BOWSERIAN METHOD
ADOPTED BY NEWTON

The method of Napoleon Bonaparte which was imitated several years ago by W. J. Bowser while he was in power has been taken up by the Bowser candidate, Mayor Newton, here. It is the policy of riding roughshod over the rights of the people and crushing out opposition by the crude methods of brute force.

Mayor Newton controls a newspaper and in it he gives biased, one-sided reports of the speeches made at political gatherings so that the people here may not learn the truth of the matters on which they are about to express an opinion at the polls.

Last night Mayor Newton held a public meeting in the Westholme Theatre. He had previously been invited to attend the Pattullo meeting and an invitation had also been extended to him to attend the meeting tonight called by the supporters of the minister of lands. Yet last night Mr. Pattullo was refused permission to correct inaccurate statements made by the Newton speaker. In order to stop this fearful man from expressing himself, the expedient of calling on the audience to rise and sing the National Anthem was adopted. Mr. Pattullo was squelched. Who was he to question the statements of supporters of W. J. Bowser or S. M. Newton? He must not be allowed to speak for fear the few supporters at the meeting would fall away.

Yet, Prince Rupert people, this is the apostle of free speech, of democratic methods, the man who poses as the friend of labor, the champion of the rights of the downtrodden. Can you beat it?

There is only one way to deal with methods such as that set forth last night. It is to vote solidly against them. A vote for Newton is a vote for Bowserism with his Napoleon Bonaparte methods. A vote for Pattullo is a vote for freedom of speech and freedom of action, education of the masses and the abolition of Bowserism.

A Public Meeting Tonight

Pattullo Confident for North Country

Both Prince George and Terrace Enthusiastic for Liberal Cause declares the Minister of Lands

"The people of Prince George are on their toes now that H. G. Perry, their candidate, is on his back. The meeting I addressed there was one of the most enthusiastic I ever attended. I feel sure Perry will secure a handsome majority in Prince George riding." That is the opinion of Hon. T. D. Pattullo as expressed to the Daily News on his return last evening from a visit to the interior where he addressed a meeting in the absence of Mr. Perry, who is in the hospital at Edmonton.

Mr. Pattullo says that John McInnes, the former socialist M.P.P. for that district, has been on the stump for Mr. Perry, impelled thereto by the fact that Mr. Perry was unable to go through the district himself. The railwaymen are solid for him and there is no fear of the result. At Terrace Mr. Pattullo spoke, when eastbound, at a largely attended meeting. The minister says Terrace will give more than a majority for Dr. Wrinch. The stories that Terrace had gone Provincial was not correct. There were a good many Provincial supporters there but the Liberal support was by far the strongest. Mr. Pattullo feels very confident for the whole of the north country.

VOTE AGAINST PREFERENCE

British Commons Defeats Resolutions by Narrow Majority
LONDON, June 19.—Following a two-day debate on the situation, the Commons defeated by a narrow margin four resolutions relating to preference on dried fruits, tobacco, wine and sugar. Baldwin, who championed the resolutions, agreed that the purpose would be served by voting on the remainder of the conference program.

CHAUFFEUR REFUSES TESTIFY AT TRIAL

Declares He Will do Nothing to Hurt Mabel Normand
LOS ANGELES, June 19.—At the trial of Horace Greer, former chauffeur to Mabel Normand, charged with shooting Courtland Dines, Greer declined to testify, declaring that he would prefer taking a penitentiary sentence to saying anything hurtful to Miss Normand.

GIVE JOHN OLIVER A CHANCE.

The sale of the P.G.E. to powerful British interests is forecasted in a Canadian Press despatch from London. This with development of the Peace River will be a great aid to the province.

Graduation of Local Nurses Proves to be an Interesting Ceremony which Many Attend

Pretty and impressive were the ceremonies which attended the exercises of the 1924 graduating class from the Prince Rupert General Hospital nurses' training school at the Boston Hall last night. The class consisting of five members—the largest number of graduates yet turned out in a single year by the local institution—it was fitting that the attendance was so large that the spacious hall was filled to capacity. The nurses who received their diplomas and the other credentials marking their successful completion this year of nurses' training were Miss Ella Frank, Miss Yvonne Roberge, Miss Florence Swanson, Miss Elizabeth Weller and Miss Grace Brooks. D. C. McRae, president of the hospital board, presided and the exercises were given general supervision by Miss Edith McCauley, R.N., matron of the hospital.

DIRECT BOAT TO ISLANDS

Weekly Service to be Given by Prince John From This Port—TWO TRIPS WEEKLY
Direct Connections Will be Made With Steamers to and From South
Effective June 30, a change is to be made by the Canadian National Railways Coast Steamship Service in the service to the Queen Charlotte Islands which will make Prince Rupert the headquarters for the steamer Prince John and provide a weekly and more direct service for the islands. The Vancouver end of the Prince John's schedule will be eliminated and it is expected that a vessel will be chartered for the handling of bulk freight from Vancouver to the Islands and Prince Rupert.
Under the new service, the Prince John will leave Prince Rupert each Monday night at 8 o'clock for Massett, Buckley Bay and Port Clements returning to Prince Rupert on Wednesday mornings. Each Wednesday evening the vessel will leave for Skidegate and all Island points south, returning direct from the south end of the Islands to Prince Rupert, arriving here Saturday morning. Direct connections will be given here with the larger steamers plying to and from Vancouver and way ports.

BRITISH WINNERS TENNIS CHAMPION

WIMBLEDON, June 19.—Miss Helen Wills, American woman champion, was defeated at tennis in straight sets today by Miss Kathleen McKane, ranking British player 6-2, 6-2.
In the British vs. America women's team match the British team of four secured victories in each match.

SMUTS DEFEAT IS CONFIRMED

With Ten Districts to Near From, Nationalist - Labor Coalition Has 22 Majority
CAPE TOWN, June 19.—With ten districts to hear from, Union of South Africa election returns today show a majority of 22 for the Nationalist-Labor coalition against the Smuts government. The formation of a new ministry under Gen. Hertzog is certain. Returns to date: Nationalists, 55; Smuts party, 51; Labor, 18; Independent, 1.

Minister of Lands is Refused Opportunity Speak Newton Meeting

F. A. McDiarmid and Newton Give Addresses but No Opportunity for Opposition to Correct Statements

A public meeting called by the supporters of Mayor Newton's candidature last night in the Westholme Theatre ended abruptly and with great confusion when Hon. T. D. Pattullo was refused permission to speak to correct some wrong statements he claimed that the chief speaker of the evening, F. A. McDiarmid, had made.

Mr. Pattullo asked that he be given an opportunity to correct these statements and suggested that they remain and debate the questions so that the people might be able to get at the facts. This was absolutely refused and while the minister of lands was going to the platform, the chairman, W. E. Fisher, called for the National anthem, which was sung, but without that proper decorum which usually obtains on such occasions. The meeting dispersed amid the laughs and jeers of supporters of Pattullo or Mackay who were present.

Pandemonium
T. Ross Mackay, the Provincial party candidate fared better than Mr. Pattullo. He was granted permission to ask a few questions, which he did, although attempts were made both by the chairman and by members of the audience to stop him before he finished. For a minute or two pandemonium reigned in the theatre and there were cries of "sit down," shouts and catcalls from the Newtonites, while the Liberals and provincial supporters encouraged Mr. Mackay to proceed.

The Questions
1.—The speaker has told you that the real question is not the freight rates. I want to know what Mr. Bowser would do to equalize freight rates to Prince Rupert as compared with the rates to Vancouver?
2.—In northern B.C. the labor questions is one in which people are interested. I should like to know if Mr. Bowser's policy of using the rifle and the bayonet to quell strikers is to be permitted if he is returned to power?
(Here the chairman intervened and said Mr. Mackay was getting beyond the matter of questions. There followed cries of "Sit down" and other noises.)
3.—I would like to know the policy of the Bowser party in regard to the reorganizing and regulation of beer clubs, if the plebiscite should pass. Will they allow beer gardens?
4.—Another question he would like to ask was in regard to the road. Mr. Newton complained in regard to the road off the Island.

ERECT STATUE TO HARDING IN STANLEY PARK

DENVER, June 19.—At the international convention of Kiwanis here it was decided to erect a granite and bronze statue to the late President Harding in Stanley Park, Vancouver, where the president made one of the last speeches emphasizing the peace existing between Canada and the United States.

LIBERALS ARE SURE WINNERS

William Sloan Wires from Nanaimo and Dr. Wrinch from Skeena
Hon. Wm. Sloan, minister of mines, wiring from his district in Nanaimo to Mr. Pattullo says that a careful survey of the whole situation assures him of a larger majority than before. Success of the Liberal candidates in the districts on the north end of Vancouver Island in which he is in charge is also assured.
Dr. H. C. Wrinch, wiring from Telkwa, says his meetings in Skeena riding this week have been large and enthusiastic and he believes his success at the polls tomorrow is assured.

FRENCH HORSES WIN AT ASCOT

ASCOT HEATH, June 19.—Massine, owned by Henry Ternuck at 100 to 8 against, won the Gold Cup with £3,500 added, by a head. Crannucci's Filbert De Savoie, 4 to 1, came second, two lengths in front of Reid Walker's Inkerman. Both first and second horses were owned by Frenchmen.

A Public Meeting
Will be held in the

In the Interests of
Hon. T. D. PATTULLO
Minister of Lands.
Opposition Candidates are Invited to Address the Meeting.

A Solid North

Kergin of Atlin, Pattullo of Prince Rupert, Manson of Omineca, Perry of Prince George and Yorston of Cariboo by co-operation and unity of action were able to accomplish a great deal for Northern and Central British Columbia.

In the next House the North will be stronger by two seats, namely Skeena and Mackenzie, while Lilloet, adjoining Cariboo, seems certain to go over to the Liberal column.

These eight seats cover three quarters of the area of British Columbia. By standing together, the representatives of these eight ridings can put up a strong front in the House.

As matters stand, the only way this can be accomplished is by the people electing eight Liberals, which there is every indication they are going to do.

The slogan for the North should be "A Solid North."

Deserted Houses Where Are They?

S. M. Newton, Bowser candidate, said in his speech that there were scores of deserted houses in Queen Charlotte Islands. Then in his interview he told of all the industries going on there. Charles Harrison, a Conservative, refutes the statements of vacant houses by telling of the progress he saw on the Islands.

The difficulty with Mr. Newton is that his memory seems to be failing. When it comes time to tell another he does not remember the stories he told before.

Hard Luck Stories Do Not Go Today.

Hard luck stories do not go today. Things are picking up rapidly in the north and all that is needed is encouragement. To elect a pessimist member of a pessimist party to go out and preach pessimism would be fatal to progress. What we need today is optimism and faith and co-operation with the Ottawa government.

Burde Has Vision Of What Has Been Done.

Dick Burde, the independent member for Alberni, who has consistently fought for labor legislation and who has on a number of occasions opposed the Oliver government on questions of policy, declares that the Oliver government should be returned because of their record on labor legislation. He is coming out as a supporter of theirs because he says they are the only people who have shown any sympathy with the aims of the workers.

In this attitude the Trades Congress of Canada joins, but some of the local labor exponents have shut their eyes to the truth and quibble over little things instead of trying to see the big things that have been done.

Blind Leaders Are Misleading.

Labor leaders are supposed to have vision. They are supposed to be able to advise their followers in regard to public questions, giving a good reason for that advice. Today there are a number of blind leaders of the blind. They are blinded by political prejudice and selfish interest and the men who follow them are being badly deluded.

Fortunately there are a large number of workmen today who are thinking for themselves and are refusing to accept the tales of the unthinking. They see that the Oliver government has passed more labor legislation than any government in any country ever passed before. Because of this record they will continue to support Oliver, and there are enough men of that stamp to elect him. What we would like, however, is such a majority as would show to the malcontents that they are wrong and that good work is appreciated.

Vote For Elevator And The Alaska Steamer.

It is our belief that the present election will have considerable effect on the future industries of this place. The Dominion government has promised through Premier King that an amount will be placed in the estimates for an elevator here. A contract has also been let to the local shipyard to build a steamer, the contract being subject to final confirmation by the Dominion government.

Hon. T. D. Pattullo has been one of those who have urged the Dominion government to build both the ship and the elevator here. He has worked in collaboration with Fred Stork, P. G. Dawson, Hon. A. M. Manson and others. If Mr. Pattullo is beaten it will be the first weakening in the demand for these things for which we have been working. What is needed tomorrow and what we are convinced the people will do is to confirm the action of these leading men by voting strongly for Pattullo.

"I Suffered Terribly With Sore, Aching Back"

Mrs. Roland Ferguson, 194 Lake St., Peterboro, Ont., writes:

"For over two years I suffered terribly with sore back. I was almost mad with the pain, and had doctored with it until I was discouraged. Then my father, who is a firm believer in Dr. Chase's Medicines, advised me to try Dr. Chase's Kidney-Liver Pills. I followed his advice, and am glad to say I was completely relieved of that torturing pain in my back. It is over a year since I used these pills, and I have had no return of the trouble, but always keep them in the house."

SEES BRIGHT FUTURE FOR THE ISLANDS

Charles Harrison Tells of Activity He Saw and of Future Prospects

SOLD MUCH PROPERTY

Thinks Colonization Scheme is Feasible for Industrious People

Exceedingly pleased with conditions now prevailing on the Queen Charlotte Islands and particularly on Massett Inlet where a greater period of prosperity than ever is now being enjoyed is Charles Harrison, pioneer settler and investor of Massett, who is now in the city on his way to England.

Mr. Harrison in an interview with the Daily News last night said that he was more than ever confident that a great period of progress and prosperity was in store for the Queen Charlotte Islands. If the gold sand experiments now being conducted there proved successful it would mean the establishment of one of the biggest industries in British Columbia. There were millions of acres to be developed.

Clam canning now being successfully carried out by the Langara Fishing & Packing Co. was another industry which contained possibilities of potential development.

Houses Occupied

Due largely to these two industries, Mr. Harrison stated that all the old houses in Massett and many new ones were now filled and the general appearance of the whole inlet was indicative of a greater prosperity than it had ever before known. Congestion of freight on the wharves after boat arrivals was another sign of the business going on.

It is said on the Islands, Mr. Harrison reports, that the Buckley Bay sawmill also on Massett Inlet is to triple its output. The Port Clements sawmill is now undergoing renovation with a view to it being reopened.

The Island is recovering in a very satisfactory way from the period of deflation following upon the Great War, Mr. Harrison states.

Splendid Opportunities

Speaking of colonization possibilities on the Islands, Mr. Harrison states that there are splendid opportunities for the married farmer-fisherman type of settlers such as the Hebrideans. The agricultural possibilities of the Islands along the line of fruit and vegetable raising and stock farming are well known. In getting started, there are not only the salmon fisheries to assist but also employment in the lumbering and mining industries. Referring to his own hardships when he started in on the Islands many years ago, Mr. Harrison fails to see why the industrious type of settler should not get along very prosperously today. In his time there was no government assistance. Farmers' Institutes or nearby industries such as there are today.

Dutch Settlers

Efforts are now under way to introduce Dutch settlers at Delakla, Mr. Harrison reports.

Like other parts, introduction of capital is needed on the Queen Charlotte Islands, Mr. Harrison states. He is of the opinion that he can do more for the Islands by remaining in the Old Country at the present time but he hopes to be back for several months next year and may then enter some industrial project himself. In any case, he is now undergoing medical treatment which will necessitate an early return to London and he leaves on Saturday for the East.

Better transportation is also another crying need of the Islands, Mr. Harrison says.

Disposed of Property

While on this visit to Massett, Mr. Harrison disposed of the most of his property on which buildings are erected but the large portion of his holdings he still retains which, if he so desires, he will be able to dispose of to better advantage in the prosperous times that are coming.

Having property in the city, Mr. Harrison also has a lively interest in Prince Rupert. He is pleased with the progress that

PLAYER'S NAVY CUT CIGARETTES

The superb quality, purity and excellence of Player's Navy Cut Cigarettes have made them the world's leading brand.

has been made here since his last visit and is still as confident as ever of the ultimate place that the port will hold as a centre of trade and industry.

Mr. Harrison takes pleasure in recounting the fact that he not only voted at the first provincial election in Prince Rupert but that he cast the only Conservative vote at that election. When W. R. Lord, Conservative, was running for the legislature against Dr. W. T. Kergin, Liberal, many years ago he voted for the former. Mr. Harrison refused to be committed on the present political contest. He lost his vote through being away but feels he is still as much entitled to vote in the district as many people are.

WATCHING for new bobs is the latest sport among girls.

THERE is one sure thing about the election tomorrow. At least two will have to explain how it happened.

IT is said that there will be a competition tomorrow to find out which will be the best loser of the two.

ROSS Mackay seems to think Joe Sigmund should be named Warwick "the King maker."

JAKE says that Sam was afraid to meet Duff. And it looks like it, doesn't it.

EVEN in politics hard work and honesty pays. That is how Duff keeps the lead.

THE difficulty with T.D. is that he is not a politician. He is not built that way.

FOR 15 YEARS WAS TROUBLED WITH ECZEMA

There is no other remedy like Burdock Blood Bitters that can possibly give such relief to all sufferers from eczema, salt rheum and all other diseases of the blood for the reason that this old and well tried remedy goes right to the seat of the trouble and completely and permanently drives these diseases out of the system by cleansing the blood and making it pure and rich.

Mr. F. W. H. Schmitz, Pembroke, Ont., writes: "Having been troubled with eczema for fifteen years, during which time I tried everything I could think of, including doctors, but without getting anything to do me much good I finally decided to take Burdock Blood Bitters, and I was certainly surprised to find that two weeks after I had started to take it I was relieved of my trouble. That was nine months ago, and I have not had a sign of it since. I surely wish to thank you for this wonderful medicine and strongly recommend it to anyone suffering from the same trouble as I had." whist with the old ladies at tea fight!

THIS is about the last chance I shall have to talk politics to you earthworms so here goes: Don't forget to vote for "Pattullo and prosperity" unless you want "Newton's nightmare" or "Mackay's McEae Muddle."

WHEN you vote Vote right. When challenged Sit tight. When you win Good night! There goes Newton's Out of sight.

IN view of the great interest taken in the elections tomorrow, the Man in the Moon will stay up all night and drink a glass of coca cola while the returns are coming in.

JAKE wants to know if it is true that the order for brooms given by the Bowser candidate to celebrate the big victory over the Oliver candidate has been cancelled. Sorry, Jake, I don't know. Candidly I think he was foolish if he ever dreamed of a celebration.

IT seems too bad to have elections in June when everybody ought to be thinking about love and romance and weddings and divorces.

ELECTION enthusiasm is like love. It is surprising how quickly it can cool off.

THE only thing that worries me is that I was unable to get up a ten spot on Duff. I never did have any luck.

"PATRIOTISM is the last refuge of a scoundrel," declared an eminent authority. Last night the Newton meeting took refuge against Pattullo behind the National Anthem. Yet it would not be polite to say that the famous aphorism applied to it.

ROSS Mackay "wanted to know, don't you know," at the Newton meeting last night, but nobody had the temerity to answer his questions.

SQUELCH Pattullo by refusing to let him speak. That is the motto of the Newtonites. Doubtless the workmen of Prince Rupert admire that method in politics.

Making wash day pleasant—

Just use Rinso where you used to use bar soap—for soaking, boiling, or in your washing machine.

THE hardest part of wash-day, rubbing, rubbing, rubbing, has given way to the new method of soaking the clothes clean with Rinso. This wonderful new soap gently loosens the dirt and a thorough rinsing leaves things white and glistening as you never could get them before. Only spots where the dirt is ground-in, such as neck bands, cuff edges, and the like need a light rubbing, and a little dry Rinso rubbed on these spots quickly makes the dirt disappear.

SCHOOL PRINCIPAL ACCEPTS POSITION CITY OF VICTORIA

H. S. Hurn is Leaving at Close of Term and Supervising Principals Will be Abolished

H. S. Hurn, supervising principal of the local schools has been offered and accepted an offer of a good position on the teaching staff in the city of Victoria. He will be leaving here as soon as the work of the term has been completed. Mrs. Hurn will go south at an earlier date.

During his year here Mr. Hurn has done some excellent work and has taken a keen interest in local sports both among the pupils of the schools and in the league games. Both he and Mrs. Hurn had made a distinct place for themselves in Prince Rupert and their many friends will regret their leaving and will wish them well in their future careers.

It is understood that Mr. Hurn's place will not be filled at present, it being the intention of the school board to abolish the position of supervising principal.

Mr. and Mrs. George McAfee arrived in the city from Georgetown this morning and are registered at the Prince Rupert Hotel.

In the Letter Box

THINKS THEM CHEAP

Here is some of the "junk" that I heard whilst at the political meeting last night: "Money, money, money,"—from the "cry-babies." What do you think of it?

"The cost of education is \$75 or about that figure per head per child," what do you think of it? I think it very cheap education because in Serbia or Jugoslavia we have to pay for everything we get.

I wish you would answer these questions in to-day's issue of the Daily News as I, personally speaking, am interested, being an ex-pupil of the Prince Rupert High School.

Thanking you for tolerating me for these few minutes, I am Yours very truly, Ex Student of High School.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

Pattullo's Record

There are a number of people living in Prince Rupert today who are not familiar with Hon. T. D. Pattullo's record either in this city or in Parliament. For their benefit and to remind others here who know but may have forgotten, here are some of the more important items:

AS A PRIVATE CITIZEN

Pattullo took an option with others on the Woodworth Lake water supply to be turned over to the city. This source of supply had been alienated to a former president of the Conservative Association of Vancouver. Pattullo played a conspicuous part in creating a public opinion that forced the McBride-Bowser Government to take action which resulted in the transfer of the Woodworth Lake water record to the City of Prince Rupert. The right should have been reserved to the city in the first place but it cost the taxpayers \$15,000.

Pattullo secured the telephone franchise for the city. Two companies had franchises for the telephone service in Prince Rupert and Pattullo called a meeting of citizens through the Board of Trade to preserve the privilege for the people of Prince Rupert. He offered to install the system and give the citizens the opportunity to subscribe for stock in the enterprise rather than have it pass to outsiders. The meeting decided to call for subscriptions to install the system and turn it over to the city upon incorporation. Pattullo was one of the largest subscribers to the subscription and the system was turned over to the city. Pattullo's action saved the telephone system for the city.

AS MAYOR OF PRINCE RUPERT

Pattullo initiated the bylaw for the hydro-electric project to be installed by the largest financial group in Canada and in a written statement he strongly urged its passage. Pattullo's opponents used the occasion both to defeat him and the bylaw. Had the bylaw passed, the strongest financial group in Canada would have been working for the city and it is the general opinion that this city would have now been several times its present size. The people who engineered the opposition at that time are trying to do the same thing today.

AS MEMBER OF THE LEGISLATURE

As member for the electoral district of Prince Rupert Pattullo secured:

- (a) The erection of the Provincial Government Buildings.
- (b) A large appropriation for the Booth Memorial School.
- (c) Five times the city's quota for soldier's houses. (This was made possible through other municipalities holding back for political or other reasons)
- (d) Eighty-one acres at Salt Lakes for park purposes for the City of Prince Rupert and also annual grants to build the approach to the lakes.
- (e) Appropriation for the building of the road across Cow Bay, linking up Third Ave. with the waterfront. The completed work was handed over to the citizens free of cost to them.
- (f) An appropriation for building floats at Cow Bay.
- (g) The Terrace bridge which is well advanced toward completion.
- (h) The appropriation for the building of the Port Clements T-ell road, work on which has been proceeding for two years.
- (i) Appropriation for the road out of Prince Rupert, work on which has already begun.

AS A CABINET MINISTER

As a cabinet minister for the north, Pattullo has consistently fought for the rights of Northern British Columbia against heavy opposition from opposing political and other adverse interests in the south.

AS MINISTER OF LANDS

Pattullo initiated and administered the Government's timber policy which increased the export timber business over 1200 per cent.

He initiated and administered the Provincial Government's grazing policy for the upbuilding of the stock industry.

He initiated and administered the Provincial Government's irrigation policy which saved the southern interior dry belt from ruin and preserved such prosperous towns as Vernon and Kelowna.

Pattullo has been one of the strongest influences in bringing about a vigorous immigration policy in the Dominion of Canada and has pledged the Provincial Government to co-operate in placing immigrants on the farms of the province. In this connection it is notable that when immigration stopped, emigration to the United States started and continued until the commencement of the present policy was beginning to be felt. The periods of heaviest immigration into the United States were the periods of greatest expansion, the largest increase of wages and the greatest shortening of hours of labor.

He secured the settlement of the foreshore question as between the Dominion and Provincial Governments, which has been outstanding since confederation. Also the Indian reserve question.

GENERAL RECORD

Pattullo has been one of the most powerful influences in the progress of the Province and the City of Prince Rupert. He has worked consistently and persistently for the city. If elected he will continue to use his influence for the advancement of the city and district and for all Northern British Columbia. Such a man is worth a great deal to the district and is receiving the support of those who wish to see the district go ahead.

CAMPAIGN COMMITTEE

OPENING GAME OF LACROSSE

Kaiens Defeated Maple Leafs by 7 to 3 Last Night

The opening lacrosse game of the season was staged last night on Acropolis Hill, the Kaiens defeating the Maple Leafs by a score of 7 to 3. It was an exciting game from start to finish and so enthusiastic were the players that it became necessary for the referee to bench several of them for getting too free with their sticks. In the first period Balfour for the Maple Leafs forgot himself and got the bench for the finish of that period and five minutes of the second.

The boys with their new sweaters looked like real old time line-ups of professional players and for action none of the fans went away disappointed. In the line-ups four new stick-handlers appeared—Louis Astoria, Douglas Frizzell, Ralph Smith and Alex Johnston. They showed up to good advantage and gave creditable service to their teams.

The players lined up as follows:

Kaiens—A. Ham, Fred Gilhuly, H. Delmonico, R. B. Skinner, Alex Johnston, Ralph Smith, Douglas Frizzell, Bob Frizzell and Harry Menzies.

Maple Leafs—Don Brown, Alex Saint, James Mitchell, Don Graham, Louis Astoria, W. Mitchell, D. Balfour, Humber and W. Gray.

George D. Tite was referee, Roy Barnes and W. E. Willisroft goal umpires, and Harry Lipsell, timekeeper.

Sport Chat

The first game of the Dominion Day cup football ties will take place at Acropolis Hill grounds between the Gallies and Sons of England. The winning side will go to the final on Dominion Day with the victors in the Sons of Canada—Great War Veterans encounter on Tuesday next. The Sons of England line-up for tonight will be chosen from A. R. Lane, H. M. D. Lambe, Bales, F. Hodgkinson, G. Kelsey, P. Cameron, G. Hill, Jr., Dickens, G. P. Tinker, H. S. Burn, S. Gawthorne, R. Howe and Woolton.

The construction of the Gyro Club's playground equipment was completed by the dry dock yesterday and it is now ready to be moved to McClymont Park where it is proposed to erect it. The last stage of the work will start as soon as the final agreement has been reached with the council as to the details of the site and what shape it is to be put in. If this is settled with despatch it should be a very short time before the entire playground project with the swimming pool and supervising officer will be ready for the use of the children of Prince Rupert.

CATHOLIC LADIES HELD TEA AND SALE

Successful Affair Took Place Yesterday Afternoon at Home of Mrs. Hubert Ward

The ladies of the Catholic Church held a very successful tea and sale of home cooking yesterday afternoon at the home of Mrs. Hubert Ward, Atlin Avenue. Mrs. S. Batcher was general convener, Mrs. Curtin and Mrs. D. W. Morrissey poured and serving were Mrs. J. McNulty, Mrs. J. Lorne McLaren, Mrs. D. Corker, Mrs. P. Byrne, Mrs. Harold McEwen and Miss Agnes McQuillan. Mrs. Batcher and Mrs. A. D. Gillies were in charge of the home cooking and Mrs. Gavigan was cashier.

Mrs. J. A. Prince won a ladies' dresser set which was raffled.

GRADUATION OF LOCAL NURSES PROVES TO BE AN INTERESTING CEREMONY WHICH MANY ATTENDED.

(continued from page one)

year. Mrs. P. S. Bonney, accompanied by Mrs. Donald Ross, gave a vocal solo.

Address to Graduates
Magistrate Thomas McClymont, who gave the address to the graduating class, excelled himself in a most fitting interpretation of the spirit of the occasion.

In opening he referred to the fact that six or seven years ago he had urged that better accom-

modation for the housing of the nurses should be provided. This had been brought about in the erection of the splendid nurses home that has been made possible through the generous response of the public. Mr. McClymont earned general applause with the expression of his hope that the time would not be far removed when hospital treatment would be free to all. Stating that the sick person was a liability to the state and the well person was an asset and that, therefore, it was the duty of the state to see that the sick were made well, Mr. McClymont asserted that it would mean but small taxation upon the individuals of the province or Dominion to bring about free hospital treatment and he hoped that such an object might be achieved within a brief space of time.

Entering upon the subject of his address to the graduating class, Mr. McClymont stated that the ceremonies now in progress indeed marked a milestone in the lives of the young ladies concerned. All the things they had learned in their three years of training were about to be put to the test in the world of experience. They were about to leave their narrow surroundings and enter wider fields. They must remember that there was much yet to be learned for they were stepping into a world of which they knew little and in which all their knowledge would be challenged. There were always new situations and difficulties to be met and care should be taken of the little things for the big things of life were but an amalgamation of the little things.

Commencement, Not End
"I would suggest that your motto be 'Just Begun.' If you are to win in your careers and reach the top of your chosen profes-

sion, my advice to you would be that this be looked upon as commencement day. These graduation exercises should not constitute a command to halt but rather to go forward. You are now entering upon the realization of a wonderful profession on the choice of which I congratulate you. May good fortune and success attend all your efforts."

Mr. McClymont's address was followed by the presentation to the graduates of their diplomas by Mrs. J. L. Lee, R.N. and the Prince Rupert General Hospital medals by Miss Dorothy Gillingham, R.N. The Florence Nightingale pledge was then administered by Miss Edith McCaul, R.N.

Bouquets from friends of the graduates were then taken to the platform by the ushers and Mrs. Jarvis McLeod rendered a vocal solo accompanied by Miss Nora Pryce.

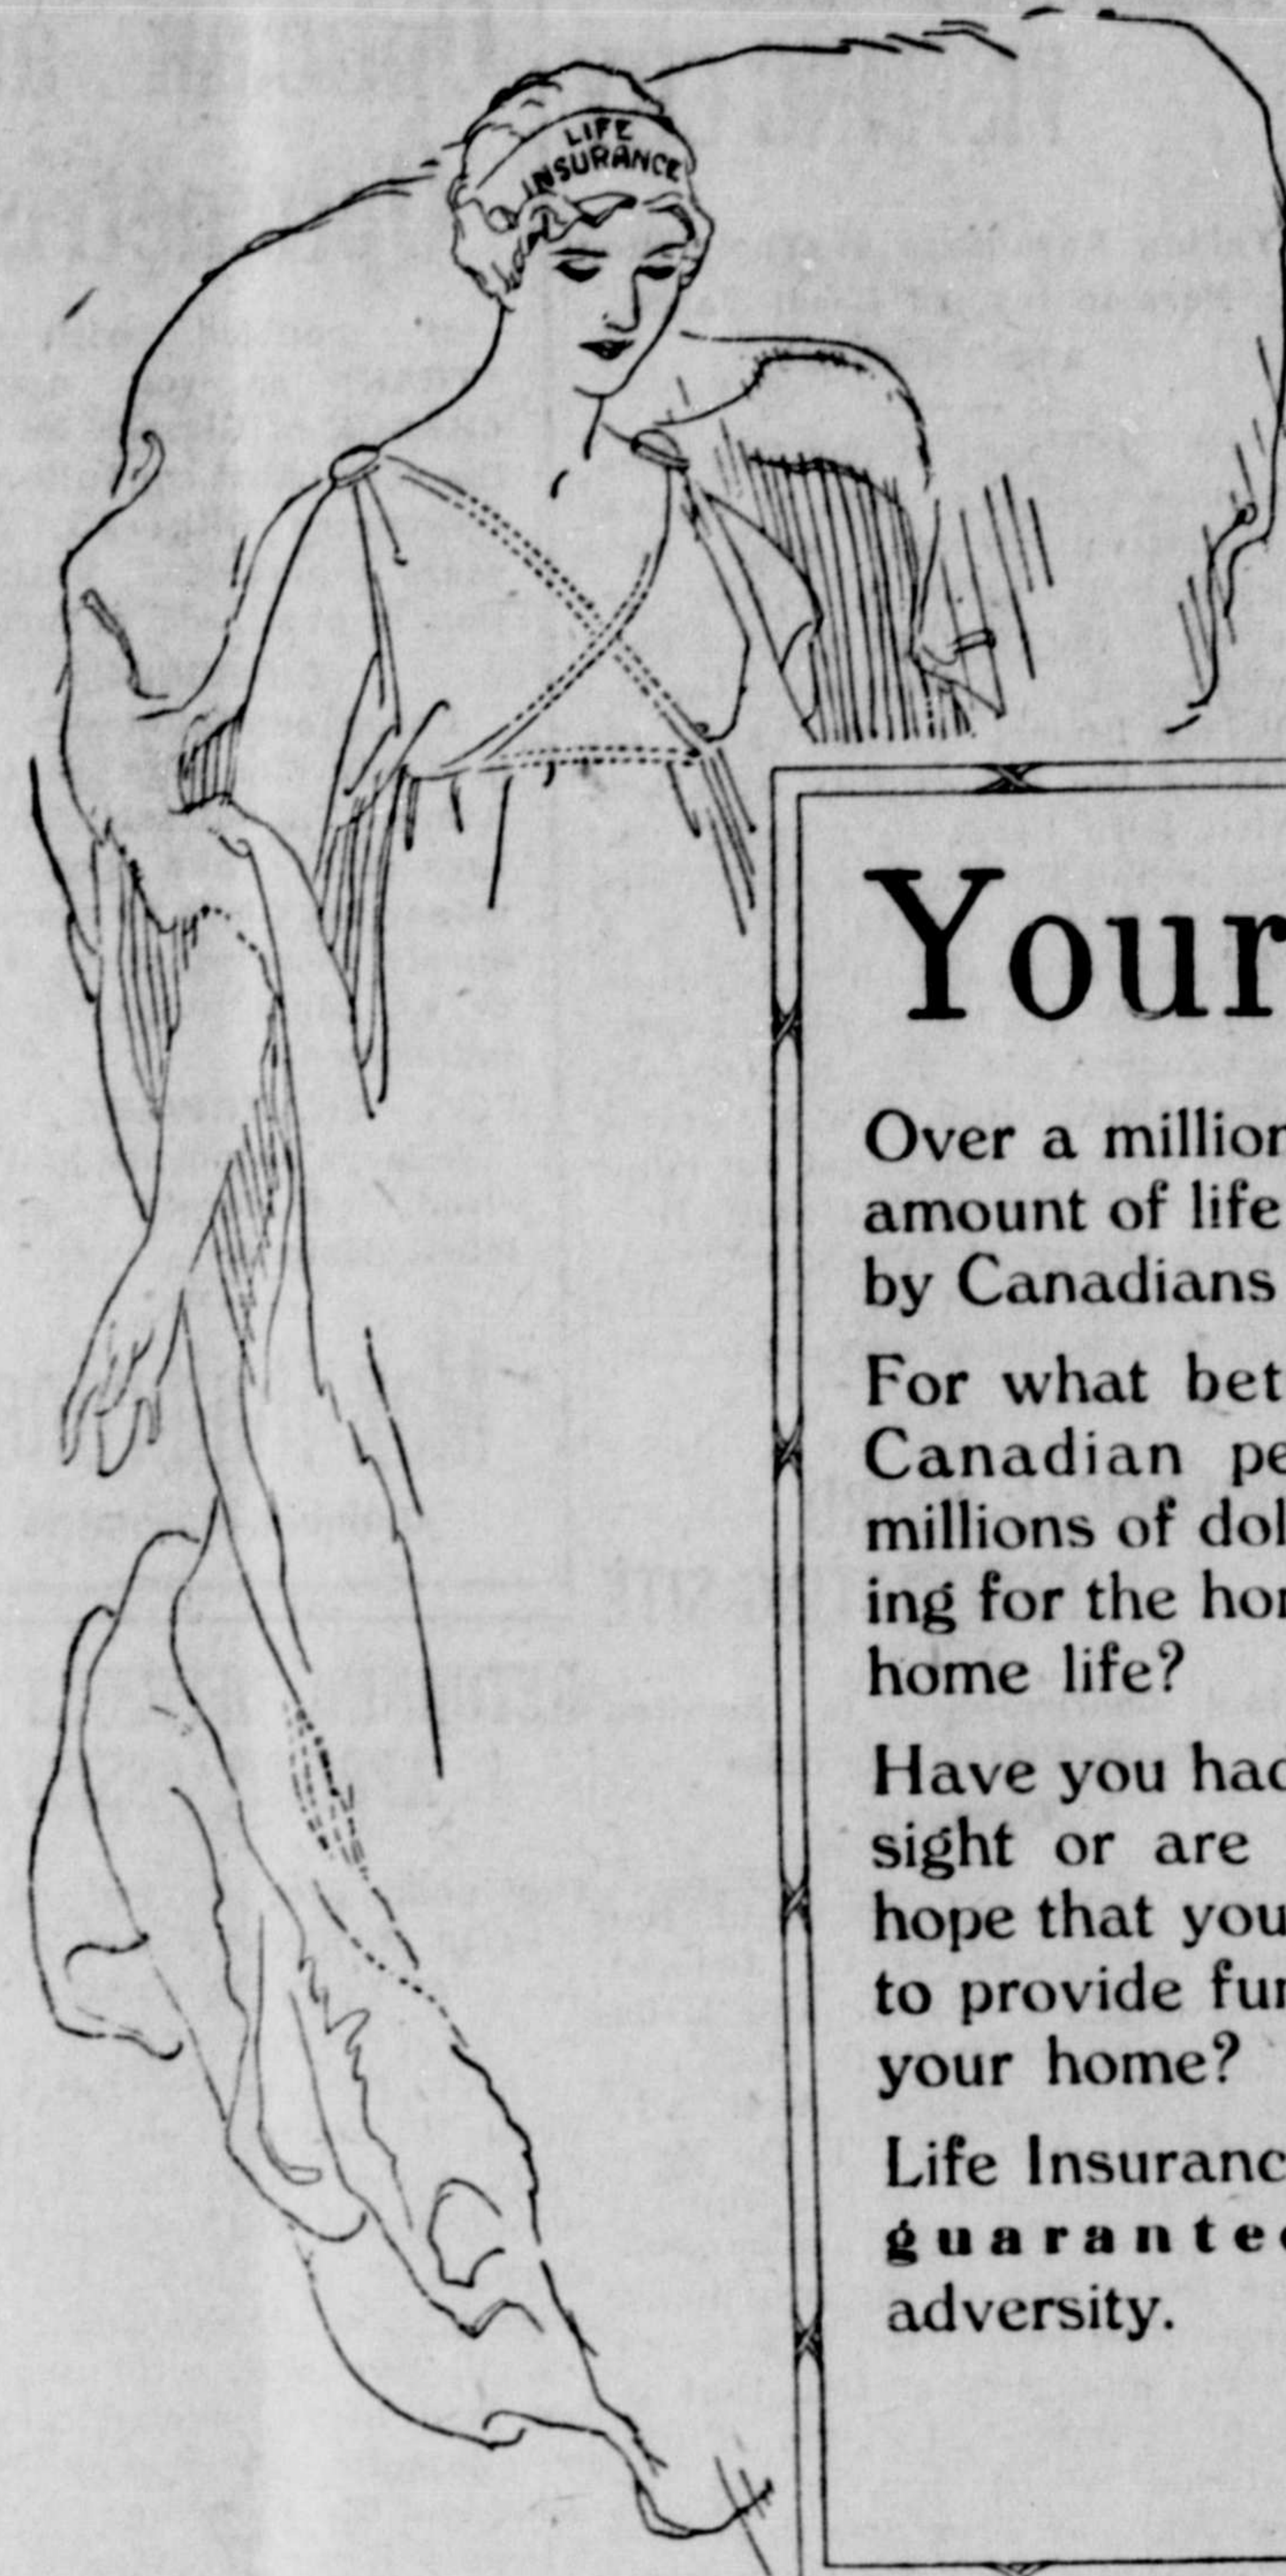

Policy of Board

In closing the ceremonies, Mr. McRae announced that two members of the 1924 graduating class were to remain on the graduate staff of the hospital—Miss Weller and Miss Frank. It was the policy of the board, Mr. McRae stated, to give the reference to its own graduates.

The nurses then retired to be offered the personal congratulations of the assembly.

Refreshments were served under the management of the Ladies' Auxiliary and a dance followed, music being furnished by an orchestra consisting of Miss Nora Pryce, Jack Barnsley, Sidney Bazett-Jones and George Horie, which had rendered selections during the early part of the evening.

The ushers of the evening were W. Cruickshank, Fred Weaver, Douglas Stork and Norris Pringle.

Your Home

Over a million dollars a day is the amount of life insurance purchased by Canadians so far this year.

For what better cause could the Canadian people provide these millions of dollars than that of caring for the home and safeguarding home life?

Have you had a share in this foresight or are you building on the hope that you will live long enough to provide funds for the support of your home?

Life Insurance is at your service to guarantee your home against adversity.

LECTURE ON MIDDLE EUROPE AND BALKANS

Dr. John Knox Wright Spoke Before Fair Attendance in Presbyterian Church Last Night
Dr. John Knox Wright of Vancouver, secretary of the Canadian Branch of the British Foreign Bible Society, delivered an interesting illustrated lecture in the Presbyterian Church last night on Middle Europe and the Balkans. Slides were shown and explanations made depicting historical and modern conditions of the land. There was a fair attendance and Rev. Dr. H. R. Grant presided.
At the close of the lecture, Dr. Wright made an appeal for support of the work of the Bible Society.

GIRL SET FIRE WHICH CAUSED 13 DEATHS AT LOS ANGELES RECENTLY

LOS ANGELES, June 19.—Josephine Bartholem, 14 years of age, is held by county officers following an announcement here today of a confession that she set fire to the Hope Development School on May 31, when thirteen lives were lost. She said she touched a match to tinder "so as all the girls could go free and have a good time like all other girls." She said she did not mean to kill anybody.

PLEATED SKIRTS

Even more pleated than ever. The New Spring Styles show tinier pleats used in groups.
To meet the rage for matching and related garments we have the new fabrics in all the bright Spring colors.
We recommend Livingston & Scott pleated skirts because the pleating is guaranteed to stay in place. The skirts have full hip size and continuous spare facings that will not rip.

Your Health Ingrown Toe-Nails

It is a common occurrence to see a person limping along the street suffering foot torture. In most instances this misery may be avoided. How? When we learn to dress our feet in shoes that conform to the shape of the foot, rather than trying to make our feet fit the shoes, then there will be fewer foot troubles. Shoes with pointed toes and extremely high heels should never be worn by persons who have "square toes." You may be surprised to find that you can buy shoes that are comfortable as well as good looking. Visit our Shoe Department and you will be properly fitted.
