close its line of railway from Victoria to the northern end of the Saanich peninsula, which for some time past it has operated at a loss.

During the past few years the roads have been improved leading to the district served by the electric railway and busses have taken a great deal of the traffic. This has steadily eaten into the income of the company with disastrous effect.

SMITHERS

L. Devoin of the Riverside Dairy has contracted with R. C. Mutch for the erection of a modern dairy barn. The building will be 34 x 70 feet.

H. Tanner met with a nasty accident when chopping wood yesterday necessitating a hurried visit to Dr. Hankinson. The axe slipped inflicting a severe wound in his hand, and it required several stitches to close it.

J. A. Aldrich entered the local hospital yesterday, where he expects to remain for about a month under the care of Dr. C. H. Hankinson.

Mrs. A. J. McIntyre left town Thursday, accompanied by her sister Miss Flo. McDougall. They are on their way to Oakland, Cal. to visit their parents.

Mrs. J. Roberts was a visitor to the fair at Prince Rupert.

Miss Melton, Mr. A. J. Finnerty, and Mr. Mel Eddy left for the coast on Thursday. Miss Melton will continue to Vancouver, Mr. Eddy to his home in Westminster while Mr. Finnerty will return after taking in the fair at Rupert.

Mrs. D. C. Simpson is suffering from a painful injury to her foot received when she stepped on a small boulder which rolled, there, by causing a severe sprain.

Mrs. Roy Eley who has been visiting her sister, Mrs. (Dr.) C. H. Hankinson, left for her home in Victoria on Thursday, accompanied by her nephew Hadley Hankinson.
