STARTLING SHOOTING CASE AT VANCOUVER

CARIBOU TREK IN SOUTH YUKON IS MAGNET FOR PEOPLE OF WHITEHORSE

Whitehorse People Are All Out After Caribou Herds Which Are in Southern Yukon this Afternoon

WHITEHORSE, Oct. 21.—Whitehorse is practically evacuated, the inhabitants having gone out to see one of the great sights of the Yukon, the trekking of the Caribou from their summer breeding grounds to the feeding grounds to be occupied by the herds during the winter months. This year the big herds are further south than usual, this probably presaging a hard winter. It is thirty years since there has been such an opportunity to see the big animals and to shoot some of them as has occurred here today.

not only are hunters old and young, male and female gone out after caribou, but cameramen of all ages have taken up the sport. Cars have been pressed into the service and are at the trail between Braeburn and Takeena where thousands of animals are moving slowly but surely southward.

Every year the caribou are to be seen in the neighborhood of Dawson and the people there look for the moving of the herds to secure part of their supply of winter meat.

FILLING IN OF COW BAY WILL BE VOTED UPON

Provincial Government Offers Waterfrontage Which Council Would Use for Municipal Wharf

On recommendation of the Board of Works, the city council decided last night to submit to the electorate at the next civic election a referendum on the question of whether or not the filling in of Cow Bay is to be consented to. If this is permitted, the provincial government has agreed to give the city 200 feet of waterfrontage between the Yacht Club and the oil wharf. It is the idea of the council, as expressed by Mayor Newton, to build a municipal wharf on this waterfrontage.

In explaining the proposed referendum, City Solicitor Jones stated that in 1920 the railway commission had refused to allow the filling in of Cow Bay by the provincial government unless the city's permission was obtained. The government had not offered the city 200 feet of waterfront if it would consent to the work being done.

Mayor Newton spoke at some length on the matter stating that the requirements of fishermen and outside people coming to the city in boats had led to the feeling that there should be a municipal wharf. The waterfrontage between the Yacht Club and oil wharf offered the city by the government in return for permission being given to fill Cow Bay was deemed suitable for this purpose.

The report from the Board of Works recommending a referendum on the matter was adopted unanimously without further discussion.

The Ketchikan motorship Bellingham, Capt. Len Williams, unloaded 6,000 pounds of frozen fish at the Royal Fish Co. dock this morning for transshipment East over the Canadian National Railways and then cleared for Seattle with a cargo of canned salmon which she has on board.

BANK BANDITS REQUEST STAY

Wish Opportunity to Appeal to Privy Council Following Supreme Court Finding

MONTREAL, Oct. 21.—Counsel for the five Hochelaga Bank bandits under sentence of death will request a stay of execution. In their opinion it is almost certain that postponement of the execution set for Friday next will be granted.

The defense counsel are meeting today to consider the advisability of carrying their appeal, which was dismissed yesterday by the supreme court of Canada by the Privy Council. The condemned men themselves think they have a good chance of escaping the noose on Friday.

HALIBUT PRICE STEADILY RISES

First Class Fares Got Close to 22c Mark at Fish Exchange This Morning

Bids for halibut on the local Fish Exchange, steadily climbing day by day, were very close to the 22c mark this morning. Six American boats sold 86,500 lbs. being paid well over 21c for first class fish and an average of 9c for seconds. There was only one Canadian boat which brought the total for the day up to 94,500 lbs.

Arrivals and sales:
American
Rainier, 29,000 lbs., at 21.4c and 9c, to the Atlin Fisheries.
Mildred II, 18,000 lbs., at 21.7c and 9c, to the Pacific Fisheries.
Wireless, 6,000 lbs., at 21.7c and 9c; Wabash, 500 lbs., at 21.1c and 9.1c, and Western, 13,000 lbs., at 21.9c and 8c, to the Canadian Fish & Cold Storage Co.
Senator, 18,000 lbs., at 21.6c and 8c, to the Royal Fish Co.
Canadian
Prosperity A, 8,000 lbs., at 20c and 8c, to the Booth Fisheries Canadian Co.

TROPICAL STORM

HAVANA, Oct. 21.—Reports that from eight to thirteen persons were killed and fifty injured when a tropical storm struck the town of Arroyos de Manua, were received today. Property damage is heavy.

OLD YUKONER DIES

VANCOUVER, Oct. 21.—Robert Eilbeck, a former sheriff of the Yukon, one of the best known old timers of the north is dead here following a short illness. He was 71 years of age.

EVERYTHING IS BURNED

Fire Destroys Home of P. Christensen, Queen Charlotte City

(Special to Daily News)
SKIDEGATE, Oct. 21.—A serious fire broke out at Queen Charlotte City the middle of last week completely destroying the home of P. Christensen and everything contained therein. A cottage facing the Christensen place also was burned up as well as J. Renner's barn and everything in it. The whole village turned out to help fight the blaze but it had got beyond control before it was discovered.

WHISKY BOAT WAS SEIZED

Impala Had 483 Cases Aboard When Givenchy Took Her Near Banfield

VICTORIA, Oct. 21.—The power boat Impala was seized at Dodgers Cove near Banfield by the Canadian Fisheries vessel Givenchy. The Impala had 483 cases of whiskey aboard which the crew of the Givenchy removed.

Mrs. A. S. Lewis returned yesterday from Georgetown whither she had accompanied Mr. Lewis on a hunting trip two weeks ago. Making Georgetown his headquarters, Mr. Lewis has found sport so good in that neighborhood that he will not return to town for a few days yet.

TRAFALGAR BATTLE ANNIVERSARY TODAY

This is the anniversary of the Battle of Trafalgar. One hundred and nineteen years ago the naval engagement was fought which saved the British Empire. Admiral Nelson, the hero of the war, lost his life but the day was saved and all British people speak with pride of the great deeds done that day and of the victory well won.

EVIDENCES FOUND OF LAKE HURON WRECK

Message Picked up in Bottle and Three Bodies Recovered

PORT HURON, Mich., Oct. 21.—That the steamer Clifton sank in Lake Huron on September 22 with all hands numbering 28 was made certain by the finding of a bottle near here with a message from Captain Gallagher. The bodies of three men were found

Capt. Donald MacMillan, Arctic explorer, whose only communication with the outside world was carried on for many months via Prince Rupert through the agency of Jack Barnsley's home made amateur radio set, is shown greeting his townfolk at Wiscasset, Maine.

City Will Supply Elevator With All the Power it Needs at Same Rate as is Done in Vancouver

A report from the utilities committee recommending that C. D. Howe & Co. of Port Arthur, designers of the elevator here, be communicated with to the effect that the city will supply power for elevator purposes at the same rate as that given to elevators in Vancouver was adopted at last night's council meeting.

The complete report of the committee on the matter was as follows:

Your utilities committee begs to report that they have gone thoroughly into the matter of supplying of power for the proposed elevator, and recommend that the supt. of utilities be empowered to communicate with C. D. Howe & Company of Port Arthur to the effect that the city will supply them with power for elevator purposes at the same rate as that given to elevators in Vancouver, which rate is attached hereto, this power to be supplied for a period of 5 years, with a fixed minimum amount of 50c per H.P. per month whether elevator is operating or not, this clause to be inserted in the contract to protect the city against shut down of elevator, in order to insure interest on the investment necessary to give this service.

Your committee further recommends that no money be expended for this purpose until a contract has been signed for this power.

Line Extension

In order to meet this demand we recommend that the line capacity from Shawatlans to the city sub station be increased, and a line be constructed from the city sub station to the Dry Dock, with the necessary transformer capacity, to assure us the full output of one machine from the Dry Dock for emergency service. This will meet the power demand as long as water is flowing over the dam at Shawatlans. When the water begins to drop below the crest of the dam, during dry weather, and we have not sufficient pressure to operate our plant at full load, we propose to purchase the necessary power from the Dry Dock to carry us over this period, this

Shot Pal by Accident Then Blew Out Own Brains With Same Gun

VANCOUVER, Oct. 21.—Lying side by side in a room on Richards Street, Maurice Dore and William Lovett were found Monday evening with their brains blown out with a heavy automatic pistol.

According to a written statement left by Dore, he accidentally shot his chum and in fear that the story of the shooting would not be believed killed himself. The statement by Dore said:

"It was an accident. We had been drinking and Saturday night we went to bed. My pal put the gun under his pillow. When he was asleep I tried to take the gun away, forgetting it was loaded and the blame thing went off."

The note further requested that Lovett's brother, M. A. Lovett of Hornby Island, B.C., be notified.

PEACE RIVER TO VANCOUVER

Board of Trade Takes up Transportation and Other Matters With Premier

VANCOUVER, Oct. 20.—The establishment of transportation facilities between Vancouver and Peace River country, the appointment of British Columbia representatives on the railway board and on the directorate of the C.N.R. and entry of Eastern Canadian goods shipped via New York into the port of Vancouver duty free were urged upon Premier King by a delegation of the board of trade here yesterday. The delegation also took up with the premier the curtailment of horse racing in the province. The premier and his colleagues spent the whole day receiving delegations. At noon they were the guests of the Canadian Club at luncheon when the premier spoke on the Imperial Conference.

GERMAN ELECTION TO BE DECEMBER 7

BERLIN, Oct. 21.—The German general election will be held December 7. Dissolution of the Reichstag and the advent of the new parliament will in no way endanger the fulfillment by Germany of the London agreement on the Dawes reparation plan. Chancellor Marx stated today.

MOTION REGARDING SALE OF LOTS HELD BY CITY ENLARGED

Withdrawing his notice of motion for the sale at auction without reserve of all lots held by the city in Section 2, Ald. Clapp at last night's council meeting substituted therefor a notice applying to all city held lots in Sections 2, 5, 6, 7, and 8. The motion, which will come up at next week's meeting, also calls for a committee of three to be appointed to set upset prices.

A letter from the Prince Rupert Ratepayers' Association, opposing the sale without reserve of lots in Section 2, was received and filed without being read.

Explosion on Warship

NORFOLK, Virginia, Oct. 21.—One officer and three men were killed and 18 injured in an explosion on the scout cruiser Trenton during target practice.

DEATH CALLS DR. NEWCOMBE

Well Known Anthropologist and Collector, Frequent Visitor Here, Succumbs to Pneumonia

VICTORIA, Oct. 21.—In the death here of Dr. Charles F. Newcombe, British Columbia loses one of its leading anthropologists and historians. Widely known as a leading authority on anthropological questions as to the aboriginal life on the Pacific northwest slope, he arranged the Indian collection for the Field Museum of Chicago and the Provincial Museum at Victoria collected for the Smithsonian Institute.

Death came to Dr. Newcombe after two weeks illness, pneumonia hastening the end.

Dr. Newcombe was well known to a great many people in Northern British Columbia. Years ago he made frequent visits up the coast travelling in a Columbia River boat and visiting all the Indian settlements along the route. He had often been in Prince Rupert and to Queen Charlotte Islands and was known as a student and collector. He was also one of the founders of the Provincial Museum and the Victoria Natural History Society and his name is attached to hundreds of the exhibits there. One of his sons was engaged in survey work here in the early days.

UNION STEAMSHIP COMPANY TO ENTER ALASKA SAYS PAPER

According to the Victoria Colonist, the Union Steamship Co. is to add five new coast steamers to its fleet instead of three. It is also suggested that the Union Co. will enter the Alaska route. The boat for the Alaska run will be 230 feet long and will have accommodation for 88 first class and forty second class passengers. It will have twin screw propelling engines and two funnels.

Yesterday afternoon a large number of ladies visited the Badminton courts and took part in the games. Tea was served by Mrs. McPherson. A number of the visitors expressed the intention to join the club and play afternoons.

FALL SKIN WORRIES

CHANGE-OF-SEASON

brings troublesome skin worries. Pimples, irritating rashes, blotches, etc., are often harbingers of fiery eczema, psoriasis and other stubborn disease. A little Zam-Buk will soon put your skin right. Nothing else takes away pain and irritation so readily as this famous herbal healer. Sinking deep into the tissue, it destroys harmful germs, expels impurities and makes the skin healthy and clear. Zam-Buk ensures quick antiseptic healing and protects injuries against festering and blood-poison, and is a widely-used remedy for piles. Zam-Buk Medicinal Soap is a valuable aid to the treatment.

The Man in the Moon

SAYS:-

SUCCESS depends on the amount of bone in the back and lack of it in the head.

PUBLIC office may be an honor or an opportunity. I am thankful I do not look for either.

PROFESSIONAL men are often looked upon as more respectable than the rest of the community but they are not.

I HAVE often thought what a good thing it was for Eve that she had a serpent to blame for her fall.

DID you ever notice how closely a shoeblick watches your feet and a barber your head. No, I said nothing about the grocer watching your tummy.

NEITHER love or coffee are ever the same when warmed over.

SOME people work hard at a job and others work hard at getting rich.

THERE'S nothing just as precarious as the size of the Sunday congregation.

NATURE often loads a man up with brains but forgets to add that little touch which tells how to employ them.

SOME people live long and others live a lot in a short time.

IT takes a good many people almost all their time trying to live down their reputations.

THE man in the moon believes in safety first. That is why he lives in the moon where he can laugh at the foibles of mankind without the annoyance of an exchange of brickbats.

PRINCE GEORGE

The police commission has decided to dispense with the services of Chief Smith and will seek an outside man with police experience to succeed him.

Mrs. Carl Ewart has left to visit with relatives in New Westminster.

Mr. and Mrs. I. B. Baird left last week for Edmonton.

David Hoy of Fort St. James has been appointed game warden for the Stuart Lake district.

Vincent Giles of the local staff of the Bank of Montreal has been transferred to Ashcroft for which place he left at the end of the week.

Wilson & Wilson, local barristers, have been given judgment for the sum of \$285 in their case against E. F. W. Towers of Chief Lake for recovery of an account owing them for fees in the famous Burt vs. Towers \$100,000 malicious prosecution case.

WILL BE REPAIRED

Steamer Salvor was taken up on the dry dock this morning for examination and probably repairs following damage she sustained last week in hitting a floating tree in Queen Charlotte Sound.

BURNS LAKE

Culminating a factional strife which occasioned considerable bitterness, the Women's Missionary Society of the Presbyterian Church in Canada has withdrawn support from the hospital at Southbank, Francois Lake, and all equipment has been moved into Burns Lake where Nurse Moore is now established in charge.

S. Godwin left last week for Pennant, Saskatchewan, to visit his mother and other relatives.

Rev. J. R. McCrimmon, formerly of Burns Lake, has been appointed to a pulpit in Mattawa, Ontario, and will make his residence there after the end of this month. Mr. McCrimmon and his family went East several months ago.

AMBERGRIS FOUND ON BEACH IN ALASKA

(Ketchikan Chronicle) W. G. Wells, a rancher from the Homer district, is reported to have found a deposit of ambergris on the beach near the town of Homer. Ambergris has a great commercial value and is used largely in the manufacture of perfumery. It is sometimes found in the whale and again on the surface of the water inhabited by the mammals or along the beaches. It is opaque, inflammable, volatile and usually grey in color, often streaked with brown, white or gray. Scientists say that it is obtained from the fatty tissues of the cephalopods eaten by the whale.

The amount found by Wells is quite large and he expressed it as his intention to send a piece weighing approximately 100 pounds to the chemists at the University of Washington for analysis.

STUDIES POISON GAS

TOKIO, Japan.—The Japanese navy, following the example of the army in instituting the study of new offensive weapons, will establish shortly a special board of poison gas research. The army and navy will co-operate in this work.

A real whole wheat porridge

If you like a hot porridge that is not a mush—one that you have to chew—try this one: Place several Shredded Wheat Biscuits in a saucepan, adding salt and enough water to cover the bottom of the pan. Stir and boil until it thickens; serve hot in porridge dish with milk or cream. Makes the best whole wheat porridge because it is thoroughly cooked. Contains all the elements needed by the human body—gives you vim and energy for the day's work. Shredded Wheat is an all-day food

—the most food for the least money.

The Canadian Shredded Wheat Company, Ltd. Niagara Falls, Ontario

Shredded Wheat

Ten Years Ago in Prince Rupert

October 21, 1914.

Good progress is being made on pontoon construction at the dry dock. Fast time is being made with the installation of machinery. The entire work is being pressed by Superintendent Crowell to speedy conclusion.

The last of the machinery for the city hydro-electric plant has arrived and was taken to Shawallans Lake yesterday afternoon. An expert electrician came in from the south on the Prince George this morning to install the machinery.

G. W. Nickerson addressed the Board of Trade luncheon on the steamer Prince George this afternoon. His subject was "Prince Rupert as a Fishing Centre."

NEW HAZELTON

Duke Harris was a patient in the Hazelton Hospital last week.

It has been an exceptionally wet fall in this district. There has been hardly 24 hours since the middle of August without rain. A mild frost recently killed the more delicate flowers.

"Peavine" Harvey came in from the Babine Country last week.

Rev. W. Doney of Telkwa occupied the pulpit of New Hazelton Union Church last Sunday and Rev. W. M. Lees of Smithers will be here next week. Rev. A. C. Pound, the regular pastor here is spending a fortnight in the Bulkley Valley.

Dr. H. C. Wrinch, M.L.A. visited Telkwa and Smithers last week to consult with representative bodies there before attending the session of the legislature next month.

Miss McNabb, R.N. of Vancouver has arrived to join the staff of the Hazelton Hospital succeeding Miss Matthews who has been called home on account of her mother's illness.

James Killas returned on the Cardena this morning from Stewart.

The Safe Rational Remedy for COUGHS, COLDS & CHILLS

THE speedy and most direct treatment for Coughs, Colds, Bronchitis, etc., is to breathe the volatile Peps medicine into your lungs. This method is a big advance on dosing with drug-laden mixtures, which act on the stomach, liver and heart, but on the lungs last and least of all.

As Peps tablets dissolve in the mouth, they give off balsamic lung-healing pine fumes. Peps are wonderfully strengthening to weakened tissues. They cut phlegm, soothe and purify the tender, irritated air-passages, and have an invigorating, anti-

septic and fortifying action on the entire breathing system.

An immediate sense of chest comfort and breathing-ease is produced by Peps. Soreness, inflammation and irritation is quickly allayed, disease germs infesting the throat and breathing tubes are speedily destroyed.

Peps are the ideal and long sought remedy for coughs, colds and chills, wheeziness and tightness of chest, sore throat, laryngitis, children's whooping cough, catarrh, bronchitis, etc.

A Peps in the mouth safeguards throat and chest against harmful effect of cold, wet changeable weather. In crowded train or street-car, busy store or theatre Peps afford security against infectious colds, sore throat, etc.

The proprietors of Peps are glad to announce substantial price benefits, made possible by greatly increased sales and lowered production costs. Peps, of the same high standard of medicinal excellence in every way, are now obtainable at the new

Father Chartier arrived from Anyox on the Gardena this morning.

Mrs. Morris Condon and son arrived from Alice Arm on the Gardena this morning.

Among the articles to be raffled at Hill 60 Tea and Sale is half a ton of coal.

James McEleanan of Alice Arm is passing through on the Gardena today bound for Vancouver.

T. J. Shenton, inspector of mines, returned to the city from Stewart on the Gardena this morning.

Joe Greer, who has been on a business trip to Stewart and Anyox, returned to the city on the Gardena this morning.

E. J. Conway, field engineer for the Granby Co., arrived in the city from Anyox on the Gardena this morning.

Capt. Ormiston is a passenger bound from Anyox to Vancouver on the steamer Gardena which is in port today southbound.

L. Jessen, manager for Boyle Bros., the well known diamond drilling concern, is in the city today enroute to Vancouver on the steamer Gardena.

H. W. M. Rolston, editor of the Portland Canal News published at Stewart is in the city today. He is bound for Victoria on the steamer Gardena.

City accounts up to October 18, including several departmental payrolls and totalling \$13,427.98, were passed for payment at last night's council meeting.

M. Flewelling, foreman of the Somerville cannery in Portland Inlet, and other members of the crew are passing through on the Gardena today bound for Vancouver.

Those employed during the day will have an opportunity of attending the Auction Sale at the Norfolk Rooms on Thursday and Saturday evenings. Evening sale begins at 7.30.

Mr. Edwards, who has been accountant at the Somerville cannery, arrived today on the Gardena and will remain here taking a similar position at the Millery cannery. Mrs. Edwards accompanied him to the city.

Under the auspices of the Daughters and Sons of England, informal dance at the Boston Hall on Friday, October 24. Dancing 9 to 2. Miss St. Cyr's orchestra. Admission 75c.

The report of the fire chief for the month of September, showing only one fire call during that period, was received and filed at last night's council meeting. Expenses of the department for the month totalled \$1091 including \$1077 in salaries. The department's equipment was reported to be in good order.

Further street work will be provided for in local improvement bylaws which were consented to at last night's council meeting. A four foot sidewalk is to be built on the north and west sides of Seal Cove Circle; a fifteen foot pavement is to be constructed on the west side of plays Cove Circle between Fifth and Seventh Avenues, and Seventeenth Street is to be paved from Second to Atlin Avenue. Bylaws providing for other work were further advanced.

A petition signed by not less than three-fifths of the merchants in the city asking for revision of the Early Closing Bylaw was received at last night's council meeting and laid over for a week. City Solicitor Jones explained that the penalty clause in the present bylaw was defective and there was no classification in it. Thus it was ineffective and should be repealed and redrafted. The request of not less than three-fifths of the merchants in the city made it obligatory for the council to do so.

Mrs. F. A. Carr of Terrace applied to the city council last night for tax sale certificate rights in and to lot 47, block 2, section 8 for \$36. The matter was referred to the finance committee with power to act.

The formal bylaw providing for the sale of lands acquired by the city under tax sale proceedings was finally reconsidered and adopted at last night's council meeting.

Mr. Edwards, who has been accountant at the Somerville cannery, arrived today on the Gardena and will remain here taking a similar position at the Millery cannery. Mrs. Edwards accompanied him to the city.

FREED OF RHEUMATISM BY FRUIT TREATMENT.

"Be good enough to publish for the information of Rheumatism sufferers how 'Fruit-a-tives' relieved my Rheumatism which had at least five years' standing."

"The trouble was in my right hip and shoulder; the pain almost unendurable. This kept up until I started to take 'Fruit-a-tives'. After a continuous treatment for about six months, I am now in first-class condition. This, I attribute to my persistent use of 'Fruit-a-tives'."

This is the letter which Mr. James Dobson of Bronte, Ont., wrote after trying the wonderful Fruit Treatment—"Fruit-a-tives"—which consists of intensified fruit juices combined with tonics.

If you suffer with Rheumatism, "Fruit-a-tives" will make you well and keep you well.

20c. and 50c. a box—at dealers or sent by "Fruit-a-tives Limited, Ottawa, Ont."

J. D. Lawrence, government telegraph operator at Anyox, is in the city today enroute to Vancouver on the steamer Gardena.

Mrs. Norman Waft will receive for the first time since coming to Prince Rupert on Thursday, October 23, from four to six and on the first Thursday of the month.

Mrs. C. B. Lockhart arrived in the city on Saturday from Portland, Oregon, to visit her daughter, Mrs. C. L. Youngman, Graham Avenue.

The mayor and aldermen received an invitation at last night's council meeting to be the guests of the Rotary Club at their luncheon on Thursday this week.

Mrs. F. A. Carr of Terrace applied to the city council last night for tax sale certificate rights in and to lot 47, block 2, section 8 for \$36. The matter was referred to the finance committee with power to act.

Mr. Edwards, who has been accountant at the Somerville cannery, arrived today on the Gardena and will remain here taking a similar position at the Millery cannery. Mrs. Edwards accompanied him to the city.

Under the auspices of the Daughters and Sons of England, informal dance at the Boston Hall on Friday, October 24. Dancing 9 to 2. Miss St. Cyr's orchestra. Admission 75c.

The report of the fire chief for the month of September, showing only one fire call during that period, was received and filed at last night's council meeting. Expenses of the department for the month totalled \$1091 including \$1077 in salaries. The department's equipment was reported to be in good order.

Mrs. F. A. Carr of Terrace applied to the city council last night for tax sale certificate rights in and to lot 47, block 2, section 8 for \$36. The matter was referred to the finance committee with power to act.

The formal bylaw providing for the sale of lands acquired by the city under tax sale proceedings was finally reconsidered and adopted at last night's council meeting.

Mr. Edwards, who has been accountant at the Somerville cannery, arrived today on the Gardena and will remain here taking a similar position at the Millery cannery. Mrs. Edwards accompanied him to the city.

Bert Smith, assistant manager of the Premier mine, is in the city today going through from Stewart to Vancouver on the steamer Gardena.

Miss R. Wells, who has resigned her position as matron of the Stewart General Hospital, arrived from the north on the Gardena this morning and will go East from here by train. Miss Wells is succeeded as matron of the Stewart Hospital by Miss Anne Clothier, sister of George Clothier, resident mining engineer.

Lynch Bros. & McMeekin had two requests before the city council last night. One was that while the city was excavating in the lane at the City Hall, a few yards more be taken out and a rear entrance to the store be given; the second was for connection of the store with the City Hall heating system at terms to be set by the city engineer. The Board of Works was given power to act.

Union steamer Gardena, Capt. A. E. Dickson, arrived at 10.30 this morning from Stewart, Anyox and Alice Arm and will sail at 5 this afternoon for Vancouver and way ports. The vessel brought the following passengers here from the north: for Prince Rupert—Mr. and Mrs. Edwards, E. J. Conway, Mr. Evans, Mrs. Morris Condon and son, Father Chartier, D. McQueen, F. R. Moore, Mr. and Mrs. Butoff, W. J. Blackburn, Miss R. Wells, Jas. Killas, C. Wells, Mr. Bremner, T. J. Shenton and Joe Greer.

Further street work will be provided for in local improvement bylaws which were consented to at last night's council meeting. A four foot sidewalk is to be built on the north and west sides of Seal Cove Circle; a fifteen foot pavement is to be constructed on the west side of plays Cove Circle between Fifth and Seventh Avenues, and Seventeenth Street is to be paved from Second to Atlin Avenue. Bylaws providing for other work were further advanced.

A petition signed by not less than three-fifths of the merchants in the city asking for revision of the Early Closing Bylaw was received at last night's council meeting and laid over for a week. City Solicitor Jones explained that the penalty clause in the present bylaw was defective and there was no classification in it. Thus it was ineffective and should be repealed and redrafted. The request of not less than three-fifths of the merchants in the city made it obligatory for the council to do so.

Mrs. F. A. Carr of Terrace applied to the city council last night for tax sale certificate rights in and to lot 47, block 2, section 8 for \$36. The matter was referred to the finance committee with power to act.

The Empire Medicine

—the preparation which has won the confidence of every country under the British Flag—the remedy which has brought health and happiness to millions of men and women in every part of the Empire—the treatment which is resorted to everywhere—for ailments such as Sick Headache, Biliousness, Indigestion and Constipation, often considered insignificant, yet decidedly inconvenient—ailments which have their origin in a dyspeptic condition of the stomach and a torpid action of the liver—

**MANY ARE WRECKED ON
 INHOSPITABLE SHORE**

Waters Near Kanatak Bad as the Graveyard of the Pacific to South
 KETCHIKAN, Oct. 21. — The term "Graveyard of the Pacific" which has been applied to the west coast of Vancouver Island bids fair to have a rival in the piece of water off the Alaska peninsula, near Kanatak, says the Anchorage Times. Local skip- pers say uncanny conditions pre- vail in this immediate stretch of water and that Neptune to all appearance has established it as his "growlery" after the manner of Mr. Jarndice of "Bleak House."
 At any rate woe unto the skip- per of a small craft caught in the vicinity of Kanatak when Boreas receives a signal to cough. "It was several years ago," said "Red" Olsen, skipper of the good gasboat Nanny B. growing reminiscent, when speaking of the wreck of the Nile, Olive and Chikal at the Kanatak beach. "I had shipped in a whaler en- gaged in southwestern Alaskan waters and we were cruising off- shore when a blow came up. I have been in many a blow in my time, but never had experienced the kind of weather we ran into."
 "In addition to sweeping down and tearing the crest from the waves in great sheets, the wind appeared to blow from straight overhead. It made you think someone had thrown a fifty- pound weight onto your shoul- ders. We came close to land- ing on the beach and equally as close to foundering when the gale struck us. Of all the waters I have sailed that especial region holds the banner for hard, diffi- cult and freakish blows. The man who plies those waters must be a skipper with courage for it is often a fight to the death."

**MEN VISITORS MORE
 HONEST THAN WOMEN**

One Out of Every Fifty Eating at Wembley Evaded Paying Bill
 LONDON, Oct. 21.—The con- sensus of opinion among the thousands of waitresses who care for the crowds which attend the British Empire exhibition, is that men are more honest than wo- men. The waitresses do not, however, put the general honesty of the human race on a very high level.
 A report on this subject, which resulted in a pay-as-you-receive system being instituted in many eating places at Wembley, stated that about one out of every 50 people eating there has succeeded in evading the payment of bills. The evaders seemingly pass the cashier in the crowds.
 Now customers have to pay for

SPORT CHAT

To those who are not familiar with the ins and outs of horse- racing in Canada, it may be in- teresting to know that Comman- der J. K. L. Ross of Montreal, considered to possess the most important racing stable in Cana- da, won up to date during the present racing year, \$118,915 in purses. Of course, this amount is not net profit as it is a very expensive matter to keep up a racing stable of the size and quality of that owned by Mr. Ross who has a large establish- ment for the breeding and train- ing of horses some miles below Montreal on the St. Lawrence River. Mr. Ross is a director of the Canadian Pacific Railway and he visited Prince Rupert last year with President Beatty's party.

O'Connell, the Giants' out- fielder, who was permanently banished from organized baseball just before the World Series commenced this year because he offered \$500 to one of the Phila- delphia players to throw a game, was bought by the Giants for \$75,000 as a substitute outfielder. He was born in Sacramento 23 years ago and was educated at the Santa Clara University. He was idolized by the baseball en- thusiasts of the state of Califor- nia and, before he left for New York, an O'Connell Day was given when he was presented with a house and lot. There is an inclination in the East to disbelieve that O'Connell made the bribery offer on his own but that is why it seems certain that a fuller investigation of the circumstances will have to be made. O'Connell said he was put up to it by "Cozy" Dolan, one of his team-mates, who was also expelled.

 23—P.R.B.P. vs. G.W.V.A.

Rules
 1—Competition shall be open to any bona-fide resident of Prince Rupert.
 2—Each team entering competi- tion shall pay entrance fee of \$5.00 with application.
 3—If less than four teams en- tering the first division each team shall consist of six players. If four or more teams enter each team shall consist of five players.
 4—Each team in the second di- vision shall consist of five play- ers but shall not register more than seven players.
 5—First division games shall be 250 points; second division games shall be 200 points. All games to be governed by the En- glish Billiard Association rules.
 6—Any first division player can be transferred to the second division upon notifying his cap- tain and obtaining the consent of the executive.
 7—Any second division player playing three games in the first division automatically becomes a first division player.
 8—Any player may apply to the executive for his transfer to another team after notifying his captain.
 9—All disputes (excepting those occurring during games and within the duty of the referee) must be referred to the executive.
 10—All players must be regis- tered. Registration forms shall be provided and all registrations must be in the hands of the sec- retary 48 hours prior to game.
 11—Score cards shall be pro- vided which markers shall fill in at close of games and hand to the secretary who shall keep re- cords of all games.
 12—All markers must have a good knowledge of the game and be satisfactory to both players. His decision shall be final.

"Liver Trouble so Severe I Had to Quit Work"

Mr. Thomas Honey, Brantford, Ont., writes:
 "I was a great sufferer from enlargement of the liver for ten months, and finally I had to quit work. I would wake up in the mornings with a bitter taste in my mouth, had frequent headaches, yellow complexion, and pain in my right side, and between the shoulder blades. It was almost unbearable, and terribly weakening. I could not sleep at night and my heart also bothered me. But the whole trouble has now left me, thanks to that wonderful medicine, Dr. Chase's Kidney-Liver Pills."

Dr. Chase's Kidney-Liver Pills
 25 cts. a box of 35 pills, Edmanson Bates & Co., Ltd., Toronto.

OBJECTION TAKEN TO NATIVE DOMINATION AT SITKA, ALASKA

Demand Being Made of a Literacy Test to Prevent Those Voting Who do not Understand

JUNEAU, Oct. 17. — Nothing except the establishment of a literacy test for voters can avert domination of the Sitka City Council and School Board by the Indians residing there, according to Dr. J. W. Johnson, prominent resident of that community who left here last night for his home after a visit of several days. The last municipal election at Sitka, he added, had demonstrated that such a development is inevitable and will be forthcoming at the very next city election held.

"I do not believe in a test aimed directly at the Indians but against all illiterates," he said. "Of course, such a test would effectually curb the present mass voting of illiterate Indians. I would not, however, constitute a bar to members of the Indian tribes who are capable of casting a ballot without instructions from their political bosses. There are some 30 or 40 such Indian residents residing in Sitka, who are entirely qualified to be electors, who really have ideas of American institutions and can form their own judgment on the issues and candidates. But the great mass of Indians voting are incapable of doing this and vote as directed by some one else."

Dr. Johnson predicted that unless a literacy qualification were written into the statutes by the next Legislature, the 1925 municipal election at Sitka would find the Indian element in complete control of the municipal government. "This means, also, the domination of the School Board. When this happens our public school is certain to be overrun by Indian children to the very great detriment of the school and the pupils now in attendance. It is a serious situation but the people of our town are themselves powerless to avert it," he said.

ARISTOTLE WAS THE FATHER OF SCIENCE

... he said "Nature makes nothing without a purpose." Man has been given and has taken command over nature which or the whole has been for the benefit of the human race. He has not yet been able to find a beneficial use for every natural thing but he has made wonderful progress in subduing the earth and making modern life one of comparative ease and comfort. Probably the most important factor in making our lives comfortable today is an inheritance from nature, namely, coal. And man in his restless desire to discover the best has brought to the market Nanaimo-Wellington coal which is now recognized to be the best obtainable. This coal has some wonderful qualities—freedom from clinkers and rock—small ash deposit and powerful, lasting heat—equally economical in furnace, range or fireplace.

This coal is obtainable only at Albert & McCaffery's and the public will be well advised in order to make sure they secure Nanaimo-Wellington coal and not a substitute to phone their orders direct to this firm. Their phone numbers are 416 and 564.

LIGHT AND PHONE DEPARTMENTS PAID WELL LAST MONTH

Surpluses of \$1,753.40 and \$1,317.65 respectively in the operation of the electric light and telephone departments for the month of September were reported to the city council by the superintendent of utilities at last night's meeting.

Figures for the two departments were as follows:

Electric Light	
Estimated revenue	\$8,200.00
Expenditure	6,446.60
Surplus	1,753.40
Capital expenditure	5,635.64
Telephone	
Estimated revenue	\$3,800.00
Expenditure	2,482.35
Surplus	1,317.65
Capital expenditure	891.94

TRANSPLANTING SALMON EGGS

Molson's Bank Bldg.,
Oct. 15, 1924.

Editor Daily News.

Some time ago an editorial was observed in your paper criticizing the taking of sockeye salmon eggs from the Lakelse Lake Hatchery and planting them in the headwaters of the Fraser River system.

You are evidently not aware that these were being replaced by an equal quantity from a hatchery on the lower Fraser River.

The reason the Lakelse Hatchery eggs were used is owing to the weather conditions in the Upper Fraser watershed which makes it imperative that planting operations be conducted prior to the time the eggs taken in the lower Fraser are far enough advanced to permit of shipment. The eggs taken at Lakelse Lake, however, are several weeks ahead of those taken in the south and can be planted in the Fraser system before the frosts arrive.

J. A. MOTHERWELL,
Chief Inspector of Fisheries.

NOTICE

Members are hereby called for painting the interior of the Library building with white lead and oil in approved color. Bids should be addressed to the Secretary and will be opened at 5 p.m. on Friday, October 22nd.

G. W. WILKINSON,

ANYOX PARENTS DISCUSS MANY RESOLUTIONS

Question of Trying to Create Public Opinion Against War is Postponed

ANYOX, Oct. 21.—Resolutions having to do with the welfare of the community were discussed by the Parent Teachers' Association at its recent meeting. These resolutions had been received from the provincial federation.

The first, "That our determination to create public opinion against war be placed on record" was sponsored by Mr. Hutchingson and Miss McFarlane. R. H.

ROYAL YEAST CAKES

Make Wonderful Home Made Bread

Standard of Quality for over 50 Years

Manzar and H. D. Southam supported the motion. After some discussion it was found that as this was a very important subject, it would be better to postpone further consideration for another month so that an opportunity might be given for further study of the question with a view to offering some suggestions as to how this could best be brought about.

The second resolution was introduced by the Rev. J. H. Herdman and seconded by R. Armour. "That we endorse the movement of the World Federation Congress held at San Francisco, July 1923, to promote a Good Will Day, to be set for May 18 each year. Those taking part in the discussion were R. H. Manzar, W. Robertson, J. Brown, E. J. Conway and Rev. J. B. Gibson. All were agreed that the object of a Good Will Day was a worthy one, whereby a particular day is set apart for special instruction to be given on the principle of good will among men. In view of the fact that May 24 is a recognized holiday in Canada, when we bring before the Canadian child something of the duties of Empire, it was felt a more suitable day than May 18 might be found. It was suggested by a Paddy, no doubt, that neither March 17 or July 12 be picked. Another thought St. George's Day would be the most appropriate. None of the suggestions found favor, it being finally decided to endorse resolution as it stood.

Resolution third, "That the Provincial Government through the Department of Education make it compulsory for school boards to establish technical and vocational schools for girls throughout B.C., and further that everything possible be done towards the establishment of a home economics department in the University of B.C. This was moved by W. Robertson, seconded by H. D. Southam and supported by Mrs. Eve and Mr. Armour, and carried unanimously.

R. C. McKnight moved and R. H. Manzar seconded, "That an effort be made to establish and maintain a wise standard among the parents of British Columbia regarding dress, amusements, chaperonage and reading of growing boys and girls." All those taking part in this discussion were fully aware of the difficulties attending the practical working of this motion and all deplored the folly of those parents who, by permitting their children to keep late hours, were placing a serious obstacle in the way of their proper physical and mental development. The motion was adopted, after which refreshments were served by the convenor of the refreshment committee, Mrs. Scott.

A violin solo by H. M. Mann was much enjoyed. Mrs. L. McAllister presided.

W. J. McCUTCHEON APPOINTED AGENT FOR FAMOUS REMEDY DRECO IN PRINCE RUPERT.

Progressive-Prince Rupert druggist quick to recognize outstanding merits of Dreco as a system cleanser and health builder, and now offers it as a safe and reliable remedy for digestive disorders of every kind, rheumatism, biliousness, that tired, run-down feeling that comes from an impoverished blood stream.

DRECO IS NOW AVAILABLE FOR EVERY SUFFERER

A firm of this type does not take on a new remedy on hearsay alone or on the recommendation of its manufacturer. They want more convincing proof than this. They want the signed statements of people who really know suffering and who can vouch for the ability of the remedy offered, to overcome this suffering. Testimonials, they are called, and Dreco is supported by thousands.

It offers the signed statements of substantial people, people of standing in their communities, men and women in every walk in life—business men, mechanics, professional men, merchants, laborers, housewives and working girls—all of whom have taken Dreco and proved its ability to help them.

If you suffer from indigestion, gastritis, acid risings, poor appetite, biliousness, dizzy spells, pains in the back, rheumatism of the joints or muscles, constipation or any one of the many other distressing symptoms that are traceable to the improper functioning of stomach, liver, bowels or kidneys, you need Dreco. Let its pure herbal juices cleanse your system of poisonous, clogging waste matter, correct the action of the organs and tone and regulate them back to healthy working order. Then indeed you will know the joy of living again and will praise the day you started taking Dreco.

Dreco is being specially introduced in Prince Rupert by W. J. McCutcheon, and is sold by a good druggist everywhere.

SALARY INCREASE FOR MR. CREW IS BEING PROPOSED

A recommendation from the Board of Works that the salary of H. O. Crew of the city engineer's department be increased from \$135 to \$150 caused considerable discussion at last night's council meeting and, on the casting vote of Mayor Newton, was laid over for a week so that a report from the city engineer on the matter be obtained.

Ald. McMordie said he was perfectly agreeable to the increase being given if Mr. Crew was entitled to it. He felt, however, that the head of the department should report on the matter. For that reason, he moved that the matter be laid over. Ald. Collart held a similar view and seconded Ald. McMordie. He felt, however, that this recommendation was ill timed in view of the fact that a general revision of the salary schedule in the City Hall was being proposed. Ald. Perry, Ald. Casey and Ald. Macdonald expressed themselves in favor of granting the increase forthwith. They felt there was no question that Mr. Crew was earning the money. He was working both as an office man and surveyor.

The motion for the matter to be laid over pending report from the city engineer was then put. Ald. McMordie, Ald. Collart, Ald. Smith and Ald. Clapp voted in favor and Ald. Perry, Ald. Casey, Ald. Macdonald and Ald. Eviitt against. In casting his vote in favor of laying the matter over, Mayor Newton said if it came up again and the city engineer recommended the increase, he would vote in favor of it being given.

"So will I," echoed Ald. McMordie and Ald. Collart.

R. F. McNaughton, C.N.R. district passenger agent, and Harold McEwen, division freight agent, left on last night's train for Prince George where they will attend a conference of district officers of the railway. I. A. McPherson, superintendent from here, and J. P. Kirkpatrick, assistant superintendent at Smithers, are already there.

OUTLOOK FOR MINING GOOD

J. F. Duthie Says Dorreen Property is Looking Good; Deplores Criticism

The outlook is for improved conditions in all the industries of the United States in 1925 and the effect will undoubtedly be felt in Canada and will reach to Prince Rupert and this district says J. F. Duthie of Seattle, who is in the city today in the course of a visit of inspection to his mining interests near here. Market conditions for minerals and lumber are gradually getting better and this will mean increased production.

One at Railway
 Mr. Duthie deprecates the attitude taken by certain interests in the interior in berating such companies as the Guggenheims who withdrew from operating in the field because there was apparently not sufficient tonnage on certain properties to warrant further expenditure. It is not a good thing for the district he says for people to criticize so vehemently a large company which, after spending many thousands of dollars, decides to suspend operations. In the end it will only re-act to the disadvantage of the district and particularly those who thus voice their sentiments declares Mr. Duthie.

Duthie Mine Closed

Mr. Duthie has nothing to say with regard to the situation at the Duthie mine in which he and the Guggenheims are jointly interested. The property is still closed but Mr. Duthie proceeds there on this evening's train to visit it for the first time in a year. Mrs. Duthie will accompany him and they will likely proceed East from Smithers to Spokane.

CANADIANS RETURNING FROM UNITED STATES

OTTAWA, Oct. 21.—Canadians to the number of 27,486 returned to Canada from the United States during the first half of the present fiscal year. Total immigration for the same period from all countries was 8,212, a decrease of ten per cent over the corresponding period of a year ago.

CROWDS BROKE UP MEETINGS

Rowdiness in British Election Had to be Suppressed by Police

LONDON, Oct. 21.—Many election meetings last night were marked by rowdiness and some were broken up by disorderly crowds. Police protection was necessary in some instances.

PREMIER'S THUNDER STOLEN BY COUNCIL
 Communication to be Sent to Sir Henry Thornton Asking that Stumps Near Station be Removed

The city council last night, on motion of Ald. Smith and Ald. Clapp, stole some of Premier King's thunder. These two aldermen submitted a motion that Sir Henry Thornton be communicated with on the matter of removing stumps on the railway reserve adjacent to the station which disfigured the landscape and caused an unfavorable impression for visitors. The motion admitted that the matter had been pointed to by Premier King who had suggested that it be remedied.

Ald. Casey was not in favor of the council sending a communication such as this when Premier King had said that he would take the matter up with Sir Henry Thornton. "Seeing that the city council had been sleeping so long, I don't think it would be fair to take the matter away from the person who suggested it. We might wait for a while and see if Premier King forgets about it or not."

Ald. Perry moved and Ald. Casey seconded an amendment that the sending of the communication to Sir Henry Thornton be delayed. The amendment was lost, all voting against it but the mover and seconder.

There is little change reported in the condition of Archbishop Du Vernet today. He is still very low.

Radio Program

"One Night in Naples," a musical phantasy, will be broadcast by KGO, this evening, Oct. 21. A combination of eight mandolins, one violin, two mandolas, five guitars and one tambourine will play "The Carnival of Venice Overture," by Thomas; and Harry Robertson, tenor, will sing Milanese street songs. This novelty in radio programs is offered by Laurie A. de Graca, San Francisco instructor of stringed instruments. Following the musical program, J. E. Barnes, travel talker, will give a brief word picture of the City of Naples.

KEELEY TELLS ABOUT STEAMER ALASKAN ROUTE

Will be Good as any C.P.R. Steamer if Not Better

Definite announcement regarding the construction of the Canadian Government Merchant Marine's new coastwise liner, which is to be placed on the Alaska run either for the 1925 or 1926 tourist season, will be made when R. B. Teakle, general manager, comes to Victoria on October 27, according to B. C. Keeley, Pacific coast superintendent of the C.G.M.M., who was in the city yesterday, says the Victoria Colonist.

Mr. Keeley said that J. E. Dalrymple, vice-president of the Canadian National Railway, also might visit the Coast with Mr. Teakle. No definite information had yet been received regarding his visit, but it was considered very probable that he would pay Victoria another visit.

Mr. Keeley was accompanied by T. Loudon, superintendent engineer of the Pacific Coast for the C.G.M.M., on his visit here. They left last night for Vancouver.

The New Liner
 In a statement to a representative of the Colonist, Mr. Keeley gave further information regarding the proposed new steamer for the Alaska run.

It will be a vessel similar in size, or even larger than the new C.P.R. steamers Princess Kathleen and Princess Marguerite. It will be of a different design, however, having cruiser stern, but about the same speed. There is no doubt but that it will be the largest coastwise steamer in British Columbia waters when completed. The passenger accommodation will be equal to, if not greater than, that of the new C.P.R. liners.

With the addition of this liner to the company's coastwise fleet a regular schedule to Skagway will be run, instead of to Prince Rupert as has been done in the past. There will be three liners in this service then, the Prince Rupert, Prince George and the new liner, which will most probably be named the Prince Arthur. The Prince John will continue in the Queen Charlotte Islands service.

Extend Service
 In adding this new liner to the fleet the company will be able to give the same service to Prince Rupert that that port has been getting in the past and at the same time extend the run to Skagway.
