CHINESE HOSTILITIES BECOMING MORE COMPLICATED: CREDIT IS REFUSED

Military Council in Charge at Peking and Manchurian War Lord is Advancing with Troops

LONDON, Sept. 11.—The Peking cabinet has been taken over by a military council, according to the Daily Mail. Shanghai merchants have telegraphed Peking bankers not to advance money to the government, claiming that this would only lengthen the war.

SHANGHAI, Sept. 11.—General Chang Tso Lin, the young war lord of Manchuria, is reported to be moving troops southward from Mukden for an attack on Shankawain, the gateway to Peking.

TOKIO, Sept. 11.—Foreign Minister Shidehara told the Associated Press that Japan had no intention of intervening in the domestic difficulties of the Chinese, when asked to outline Japan's policy in regard to the civil war in China.

CITY OFFICER IS ASSAULTED

David Munro Committed For Trial and Rudolph Halverson is Fined \$50

David Munro was committed for trial in the city police court this morning on a charge of assaulting a police officer in the execution of his duty and Rudolph Halverson was found guilty of obstructing an officer and fined \$50 with the option of sixty days' imprisonment.

The cases were the result of an attack alleged to have been made at 2 o'clock this morning in the Dominion Cafe on Special Police Constable George Crate of the city force. Constable Crate, it is alleged, was attempting to stop a fight in which accused was involved when Munro kicked him in the back and struck his face. Halverson attempted to pull the officer away from accused. Dominion Constables Watkinson and Newham were also on hand and, after accused had made his getaway through the rear of the restaurant, they with the assistance of Sergeant McGlinchey picked him up on Sixth Street and took him to jail.

NATIVE PARTY ARRIVES HERE

The Voyage From Massett Was Roughest he Ever Experienced, Says Alfred Adams

BALL TEAM AND ARTISTS COME IN
Salmon Fishing Practically Over on Islands but Clam Cannery is Reopening

Alfred Adams, Massett's most prominent native citizen, has made many voyages between his home town and Prince Rupert in all manner of conveyances and under conditions both good and bad but the trip across Hecate Straits to attend the Prince Rupert Fair this year was the roughest he ever experienced. Mr. Adams arrived this morning at 7 o'clock, heading a party of forty natives who made the trip in two gasboats—Robert Bennett's "Marius P." and David Parnell's "Marius P."

Intending to reach here yesterday morning, the party set out from Massett Tuesday night but was forced back to take refuge from the storm. They started again at noon yesterday with the intention of getting here last night but were held up again on account of fog and finally made port this morning after a passage of fourteen hours.

The party arriving with Mr. Adams includes the Old Massett native football team which will play this afternoon with Port Simpson. Besides there arrived Mrs. Eliza Samuel, reputed to be the best basket weaver in the north, and Jobn Marks, slate carver. Both will give demonstrations of their art at the Exhibition.

Will Go South
Mr. Adams also brought over a small lot of exhibits to augment the display from Massett that arrived previously. The people at Massett were very disappointed at the failure of the Prince John to make her scheduled trip this week. If it had done so, there would have been more people and more exhibits here for the Fair, Mr. Adams says.

Mr. Adams will be joined here at the end of the week by Mrs. Adams and family who are coming over on the Gray. He will then go south taking his children to the Coqualeetza Institute. Some children arrived this morning and will go south with Rev. G. H. Raley.

Salmon fishing is practically over on the Islands, Mr. Adams states. The clam cannery at Tow Hill has reopened, however, and as soon as the Fair is over the natives will find employment there.

Provincial Constable and Mrs. R. A. Beaven passed through on the Prince Rupert yesterday afternoon bound from Ocean Falls to Anyox. Constable Beaven is changing places with Constable Dryden who will go to Ocean Falls passing through here tonight. Chief Spiller went north from here last night to effect the transfer and will be back this evening.

PRINCE WILL KEEP TITLE

On Visit to Canada Will be Prince of Wales But Trip Private

MONTREAL, Sept. 11.—Contrary to what appears to be a general impression, H.R.H. the Prince of Wales will not travel across Canada under an incognito as he did on his last visit but will retain his court rank. The fact that he will not drop his title does not mean that he will deviate from his previous plans. He will make no official visits of any kind on the way from New London, Conn., to his ranch at High River, Alberta, to which he will travel by Canadian National lines. There will be no stop-off of more than fifteen minutes and only for the purpose of changing engines and watering and icing the cars. A fast schedule has been decided upon to get the train to High River from London in less than four days.

No arrangements have been made regarding the return journey. It has been definitely decided, however, that the Prince will visit Jasper Park Lodge probably early in October.

NATIVE OF BELLA COOLA DISMISSED

James West, Indian of Bella Coola, charged with theft of money from Christiansen Bros. store at Bella Coola and committed for trial by Stipendiary Magistrate Bryalsen, took speedy trial before Judge Young today. There were a number of native witnesses. L. W. Patmore prosecuted and Milton Gonzales defended. The case was dismissed.

Lord Parmoor Pledges British Government to Stand by League of Nations Covenant for Defence

GENEVA, Sept. 11.—Lord Parmoor, representing Britain, stated last night that Great Britain stands by the league covenant which provides for military and naval assistance by all signatories to the League of Nations to preserve peace.

The Lord President of the Council in the Labor government said that Britain meant what she said when Prime Minister Macdonald as her spokesman declared his readiness to submit all disputes to arbitration.

Lord Parmoor's statement pleased the French delegates, who believe when the time comes the British delegation will present detailed resolutions on arbitration, security and disarmament.

PRESENT DAY TENDENCY THREATENS SOCIALISM

Premier Macdonald Mentions Trade Unionism in Preface of New Edition of His Book

LONDON, Sept. 11.—That the present day tendencies among workers threaten the ideals of genuine socialism is a fear expressed by Premier Macdonald in a preface he just wrote for a new edition of his book on Socialism. He defends socialism as being evolutionary and not revolutionary. The trade unionist he said cannot advance his interests at the expense of society.

ATTENDANCE AT FAIR YESTERDAY

Total paid attendance at the fair building yesterday in addition to season tickets numbered 971 adults. Children were free. The receipts amount to \$340. Last year on the second day the paid admissions numbered 1050. At the sports grounds yesterday 182 persons paid admission as compared with 271 last year. The smaller attendance is attributed to the bad weather.

Ole Olsen, who came here from Anyox to umpire the baseball series between Ketchikan and Prince Rupert, left on last night's train to made the round trip to Edmonton. Another umpire will now have to be found.

Three Perfect Babies In Contest This Year

Judging Done By Physicians Who Say Children Excelled in Beauty and Cleanliness And Physical Condition.

The fact that there are three perfect babies in this year's Better Babies' Contest and that none of the sixty or more infants that were entered have come under the ninety per cent mark amply testifies that the very young population of Prince Rupert is in an enviable condition indeed. The physicians who acted as judges found their task an exacting one and so excellent were the babies generally that were brought before them that it was a matter of some difficulty in some cases to select the winners. Not only in physical condition but in beauty and cleanliness did the infants excel.

There are good mothers who know how to take care of their children in Prince Rupert.

All the three perfect babies were girls—Helen C. Bruno, Delphine Balagno and Mary Bird.

The judging was finished yesterday afternoon and the results were as follows:

- Prize Winners**

TEXT OF VERDICT ON JANET SMITH DEATH

Want of Proper Investigation When Tragedy Discovered Responsible For Shielding Guilty

VANCOUVER, Sept. 11.—"We find that Janet K. Smith was on July 26 willfully murdered in the course of her employment in a laundry in the basement at 385 1/2 Osler Ave. by being shot through the head by a revolver but by whom fired we have no evidence to show," said the coroners' jury verdict yesterday afternoon at the second inquest.

"That want of any proper investigation when the tragedy was discovered was responsible for this protracted inquiry, caused great suffering to innocent persons and probably shielded the guilty. We exonerate Chief Simpson and Constable Fish entirely.

"It is regrettable that the reading of picked extracts from deceased's diary tended to defame her pure and unspiced memory." Murder having been established after a most thorough inquiry the police are now preparing to institute an intense search for the person or persons who murdered the girl.

George McAfee, manager of the Big Bay mill at Georgetown, returned on last night's train from Lakelse Lake where he has been holidaying.

DISTRICT SHOW WAS SPLENDID

Description of Winners Shows Quality and Quantity Better Than Ever

The district exhibits, five in number this year, were a great improvement over former exhibits. Terrace and Prince George ran a close race for first prize.

The Prince George district display in charge of R. J. Blackburn and William Lockyear, which took first prize at the Exhibition; is much richer this year in both quality and quantity than in previous years. Both expressed the opinion that the excellent work carried out by the executive of the fair association in encouraging the growing of field grains and grasses and garden truck in the interior district had been conducive to greatly improving the quality of both agricultural and horticultural growth and was a matter for much commendation.

Description of Exhibit

Although the weather during the growing season in the Prince George district was very dry it helped very materially in the maturing of the grains which are very strong. The exhibit this year is much larger in quantity and greatly improved in quality over last year's display. Between 300 and 400 different varieties of growth are exhibited and the display, which takes up some 30 feet of space, is a remarkably fine one. The different specimens of what can be produced from the soil in the Prince George district include, in field grains and grasses, wheat, oats, barley, rye, peas, vetch, flax, sunflowers, clover, red and Alsike clover, white Dutch clover, timothy, alfalfa, and various other grasses.

Garden Produce

The garden produce is of a good quality and exceeds anything previously grown in the district. Both Mr. Blackburn and Mr. Lockyear state that the improvement in the growth of garden produce is due to the excellent encouragement the various growers have received from the Prince Rupert

Fair Association and the various associations in the interior which has fostered a keen sense of competition with the result that the quality and selection of produce is greatly improved year by year.

The garden produce on display includes potatoes, cabbage, cauliflower, carrots, turnips, onions and every other variety imaginable.

Fruit Exhibit

This year the fruit exhibit is much improved over that shown last year and more growers are interesting themselves in the raising of fruit and have their orchards coming forward to the bearing stage. This year, in addition to crab apples, there are on display cherries, plums, yellow transparent apples, Duchesse apples and a fine collection of tomatoes (outdoor vine ripened), which is a new departure of growth in this district. Montecraney cherries, grown by Ed. Walsh, La Grande, B.C. and crab apples grown by G. M. Haddiland, Bednesti, are a feature of the exhibit.

Bee Keeping

Bee keeping is coming much in vogue around Prince George and this year some splendid samples of honey are on exhibit. A great deal of this delicacy is being exported and consumers are loud in their praises of the quality.

Terrace and Lakelse

The district display put on by Terrace, Kitsumkalum and Lakelse Valley is a remarkably fine one. F. W. Bohler is again in charge of the exhibit and has entered from his own raising 180 specimens out of a total of 225. The display speaks worlds for the fertility of the soil in this district.

The varieties of field grasses, grains, garden produce and fruit include three varieties of wheat, four varieties of oats, one of barley, one of rye, one of flax, threshed grains and farm seeds, including fourteen varieties.

Garden Truck

The garden truck is very comprehensive and includes twelve varieties of potatoes, two varieties of peas, 4 of beans, 3 of cabbage, 3 of lettuce, 2 of spinach, 4 of carrots, 2 varieties of cucumbers, 4 varieties of onions, 3 of beets, 7 of squash, and 1 of marrow. Corn on the cob and endive, a specie of the lettuce

family is also shown of excellent growth. Parsnips, celery, nine varieties of field roots, seasoning herbs, green onions, leeks, rhubarb, Scotch kale, citrons, pumpkins and parsley complete a wonderful show.

Hazelton District

The Hazelton district exhibit in charge of A. R. Macdonald, is a splendid one, and 200 varieties of field and garden produce are on display. The growth of wheat and other grains and grasses is remarkable and the display presents a very pleasing feature. During the season six weeks of very dry weather interfered seriously with the growth but in spite of this setback the quality of the produce is of a high nature but the size is not quite up to the average.

The field grains make a fine showing and include eight varieties comprising Marquis, Red Top, Ruby and Blue stem specials. There are also displayed various varieties of oats and rye grasses and forage plants. Ensilage sunflowers and fodder corn are of remarkable size and quality. The field roots are of an excellent quality as also are the garden vegetables. The pumpkins, squash and marrows are one of the features of the show, the largest squash weighing 32 pounds, grown by E. R. Cox, an old timer of Prince Rupert.

A feature of the exhibit are the crab apples and small fruit the red and white currants being particularly heavy and delicious. Tomatoes are being grown largely now in the Hazelton district and thirteen varieties are on exhibit this year. There are three varieties of cheese on display and a fine selection of poultry.

Francois Lake

In view of the fact that the Francois Lake district is exhibiting for the first time the wonderful display put on at the fair this year is worthy of special mention. The artistic stall is in charge of J. R. Stanyer, a farmer of much prominence in the district, and is the subject of much comment by agricultural and horticultural men. In addition to an excellent showing of wheat, grasses and seeds, the potatoes and other garden vegetables are both large in size and luscious in quality. According to expert opinion the Francois Lake district exhibit will be something to be reckoned with on their next showing.

Bulkley Valley

A very commendable showing has been made by the Bulkley Valley and Lakes district this year in cultivated grains, native grasses, forage plants and fodder corn which speaks for itself both as to the capabilities of the soil and the farmers of the lakes country.

E. T. Kenney arrived from Terrace on last night's train and is registered at the Prince Rupert Hotel.

KITIMAAT BAND APPRECIATED

Their Music is One of the Features of Fair This Year

Undoubtedly one of the most delightful features of the 1924 Exhibition is the music being provided by the Kitimaat native military band of 29 pieces under the direction of Henry Slater, noted bandmaster of Vancouver, late of the H. M. Grenadier Guards, 11th C.M.R.'s, 1st Canadian Reserve C.E.F. and 72nd Canadian Scottish regimental bands.

In its concerts at the Exhibition Hall, the organization amply demonstrated its capabilities and reflects credit on its leader. When it is taken into consideration that its members have been occupied in the fishing industry during the most of the summer and have had little time to practice since last winter, the excellence of the band's performance seems almost remarkable. The programs consist not only of the lighter march numbers, but there were also selections from the classical band numbers and operas.

Bandmaster Slater spent two months at Kitimaat with the band last winter and came again about two weeks ago to put in the final touches in anticipation of the Fair engagement.

The committee in charge of the band consists of Phillip Williams, William Henry and Mark Smith and the members are: Joe Bolton, Robert Smith, Edwin Wesley, Jimmy Henry, Chris Walker, Heber Amos, Albert Starr, Charlie Nelson, Willie Nelson, Silas Maitland, Edward Maitland, Thomas Nee, Tim Starr, Fred Woods, Samson Robinson, Aaron Cross, Sam Ross, Kelly Stewart, David Duncan, Willie Starr, Walter Nee, Walter Wilson, James Duncan, David Nelson, George Wilson, John Adams, Johnson Grant and Ernest Grant.

The program Tuesday night was as follows:

Quickstep, "Territorial."

CARBON PRINTING AS SHOWN AT THE FAIR

Fine Exhibits by M. M. Stephens and others Attracts Much Attention

One of the exhibits at the fair that is attracting a good deal of attention is that of the carbon prints on glass shown by M. M. Stephens in the art section. Mr. Stephens is not a push the button artist. He does all the work himself, taking the photographs, developing and finishing the work—and it is excellent work. The carbon process of printing is much more difficult than other processes and is said to be absolutely impervious to the action of light. Once the print is completed it is permanent. The effect is soft and pleasant to the eye.

There are many other good examples of photography in the exhibition. One in particular, a photograph of a mountain with reflections in the water by Harry McLeod is excellent. Work shown in other classes is a great improvement over former years and is attracting a good deal of attention.

BEAUTIFUL GOWNS CARNIVAL QUEEN AND ATTENDANTS

The Queen of the Carnival at the coronation yesterday was crowned in white brocade with a ruff of purple velvet lined with gold cloth. She had a standing collar of gold lace with amethysts and rhinestones and wore a corsage bouquet of gold roses.

The lady-in-waiting was gowned in pink duchess satin and georgette trimmed with pink ostrich feathers. Her hat to match was also trimmed with pink ostrich feathers, with touches of silver and she carried a silver wand.

The two maids-of-honor were gowned in brocaded crepe-de-chine with white georgette and pearl trimmings. Their hats to match were trimmed with pom-poms of white ostrich feathers with rhinestone buckles.

The flower girls wore white organdie with headdresses of nixon.

The costumes were made by Mrs. J. H. Hilditch and the white, purple and gold colors of the Exhibition were used as far as possible.

Making wash day pleasant—

THE hardest part of wash-day, rubbing, rubbing, rubbing, has given way to the new method of soaking the clothes clean with Rinso. This wonderful new soap gently loosens the dirt and a thorough rinsing leaves things white and glistening as you never could get them before. Only spots where the dirt is ground-in, such as neck bands, cuff edges, and the like need a light rubbing, and a little dry Rinso rubbed on these spots quickly makes the dirt disappear.

MUCH BETTING FIRPO FIGHT

Estimated That Attendance Tonight Will Reach 70,000 and Receipts \$800,000

NEW YORK, Sept. 11.—It is predicted in Wall Street circles that close to a million dollars will be wagered on the outcome of the Firpo-Wills fight tonight at Boyle's Thirty Acres, Jersey City. The attendance is estimated at 70,000 and the estimated receipts \$800,000. The main bout will commence at ten o'clock.

PRINCE TO ATTEND WILLS-FIRPO FIGHT

SYOSSETT, N.Y., Sept. 11.—The Prince of Wales is expected to do some fox hunting today. His eye, which was slightly injured in a polo game Monday, has improved so that he is able to discard colored glasses. Tex Rickard announced today that the Prince would attend the Wills-Firpo match tonight.

Tennis teams from Alice Arm and Anyox journeyed recently to Stewart for a tournament there. Anyox carried off the honors with nine points while Stewart made six and Alice Arm, five. It is said that the exhibition of tennis was the finest ever seen in Stewart but that the cold figures of the summary did not truly express the high character of the play.

BOXING, Empress Theatre, Thursday, Sept. 11, 9.15 p.m. Joe Manilla of Ketchikan vs. Brick Skinner of Prince Rupert.

Baseball fans will have their turn tomorrow. The Ketchikan team will arrive from Alaska on the Prince Rupert late tonight and the first game is scheduled to take place tomorrow afternoon. This will be followed by a doubleheader on Saturday. Interest in this series with the Ketchikan team has become developed to a high pitch and the games are expected to draw the highest gate of the week to Acropolis Hill grounds.

The Portland Canal News takes exception to the report in the Prince Rupert News of the boxing bout at Stewart recently between George Dando and Harold Blanton. The paper is quite right when it says that the account of the fight came from a Stewart contributor and that it was published in good faith. For the further benefit of the Stewart News it might also be added that the report as it appeared was toned down from what was sent. The sporting editor of this paper realized that the report was biased in favor of Dando and so commented upon it in this column at the time.

The Ocean Falls football team arrived in the city on the Prince Rupert yesterday afternoon and will play its first game for Northern B.C. championship with Anyox at 3.30 this afternoon. The final game between Prince Rupert and Ocean Falls will take place tomorrow afternoon. The party of players arriving from Ocean Falls included D. C. Whillier, W. Mitchell, S. G. Best, William Smith, G. S. Clark, J. B. Paul, J. Munro, W. G. Keith, O. T. Defieux, O. K. Lord, John McSwann, Alex. Smith, W. Johnson, B. Barnes, C. M. Stewart and P. S. Phillips. Welcome, Ocean Falls!

C. W. Smith, of the C.N.R. express department, left for Anyox on the Prince Rupert last night.

PRINCE RUPERT WON FOOTBALL

Beat Anyox Yesterday Afternoon to Tune of Two Goals to One

In a hard fought and cleanly contested game of football between Prince Rupert and Anyox for the championship of northern British Columbia, played yesterday afternoon on the Acropolis Hill grounds, in connection with the Fair football series, Prince Rupert won to the tune of a single goal, the final score standing 2-1 in favor of the local aggregation. There was a very good crowd on hand to witness the contest and the rain kept off during the play. Prince Rupert scored one tally in the first half when from a kick near the Anyox goal from J. Harris the sphere cannoned from the opposing back against the goal post and beat Craggs though no fault of the latter. Erskine, in the forward line for the locals, scored a good goal in the second half and R. Carter, for the gas-eaters, beat Gawthorn for the only tally of his side.

The team lined up as follows: Prince Rupert—Steve Gawthorn, goal; H. Meuzies and H. M. D. Lambe, full backs; J. Harris, W. Murray, and S. Currie, half backs; S. Elder, R. McDougall, S. Erskine, P. Tinker and J. Marks, forwards. Anyox—Craggs, goal; Stewart and Stelle, full backs; Bunton, Carter and Campbell, half backs; Dearlove, Robertson, Scott, Ingram and Dave Jack, forwards.

Tom Jones refereed the game and A. Smith and C. Stewart, both of Ocean Falls ran the lines. The Game Anyox took the field on the upgrade and from the kick-off the ball was quickly swung from end to end of the field. Anyox pressed and a few minutes from the commencement of play J. Harris, for Rupert kicked the ball, and the opposing back in an endeavor to clear cautioned the ball on to his own goal-post and thus beat Craggs. From that on both sides had a share of the play.

KAIEN GARAGE

The Rupert team had a little of the edge on their rivals for combination in the forward line while their defence was sound. However, the Anyox boys put up a stubborn fight and the heavy nature of the field, after the persistent wet weather, made the ball hard to control. At the end of the first half the score stood 1-0 in favor of the home team.

Second Half

In the second half Anyox took the offensive and worked hard to gain a point. The local stronghold came in for some exciting moments but Steve Gawthorn, in goal for Rupert, played a sterling game and was always in the right spot when wanted. After strenuous efforts and as the result of some good forward line combination work S. Erskine beat Craggs, in goal for Anyox, with a hard shot. The play continued of a ding-dong nature after this and the Anyox boys were bent on evening up the score. A determined effort by the Anyox forwards finally resulted in Carter, in the half back line, beating

Gawthorn, in goal for Rupert, for their only tally.

Criticism

Scoring opportunities were missed by both forward lines due in a measure to the treacherous condition of the ball and ground. Gawthorn, in goal for Rupert was called upon many times and saved well. The local full backs and half backs played consistent ball. Considering the strangeness of the ground the Anyox boys put up a good brand of football and

BURNS WON FROM THE JAPANESE WRESTLER OCEAN FALLS TUESDAY

Jack Burns on Tuesday night won from the Japanese Takagashi in the jiu jitsu wrestling match in the public hall at Ocean Falls. The referee was a local man.

In the first round they wrestled 13 minutes when Burns made the other man call enough. The second went fifteen minutes to a draw. Then Takagashi quit and refused to go on the mat any more, giving the victory to Jack Burns.

The Jap had been challenged by Nels Jepsen but refused to meet him even though he offered to throw him twelve times within the hour.

It is understood that considerable money changed hands.

worked hard. The forward line was dangerous on many occasions. Craggs, in goal, played a good game and the two strikers which beat him were particularly hot ones. The full backs and half backs gave a good measure of support.

"The Stranger"

Adapted from the well-known novel by John Galsworthy, noted British dramatist. The heart-appealing story of a loveable, old derelict, who shaped the destinies of a beautiful girl of the London streets, a young society wastrel and a great man of England. The backbone of any picture is the story—here's a story with the strength of Gibraltar. A more engrossing plot has never been invented, told as only a genius can tell it. Scenes laid in London. Dramatic Old Bailey trial and prison episode with real local color. Richard Dix, Betty Compson, Lewis Stone, Tully Marshall, Frank Nelson, Mary Jane Irving, and great cast.

JUDGE TELLS ABOUT DOGS

Urges Better Accommodation Here and Gives Hints to Owners of Canines

Prior to leaving for the south Stanley Dorrell, of Vancouver, judge of the dogs at the local fair, and a prominent dog fancier well known throughout the Dominion, stated that the local show was very representative of the canine world but considered that by enlarging the accommodation for the housing of the dogs at the exhibition building, and thereby making it more convenient for exhibitors that a great deal more interest both locally and in the surrounding country could be fostered. Mr. Dorrell was of the opinion that if the dog housing were increased it would be possible to get at least thirty entries from Vancouver, and said he had noticed some splendid specimens of dogs on the city streets which would doubtless have been exhibited if the convenience of exhibitors was studied more. Owing to the fact of a sudden call south Mr. Dorrell was unable to deliver his lecture yesterday afternoon.

Care of Dogs
In speaking of dogs and dog keeping Mr. Dorrell said that the first success for the show bench was housing. Good roomy kennels were necessary, the roomier the better. All breeds could be kept out of doors with success
