RED RUSSIANS CELEBRATE ANNIVERSARY

EVERYONE IS SUPPORTING POPPY DAY APPEAL FOR DISABLED SOLDIERS

Seventh Anniversary of Russian Revolution is Celebrated in Moscow

MOSCOW, Nov. 8.—The seventh anniversary of the 1917 revolution was celebrated yesterday with street parades, patriotic exercises and military demonstrations. Twelve thousand peasant recruits took a solemn oath before the Lenin shrine to support the Red Army and uphold the principles of the revolution.

Moscow at night was a flaming mass of red electric lights and transparencies with allegorical figures typifying the revolution. Some paraders carried banners caricaturing former Premier MacDonald of Great Britain and Secretary of State Hughes of the United States.

SECOND BODY IS RECOVERED

Remains of Dorothy Gosnell Picked Up Yesterday Afternoon on Side of Embankment

Where it had apparently been lying for the past day or so, the body of Miss Dorothy Gosnell, the second victim of last Sunday evening's waterfront fatality, was found yesterday afternoon at 4 o'clock by Edward L. Barnett, resting on the side of the railway embankment about 600 feet west of where the accident occurred. After the drowning, the body had apparently risen to the surface and drifted ashore. With the assistance of the dead girl's father and brothers, the remains were removed to the B.C. Undertakers.

Chief of Police Vickers announced this morning that there would be an inquest on Tuesday.

The remains of Jerome Hugh McDonald, the other victim of the accident, are still at the B.C. Undertakers, awaiting instructions from a sister in California.

CHAIRMAN OF BIOLOGICAL BOARD HERE

No Announcement Was Available at Noon Regarding Site of Local Station

Dr. A. P. Knight of Kingston, Ontario, chairman of the federal biological board, arrived in the city from the East on last night's train and will leave on the steamer Prince Rupert tonight for Vancouver. He has been busy all day conferring with John Dybbavn, local member of the board, on general matters and with reference to the site of the biological station at this point. At noon no definite decision had been reached as to the site.

PRINTERS' NEWSPAPER SUSPENDS PUBLICATION RUNS OWNERS IN HOLE

WALLA, WALLA, Nov. 8.—The Walla Walla Daily Times, a daily newspaper published by union printers and supported financially by the International Typographical Union and by union printers of the northwest, has discontinued publication.

The paper was started on October 2, 1922, and up to September 11 had lost \$80,000.

TWO MEMBERS VISIT CITY

William L. Euler of Waterloo North and Dr. J. P. Rankin of Perth North are Here Today

In the course of a holiday trip through the West, William D. Euler and Dr. James Palmer Rankin, two prominent Ontario Liberal members of federal parliament, are visiting the city today. They arrived on last night's train and will sail for Vancouver on the Prince Rupert tonight. This is their first visit to Prince Rupert and the local member, Fred Stork, is showing them the sights of the place with which they have been both surprised and impressed.

Mr. Euler, who is president of the News Record Ltd., publishers of the Daily Record and Kitchener and Ontario Journal, resides in Kitchener and is member for Waterloo North having sat for that constituency since 1917. He came into special prominence at last session as chairman of the special railways and transportation committee.

Dr. Rankin is a physician and surgeon of Stratford, Ontario, and was a lieutenant colonel in the Canadian Army Medical Corps, having had a good deal of previous experience with the militia in a medical capacity. He is member of the federal house for North Perth riding having been first elected in 1908. In 1914 and 1917 he was defeated but at the last general election was elected with a large majority over his Farmer and Conservative opponents.

CONSUL WAKEFIELD GAVE AN ADDRESS

Spoke Before St. Andrew's Society Last Night on "Recent Historical Changes"

United States Consul E. A. Wakefield delivered an interesting address before the St. Andrew's Society last night on "Recent Historical Changes." Dealing particularly with the Great War and its results, Mr. Wakefield treated his subject both from an individual and national standpoint. There was a fair attendance and William Reid, president of the Society, was in the chair. Contributing to the musical program were Mrs. P. S. Bonney, Mrs. J. P. McMillan and Andrew Murray with vocal solos. W. Vaughan Davies was accompanist.

INSURANCE ON SHIPS PLYING TO THIS PORT

B. L. Johnson Tells Board of Trade What Action to Take

At the Board of Trade meeting last night the following letter was read from B. L. Johnson, Walton Insurance Corporation of Vancouver with respect to insurance rates on cargoes to and from Prince Rupert in reply to an inquiry from the board.

"We cannot definitely say that insurance rates on cargoes and bottoms are higher in one section of British Columbia waters than in another. Some policies contain a warranty that the vessel will not proceed beyond a certain radius, and this limit is sometimes defined as 50 degrees north. If you can convince the Underwriters that the waters between 50 degs. North and 54 degs. 40 mins. North are well surveyed, chartered and lighted, and not more hazardous than the waters to the south of 50 degs. North, they may extend the limit far enough northward to suit your requirements. A carefully considered statement sent to the leading Underwriters of London and the San Francisco Board of Marine Underwriters will undoubtedly receive their full attention and enable them to quote closely and with confidence on business offering to and from your port."

M. P. McCaffery in a few remarks impressed upon the board the necessity of sending the statement as advised in the letter, pointing out that the matter was of paramount importance in view of the likely forthcoming shipping activity within the next twelve months. The matter was referred to the insurance committee consisting of T. McClymont, E. C. Gibbons and John Dybbavn for action.

ALDERMAN TODD OF VICTORIA ENTHUSES OVER P.G.E. LINE

VICTORIA, Nov. 8.—Alderman A. E. Todd has just returned from a trip over the P.G.E. and he declares it is not the white elephant it has been represented. He is making arrangements for T. Kilpatrick, the manager, to address the chamber of commerce in regard to it. He went up the line as far as Quesnel and he says it is much better than he expected.

PUBLICITY MATERIAL ASKED FOR LONDON

At the Board of Trade meeting last night a letter was read from F. C. Wade, agent general for B.C., London, England, enclosing a copy of Lloyd's List & Shipping Gazette containing an article dealing with the ports of Vancouver and Victoria. The agent general stated that he was taking steps to purchase advertising space in the publication and proposed to place data on the port of Prince Rupert therein, and asked that suitable copy be forwarded for that purpose. The matter was referred to the publicity committee.

George Melcher, charged with intoxication, was found guilty and fined \$25 in the city police court this morning.

BEER BROUGHT BEFORE HOUSE

Petition Against Opening of Bars Presented to Legislature Yesterday

VICTORIA, Nov. 8.—Opponents of beer bars made the first move yesterday to block the issuance of beer licenses in districts which voted wet in June on the beer plebiscite. A petition protesting against the opening of bars in any part of the province in view of the general majority against beer was laid before the cabinet by the British Columbia Prohibition Association and this brought the whole beer question definitely to the front.

OPTIMISTIC ABOUT REOPENING OF MILL

F. L. Buckley Returns South Tonight After Having Conferred with City and Railway Authorities

Having been busy during the past couple of days conferring with the city and railway company in regard to his plans for the reopening of the Seal Cove sawmill, F. L. Buckley has his negotiations in such shape now that he will be able to return to Vancouver tonight. He stated this morning that the situation seemed favorable for his plans and he had met with a general desire on the part of officials and citizens to co-operate. It may be some little time, however, before definite arrangements will be finally reached. The placing of a bylaw before the people with respect to the municipal power and water agreement will likely be necessary. The work of putting the mill in shape for resumption of operations will, of course, be dependent on the negotiations with the city and the railway company being brought to a satisfactory conclusion.

Mr. Buckley, speaking of general lumber conditions, says the situation in the province is not so bad as might be thought. In the south the mills are still turning out a large volume of lumber and there are very few plants idle there. Prices have been low, however, but improvement is expected especially now that the United States presidential election is over.

Mr. Buckley expects to visit the city again in the near future.

CITY IS ASKED TO BACK WINNIPEG IN REGARD RAILWAY RATES

A letter from the Winnipeg Board of Trade was read at the meeting of the board of trade last night objecting to the recent disallowance of the board of railway commissioners in the recent Crows Nest Pass rate controversy and asking for the support of the local board in having the judgment rescinded. The matter was referred to the freight rates committee for necessary action.

BULKLEY BEEF IS COMING TO CITY

Speaking on the Bulkley Valley beef situation at the Board of Trade meeting last night Joe Scott, jr., acting president, stated that the P. Burns Co. had two cars of this beef arriving in the city on Sunday and that killing would commence on Monday.

WILL ASK INDIANS TO KEEP TOTEMS IN NORTHERN COUNTRY

That the Board of Trade pass a resolution in favor of steps being taken to preserve the Indian totem poles situated along the line of the Canadian National Railway system was a suggestion made by E. C. Gibbons, at the Board of Trade meeting last night which met with unanimous favor. Mr. Gibbons stated that last year the department of Indian affairs had been approached on this matter but the reply had been received that nothing could be done as the totem poles were the actual property of the Indians. Mr. Gibbons thought that action should be brought to bear upon the owners of these historic relics to prevent the totems being shipped out of the country or otherwise disposed of, and stated that Fred Stork, M.P., and officials of the C.N.R., had been approached on the matter.

It was moved by Mr. Gibbons and seconded by W. H. Tobey that the Board of Trade pass a resolution endorsing the stand that the Indians should, if at all possible, be persuaded not to ship the totem poles out of the country or otherwise dispose of them. The motion was passed unanimously.

PYTHIAN SISTERS BAZAAR ON TODAY

The Pythian Sisters' annual bazaar is being held today in the McIntyre Block.

Mrs. George Leek is general convener and those in charge of the various departments are: Raffles—Mrs. E. Large. Post office—Mrs. Fred Wermig. Home cooking—Mrs. H. M. Blake. Candy—Mrs. W. N. Hoss. Novelties—Mrs. A. Iverson. Plain sewing—Mrs. S. Hamblin. Tearoom—Mrs. D. McCulloch. Supper—Mrs. Leek and Mrs. McCulloch.

DEMOCRATS WINNING IN ALASKA ELECTION

According to the early returns in the Alaska election as shown in the Alaskan papers just to hand, it seems that Delegate Dan Sutherland, Republican, is elected to Congress but that the Democratic ticket is likely to win in the Legislature. John Rustgard was having a neck and neck race with Henry Roden for Attorney general. According to the Juneau Empire, the probable winners for the first division were N. R. Walker of Ketchikan for senator; N. O. Hardy and James J. Connors, both of Juneau, Chris Christensen of Petersburg and W. D. Grant of Wrangell for the House. Grant is a Republican.

INVITED TO ATTEND ASSOCIATED BOARDS

A letter was read from the Associated Boards of Trade of B.C. at the Board of Trade meeting last night asking that a delegate be sent from the local board to attend the Associated Boards' of Trade convention, to be held in Kamloops, November 15. J. Scott, jr., acting president, stated that if one of the local members happened to be going to Kamloops at the time of the convention it might be possible to arrange for him to attend as delegate. The letter was ordered filed.

Army of Ladies Out Tagging on Poppy Day to Aid Disabled Veterans and Their Dependents

The annual Poppy Day tagging for the Great War Veterans' Association under the management of the local chapters of the Imperial Order Daughters of the Empire is in progress today and it was stated this morning that the results promised to be much better than last year's. The proceeds are to go to the benefit of disabled veterans and their dependents.

Mrs. David Thomson is general convener and is being assisted by Mrs. John Manson, Mrs. S. Batchelor and Mrs. H. L. Landrey, while Mrs. A. T. Parkin, regent of municipal chapter, is giving the effort her personal supervision.

The taggers for the day include Mrs. G. H. Arnott, Mrs. Boulter, Mrs. G. W. Kerr, Mrs. H. F. Glassey, Mrs. S. V. Cox, Mrs. Matheson, Miss Ella Steen, Mrs. C. F. Kemp, Miss Rose Smith, Miss Winnie Thomson, Miss Jean Grieve, Miss Vera Shockley, Miss Frances Richmond, Miss Alberta Richmond, Miss Audrey Tremayne, Miss Verna Brochu, Miss Audrey Parkin, Miss Frances Tremayne, Miss Sheila Stuart, Miss Megan Morris, Miss Emyd Morris, Miss Hilda Murray, Miss Johnson, Miss Taylor, Miss Carter, Mrs. Macey, Mrs. H. R. Smith and Miss S. A. Mills.

Yesterday was Poppy Day in the public schools and collections there it is estimated totalled about \$50.

ASK FOR POWER TO SELL P.G.E.

Resolution Introduced into Legislature by Premier Oliver Yesterday

VICTORIA, Nov. 8.—Legislation authorizing the government to sell the Pacific Great Eastern Railway and to make extensive land grants to assist such sale, will be introduced into the Legislature immediately, according to an intimation in the House yesterday by Premier Oliver, who moved a formal resolution in favor of the P.G.E. legislation.

EARTHQUAKE IN ALGIERS FRIGHTENS POPULATION

ALGIERS, Nov. 8.—Earthquakes caused widespread damage in the region to the southwest of Algiers yesterday. The walls of houses cracked and the panic-stricken population fled to the fields, where they are camping out.

FRENCH RACER IS TAKEN BACK HOME

NEW YORK, Nov. 8.—Epinard, the French race horse which came to this continent to make a cleanup, is now on his way home. He was beaten four times although he came close to winning in each race.

SENATE REFORM IN LEGISLATURE

Provincial Body Will be Asked to Express Opinion on Federal Measure

VICTORIA, Nov. 8.—All phases of the Senate reform question and definite proposals for restriction of its present powers will be considered by the Legislature next week. Under the scope of a Senate reform resolution to be introduced by Captain MacKenzie, Liberal member for Vancouver, and Major Richard Burde, Independent member for Alberni, the house will be asked to go fully into the matter and lay a concrete plan of reform before the federal government.

WILLIAM HENDERSON RETIRES FROM SERVICE

VICTORIA, Nov. 8.—William Henderson, head of the Dominion public works department in British Columbia under the title of resident architect, has retired after fifty years of public service. Mr. Henderson is well known all over British Columbia as is also his son Stuart Henderson, the lawyer.

PREPARING TO HUNT DURING THE HOLIDAY

Number of Parties Leaving for Distant Favorite Grounds

This week end a number of hunting parties are going out after deer and other game, probably the largest raid yet to be made on the wild life during the present season. Porcher Island, Georgetown, Kennedy Island and points farther south are all favorite hunting grounds. One or two parties are going up the Skeena and Estall Rivers. As the season is suitable for hunting just now, it is expected that some good bags will be reported at the beginning of the week.

O CANADA!

O Canada, our home our native land,
True Patriot Love thou dost in us command.
We see thee rising fair dear land,
The true north strong and free,
And stand on guard, O Canada
We stand on guard for thee.
O Canada! O Canada!
O Canada, we stand on guard for thee
O Canada we stand on guard for thee.

These are the generally accepted words of Canada's national anthem. They are not satisfactory but they are the best we have until another is forthcoming.

Winston Churchill Cannot Be Downed.

Winston Churchill, the new chancellor of the exchequer, is a man who cannot be downed. He belongs to a prominent family and inherited a great deal of brains and energy from his father, the late Lord Randolph Churchill. While we very often do not agree with him on public questions, we always admire his pluck and energy and his independence of action. He is one of those who recognizes that a political party is nothing more than a group of men who think alike on certain important matters of state and once you change your views or the rest of the group change theirs, it is time to change your party. The difficulty in this country is that there are a lot of Conservatives in the Liberal party and a lot of Liberals in the Conservative party, held in their respective camps by the fetish of a party name.

Victoria Will Help Press Senate Reform.

Rather unexpectedly the British Columbia Legislature is being asked to aid in the fight for Senate reform. Capt. Ian Mackenzie of Vancouver is bringing a resolution before the House asking it to go on record in regard to the matter and it is likely that there will be some lively sparring over it.

While Senate reform is a federal matter, the provincial legislatures can help bring it about through bringing influence to bear.

It is to be hoped that the Victoria House will be a unit in its opposition to the present system which injures each party in turn, whenever there is a change of government.

By All Means Sell P.G.E. Railway.

The government is asking for power to sell the P.G.E. If they can dispose of it, the province will benefit by the action. The giving of land grants is now generally acknowledged to be the best method of financing, as the railway company is more anxious than anyone else to get those lands colonized in order that the line may pay. The railway has means of getting settlers on the land through its immense organization, which the ordinary individual or government does not have.

It is to be hoped that John Oliver and his government will succeed in putting through a deal for the line.

Civic Spirit Is Not Always In Evidence.

A proper civic spirit is not always in evidence. There are in Prince Rupert many loyal men and women who both in season and out stand up for Prince Rupert and guard her interests. Usually they are the permanent residents. There are too always in a young town many who are only sojourners and whose hearts are in the south. They sometimes forget that they are earning their bread here and take every opportunity to decry the city, its climate, its people and its institutions. They do a great deal of harm to the place.

If a place is good enough for young men and young women to earn their livings in, it should be their duty to speak well of it. If they could have done better in the south, doubtless they would have remained there. To take advantage of the opportunities here, even temporarily, and then to decry the place, is very poor form and should not be tolerated. What we need here is men and women who will devote themselves to bettering the city instead of complaining at the lack of privileges.

The Man in the Moon SAYS:-

IT is estimated that in this city some of the men have learned as many as twenty different secret signs and grips and secret society passwords. That is in addition to the legend he learns from his wife if he comes in too late or under the influence.

HOME may be either a debating society, a conversation club or a quaker meeting.

It seems about as difficult to reduce the household expenses as to reduce the weight of the old man.

ONCE upon a time there was born a little box of powder and when he was but a sweet little thing, a delight to every girl that viewed him, he beheld the faces of his admirers and thought how they might be improved. From that day until his final dissolution he devoted his time to covering the blemishes and aiding the girls in their love affairs, and thus making life sweeter, the world better and everybody happier.

POSSIBLY you did not hear about the man who found a little cobweb in his wife's clothes closet and threw it into the stove. When his wife came to and he found he had burned her new evening gown, he decided that he would give up looking for spiders.

A NICE NEST EGG FOR CHRISTMAS

If you went to your banker for an accommodation you would expect to pay for it. This same accommodation obtained in the form of merchandise from any merchant must be paid for. We realize that many people who are buying on credit do so as a matter of convenience. Some do so because there has been no inducement to pay cash, while others through force of circumstances require credit.

Some months ago we inaugurated a system which will interest you if you wish to pay cash. Because of our desire to try this system out on a small scale we did not advertise it. However, as it has proven so satisfactory, both to our customers and ourselves, we want you to know about it. Come in and see us.

DESERVE SUCCESS

Never before has any paper offered so much for so little money as the Family Herald and Weekly Star of Montreal this season. Besides the wonderful paper itself, each subscriber will have a free opportunity to win as much as Five Thousand Dollars in cash and will also receive a large calendar for 1925, with a beautiful picture in colors entitled "The Sale of Old Dobbin." For those who raise clubs of new subscriptions there is a catalogue of attractive and useful rewards. Their generous offer is meeting deserved success; few homes will be without the Family Herald and Weekly Star when such value is offered for two dollars.

RATE ON CATTLE SHIPPED TO JAPAN

The rate of \$62 per head had been quoted Chas Kelly on shipments of cattle from here to Japan stated J. Scott, jr., president of the board of trade, at the meeting held last night. H. H. Little said that he understood the mercantile agency quoting this figure had taken steps to have the rate quoted reduced but he had not yet heard what the new rate was.

TIMBER SALE X 8604.

Sealed tenders will be received by the District Forester not later than noon on the 5th day of November, 1924, for the purchase of Licence X 8604, near Beaver Creek, east side of Estell River, C.R. 5, to cut 340,000 feet of Hemlock, Cedar, Balsam and Spruce sawlogs.
Two (2) years will be allowed for removal of timber.

EXPECTS TO GIVE BETTER BOAT SERVICE

B. C. Keeley Assures Board of Trade of Interest in this Port

B. C. Keeley, Pacific coast superintendent of C.G.M.M., Vancouver, in a letter read at the Board of Trade meeting last night on the question of continuing the steamer Prince John service to the Queen Charlotte Islands, stated that the winter schedule of steamers had been drawn up to have the Prince John operate out of Prince Rupert, and everything possible was being done to get another steamer to permit of the John continuing in her regular service. Mr. Keeley assured the board that Prince Rupert was not being overlooked in the question of transportation and he hoped that before long he would be able to give the people in the north an even better service than in the past.

Local Druggists Have Modern Remedy for Colds

A Vaporizing Salve which is Rubbed Over Throat and Chest for Colds.

When Vicks VapoRub, the "external" method of treating sore throat, bronchitis, deep chest colds, or croup, is applied over throat or chest, the ingredients are released as vapors by the body heat.

These vapors, inhaled with each breath carry the medication directly to the affected air passages, loosening the phlegm and relieving the congestion.

At the same time Vicks acts as a counter-irritant, stimulating the skin, and thus helps the vapors inhaled to break up the inflammation.

Colds are usually relieved over night.

ASTHMA NEVER CAME BACK

Since Taking The Fruit Treatment in "Fruit-a-tives"

Read this letter from Mrs. J. M. Pennington of New Rockland, P. Q. "In 1919, I was taken with Bronchial Asthma and no one knows what I suffered during the winter. I began having choking spells and would just gasp for breath and could do nothing for me. In the spring of 1920, I started taking "Fruit-a-tives" and soon the choking spells became easier and I have not had one since May 7th, 1920. It is such a relief to be able to go to bed and have no thought of having to get up in the night for an hour or more as I did all that winter, but never have to now, all because I take a "Fruit-a-tives" tablet every night. 25c. and 50c. a box--at all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

"Worth \$100 to Me Relieved Eczema and Piles"

Mrs. Peter A. Palmer, Saltburn, Sask., writes: "Dr. Chase's Ointment has completely relieved me of eczema and piles. I also used this Ointment for my baby, who broke out in eczema. A few applications were all that was necessary in her case. Dr. Chase's Ointment has been worth a hundred dollars to me,--before using it I had spent a great deal more than that in unsuccessful treatment from doctors. We have also used Dr. Chase's other medicines, the Nerve Food having restored my health after suffering from severe nerve trouble when a girl."

Sport Chat
 "In the seventies and eighties Great Britain held almost every sporting and athletic championship worth holding. I attribute our losing so many of them in a large measure to the soft upbringing of the young men of today. I cannot conceive how any healthy minded Briton, and especially one who thinks anything at all about his physical fitness, can find pleasure in attending night clubs. Modern affections are slowly but surely sapping our manhood and unless we can return to a saner and healthier method of letting off steam, we cannot expect to regain our supremacy in the sporting arenas of the world."—Sir Claude de Crespigny, well known British sportsman, in a recent London interview.

KILLED THOUSANDS NOW SELLS RUGS
 Former State Executioner in Georgia Known as "Commissar of Death" Lives in Tiflis
 TIFLIS, Russia, Nov. 8.—One of the most remarkable and notorious characters in Russia is a Russian-German named Nicholas Shuman, who is called "the Commissar of Death" by the natives of Georgia. He derives this sinister title from the fact that for a long time he was the official executioner of the dreaded Cheka in southern Russia. His victims ran into the thousands. Shuman is now remorseful for all the heads he has cleaved, and has turned from human butchering to rug-selling in the bazaars of Tiflis. He may be seen any day hawking his wares to American or other foreign visitors to the Georgian capital. He is easily identified by the natives by the fact that his harsh, determined face is marked by a deep scar, the result of a violent attack made upon him with a huge iron spike by an aggrieved Georgian whose friends Shuman had put to death. "I killed these people," said Shuman to the correspondent, "because it was my duty as official executioner for the government to do so. I could never have done it in my personal capacity. I am repentant and want to forget the past. I want to develop my better side. Do you think there is any chance for me in America as a rug merchant? I hear you have much money there. I will take a part of it for my rugs."

With four or five teams in the league already having played their first tournaments, the Canadian Fish & Gold Storage Co. team is away to a good start in the second division billiard competition with a perfect aggregate of 750 points. The Prince Rupert Billiard Parlor is second with 698; Grotto third, 570, and Callies in the cellar with 553. The fifth team, the Great War Veterans, will make its initial appearance with the St. Andrew's next Tuesday. The Vets will also play their first game in the senior division with the Grotto next Wednesday.
 It is now expected that the basketball season will not open on November 14, next Friday, as had at first been planned. One of the teams is still awaiting the arrival of equipment. When the opening date has been definitely ascertained, the schedule for the season will be released by James Marks, secretary of the Association. The first games, it is now expected, will be played about November 24.

Tom & Al Safe

The American schooner Tom & Al, skippered by Capt. Brown, which met with engine difficulties while encountering a heavy sea off Kodiak last week, has been towed into Latoosh by the American schooner Skandia, Capt. O. Katum. Word to this effect was received on the waterfront on Thursday morning. The crew is reported to be safe and mechanical repairs will be made in the north.

Ernie's Dead Duck

Last week a distinguished hunting party went out to Kitkatla Inlet, Douglas Channel, aboard the power boat Pachena, Capt. Swanson. The party included E. C. Gibbons, Ernie Sockley and Joe Scott, jr. While the entire bag consisted of 158 ducks and 10 geese, all was not easy sleighing for the nimrods and Ernie caused the gang more anxiety for his happiness than a monkey with the distemper. The new piece of artillery which Ernie humped along did not come up to expectations at all, at all, and it is doubtful whether finer game preservers could be found the world over than E.S. and his fowling piece. After many hours of fruitless walking, and much hopeless shooting, Ernie became as dejected as a dog without a bark. As to whether or not the gun was entirely to blame is a matter for investigation and range tests will shortly be carried out to prove or disprove the owner's assertion. However, during the last hours of the hunt the rest of the gang were startled to see Ernie march into camp with a real dead duck slung from his waist and a face expressing supreme happiness. When being requested for a story of the "kill," Ernie stated that it was quite unnecessary to go hunting ducks with a lot of guns and to spend colossal sums on ammunition. All one had to do was to sit down on the creek bank and pick out the dead ducks which floated down. Another funny episode of the trip was when Ed Gibbons, in an endeavor to take soundings as the Pachena passed into an inlet, not only threw the entire lead weight and log overboard but nearly follow-

Fish Business

From Monday to Friday 323,900 pounds of halibut has been marketed on the Fish Exchange. Canadians were high at 18.3c and 8c, and low at 16.3c and 7c. Americans were high at 23c and 8c, and low at 18c and 7c. Arrivals were: American—Restitution, Reliance, Polaris, Ivanhoe, Gladys' Republic, Raoul Amundsen, Mildred, Fairway, Goney, Oona, Teddy J., Gladstone, Carolen, Eidsvold, and Aloha. Canadian—Eagle, Ingrid H., Selma, Nautilus, Kaien, Terman, Lillian M., Ringleader and Capt. Spear.

Halibut landings this week have dropped considerably for the reason that boats of both the American and Canadian fishing fleets became "bunched" recently and all went out to the deep sea grounds practically together last week. A number of the boats of the home fleet have already gone to their closed season anchorage and this has also retarded landings. The fish buyers, however, expect to handle a lot of fish between now and the beginning of the close season, Nov. 16. The schooners are generally staying out as long as possible for the purpose of bringing in as much fish as their carrying capacity will allow, or in other words the slippers are fishing intensively. The weather on the northern banks has been favorable to fish-

ing during the past week.

J.P. Missed 'Em

A little story in rhyme upon the shooting optics of a well-known medical hang on, we're off:

To get a deer was the desire of a certain J.P.C., and to this end he took a trip exclaiming: "You watch me." The party landed in a spot superb for grazing game, and the way in which the rifles spoke would put a war to shame. Now J.P.C., a hunter bold, would trek, and trek and trek, and blaze away his 303's without a hit, by heck! But quite undaunted, on he went and sighted deer galore. Although he steadied many a shot his "beading" proved too poor. At last he sighed a weary sigh and said "It takes the bun. If my rifle sights are quite O.K. my "glims" are on the bum." A word of counsel we'll extend to hunters with poor eyes—go to an optometrist now, he'll surely put you wise.

The Canadian schooner Marguerite, Capt. Scotty Reid, is being overhauled preparatory to being moored at her closed season anchorage.

Pete Brozat, who is logging at Kumelia Inlet, paid a visit to port during the week for the purpose of taking on mechanical and domestic supplies. Pete returned to further enjoy his logging exploits on Thursday.

The schooner Point May, Capt. Charles Wallace, is on the McLean ways for a general fixing up.

Quite a number of native craft and several of the smaller home halibut boats are busy on the surrounding beaches digging clams for the Millard cannery.

Flashlight photographs of the Big Bay Lumber Co.'s exhibit at the local exhibition, taken by R. E. Benson, are being mailed to the H. R. McMillan Export Lumber Co., Vancouver, for display purposes. One of the photographs is to be framed with the gold medal awarded the exhibit indented on the bottom of the mount and suitably inscribed. This will be forwarded to the headquarters of the company at Georgetown. The photograph is remarkably clear and shows this splendid exhibit to much advantage.

Goose Chased Dog

Here is a new one, and skipper O. P. Smith of the power boat Billy Boy vouches for its veracity. While hunting recently at Banks Island, O. P. took along a retriever pup to get him used to the gun and to otherwise initiate him into the art of bird hunting. About dusk the skipper shot at a goose along the creek and brought it down. Away went the pup to prove itself a real live bird dog by bringing home the goose. In a few minutes O. P. heard a lot of "honking" and flapping and howls from the pup. Seconds later the pup came tearing and howling down the creek, and the goose, which had been hit in the wing, flapping behind. The hunter said that never before did he witness anything so comical and he has been laughing ever since at the unusual occurrence. However, it turned out afterwards that the goose was scurrying to reach the open water, which it did successfully, and the pup duly went in and brought it out.

Big Party Out

One of the biggest hunting parties to leave port to date left for the Kitkatla district on Thursday morning on the power boat Leinsh, skippered by Hubert Ward. Among the party were H. O. Crew, Dr. Tait, Jack Hilton, Charlie Evelt, Capt. Colthurst and Major Sudd. To have witnessed the gang preparing to pull out with Hubert Ward saying pretty things in poetry to the engine in an effort to get some action was well worth the price of admission. The boat was piled with enough eats, blankets, guns, ammunition and other miscellaneous gear to equip an expedition to the North Pole for the purpose of trimming Father Xmas' beard.

A scow of fish box lumber for the Canadian Fish & Cold Storage Company arrived in port from Georgetown in tow of the tug P.R.T. on Thursday. The P.R.T. leaves on Sunday night for Georgetown to pick up a scow of

hemlock planking to be towed to Kincolith for the Department of Indian Affairs. On her return the tug will bring a scow of lumber for the Big Bay Lumber Co.

Launched Submerged

The launch Philitt, owned by Ald. C. V. Evelt, became submerged while moored at the Rupert Marine wharf. At low tide the boat tilted and with the rising of the water became filled.

W. Shrubbsall Writes

Lance Potterton, of the Booth Fisheries, is in receipt of a letter from Bill Shrubbsall, in which he states that he has decided to settle down in Westport, Nova Scotia. Bill has already got six smoke houses running full blast and is busily engaged smoking finnan haddie for the English market.

Lorrie Lambly, who has been engaged in the fisheries service on the west coast for the past two months, returned to the city this week.

Why stay on the washday treadmill?

No matter how long you travel on a treadmill, you never get anywhere. For the treadmill carries you back as fast as you move forward.

It's much the same with the weekly washday. You spend a day or more every week getting the clothes clean. Then the next week you go through the same thing all over again.

Send your family bundle to us. Our prices are as moderate as our services are varied—our work is always thorough, careful and reliable. Call us and step off the washday treadmill forever.

EDMONTON BECOMES GRAIN TERMINAL

Full Inspection of Shipments Will be Made There on Way to Coast

EDMONTON, Nov. 8.—At last Edmonton is getting a "place in the sun" as a grain shipping point. The board of grain commissioners have issued an order creating this a "grain terminal" under the act, which means that full inspection of all shipments passing through this city will now be carried out.

Inspectors say that the new order will mean an increase of 75 to 100 cars per week in local inspections. Previously, cars from off the E., D. and B.C. line were not inspected here but this practice will be changed from now on, due to the recent order.

"The Acquittal"

A bewildering enigma in which you are unable to guess the real criminal until the very climax. Who's guilty? This is the question you can't answer until the end of the picture, because you suspect everybody. Have you ever followed a great, sensational trial from beginning to end? Have you ever sat on the edge of your seat eagerly, breathlessly awaiting each new development, any one of which might mean life, love and happiness to someone? If you have, you know the irresistible grip of such a situation and you will not miss this stupendous, lavish picturization of the great mystery story that took New York and London by storm. You'll be held spell-bound and agast by this gripping photo-drama. Realistic effects.

Cast composed of a host of film favorites: Norman Kerry, Claire Windsor, Richard Travers, Charles Wellesley, Hayden Stevenson, Barbara Bedford and many others.

REGIMENTAL WHIST DRIVE AND DANCE SUCCESSFUL AFFAIR

The whist drive and dance held by the First Battalion North B.C. Regiment in the armory last night was a very successful affair which was much enjoyed by the many persons who attended.

Out of fifteen tables of whist the following were the winners: Men's first, L. R. Perry; men's consolation, N. Glass; ladies' first, Mrs. Gawthorne; ladies' consolation, Mrs. H. Floyd. H. F. Thompson had the highest single score. The prizes were presented by Mrs. H. E. Tremayne.

Refreshments were served under the direction of the Ladies' Auxiliary and dancing followed, music being furnished by the regimental band. Sergeant W. Horrobin was master of ceremonies and the committee in charge consisted of Capt. C. V. Vait, Sergeant A. Murray, Company Sergeant Major W. Robinson, Sergeant W. N. Hoss, Corporal W. H. Derry, Corporal Cadvallader, and Private R. Wilson. Similar functions are to be held every month it is planned.

RADIO PROGRAM

Hawaiian music and an address by H. H. Yost, president of the Hawaiian Club of San Francisco, are the features of the KGO program, Saturday, November 8. On this evening the Roosevelt High School Orchestra of Oakland, California, will also contribute numbers from standard orchestral works, including the First Movement of the Beethoven Fifth Symphony.

The letter accompanying the plans of the new grain elevator to be erected in Prince Rupert was read to the Board of Trade last night. It stated that as soon as the data compiled by Mr. Chater, who took the soundings here, had been embodied in the final draft, a tender would be called.

In a letter read to the Board of Trade meeting last night from the Montreal Herald it was stated they were preparing an industrial section of the paper and wanted data on the industrial progress of Prince Rupert for inclusion therein. The matter was referred to the publicity committee.

RUPERT HOUSEWIVES BECOME BUSINESSLIKE

The housewives of Prince Rupert are no longer content to believe that a certain brand of goods is the best in the world or that it will last longer. They are realizing that the only proper way to find out which brand is the best is to make a practical test in their own homes and compare values. This is just as it should be.

And the merchant who has the superior article welcomes the acid test of comparison because he knows his chances of selling are improved.

More Prince Rupert women than ever before are testing coal, trying to discover the most economical fuel for furnace, heater, fireplace or range. Those who have tried agree that Nanaimo-Wellington is very much superior. They say less quantity need be used, that there is very little ash and no clinker or rock. These are some of the reasons for the many repeat orders.

To secure this famous Nanaimo-Wellington coal, orders should be phoned direct to Albert & McCaffery who are sole agents in Prince Rupert. Their phone numbers are 416 and 564.

They have their own delivery trucks and wagons and give prompt service. Watch them and be convinced that most of the people in Prince Rupert burn Nanaimo-Wellington coal. There's a reason. Ask the woman who burns it.
