## Liberals Have Largest Group in Legislature

Twenty Elected out of 48 Seats and Four yet in Doubt: Two Independent Liberals.

VANGOUVER, June 21.—The standing of the parties at eleven o'clock this morning showed Liberals 20, Conservatives 16, Labor 3, Provincials 3, Independent Liberals 2, in doubt 4. The most surprising feature of the whole election was the complete victory of the Conservative party in the southern part of Vancouver Island. Even Premier Oliver went down to defeat in the landslide there. The Conservative leader was also washed out at Vancouver where four Liberals and two Provincials, including General McRae, were elected.

None of the candidates are yet definitely elected as they are subject to the absentee vote and in a number of cases to small outlying districts the returns of which have not yet come in. Following are the complete returns to date:

**Liberals**—Chilliwack, Columbia, Delta, Kamloops, Kaslo-Slocan, Lillooet, Nanaimo, Nelson, New Westminster, North Okanagan, Omineca, Prince Rupert, Revelstoke, Skeena, Vancouver (4), Yale and Comox.  
**Conservatives**—Cowichan-Newcastle, Cranbrook, Creston, Dewdney, Esquimalt, Grand Forks-Greenwood, Islands, Rossland-Trail, Saanich, Salmon Arm, South Okanagan, Similkameen, Victoria (4).  
**Provincials**—Point Grey-Richmond, Vancouver (2).  
**Labor**—Burnaby, Fernie and South Vancouver.  
**Independent Liberals**—Alberni and North Vancouver.  
**Doubtful**—Atlin, Cariboo, Prince George and Mackenzie.  
The various seats in the province went as follows:

**ALBERNI**—Major Dick Burde, Independent Liberal, re-elected with small majority over Ald. C. A. McNaughton, Provincial.  
**ATLIN**—Bert Kergin, Liberal, believed elected with a majority of about 50 over Bob Armour, Provincial, Ed. Conway, Conservative, not far behind.  
**BURNABY**—Frank Browne, Labor, elected with majority of 200 over H. M. Fraser, Liberal.  
**CARIBOO**—J. Stoddard, Provincial, leading by 11 over J. A. Fraser, Conservative, with several polls to hear from yet. Result uncertain.

**CHILLIWACK**—Hon. E. D. Barrow, minister of agriculture, re-elected with majority of 72. Barrow, 1305; J. A. McLeod, Provincial, 4233; J. J. McPhee, Conservative, 1025.  
**COLUMBIA**—J. A. Buckham, sitting member, re-elected with majority of about 60 over A. M. Chisholm, Conservative.  
**COMOX**—P. P. Harrison, Independent Liberal, elected with plurality over W. Duncan, Conservative, and G. Every-Clayton, Provincial.  
**COWICHAN-NEWCASTLE**—G. F. Davis, Conservative, elected, with vote of 1474; Kenneth Duncan, Provincial, 803; Sam Guthrie, Labor, 1036; Wynand Walkem, Liberal, 665.

**CRANBROOK**—N. A. Wallinger, Conservative, elected with majority of 277 over John Taylor, Liberal. Three small polls to hear from.  
**CRESTON**—Col. F. Lister, Conservative, elected with majority of nearly 250 over John Norcross, Liberal.  
**DELTA**—A. D. Paterson, Liberal, re-elected with 350 majority over Col. A. E. McLellan, Conservative.  
**DEWDENEY**—J. A. Gatherwood, Conservative, elected with majority of about 80 over Maxwell Smith, Liberal.

**ESQUIMALT**—R. H. Pooley, Conservative, re-elected, 4256; F. R. Carlow, Liberal, 750; Capt. R. P. Matheson, Provincial, 486; Reeve Alex. Lockley, Independent Conservative, 325.  
**FERNIE**—Thomas Uphill, Labor, re-elected with majority of about 200 over Dr. Saul Bonnell, Conservative.  
**FORT GEORGE**—F. P. Burden, Conservative, leading with a

### PRINCE RUPERT VOTES FOR BEER

Prince Rupert voted 619 for beer by the glass and 557 against at the plebiscite yesterday. Indications are that the measure has been turned down as both Vancouver and Victoria voted heavily against it.

### MANSON GOES TO VICTORIA

Attorney General Elected in Omineca by Good Lead Over Others

Attorney General A. M. Manson was elected yesterday over his two opponents Coker and Sheldford. That is evident from the returns already in. Mr. Manson got strong support at Burns Lake, Endako, North Francois, Rose Lake, Southbank and South Bulkley. The detail received up to the time of going to press follows:

	Lib.	Con.	Pro.
Burns Lake	85	11	45
Endako	34	43	4

### KERGIN LEADS ATLIN RIDING

Election There Seems Assured But Several Places to Hear From

H. F. Kergin, Liberal, seems likely to be elected in Atlin riding but nothing is sure. He has a considerable lead which may be increased or decreased as the other returns come in. Conway, Conservative, comes second, and Armour, Provincial, third. The detail so far as obtainable follows:

	Lib.	Con.	Pro.
Alice Arm	61	53	5

### TO THE ELECTORS OF PRINCE RUPERT ELECTORAL DISTRICT

Ladies and Gentlemen,  
Yesterday you did me the honor to re-elect me to represent you for the third time in the Provincial Legislature.  
I am deeply conscious of the honor done me and shall serve you to the utmost of my ability at all times.  
Very faithfully yours,  
T. D. PATTULLO.

### WRINCH CHOSEN SKEENA RIDING

Liberal Will Undoubtedly be Elected by Large Plurality Over Opponents

In the Skeena electoral district Dr. Wrinch is undoubtedly elected as he has a large lead over the other candidates. The latest figures from his constituency show his vote as 560, Dockrill 432, and Sargent 189. Telkwa went strong for Dockrill and Hazelton and Smithers for the winner, while Terrace was impartial. The detail of the vote as far as known follows:

	Lib.	Con.	Pro.
Cedarvale	15	2	8
Copper City	7	3	6
Glentanna	11	3	7
Hanall	10	0	0

## Hon. T. D. Pattullo was Re-elected Yesterday by Handsome Majority

With a majority of 218 over his runner-up, Mayor S. M. Newton, and a clear plurality of 185 over both his opponents, Hon. T. D. Pattullo, minister of lands, was returned at the provincial election yesterday to represent Prince Rupert district for the third time in the legislative assembly. These figures do not, of course, include the absentee vote for the district and such small polls that may have yet to be heard from. In any event, the result is secure and it is assured that Mr. Pattullo has been given a substantial majority. The fact that he has a plurality over both candidates whereas such was not the case in the last provincial election indicates conclusively that, despite the hard campaigning of the opposition, he still retains the confidence of the majority of the electors in Prince Rupert district.

As had been anticipated, the fight centered between Mr. Pattullo and Mayor Newton, the vote polled for T. Ross, Mackay, the Provincial party candidate, being negligible. Returns for the various polling divisions in the district as received up to this afternoon are as follows:

	Lib.	Con.	Pro.
Prince Rupert	704	488	20
Georgetown	1	0	0
Haysport	6	1	0
Inverness	10	9	4
Lawn Hill	2	0	3
Masset	12	13	2
Port Clements	31	20	1
Port Simpson	9	13	1
Q. C. City	5	16	0
Skidegate	7	2	0
Thill	2	5	1
Tow Hill	1	2	1
Woden River	1	1	0

**Addressed Gathering**  
After his election had been assured, Hon. T. D. Pattullo addressed the audience awaiting the returns in the Empress Theatre last night and expressed his appreciation of the honor which had been conferred upon him.  
Mr. Pattullo said: "I am deeply sensible of the honor you have conferred upon me by electing me to represent you for the third term in the legislature. I realize, however, that the tribute is not a personal one but that you are desirous of having a government in office which will work for the upbuilding of British Columbia and this portion of the province particularly."

**Thanked Everybody**  
"I wish to thank my supporters who bore the brunt of the campaign and worked so earnestly and hard. Without their assistance I could not have been elected. I wish also to thank the Daily News for the support it gave me and fairness of the treatment it accorded my opponents. The ladies also took a prominent part in the vote of this constituency. If they had

### Tortured for Three Years

Helpless from Rheumatism Until Relieved By "Fruit-a-tives"

MR. P. R. BOISSINOT

No wonder people regard "Fruit-a-tives" as a faithful family friend and are so eager to tell what it has done for them.

After years of suffering, they appreciate the wonderful powers of this fruit treatment in relieving them of pain and misery and discouragement.

As Mr. P. R. Boissinot, of LaBroquerie, Man., wrote: "For three years, I had to give up work; my arms were so swollen and I was so sick. I felt I would never be able to work on the farm any more. But one day, a cousin came to see me and advised me to take "Fruit-a-tives". Now, I am in good health. I rest well and do all my work. I can recommend "Fruit-a-tives" for Rheumatism that made me suffer so much and I thank you for this good remedy."

"Fruit-a-tives" is the wonderful medicine made from the juices of apples, oranges, figs and prunes and tonics—and is the only complete treatment ever discovered for Rheumatism, Pain in the Back, Lumbago, Neuralgia, Headaches and other troubles due to the improper action of the stomach, bowels and kidneys.

### FIRST PRIZE FOREST ESSAY

Written by Miss M. J. Vera McInnes of North Bulkley, High School Student

PROVINCIAL SERIES

A few years ago the popular cry throughout the Bulkley Valley was "Burn off the forests and bring in more settlers."

Many people heeded the cry and numerous fires were started by misguided individuals who were under the impression that the removal of timber was essential to the development of the country. They did not stop to think how the settlers were going to make homes without timber, or to live during the long winter months without some income—which is mostly derived from tie-making and logging in this northern country. They forgot that during the summer months great numbers of tourists go through our country and bring a large annual income to our province. If these tourists come they look for some scenic beauty. Where is this going to come from if we burn the timber? Surely tourists will not come to see black logs and bits of charred sticks and stumps? If the timber is burnt the prosperity and wealth of British Columbia will be ruined.

The time has come when we should give warning and protect our forests. Already this spring we have seen a number of fires and consequently have had our valley filled with smoke. The air is stifling and is not what most of us enjoy.

#### Necessity of Forests

Forests are necessary to people living in a valley because they serve to protect the watershed. In this way they screen the snow from the sun and the creeks and rivers do not overflow and destroy the farm lands.

Forests serve as homes for fur-bearing animals which are another source of wealth to our province.

Green leaves attract the rain and the ground does not become parched or dry and the plants do not die.

Fires destroy all these advantages and in 1922 there were over two thousand fires. About five hundred thousand dollars were spent fire-fighting. Is not this a direct loss to our government and does it not tend to impoverish our province?

It takes about one hundred years for a forest to grow; but a few hours are sufficient to burn it down. Reafforestation is not easy nor quick. The value of forests destroyed in 1922 was over one million dollars. Every year two billion feet of timber are cut in British Columbia.

#### Causes of Fires

One of the causes of forest fires, carelessness of campers is said to be the chief. Is it not as easy to build a fire on some rocks in the open as to put it against a tree in the forest? Let us remember our forest rules when we approach a forest and say to ourselves the following lines:

"Evil is wrought by want of thought  
As well as by want of heart."  
Forests seem like guards. Whatever happens they have to protect all below them and not move from that piece of ground. So when fire attacks a forest, the trees are unable to escape the flames.

Let us imagine a battle between a forest and a fire! The forest is trying hard to defend itself against the fire which it finds a veritable Hydra or Lerna. The tops of the tall trees are the scouts and they sway to and fro in the blue sky blown by a breeze and encircled only by a screen of smoke. The birds are twittering and singing their melodies among the branches and the animals, fearing no danger, are busily engaged providing food for their young. The smaller trees are singing lullabies to the plants at their feet when they are informed of the approaching enemy.

A great noise is heard which is the roaring fire. The birds and animals which have heard the warning have taken to flight but those who are less fortunate are smothered. The forest is no match for the foe and soon nothing is left to tell the story but a few burned logs and charred sticks.

**Best Forest Service**  
No forest service can save the forests from fire unless it is

backed by public opinion. Let every man, woman and child make him or herself an apostle of forest protection and propagate the gospel by example as well as by precept.

"Save the forests, and ensure prosperity to all."

(Note—The foregoing essay written by Miss M. J. Vera McInnes, was awarded first prize for Prince Rupert district in the high school class of the provincial forestry department's essay competition on the subject of "Forest Fires, their effect and how to prevent them." ### The Man in the Moon SAYS—

If you wish to make the world safe for democracy, abolish the millions of autos, fast trains, microbes, and other destructive agencies.

THIS is the day when people think up excuses for being beaten.

WHAT I don't understand is why some people get excited over politics.

RUNNING a newspaper is interesting enough when forty people advise how it is to be done, but think what fun there must be running a national railway with five million people all wanting to take a hand in the business.

THE trouble with folks is that they are too much like other folks.

NOW that the elections are all over, what about getting down to business for a little while until the exhibition begins.

What I hate is work! You'd think I was a Turk. To see the way the boss just lays it on, I should really like to be on an island in the sea, To lie upon the sand with nothing on.

Yes, it's work and then more work. Yet I would not like to shirk. And have it thought I couldn't do my bit. I would rather dig and slave And go early to my grave Than have men say to live I was not fit.

### PARENT-TEACHERS ANYOX FAREWELL TO TEACHING STAFF

ANYOX, June 21.—The last meeting of the Parent Teacher's Association before the closing of the schools was in the nature of a good-bye to the teachers who will soon be departing on their summer vacations in the south and elsewhere. Quite an extensive program had been arranged, and with the president, Mrs. O. K. Dwyer in chair, was carried out to the enjoyment of all present. The program as rendered was as follows:

Welsh songs, the Misses Owens; French-Canadian sketch Masters Gillis and Barclay; Daisy Chain Dance, pupils of Miss Leitch; group of songs, Mrs. R. Lamborne; sailor's hornpipe, Misses Dora Grigg, Joan Whelan and Jean Robertson; recitation, Mrs. J. Lawrence; pianoforte solos, "Alice, Where Art Thou," and "Paderewski's Minuet"; group of songs, Mr. Murdoch; trombone solo, Mr. S. Steele. After the concert, dancing was indulged in and refreshments were served.

### ANYOX PREPARES FOR BIG CELEBRATION

ANYOX, June 21.—The program for the celebration of Dominion Day in Anyox as arranged by the Community League will give a wide variety of entertainment, and would seem to be the most ambitious effort yet attempted. There will be marathon races for men and boys, two baseball games between Ketchikan and Anyox teams, a tennis tournament, a football match, a full afternoon of field sports, a supper to the visiting ball players, the

## EDMONTON SAYS BRULE FAVORED

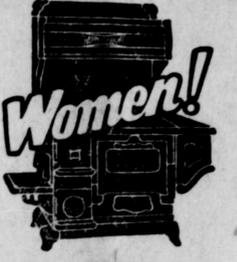

Bulletin Refers to Efforts of Premier Oliver to Divert to Prince George

Discussing the proposed Peace River railway, the Edmonton Bulletin says:

The question of providing an alternative, and shorter, railway outlet for the grain of the Peace River district has been engaging attention at Ottawa, and the tone of a despatch from the Capital which was published in The Bulletin last week indicates that there is good prospect of the ultimate decision being to construct the projected line northward from Brule. It is no secret that Premier Oliver of British Columbia has been conducting a lively campaign in his own province as at Ottawa, against the Brule line and in favor of the extension of the E.D. and B.C. westward through the mountains and southerly to Prince George. That would open up a section of British Columbia not now served by railway facilities. And there was linked with the proposal a hope that the Pacific and Great Eastern would be taken over by the Dominion, thus relieving the British Columbia tax-payers of an enormous investment in a somewhat unpromising enterprise. President Beatty of the C.P.R.—which company is operating the E.D. and B.C. under lease—is quoted as saying that the interests of his company would not be served by the extension of that road to Prince George, while Premier Oliver admitted in an interview at Vancouver that he was by no means sanguine of unloading the P. G. and E. on the Dominion. That is at least negative evidence that the effort to side-track the Brule-Grande Prairie project in favor of the westward extension of the E.D. and B.C. has failed.

### Official Opinion

On the other side there is a positive declaration from M. H. MacLeod, consulting engineer of the National system that the road from Brule is preferable to the alternative. To build through the mountains to Prince George, he told the Railway Committee of the Senate, would cost much more than to construct the proposed cut off on this side of the mountains, and would result in a line of heavier grades and lower traffic capacity. As Mr. MacLeod is understood to have been giving personal supervision to the preliminary surveys of the Brule line he presumably speaks with exact engineering knowledge and also with a sense of the responsibility involved. There is indication that Sir Henry Thornton agrees with his decision. Speaking in Parliament the Minister of Railways referred to "pressure" which had been brought to bear to influence the government

in the choice of routes. This is construed as an allusion to the campaign waged by Premier Oliver. If so, the British Columbia leader is probably right in his surmise that he has been backing a hopeless cause. In face of the definite declaration of the consulting engineer that the Brule line is the better, the outlook is that the relief for the northern farmers will come through the construction of a branch of the national system northward from Brule.

## GIL'S AGAIN WIN BASEBALL

Defeated Columbus Club in Last Night's Game by Score of 11 to 8.

Gil's City League baseball team was again successful last night when it won the league fixture from the Columbus Club by a score of 11 to 8. It was a real exciting battle and several bright flashes of fielding were staged in the outfield. At the end of the seventh inning, the score was 8 all. The tie was broken in the ninth when Gil's scored the winning three runs.

Three pitchers were used by Gil's—Tully, Easson and Frizzell. Harry Astoria pitched the whole game for the Columbus Club. S. Bazett-Jones made a home run. P. Laporte and Jack Hatchford were umpires.

### HON. T. D. PATTULLO WAS RE-ELECTED YESTERDAY BY HANDSOME MAJORITY.

(continued from page one)

not, the result again might have been different. Undoubtedly they expressed their appreciation of the Oliver government's legislation on behalf of women and girls.

"Whatever, the results as a whole may be and they still seem very uncertain at this time and whatever the future may have in store, I am sensible of my obligation to you and let me say that as long as I live my object will be to work for the upbuilding of Prince Rupert city and district."

#### Mackay Spoke

Later, T. Ross Mackay, the defeated Provincial Party candidate, appeared. Taking his decisive defeat in a philosophical manner, his remarks were of such a hearty-humorous manner that he won an ovation from the crowd. Mr. Mackay congratulated Mr. Pattullo on his victory and the fact that he still retained the confidence of the Prince Rupert electors. "As far as I am concerned, the electors fell so kindly towards me that they gave me no chance of being elected. All I hope is that Mr. Pattullo may be able to carry out all that he has undertaken and if ever in the interests of the city and district, I may be able to extend him any assistance I will ever be only too pleased to do so. I have no explanations to offer and I willingly accept the verdict of the people as final. I appreciate their unanimous invitation for me to remain in the city."

#### Not Personal

Replying briefly, Mr. Pattullo referred to the clean, straight and manly fight that had been put up by Mr. Mackay. His defeat, the minister said, could not be taken as a personal matter. It had been generally realized that the fight would centre between the government candidate and the Conservative. The Provincial Party had not been a factor in this district. Mr. Pattullo concluded his remarks by stating that the people of Prince Rupert would undoubtedly appreciate Mr. Mackay's work in the city.

Mayor Newton did not appear at the Empress Theatre but remained at his own committee rooms where the results were being posted. His Worship took defeat in a cheerful manner and assumed the democratic attitude that, since the people had spoken, further remarks by himself were unnecessary.

The candidates, both winners and losers, visited the G.W.V.A. rooms during the evening at the invitation of that organization.

### COULDN'T SLEEP HEART WAS BAD NERVES A WRECK

Mr. R. A. Reid, Upper Westquoddy, N.S., writes—"I am very thankful for the benefit I have received by using Miller's Heart and Nerve Pills.

When I came home from overseas, in 1920, my heart was very badly affected by concussion, and my nerves were a dreadful wreck. I was very short-winded, and could not possibly sleep at night. In fact, I was in such a condition I felt as if I did not wish anyone to speak to me. I thought I would try Miller's Heart and Nerve Pills, and before I had taken two boxes I could enjoy a good night's rest as well as anyone.

There are lots of returned men who are suffering the same as I did, and I feel sure that if they would only try Miller's Heart and Nerve Pills they will receive the same relief that I have."

Halibut landings for the week have been very satisfactory and a good quantity has been forthcoming both from the northern fishing banks and the west coast. Incoming skippers report the weather conditions to have been very favorable and while fishing has been done in patches it has been of a remunerative nature. Prices offering on the Fish Exchange have been influenced in favor of the fishermen owing to the closed season looming in the fall and the consequent filling up of the various cold storage plants to take care of winter demands. The arrivals have been marked this week by an increased number of boats both of the American and Canadian fleets. Considerable work is still being carried on along the entire waterfront on boats of the home fleet which are undergoing mid-season repairs and painting while owners of pleasure boats are still busy putting their "pets" into shape. The McLean yard ways are full to capacity with work being carried out on the Jensen-Skrubsall halibut schooner and repairs to the Thelma H. The Gow Bay Creek ways are fully occupied with boats undergoing repair work while the Pilling yard is also full to capacity with pleasure boats under construction.

500 pounds of halibut has been marketed on the fish exchange. Canadians were high at 13.8c and 8c. and low at 12c. and 6c. Americans were high at 15.6c and 7c. and low at 13.8c and 6c. Arrivals were: Canadian—Seamaid, Thelma H., Nautilus, Alliance, Margalice, Azores, Point May, Cape Spear, Serub, Nuba, Ha, Ethel June, N. & S., Iris, Toodie, Dundas, Malanute, Caygeon, Ternen, Marguerite, Viola, Reveille, Aili, Maivin, Fannie F., Muirneag, Minnie V., Pip and Arrive.

Americans—Royal, Westford, Reliance, White Star, Star, Venus, President, Resolute, Commonwealth, Brisk, Emblem, J. P. Todd, Harding, Gladstone, Bonanza, Eastern Point, Tyee, Groih, Valorous, Sadie K., June, Allen, Superior, Pelican and Chancellor.

**Sterling vs. Union**

It was a grand and glorious fight that Capt. Dan Archie, skipper of the forestry patrol boat Leila B. put up against the Rosina B., skippered by her owner Olier Besner, in a race from Tugwell Island on Tuesday evening. However, in spite of skipper Archie's tenacious efforts the Rosina B. had her newly installed 50 horse power Sterling engine turning over the propeller at a rate which would have put a rainbow to shame and thus pulled into port a short distance ahead of the Union powered patrol boat. Capt. Archie proved himself a past master at manoeuvring his craft for position and an adept at cutting corners on one wheel—so to speak. According to a passenger on the Rosina B. at one stage of the race it looked as though the Leila B. would get ahead through superior seamanship but by clever manipulation of the gadgets on the Rosina's power box the Sterling seemed to catch the enthusiasm of the occasion and put on such a spurt that the contending skipper shivered under the strain. However, despite the superior turn of speed of Rosina the good girl Leila B. stayed in the race for all she was worth and finished a good second. Beaten but not dismayed.

Prince Rupert, B.C.

The power boat Wake, Capt. C. Dixon, arrived from Georgetown on Thursday morning having on board Mr. and Mrs. McAfee, Weldon McAfee, Mrs. Miller, Mrs. Levinsky and Mrs. Reid, who are visiting in the city. The Wake returned north on Thursday evening.

The new trim looking pleasure launch Alpha, built by W. Pilling for S. Darton, was launched on Thursday from the Pilling ways. The Alpha is a fine looking V-bottom model measuring 18 feet by a 5 foot beam and is powered with a new 5 horse power DuBrie engine, complete unit power plant, giving her a normal speed of between 7 and 8 miles per hour.

The Canadian schooner Thelma H. Capt. Bill Hanson, has been on the McLean ways undergoing a thorough mid-summer renovating. Thelma was taken off the ways on Thursday evening and proceeded to Porcher Island on business yesterday morning.

Harry Jackson has purchased C. Little's newsstand on the government wharf and has opened up in the same line of business as carried on by Mr. Little.

**Justice Gregory Fishes**

A surprise was sprung on none other than Doc Clapperton on Saturday morning last. Changing to go outside of the provincial dock office Doc encountered a gentleman and a small boy fishing at the dock side. The gentleman seemed to be enjoying the sport immensely and caught several good sized flounders on the hook. The little boy, however was tender hearted and did not approve of the way the fish were made to disgorge the hook much to the satisfaction of the gentleman, who proved to be the boy's father. After discoursing for some time over the fishing possibilities of the north the Doc was very surprised to learn that the gentleman of so genial a manner was none other than Mr. Justice Gregory, and the little boy was his son, who is accompanying his distinguished father on the circuit. Had the visit of Justice Gregory been more of an official nature doubtless the Mosquito fleet would have pulled off some fishing manoeuvres in the harbor for his special benefit. Mr. Justice Gregory left on the night train for Prince George.

The power boat Clara N., Capt. Geo. Ness, is fixing up machinery etc. in preparation for engaging in one salvage work from the wreck of the motorship Kennecott.

The famous Canadian schooner Caygeon, Capt. Jim Morrison, arrived in port on Thursday morning with a catch of 8,000 pounds of halibut which went to the Atlin Fisheries. While in port the

Caygeon will undergo painting and probably a new fuel tank will be installed.

The power boat Wigwam has recently completed overhaul at the drydock and is now ready for any old nautical business that comes her way.

The power boat Towena, Capt. J. Field, arrived in port from Butedale on Thursday morning. It is probable this craft will engage in the towing business for the Georgetown mill.

The launch Dixie Rupert, Capt. George Newcombe, was up to Port Simpson during the week on business.

The Canadian schooner Toodie, Capt. Art Oswald, which arrived in port on Wednesday morning with 5,500 pounds of halibut is undergoing hull painting and machinery repairs while in port. The Toodie will be taken up on the McLean ways.

**She's a Bear**

All was rush and dash along the waterfront on Thursday morning. Ray Love bore a dishevelled appearance and now and again stroked his beardless face in consternation as battery after battery he placed on the counter while Norman, his assistant, ran hither and thither for machinery parts and oil cans. The cause of all the hubbub was the refitting of the power launch Maeve by her skipper and owner Alex. McDonald, the man who put the "ire" in fire. Now Alex does things thoroughly when he starts getting "her" ready for the season's daring exploits and Thursday proved no exception. Judging from the number of batteries on Ray's counter one is led to believe that everything aboard will be driven by "juice" this year. The craft itself is a vision of joy

A Spanish romance adapted by Edward Knoblock. The world's sweetheart, her beautiful curls of gold piled high on her head in an empire period coiffure, enters into her rightful heritage of glorious, vital, alluring womanhood in her characterization of "Rosita." Lithe and sinuous, gowned in the most gorgeous costumes, capricious and coquettish, beguiling and intriguing, the idol of men and women. Magnificent scenery and settings.

## Women:- listen to Reason

The idea of thrift appeals to reasonable women who are helping to conserve the financial resources of the family pocketbook. Clothes conservationists are making use of our clothes saving facilities. Dainty Dorothy's talks have interested her sisters and the dry cleaning, remodeling and wearing of last season's clothes is popular and fashionable.

to behold and look like a bear at a picnic in a coat of mud-colored paint shot with a dash of orange crush. Alex is undecided as to what his first exploit of the season will be but he will probably take a prolonged trip to Seal Cove and hunt for seals. The skipper thinks there is money in selling sealskin walking sticks for winter wear but first of all he has to get the seals, the sticks being very plentiful around the backyard. The admiralty department has decided to clear Cow Bay of all craft the day that the Maevie pulls out as the wash from her propeller is likely to capsize something.

The steam launch Gunhild, under charter to the Pat Mculloch vaudeville troupe and which was recently seized owing to breach of contract by parties in the south over the purchase of the boat, is shortly to be released to the troupe again, the matter having been satisfactorily settled.

Two tanks are being built by the N. M. McLean shipyards for the P.B.C. Mining Co., carrying out gold mining operations on the Queen Charlotte Islands. The tanks will measure 8 feet in diameter and 5 feet deep. The mining operations take the form of extracting gold from the black sands of which there are many miles on the islands.

Frank Lockwood arrived in port this week aboard his motor boat with a cargo of fur mostly mink. The fur found a local market.

The scow Jiggs arrived in port this week from the Wark Canal district.

The salmon packer Chief Zibassa, Capt. Bert Hanson, arrived in port on Wednesday from Hippo Islands with a large consignment of salmon.

Aberberg, Thomson & Co., Ltd., are installing a semi-diesel engine in the power boat Moresby, Capt. D. Douglas, to replace her present 30 horse power Union engine. The Moresby will engage in seine fishing for the Lowe Inlet cannery.

The power boat Suma is having a seine which installed preparatory to working for the Somerville cannery.

Dimension lumber to the amount of 350,000 feet will arrive over the week end for the Albert & McCaffery interests from Swanson Bay.

Skipper Charlie Starr was up as far as Khlada lake over last week end on a fishing expedition. The fish bites were all that could be desired and Charlie returned with a good basket of trout.

C. A. Kirkendall recently purchased the power runabout Pearl from J. D. Stone. Kirk made a run to Shawallans Lake on Sunday and was pleased with the excellent manner in which the ten mosquito power engine behaved.

#### Hard Rowing

Having his good ship Summer in port undergoing mid-season repairs and painting, Capt. Mingo thought it an expedient time to take the family and some friends for a little jollification to Shawallans on Sunday last. The little old power boat being out of commission Cap commissioned a dory and piled high with happy faces and good things to eat, a fine voyage was made to the lake. The day was gloriously spent and all went exceedingly well until the return trip. While the dory did not carry the same gross tonnage, the eafs having been demolished, the tide in the narrows had gained considerable momentum and Cap at the oars soon found that he had a tough job on hand to keep the craft headed for home. However, he stuck pluckily to his task and if brawn and muscle could beat the tide, Cap meant to do it. While the boat swirled around like a cork in Niagara Falls, there was not the slightest signs of worry or excitement on the part of the passengers while Cap's smile of confidence would have put happiness into the heart of a wooden idol. Just as the rowing was getting a little too arduous the

good ship Surveyor, with Capt. Pete Lorenzen on the bridge, hove in sight and the alert brain of her skipper soon took in the situation. The Surveyor was quickly headed toward the dory and the orders rang out from the bridge for the bow man to throw a line to the picnickers. The line having been caught and made fast to the bow of the dory Capt. Mingo sat back with a smile of satisfaction that would have done justice to a Greshire cat wright saucers of milk. The Surveyor soon got under way again with the dory in tow and the happy party were safely landed. It is said that the Mosquito fivel admiralty officers have the matter of Pete's prompt action under review and it is on the cards the doughy skipper will be presented shortly with a book of Stroller cigarette pictures.

## The Quitter

This is worth reading  
The man who quits has a brain and hand As good as next; but he lacks the sand That would make him stick, with a courage stout, To whatever he tackles, and fight it out.  
He starts with a rush, and a solemn vow, That he'll soon be showing the other how; Then something new strikes his roving eye, And his lack is left for the bye and bye.  
For the man who quits let's his chances slip Just because he's too lazy to keep his grip. The man who sticks goes ahead with a shout, While the man who quits joins the "down and out."
