EGYPTIANS ACCEPT THE BRITISH DEMANDS

GOVERNMENT AT CAIRO RESIGNS AND NEW PREMIER APPOINTED BY KING

Egypt Accepts Demand of British Government for Indemnity and an Apology for Sirdar's Assassination

Troops are Already Moving out of Soudan and Money Paid Over to British This Morning

LONDON, Nov. 24.—The Egyptian government has agreed to the British demands in connection with the assassination of Sir Lee Stack, Sirdar of the Egyptian Army and Governor of the Soudan, who was shot down at Cairo last week. The British demanded a proper apology, punishment of the assassins and an indemnity and also promises that the government would prevent demonstrations which would tend to disturb the peace.

The British government has decided that the indemnity of £500,000 demanded of Egypt should be subject to provisions for compensation of the victims, be applied to benevolent objects in the Soudan, for which country it says Sir Lee Stack devoted his life.

Excavation Begun
LONDON, Nov. 24.—The evacuation of the Soudan by the Egyptian army has begun, says a news agency despatch this afternoon. This is in accordance with one of the demands of the British note.

The Government's strong action towards Egypt in connection with the assassination of Sirdar Stack evokes wide approval from the press and public although there are criticisms of the details in some quarters and condemnation on the part of the laboring press and political writers.

Inasmuch as the demands for the withdrawal of Egyptian troops from the Soudan and payment of the £500,000 indemnity were the only requirements in the British ultimatum compliance with which were specifically mentioned, it is assumed the British Government will allow reasonable time to fulfil the other stipulations. There is no exception to be taken however nor any weakening in the British determination to have the terms of the note strictly observed.

Indemnity Paid
CAIRO, Nov. 24.—The indemnity of \$500,000 demanded by the British for the death of the Sirdar was paid by the Egyptian government at 11:45 this morning.

Egyptian Government Resigns and New Premier Chosen by King Feud for That Country

CAIRO, Nov. 24.—The Egyptian cabinet headed by Zagloul Pasha has tendered its resignation today to King Feud, who accepted it. The King then summoned Ziwarh Pasha, president of the Senate, who consented to form a cabinet. The latter's acceptance of the premiership is believed likely to ease the present situation quickly as he is known as a moderate and is universally liked. It was even thought in some quarters that a new political outlook has been produced which will obviate the taking of further measures which the British considered necessary.

LONDON, Nov. 24.—The Egyptian crisis will be greatly eased by the resignation of Zagloul Pasha, is the view it is understood prevailed at the hour and a half session of the cabinet called at noon today to consider the Egyptian reply to the British demands.

Ald. Theo. Collart, who has been ill at home for the past week, is able to be around again today.

AN IMPERIAL COMMITTEE

Marketing of Dominion Produce to be Handled in London

OTTAWA, Nov. 24.—The Canadian Government along with the governments of other Dominions has agreed to the formation of an Imperial committee to deal with the marketing of Dominion produce. The personnel of the committee is as yet undecided.

Objections taken at the Imperial conference to the formation of an Imperial economic committee do not, it is stated, apply to the proposed committee on marketing. The objections at that time were to the creation of a committee with practically an unlimited field. There was no objection to the formation of committees which would consider specific subjects.

JUDGE DAVID DEAD

ANCHORAGE, Nov. 24.—Judge Leopold N. David, 45 years of age, died here of heart trouble. He came to Alaska 20 years ago.

David O'Reilly, Indian, was fined \$15 and costs in the city police court this morning for intoxication.

FUNERAL TODAY

The funeral of the late Miss Dorothy Gosnell, who lost her life in a boating accident on the harbor some weeks ago, was buried this afternoon in Fairview Cemetery following a service in the B.C. Undertaker's Chapel at which Rev. G. G. Hacker officiated.

Among those sending flowers were Miss Jean Johnson, Miss Fannie White and George White (Juneau, Alaska).

HATCHERIES TO BE DISCUSSED

Authorities Differ as to Value of Artificial Propagations to Biological Board to Decide

A special full meeting of the biological board of Canada has been called at the request of the department of fisheries for December 30 at Ottawa, and this will necessitate John Dybhavn, the local representative on that board, leaving on or before Christmas Day in order to be present. It will discuss hatchery problems.

There seems to be a difference of opinion among authorities as to the value of hatcheries in fish culture. It has been conclusively shown in the East that for lobster, snail and trout the hatcheries have been a complete failure and many salmon cannery and others have the opinion that the hatcheries are of no value to the salmon industry.

The B.C. Cannery and Packing Co. operate a hatchery of their own on the Ninkish River in connection with their Ninkish River cannery and yet the management of that institution declares they are not at all sure that they derive any benefit from the hatchery.

What Was Responsible?

The good run of sockeye this year on the Skeena River is set down to the hatcheries, but no one is sure that the run would not have been just as large if the hatcheries had not been there. The hatcheries on the Fraser River did not save the fish there from depletion.

The consensus of opinion seems to be that for the less valuable salmon, such as pinks, the hatcheries are useful but for sockeye there is grave doubt of their utility.

Under a maze of contradictory opinion the department of fisheries wishes an opinion on the subject for the local government vendor, so that they may decide whether to restrict their hatchery operations or extend them. Doubtless under these circumstances the board will collate all the evidence procurable and come to a decision.

FORMER MEMBER OF PARLIAMENT LOSES COMMISSION SUIT

The action of Herbert S. Clements, former member of federal parliament for Comox-Atlin, against John J. Coughlan for \$5,000 commission in connection with the assignment of a dry dock subsidy contract from Mr. Coughlan to the Wallace Shipyard Co. was dismissed by Chief Justice Hunter in the Supreme Court at Vancouver last week. The assignment was brought about at the time Mr. Clements was sitting as member. Costs were awarded to the successful defendant who, however, was ordered to pay costs for James Anderson, an unnecessary third party in the case.

Mr. J. F. Thomas, colonial secretary, makes friends with some little Kafir children during a recent visit to Cape Colony, South Africa. Mrs. Thomas can be seen with him.

KU KLUX KLAN IS SEEN AT TORONTO

TORONTO, Nov. 24.—The first experience in connection with the Ku Klux Klan took place here Saturday night when white robed figures burned two large wooden crosses in different parts of the city.

LIQUOR ARRIVES

Five Hundred Cases Came on Cardena Yesterday of which 300 For Vendor

Some five hundred cases of liquor, over 300 of which were for the local government vendor, arrived from Vancouver on the Union steamer Cardena, Capt. A. E. Dickson, yesterday afternoon. There is plenty of rain these days and now that such a substantial shipment of wet goods has arrived, there will be no danger of any kind of a drought for a few days at least.

The Cardena, which arrived at 1:15 and sailed for Stewart, Anyox and Alice Arm at 8 o'clock, had the following in her first class passenger list—For Prince Rupert: John Matson, C. T. Williams, J. R. McAllister, B. Myers and M. M. Waterman. For Anyox: H. Hertier and Mr. Nevison. For Alice Arm: A. C. H. Gernardi, Mr. Wells and Mr. O'Rourke. For Stewart: J. F. Breeze, A. Bruce and J. Arsenau.

IRELAND ENTERS FOR DAVIS CUP AT TENNIS

NEW YORK, Nov. 24.—Ireland was the first country to enter the 1925 Davis Cup tennis competition. A challenge has been received from the Irish by the United States Lawn Tennis Association.

Hanged Himself on Train Near Smithers Early Yesterday With Handkerchief and Piece of Cord

Hanged by the neck from a coat hook with a handkerchief and stout piece of cord, the feet just touching the floor, the lifeless body of J. W. Hollingsworth, aged about 28 and believed to be single, was found early yesterday morning just after leaving Lake Kathlyn station by Conductor Frank Warren in the lavatory of the first class coach of the westbound passenger train which arrived here from the East last evening. It was apparently a clear case of suicide, taking place about the time the train reached Smithers. Identity was established by the name on the inside of the coat and also from insurance papers on the person. There was a dollar or so in the pockets of deceased's clothes as well as a Calgary bank pass book showing a balance of \$230.

COLONEL TELLS OF PALESTINE

Salvation Army Head Gives Interesting Lecture on Sunday Afternoon

The lecture given by Colonel Charles Knott, chief secretary of the Salvation Army in Canada, was very well attended in spite of the inclement weather yesterday afternoon. Mayor Newton took the chair and in introducing the speaker said some very congratulatory words about the Salvation Army and its work.

Colonel Knott gave a wonderful and interesting story of Palestine before and after the war. He was in the country first 20 years ago and was privileged to hold a commission as padre under General Allenby, the British leader, who conquered the Turks. He declared that no country in the world was so attractive for historical, theological or general interest. At present the population was about half a million people of all nations and tribes. The bulk were descendants of the old Canaanitish tribes mentioned in the Bible. The best guide book to Palestine was the Bible.

The Dead Sea
The Dead Sea was a very attractive place but in name only. Some travellers said that a bath in the Dead Sea was refreshing. The Colonel said he disagreed with them. It was like bathing in treacle. He had been very grateful for a dip in the Jordan afterwards to wash off the saline deposit.

Colonel Knott saw the charred ruins of the old cities in the waters of the Dead Sea. This left no doubt in regard to the Bible narrative of the cities of the plain overwhelmed by the fiery destruction of the days of Abraham.

Jerusalem
"We cannot think of Palestine (continued on page four)

WARSHIPS LEAVING FOR EGYPTIAN PORTS

LONDON, Nov. 24.—The admiralty has ordered the superdreadnaught Iron Duke to Alexandria, Egypt, the battleship Malaya to Port Said and the cruiser Caradoc and two destroyers to Soudan.

ASIA IS SHAKEN BY EARTHQUAKES

LONDON, Nov. 24.—Many towns in Anatolia were shaken by earthquakes on Saturday night. The new railway station at Ouchak was destroyed and considerable damage was done elsewhere.

TOKIO, Nov. 24.—Severe earthquakes of four minutes duration rocked the Lake Buwa region including the cities of Kioto and Nagoya early this morning. No serious damage is reported.

BIRTH

A daughter was born at the Prince Rupert General Hospital on November 24, to Mr. and Mrs. Alex Maedonald, 1153 Eleventh Avenue East.

Robert Kipp, charged with intoxication, was fined \$25 in the city police court this morning.

JUDGMENT RESERVED IN DAMAGE ACTION

Caustic Remark Made by Mr. Justice Gregory on Communion of Defence Counsel

Taking of evidence and argument of counsel in the damage action of R. L. Sidener of Burns Lake vs. Sheriff John Shirley of Prince Rupert in which the plaintiff claimed wrongful seizure on the part of the defendant of goods and chattels on a Francois Lake ranch was completed in the Supreme Court before Mr. Justice Gregory on Saturday afternoon and judgment was reserved.

In the course of the taking of evidence, letters from defence counsel to the plaintiff in which fraud on the part of the latter was suggested were read. His Lordship expressed surprise at the contents of said letters, especially coming from a member of the legal profession and said they might have been just cause for libel action.

Alex. McB. Young appeared for the plaintiff and L. S. McGill for the defendant.

DAILY EDITION

Monday, November 24, 1924

Power Report Very Interesting.

All residents of Prince Rupert should read the report on the power situation given by the superintendent of utilities and published Saturday. It indicates what may be done in order to bring the city in line in regard to a power supply.

The ideal plan would be to have a big company develop one of the large power sources on the Estall River, but it is impossible for the city to wait for that. The city has waited too long for outside help. What she has to do now is to help herself. Power is a necessity to enable her to make progress. Happily the dry dock plant being available makes it possible to wait longer than would otherwise be the case. Whatever mistakes have been made in the past must be forgotten, except as they may be a guide to future action.

Tillamook Should Prove Valuable.

The announcement made the other day that the power boat Tillamook would be transferred to Canadian registry and brought here to ply out of this port is right in line with what has been often asked by the Board of Trade. The boat will need a thorough reconditioning before being put into the service in the spring. Then she should prove very valuable in plying to and from the camps and canneries.

Egyptian Situation Is Serious One.

The situation in Egypt is a serious one and may lead to trouble. People of the type of the Egyptians recognize at once any policy of leniency and immediately interpret it as weakness and take advantage of it. The present British government cannot be considered a weak government in any sense of the word and it is likely the effect of prompt action by them will be to bring order out of chaos.

The Egyptian people do not look as if they were ready for responsible government. Their appearance is against them. It will probably take a long period of training to make anything but the role of an autocrat effective there.

Loan Speaks Well For The French.

The fact that France is able to borrow \$100,000,000 in the United States is an indication of greatly improved conditions in that country and the people there are to be congratulated on their success. The money is doubtless badly needed. Possibly some of it will be used to repay the big sums owed to Great Britain, which it is understood the British government has been pressing for. While Great Britain has been settling her outstanding debts and paying the interest, France has so far done nothing.

Oak Bay Municipality Is Leading The Way.

Oak Bay municipality, one of the suburbs of Victoria, is leading the way in disposing of its reverted residential sites. The whole has been sold at an average price of \$150 a lot. As these lots average twice the size of the Prince Rupert lots, it would be the same as \$75 apiece for lots here. Naturally most of the lots are the least saleable in the municipality, else they would have been taken at the tax sales.

A somewhat similar proposal was recently made to the city of Victoria but refused. The intimation is that city lots are likely to have more value in the near future.

Need of Museum At This City.

Father A. P. Kashevaroff of the territorial museum and library at Juneau, who takes a keen interest in biological and historical work, expressed to the Daily News today the opinion that it would be a comparatively easy matter to start a museum collection here in a modest way and this could gradually expand. He thinks Prince Rupert ideally situated for such an institution and it would be a great attraction in the city and would prove of great value in the future. Now is the time to begin, he thinks.

The Man in the Moon

SAYS:-

JAZZ is like a cat. It seems to have at least nine lives, for word has been sent out again and again that it is dying.

SOME make excuses while others make successes.

IGNORANCE is bliss. That is why the grouchers are happy.

FRIENDS are objectionably frank people who tell you how you can improve your voice, your complexion or your figure.

SOME people think they can move the piano by grabbing the stool.

THE person who keeps his mouth open probably lost his brains that way.

I suggest that a few of those wrong numbers central gives us should be advertised in the lost column of this respectable family journal.

IT is said that a man is as old as the tunes he whistles. Now keep up to date boy. Buy a few new records.

THE tax collector says the average person does not know anything about taxation. If I were asked to hazard a guess, I should say we all know a lot too much about taxes.

THE Prince of Wales is popular because he does not lecture or deliver orations.

WHEN the world seems dark and dreary
And you feel tired out and weary
Go to bed and sleep, my dearie,
Don't stay up at night.

IT seems that there are stenographers in town who are so badly used they cannot dress any better than their employers' wives and daughters. I pity them.

HOW can a man keep young when he thinks what a lot of bills he will have to pay this coming Christmas.

LEARNING when to stop is an important thing about public speaking. In the story telling contest at the Presbyterian Church the other night this was made evident.

WHEN you hear that a man will not let his wife get her hair bobbed, don't let them fool you. It is not that way at all.

BLARNEY is like oil, it sometimes helps to make the machinery work smoothly and prevents a squeak.

IT is to be hoped that these story telling contests do not become popular. Already we are a bit tired of some stories that we have heard seven hundred and sixty three times.

ALASKA INDIANS ON THE INCREASE

SEATTLE, Nov. 24.—John H. Wagner, chief of the Alaska branch of the bureau of education, in his report to Commissioner of Education Tigert, said the bureau maintained 82 schools in Alaska this year with 4,132 pupils. The number of schools is eight over last year. Natives living in villages with schools totalled 12,063, approximately half the natives in Alaska. Births largely exceeded deaths among the natives, 279 births being reported, and 96 deaths.

WHAT HE LOOKED LIKE.

He was waiting in Centralia for a train on the Columbia branch. As he walked idly up and down the platform he noticed a rather pretty girl who was also waiting for the branch train. He endeavored to catch her eye, but she did not seem to see him. Finally he walked up to her and said:

"I beg your pardon, but you look just like a girl I know."
She surveyed him coldly from head to foot and refused to thaw. "Well, you just look like a man I don't want to know!" she retorted.

SMITHERS

James Latham of Hazelton was visitor in Smithers the latter part of last week.

Constable P. Carr and Mrs. Carr of Burns Lake arrived in town last Thursday and spent a couple of days here. Mr. Carr having brought down a man who is being sent to the mental hospital.

G. W. Vollet of Vancouver, representing Wrigley's Directory spent Thursday and Friday in town collecting data to be used in the 1925 British Columbia directory.

John A. McDonald who has been absent from Smithers for the past five months, returned on last Thursday morning and will again make his home here for awhile. Mr. McDonald spent most of the time he was away in western Ontario.

Mrs. J. Groat who has been visiting with friends in Edmonton and other prairie cities, returned to her home in Smithers on Thursday.

The Ladies Aid of the Anglican Church held their regular monthly meeting at the home of Mrs. D. D. Rolston on Thursday afternoon. The ladies are busy with preparations in connection with their coming bazaar which is to be held on Saturday.

The local group of the Canadian Girls in Training initiated five new members on Friday night in the schoolroom at the Union Church. The girls receiving membership cards were Dorothy Devoine, Jane York, Irene McIntyre, Emma Morris and Orianda Hartnett. Mrs. A. J. McIntyre, their leader, now has 22 girls on the roll.

Smithers was well represented at Telkwa's celebrations on Friday when their new nurses' home was opened. Several car loads went over in the afternoon to attend the opening ceremonies, and in the evening a further contingent went for the big dance.

All those making the trip were loud in praises of the treatment tendered them by the Telkwaites and had a most enjoyable time.

TENDERS WANTED

Sealed Tenders addressed to the undersigned and endorsed for the "Construction and Equipment of one (1) Forty foot Motor Launch" will be received up to Noon, November 29th, 1924. Plans, specifications and form of tender may be obtained at the offices of the Chief Forester, Victoria, the District Forester, Court House, Vancouver, and the District Forester, Prince Rupert, on deposit of \$10.00 which will be refunded on the return of plans and specifications. The lowest or any tender not necessarily accepted.
G. R. NADEN,
Deputy Minister of Lands.

Capture of Jerusalem

Col. Knott's story of the capture of Jerusalem by the British forces was a graphic one. When General Allenby, who was a devout Christian, arrived within seven miles of the city he called a halt to his forces and gave orders that no shot was to be fired against the place. He then wired to the British Parliament for instructions, and they replied that they left it to his discretion what should be done. He then wired to King George for his convictions and asked for advice. The reply the King made was "Pray, and then act."

The general then called the chaplain and officers together for prayer and while they were engaged in this, two men were seen approaching under a white flag with the keys of the city. Jerusalem was occupied by the British forces without the firing of a shot.

A. T. Eckoff was fined \$50 under the Game Act this morning, having been found guilty of dealing in furs without holding the necessary license. Prosecution was by the provincial police.

Decree nisi was granted by Mr. Justice Gregory in the Supreme Court Saturday afternoon in the divorce case of Stephen Morrison vs. Lilly Morrison. The principals are Indians.

Motorboat Prosperity, Capt. Brindle, was in port yesterday discharging thirty tons of palladium concentrate from the Salt Chuck mine near Ketchikan for transshipment East over the Canadian National Railways to Irvington smelter, New Jersey. The vessel returned north with a cargo of coal taken on locally.

The steamer Gray, recently returned to her owners, the Consolidated Whaling Co., after having been under charter to the Canadian Government Merchant Marine for several months, is to make a voyage to the outside of Graham Island to pick up a cargo of ore which was salvaged from the American motorship Kennecott which was wrecked there last year.

Many citizens have expressed a wish to assist in the erection of a stained glass window as a memorial to the late Archbishop DuVernet. During this week they will be called upon and their contributions received and handed to the treasurer, Mr. W. C. Orchard. It is felt that the whole of the citizens should have a chance to take a part in thus honoring one who has greatly honored the city by his life and work. He drew the attention of the whole continent to Prince Rupert by his personality and his writings.

BILLIARDS TONIGHT

Billiard Parlor and Grotto to Meet in First Division This Evening

The first division billiard tournament between the Prince Rupert Billiard Parlor and the Grotto, scheduled for Wednesday night, will be played this evening. The line-ups will be as follows: George McIlmoyle (Billiard Parlor) vs. George Waugh (Grotto).

Charles Balagno vs. Don Brown. Fred Stephens vs. E. Pierce. B. Jelich vs. Bert Morgan. Art Easson vs. George Blythe.

L. S. McGill, barrister of Smithers, who has been here for the past week defending in the Sideher-Shirley damage action in the Supreme Court, returns to the interior on this evening's train.

Lyster (Barney) Mulvaney, who has been in the city for the past few days in connection with a civil case at the Assizes and also on private business, is returning to Burns Lake on this afternoon's train.

Cancellation of lease! To house builders and boat builders. Owing to cancellation of lease, we have for sale at greatly reduced prices, dimension and double dressed lumber. Stock must be sold at once. Shockley Planing Mill, Cow Bay.

J. E. Thompson, former Liberal member of the legislative assembly for Grand Forks and now managing director of the Restmore Manufacturing Co., Vancouver, arrived in the city from the south on the Princess Beatrice on Saturday. He is on a business trip and will leave for the interior tonight and for Anyox and Stewart Wednesday night, returning south Friday morning. He is registered at the Hotel Prince Rupert.

ANNOUNCEMENTS

Lutheran Bazaar, December 2, Metropole Hall.

FISH CULTURE EXPERT TO MAKE STUDY HERE OF LIFE OF HALIBUT

W. F. Thompson to Advise International Commission in Regard to Possible Regulations

W. F. Thompson, the expert who is practically the only man to study the life history of the halibut and who has only commenced his work, is to continue it, according to an announcement made by J. P. Babcock on behalf of the International Fisheries Commission. He will work at various points along the coast including Prince Rupert and will probably make the new biological station at Prince Rupert his headquarters next season.

Mr. Thompson has already published a monogram on the subject of the halibut but he has been unable so far to secure the data required to enable him to advise as to the best means of protecting the halibut and the most desirable dates for the close season.

SOUNDINGS FINISHED AND TEST HOLES ARE SUNK ELEVATOR SITE

The taking of soundings for the elevator that it is proposed to build here was finished on Saturday at noon. There have also been some test holes sunk on the railway grade to determine the depth to the solid rock ledge. The work has been in charge of W. N. Chater, engineer of the C. B. Howe Co. Tenders for the foundation work will be called very soon.

SESSION OF SUPREME COURT ASSIZES ENDS

Two Divorce Actions and Argument as to Costs in Civil Case Comprised Business This Morning

The fall session of the Supreme Court Assizes closed at noon today after a four-day session before Mr. Justice Gregory.

In the divorce action of Petra Matilda Lindseth vs. John Lindseth, judgment was reserved for review of the evidence to establish if grounds are sufficient. The Lillian Gertrude Rothwell vs. William Rothwell divorce case was traversed till next assizes. L. W. Patmore represented the petitioners in both cases.

There was argument as to costs in the Lindland vs. Gazanoff civil case which was tried at last assizes. An accounting was ordered to be taken. If more than \$1,000 is involved, the case will be continued in the Supreme Court; if less, in the County Court. L. W. Patmore and Milton Gonzales were the respective counsel.

COMMERCIAL RAIN MAKING FEASIBLE

Aviators Have Shot Down Clouds and Stopped Thunder Storms

WASHINGTON, Nov. 24.—Using an electrified sand process devised by Dr. L. Francis Warren, of Harvard, two army aviators have successfully "shot down" a series of clouds over Bolling Field. Similar cloud groups disappeared entirely under the attack, while heavier masses were criss-crossed with artificial chasms through which the sun's rays pierced brightly to the earth.

Describing tests which he says have been going on for some time, Dr. Warren said: "These tests have resulted in some cases in uncanny manifestations. For example, on July 8 at about 2 o'clock in the afternoon, a frightfully heavy thunderstorm with almost continuous lightning lay to the south of Phillips Field over Chesapeake Bay. At 2:30 we attacked a small corner of this storm with a quantity of negatively charged sand—less than ten pounds—and coincident with its application there was no more lightning and no more thunder. There followed a slow, gentle rain of about four hours' duration. We have at least proved beyond doubt that the principle is correct and practicable, which means that a celestial epoch has been reached in the affairs of man. Commercial rain-making now lies within the grasp of man."

The WASHTUB...

Something you're glad to tell "Good-bye"

There is no woman who does not enjoy saying "good-bye" to the wash-tub. And there is no need for any woman to even have one about the house. For our Wet Wash Service does all the washing and returns your bundle, fragrantly clean, ready to starch, iron or hang out to dry. When you see how well it is done and how little it costs—that is, when you'll say "good-bye" to the wash-tub forever.

Sport Chat

On account of the rehearsal for the Elks' concert in which a number of the players are taking part, tonight's league basketball games are called off and will be played at the end of the series if necessary. Jack Campbell, president of the Association, announced this morning. The next games will be on Friday night when, in addition to a Junior League game, Intermediate Galls vs. Grotto and Senior Colts vs. Sons of Canada will meet.

With clean sweeps the style of the season, every meeting so far in the second division billiard league has made material changes in the standing sheet. The Billiard Parlor is at present leading the league by virtue of one clean sweep to their credit and another victory of not so decisive character. The Great War Veterans, St. Andrew's and Grotto are not so very far behind. Tomorrow the Vets and the Gallies—who are in the cellar having been victims of two of the clean sweeps—will meet. If the soldiers repeat they will be that much closer on the Billiard Parlor boys' heels although they cannot assume the leadership as a result of the tournament. On Thursday night the Grotto and St. Andrew's will meet to settle the third place dispute. The Senior League game of the week will be between the Prince Rupert Billiard Parlor and Grotto tonight.

TIMES DISCUSSES CITY MANAGER PLAN OF CIVIC GOVERNMENT

Many years may elapse before the ideal form of civic government shall be discovered; but there is everything to recommend the passage of legislation which will enable the municipalities of the province to experiment with the city manager system where the circumstances seem to warrant it, says the Victoria Times.

In many cities in the United States and Great Britain, as well as in several Canadian municipalities, Kamloops being a notable example in British Columbia, the scheme has been tried with conspicuous success. It has been found that a continuity of policy, particularly in regard to the administration of important public utilities, has resulted in considerable economies and efficiency. It has relieved the aldermanic board of a good deal of technical detail, which no council member could be expected to master in one short term, or even in two or three years, and left it more time to take stock of matters of equal importance, but which demand less exhaustive training.

The general provision which is now recommended to the Legislature by a delegation which waited upon the government the other day would merely create

THE LUCK OF THE DRAW

He—Did you take me for a fool?
 She—No, I took you for a husband, but a woman can't help what she gets.

Here and There

During the past season the Canadian Pacific Railway used on all its lines approximately 6,500,000 ties, according to a report just issued. The woods used include British Columbia fir, hemlock, tamarac, jack pine, spruce, maple and birch.

Tourist traffic in New Brunswick during the past summer left nearly \$3,000,000 in the province, an amount almost equal to the total provincial revenue, according to an estimate of the New Brunswick Tourist Association. Approximately 70,000 tourists visited the province.

One thousand British Columbia rose bushes are being shipped to Portland, Ore., "the Rose City." Portland, famous all over the continent for its roses, buys the varieties produced in British Columbia because they are the hardiest and best suited for growing in North America.

Silver production in Ontario for 1924 will not vary materially from that of 1923, judging by figures available for the first nine months of the year from the reports of several operating companies, though some increases will be shown. Production to date has amounted to about \$19,500 a day.

Caribou have been seen in very large numbers this season in the northern part of Yukon territory. Old-timers say that the main herd must have numbered tens of thousands, while in some of the smaller herds that had broken temporarily from the main herd there were hundreds and sometimes thousands.

The very first aerial stowaway ever known was discovered recently aboard a plane in the Laurentide Air Service, Limited, operating on its Rony gold fields service in association with the Canadian Pacific Railway. The serious effect of the extra weight on the flying powers of the machine was so noticeable that it led to the man's discovery. As he had hidden himself with a desire to see his sick wife and child, he was not punished.

The enormous contribution to the wealth of Canada made by the Canadian Pacific Railway was alluded to by E. W. Beatty, K.C., Chairman and President of the Company, when, speaking at Welland, Ont., on November 7th, at the celebration of the 100th anniversary of the building of the first Welland Canal, he stated that the company in 1923 dispersed in the Dominion \$202,000,000 in wages and materials, and \$7,000,000 in taxes of all kinds.

Erected at the cost of \$200,000, one of the handsomest marine terminals of the Canadian Pacific Railway was recently completed at Victoria, B.C. The terminal houses the general offices of the British Columbia Coast Service of the Canadian Pacific. The main building is 122 feet long, 54 feet wide and three storeys high, with a fourth storey erected centrally over the structure.

Russia will never again rival Canada as a wheat exporter, according to L. W. Lyde, Professor of Geography at London (England) University. He believes that grain growing in future lies with the Canadian farmer. Russia cannot properly supply its own needs. Pre-war export of wheat was purely artificial, drawn, not from a natural surplus, but from the needs of a very poor and ignorant peasantry.

A twenty per cent increase in the business over the Dominion Atlantic Railway, serving Nova Scotia, was the approximate summary of the summer's travel recently given by F. G. J. Comeau, General Traffic Agent of the line. This is attributable to the growing appreciation of the beauties of the Annapolis Valley and the charm of the Evangeline county among tourists everywhere.

An extensive programme is being prepared in connection with the winter sports activities of the Chateau Frontenac, the Canadian Pacific Railway's famous hotel at Quebec. E. Des Bailleurs, newly appointed sports director for the hotel, is planning the formation of the Frontenac Winter Club and the holding of competitions in curling, skiing, ski-joring, skating and other pastimes of the season.

Surprise packets in the shape of crates containing two lions, a male cub and a full grown female, constituted the most interesting shipment handled by the Montreal and Toronto offices of the Dominion Express Co. this year. The animals, exchanged for specimens of Canadian deer, recently arrived from Dublin and were dispatched over Canadian Pacific lines to their destination, the zoological gardens at Toronto. Needless to say, they were carefully handled.

BLUE RIBBON TEA

By an overwhelming majority the people of Western Canada have decided that Blue Ribbon "Mountain Grown" Tea is the best. Ask for it.

SYNOPSIS OF ACT AMENDMENTS

PRE-EMPTIONS

Unreserved, surveyed lands may be pre-empted by subjects over 18 years of age, on aliens on declaring intention to become British subjects, condition of residence, occupation, improvement for agricultural purposes.

PURCHASE

Applications are received for purchase of vacant and unreserved lands not being timberland, agricultural purposes; minimum for first-class (arable) land is 10 acres, and second-class (grazing) land 25 acres.

HOME SITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as home sites, residential upon a dwelling being constructed in the first year.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and range administered under a Commissioner. Annual permits are issued based on range, priority being given to stock owners.

NOTICE

NOTICE that within thirty days of the date of publication of this notice any person who has an interest in the lands described in the notice is invited to apply to the Minister of Lands, Forests and Mines for authority to construct a road.

LAND AUST

Queen Charlotte Island Land District, District of Prince Rupert.

Take Notice that I, Samuel Simpson, of Massett, B.C., occupation fisherman, intend to apply for permission to lease the following described lands:

1. A post planted near the southeast corner of Massett Island, and thence 3 chains to low water mark, thence following low water mark in a northwesterly direction a distance of 80 chains (1 mile); thence west only 5 chains; thence southerly 80 chains (1 mile) to post of commencement and containing 15 acres (more or less).

WEEK AT THEATRE

Monday and Tuesday
Tom Mix and Tony in "The Trouble Shooter," Jack Dempsey in "Winning His Way."

Wednesday and Thursday
Musical comedy "The Beauty Shop."

Friday and Saturday
Mary Pickford in "Dorothy Vernon of Haddon Hall," Topics of the Day, Fox News-Gazette.

DOROTHY VERNON OF HADDON HALL

Mary Pickford in Great Photoplay is to be Here at Week End

Dorothy Vernon of Haddon Hall, the great play of romance and history of the time of Mary Queen of Scots. At a recent showing of the play in New York the reviewers were unanimous in praising the work of the great little actress.

"Mary Pickford has never had a vehicle better suited to her talents than 'Dorothy Vernon of Haddon Hall,' and never has she given a better account of herself," says Lonella Parsons in the New York American.

"Dorothy Vernon of Haddon Hall" is in many respects the most ambitious spectacle of Mary Pickford's career," said Thomas B. Hanly in the Morning Telegraph. "The consensus seemed to be that Miss Pickford has done an uncommonly fine bit of acting and that she had no at any time allowed herself to be submerged as it were in the big scenes."

"It is doubtful that even those who are rabid Mary Pickford fans were prepared for so much loveliness, even though all knew beforehand that she would give a delightful performance full of spirit and technique," said Harriette Underhill in the Herald-Tribune.

"As Dorothy Vernon Miss Pickford has a part that suits her as well as any in which she has ever appeared," said F. W. Morand in the Times. It gives her a chance to be coy, impulsive, saucy, angry, vivacious, winsome and perfectly lovely."

"Mary Pickford's new picture has all the charm and delicacy of Charles Major's vivid romance. It is truly a beautiful photoplay."

"Dorothy Vernon of Haddon Hall" is as sweet and wholesome and romantic and exciting a picture as you ever saw, and you surely will like it," said the reviewer for the Evening Post.

"The first night audience gave every indication of full approval as indeed it should have," said the critic for the Sun. "for 'Dorothy Vernon of Haddon Hall' is a stunning thing to look at."

HITTING THE BALL

Many beginners in golf — and many who are not beginners — are grievously afflicted with the malady of topping the ball. A player whose efforts to cure himself of this affliction only resulted in the reverse of the Cone formula, addressed a professional with gloom in his ear and despair in his eye. "I'm hitting the ball every time right on the top. I want you to tell me a cure for it!"

"Oh," replied the professional, "just turn the ball upside down."

DEMPSEY TONIGHT IN FIGHT AND WIN

Jack Dempsey, world champion fighter, is the leading figure in "Fight and Win" at the Westholme tonight. In the story Jack O'Day, steel worker, noted for his ability to fight, is seized on as a "white hope" by a clever fight manager. He becomes champion of the world. He and his cohorts then face the problem of guarding their newly acquired riches. Jack in the meantime is left an orphanage, which is almost wrecked by debt. Keeping up the orphanage, caring for a sick mother and other interests keep him fighting, while blackmailers and others pursue him. Among the laughs are many big thrills—a sensational rescue of a child from a railroad trestle, spectacular fights, and other big stunts. It is one of the liveliest light stories ever told on the screen.

TOM MIX AND HORSE TONY HERE TONIGHT

Famous Actor and Famous Cow Pony Seen in "The Trouble Shooter"

Admirers of "Tony," famous Tom Mix cow pony, will be delighted with the animal's cleverness and new adroitness in "The Trouble Shooter," which opens here tonight.

Perhaps the most daring run which Tony has ever made with Tom astride his back is in the present picture wherein the famous pony travels at break-neck speed over a high railway bridge, which spans a deep chasm in the gorges of Yosemite Valley, California. The runaway over which Tony carries his master is but a foot-wide plank between the rails. Immediately behind the horse and rider thunders a big locomotive and heavy train. Tony wins by less than a couple of seconds. The distance covered is approximately half a mile. A slip would throw horse and rider over the unguarded edge of the bridge to the gorge below, a sheer drop of five hundred feet.

PEOPLE WONDERING ABOUT CATCHY MUSIC

Choruses in "The Beauty Shop" Heard from the Street Attract Attention

People passing up and down Third Avenue evenings wonder what catchy music that is they hear coming from the Elks Hall and when they inquire they are informed it is the chorus work of "The Beauty Shop," in which sixty people take part and which is already becoming perfected to a wonderful degree. What many cannot understand is how the director can take groups of practically raw recruits and in less than two weeks give them such training as to produce such excellent results. The training is said to be worth a great deal to those who take part.

Bookings already are coming in very fast for the two nights but especially for Thursday. Experience shows that often the first night is the best and it looks as if the people booking are taking the wrong night. As the play will be shown only two nights, there are likely to be a lot of disappointed people.

Mr. and Milton Gonzales and daughter are sailing tomorrow night on the Cardena for Vancouver. They expect to be away about two weeks.

HE SURE FELT MEAN BUT MENDED HIS WAYS

Said a well known local man the other day "Well, Sir, the meanest feeling I ever had come over me was last Christmas morning. I had passed up the Christmas card idea entirely and of course was deluged with all sorts of lovely Christmas greetings from relatives and old friends. And there, I hadn't sent out a single one. I thought then if anyone had been like myself a lot of real joy would have been lost. I determined to see that nothing of the sort occurs this Christmas. I am going to dispense sunshine on the 'glad morn' as well as receive it." Your private greeting card can be selected at Rose, Cowan & Latta's, Fourth St., from our wide range at moderate cost, and cards will be printed on day of order. Phone 234.

C. M. Barbeau of Ottawa arrived in the city from Hazelton last night. Mr. Barbeau is engaged in native research work in the interior for the federal government.

Has produced Minerals as follows: Placer Gold, \$76,962,203; Lode Gold, \$113,534,655; Silver, \$63,532,655; Lead, \$58,132,661; Copper, \$179,046,508; Zinc, \$27,904,756; Miscellaneous Minerals, \$1,408,257; Coal and Coke, \$250,968,113; Building Stone, Brick, Cement, etc., \$39,415,234; making its Mineral Production to the end of 1923 show an

Aggregate Value of \$810,722,782
 Production for Year Ending Dec. 1923, \$41,304,320

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire. Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown Grants.

Full information together with Mining Reports and Maps, may be obtained gratis by addressing—
THE HON. THE MINISTER OF MINES
 Victoria, British Columbia.

WATER NOTICE

(Diversion and Use)

TAKE NOTICE that Andrew Sostad, Agent for Engineer Gold Mines Ltd., Inc., whose address is 848-120 Broadway, New York, N.Y., will apply for a licence to take and use 20 cubic feet per second of water out the Wann River, which flows westerly and drains into Taku Arm about two and a half miles south of Engineer Mine. The water will be diverted from the stream at a point about one mile upstream from Taku Arm, and will be used for power purposes upon the "Engineer Mine," described as Eleven Crown-granted Mineral Claims, surveyed as Lots Nos. 19, 20, 106, 207, 208, 218, 267, 268, 270, 272, and 264 Group 1, Cassiar District. This notice was posted on the ground on the 25th day of June, 1924. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Altn. B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is October 20th 1924. ENGINEER GOLD MINES, LIMITED, INC. By Andrew Sostad, Agent

VERSATILE CHILD

"Good gracious!" said the visiting bachelor, "does you baby always cry that way?"
"Oh, dear, no!" responded the host. "He has quite an extensive repertoire. This is only one of his lighter performances; he reserves his heavy work for 2 a.m."

THE PLACE FOR HIM

Two sweethearts from Aberdeen were rambling round, when they came to a movie.

The young man ran his eye over the front of the building. He rested on this title in large letters: "The Woman Pays."

"Jean," he said, "I think we'll gang in here."

K-L-I-M

Spell it Backwards

M-I-L-K

What is KLIM?

Briefly it is milk in powdered form representing 86 per cent of the solids of milk with the 14 per cent moisture taken from it.

Why has the sale of KLIM been confined to one store in Prince Rupert?

Because KLIM is a highly perishable product and the manufacturers, by regulating the sale through one appointed agent, eliminate the danger of old stock being sold.

CHURCH BAZAAR AT SMITHERS SUCCESS

Sum of \$135 Raised by Ladies of Union Church

SMITHERS, Nov. 24.—The Women's Auxiliary of the Union Church held their annual bazaar in the church on last Thursday afternoon. While the weather was not all that could be desired for an affair of this kind there was a very good attendance and the ladies were well pleased with their efforts which netted them about \$135.00.

The ladies having charge of the various booths were: Mrs. W. F. Boyer and Mrs. G. Raymond at the fancy work stall; Mrs. Geo. Carruthers and Mrs. B. Robinson at the home cooking and candy booth; Mrs. C. L. Dimock and Mrs. J. Graham at the fish pond, and the tea room was in charge of Mrs. W. McAdam, Mrs. P. Chapman and Mrs. G. Smith.

WASTED TIME

"How is it that Betty and Jack have given up golf? It was their constant occupation last summer."

"Well, you see, since they have become quite confidential and found out that they played only because each thought the other liked it."

4 in 5 Want Pacific

For a lone time there seemed to be almost a prejudice against things made in B.C. That has changed as folks came to realize that we do some things better here than anywhere in Canada. Grocers tell us that four in five customers for canned milk ask for Pacific Milk.

SPECIAL SALVATION ARMY SERVICES ARE HELD AT WEEK-END

The Salvation Army meetings on Saturday and Sunday were conducted by Col. and Mrs. Knott and party from Winnipeg. The colonel is the second in command of the Salvation Army in Western Canada and Alaska.

Included in the party visiting the city are also Lieut. Col. Phillips, Brigadier Sims, Adjutant Merrill and Capt. Dorin.

Col. Knott preached on Sunday morning in the Presbyterian Church and Col. Phillips in the Methodist Church, while Mrs. Knott conducted the morning service at the Salvation Army hall. In the afternoon, Col. Knott gave a lecture on "The Holy Land after the War."

At night the building was filled for the service in which Col. Knott spoke on Christ's words: "I am the Way, the Truth, the Life."

The party leaves for the east on the Canadian National train this afternoon after inspecting the work and properties today.

CLOSE CHICKEN HALIBUT GROUNDS IS REQUEST

Petition Signed by Petersburg Fishermen Deals With Herring Ring Bait

PETERSBURG, Nov. 24.—A committee consisting of Andrew Johnson of the Sherman, Sverrr Johansen of the Brothers, Andrew Gjerde of the Happy, Louis Wiek of the Castle and Antone Noriede of the Odin, drafted the following resolutions, which were adopted and forwarded to Henry O'Malley, commissioner of fisheries, by the city council, Commercial Club and Petersburg Men's Club:

"We are satisfied with the present closed season for halibut and we advise the closing of the chicken halibut grounds. The restrictions on herring as proposed in Juneau will practically close the halibut industry and we advise no restrictions on bait herring for halibut.

"It is a fact that one fertilizer plant does catch more herring in three months, namely, June, July and August, than are used during the entire year for halibut bait. We recommend that for the conservation of herring, fertilizer plants be made to conserve for food 50 per cent of the entire catch. At present most of these plants are putting up herring for oil and meal only and a few others do not conserve for food more than from 1 to 5 per cent of their catch.

"As an example of the present restrictions affecting herring bait, the halibut fleet of at least 50 boats was compelled to miss one trip the latter part of September this year because herring seiners were not allowed to seine inside closed salmon areas."

Those who are always bemoaning the badness of the world should remember that it might be twice as bad and possibly would be if the moaners were in charge.

FATHER KASHEVAROFF URGES MUSEUM HERE

Says it Could be Easily Started by Group of Interested Persons

"Prince Rupert is ideally located for making a museum collection" declared Father Kashevaroff, museum and library at Juneau, to the Daily News today. He says that in Alaska they started in a modest way and it was surprising how the articles came in from various sources. He thinks the same would be the case here if it was commenced and a few interested people took hold of it. He strongly urges that this is the time to make a beginning.

ENFORCING LAW IN NAAS RIVER DISTRICT

MIYANSH, Nov. 24.—Dominion Constable G. Newham, paid an unexpected visit to the district recently as a result of which a petty sessions court was held in the village for the greater part of the week, presided over by Rev. Oliver Thorne, stipendiary magistrate. A number of cases of infraction of the Indian Act were dealt with and three cases of white men trespassing on the Indian reserve.

After a general tour on horseback of the up-river reserves Constable Newham left for Greenville by canoe.

HAD BIG CATCH ON LAST TRIP SOUTH

New England Took 100,000 Lbs. of Halibut and 15,000 of Cod

On her final trip south for the season the fishing steamer New England took her catch south to Vancouver. She had 100,000 lbs. of halibut and 15,000 lbs. of cod and she also towed south the schooner, Prospector belonging to the same company to have a diesel engine installed in her in readiness for next season's fishing.

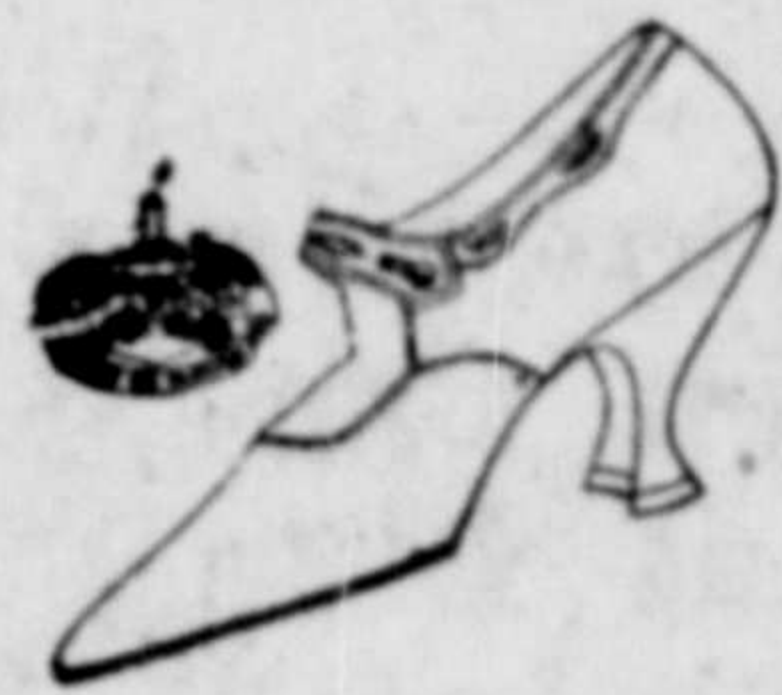

The New England has been in charge of Captain M. B. Scott and has had a very satisfactory season, landing a total of 1,250,000 pounds of fish, mostly halibut, nearly all of which has been discharged at the Ketchikan branch of the company.

The ship is specially designed to go long distances and has fished the Cook Inlet grounds under special permit, and has even made trips to the Trinity Islands, more than 850 miles from Ketchikan, besides the Portlock and Albatross bank fishing grounds, about 600 miles away.

The New England is the pioneer steam fishing vessel of the Pacific coast and has been fishing almost continuously since 1898. She is one of a very few now operating on company lay, this type of vessel having been supplanted to a great degree by the independent schooner. She carries a crew of eleven men and eighteen to twenty-two fishermen.
