British Government Prepares for Emergency Service if Strike Continues in London Unsettled

LONDON, March 27.—An emergency committee of the government is preparing immediately to present proposals for an emergency service during the transportation strike, Premier Ramsay MacDonald stated yesterday in the House of Commons. The premier said he hoped it would not be necessary to take action since it was understood the points in dispute had been considerably reduced.

There was no sign of a settlement last night and with the threatened lockout in the shipbuilding trade and a dispute with the coal miners unsettled, the ministry seems destined to have its hands full.

BANK PRESIDENT DIED SUDDENLY

Sir Edmund Walker, Head of
Bank of Commerce, was Out-
standing Figure in Can-
adian Finance

TORONTO, March 27.—Sir (Byron) Edmund Walker, president of the Canadian Bank of Commerce and one of the most outstanding figures in Canadian banking and financial circles, died this morning after a few days illness from pneumonia. He was in his seventy-sixth year and his last illness was the only serious one in his life. The funeral will take place next Wednesday.

ANGLICANS TO START DRIVE

Decision Arrived at to Begin
Collecting Funds on Saturday
of this Week

TEN THOUSAND NEEDED
The Building Committee of the Anglican Church has decided to commence the big drive for funds to complete the St. Andrew's church on Saturday of this week and to make it snappy and short until the sum required is raised. Tenders have already been called for the work and the sum of \$10,000 is required. Of this the committee already has \$4,000 in hand so that the actual sum needed is not so large as might seem. A. E. Bazell-Jones is chairman of the committee, H. A. Philpott, secretary and W. Orchard, treasurer.

The ladies have in hand the sum of \$1,000 toward the organ fund in addition to the building fund.

Vancouver and Victoria People buy much Timber in Bella Coola Valley

(Special to Prince Rupert Daily News)
VANCOUVER, March 27.—Timber interests are moving northward owing to the fact that southern logs are scarce. The latest deal reported here is one in which the north will benefit. Assembling nearly 100 private owners of timber limits on a river near Bella Coola, Cosgrove Brothers of this city have engineered a deal whereby a syndicate of British Columbia legal and businessmen have acquired nearly a billion feet of the best standing timber in the province.

The new company is made up of prominent men in law and business. E. C. Mayers, the prominent counsel of Vancouver, is president and J. C. Clausen is managing director. Directors consist of Alderman A. E. Todd of Victoria; H. A. Ross, formerly a grocer in the same city; H. J. Davis, Hugh Ferguson, and A. E. Cosgrove.

A. E. Todd and R. P. Butchart, the latter being the Victoria cement magnate and owner of the famous Butchart Gardens, both interested in the company, have also taken over the Bella Coola Logging Company and will spend \$250,000 this spring in perfecting the plant.

HOME BANK IN DEBATE

Whole Issue Being Discussed
in House of Commons
Today

OTTAWA, March 27.—Today is Home Bank day on Parliament Hill. A deputation representing the depositors is here this afternoon and there will be a debate on the whole issue in the House. The debate has been arranged to take place over a motion by William Irvine, Socialist member for Calgary, who asks for a complete probe of the failure.

GREEK CITY IN SYRIAN REGION

Discovery of Very Ancient Civil-
ization by French Archaeolo-
gists

PARIS, March 27.—French archeologists discovered at Salmyeh in the Euphrates region of Syria a Greek city founded 2246 years ago and abandoned in A.D. 273 when the desert sands covered it. Mural paintings and manuscripts have been brought up.

FRED STORK TO GET FLOCK OF TELEGRAMS

Peter Black Says Idea Evolved in
Central Hotel This Week is
Getting Widespread
Support

Peter Black reported to the News this afternoon that the idea to have various organizations in the city and district send telegrams to Fred Stork, M.P., setting forth the claims of Prince Rupert to an elevator and other development projects was receiving widespread support. It is expected to send a large batch of wires to the member tomorrow evening so as to load his desk with the local demands on Saturday morning.

Examined Port.

It is known here that the Japanese company has had experts examine the port possibilities of Prince Rupert and also they have looked carefully into the rail accommodation and have found that many of the alleged disabilities are purely imaginary and that the northern route is just as safe and much more rapid than anything in the south. The chief difficulty is in developing passenger and general business. The new vessels are expected to be ready for operation by the end of the year.

CRUISERS FOR AUSTRALIA

Expected Also That Six Modern
Submarines Will be Ordered
by That Country

MELBOURNE, March 27.—Confirming a report that Premier Bruce has announced the immediate construction of one light cruiser in Australia and one in England, the Herald says it anticipates that Mr. Bruce will announce in parliament a proposal to order six modern submarines from England of the "L" class.

Some Work While Others Criticize

Some people work while others make it their business to criticize those who do things. Just now the Gyro Club is trying to do something for the young people of the city and there is not that spirit of helpfulness shown which might have been expected. The young men have given of their time and money and are prepared to give even yet more effort to establishing a playground for the children. Only a few of these men have children of their own but they are working for the benefit of others. The city council is giving them good co-operation and it is to be hoped that they will see their way to making it as full and complete as possible. The cost of grading a patch of land for the playground would not be very high and the work would be appreciated by all those who have children and by many who have none of their own but who would like to help the youngsters.

Marriage And Citizenship.

The problem of woman and her rights and disabilities is always with us. For many years she was a chattel but one by one the chains of her bondage have been dropped and today she comes very near to reigning supreme.

One little relic of the past is the regulation by which a woman loses her citizenship when she married a foreigner. If a Canadian woman marries an American she immediately by that act loses her British nationality and becomes an American, so far as the British constitution is concerned. The same is true if she marries a Frenchman or a Norwegian. The fact that she continues to reside in this country does not affect the case. There are a number of women who were born in Canada and who married Americans in Prince Rupert and who are as a result not Canadian citizens. They have renounced their citizenship by the very fact of their marriage. Should the man become a British citizen all is well. She returns to her allegiance but without her husband she cannot do so.

Glad To Receive Aid Of Progressives.

Prince Rupert people will be glad to receive the aid of the Progressive leader or of the rank and file of that party in their fight for an elevator. They will be glad to receive any kind of aid that seems likely to get results. It is the elevator they want and the manner in which it is secured does not bother them in the least. For that reason it was with pleasure people here read of the support that Robert Forke, the farmer leader, was to give and they were also pleased to hear that he was in touch with the activities of the member for Skeena.

High School Competition Closes This Week.

The editorial competition for the ten dollar prize offered by Hon. T. D. Pallullo for the best editorial article written by a high school pupil closes this week. Already a number of articles have been submitted and it is expected the winner will be announced and the winning article published next week. The competition has created a great deal of interest among High School students.

Glad To Know That Swanson Bay Operates.

It is good news that Swanson Bay mill is to operate regularly and it is rumored that there is a possibility the pulp plant may again start up before very long. Any activities in this neighborhood are appreciated by the people of this city. We want to see everything moving along steadily at all points for it is only by continued activity that we can hope to succeed. Swanson Bay is vital to the success of the north.

"Worth \$100 to Me Relieved Eczema and Piles"

Mrs. Peter A. Palmer, Saltburn, Sask., writes:
"Dr. Chase's Ointment has completely relieved me of eczema and piles. I also used this Ointment for my baby, who broke out in eczema. A few applications were all that was necessary in her case. Dr. Chase's Ointment has been worth a hundred dollars to me,—before using it I had spent a great deal more than that in unsuccessful treatment from doctors. We have also used Dr. Chase's other medicines, the Nerve Food having restored my health after suffering from severe nerve trouble when a girl."

MEETING OF GYRO CLUB

Thomas McClymont Delivered Address Last Evening — Playground Collectors Receive Prizes

Dealing with the three "ships"—citizenship, friendship and good fellowship, Thomas McClymont delivered an address before the Gyro Club last night which was both eloquent and interesting. Mr. McClymont outlined the true elements of the three attributes and referred to the great benefit that was derived by communities through their proper development. Service clubs afforded a great incentive towards stimulating them, he declared. The speaker punctuated his address with many pleasant witticisms at which his ability is well known.

Another item on the evening's program was the presentation of prizes to high men in the recent playground campaign. Gyro Director Eddie Mann was awarded the prize offered by Secretary Stan Taylor which took the form of a handsome fountain pen. This was for the greatest sum turned in. Gyro Norris Pringle, who individually collected the largest amount, received a gold Ever-sharp pencil presented by the club.

President Milton Gonzales announced that the Rotary Club members would be Gyro guests at the next open meeting.

Guests of the Gyro Club last night were Thomas McClymont, E. H. Mortimer, R. A. Harlow, Dr. W. T. Kergin, W. E. Williams, W. O. Fulton and George Bryant.

TELLS OF FINDING KALUM LAKE MINE

H. Glynn Ward who was in Terrace Recently Writes Article and Extols Town

Mrs. Howard whose pen name is H. Glynn Ward recently visited Terrace and in last Sunday's Vancouver Sun tells of the finding of the Kalum Lake Mine. She says:

When Chas. A. Smith, prospector, of Terrace, came in from Kitsumkalum lake and announced that he had staked some gold claims and having sunk a shaft had found them good and was going to Seattle to form a company in order to finance further developments; the people of Terrace having faith in Smith and their own mountains, said "But why go to Seattle? We'll finance you right here!"

So right away they formed a company to be known as The Kalum Lake Mines, Ltd. Terrace is 95 miles east of Prince Rupert on the Canadian National railway, and is noted for its strawberries and its delphiniums, its miles of wide straight roads, and the neatness of its hangar-houses and the way the hotel keeper looks after his visitors' comfort without putting it down in the bill.

Lucky Find
Kitsumkalum Lake is 24 miles north of Terrace. Three years ago Charles A. Smith was walking around the lake during a Chinook wind which was thawing out a very heavy fall of snow and he picked up a piece of ore which had broken loose in a slide.

He did not think very much of it at the time, but when he went back there in the summer with tools and started trenching, he found the ledge and classed it as unimportant, so he cached his tools and went away. Later on he and his wife rowed across the lake to fetch the tools and Mrs. Smith being of a more optimistic turn than her husband, began searching around until she came on a very valuable piece of gold. The Smiths had started house-keeping at Cripple Creek, Colorado, so Mrs. Smith knows ore when she sees it.

Stakes Claim
Smith staked the first claim on this group two years ago and last summer he and another man opened up cuts and trenches. The main vein started in a little streak one inch wide and after sinking a shaft of 31 feet, the vein had widened out to three feet; so far they are uncertain how much wider it is.

The provincial government mining report for 1923 has it that the average ore here would concentrate about 10 to 1 and produce a concentrate assaying

FRUIT TREATMENT FOR CONSTIPATION

Quick and Permanent Relief By Taking "Fruit-a-tives"

What a glorious feeling it is to be well! What a relief to be free of cathartics, salts, laxatives and purgatives that merely aggravate constipation and are so unpleasant to take and so weakening in their effect!

What a satisfaction to know that the juices of apples, oranges, figs and prunes will absolutely and permanently relieve constipation. By a certain process, the juices of these fruits can be concentrated and combined with tonics—and it is these intensified fruit juices that correct constipation, relieve headaches and biliousness, and make you well and keep you well.

"Fruit-a-tives" are sold everywhere at 25c. and 50c. a box—or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

AN AWFUL ATTACK OF PIMPLES ALL OVER HIS FACE

Pimples breaking out on the face and other parts of the body is a sure sign that the blood is not in proper shape.

While the skin is the object of the attack the real seat of the disease is in the blood on account of the entire circulation being poisoned.

Burdock Blood Bitters quickly and effectually banishes pimples and all other skin diseases as it goes right to the root of the trouble by cleansing and enriching the blood.

Mr. Conrad Anderson, Kelfield, Sask., writes:—"A year ago I had an awful attack of pimples. They broke out all over my face and I could not get rid of them in any way. One day a friend told me about your Burdock Blood Bitters and let me have a bottle he had to spare. After using it I noticed a change, so I bought three more bottles, and now I don't know there is such a thing as pimples."

RUSSIAN MUSIC WAS STUDIED BY LADIES OF MUSICAL CLUB

Russian music was the subject taken up by the Ladies' Musical Club which met yesterday afternoon at the home of Mrs. J. A. Hinton, Second Ave. Mrs. C. Woodworth read a paper on the careers of Rubenstein and Tschaiakowsky, there was a reading by Mrs. Adam Mackie on "Rubenstein's Playing" and Mrs. S. Darton also read a paper on Russian Christmas Music. The musical program consisted of a vocal solo, Rubenstein's "Melody in F," by Mrs. J. P. McMillan; piano solo, Tschaiakowsky's "Barcarolle (June)," by Mrs. Hubert Ward; selection by the Orchestra "Russian Ballet" and a solo "Yonder" by Mrs. McMillan.

SECOND MESSAGE TO N. S. TOURISTS BY C. N. R. RADIO

MONTREAL, March 27.—It is unlikely that a speaker who has delivered an address over the radio is often asked by members of his audience to give another address as early as possible. That compliment, however, was paid to Mr. H. H. Melanson, general passenger traffic manager of the Canadian National Railways by several hundred radio fans in the United States, who listened in on his first message delivered some weeks ago on the attractiveness of Canada to the tourist. Following that address, Mr. Melanson received several thousand applause cards mostly from across the border and among them were several hundred requesting him to deliver another speech at an early date.

In response to these requests Mr. Melanson went to Ottawa yesterday and last night through the radio station CKCH of the Canadian National Railways there, broadcast another message dealing with some of the attractions of Canada to the summer tourist.

Buy Your Milk With the Groceries

Many thousands of Canadian housewives have learned the convenience, economy and thorough satisfaction of using Carnation Milk for every milk requirement of their families.

They use Carnation Milk because it is twice as rich as ordinary milk, because it tastes so good in coffee, on cereals, on fruits and in cooking. It is always clean, sweet, pure, sealed in air-tight tins and kept safe by sterilization.

These housewives buy Carnation with their groceries. They are never out of pure milk. No delays or disappointments. Your grocer has it!

Making wash day pleasant—

Just use Rinso where you used to use bar soap—for soaking, boiling, or in your washing machine.

THE hardest part of wash-day, rubbing, rubbing, rubbing, has given way to the new method of soaking the clothes clean with Rinso. This wonderful new soap gently loosens the dirt and a thorough rinsing leaves things white and glistening as you never could get them before.

Only spots where the dirt is ground-in, such as neck bands, cuff edges, and the like need a light rubbing, and a little dry Rinso rubbed on these spots quickly makes the dirt disappear.

Rinso is sold by all grocers and department stores

James H. Blake, mechanical superintendent for the Forest Branch, is in the city today in the course of a regular inspection tour. He arrived from the interior on last night's train and will sail tomorrow morning for the south.

Capt. W. H. Logan of Victoria, representative of Lloyds marine underwriters, arrived from the south on the Prince George yesterday afternoon. His mission here is in connection with the repairs being effected to the C.G.M.M. steamer Canadian Scottish in the local dry dock.

A letter received here from Dr. J. B. Hill, formerly of this city and now of Glendale, Arizona, ordering a subscription to the Daily News, states that he is doing well there. He is anxious to know how his friends here are getting on, and says where he lives is a wonderful country.

T. C. Chalmers, formerly in the C.N.R. audit office here and now located in the same service at Vancouver, was welcomed to the city by many old friends yesterday afternoon. Mr. Chalmers is making the round trip to Stewart on the Prince George accompanied by his little daughter.

On Thursday evening at 8 o'clock, a whist drive and dance will be held in the Elks' Home when the trophies won during the Fraternal Whist League games will be presented. All members of the Whist League and their friends are invited. A nominal charge of 50c will be made to defray expenses. 74

W. G. Manders, C.N.R. freight traffic manager with headquarters at Winnipeg, and Mrs. Manders arrived from the East on last night's train and boarded the steamer Prince George to make the round trip to Anyox and Stewart before proceeding south tomorrow morning. They are on a holiday tour of the West.

Mr. and Mrs. Hoesehen of Saskatoon arrived from the south on the Prince George yesterday afternoon and proceeded by train eastbound on their way home from a holiday trip to the Pacific Coast. Mr. Hoesehen is a well known Saskatoon brewer and is the owner of the franchise of that city in the Western Canada Hockey League.

J. A. Heaman, C.N.R. regional assistant chief engineer with headquarters at Winnipeg, arrived in the city on the Prince George yesterday afternoon and proceeded East by train. Mr. Heaman is on a general inspection trip of Western lines and was accompanied from here by J. P. Kirkpatrick, assistant superintendent, Smithers, and W. H. Tobey, division engineer of Prince Rupert.

D. E. Carswell, C.G.M.M. engineer superintendent with headquarters at Montreal, was a passenger arriving from Vancouver on the Prince George yesterday afternoon. He will leave for the East on tonight's train. With other Montreal C.G.M.M. officials he has been on a semi-holiday trip to the Pacific Coast. He is visiting Prince Rupert in connection with the Canadian Scottish, which is undergoing repairs here and is accompanied by R. Knox, assistant superintendent engineer, Vancouver.

BANQUET GIVEN TO HEAD OF ODDFELLOWS

Enjoyable Time at Event in Boston Grill Last Night

The banquet given last night by the local Oddfellows' Lodge in honor of the Grand Master for British Columbia, D. H. Proudfoot of Nelson who is here on an official visit, was an enjoyable and successful affair. Some 72 members of the Rebekahs and Oddfellows lodges and their friends sat down to a splendid festive board in the Boston Grill banquet hall after which they enjoyed a program of toasts and musical numbers. George McAuley, noble grand of the local lodge, was toastmaster. Soloists of the evening were C. G. Minns, Mrs. L. O. Larsen, who sang a song with original and appropriate Prince Rupert words written by Principal Brady, A. Clapperton and J. H. Thompson of Vancouver. Mr. and Mrs. L. O. Larsen were heard to advantage in a duet. W. Vaughan Davies made an efficient accompanist.

The toast to the Grand Lodge was proposed by Mayor Newton and responded to by Mr. Proudfoot. A. D. Plant proposed the toast to the Rebekahs, Mrs. G. V. Wilkinson responding. The toast to visiting Rebekahs and Oddfellows, proposed by H. M. Daggett, was responded to by C. Baisdon and Sid Thompson.

The committee in charge of the banquet consisted of James Irvine, chairman, A. D. Plant and A. J. Galland. Mr. Proudfoot, who arrived from the interior last night, will proceed to Vancouver tomorrow morning. Tonight there is to be a special Oddfellows lodge meeting for the occasion of his visit.

ANYOX MAN MARRIED

Frank La Fortune Takes to Wife Miss Alice Mary Whitwell of Victoria

A quiet but pretty wedding took place here when Rev. F. A. P. Chadwick united in marriage Alice Mary, eldest daughter of the late Thomas J. Whitwell and Mrs. Whitwell, Crescent Road, to Albert La Fortune, fourth son of Mr. Frank La Fortune, of Cranbrook, B.C. The rooms were prettily decorated with daffodils and greenery, says the Victoria Colonist. The bride, who was given in marriage by her brother, Bert Whitwell, wore a becoming gown of navy Canton crepe with a chic French hat and carried an arm bouquet of Ophelia roses and violets. The young couple were the recipients of many useful and beautiful gifts. Mr. and Mrs. La Fortune left on the mid-night boat for Vancouver, the bride travelling in a smart navy marvellous coat trimmed with fitch fur. After a short honeymoon the young couple will leave for Anyox, B.C., where the groom holds a responsible position with the Granby Consolidated Company.

HEART WAS SO BAD HAD TO SIT UP IN BED

Mrs. O. E. Fitzgerald, 106 Ross St., St. Thomas, Ont., writes:—In the Fall of 1921, I was taken ill with my heart, but did not pay much attention to it. I kept on with my household duties, but seemed to become worse and worse, and finally had to call in a doctor. He said I was all run down and was a nervous wreck. I had a severe pain in my chest which would move over to my heart and it became so bad I could not lie down, as when I did I had such a smothering feeling I would have to sit up in bed till it passed away.

I tried several remedies, but with no good results. Finally, I was induced to try Milburn's Heart and Nerve Pills. I took 7 boxes, and I am now as well as I was 30 years ago, and I am now 65 years old.

Milburn's Heart and Nerve Pills are 50¢ a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SCIENCE DEMANDS UNIFORM QUALITY

Careful research made in recent years in the study of dietetics has shown a great importance to the human system of purity and uniform quality in foods. It is a great blessing that today so many delicious foods as well as tea and coffee can be procured in tins and sealed metal packages. "SALADA" Tea was one of the first pure food products to become widely popular in Canada. The flavor preserving aluminum package keeps the tea fresh and delicious. Skillful blending maintains the quality absolutely uniform.

Sport Chat

A shriek of joy followed the information given over the phone to an inquirer as to the winner of the Lincolnshire handicap yesterday while another answer was more like a moan of distress. The former was undoubtedly a big winner on the race while the latter found himself out of the running.

Whist Leaguers will foregather tonight to fittingly wind up a successful winter's season with the presentation of trophies to the champion teams and various individual winners. Mayor S. M. Newton, president of the league, will be in charge of the ceremonies which will take place in the Elks' Home. A whist drive and dance will be the main form of entertainment. The Dybhavn Cup, emblematic of city whist championship, will be presented to the Elks and the Newton Cup, for runners' up, will be awarded to the Daughters of England, champions of the Ladies' Section. Individual trophies will go to Jack Suden of the Moose team and Mrs. H. H. Hemmings, Daughters of England, winner of the most games during the season.

Interest seems to be no less general in the forthcoming individual city billiard championship tournament than was manifested in the Bulger & Cameron cup competition. The first match takes place tomorrow evening between Jack Suden and Fred Pyle and from then on until the finals are reached there will be matches on Monday, Wednesday and Friday evenings. The games will all be played on a table in the Elks' Home which has been specially fitted out for the competition. Col. McMorde and Geo. McMillroy are the favorites to win with odds slightly in favor of the former.

As a preliminary to the annual general meeting of the Association which will take place next Tuesday evening, there was a meeting of the executive of the Prince Rupert Football Association last night. Those present were George Hill, president, Geo. Johnstone, vice-president, Frank Vickers, Jack Watson and Geo. Russell, secretary.

FIRE FIGHTING BY RAILWAYS

At Conference Efforts Made to Secure Co-operation With Other Authorities

MONTREAL, March 27. — Co-operation not only that of its staff, but of its fire fighting equipment, its radio and telegraphic facilities and by the appointment of a committee to meet with them for the purpose of finding solutions to such problems as may arise, was offered by the Canadian National Railways yesterday to all the forest protective bodies of Canada at a meeting between the representatives of north protective bodies and the National Railways.

The meeting which was called by the National System brought together men prominent in every branch of forestry work in Canada and officers of every department of the system that has to do, directly or indirectly, with the protection of the forests along the line of the system in Canada. S. J. Hungerford, vice-president in charge of operation and construction, who acted as chairman of the meeting, in welcoming the visitors outlined the policy of the Canadian National Railways in the work and pointed out that as a public owned system as the greatest carrier and the greatest consumer of forest products, the system had a three fold interest in the forested lands. He assured all those present of the harmonious co-operation of the system in their work and asked for their support, it being his belief that the duties of the two organizations were necessarily parallel and should be treated as such. This method of procedure has been followed between the railways and the fire inspectors of the board of railway commissioners with such considerable success that not only did the utmost good feeling exist between the National system and those officers, but that the railway had been given credit by these inspectors for being one of the least culpable offenders in starting of forest fires in recent years.

Use all Departments

The aim of the new department of forest protection over which he has been given control was outlined by W. H. Kilby, chief of the forestry, Canadian National Railways. He stressed the necessity for dependable and rapid means of modification of forest fires and of fire hazards and in that connection offered the co-operation of the telegraphic system of the railways and also that of the radio department, which he thought could work in close harmony with the airplane forces engaged in forest patrol work.

Clyde Leavitt, chief forester of the board of railway commissioners, complimented the Canadian National system on the excellence of its appliances and the stress that had been taken to reduce fire hazards along the line. He felt that forest protection was no longer considered a fad but a matter of the gravest economic importance and that success in forest protection lay entirely in the united effort of all bodies engaged in its behalf. He outlined in a general way what the board had done in the past and some of the objectives which it had in mind. C. C. Piche, provincial forester for Quebec, after extending to the National Railway the thanks of his department and outlining the conditions in several of the eastern provinces in deal-

ing with the provincial forests and J. B. Harkin, commissioner of national parks, has outlined the measures which his department had taken to protect the park areas from fire last year. Mr. Price-Green, commissioner of colonization and natural resources of the Canadian National Railways, dealt with the settlement of forested lands and expressed the opinion that no colonization should be permitted in such lands, but rather they should be conserved for forest and water power industries, which would gather communities about them and eventually provide a market for agricultural produce and winter work for the settlers.

Methods Fighting Fire

A. H. Eager, general superintendent of motive power Canadian National Railways, Winnipeg, detailed the types of equipment used on the system for fire fighting and the safeguards on locomotives, and G. B. Guerin, manager of the Southern St. Lawrence Forest Protective Association, analyzed the work done by gas propelled cars in fire fighting work in Quebec during the past few years. Short addresses by Robson Black, manager of the Canadian Forestry Association on the need of public interest in the seriousness of the menace of forest destruction and by J. C. Garden, superintendent of motive power, Canadian National Railways, Toronto, on fire fighting tank cars and by A. R. McEwen, radio department Canadian National Railways, and J. H. Thompson, manager of the Marconi Wireless Company, Montreal, on possible co-operation by radio in forest protection completed the program.

W. J. F. Craig, Canadian National Railways fire inspector at Winnipeg, was also in attendance at the conference.

EGG PRICE NOW AT ITS LOWEST

Stiffening is Expected as Easter Season Approaches — Potato Prices Take Tumble

During the past fortnight there has been another general drop in the price of eggs but the market is now firm and the next change, it is anticipated, will be upward with the approach of the Easter season and the consequent increased demand. The best local fresh eggs are now selling for 50¢ per dozen, this being the highest egg quotation. The price of potatoes has also dropped recently due to importations from Alberta that have been made by local dealers. Other lines of vegetables show a slight decrease with the advent of new stocks from the south.

There was a slight drop in the wholesale butter market this week but it does not affect retail quotations. Market prices prevailing here today are as follows:

You need a PILOT

EVERY good ship, nearing port, takes on a pilot. Usually, the law requires it. The pilot knows the channel. With his capable hands at the helm, the vessel is safe. Without him, there is danger of the shoals.

When you set sail on a shopping tour you, too, should have a pilot. Everybody needs one. And well-informed shoppers always have one—ADVERTISING.

Advertising keeps you off the rocks of extravagance and waste. It takes you straight into the port of economy. It tells you plainly where to go for what you want. It shows you how to save steps—and money—and time. By watching it carefully, each day, you are able to buy to best advantage.

Often, the advertisements will keep you from making an unwise purchase by pointing out just why one article suits better than another. It points out for you the pick of the country's market and the selection of the particular kind, shape, size and color that best suits your taste and fits your pocket-book.

Whether you want food, clothing, furniture or a toy for the children, the advertisements can help you.

CANADIAN NATIONAL CONCERT THURSDAY

Official Opening at Winnipeg on that Occasion from Manitoba Government Station

WINNIPEG, March 27.—Official opening of Canadian National Railways' radio program in Winnipeg takes place Thursday evening from the Manitoba government broadcasting station CKY 450 meters, a musical program will "go on the air" at 8.30 o'clock and will be interspersed with an address from Sir Henry Thornton to be read here and a speech by A. A. Tisdale, assistant to the general manager of the western region, in the absence from the city of A. E. Warren.

The first of the systems hotels in western Canada to be equipped with radio receiving sets is the Fort Garry, which now has a set equipped with loud speaker installed to receive the first program broadcast from Winnipeg. Many hundreds of employees as well as hotel patrons and passengers on the Continental Limited will be listening in tomorrow night for CKY's Canadian National program.

ITALIAN WISHES TO FIGHT FIRPO

Erminio Spalla Would Have Entire Proceeds of Match go to Winner

BUENOS AIRES, March 27.—Erminio Spalla, Italian heavyweight, has challenged Luis Firpo for a return match of twelve rounds the entire purse to go to the winner with a percentage to charity. The challenge is due to Firpo's criticism of the Italian's showing against him on March 7. He wants to prove his pretensions to the world's title.

FLIERS MAY LEAVE SEATTLE ANY DAY

Thiepval Went Out of Her Way in North to Pick up Lieut. Bissell

VICTORIA, Mar. 27.—H.M.C.S. Thiepval turned from her course in the northern waters the other day going to Uyak Bay on Kodiak Island to pick up Lieut. Clayton Bissell of the American advance party and help him on his way to the next point selected as a supply depot for the four American machines which are scheduled to leave Seattle Monday or Tuesday.

The British and American fliers are co-operating and exchanging data but there will be keen competition among them to complete the flight ahead of each other. It is understood here that the four machines will leave Seattle just as soon as the weather is suitable without waiting for the scheduled time.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS
Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects of 14 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 1,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms copies of which can be obtained from the Land Commissioner.

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 60 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travelers, up to ten head.
