**THIS IS BUSINESS, NOT POLITICS.**

The question of who shall represent Prince Rupert in the next Legislature is with many people a matter of business. It is not what is usually known as a political question but has to do largely with dollars and cents.

If Prince Rupert is properly represented by a member of the government and by one who is sympathetic with the Government at Ottawa, it is to be expected that there will be no hitch in the plans for development of this port. If an opposition man with no standing and little ability be chosen, Prince Rupert cannot expect much. Is anyone here bold enough to say that Newton could have secured for this city the erection of the court house?

In dealing with this purely business matter, it might be well to look over Mayor Newton's civic record and note what if anything he has done for the city. Has he done anything? Is there one thing during the years of his tenure of office that can be pointed to as something that he did or that he secured for the city? Possibly there is something. If so, his supporters would like to have it as an excuse for their continued support.

Let us be fair with Mayor Newton. We have not during the past year and a half of office had to take issue with him on any public question. He has carried on circumspectly, but he has done nothing. His influence has not been felt. If the Mayor is not able to make his influence felt here, where he is known, and if he talks the hall empty at a little meeting at Port Clements, how is he to be expected to stir the Legislature of British Columbia into action or influence the Oliver Government to which he is so bitterly opposed?

## RAILWAY BOARD HERE TOMORROW

Commissioners Will Arrive from Jasper and Go South to Vancouver

On its way from Jasper where it has been holding a session to Vancouver, the federal board of railway commissioners will arrive in the city on its special car tomorrow evening. Accompanying the party will be W. G. Manders, C.N.R. general freight traffic manager, and a representative official of the G.P.R., as well as other railway men. The party will go south on the Prince Rupert Thursday night.

The board of railway commissioners consists of Hon. Frank Garvell, chief commissioner; Hon. Frank Oliver, A. G. Boyce, Dr. J. G. Rutherford and A. D. Carlwright, secretary.

## ROTARY HOLDS CONVENTION

Twelve Hundred Delegates Expected to be in Toronto by This Evening

TORONTO, June 17.—Rotarians from 26 countries are here attending the international Rotary convention which opens today. Last night they witnessed the historic pageant commemorating more than a century of peace between the United States and Canada.

Delegates are arriving on every boat and train as well as in autos. Twelve thousand delegates and visitors are expected. South America, China, Japan, Australia, New Zealand and South Africa being represented.

The international officers were tendered a lunch yesterday by Lieut.-Governor Cockshutt.

## Tumultuous Applause Greet Message From Perry, Prince George

**Pattullo Tells People of That Town They Will Benefit From Grain Business Through Prince Rupert.**

PRINCE GEORGE, June 17.—Hon. T. D. Pattullo addressed a crowded meeting in the Rex Theatre last evening in the interests of the candidature of Harry G. Perry. The candidate is confined to an Edmonton hospital as the result of an attack of appendicitis, and will not be able to reach the province until the contest is over.

Hon. Mr. Pattullo read a characteristic message from Mr. Perry which was received with tumultuous applause. In it Mr. Perry said he had waged a successful fight in the Peace River section until he was stricken down, and he passed the torch along to the people of his home town with every confidence that they would give him a majority on Friday equal at least to that which would be rolled up by the electors in the north.

Hon. Mr. Pattullo emphasized that the present was the time for settling the local questions. The fate of the government did not enter into the election as Premier Oliver would be returned with such a majority as would place his government in complete control over all factions. The development of the grain trade he said was the greatest thing which had come to British Columbia in many years. It was a business which would spread to Prince Rupert and with the development of the trade out of the northern port, Prince George would be greatly benefited.

Mr. Pattullo came out strongly in favor of the completion of the P.G.E. Railway.

## NORTH WILL GET NOTHING FROM BOWSER

Conservatives Criticize Court House as Waste of Public Money

(Special to Daily News)  
VANCOUVER, June 17.—Every conservative speaker in the south describes the Prince Rupert court house as a waste of public money. Clearly the North may expect nothing from the Conservatives.

Most of the Vancouver betting is on the Oliver majority. Liberal gains are conceded in Yale, Lillooet, South Okanagan, Cranbrook, Dewdney, Esquimalt, Kaslo and Slocan, where the opposition is split. Vancouver will go strongly for Oliver on the freight rates.

## HALIBUT PRICES REMAINING FIRM

Close Season in Winter is Affecting Demand For Halibut Locally

In spite of the large quantities of halibut arriving in port, the prices remain high, influenced doubtless by the news that the close season is to be enforced this coming winter and necessitating the filling of the cold storage plants on the coast in order to meet the demand at that time.

Today about 200,000 pounds of halibut was sold here of which 120,000 pounds was brought in by two American boats. Catches were as follows:

**American**  
Resolute, 60,000, to Gold Storage, at 13.80c and 7c.  
Commonwealth, 60,000, to Pacific Fisheries, at 14.10c and 6c.  
Brisk 8,000, Emblem 4,500, J. D. Todd 4,500, to Gold Storage at 14.70c and 7c.  
Harding, 3,500, to Booth Fisheries, at 14.80c and 7c.  
Gladstone, 22,000, to Royal Fish Co., at 14.30c and 7c.

**Canadian**  
Alliance, 8,000, to Atlin Fisheries, at 13.80c and 7c.  
Margallice, 10,500, to Atlin Fisheries, at 13.60c and 7c.  
Azores, 9,000, to Gold Storage, at 13.70c and 7c.  
Point May, 3,100, to Gold Storage, at 13.30c and 7c.  
Cape Spear, 9,000, to Royal Fish Co., at 13.80c and 7c.

## PRIZE WINNERS FOREST ESSAY

Winners of first prizes in the Provincial Forestry department essay competition in this district go in each case to the very small schools in outlying sections. Miss Vera McInnes of North Bulkley gets the High School prize, Miss Nancy Preece of Driftwood school near Smithers gets the prize in the senior grade and Elvin Braaten of Uchua Valley beat all comers in the Intermediate grade. The complete list of winners follows:

**High School**  
1.—M. J. Verna McInnis, North Bulkley.  
2.—Lilian J. P. Taper, Pacific Falls.  
3.—Leifur Fridleifson, Ocean Falls.

Hon. mention: Bernice Stockford, Port Clements, and Alice Pillsbury, Prince Rupert.

**Senior Grade**  
1.—Nancy B. Preece, Driftwood Creek.  
2.—Mary E. Wilson, Kitsumgallum.  
3.—Dorothy Palmore, Prince Rupert.

Hon. mention: Norma V. Scales, Buckley Bay and Joan W. West, Prince Rupert.

**Intermediate Grade**

Hon. mention: Monica Leresche, Streatham, near Oolisa Lake and Rose Kane, Anyox.

## British Commons Take Issue With Lords and Return Bill Without Change: no Election

LONDON, June 17.—The House of Commons last night, after debating the government bill for the prevention of the eviction of tenants because of non-payment of rent as the result of unemployment, rejected all the amendments proposed by the House of Lords.

Liberal votes supported the Government and the bill returns to the House of Lords in its original condition.

The Labor Government will still be in power in the fall in the opinion of Premier Macdonald, who declared in the House of Commons he was perfectly certain the November session would be reached without a general election.

## Newton Says to Retract False Statement Would be Awkward for him Ross McKay Reports

Referring to the statement that has been prominently published by S. M. Newton, the Bowser candidate, that Ross Mackay had been repudiated as the official Provincial party candidate in this district, Mr. Mackay stated this afternoon to the Daily News that he had taken the matter up with Mr. Newton and requested him to retract that statement. Mr. Mackay explained to Mr. Newton that he had credentials that would prove Mr. Newton's statement entirely untrue and these credentials he offered to show Mr. Newton but the latter refused to see them on the grounds that he was too busy.

"If you are the gentleman I think you to be I am sure you will retract your statement with the same publicity with which you made it," Mr. Mackay reports that he told Mr. Newton.

"Now that would be a very awkward thing for me to do, Mr. Mackay, wouldn't it?" the Bowser candidate is reported to have replied.

## MEXICO TOLD TO WATCH HER STEP

Labor Government is Not on Very Pleasant Terms With Republic

LONDON, June 17.—Premier Macdonald stated in the House of Commons that the British government regarded the action of the Mexican government against Herbert Cummins, British agent in Mexico, as a grave breach of international courtesy. The premier said he informed the Mexican government that in the event of its taking steps against Cummins in which Britain did not concur the mission of Sir Thomas Hopler to Mexico might be cancelled.

## HELICOPTER IS SUCCESS

Hovers For Several Minutes at Ten to Fifteen Feet From Ground

**ALDERSHOT, June 17.—**The helicopter built by Louis Brennan, the English inventor, for the air ministry had a successful tryout today. The plane hovered at a height of from ten to fifteen feet above ground for several minutes.

Elaborate precautions were taken to keep the trial a secret. It was witnessed by half a dozen experts.

## Elevator Concern is Busy in Old Country Getting Plans for Building at this Port

It seems as if the Prince Rupert Grain and Elevator Company with head offices in London, England, is actively engaged in promoting the interests of the concern over there. A clipping has been received in the city from Glasgow from the "Industrial Daily News" as follows:

LONDON, May 24.—An important project for the construction of a large grain elevator at Prince Rupert, British Columbia, is now under negotiation. The promoter of the scheme is C. A. Copping, who has been conducting the negotiations with the Prince Rupert Board of Trade and the Canadian National Railways.

Mr. Copping recently arrived in this country, and has registered the Prince Rupert Grain and Elevator Syndicate, Ltd., of which details were given in the "Industrial Daily News" for May 22.

Interviewed at Sentinel House, Southampton Row, London, W.C. 1, the registered offices of the Syndicate, Mr. Copping explained that the Prince Rupert scheme is one involving about £500,000. The various parties concerned are now practically agreed, and certain negotiations which Mr. Copping has been conducting with the Canadian National Railways are likely to be concluded at an early date, a high official of the Railways being shortly expected in London.

The Syndicate has undertaken to erect storage capacity of 500,000 bushels, and machinery capable of dealing with 1,500,000 bushels, to allow for future extensions. It is proposed, however, said Mr. Copping, to double these figures, and to construct storage for 1,000,000 bushels, and install machinery capable of handling 2,000,000 bushels.

The contract for the constructional work, comprising mainly the extensive reinforced concrete structure of the elevator, together with wharfage and rail siding accommodation will probably be entrusted to the Northern Construction Company, of Vancouver, though no final decision has been made.

Similarly, the installation of the machinery, and the general laying out of the elevator, will probably be carried out by the John S. Metcalf Co., Ltd., of 51, St. Francis Xavier Street, Montreal, but here again no definite order has been given.

Mr. Copping is prepared to consider offers of machinery and equipment suitable for an elevator of this size. The power will be electric, current being obtained from the city supply. Offers from firms willing to undertake the supervision of the scheme, or to carry out the complete work, would also receive consideration.

Prince Rupert has a population of 6,393, is a Pacific terminus of the Canadian National Railways, situated about 350 miles north of Vancouver. It has a good harbor, open all the year round, with 7,040 feet of wharfage and a Grand Trunk Pacific dry dock, 600 feet by 30 feet deep with a capacity of 20,000 tons. Four steamship companies have regular sailings as well as local traffic.

## POSTAL EMPLOYEES VOTE FOR WALKOUT

TORONTO, June 17.—Officials of the Dominion executive of the Canadian federation of postal employees indicated last night that returns from the strike vote received so far, including a large portion of the Dominion, has shown a majority for a walk-out if the schedule is adhered to.

## FINEST YACHT ON COAST WAS HERE MONDAY

Samona, Owned by Retired Los Angeles Business Man, Spent Night in Port

What is described by those who saw her to be the finest private yacht that ever entered British Columbia waters was the cruiser Samona which was in port overnight bound from Balboa, Panama, to Anchorage, Alaska, with her owner, Mr. Hole, a retired real estate man of Los Angeles residing in Santa Barbara, and Mrs. Hole aboard. The craft arrived here at 5 o'clock last evening and sailed for Ketchikan at 10 this morning. Her skipper is Capt. W. W. Putta and she is being used for a pleasure trip along the Alaskan coast.

Of 120 gross tonnage and 80 tons register, the Samona is 120 feet long and is propelled by three 100-horse-power Atlas-diesel engines and triple screws. She tied up at the Prince Rupert boat house.

After completing the Alaska cruise, Mr. Hole contemplates a trip around the world on the Samona.

## GERMANY MUST PROVE FAITH

Must Show That She Means to do Right Before Report put into Effect

PARIS, June 17.—Gaven Doumergue, the new president of France, in his first message to parliament today declared that Germany before the reparation experts' report is put into effect must prove her good faith and not from mere engagements without previous assurance of fulfillment.

## LITTLE OPPOSITION HON. T. D. PATTULLO QUEEN CHARLOTTE

General Agent of Insurance Company Finds Sentiment Favor of Government Candidate

Little opposition to Hon. T. D. Pattullo is to be expected on Queen Charlotte Islands, according to Kenneth Ferguson, general agent of the Imperial Life Insurance Co. who arrived home from there last night. He spent a week on the Islands and finds every place he visited strong for the government candidate.

**"Nerves in Bad State Could Not Sleep"**

Mrs. H. N. Tardell, Harrowsmith, Ont., writes:

"My nerves were in a very bad state, and for nearly six months I did not know what it was to have a good night's rest. I could not eat, and never felt well. I heard about Dr. Chase's Nerve Food, and thought I would try it. After taking it for a few days I began to feel better, and soon was able to sleep well at night. My appetite also returned, and I felt stronger and better, and after taking three boxes of Dr. Chase's Nerve Food I was quite well. I have also given the Nerve Food to my little girl, with good results."

**Is It Honest To Distort Facts?**

Is it honest to distort facts or leave out the important parts of a speech and play up others? Can a man who does this be trusted? Above everything, we want to represent us today a fair man.

In reporting the meetings of the candidates T. D. Pattullo and T. Ross Mackay, Mayor Newton's paper has deliberately falsified, by leaving out important facts and distorting others in the reports of their speeches. This was particularly noticeable in regard to the speech of T. Ross Mackay in which Mayor Newton was personally attacked and ridiculed. To judge from the report one would have thought the speaker spent most of his time eulogizing the mayor, when those who were present know that the opposite was the case.

Distorting a newspaper report is as bad as lying or stealing. Reporters will make mistakes and such are excusable. Editors may hold wrong views. They cannot help that. It is excusable. But when a man comes before the public as the candidate of the righteous and the friend of the workingman and denounces all the wickedness which he sees in his mind's eye and which never existed and then allows his paper to turn round and commit the crime of trying to delude the people by misrepresentation and distortion, it is time that the people be made to realize that they are being deceived. It is also time they showed by their votes that they refused to stand for such crude methods by voting against the man who is responsible.

**What About Our Own Position?**

Someone of course will ask what about our own position? Our position is that we are supporting the candidature of Hon. T. D. Pattullo because we believe it would be best for Prince Rupert and for the district as well as for the province as a whole. In doing so we do not knowingly distort facts or misrepresent what Mayor Newton or any of his supporters say in their speeches. We believe that the electors should know both sides of the case and we go out of our way to give both. Yesterday we devoted a whole page to an unbiased report of the Newton meeting.

Mayor Newton refused to publish Liberal advertising that was offered him. He was justified in that if he did not wish it, but it was along the same line of trying to hold back the truth and let the people see only his side of the public questions at issue.

What we want at Victoria is a fair man whom we can trust. A man who is not willing to give the opposition a fair run for their money is not to be trusted.

**No Brief For Mackay But Should Have Chance.**

The Daily News, as everybody knows, holds no brief for T. Ross Mackay, the Provincial party candidate. We do not think he will be elected and we sincerely hope he will not. We do not see in that, however, a reason for misrepresenting him and distorting what he says so that it means the opposite of what he actually meant. The News is trying to give the people honest reports of meetings and anyone who does otherwise is not worthy of support.

**STANLEY SMITH IS HOME WITH BRIDE**

Was Married on June 6 to Mrs. Russell of Blackpool, England, in Vancouver

Stanley Smith of the Hyde Transfer returned home yesterday on the Princess Louise with his bride who was formerly Mrs. Russell of Blackpool, England. The wedding took place on June 6 in Christ Church, Vancouver, with Rev. Richmond Craig officiating. The witnesses were Miss Nellie Smith, sister of the groom, and Frank Russell, son of the bride. Mr. and Mrs. Smith will take up their residence on Second Avenue. They will receive the best wishes of a wide circle of friends.

**COMMODORE HOSE IS TO VISIT RUPERT**

Expected to Come Here Toward the End of the Month

Mail advices from Regina state that Commodore Walter Hose, director of naval services at Ottawa, was there a few days ago on his way to British Columbia and will likely be visiting Prince Rupert about the end of the month in connection with naval volunteer reserve matters. He was formerly in command of the Rainbow on this coast.

**SALVOR WILL PLY NORTH TO STEWART**

Tug Nitinat to Replace Her in Salvage Business on Coast

The powerful Canadian Pacific tug Nitinat has been purchased by the Pacific Salvage Company for use in salvage business on this coast. The Nitinat will replace the steamer Salvor, which has been sold to John Galt & Sons, Vancouver, to be used in the coastwise freight business out of Vancouver to Stewart.

**NEW HAZELTON**

Dr. H. C. Wrench, Liberal candidate for the legislature in Skeena, is receiving splendid receptions everywhere he goes and his election is considered a foregone conclusion. He spoke here last night, tonight he will be in Hazelton, Wednesday in Smithers, and he will close his campaign at Telkwa on Thursday.

Rev. A. N. Pound, the new Methodist Minister here, preached his first sermon on Sunday night last. Rev. Victor Sansum has moved to Kispiox.

Mrs. Whillan, mother of J. H. Whillan has arrived here to spend some time with her son. She has been visiting with another son, Rev. Whillan, at Vernon.

Robert Tomlinson has moved from Kispiox and has taken up his residence at the Hospital where he will be in charge of the farm.

**PRINCE GEORGE**

The Supreme Court Assizes opened here today with Mr. Justice Gregory presiding. There are only two cases on the docket. One is a suit between M. C. Wiggins and Martin Olson in which the former is seeking \$1,500 as commission on the sale of the Hansard sawmill to Al Johnson. The other is a divorce case between George Henry and Evelyn B. Henry. Two criminal cases have been traversed to the fall assizes.

McInnis and Wilson of this city have been awarded the contract for the erection of twelve cottages at Giscome.

There seems to be little doubt but that H. G. Perry, M.L.A. will be returned at the election here on Friday in spite of the fact that illness has interfered with the winding up of his campaign. The fact that Mr. Perry has shown his independence in the past when necessary and that he is now lined up with Premier Oliver for the fighting out of the big issues that are now facing the province appeals to the electorate generally.

Louis Zimarro expects to start construction in a few days of a new one-story 30 by 60 fire-proof building on the south side

of Third Avenue next to the Canadian Telegraph office.

Bishop Hunoz of Prince Rupert conducted services in the Catholic Church here on Sunday.

**AN AWFUL ATTACK OF PIMPLES ALL OVER HIS FACE**

Pimples breaking out on the face and other parts of the body is a sure sign that the blood is not in proper shape. While the skin is the object of the attack the real seat of the disease is in the blood on account of the entire circulation being poisoned. Burdock Blood Bitters quickly and effectually banishes pimples and all other skin diseases as it goes right to the root of the trouble by cleansing and enriching the blood. Mr. Conrad Anderson, Kelfield, Sask., writes:—"A year ago I had an awful attack of pimples. They broke out all over my face and I could not get rid of them in any way. One day a friend told me about your Burdock Blood Bitters and let me have a bottle he had to spare. After using it I noticed a change, so I bought three more bottles, and now I don't know there is such a thing as pimples." B.B.B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

G.P.R. steamer Princess Alice, Capt. McLeod, arrived in port this morning at 10 o'clock having on board 200 Masons who will take part in the Grand Lodge convention opening here this week. They are sight-seeing today and a grand hall will be held tonight in their honor. The party is headed by William Henderson of Victoria, Grand Master for British Columbia. The new Prince Rupert Hotel, the finest building in the north, will be thrown open for business today. The officers of the company are: President, G. W. Morrow; vice-president, H. B. Rochester; secretary treasurer, Kenneth Munro; directors, J. C. K. Sealy and Laura Morrow. The hotel will be under the joint management of George Morrow and Harry Rochester. **HOSPITAL BOARD IS NOTIFIED THAT MISS BURNSIDE IS LEAVING**

Miss Helen Burnside, operating room supervisor at the General Hospital, has resigned and will be leaving for Vancouver the middle of July. She has been here for two years and during that time has not only done much good work in her profession but has made a large number of friends, all of whom will regret that she is leaving the city.

Sealed tenders addressed to the undersigned and endorsed for the "Construction and equipment of one (1) Forty-two foot motor launch" will be received up to noon, June 27th, 1924. Plans, specifications and form of tender may be obtained at the office of the Chief Forester, Victoria, the District Forester, Prince Rupert, on deposit of \$10.00 which will be refunded on the return of plans and specifications. The lowest of any tender not necessarily accepted. G. B. NADEN, Deputy Minister of Lands.

HEART WAS SO BAD HAD TO SIT UP IN BED

Mrs. O. E. Fitzgerald, 106 Ross St., St. Thomas, Ont., writes:—In the Fall of 1921, I was taken ill with my heart, but did not pay much attention to it. I kept on with my household duties, but seemed to become worse and worse, and finally had to call in a doctor. He said I was all run down and was a nervous wreck. I had a severe pain in my chest which would move over to my heart and it became so bad I could not lie down, as when I did I had such a smothering feeling I would have to sit up in bed till it passed away. I tried several remedies, but with no good results. Finally, I was induced to try Milburn's Heart and Nerve Pills. I took 7 boxes, and I am now as well as I was 30 years ago, and I am now 65 years old. ## PROCEED TO BUILD TANK

Cost Now is Expected to be \$1310 According to City Engineer

The city council on the casting vote of the mayor decided last night to proceed with the swimming pool project in McGlymont Park on the basis of an estimate of \$1310 submitted to the city engineer.

The city engineer submitted a detailed report involving a change from the original site and a consequent saving of \$250 from the first estimate of \$1,560.

Ald. Collart stated that his understanding had been that the cost would not be so high. Care must be observed in connection with such expenditures. Ald. Perry suggested that Ald. Collart had had a change of heart.

The latter replied that he certainly had not. He had always been in favor of the project but he had never committed himself as to the cost. He did not want to see the whole project turned down. Mayor Newton though the estimate would not break the city.

Ald. Macdonald said if no cheaper project was possible he would favor the \$1310 plan. He did not want to see the matter delayed any further. Ald. Collart suggested that \$700 might be set aside this year and a further amount next year allowing the installation of a real good pool then.

Ald. Casey said he had not at first anticipated the cost would be so high but if it was necessary he would support its adoption. The vote was then taken. Ald. Casey, Ald. Macdonald, Ald. Perry and Ald. Smith voted in favor of the report and Ald. Clapp, Ald. Evitt, Ald. Collart and Ald. McMorrie against. The report was adopted on the casting vote of the mayor.

## PERMANENT WORK ON CEMETERY ROAD MAY BE UNDERTAKEN

City Council to Have Report from Board of Works on Matter at Early Date

Mayor Newton inquired at last night's council as to what steps if any were being taken towards the permanent improvement of cemetery road on Park Avenue.

Alderman Perry, chairman of the Board of Works, answered that steps had been taken to make it temporarily safe and it was to be cross-sectioned with a view to submitting a report on permanent work to the council. This report it was hoped would be ready for the next week's meeting.

Ald. Collart pointed out that it would be necessary to put a money bylaw before the people to cover the work. In the meantime, money would have to be borrowed from the bank and care should be taken in this regard. At any time it might be necessary

## LADY MEMBER SAYS BACK UP PREMIER

Show the World That People of Province Want Equalization of Freight Rates

VICTORIA, B.C., June 17.—The return of the Liberal administration in British Columbia would show to the world that the people of this province were in complete approval with Premier Oliver in his fight for equalization of the freight rates and would guarantee more payrolls, a larger number of industries, and more happier homes and contented people, claimed Mrs. Mary Ellen Smith, British Columbia's first woman member, and one of the six Liberal candidates in Vancouver, before a large audience.

Speaking of the P.G.E., Mrs. Smith said that the P.G.E. was not John Oliver's "baby," but the infant of the McBride-Bowser regime, and had proved a "mighty difficult youngster to raise." She said the Conservatives had won an election on their P.G.E. policy, during which they had "flabbergasted the electorate. The electors had been told it would not cost them one cent, but before it was through, she claimed, it would cost them over forty millions of dollars.

A report from the Board of Works recommending that the private sewer heretofore operated and maintained by the hospital be taken over by the city and included in the city sewerage system was adopted at last night's council meeting.

Ald. Perry explained for the benefit of Mayor Newton, who was not in the city when the matter was first brought up, that the hospital had made a request

to this effect. In view of the fact that the city directly had to pay for its maintenance anyway, it was deemed advisable to take it over.

Ald. Macdonald reported that some ten private houses were connected to the sewer now and it had come to the point where it was in the interests of the citizens to remove the burden of its maintenance from the hospital board and include it in the city's system.

## SALVATION ARMY TRULY GRATEFUL

Appreciates Grant of Nil Which It Got from City Last Year and Asks for Continued Support

Titfers were provoked at last night's council meeting on the reading of a letter from Adjutant Charles Tuttle of the Salvation Army thanking the city for its grant of last year which was nil and asking for continued support this year with an increase to \$100. The letter was referred to the finance committee.

## Sport Chat

Gill's and the Sons of Canada are scheduled to meet in tonight's City League baseball fixture.

Though the tobaccoists have not fared very well in the two games they have already participated in, there is reason to believe that on those occasions they were not playing the form that is rightfully theirs.

It is generally expected that when they do get into stride they will give their opposition something to contend with. Perhaps their time will come tonight and, on the strength of that hope, there will doubtless be a good turn out of fans.

### ALD. PERRY IS TAKEN TO TASK

Action in Starting Construction of Sidewalks on Fifth Avenue East is Criticized

Ald. Perry, chairman of the board of works, was taken to task by other members of the city council at last night's meeting for his action in connection with the starting of the laying of plank sidewalk on Fifth Ave. East.

Ald. Casey, fellow member of the Board of Works, who apparently had no knowledge of how the work was being carried out, made the first inquiry. The work was evidently being done by contract, he said, but he had never heard of any tenders being called. He did not like to see private contracts entered into for city work.

#### No Contract

Ald. Perry replied that no definite contract had been entered into. Estimates had been made by the city engineer and it had been decided that Mr. McLeod could carry out the work more cheaply than could the city engineer by day labor. If the council so wished he was ready to close the work down at once and have tenders called for.

Ald. Casey remarked that the Board of Works had never discussed the matter, to which Ald. Perry replied that he had considered it not necessary to bring it up. Ald. Casey was of the opinion, however, that it should have been.

Mayor Newton thought tenders should have been called for in order to give everybody a chance. He did not wish to appear as censuring Ald. Perry but he must agree with Ald. Casey's complaint. Such action was not fair to other members of the Board of Works or the city council. Ald. Perry had given much time and energy to city work, the mayor continued, and he thought he was doing good work for which he complimented him but he thought he (Ald. Perry) was making a mistake in not taking up such matters with the Board of Works. It put everybody in a bad position.

#### More Confidence

After Ald. McMorris said he knew nothing of the matter, Ald. Macdonald suggested that it would be better if the chairman of the Board of Works took his committee into his confidence with respect to such matters. However well he might do it, it was not up to one man to do everything.

Ald. Perry then said he would have the work stopped at once and tenders called for but Ald. Casey said that was not necessary. He would be satisfied if it was carried on pending the next meeting of the Board of Works.

### GRADUATING NURSES ARE GUESTS OF HONOR AT DANCE LAST NIGHT

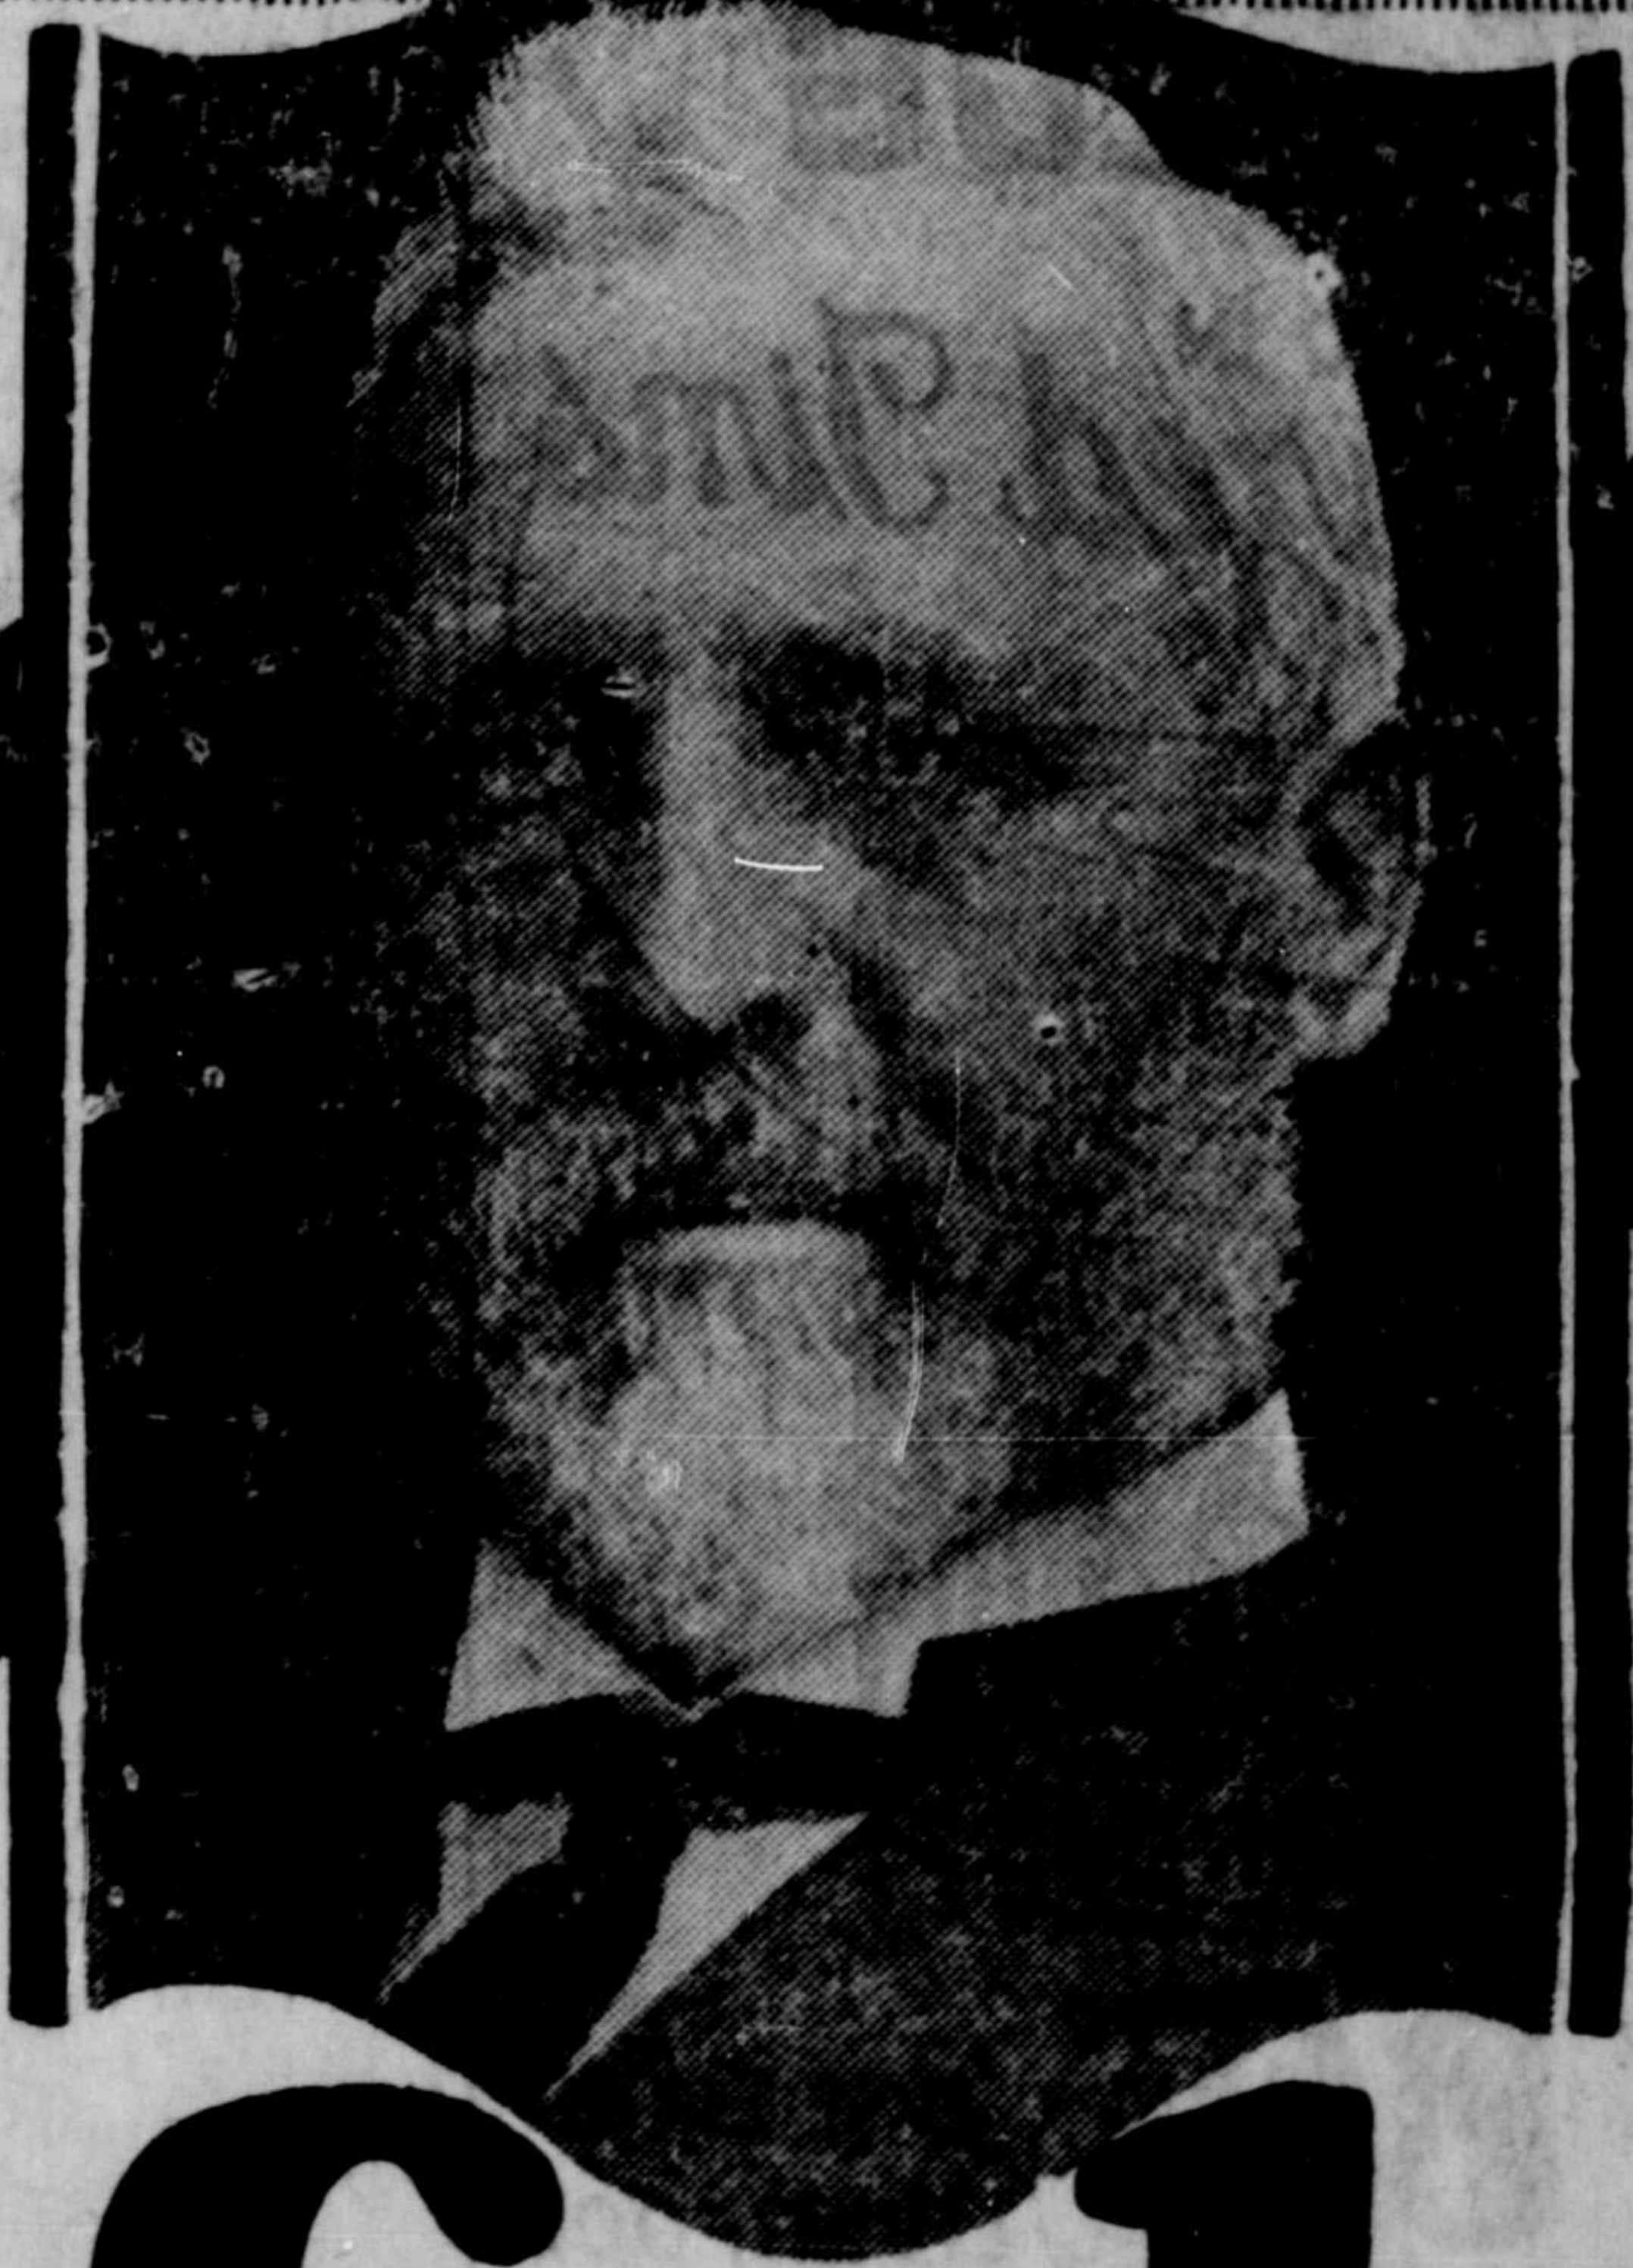

An informal dance was given last night at the Nurses' Home by the lady superintendent, Miss McCaul, in honor of the five nurses, Misses Weller, Roberge, Swanson, Franks and Brooks, who are graduating this week. There were a large number of guests, the medical profession being represented by Dr. L. W. Kergin who was present with Mrs. Kergin. Music was provided by the Harmony Dance Orchestra, consisting of Miss Pryce, Sidney Bazett-Jones, George Rorie, and Jack Barnsley. Refreshments were served at eleven o'clock and the party broke up about midnight.

### MISS BETTY WELLER SUCCESSFULLY PASSES R. N. EXAMINATIONS

Friends of Miss Betty Weller of the General Hospital 1924 graduating class of the Nurses' training school are congratulating her on her successfully passing the examinations and obtaining the degree of R.N. This gives her professional standing and enables her to practice the nursing profession anywhere as a registered nurse.

Miss Weller, who is a particularly popular and capable nurse, is remaining on the staff of the hospital taking the place of Miss Arnott, who is leaving.

# He is fighting your fight for Prosperity

Get behind

# Oliver's fight for Equalized Freight Rates & Bigger Pay Rolls

#### CAN BRITISH COLUMBIANS REPUDIATE PREMIER OLIVER?

That is the question every voter must ask himself before June 20.

Isolated out here behind the Rocky Mountains and three thousand miles from the political, financial and population centres of Canada, this province has struggled and fought for thirty-five years for its very existence.

Canada's tariff policy has prevented British Columbia from enjoying commercial relations with our natural and adjacent trading markets—Washington, Oregon and California. And Canada's freight rate structure is designed in a manner which facilitates the movement of Western raw products EASTWARD and Eastern manufactured products WESTWARD, disregarding altogether the natural short haul in and out to Pacific tidewater. So that since joining Confederation, this province has been the outpost, the tail end of Business Canada.

The Panama Canal entirely changed all this by dividing Canada into two transportation slopes, and therefore into two trading areas; the Eastern area to be served from the Atlantic and the Western area to be served from the Pacific.

But it is one thing to have a natural heritage, or a moral right, and it is another to collect that heritage or enforce that right.

Notwithstanding British Columbia's claim to greater recognition from Business Canada, the executives of every large financial, commercial, political and transportation corporation in Canada are personally interested and personally live in Eastern Canada. Although Vancouver is the third city in Canada, there is not a Vancouver director on the Canadian National, on the C.P.R., on the Canadian Grain Board, on the Dominion Railway Board, or on any one of the large institutions of Canada. Under such conditions, what chance has B.C. to get proper recognition—to even get a hearing?

The only chance we have of developing this end of Canada within the next generation is to get out and fight for recognition, fight for equalized freight rates, an equal charge for equal service applying to other parts of Canada, fight for free and unrestricted use of the Panama Canal, fight for representation on financial and national directorates, and fight for the right of this province to develop and grow.

Whether one likes or dislikes Premier Oliver; whether one agrees or disagrees with him on other questions (and the Vancouver Sun disagrees with him on many things); it must be admitted:

1. John Oliver's homely common sense and dogged fighting qualities particularly adapt him for a champion of equity and justice.
2. That he is fighting for conditions which are fundamental to the prosperity of British Columbia. Without these conditions, we can make no real progress.
3. That great progress has already been made by him in the case of grain rates, grain elevators, and harbor improvements; and, working with a sympathetic government at Ottawa, there is every reason to look for and expect even more favorable consideration in the immediate future.
4. That to replace Premier Oliver at this particular time with either Mr. Bowser or Gen. McRae would, in effect, say to official Ottawa that we were not sincerely interested in Premier Oliver's campaign. But this is not so. We are interested, vitally interested.

Disregarding petty issues; disregarding personal sentiment and political sentiment, our provincial election gets down to the simple economic question: Can this province afford to repudiate Premier Oliver?

## PROPOSE PAVE ATLIN AVENUE

Bylaw to be Introduced Providing for Work in Westview

The city council decided last night, on motion of Ald. Collart seconded by Ald. Casey, to have the Board of Works consider the advisability of bringing in a local improvement bylaw to provide for the paving of Atlin Avenue from Morse Creek bridge to Seventeenth Street.

The matter was brought up in connection with the advancing of a bylaw providing for the paving of Atlin Avenue from Seventeenth Street to Van Arsdol Street. Ald. Casey said that all of Atlin Ave. was in a bad condition and Ald. Evelt qualified that statement, referring particularly to the dangerous section between the bridge and the junction of Graham Ave. Motorists using the present plank roadway there had expressed the fear that the street on the curve might give away and there would be serious consequences if cars were precipitated into the gully at that point. It was accordingly decided after further technical discussion to take steps towards having a paving bylaw introduced.

Local improvement bylaws providing for the paving of Hays Cove Avenue, Hays Cove Circle, Eighth Avenue West and Fulton Street between the Fifth Avenue-Sixth Avenue lane and Eighth Avenue were further advanced.

the financial assistance the city will give in connection with repairs to be effected at the hospital in compliance with recommendations of the provincial fire marshal, the city council last night decided to reiterate the stand formerly taken recommending that the hospital board borrow the money necessary from the bank and proceed with the work on the understanding that the city will make a further grant at the end of the year if such is necessary.

Ald. Collart felt that the city could give no more definite undertaking. The council he was sure would give the hospital such assistance as was necessary at the end of the year.

Ald. Macdonald reported that he had explained his views to the hospital board that the city council would give the necessary assistance at the end of the year, meeting the whole cost of the improvements projected if necessary.

Ald. Casey did not see what clearer understanding the hospital board could want.

### Not Safe or Necessary

The mayor then suggested that the cost involved be ascertained by the city and hospital finance committees and that the city agree to defray it. This suggestion met with the opposition of Ald. Collart on the ground that it was neither safe nor necessary. The city would not permit hospital bills to go unpaid. At the end of last year the council had come to the assistance of the hospital board with an additional grant and it would do so again this year if necessary.

Ald. Macdonald felt that the hospital board would not expend any more money than was necessary and that the matter might be left to it. The word of the council that it would be taken care of if necessary would be sufficient he thought.

### Liquor Profits

Ald. McMordie pointed out that the liquor profits going to the hospital board this year were greater than anticipated and it might not be necessary to grant the hospital any further money. He certainly was not in favor of doing so if it was not necessary.

On motion of Ald. Collart seconded by Ald. McMordie the former stand of the council was reiterated.

## RIVIDIS ON TRIAL TODAY

Having successfully undergone her dock trials, the Rividis, second of the fisheries patrol cruisers built at the dry dock here, is out on her trial-trip today. The vessel is being given a six-hour continuous run and aboard her are J. H. Pillsbury, manager of the dry dock, Mr. Quinn, engineer superintendent, and John W. Allen, engineer for the fisheries department.

The Rividis will leave in a few days to be commissioned in service with headquarters at Swanson Bay. D. S. Cameron will be the overseer using her.

Hon. T. D. Pattullo is expected to return to Prince Rupert on Wednesday afternoon after addressing a large and very friendly meeting in Prince George. He also spoke at Terrace Saturday night along with Dr. Winch.

## LOOKS FOR ERA OF DEVELOPMENT HERE

Former Postmaster Back From Toronto Says Prince Rupert Will Get Many Tourists

R. L. McIntosh, former postmaster here, who returned last week from Toronto, expects to remain in the city indefinitely. He is looking for a period of rapid development here and says that the port is commanding a lot of attention in the East.

With the building of a tourist ship by the C.N.R. for the Alaska business, Mr. McIntosh thinks that a hotel here will be the next logical development and that it will bring a great volume of tourist business to the city.

A. T. Rainbolt pleaded guilty in the city police court yesterday to a charge of assaulting Myrtle Gibson of Comox Avenue and was bound over in the sum of \$1000 on his own recognizance to keep the peace for six months. He was also ordered to leave the city which he did, going East on last night's train.

There is scarcely any betting locally on the election. Any money that is being put up is on the majority that Pattullo will receive. Dozens of people have been trying to get straight bets on Pattullo but there seems to be no money offering.

## Insist on 5c Beer

As things are now: Bottled beer from the liquor store is too expensive.

They have not the equipment to keep it cool and palatable. It is too bulky to be carried as compared with the small packages of spirits.

## But Still More Important

Beer by the glass is a temperance measure. It is designed first and foremost to reduce the consumption of distilled spirits and in their place to foster as a substitute, the drinking of malt beverages of a low alcoholic content. Incidentally beer is a B.C. product and money spent on it remains in this province.
