CIVIL SERVICE BEING PRUNED

Department Deputies to Discuss
Reductions With Commission: Cut Expenditures

OTTAWA, Jan. 29.—The government has declared war on waste and needless expenditure in the administration. It announces it will begin by making reductions in the civil service. Department deputies have been summoned to meet members of the civil service commission Friday. They will be asked to show cause why reductions in their staffs and other economies should not be effected.

The estimates are now under consideration for submission to parliament and it is intimated that all branches of expenditure is being cut to the bone.

DOUKHOBORS TO LEAVE CANADA

After Having Earned Seven Millions in Saskatchewan Colony
Is Moving to Russia

WINNIPEG, Jan. 29.—Three thousand Doukhobors from Kam-sack, Saskatchewan district are completing a deal for the sale of their property preparatory to emigrating to Russia. The party expect to sail from Canada for Odessa within a month in a boat chartered for the trip. It comprises about one third of the independent Doukhobor colony. The remaining six thousand persons intend to follow within a year. The present party will take with them seven million dollars earned at farming in Saskatchewan. They are selling their land to a United States syndicate.

PROMINENT ALASKA BUSINESS MAN HAD STROKE ON VESSEL

Harry S. St. George, a prominent business man of Fairbanks and well known throughout Alaska, was taken off the steamer Victoria at Juneau as the vessel was coming south this week, and admitted to the hospital there after suffering from a paralytic stroke. His entire right side was paralyzed and he was unconscious on the steamer before she crossed the Gulf of Alaska and remained so until after he arrived at Juneau. Mr. St. George since 1919 has been residing at Los Angeles and he was north on a business trip.

FIFTEEN INJURED IN TRAIN WRECK TWENTY MILES FROM CALGARY

CALGARY, Jan. 29.—Fifteen persons were injured, five seriously, when the C.N.R. passenger train Number 9 en route from Winnipeg to Calgary, was derailed and thrown down an embankment near Lyalta, 20 miles northeast of here Monday afternoon. A spread rail was the cause. Nine of the injured persons were brought here for hospital treatment.

SIR HENRY W. THORNTON, K.B.E.
President and Chairman of the Board of Directors,
Canadian National Railways

Following All Night Session of Employers and Employed Railway Strike has been Settled in Britain

LONDON, Jan. 29.—The railroad strike here has been settled. The men decided to return to work immediately an agreement was reached at a joint conference between the members of the Associated Society of Locomotive Engineers and Firemen on one side and the railway officials on the other, which began at ten o'clock last night and lasted until 4.30 this morning. The strike started a week ago Sunday following a decision of an arbitration board adverse to the men. The railway services of the country were partially tied up and the people everywhere were much inconvenienced. Motor traffic to a large extent did the work of the railways in the emergency.

AMUR PROVINCE OF
SIBERIA DECLARE
FOR A FREE STATE

TOKIO, Jan. 29.—While forces in Siberia have seized the occasion of Lenin's death to proclaim a free state for Amur province, they have interrupted the railway operations to Vladivostok and other eastern points.

MUCH OIL STOCK ON EXCHANGE WAS SOLD

VANCOUVER, Jan. 29.—There is a flurry in Empire oil stock here. On Saturday almost fifty sales of stock were made on the local exchange and prices stiffened. There were buyers to take everything that offered.

SWEDEN WINS CURLING

CHAMONIX, Jan. 29.—The first match in the curling competition yesterday resulted in Sweden winning 18 and France 10 points.

SCIENTISTS TO TOUR CANADA

Will Come West After Meeting of
British Association in Toronto Next August

TORONTO, Jan. 29.—Members of the British Association for the advancement of science, holding its annual meeting in Toronto this year, will tour Canada at the close, which will be in the second week in August, and many will go as far west as the Pacific coast. The party will include some of the most noted scientists in the world and a number of the most prominent men, it is expected, will be given opportunities to speak to public bodies and will be heartily received everywhere.

The last meeting of the association in Canada was at Winnipeg in 1909 and it is difficult to overstate the importance to Canada of the coming meeting, not only through the great popular value in stimulating scientific knowledge and thought throughout the Dominion but because of the opportunity thus afforded the leading scientists of Britain for studying at first hand Canada's problems, of which perhaps the most insistent is immigration of the right type.

This meeting will be under the auspices of the University of Toronto, which has already a strong committee at work, presided over by Professor J. C. McLennan, F.R.S. As the aims of the association are popular in the widest educational sense, a local publicity committee has been appointed under the chairmanship of Professor H. Wasteneys of the Medical Faculty.

BIG DEAL IN INDIAN MINE TREASURY STOCK

Montreal and Toronto Syndicate
Purchases 255,000 Shares at
Market Quotation

McQuaig Bros. & Co. of Montreal, acting for a strong Montreal and Toronto syndicate, have purchased 255,000 shares of Indian Mines Corporation treasury stock. While the price is not announced, it is understood to have been around 65c or 67c, the market quotation. The purchase is evidence of the fact that big things are expected of this new shipping property.

AUSTRIAN WOMAN FIGURE SKATING WORLD CHAMPION

CHAMONIX, Jan. 29.—Madam Plant of Austria won the figure skating competition yesterday, the British and United States competitors sharing the second place.

First Snag Struck by Labor in Carrying on Government of Britain; Opposing Forces there

LONDON, Jan. 29.—Premier Ramsay Macdonald will be compelled to go slower in regard to the recognition of Russia, according to reports emanating from well informed political circles. The Daily Telegraph says cabinet members such as Lord Haldane and Lord Parmoor favor the pacification of the whole European continent through the League of Nations. They wish the recognition of Russia to be accompanied by a promise by the soviets to accept the principle of the league covenant.

Some labor members are impatient of delay. Neil Maclean, an advanced laborite sitting for Glasgow, says in the Herald: "What is this nonsense about inevitable delay? Five days sufficed to recognize Greece after Venizelos took office. This would also be possible in the case of Russia. If the officials think otherwise their action must be stopped ruthlessly or the government is damned."

Already there is a movement to oust Baldwin and secure a Conservative majority by precipitating an election.

BRUTALITY IS MEN'S CHARGE

Chief Engineer of British Ship
Voreda Accused by Crew:
Assault Also

HOQUIAM, Wash., Jan. 29.—Complaints that 23 members of the crew of the British ship Voreda that Chief Engineer Plough of that vessel treated them brutally, will be heard by Charles Smith, U.S. Commissioner, here this afternoon. Two of the men alleged that Plough assaulted them on the high seas and their case has been referred to the British Consul at Seattle.

COMMITTEE TO START DRIVE

Whirlwind Campaign For Presbyterian Church Building
Next Week

A whirlwind campaign has been decided upon by the board of managers of the Presbyterian Church to raise \$10,000 in order to proceed with the construction of a \$25,000 church building. The canvass will start next Monday and is to be over by Saturday. A committee of 22, in teams of two, has been selected to undertake the drive. This committee will meet on Friday night to make its final plans.

The committee consists of the following: F. G. Dawson and Fred Stork; George Rorie and Thomas McClymont; Jarvis McLeod and J. R. Mitchell Sr.; John Currie and Eddie T. Smith; D. C. McRae and Thomas McMeekin; J. R. Mitchell Jr. and D. H. Hartness; S. Dartop and W. H. Robinson; J. W. McKinley and J. G. Steen; C. E. Starr and D. J. Matheson; Rev. Dr. H. R. Grant and George H. Munro; S. D. Macdonald and D. C. Stuart.

KETCHIKAN SCHOOL TO BE ERECTED IN SPRING

Building is to be Erected by
October 1 and is to Cost
\$129,000

KETCHIKAN, Jan. 29.—At a special meeting of the city council last night a committee was named to draw up a contract with the Warrack Construction Company for the erection of the new school building to be built in Ketchikan this year. It is the intention to start on March 1 to wreck the old building. The contractor agrees to have the new building ready for the fall term by October 1, 1924. He said he thought it would be ready by September 1, but he did not like to bind himself to that because of the possible unforeseen things that might happen.

Gordon C. Mitchell, superintendent of schools, with the school board last night conferred with the council. Mr. Mitchell outlined the plans he had in mind for the continuance of classes after the work of tearing down the old building starts. It will be necessary to press into use several other buildings, but it was shown that they are available. According to the bids submitted, the Warrack Construction Company agrees to build the structure for \$129,000, which is approximately \$10,000 less than any other bid.

ANOTHER PRICE REPORT IS BEING PREPARED

VICTORIA, Jan. 29.—Some of the Victoria ministers are preparing a report on the work of Dr. Price in that city. They say the doctor was much misrepresented in the Vancouver report and they propose to counteract its influence.

There are also a number here who think the Price Report did not go far enough and one police commissioner is said to have remarked that he would not be allowed to hold meetings in the city again but would be excluded by the commission.

PROHIBITION ENDED

LONDON, Jan. 29.—Prohibition in Turkey ended on Sunday and liquor has been made a state monopoly.

PRINCE RUPERT MAY SOLVE TROUBLES OF ALBERTAN FARMERS

In an interview given the Daily Province at Vancouver, E. J. Garland, member for Edmonton in the Dominion Parliament, is reported to have pointed out that Vancouver had competition on the Pacific Coast and intimated that in Prince Rupert the farmers of Alberta might find a solution to some of their present problems.

FISH ARRIVALS

Two American halibut schooners marketed catches at the Fish Exchange this morning. They were the California, 14,000 pounds, and Adeline, 2,500 pounds. The Canadian Fish & Cold Storage Co., bought both fares for 17 1/2c and 9c.

British Association Comes This Year.

The holding of a meeting of the British Association in Canada this year is a very important event. It means that some of the biggest scientific men in the world will come to the country and will, incidentally tour the West.

Period Of Advancement Seems Right Ahead.

Prince Rupert people are showing their optimism by undertaking permanent work here that will be of great advantage to the city and incidentally will help to make a payroll and keep things moving here.

Difference Of Opinion Over Use Of Herring.

There seems to be a difference of opinion as to whether herring and other fish should be used for the manufacture of fish meal, gelatin and other fish products.

The question that arises is whether the use of herring in reduction plants would tend to exterminate the fish. In Alaska the factories use all kinds of fish but here, until recently, permission has been withheld.

It is pointed out that in the manufacture of fish meal, gelatin and the numerous other products from fish as well as in the making of fertilizer from the offal, there is more labor expended than in using the fish in any other way and the products become more valuable.

Have Veneer Mill Located Near Here.

There is a proposal to erect a mill for the manufacture of lumber and veneer products on the Skeena River, possibly at Salsus. The company was organized last year and the work of financing has been proceeding since that time.

It should be impressed upon the new company that where tidewater meets rail is the place to erect a mill. Water shipment is often a great factor leading to success.

Railwaymen's Strike Great Britain Settled.

It is very satisfactory that a satisfactory adjustment of the railway strike in Great Britain has been reached. The men are back to work and the business of the country is proceeding.

There are a number of strikes looming up in that country but all may be settled if both sides are reasonable. There must be clashes sometimes, however, because all people are selfish and most people are unreasonable sometimes on some matters.

PREPARING TO FINISH CHURCH

Committee Appointed by Annual Vestry Meeting of St. Andrew's Anglican—Election of Officers

Having some \$4,000 already subscribed for the purpose, over half of which has been collected, the managers of St. Andrew's Anglican Church are again considering the possibility of completing the church building.

The report of the secretary-treasurer, Wallace C. Orchard, showed that, owing to a large number of prominent church members leaving the city during the past year, there had been a falling off in the weekly envelope subscriptions.

Officers and Committees

The following officers and committees were elected for the coming year: Clergyman's Warden—H. T. Cross.

People's Warden—A. E. Bazzett-Jones.

Sidesmen—The Wardens, Thomas Andrews, John Shirley, C. W. Homer, H. T. Willett, W. C. Orchard, G. A. Woodland, E. W. Tucker, William Watt, Sidney Bazzett-Jones, A. Wootton, Alex Rix and G. P. Tinke.

Envelope committee—R. V. G. LePine, William Hamilton, H. A. Philpott, Mrs. H. E. Tremayne and Mrs. C. C. Mills.

Representatives to Synod—Mrs. R. L. McIntosh, A. E. Bazzett-Jones, E. W. Tucker (substitute).

Auditor—C. V. Evitt.

Welcome committee—G. A. Woodland, G. E. Barnswell, Thomas Andrew, C. V. Evitt, Mrs. G. A. Woodland, Mrs. W. C. Orchard, Mrs. R. L. McIntosh and Mrs. A. E. Bazzett-Jones.

Building and finance committee with power to add to their numbers—The Rector, H. T. Cross, A. E. Bazzett-Jones and W. C. Orchard.

Votes of Thanks

Most hearty votes of thanks were tendered to the superintendent, E. W. Tucker, and the teachers of the Sunday School, to W. H. Melliar and Mrs. W. S. Akroyd and members of the choir; to Miss Ellett and Mrs. Rix who for several years has been in charge of Altar Guild duties; to John Carroll for his most satisfactory services as caretaker of the church; and to Mrs. H. T. Willett, president, and members of the Women's Auxiliary.

A special resolution was passed expressing appreciation of the services of the rector by the whole congregation and assuring him of their support in all his work.

The men's banquet to be held on February 7 was drawn to the attention of the meeting which closed with the doxology and benediction.

GEORGE MUNRO NEW CHAIRMAN MANAGERS PRESBYTERIAN CHURCH

George H. Munro was elected chairman of the Board of Managers of the Presbyterian Church at a meeting of the board held last night. George Rorie was appointed secretary-treasurer succeeding J. L. Christie who has resigned.

SEVENTY-FIVE GIRLS SAID TO BE MISSING

Vancouver Weekly Suggests That Many Are Kept in Vancouver

The Hook, the weekly paper published by J. S. Cowper, formerly of this city, says editorially:

About 75 girls of B.C. are on the missing list of the past year, according to reports that have been culled from various parts of the province. Several young married women, including two of Vancouver, dropped out of sight lately. In some instances the police have been notified; in other cases, families fearing notoriety enlisted the services of private detective agencies.

Misleading Advertisements

In another part of this issue will be found an article on misleading advertisements in the classified columns of our dailies. Of course, the blame cannot be placed upon the papers, because most of the advertisements are worded so cunningly that they suggest nothing suspicious.

In the above case the complaints made to The Hook indicate systematic efforts by the negro to secure a white girl as his companion-housekeeper. His stipulation is that she must be young and she must sleep in.

Negro Joint

There are negro establishments around Davie Street and Main Street that appear to have operated unmolested during the regime of the late administration. An Italian in the Main Street district is known to have a well-stocked establishment. Two other establishments serve the high-toned Shaughnessy Heights district, though only miserable women of the poorer classes appear to find their way to the police cells.

The stories of many of these girls are pitiful beyond words. We are tempted to try to tell the life-stories of some of them as a shock to the comfortable-godly in our midst and as a warning to the tempted, for alas, each of these ghoulish girls is some mother's daughter, and most of them set sail in the heyday of girlish pride and beauty from quiet homes to the port of missing girls.

Ten Years Ago in Prince Rupert

January 29, 1914.

W. E. Scott, deputy minister of agriculture, in an address delivered recently in London, describes Prince Rupert as a formidable rival to Vancouver in the development of Pacific Coast ports.

Splendid reports were submitted by the managers and various branches of the congregation at the annual meeting of the Presbyterian Church last night. F. G. Dawson, G. R. Nuden and R. O. Boulton were elected to the board of managers for the ensuing year.

The provincial government has announced the appointment of license and police commissioners for the year as follows: License commissioners—Mayor Newton, Ald. T. Maitland and W. M. Wright; Police commissioners, Mayor Newton, Ald. George Kerr and A. S. B. Lucas.

"It is such lovely material"

Directions for Washing Silks

Whisk one tablespoonful of Lux into a thick lather in half a bowlful of very hot water. Add cold water until lukewarm. Dip the garment up and down pressing ends repeatedly through soiled spots. Rinse in three lukewarm waters. Squeeze water out—do not wring. Roll in a towel; when nearly dry, press with a warm iron—never a hot one.

THE beautiful shimmering materials that are fashioned into Milady's clothes today require the most delicate care in washing.

Old methods of rubbing would never do for such exquisite fabrics.

Lux, with its gentle cleansing suds, comes to the aid of those who love refinement in material and in design. The rich Lux lather, gently squeezed through fine fabrics, just floats the dirt away without a possibility of harm coming to a single delicate silken thread.

Wear what you wish—the most alluring material can be washed with Lux.

A Health Secret

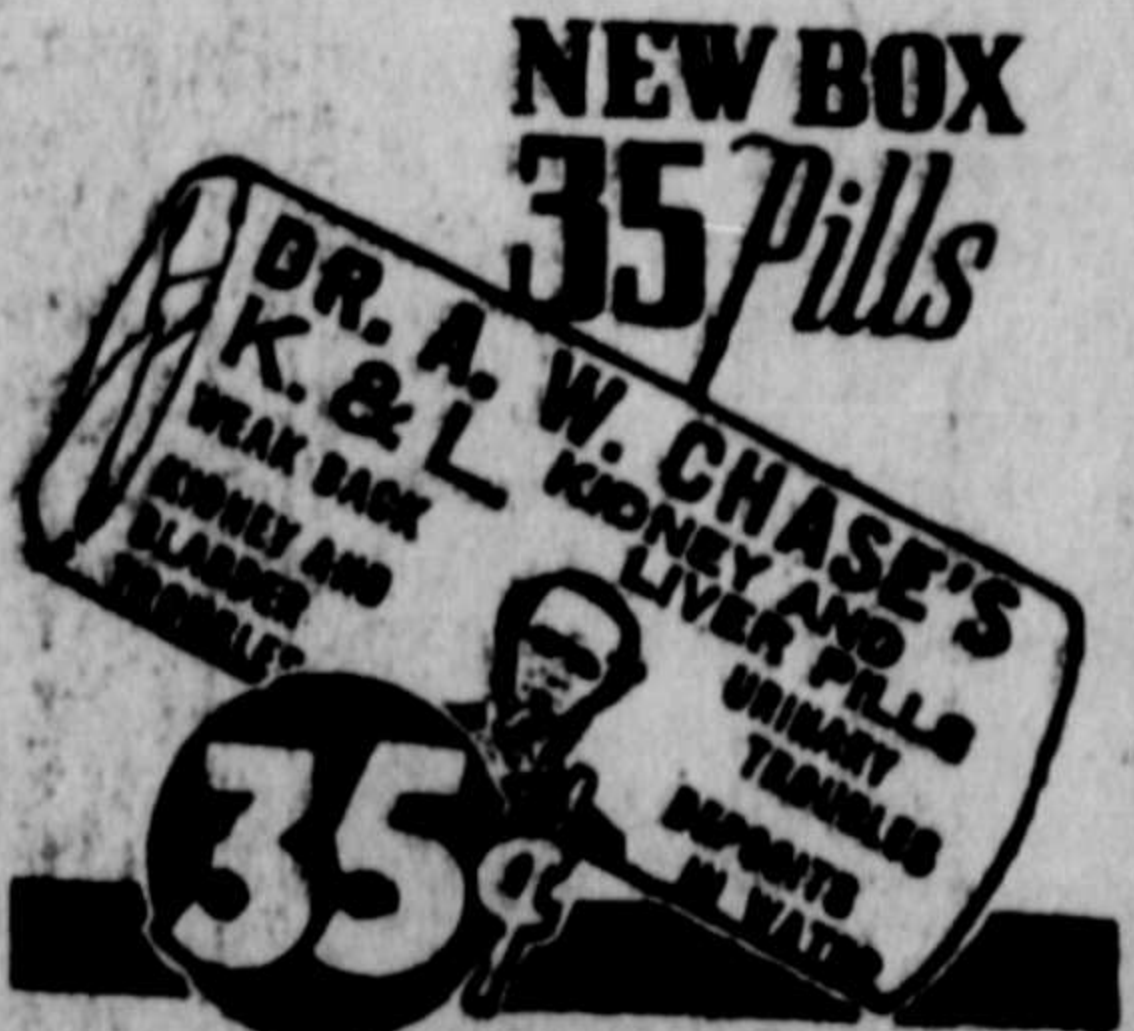

It is frequently claimed by physicians that nine-tenths of all human ills may be traced to neglect to keep the bowels regular and the liver and kidneys active.

The result is an accumulation of poisons in the system which cause pains and aches and give rise to such dreaded diseases as appendicitis, Bright's disease, diabetes, high blood pressure, etc.

Dr. Chase's Kidney-Liver Pills are the ideal regulators of these vital organs because they act directly on the liver, kidneys and bowels, and ensure a thorough cleansing of the system.

You will notice that while the price of Dr. Chase's Kidney-Liver Pills has been increased to 35 cents, the box now contains 35 pills instead of 25 as formerly.

Likewise Dr. Chase's Nerve Food is 60 cents a box of 60 pills, instead of 50 cents a box of 50 pills. Edmondson, Bates & Co. Ltd., Toronto.

For Meatless Days

It is economy to let the butcher drive past once in a while.

Oxo Cubes take the place of butcher's meat in soups and savory dishes and open up a hundred and one dainty ways of using up today what was left over from yesterday.

Oxo Cubes are time and money savers—more than that, they add nutrition to other foods.

"CUB GEDLE SPRIG"

Prayer of Our Ancestors Before Modern Science Taught Us How to End Colds.

Watery eyes, aching bones, sniffing nose, and sluggish liver—this is the season for colds and Grippe.

Your grandfather used to simply try to bear it and wait for better weather. He would plead with the poet—"Come gentle Spring." Now we know that colds are too dangerous to let them run their course.

Dr. Thacher's Liver & Blood Syrup will make your liver work again. When active, the liver filters all the blood every fifteen minutes. This gives the blood a chance to fight the germs of colds.

Try it tonight! Just a spoonful after the next few meals, and tell others what a big difference it makes in the way you look, eat, sleep and feel. You will be completely satisfied; otherwise druggists will return the small cost.

Dr. Thacher's Liver & Blood Syrup is sold and recommended by Ormes Ltd., cor. 3rd Ave and Sixth St., Prince Rupert, B.C., and by leading druggists in every city and town.

Passengers booked to sail for Vancouver on the Cardena this afternoon include J. Pirie, Mr. and Mrs. Gus Gillis and family, Mr. and Mrs. Sailoff, C. S. Hahn, D. C. Carter, F. Gerling and T. Christiansen.

The next American steamer from Seattle to call here enroute to Seward and intermediate Alaskan ports will be the Alameda, Capt. Johanson, due Sunday night. The Victoria, Capt. Davies, which has been taking the Alameda's run for the past two voyages, will return to her regular Nome service.

A story is going around the waterfront at Vancouver to the effect that the steamer Prince Albert has figured in a hijackers' robbery off San Francisco. It is said that a small boat left the Albert on board and that two powerful launches came along and overpowered her, stealing the liquor and turning the men ashore. The small boat was never recovered.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, G. A. Johnson, 595 McDermot Ave., Winnipeg, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

W. E. Gollison, Indian agent, is leaving this week for Kitkatla where he will conduct the annual election of a town council.

Miss Florence Byatt and Miss Fosy Fraser, graduates of the Prince Rupert General Hospital training school for nurses, have been successful in their registered nurses' examinations and are now entitled to use the letters R.N. after their names.

Miss Ethel Miller, School teacher at Queen Charlotte City, who sustained serious injuries last September when she fell from a horse while riding, has returned to duty from her home in Vancouver. Mrs. A. Smith, who was taking Miss Miller's place at Queen Charlotte, arrived from there last night on the Prince John and will sail from here on the first steamer for Vancouver.

Capt. W. B. Finglass, until recently marine superintendent for the Canadian Government Merchant Marine on the Pacific Coast, has joined the staff of the V. and V. Stevedore Co. at Vancouver. Last week a banquet was tendered him on the steamer Prince Rupert by his former C.G.M.M. associates. C. W. Tourtelotte presented Capt. Finglass with a handsome club bag suitcase and B. C. Keeley presented Mrs. Finglass with a beautiful wrist watch.

The construction of a new high-powered tug has just been completed at North Vancouver for the Independent Pilots' Association of Vancouver. It is a large and powerful vessel with modern machinery and a 30 horse power Kelvin engine. Capt. W. S. Morehouse, formerly master of the steamer Prince George has been supervising the construction of the boat which will be stationed at Victoria. The trial trip took place last week with Capt. Morehouse in command.
