## PRESIDENTIAL CAMPAIGN ABOUT CLOSED

### GEORGE CLOTHIER TELLS OF RICH ENGINEER AND OTHER MINES IN ATLIN

#### United States Presidential Election Closing in Shower of Words and Predictions

NEW YORK, Nov. 1.—The great political classic of 1924 is approaching a decision in a shower of sharp words and a fog of rival predictions. In its final stages it brought into play all the familiar stratagems modernized to fit an age of radio, movies and senatorial investigations.

The last day of active campaigning finds most of the principals east of the Mississippi seeking advantage in a sector long regarded as almost dormant. Keeping to the policy adopted at the inception of the campaign, Coolidge remains outside the maelstrom of oratory that heralds another pre-election Saturday night. But on Monday night the President will deliver an election message by radio, speaking after the Democratic nominee, Davis, through a nation-wide system of broadcasting stations.

La Follette brings his campaign to a close tonight in Cleveland. Besides the entire membership of the House, 34 Senators will be chosen Tuesday, enough to upset the present slender Republican majority should the tide of fortune turn to the Democrats.

Governors are to be elected in 31 states.

#### BOLSHEVISM JOHN BULL'S CHIEF DREAD

British Newspapers Speak of Country's Repudiation of Tendencies that Way

LONDON, Nov. 1.—British newspapers attribute the recent overwhelming Conservative victory to John Bull's instinctive dread of Bolshevism in any form. The papers declare that the people are not hostile to genuine trade union laborism but are alarmed and resentful over socialistic and communistic tendencies of the laborite party that are determined to down them.

There are indications that satisfaction at the country's outspoken repudiation of these tendencies is mingled with fear of a dangerous reaction. The Conservative Morning Post says the first duty of Conservatives, when they take over, is to fight the horrible evil of international socialism. The fight is not over. It is only just beginning. If the communists are driven from the holdup on the Government they will seek to revenge themselves through the power they maintain in our industrial life.

The Manchester Guardian says there has been an indisputably wide reaction among socialist societies against the Labor Party's domestic policy and the outbreak of much bitter and instinctive disgust at the idea of finding financial accommodation for a foreign Government believed to be odious and unfriendly to us.

#### CAUCUS PRESIDENT

VICTORIA, Nov. 1.—Mrs. Mary Ellen Smith was chosen president of the Liberal caucus which met yesterday for the first time preparatory to the opening of the Legislature on Monday. This gathering, which meets from time to time, decides the general course of action to be adopted by the party in the Legislature.

#### FOUNDATION OF ELEVATOR

Contract will be let about December 15 it is anticipated—Soundings Finished

Tenders for the foundation of the grain elevator here will be called for in about a month's time and the contract, it is expected, will be let about December 15, work starting as soon thereafter as possible.

The taking of soundings being completed, W. N. Chater, of the C. D. Howe Co. of Port Arthur, left last night for Edmonton where he will remain until he returns to Prince Rupert to take charge of actual construction work. Mr. Chater will turn in his report on the soundings to Port Arthur and the next step will be the calling of tenders for the foundation work.

#### LITTLE SUNSHINE AND MUCH RAIN RECORDED DURING LAST MONTH

There was only 25½ hours of sunshine recorded during the month of October, announced S. C. Jackson, of Digby Island, Dominion meteorologist, this afternoon. No one will claim that there was any more and everybody will believe that there was 10.78 inches of rain as the October report also shows.

Other figures in the report are: Maximum temperature, 62 on October 22. Minimum temperature, 32 on October 9. Mean temperature, 48. Maximum wind velocity, 48 miles on October 10. Total wind velocity, 7,305 miles.

#### LIST FOR LICENSE AND HOUSE HOLDERS CLOSED LAST NIGHT

Four Hundred and Thirty-nine Persons Qualify in This Manner to Vote at Civic Election

City Solicitor E. F. Jones announced this morning that 439 persons had qualified to vote as householders and license holders at the forthcoming civic election. The taking of declarations closed last night, there being the usual eleventh-hour rush.

The list for property owners closes on November 30. Anybody owning property to the value of \$100 or over is entitled to vote providing the property is registered at the land registry office prior to the specified date. The names go on the list automatically.

#### GRAIN BEING RUSHED OUT

Most of It Going to Great Lakes Five Thousand Cars in Transit

WINNIPEG, Nov. 1.—Loading of grain continues at Canadian National stations at approximately one thousand cars daily, according to officials of the Canadian National here. With the continuation of good threshing weather farmers have been enabled to get their crops moving to the elevator, and while threshing operations have been tied up in some districts by rain or snow falls during the last couple of days, good progress with threshing is being made generally.

Thursday's loadings of 952 cars containing 1,305,000 bushels exceeded those of the same date last year by 96 cars and 186,000 bushels.

A total of 31,629 cars containing 42,200,000 bushels has been loaded since August 1. Inspections on Thursday were 920 cars against 569 on the same date last year. Over 5,000 grain cars were reported in transit over Canadian National lines to the lake head where unloading is proceeding at the rate of between 800 and 900 cars daily. A total of 1189 cars of grain have been unloaded at Vancouver since August 1, the unloading at that port being in the neighborhood of 25 per day.

#### CONSERVATIVE LEAD MUCH INCREASED BY LATER RETURNS

LONDON, Nov. 1.—Later returns have increased the majority of the Conservatives in this country, the party now being twice as large as all the other parties put together. The figures given out today with only two constituencies to hear from are:

Conservatives	419
Labor	152
Liberal	40
Other Parties	11
Majority over all	207

#### ONE MAN TO BE LIQUOR VENDOR

Commissioner Davidson to Have Charge of Government Business With Substantial Salary

VICTORIA, Nov. 1.—The government liquor business is to be placed in control of one man, commissioner Davidson, who will assume control immediately. Attorney General Manson has asked for the resignation of the present board.

Davidson, it is understood, will receive a salary of \$12,000 a year.

#### DELORME IS NOT GUILTY

So Finds The Jury in Third Trial of Priest on Charge of Murder

MONTREAL, Nov. 1.—Rev. Father Delorme, an internationally known priest, was yesterday acquitted by a jury of French Canadians in the court of King's Bench on a charge of murdering his half brother Raoul, a young Ottawa student, for whose slaying in January 1922 he had undergone two previous trials at both of which the jury failed to agree.

#### WORTHLESS CHECK ARTIST ARRESTED

Joseph Hoar Alias J. C. Moore Was Charged in City Police Court This Morning and Remanded

Yesterday afternoon City Police Constable Alex Macdonald arrested Joseph Hoar alias J. C. Moore in an empty shack on the railway reserve below the Knox Hotel. Hoar appeared in the city police court this morning charged with obtaining money under false pretences and was remanded until Monday.

It is alleged that accused cashed worthless checks in June, July and October obtaining money on them from S. A. Harlan, D. Zarelli and a Mrs. Matheson. Following the cashing of the October check he was traced and apprehended.

#### ONLY ONE BOAT

The Canadian schooner Minnie V., with a light catch of 300 pounds, was the only boat marketing halibut at the Fish Exchange this morning. She sold to the Canadian Fish & Cold Storage Co. at 16.5c and 8c.

#### TAKEN IN TOW

PORTLAND, Nov. 1.—Steam schooner Trinidad, which has been drifting off the Oregon coast for the past two days with a broken rudder was taken in tow last night by the motorship Douglas.

#### AGED LADY DIES

Mrs. Eleanor O'Brien Passed Away at Home of Daughter, Mrs. Salmon

The death occurred this morning at the home of her daughter Mrs. John Salmon, Alfred St., of Mrs. Eleanor O'Brien, widow, aged 79 years. She was born in St. John's Nfld. and lived there most of her life. She had been four years here. Besides her daughter, Mrs. Salmon, she leaves two sons, Patrick A., in Newfoundland, and Denis M., at Minneapolis.

The late Mr. O'Brien, who died ten years ago, was chief inspector of weights and measures in Newfoundland.

The funeral will take place on Monday.

#### DIED AT HAZELTON

Mrs. Proctor mother of Rev. T. D. Proctor, Anglican clergyman at Hazelton, died Thursday night. She had been visiting at Hazelton from the Old Country with her husband who survives. Funeral arrangements are in the hands of the B.C. Undertakers of this city.

#### SUMNER GOES FAST ASHORE

Experiment with Gyroscopic Steering Gear Said to Have Been Cause of Accident—Vessel Drydocked

The accident being due to an experiment with the new gyroscopic steering gear which is automatically operated from the compass, the well known American habit schooner Sumner, Capt. Soriano, ran hard ashore about two miles south of White Sand Island, 17 miles from here, at 5 o'clock yesterday morning. Word to this effect was brought in by the schooner Toodie yesterday afternoon and the American Fish & Cold Storage Co.'s boat Chief Legiac, was despatched to pull the Sumner off. The vessel was brought into port during the night and was dry-docked this morning. She has extensive hull damage.

The Sumner had discharged a cargo of halibut here on Thursday and, when the accident occurred, was outbound to the fishing banks on her last trip before the close season. The scene of the accident was close to where the James Carruthers piled up about four years ago.

#### BUILDING ACTIVITY DURING OCTOBER

Three New Residences Provided for—Fourteen Permits Taken Out to Value of \$14,535

Alterations in the Federal Block undertaken by Mrs. Hilditch making the old Wanderers' Club into several handsome apartments, a \$4,000 residence on Tenth Avenue East for T. Ross MacKay and residences on Eighth Avenue at Cotton Street and on Eighth Avenue West between Dunsmuir and Thompson Streets for A. H. Silversides and William McRae respectively, were the most important items involved in building permits taken out at the city engineer's office during the month of October. Fourteen permits were issued to a total value of \$14,535.

The permits were as follows: Prince Rupert Insurance Agencies for repairs to Stephens' building on Third Avenue, \$250. T. Boreau, tool shed on Section 7, \$50. R. E. Hudson, shingling house on Beach Place, \$60. A. J. Prudhomme, oil tank for Savoy Hotel, \$100. Mrs. Hilditch, alterations in Federal Block, \$2,000. Mrs. G. M. MacKay, residence on Tenth Avenue East, Section 8, \$4,000. Mitchell & Currie, garage on Ninth Avenue, \$300. R. Gordon, garage on Seventh Avenue, \$200. O. M. Helgerson Ltd. repairs to Albert Block, \$900. A. H. Silversides, residence on Eighth Avenue at Cotton Street, \$3,500. William McRae, residence on Eighth Avenue West, \$2,500. H. Letourneau, alterations to house in Section 5, \$250. C. E. Johnson, tool shed in Section 5, \$125. W. E. Williams, repairs to foundation of Drexel Building, Second Avenue, \$300.

#### GHOST WALKS CITY STREETS

Parade of Sunday School Children One of Features of Halloween Festivities

Those who last night were somewhat disturbed by meeting a ghost on the public streets followed by a procession of kiddies, masked and decorated were reminded that it was Halloween and that the youngsters were out enjoying the event. They were the members of the intermediate department of the Methodist Sunday School, ninety strong, who, following a bounteous supper and other festivities at the church, were out to see life on the streets.

Earl Barrie, superintendent of the Sunday School, had charge of the event. He was ably assisted by an entertainment committee consisting of Misses Elsie Harding, Stella Nickerson, Clara Nickerson, Margery Lancaster, and Cliff Cameron.

A refreshment committee consisted of Mrs. John Manson, Mrs. W. H. Kergin, Mrs. G. W. Hunt and Rev. G. G. Hacker.

The affair opened with a big banquet at the church dining room to which ninety young folks sat down. This was followed by games of a creepy nature suited to the season and general hilarity prevailed. Prizes for costumes were won by Neil McLean as Aunt Dinah; Bronson Hunt as Bluebeard; and Bob Irvine as Darkey Minstrel.

Features of the parade were the ghost, ten feet high, surmounted by deer horns, and the witch, appropriately dressed.

#### EIGHT HOUR DAY ADJUSTMENT BOARD

Three Members to Comprise Body Headed by Deputy Minister of Labor

VICTORIA, Nov. 1.—J. D. McNiven, deputy minister of labor, T. F. Paterson of Vancouver and F. V. Foster of Smithers will form the board of adjustment under the new eight hour day law, Attorney General Manson announced yesterday.

#### MERCURIAL POISONING OF VANCOUVER WOMAN

Was Removed From Apartment of Detective Bureau to Hospital Where She Died

VANCOUVER, Nov. 1.—The coroner's jury today found that Mrs. Violet Carr died yesterday from mercurial poisoning, adding, "We cannot find anything in the evidence to show that the poison was self-administered."

John O'Grady of O'Grady's detective bureau, from whose apartment Mrs. Carr had been removed to the hospital on October 11 in a serious condition, is held by the police for investigation.

#### BIRTH

A son was born at the Prince Rupert General Hospital on November 1 to Mr. and Mrs. Richard Long, Sixth Avenue, West.

#### Engineer Mine Likely to be One of Greatest Gold Producers in North

#### District Engineer Tells About Development There and at Other Mines in Atlin District

"Altogether the Engineer Mine bids fair to fulfil the predictions that it will become one of the greatest gold producing properties in the north," stated G. A. Clothier, resident mining engineer, who has just returned to Prince Rupert after paying an official visit to this famous property which, after several years of litigation following the loss of its owner, the late Capt. Alexander, in the Princess Sophia wreck in 1916, is once again under operation.

Mr. Clothier, on his recent trip, which was undertaken just as navigation into the Atlin Lake district was closing, was able to get into Atlin beside spending a day at the Engineer mine which lies between Atlin and Carcross, 72 miles from the latter point. He came out from Atlin on the last boat.

In the course of an interview, Mr. Clothier went at some detail into the present development work on the Engineer mine. He said:

"Work was started on the Engineer mine a year ago under an option taken by New York people from the Smith estate which came into possession of the property after several years of litigation. Work has since been carried on continuously under the management of Andrew Sostad who was formerly in charge of the Outsider mine at Maple Bay, since turned over to the Granby Co.

"During a part of this season from 60 to 70 men have been employed. Commodious bunk-houses, mess-house, new office, etc. have been erected, the camp now has accommodation for from 10 to 50 men in the winter. A power plant has been installed two miles below the mine on the Wann River, developing 175 horse-power. A transmission line carries the power from there to the mine. It is expected that the power would be turned on about November 1. An up-to-date 50-ton concentrator has been erected and is ready for operation.

"Something over 1100 feet of a cross-cut development tunnel has been driven encountering five veins which will be developed by drifting from the tunnel. It is expected that what is known as the shaft vein will be cut within a very short time. As values have been consistent in the shaft, it is expected that con-

GOOD TIME TO BUY POTATOES

Citrus Fruit Prices Are Higher—Local Cranberries—Sugar Drops—Turkeys Coming

The potato market is the centre of much interest to dealers and growers at present. Reports from southern B.C. show only a fifty per cent crop average and it is expected that the present strength of the market will be maintained with prices possibly going higher.

Tomatoes are firming up in price. The hothouse line is very scarce, only fifty per cent of the orders being filled at present. The price is now 30c per pound while semi-hothouse is selling at 20c.

Malaga and Tokay grapes are over as far as the local market is concerned. They will not stand shipping. New Emperor grapes are now on sale at 25c per pound.

Citrus fruits are much higher in price. Lemons and oranges have advanced considerably and no reductions are looked for until new crops are available.

Bananas are higher, now retailing at 17 1/2c per pound.

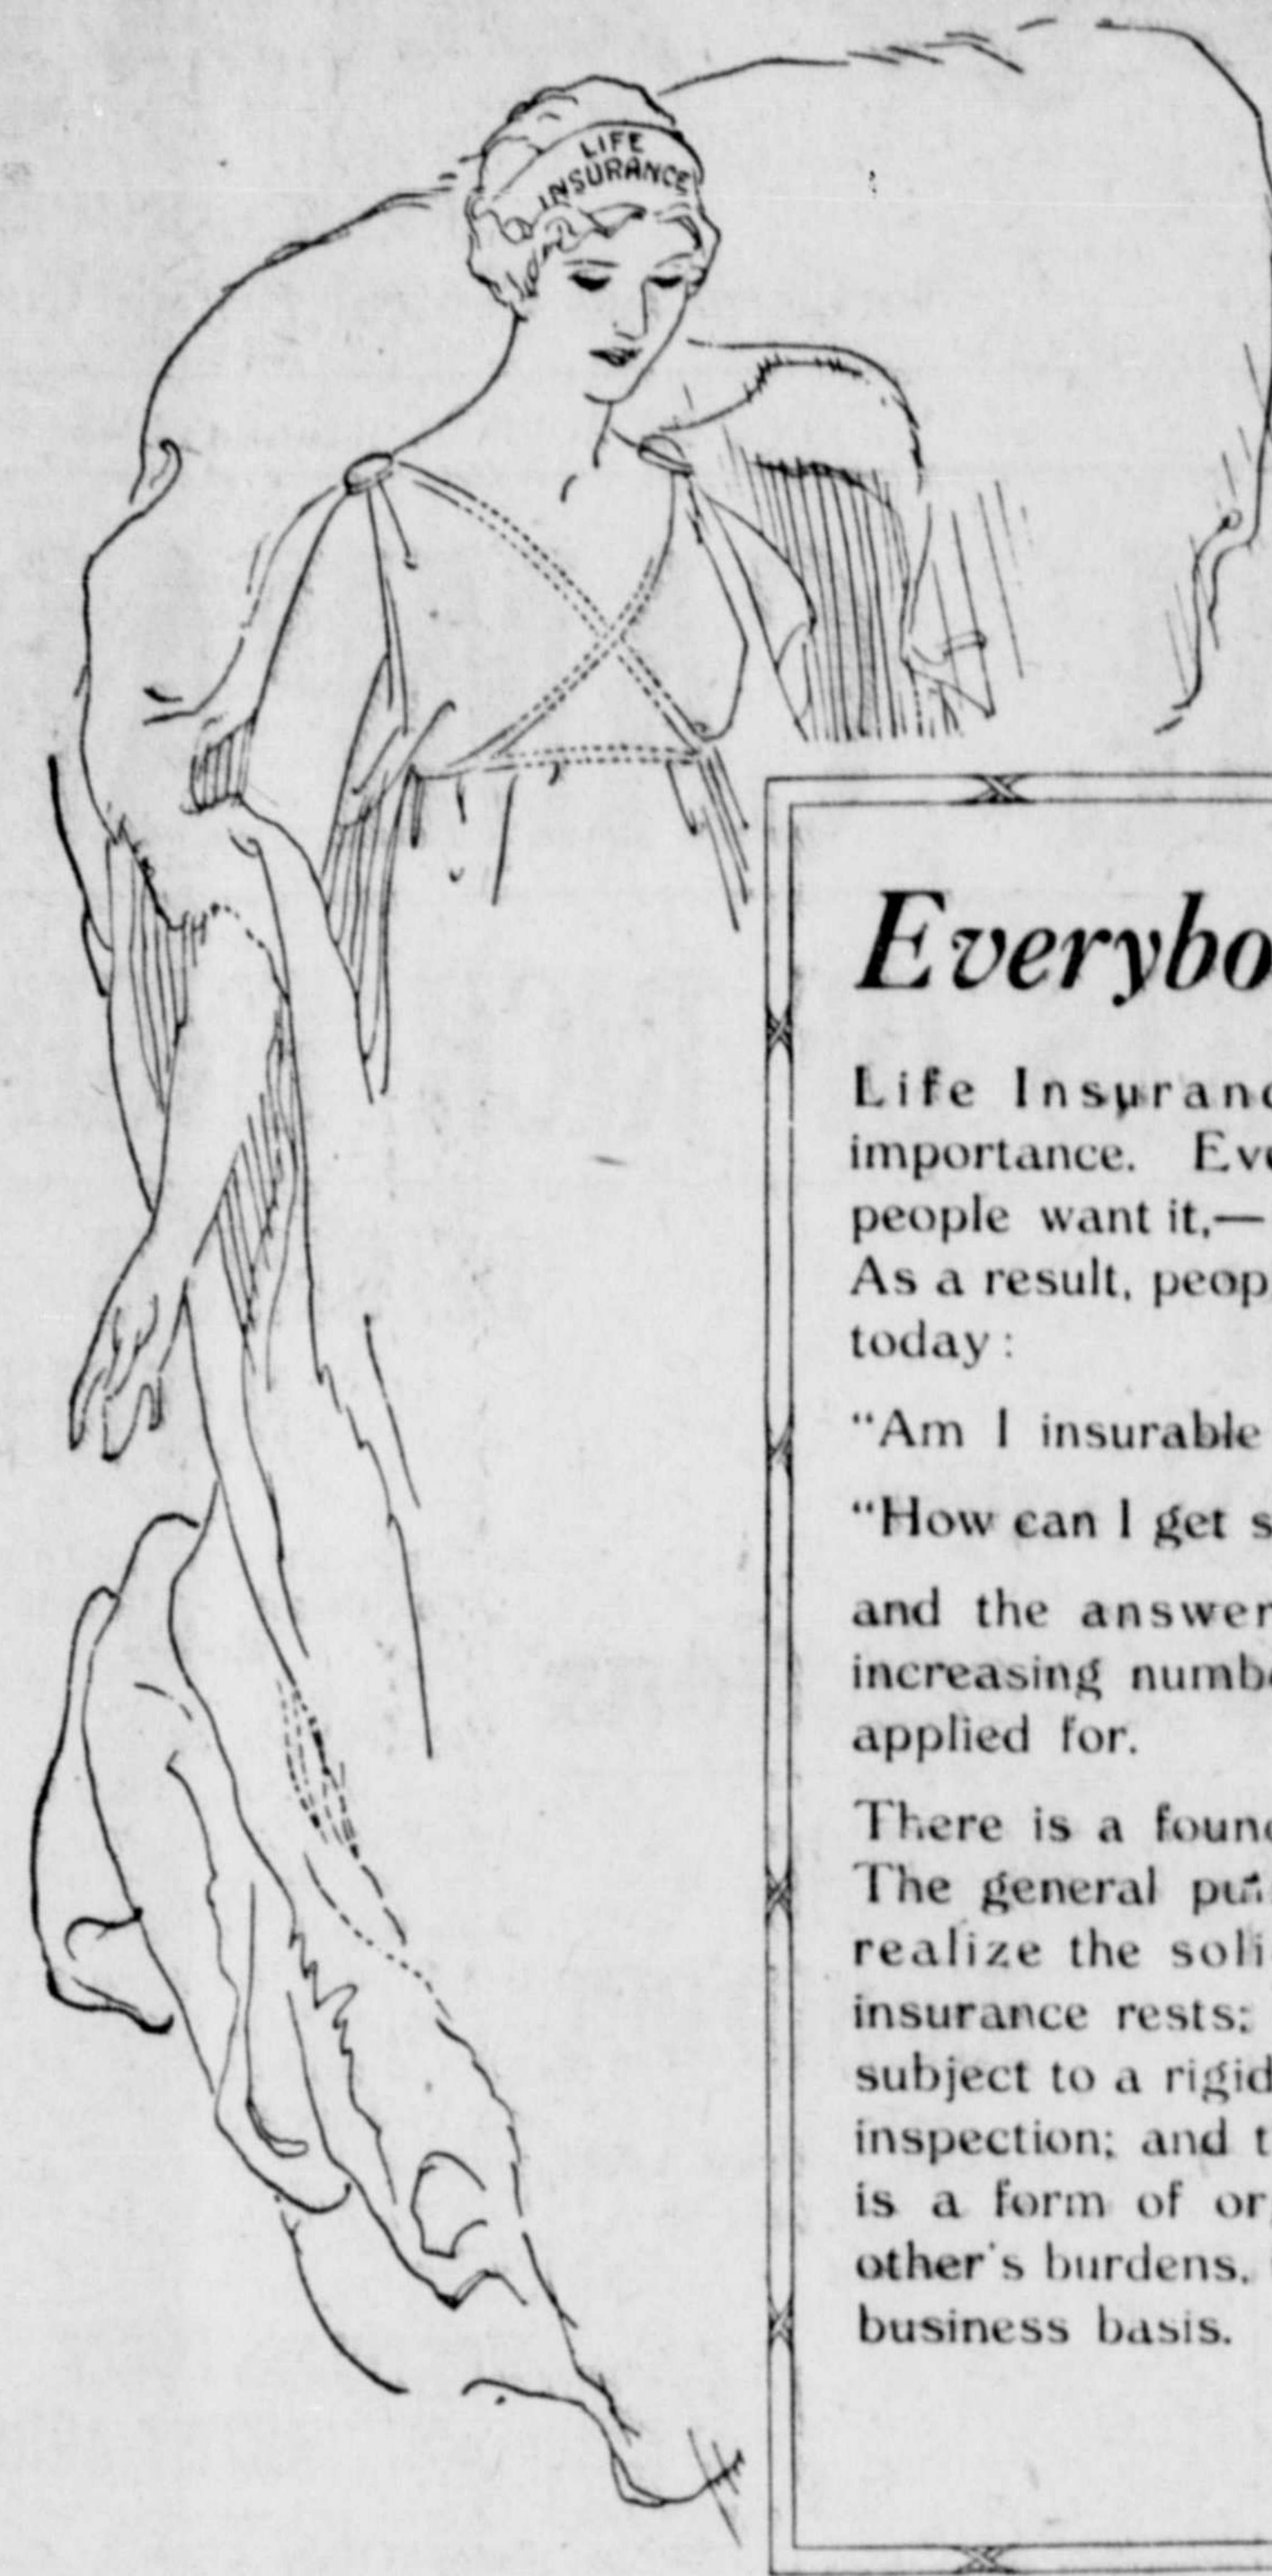

Local cranberries of splendid quality are for sale now at 25c per pound. Owing to their size, they do not command the price of imported. Nevertheless, they are quite satisfactory.

The price of sugar has taken a half a cent drop during the past week.

Turkeys will arrive next week from the interior for Thanksgiving. The price will be around 40c or 45c per pound.

Retail prices prevailing in the city today are as follows:

Market price list including items like Kraft, Wisconsin Brick, Swiss Loaf, Apples, Peaches, Apricots, Cranberries, Pears, Casaba Melons, Nuts, Sugar, Flour, Fish, Meats, and Feed.

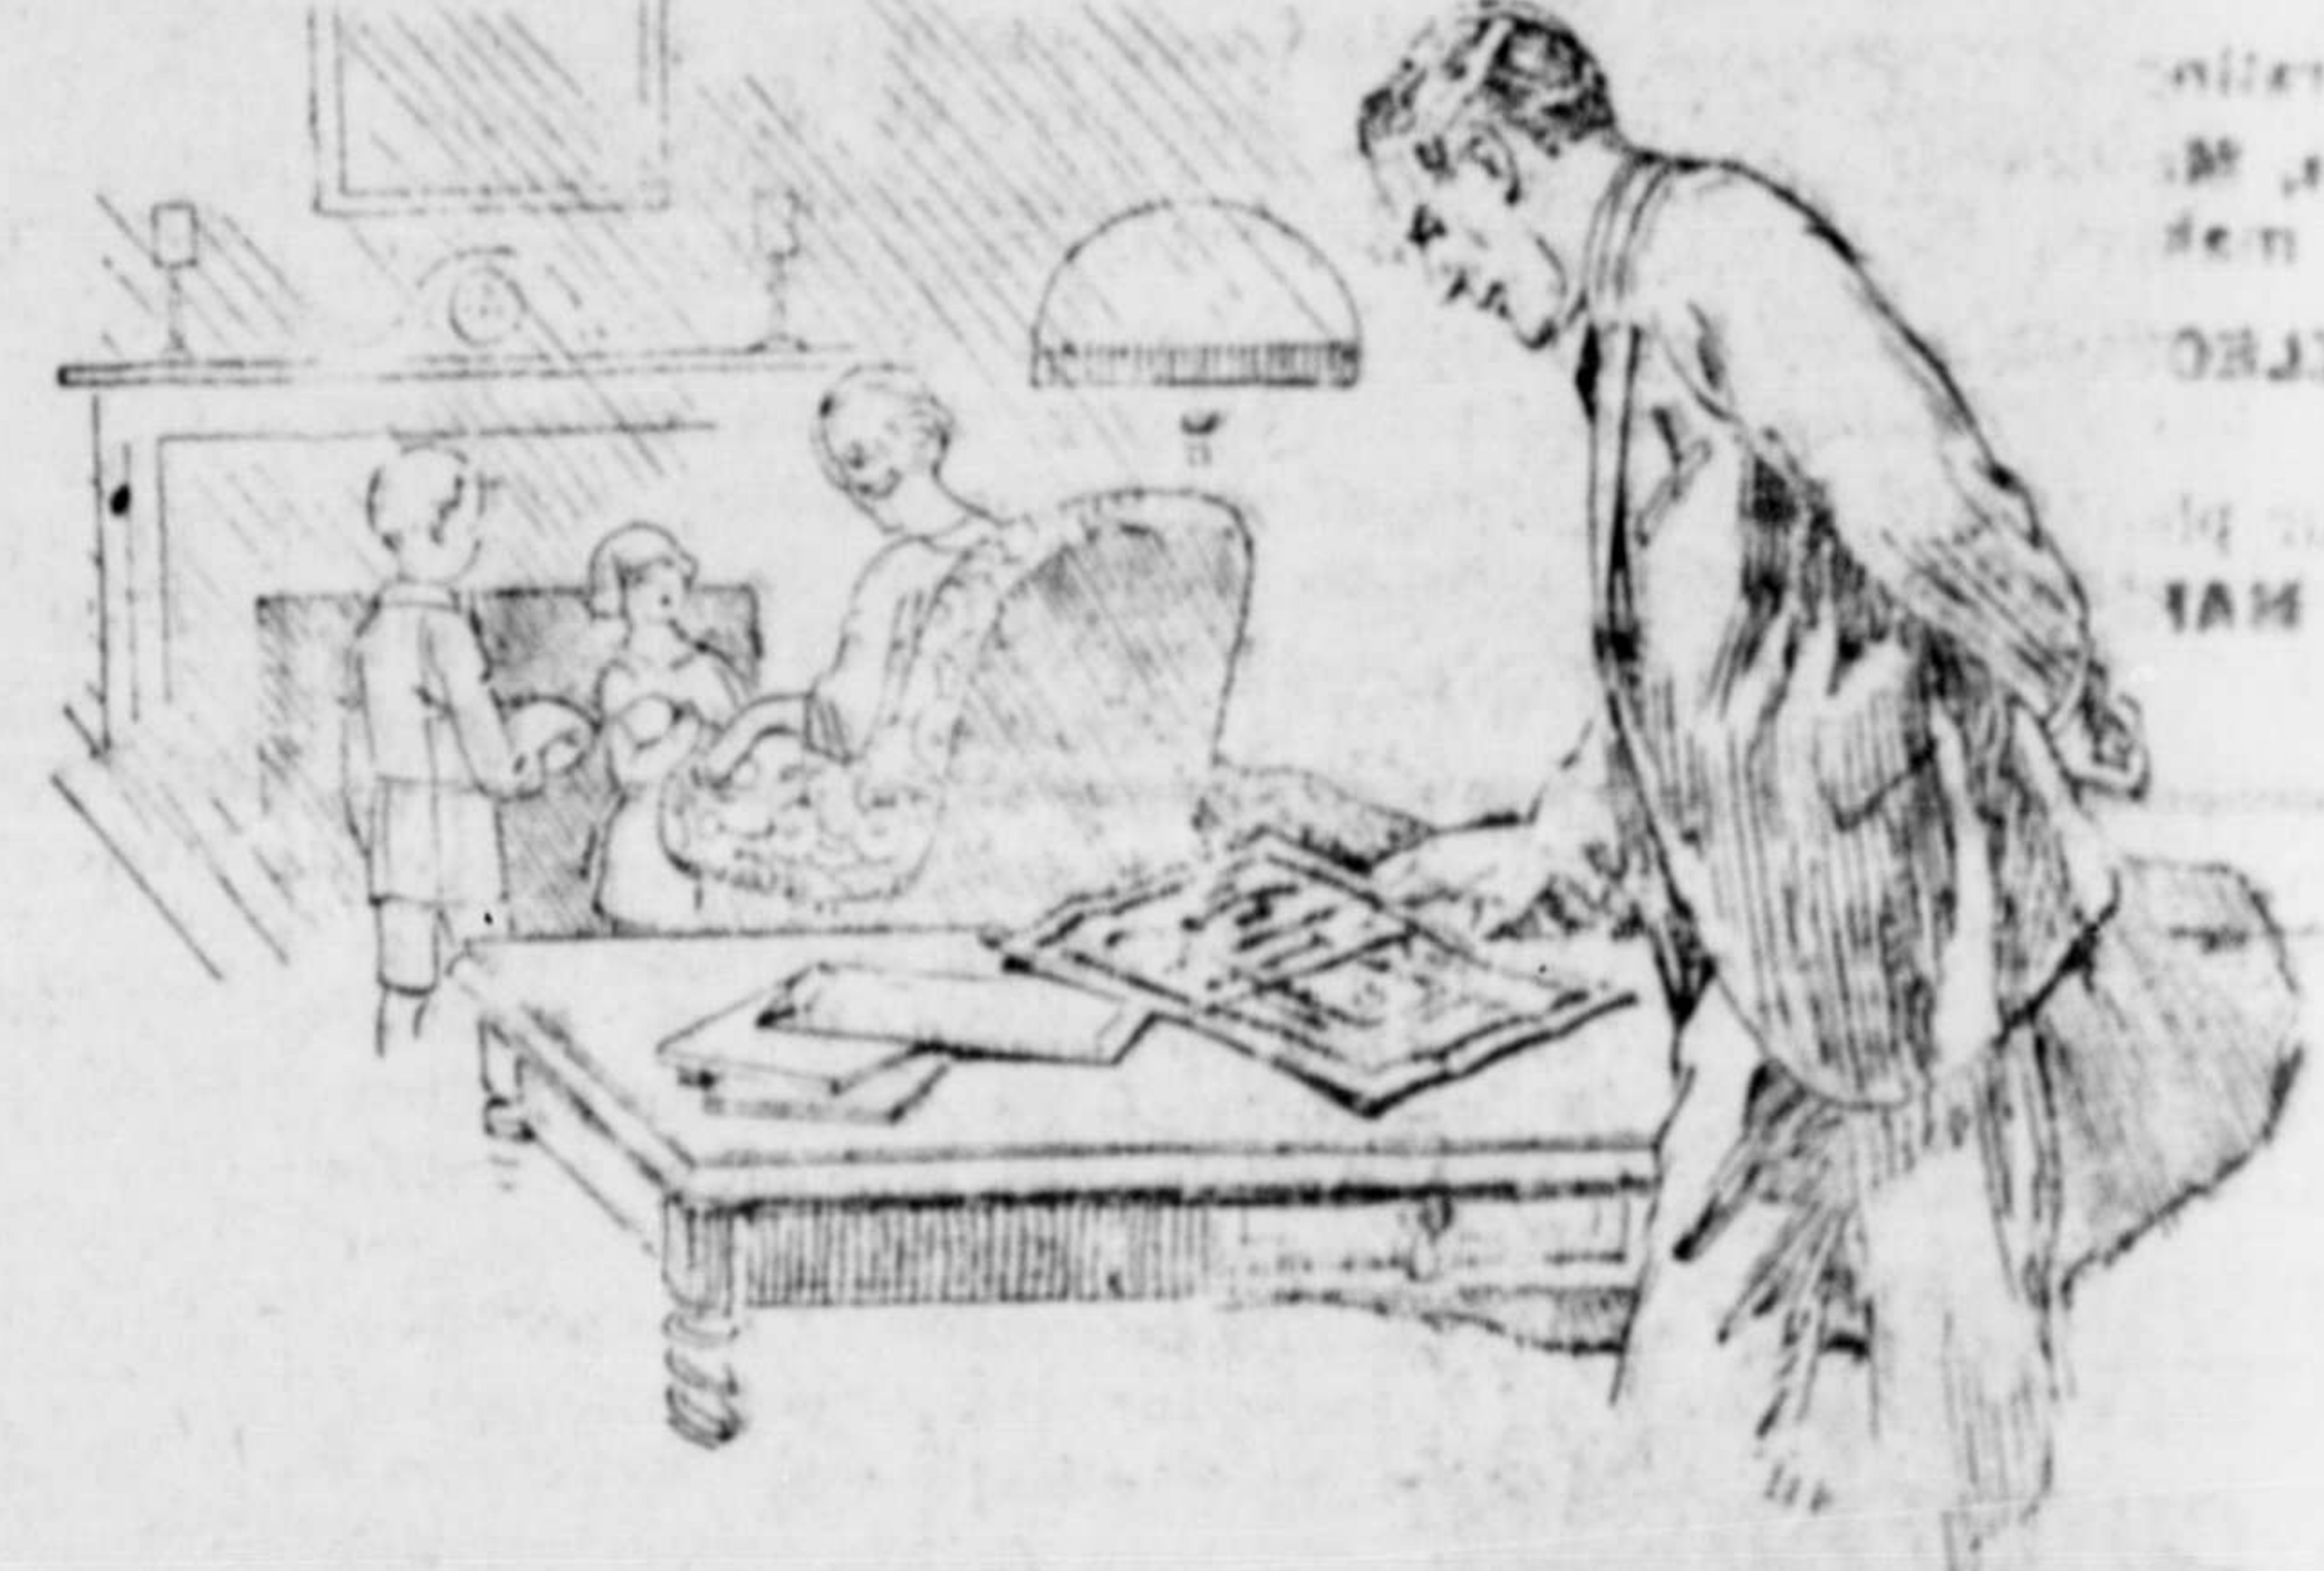

Everybody's Friend

Life Insurance has taken on a new importance. Everybody needs it, most people want it,—it is everybody's friend. As a result, people are asking themselves today:

"Am I insurable?" "How can I get sufficient life insurance?" and the answer is found in the ever-increasing number of policies now being applied for.

There is a foundation for this success: The general public is rapidly coming to realize the solid basis upon which life insurance rests; that the business is subject to a rigid system of Government inspection; and that while Life Insurance is a form of organized sharing of each other's burdens, it is managed on a sound business basis.

—Life Insurance Service

The Love that never Dies

The Man in the Moon SAYS:

THERE are times in the life of every man when the inadequacy of the English language to provide suitable cuss words is sorely felt.

IF men are descended from the monkey tribe how is it that they do not resemble mules, hogs, and in some cases skunks?

JAKE declares that day by day in every way the climate is getting wetter and wetter.

MILLINERS are said to do more than any others for the back to church movement. That is why so many men stay away. They do not meet the milliners.

THE age of discretion is not the post war period.

WOMEN are known by the men they avoid.

BEFORE AND AFTER

Mary—Marriage must have made a great change in your life! Alice—Not at all. I used to sit up half the night waiting for Alfred to go home, and now I sit up waiting for him to come home!

A TEN THOUSAND DOLLAR PRIZE LIST

Some readers of The Family Herald and Weekly Star of Montreal are going to find themselves richer by several thousand dollars some morning. That paper is offering a prize list of \$10,000 for those who make the best estimate of the total number of votes to be polled at the next general election in Canada.

THROUGH SLEEPING CARS TO SHIP'S SIDE

The Canadian National Railways have made arrangements to operate tourist and standard sleeping cars through from the Pacific Coast to the ship's side at Montreal and Halifax in connection with Old Country sailings, during November and December.

HOME-BREWED

"My wife is a great one to borrow trouble." "Mine doesn't have to; she's an expert at making it."

Ten Years Ago in Prince Rupert

November 1, 1914.

It is apparent that Turkey is to be embroiled in the Great War and will have to abandon her neutrality. She will join with the Central Powers and a "holy war" seems imminent.

Col. C. W. Peck, who will be in command of Prince Rupert's first overseas contingent, returned from Victoria on the Princess May. He says that the contingent will leave for the south next Friday.

Sydney Billingham, representing the Vancouver Sun, and R. H. Ruhl of the British Columbia Magazine are here from Vancouver. They are on their way to the interior to view development there.

HE'D GOT IT

Bones, the butcher, had been very busy with a word in dictionary. Suddenly he closed it with a snap and glowered at his wife in the cash desk.

"That Mrs. Smart is a fine too clever." "What's the matter?" she queried. "When she came in just now she told me I ought to rename my scales the Ambuscate brand." "Well, why?" began his wife. "I've looked up the word, and it means 'to lie in wait.'"

Your Boy's Success

NO one starting out in life ever expects to fail. Youth is always hopeful, but hope alone cannot bring success.

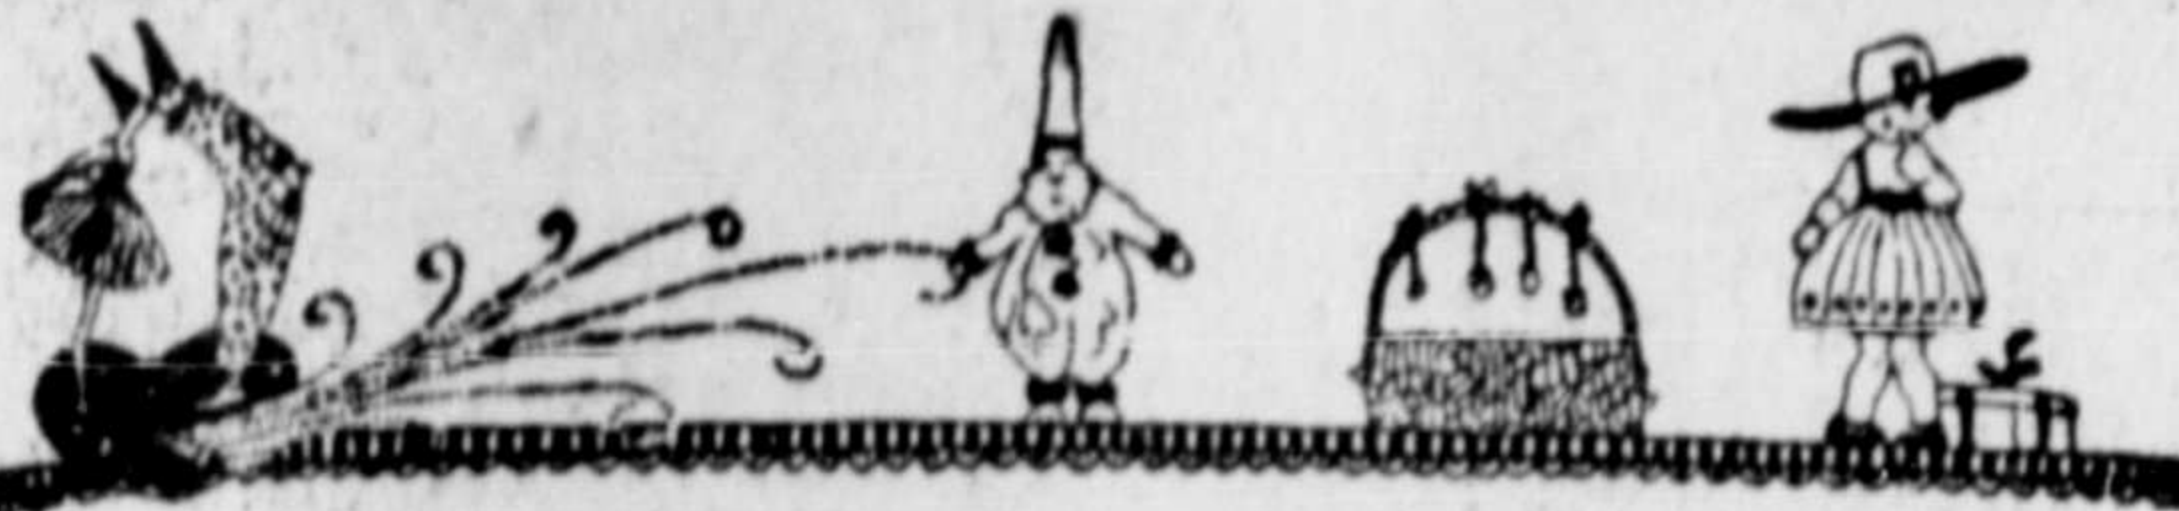

If your hope is to see your boy a success in the world, securing independence and comfort—the vision of so many, yet the attainment of so few—adopt a regular savings plan for him now, and teach him in his tender years the value of saving something out of every dollar.

THAT WAY LIES HIS SUCCESS.

The Royal Bank of Canada

Prince Rupert Branch - Stuart J. Macleod, Manager

You are invited to be a guest at a series of LESSONS IN HANDCRAFT AND DECORATIVE ART

Under the personal direction of Miss S. Gudmundson, Artist from DENNISON'S, New York

FRUIT TREATMENT FOR CONSTIPATION

Quick and Permanent Relief By Taking "Fruit-a-lives"

What a glorious feeling it is to be well! What a relief to be free of cathartics, salts, laxatives and purgatives that merely aggravate constipation and are so unpleasant to take and so weakening in their effect!

What a satisfaction to know that the juices of apples, oranges, figs and prunes will absolutely and permanently relieve constipation. By a certain process, the juices of these fruits can be concentrated and combined with tonics—and it is these intensified fruit juices that correct constipation, relieve headaches and biliousness, and make you well and keep you well.

"Fruit-a-lives" are sold everywhere at 25c. and 50c. a box—or sent postpaid by Fruit-a-lives Limited, Ottawa, Ont.

H. A. Philpott arrived home this morning on the Princess Beatrice after a three months' visit in the Old Country.

C.N.R. steamer Prince Rupert, Capt. D. Donald, is due from the south at 7 o'clock this evening. The train for the East will await the arrival of the vessel. The train from the East, due at 4 o'clock, is reported on time.

Mrs. G. W. Larkin arrived in the city from Pasadena, California, on the Princess Beatrice this morning to join her husband who is engaged in the fishing industry. Mrs. Larkin formerly resided here.

Commencing November 16 the train service will be reduced to three times a week the times of leaving and arriving remaining as at present. Trains will leave Mondays, Wednesdays and Saturdays and arrive Sunday, Tuesdays and Thursdays.

Staff Captain and Mrs. Caruthers, Ensign Dorin, Captain Chalk and Lieut. Renas, also Captain Rea of the local corps will arrive in Prince Rupert tonight. The Alaskan officers will be holding special meetings at the Armory all day Sunday.

Pythian Sisters Bazaar. Be sure and visit the Parcel post office. We have parcels from all over the country at 25c each. We will serve tea 25c., and supper 50c. Other attractions: also, November 8, in store next Frizzell's Meat Market, Third Avenue.

Len Bell, well known here as a G.T.P. engineer in the early days and more recently as president of the Railway Employees' Investment and Industrial Co., owning the hydroplane Hazelton, will return to Edmonton on this evening's train. He came here to attend a meeting of the company at which it will be decided what is to be done with the Hazelton which it has been impossible to operate recently. Mr. Bell is now running between Edmonton and Wainwright.

HOSPITAL BALL UNIQUE EVENT

Seldom has there been in Prince Rupert a more enjoyable event than the annual Hallow'en dance held last night in the Elks' Home under the auspices of the Ladies' Auxiliary of the General Hospital. Charming, beautifully gowned ladies, excellent music, artistic decorations and a delicious supper were the chief factors in its success, and the large crowd of dancers took advantage of the occasion to the full. There was no dull moments and the master of ceremonies, A. Haines, found no difficulty in keeping the floor well filled.

Much of the success of the event was due to the general convener and president of the auxiliary, Mrs. R. C. Parsons, who worked indefatigably to bring about the successful result. She was ably assisted by committees as follows:

Refreshments—Mrs. Candow, assisted by Mrs. F. Dibb, Mrs. Kemp, Mrs. M. M. Stephens, and Mrs. Henning.

Decorations—Mrs. A. Akerberg and Mrs. Dave Thomson.

Bridge—Mrs. L. W. Kergin and Mrs. Max Heilbroner.

Raffles for silk cushion and luncheon set—Mrs. Harry Atkins and Mrs. E. C. La Trace.

Door—D. C. McTae, president of the hospital board.

Art Easson's orchestra which provided the music, comprised: A. Easson, saxophone; Miss St. Cyr, piano; B. Cooper, banjo; Kenny Rood, saxophone; George Rorie Jr., drums.

Bridge tables were in the ante-room and those who did not dance enjoyed the games.

The hall decorations had a seasonable effect, witches, cats, flags and subdued lights giving it the proper Hallow'en atmosphere.

Church Notices

Salvation Army Staff Captain and Mrs. Caruthers, of Wrangell, Ensign Dorin of Ketchikan, Captain Chalk and Lieut. Renas of Juneau will conduct very special meetings at the Armory on Saturday at 8 p.m. and Sunday all day. A cordial invitation is extended to all to attend. Every Wednesday, Thursday and Saturday, public meetings.

Methodist Church Picture Special. Beautiful pictures of Korea, China and Japan at the Methodist Church Sunday night at 7.30. Come early.

Central City Mission The Home of the Fourfold Gospel, Corner of Sixth and Fulton. Services and subjects for the week as follows: Sunday, 11 a.m. Worship (Communion), 2 p.m. Sunday School, 7.30 p.m. Christ's Atonement. Wednesday 8 p.m. Christ and His Own. Friday 8 p.m. Young People's meeting. On Sunday evenings, there is a bright song service, instrumental and vocal solos. Everybody welcome. Pastor, J. W. Knights.

Lutheran Church St. Paul's Church, Metropole Hall, Third Avenue. Rev. P. E. Baisler, B.D., pastor. Sunday services: 11 a.m. sermon topic, "Your invitation to the wedding feast." Sunday school at 12.30. Evening service at 7.30. "Why I am not ashamed of the Gospel of Christ."

Presbyterian Church Morning worship at 11 o'clock. Subject: "The Peace of God." Sunday school at 12.30. Evening service at 7.30. Subject: "Silent under Sin." Preacher, Rev. H. R. Grant, D.D.

**TERRACE COUPLE MARRIED TODAY**  
 Miss Cecilia R. Halliwell becomes Bride of Robert Chas-sin de Kergommeaux at Prince Rupert Hotel

A quiet wedding ceremony took place at 11 o'clock this morning in the parlor of the Prince Rupert Hotel, Rev. Dr. H. R. G. officiating, when Miss Cecilia Halliwell, daughter of Mr. and Mrs. Henry Halliwell, Terrace, became the bride of Robert Chassin de Kergommeaux, son of Mr. and Mrs. Felix de Kergommeaux, also of Terrace. The witnesses were the mothers of the contracting couple and Ex-Mr. Harry Rochester, manager of the Prince Rupert Hotel, was present. Following the ceremony, refreshments were served.  
 Mr. and Mrs. de Kergommeaux will remain in Terrace for a few days before proceeding to a place where the groom is a teacher. Both are well and cordially known in the territory; they will receive the congratulations and best wishes of their friends.

**MUNICIPAL TOOL BOX REMOVED LAST NIGHT**  
 Issuing of New Telephone Directory Interfered With as Result of Hallowe'en Prank  
 The most serious Hallowe'en prank seems to have been the removal of the municipal spicers' tool box from near hospital last evening. It weighs about 250 pounds, and has been lifted by a truck, to 10 o'clock this morning, it had not been located and meantime, the issuing of the telephone directory is delayed. Some final adjustments involving changing of numbers were made in Section 6.  
 No serious damage as a result of Hallowe'en activities had been reported to the police this morning at an early hour. The water wagon was moved to Fraser street and was found to be the lane at the rear of Fraser butcher shop. Innocent fish pranks included the shooting of windows and the shooting of fire crackers, some of which sounded like bombs. Youngsters were out begging apples; there were many grotesque stunts.

**NOTICE**  
 Advertisers are reminded that copy for advertisements should be in the Daily News office before 4 p.m. today to ensure insertion in tomorrow's issue.

**TIMBER SALE, X 6766**  
 There will be offered for sale at Auction, at noon on the 20th of November, 1924, in the office of Ernest Ranger, Hazelton, 100-100, to cut 90,000 lineal feet of Poles and Pine, on an area situated on the east bank of Skeena river, about 15 miles north of Hazelton, British Columbia.  
 Two (2) years will be allowed for removal of timber.  
 Provided that any one unable to attend the auction in person may submit a tender, to be opened at the hour of 11 o'clock on the 20th of November, and treated as one bid.  
 Further particulars of the conditions, Victoria, B.C., or District Office, Prince Rupert, B.C.

# "I was Greatly Distressed With Pains in the Back"

Mr. Alfred McNeill, Chapel Rock, Alta., writes:

"During the winter of 1920-21, I was greatly distressed with pains in my back and felt tired and depressed most of the time. Particularly during the night I was troubled with frequent urination, some nights having to rise almost every hour. I tried several different treatments without success, until finally I began using Dr. Chase's Kidney-Liver Pills, and they relieved my condition before I had finished the first box. I am feeling better this summer than I have for years, and although in my 67th year, can work all day without any undue fatigue."

## Dr. Chase's Kidney-Liver Pills

25 cts. a box of 35 pills, Edmondson, Bates & Co., Ltd., Toronto

Boats of both the American and Canadian fleets have been making a dash to port this week with the intention of putting in another deep sea trip before the close halibut season comes into effect next month. This has resulted in a marked improvement in the volume of halibut landed but has rather played havoc with the prices for both first and second class catches, the increased volume of landings resulting in a drop in prices on the Fish Exchange. In spite of dirty weather conditions on the high spots the catches have been well up to the average, in fact the total halibut landings for October this year have exceeded the landings for any previous October, which speaks well for the tenacity of purpose of the deep sea skippers and their crews.

Business generally along the waterfront keeps up well and many of the smaller halibut boats, trawlers and seining boats are being gone over both from a mechanical and hull standpoint prior to being put into commission in closed season activities. With the commencement of operations by the Millard Clam Cannery, Seal Cove, a fruitful labor field is being opened to many of the waterfront fraternity and already several boats are out gathering in the luscious clam for canning purposes.

On Saturday last Ray Love, the electrical wizard, went up to Big Bay on the power boat P.R.T. to install a new dynamo in the Georgetown sawmill. The work having been successfully completed Ray is now back at the waterfront emporium electrifying the vicinity with his genial oratory.

Manning Huntley, who is running a logging camp down the coast, paid a visit to port this week on business.

The American schooner Venus, Capt. John Ramm, having returned from the high spots with a good catch and the crew being "well heeled" a swell entertainment was put on aboard the boat for a number of specially invited guests on Wednesday night. The evening was delightfully spent in music, singing and wrestling, the latter sport taking the place of dancing owing to the fact that the orchestra lost their way going to the boat. Perhaps the wrestling bout for a pair of new work gloves was the tit-bit of the evening. The principals were Young Hackenschmidt vs. Tom Sayer, jr. and Cap acted as referee and timekeeper combined. The former won the bout in two straight falls out of three in catch-as-catch-can style. Delightful refreshments were served as long as the bread and cheese lasted.

The launch Joy Bird, Capt. Cook, went out on Thursday morning to assist Capt. Claude Ketchum in his logging operations in Tucks Inlet.

Pete Leighton, skipper and owner of the Verna L., is contemplating building a new seining boat this winter at Metlakatla. The boat will be a 45 footer and will likely be powered with a 24 h.p. Vivian engine or a like powered semi-deisel.

The Canadian schooner Lysekil, Capt. Pete Jensen, which returned from the deep sea fishing grounds early in the week with a good catch, is on the McLean ways to have a new stern bearing put in. Cap. Jensen having encountered some very dirty weather off Kodiak, which interfered with actual fishing somewhat although little concern was given to personal safety, the behavior of the Skandia semi-deisel engine being all that could be desired. The Lysekil left port on her last trip of the season on Thursday night.

Charlie Sunberg, one of the well known local nauticals who has been exploiting distant fields in his power boat, was a visitor to the waterfront on Thursday morning renewing old acquaintances.

Charlie Reit, who is carrying out logging operations for the Georgetown mill in the Wark Canal district, came in this week for mechanical repairs to his power boat.

The Canadian schooner Seamaid, Capt. Henry Doreen, arrived in port from the high spots early in the week and af-

to bring down a cargo of clams for the Millard cannery.

**Lumber Exhibit**  
The fine lumber exhibit of the Big Bay Lumber Company, recently shown at the exhibition, has been on display in the City Ticket Office of the C.N.R. Edmonton for the past five days and has created quite a great deal of interest. Word to this effect was received at the Big Bay Lumber Co. from H. McEwan, C.N.R. division freight agent. The exhibit will be shown at other vantage points along the C.N.R. system.

Mrs. Moses Johnson and Mrs. Musgrave were visitors to the city this week from Port Simpson having arrived by power boat. Mrs. Musgrave has been paying a visit to her daughter who is in the general hospital.

"Slim" Paton, of Lewis Island fame, has decided to go into the chicken ranching business. Mr. Paton is now looking for a suitable site on which to commence chicken raising.

**Bill Knight Again**  
Pete Solem has received a letter from Bill Knight, formerly accountant with the Booth Fisheries here and now accountant at Sitka. Bill is very optimistic about things in general, especially the social side of life at the northern port. It appears that evening dress and high rubber boots is the order for social functions. As to whether the company sit in the rubber boots the whole evening is a matter of conjecture. Bill has also blossomed out into a regular song bird and inflicts his voice upon the people at the least provocation. In addition he is composing his own music and words. Just now he is busily engaged upon composing a song entitled "Why is the ocean wet?"

The schooner White Lilly, Cap. Geo. Broderius, left port with a party on a hunting trip on Wednesday. Judging from the amount of artillery aboard it is on the cards that Cap will forego the hunt and start a war somewhere.

Ed. Gray of Kitimaat was in port during the week for a mechanical overhaul by Akerberg & Thomson, Ltd.

The seiner Rose City, which has been operating off the Queen Charlotte Island coast for the past few months, came into port this week for repairs.

The Marine station work scow is moored at the Provincial government dock for boiler repairs by the Atlas boiler works. The scow will be here for a week.

**Fish Business**  
From Monday to Friday 706,800 pounds of halibut has been marketed on the Fish Exchange. Americans were high at 19c and 8c, and low at 13c and 6c. Canadians were high at 19.1c and 7c and low at 13c and 6c. The arrivals were: American—Scandia, Resolute, Daly, Kodiak, Sunset, Forward, Nomad, Seattle, Kanatak, President, Venus, Pioneer, Columbia, Majestic, Summer, Sitka, Tatoosh, Taboma.

Canadian—Gibson, Fisher, E. Lipsell, Ringleader, Toddie, Nuba, Kaien, Plop, Andrew Kelly, Seamaid, Lysekil, Serub, Tramp, W.T., Alb. Cape Spencer, Johanna, Carruthers.

**Hunted and Starved**  
The following account of a hair-raising hunting trip is just hot over the wires. Dunk Kennedy, John Verick and Reg Kelsey went out this week from Seal Cove on a three day hunting trip in the vicinity of the Prince Rupert cannery, aboard the power boat Missew. Whether the artillery would not function or whether the hunter's optics were on the blink has not yet been proven but the fact remains that the gang drew lots as to who should return to town for some meat. Reg. drew the unlucky number and on his return for the necessities of life the flag at the Seal Cove base was run up at half mast. It seems that some hunters would miss a balloon in a barn at a range of three feet if firing with an 18-pounder.

### ENGINEER MINE LIKELY TO BE ONE OF THE GREATEST GOLD PRODUCERS IN NORTH

(continued from page one)  
siderable tonnage will be available. Backs of over 250 feet will be opened up from the main working tunnel mentioned above and it is expected that ample tonnage will be secured for the operation of the mill. Several hundred feet of diamond drilling has been done during the summer months, the results of which have been satisfactory to the management.

"A very comprehensive program of underground development has been planned and, altogether, the property bids fair to fulfil the predictions that it will become one of the greatest gold producing properties in the north.

"Fred Collins, formerly Foreman at Surf Inlet, is in charge of the work on the ground at the Engineer mine."

Mr. Clothier announced that the Mines Department had recently granted \$1500 to provide a winter trail from the mine to Atlin, a distance of about 25 miles. "As about 30 men will be employed at the mine all winter, this trail will be of great service for mail and emergencies."

**District Operations**  
Speaking of operations generally in the Atlin section, Mr. Clothier stated that the season had been very successful in placer mining. Work on upper Spruce Creek had opened up exceptionally good pay. "A good drainage system from the lower old workings on the creek would undoubtedly prove of great benefit to the ground above and would prolong the life of the camp," Mr. Clothier declared.

Hydraulic mining on McKee Creek has been carried on all season by George Adams and associates with satisfactory results, Mr. Clothier stated. There had been considerable prospecting and dead work on many other creeks which might eventually warrant operations.

"The Ruby Creek Mining Co., operating on Ruby Creek, has had a profitable season and, having worked up to its upper line, has moved all its plant to the lower end of the creek where operations will be continued next year. On Otter Creek, the season's hydraulic mining has shown substantial profit."

Considerable development work has been done this year and about thirty tons of high grade ore has been shipped from the Atlin Silver-Lead mines situated on Fourth of July Creek and under operation by J. M. Ruffner reported Mr. Clothier. A lower tunnel had been started and it was expected operations would be resumed in the spring, the property now being closed down for the winter.

**Gold Strike**  
The reported gold strike in the vicinity of Little Atlin Lake, Mr. Clothier said, caused some little excitement while he was in the north but not much information was available upon which to base any predictions.

Mr. Clothier was not able to get into the Dease Lake country (upper Stikine) this trip, but from information he had obtained, he stated that the strike on Gold Pan Creek by Grady and Ford had the earmarks of becoming important. Although bed rock had not been reached in any place, prospects from the rim showed coarse gold, and therefore, were encouraging.

"There is a wide scope of likely placer country from Gold Pan Creek to the Little Muddy River and the certain influx of prospectors will likely see the

country well prospected this coming summer," said Mr. Clothier. "From all reliable information available, however, there is no reason for any stampede and certainly there is no use for any one to go in there before May next year."

**Final Trip**  
Mr. Clothier's next and last trip this season in covering his extensive district, which includes well over a quarter of the province in Northern British Columbia, will be down the coast. He leaves within a day or so and will be away three weeks. He will visit Kitimaat and go as far south as Surf Inlet. He does not expect to get to the head office of the department at Victoria until the first of next year.

The Dease Lake country, which he was unable to visit this year, Mr. Clothier expects to reach by going in over the snow next spring.

## ASK RULING BY RAILWAY BOARD

### Grain Rates to Pacific Coast Will be Discussed at Vancouver

VICTORIA, Nov. 1.—Plans for rallying all the leading business interests in British Columbia together in a fight for lower western grain rates before the Railway Board at its meeting in Vancouver November 5 have been completed by Premier Oliver.

Anxious that British Columbia shall present a united front when pressing its demands for rate justice, the Premier telegraphed instructions to G. G. McGeer, K.C., government rate counsel, to ask millmen, grain interests and all businessmen interested in the grain movement to appear with him before the Railway Board and press for grain rate reductions. The case which the province is thus preparing for the board on its western tour, it is hoped, will be the most vigorous and effective yet presented.

Under the plans announced by the Premier the province will press for proposals before the board.

1.—That an immediate ruling be handed down on British Columbia's original demand for a general revision of western freight rates.

2.—That western grain rates be reduced so as to effect an equalization as between Vancouver and Fort William shipments.

3.—That rates on westward-moving grain for domestic consumption be made the same as rates on export grain.

4.—That the board force Canadian railways to supply information on rates which they have been ordered before to produce but which is still unavailable.

In a telegram received from the board the Premier was informed that it is time now to rule on the province's original demand for a general rate equalization. Nevertheless Mr. McGeer will press for this ruling so that if it is unsatisfactory it may be appealed. Until a ruling has been made the province can do nothing further to secure the general reductions sought. This, however, is a question absolutely distinct from the grain rates issue on which the board is willing to hear representations now.

### BIRTHS

A son was born at the Prince Rupert General Hospital on October 31 to Mr. and Mrs. J. E. Davey, Hays Cove Circle.
